SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus supplement contains "forward-looking statements" within the meaning of applicable securities laws and regulations. These forward-looking statements can generally be identified by the use of words such as "anticipate," "expect," "believe," "could," "estimate," "feel," "forecast," "intend," "may," "plan," "potential," "project," "should," "will," "would," and similar words, phrases or expressions and variations or negatives of these words, although not all forward-looking statements contain these identifying words. Forward-looking statements by their nature address matters that are, to different degrees, uncertain, including, in particular, statements about future events, future financial performance, plans, strategies, expectations, prospects, competitive environment, regulation, labor matters and availability of raw materials, and other statements that are not historical facts. These statements are based on the current views of our management with respect to future events and financial performance and are not predictions of actual performance.

These forward-looking statements are subject to a number of risks and uncertainties regarding our business and actual financial performance could differ materially from that projected in the forward-looking statements due to the inherent uncertainty of estimates, forecasts and projections, and our financial performance may be better or worse than anticipated. These risks and uncertainties include, but are not limited to: (i) the impact the significant additional debt incurred in connection with the recently completed merger (the "*Maple Merger*") of Maple Parent Holdings Corp. ("*Maple Parent*"), the parent company of Keurig Green Mountain, Inc. ("*KGM*"), and Salt Merger Sub, Inc., our wholly owned subsidiary, may have on our ability to operate our combined business, (ii) risks relating to the integration of historical KGM and Dr Pepper Snapple Group Inc. ("*DPSG*") operations, products and employees into the combined company, Keurig Dr Pepper Inc., and assumption of certain potential liabilities of KGM and the possibility that the anticipated synergies and other benefits of the Maple Merger, including cost savings, will not be realized or will not be realized within the expected timeframe, (iii) our status as a "controlled company" within the meanings of the NYSE, including our reliance on exemptions from certain corporate governance standards and the significantly less influence that our pre-Maple Merger holders now have on our company, (iv) risks relating to the combined Keurig Dr Pepper business and the industries in which our combined company operates and (v) the risks that we will not achieve the expected benefits of the Maple Merger or that the costs relating to the Maple Merger will be greater than expected. These risks and uncertainties, as well as other risks and uncertainties, are more fully discussed in the "Risk Factors" section of this prospectus supplement and in our definitive proxy statement filed with the SEC on May 29, 2018, our Current Report on Form 8-K filed with the SEC on July 9, 2018, as amended by our Current Report on Form 8-K/A filed with the SEC on August 8, 2018, and our subsequent filings with the SEC. While the lists of risk factors presented here and in our public filings are considered representative, no such list should be considered to be a complete statement of all potential risks and uncertainties. Given these uncertainties, you should not put undue reliance on any forward-looking statements. Any forward-looking statement made herein speaks only as of the date of this document. We are under no obligation to, and expressly disclaim any obligation to, update or alter any forward-looking statements, whether as a result of new information, subsequent events or otherwise, except as required by applicable laws or regulations.

RISK FACTORS

Investing in our Common Stock involves risk. See the risk factors set forth below, the risk factors described in our most recent Annual Report on Form 10-K and those contained in our definitive proxy statement filed with the SEC on May 29, 2018, our Current Report on Form 8-K filed with the SEC on July 9, 2018, as amended by our Current Report on Form 8-K/A filed with the SEC on August 8, 2018, and our subsequent filings with the SEC that are incorporated by reference into this prospectus supplement and the accompanying prospectus. Before making an investment decision, you should carefully consider these risks as well as other information we include or incorporate by reference into this prospectus supplement and the accompanying prospectus. See "Where You Can Find More Information; Incorporation by Reference." These risks could materially affect our business, financial condition or results of operations and cause the value of our securities, including our Common Stock, to decline. These risks are not intended as, and should not be construed as, an exhaustive list of relevant risk factors. There may be other risks that a prospective investor should consider that are relevant to the investor's own particular circumstances or generally. You could lose all or part of your investment.

Risks Related to Ownership of Our Common Stock

Our stock price has fluctuated in the past and may fluctuate in the future. Accordingly, you may not be able to resell your shares at or above the price at which you purchased them.

The trading price of our Common Stock has fluctuated in the past. The trading price of our Common Stock could fluctuate significantly in the future and could be negatively affected in response to various factors including:

conditions in the broader stock market in general;

our ability to make investments with attractive risk-adjusted returns;

market perception of our current and projected financial condition, potential growth, future earnings and future cash dividends;

announcements we make regarding dividends;

actual or anticipated fluctuations in our quarterly financial and operating results;

additional offerings of our Common Stock or equity-linked securities;

actions by rating agencies;

short sales of our Common Stock;

any decision to pursue a distribution or disposition of a meaningful portion of our assets;

issuance of new or changed securities analysts' reports or recommendations;

market perception or media coverage of us, other similar companies or the outlook of the markets and industries in which we compete;

Edgar Filing: Keurig Dr Pepper Inc. - Form 424B7

major reductions in trading volumes on the exchanges on which we operate;

legislative or regulatory developments, including changes in the status of our regulatory approvals or licenses; and

litigation and governmental investigations.

These and other factors may cause the market price and demand for our Common Stock to fluctuate substantially, which may negatively affect the price or liquidity of our Common Stock. In addition, the market price of our Common Stock may fluctuate if, among other things, we are unable

S-3

Table of Contents

to achieve the expected benefits of the Maple Merger or if the costs relating to the Maple Merger are greater than expected.

Shares eligible for future sale may adversely affect our Common Stock price.

Sales of our Common Stock or other securities in the public or private market, or the perception that these sales may occur, could cause the market price of our Common Stock to decline. This could also impair our ability to raise additional capital through the sale of our equity securities. Under our certificate of incorporation, we are authorized to issue up to 2,000,000,000 shares of our Common Stock and 15,000,000 shares of preferred stock, par value \$0.01 per share. We cannot predict the size of future issuances of our Common Stock or other securities or the effect, if any, that future sales and issuances of our Common Stock and other securities would have on the market price of our Common Stock.

Future issuances and sales of additional shares of preferred stock or Common Stock could reduce the market price of our shares of Common Stock.

In the future we may issue additional securities to raise capital or in connection with acquisitions. We may acquire interests in other companies by using a combination of cash and our Common Stock or just our Common Stock. Further, shares of preferred stock may be issued from time to time in one or more series as our board of directors may from time to time determine, each such series to be distinctively designated. Any such issuances and sales of our preferred stock or Common Stock could have the effect of depressing the market price for our Common Stock, and the issuance of any such preferred stock could materially adversely affect the rights of holders of our Common Stock. Any of these events may dilute your ownership interest in our company and have an adverse impact on the price of our Common Stock.

Our shares of Common Stock will rank junior to all of our consolidated liabilities.

In the event of a bankruptcy, liquidation, dissolution or winding up, our assets will be available to pay obligations on the Common Stock only after all of our consolidated liabilities have been paid. In the event of a bankruptcy, liquidation, dissolution or winding up, there may not be sufficient assets remaining, after paying our and our subsidiaries' liabilities, to pay any amounts with respect to the Common Stock then outstanding. We have a significant amount of debt, which amounted to \$16,277,250,000 as of September 30, 2018, with \$2,395,000,000 of availability under our existing revolving credit facility and access to up to additional \$250,000,000 of availability subject to lender commitments.

Our corporate documents and provisions of Delaware law may prevent a change in control or management that stockholders may consider desirable.

Section 203 of the Delaware General Corporation Law, laws of states in which we operate, and our certificate of incorporation and by-laws contain provisions that might enable our management to resist a takeover of our company. These provisions could have the effect of delaying, deferring, or preventing a change in control over us or a change in our management that stockholders may consider favorable or beneficial. These provisions could also discourage proxy contests and make it more difficult for you and other stockholders to elect directors and take other corporate actions. These provisions could also limit the price that investors might be willing to pay in the future for shares of our Common Stock.

PLAN OF DISTRIBUTION

This prospectus supplement relates to the offer and sale, from time to time, of shares of our Common Stock by the selling stockholders. The term "selling stockholder" includes pledgees, donees, assignees, transferees or other successors in interest selling shares of our Common Stock received after the date of this prospectus supplement from the selling stockholder as a gift, pledge, partnership distribution or other non-sale related transfer. We are registering the resale of shares of our Common Stock to provide the selling stockholders with freely tradable securities, but the registration of such shares does not necessarily mean that any of such shares will be offered or sold by the selling stockholders pursuant to this prospectus supplement or at all.

The selling stockholders may, from time to time, offer the shares of our Common Stock offered in this prospectus supplement in one or more transactions (which may involve underwritten offerings on a firm commitment or best efforts basis, cross sales or block transactions) on the NYSE or otherwise, in secondary distributions pursuant to and in accordance with the rules of the NYSE, through one or more electronic trading platforms or services, in the over-the-counter market, in negotiated transactions, directly to one or more purchasers, including affiliates, through the writing of options on the shares (whether such options are listed on an options exchange or otherwise), short sales or a combination of such methods of sale or any other method permitted by applicable law, at fixed prices, at market prices or varying prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices, including pursuant to one or more "10b5-1" trading plans or similar plans. The selling stockholders may also engage in short sales against the box, puts and calls, writing options, hedging transactions and other transactions in our securities or derivatives of our securities and may sell or deliver the shares of our Common Stock registered pursuant to this prospectus supplement in connection with these trades as permitted by applicable law, including, without limitation, delivering such shares to a lender in satisfaction of all or part of stock borrowed from such lender in connection with a short sale. The selling stockholders may pledge or grant a security interest in some or all of the shares of our Common Stock registered pursuant to this prospectus supplement owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell such shares from time to time under this prospectus supplement. In addition, any shares of Common Stock that qualify for sale under Rule 144 under the Securities Act of 1933, as amended (the "*Securities Act*"), may be sold under that rule rather than pursuant to this prospectus supplement.

The selling stockholders may effect such transactions by selling the shares of our Common Stock offered in this prospectus supplement to or through broker-dealers or through other agents, including electronic trading platforms or similar services, and such broker-dealers or agents may receive compensation in the form of commissions, discounts or fees from the selling stockholders and/or the purchasers of shares for whom they may act as agent. Sales effected with a broker-dealer may involve ordinary brokerage transactions, transactions in which the broker-dealer solicits purchasers or transactions in which the broker-dealer is principal and resells for its account. The selling stockholders and any agents or broker-dealers that participate in the distribution of the shares of Common Stock offered in this prospectus supplement may be deemed to be "underwriters" within the meaning of the Securities Act, and any commissions or discounts received by them and any profit on the sale of registered shares may be deemed to be underwriting commissions or discounts under the Securities Act.

In the event of a "distribution" of the shares of our Common Stock offered in this prospectus supplement, the selling stockholders, any selling broker-dealer or agent and any "affiliated purchasers" may be subject to Regulation M under the Securities Exchange Act of 1934, as amended (the "*Exchange Act*"), which would prohibit, with certain exceptions, each such person from bidding for or purchasing any security which is the subject of such distribution until his participation in that distribution is completed. In addition, Regulation M under the Exchange Act prohibits certain

"stabilizing bids" or "stabilizing purchases" for the purpose of pegging, fixing or stabilizing the price of Common Stock in connection with this offering.

At a time a particular offering of shares of our Common Stock is made, an additional prospectus supplement, if required, may be distributed that will set forth the name or names of any dealers or agents and any commissions and other terms constituting compensation from the selling stockholders and any other required information. Shares of our Common Stock may be sold from time to time at varying prices determined at the time of sale or at negotiated prices.

MATERIAL U.S. FEDERAL TAX CONSIDERATIONS TO NON-U.S. HOLDERS OF OUR COMMON STOCK

The following discussion is a summary of material U.S. federal income and estate tax consequences generally applicable to Non-U.S. Holders (as defined herein) of Common Stock that hold such shares as capital assets (generally, for investment). For purposes of this discussion, the term "Non-U.S. Holder" means a beneficial owner of shares of Common Stock that is not for U.S. federal income tax purposes any of the following:

an individual who is a citizen or resident of the U.S.;

a corporation or other entity taxable as a corporation created in or organized under the laws of the U.S., any state thereof or the District of Columbia;

an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust (i) if a court within the U.S. is able to exercise primary supervision over the administration of such trust and one or more U.S. persons have the authority to control all substantial decisions of such trust or (ii) that has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person.

If a partnership or other pass-through entity holds Common Stock, the tax treatment of a partner in the partnership will generally depend upon the status of the partner or member and the activities of the partnership or other entity. Accordingly, partnerships or other pass-through entities that hold Common Stock and partners or members in these partnerships or other entities should consult their tax advisors regarding the U.S. federal income and other tax consequences of the purchase, ownership and disposition of Common Stock.

This summary does not address the potential application of the alternative minimum tax, the Medicare tax on net investment income or any other tax considerations applicable to a Non-U.S. Holder's specific facts and circumstances and, except with respect to the U.S. federal estate tax consequences discussed below, does not consider the non-income tax consequences or the state, local or non-U.S. tax consequences of an investment in Common Stock. It also does not apply to Non-U.S. Holders subject to special tax treatment under the U.S. federal income tax laws (including, without limitation, a dealer in securities or currencies, a financial institution, an insurance company, a tax-exempt organization, a person holding Common Stock as part of a hedging, integrated or conversion transaction, a constructive sale, or a straddle, a trader in securities that has elected the mark-to-market method of accounting for your securities, a person who owns (or is deemed to own) 5% or more of our stock (except to the extent specifically set forth below), a person that received its Common Stock as compensation, a controlled foreign corporation, a passive foreign investment company, or a former U.S. citizen). This summary is based upon the U.S. Internal Revenue Code of 1986, as amended (the "Code"), existing and proposed Treasury regulations, Internal Revenue Service ("IRS") rulings and pronouncements and judicial decisions in effect, all of which are subject to change, possibly on a retroactive basis, or differing interpretations.

The discussion included herein is only a summary. Accordingly, we urge you to consult your tax advisor with respect to your U.S. federal, state, local and non-U.S. income and other tax consequences in light of your particular situation with respect to holding and disposing of Common Stock.

Dividends

If we pay distributions on shares of Common Stock, such distributions will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits, as determined under U.S. federal income tax principles. To the extent that the amount of any

Table of Contents

distribution exceeds our current and accumulated earnings and profits for a taxable year, as determined under U.S. federal income tax principles, the distribution will first be treated as a tax-free return of capital, causing a reduction in the adjusted basis of the shares of Common Stock (thereby increasing the amount of gain, or decreasing the amount of loss, to be recognized on a subsequent disposition of the Common Stock), and the balance in excess of adjusted basis will be taxed as gain recognized on a sale or exchange. See discussion below under "Dispositions."

Subject to the discussions below under "Information Reporting and Backup Withholding" and "Foreign Account Tax Compliance Act," any dividend paid to a Non-U.S. Holder with respect to Common Stock will generally be subject to withholding tax at a 30% rate (or such lower rate specified by an applicable income tax treaty). Generally, a Non-U.S. Holder must certify as to its status, and to any right to reduced withholding under an applicable income tax treaty, on a properly completed IRS Form W-8BEN or IRS Form W-8BEN-E in order to obtain the benefit of such right. If, however, the Non-U.S. Holder provides an IRS Form W-8ECI, certifying that the dividend is effectively connected with the Non-U.S. Holder's conduct of a trade or business within the U.S. (and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment or fixed base of the Non-U.S. Holder), the dividend will not be subject to withholding. Instead, such dividend is subject to U.S. federal income tax on a net basis at regular graduated rates applicable to U.S. persons generally and, for corporate Non-U.S. Holders, may also be subject to a 30% "branch profits tax" unless the Non-U.S. Holder qualifies for a lower rate under an applicable U.S. income tax treaty.

Dispositions

Subject to the discussions below under "Information Reporting and Backup Withholding" and "Foreign Account Tax Compliance Act," a Non-U.S. Holder will generally not be subject to U.S. federal income or withholding tax in respect of any gain on a sale, exchange or other taxable disposition of Common Stock unless:

the gain is effectively connected with the Non-U.S. Holder's conduct of trade or business in the U.S. and, if required by an applicable income tax treaty, is attributable to a permanent establishment or fixed base maintained by the Non-U.S. Holder in the U.S.;

the Non-U.S. Holder is an individual who is present in the U.S. for 183 or more days in the tax year of the disposition and meets certain other conditions; or

we are or have been a "U.S. real property holding corporation" ("*USRPHC*") under Section 897 of the Code during the applicable statutory period and the Non-U.S. Holder's shares in us (owned directly or constructively) represent more than 5% of the Common Stock outstanding and are otherwise a "U.S. real property interest" under Section 897(c) of the Code (and the Non-U.S. Holder is not eligible for any treaty exemption). We do not believe that we currently are a USRPHC, and we do not anticipate becoming a USRPHC in the future.

If you are a Non-U.S. Holder described in the first bullet above, you will be required to pay U.S. federal income tax on the net gain derived from the disposition under regular graduated rates (or such lower rate specified by an applicable income tax treaty) as if you were a U.S. person as defined by the Code, and a corporate Non-U.S. Holder described in the first bullet above also may be subject to the branch profits tax at a 30% rate (or such lower rate specified by an applicable income tax treaty). If you are an individual Non-U.S. Holder described in the second bullet above, you will be required to pay a flat 30% U.S. federal income tax (or such lower rate specified by an applicable income tax treaty) on the gain derived from the disposition, which gain may be offset by U.S.-source capital losses for the year. Non-U.S. Holders should consult their tax advisors regarding any applicable income tax or other treaties that may provide for different rules.

Table of Contents

Information Reporting and Backup Withholding

A Non-U.S. Holder will generally be required to comply with certain certification procedures to establish that it is not a U.S. person in order to avoid backup withholding with respect to dividends or the proceeds of a disposition of Common Stock. In addition, we are required to annually report to the IRS and the Non-U.S. Holder the amount of any distributions paid to the Non-U.S. Holder, regardless of whether we actually withheld any tax. Copies of the information returns reporting such distributions and the amount withheld, if any, may also be made available to the tax authorities in the country in which the Non-U.S. Holder resides under the provisions of an applicable income tax treaty. Any amounts withheld under the backup withholding rules will generally be allowed as a refund or credit against the Non-U.S. Holder's U.S. federal income tax liability, provided that certain required information is provided on a timely basis to the IRS.

U.S. Federal Estate Taxes

Common Stock owned or treated as owned by an individual Non-U.S. Holder at the time of death will be included in the individual's gross estate for U.S. federal estate tax purposes, and may be subject to U.S. federal estate tax, unless an applicable estate tax treaty provides otherwise.

Foreign Account Tax Compliance Act

Withholding at a rate of 30% generally will be required on dividends in respect of, and, after December 31, 2018, gross proceeds from the sale of, Common Stock held by or through certain foreign financial institutions (including investment funds), unless such institution (i) enters into an agreement with the Treasury to report, on an annual basis, information with respect to shares in, and accounts maintained by, the institution held by certain U.S. persons and by certain non-U.S. entities that are wholly or partially owned by U.S. persons and to withhold on certain payments, or (ii) if required under an intergovernmental agreement between the U.S. and an applicable foreign country reports such information to its local tax authority, which will exchange such information with the U.S. authorities. An intergovernmental agreement between the U.S. and an applicable foreign country, or other guidance, may modify these requirements. Accordingly, the entity through which Common Stock is held will affect the determination of whether such withholding is required. Similarly, dividends in respect of, and, after December 31, 2018, gross proceeds from the sale of, Common Stock held by an investor that is a non-financial non-U.S. entity that does not qualify under certain exemptions will be subject to withholding at a rate of 30%, unless such entity either (i) certifies to us that such entity does not have any "substantial U.S. owners" or (ii) provides certain information regarding the entity's "substantial U.S. owners," which we, or the applicable withholding agent, will in turn provide to the Secretary of the Treasury. We will not pay any additional amounts to holders in respect of any amounts withheld. Holders are encouraged to consult their tax advisors regarding the possible implications of these withholding taxes on their investment in Common Stock.

FORWARD-LOOKING STATEMENTS

This prospectus, any prospectus supplement and the documents incorporated by reference herein and therein contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), including, in particular, statements about future events, future financial performance, plans, strategies, expectations, prospects, competitive environment, regulation and availability of raw materials. Forward-looking statements include all statements that are not historical facts and can be identified by the use of forward-looking terminology such as the words "may," "will," "expect," "anticipate," "believe," "estimate," "plan," "intend" or the negative of these terms or similar expressions. We have based these forward-looking statements on our current views with respect to future events and financial performance. Our actual financial performance could differ materially from those projected in the forward-looking statements due to the inherent uncertainty of estimates, forecasts and projections, and our financial performance may be better or worse than anticipated. Given these uncertainties, you should not put undue reliance on any forward-looking statements.

Forward-looking statements represent our estimates and assumptions only as of the date that they were made. We do not undertake any duty to update the forward-looking statements and the estimates and assumptions associated with them, except to the extent required by applicable securities laws. All of the forward-looking statements are qualified in their entirety by reference to the factors discussed in Item 1A under "Risk Factors" and elsewhere in our Annual Report on Form 10-K for the fiscal year ended December 31, 2015 and our other filings with the SEC. These risk factors may not be exhaustive as we operate in a continually changing business environment with new risks emerging from time to time that we are unable to predict or that we currently do not expect to have a material adverse effect on our business. You should carefully read those reports in their entirety as they contain important information about our business and the risks we face. See "*Where You Can Find More Information*" and "*Incorporation of Certain Information by Reference*" herein.

RISK FACTORS

Before you invest in the securities covered by this prospectus, you should carefully consider the factors discussed in Item 1A under "Risk Factors" and elsewhere in our Annual Report on Form 10-K for the year ended December 31, 2015 and the applicable prospectus supplement and cautionary notes regarding forward-looking statements included or incorporated by reference in this prospectus, together with all of the other information included in this prospectus, the applicable prospectus supplement and the documents we incorporate by reference. See "*Incorporation of Certain Information by Reference*" herein.

If any of the risks described in these reports or other documents were to materialize, our business, results of operations, cash flows, financial condition and prospects could be materially and adversely affected. In that case, our ability to make distributions to our stockholders or to pay interest on, or principal of, any debt securities issued by us, may be reduced, the trading prices of any of our publicly traded securities could decline and you could lose all or part of your investment.

Table of Contents***RATIO OF EARNINGS TO FIXED CHARGES***

The following table sets forth our ratio of consolidated earnings to consolidated fixed charges for the six months ended June 30, 2016 and the five years ended December 31, 2015, 2014, 2013, 2012 and 2011.

	For the Six Months Ended June 30, 2016	For the Years Ended December 31,				
		2015	2014	2013	2012	2011
Ratio of earnings to fixed charges(1)	10.2x	10.0x	9.6x	4.9x	7.9x	8.1x

(1)

Earnings represent income before provision for income taxes, equity in earnings of unconsolidated subsidiaries and cumulative effect of changes in accounting policies, plus (a) fixed charges and amortization of capitalized interest, and less (b) capitalized interest. Fixed charges include: (i) interest expense; (ii) capitalized interest; and (iii) the portion of rental expense which management believes is a reasonable approximation of the interest cost component of rental expense incurred by us. When earnings are inadequate to cover fixed charges, the deficiency is reported.

We had no preferred stock outstanding for any period presented, and accordingly, the ratio of consolidated earnings to combined fixed charges and preferred stock dividends is the same as the ratio of earnings to fixed charges.

USE OF PROCEEDS

Unless we inform you otherwise in the prospectus supplement, we expect to use the net proceeds from the sale of securities for general corporate purposes.

DESCRIPTION OF CAPITAL STOCK

The following description of the material terms of our capital stock is based on the provisions of our Amended and Restated Certificate of Incorporation, as amended to date ("Certificate of Incorporation"), our Amended and Restated By-Laws as amended to date ("By-Laws") and provisions of applicable law. We have summarized certain portions of the Certificate of Incorporation and By-Laws below. The summary is not complete. The Certificate of Incorporation and By-Laws are incorporated by reference as exhibits to the registration statement of which this prospectus forms a part. For more information as to how you can obtain a current copy of our Certificate of Incorporation and By-Laws, see "Where You Can Find More Information" herein.

GENERAL

Our authorized capital stock consists of 800,000,000 shares of common stock, par value \$0.01 per share, and 15,000,000 shares of preferred stock, par value \$0.01 per share. Our board of directors may establish the rights and preferences of the preferred stock from time to time. As of September 1, 2016, 184,384,060 shares of our common stock were issued and outstanding and held of record by approximately 13,000 holders, and no shares of our preferred stock were issued or outstanding.

COMMON STOCK

Each holder of our common stock is entitled to one vote for each share on all matters to be voted upon by the common stockholders and there are no cumulative voting rights. Subject to any preferential rights of any outstanding preferred stock, holders of our common stock are entitled to receive ratably the dividends, if any, as may be declared from time to time by our board of directors

Table of Contents

out of funds legally available. If there is a liquidation, dissolution or winding up of our company, holders of our common stock will be entitled to share in our assets remaining after the payment of liabilities and any preferential rights of any outstanding preferred stock.

Holders of our common stock have no preemptive or conversion rights or other subscription rights and there are no redemption or sinking fund provisions applicable to the common stock. All outstanding shares of our common stock are fully paid and non-assessable. The rights, preferences and privileges of the holders of our common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of preferred stock which we may designate and issue in the future.

PREFERRED STOCK

Under the terms of our Certificate of Incorporation, our board of directors is authorized, subject to limitations prescribed by the Delaware General Corporation Law ("DGCL"), and by our Certificate of Incorporation, to issue preferred stock in one or more series without stockholder approval. Our board of directors has the discretion, subject to limitations prescribed by the DGCL and by our Certificate of Incorporation, to determine the rights, preferences, privileges and restrictions, including voting rights, dividend rights, conversion rights, redemption privileges and liquidation preferences, of each series of preferred stock.

ANTI-TAKEOVER EFFECTS OF VARIOUS PROVISIONS OF DELAWARE LAW AND OUR CERTIFICATE OF INCORPORATION AND BY-LAWS

Provisions of the DGCL and our Certificate of Incorporation and By-Laws could make it more difficult to acquire us by means of a tender offer, a proxy contest or otherwise or to remove incumbent officers and directors. These provisions, summarized below, would be expected to discourage certain types of coercive takeover practices and takeover bids our board of directors may consider inadequate and to encourage persons seeking to acquire control of us to first negotiate with us. We believe that the benefits of increased protection of our ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure us will outweigh the disadvantages of discouraging takeover or acquisition proposals because, among other things, negotiation of these proposals could result in an improvement of their terms.

Board Vacancies to be Filled by Remaining Directors and Not Stockholders

Our Certificate of Incorporation and By-Laws provide that the entire board of directors will be elected annually; however, any vacancies, including any newly created directorships, on the board of directors will be filled by the affirmative vote of the majority of the remaining directors then in office, even if such directors constitute less than a quorum, or by a sole remaining director. Any director appointed to the board of directors to fill a vacancy will have the same remaining term as that of his or her predecessor.

Stockholder Action

Our Certificate of Incorporation and By-Laws preclude stockholders from calling special meetings and taking action or passing resolutions by written consent.

Advance Notice of Director Nominations and Stockholder Proposals

Our By-Laws contain advance notice procedures for stockholders to make nominations of candidates for election as directors or to bring other business before the annual meeting of stockholders. As specified in our By-Laws, director nominations and the proposal of business to be considered by stockholders may be made only pursuant to a notice of meeting, at the direction of the

Table of Contents

board of directors or by a stockholder who is entitled to vote at the meeting and who has complied with the advance notice procedures that are provided in our By-Laws. To be timely, a nomination of a director by a stockholder or notice for business to be brought before an annual meeting by a stockholder must be delivered to the secretary at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of an annual meeting is advanced by more than 30 days or delayed by more than 60 days from such anniversary date, for notice by the stockholder to be timely, it must be delivered not earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of (i) the 90th day prior to such annual meeting and (ii) the 10th day following the day on which notice of such annual meeting was mailed or public announcement of the date of such meeting is first made, whichever first occurs.

In the event a special meeting of stockholders is called for the purpose of electing one or more directors, any stockholder entitled to vote may nominate a person or persons as specified in our By-Laws, but only if the stockholder notice is delivered to the secretary at our principal executive offices not earlier than the 120th day prior to such special meeting and not later than the close of business on the later of (x) the 90th day prior to such special meeting and (y) the 10th day following the day on which notice of the date of such special meeting was mailed or public disclosure of the date of such special meeting was made, whichever first occurs.

Amendments to the Certificate of Incorporation and By-Laws

Our Certificate of Incorporation and By-Laws require an affirmative vote of two-thirds of the voting power of the outstanding shares to amend certain provisions of our Certificate of Incorporation or By-Laws, including the provisions relating to the ability of stockholders to call special meetings or act by written consent, the size of the board, filling vacancies on the board, indemnification of directors and officers, advance notice provisions and supermajority voting requirements.

Delaware Anti-Takeover Statute

We are subject to Section 203 of the DGCL, an anti-takeover statute. In general, Section 203 of the DGCL prohibits a publicly-held Delaware corporation from engaging in a "business combination" with an "interested stockholder" during the period of three years following the time the person becomes an interested stockholder, unless (with certain exceptions) the business combination or the transaction in which the person became an interested stockholder is approved in a prescribed manner. Generally, a "business combination" includes a merger, asset or stock sale or other transaction resulting in a financial benefit to the interested stockholder. Generally, an "interested stockholder" is a person who, together with affiliates and associates, owns (or within three years prior to the determination of interested stockholder status did own) 15% or more of a corporation's voting stock. The existence of this provision would be expected to have an anti-takeover effect with respect to transactions not approved in advance by the board of directors, including discouraging attempts that might result in a premium over the market price for the shares of common stock held by stockholders.

No Cumulative Voting

The DGCL provides that stockholders are denied the right to cumulate votes in the election of directors unless our Certificate of Incorporation provides otherwise. Our Certificate of Incorporation does not provide for cumulative voting.

Limitations on Liability and Indemnification of Officers and Directors

The DGCL authorizes corporations to limit or eliminate the personal liability of directors to corporations and their stockholders for monetary damages for breaches of directors' fiduciary duties as

Table of Contents

directors. Our Certificate of Incorporation includes provisions that indemnify, to the fullest extent allowable under the DGCL, the personal liability of directors or officers for monetary damages for actions taken as a director or officer of our company, or for serving at our request as a director or officer or another position at another corporation or enterprise, as the case may be. Our Certificate of Incorporation also provides that we must indemnify and advance reasonable expenses to our directors and officers, subject to our receipt of an undertaking from the indemnified party as may be required under the DGCL. We are also expressly authorized to carry directors' and officers' insurance to protect our company, our directors, officers and certain employees for some liabilities.

The limitation of liability and indemnification provisions in our Certificate of Incorporation may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duty. These provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. However, these provisions do not limit or eliminate our rights, or those of any stockholder, to seek non-monetary relief such as injunction or rescission in the event of a breach of a director's duty of care. Moreover, the provisions do not alter the liability of directors under the federal securities laws. In addition, your investment may be adversely affected to the extent that, in a class action or direct suit, we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions.

There is currently no pending material litigation or proceeding against any of our directors, officers or employees for which indemnification is sought.

Authorized but Unissued Shares

Our authorized but unissued shares of common stock and preferred stock are generally available for future issuance without stockholder approval. We may use additional shares for a variety of purposes, including future public offerings to raise additional capital, to fund acquisitions and as employee compensation. The existence of authorized but unissued shares of common stock and preferred stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

Exclusive Forum Provision

Our By-Laws provide that unless we consent in writing to an alternative forum, to the fullest extent permitted by law, the Court of Chancery of the State of Delaware will be the sole and exclusive forum for any derivative action or proceeding brought on behalf of us, any action asserting a claim of breach of a fiduciary duty owed by any director, officer or other employee of DPS to us or our stockholders, any action arising pursuant to any provision of the DGCL, or any action asserting a claim governed by the internal affairs doctrine.

STOCK EXCHANGE LISTING

Our common stock is listed on the New York Stock Exchange ("NYSE") under the ticker symbol "DPS."

TRANSFER AGENT AND REGISTRAR

Computershare Trust Company, N.A. ("Computershare") is the transfer agent and registrar for our common stock.

DIRECT REGISTRATION SYSTEM

Our common stock is registered in book-entry form through the direct registration system. DESCRIPTION OF DEBT SECURITIES

The following is a general description of the debt securities that we may offer from time to time. The particular terms of the debt securities offered by us and the extent, if any, to which the general provisions described below may apply to those securities will be described in the applicable prospectus supplement. As you read this section, please remember that the specific terms of a debt security as described in the applicable prospectus supplement will supplement and may modify or replace the general terms described in this section. If there are any differences between the applicable prospectus supplement and this prospectus, the applicable prospectus supplement will control. As a result, the statements we make in this section may not apply to the debt security you purchase.

Our debt securities, consisting of notes, debentures or other evidences of indebtedness, may be issued from time to time in one or more series pursuant to, in the case of senior debt securities, the senior indenture between us and Wells Fargo Bank, N.A., as trustee, dated as of December 15, 2009, and in the case of subordinated debt securities, a subordinated indenture to be entered into between us and a trustee to be named therein. To the extent any of the debt securities will be guaranteed (the "Subsidiary Guarantees") by one or more of our subsidiaries (the "Subsidiary Guarantors"), the Subsidiary Guarantors guaranteeing such debt securities will enter into a supplemental indenture to the applicable indenture with us and the applicable trustee.

Because the following is only a summary of selected provisions of the indentures and the debt securities, it does not contain all information that may be important to you. This summary is not complete and is qualified in its entirety by reference to the base indentures and any supplemental indentures thereto or officer's certificate or board resolution related thereto. We urge you to read the indentures because the indentures, not this description, define the rights of the holders of the debt securities. The senior indenture is in, and the subordinated indenture will be substantially in, the forms incorporated by reference as exhibits to the registration statement of which this prospectus is a part. The terms of our debt securities will include those set forth in the indentures and those made a part of the indentures by the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act").

Unless we inform you otherwise in the prospectus supplement, "Senior Debt" will mean all of our indebtedness, including guarantees, unless the indebtedness states that it is not senior to the subordinated debt securities.

In this summary description of the debt securities, unless we state otherwise or the context clearly indicates otherwise, all references to "we," "us" and "our" refer to Dr Pepper Snapple Group, Inc. only and not to any of its subsidiaries.

GENERAL

We may issue debt securities under the indentures from time to time in one or more series. Neither indenture limits the amount of debt securities that may be issued under that indenture, and neither indenture limits the amount of other unsecured debt or securities that we may issue. We are not obligated to issue all debt securities of one series at the same time and, unless otherwise provided in the prospectus supplement, we may reopen a series, without the consent of the holders of the debt securities of that series, for the issuance of additional debt securities of that series. Additional debt securities of a particular series will have the same terms and conditions as outstanding debt securities of such series, except for the date of original issuance and the offering price, and will be consolidated and form a single series with, such outstanding debt securities.

When we refer to "debt securities" or a "series of debt securities," we mean, respectively, debt securities or a series of debt securities issued under the applicable indenture. When we refer to a prospectus supplement, we mean the prospectus supplement describing the specific terms of the

Table of Contents

applicable debt security. The terms used in a prospectus supplement will have the meanings described in this prospectus, unless otherwise specified.

The senior debt securities will constitute our senior unsecured indebtedness and will rank equally in right of payment with all of our other unsecured and unsubordinated indebtedness and senior in right of payment to all of our subordinated indebtedness outstanding from time to time. The senior debt securities will be effectively subordinated to, and thus have a junior position to, any secured indebtedness we may have with respect to the assets securing that indebtedness. The subordinated debt securities will constitute our unsecured and subordinated obligations and will rank junior to all of our senior indebtedness and may rank equally with or senior to other subordinated indebtedness we may issue from time to time.

The debt securities will be obligations of Dr Pepper Snapple Group, Inc., which is a holding company with no material operating assets, other than the stock of its subsidiaries and loans to subsidiaries. All of Dr Pepper Snapple Group, Inc.'s revenue and cash flow is generated through its subsidiaries. Accordingly, Dr Pepper Snapple Group, Inc.'s ability to make payments on its indebtedness, including the debt securities, and to fund its other obligations is dependent not only on the ability of its subsidiaries to generate cash, but also on the ability of its subsidiaries to distribute cash to it in the form of interest and principal payments on loans due to us, dividends, fees, interest, loans or otherwise. In addition, any debt securities will effectively rank junior to all liabilities of Dr Pepper Snapple Group, Inc.'s subsidiaries that do not guarantee the debt securities (excluding any amounts owed by such subsidiaries to us). Claims of creditors of Dr Pepper Snapple Group, Inc.'s subsidiaries that do not guarantee the debt securities generally will have priority with respect to the assets and earnings of such subsidiaries over the claims of Dr Pepper Snapple Group, Inc.'s creditors, including holders of any debt securities. Accordingly, any debt securities will be effectively subordinated to creditors, including trade creditors and preferred stockholders, if any, of such subsidiaries.

Unless we inform you otherwise in the prospectus supplement, neither indenture will contain any covenants or other provisions designed to protect holders of the debt securities in the event we participate in a highly leveraged transaction or upon a change of control. In addition, unless we inform you otherwise in the prospectus supplement, the indentures will not contain provisions that give holders of the debt securities the right to require us to repurchase their securities in the event of a decline in our credit rating for any reason, including as a result of a takeover, recapitalization or similar restructuring or otherwise.

The prospectus supplement relating to any series of debt securities being offered will include specific terms relating to the offering. These terms will include some or all of the following:

whether the debt securities will be senior or subordinated debt securities;

whether the debt securities will be guaranteed by any of our subsidiaries and, if so, the names of the Subsidiary Guarantors;

the title of the debt securities;

the total principal amount of the debt securities;

whether we will issue the debt securities in individual certificates to each holder or in the form of temporary or permanent global securities held by a depository on behalf of holders and the name of the depository for the debt securities, if other than The Depository Trust Company ("DTC"), and any circumstances under which the holder may request securities in non-global form, if we choose not to issue the debt securities in book-entry form only;

the date or dates on which the principal of and any premium on the debt securities will be payable;

any interest rate, the date from which any such interest will accrue, the interest payment dates on which any such interest will be payable and the record dates for any such interest payments;

whether and under what circumstances we will pay any additional amounts with respect to the debt securities;

the place or places where payments on the debt securities will be payable;

any provisions for optional redemption or early repayment;

any sinking fund or other provisions that would obligate us to redeem, purchase or repay the debt securities;

the denominations in which we will issue the debt securities if other than \$1,000 and integral multiples of \$1,000 in excess thereof;

whether payments on the debt securities will be payable in foreign currency or another form and whether payments will be payable by reference to any index or formula;

the portion of the principal amount of debt securities that will be payable if the maturity is accelerated, if other than the entire principal amount;

whether the provisions described below under the heading "*Defeasance and Discharge*" apply to the debt securities;

any changes or additions to the events of default or covenants described in this prospectus;

any restrictions or other provisions relating to the transfer or exchange of debt securities;

any terms for the conversion or exchange of the debt securities for other securities;

with respect to the subordinated indenture, any changes to the subordination provisions for the subordinated debt securities;
and

any other terms of the debt securities, whether in addition to, or by modification or deletion of, the terms described herein.

We may sell the debt securities at a discount, which may be substantial, below their stated principal amount. These debt securities may bear no interest or interest at a rate that at the time of issuance is below market rates. If we sell these debt securities, we will describe in the prospectus supplement any material U.S. federal income tax consequences and other special considerations.

If we sell any of the debt securities for any foreign currency or if payments on the debt securities are payable in any foreign currency or currency unit, we will describe in the prospectus supplement the restrictions, elections, tax consequences, specific terms and other information relating to those debt securities and the foreign currency.

CONSOLIDATION, MERGER OR SALE OF ASSETS

Edgar Filing: Keurig Dr Pepper Inc. - Form 424B7

We will not consolidate or combine with or merge with or into or, directly or indirectly, sell, assign, convey, lease, transfer or otherwise dispose of all or substantially all of our assets to any person or persons in a single transaction or through a series of transactions, unless:

we are the successor or continuing entity or, if we are not the successor or continuing person, the resulting, surviving or transferee person (the "surviving entity") is a company organized and existing under the laws of the United States, any State thereof or the District of Columbia that expressly assumes all of our obligations under the debt securities and the indenture pursuant to a supplemental indenture executed and delivered to the trustee;

Table of Contents

immediately after giving effect to such transaction or series of transactions, no event of default has occurred and is continuing; and

we or the surviving entity will have delivered to the trustee an officers' certificate and opinion of counsel stating that the transaction or series of transactions and a supplemental indenture, if any, complies with the indenture.

If any consolidation or merger or any sale, assignment, conveyance, lease, transfer or other disposition of all or substantially all of our assets occurs in accordance with the applicable indenture, the surviving entity will succeed to, and be substituted for, and may exercise every right and power of DPS under the applicable indenture with the same effect as if such surviving entity had been named as DPS. We will (except in the case of a lease) be discharged from all obligations and covenants under the applicable indenture and any debt securities issued thereunder.

Notwithstanding the foregoing, we may merge or consolidate into or with any of our subsidiaries.

SUBSIDIARY GUARANTEES

If specified in the prospectus supplement, one or more Subsidiary Guarantors will guarantee the debt securities of a series. Unless otherwise indicated in the prospectus supplement, the following provisions will apply to the Subsidiary Guarantee of the Subsidiary Guarantors with respect to that series of debt securities.

Subject to the limitations described below and in the applicable prospectus supplement, the Subsidiary Guarantors will, jointly and severally, fully, unconditionally and irrevocably guarantee the full and punctual payment when due, whether at maturity, by acceleration, by redemption or otherwise, of the principal of, premium, if any, interest and additional amounts, if any, on the debt securities and all of our other monetary obligations under the indentures.

The obligations of each Subsidiary Guarantor under its Subsidiary Guarantee will be limited as necessary to prevent that Subsidiary Guarantee from constituting a fraudulent conveyance under applicable law.

In the case of subordinated debt securities, a Subsidiary Guarantor's Subsidiary Guarantee will be subordinated in right of payment to the Senior Debt of such Subsidiary Guarantor on the same basis as the subordinated debt securities are subordinated to our Senior Debt. No payment will be made by any Subsidiary Guarantor under its Subsidiary Guarantee during any period in which payments by us on the subordinated debt securities are suspended by the subordination provisions of the subordinated indenture.

Each Subsidiary Guarantor that makes a payment under its Subsidiary Guarantee will be entitled upon payment in full of all guaranteed obligations under the indenture to contribution from each other Subsidiary Guarantor in an amount equal to such other Subsidiary Guarantor's pro rata portion of such payment based on the respective net assets of all the Subsidiary Guarantors at the time of such payment.

If a Subsidiary Guarantee were rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the applicable Subsidiary Guarantor, and, depending on the amount of such indebtedness, a Subsidiary Guarantor's liability on its Subsidiary Guarantee could be reduced to zero.

The Subsidiary Guarantee of a Subsidiary Guarantor will be automatically and unconditionally released and discharged, without the consent of the holders of our debt securities, and no further

Table of Contents

action by us, any Subsidiary Guarantor or the trustee shall be required for such release (unless we shall notify the Trustee that no release and discharge shall occur as a result thereof) upon:

the sale or other disposition (including by way of consolidation or merger) of such Subsidiary Guarantor to a person or entity other than us or any of our subsidiaries as permitted by the indenture; or

our exercise of our legal defeasance option under " *Defeasance and Discharge*" or the discharge of our obligations under the applicable indenture in accordance with the terms of the applicable indenture.

If specified in the prospectus supplement, we will cause any of our subsidiaries that guarantees, directly or indirectly, any of our indebtedness (including any indebtedness under any Credit Agreement) to at the same time execute and deliver to the trustee a supplemental indenture pursuant to which such subsidiary will guarantee payment of the indenture. Thereafter, such subsidiary shall be a Subsidiary Guarantor for all purposes of such series until such Subsidiary Guarantee is released in accordance with the provisions of the applicable indenture.

"Credit Agreements" means the Existing Credit Agreement as such agreements may be amended, supplemented or otherwise modified from time to time, and any agreement, indenture or other documentation relating to extensions, refinancings, replacements or restructuring of the credit facilities governed by the Existing Credit Agreements, whether the same or any other agent, agents, lenders or group of lenders is or are parties thereto.

"Existing Credit Agreement" means the Credit Agreement, dated as of September 25, 2012, among the Company, the lenders and issuing banks party thereto, JPMorgan Chase Bank, N.A., as administrative agent, Bank of America, N.A. and Deutsche Bank Securities Inc., as syndication agents, and Branch Banking and Trust Company, Credit Suisse AG, Cayman Islands Branch, HSBC Bank USA, N.A., Morgan Stanley Senior Funding, Inc., UBS Securities LLC and U.S. Bank National Association, as co-documentation agents, as supplemented by the first amendment to the credit agreement dated as of August 21, 2015.

EVENTS OF DEFAULT

Unless we inform you otherwise in the prospectus supplement, the following are events of default with respect to a series of debt securities:

our failure to pay any installment of interest on or any additional amounts with respect to any debt security of that series when due and such default continues for 30 days or longer, whether or not, in the case of subordinated debt securities, such payment is prohibited by the subordination provisions of the subordinated indenture;

our failure to pay the principal of or any premium on any debt security of that series when due, whether or not, in the case of subordinated debt securities, such payment is prohibited by the subordination provisions of the subordinated indenture;

our failure to comply with the covenant prohibiting certain consolidations, mergers and sales of assets;

our failure to comply with any covenant or agreement in that series of debt securities or the applicable indenture for 90 days after written notice by the trustee or by the holders of at least 25% in principal amount of the outstanding debt securities of that series issued under that indenture;

Table of Contents

our failure to deposit any sinking fund payment, when due, in respect of any debt security of that series, whether or not, in the case of subordinated debt securities, such deposit is prohibited by the subordination provisions of the subordinated indenture;

if any Subsidiary Guarantor has guaranteed the debt securities of such series, the Subsidiary Guarantee of any such Subsidiary Guarantor is held to be unenforceable or invalid or ceases for any reason to be in full force and effect (other than in accordance with the terms of the applicable indenture) or any Subsidiary Guarantor or any person acting on behalf of any Subsidiary Guarantor denies or disaffirms such Subsidiary Guarantor's obligations under its Subsidiary Guarantee (other than by reason of a release of such Subsidiary Guarantor from its Subsidiary Guarantee in accordance with the terms of the applicable indenture);

specified events involving bankruptcy, insolvency or reorganization of DPS or certain of its significant subsidiaries; and

any other event of default provided for in that series of debt securities.

We may change, eliminate or add to the events of default with respect to any particular series or any particular debt security or debt securities within a series, as indicated in the applicable prospectus supplement. A default under one series of debt securities will not necessarily be a default under any other series.

If an event of default relating to certain events of our bankruptcy or insolvency occurs, all then outstanding debt securities of that series will become due and payable immediately without further action or notice. If any other event of default for any series of debt securities occurs and is continuing, the trustee may and, at the direction of the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series, shall declare all of those debt securities to be due and payable immediately by notice in writing to us and, in case of a notice by holders, also to the trustee specifying the respective event of default and that it is a notice of acceleration.

Subject to certain limitations, holders of a majority in aggregate principal amount of the outstanding debt securities of any series may direct the trustee in its exercise of any trust or power with respect to that series. The trustee may withhold from holders of the debt securities of any series notice of any continuing default or event of default for such series if it determines that withholding notice is in their interest, except a default or event of default relating to the payment of principal, interest, premium or additional amounts, if any.

Subject to the provisions of the applicable indenture relating to the duties of the trustee, in case an event of default for any series occurs and is continuing, the trustee will be under no obligation to exercise any of the rights or powers under the indenture at the request or direction of any holders of debt securities of that series unless such holders have offered to the trustee reasonable indemnity or security against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium or additional amounts, if any, or interest when due, no holder of debt securities of a series may pursue any remedy with respect to the indenture or the debt securities unless:

such holder has previously given the trustee notice that an event of default is continuing with respect to that series;

holders of at least 25% in aggregate principal amount of the debt securities of that series have requested the trustee to pursue the remedy;

such holders have offered the trustee reasonable security or indemnity against any loss, liability or expense;

the trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity; and

Table of Contents

holders of a majority in aggregate principal amount of the debt securities of that series have not given the trustee a direction inconsistent with such request within such 60-day period.

Holders of a debt security are entitled at any time, however, to bring a lawsuit for the payment of money due on a debt security on or after its stated maturity (or, if a debt security is redeemable, on or after its redemption date).

The holders of a majority in aggregate principal amount of the debt securities of any series by notice to the trustee may, on behalf of the holders of all of the debt securities of that series, rescind an acceleration or waive any existing default or event of default for such series and its consequences under the indenture except a continuing default or event of default in the payment of interest, premium or additional amounts on, or the principal of, the debt securities. With respect to subordinated debt securities, all the remedies available upon the occurrence of an event of default under the subordinated debt indenture will be subject to the restrictions on the subordinated debt securities described below under "*Subordination*."

Book-entry and other indirect owners should consult their banks or brokers for information on how to give notice or direction to or make a request for the trustee and how to declare or cancel an acceleration of the maturity.

We are required to deliver to the trustee annually a statement regarding compliance with the indenture. Upon becoming aware of any default or event of default, we are required within five business days to deliver to the trustee a statement specifying such default or event of default.

SUBORDINATION

Under the subordinated indenture, payment of the principal of and any premium and interest on the subordinated debt securities will generally be subordinated and junior in right of payment to the prior payment in full of all Senior Debt. Unless we inform you otherwise in the prospectus supplement, we may not make any payment of principal of or any premium or interest on the subordinated debt securities if:

we fail to pay the principal, interest or premium on any Senior Debt when due; or

any other event of default (a "non-payment default") occurs with respect to any Senior Debt that we have designated, if the non-payment default allows the holders of that Senior Debt to accelerate the maturity of the Senior Debt they hold.

Unless we inform you otherwise in the prospectus supplement, a non-payment default will prevent us from paying the subordinated debt securities only for up to 179 days after holders of the designated Senior Debt give the trustee for the subordinated debt securities notice of the non-payment default.

The subordination will not affect our obligation, which will be absolute and unconditional, to pay, when due, the principal of and any premium and interest on the subordinated debt securities. In addition, the subordination will not prevent the occurrence of any default under the subordinated indenture.

Unless we inform you otherwise in the prospectus supplement, the subordinated indenture will not limit the amount of Senior Debt that we may incur. As a result of the subordination of the subordinated debt securities, if we become insolvent, holders of subordinated debt securities may receive less on a proportionate basis than other creditors.

MODIFICATION AND WAIVER

Except as provided below and in the indenture, each indenture and the debt securities issued under each indenture may be amended or supplemented with the consent of the holders of at least a

majority in aggregate principal amount of the debt securities of each series affected by the change voting as separate classes for this purpose, and any existing default or event of default or compliance with any provision of the indenture or the debt securities may be waived with the consent of the holders of a majority in aggregate principal amount of the then outstanding debt securities of each series affected by the waiver, voting as separate classes for this purpose, in each case, except as may otherwise be provided pursuant to such indenture for all or any particular debt securities of any series.

Without the consent of each holder of debt securities of the series affected, an amendment, supplement or waiver may not (with respect to any debt securities of such series held by a non-consenting holder):

reduce the principal amount of debt securities whose holders must consent to an amendment, supplement or waiver;

reduce the principal of any debt security or change its stated maturity, or alter the provisions relating to the redemption or repurchase of any debt securities;

reduce the rate of or change the time for payment of interest on any debt security;

waive a default or event of default in the payment of principal of, or interest or premium, or any additional amounts, if any, on, the debt securities (except a rescission of acceleration of the debt securities by the holders of at least a majority in aggregate principal amount of the then outstanding debt securities of that series and a waiver of the payment default that resulted from such acceleration);

make payments on any debt security payable in currency other than as originally stated in the debt security;

make any change in the provisions of the indenture relating to waivers of past defaults or the rights of holders of debt securities to receive payments of principal of, or interest or premium, if any, on the debt securities;

waive a redemption payment with respect to any debt securities;

impair a holder's right to sue for payment of any amount due on its debt security;

release any Subsidiary Guarantor from any of its obligations under its Subsidiary Guarantee or the indenture, except in accordance with the terms of the indenture;

make any change in the preceding amendment, supplement and waiver provisions; or

with respect to the subordinated indenture, modify the provisions relating to the subordination of any subordinated debt security in a manner adverse to the holder of that security,

in each case, except as may otherwise be provided pursuant to such indenture for all or any particular debt securities of any series.

We may not amend the subordinated indenture to alter the subordination of any outstanding subordinated debt securities without the written consent of each holder of Senior Debt then outstanding who would be adversely affected (or the group or representative thereof authorized or required to consent thereto pursuant to the instrument creating or evidencing, or pursuant to which there is outstanding, such Senior Debt), except as may otherwise be provided pursuant to such indenture for all or any particular debt securities of any series. In addition, we may not modify the subordination provisions of the indenture related to subordinated debt securities in a manner that would adversely affect the subordinated debt securities of any one or more series then outstanding in any material respect, without the consent of the holders of a majority

in aggregate principal amount of each affected series then outstanding, voting as separate classes, except as may otherwise be provided pursuant to such indenture for all or any particular debt securities of any series.

Book-entry and other indirect owners should consult their banks or brokers for information on how approval may be granted or denied if we seek to change an indenture or any debt securities or request a waiver.

We and the trustee may supplement or amend each indenture or the debt securities without notice to or the consent of any holders of debt securities issued under that indenture in certain circumstances, including:

to cure any ambiguity, defect or inconsistency;

to provide for uncertificated debt securities in addition to or in place of certificated debt securities;

to establish the form or terms of debt securities of any series as permitted by the indenture;

to provide for the assumption of our or any Subsidiary Guarantor's obligations to holders of debt securities in the case of a merger or consolidation or sale of all or substantially all of our or any Subsidiary Guarantor's properties or assets, as applicable;

to make any change that would provide any additional rights or benefits to the holders of debt securities or that does not adversely affect the legal rights under the indenture of any such holder;

to comply with requirements of the SEC in order to maintain the qualification of the indenture under the Trust Indenture Act;

to add to our or any Subsidiary Guarantor's covenants for the benefit of the holders of all or any series of debt securities, or to surrender any right or power herein conferred upon us or any Subsidiary Guarantor;

to add additional events of default with respect to all or any series of debt securities;

to change or eliminate any of the provisions of the indenture, provided that any such change or elimination will become effective only when there is no outstanding debt security of any series created prior to the execution of such amendment or supplemental indenture that is adversely affected in any material respect by such change in or elimination of such provision;

to supplement any provision of the indenture to permit or facilitate the defeasance and discharge of any series of debt securities so long as any action does not adversely affect the interest of holders of securities of that or any other series in any material respect;

to add any Subsidiary Guarantor with respect to any series of debt securities or release any Subsidiary Guarantor, in each case pursuant to the terms of the indenture;

to secure the debt securities;

to evidence and provide for the acceptance under the indenture of a successor trustee, each as permitted under the indenture;
or

Edgar Filing: Keurig Dr Pepper Inc. - Form 424B7

to conform the text of the indenture or any debt securities to the description thereof in any prospectus or prospectus supplement of DPS with respect to the offer and sale of such debt securities, to the extent that such provision is inconsistent with a provision of the indenture or the debt securities,

in each case, except as may otherwise be provided pursuant to such indenture for all or any particular debt securities of any series.

SPECIAL RULES FOR ACTION BY HOLDERS

Only holders of outstanding debt securities of the applicable series will be eligible to take any action under the applicable indenture, such as giving a notice of default, declaring an acceleration, approving any change or waiver or giving the trustee an instruction with respect to debt securities of that series. Also, we will count only outstanding debt securities in determining whether the various percentage requirements for taking action have been met. Any debt securities owned by us or any of our affiliates or surrendered for cancellation or for payment or redemption of which money has been set aside in trust are not deemed to be outstanding. Any required approval or waiver must be given by written consent.

In some situations, we may follow special rules in calculating the principal amount of debt securities that are to be treated as outstanding for the purposes described above. This may happen, for example, if the principal amount is payable in a non-U.S. dollar currency, increases over time or is not to be fixed until maturity.

We will generally be entitled to set any day as a record date for the purpose of determining the holders that are entitled to take action under either indenture. In certain limited circumstances, only the trustee will be entitled to set a record date for action by holders. If we or the trustee sets a record date for an approval or other action to be taken by holders, that vote or action may be taken only by persons or entities who are holders on the record date and must be taken during the period that we specify for this purpose, or that the trustee specifies if it sets the record date. We or the trustee, as applicable, may shorten or lengthen this period from time to time. This period, however, may not extend beyond the 180th day after the record date for the action. In addition, record dates for any global debt security may be set in accordance with procedures established by the depository from time to time. Accordingly, record dates for global debt securities may differ from those for other debt securities.

DEFEASANCE AND DISCHARGE

Defeasance

When we use the term defeasance, we mean discharge from some or all of our obligations under an indenture. If we deposit with the trustee under an indenture any combination of money or government securities sufficient to make payments on the debt securities of a series issued under that indenture on the dates those payments are due, then, at our option, either of the following will occur:

we will be discharged from our obligations with respect to the debt securities of that series ("legal defeasance"); or

we will no longer have any obligation to comply with specified restrictive covenants with respect to the debt securities of that series and other specified covenants under the applicable indenture, and the related events of default will no longer apply ("covenant defeasance").

If a series of debt securities is defeased, the holders of the debt securities of that series will not be entitled to the benefits of the applicable indenture, except for obligations to register the transfer or exchange of debt securities, replace stolen, lost or mutilated debt securities, maintain paying agencies and hold money for payment in trust. In the case of covenant defeasance, our obligation to pay principal, premium and interest on the debt securities will also survive. Unless we inform you otherwise in the prospectus supplement, we will be required to deliver to the trustee an opinion of counsel that the deposit and related defeasance would not cause the holders of the debt securities to recognize income, gain or loss for federal income tax purposes and that the holders would be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the deposit and related defeasance had not occurred. If we elect legal defeasance, that opinion

Table of Contents

of counsel must be based upon a ruling from the U.S. Internal Revenue Service or a change in law to that effect.

Satisfaction and Discharge

An indenture will be discharged and will cease to be of further effect with respect to the debt securities of a series issued under that indenture, except for our obligation to register the transfer of and exchange debt securities of that series, when:

either:

all debt securities of that series that have been authenticated, except lost, stolen or destroyed debt securities that have been replaced or paid and debt securities for whose payment money has been deposited in trust and thereafter repaid to us, have been delivered to the trustee for cancellation; or

all debt securities of that series that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year, and we or any Subsidiary Guarantor has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders, cash in U.S. dollars, non-callable government securities, or a combination of cash in U.S. dollars and non-callable government securities, in amounts as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the debt securities of that series not delivered to the trustee for cancellation for principal, premium and accrued interest to the date of maturity or redemption;

no default or event of default has occurred and is continuing on the date of the deposit (other than a default or event of default resulting from the borrowing of funds to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which we or any subsidiary is a party or by which we or any subsidiary is bound;

we or any Subsidiary Guarantor has paid or caused to be paid all sums payable by it under the indenture; and

we have delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the debt securities at maturity or on the redemption date, as the case may be.

In addition, we must deliver an officers' certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

GOVERNING LAW

New York law will govern the indentures and the debt securities.

THE TRUSTEE

Wells Fargo Bank, N.A. is the trustee under the senior indenture. Wells Fargo Bank, N.A. also serves as trustee under our supplemental indentures related to other senior securities that we have issued. We may have normal banking relationships with the trustee under the subordinated indenture in the ordinary course of business.

If the trustee becomes a creditor of DPS or any Subsidiary Guarantor, the applicable indenture will limit the right of the trustee to obtain payment of claims in certain cases or to realize on certain

Table of Contents

property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest (as defined in the Trust Indenture Act) after a default has occurred and is continuing, it must eliminate such conflict within 90 days, apply to the SEC for permission to continue as trustee (if the indenture has been qualified under the Trust Indenture Act) or resign. The holders of a majority in aggregate principal amount of debt securities of a particular series will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee with respect to that series, subject to certain exceptions. The indenture will provide that in case an event of default occurs and is continuing, the trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any holder of debt securities, unless such holder has offered to the trustee indemnity or security against loss, liability or expense satisfactory to the trustee in its sole discretion.

PAYMENTS AND PAYING AGENTS

Unless we inform you otherwise in a prospectus supplement, we will make payments on the debt securities in U.S. dollars at the office of the trustee and any paying agent. At our option, however, payments may be made by check mailed to the address of the person entitled to the payment as it appears in the security register. Unless we inform you otherwise in a prospectus supplement, we will make interest payments to the person in whose name the debt security is registered at the close of business on the record date for the interest payment. We will make payments on a global debt security in accordance with the applicable policies of the depositary as in effect from time to time. Under those policies, we will pay directly to the depositary, or its nominee, and not to any indirect owners who own beneficial interests in the global debt security. An indirect owner's right to receive payments will be governed by the rules and practices of the depositary and its participants.

Unless we inform you otherwise in a prospectus supplement, the trustee under the applicable indenture will be designated as the paying agent for payments on debt securities issued under that indenture. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts. If the principal of or any premium or interest on debt securities of a series is payable on a day that is not a business day, the payment will be made on the following business day with the same force and effect as if made on such interest payment date, and no additional interest will accrue solely as a result of such delayed payment. For these purposes, unless we inform you otherwise in a prospectus supplement, a "business day" is any day that is not a Saturday, Sunday or other day on which banking institutions in New York, New York or another place of payment on the debt securities of that series are authorized or required by law to close. Book-entry and other indirect owners should consult their banks or brokers for information on how they will receive payments on their debt securities.

Regardless of who acts as paying agent, all money paid by us to a paying agent that remains unclaimed at the end of one year after the amount is due to a holder will be repaid to us. After that one-year period, the holder may look only to us for payment and not to the trustee, any other paying agent or anyone else.

REDEMPTION OR REPAYMENT

If there are any provisions regarding redemption or repayment applicable to a debt security, we will describe them in the applicable prospectus supplement.

We or our affiliates may purchase debt securities from investors who are willing to sell from time to time, either in the open market at prevailing prices or in private transactions at negotiated prices. Debt securities that we or they purchase may, at our discretion, be held, resold or canceled.

NOTICES

Notices to be given to holders of a global debt security will be given only to the depositary, in accordance with its applicable policies as in effect from time to time. Notices to be given to holders of debt securities not in global form will be sent by mail to the respective addresses of the holders as they appear in the trustee's records, and will be deemed given when mailed. Neither the failure to give any notice to a particular holder, nor any defect in a notice given to a particular holder, will affect the sufficiency of any notice given to another holder.

Book-entry and other indirect owners should consult their banks or brokers for information on how they will receive notices.

BOOK-ENTRY; DELIVERY AND FORM

Unless we inform you otherwise in the prospectus supplement, any debt securities will be issued in registered, global form ("global debt securities"). The global debt securities will be deposited upon issuance with the trustee as custodian for DTC, in New York, New York, and registered in the name of DTC or its nominee, in each case, for credit to an account of a direct or indirect participant in DTC as described below. Except as set forth below, the global debt securities may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the global debt securities may not be exchanged for definitive debt securities in registered certificated form ("certificated debt securities") except in the limited circumstances.

Transfers of beneficial interests in the global debt securities will be subject to the applicable rules and procedures of DTC and its direct or indirect participants (including, if applicable, those of Euroclear and Clearstream), which may change from time to time.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase our debt or equity securities or other rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing. Warrants may be issued independently or together with any other securities and may be attached to, or separate from, such securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a bank or trust company, as warrant agent. The warrant agent will act solely as our agent in connection with the warrants and will not have any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants. The terms of any warrants to be issued and a description of the material provisions of the applicable warrant agreement will be set forth in the applicable prospectus supplement.

The applicable prospectus supplement will describe the following terms of any warrants in respect of which this prospectus is being delivered:

the title of such warrants;

the aggregate number of such warrants;

the price or prices at which such warrants will be issued;

the currency or currencies in which the price of such warrants will be payable;

the designation, number and terms of the debt securities, common stock, preferred stock or other securities purchasable upon exercise of the warrants, and procedures by which those numbers may be adjusted;

the price at which and the currency or currencies in which the securities or other rights purchasable upon exercise of such warrants may be purchased;

the date on which the right to exercise such warrants shall commence and the date on which such right shall expire;

if applicable, the minimum or maximum amount of such warrants which may be exercised at any one time;

if applicable, the designation and terms of the securities with which such warrants are issued and the number of such warrants issued with each such security;

if applicable, a discussion of any material U.S. federal income tax considerations; and

any other terms of such warrants, including terms, procedures and limitations relating to the transferability, exchange or exercise of such warrants.

PLAN OF DISTRIBUTION

We may sell the offered securities in and outside the U.S. (1) through underwriters or underwriting syndicates led by one or more managing underwriters, (2) to or through brokers or dealers, (3) to or through agents, (4) directly to one or more purchasers, including our affiliates, (5) pursuant to delayed delivery contracts or forward contracts or (6) through a combination of any of these methods.

The prospectus supplement will set forth the terms of the offering and the method of distribution and will include the following information:

the names of any underwriters or agents;

the name or names of any managing underwriter or underwriters;

the purchase price of the securities from us;

the net proceeds to us from the sale of the securities;

any delayed delivery arrangements;

any over-allotment options under which underwriters may purchase additional securities from us;

any underwriting discounts, commissions and other items constituting compensation to underwriters, dealers or agents;

any public offering price;

any discounts or concessions allowed or reallocated or paid to dealers;

any commissions paid to agents; and

any securities exchange or market on which the securities offered in the prospectus supplement may be listed.

SALE THROUGH UNDERWRITERS OR DEALERS

If we use underwriters in the sale of securities, we will execute an underwriting agreement with the underwriter at the time of sale and we will provide the name of any underwriter in the prospectus supplement that the underwriter will use to make resales of securities to the public. The underwriters will acquire the securities for their own account, and the underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may offer securities to the

public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. The obligations of the underwriters to purchase the securities will be subject to conditions, and any underwritten offering may be on a best efforts or a firm commitment basis. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

If we use dealers in the sale of securities, we will sell the securities to them as principals. They may then resell those securities to the public at varying prices determined by the dealers at the time of resale. The dealers participating in any sale of the securities may be deemed to be underwriters within the meaning of the Securities Act, with respect to any sale of those securities. We will include in the prospectus supplement the names of the dealers and the terms of the transaction.

SALES THROUGH AGENTS

We may also sell the securities through agents we designate from time to time. In the prospectus supplement, we will name any agent involved in the offer or sale of the offered securities, and we will describe any commissions payable by us to the agent. Unless we inform you otherwise in the prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

DIRECT SALES

We may sell the securities directly. In that event, no underwriters or agents would be involved. We may use electronic media, including the Internet, to sell offered securities directly.

DELAYED DELIVERY OR FORWARD CONTRACTS

If we so indicate in the prospectus supplement, we may authorize agents, underwriters or dealers to solicit offers to purchase securities from us at the public offering price set forth in the prospectus under delayed delivery or forward contracts. These contracts would provide for payment and delivery on a specified date in the future at prices determined as described in the prospectus supplement. The prospectus supplement would describe the commission payable for solicitation of those contracts.

REMARKETING

We may offer and sell any of the securities in connection with a remarketing upon their purchase, in accordance with a redemption or repayment by their terms or otherwise by one or more remarketing firms acting as principals for their own accounts or as our agents. We will identify any remarketing firm, the terms of any remarketing agreement and the compensation to be paid to the remarketing firm in the prospectus supplement. Remarketing firms may be deemed underwriters under the Securities Act.

DERIVATIVE TRANSACTIONS

We may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third parties may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third parties in these sale transactions will be underwriters and, if not identified in this prospectus, will be identified in the applicable prospectus supplement or in a post-effective amendment to the registration statement of which this prospectus forms a part. In addition, we may otherwise loan or pledge securities to a

financial institution or other third party that in turn may sell the securities short using this prospectus. Such financial institution or other third party may transfer its economic short position to investors in our securities or in connection with a concurrent offering of other securities.

GENERAL INFORMATION

In connection with the sale of the securities, underwriters, dealers or agents may be deemed to have received compensation from us in the form of underwriting discounts or commissions and may also receive commissions from securities purchasers for whom they may act as agent. Underwriters may sell the securities to or through dealers, and the dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for whom they may act as agent. We will provide in the applicable prospectus supplement information regarding any underwriting discounts or other compensation that we pay to underwriters or agents in connection with the securities offering, and any discounts, concessions or commissions which underwriters allow to dealers.

We may have agreements with the agents, dealers and underwriters to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments that the agents, dealers or underwriters may be required to make because of those liabilities. Agents, dealers and underwriters, or their affiliates or associates, may be customers of, engage in transactions with or perform services for us in the ordinary course of their businesses. Each series of offered securities will be a new issue and, other than the common stock, which is listed on the NYSE, will have no established trading market. We may elect to list any series of offered securities on an exchange, but we are not obligated to do so. It is possible that one or more underwriters may make a market in a series of offered securities. However, they will not be obligated to do so and may discontinue market making at any time without notice. We cannot assure you as to the liquidity of, or the trading market for, any of our offered securities.

In connection with an offering, certain persons participating in the offering may make a market in the securities or engage in transactions that stabilize, maintain or otherwise affect the market price of the offered securities. This may include, among other transactions, over-allotments or short sales of the securities, which involves the sale by persons participating in the offering of more securities than we sold to them. In these circumstances, these persons would cover such over-allotments or short positions by making purchases in the open market or by exercising their over-allotment option. As a result, the price of the securities may be higher than the price that might otherwise prevail in the open market. If these activities are commenced, these transactions may be discontinued at any time.
