PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

May 27, 2004

This Proxy Statement is furnished to the shareholders of Apex Silver Mines Limited ("Apex Limited" or "we") in connection with the solicitation of proxies by the board of directors of Apex Limited to be voted at the annual meeting of shareholders on May 27, 2004, or at any postponements or adjournments of the annual meeting. Our annual meeting is being held for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. This Proxy Statement, the accompanying proxy card and the Notice of Annual Meeting are first being mailed to our shareholders on or about April 27, 2004.

Only holders of our ordinary shares, par value \$0.01 per share, at the close of business on April 16, 2004, the record date, are entitled to notice of and to vote at the annual meeting. On the record date, 47,402,779 ordinary shares were issued, outstanding and entitled to vote. Each ordinary share outstanding on the record date is entitled to one vote. The holders of a majority of our ordinary shares issued and outstanding and entitled to vote at the annual meeting, present in person or by proxy, constitute a quorum.

If a shareholder abstains from voting on any matter, we intend to count the abstention as present for purposes of determining whether a quorum is present at the annual meeting for the transaction of business. Additionally, we intend to count broker "non-votes" as present for purposes of determining the presence or absence of a quorum for the transaction of business. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the nominee does not have discretionary voting power and has not received instructions from the beneficial owner. Non-votes are not tabulated for purposes of determining whether a proposal has been approved. Unless contrary instructions are indicated on a proxy, the ordinary shares represented by such proxy will be voted **FOR** proposals 1, 2 and 3. Abstention from voting on a proposal is treated as a vote against that proposal.

Any proxy may be revoked at any time before it is voted by written notice to the Chairman, by receipt of a proxy properly signed and dated subsequent to an earlier proxy, or by revocation of a written proxy by request in person at the annual meeting.

The cost of this proxy solicitation will be borne by Apex Limited. In addition to solicitation by mail, our officers, directors and employees may solicit proxies by telephone, telegraph or in person. We will also request banks and brokers to solicit their customers who have a beneficial interest in our ordinary shares registered in the names of nominees, and we will reimburse banks and brokers for their reasonable out-of-pocket expenses in doing so. In addition, we have engaged American Stock Transfer & Trust Company to assist in our proxy solicitation as part of its transfer agency services.

The board of directors has determined that Mr. Morano qualifies as an "Audit Committee Financial Expert" as that term is defined in rules promulgated by the Securities and Exchange Commission.

Compensation Committee. The Compensation Committee held one meeting during 2003, and is currently comprised of Messrs. Conger and Soros. Both of the members of the Compensation Committee are independent as defined by American Stock Exchange listing standards. The principal responsibilities of the Compensation Committee are to establish policies and periodically determine matters involving executive compensation, recommend changes in employee benefit programs, grant or recommend the grant of stock options and stock awards under our Employees' Share Option Plan and Non-Employee Directors' Share Plan and provide counsel regarding key personnel selection.

Finance Committee. The Finance committee, which did meet during 2003, is currently comprised of Messrs. Hansard, Kaplan and Soros. The Finance Committee is authorized to identify and evaluate various opportunities and alternatives for financing our operations.

The Nominating Committee will receive, review and evaluate director candidates recommended by shareholders. The Committee has adopted written procedures to be followed by shareholders in submitting such recommendations. Candidates proposed by shareholders will be evaluated by the Committee in the same manner as candidates which are not proposed by shareholders. While shareholders may propose director nominees at any time, we must receive the required notice (described below) on or before the date set forth in the prior year's annual proxy statement under the heading "Shareholder Proposals" in order to be considered by the Committee in connection with our next annual meeting of shareholders (typically held in May of each year).

Shareholders wishing to recommend a director candidate to serve on the board may do so by providing advance written notice to the Chairman of the Nominating Committee which identifies the candidate and includes certain information regarding the nominating shareholder and the candidate. A description of the required notice is available on Apex Limited's website at www.apexsilver.com. To view the procedures regarding shareholder nomination of directors, click on "About Apex Silver" on the left side of the page and then click on "Corporate Governance."

A nominee for director should be a person of integrity and be committed to devoting the time and attention necessary to fulfill his or her duties to Apex Limited. The Nominating Committee will evaluate the independence of directors and potential directors, as well as his or her business experience, or specialized skills or experience. Diversity of background and experience, including diversity of race, ethnicity, international background, gender and age, are also important factors in evaluating candidates for board membership. The Committee will also consider issues involving possible conflicts of interest of directors or potential directors.

Director Compensation

Our non-employee director compensation program consists of two principal components: share options and cash payments. The Non-Employee Directors' Share Plan provides for the automatic grant of (i) a fully vested and exercisable option to purchase a number of ordinary shares equal to \$50,000

divided by the closing price of the ordinary shares on the American Stock Exchange on the date of the grant to each non-employee director at the effective date of his or her initial election to the board of directors, (ii) a fully vested and exercisable option to purchase the number of ordinary shares equal to \$50,000 divided by the closing price of the ordinary shares on the American Stock Exchange on the date of the grant at the close of business of each annual meeting of the shareholders, and (iii) at the close of business of each meeting of the board of directors, a fully vested and exercisable option valued at \$3,000 calculated using the Black-Scholes option-pricing model to purchase ordinary shares with an exercise price equal to the closing price of the ordinary shares on the American Stock Exchange on such date, without regard to whether the non-employee director attends the meeting. During 2003, pursuant to the Non-Employee Directors' Share Plan, non-employee directors received as standard compensation options to purchase 611, 3,533, 586, 571 and 584 ordinary shares at exercise prices of \$13.95, \$14.54, \$14.54, \$14.90 and \$16.95, respectively.

In addition, non-employee directors are paid \$600 for attendance at board meetings and \$500 for attendance at board committee meetings. We also reimburse our directors for all reasonable out-of-pocket costs incurred by them in connection with their services to us.

Mr. Hansard performs consulting services for Moore Capital Management, LLC. One or more investment portfolios managed by Moore Capital or its affiliates are shareholders of Apex Limited. For these consulting services and for time spent attending meetings of our board of directors, Moore Capital compensates Kingsfort Ltd., of which Mr. Hansard is an employee, 45,000 Great British Pounds per annum, and directly compensates Mr. Hansard 20,000 Great British Pounds per annum. Amounts paid by Moore Capital directly or indirectly to Mr. Hansard for attending our board meetings totaled approximately \$106,000 for 2003. Mr. Hansard may assign to Moore Capital's clients, who are shareholders of Apex Limited, ordinary shares he receives on the exercise of options granted to him as director compensation.

The percentage of total options granted to employees is based on 592,005 options granted to employees in 2003 pursuant to the Employees' Share Option Plan.

Amounts shown as potential realizable values are based on compounded annual rates of share price appreciation of five and ten percent over the 10-year term of the options, as mandated by rules of the Securities and Exchange Commission, and are not indicative of expected share price performance. Actual gains, if any, on share option exercises are dependent on future performance of the overall market conditions, as well as the option holders' continued employment through the vesting period. The amounts reflected in this table may not necessarily be achieved or may be exceeded. The indicated amounts are net of the option exercise price but before taxes that may be payable upon exercise.

Report of the Compensation Committee of the Board of Directors

The Compensation Committee of the board of directors is responsible for establishing and administering the compensation philosophy, policies, and plans for our non-employee directors and executive officers. The Compensation Committee's executive compensation philosophy is that compensation should largely be tied to our performance and the sustained creation of shareholder value. The compensation programs also are designed to encourage share ownership. The Compensation Committee believes that share ownership effectively aligns the interests of executives with those of our shareholders.

In 2001, our board of directors approved an updated compensation plan and a more simplified bonus plan for our executive officers as part of our reduced operations strategy adopted in April 2001. The Compensation Committee used these plans and their award guidelines, 2003 compensation market surveys, and the job descriptions and performance of our executives to determine 2003 compensation adjustments and awards. The updated compensation and bonus plans provide for consideration of a variety of qualitative and quantitative factors in establishing salaries and incentive compensation. Under the new bonus plan, our incentive bonus plan was suspended and replaced with a discretionary bonus plan. All benefits awarded under the discretionary bonus plan are paid in restricted stock vesting on the second anniversary of the grant date. In 2003, the factors considered by the Compensation Committee include, as in prior years, progress on development of the San Cristobal project, the implementation of project and corporate expenditure controls and the performance of our share price. While the Compensation Committee considers the performance of our share price as compared to the share price of other companies in our industry, it recognizes that such comparisons may not necessarily be an accurate indication of the value and performance of Apex Limited compared to other companies in the industry. In addition, the Compensation Committee considered the compensation recommendations of management and the individual performance of executives.

Our executive compensation program consists of three principal components: base salary, awards under the Employees' Share Option Plan and discretionary bonus awards. These components are described below:

Base Salary. Executive salaries were established initially at levels consistent with the median salaries of mining companies of similar size and growth prospects. The Compensation Committee considered the factors listed above, as well as increases in the cost of living as reported in various indices, in making the salary adjustments implemented in 2003.

Employees' Share Option Plan. We have established the Employees' Share Option Plan for our officers, employees, consultants and agents. In 2003, the Compensation Committee made share option grants to executives that were consistent with our compensation philosophy of aligning the interests of

executives with those of our shareholders and encouraging share ownership by executives. Specific grants in 2003 were determined by consideration of plan guidelines and the factors listed above. The Compensation Committee plans to consider the award of additional options to executives in future years.

Discretionary Bonus Awards. The award of discretionary bonuses for 2003 was made on the basis of the recommendations by management and consideration of plan guidelines and the factors listed above. Consistent with aligning executives' interests with those of our shareholders and encouraging share ownership, the Compensation Committee recommended to the board of directors, who approved the recommendation, that the entire amount of bonuses awarded to our Chairman and Chief Executive Officer for 2003 be paid in the form of restricted ordinary shares vesting on the second anniversary of the grant date, and that the bonus awarded to our Chief Financial Officer for 2003 be paid partially in cash and partially in the form of restricted ordinary shares vesting on the second anniversary of the grant date. The shares are subject to immediate vesting should an employee be involuntarily terminated without cause within two years of the date of the restricted share grant.

Chief Executive Officer's 2003 Compensation. Mr. Hulley's base salary for 2003 was \$309,989. In increasing Mr. Hulley's salary, the Compensation Committee considered the factors listed above, as well as increases in the cost of living reported in various indices.

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally limits to \$1 million the tax deductibility of compensation paid by a public company to its chief executive officer and four other most highly compensated executive officers. We are relying upon certain transition rules set forth in applicable regulations. Therefore, the Compensation Committee believes that it need not take any specific action or adopt a formal policy at the present time with respect to the deductibility of compensation under Section 162(m).

Audit Committee Report

In accordance with its written charter adopted by the board of directors, a copy of which has been filed with the Securities and Exchange Commission, the Audit Committee assists the board of directors in fulfilling its responsibility for oversight of the quality and integrity of our accounting, auditing and financial reporting practices. Each of the members of the Audit Committee is independent as defined by the American Stock Exchange listing standards.

In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from the independent auditors a formal written statement describing all relationships between the auditors and us that might bear on the auditors' independence, consistent with Independence Standards Board Statement No. 1, "Independence Discussions with Audit Committees," discussed with the auditors any relationships that may impact their objectivity and independence and satisfied itself as to the auditors' independence. The Audit Committee also discussed with management and the auditors the quality and adequacy of our internal controls, responsibilities, budget and staffing. The Audit Committee reviewed with the auditors their audit plan, audit scope and identification of audit risks. The Audit Committee discussed with the auditors the matters required to be discussed by Statement of Auditing Standards No. 61.

The Audit Committee reviewed and discussed the Company's interim financial statements filed on Form 10-Q and the Company's audited financial statements for the fiscal year ended December 31, 2003 with management and the auditors. Management has the responsibility for the preparation of the

Company's financial statements and the auditors have the responsibility for the examination of those statements.

Compensation Committee Interlocks and Insider Participation

All relationships between these directors and Apex Limited and its subsidiaries required to be disclosed have been disclosed elsewhere in this proxy statement.

Employment Agreements and Change-in-Control Arrangements

We have entered into employment agreements with Messrs. Hulley and Lettes. The employment agreements may be terminated by us at any time. Messrs. Hulley and Lettes have agreed not to join a company whose primary business is the acquisition and development of silver mines for two years after termination of employment with our company.

We have also entered into change of control agreements with Messrs. Hulley and Lettes. The agreements become effective upon a change of control as defined in the agreements. If we terminate an executive other than for cause, disability or death or the executive terminates his employment for good reason (as such terms are defined in the agreements), the executive will become entitled to a specific severance payment equal to three times, for Mr. Hulley, and two times, for Mr. Lettes, the sum of the executive's base salary plus 100 percent of the executive's target bonus amount (as defined in our incentive bonus plan) multiplied by the executive's annual base salary. The agreements provide that if any payments under the agreements would cause us to have paid an "excess parachute payment" as defined in Section 280G(b)(1) of the Internal Revenue Code, the payment will be reduced to the highest amount that will not cause us to have paid an excess parachute payment. In addition, if we terminate the executive other than for cause, disability or death or the executive terminates his

employment for good reason, the executive shall be entitled, for a 36 month period for Mr. Hulley, and for a 24 month period for Mr. Lettes, to certain life, disability, accident, medical and dental insurance benefits.

We have adopted a severance plan which provides benefits to employees who cease to be employed by us due to involuntary termination without cause. As defined in the plan, involuntary termination without cause includes job elimination or consolidation, closure of a work site, reorganization or merger or reduction in work force, and does not include disability, retirement or voluntary resignation. Messrs. Kaplan, Hulley, and Lettes are eligible to participate in the plan. Under the plan, unless otherwise agreed as described below, each executive would receive severance pay based on his years of continuous employment, with a minimum of 16 weeks of pay and a maximum of 52 weeks of pay, plus medical, dental, life insurance, outplacement and other benefits. If upon termination of an executive's employment he receives benefits under his change of control agreement, he would not receive benefits under the severance plan.

Our Employees' Share Option Plan, pursuant to which Messrs. Kaplan, Hulley, and Lettes hold options, provides that in the event of a change in control (as defined in the Employees' Share Option Plan), all unvested options become exercisable in full.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than 10 percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of ordinary shares and other equity securities and to furnish us with copies of such reports.

Messrs. Conger, Hanna, Hansard, Hoegh, Morano, Smith and Soros each filed one late report during the 2003 fiscal year. In each case, the individual received a grant of stock options on September 18, 2003 but did not file the necessary Form 4 until December 12, 2003.

PROPOSAL NO. 2 APPROVAL OF 2004 EQUITY INCENTIVE PLAN

Introduction

At the annual meeting, shareholders will be asked to approve the 2004 Equity Incentive Plan (the "2004 Plan"), which was adopted subject to shareholder approval, by the board of directors in April 2004. The 2004 Plan is attached hereto as Appendix B and the following description is qualified in its entirety by reference to the 2004 Plan.

Description of the 2004 Equity Incentive Plan

The purposes of the 2004 Plan are to provide long-term incentives to Apex Limited's officers, directors, employees and consultants to exert maximum efforts for the success of Apex Limited and to attract and retain the services of key individuals. The 2004 Plan provides for an aggregate of two million (2,000,000) ordinary shares ("Ordinary Shares") to be initially available for issuance. Based on the closing price of our Ordinary Shares on April 19, 2004 of \$19.25, the market value of the two million shares was \$38,500,000. The 2004 Plan will be terminated no later than May 27, 2014. Under the 2004 Plan, any Ordinary Shares that have been awarded but for any reason expire or otherwise terminate, shall revert to and again become available for issuance under the 2004 Plan.

The 2004 Plan permits the award of the following three types of equity incentive awards ("Share Awards"): (i) share options, (ii) rights to acquire restricted Ordinary Shares, and (iii) share appreciation rights. Share Awards, with the exception of incentive share options as described below, may be granted to employees, directors and consultants, but no participant may be granted Share Awards of more than 150,000 Ordinary Shares during any calendar year. Apex Limited currently has nine directors and approximately 40 full-time employees.

The 2004 Plan will be administered by the board of directors, or one or more committees appointed by the board of directors. Our board of directors has delegated general administrative and award granting authority for the 2004 Plan to the Compensation Committee. (The appropriate acting body, be it the board of directors or a committee within its delegated authority is referred to in this proposal as the "Administrator"). Subject to the terms of the 2004 Plan, the Administrator determines the persons to whom Share Awards are granted, the number of shares granted, the vesting schedule, if any, the type of consideration to be paid to Apex Limited upon the exercise of the Share Award, and the terms of the Share Award.

Under the options component of the 2004 Plan, the Administrator may grant both incentive share options ("ISOs") intended to qualify under Section 422 of the Internal Revenue Code of 1986, as amended, and nonqualified share options ("NSOs"). ISOs may be granted only to persons who are employees of Apex Limited while NSOs may also be granted to persons who are directors or consultants. NSOs must be granted at an exercise price of no less than 85% of the fair market value of the Ordinary Shares on the date of the grant and ISOs must be granted at no less than 100% of such fair market value, except that the exercise price of an ISO granted to a holder of more than 10% of the Ordinary Shares must be at least 110% of fair market value. Any option granted under the 2004 Plan generally must have a term no greater than ten years but the term of an ISO granted to a holder of more than 10% of the Ordinary Shares cannot exceed five years.

Unless otherwise provided by the Administrator in the terms of the option agreement, in the event the optionholder's employment or service with Apex Limited is terminated (other than upon the participant's death, disability, retirement or as a result of a change of control) all unexercised options shall immediately terminate. However, if such participant is terminated not for cause, all vested options held by such person shall continue to be exercisable until the earlier of the expiration date of such option or 180 days after the date of such termination. Unless otherwise provided in the option agreement, in the event of the death or disability of the optionholder, any unvested options shall

immediately terminate, and any vested options shall continue exercisable until 12 months after such disability or death. In addition, unless otherwise provided in the option agreement, in the event of the optionholder's retirement, all options shall immediately vest on the date of such retirement and shall be exercisable until the earlier of 24 months after such retirement date or the expiration date of such options.

Under the restricted share award component of the 2004 Plan, the Administrator may grant one or more awards consisting of Ordinary Shares ("Restricted Shares"). A recipient's right to retain an award of Restricted Shares shall be subject to such restrictions as may be established by the Administrator with respect to such award.

Unless otherwise provided in the Restricted Share award agreement, in the event the participant's employment terminates prior to a vesting date set forth in the Restricted Share award agreement, any unvested Restricted Share award shall be forfeited and automatically transferred to and reacquired by Apex Limited at no cost to Apex Limited, and neither the participant nor his or her heirs, executors, administrators or successors shall have any right or interest in the Restricted Share award. However, unless provided otherwise in the award agreement, if such employment terminates as a result of (i) being terminated not for cause (ii) death (iii) disability (iv) retirement or (v) change of control, then any unvested Restricted Share award shall vest immediately upon such date.

Under the share appreciation rights component of the 2004 Plan, the Administrator may grant one or more awards consisting of the right to receive in cash (or its equivalent in Ordinary Shares) the excess of the fair market value of Ordinary Shares on the date the rights are surrendered over the fair market value of the Ordinary Shares on the date the rights are granted ("Share Appreciation Right"). A Share Appreciation Right may be granted subject to such terms and conditions as may be imposed by the Administrator. The Administrator may, in its discretion and on such terms as it deems appropriate, require as a condition of the grant of a Share Appreciation Right that the recipient of the Share Appreciation Right surrender for cancellation some or all of the Share Awards previously granted to such person.

The board of directors may, at any time and from time to time, amend the 2004 Plan in any respect provided that no such amendment may become effective without approval of the shareholders if shareholder approval is necessary to satisfy statutory or regulatory requirements or if the board determines that shareholder approval is otherwise necessary or desirable. No amendment shall adversely affect any award holder's rights and obligations with respect to outstanding Share Awards under the 2004 Plan without the consent of such award holders.

Any future benefits under the 2004 Plan will depend on Apex Limited's performance and decisions of the Administrator regarding the granting of Share Awards as well as the fair market value of the Ordinary Shares at various future dates. As a result, it is not possible to determine the benefits that will be received by directors, employees and consultants if the 2004 Plan is approved by the shareholders.

Federal Income Tax Consequences

The following is a general summary of the federal income tax consequences that may apply to recipients of the options under the 2004 Plan. **Because application of the tax laws varies according to individual circumstances, a participant should seek professional tax advice concerning the tax consequences of his or her participation in the 2004 Plan, including the potential application and effect of state, local and foreign tax laws and estate and gift tax considerations.**

Incentive Share Options. A participant who is granted an ISO recognizes no taxable income when the ISO is granted. Generally, a participant will not recognize taxable income upon exercise of an ISO for regular income tax purposes, but generally will recognize taxable income upon the exercise of an

ISO for alternative minimum tax ("AMT") purposes (see below). A participant who exercises an ISO will recognize taxable gain or loss upon the sale of the shares underlying the option. Any gain or loss recognized on the sale of shares acquired upon exercise of an ISO is taxed as capital gain or loss if the shares have been held for more than one year after the option was exercised and for more than two years after the option was granted. If the participant disposes of the shares before the required holding periods have elapsed (a "disqualifying disposition"), the participant is taxed as though he or she had exercised an NSO, except that the ordinary income on exercise of the option is recognized in the year of the disqualifying disposition and generally is the lesser of the original spread upon exercise or the excess of the amount realized in the sale of the stock over the original option price. We will not be entitled to a deduction with respect to the ISO or the ISO shares.

Alternative Minimum Tax. The exercise of an ISO may result in tax liability under the AMT. The AMT provides for additional tax equal to the excess, if any, of (a) 26% or 28% of "alternative minimum taxable income" in excess of a certain exemption amount, over (b) regular income tax for the taxable year. For purposes of calculating alternative minimum taxable income, an ISO is treated as if it were an NSO, so the difference between the fair market value of the shares on the date of exercise and the option price will be deemed to be income for this purpose and the taxpayer will hold the shares with a tax basis equal to such fair market value on the date of exercise for subsequent AMT purposes. Application of the AMT to any exercise of an ISO and to a disqualifying disposition of shares is complex and will vary depending upon each person's circumstances. Each holder of an ISO is cautioned to determine the effect, if any, of an ISO exercise before it is made.

Nonqualified Share Options. The tax treatment of NSOs differs significantly from the tax treatment of ISOs. No taxable income is recognized when an NSO is granted but, upon the exercise of an NSO, the difference between the fair market value of the shares underlying the option on the date of exercise (or up to 6 months later if the option is subject to Section 16(b) of the Securities Exchange Act of 1934) and the exercise price is taxable as ordinary income to the recipient and is generally deductible by Apex Limited. The recipient will have a tax basis in the shares equal to the fair market value on the date of exercise and the holding period for the shares will begin on the day after the date the option is exercised. For long-term capital gain treatment, the shares must be held for more than one year.

Withholding. Apex Limited may be required to withhold federal, state or local taxes in connection with any share option or other award under the 2004 Plan, including, but not limited to, withholding of any portion of any payment or withholding from other compensation payable to the participant, unless such person reimburses Apex Limited for such amount.

Restricted Share Awards. Grantees of Restricted Shares do not recognize income at the time of the grant of such awards. However, when Restricted Shares are no longer subject to a substantial risk of forfeiture, grantees recognize ordinary income in an amount equal to the fair market value of the shares less the amount paid, if any, for the shares. Alternatively, the grantee of Restricted Shares may elect to recognize income upon the grant of the shares and not at the time the restrictions lapse. The election is made by filing a required notice with the Internal Revenue Service within 30 days from the grant, with a copy to Apex Limited. We generally are entitled to deduct an amount equal to the income recognized by the grantee at the time the grantee recognizes the income.

Share Appreciation Rights. In general, Share Appreciation Rights are taxed to the recipient and deductible by Apex Limited in substantially the same manner as NSOs.

Change of Control. If there is an acceleration of the vesting or payment of awards and/or an acceleration of the exercisability of options upon a change of control, all or a portion of the accelerated awards may constitute "excess parachute payments" under Section 280G of the Code. Generally an employee receiving an excess parachute payment incurs an excise tax of 20% of the amount of the

payment in excess of the employee's average annual compensation over the five calendar years preceding the year of the change of control and Apex Limited is not entitled to a deduction for such excess amount.

The foregoing summary of the federal income tax consequences of the 2004 Plan is based on present federal tax law and regulations. The summary does not purport to be complete or applicable to every specific situation.

The Existing Employees' Share Ownership Plan

If the shareholders approve the 2004 Equity Incentive Plan, Apex Limited contemplates that future awards will be granted pursuant to the 2004 Plan and that no further awards will be granted under the Employees' Share Ownership Plan. Awards previously granted under the Employees' Share Ownership Plan will remain outstanding pursuant to the terms of such plan and any documents evidencing such awards.

Approval of the 2004 Plan will require the affirmative vote of a majority of the Ordinary Shares of Apex Limited represented in person or by proxy at the meeting.

The Board of Directors unanimously recommends that the Company's shareholders vote FOR approval of the 2004 Equity Incentive Plan.

5. Eligibility.

- (a) **Eligibility for Specific Share Awards.** Incentive Share Options may be granted only to Employees. Share Awards other than Incentive Share Options may be granted to Employees, Directors and Consultants.
- (b) **Ten Percent Shareholders.** A Ten Percent Shareholder shall not be granted an Incentive Share Option unless the exercise price of such Option is at least one hundred ten percent (110%) of the Fair Market Value of the Ordinary Shares at the date of grant and the Option is not exercisable after the expiration of five (5) years from the date of grant.
- (c) **Limitations on Share Awards.** No Participant shall be eligible to be granted Share Awards covering more than 150,000 Ordinary Shares during any calendar year.
- (d) **Consultants.**
 - (i) A Consultant shall not be eligible for the grant of a Share Award if, at the time of grant, a Form S-8 Registration Statement under the Securities Act ("**Form S-8**") is not available to register a resale of the Company's securities issued to such Consultant because of the nature of the services that the Consultant is providing to the Company, or because the Consultant is not a natural person, or as otherwise provided by the rules governing the use of Form S-8, unless the Board determines both (i) that such grant (A) shall be registered in another manner under the Securities Act (*e.g.*, on a Form S-3 Registration Statement) or (B) does not require registration under the Securities Act in order to comply with the requirements of the Securities Act, if applicable, and (ii) that such grant complies with the securities laws of all other relevant jurisdictions.
 - (ii) Form S-8 generally is available to consultants and advisors only if (i) they are natural persons; (ii) they provide bona fide services to the issuer, its parents, its majority-owned subsidiaries or majority-owned subsidiaries of the issuer's parent; and (iii) the services are not in connection with the offer or sale of securities in a capital-raising transaction, and do not directly or indirectly promote or maintain a market for the issuer's securities.

6. Option Provisions.

Each Option Agreement shall be subject to the terms and conditions of this Plan. Each Option and Option Agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. All Options shall be separately designated Incentive Share Options or Nonqualified Share Options at the time of grant, and, if certificates are issued, a separate certificate or certificates will be issued for Ordinary Shares purchased on exercise of each type of Option. The provisions of separate Options need not be identical.

- (a) **Provisions Applicable to All Options.**
 - (i) **Consideration.** The purchase price of Ordinary Shares acquired pursuant to an Option shall be paid in cash in Dollars at the time the Option is exercised.

- (ii) **Vesting Generally.** The total number of Ordinary Shares subject to an Option may (A) vest, and therefore become exercisable, in periodic installments that may, but need not, be equal, or (B) be fully vested at the time of grant. The Option may be subject to such other terms and conditions on the time or times when it may be exercised (which may be based on performance or other criteria) as the Board may deem appropriate. The vesting provisions, if any, of individual Options may vary. The provisions of this subsection 6(a)(ii) are subject to any Option Agreement provisions governing the minimum number of Ordinary Shares as to which an Option may be exercised.
- (iii) **Termination of Continuous Service.** Unless otherwise provided in the Option Agreement, in the event an Optionholder's Continuous Service terminates (other than upon the Optionholder's death, Disability, Retirement or as a result of a Change of Control), all Options held by the Optionholder shall immediately terminate; provided, however, if an Optionholder's Continuous Service is terminated for reasons other than for cause, all vested Options held by such person shall continue to be exercisable until the earlier of the expiration date of such Option or 180 days after the date of such termination. All such vested Options not exercised within the period described in the preceding sentence shall terminate.
- (iv) **Disability or Death of Optionholder.** Unless otherwise provided in the Option Agreement, in the event that an Optionholder's Disability or death, all unvested Options shall immediately terminate, and all vested Options held by such person shall continue to be exercisable until 12 months after the date of such Disability or death. All such vested Option not exercised within such 12-month period shall terminate.
- (v) **Retirement.** Unless otherwise provided in the Option Agreement, in the event of the Optionholder's Retirement, all unvested Options shall automatically vest on the date of such Retirement and all Options shall be exercisable until the earlier of 24 months after such Retirement date or the expiration date of such Options. All such Options not exercised within the period described in the preceding sentence shall terminate.

(b)

Provisions Applicable to Incentive Share Options.

- (i) **Term.** Subject to the provisions of subsection 5(b) regarding Ten Percent Shareholders, no Incentive Share Option shall be exercisable after the expiration of ten (10) years from the date it was granted. Further, no grant of an Incentive Share Option shall be made under this Plan more than ten (10) years after the date the Plan is approved by the shareholders of the Company.
- (ii) **Exercise Price of an Incentive Share Option.** Subject to the provisions of subsection 5(b) regarding Ten Percent Shareholders, the exercise price of each Incentive Share Option shall be not less than one hundred percent (100%) of the Fair Market Value of the Ordinary Shares subject to the Option on the date the Option is granted.
- (iii) **Transferability of an Incentive Share Option.** An Incentive Share Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Optionholder only by the Optionholder.
- (iv) **Incentive Share Option \$100,000 Limitation.** Notwithstanding any other provision of the Plan or an Option Agreement, the aggregate Fair Market Value of the Ordinary Shares with respect to which Incentive Share Options are exercisable for the first time by an Optionholder in any calendar year, under the Plan or any other option plan of the Company or its Affiliates, shall not exceed \$100,000. For this purpose, the Fair Market Value of the Ordinary Shares shall be determined as of the time an Option is granted.

The Options or portions thereof which exceed such limit (according to the order in which they were granted) shall be treated as Nonqualified Share Options.

(c)

Provisions Applicable to Nonqualified Share Options.

(i)

Exercise Price of a Nonqualified Share Option. To assure sufficient Board discretion, the exercise price of each Nonqualified Share Option shall be not less than eighty-five percent (85%) of the Fair Market Value of the Ordinary Shares subject to the Option on the date the Option is granted, provided, however, that the exercise price of each Nonqualified Share Option granted to a Covered Employee shall not be less than one hundred percent (100%) of the Fair Market Value of the Ordinary Shares subject to the Option on the date the Option is granted. Notwithstanding the foregoing, a Nonqualified Share Option may be granted with an exercise price lower than that set forth in the preceding sentence if such Option is granted pursuant to an assumption or substitution for another option in a manner satisfying the provisions of Section 424(a) of the Code.

(ii)

Transferability of a Nonqualified Share Option. A Nonqualified Share Option shall be transferable, if at all, to the extent provided in the Option Agreement. If the Option Agreement does not provide for transferability, then the Nonqualified Share Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Optionholder only by the Optionholder.

7. Provisions of Share Awards other than Options.

(a)

Restricted Share Awards. Each restricted share award agreement shall be in such form and shall contain such restrictions, terms and conditions, if any, as the Board shall deem appropriate and shall be subject to the terms and conditions of this Plan. The terms and conditions of restricted share award agreements may change from time to time, and the terms and conditions of separate restricted share award agreements need not be identical, but each restricted share award agreement shall include (through incorporation of provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i)

Consideration. A restricted share award may be awarded in consideration for past services actually rendered, or for future services to be rendered, to the Company or an Affiliate for its benefit.

(ii)

Vesting. Ordinary Shares awarded under the restricted share award agreement may (A) be subject to a vesting schedule to be determined by the Board, or (B) be fully vested at the time of grant.

(iii)

Termination of Participant's Continuous Service. Unless otherwise provided in the restricted share award agreement, in the event a Participant's Continuous Service terminates prior to a vesting date set forth in the restricted share award agreement, any unvested restricted share award shall be forfeited and automatically transferred to and reacquired by the Company at no cost to the Company, and neither the Participant nor his or her heirs, executors, administrators or successors shall have any right or interest in the restricted share award. Notwithstanding the foregoing, unless otherwise provided in the restricted share award agreement, in the event a Participant's Continuous Service terminates as a result of (A) being terminated by the Company for reasons other than for cause, (B) death, (C) Disability, (D) Retirement, or (E) a Change of Control (subject to the provisions of Section 11(c) hereof), then any unvested restricted share award shall vest immediately upon such date.

(iv)

Transferability. Rights to acquire Ordinary Shares under the restricted share award agreement shall be transferable by the Participant only upon such terms and conditions as are set forth in the restricted share award agreement, as the Board shall determine in its discretion, so long as Ordinary Shares awarded under the restricted share award agreement remain subject to the terms of the restricted share award agreement.

(b)

Grant of Share Appreciation Rights. Share appreciation rights to receive in cash (or its equivalent in Ordinary Shares) the excess of the Fair Market Value of Ordinary Shares on the date the rights are surrendered over the Fair Market Value of Ordinary Shares on the date of grant may be granted to any Employee, Director or Consultant selected by the Board. A share appreciation right may be granted (i) in connection and simultaneously with the grant of another Share Award, (ii) with respect to a previously granted Share Award, or (iii) independent of another Share Award. A share appreciation right shall be subject to such terms and conditions not inconsistent with this Plan as the Board shall impose and shall be evidenced by a written share appreciation right agreement, which shall be executed by the Participant and an authorized officer of the Company. The Board, in its discretion, may determine whether a share appreciation right is to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code and share appreciation right agreements evidencing share appreciation rights intended to so qualify shall contain such terms and conditions as may be necessary to meet the applicable provisions of Section 162(m) of the Code. The Board may, in its discretion and on such terms as it deems appropriate, require as a condition of the grant of a share appreciation right that the Participant surrender for cancellation some or all of the Share Awards previously granted to such person under this Plan or otherwise. A share appreciation right, the grant of which is conditioned upon such surrender, may have an exercise price lower (or higher) than the exercise price of the surrendered Share Award, may contain such other terms as the Board deems appropriate, and shall be exercisable in accordance with its terms, without regard to the number of shares, price, exercise period or any other term or condition of such surrendered Share Award.

8.

Availability of Shares. During the terms of the Share Awards, the Company shall keep available at all times the number of Ordinary Shares required to satisfy such Share Awards.

9. **Use of Proceeds from Share.**

Proceeds from the sale of Ordinary Shares pursuant to Share Awards shall constitute general funds of the Company.

10. **Miscellaneous.**

(a)

Exercise of Awards. Share Awards shall be exercisable at such times, or upon the occurrence of such event or events as the Board shall determine at or subsequent to grant. Share Awards may be exercised in whole or in part. Ordinary Shares purchased upon the exercise of a Share Award shall be paid for in full at the time of such purchase.

(b)

Acceleration of Exercisability and Vesting. The Board shall have the power to accelerate the time at which a Share Award may first be exercised or the time during which a Share Award or any part thereof will vest in accordance with the Plan, notwithstanding the provisions in the Share Award stating the time at which it may first be exercised or the time during which it will vest.

(c)

Shareholder Rights.

(i)

Options. Unless otherwise provided in and upon the terms and conditions in the Option Agreement, no Participant shall be deemed to be the holder of, or to have any of the rights of a holder with respect to, any Ordinary Shares subject to an Option unless and until such Participant has satisfied all requirements for exercise of, and has exercised, the Option pursuant to its terms.

(ii)

Restricted Shares. Unless otherwise provided in and upon the terms and conditions in the restricted share award agreement, a Participant shall have the right to receive all dividends and other distributions paid or made respecting such restricted shares, provided, however, no unvested restricted shares shall have any voting rights of a shareholder respecting such unvested restricted shares unless and until such unvested restricted shares become vested.

(d)

No Employment or other Service Rights. Nothing in the Plan or any instrument executed or Share Award granted pursuant thereto shall confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Share Award was granted, or any other capacity, or shall affect the right of the Company or an Affiliate to terminate with or without notice and with or without cause (i) the employment of an Employee, (ii) the service of a Consultant to the Company or an Affiliate or (iii) the service of a Director of the Company or an Affiliate.

(e)

Withholding Obligations. If the Company has or will have a legal obligation to withhold the taxes related to the grant, vesting or exercise of the Share Award, such Award may not be granted, vested or exercised in whole or in part, unless such tax obligation is first satisfied in a manner satisfactory to the Company. To the extent provided by the terms of a Share Award Agreement or Option Agreement, the Participant may satisfy any federal, state or local tax withholding obligation relating to the exercise or acquisition of Ordinary Shares under a Share Award by any of the following means (in addition to the Company's right to withhold from any compensation paid to the Participant by the Company) or by a combination of such means: (i) tendering a cash payment in Dollars; (ii) authorizing the Company to withhold Ordinary Shares from the Ordinary Shares otherwise issuable to the Participant as a result of the exercise or acquisition of Ordinary Shares under the Share Award, provided, however, that no Ordinary Shares are withheld with a value exceeding the minimum amount of tax required to be withheld by law; or (iii) delivering to the Company owned and unencumbered Ordinary Shares.

(f)

Listing and Qualification of Shares. This Plan and grant and exercise of Share Awards hereunder, and the obligation of the Company to sell and deliver Ordinary Shares under such Share Awards, shall be subject to all applicable United States federal and state laws, rules and regulations and to such approvals by any government or regulatory agency as may be required. The Company, in its discretion, may postpone the issuance or delivery of Ordinary Shares upon any exercise of a Share Award until completion of any stock exchange listing, or other qualification of such Ordinary Shares under any United States federal or state law rule or regulation as the Company may consider appropriate, and may require any individual to whom a Share Award is granted, such individual's beneficiary or legal representative, as applicable, to make such representations and furnish such information as the Board may consider necessary, desirable or advisable in connection with the issuance or delivery of the Ordinary Shares in compliance with applicable laws, rules and regulations.

(g)

Non-Uniform Determinations. The Board's determinations under this Plan (including, without limitation, determinations of the persons to receive Share Awards, the form, term, provisions, amount and timing of the grant of such Share Awards and of the agreements evidencing the

same) need not be uniform and may be made by it selectively among persons who receive, or are eligible to receive, Share Awards under this Plan, whether or not such persons are similarly situated.

11. Adjustments upon Changes in Share.

(a)

Capitalization Adjustments. If any change is made in the Ordinary Shares subject to the Plan, or subject to any Share Award, without the receipt of consideration by the Company (through merger, consolidation, reorganization, recapitalization, reincorporation, share dividend, dividend in property other than cash, share split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction), the Plan will be appropriately adjusted in the class(es) and maximum number of securities subject to the Plan pursuant to subsection 4(a) and the maximum number of securities subject to award to any person pursuant to subsection 5(c), and the outstanding Share Awards will be appropriately adjusted in the class(es) and number of securities and price per share of Ordinary Shares subject to such outstanding Share Awards. The Board shall make such adjustments, and its determination shall be final, binding and conclusive. (The conversion of any convertible securities of the Company shall not be treated as a transaction "without receipt of consideration" by the Company.)

(b)

Dissolution or Liquidation. In the event of a dissolution or liquidation of the Company, then all outstanding Share Awards shall terminate immediately prior to such event.

(c)

Asset Sale, Merger, Consolidation or Reverse Merger. In the event of (i) a sale, lease or other disposition of all or substantially all of the assets of the Company, (ii) a merger or consolidation of the Company with or into any other corporation or entity or person, or any other corporate reorganization, in which the shareholders of the Company immediately prior to such consolidation, merger or reorganization, own less than 50% of the Company's outstanding voting power of the surviving entity (or its parent) following the consolidation, merger, or reorganization or (iii) any transaction (or series of related transactions involving a person or entity, or a group of affiliated persons or entities) in which in excess of fifty percent (50%) of the Company's outstanding voting power is transferred (individually, a "**Change of Control**"), then any unvested Share Awards shall vest immediately prior to the closing of the Change of Control, and the Board shall have the power and discretion to provide for the Participant's election alternatives regarding the terms and conditions for the exercise of, or modification of, any outstanding Share Awards granted hereunder, provided, however, such alternatives shall not affect the then current exercise provisions without such Participant's consent. The Board may provide that Share Awards granted hereunder must be exercised in connection with the closing of such transaction, and that if not so exercised such Share Awards will expire. Any such determinations by the Board may be made generally with respect to all Participants, or may be made on a case-by-case basis with respect to particular Participants. The provisions of this Section 11(c) shall not apply to any transaction undertaken for the purpose of reincorporating the Company under the laws of another jurisdiction, if such transaction does not materially affect the beneficial ownership of the Company's capital stock.

12. Amendment of the Plan and Share Awards.

(a)

Amendment of Plan. The Board at any time, and from time to time, may amend the Plan. However, except as provided in Section 11 relating to adjustments upon changes in Ordinary Shares, no amendment shall be effective unless approved by the shareholders of the Company to the extent shareholder approval is necessary to satisfy the requirements of Section 422 of the Code, Rule 16b-3 or any applicable Nasdaq or securities exchange listing requirements.

- (b) **Shareholder Approval.** The Board may, in its sole discretion, submit any other amendment to the Plan for shareholder approval, including, but not limited to, amendments to the Plan intended to satisfy the requirements of Section 162(m) of the Code and the regulations thereunder regarding the exclusion of performance-based compensation from the limit on corporate deductibility of compensation paid to certain executive officers.
- (c) **Contemplated Amendments.** It is expressly contemplated that the Board may amend the Plan in any respect the Board deems necessary or advisable to provide eligible Employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to Incentive Share Options and/or to bring the Plan and/or Incentive Share Options granted under it into compliance therewith.
- (d) **No Impairment of Rights.** Rights under any Share Award granted before amendment of the Plan shall not be impaired by any amendment of the Plan unless the Participant consents in writing.
- (e) **Amendment of Share Awards.** The Board at any time, and from time to time, may amend the terms of any one or more Share Awards; provided, however, that the rights under any Share Award shall not be impaired by any such amendment unless the applicable Participant consents in writing.

13. Termination or Suspension of the Plan.

- (a) **Plan Term.** The Board may suspend or terminate the Plan at any time. Unless sooner terminated, the Plan shall terminate on the day before the tenth (10th) anniversary of the date the Plan is adopted by the shareholders of the Company. No Share Awards may be granted under the Plan while the Plan is suspended or after it is terminated.
- (b) **No Impairment of Rights.** Suspension or termination of the Plan shall not impair rights and obligations under any Share Award granted while the Plan is in effect except with the written consent of the Participant.
- (c) **Savings Clause.** This Plan is intended to comply in all aspects with applicable laws and regulations. In case any one more of the provisions of this Plan shall be held invalid, illegal or unenforceable in any respect under applicable law or regulation, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby and the invalid, illegal or unenforceable provision shall be deemed null and void; however, to the extent permissible by law, any provision which could be deemed null and void shall first be construed, interpreted or revised retroactively to permit this Plan to be construed in compliance with all applicable laws so as to foster the intent of this Plan.

14. Effective Date of Plan.

The Plan shall become effective as determined by the Board, but no Share Award shall be exercised (or, in the case of a restricted share award, shall be granted) unless and until the Plan has been approved by the shareholders of the Company, which approval shall be within twelve (12) months before or after the date the Plan is adopted by the Board.

15. Choice of Law.

The law of the Delaware shall govern all questions concerning the construction, validity and interpretation of this Plan, without regard to such state's conflict of laws rules.
