Item 1.01 Entry Into a Material Definitive Agreement.

On December 9, 2014, TravelCenters of America LLC, or we, us or our, entered into an underwriting agreement with Citigroup Global Markets Inc., Morgan Stanley & Co. LLC, RBC Capital Markets, LLC and UBS Securities LLC, as the representatives of the several underwriters named therein, pursuant to which we agreed to sell \$120 million aggregate principal amount, or the Initial Amount, of our 8.00% Senior Notes due 2029, or the Notes, in an underwritten public offering. The Initial Amount of the Notes is expected to be issued on December 16, 2014, and will be issued under a supplemental indenture to our senior debt indenture. The Notes will be our senior unsecured obligations and will have no financial covenants. We also granted the underwriters an option to purchase up to an additional \$18 million aggregate principal amount of Notes within 30 days solely to cover overallotments, if any.

We intend to use the net proceeds from this offering for general business purposes, including acquisitions and construction of additional travel centers and convenience stores, funding capital improvements to our travel centers and convenience stores and other expansion activities. We expect to invest the net proceeds from this offering in short term, interest bearing securities pending other uses.

A prospectus, which forms a part of our Registration Statement on Form S-1, relating to the Notes has been filed with the Securities and Exchange Commission. This Current Report on Form 8-K shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of these securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.

The above description of the underwriting agreement is only a summary, is not complete and is qualified in its entirety by reference to the full text of the underwriting agreement, a copy of which is filed as Exhibit 1.1 hereto and incorporated by reference herein.
