Yes  No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes  No

Registrant does not expect any transactions or events outside of normal business operations to be reported for the 2010 fiscal year, but does anticipate reported operating results to vary from the 2009 fiscal year results as follows:

- Total revenues to increase by about 122% to approximately \$2.4 million for the year ended December 31, 2010 when compared to the prior year. The revenue increase is primarily due to the launch of Registrant's archive software in Walmart stores during the third quarter of 2010 under a software license agreement.
- Gross profit to increase to approximately \$1.8 million, or 75 percent of total revenues, for the year ended December 31, 2010 when compared to the previous year, primarily due to the increased total revenues.

- Research and development expenses and selling and marketing expenses to decrease by approximately \$0.3 million and \$0.6 million, respectively, for the year ended December 31, 2010 when compared to the prior year due primarily to decreases in employee headcount.
- General and administrative expenses to be lower by approximately \$2.0 million for the year ended December 31, 2010 when compared to the prior year. The decrease is primarily due to a decrease in stock-based compensation expense, a decrease in consulting and outside services, and a decrease in legal and accounting fees.
- Loss from operations to decrease to approximately \$0.5 million for the year ended December 31, 2010 when compared to the prior year, primarily as a result of increased total revenues, and decreased operating expenses, as described above.
- Net loss to be approximately \$0.5 million, and basic and diluted loss per share to be \$(0.01) per share for the year ended December 31, 2010.

The anticipated reporting on business operations for the 2010 fiscal year discussed above are estimates only and are subject to revision until such time as an audit of the Registrant's financial statements and related disclosures is completed and filed as part of the Registrant's Form 10-K.
