**Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers**

**(e) Amendment of Stock Option Plan.**

At the Annual Stockholder's Meeting held June 6, 2008, stockholders approved the Second Amended and Restated Stock Option Plan (the "Plan") to amend and restate the Amended and Restated Stock Option Plan. The principal changes included in the Plan to Registrant's Stock Option Plan are as follows:

- A provision to permit Optionees to effect, subject to the discretion of the Board of Directors, a "Net Exercise" of vested options. Using a Net Exercise, an Optionee may surrender vested Options to the Company and receive a number of shares of Company common stock equal to the number of surrendered options multiplied by the difference between (A) the exercise price of the surrendered options and (B) the fair market value of the Company's common stock on the date of surrender and divided by (C) the per share option exercise price.
  - A provision to allow the number of shares equal to all exercised options to become again available for issuance upon the exercise of Options subsequently granted under the Plan. Thus upon exercise of an option, or surrender of options upon a Net Exercise as described above, the same number of shares underlying those options would become available for issuance under the Plan. Before the amendments, the Stock Option Plan allowed only shares underlying options which expired unexercised or were terminated to again become available for issuance. The policies of the Toronto Stock Exchange, where securities of the Registrant are listed for trading, permit this provision provided that it is re-approved by Stockholders at least every three years.
  - A provision to permit vested Options held by a Director at the time he leaves the Board, other than in the event of the death of such Director, to remain exercisable until expiry of the original option term. Before the amendment, the Stock Option Plan required that vested options held by retiring Directors must be exercised within 120 days of leaving the Board.
  - Several changes under which the Compensation Committee of the Board of Directors will be authorized to administer and supervise the issuance of Options under the Plan. Before the amendment, the Stock Option Plan provided that the Board, an administrator on the instructions of the Board or a Committee of the Board may administer the Plan; as proposed for revision, the Compensation Committee shall administer and supervise the granting of Options, subject to the Board's final approval of options granted.
  - A provision under which options that would otherwise expire during "no trading" periods ("Blackout Periods") established by the Company will be extended for a reasonable time after the Blackout Period expires. Before amendment the Stock Option Plan had no such extension provisions.
  - Several provisions which reflect that the securities of the Registrant are now listed on the TSX, including those to clarify the manner in which amendments to the Plan shall be completed in the future, which do not materially change the Plan as in effect before the amendment.
-

No options held before the amendments by any person, including the Named Executive Officers, and the directors of the Registrant will be changed or modified as a result of the amendments made to the Plan. No Options under the Plan are expected to be granted to any such persons except in accordance with regular practices and approved by the Board of Directors. At the Annual Meeting of the Board of Directors of Registrant following the stockholder meeting, Wade Nesmith was elected Chairman, and was awarded options to purchase up to 50,000 shares of common stock under the Second Amended and Restated Stock Option Plan. The options are vested 40% at date of grant and 30% annually, conditional upon Mr. Nesmith continuing to serve as Chairman. The exercise price of the options is Cdn\$1.33.

Adoption of the Plan has no effect on the compensation paid or expected to be paid to any Named Executive Officer nor any director. A copy of the Second Amended and Restated Stock Option Plan is attached as Exhibit 10.1.
