These statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance, or achievements expressed or implied by forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as may, will, should, expect, anticipate, believe, estimate, predict, potential or continue, the negative of such terms or other co terminology. These statements are only predictions. Actual events or results may differ materially.

Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Moreover, neither we nor any other person assumes responsibility for the accuracy and completeness of the forward-looking statements. We undertake no duty to update any of the forward-looking statements after the date of this report to conform such statements to actual results or to changes in our expectations.

Readers are also urged to carefully review and consider the various disclosures made by us which attempt to advise interested parties of the factors which affect our business, including without limitation the disclosures made in *PART II. ITEM 6 Management s Discussion and Analysis or Plan of Operation* included herein.

PART I.

Item 1. Business

History

Innocom Technology Holdings, Inc., (the Company) was organized under the laws of the state of Nevada on June 26, 1998 under the name Dolphin Productions, Inc. The Company had provided musical and other performance services for concerts and public events. During the fiscal year ended September 30, 2003, the Company determined to shift its emphasis away from the presentation of concerts and toward the Internet marketing of recorded music. The Company encountered substantial competitive, legal, technological and financial obstacles to its entry into the business of marketing recorded music through the Internet. The Company had not generated substantial revenues from Internet marketing of musical properties.

On March 30, 2006, pursuant to an Agreement and Plan of Reorganization dated March 15, 2006 among the Company, Innocom Technology Holdings Limited, a British Virgin Islands corporation, (Innocom) and certain shareholders of Innocom, the Company acquired 100% of Innocom s issued and outstanding common stock making Innocom a wholly owned subsidiary of the Company. As a result, the Company, which previously had no material operations, acquired the business of Innocom which had two principal business lines: design and solution provision for mobile phones, and trading of mobile phone handsets and related components.

In 2006, we changed the name of the Company from Dolphin Production, Inc. to Innocom Technology Holdings, Inc.

Due to keen competition, the Company ceased the business of design and solution provision for mobile phone segment in the last quarter of 2006 and disposed of entire segment in May 2007 with a profit of US\$599,544.

In February 2007, we established a wholly-foreign owned subsidiary company to acquire distressed land, factory building and equipment under receivership from municipal government. The factory would be used for assembling mobile phones under the trademark we purchased in May 2007 and components parts on OEM basis.

In May 2007, we acquired a trade mark, namely Tsinghua Unisplendour for a period of 10 years.

In February 2009, the Company ceased its principal operation in the manufacturing facility in Changzhou City, Zhejiang Province, the PRC. Starting from the fourth quarter 2008, global economic conditions deteriorated significantly across the countries and the demand for communication products and components was adversely slowed down. During such challenging economic times, the Company discontinued operation in the manufacture of mobile communication products and components in the PRC. We have written down the value of the manufacturing facility to nil value but we have no intention to dispose of it. We continue to seek out production contracts for the facility and the Company intends to continue to operate the manufacturing facility depending upon the market recovery condition and demands from the customers.

In February 2012, we established a new Hong Kong subsidiary company, named Lead Faith International Trading Limited, to explore possible trading business. We disposed of this subsidiary at cost in April 2012.

On September 17, 2013, the Company filed an amendment with the Nevada Secretary of State to our Articles of Incorporation authorizing an increase of our authorized common stock from 50,000,000 common shares to 490,000,000 common shares, par value \$0.001 and authorizing 10,000,000 preferred shares, par value \$0.001 per share.

Our Business

We provided sourcing of mobile phone handsets and components for customers on a wholesale basis.

Customers

Before suspension of manufacturing operation, our customers of mobile phone handsets included major mobile handset brand owners in China, such as TCL, CECT, Cosun Communications, Panda Communications and Zhejiang Holley Communication Group Co., Ltd.

Facilities

Through Changzhou Innocom Communication Technology, we hold a piece of land of 64,000 square meters and a factory building of 25,000 square meters under lease term expiring in 2054 in at No.55 Zhonglou Development Zone, Changzhou, Zhejiang Province, the PRC.

Other than abovementioned properties held by Changzhou Innocom Communication Technology, we do not own any land and building. Current 248 square meters office is rented by Chinarise Capital (Hong Kong) Limited, a company owned and controlled by William Hui, our Chief Executive Officer and majority shareholder. We utilize these office facilities at no charge.

Employees

As of December 31, 2016, we employed approximately 2 full-time employees. The Company does not have any collective bargaining agreements with its employees and we consider our employee relations to be good.

Item 7. Management s Discussion and Analysis of Financial Condition and Results of Operations

The information in this discussion contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements involve risks and uncertainties, including statements regarding our capital needs, business strategy and expectations. Any statements contained herein that are not statements of historical facts may be deemed to be forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as may , will , should , expect , plan , intend , anticipate , believe , estimate , predict , potential or con terms or other comparable terminology. Actual events or results may differ materially. We disclaim any obligation to publicly update these statements, or disclose any difference between its actual results and those reflected in these statements. The information constitutes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995.

Overview and Future Plan of Operations

In February 2009, the Company determined to have a closure in the manufacturing facility in Changzhou City, Zhejiang Province, the PRC. Starting from the fourth quarter 2008, global economic conditions have deteriorated significantly across the countries and the demand for communication products and components was adversely slowed down. During such challenging economic times, the Company has discontinued operation in the manufacture of mobile communication products and components in the PRC. However, the Company has no intention to dispose of the production facilities. We are seeking production contracts, both volume and operating contribution of which warrant us to start the production facilities again. We have expended several million establishing our manufacturing facilities. Despite the fact that we have written down the value of the manufacturing facility to nil value we have no intention to dispose of it. We continue to seek out production contracts for the facility. We will need to privately offer and sell shares in order to finance initial working capital should we resume production.

Results of Operations for the Years Ended December 31, 2016 and December 31, 2015

During the year ended December 31, 2016, we experienced a net loss of \$122,848 representing aggregated amount of general and administrative expenses for the year. The slightly drop of loss as compared with 2015 is due to decrease of utilities expenses during the year.

During the year ended December 31, 2015, we experienced a net loss of \$141,938 representing aggregated amount of general and administrative expenses for the year. The slightly rise of loss as compared with 2014 is due to increase of utilities expenses during the year.

Revenue

We did not have active business operations during 2016 and 2015. As a result of the discontinuance of business and operation in the manufacture of mobile communication products and components in the PRC, no revenue was recorded during the years ended December 31, 2016 and 2015.

Administrative Expenses

Administrative expenses for 2016 and 2015 mainly include office utilities charges, salaries and professional fee.

The slightly decrease of administrative expenses for 2016 as compared with 2015 was primarily attributable to decrease of accounting and utilities expenses.
Net Loss
Net loss for 2016 of \$122,848 represents aggregated amount of general and administrative expenses for the year. The slightly decrease of loss as compared with 2015 is due to decrease of accounting fee and utilities expenses during the year.
Net loss for 2015 of \$141,938 represents aggregated amount of general and administrative expenses for the year. The slightly rise of loss as compared with 2014 is due to increase of accounting fee and utilities expenses during the year.
Trends, Events, and Uncertainties
N/A
Liquidity and Capital Resources for the Years Ended December 31, 2016 and 2015
Cash flows used in operating activities
We experienced negative cash flows used in operations in the amount of \$44,284 for the year ended December 31, 2016.

As the Company did not have any income during 2016 and 2015, the cash flows used in operations representing general and administrative expenses paid. The decrease of negative cash flows is due to the decrease of general and administrative experienced in 2016.

We experienced negative cash flows used in operations in the amount of \$82,886 for the year ended December 31,

2015.

Cash flows from investing activities
During 2016, there were no investing activities.
During 2015, there were no investing activities.
Cash flows from financing activities
During 2016, we obtained a \$43,721 interest free advance from a related party.
During 2015, we obtained a \$82,600 interest free advance from a related party.
The said interest free advance is in nature of current account under oral agreement without repayment period, repayment of which depends upon future profitable operations or may be made by capitalization issue of new shares.
Liquidity
On a long-term basis, our liquidity will be dependent on establishing profitable operations, receipt of revenues, additional infusions of capital and additional financing. If necessary, we may raise capital through an equity or debt offering. The funds raised from this offering will be used to develop and execute our business plan. However, there can be no assurance that we will be able to obtain additional equity or debt financing in the future, if at all. If we are unable to raise additional capital, our growth potential will be adversely affected. Additionally, we will have to significantly modify our plans.
Critical Accounting Policies

The financial statements are prepared in accordance with accounting principles generally accepted in the U.S., which requires us to make estimates and assumptions in certain circumstances that affect amounts reported in the accompanying financial statements and related footnotes. In preparing these financial statements, management has

made its best estimates and judgments of certain amounts included in the financial statements, giving due consideration to materiality. We do not believe there is a great likelihood that materially different amounts would be reported related to the accounting policies described below. However, application of these accounting policies involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates.

Details of critical accounting policies are set out in notes to the financial statements included in Item 3.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders of

Innocom Technology Holdings, Inc.

We have audited the accompanying consolidated balance sheets of Innocom Technology Holdings, Inc. and its subsidiaries (the Company) as of December 31, 2016 and 2015, and the related consolidated statements of operations and comprehensive loss, cash flows and stockholders deficit for the years ended December 31, 2016 and 2015. These consolidated financial statements are the responsibility of the Company s management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits include consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2016 and 2015, and the results of operations and cash flows for the years ended December 31, 2016 and 2015 in conformity with accounting principles generally accepted in the United States of America.

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the consolidated financial statements, the Company has incurred continuous losses and capital deficits, all of which raise substantial doubt about its ability to continue as a going

concern. Management s plans in regard to these matters are also described in Note 2. These consolidated finance statements do not include any adjustments that might result from the outcome of this uncertainty.	ial

ORGANIZATION AND BUSINESS BACKGROUND

Innocom Technology Holdings, Inc. (the Company or INCM) was incorporated in the State of Nevada on June 26, 1998. On June 20, 2006, the Company changed its name from Dolphin Productions, Inc. to Innocom Technology Holdings, Inc.

The Company, through its subsidiaries, is principally engaged in trading and manufacture of mobile phone handsets and components in Hong Kong and the People s Republic of China (the PRC).

In February 2009, the Company has temporarily ceased its planned principal operation in the manufacturing facility in Changzhou City, Zhejiang Province, the PRC. Starting from the fourth quarter 2008, global economic conditions have deteriorated significantly across the countries and the demand for communication products and components was adversely slowed down. During such challenging economic times, the Company temporarily discontinued operation in the manufacture of mobile communication products and components in the PRC. The Company intends to continue to operate the manufacturing facility depending upon the market recovery condition and demands from the customers.

INCM and its subsidiaries are hereinafter referred to as (the Company).

2.

GOING CONCERN UNCERTAINTIES

The accompanying consolidated financial statements have been prepared using the going concern basis of accounting, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business.

From its inception, the Company has suffered from continuous losses with an accumulated deficit of \$13,409,329 as of December 31, 2016 and experienced negative cash flows from operations. The continuation of the Company as a going concern through December 31, 2016 is dependent upon the continued financial support from its stockholders. Management believes the Company is currently pursuing additional financing for its operations. However, there is no assurance that the Company will be successful in securing sufficient funds to sustain the operations.

These and other factors raise substantial doubt about the Company s ability to continue as a going concern. These consolidated financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets and liabilities that may result in the Company not being able to continue as a

going concern. **3.** SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES Basis of presentation These accompanying consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America (U.S. GAAP). Use of estimates In preparing these consolidated financial statements, management makes estimates and assumptions that affect the reported amounts of assets and liabilities in the balance sheets and revenues and expenses during the years reported. Actual results may differ from these estimates.

Basis of consolidation

The consolidated financial statements include the financial statements of INCM and its subsidiaries. All significant inter-company balances and transactions within the Company have been eliminated upon consolidation.
inter company surances and transactions within the company have seen eminiated upon consortation.
•
Cash and cash equivalents
Cash and cash equivalents are carried at cost and represent cash on hand, demand deposits placed with banks or other financial institutions and all highly liquid investments with an original maturity of three months or less as of the purchase date of such investments.

Comprehensive income or loss

ASC Topic 220, *Comprehensive Income* establishes standards for reporting and display of comprehensive income or loss, its components and accumulated balances. Comprehensive income or loss as defined includes all changes in equity during a period from non-owner sources. Accumulated comprehensive income or loss, as presented in the accompanying consolidated statement of stockholders deficit consists of changes in unrealized gains and losses on foreign currency translation. This comprehensive income or loss is not included in the computation of income tax expense or benefit.

Income taxes

The provision for income taxes is determined in accordance with the provisions of ASC Topic 740, *Income Taxes* (ASC 740). Under this method, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using enacted income tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Any effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

ASC 740 prescribes a comprehensive model for how companies should recognize, measure, present, and disclose in their financial statements uncertain tax positions taken or expected to be taken on a tax return. Under ASC 740, tax positions must initially be recognized in the financial statements when it is more likely than not the position will be sustained upon examination by the tax authorities. Such tax positions must initially and subsequently be measured as the largest amount of tax benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the tax authority assuming full knowledge of the position and relevant facts.

The Company did not have any unrecognized tax positions or benefits and there was no effect on the financial condition or results of operations for the years ended December 31, 2016 and 2015. The Company and its subsidiaries are subject to local and various foreign tax jurisdictions. The Company s tax returns remain open subject to examination by major tax jurisdictions.

Net loss per share

The Company calculates net loss per share in accordance with ASC Topic 260 *Earnings per Share*. Basic loss per share is computed by dividing the net loss by the weighted-average number of common shares outstanding during the period. Diluted loss per share is computed similar to basic loss per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common stock equivalents had been issued and if the additional common shares were dilutive.

Foreign currencies translation

Transactions denominated in currencies other than the functional currency are translated into the functional currency at the exchange rates prevailing at the dates of the transaction. Monetary assets and liabilities denominated in currencies other than the functional currency are translated into the functional currency using the applicable exchange rates at the balance sheet dates. The resulting exchange differences are recorded in the statement of operations.

The reporting currency of the Company is United States Dollars (US\$). The Company s subsidiaries operating in Hong Kong and the PRC maintained their books and records in their local currency, Hong Kong Dollars (HK\$) and Renminbi Yuan (RMB), which are functional currencies as being the primary currency of the economic environment in which these entities operate.

In general, for consolidation purposes, assets and liabilities of its subsidiaries whose functional currency is not the US\$ are translated into US\$, in accordance with ASC Topic 830-30, *Translation of Financial Statement*, using the exchange rate on the balance sheet date. Revenues and expenses are translated at average rates prevailing during the period. The gains and losses resulting from translation of financial statements of foreign subsidiaries are recorded as a separate component of accumulated other comprehensive income within the statement of stockholders equity.

Related parties

Parties, which can be a corporation or individual, are considered to be related if the Company has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Companies are also considered to be related if they are subject to common control or common significant influence.

Fair value of financial instruments

The carrying value of the Company s financial instruments: cash and cash equivalents, prepayments and other receivables, accounts payable, amount due to a related party, other payables and accrued liabilities approximate at their fair values because of the short-term nature of these financial instruments.

The Company also follows the guidance of the ASC Topic 820-10, *Fair Value Measurements and Disclosures* (ASC 820-10), with respect to financial assets and liabilities that are measured at fair value. ASC 820-10 establishes a three-tier fair value hierarchy that prioritizes the inputs used in measuring fair value as follows:

Level 1:

Observable inputs such as quoted prices in active markets;

Level 2:

Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and

Level 3:

Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Recent accounting pronouncements

In May 2014, the Financial Accounting Standard Board (FASB) issued ASU 2014-09, Revenue from Contracts with Customers, which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. ASU 2014-09 will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective. In July 2015, the FASB approved a one-year deferral of the effective date of the new revenue recognition standard. The amendments in ASU 2014-09 are effective for public companies for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. The standard permits the use of either the retrospective or cumulative effect transition method. In March 2016, the FASB issued ASU 2016-08, Revenue from Contracts with Customers (Topic 606), Principal versus Agent Considerations (Reporting Revenue versus Net). In April 2016, the FASB issued ASU 2016-10, Revenue from Contracts with Customers (Topic 606), Identifying Performance Obligations and Licensing. In May 2016, the FASB issued ASU 2016-11, Revenue from Contracts with Customers (Topic 606) and Derivatives and Hedging (Topic 815) - Rescission of SEC Guidance Because of ASU 2014-09 and 2014-16, and ASU 2016-12, Revenue from Contracts with Customers (Topic 606) - Narrow Scope Improvements and Practical Expedients. These ASUs clarify the implementation guidance on a few narrow areas and adds some practical expedients to the guidance Topic 606. The Company is evaluating the effect the ASUs will have on its consolidated financial statements and related disclosures. The Company has not yet selected a transition method nor has it determined the effect of these standards on its ongoing financial reporting.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2016 AND 2015

(Currency expressed in United States Dollars (US\$), except for number of shares)

In June 2014, the FASB issued ASU 2014-15, *Presentation of Financial Statements-Going Concern* (Subtopic 205-40) which provides guidance to an organization s management, with principles and definitions that are intended to reduce diversity in the timing and content of disclosures that are commonly provided by organizations today in the financial statement footnotes. This guidance in ASU 2014-15 is effective for annual periods ending after December 15, 2016, and interim periods within annual periods beginning after December 15, 2016. Early application is permitted for annual or interim reporting periods for which the financial statements have not previously been issued. The Company does not expect that the adoption will have a material impact on its consolidated financial statements.

In November 2014, FASB issued Accounting Standards Update No. 2014-16, *Derivatives and Hedging (Topic 815):* Determining Whether the Host Contract in a Hybrid Financial Instrument Issued in the Form of a Share Is More Akin to Debt or to Equity (a consensus of the FASB Emerging Issues Task Force). The amendments permit the use of the Fed Funds Effective Swap Rate (also referred to as the Overnight Index Swap Rate, or OIS) as a benchmark interest rate for hedge accounting purposes. Public business entities are required to implement the new requirements in fiscal years (and interim periods within those fiscal years) beginning after December 15, 2015. The Company does not expect the adoption of ASU 2014-16 to have a material impact on its consolidated financial statements.

In February 2015, the FASB issued ASU 2015-02 Consolidation (Topic 810): Amendments to the Consolidation Analysis. ASU 2015-02 changes the analysis that a reporting entity must perform to determine whether it should consolidate certain types of legal entities. It is effective for annual reporting periods, and interim periods within those years, beginning after December 15, 2015. Early adoption is permitted, including adoption in an interim period. The Company is currently in the process of evaluating the impact of the adoption of ASU 2015-02 on its consolidated financial statements.

In April 2015, the FASB issued ASU 2015-03 *Simplifying the Presentation of Debt Issuance Costs*, which changes the presentation of debt issuance costs in the financial statements. ASU 2015-03 requires an entity to present such costs in the balance sheet as a direct deduction from the related debt liability rather than as an asset. Amortization of the costs will continue to be reported as interest expense. The guidance is effective for annual reporting periods beginning after December 15, 2016, with early adoption permitted. The guidance will be applied retrospectively to each period presented. The adoption of this standard update is not expected to have any impact on the Company s financial statements.

In July 2015, the FASB issued ASU 2015-11, *Inventory*, which requires an entity to measure inventory within the scope at the lower of cost and net realizable value. Net realizable value is the estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation. The effective date for the standard is for fiscal years beginning after December 15, 2016. Early adoption is permitted. The Company does not expect the adoption of ASU 2015-11 to have a material impact on its consolidated financial statements.

In September 2015, the FASB issued ASU No. 2015-16, *Business Combinations (Topic 805): Simplifying the Accounting for Measurement-Period Adjustments*. To simplify the accounting for adjustments made to provisional amounts recognized in a business combination, the amendments eliminate the requirement to retrospectively account for those adjustments. For public business entities, the amendments are effective for fiscal years beginning after December 15, 2015, including interim periods within those fiscal years. The amendments should be applied prospectively to adjustments to provisional amounts that occur after the effective date with earlier application permitted for financial statements that have not been issued. The Company does not expect the adoption of ASU 2015-16 to have a material impact on its consolidated financial statements.

In November 2015, the FASB issued ASU 2015-17, *Income Taxes (Topic 740): Balance Sheet Classification of Deferred Taxes*. To simplify the presentation of deferred income taxes, the amendments in this update require that deferred income tax liabilities and assets be classified as noncurrent in a classified statement of financial position. The amendments in ASU 2015-17 are effective for public business entities for financial statements issued for annual periods beginning after December 15, 2016, and interim periods within those annual periods. The amendments may be applied prospectively to all deferred tax liabilities and assets or retrospectively to all periods presented. The Company does not expect that the adoption will have a material impact on its consolidated financial statements.

(Currency expressed in United States Dollars (US\$), except for number of shares)

In January 2016, the FASB issued ASU 2016-01, Financial Instruments - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities. The amendments in this update require all equity investments to be measured at fair value with changes in the fair value recognized through net income (other than those accounted for under equity method of accounting or those that result in consolidation of the investee). The amendments in this update also require an entity to present separately in other comprehensive income the portion of the total change in the fair value of a liability resulting from a change in the instrument-specific credit risk when the entity has elected to measure the liability at fair value in accordance with the fair value option for financial instruments. The amendments in ASU 2016-01 are effective for public companies for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. The Company does not expect that the adoption will have a material impact on its consolidated financial statements.

In February 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)*. The new standard establishes a right-of-use (ROU) model that requires a lessee to record a ROU asset and a lease liability on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. The new standard is effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. A modified retrospective transition approach is required for lessees for capital and operating leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements, with certain practical expedients available. The Company does not expect that the adoption will have a material impact on its consolidated financial statements.

In March 2016, the FASB issued ASU No. 2016-07, Simplifying the Transition to the Equity Method of Accounting, which eliminates the requirement to apply the equity method of accounting retrospectively when a reporting entity obtains significant influence over a previously held investment. The amendments in ASU 2016-07 are effective for public companies for fiscal years beginning after December 15, 2016 including interim periods therein. Early adoption is permitted. The new standard should be applied prospectively for investments that qualify for the equity method of accounting after the effective date. The Company does not expect that the adoption will have a material impact on its consolidated financial statements.

In March 2016, the FASB issued ASU No. 2016-09, *Improvements to Employee Share-Based Payment Accounting*, which includes amendments to accounting for income taxes at settlement, forfeitures, and net settlements to cover withholding taxes. The amendments in ASU 2016-09 are effective for public companies for fiscal years beginning after December 15, 2016, and interim periods within those annual periods. Early adoption is permitted but requires all

elements of the amendments to be adopted at once rather than individually. The Company is evaluating the effect that ASU No. 2016-09 will have on the Company s consolidated financial statements and related disclosures.

In June 2016, the FASB issued Accounting Standards Update (ASU) 2016-13, Financial Instruments-Credit Losses (Topic 326), which requires entities to measure all expected credit losses for financial assets held at the reporting date based on historical experience, current conditions, and reasonable and supportable forecasts. This replaces the existing incurred loss model and is applicable to the measurement of credit losses on financial assets measured at amortized cost. This guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early application will be permitted for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2018. The Company is currently evaluating the impact that the standard will have on its consolidated financial statements and related disclosures.

In August 2016, the FASB issued ASU No. 2016-15, *Classification of Certain Cash Receipts and Cash Payments*. ASU 2016-15 clarifies the presentation and classification of certain cash receipts and cash payments in the statement of cash flows. This ASU is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2017. Early adoption is permitted. The Company is currently assessing the potential impact of ASU 2016-15 on its financial statements and related disclosures.

In October 2016, the FASB issued ASU No. 2016-16, *Income Taxes (Topic 740): Intra-Entity Transfers of Assets Other Than Inventory*. This ASU improves the accounting for the income tax consequences of intra-entity transfers of assets other than inventory. This ASU is effective for fiscal years and interim periods within those years beginning after December 15, 2017. Early adoption is permitted. The Company does not anticipate that the adoption of this ASU to have a significant impact on its consolidated financial statements.

In October 2016, the FASB issued ASU No. 2016-17, Consolidation (Topic 810): Interests Held through Related Parties That Are Under Common Control. The amendments in this ASU change how a reporting entity that is the single decision maker of a variable interest entity should treat indirect interests in the entity held through related parties that are under common control with the reporting entity when determining whether it is the primary beneficiary of that variable interest entity. The ASU is effective for fiscal years and interim periods within those years beginning after December 15, 2016. The Company does not expect the adoption of this ASU to have a material impact on its consolidated financial statements.

In November 2016, the FASB issued Accounting Standards Update 2016-18 (ASU 2016-18), *Statement of Cash Flows: Restricted Cash*. This ASU provides guidance on the classification of restricted cash in the statement of cash flows. The amendments in this ASU are effective for interim and annual periods beginning after December 15, 2017. Early adoption is permitted. The amendments in the ASU should be adopted on a retrospective basis. The Company does not expect that adoption of this ASU to have a material effect on its consolidated financial statements.

The Company has reviewed all recently issued, but not yet effective, accounting pronouncements and does not believe the future adoption of any such pronouncements may be expected to cause a material impact on its financial condition or the results of its operations.

AMOUNT DUE TO A RELATED PARTY

As of December 31, 2016 and 2015, amount due to a related party represented temporary advances made by a director and a major shareholder of the Company, Mr. William Hui, which was unsecured, interest-free with no fixed repayment term. Imputed interest on related party loan is not significant.

5.

INCOME TAXES

The Company operates in various countries: United States, British Virgin Island, Hong Kong and the PRC that are subject to taxes in the jurisdictions in which they operate, as follows:

United States of America

The Company is registered in the State of Nevada and is subject to United States current tax law.

British Virgin Island

Under the current BVI law, the Company is not subject to tax on income.

Hong Kong

For the years ended December 31, 2016 and 2015, no provision for Hong Kong Profits Tax is provided for, since the Company s income neither arises in, nor is derived from Hong Kong under its applicable tax law. The reconciliation of income tax rate to the effective income tax rate based on loss before income taxes from foreign operation for the years ended December 31, 2016 and 2015 are as follows:

	Years ended December 31,			
		2016		2015

The PRC

For the years ended December 31, 2016 and 2015, the Company generated no operating result and accordingly, no provision for income tax has been recorded.

As of December 31, 2016, the PRC operation incurred \$1,851,211 of net operating losses carryforward available for income tax purposes that may be used to offset future taxable income and will begin to expire in 5 years from the year of incurrence, if unutilized. The Company has provided for a full valuation allowance against the deferred tax assets on the expected future tax benefits from the net operating loss carryforwards as the management believes it is more likely than not that these assets will not be realized in the future.

The following table sets forth the significant components of the aggregate net deferred tax assets of the Company as of December 31, 2016 and 2015:

	As of December 31,				
		2016		2015	
Deferred tax assets:					
Net operating loss carryforward from:					
United States of America	\$	2,172,373	\$	2,172,373	
Hong Kong		234,459		214,190	
The PRC		462,803		462,803

Less: valuation allowance		(2,869,635)		(2,849,366)	
Net deferred tax assets	\$	_	\$	-	

As of December 31, 2016, the Company incurred \$9,376,381 the aggregate net operating loss carryforwards available to offset its taxable income for income tax purposes. The Company has provided for a full valuation allowance against the deferred tax assets of \$2,869,635 on the expected future tax benefits from the net operating loss carryforwards as

the management believes it is more likely than not that these assets will not be realized in the future. For the year ended December 31, 2016, the valuation allowance increased by \$20,269, primarily relating to net operating loss carryforwards.

6.

STOCKHOLDERS EQUITY

As of December 31, 2016 and 2015, the Company had a total of 220,631,841 shares of its common stock issued and outstanding.

7.

COMMITMENTS AND CONTINGENCIES

For the years ended December 31, 2016 and 2015, the Company utilized office space of a director and stockholder at no charge. Such costs are immaterial to the financial statements and accordingly are not reflected herein.

8.

SUBSEQUENT EVENTS

In accordance with ASC Topic 855, subsequent Events, which establishes general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued, the Company has evaluated all events or transactions that occurred after December 31, 2016 up through the date the Company issued the audited consolidated financial statements. During the period, the Company did not have any material recognizable subsequent events.

ITEM 9A. CONTROLS AND PROCEDURES

(a) Evaluation of Disclosure Controls and Procedures

Our chief executive officer and chief financial officer evaluated the effectiveness of our disclosure controls and procedures as of December 31, 2016. The term disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, means controls and other procedures of a company that are designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the company s management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure. Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving their objectives and management necessarily applies its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based on the evaluation of our disclosure controls and procedures as of December 31, 2016, our chief executive officer and chief financial officer concluded that, as of such date, our disclosure controls and procedures were effective.

(b) Management s Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting. Internal control over financial reporting is defined in Rule 13a-15(f) or 15d-15(f) promulgated under the Exchange Act as a process designed by, or under the supervision of, the company s principal executive officer and principal financial officer and effected by the Company s Board of Directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles and includes those policies and procedures that:

.

pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;

•

provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with management authorization, and

.

provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company s assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Our management assessed the effectiveness of our internal control over financial reporting as of December 31, 2016. In making this assessment, the company s management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control-Integrated Framework.

Based on this assessment, our management concluded that, as of December 31, 2016, our internal control over financial reporting was effective.

(c) Changes in Internal Controls

No change in our internal control over financial reporting occurred during the fiscal year ended December 31, 2016 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Item 10. Directors, Executive Officers and Corporate Governance.

DIRECTORS AND EXECUTIVE OFFICERS

Our directors and officers, as of December 31, 2016, are set forth below. The directors hold office for their respective term and until their successors are duly elected and qualified. Vacancies in the existing Board are filled by a majority vote of the remaining directors. The officers serve at the will of the Board of Directors.

Name	Age	Position	Since
Hui Yan Sui, William	51	Chairman and Chief Executive Officer	2006
Tang Chin Pang, Eric	55	Executive Director	2006
Cheung Wai Hung, Eddie	62	Chief Financial Officer	2007

Hui Yan Sui, William, age 51, has approximately 20 years experience in industrial management. In 1986, Mr. Hui established Yat Lung Industrial Limited (Yat Lung), a company that manufactures cassette and video tapes. Mr. Hui is currently a director of Yat Lung. In 2002, Yat Lung became a wholly owned subsidiary of Swing Media Technology Group Limited (Swing Media), an investment holding company that manufactures and trades cassette tapes, video tapes, VCD s, CDR s and DVDR s through its subsidiaries. From January 2002 until May 2003, Mr. Hui served as Chairman and Chief Executive Officer of Swing Media. Mr. Hui resigned as CEO of Swing Media in May 2003 and retains his position as Chairman. Swing Media is a company listed on the Singapore Stock Exchange Dealings and Automated Quotation System (the sGX-SESDAQ). In 2003, Mr. Hui established Chinarise Capital (International) Limited (Chinarise), a company that trades mobile phone handsets and components in Hong Kong. He is currently the director of Chinarise. Based on Mr. Hui s management experience and expertise in manufacturing, we believe that Mr. Hui is well qualified to serve as our Chairman and Chief Executive Officer.

Tang Chin Pang, Eric, age 55, has been our director since October 2005. Before joining us in October 2005, Mr. Tang is the corporate consultant for three years. From 1984 to 2001, Mr. Tang worked at Deloitte Touche Tohmatsu for seventeen years, including his last position as an audit senior manager. Mr. Tang graduated from Hong Kong Shue Yan University in 1984. He is a fellow of the Association of Chartered Certified Accountants and an associate member of the Hong Kong Institute of Certified Public Accountants. Based on Mr. Tang s experience in finance and compliance issues, we believe that Mr. Tang is well qualified to serve on our Board.

Cheung Wai Hung, Eddie, age 62, has been a branch manager of Shanghai Commercial Bank Limited for the past 12 years up to May 14, 2007. Mr. Cheung possesses a Bachelor degree of Commerce from Curtin University of Technology, Perth W. Australia, in 1998.

The Board does not have standing audit committee.

CODE OF ETHICS

We have adopted a Code of Ethics for Senior Financial Officers that applies to our principal executive officer and its principal financial officer, principal accounting officer and controller, and other persons performing similar functions. If we makes any amendments to this Code of Ethics or grants any waiver, including any implicit waiver, from a provision of this Code of Ethics to our principal executive officer, principal financial officer, principal accounting officer, controller or other persons performing similar functions, We will disclose the nature of such amendment or waiver, the name of the person to whom the waiver was granted and the date of waiver in Form 8-K.

COMPLIANCE WITH SECTION 16 OF THE SECURITIES EXCHANGE ACT OF 1934

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors and executive officers and beneficial holders of more than 10% of our common stock to file with the Commission initial reports of ownership and reports of changes in ownership of our equity securities. As of the date of this Report, the Company is in the process of reviewing all transactions that may cause initial reports of ownership or changes in ownership to be filed on Form 3 (Initial Statement of Beneficial Ownership), Form 4 (Changes in Beneficial Ownership) and Form 5 (Annual Statement of Changes in Beneficial Ownership) which is required to be filed under applicable rules of the Commission. During fiscal year ended, William Sui Yan Hui and Eddie Cheung each failed to file a Form 4 relating to their acquisition of common stock as described in the Current Report Form 8-K filed on October 3, 2013. This filing remains delinquent.

Item 11. Executive Compensation

COMPENSATION DISCUSSION AND ANALYSIS

Background and Compensation Philosophy

Our board of directors consists of six individuals: (1) Hui Yan Sui, William, our Chief Executive Officer, Chairman of the Board and beneficial owner of 89.61% of our common stock; (2) Tang Chin Pang, Eric, our Executive Director; (3) Cheung Wai Hung, Eddie, our Chief Financial Officer; (4) Tan Ah Mee, a non-executive director; (5) Lau Yiu Nam, Eric, a non-executive director and (6) Qian Jian Yu, Mike, a non-executive director. Our board of directors have historically determined the compensation to be paid to our executive officers based on our financial and operating performance and prospects, the level of compensation paid to similarly situated executives in comparably sized companies and contributions made by the officers—to our success. Each of the named officers will be measured by a series of performance criteria by the board of directors, or the compensation committee when it is established, on a yearly basis. Such criteria will be set forth based on certain objective parameters such as job characteristics, required professionalism, management skills, interpersonal skills, related experience, personal performance and overall corporate performance.

Our board of directors have not adopted or established a formal policy or procedure for determining the amount of compensation paid to our executive officers. Mr. Hui Yan Sui, William, Mr. Tang Chin Pang, Eric and Mr. Cheung Wai Hung, Eddie have been and may continue to be involved when our board of directors deliberate compensation issues related to their compensation.

As our executive leadership and b oard of directors grow, our board of directors may decide to form a compensation committee charged with the oversight of executive compensation plans, policies and programs.

Elements of Compensation

We provide our executive officers solely with a base salary to compensate them for services rendered during the year. Our policy of compensating our executives with a cash salary has served us well. Because of our history of attracting and retaining executive talent, we do not believe it is necessary at this time to provide our executives discretionary bonuses, equity incentives, or other benefits in order for us to continue to be successful.

Base Salary

The yearly base salary of Mr. Cheung Wai Hung, Eddie for 2016 was \$54,112 (2015: \$54,179). Mr. Hui Yan Sui, William and Mr. Tang Chin Pang, Eric received no salary in 2016 and 2015.

Discretionary Bonus

We have not provided our executive officers with any discretionary bonuses at the moment but our board of directors may consider the necessity of such scheme in the future based on our financial and operating performance and prospects, the level of compensation paid to similarly situated executives in comparably sized companies and contributions made by the officers to our success

Equity Incentives

We have not established equity based incentive program and have not granted stock based awards as a component of compensation. In the future, we may adopt and establish an equity incentive plan pursuant to which awards may be

granted if our board of directors determines that it is in the best interests of our stockholders and the Company to do so.
Retirement Benefits
Our executive officers are not presently entitled to company-sponsored retirement benefits.
Perquisites
We have not provided our executive officers with any material perquisites and other personal benefits and, therefore, we do not view perquisites as a significant or necessary element of our executive s compensation.
Deferred Compensation
We do not provide our executives the opportunity to defer receipt of annual compensation.
