Notes to the Consolidated Financial Statements
June 30, 2003 and March 31, 2003

NOTE 1 - BASIS OF FINANCIAL STATEMENT PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted in accordance with such rules and regulations. The information furnished in the interim condensed consolidated financial statements include normal recurring adjustments and reflects all adjustments, which, in the opinion of management, are necessary for a fair presentation of such financial statements. Although management believes the disclosures and information presented are adequate to make the information not misleading, it is suggested that these interim condensed consolidated financial statements be read in conjunction with the Company's most recent audited financial statements and notes thereto included in its March 31, 2003 Annual Report on Form 10-KSB. Operating results for the three months ended June 30, 2003 are not necessarily indicative of the results that may be expected for the year ending March 31, 2004.

NOTE 2 - GOING CONCERN

The Company's consolidated financial statements are prepared using generally accepted accounting principles applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. However, the Company does not have significant cash or other material assets, nor does it have an established source of revenues sufficient to cover its operating costs. Additionally, the Company has accumulated significant losses, has negative working capital, and a deficit in stockholders' equity. All of these items raise substantial doubt about its ability to continue as a going concern. The Company has expanded its product line to include three additional educational labs, which they believe will significantly boost future revenues. The Company also intends to continue offerings of its common stock to raise the capital necessary to cover operating costs not provided for by current revenues. The ability of the Company to continue as a going concern is dependent upon its ability to

Edgar Filing: PCS EDVENTURES COM INC - Form 10QSB

successfully accomplish this plan and to eventually attain profitable operations. The accompanying consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

NOTE 3 - DILUTIVE INSTRUMENTS

a. Stock Options

The Company applied Accounting Principles Board ("APB") Opinion 25, "Accounting for Stock Issued to Employees," and related interpretations in accounting for all stock option plans. Under APB Opinion 25, compensation cost is recognized for stock options granted to employees when the option price is less than the market price of the underlying common stock on the date of grant.

The Company estimates the fair value of each stock award at the grant date by using the Black-Scholes option pricing model with the following weighted average assumptions used for grants, respectively; dividend yield of zero percent for all years; expected volatility of 84% to 128% percent for all years; risk-free interest rates of 3% to 6%, and expected lives of 3 to 10 years.
