PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD MAY 26, 2004

GENERAL INFORMATION

This Proxy Statement and the accompanying Notice of Annual Meeting and Proxy Card are solicited by the Board of Directors of 21st Century Insurance Group for use at the Annual Meeting of Shareholders to be held on Wednesday, May 26, 2004 at 10:00 a.m., at the Walt Disney Concert Hall, Choral Hall, 111 South Grand Avenue, Los Angeles, California 90012. These proxy materials will be sent on or about April 23, 2004 to all shareholders of the Company's common stock of record as of April 6, 2004. The Company's principal executive office is located at 6301 Owensmouth Avenue, Woodland Hills, California 91367.

All proxies, properly executed and returned, will be voted at the annual meeting as directed by the shareholder. Any shareholder may revoke a proxy by giving written notice to the Company, by submitting a duly executed proxy bearing a later date, or by voting in person at the meeting. If no directions are indicated, the shares represented by the signed proxy will be voted FOR the election of the nominees, FOR ratifying the appointment of PricewaterhouseCoopers LLP as the independent auditors for 2004, FOR approval of the Chief Executive Officer Short Term Incentive Plan, and FOR approval of the 2004 Stock Option Plan. Your Board recommends a vote FOR each of these proposals. The cost of the solicitation of these proxies is to be borne by the Company.

Only shareholders of the Company's common stock at the close of business on April 6, 2004 will be entitled to notice of and to vote at the meeting. As of that date, 85,459,764 shares of common stock, each having a par value \$0.001, of 21st Century Insurance Group (the "Common Stock") were outstanding. A quorum represented by a majority of the outstanding shares of common stock, present in person or by proxy, is necessary to conduct the meeting. Proxies marked as abstaining, and any proxies returned by brokers as "non-votes" on behalf of shares held in street name because beneficial owners' discretion has been withheld as to one or more matters on the agenda for the Annual Meeting, will be treated as present for purposes of determining a quorum for the Annual Meeting. With respect to the election of directors, any shares not voted as a result of an abstention or a broker non-vote will have no impact on the vote. With respect to the ratification of the selection of PricewaterhouseCoopers, LLP as independent auditors, the adoption of the Chief Executive Officer Short Term Incentive Plan, and the adoption of the 2004 Stock Option Plan, a broker non-vote will have no impact on the vote while an abstention will effectively be treated as a vote against the proposal.

ELECTION OF DIRECTORS

(PROPOSAL 1)

The Board of Directors recommends the election of the eleven nominees named in this Proxy Statement to hold office until the next annual meeting or until their successors are elected and qualified. It is intended that the accompanying proxy will be voted in favor of the nominees listed below to serve as directors unless the shareholder indicates to the contrary on the proxy. New nominees, Carlene M. Ellis and Phillip L. Isenberg, were recommended by current Directors, James P. Miscoll and Roxani M. Gillespie, respectively. Current Director, Fred. J. Martin, Jr., has decided not to seek re-election; Gregory M. Shepard was not re-nominated by the Nominating and Corporate Governance Committee. It is not expected that any of the nominees will become unavailable for election as a director, but if any should prior to the meeting, proxies will be voted for such persons as the persons named in the accompanying form of proxy may determine in their discretion.

Pursuant to the rules of the New York Stock Exchange ("NYSE"), the Company is deemed a "controlled company" because over 50% of the outstanding Common Stock is owned by subsidiaries of AIG. Therefore, the Board of Directors has determined that a majority of the nominees are not independent directors pursuant to the rules of the NYSE and the Securities & Exchange Commission ("SEC") due to either their affiliation with AIG or their status as an employee of the Company. The Board of Directors has reviewed these rules and its Director Independence Standards and considered the qualifications of all nominees, including business relationships with AIG. After due consideration, the present Board has determined that John B. De Nault, III, Carlene M. Ellis, Phillip L. Isenberg, R. Scott Foster, M.D., and Keith W. Renken are independent directors pursuant thereto. The Board thereafter determined that each of these individuals, except Mr. Isenberg, is eligible to serve on its Audit Committee. Shareholders are urged to read the Director Independence Standards, attached as Appendix A, in their entirety.

BOARD OF DIRECTORS AND COMMITTEE MEETINGS

The business of the Company is managed under the direction of the Board of Directors. The Board meets on a regularly scheduled basis during the year to review significant developments affecting the Company and to act on matters requiring Board approval. It holds special meetings when an important matter requires Board action and meets in non-management sessions, presided over by a director selected by the non-management directors. The Board of Directors met seven times during 2003. Each Board member participated in at least 75% of the meetings of the Board and Committees of the Board on which he or she served. Board members, unless excused by the Chairman of the Board of Directors, are expected to attend the Annual Meeting of Shareholders. In year 2003, eight directors attended the meeting.

Edgar Filing: 21ST CENTURY INSURANCE GROUP - Form DEF 14A

Members of the Board must qualify as directors in accordance with the applicable provisions of the Securities Exchange Act of 1934, and the rules promulgated thereunder and the applicable rules of the NYSE. Since the Company is a "controlled company", as defined by the current rules of the NYSE, the Board is not, and need not be, comprised by of a majority of independent directors, as defined by the rules of the SEC and the NYSE.

10

Also, neither the Nominating and Corporate Governance Committee nor the Compensation Committee is required to have members comprised solely of independent directors. Nevertheless, each committee presently has at least one independent director serving thereon.

The Board of Directors has standing audit, compensation, and nominating and corporate governance committees, identified below. The committees' charters and the Corporate Governance Guidelines are available on the Company's web site (www.21st.com).

Nominating and Corporate Governance Committee. The committee was established in June 2003 and did not meet last year. The committee's purposes include but are not limited to:

(1)

Identify and recommend qualified individuals to be members of the Board of Directors and its committees. Nominees to the Board of Directors may be proposed by current Board members, Company management, its shareholders and others. Evaluations are based upon several criteria including a person's:

Personal and professional ethics, value and integrity;

Ability to work together as part of a team;

Commitment to representing the long-term interests of the Company;

Skill, diversity, background and experience with businesses and other organizations that the Board of Directors deems relevant;

Interplay of the person's experience with the experience of other Board members, including the extent to which the person's experiences would be a desirable addition to the Board and any of its committees; and

Ability and willingness to commit adequate time to the Company over an extended period of time.

(2)

Advise the Board of Directors on corporate governance matters, including the development and recommendation of Company's corporate governance guidelines.

(3)

Oversee the evaluation of the Board's performance.

Current committee members are James P. Miscoll, John B. De Nault, III, Roxani M. Gillespie, Keith W. Renken and Robert M. Sandler. The Board of Directors has determined that Messrs. De Nault and Renken are independent within the meaning of the NYSE's listing standards.

Compensation Committee. The Compensation Committee met four times last year. The Compensation Committee reviews and approves compensation policies and makes recommendations regarding executive compensation to the Board of Directors. The committee also reviews and approves equity-based compensation policies and makes recommendations regarding equity-based compensation to the Board of Directors. The annual Compensation Committee Report begins on page 16 below. No member of the committee is a former or current officer or employee of the Company or any of its subsidiaries. Current members of the committee are Robert M. Sandler, John B. De Nault, III, R. Scott Foster, Jeffrey L. Hayman, James P. Miscoll and Gregory M. Shepard.

Audit Committee. The Audit Committee met ten times during 2003. This committee is governed by a written charter, attached as Appendix A to the Company's 2003 Proxy Statement and available on the Company's web site, and is primarily concerned with the

11

accuracy and effectiveness of the audits of our financial statements by our internal audit staff and our independent auditors. Its duties include:

- (1) select independent auditors;
- (2) review of the scope and results of the audits conducted by them;
- (3) approve audit and non-audit services provided to the Company by the independent auditor;
- (4) review the organization and scope of our internal system of audit, financial and disclosure controls;
- (5) appraise the Company's financial reporting activities, including annual and quarterly reports, and the accounting standards and principles followed; and
- (6) conduct other reviews relating to compliance by employees with Company policies and applicable laws.

Current members of the Committee, who the Board believes meet the financial and independency standards of the NYSE, are John B. De Nault, III, Fred J. Martin, Jr. R. Scott Foster and Keith W. Renken. Mr. Renken, as a former senior partner of the accounting firm of Deloitte & Touche and a current adjunct professor at the University of Southern California, was determined by the Board, at its April 2003 meeting, to be an audit committee financial expert, as defined in the SEC and NYSE rules.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors and is comprised of the four directors listed below. Each committee member is an independent director as defined by the rules of the NYSE. In addition, the Board of Directors has determined that Mr. Renken also qualifies as an audit committee financial expert as defined in Item 401(h)(2) of regulation S-K. In fulfilling its oversight responsibilities, the Committee reviewed the audited consolidated financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the consolidated financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited consolidated financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from the Company and its management including the matters in the written disclosures required by the Independence Standards Board Standard No. 1 and has considered the compatibility of non-audit services with the auditors' independence. The independent auditors also represented that their presentations included the matters required to be discussed with the independent auditors by Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees". The consulting services provided by the independent auditors in 2003 were limited to certain technical tax matters and consolidated financial reporting developments, which the Committee believes do not impair the auditors' independence.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee met with the internal and independent auditors, with and without management present, to discuss the results of

their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's consolidated financial reporting.

In reliance on the reviews and discussions referred to above, this Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the SEC.

The Audit Committee's recommendations as outlined in this report have been submitted to, reviewed and approved by the Board of Directors.

Submitted by the Audit Committee

In addition, each member of the Audit Committee receives an additional annual retainer of \$5,000. Also, each committee member received \$1,500 for each meeting of a committee attended, if otherwise entitled. The options have an exercise price equal to the fair market value of the underlying shares subject to the option on the date of grant and become exercisable one year after the date of grant.

These options vest in three equal annual installments beginning February 26, 2004.

(2)

Present value was calculated using the Black-Scholes option pricing model valued at \$4.67. Use of this model should not be viewed in any way as a forecast of the future performance of the Company's Common Stock, which will be determined by future events and unknown factors. The estimated values under the Black-Scholes model are based upon certain assumptions as to variables, including expected stock price volatility of .38, an annual interest rate of 0.67%, a dividend yield of 3.75% for the options granted on February 26, 2003, and an expected term of six (6) years.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE MANAGEMENT COMPENSATION

The Compensation Committee, consisting of nonemployee directors Robert M. Sandler, John B. De Nault, III, Jeffrey L. Hayman, R. Scott Foster, James P. Miscoll and Gregory M. Shepard, has furnished the following report on executive compensation:

GENERAL COMPENSATION POLICY

The Board of Directors' fundamental policy has been to offer the Company's executive officers competitive compensation opportunities based in large part upon their contributions to the success of the Company, and upon their personal performance. The Company believes in compensating its executives for demonstrated and sustained levels of performance in their individual jobs. The achievement of higher levels of performance and contribution is rewarded by higher levels of compensation. The Board of Directors criteria for short-term compensation and long-term incentives for Company officers is detailed below.

The compensation package is comprised of these three elements:

- (1) base salary, perquisites and other personal benefits designed principally to be competitive with relevant compensation levels in the industry;
- (2) short-term cash compensation based upon performance levels achieved in relation to pre-established target levels; and
- (3) long-term incentive plan providing only stock option grants to its officers also based upon their performance levels.

Some of the more important factors, which the Board considered in establishing the components of each executive officer's compensation package for the 2003 fiscal year, are summarized below.

Base Salary.

Base salary for each officer is set subjectively, after reviewing personal performance, internal comparability considerations and salary levels in effect for comparable positions in the market place. The Company uses salary survey information to assign a salary grade range

to each position, including executive officers. Salary range midpoints are targeted at the 50th percentile of like business enterprises in the same geographic area, if possible.

Salary recommendations for the year were based in part upon advice provided by outside consultants and salary survey information published by the National Association of Independent Insurers, SNL Executive Compensation Review for Insurance Companies, and Sibson & Company. The Committee believes that information provided by these groups presents a broadly based cross-section of insurance company compensation practices. Individual salary adjustments for executive officers were based upon analysis of base salary levels, effectiveness of performance, changes in job responsibilities and a subjective assessment of their personal contributions to the effectiveness of the organization as a whole. All of the factors enumerated were applied in a subjective, non-quantitative manner to establish an executive officer's base salary. The peer group examined when establishing these compensation levels is different from the industry group utilized in the Shareholder Return Performance Graph shown on page 19 below.

Short-term Incentive Compensation ("STI").

Variable payments for the officers are based upon the enhancement of value to the shareholders and policyholders as measured by pre-established targets relative to the Company's revenue growth rate, GAAP combined ratio and GAAP net income.

Long-term Incentive Compensation.

Restricted Shares Plan. The Board of Directors, based upon the recommendation of the Compensation Committee, granted one Restricted Shares Award to a certain executive officer in year 2003, consistent with a policy designed to align the interests of executive officers with those of the shareholders. Such grants provide officers with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the Company.

In general, the shares granted are restricted for a period of up to five years, vesting uniformly over the prescribed period of time. If the participant's employment is terminated within that restricted period, all shares not then vested are forfeited. During the restricted period, a participant has the right to receive dividends and to vote the shares.

Stock Option Plan. In 1995, the Compensation Committee concluded that a stock option plan would improve the linkage between shareholder value and executive compensation. Upon this Committee's recommendation, the Board of Directors adopted the 1995 Stock Option Plan. Shareholders approved the plan and amendments thereto at the 1995, 1997 and 2000 Annual Meetings. Executives and managers are eligible to receive stock options from time to time, giving them the right to purchase shares of the Company's Common Stock at a specified price in the future. The Plan is currently administered by the Compensation Committee, which has authority to select optionees and to determine the number of shares granted to them.

Retention Agreements. In order to retain certain members of management, the Company entered into retention agreements with five senior officers. The Board of Directors has approved these agreements to minimize the distractions or concerns executives may have regarding substantial or adverse changes at the Company. Effective April 1, 2003, retention agreements were entered into with Richard A. Andre, Michael J. Cassanego, G. Edward Combs and Dean E. Stark. Carmelo Spinella received a similar agreement, effective June 23, 2003.

CEO Compensation. Bruce W. Marlow's annual salary of \$800,000 was established by the Board of Directors upon recommendation of the Compensation Committee and took into account the fact that he would hold the offices of Chief Executive Officer and President. For

year 2003, Mr. Marlow was awarded 425,531 stock options under the 1995 Stock Option Plan and STI of \$1,028,000 for services rendered in 2003, based upon an evaluation by the Compensation Committee of his year 2003 performance. Mr. Marlow also had the restriction lifted on 6,598 shares of Company Stock as part of his year 2000 grant under the Restricted Shares Plan. In addition to subjective factors, the factors considered for both salary and STI consideration included the Company's overall underwriting performance, as measured by its GAAP combined ratio, its revenue growth rate, and its GAAP net income.

The Compensation Committee's recommendations as outlined in this report have been submitted to, reviewed and approved by the Board of Directors.

Edgar Filing: 21ST CENTURY INSURANCE GROUP - Form DEF 14A

The Company has reviewed Section 162(m) of the Internal Revenue Code which generally limits the deduction of compensation paid to a company's chief executive officer and each of the other four highest compensated executive officers to \$1,000,000 for each individual, with certain exceptions. The Company's deductions for compensation paid during 2003 is limited by Section 162(m). None of the compensation deduction attributable to stock options granted by the Company is limited by this section, but compensation deductions attributable to restricted stock grants, generally equaling the fair market value of the underlying stock on the date of vesting, do not qualify as an exception. While the Compensation Committee considers Section 162(m) in evaluating compensation of executive officers, it is only one of several factors considered in arriving at a compensation package.

RETIREMENT PLANS

Pension Plan

The Company's Pension Plan is a noncontributory defined benefit plan for all regular employees under which normal retirement is at age 65 and early retirement can be elected by any participant who has reached age 55 and has at least 10 years of service. The plan, subject to certain maximum and minimum provisions, bases pension benefits on an employee's career average compensation and length of service. The annual pension benefit payable upon normal retirement is equal to the sum of the accruals for each year a participant was in the plan.

At retirement, the participant has various life and contingent annuity payment elections. For purposes of this plan, compensation includes base annual salary plus overtime and bonuses. These pension benefits serve as an offset in calculating benefits for participants under the Supplemental Executive Retirement Plan.

Supplemental Executive Retirement Plan

Employees nominated by the Chief Executive Officer and approved by the Board of Directors are eligible to participate in the Supplemental Executive Retirement Plan. The plan is a nonqualified defined benefit plan under which normal retirement is age 65 with at least 5 years of service, and early retirement can be elected by any participant who has reached age 55 with at least 10 years of service. The annual retirement benefit payable for 15 years is equal to 60% of the average of the three highest consecutive years of compensation during the ten year period preceding retirement, reduced by the participant's benefit under the Pension Plan and 50% of the participant's social security benefit.

Pension Supplemental Plan and 401(k) Supplemental Plan

Effective January 1, 1996, the Company adopted the Pension Supplemental Plan and the 401(k) Supplemental Plan. Each is a non-qualified deferred compensation plan designed for certain executives and key employees of the Company whose benefits under the Company's

Edgar Filing: 21ST CENTURY INSURANCE GROUP - Form DEF 14A

qualified Pension and 401(k) Plans have been limited by certain provisions of the Internal Revenue Code (the "Code").

The Pension Supplemental Plan provides a benefit equal to the difference between the pension that would be payable under the Pension Plan, absent the Code's limitations upon compensation considered in calculating pension benefits, and the actual benefits payable subject to those limitations. If a participant in this plan is also entitled to receive benefits under the Supplemental Executive Retirement Plan, the Pension Supplemental Plan benefits will be reduced accordingly.

The 401(k) Supplemental Plan permits certain executives and key employees to defer an amount of current compensation which, in addition to amounts actually contributed to the 401(k) Plan, allows the participant to defer the full amount of contributions that could have been deferred under the 401(k) Plan without regard to limitations which the Code places on contributions and eligible compensation. To the extent that such limitations preclude a participant's account from receiving matching contributions under the 401(k) Plan, the participant will receive a like amount of matching contributions under the 401(k) Supplemental Plan.

The table below sets forth the benefit payable for 15 years after retirement from the Pension Plan, Supplemental Executive Retirement Plan, the Pension Supplemental Plan, and one half of the Social Security benefit (assuming the recipient is entitled to the age 65 Social Security benefit).

<i>Final Average Compensation</i>	<i>Number of Years of Service</i>		
	<i>5</i>	<i>10</i>	<i>15 or more</i>
\$ 150,000	\$ 45,000	\$ 67,500	\$ 90,000

650,000	195,000	292,500	390,000

As set forth above, compensation used in calculating the Pension, Supplemental Executive Retirement Plan and Pension Supplemental retirement benefit includes annual base salary, overtime and bonuses and will approximate and fall within 10% of the total of 2000 through 2002 salary and bonus amounts shown in the Summary Compensation Table for the listed individuals.

The credited years for the Named Executives in the Summary Compensation Table are Bruce W. Marlow 3 years; G. Edward Combs 3 years; Michael J. Cassanego 4 years; Dean E. Stark 24 years; and Richard A. Andre 15 years.

RESTRICTED SHARES PLAN

The shareholders at their meeting held on May 23, 1982 approved the 21st Century Insurance Group Restricted Shares Plan. Pursuant to the Plan, the Board of Directors established a committee of its members entitled the Equity Based Compensation Committee (the "Committee") to designate the participants in the Plan, the amount of benefits

thereunder, and to otherwise administer the Plan. Members of the Committee are not eligible for benefits under the Plan. Designation of an employee for benefits under the Restricted Shares Plan does not necessarily entitle the employee to benefits under any other Company benefit plan.

In general, the shares granted are restricted for a period of up to five years, vesting uniformly over the prescribed period of time. If the employment of the participant is terminated within that restricted period, all shares not then vested are forfeited. Any shares forfeited may be regranted to an existing participant or any other employee eligible to be designated as a participant. During the restricted period, a participant has the right to receive dividends and the right to vote the shares.

The Plan does not create any right of any employee or class of employees to receive a grant, nor does it create in any employee or class of employees any right with respect to continuation of employment by the Company.

STOCK OPTION PLAN

In 1995, the Company's shareholders approved the Company's 1995 Stock Option Plan in order to enable the Company to attract, retain and motivate key employees and nonemployee directors and to further align their interests with those of the Company's shareholders by providing for or increasing their proprietary interest in the Company. The Stock Option Plan is administered by a committee comprised of disinterested members of the Board of Directors. The committee has the authority to select persons to be granted options and to determine exercise prices, vesting schedules and other provisions not inconsistent with the provisions of the Stock Option Plan.

Each option gives a grantee the right to purchase shares of the Company's Common Stock at a specified price in the future. Shares vest at fixed numbers of shares per year over varying future periods. The Stock Option Plan provides that on the day of an annual meeting of shareholders of the Company each nonemployee director will be granted an option to purchase 4,000 shares of the Company's Common Stock. Nonemployee director options have an exercise price equal to the fair market value of the underlying shares subject to the option on the date of grant and become exercisable one year after the date of grant.

EXECUTIVE SEVERANCE PLAN

The Company has enacted an Executive Severance Plan covering each of its executive officers. If an officer is terminated for reasons other than death, long-term disability, or good cause within a three-year period following a change of control of the Company, or if the officer resigns after significant adverse changes in his authority, duties, compensation, benefits or geographical location during the three-year period following a change in control, then the officer is entitled to a lump sum severance payment of one to three times his or her current annual salary and most recent cash bonus. Junior officers are eligible to receive one year of severance payments; senior officers, two years; and the Chief Executive Officer, three years; with all severance payments limited to the amount deductible to the Company under the provisions of Internal Revenue Code Section 280G.

RETENTION AGREEMENTS

The agreements, with certain exceptions and limitations, require the Company to do the following in the event that an officer party to a Retention Agreement is terminated without Cause or resigns with Good Reason (as defined in the Retention Agreement) or in the event

that a successor to the Company or an affiliate of the Company to which the officer is transferred fails to assume the Retention Agreement:

pay to such officer a cash lump sum equal to 2.5 times his or her annual base salary;

vest all of such officer's stock options, waive the 90 day post-termination provisions in such officer's stock option agreements, and allow such options to be exercisable for their full remaining term, subject to a 5 year maximum; and

provide to the officer and his or her spouse and dependents for 30 months all life, disability, accident and health benefits at substantially similar benefit levels.

If the officer is entitled to and actually receives severance benefits payable under the Executive Severance Plan, he or she is not entitled to benefits under the Retention Agreement.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors, executive officers and persons, who own more than ten percent of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Executive officers, directors and greater than ten percent shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of reports furnished to the Company and written representations that no other reports were required during the 2003 fiscal year, all Section 16(a) filing requirements were complied with except as described below:

Director Miscoll failed to file a timely report after purchase of a total of 48 shares of Company stock in 2002 and 2003 pursuant to a dividend reinvestment plan with his broker. Director Renken failed to file a timely report after purchase of 2,500 shares of Company stock. Such untimely filings were inadvertent and the required reports have since been filed.

CHIEF EXECUTIVE OFFICER SHORT TERM INCENTIVE PLAN

(PROPOSAL 3)

On February 25, 2004 the Board of Directors, upon the recommendation of the Compensation Committee, adopted the 2004 Chief Executive Officer Short Term Incentive Plan (hereinafter the "Plan"). The purpose of the Plan is to enable the Company and its subsidiaries to attract and retain its Chief Executive Officer by providing bonus compensation based upon certain performance criteria detailed in the Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE PLAN.

The Plan is attached as Appendix B to this Proxy Statement. Shareholders are urged to read the Plan in its entirety.

The Plan grants certain discretion to the Compensation Committee of the Board of Directors to award an annual bonus to the Company's Chief Executive Officer ("CEO") based upon the Company reaching certain objective performance goals for such year ("the Plan Year"). These goals are established by the Compensation Committee during the first quarter of the Plan Year, subject to the approval of the Board of Directors. The Compensation Committee is required to certify that the performance goals have been met. Any annual bonus is subject to a maximum of \$5,000,000. The Compensation Committee shall have the authority to recommend a reduction, but not an increase, of any bonus earned by the Chief Executive Officer for any Plan Year.

The Company expects that approval of the Plan will enable it to deduct, in compliance with Section 162(m) of the Internal Revenue Code, certain CEO annual compensation excess of \$1,000,000.

2004 STOCK OPTION PLAN

(PROPOSAL 4)

On March 29, 2004, the Board of Directors approved the 2004 Stock Option Plan (the "Plan") for submission to the shareholders at the Annual Meeting. The Plan will be effective as of May 27, 2004, contingent upon approval by the shareholders. A copy of the Plan is attached to this Proxy Statement as Appendix C.

The purpose of the Plan is to enable the Company and its subsidiaries to attract, retain and motivate employees of the Company by providing for or increasing the proprietary interests of such individuals in the Company, and to enable the Company to attract, retain and motivate its nonemployee directors and further align their interests with those of the shareholders of the Company by providing for or increasing the proprietary interests of such directors in the Company. The Plan will supersede the Company's existing 1995 Stock Option Plan (the "1995 Plan"). On and after the Plan's May 27th, 2004 effective date, no further grants will be made under the 1995 Plan, which will remain in effect only as to outstanding awards under it.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE PLAN.

Any employee of the Company or any of its subsidiaries, including any employee director of the Company, who possesses a capacity to contribute in substantial measure to the success of the Company will be eligible to be considered for the grant of stock options (referred to as "Awards") under the Plan. Any director of the Company who is not an

25

employee (a "Nonemployee Director") automatically will receive certain grants of stock options (referred to as "Nonemployee Director Options"), but otherwise will not be eligible for grants under the Plan. As of the date of this proxy statement, approximately 220 employees and 10 Nonemployee Directors would qualify as eligible participants under the Plan.

The Plan will provide for the grant of both incentive stock options ("ISOs") and non-qualified stock options ("NQSOs"). All Nonemployee Director Options will be NQSOs. As to employees, future Awards under the Plan will be discretionary so that it is impossible to determine who will receive awards and in what amounts in the event the Plan is approved. As to Nonemployee Directors, the following table shows the

25

Edgar Filing: 21ST CENTURY INSURANCE GROUP - Form DEF 14A

Nonemployee Director Options that would be granted under the Plan, if approved, during calendar year 2004, based on the closing price of a share of the Company's common stock as reported on the New York Stock Exchange as of April 6, 2004:

<i>Non-Employee Director Name</i>	<i>Dollar Value of Grant(s)</i>	<i>Number of Shares of Common Stock</i>
John B. De Nault III	\$ 58,600	4,000
Carlene M. Ellis	\$ 58,600	4,000
R. Scott Foster, MD	\$ 58,600	4,000
Roxani M. Gillespie	\$ 58,600	4,000
Jeffrey L. Hayman	\$ 58,600	4,000
Phillip L. Isenberg	\$ 58,600	4,000
James P. Miscoll	\$ 58,600	4,000
Keith W. Renken	\$ 58,600	4,000
Robert M. Sandler	\$ 58,600	4,000
Howard I. Smith	\$ 58,600	4,000

The total number of shares of the Company's common stock that may be issued pursuant to the exercise of all Awards and Nonemployee Director Options granted under the Plan is (i) 4,000,000, plus (ii) the number of shares of common stock that were authorized but not made subject to awards under the 1995 Plan, plus (iii) the number of shares of common stock that were subject to outstanding awards under the 1995 Plan to the extent that such awards expire, are terminated, are cancelled, or are forfeited for any reason without common stock being issued. Of this total number, no more than 6,000,000 shares of common stock may be issued pursuant to the exercise of ISOs granted under the Plan. The number of shares of common stock that can be made subject to Awards to any one employee per calendar year is 800,000, and the number of shares of common stock that can be made subject to Nonemployee Director Options to any one Nonemployee Director per calendar year is 4,000. Shares of common stock attributable to all or any portion of any Award or Nonemployee Director Option that expires, is cancelled, or otherwise is terminated (other than by exercise) will not be counted against the limits described above. Additionally, each of the limits described above may be adjusted equitably to accommodate a change in the capital structure of the Company. Otherwise, no repricing of Awards or Nonemployee Director Options under the Plan will be permitted. As of April 6, 2004, the per share closing price of the Company's common stock as reported on the New York Stock Exchange was \$14.65.

26

The Plan will be administered by the a committee of the Board of Directors (the "Committee"), which will be comprised of at least two individuals who are both "Non-Employee Directors" within the meaning of Rule 16b of the Securities Exchange Act of 1934 and "outside directors" within the meaning of Section 162(m) of the Internal Revenue Code of 1986 (the "Code"). While the material provisions of Nonemployee Director Options are set in the Plan, as described below, and cannot be changed, the Committee will have broad discretion to determine the terms and conditions of Awards made under the Plan to employees. The Committee also, within certain limits set forth in the Plan, will have discretion to amend or terminate the Plan. Unless terminated sooner, the Plan will be effective until the tenth anniversary of its effective date.

Awards

The terms and conditions of Awards granted under the Plan will be set forth in individual grant agreements, subject to the following limitations. The exercise price per share of an Award will not be less than the fair market value per share of the Company's common stock on the date the Award is granted. Agreements evidencing Awards that are intended to qualify as ISOs are required to contain all the terms required under Section 422 for the Award to so qualify.

Nonemployee Director Options

Each year, on the day of the annual meeting of shareholders of the Company at which directors of the Company are elected, each Nonemployee Director automatically will be granted a Nonemployee Director Option to purchase 4,000 shares of the Company's common stock. In addition, each Nonemployee Director automatically will be granted a Nonemployee Director Option to purchase 4,000 shares of the Company's common stock upon his or her appointment to the Board of Directors. These grants, however, are limited by the requirement that no one Nonemployee Director can receive Nonemployee Director Options with respect to more than 4,000 shares of common stock per calendar year. If, on any date that Nonemployee Director Options are granted, there are insufficient shares of common stock remaining for issuance under the Plan in order to grant each Nonemployee Director an option with respect to the full 4,000 shares apiece, each Nonemployee Director instead will receive a

Nonemployee Director Option for a reduced, pro rata number of shares.

Nonemployee Director Options vest fully on the first anniversary of the date they are granted, but only if the optionee still is a Nonemployee Director at that time. Nonemployee Director Options expire on the sooner of (i) the first anniversary of the date on which the optionee ceases to be a Nonemployee Director; or (ii) the tenth anniversary of the grant date. Notwithstanding these provisions, Nonemployee Director Options will terminate immediately upon certain events described in the Plan, such as a dissolution or liquidation of the Company, or a sale of all or substantially all of the property or assets of the Company, or certain reorganizations and mergers of the Company.

Nonemployee Director Options generally are not transferable, and are exercisable during the optionee's lifetime only by the optionee or the optionee's guardian or legal representative. However, Nonemployee Directors may, subject to requirements imposed by the Committee, designate a beneficiary to whom the Nonemployee Director Options or the shares of the Company's common stock subject to the Nonemployee Director Options will be transferred in the case of death.

The Plan is intended to meet the requirements of Section 162(m) of the Code, so that any compensation granted under the plan that, when combined with other compensation paid to the same individual during a fiscal year, exceeds \$1 million, will be deductible by the

27

Company (provided the other requirements of Section 162(m) are met). The restrictions under Section 162(m) apply only to the Company's Chief Executive Officer or any other of the top four highest paid executive officers.

Certain Federal Income Tax Consequences

Non-Qualified Stock Options. A participant generally will not realize taxable income upon the grant of a NQSO. Upon the exercise of a NQSO, the participant will recognize ordinary income equal to the difference between the fair market value of the Common Stock being purchased and the exercise price. The Company generally will be entitled to take a federal income tax deduction in the amount of ordinary income recognized by the participant. If the participant exercises a NQSO and subsequently sells the option shares, any appreciation will be taxed as capital gain in an amount equal to the excess of the sales proceeds for the option shares over the participant's basis in the option shares. The participant's basis in the option shares generally will be the exercise price plus the amount included in the participant's ordinary income upon exercise.

Incentive Stock Options. In general, a participant will have no income tax consequences at the time of grant or exercise of an ISO (except for purposes of computing liability for alternative minimum tax, if any). Upon sale of the underlying stock after satisfying applicable holding period requirements, any amount realized by the participant in excess of the exercise price paid will be taxed to him or her as capital gain. If the holding period requirements are not satisfied, at the time the underlying stock is sold (a "disqualifying disposition") the participant will recognize ordinary income equal to the excess of the fair market value of the Common Stock at the time of exercise over the exercise price, and also will realize capital gain (if any) equal to the excess of the sales proceeds for the option shares over the participant's basis in the option shares. The participant's basis in the option shares generally will be the exercise price plus the amount included in the participant's ordinary income upon exercise. The Company will be entitled to a deduction on account of an ISO only if there is a disqualifying disposition. In that case, the Company will be entitled to a deduction in the amount of ordinary income realized by the participant.

While the exercise of an ISO does not result in current taxable income, there are implications with regard to the alternative minimum tax ("AMT"). The "spread" between the exercise price of an ISO and the fair market value of the underlying stock at the time of exercise will be considered as part of AMT income for the year in which the option is exercised. If, however, a disqualifying disposition occurs in the year in which the option is exercised, the gain on the disposition of the ISO stock, rather than the "spread," is the amount that will be considered as part of AMT income. Should there be a disqualifying disposition in a year other than the year of exercise, the ordinary income element on the disqualifying disposition will not be considered income for AMT purposes, but the capital gain element will be either short- or long-term capital gain for AMT purposes. The basis of the ISO stock for determining gain or loss for AMT purposes will be the exercise price for the ISO stock plus the amount already treated as income for AMT purposes at the time of exercise.

Withholding Taxes. The Company generally will be entitled to withhold any required tax in connection with the exercise or payment of any Award or Nonemployee Director Option, and may require the participant to pay such tax as a condition to exercise of an award.

The 21st Century Insurance Group Chief Executive Officer Short Term Incentive Plan (the "Plan") is an annual incentive compensation plan designed to focus the CEO on various pre-established corporate performance goals, business challenges and opportunities for each fiscal year. While each year's annual results should be maximized, it should be done in context with the steady, long-term development of 21st Century and its franchise with consumers. The Plan is intended to preserve 21st Century's corporate tax deduction for bonus compensation paid to executive officers by meeting the qualified performance-based compensation provisions under Section 162(m) of the Internal Revenue Code of 1986, as amended ("Code").

SECTION I ELIGIBILITY AND PARTICIPATION PERIOD

Section 1.1 Participation in the Plan will be limited to the Chief Executive Officer of 21st Century Insurance Group ("Company"). Section 2.1 The Plan Year shall be the Company's fiscal year, which is currently the calendar year.

Section 2.2 The Compensation Committee shall establish in writing, within 90 days of the beginning of each Plan Year, one or more of the following specific performance goals: net income, combined loss and expense ratio, increase in written premium, stock price, earnings per share, book value, expansion of geographic and/or product markets, dividends, investment income, and return on equity.

SECTION III CERTIFICATION OF PERFORMANCE GOALS AND PAYMENT

Section 3.1 As soon as practicable after each Plan Year, the Compensation Committee shall evaluate actual performance in comparison to the established performance goals and certify in writing to what extent such goals have been attained. Based on attained performance, the Compensation Committee shall compute the amount of Short Term Incentive Compensation ("STI") to be paid. The Compensation Committee shall have no discretion to increase the amount of the STI to be paid but may reduce the amount of such payment based on the CEO's performance or any other factors considered material to the purpose or administration of the Plan.

Section 3.2 The STI award shall be paid or payable by the Company in cash or stock as soon as practicable after certification pursuant to Section 3.1.

Section 3.3 An STI award that would have otherwise been payable to a participant who is not employed by the Company or a subsidiary or affiliate as of the last day of the Plan Year, may be prorated or may not be paid at all based on rules established by the Compensation Committee.

Section 3.4 The maximum amount of STI award that may be paid to any single participant under the Plan shall not exceed \$5,000,000.

B-1

Section 3.5 The Company or any of its subsidiaries may deduct and withhold any applicable payroll taxes or any amounts owed by the employee to the Company or any of its subsidiaries.

SECTION IV STOCKHOLDER APPROVAL AND OTHER LIMITATIONS

Section 4.1 No STI award shall be approved or paid under the Plan unless and until the material provisions of the plan are approved by the Company's stockholders by a majority of the votes cast in a separate vote on this matter.

Section 4.2 No person shall have a legal claim to an award under the STI.

Section 4.3 Except as required by law, awards are not subject to alienation, transfer, sale, assignment, pledge, encumbrance or levy of any kind. All payments shall be made from general assets of the Company and no participant shall have any claim to any specific assets of the Company.

Section 4.4 Neither the Plan nor any action taken with respect to the Plan shall be construed as giving any employee the right to be retained in the employ of the Company or any subsidiary.

SECTION V ADMINISTRATION

Section 5.1 The Compensation Committee shall consist solely of three or more members of the Company's Board of Directors who qualify as "outside directors" as defined by Code Section 162(m).

Section 5.3 Except with respect to matters which under the Code are required to be determined in the sole and absolute discretion of the Compensation Committee, the Compensation Committee shall have full power to delegate to any officer or employee of the Company the authority to administer and interpret the procedural aspects of the Plan, subject to the Plan's terms.

Edgar Filing: 21ST CENTURY INSURANCE GROUP - Form DEF 14A

Section 5.4 The Compensation Committee may rely on opinions, reports or statements of officers or employees of the Company or any subsidiary thereof and of Company counsel (inside or retained counsel), public accountants and other professional or expert persons in administering the Plan.

Section 5.5 The Board of Directors of the Company reserves the right to amend or terminate the Plan in whole or in part at any time. Unless otherwise prohibited by applicable law, any amendment required to conform the Plan to the requirements of the Code may be made by the Compensation Committee.

APPENDIX C

21ST CENTURY INSURANCE GROUP 2004 STOCK OPTION PLAN

SECTION 1. PURPOSE OF PLAN

The purpose of this 2004 Stock Option Plan (the "Plan") of 21st Century Insurance Group (the "Company") is to enable the Company and its subsidiaries to attract, retain and motivate employees of the Company by providing for or increasing the proprietary interests of such individuals in the Company, and to enable the Company to attract, retain and motivate its nonemployee directors and further align their interests with those of the shareholders of the Company by providing for or increasing the proprietary interests of such directors in the Company. The Plan is intended to supersede the Company's existing 1995 Stock Option Plan (the "1995 Plan"). On and after the Effective Date, no further grants shall be made under the 1995 Plan, which shall remain in effect solely as to outstanding awards under it.

SECTION 2. PERSONS ELIGIBLE UNDER PLAN

Any employee of the Company or any of its subsidiaries, including any employee director of the Company (an "Employee"), who in the opinion of the Committee (hereinafter defined) possesses a capacity to contribute in substantial measure to the success of the Company shall be eligible to be considered for the grant of Awards (hereinafter defined) pursuant to Section 3 hereof. Any director of the Company who is not an Employee (a "Nonemployee Director") automatically shall receive Nonemployee Director Options (hereinafter defined) pursuant to Section 4 hereof, but otherwise shall not participate in the Plan.

SECTION 3. AWARDS

- (a) The Committee (hereinafter defined), on behalf of the Company, is authorized under the Plan to grant options to Employees for the issuance of shares of common stock of the Company ("Common Shares"). The granting of such an option is referred to herein as the grant of an Award.
- (b) No Award shall provide for an exercise price that is less than the Fair Market Value (hereinafter defined) of the underlying Common Shares on the date of grant.
- (c) Subject to the provisions of the Plan, the Committee, in its discretion, shall determine all of the terms and conditions of each Award (which may vary from Award to Award), which terms and conditions shall be set forth in an individual agreement evidencing each such Award. Agreements evidencing Awards that are intended to qualify as "Incentive Stock Options" pursuant to Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), shall contain all the terms required under Section 422 for the Award to so qualify.
- (d) Notwithstanding any other provision of the Plan, no person shall be granted an Award and no person shall be entitled to exercise any right with respect to an Award previously granted if such grant or exercise would violate any provision of the charter of the Company, or would

violate any term or condition set forth in the agreement evidencing such Award. The Company may require recipients of Awards to make such representations and enter into such covenants as reasonably are deemed necessary in order to ensure that the grant or exercise of rights with respect to Awards will not result in a violation of this Section 3(d).

C-1

SECTION 4. NONEMPLOYEE DIRECTOR OPTIONS

(a) Each year, on the day of the annual meeting of shareholders of the Company (or any adjournment thereof) at which directors of the Company are elected (the "Date of Grant"), each Nonemployee Director automatically shall be granted an option (a "Nonemployee Director Option") to purchase 4,000 Common Shares. Each Nonemployee Director automatically shall be granted a Nonemployee Director Option to purchase 4,000 Common Shares upon appointment to the Board of Directors of the Company (the "Board").

(b) If, on any date upon which Nonemployee Director Options are to be granted pursuant to this Section 4, the number of Common Shares remaining available for issuance under the Plan is less than the total number of Common Shares that otherwise would be covered by the Nonemployee Director Options as specified in Section 4(a), then a Nonemployee Director Option to purchase a pro rata amount of the remaining Common Shares available for issuance (rounded to the nearest whole share) shall be granted to each Nonemployee Director on such date.

(c) Each Nonemployee Director Option granted under the Plan shall become exercisable to purchase 100% of the Common Shares subject thereto one year after the Date of Grant of such Nonemployee Director Option if, and only if, the optionee still is a Nonemployee Director at such time.

(d) Each Nonemployee Director Option that vests pursuant to Section 4(c) shall expire upon the first to occur of the following:

- (i) The first anniversary of the date upon which the optionee ceases to be a Nonemployee Director; or
- (ii) The tenth anniversary of the Date of Grant.

(e) Each Nonemployee Director Option shall have an exercise price equal to the aggregate Fair Market Value on the Date of Grant of such option of the Common Shares subject thereto.

(f) Payment in full of the exercise price of any Nonemployee Director Option granted under the Plan shall be made in cash, concurrent with the exercise of such Nonemployee Director Option. Notwithstanding the foregoing, the Committee, at its discretion, may permit a Nonemployee Director Option to be exercised through a "cashless exercise" pursuant to which either (i) the Nonemployee Director delivers to the Company in payment of the exercise price a number of Common Shares already owned by such Nonemployee Director whose Fair Market Value is equal, on the date of exercise, to the exercise price thereof, or (ii) the Nonemployee Director directs the Company to retain that number of Common Shares whose Fair Market Value is equal on the date of exercise to the exercise price, thereby surrendering as payment the portion of the Nonemployee Director Option that covers the retained Common Shares.

(g) Notwithstanding any other provision in this Section 4, all outstanding Nonemployee Director Options shall terminate immediately upon the first to occur of the following:

- (i) the dissolution or liquidation of the Company;
- (ii) a reorganization, merger or consolidation of the Company as a result of which the outstanding securities of the class then subject to such outstanding Nonemployee Director Options are exchanged for or converted into cash, property or securities not issued by the Company (or any combination thereof) unless the terms of such reorganization, merger or consolidation provide otherwise; or
- (iii) the sale of all or substantially all of the property and assets of the Company.

C-2

Edgar Filing: 21ST CENTURY INSURANCE GROUP - Form DEF 14A

(h) Except as provided in Section 4(i), each Nonemployee Director Option shall be nontransferable by the optionee other than by will or the laws of descent and distribution, and shall be exercisable during the optionee's lifetime only by the optionee or the optionee's guardian or legal representative.

(i) Notwithstanding the foregoing provisions of Section 4(h), each Nonemployee Director may provide the Committee with a written designation, in such form as the Committee shall determine, designating a person or persons ("Beneficiary") to whom Nonemployee Director Options and the Common Shares subject thereto may be transferred upon the death of such Nonemployee Director. The Company shall honor each such written designation, provided that the Beneficiary named shall take all steps necessary, as determined by the Committee, to comply with the Plan or with federal or state securities laws or other legal requirements.

SECTION 5. STOCK SUBJECT TO PLAN

(a) The aggregate number of Common Shares that may be issued pursuant to the exercise of all Awards and Nonemployee Director Options granted under the Plan is (i) 4,000,000, plus (ii) Common Shares that were authorized but not made subject to awards under the 1995 Plan, plus (iii) Common Shares that were subject to outstanding awards under the 1995 Plan to the extent that such awards expire, are terminated, are cancelled, or are forfeited for any reason without Common Shares being issued, all as subject to adjustment as provided in Section 8 hereof. Notwithstanding the foregoing, the aggregate number of Common shares that may be issued pursuant to the exercise of Awards granted under the Plan that are intended to qualify as Incentive Stock Options is 6,000,000, subject to adjustment as provided in Section 8 hereof.

(b) Common Shares attributable to all or any portion of any Award or Nonemployee Director Option that expires, is cancelled, or otherwise is terminated (other than by exercise) shall be restored to the Plan and shall not be counted against the limit set forth in Section 5(a).

(c) In no event shall an Employee be granted Awards with respect to a number of Common Shares that is in excess of 800,000, during any calendar year, and in no event shall any Nonemployee Director be granted Nonemployee Director Options with respect to a number of Common Shares that is in excess of 4,000 per calendar year, in each case subject to adjustment as provided in Section 8 hereof.

SECTION 6. DURATION OF PLAN

Neither Awards nor Nonemployee Director Options shall be granted under the Plan on or after the tenth anniversary of the Effective Date (as defined herein).

SECTION 7. ADMINISTRATION OF PLAN

(a) The Plan shall be administered by a committee of the Board (the "Committee") consisting of two or more directors, each of whom is a "Non-Employee Director" (as such term is defined Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as such Rule may be amended from time to time), and an "outside director" (within the meaning of Section 162(m) of the Code). This Committee also may serve as the Compensation Committee of the Company.

(b) Subject to the provisions of the Plan, the Committee shall be authorized and empowered to do all things necessary or desirable in connection with the administration of the Plan, including, without limitation, the following:

(i) adopt, amend and rescind rules and regulations relating to the Plan;

C-3

(ii) determine which Employees will be granted Awards;

(iii) determine the terms and conditions of Awards, including the number of Common Shares issuable pursuant thereto;

(iv) determine the terms and conditions of Nonemployee Director Options, other than the terms and conditions specified in Section 4 hereof;

(v) determine whether, and the extent to which, adjustments are required pursuant to Section 8 hereof; and

(vi) interpret and construe the Plan and the terms and conditions of all Awards and Nonemployee Director Options granted hereunder.

(c) Notwithstanding any provision of the Plan to the contrary, the Committee shall not have authority to reprice outstanding Awards or Nonemployee Director Options through reducing the exercise price thereof, or through amendment, cancellation or replacement of Awards or Nonemployee Director Options.

SECTION 8. ADJUSTMENTS

If the outstanding securities of the class then subject to the Plan are increased, decreased or exchanged for or converted into cash, property or a different number or kind of securities, or if cash, property or securities are distributed in respect of such outstanding securities, in either case as a result of a reorganization, merger, consolidation, recapitalization, restructuring, reclassification, partial or complete liquidation, stock split, reverse stock split or the like, then, unless the terms of such transaction shall provide otherwise, the Committee shall make appropriate and proportionate adjustments in (a) the number and type of shares or other securities or cash or other property that may be acquired pursuant to Awards and Nonemployee Director Options theretofore granted under the Plan, (b) the maximum number and type of shares or other securities that may be issued pursuant to Awards and Nonemployee Director Options thereafter granted under the Plan, and (c) the maximum number of Common Shares with respect to which Awards or Nonemployee Director Options may be granted to any Employee or Nonemployee Director, respectively, during any calendar year.

SECTION 9. AMENDMENT AND TERMINATION OF PLAN

The Committee may amend or terminate the Plan at any time and in any manner, subject to the following limitations:

- (a) No such amendment or termination shall deprive the recipient of any Award or Nonemployee Director Option theretofore granted under the Plan, without the consent of such recipient, of any of his or her rights thereunder or with respect thereto; and
- (b) Notwithstanding anything in the Plan to the contrary, no provision of Section 4 shall be amended without the approval of the Committee, the Board, or the shareholders of the Company.

SECTION 10. FAIR MARKET VALUE

For purposes of the Plan, the "Fair Market Value" of a Common Share on any date shall be, unless determined otherwise by the Committee in good faith, the reported closing price of the Company's common stock on the New York Stock Exchange (or such other principal stock exchange on which the Company's common stock is listed on such date, as applicable), or, if the New York Stock Exchange is not open for business on such date, the reported closing price of the Company's common stock on the next business day.

C-4

SECTION 11. TAX WITHHOLDING

(a) The Company's obligation to deliver Common Shares upon the exercise of Awards and Nonemployee Director Options is subject to the satisfaction of all applicable Federal, state, and local income and employment tax withholding requirements.

(b) The Committee may permit, in its discretion, recipients of outstanding Awards and Nonemployee Director Options to elect to have the Company withhold, from the Common Shares otherwise issuable pursuant to such awards, Common Shares with an aggregate Fair Market Value equal to the Federal, state, and local income and employment tax incurred in connection with the acquisition of such Common Shares. Recipients of Awards and Nonemployee Director Options also may be permitted, in the Committee's discretion, to deliver previously acquired Common Shares in satisfaction of such tax. The withheld or delivered shares will be valued at Fair Market Value on the applicable determination date for such tax.

SECTION 12. EFFECTIVE DATE

The Plan shall be effective May 27, 2004 (the "Effective Date"), provided that it has been approved by such date by the affirmative votes of the holders of a majority of the Common Shares of the Company present, or represented, and entitled to vote at a meeting duly held in accordance with the laws of the State of California, or by written consent of a majority of the outstanding Common Shares.
