January 30, 2006

Dear Shareholder:

This information statement is being furnished to the shareholders of Alec Bradley Cigar Corporation in lieu of a Special Meeting in connection with the proposals ("Proposals") below:

- * the sale of substantially all the assets of Alec Bradley Cigar by selling Alec Bradley Cigar Corporation's cigar operations pursuant to the terms of an asset purchase agreement between Alec Bradley Cigar Corporation and Alan Rubin in connection with the acquisition of Online Vacation Center Holdings, Inc.;
- * to amend our articles of incorporation to eliminate preemptive rights provided to our shareholders;
- * to amend our articles of incorporation to change our name to Online Vacation Center Holdings Corp.;
- * to amend our articles of incorporation to increase our authorized common stock to 80,000,000 shares; and
- * to adopt the 2005 Management and Director Equity Incentive and Compensation Plan.

This information statement is being sent in lieu of a special meeting. Alec Bradley Cigar has adopted the Proposals discussed in this information statement by the written consent of stockholders holding a majority of the voting power of Alec Bradley Cigar's common stock. The Proposals have been made pursuant to Alec Bradley's intended acquisition of Online Vacation Center Holdings, Inc., a vacation services company. The asset sale and share exchange discussed in this information statement constitute a reverse merger, in which Online Vacation Center will be the surviving entity. A change of control will occur and current Alec Bradley Cigar stockholders will experience substantial dilution.

Alec Bradley Cigar's Board of Directors approved and recommended, pursuant to a written consent dated August 25, 2005, that the Proposals be accepted. Alec Bradley Cigar's stockholders holding a majority of the voting power approved the Proposals, pursuant to a written consent dated August 25, 2005. Alec Bradley Cigar anticipates that the effectiveness of the asset sale and filing of the amendments will occur on or about February 22, 2006 (the "Effective Date"). If the Proposals were not adopted by written consent, it would have been required to be considered by Alec Bradley Cigar's stockholders at a special or annual stockholders' meeting convened for the specific purpose of approving the Proposals.

The elimination of the need for a special or annual meeting of stockholders to ratify or approve the Proposals is authorized by Section 607.0704 of the Florida Business Corporation Act (the "FBCA") and Alec Bradley Cigar's bylaws, which provides that the written consent of stockholders holding at least a majority of the voting power may be substituted for such a special or annual meeting. In order to eliminate the costs and management time involved in holding a special or annual meeting and in order to effect or ratify the Proposals as early as possible in order to accomplish the purposes of Alec Bradley Cigar, the board of directors of Alec Bradley Cigar voted to utilize the written consent of stockholders holding a majority of the voting power of the Alec Bradley Cigar.

i

Alan Rubin and Bruce Ginsberg beneficially owning in the aggregate 3,395,000 shares of common stock, representing approximately 75% of the voting power of Alec Bradley Cigar, gave their written consent to the Proposals

The record date established by Alec Bradley Cigar for purposes of determining the number of outstanding shares of common stock, and thus the voting power, is January 30, 2006 (the "Record Date").

Alec Bradley Cigar is distributing this information statement to its stockholders in full satisfaction of any notice requirements it may have under the FBCA. No additional action will be undertaken by Alec Bradley Cigar with respect to the receipt of the written consents.

SHAREHOLDERS OF ALEC BRADLEY CIGAR ARE ENTITLED TO DISSENT FROM THE SALE OF ASSETS AND ELIMINATION OF PREEMPTIVE RIGHTS DISCUSSED IN THIS INFORMATION STATEMENT AND OBTAIN PAYMENT OF THE FAIR VALUE OF THEIR SHARES IF AND WHEN THE PROPOSALS ARE EFFECTUATED. REVERSE MERGER

The following summary term sheet for the reverse merger, together with "Summary: Questions and Answers About the Proposals" appearing elsewhere in this information statement highlight selected information from this information statement and may not contain all of the information that is important to you. We urge you to carefully read this entire document and the other documents that we refer to in this document. These documents will give you a more complete description of the reverse merger. We have included page references in this summary to direct you to other places in this information statement where you can find a more complete description of the documents and terms that we have summarized.

Online Vacation Center and Our Reverse Merger

Online Vacation Center is an Internet-based vacation seller and one of the largest cruise sellers in the United States. Online Vacation Center was founded in October 2000 by Edward B. Rudner, who has served as Online Vacation Center's president since its inception. Online Vacation Center has approximately 40 employees and booked over \$100,000,000 in vacations since inception. Historically, a majority of Online Vacation Center's sales are cruises with accompanying travel arrangements. For further information about Online Vacation Center's business and operations, please see "Certain Information Concerning Online Vacation Center Holdings, Inc." beginning on page 47. The transactions described in this information statement will result in a reverse merger and Online Vacation Center will be the surviving corporate entity. Current Alec Bradley Cigar shareholders will no longer hold any interest in the cigar business and will experience substantial dilution.

The Parties to the Reverse Merger and the Share Exchange Agreement

Online Vacation Center and Alec Bradley Cigar have entered into a share exchange agreement. Under the share exchange Alec Bradley Cigar will issue an aggregate of 15,000,000 shares of common stock to the shareholders of Online Vacation Center in exchange for a wholly owned interest in Online Vacation Center. Simultaneously with the share exchange Alec Bradley Cigar will dispose of all of its cigar business assets and liabilities, which will be purchased by Alan Rubin (currently our majority shareholder) in consideration for the return of 2,700,000 shares of Alec Bradley Cigar common stock. Alan Rubin, who currently serves as our sole officer and director and our majority shareholder, will own 100% of the cigar business following the completion of the reverse merger. Online Vacation Center will be the accounting survivor and surviving business operations; however, Alec Bradley Cigar is the surviving legal entity. The share exchange agreement and asset purchase agreement are each included as an appendix to this information statement. Additional copies will be furnished without charge to beneficial shareholders or shareholders of record upon request by mail to Secretary, Alec Bradley Cigar, 3400 S.W. 26th Terrace, Suite A-1, Dania, Florida 33312.

Pursuant to the reverse merger:

- * Online Vacation Center will be the surviving entity and we will no longer hold any interest in the cigar business.
- * Alec Bradley Cigar will replace and expand the current board of directors from one member to three new members. The new directors will be: Edward Rudner, Richard Anthony McKinnon and Brian Froelich. Mr. Rudner will also replace Alan Rubin as the sole officer of Alec Bradley Cigar. We have included a discussion of the new management of Alec Bradley Cigar later in this

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

- information statement (see page 22).
- * We will enter into an employment agreement with Edward Rudner, which includes the granting of options, and will issue options to our other non-employee board members (see page 23).
 - * Mr. McKinnon, who will be a director of Alec Bradley Cigar will also enter into a consulting agreement with Alec Bradley Cigar (see page 24),
 - * Mr. Rudner will become the majority shareholder of the surviving entity, receiving shares of common stock pursuant to the share exchange and pursuant to private stock purchase with Bruce Ginsberg and another Alec Bradley Cigar shareholder (see page 24).
 - * The effect of the share exchange and asset purchase will result in a change of control in the common stock beneficial ownership interest of our company.

Material Advantages and Disadvantages of the Reverse Merger to Alec Bradley Cigar and its Current Shareholders

Advantages:

- * We believe the future potential of Online Vacation Center's business exceeds our current cigar business prospects which may result in an increase in the value of your investment in our company.

2

- * Disadvantages (see "Risk Factors" on page 53):
- * If Online Vacation Center's business plan is not successful, our stock price may decrease and your investment in our company will decrease in value.
- * You will suffer immediate dilution as a result of the reverse merger.

Conditions to closing the Reverse Merger (see page 20)

In order to complete the reverse merger:

- * Alec Bradley Cigar shall have maintained its quotation on the OTCBB;
- * Alec Bradley Cigar shall have complied with the terms of the asset purchase agreement, which include the sale of all assets and disposal of all liabilities;
- * Alec Bradley Cigar shall have amended its articles of incorporation to increase its authorized capital stock, eliminate preemptive rights and change its name to Online Vacation Center Holdings Corp.; and
- * Alec Bradley Cigar shall not have more than 1,799,777 shares outstanding immediately prior to the effective time of the share exchange.

Termination of the Share Exchange (see page 21)

The reverse merger may be terminated:

- * By either party if the share exchange is not completed on or before March 15, 2006,
- * There has been a material misrepresentation, breach of warrant or

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

- * breach of covenant by the other part; or
- * There shall have been a material adverse change in the financial condition of the other party, or if an event shall have occurred which, as far as reasonably can be foreseen, would result in any such change.

Voting on the Proposals

The proposals were approved by majority shareholder written consent. This information statement is being sent for notice purposes only. The proposals were approved by Alan Rubin and Bruce Ginsberg, who collectively own approximately 75% of the shares of Alec Bradley Cigar common stock.

Fairness Opinion

Capitalink L.C., has delivered a written opinion, as to the fairness of the reverse merger. You should read the opinion to completely understand the procedures followed, matters considered and limitation on the reviews undertaken by Capitalink in rendering its opinion. A summary of Capitalink's opinion begins on page 25 of this information statement, and the opinion in its entirety is attached as Appendix E to this information statement.

Dissenters' Rights

Our shareholders are entitled to dissenters' rights under Florida law as the rights pertain to the sale of assets and removal of shareholder preemptive rights. You are urged to read the discussion of dissenters' rights commencing on page 62 and applicable Florida law attached as Appendix F to this information statement.

QUESTIONS AND ANSWERS ABOUT THE SALE OF ASSETS, SHARE EXCHANGE AGREEMENT, AMENDMENTS TO OUR ARTICLES OF INCORPORATION AND 2005 MANAGEMENT AND DIRECTOR EQUITY INCENTIVE AND COMPENSATION PLAN

The following is a summary of certain information contained elsewhere in this information statement. The following summary is not intended to be complete and is qualified in its entirety by reference to the more detailed information contained in this information statement and in the attached Appendices. You are urged to review the entire information statement carefully. References in this Summary and throughout the information statement to "we," "us," "Alec Bradley Cigar" or the "Company" refer to Alec Bradley Cigar Corporation. References to "Online Vacation Center" refer to Online Vacation Center Holdings, Inc. and its subsidiary. Alec Bradley Cigar has supplied all information contained in this information statement relating to Alec Bradley Cigar and Online Vacation Center has supplied all information in this information statement relating to Online Vacation Center Holdings, Inc. and its subsidiary. Neither Alec Bradley Cigar nor Online Vacation Center makes any representation as to information contained herein supplied by the other company.

Q: WHY ARE WE SENDING OUR SHAREHOLDERS THIS INFORMATION STATEMENT?

A: Alec Bradley Cigar is mailing this information statement in lieu of a special meeting to notify its shareholders that the following proposals have been adopted by majority written consent:

- * the sale of substantially all of the assets of Alec Bradley Cigar to Alan Rubin, our majority shareholder and chief

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

- executive officer in connection with the acquisition of Online Vacation Center Holdings, Inc.;
- * to amend our articles of incorporation to eliminate preemptive rights provided to our shareholders;
- * to amend our articles of incorporation to change our name to Online Vacation Center Holdings Corp.;
- * to amend our articles of incorporation to increase our authorized common stock to 80,000,000 shares; and
- * to adopt the 2005 Management and Director Equity Incentive and Compensation Plan.

Approval of the sale of assets and the amendments to our articles of incorporation required the affirmative vote of at least a majority of all issued and outstanding shares of Alec Bradley Cigar common stock. Approval of the Plan requires a majority vote of 51% of the outstanding shares of Alec Bradley Cigar. All 2,895,000 shares of common stock owned by our sole officer and director, Alan Rubin and 500,000 shares of common stock owned by Bruce Ginsberg, which are approximately 75% of the total number of beneficially owned shares of Alec Bradley Cigar's common stock, were voted in favor of all proposals.

On August 31, 2005, Alec Bradley Cigar announced it would seek to divest itself of its cigar operations and acquire a new operating company with the goal of enhancing shareholder value. The asset purchase agreement governing the terms and conditions of the sale of assets provides for the sale of all of Alec Bradley Cigar's cigar business assets for 2,700,000 shares of Alan Rubin's Alec Bradley Cigar common stock. Alan Rubin, to whom all or substantially all of the assets of Alec Bradley Cigar are being sold, is also the beneficial owner of approximately 64% of the common stock of Alec Bradley Cigar. The sale of assets is a condition of a share exchange with Online Vacation Center, a travel services company. The consummation of these transactions will result in a reverse merger and a change of control of Alec Bradley Cigar.

A copy of the agreements relating to the sale of assets and share exchange are attached to this information statement and incorporated by reference as Appendix A and Appendix B, respectively. A copy of the amended and restated articles of incorporation is attached to this information statement as Appendix C. A copy of the 2005 Management and Director Equity Incentive and Compensation Plan is attached to this information statement as Appendix D. You are urged to read these documents and agreements in their entirety.

Q: HOW WAS THE FAIRNESS OF THE SHARE EXCHANGE AND SALE OF ASSETS DETERMINED BY THE ALEC BRADLEY CIGAR BOARD OF DIRECTORS?

A: Alec Bradley Cigar's board of directors has determined that the share exchange and asset purchase is fair to and in the best interests of Alec Bradley Cigar and our shareholders. With respect to the share exchange, the consideration paid consists of 15,000,000 shares of our common stock and the consideration received is the business of Online Vacation Center. The facts bearing upon the question of the fairness of the consideration paid and received included the historical and present financial condition and profitability of Online Vacation Center and an analysis of publicly traded companies that have characteristics comparable to Online Vacation Center. With respect to the sale of assets, the board considered the performance of its common stock in the marketplace, the nature of its principal assets and its growth potential. Mr. Rubin, as the Company's principal stockholder and sole director, proposed the terms and conditions of the asset sale. The sale of assets was viewed in conjunction with the terms of the share exchange to determine the fairness of the entire transaction as a whole. To further affirm the fairness of both the asset purchase and share exchange, the board reviewed the opinion of Capitalink, L.C., dated as of September 30, 2005, that as of the date of that opinion, the

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

share exchange and sale of assets, combined together, is fair from a financial point of view to Alec Bradley Cigar's non-affiliated shareholders.

Q: WHY IS ALEC BRADLEY CIGAR PROPOSING THE REVERSE MERGER?

A: Alec Bradley Cigar is proposing the reverse merger for several reasons: (1) the performance of Alec Bradley Cigar common stock in the marketplace has been disappointing since its initial quotation on the Over the Counter Bulletin Board (under \$0.35 for the past two years until the disclosure of the reverse merger); (2) the revenues that our cigar operations have generated and the revenues that management believes our cigar operations will generate in the future, when coupled with the costs and requirements of a publicly reporting company, are not adequate to generate significant profits; and (3) the amount of working capital necessary to conduct and grow Alec Bradley Cigar's cigar operations has increased significantly. Alec Bradley Cigar currently does not have cash flow or borrowing power sufficient to grow its cigar operations. While from August 30, 2004 through August 30, 2005 the stock performance of Alec Bradley Cigar outperformed certain stock market indices, such as the Russell 3000 Index, Alec Bradley Cigar common stock was very thinly traded (limited liquidity) with a median of 1,137 shares traded on a daily basis, and with no trading on 88.5% of the available trading days.

Due to illiquidity and low stock price, Alec Bradley Cigar's stock has not been sufficiently attractive to serve as currency to fund investments. As a "micro cap" company, Alec Bradley Cigar has had difficulty raising capital through equity offerings because there has been no institutional interest in its stock. Having determined that Alec Bradley Cigar no longer has a ready means by which to fund future growth central to its business plan, Alec Bradley Cigar's board of directors has determined that it is in Alec Bradley Cigar's best interests to dispose of all of its cigar operations and via the share exchange become a travel services company.

Q: WHY IS ALEC BRADLEY CIGAR PROPOSING THE SHARE EXCHANGE WITH ONLINE VACATION CENTER?

A: In early 2005 Alec Bradley Cigar's board of directors evaluated the financial condition of Alec Bradley Cigar and the prospects for its future as a cigar importer and distributor. Our board of directors determined that the outlook for Alec Bradley Cigar under its business plan was not good and that the interests of our shareholders might be better served by restructuring Alec Bradley Cigar or its business plan. We were subsequently introduced to Online Vacation Center Holdings, Inc. Management of Alec Bradley Cigar has received unsolicited proposals for other reverse merger transactions over the past two years. These proposals included a technology company and a health care company. After conducting preliminary due diligence, Alec Bradley has rejected all previous proposals due to the nature of the underlying business prospects and plans provided to Alec Bradley Cigar. Management believes that the business prospects of Online Vacation Center exceed all prior proposals. Alec Bradley Cigar has not entered into any other letters of intent or other agreements providing for a reverse merger or other similar transaction. After conducting our due diligence of Online Vacation Center and discussing the fairness of the entire transaction with Capitalink, L.C., we have agreed to close the share exchange agreement with Online Vacation Center immediately following the effectiveness of this information statement.

5

We believe the reverse merger will benefit Alec Bradley Cigar and our current shareholders because we believe:

- * the assets of Online Vacation Center and the prospects of Online Vacation Center's business will give our shareholders a greater chance of increasing the value of their investment than if we

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

- continue with our current cigar business.
- * the nature of the cigar business presents numerous obstacles to financial success, including potential industry law suits by smokers, intense competition and a shrinking market.
- * the online travel industry is a growing industry that is still in its infancy and has a significant potential for growth.

Online Vacation Center's improved opportunities for growth after the completion of the reverse merger will hopefully result in an increased stock price, which directly effects our shareholders' investments in our company.

Q: WHAT ARE THE RISKS AND DISADVANTAGES OF THE PROPOSALS TO ALEC BRADLEY CIGAR AND OUR CURRENT SHAREHOLDERS?

A: We are selling all of our cigar assets through an asset purchase agreement with Alan Rubin (or his affiliated entities). Current Alec Bradley Cigar shareholders will no longer hold any interest in the cigar business after the asset sale. There are certain risks and disadvantages to the reverse merger. These risks and disadvantages include:

- * Online Vacation Center has not experienced substantial growth over the past two years and has an accumulated deficit of \$2,045,504 as of September 30, 2005.
- * our decision to withdraw from our cigar business may be premature.
- * Online Vacation Center's business plan may never be realized and as a result, there may be a decrease in our stock price which would adversely affect the stock ownership value of our shareholders.
- * our current shareholders are subject to immediate and substantial dilution.

Q: WHY IS ONLINE VACATION CENTER PROPOSING THE SHARE EXCHANGE?

A. Online Vacation Center is proposing the share exchange in order to provide its shareholders with greater liquidity through the public stock market. As a public company Online Vacation Center should also have greater access to capital markets for the continued development of its products and services. Online Vacation Center believes that as a public company, its common stock may be used as consideration to acquire other travel company businesses. Online Vacation Center plans to use additional stock issuances in its potential acquisitions, although to date, Online Vacation Center has not acquired any businesses. These stock issuances may cause further dilution to current Alec Bradley Cigar shareholders. Once public, Online Vacation Center shareholders may also have a better ability to liquidate their investment in Online Vacation Center as they will own stock in a public company.

Q: WHY IS ALEC BRADLEY CIGAR PROPOSING THE NAME CHANGE?

A: The name change is contingent upon effectiveness of the share exchange. The name change will accurately reflect the new business of our company.

Q: WHY IS ALEC BRADLEY CIGAR PROPOSING THE AMENDMENT TO THE ARTICLES OF INCORPORATION REMOVING PREEMPTIVE RIGHTS?

A: Alec Bradley Cigar's Articles of Incorporation currently provides that every shareholder, upon the sale for cash of any new stock of the company of the same kind, class, or series as that which he already holds, shall have the right to purchase his pro rata share thereof at the price at which it is offered to others. We believe that such right may delay or prevent future financings or material transactions. The cost of providing for preemptive rights for any future transaction are also a material cost to the company. The amendment is not contingent upon the effectiveness of the share exchange. Online Vacation

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

Center's current business plan is to seek acquisitions that may rely heavily on issuances of common stock and the elimination of preemptive rights may cause further dilution to current Alec Bradley Cigar shareholders.

6

Q: WHY IS ALEC BRADLEY CIGAR PROPOSING THE AMENDMENT TO THE ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF SHARES OF AUTHORIZED COMMON STOCK?

A: The additional shares of authorized common stock may be issued from time to time, as the need may arise, in connection with future opportunities for expanding business through investments, mergers, acquisitions or equity financing and for other purposes. As of the date hereof, we have no plans or proposals for issuing additional shares of common stock except as pursuant to the exchange agreement. While the business plan of Online Vacation Center includes the use of common stock issuances to finance future acquisitions, as of the date of this information statement Online Vacation Center has not entered into any acquisition agreements. In the event that Online Vacation Center enters into an acquisition agreement, additional shares of Alec Bradley Cigar common stock will most likely be issued. While the amendment is a condition of the share exchange it is not contingent upon effectiveness of the share exchange.

Q: WHY IS ALEC BRADLEY CIGAR PROPOSING THE ADOPTION OF THE 2005 MANAGEMENT AND DIRECTOR EQUITY INCENTIVE AND COMPENSATION PLAN?

A: The purpose of the Plan is to advance our interests and those of our stockholders by providing a means of attracting and retaining key employees, directors and consultants. In order to serve this purpose, we believe this Plan encourages and enables key employees, directors and consultants to participate in our future prosperity and growth by providing them with incentives and compensation based on our performance, development and financial success. Participants in the Plan may include our officers, directors, other key employees and consultants who have responsibilities affecting our management, development or financial success. Adoption of the Plan is also a condition of the share exchange, but not contingent upon the effectiveness of the share exchange.

Q: WHAT IS THE CURRENT BUSINESS OF ONLINE VACATION CENTER HOLDINGS, INC.?

A: Online Vacation Center Holdings, Inc., a Florida corporation, is an Internet-based vacation seller located in Plantation, Florida. It was founded in October 2000 by Edward B. Rudner, who has served as its president since inception. Online Vacation Center has approximately 40 employees and revenues of \$6,252,690 in 2004 and \$5,649,406 in 2003. Online Vacation Center has produced net income of \$1,079,295 in 2004 and \$1,393,581 in 2003. Q: WHAT WILL HAPPEN IN THE PROPOSED REVERSE MERGER?

A: Alec Bradley Cigar will sell all of its assets in its cigar operations and amend and restate its articles of incorporation to change its corporate name to Online Vacation Center Corp., remove preemptive rights and increase its authorized capital stock. We will also adopt the Plan. Alec Bradley Cigar's operations and assets will be sold to Alan Rubin in return for 2,700,000 shares of Alec Bradley Cigar common stock held by Mr. Rubin. These shares will be returned to our treasury. In addition, as required under the terms of the asset purchase and share exchange, Mr. Rubin will assume all of Alec Bradley Cigar's obligations incurred prior to the effective date of the reverse merger, including repayment of related party promissory note, which were approximately

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

\$57,974 at September 30, 2005, although the outstanding balance on the promissory note was not a factor in determining the sales price of the cigar business. When the share exchange is consummated, Online Vacation Center will be the surviving entity. Effective on the date of the reverse merger, Edward Rudner or his assignees will purchase 500,000 shares of Alec Bradley Cigar common stock from Bruce Ginsberg, an affiliate of Alec Bradley Cigar, for a purchase price of \$0.90 per share and 75,000 shares of Alec Bradley Cigar common stock from a third party for \$0.20 per share. Also effective as of the date of the reverse merger, Alec Bradley Cigar will issue options to purchase 700,000 shares of Alec Bradley Cigar common stock to Edward Rudner, options to purchase 600,000 shares of Alec Bradley Cigar common stock to Richard Anthony McKinnon and options to purchase 200,000 shares of common stock to Brian Froelich. The options to purchase an aggregate 1,500,000 shares will be exercisable at 110% of the market price of Alec Bradley Cigar's common stock as of the effective date.

Q: WHAT ARE THE IMPLICATIONS OF THE PROPOSALS FOR ALEC BRADLEY CIGAR'S CURRENT BUSINESS?

A: Alec Bradley Cigar will sell all or substantially all of its assets, dispose of its liabilities and no longer own or operate its current cigar business. Current Alec Bradley Cigar shareholders will no longer hold any interest in the cigar business after the asset sale. After the share exchange, Alec Bradley Cigar will conduct the Online Vacation Center's business, under the leadership of Online Vacation Center's current management and the cigar business will continue to be operated by Alec Bradley Cigar's current employees under the ownership of Alan Rubin or his affiliates.

7

The share exchange is a reverse merger in which Online Vacation Center will be the surviving company. As a result of this reverse merger, a change in control in Alec Bradley Cigar will occur. Management of Alec Bradley Cigar will change, as Edward Rudner will replace Alan Rubin as chief executive officer and chief financial officer of the surviving entity. In addition, the board of directors of the surviving entity will consist of Edward Rudner, Richard Anthony McKinnon and Brian Froelich. Current shareholder ownership of Alec Bradley Cigar will be reduced to approximately 9% of the surviving entity. Current shareholders of Alec Bradley Cigar will experience substantial dilution if the reverse merger is completed and will be investors in an online travel services company.

Q: WHAT WILL ONLINE VACATION CENTER SHAREHOLDERS RECEIVE IN THE SHARE EXCHANGE?

A: If the share exchange is consummated, shareholders and debenture holder of Online Vacation Center will receive an aggregate of 15,000,000 shares of Alec Bradley Cigar common stock in exchange for 100% of their interest in Online Vacation Center. Current Alec Bradley Cigar shareholders will not receive any stock or consideration in connection with the reverse merger and will continue to hold stock in Alec Bradley Cigar, which, upon completion of the reverse merger, will be renamed Online Vacation Center Holdings Corp. and will carry on the business of Online Vacation Center. The aggregate ownership interest of current shareholders in the surviving entity will be reduced to approximately 9%.

Q: WHAT ARE THE TERMS OF THE SHARE EXCHANGE?

A: General. Upon the consummation of the transactions contemplated by the share exchange agreement, the Online Vacation Center shareholders and debenture holder will receive an aggregate of 15,000,000 shares of Alec Bradley Cigar common stock and Online Vacation Center will become a wholly owned subsidiary of Alec Bradley Cigar.

Rudner, who is currently the sole director of Online Vacation Center, and Richard Anthony McKinnon and Brian P. Froelich to serve as members of the board of directors until the next annual meeting of the shareholders. Q: HAS ALEC BRADLEY CIGAR RECEIVED A FAIRNESS OPINION?

A: Capitalink, L.C. provided its opinion to Alec Bradley Cigar's board of directors that, as of the date of its opinion, the consideration received by Alec Bradley Cigar in exchange for substantially all of its assets and the share exchange, combined together, is fair from a financial perspective to Alec Bradley Cigar's non-affiliated shareholders. The full text of Capitalink, L.C.'s opinion is attached to this information statement as Appendix E. In reaching its conclusion, Capitalink, L.C. reviewed various corporate and public documents and performed other financial studies and analyses. See "Approval of the Share Exchange Agreement - The Share Exchange Agreement -- Fairness Opinion."

Q: WHAT WILL BE THE ACCOUNTING TREATMENT?

A: Under generally accepted accounting principles the share exchange will be accounted for as a reverse acquisition, with Online Vacation Center as the surviving entity. The assets and liabilities of Online Vacation Center will be carried forward at historical cost.

Q: WHAT ARE THE INTENDED FEDERAL INCOME TAX CONSEQUENCES?

A: It is intended that the share exchange will qualify as a tax-free reorganization within the meaning of Section 368(a)(1)(B) of the Internal Revenue Code of 1986, as amended (the "Code"). It is not expected that the share exchange will result in any federal income tax consequences to shareholders of Alec Bradley Cigar other than any shareholders exercising dissenter's rights under the FBCA. See "Approval of the Share Exchange Agreement -- Certain Federal Income Tax Effects."

Q: IS REGULATORY APPROVAL REQUIRED?

A: Alec Bradley Cigar and Online Vacation Center each believe that no regulatory approvals are or will be required in connection with the share exchange.

Q: WILL ALEC BRADLEY CIGAR'S COMMON STOCK CONTINUE TO BE QUOTED ON THE OVER THE COUNTER BULLETIN BOARD (OTCBB)?

A: Currently, our common stock is quoted on the OTCBB. The completion of the sale of assets, share exchange and other proposals should have no effect on the quotation of our common stock on the OTCBB.

Q: WHEN WILL THE SALE OF ASSETS AND SHARE EXCHANGE OCCUR?

A: We plan to complete the sale of assets, share exchange and other proposals as soon as possible after the mailing of this information statement, subject to the satisfaction or waiver of the conditions to the asset purchase agreement with Mr. Rubin, and the share exchange agreement with Online Vacation Center. Although we cannot predict exactly when all conditions will be satisfied or waived, we hope to complete the transactions during the fourth fiscal quarter of 2005. The share exchange agreement provides for termination if the share

10

exchange is not consummated by March 15, 2006, unless the both parties agree to a later date.

Q: WHAT WILL HAPPEN IF THE ASSET SALE AND SHARE EXCHANGE ARE NOT CONSUMMATED?

PROPOSAL ONE: SALE OF ASSETS

The following discussion summarizes certain aspects of the proposal to sell all or substantially all of Alec Bradley Cigar's assets to Alan Rubin or an entity beneficially owned by Mr. Rubin. The following is not a complete statement of the terms of the asset purchase agreement and is qualified in its entirety by the asset purchase agreement, a copy of which is attached as Appendix A.

GENERAL

The asset purchase agreement provides for the sale of all of the assets of Alec Bradley Cigar to Alan Rubin for a total purchase price of 2,700,000 shares of Alec Bradley Cigar common Stock. Mr. Rubin is the principal shareholder and sole executive officer and director of Alec Bradley Cigar. The closing of the asset purchase agreement, which includes the sale of assets and

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

liabilities to Mr. Rubin, is a condition of the share exchange with Online Vacation Center, a travel services company. The consummation of these transactions will result in a reverse merger and Online Vacation Center will be the surviving entity. There will be a change of control and current shareholders will be substantially diluted.

Online Vacation Center shareholders will receive an aggregate of 15,000,000 shares of Alec Bradley Cigar common stock in exchange for their interests in Online Vacation Center. The shares of common stock issued pursuant to the share exchange will contain the same rights, terms and preferences as Alec Bradley Cigar's currently issued and outstanding shares of common stock. The par value of Alec Bradley Cigar common stock is \$.0001 per share. The holders of Alec Bradley Cigar common stock are entitled to one vote for each share held of record on all matters to be voted on by shareholders. There is no cumulative voting with respect to the election of directors, with the result that the holders of more than 50% of the shares voted for the election of directors can elect all of the directors. The holders of Alec Bradley Cigar common stock are entitled to receive dividends when, as and if declared by the board of directors out of legally available funds. Alec Bradley Cigar has not paid dividends since its inception. In the event of Alec Bradley Cigar's liquidation, dissolution or winding up, the holders of common stock are entitled to share ratably in all assets remaining available for distribution to them after payment of liabilities and after provision has been made for each class of stock, if any, having preference over the common stock. Holders of shares of common stock, as such, have no conversion or other subscription rights, and there are no redemption provisions applicable to common stock. The common shares currently have preemptive rights; however, such rights will be revoked under Proposal 2. All of the outstanding shares of common stock are, and the shares of common stock to be issued pursuant to the share exchange, will be duly authorized, validly issued, fully paid and nonassessable. Alec Bradley Cigar is also authorized to issue up to 1,000,000 shares of preferred stock, the rights, preferences and designations of such shares to be determined by the board of directors of Alec Bradley Cigar. There are currently no shares of preferred stock issued or outstanding.

Pursuant to Proposal 2 discussed in this information statement, the articles of incorporation of Alec Bradley Cigar will be amended to remove preemptive rights. Therefore, upon the execution of the reverse merger, current Alec Bradley Cigar stockholders will no longer have preemptive rights. A preemptive right is the right of current shareholders to maintain their fractional ownership of a company by buying a proportional number of shares of any future issue of common stock. The elimination of preemptive rights is discussed under Proposal 2. There will be no other material differences in shareholder rights as a result of the reverse merger.

REASONS FOR SALE OF ASSETS

The disposition of all of Alec Bradley Cigar's assets is a condition to the consummation of the share exchange, as described in this information statement.

15

ASSET PURCHASE AGREEMENT

Pursuant to the share exchange, Alec Bradley will dispose of all its assets and liabilities under an asset purchase agreement with Alan Rubin. In consideration of the cigar operations and assets, Mr. Rubin will tender 2,700,000 of his shares of Alec Bradley Cigar common stock. Such shares will be cancelled by Alec Bradley Cigar. In addition, as required under the terms of the asset purchase agreement, Mr. Rubin will assume all of Alec Bradley Cigar's obligations incurred prior to the effective date of the reverse merger. Assumption of the obligations was not a factor in determining the sales price of

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

the cigar business. You are urged to review the asset purchase agreement, a copy of which is incorporated in and attached to this information statement as Appendix A, for a complete statement of the terms of the sale of assets.

EFFECTIVE DATE AND CONSEQUENCES OF THE SALE OF ASSETS

The effective time of the sale of assets will immediately precede the closing of the share exchange. Upon the consummation of the sale of assets, Alec Bradley Cigar will no longer import and distribute cigars and Alec Bradley Cigar shareholders will no longer own an investment in the cigar business.

RIGHTS OF DISSENTING SHAREHOLDERS

The proposed sale of assets is a corporate action which gives rise to dissenters' rights under the FBCA. A summary and discussion of dissenters' rights available to Alec Bradley Cigar shareholders is set forth in this information statement under the heading "Rights of Dissenting Shareholders." Dissenters' rights under the FBCA are attached to this information statement as Appendix F.

FAIRNESS OPINION

The board of directors engaged Capitalink, L.C. to perform a fairness evaluation of the sale of assets and share exchange. Capitalink, L.C. has been engaged in the valuation of businesses and their securities in connection with share exchanges and acquisitions, public and private financing, and valuations for estate, corporate and other purposes. The fairness opinion is attached to this information statement as Appendix E. The opinion is discussed below.

INTERESTS OF CERTAIN ENTITIES

In considering the sale of assets, you should be aware that Alan Rubin currently owns approximately 2,895,000 shares of the Alec Bradley Cigar outstanding common stock. Therefore, Mr. Rubin, as a shareholder of Alec Bradley Cigar, has interests in the sale of assets in addition to, and different from, the interests of Alec Bradley Cigar's shareholders generally.

BACKGROUND OF THE SHARE EXCHANGE

The following information describes the material aspects of the share exchange. This description does not purport to be complete and is qualified in its entirety by reference to the appendices attached hereto, including the share exchange agreement, which is attached to this information statement as Appendix B and is incorporated herein by reference. You are urged to read Appendix B in its entirety. On the closing date of the share exchange agreement, Alec Bradley Cigar will receive 100% of the outstanding shares of Online Vacation Center common stock in exchange for 15,000,000 shares of Alec Bradley Cigar common stock. The share exchange is a reverse merger in which Online Vacation Center will be the surviving entity. In early 2005, Alec Bradley Cigar's board of directors began considering and evaluating the economic conditions for Alec Bradley Cigar and began to evaluate restructuring alternatives. Shortly thereafter, Alec Bradley Cigar was introduced to Online Vacation Center and the parties entered into a non-binding letter of intent to facilitate a share exchange between the companies. The parties executed the share exchange agreement on August 25, 2005. The share exchange and non-binding letter of intent are the only agreements entered into by and between Alec Bradley Cigar

and Online Vacation Center. Except as otherwise disclosed in this information statement there are no past contacts, transactions or negotiations with Online Vacation Center.

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

If for any reason the share exchange and asset sale are not consummated, Alec Bradley Cigar will continue to own and operate its current cigar business. Alec Bradley Cigar currently has no other plan or intentions to enter into another merger or reverse merger transaction.

REASONS FOR THE SHARE EXCHANGE

Currently, Alec Bradley Cigar does not have cash flow or borrowing capacity sufficient to pay for the costs and fees of expansion. Moreover, because of illiquidity in its stock, Alec Bradley Cigar's stock has not been sufficiently attractive to serve as currency to fund its growth. As an OTCBB quoted company, Alec Bradley Cigar has been unable to raise capital through equity offerings because it has had no institutional interest in its stock. Having determined that it no longer has a ready means by which to fund future growth central to its business plan, the board of directors has determined that it is in Alec Bradley Cigar's best interests to dispose of all or substantially all of Alec Bradley Cigar's current operations. The board of directors believes that if the reverse merger is completed, Alec Bradley Cigar's shareholders are more likely to realize increased value, because its share price may increase as a result of the business and results of operations of the surviving entity.

The decision by Online Vacation Center's board of directors and shareholders to enter into the share exchange agreement is based upon their belief that funding sources and access to capital markets are more readily available to Online Vacation Center as a public company with a trading market for its common stock than if it remained a private company. Online Vacation Center also believes that as a public company its common stock may be used as consideration for the acquisition of other travel companies. Alec Bradley Cigar's common stock has not historically been sufficient to serve as currency because its common stock has and continues to trade at less than \$1.00 per share with limited liquidity. Online Vacation Center believes that the new business and potential growth for the surviving business operations will generate greater investor interest and increased liquidity in the publicly trading stock, making it more attractive to serve as currency for the surviving company. Online Vacation Center believes that national online travel services will generate significantly more investor interest than a regional cigar distribution company. However, if the stock continues to trade at historical levels with limited liquidity, Online Vacation Center may be unable to make future acquisitions or may be required to change its acquisition strategy. Another factor for Online Vacation Center in entering into the share exchange agreement is that as a public company, its shareholders will be better able to sell all or a part of their common stock because there may be a public market for the common stock of Online Vacation Center.

THE SHARE EXCHANGE AGREEMENT

General Terms

The share exchange agreement provides that, upon the satisfaction or waiver of certain conditions, the holders of all 171,429 shares of Online Vacation Center and the holder of \$3,000,000 Online Vacation Center debentures will exchange their interests in Online Vacation Center for an aggregate of 15,000,000 shares of Alec Bradley Cigar common stock. Of the 15,000,000 shares of Alec Bradley Cigar common stock to be issued, the debenture holder will receive 1,500,310 shares.

As reflected in the pro forma financial information included in this information statement, upon the effectiveness of the reverse merger there will no longer be outstanding Online Vacation Center debentures. While the debentures have no terms of conversion, in anticipation of the share exchange, Online

Vacation Center and the debenture holder negotiated the exchange of the debentures. Online Vacation Center and the debenture holder have entered into a written agreement that provides that immediately prior to the effectiveness of the share exchange, the debentures will be exchanged. In the event that the share exchange is not completed, the debentures will remain outstanding. The shares will be issued pursuant to the exemption from registration provided by Section 4(2) of the Securities Act. An aggregate of ten individuals and entities will receive shares of common stock pursuant to the share exchange. The individuals and entities are all accredited. The individuals and entities have received current information about Alec Bradley Cigar and the reverse merger and have had an opportunity to ask questions about Alec Bradley Cigar and the reverse merger. All shares of common stock issued pursuant to the share exchange will contain legends restricting transferability absent registration or applicable exemption.

Following the share exchange, Online Vacation Center will be the surviving entity. It is anticipated that if all conditions of the share exchange have been satisfied or waived, the share exchange will be completed within 20 days of the mailing of this information statement. The delay in fulfilling any condition of the share exchange could delay the completion of the share exchange or result in the termination of the share exchange agreement.

Effects of the Share Exchange

The share exchange will be accounted for as a reverse acquisition, with Online Vacation Center as the surviving entity. At the effective time of the share exchange, all outstanding shares of Online Vacation Center common stock and Online Vacation Center debentures will be exchanged for an aggregate of 15,000,000 shares of Alec Bradley Cigar common stock. Following the share

17

exchange and assuming Alec Bradley Cigar's sale of assets, Online Vacation Center will be a wholly-owned subsidiary of Alec Bradley Cigar.

Upon the exchange of all shares of Online Vacation Center common stock and exchange of all \$3,000,000 of outstanding Online Vacation Center debentures, the aggregate number of shares of Alec Bradley Cigar common stock issuable to the shareholders and debenture holder of Online Vacation Center will be 15,000,000, or approximately 90% of the Alec Bradley Cigar common stock outstanding immediately after the effective time of the share exchange. As a result, the shareholders of Online Vacation Center will have significant control over Alec Bradley Cigar. In connection with the share exchange, there were not any specific terms of exchange on a per share basis. Instead, 15,000,000 shares were to be exchanged for the business of Online Vacation Center after the exchange of the debentures and the number of shares to be received by each shareholder and debenture holder was agreed to by negotiations by and between the shareholders and debenture holder.

Fractional Shares

No fractional shares of Alec Bradley Cigar common stock shall be issued in exchange for shares of Online Vacation Center common stock. In lieu thereof, fractional shares shall be rounded up to the nearest whole number.

PENNY STOCK RULES

Alec Bradley Cigar's common stock is subject to the Penny Stock Rules promulgated under the Securities Exchange Act of 1934. These rules regulate broker-dealer practices in connection with transactions in "penny stocks." Penny stocks generally are equity securities with a price of less than \$5.00 (other than securities registered on certain national securities exchanges or quoted on the NASDAQ system, provided that current price and volume information with respect to transactions in such securities is provided by the exchange or system). The Penny Stock Rules require a broker-dealer, prior to a transaction in a penny stock not otherwise exempt from the rules, to deliver a standardized risk disclosure document prepared by the SEC that provides information about penny stocks and the nature and level of risks in the penny stock market. The broker-dealer also must provide the customer with current bid and offer quotations for the penny stock, the compensation of the broker-dealer and its salesperson in the transaction, and monthly account statements showing the market value of each penny stock held in the customer's account. The bid and offer quotations, and the broker dealer and salesperson compensation information, must be given to the customer orally or in writing prior to effecting the transaction and must be given to the customer in writing before or with the customer's confirmation.

In addition, the Penny Stock Rules require that prior to a transaction in a penny stock not otherwise exempt from such rules, the broker and/or dealer must make a special written determination that the penny stock is a suitable investment for the purchaser and receive the purchaser's written agreement to the transaction. These disclosure requirements may have the effect of reducing the trading activity in the secondary market for Alec Bradley Cigar's common stock.

FAIRNESS OPINION

Capitalink has been advised that, pursuant to the asset purchase agreement, dated as of August 25, 2005 by and between Alec Bradley Cigar and Alan Rubin or his assigns, Mr. Rubin will exchange 2,700,000 shares of Alec Bradley Cigar's common stock for substantially all of Alec Bradley Cigar's assets and substantially all of its liabilities (the "Rubin Transaction"). Capitalink has been further advised that, in conjunction with the Rubin Transaction, and pursuant to the share exchange agreement, dated as of August 25, 2005, by and among Alec Bradley Cigar, Online Vacation Center, and the stockholders of Online Vacation Center, Alec Bradley Cigar will acquire 100% of the issued and outstanding capital stock of Online Vacation Center in exchange for the issuance by Alec Bradley Cigar of 15,000,000 shares (the "OVC Transaction") to the Online Vacation Center stockholders. The Rubin Transaction and the OVC Transaction are hereinafter collectively, the "Transaction".

Capitalink has been retained to render an opinion as to whether, on the date of such opinion, the Transaction is fair, from a financial point of view, to Alec Bradley Cigar's nonaffiliated stockholders.

Capitalink made a presentation to Alec Bradley Cigar's board of directors on September 30, 2005 and subsequently delivered its written opinion to the board of directors, which stated that, as of September 30, 2005, and based upon and subject to the assumptions made, matters considered, and limitations on its review as set forth in the opinion, the Transaction is fair, from a financial point of view, to the nonaffiliated stockholders. The full text

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

of the written opinion of Capitalink is attached as Appendix E and is incorporated by reference into this information statement.

- o You are urged to read the Capitalink opinion carefully and in its entirety for a description of the assumptions made, matters considered, procedures followed and limitations on the review undertaken by Capitalink in rendering its opinion.
- o Capitalink was not requested to opine as to, and the opinion does not in any manner address, the relative merits of the Transaction as compared to any alternative business strategy that might exist for Alec Bradley Cigar, Alec Bradley Cigar's underlying business decision to proceed with the Transaction, and other alternatives to the Transaction that might exist for Alec Bradley Cigar.
- o Capitalink opined with respect to the entire Transaction pursuant to which 2,700,000 shares of Alec Bradley Cigar stock are to be exchanged by Mr. Rubin for the noted assets, and 15,000,000 shares of Alec Bradley Cigar stock are to be issued in exchange for a wholly owned interest in Online Vacation Center. In this regard, the analyses undertaken do not provide a conclusion as to a proposed number of Alec Bradley Cigar shares to be issued (note that Capitalink was not involved in the negotiation of the transaction or the derivation of the number of shares to be exchanged by Mr. Rubin and issued to acquire a wholly owned interest in Online Vacation Center), but rather a determination of the fairness of the Transaction after it was negotiated by the parties. The opinion that the transaction is fair to the nonaffiliated shareholders is based on the ranges of value of each of Alec Bradley Cigar and Online Vacation Center and the shareholdings of the nonaffiliated shareholders prior to the Transaction versus the proposed holdings subsequent to the Transaction.

In arriving at its opinion, Capitalink took into account an assessment of general economic, market and financial conditions, as well as its experience in connection with similar transactions and securities valuations generally. In so doing, among other things, Capitalink:

- o Reviewed the asset purchase agreement and the share exchange agreement.
- o Reviewed publicly available financial information and other data with respect to Alec Bradley Cigar, including the Annual Report on Form 10-KSB for the year ended December 31, 2004, the amended Annual Report on 10-KSB/A for the year ended December 31, 2004, the Quarterly Report on Form 10-QSB for the six months ended June 30, 2005, and the Current Report on Form 8-K dated August 25, 2005.
- o Reviewed non-public financial information and other data with respect to Alec Bradley Cigar, including the internal financial statements for the eight months ended August 31, 2005.

Capitalink also performed such other analyses and examinations as it deemed appropriate and held discussions with Alec Bradley Cigar and Online Vacation Center management in relation to certain financial and operating information furnished to Capitalink, including financial analyses with respect to their respective business and operations.

In arriving at its opinion, Capitalink relied upon and assumed the accuracy and completeness of all of the financial and other information that was used without assuming any responsibility for any independent verification of any such information. Further, Capitalink relied upon the assurances of Alec Bradley Cigar and Online Vacation Center management that they were not aware of any facts or circumstances that would make any such information inaccurate or misleading. With respect to the financial information and projections utilized, Capitalink assumed that such information has been reasonably prepared on a basis reflecting the best currently available estimates and judgments, and that such information provides a reasonable basis upon which it could make an analysis and form an opinion. Capitalink did not make a physical inspection of the properties

and facilities of Alec Bradley Cigar and Online Vacation Center and did not make or obtain any evaluations or appraisals of either company's assets and liabilities (contingent or otherwise). In addition, Capitalink did not attempt to confirm whether Alec Bradley Cigar and Online Vacation Center had good title to their respective assets. Capitalink assumed that the Transaction will be consummated in a manner that complies in all respects with the applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and all other applicable federal and state statutes, rules and regulations. Capitalink assumes that each of the Rubin Transaction, the OVC Transaction and the Transaction will be consummated substantially in accordance with the terms set forth in the asset purchase agreement and share exchange agreement, without any further amendments thereto, and that any amendments, revisions or waivers thereto will not be detrimental to the stockholders of Alec Bradley Cigar.

Capitalink's opinion is necessarily based upon market, economic and other conditions as they existed on, and could be evaluated as of, September 30, 2005. Accordingly, although subsequent developments may affect its opinion, Capitalink has not assumed any obligation to update, review or reaffirm its opinion.

In connection with rendering its opinion, Capitalink performed certain financial, comparative and other analyses as summarized below. Each of the analyses conducted by Capitalink was carried out to provide a different perspective on the Transaction, and to enhance the total mix of information available. Capitalink did not form a conclusion as to whether any individual analysis, considered in isolation, supported or failed to support an opinion as to the fairness of the Transaction, from a financial point of view, to the nonaffiliated stockholders. Further, the summary of Capitalink's analyses described below is not a complete description of the analyses underlying Capitalink's opinion. The preparation of a fairness opinion is a complex process involving various determinations as to the most appropriate and relevant methods

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

of financial analysis and the application of those methods to the particular circumstances and, therefore, a fairness opinion is not readily susceptible to partial analysis or summary description. In arriving at its opinion, Capitalink made qualitative judgments as to the relevance of each analysis and factor that it considered. In addition, Capitalink may have given various analyses more or less weight than other analyses, and may have deemed various assumptions more or less probable than other assumptions, so that the range of valuations resulting from any particular analysis described above should not be taken to be Capitalink's view of the value of Alec Bradley Cigar's assets. The estimates contained in Capitalink's analyses and the ranges of valuations resulting from any particular analysis are not necessarily indicative of actual values or actual future results, which may be significantly more or less favorable than suggested by such analyses. In addition, analyses relating to the value of businesses or assets neither purport to be appraisals nor do they necessarily reflect the prices at which businesses or assets may actually be sold. Accordingly, Capitalink's analyses and estimates are inherently subject to substantial uncertainty. Capitalink believes that its analyses must be considered as a whole and that selecting portions of its analyses or the factors it considered, without considering all analyses and factors collectively, could create an incomplete and misleading view of the process underlying the analyses performed by Capitalink in connection with the preparation of its opinion.

The analyses performed were prepared solely as part of Capitalink's analysis of the fairness, from a financial point of view, of Transaction to the nonaffiliated stockholders, and were provided to Alec Bradley Cigar's board of directors in connection with the delivery of Capitalink's opinion. The opinion of Capitalink was just one of the many factors taken into account by Alec Bradley Cigar's board of directors in making its determination to approve the Transaction, including those described elsewhere in this information statement.

Alec Bradley Cigar Financial Review

Capitalink undertook a review of Alec Bradley Cigar's historical financial data in order to understand and interpret its operating and financial performance and strength. Capitalink reviewed Alec Bradley Cigar's historical financial data for the five fiscal years ("FY") ended December 31, 2004 and the eight months ended August 31, 2005 and noted the following:

27

- o Revenue increased significantly from FY2000 to FY2003 from approximately \$0.5 million to approximately \$2.4 million, representing a compound average growth rate of 68.7%. However, since FY2003, revenue growth has slowed with the latest twelve month ("LTM") revenue for the period ended August 31, 2005 at approximately \$2.5 million. The growth in sales prior to FY2003 was primarily due to efforts to increase distribution channels to a wider range of wholesale distributors and retailers and increased sales and marketing.
- o Alec Bradley Cigar's earnings before interest tax, depreciation and amortization ("EBITDA") improved significantly along with the increase in revenues from FY2000 to FY2003 from approximately \$(170,000) to approximately \$138,000. EBITDA for the LTM period ended August 31, 2005 was approximately \$75,000. The EBITDA margin also fell from its high of 5.8% in FY2003, to approximately 2.9% for the LTM period ended August 31, 2005.
- o As of August 31, 2005, Alec Bradley Cigar had approximately \$53,000 in cash and \$78,000 in notes payable owed to Mr. Rubin. The note is payable in monthly installments of \$10,000 plus accrued interest at 5%, and matures in December 2005.
- o Alec Bradley Cigar has also negotiated with its suppliers extended credit terms for new products being developed through these suppliers. Company management believes that the cash generated

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

from operations and credit terms and loans from its president will enable Alec Bradley Cigar to satisfy its short term working capital requirements.

Alec Bradley Cigar Stock Performance Review

Capitalink reviewed the daily closing market price and trading volume of Alec Bradley Cigar's common stock during the period prior to the announcement, and after the announcement of the Transaction. Capitalink noted the following:

- o In the pre-announcement period, Alec Bradley Cigar's stock had a significantly lower trading volume than during the post-announcement period as evidenced by the mean daily number of shares traded of 1,137 and 23,677 shares, respectively. Capitalink also noted that for the twenty four month period prior to the announcement of the Transaction, Alec Bradley Cigar's common stock did not trade in approximately 88.9% of the available trading days.
- o In the twelve months prior to the announcement date, Alec Bradley Cigar's mean share price was approximately \$0.176 and ranged from a high of \$0.35 to a low of \$0.05 over the period. In comparison, the period from the announcement date and September 23, 2005, Alec Bradley Cigar's mean share price was approximately \$0.44 and ranged from a high of \$0.60 and a low of \$0.35. Capitalink noted the increase in Alec Bradley Cigar's share price reflects the market's positive view of the Transaction.

Online Vacation Center Financial Review

Capitalink undertook a review of Online Vacation Center's historical financial data in order to understand and interpret its operating and financial performance and strength. Online Vacation Center's revenue and earnings have been adjusted to remove any unusual or extraordinary sources of revenue and expenses. The adjustments provide a more accurate portrayal of their underlying operating earnings and financial performance. Capitalink reviewed Online Vacation Center's historical financial data for the two fiscal years ended December 31, 2004 and the six months ended June 30, 2005 and noted the following:

- o From FY2003 to FY2004, Online Vacation Center's total revenue increased from approximately \$5.6 million to approximately \$6.3 million. Total revenue for the LTM period ended June 30, 2005 was approximately \$7.4 million.
- o Online Vacation Center's EBITDA fell from approximately \$1.9 million in FY2003 to approximately \$1.1 million in FY2004, primarily due to increased sales and marketing expenses during the year. EBITDA for the LTM period ended June 30, 2005, improved to approximately \$1.5 million.
- o As of June 30, 2005, Online Vacation Center had approximately \$2.4 million in cash and equivalents (including \$0.3 million in restricted cash).

28

- o Online Vacation Center also has \$3.0 million in subordinate debentures outstanding. Interest on the subordinate debentures accrues at 8% per annum and payable on a quarterly basis on December 31, March 31, June 30, and September 30 of each year that the subordinated debentures remain outstanding. Online Vacation Center management has indicated that there will be no debt at the closing of the Transaction. It is anticipated that the subordinated debentures will be converted into Online Vacation

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

- Center common stock and any outstanding accrued interest will be paid prior to the closing of the Transaction.
- o Online Vacation Center also has an outstanding settlement obligation payable related to a settlement agreement reached with a travel company whereby Online Vacation Center paid \$200,000 and agreed to pay \$175,000 over twenty months commencing January 2005 with interest on the outstanding balance at 8% per annum. As of August 30, 2005, the balance owed on the settlement was approximately \$114,000. Online Vacation Center management has indicated that this obligation will be settled prior to the closing of the Transaction.
- o The employment agreement of Online Vacation Center's director and CEO, Edward Rudner, entitles payment of compensation and other benefits to Mr. Rudner of approximately \$637,551 for FY2005. Capitalink understands that as part of the Transaction, Mr. Rudner will enter into a new employment agreement that will reduce the amount paid to Mr. Rudner and will positively impact Online Vacation Center's profitability after completion of the Transaction.

Pro Forma Capitalization and Stockholder Ownership Review

In order to better understand the Transaction and its impact on the capitalization and stockholder ownership of Alec Bradley Cigar, Capitalink reviewed Alec Bradley Cigar's estimated pro forma capitalization and pro forma securities ownership. Based upon the pro forma review, Capitalink noted the following:

- o The Transaction will result in an increase in the number of shares outstanding from approximately 4.5 million shares to approximately 16.8 million shares.
- o The estimated book value per share will increase from approximately \$0.06 to approximately \$0.20.
- o Alec Bradley Cigar will have no debt outstanding after completion of the Transaction.
- o The nonaffiliated stockholders' ownership in Alec Bradley Cigar will be reduced from approximately 24.6% to approximately 6.6% after completion of the Transaction.
- o The Online Vacation Center stockholders will own approximately 89.3% of the total common stock outstanding after completion of the Transaction.
- o The Online Vacation Center stockholders will further increase their ownership to 92.7% after completion of the acquisition of 575,000 shares from Bruce Ginsberg and other parties, in a private transaction for approximately \$0.44 million.

Valuation Overview

In order to determine if the Transaction was fair, from a financial point of view, to Alec Bradley's nonaffiliated stockholders, Capitalink compared the indicated value of their holdings before and after the Transaction. Capitalink first determined the indicated equity value range of both Alec Bradley Cigar and Online Vacation Center, and then multiplied these indicated equity value ranges with the nonaffiliated stockholder ownership interest before and after the Transaction, respectively.

Capitalink utilized several valuation methodologies and analyses to determine range of equity values for both Alec Bradley Cigar and Online Vacation Center, including the comparable company and the comparable transaction analyses (all of which are discussed in more detail hereinafter).

Alec Bradley Indicated Value Range Summary

	Equity Value (\$000)	
Comparable Company Analysis	\$400	-
Comparable Transaction Analysis	\$300	-
Indicated Value Range	\$350	-

Comparable Transaction Analysis	\$7,600	-	\$11
Indicated Value Range	\$8,650	-	\$12
Post -Transaction Indicated Nonaffiliated Stockholder's Interest	\$ 569	-	\$

Capitalink noted that as a result of the Transaction, the indicated equity value range of Alec Bradley Cigar's nonaffiliated stockholders' ownership would increase substantially, therefore, the Transaction is expected to be accretive to Alec Bradley Cigar's nonaffiliated stockholders.

The following sections provide a more detailed overview of the valuation analyses undertaken by Capitalink for Alec Bradley Cigar and Online Vacation Center.

Alec Bradley Cigar Comparable Company Analysis

A selected comparable company analysis reviews the trading multiples of publicly traded companies that are similar to Alec Bradley Cigar with respect to business and revenue model, operating sector, size and target customer base.

Because of the unique characteristics of Alec Bradley Cigar and the limited availability of appropriate comparable companies involved only in the distribution of cigars or other tobacco products, Capitalink derived two sets of comparable companies:

- o "Distribution Comparable Companies"- includes publicly listed companies that are involved in the wholesale distribution of consumer discretionary products.
- o "Tobacco Comparable Companies" - includes publicly listed companies that are involved in the manufacture and distribution of tobacco products.

Capitalink located four Distribution Comparable Companies. All of the companies are substantially larger than Alec Bradley Cigar both in terms of revenue and enterprise value. Capitalink prepared analyses of each of the

Distribution Comparable Companies and noted the following with respect to the multiples generated:

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

- o The enterprise value to LTM revenue multiple ranged from 0.13 times to 1.11 times, with a mean of 0.42 times.
- o The enterprise value to LTM EBITDA multiple ranged from 12.8 times to 42.9 times, with a mean of 25.2 times.

Capitalink located four Tobacco Comparable Companies. All of the companies are substantially larger than Alec Bradley Cigar, both in terms of revenue and enterprise value. Capitalink prepared analyses of each of the Tobacco Comparable Companies and noted the following with respect to the multiples generated:

- o The enterprise value to LTM revenue multiple ranged from 1.02 times to 3.13 times, with a mean of 2.36 times.
- o The enterprise value to LTM EBITDA multiple ranged from 6.3 times to 10.2 times, with a mean of 8.6 times.

Capitalink selected an appropriate multiple range for Alec Bradley Cigar by examining the range indicated by the Distribution Comparable Companies and Tobacco Comparable Companies and then applied this multiple range to Alec Bradley Cigar's LTM revenue and LTM EBITDA.

Capitalink expects Alec Bradley Cigar to be valued at a revenue multiple around the mean of the Distribution Comparable Companies due to Alec Bradley Cigar's similar EBITDA margin. In addition, Capitalink expects Alec Bradley Cigar's EBITDA multiple to follow the Tobacco Comparable Companies (as opposed to the Distribution Comparable Companies) due to their similar long term growth characteristics. In selecting the multiples, Capitalink also took into account Alec Bradley Cigar's smaller size, specialized product line, limited distribution channels and limited capital sources.

Based on the above factors, the multiple ranges selected for Alec Bradley Cigar were as follows:

- o Between 0.20 and 0.35 times LTM revenue.
- o Between 6.0 and 8.0 times LTM EBITDA.

Based on the selected multiple ranges, Capitalink calculated a range of enterprise values for Alec Bradley Cigar. Capitalink then deducted net debt of approximately \$25,000 (which includes approximately \$78,000 in interest bearing debt and approximately \$53,000 in cash) to derive an indicated equity value range of approximately \$0.4 million to approximately \$0.9 million.

None of the Comparable Companies have characteristics identical to Alec Bradley Cigar. An analysis of publicly traded comparable companies is not mathematical; rather it involves complex consideration and judgments concerning differences in financial and operating characteristics of the Comparable Companies and other factors that could affect the public trading of the Comparable Companies.

Alec Bradley Cigar Comparable Transaction Analysis

A comparable transaction analysis is based on a review of merger, acquisition and asset purchase transactions involving target companies that are in related industries to Alec Bradley Cigar. The comparable transaction analysis generally provides the widest range of value due to the varying importance of an acquisition to a buyer (i.e., a strategic buyer willing to pay more than a financial buyer) in addition to the potential differences in the transaction process (i.e., competitiveness among potential buyers).

As in the Comparable Company Analysis, Capitalink derived two sets of

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

comparable transactions:

- o "Distribution Transactions" - includes those transactions involving target companies that are involved in the wholesale distribution of consumer discretionary products.
- o "Tobacco Transactions" - includes those transactions involving target companies that are involved in the manufacturing and distribution of Tobacco products.

Based on the information disclosed with respect to the targets in the each of the Distribution Transactions and Tobacco Transactions, Capitalink calculated and compared the enterprise values as a multiple of LTM revenue and LTM EBITDA.

Capitalink located two Distribution Transactions announced since January 2003 and for which detailed financial information was available. A review of the Distribution Transactions indicates that the enterprise value to LTM revenue multiple ranged from 0.21 times to 0.65 times with a mean of 0.43 times. Only one of the Distribution Transactions generated an EBITDA multiple of 3.1 times.

Capitalink located five Tobacco Transactions announced since January 2003 and for which detailed financial information was available. A review of the Tobacco Transactions indicates that:

- o The enterprise value to LTM revenue multiple ranged from 0.47 times to 1.70 times with a mean of 1.05 times.
- o The enterprise value to LTM EBITDA multiple ranged from 5.8 times to 22.5 times with a mean of 13.6 times.

Capitalink selected an appropriate multiple range for Alec Bradley Cigar by examining the range indicated by the Distribution Transactions and Tobacco Transactions and then applied this multiple range to Alec Bradley Cigar's LTM revenue and LTM EBITDA.

Capitalink expects Alec Bradley Cigar's multiples to be trading below the comparable transactions given Alec Bradley Cigar's smaller size, specialized product line, limited distribution channels, limited capital sources and growth prospects. Based on these factors, the multiple ranges selected for Alec Bradley Cigar were as follows:

- o Between 0.25 and 0.40 times LTM revenue.
- o Between 6.0 and 8.0 times LTM EBITDA.

Based on the selected multiple ranges, Capitalink calculated a range of enterprise values for Alec Bradley Cigar. Capitalink then deducted net debt of approximately \$25,000 (which includes approximately \$78,000 in interest bearing debt and approximately \$53,000 in cash) to derive an indicated equity value range, on a controlling interest basis, of approximately \$425,000 to approximately \$996,000.

Capitalink applied a minority interest discount of 22% in order to obtain an equity value range for Alec Bradley Cigar on a marketable minority basis of between approximately \$300,000 and approximately \$800,000. The selected minority interest discount is based on the Mergerstat/Shannon Pratt's Control Premium Study which determined a mean control premium of 28.1% utilizing data for the first six months of 2005.

A review of target companies provides Capitalink with an understanding of the acquisition multiples of companies in similar industries to Alec Bradley Cigar; however, none of the target companies in the Comparable Transactions have characteristics identical to Alec Bradley Cigar. Accordingly, an analysis of

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

comparable business combinations is not mathematical; rather it involves complex considerations and judgments concerning differences in financial and operating characteristics of the target companies in the Comparable Transactions and other factors that could affect the respective acquisition values.

32

Online Vacation Center Comparable Company Analysis

A selected comparable company analysis reviews the trading multiples of publicly traded companies that are similar to Online Vacation Center with respect to business and revenue model, operating sector, size and target customer base.

Capitalink located five companies that it deemed comparable to Online Vacation center with respect to their industry sector and operating model (the "OVC Comparable Companies"). All of the OVC Comparable Companies provide travel agency services and the provision of vacation and travel reservations either through their website, phone, or offices. All of the OVC Comparable Companies are classified under the SIC code 4724 (Travel Agencies).

Capitalink noted that most of the OVC Comparable Companies report total transaction value (i.e. the total value of the each trip booked) as their total revenue. In comparison, Online Vacation Center reports net revenues/commissions as their revenue. Because of the differences in how revenue is reported, Capitalink adjusted the analysis to include a comparison of net revenues rather than total gross revenue.

Most of the OVC Comparable Companies are substantially larger than Online Vacation Center in terms of net revenue. Capitalink prepared analyses of each of the OVC Comparable Companies and noted the following with respect to the multiples generated:

- o The enterprise value to LTM net revenue multiple ranged from 0.72 times to 4.91 times, with a mean of 3.10 times.
- o The enterprise value to LTM EBITDA multiple ranged from 6.0 times to 10.2 times, with a mean of 7.5 times.

Capitalink selected an appropriate multiple range for Online Vacation Center by examining the range indicated by the OVC Comparable Companies and then applied this multiple range to Online Vacation Center's LTM net revenue and LTM EBITDA. Capitalink utilized net revenue and EBITDA for the LTM period ended June 30, 2005. The LTM EBITDA was also adjusted for estimated public company costs of \$50,000 for comparison purposes.

Capitalink expects Online Vacation Center's revenue multiples to be significantly below the mean of the OVC Comparable Companies due to its lower EBITDA margins. Capitalink also expects Online Vacation Center's EBITDA multiple to be slightly below the mean of the OVC Comparable Companies due to their smaller size, limited customer focus and limited service offerings.

Based on the above factors, the multiple ranges selected for Alec Bradley Cigar were as follows:

- o Between 1.00 and 1.50 times LTM revenue.
- o Between 6.0 and 7.0 times LTM EBITDA.

Based on the selected multiple ranges, Capitalink calculated a range of enterprise values for Online Vacation Center. Capitalink then added net cash of approximately \$2.3 million (which includes approximately \$137,000 in interest bearing settlement obligations and accrued interest and approximately \$2.4 million in cash) to derive an indicated equity value range of approximately \$9.7

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

million to approximately \$13.4 million.

A review of comparable companies provides Capitalink with an understanding of the value that the public markets are placing on companies similar to Online Vacation Center; however, none of the Comparable Companies have characteristics identical to Online Vacation Center. An analysis of publicly traded comparable companies is not mathematical; rather it involves complex consideration and judgments concerning differences in financial and operating characteristics of the Comparable Companies and other factors that could affect the public trading of the Comparable Companies.

33

Online Vacation Center Comparable Transaction Analysis

A comparable transaction analysis is based on a review of merger, acquisition and asset purchase transactions involving target companies that are in related industries to Online Vacation Center. The comparable transaction analysis generally provides the widest range of value due to the varying importance of an acquisition to a buyer (i.e., a strategic buyer willing to pay more than a financial buyer) in addition to the potential differences in the transaction process (i.e., competitiveness among potential buyers).

Capitalink located eleven transactions announced since January 2003 involving target companies that are involved in the provision of travel agency services (the "OVC Comparable Transactions") and for which detailed financial information was available.

Capitalink noted the following with respect to the multiples generated:

- o The enterprise value to LTM revenue multiple ranged from 0.12 times to 5.34 times, with a mean of 1.44 times.
- o The enterprise value to LTM EBITDA multiple ranged from 3.3 times to 26.3 times, with a mean of 9.4 times.

Capitalink also recalculated the multiple range excluding outlier transaction multiples and noted the following with respect to the multiples generated:

- o The enterprise value to LTM revenue multiple ranged from 0.57 times to 1.13 times, with a mean of 0.78 times.
- o The enterprise value to LTM EBITDA multiple ranged from 3.3 times to 8.1 times, with a mean of 5.6 times.

Capitalink determined a range of indicated enterprise values for Online Vacation Center by selecting a range of valuation multiples based on the OVC Comparable Transactions, and then applied them to Online Vacation Center's LTM revenue and LTM EBITDA for the LTM period ended June 30, 2005. The LTM EBITDA was also adjusted for estimated public company costs of \$50,000 for comparison purposes.

Capitalink expects Online Vacation Center to be valued at a higher revenue multiple than the mean of the OVC Comparable Transactions multiples due to its higher EBITDA margins. When determining the EBITDA multiple, Capitalink also took into account Online Vacation Center's smaller size, limited customer focus and limited service offerings, offset by its strong cash flow and low cost structure.

Taking into account such factors, Capitalink selected a multiple range for Online Vacation Center's LTM revenue of between 1.00 and 1.40 times and LTM EBITDA of between 6.0 and 8.0 times to obtain a range of indicated enterprise values.

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

Capitalink then added net cash of approximately \$2.3 million (which includes approximately \$137,000 in interest bearing settlement obligations and accrued interest and approximately \$2.4 million in cash) to derive an indicated equity value range on a control basis of approximately \$9.7 million to approximately \$14.2 million.

Capitalink applied a minority interest discount of 22% in order to obtain an equity value range for Online Vacation Center on a marketable minority basis of between approximately \$7.6 million and approximately \$11.1 million. The selected minority interest discount is based on the Mergerstat/Shannon Pratt's Control Premium Study which determined a mean control premium of 28.1% utilizing data for the first six months of 2005.

34

A review of target companies provides Capitalink with an understanding of the acquisition multiples of companies in similar industries to Online Vacation Center; however, none of the target companies in the Comparable Transactions have characteristics identical to Online Vacation Center. Accordingly, an analysis of comparable business combinations is not mathematical; rather it involves complex considerations and judgments concerning differences in financial and operating characteristics of the target companies in the Comparable Transactions and other factors that could affect the respective acquisition values.

Based on the information and analyses set forth above, Capitalink delivered its written opinion to Alec Bradley Cigar's board of directors, which stated that, as of September 30, 2005, based upon and subject to the assumptions made, matters considered, and limitations on its review as set forth in the opinion the Transaction is fair, from a financial point of view, to the nonaffiliated stockholders. Capitalink is an investment banking firm that, as part of its investment banking business, regularly is engaged in the evaluation of businesses and their securities in connection with mergers, acquisitions, corporate restructurings, private placements, and for other purposes. We determined to use the services of Capitalink because it is a recognized investment banking firm that has substantial experience in similar matters. Capitalink received a \$50,000 fee in connection with the preparation and issuance of its opinion. In addition, Alec Bradley Cigar has agreed to indemnify Capitalink for certain liabilities that may arise out of the rendering of its opinion. Capitalink does not beneficially own any interest in either Alec Bradley Cigar or Online Vacation Center and has not provided either company with any other services in the past.

ENGAGEMENT AND COMPENSATION OF FINANCIAL ADVISOR

Capitalink was paid a fee of \$50,000 for the fairness opinion. No other compensation was paid to Capitalink or any other financial advisor. No instructions or limitations were placed on Capitalink by us or Online Vacation Center nor are there any material relationships between Capitalink and Alec Bradley or Online Vacation Center. Capitalink was selected to render the fairness opinion following interviews with three candidates who each provided proposals for the engagement. The method of determination for selecting the advisor was based upon the quality of the proposal, the experience of the candidates, and the recommendations of legal counsel and other business professionals.

REGULATORY APPROVAL

Alec Bradley Cigar and Online Vacation Center each believe that no regulatory approvals are or will be required in connection with the reverse merger.

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

ACCOUNTING TREATMENT

Under generally accepted accounting principles the share exchange will be accounted for as a reverse acquisition, with Online Vacation Center as the surviving entity. The assets and liabilities of Online Vacation Center will be carried forward at historical cost. Alec Bradley Cigar and Online Vacation Center expect that the share exchange and sale of assets will be treated as a tax-free reorganization within the meaning of the Code, and that no income, gain or loss will be recognized by Alec Bradley Cigar or its shareholders as a result of the consummation of either transaction other than shareholders exercising dissenters' rights under the Florida Business Corporation Act (FBCA) with respect to the sale of assets.

35

PROPOSAL TWO APPROVAL OF AMENDMENT TO THE ARTICLES OF INCORPORATION TO ELIMINATE PREEMPTIVE RIGHTS

GENERAL

The board of directors and majority shareholders approved a proposal to amend Alec Bradley Cigar's articles of incorporation to eliminate preemptive rights provided to shareholders. A preemptive right is the right of current shareholders to maintain their fractional or proportional ownership of a company by buying a proportional number of shares of any future issuance of common stock. These rights can provide anti-takeover protection to minority shareholders in the event that a company offers to issue additional shares of its common stock to a potential suitor. In such instance, the existing shareholders would have the ability to purchase their pro rata amount, limiting the amount of shares the potential suitor could acquire. Management believes that such rights may delay or prevent future material transactions, including but not limited to materials acquisitions or financing. In addition, in the event of such transaction, the cost of complying with such shareholder right would be material, as Alec Bradley Cigar would be required to provide notice to all of its stockholders. As Alec Bradley Cigar is a public company, such notice would be burdensome and costly. The text of the proposed amendment is set forth in Appendix C attached to this information statement.

REASONS FOR THE AMENDMENT

Our board of directors proposed the articles of amendment to eliminate preemptive rights because of the reasons provided above. In addition, the amendment is a condition to the share exchange. However, the amendment is not contingent upon the effectiveness of the share exchange.

RIGHTS OF ALEC BRADLEY CIGAR'S DISSENTING SHAREHOLDERS

The proposed elimination of preemptive rights is a corporate action which gives rise to dissenters' rights under the FBCA. A summary and discussion of dissenters' rights available to Alec Bradley Cigar's shareholders is set forth in this information statement under the heading "Rights of Dissenting Shareholders." Dissenters' rights under the FBCA are attached to this information statement as Appendix F.

36

PROPOSAL THREE
APPROVAL OF AMENDMENT TO THE ARTICLES OF
INCORPORATION TO CHANGE ALEC BRADLEY CIGAR'S NAME

GENERAL

The board of directors and majority shareholders approved a proposal to amend Alec Bradley Cigar's articles of incorporation to change Alec Bradley Cigar's name to Online Vacation Center Holdings Corp. Online Vacation Center Holdings Corp. will be our company's new name. The text of the proposed amendment is set forth in Appendix C attached to this information statement.

REASONS FOR THE AMENDMENT

Our board of directors proposed the articles of amendment to change our corporate name because it is a condition to the share exchange. In addition, Online Vacation Center Holdings Corp. more accurately represents the business of Online Vacation Center. The name change is a condition of the share exchange and contingent upon the effectiveness of the share exchange.

PROPOSAL FOUR

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

AMENDMENT TO ARTICLES OF INCORPORATION TO INCREASE AUTHORIZED SHARES OF COMMON STOCK

GENERAL

Our board of directors has approved and a majority of our stockholders approve a proposal to increase our authorized shares of common stock from 30,000,000 shares to 80,000,000 shares by amending our articles of incorporation.

REASONS FOR THE AMENDMENT

The amendment is a condition of the share exchange, but not contingent upon closing of the share exchange. The additional shares of authorized common stock provided for in the amendment may be used, from time to time, as the need may arise, in connection with future opportunities for expanding the company's business through investments or acquisitions, equity financing and for other purposes. There are currently no commitments or arrangements, written or oral, to participate in any other business opportunity. Alec Bradley Cigar and Online Vacation Center currently have no plans to issue additional shares of common stock (except as provided herein).

Authorized but unissued shares of common stock may be issued at such times, for such purposes and for such consideration as the board of directors may determine to be appropriate without further authority from the company's stockholders, except as otherwise required by applicable corporate law or stock exchange policies.

The recapitalization will effect all of our stockholders uniformly and will not affect any stockholder's percentage ownership interests in us or proportionate voting power, unless and until additional shares of capital stock authorized through the amendment are issued.

The recapitalization will have the following effects upon the shares of our common stock outstanding and the number of authorized and unissued shares of our common stock:

- * The number of shares of common stock owned by each stockholder will remain the same;
- * The number of shares of common stock we are authorized to issue will increase to 80,000,000 shares;
- * The par value of the common stock will remain \$0.0001 per share;
- * The stated capital on our balance sheet attributable to the common stock will remain the same, as will the additional paid-in capital account.

OTHER MATTERS

No Rights of Appraisal

Under the Laws of Florida, our dissenting stockholders are not entitled to appraisal rights with respect to the amendment to effect the recapitalization, and we will not independently provide our stockholders with any such right.

Federal Income Tax Consequences

We believe that the federal income tax consequences of the recapitalization to holders of our common stock will be as follows:

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

- * No gain or loss will be recognized by a stockholder upon the effective date of the recapitalization.
38
- * The aggregate tax basis of shares of our common stock will not be affected by the recapitalization.
- * The holding period of shares of our common stock after the recapitalization will remain the same as the holding period prior to the recapitalization.

Our beliefs regarding the tax consequence of the recapitalization are not binding upon the Internal Revenue Service or the courts, and there can be no assurance that the Internal Revenue Service or the courts will accept the positions expressed above.

This summary does not purport to be complete and does not address the tax consequences to holders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident foreign individuals, broker-dealers and tax exempt entities.

The state and local tax consequences of the recapitalization may vary significantly as to each stockholder, depending upon the state in which he or she resides.

The foregoing summary is included for general information only. Accordingly, stockholders are urged to consult their own tax advisors with respect to the Federal, State and local tax consequences of the recapitalization.

PROPOSAL FIVE ADOPTION OF THE 2005 MANAGEMENT AND DIRECTOR EQUITY INCENTIVE AND COMPENSATION PLAN

Our Board of Directors has approved, and a majority of our stockholders have approved the 2005 Management and Director Equity Incentive and Compensation Plan (the "Plan").

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

REASONS FOR ADOPTING THE PLAN

The purpose of the Plan is to advance our interests and those of our stockholders by providing a means of attracting and retaining key employees, directors and consultants. In order to serve this purpose, we believe this Plan encourages and enables key employees, directors and consultants to participate in our future prosperity and growth by providing them with incentives and compensation based on our performance, development and financial success. Participants in the Plan may include our officers, directors, other key employees and consultants who have responsibilities affecting our management, development or financial success. The adoption of the Plan is not contingent upon the closing of the share exchange.

Our Board of Directors cannot predict what effect, if any, the adoption by our stockholders of the Plan will have on the market price of our common stock.

GENERAL

A Description of the Plan

We have reserved an aggregate of 2,500,000 shares of common stock for issuance under the Plan. At the Record Date we had no outstanding options under the Plan. Our Board of Directors (or at their discretion a committee of our board members) administers the Plan including, without limitation, the selection of recipients of awards under the Plan, the granting of stock options, restricted share or performance shares, the determination of the terms and conditions of any such awards, the interpretation of the Plan and any other action they deem appropriate in connection with the administration of the Plan.

Awards may be made under the Plan in the form of Plan options, shares of our common stock subject to a vesting schedule based upon certain performance objectives ("performance shares") and shares subject to a vesting schedule based on the recipient's continued employment ("restricted shares"). Plan options may either be options qualifying as incentive stock options under Section 422 of the IRS Code, or options that do not so qualify. Any incentive stock option granted under our Plan must provide for an exercise price of not less than 100% of the fair market value of the underlying shares on the date of such grant, but the exercise price of any incentive option granted to an eligible employee owning more than 10% of our common stock must be at least 110% of such fair market value as determined on the date of the grant. Only persons who are our officers or other key employees are eligible to receive incentive stock options and performance share grants. Any non-qualified stock option granted under our Plan must provide for an exercise price of not less than ninety percent (90%) of the fair market value of the underlying shares on the date of such grant.

The term of each Plan option and the manner in which it may be exercised is determined by the Board of Directors, provided that no Plan option may be exercisable more than three years after the date of its grant and, in the case of an incentive option granted to an eligible employee owning more than 10% of our common stock, no more than five years after the date of the grant. The exercise price of the stock options may be paid in either:

- * cash, or
- * delivery of unrestricted shares of our common stock having a fair market value on the date of delivery equal to the exercise price, or

40

- * surrender of shares of our common stock subject to the stock

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

option which has a fair market value equal to the total exercise price at the time of exercise, or

* a combination of the foregoing methods.

All Plan options are non-assignable and nontransferable, except by will or by the laws of descent and distribution and, during the lifetime of the optionee, may be exercised only by such optionee. At the discretion of the Board of Directors, it may approve the irrevocable transfer, without payment, of non-qualified options to the option holder's spouse, children, grandchildren, nieces or nephews, or to the trustee of a trust for the principal benefit of one or more such persons, or to a partnership whose partners are one or more of such persons. If an optionee's employment is terminated for any reason, other than due to his or her death, disability or termination for cause, or if an optionee is not our employee but is a member of our Board of Directors and his or her service as a director is terminated for any reason, other than due to his or her death or disability, the Plan option granted may be exercised on the earlier of the expiration date or 90 days following the date of termination. If the optionee dies during the term of his or her employment, the Plan option granted to him or her shall lapse to the extent unexercised on the earlier of the expiration date of the Plan option or the date one year following the date of the optionee's death. If the optionee's employment, membership on the Board of Directors or engagement as a consultant terminates by reason of the optionee's retirement, then the Plan option granted may be exercised until the earlier of 90 days following the date of termination or the expiration date. If the optionee is permanently and totally disabled within the meaning of Section 22(c)(3) of the IRS Code, the Plan option granted to him or her lapses to the extent unexercised on the earlier of the expiration date of the option or one year following the date of such disability.

At the time of the restricted share grant, the Board of Directors may determine the vesting schedule of such shares and that after vesting, such shares may be further restricted as to transferability or be subject to repurchase by us or forfeiture upon the occurrence of certain events. Awards of restricted shares must be accepted by the participant within 30 days of the grant.

At the time of the award of performance shares, the Board of Directors shall establish a range of performance goals to be achieved during the performance period, including, without limitation, earnings, return on capital, or any performance goal approved by our stockholders in accordance with Section 162(m) of the IRS Code. Attainment of the highest performance goal for the performance period will earn 100% of the performance shares awarded for the performance period; failure to attain the lowest performance goal will result in the participant earning no performance shares. Attainment of the performance goals will be calculated from our financial statements, excluding changes in federal income tax rates and the effect of non-recurring and extraordinary items. The performance goals may vary for difference performance periods and need not be the same for each participant receiving an award during a performance period.

If the participant's employment by us, membership on our Board of Directors, or engagement by us as a consultant is terminated before the end of any performance period, or upon the participant's death, retirement or disability, the Board of Directors, taking into consideration the performance of such participant and our performance over the performance period, may authorize the issuance to the participant or his or her legal representative or designated beneficiary all or a portion of the performance shares which would have been issued to him or her had the participant's employment, board membership or consulting engagement continued to the end of the performance period. If the participant's employment, board membership or consulting engagement terminates before the end of the performance period for any other reason, all performance shares are forfeited.

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

Notwithstanding the foregoing, but subject to any stockholder approval or other requirements of Section 162(m) of the IRS Code, the Board of Directors in its discretion and as determined at the time of award of the performance shares, may provide the participant with the option of receiving cash in lieu of the performance shares in an amount determined at the time of award including, without limitation, by one or more of the following methods:

41

- * the fair market value of the number of shares subject to the performance shares agreement on the date of award, or
- * part or all of any increase in the fair market value since such date, or
- * part or all of any dividends paid or payable on the number of shares subject to the performance share agreement, or
- * any other amounts which in the board's sole discretion are reasonably related to the achievement of the applicable performance goals, or
- * any combination of the foregoing.

The purchase price for restricted shares or performance shares granted under the Plan shall be set by the Board of Directors but may not be less than par value. Payment of the purchase price for the restricted shares or performance share may be made in either,

- * cash, or
- * by delivery of unrestricted shares of our common stock having a fair market value on the date of such delivery equal to the total purchase price, or
- * a combination of either of these methods.

We may, at our option, terminate all unexercised stock options within 30 days after a change in control and pay to the participant holding these unexercised options cash in an amount equal to the difference between fair market value and the exercise price of the stock option. If the fair market value is less than the exercise price, we may terminate the options without payment to the holder. The per share purchase price of shares subject to Plan options granted under the Plan or related to performance share awards or restricted share awards may be adjusted in the event of certain changes in our capitalization, but any such adjustment shall not change the total purchase price payable upon the exercise in full of such option or award. No participant in our Plan has any rights as a stockholder until the shares subject to the Plan options or stock awards have been duly issued and delivered to him or her.

The Board of Directors may amend, suspend or terminate our Plan at any time, except that no amendment shall be made which:

- * increases the total number of shares subject to the Plan or changes the minimum purchase price therefore (except in either case in the event of adjustments due to changes in our capitalization), or
- * affects outstanding Plan options or any exercise right thereunder, or
- * extends the term of any Plan option beyond 10 years, or
- * extends the termination date of the Plan.

Unless the Plan shall be earlier suspended or terminated, the Plan shall terminate 10 years from the date of the Plan's adoption by our stockholders. Any such termination of our Plan shall not affect the validity of any Plan options previously granted thereunder.

Federal Income Tax Effects

The following discussion applies to our Plan and is based on federal income tax laws and regulations in effect on December 31, 2004. It does not purport to be a complete description of the federal income tax consequences of the Plan, nor does it describe the consequences of state, local or foreign tax laws which may be applicable. Accordingly, any person receiving a grant under the Plan should consult with his or her own tax adviser.

Our Plan is not subject to the provisions of the Employee Retirement Income Security Act of 1974 and is not qualified under Section 401(a) of the IRS Code.

An employee granted an incentive stock option does not recognize taxable income either at the date of grant or at the date of its timely exercise. However, the excess of the fair market value of common stock received

42

upon exercise of the incentive stock option over the option exercise price is an item of tax preference under Section 57(a)(3) of the IRS Code and may be subject to the alternative minimum tax imposed by Section 55 of the IRS Code. Upon disposition of stock acquired on exercise of an incentive stock option, long-term capital gain or loss is recognized in an amount equal to the difference between the sales price and the incentive stock option exercise price, provided that the option holder has not disposed of the stock within two years from the date of grant and within one year from the date of exercise. If the incentive stock option holder disposes of the acquired stock (including the transfer of acquired stock in payment of the exercise price of an incentive stock option) without complying with both of these holding period requirements ("Disqualifying Disposition"), the option holder will recognize ordinary income at the time of such Disqualifying Disposition to the extent of the difference between the exercise price and the lesser of the fair market value of the stock on the date the incentive stock option is exercised (the value six months after the date of exercise may govern in the case of an employee whose sale of stock at a profit could subject him to suit under Section 16(b) of the Securities Exchange Act of 1934) or the amount realized on such Disqualifying Disposition. Any remaining gain or loss is treated as a short-term or long-term capital gain or loss, depending on how long the shares are held. In the event of a Disqualifying Disposition, the incentive stock option tax preference described above may not apply (although, where the Disqualifying Disposition occurs subsequent to the year the incentive stock option is exercised, it may be necessary for the employee to amend his or her return to eliminate the tax preference item previously reported). We are not entitled to a tax deduction upon either exercise of an incentive stock option or disposition of stock acquired pursuant to such an exercise, except to the extent that the option holder recognized ordinary income in a Disqualifying Disposition.

If the holder of an incentive stock option pays the exercise price, in full or in part, with shares of previously acquired common stock, the exchange should not affect the incentive stock option tax treatment of the exercise. No gain or loss should be recognized on the exchange, and the shares received by the employee, equal in number to the previously acquired shares exchanged therefor, will have the same basis and holding period for long-term capital gain purposes as the previously acquired shares. The employee will not, however, be able to utilize the old holding period for the purpose of satisfying the incentive stock option statutory holding period requirements. Shares received in excess of the number of previously acquired shares will have a basis of zero and a holding period which commences as of the date the common stock is issued to the employee upon exercise of the incentive stock option. If an exercise is effected using shares previously acquired through the exercise of an incentive stock option, the exchange of the previously acquired shares will be considered a disposition of such shares for the purpose of determining whether a

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

Disqualifying Disposition has occurred.

In respect to the holder of non-qualified options, the option holder does not recognize taxable income on the date of the grant of the non-qualified option, but recognizes ordinary income generally at the date of exercise in the amount of the difference between the option exercise price and the fair market value of the common stock on the date of exercise. However, if the holder of non-qualified options is subject to the restrictions on resale of common stock under Section 16 of the Securities Exchange Act of 1934, such person generally recognizes ordinary income at the end of the six-month period following the date of exercise in the amount of the difference between the option exercise price and the fair market value of the common stock at the end of the six-month period. Nevertheless, such holder may elect within 30 days after the date of exercise to recognize ordinary income as of the date of exercise. The amount of ordinary income recognized by the option holder is deductible by us in the year that income is recognized.

In connection with the issuance of stock grants as compensation, the recipient must include in gross income the excess of the fair market value of the property received over the amount, if any, paid for the property in the first taxable year in which beneficial interest in the property either is "transferable" or is not subject to a "substantial risk of forfeiture." A substantial risk of forfeiture exists where rights and property that have been transferred are conditioned, directly or indirectly, upon the future performance (or refraining from performance) of substantial services by any person, or the occurrence of a condition related to the purpose of the transfer, and the possibility of forfeiture is substantial if such condition is not satisfied. Stock grants received by a person who is subject to the short swing profit recovery rule of Section 16(b) of the Securities Exchange Act of 1934 is considered subject to a substantial risk of forfeiture so long as the sale of such property at a profit could subject the stockholder to suit under that section. The rights of the recipient are treated as transferable if and when the

43

recipient can sell, assign, pledge or otherwise transfer any interest in the stock grant to any person. Inasmuch as the recipient would not be subject to the short swing profit recovery rule of Section 16(b) of the Securities Exchange Act of 1934 and the stock grant, upon receipt following satisfaction of condition prerequisites to receipt, will be presently transferable and not subject to a substantial risk of forfeiture, the recipient would be obligated to include in gross income the fair market value of the stock grant received once the conditions to receipt of the stock grant are satisfied.

Restrictions Under Federal Securities Laws

The sale of our common stock issuable pursuant to our Plan must be made in compliance with federal and state securities laws. Our officers, directors and 10% or greater stockholders, as well as certain other persons or parties who may be deemed to be "affiliates" of ours under federal securities laws, should be aware that resales by affiliates can only be made pursuant to an effective registration statement, Rule 144 promulgated under the Securities Act or other applicable exemption. Our officers, directors and 10% and greater stockholders may also be subject to the "short swing" profit rule of Section 16(b) of the Securities Exchange Act of 1934.

No Dissenter's Rights

Under Florida Law, stockholders are not entitled to dissenter's rights of appraisal with respect to the adoption of the Plan.

The table below provides the benefits and amounts that will be received by affiliates of the surviving entity under the Plan. The issuance of the options is subject to the completion of the share exchange. FEDERAL INCOME TAX CONSEQUENCES

Alec Bradley Cigar and Online Vacation Center expect that the share exchange and sale of assets will be treated as a tax-free reorganization within the meaning of the Code, and that no income, gain or loss will be recognized by Alec Bradley Cigar or its shareholders as a result of the consummation of either transaction other than shareholders exercising dissenters' rights under the Florida Business Corporation Act (FBCA) with respect to the sale of assets. Such dissenting shareholders of Alec Bradley Cigar may be subject to state and federal taxation as described below.

Under currently existing provisions of the Code, the Treasury Regulations promulgated thereunder, applicable judicial decisions and administrative rulings, all of which are subject to change, the federal income tax consequences described below are expected to arise in connection with the exercise of dissenters' rights. Due to the complexity of the Code, the following discussion is limited to the material federal income tax aspects of the proposed sale of assets for a Alec Bradley Cigar shareholder who properly exercises his or her dissenters' rights under the FBCA, who is a citizen or resident of the United States and who, on the date of disposition of such holder's shares of common stock, holds such shares as a capital asset. The general tax principles discussed below are subject to retroactive changes that may result from subsequent amendments to the Code. The following discussion does not address the material federal income tax aspects of the sale of assets for any dissenting shareholder who is not a citizen or resident of the United States. The following discussion does not address potential foreign, state, local and other tax

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

consequences, nor does it address taxpayers subject to special treatment under the federal income tax laws, such as life insurance companies, tax-exempt organizations, S corporations, trusts, and taxpayers subject to the alternative minimum tax. In addition, the following discussion may not apply to dissenting shareholders who acquired their shares upon the exercise of employee stock options or otherwise as compensation. Alec Bradley Cigar has not requested the IRS to rule or issue an opinion on the federal income tax consequences of the share exchange or the sale of assets.

ALL SHAREHOLDERS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS REGARDING THE FEDERAL, FOREIGN, STATE, AND LOCAL TAX CONSEQUENCES OF THE DISPOSITION OF THEIR SHARES IN THE SHARE EXCHANGE.

For federal income tax purposes, the exchange of Alec Bradley Cigar common stock for cash pursuant to the proposed sale of assets will be treated as a distribution in redemption of common stock from each holder of Alec Bradley Cigar's common stock who properly exercises dissenter's rights, subject to the provisions of Section 302 of the Code. Under the rules of Section 302, the determination of whether the exchange of common stock for cash pursuant to the exercise of dissenters' rights has the effect of a distribution of a dividend will be made, on a shareholder by shareholder basis, by comparing the proportionate, percentage interest of a shareholder after the share exchange with the proportionate, percentage interest of such shareholder before such transaction. In making this comparison, there must be taken into account (a) any other shares of common stock actually owned by such shareholder, and (b) any such shares considered to be owned by such shareholder by reason of the constructive ownership rules set forth in Section 318 of the Code. These constructive ownership rules apply in certain specified circumstances to attribute ownership of shares of a corporation from the shareholder actually owning the shares, whether an individual, trust, partnership or corporation, to certain members of such individual's family or to certain other individuals, trusts, partnerships or corporations. Under these rules, a shareholder is also considered to own any shares with respect to which the shareholder holds stock options.

Under applicable IRS guidelines, such a redemption involving a holder of a minority interest in Alec Bradley Cigar whose relative stock interest in Alec Bradley Cigar is minimal, who exercises no control over the affairs of Alec Bradley Cigar and who experiences a reduction in the shareholder's proportionate interest in Alec Bradley Cigar, both directly and by application of the foregoing constructive ownership rules, generally will not be deemed to have resulted in a distribution of a dividend under the rules set forth in Section 302(b)(1) of the Code. Accordingly, the federal income tax consequences to Alec Bradley Cigar's shareholders who exercise dissenters' rights will generally be as follows:

45

(a) Assuming that the shares of common stock exchanged by a dissenting shareholder for cash in connection with the sale of assets are capital assets in the hands of the dissenting shareholder at the effective date of the share exchange (and the exchange does not result in a distribution of a dividend under Section 302 of the Code), such dissenting shareholder may recognize a capital gain or loss by reason of the consummation of the share exchange.

(b) The capital gain or loss, if any, will be long-term with respect to shares of common stock held for more than twelve (12) months as of the effective date of the share exchange, and short-term with respect to such shares held for twelve (12) months or less.

(c) The amount of capital gain or loss to be recognized by each dissenting shareholder will be measured by the difference between the

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

amount of cash received by such dissenting shareholder in connection with the exercise of dissenters' rights and such dissenting shareholder's adjusted tax basis in the common stock at the effective date of the share exchange.

(d) An individual's long-term capital gain is subject to federal income tax at a maximum rate of 15 percent, while any capital loss can be offset only against other capital gains plus \$3,000 of other income in any tax year (\$1,500 in the case of a married individual filing a separate return). Capital losses in excess of these limits can be carried forward to future years.

(e) A corporation's long-term capital gain is subject to federal income tax at a maximum rate of 35%, while any capital loss can be offset only against other capital gains in any tax year, subject to the carryback and carryforward rules of the Code.

Cash payments made pursuant to the sale of assets will be reported to the extent required by the Code to dissenting shareholders and the IRS. Such amounts will ordinarily not be subject to withholding of U.S. federal income tax. However, backup withholding of such tax at a rate of 31% may apply to certain dissenting shareholders by reason of the events specified in Section 3406 of the Code and the Treasury Regulations promulgated thereunder, which include failure of a dissenting shareholder to supply Alec Bradley Cigar or its agent with such dissenting shareholder's taxpayer identification number. Accordingly, Alec Bradley Cigar dissenting shareholders (or other payees) will be asked to provide the dissenting shareholder's taxpayer identification number (social security number in the case of an individual, or employer identification number in the case of other dissenting shareholders of Alec Bradley Cigar) on a Form W-9 and to certify that such number is correct. Withholding may also apply to Alec Bradley Cigar dissenting shareholders who are otherwise exempt from such withholding, such as a foreign person, if such person fails to properly document its status as an exempt recipient. Each dissenting shareholder of Alec Bradley Cigar, and, if applicable, each other payee, should complete and sign a Form W-9 to provide the information and certification necessary to avoid backup withholding, unless an applicable exemption exists and is proved in a manner satisfactory to Alec Bradley Cigar.

THE FEDERAL INCOME TAX CONSEQUENCES SET FORTH ABOVE ARE FOR GENERAL INFORMATION ONLY. YOU ARE URGED TO CONSULT YOUR OWN TAX ADVISOR TO DETERMINE THE PARTICULAR TAX CONSEQUENCES TO YOU AS A RESULT OF THE PROPOSED TRANSACTIONS (INCLUDING THE APPLICABILITY AND EFFECT OF FOREIGN, STATE, LOCAL AND OTHER TAX LAWS).

Online Vacation Center is involved from time to time in various legal claims and actions arising in the ordinary course of business. In November 2004, Online Vacation Center reached a settlement agreement with a travel company whereby Online Vacation Center paid \$200,000 and agreed to pay \$175,000 over

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

twenty months commencing January 2005, with interest on the outstanding balance at 8% per annum. As a result of the settlement agreement, the difference between the accrued liability (\$640,815) and the settlement sum (\$375,000) was recorded as a gain of \$265,815. The gain amount is reflected in its statement of consolidated operations for the year ended December 31, 2004. In September 2005 Online Vacation Center paid the settlement obligation in full. Online Vacation Center is not a party to any other material litigation.

Results of Operations

Year Ended December 31, 2004 Compared To Year Ended December 31, 2003

Revenues. Revenues increased \$603,284, or 10.7%, to \$6,252,690 for the year ended December 31, 2004 from \$5,649,406 for the year ended December 31, 2003. Management attributes this increase in revenues to successful marketing programs.

Operating expenses. Operating expenses, which include sales and marketing

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

expenses and general and administrative expenses, were \$5,240,732 for the year ended December 31, 2004 as compared to \$3,950,179 for the year ended December 31, 2003 or an increase of \$1,290,553 or 32.7%. The increase was principally due to an increase in advertising expenses described below. For the year ended December 31, 2004, sales and marketing expenses were \$2,011,445 as compared to \$908,084 for the year ended December 31, 2003, an increase of \$1,103,361 or 121.5%. Sales and marketing expenses primarily consist of sales commissions and marketing expenses. The increase in sales and marketing expenses for the year ended December 31, 2004 was directly related to higher sales volume. For the year ended December 31, 2004, general and administrative expenses were \$3,229,287 as compared to \$3,042,095 for the year ended December 31, 2003, an increase of \$187,192 or 6.2%. General and administrative expenses primarily include management compensation. The increase is directly attributable to the company's growth.

Other Income (Expense).

Other income increased to (\$8,476) for the year ended December 31, 2004 as compared to (\$302,834) for the year ended December 31, 2003. The increase in other income was due a one time settlement gain of \$265,815 during the year ended December 31, 2004. The settlement gain during the year ended December 31, 2004 was offset by an interest expense of \$274,291. The interest expense is associated with the subordinated debentures discussed below.

Provision (Benefit) for Income Taxes

The provision (benefit) for income taxes decreased to (\$75,813) for the year ended December 31, 2004 as compared to \$2,812 for the year ended December 31, 2003. The decrease in the provision (benefit) for income taxes resulted from a decrease in the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) and a decrease of the valuation allowance benefit. For the year ended December 31, 2004, the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) was \$413,651 as compared to \$565,539 for the year ended December 31, 2003, a decrease of \$151,888. For the year ended December 31, 2004, the valuation allowance benefit was \$489,464 as compared to \$562,727 for the year ended December 31, 2003, a decrease of \$73,263. SFAS No. 109, "Accounting for Income Taxes," requires that Online Vacation Center record a valuation allowance when it is "more likely than not that some portion or all of the deferred tax assets will not be realized." The valuation allowance was decreased to \$1,654,431 or 75% of the gross deferred tax asset of \$2,205,908 in 2003 and was decreased to \$1,164,968 or 65% of the gross deferred tax asset of \$1,792,258 in 2004 as described below.

At December 31, 2003, Online Vacation Center had its first profitable year, however, there was a large decline in advanced bookings from the prior year and the industry's growth was affected by global events such as the war in Iraq and the negative publicity surrounding the outbreak of SARS (Severe Acute Respiratory Syndrome) on several cruise ships. Based on this information, management concluded at that time that it was more likely than not that a lesser portion of the deferred tax asset would not be realized. Accordingly, Online Vacation Center decreased the valuation allowance to \$1,654,431 or 75% of the gross deferred tax asset of \$2,205,908, resulting in a benefit recognized of \$562,727. For the year ended December 31, 2003, the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) was \$565,539. The net effect of the valuation allowance benefit of \$562,727 and the recognition of the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) of \$565,539 resulted in a provision for income taxes of \$2,812 for the year.

At December 31, 2004, Online Vacation Center had its second profitable year and advanced bookings were back to 2002 levels, however, earnings before provision for income taxes decreased 28% from the prior year and income from operations

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

decreased 40% from the prior year. Booking activity fell during the second and third quarter of 2004 and started to pick up in the fourth quarter. Based on this information, management concluded at that time that it was more likely than not that a lesser portion of the deferred tax asset would not be realized and consequently, Online Vacation Center decreased the valuation allowance to \$1,164,968 or 65% of the gross deferred tax asset of \$1,792,258, resulting in a benefit recognized of \$489,464. For the year ended December 31, 2004, the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) was \$413,651. The net effect of the valuation allowance benefit of \$489,464 and the recognition of the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) of \$413,651 resulted in a provision (benefit) for income taxes of (\$75,813) for the year.

Nine Months Ended September 30, 2005 Compared to Nine Months Ended September 30, 2004

Revenues. Revenues increased \$1,225,751, or 26%, to \$6,001,064 for the nine months ended September 30, 2005 from \$4,775,313 for the nine months ended September 30, 2004. Management attributes this increase to successful marketing programs.

Operating expenses. Operating expenses, which include sales and marketing expenses and general and administrative expenses, were \$4,683,486 for the nine months ended September 30, 2005 as compared to \$3,794,081 for the nine months ended September 30, 2004 or an increase of \$889,405 or 23%. The increase was principally due to an increase in general and administrative expenses and sales and marketing expenses described below. For the nine months ended September 30, 2005, sales and marketing expenses were \$1,784,132 as compared to \$1,459,646 for the nine months ended September 30, 2004, an increase of \$324,486 or 22%. The increase in sales and marketing expenses for the nine months ended September 30, 2005 was due to an increase in marketing efforts and includes expenditures for e-marketing, direct mail and other third-party advertising outlets. For the nine months ended September 30, 2005, general and administrative expenses were \$2,899,354 as compared to \$2,334,436 for the nine months ended September 30, 2004, an increase of \$564,918 or 24%. The increase is primarily attributable to the company's growth. The increase is also partially due to legal and accounting expenses incurred during 2005 that are associated with the company's preparations to go public.

Provision (Benefit) for Income Taxes

The provision (benefit) for income taxes decreased to (\$633,413) for the nine months ended September 30, 2005 as compared to (\$108,872) for the nine months ended September 30, 2004. The decrease in the provision (benefit) for income taxes resulted from a increase in the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) and a decrease of the valuation allowance benefit. For the nine months ended September 30, 2005, the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) was \$531,555 as compared to \$319,197 for the nine months ended September 30, 2004, an increase of \$212,358. This increase is due to an increase in pre-tax income and the true-up of approximately \$54,000 in permanent tax differences from prior periods which are being recorded in 2005 because it is not material qualitatively and quantitatively in 2003 and 2004. For the nine months ended September 30, 2005, the valuation allowance benefit was \$1,164,967 as compared to \$428,069 for the nine months ended September 30, 2004, an increase of \$736,898. SFAS No. 109, "Accounting for Income Taxes," requires that Online Vacation Center record a valuation allowance when it is "more likely than not that some portion or all of the deferred tax assets will not be realized." The valuation allowance was \$1,226,363 or 65% of the gross deferred tax asset of \$1,886,712 in September 2004 and was decreased to 0% in June 2005 as described below.

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

At December 31, 2002, Online Vacation Center recorded a valuation allowance of \$2,217,158 or 80% of the gross deferred tax asset of \$2,771,447. Online Vacation Center decreased the valuation allowance in 2003, 2004, and March 31, 2005. At June 30, 2005, Online Vacation Center had its most profitable quarter to date. Net income before taxes and future revenue increased as compared to the same three month period ending June 30, 2004. Historically, the second quarter of the year is the time that most bookings travel, therefore it would be expected that advanced bookings would significantly decrease. Instead, advanced bookings increased 40% as compared to the same period in 2004. Based on this information, management concluded at that time that it was no longer more likely than not that a portion of the deferred tax asset would not be realized and consequently, Online Vacation Center removed the valuation allowance. Accordingly, Online Vacation Center recorded a net non-cash tax benefit in the quarter ended June 30, 2005 of \$644,163, resulting primarily from the effect of a \$1,007,748 reversal of the valuation allowance on Online Vacation Center deferred tax assets, partly offset by a \$363,585 non-cash U.S. income tax provision (prior to the impact of the valuation allowance).

Three Months Ended September 30, 2005 Compared to Three Months Ended September 30, 2004

Revenues. Revenues increased \$110,961, or 7%, to \$1,612,857 for the three months ended September 30, 2005 from \$1,501,896 for the three months ended September 30, 2004. Management attributes this increase to successful marketing programs.

Operating expenses. Operating expenses, which include sales and marketing expenses and general and administrative expenses, were \$1,456,168 for the three months ended September 30, 2005 as compared to \$1,216,280 for the three months ended September 30, 2004 or an increase of \$239,888 or 20%. For the three months ended September 30, 2005, sales and marketing expenses were \$519,758 as compared to \$455,207 for the three months ended September 30, 2004, an increase of \$64,551 or 14%. The increase in sales and marketing expenses for the three months ended September 30, 2005 was due to an increase in marketing efforts and includes expenditures for e-marketing, direct mail and other third-party advertising outlets. For the three months ended September 30, 2005, general and administrative expenses were \$936,410 as compared to \$761,073 for the three months ended September 30, 2004, an increase of \$175,337 or 23%. The increase is

50

directly attributable to the company's growth. The increase is also partially due to legal and accounting expenses incurred during 2005 that are associated with the company's preparations to go public.

Provision (Benefit) for Income Taxes

The provision for income taxes increased to \$39,407 for the three months ended September 30, 2005 as compared to \$30,998 for the three months ended September 30, 2004. The increase in the provision for income taxes resulted from a decrease in the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) and a decrease of the valuation allowance benefit. For the three months ended September 30, 2005, the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) was \$39,407 as compared to \$88,564 for the three months ended September 30, 2004, a decrease of \$49,157. For the three months ended September 30, 2005, the valuation allowance benefit was \$0 as compared to \$57,567 for the three months ended September 30, 2004, a decrease of \$57,567. SFAS No. 109, "Accounting for Income Taxes," requires that Online Vacation Center record a valuation allowance when it is "more likely than not that some portion or all of the deferred tax assets will not be realized." The valuation allowance was \$1,226,363 or 65% of the gross deferred tax asset of \$1,886,712 in September 2004 and was decreased to 0% in June 2005; thereby a change in the valuation allowance did not affect the provision for income taxes for the three months ended September 30, 2005

Liquidity and Capital Resources

Cash at September 30, 2005 was \$2,136,120. Net income provided by operating activities was \$1,011,958 for the year ended December 31, 2004. For the nine months ended September 30, 2005, net income provided by operating activities was \$1,317,578, primarily as a result of an increase in net income. At September 30, 2005, Online Vacation Center had a working capital deficit of \$593,671 and an accumulated deficit of \$2,045,504. The working capital deficit and accumulated deficit is principally due to customer deposits of \$2,067,911 (which are reflected as a current liability) and outstanding subordinated debentures in the amount of \$3,000,000. Customer deposits are initially recognized as liabilities and subsequently recognized as revenues upon completion of passenger travel. Also, as discussed below, subsequent to September 30, 2005, all outstanding subordinated debentures were converted to shares of Online Vacation Center's common stock.

On November 16, 2000, Online Vacation Center borrowed \$2,000,000 pursuant to an 8% subordinated debenture in the amount of \$2,000,000, which was due on January 1, 2008. On June 27, 2001, Online Vacation Center borrowed \$1,000,000 under an 8% subordinated debenture in the amount of \$1,000,000, which was also due on January 1, 2008. Interest on the debentures was payable on a quarterly basis. Subsequent to the nine month period ended September 30, 2005, the debenture holder agreed to convert their debentures into 1,500,310 shares of Alec Bradley Cigar common stock at the effective date of the share exchange with Alec Bradley Cigar.

Management believes that the existing cash and cash expected to be provided by operating activities will be sufficient to fund the short term capital and liquidity needs of its operations. Online Vacation Center may need to seek to sell equity or debt securities or obtain credit lines from financial institutions to meet its longer-term liquidity and capital requirements, which includes strategic growth through mergers and acquisitions. There is no assurance that Online Vacation Center will be able to obtain additional capital or financing in amounts or on terms acceptable to Online Vacation Center, if at all or on a timely basis.

Online Vacation Center has historically been dependent on its relationships with three major cruise lines: Celebrity Cruises, Norwegian Cruise Line and Royal Caribbean Cruise Line. Online Vacation Center also depends on third party service providers for processing certain fulfillment services.

The domestic and international leisure travel industry is seasonal. The results of Online Vacation Center have been subject to quarterly fluctuations caused primarily by the seasonal variations in the travel industry. Net revenues and net income are generally higher in the second and fourth quarters. The company expects seasonality to continue in the future.

Recent Accounting Policies

Nonmonetary Exchange

In December 2004, the FASB issued SFAS No. 153, "Exchanges of Nonmonetary Assets--An Amendment of APB Opinion No. 29, Accounting for Nonmonetary Transactions" ("SFAS 153"). SFAS 153 eliminates the exception from fair measurement for nonmonetary exchanges of similar productive assets in paragraph 21(b) of APB Opinion No. 29, "Accounting for Nonmonetary Transactions," and replaces it with an exception for exchanges that do not have commercial substance. SFAS 153 specifies that a nonmonetary exchange has commercial substance if the future cash flows of the entity expected to change significantly as a result of the exchange. SFAS 153 is effective for the fiscal

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

periods beginning after June 15, 2005. The adoption of SFAS 153 is not expected to have a material impact on Online Vacation Center's current financial condition or results of operations.

Other-Than-Temporary Impairment of Investments

In March 2004, the EITF of the FASB reached a consensus on Issue No. 03-01, "The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments" ("EITF 03-01"). EITF 03-01 addresses the meaning of other-than-temporary impairment and its application to debt and equity securities within the scope of SFAS No. 115, "Accounting for Certain Investments in Debt and Equity Securities" ("SFAS 115") and equity securities that are not subject to the scope of SFAS 115 and not accounted for under the equity method of accounting. As of September 30, 2005 and 2004, Online Vacation Center determined that EITF 03-01 had no impact on its consolidated financial statements.

Contingently Convertible Instruments

In September 2004, the EITF reached a consensus on Issue No. 04-08, "The Effect of Contingently Convertible Instruments on Diluted Earnings Per Share" ("EITF 04-08"), which is effective for reporting periods ending after December 15, 2004. EITF 04-08 requires companies to include shares issuable under convertible instruments in diluted earnings per share computations (if dilutive) regardless of whether the market price trigger (or other contingent feature) has been met. In addition, prior period earnings per share amounts presented for comparative purposes must be restated. Online Vacation Center issued no contingent convertible notes. In accordance with EITF 04-08, Online Vacation Center determined that there will be no impact on future diluted earnings per share related to these notes.

Share-Based Payment

In December 2004, the FASB issued a revision of SFAS 123 ("SFAS 123(R)") that will require compensation costs related to share-based payment transactions to be recognized in the statement of operations. With limited exceptions, the amount of compensation cost will be measured based on the grant-date fair value of the equity or liability instruments issued. In addition, liability awards will be remeasured each reporting period. Compensation cost will be recognized over the period that an employee provides service in exchange for the award. SFAS 123(R) replaces SFAS 123 and is effective as of the first interim period beginning after June 15, 2005. Based on zero shares and awards outstanding as of September 30, 2005 (and without giving effect to any awards which may be granted in the remainder of 2005), Online Vacation Center expects that the adoption of SFAS 123(R) will have no impact on earnings during 2005.

Critical Accounting Policies

Revenue Recognition

Revenues are derived from transactions where Online Vacation Center is the merchant of record and determines the price to the customer. Online Vacation Center has agreements with suppliers for travel packages that Online Vacation Center sells. Online Vacation Center does not have purchase obligations for unsold travel packages. Online Vacation Center presents revenue in accordance with Staff Accounting Bulletin (SAB) No. 104 "Revenue Recognition in Financial

52

Statements" and Emerging Issues Task Force (EITF) Issue No. 99-19, "Reporting Revenue Gross as a Principal versus Net as an Agent", including the weighing of the relevant qualitative factors regarding the Company's status as a primary

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

obligor, and the extent of their pricing latitude. The method of revenue presentation does not impact operating profit, net income, earnings per share or cash flows. Based upon the Company's evaluation of sales transactions and in accordance with the various indicators identified in EITF Issue No. 99-19, Online Vacation Center's suppliers assume the majority of the business risks such as providing the service and the risk of unsold travel packages. As such, all sales transactions are to be recorded at the net amount, which is the amount charged to the customer less the amount to be paid to the supplier. Sales transactions are billed to customers at the time of booking, however revenue is not recognized on the accompanying consolidated financial statements until the customers' travel occurs.

Online Vacation Center generally recognized advertising revenues ratably over the advertising period, depending on the terms of the advertising contract. For the nine-month periods ended September 30, 2005 and 2004, Online Vacation Center derived no revenues from the sales of advertisements on its internet website. Online Vacation Center applies EITF Issue No. 99-17, "Accounting for Advertising Barter Transactions", in the valuation and recognition of barter arrangements, however, during the current period, there was no revenue derived from barter agreements.

Income Taxes

Online Vacation Center accounts for income taxes under the liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

Online Vacation Center has incurred cumulative net operating losses ("NOLs") for financial accounting and tax purposes. The effects of the NOLs have given rise to a substantial deferred tax asset that has been utilized to offset the provision for income taxes on substantially all earnings generated to date. SFAS No. 109, "Accounting for Income Taxes," requires that Online Vacation Center record a valuation allowance when it is "more likely than not that some portion or all of the deferred tax assets will not be realized." At December 31, 2002, Online Vacation Center recorded a valuation allowance of \$2,217,158 or 80% of the gross deferred tax asset of \$2,771,447. Online Vacation Center decreased the valuation allowance in 2003 and 2004

At March 31, 2005, Online Vacation Center once again achieved profitability and net income for the quarter, booking activity, and advanced bookings increased as compared to the same three month period ending March 31, 2004. The first three months of the year are known as the "wave season" in the travel industry and many travel companies book a large portion of their business at this time. As would be expected, advanced bookings reached its highest historical level. Based on this information, management concluded at that time that it was more likely than not that a lesser portion of the deferred tax asset would not be realized and consequently, Online Vacation Center decreased the valuation allowance to \$1,007,748 or 60% of the gross deferred tax asset of \$1,681,695, resulting in a benefit recognized of \$157,220. For the three-month period ended March 31, 2005, the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) was \$128,563. The net effect of the valuation allowance benefit of \$157,220 and the recognition of the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) of \$128,563 resulted in a provision (benefit) for income taxes of (\$28,657) for the three-month period.

At June 30, 2005, Online Vacation Center had its most profitable quarter since inception. Net income before taxes and future revenue increased as compared to the same three month period ending June 30, 2004. Historically, the second

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

quarter of the year is the time that most bookings travel, therefore it would be expected that advanced bookings would significantly decrease. Instead, advanced bookings increased 40% as compared to the same period in 2004. Based on this information, management concluded at that time that it was no longer more likely than not that a portion of the deferred tax asset would not be realized and consequently, Online Vacation Center removed the valuation allowance. Accordingly, Online Vacation Center recorded a net non-cash tax benefit in the quarter ended June 30, 2005 of \$644,163, resulting primarily from the effect of a \$1,007,748 reversal of the valuation allowance on Online Vacation Center deferred tax assets, partly offset by a \$363,585 non-cash U.S. income tax provision (prior to the impact of the valuation allowance).

RISK FACTORS

You are urged to read and carefully consider the following risk factors.

RISKS RELATING TO THE SALE OF ASSETS AND SHARE EXCHANGE

Alec Bradley Cigar may not realize the anticipated benefits of the share exchange and is selling its operating assets to a related party.

As a condition of the share exchange, Alec Bradley Cigar is selling all of its assets which include its cigar distribution operations. Alan Rubin, the purchaser, is also Alec Bradley Cigar's majority shareholder, chairman and sole officer and director. Mr. Rubin is not withdrawing from the cigar distribution business. Alec Bradley Cigar's decision to withdraw from the cigar business may be premature. Economic conditions change quickly, and Online Vacation Center's business plan may never be realized and our stock price will decrease. Online Vacation Center has not experienced substantial growth over the past two years and has an accumulated deficit of \$2,045,504 as of September 30, 2005.

Nevertheless, Alec Bradley Cigar's board of directors believes that selling Alec Bradley Cigar's current business operations and implementing Online Vacation Center's business will permit the combined companies to achieve a greater level of success than is possible with Alec Bradley Cigar's current business. However, there can be no assurance that, following the share exchange, Online Vacation Center's business will ever achieve a greater level of success.

The share exchange will dilute your percentage ownership of Alec Bradley Cigar's common stock.

The share exchange will dilute the percentage ownership held by Alec Bradley Cigar's shareholders when compared to their ownership prior to the share exchange. Based upon the estimated capitalization of both Alec Bradley Cigar and Online Vacation Center, at the effective time of the share exchange Alec Bradley Cigar's shareholders will hold approximately 9% of Alec Bradley Cigar's outstanding capital stock following the share exchange. Online Vacation Center plans to use additional stock issuances in its potential acquisitions. These stock issuances may cause further dilution to current Alec Bradley Cigar shareholders. Online Vacation Center's current business plan is to seek acquisitions that may rely heavily on issuances of common stock and the elimination of preemptive rights may cause further dilution to current Alec Bradley Cigar shareholders.

The aggregate number of shares of Alec Bradley Cigar's common stock issued to Online Vacation Center shareholders in the share exchange is fixed and will not

be adjusted in the event of any change in the stock price.

Under the share exchange agreement, each outstanding share of Online Vacation Center common stock will be exchanged for 15,000,000 shares of Alec Bradley Cigar's common stock. The number of shares issued to Online Vacation Center shareholders in the share exchange is fixed and will not be adjusted for any fluctuation in the market price of Alec Bradley Cigar's common stock.

53

Even following the share exchange Alec Bradley Cigar may be exposed to

liabilities resulting from its current business operations.

As a condition to the proposed share exchange with Online Vacation Center, Alec Bradley Cigar must dispose of all of its assets and liabilities. Even though Alec Bradley Cigar will have disposed of all such cigar operations and has been indemnified by Mr. Rubin for claims associated with the operations, there can be no assurance that a third party will not make claims against Alec Bradley Cigar for actions taken by the former company.

RISK FACTORS RELATING TO ONLINE VACATION CENTER'S BUSINESS

Online Vacation Center's growth strategy is based on a merger and acquisition

strategy and there can be no assurance that Online Vacation Center will be able

to identify, acquire or profitably manage additional businesses or successfully

integrate acquired businesses into Online Vacation Center without substantial

costs, delays or other operational or financial problems.

Online Vacation Center intends to increase its revenues, expand the markets it serves and increase its services through the acquisition or merger of additional operating companies. There can be no assurance that Online Vacation Center will be able to identify, acquire or profitably manage additional businesses or successfully integrate acquired businesses into Online Vacation Center without substantial costs, delays or other operational or financial problems. Increased competition for acquisition or merger candidates may develop, in which event there may be fewer acquisition and merger opportunities available to Online Vacation Center, as well as higher acquisition or merger prices. Further, acquisitions and mergers involve a number of special risks, including possible adverse effects on Online Vacation Center's operating results, diversion of management's attention, failure to retain key personnel, risks associated with unanticipated events or liabilities and amortization of acquired intangible assets, some or all of which could have a material adverse effect on Online Vacation Center's business, financial condition and results of operations. Customer dissatisfaction or performance problems at a single acquired company could also have an adverse effect on the reputation of Online Vacation Center. Online Vacation Center may also seek international acquisitions that may be subject to additional risks associated with doing business in foreign countries. In addition, there can be no assurance that businesses acquired will achieve anticipated revenues and earnings.

Since Online Vacation Center may finance future acquisitions and mergers in part

by using shares of its common stock for the consideration to be paid, if in the

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

event that the common stock does not maintain a sufficient market value, or

potential acquisition and merger candidates are otherwise unwilling to accept

common stock as the consideration for the sale of their businesses, Online

Vacation Center may be required to issue additional shares of stock or utilize

more of its cash resources, if available, in order to maintain its acquisition

program.

Online Vacation Center may finance future acquisitions by using shares of common stock for the consideration to be paid. In the event that the common stock does not maintain a sufficient market value, or potential acquisition and merger candidates are otherwise unwilling to accept common stock as part of the consideration for the sale of their businesses, Online Vacation Center may be required to utilize more of its cash resources, if available, in order to maintain its expansion program. If Online Vacation Center has insufficient cash resources, its growth could be limited unless it is able to obtain additional capital through debt or equity financings. There can be no assurance that other financing will be available on terms Online Vacation Center deems acceptable. If Online Vacation Center is unable to obtain financing sufficient for all of its desired acquisitions and mergers, it may be unable to fully carry out its expansion strategy. If funding is insufficient, Online Vacation Center may be required to delay, reduce the scope of or eliminate some or all of its expansion programs.

Alec Bradley Cigar's common stock has not historically been sufficient to serve as currency because its common stock has and continues to trade at less than \$1.00 per share with limited liquidity. Online Vacation Center believes that the new business and potential growth for the surviving business operations will generate greater investor interest and increased liquidity in the publicly trading stock, making it more attractive to serve as currency for the surviving company. Online Vacation Center believes that national online travel services will generate significantly more investor interest than a regional cigar distribution company. However, if the stock continues to trade at historical levels with limited liquidity, Online Vacation Center may be unable to make future acquisitions or may be required to change its acquisition strategy.

Online Vacation Center is dependent upon travel providers for access to their

capacity and the loss of a contract, changes in Online Vacation Center's pricing

agreements or commission schedules or more restricted access to travel

providers' capacity could materially decrease Online Vacation Center's margins

and have a negative effect on Online Vacation Center's business, financial

condition and results of operations.

Online Vacation Center is dependent upon travel providers for access to their capacity. Other distributors may have similar arrangements with travel providers, some of which may provide better availability or more competitive pricing than that offered by Online Vacation Center. Online Vacation Center anticipates that a significant portion of its revenues will continue to be derived from the sale of capacity for relatively few travel providers. Online

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

Vacation Center's agreements with its travel providers can generally be canceled or modified by the travel provider upon relatively short notice. The loss of a contract, changes in Online Vacation Center's pricing agreements or commission schedules or more restricted access to travel providers' capacity could have a material adverse effect on Online Vacation Center's business, financial condition and results of operations.

There can be no assurance that Online Vacation Center will be able to

successfully integrate the operations of future acquisitions and mergers or

institute the necessary company-wide systems and procedures to successfully

manage the combined enterprise on a profitable basis.

Online Vacation Center will rely on the existing reporting systems of future acquisitions and mergers for financial reporting. There can be no assurance that the management group will be able to continue to effectively manage the combined entity or effectively implement and carry out Online Vacation Center's internal growth strategy and expansion program. The inability of Online Vacation Center to successfully integrate future acquisitions and mergers would have a material adverse effect on Online Vacation Center's business, financial condition and results of operations, and would make it unlikely that Online Vacation Center's expansion program will continue to be successful. Further, there can be no assurance that Online Vacation Center's strategy to become the leading specialized distributor of leisure travel services will be successful, or that the travelers or travel providers will accept Online Vacation Center as a distributor of a variety of specialized travel services.

Online Vacation Center's business is currently dependent upon a number of

different information and telecommunication technologies and any failure of this

technology would decrease the company's revenues.

Online Vacation Center's business is currently dependent upon a number of different information and telecommunication technologies to facilitate its access to information and manage a high volume of inbound and outbound calls. Any failure of this technology would have a material adverse effect on the company's business, financial condition and results of operations. In addition, Online Vacation Center is dependent upon certain third party vendors, for access to certain information. Any failure of these systems or restricted access by Online Vacation Center would have a material adverse effect on Online Vacation Center's business, financial condition and results of operations.

There can be no assurance that Online Vacation Center's systems, procedures and

controls will be adequate to support Online Vacation Center's operations as it

expands which could significantly increase the company's expenses and delay or

prevent growth.

Online Vacation Center expects to continue to grow internally and through acquisitions and mergers. Online Vacation Center expects to spend significant time and effort expanding existing businesses and identifying, completing and integrating acquisitions and mergers. There can be no assurance that Online Vacation Center's systems, procedures and controls will be adequate

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

to support Online Vacation Center's operations as they expand. Any future growth also will impose significant added responsibilities on members of senior management, including the need to identify, recruit and integrate new senior level managers and executives. There can be no assurance that such additional management will be identified or retained by Online Vacation Center. To the extent that the company is unable to manage its growth efficiently and

55

effectively, or is unable to attract and retain qualified management, Online Vacation Center's business, financial condition and results of operations could be materially adversely affected. While Online Vacation Center has experienced revenue and earnings growth over the past few years, there can be no assurance that Online Vacation Center will continue to experience internal growth comparable to these levels, if at all. Factors affecting the ability of Online Vacation Center to continue to experience internal growth include, but are not limited to, the ability to expand the travel services offered, the continued relationships with certain travel providers and travel agents, the ability to recruit and retain qualified sales personnel and the ability to cross-sell services within Online Vacation Center.

Online Vacation Center's revenues and earnings are especially sensitive to

global events that are out of its control.

Online Vacation Center's results of operations are dependent upon factors generally affecting the travel industry. Online Vacation Center's revenues and earnings are especially sensitive to events that affect domestic and international air travel and vacation. A number of factors could result in an overall decline in demand for travel, including political instability, armed hostilities, international terrorism, extreme weather conditions, a rise in fuel prices, a decline in the value of the U.S. dollar, labor disturbances, excessive inflation, a general weakening in economic activity and reduced employment in the U.S. These types of events could have a material adverse effect on Online Vacation Center's business, financial condition and results of operations.

Online Vacation Center's financial results will be materially impacted by income

taxes in the future.

Online Vacation Center has significant deferred tax assets, resulting from domestic net operating loss carryforwards ("NOLs"). SFAS No. 109, "Accounting for Income Taxes," requires that the company record a valuation allowance when it is "more likely than not that some portion or all of the deferred tax assets will not be realized." At December 31, 2002, the company recorded a valuation allowance for 80% of the gross deferred tax asset. The Company decreased the valuation allowance in 2003, 2004, and the first quarter of 2005. At June 30, 2005, management concluded at the time that it was no longer more likely than not that a portion of the deferred tax asset would not be realized and consequently, the Company removed the valuation allowance. Accordingly, Online Vacation Center recorded a net non-cash tax benefit in the quarter ended June 30, 2005 of \$644,000, resulting primarily from the effect of a \$1 million reversal of the valuation allowance on the company's deferred tax assets, partly offset by a \$363,000 non-cash U.S. income tax provision. In reporting periods subsequent to the reversal of the valuation allowance, the company's reported financial results will include a substantially non-cash provision for income taxes based upon the full prevailing blended federal and state tax rates. As a result, the company's future reported net income and earnings per share will be materially negatively impacted.

The domestic and international leisure travel industry is seasonal and subject

to quarterly fluctuations caused primarily by the seasonal variations in the

travel industry which could have a negative effect on Online Vacation Center's

quarterly results of operations.

The domestic and international leisure travel industry is seasonal. The results of Online Vacation Center's have been subject to quarterly fluctuations caused primarily by the seasonal variations in the travel industry. Net revenues and net income are generally higher in the second and fourth quarters. The company expects seasonality to continue in the future. The company's quarterly results of operations may also be subject to fluctuations as a result of the timing and cost of acquisitions and mergers, changes in the mix of services offered by Online Vacation Center as a result of acquisitions and mergers, internal growth rates, fare wars by travel providers, changes in relationships with certain travel providers, the timing of the payment of overrides by travel providers, extreme weather conditions or other factors affecting travel. Unexpected variations in quarterly results could also adversely affect the price of the common stock, which in turn could limit the ability of Online Vacation Center to expand.

The travel service industry is extremely competitive and has low barriers to

entry.

The travel service industry is extremely competitive and has low barriers to entry. Online Vacation Center competes with other distributors of travel services, travel providers, travel agents, tour operators and central reservation service providers, some of which have greater experience, brand name recognition and/or financial resources than Online Vacation Center. Online Vacation Center's travel providers may decide to compete more directly with Online Vacation Center and restrict the availability and/or preferential pricing of their capacity. In addition, other distributors may have relationships with certain travel providers providing better availability or more competitive pricing than that offered by Online Vacation Center. Furthermore, some travel agents have a strong presence in their geographic area which may make it difficult for Online Vacation Center to attract customers in those areas.

Online Vacation Center's operations are dependent on the efforts and

relationships of Edward Rudner will be dependent on the efforts and

relationships of the principals of future acquisitions and mergers and if any of

these principals become unable to continue in their role, the company's business

could be adversely affected.

Online Vacation Center's operations are dependent on the efforts and relationships of Edward Rudner. Furthermore, Online Vacation Center will likely be dependent on the senior management of any businesses acquired in the future. If any of these individuals become unable to continue in their role the Company's business or prospects could be adversely affected. Although the

Company has entered into an employment agreement with Mr. Rudner, there can be no assurance that such individual will continue in his present capacity for any particular period of time.

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

Subsequent to the acquisition of Online Vacation Center Edward Rudner will have

the ability to control our business and corporate affairs.

Subsequent to the acquisition of Online Vacation Center Edward Rudner and his affiliates will beneficially own shares of common stock representing approximately 64% of the total voting power of the common stock of our company. Mr. Rudner will be able to exercise control over Online Vacation Center's affairs and be able to elect our entire board of directors and to control the disposition of any matter submitted to a vote of stockholders.

2. The After per share amounts for Alan Rubin is based on 2,895,000 shares. This reflects the fact that his interest in earnings before the transaction was 64% and it is 100% after the transactions. As such, his Earnings Per Share has increased from \$0.008 to \$0.013 for the first nine months of 2005 and from \$0.016 to \$0.025 in 2004. RIGHTS OF DISSENTING SHAREHOLDERS

Set forth below is a summary of dissenters' rights available to Alec Bradley Cigar's shareholders relating to the sale of assets and elimination of preemptive rights. This summary is not intended to be a complete statement of applicable Florida law and is qualified in its entirety by reference to Article XIII, Chapter 607 of the FBCA, set forth in its entirety as Appendix F.

Right to Dissent. Shareholders of Alec Bradley Cigar are entitled to dissent from the sale of assets and elimination of preemptive rights discussed in this information statement and obtain payment of the fair value of their shares if and when the proposals are effectuated. A shareholder entitled to dissent and to obtain payment for the shareholder's shares under Chapter 607 of the FBCA may not challenge the corporate action(s) creating the right to dissent unless the action is unlawful or fraudulent with respect to the shareholder or the corporation.

Under Section 607.1302 of the FBCA, a record shareholder may assert dissenters' rights as to fewer than all the shares registered in the record shareholder's name.

Procedure for Exercise of Dissenters' Rights. The notice accompanying the information statement states that shareholders are entitled to assert dissenters' rights under Chapter 607 of the FBCA. An Alec Bradley Cigar shareholder who wishes to assert dissenters' rights must cause Alec Bradley Cigar to receive written notice of the shareholder's intention to demand payment for the shareholder's shares within 20 days of receipt of this information statement.

A SHAREHOLDER WHO DOES NOT SATISFY THE FOREGOING REQUIREMENTS WILL NOT BE ENTITLED TO DEMAND PAYMENT FOR HIS OR HER SHARES UNDER CHAPTER 607 OF THE FBCA.

Once the proposals become effective, Alec Bradley Cigar must deliver a written appraisal notice and an appraisal form to all shareholders who have complied with the notice of intent to demand payment. Appraisal notice must be sent no earlier than the date the corporate action became effective and no later than 10 days after such date and must provide a form that specifies the date the proposals became effective and that provides for the shareholders to: (1) state their name, address, number of shares as to which the shareholder asserts appraisal rights, and (2) accept Alec Bradley Cigar's appraisal offer or (if the shareholder does not accept the offer) provide for the shareholder's estimated fair value of the shares and the demand for the payment of the shareholder's estimated value plus interest

The appraisal form must be received by Alec Bradley Cigar no fewer than 40 nor more than 60 days after the appraisal notice and form was originally sent by Alec Bradley Cigar. IF SUCH FORM IS NOT RECEIVED WITHIN THIS TIME PERIOD THEN THE SHAREHOLDER SHALL HAVE WAIVED THE RIGHT TO DEMAND APPRAISAL WITH RESPECT TO THE SHARES.

A shareholder who wishes to exercise appraisal rights must execute and return the form received and, in the case of certificated shares, deposit the shareholder certificates with Alec Bradley Cigar Company. Once a shareholder deposits that shareholder's certificate or, in the case of uncertificated shares, returns the executed forms, that shareholder loses all rights as a shareholder, unless the shareholder withdraws his notice.

If the shareholder states on the appraisal form that the shareholder accepts the offer of Alec Bradley Cigar to pay the estimated fair value for the

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

shares, Alec Bradley Cigar shall make such payment to the shareholder within 90 days after its receipt of the form from the shareholder.

Judicial Appraisal of Shares. If a demand for payment made by a dissatisfied dissenter as set forth above is unresolved, Alec Bradley Cigar may, within 60 days after receiving the payment demand, commence a proceeding and petition a court to determine the fair value of the shares. Alec Bradley Cigar must commence the proceeding described above in any court of competent jurisdiction in Broward County, Florida. Alec Bradley Cigar must make all

62

dissenters whose demands remain unresolved parties to the proceeding as in an action against their shares, and all parties must be served with a copy of the petition. The jurisdiction of the court in which the proceeding is commenced is plenary and exclusive. One or more persons may be appointed by the court as appraisers to receive evidence and recommend a decision on the question of fair value. The proceeding will be entitled to the same discovery rights as parties in other civil proceedings. Each dissenter made a party to the proceeding will be entitled to judgment for the amount, if any, by which the court finds the fair value of the dissenter's shares exceeds the amount paid by Alec Bradley Cigar, or the fair value of a dissenters' shares for which Alec Bradley Cigar elected to withhold payment.

The court in an appraisal proceeding will determine the costs and expenses of the proceeding, including the reasonable compensation and expenses of appraisers appointed by the court. The court will assess the costs against Alec Bradley Cigar, but all or any part of such costs and expenses may be apportioned and assessed as the court deems equitable against any or all of the dissenting shareholders who are parties to the proceeding, to whom Alec Bradley Cigar has made an offer to pay for the shares, if the court finds that the action of such shareholders in failing to accept such offer was arbitrary, vexatious, or not in good faith. Such expenses shall include reasonable compensation for, and reasonable expenses of, the appraisers, but shall exclude the fees and expenses of counsel for, and experts employed by, any party. If the fair value of the shares, as determined, materially exceeds the amount which Alec Bradley Cigar offered to pay therefore or if no offer was made the court in its discretion may award to any shareholder who is a party to the proceeding such sum as the court determines to be reasonable compensation to any attorney or expert employed by the shareholder in the proceeding.

ONLINE VACATION CENTER HOLDINGS, INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2004 and 2003

NOTE 1 - ORGANIZATION

Overview

Online Vacation Center Holdings, Inc. and Subsidiary (the "Company") is a Florida holding company incorporated on October 2, 2000, which provides cruise travel services through its wholly owned subsidiary Online Vacation Center, Inc.

History

On March 2, 2001, pursuant to a Stock Purchase Agreement effective as of December 31, 2000, the Company purchased all the common stock of Travel Trails, Inc. d/b/a McMichael's Travel Shoppe, ("TTI") an American Express Travel Services Representative travel agency located in Broward County, Florida. The acquisition was accounted for using the purchase method of accounting and the cash consideration paid was \$67,000, excluding capitalized acquisition costs of approximately \$10,000. Effective as of the date of the Stock Purchase Agreement TTI changed its name to Online Vacation Center, Inc.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of Online Vacation Center Holdings, Inc. and its wholly owned subsidiary. All significant intercompany transactions and balances have been eliminated in consolidation.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements. These estimates and assumptions also affect the reported amounts of revenues and costs and expenses during the reporting period. Management evaluates these estimates and assumptions on a regular basis. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. At December 31, 2004 and 2003, cash and cash equivalents include cash on hand and cash in the bank.

Restricted Cash

In accordance with ARB-43, Ch. 3A, "Current Assets and Current Liabilities", cash which is restricted as to withdrawal is considered a noncurrent asset. Restricted cash consists of collateral for two letters of credit and a reserve for credit card processing. The Company's credit card processor, Global Payments, holds a \$280,000 reserve for credit cards processed. Global Payments will hold this reserve for as long as the Company uses them as their credit card processor and will release all funds no later than six months after the final transaction deposit. Certificates of deposit of \$35,000 are collateral for two outstanding letters of credit due to expire in 2006. The letters of credit are required by industry and state regulations and will be renewed.

F-7

ONLINE VACATION CENTER HOLDINGS, INC. AND SUBSIDIARY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS December 31, 2004 and 2003

Revenue Recognition

Revenues are derived from transactions where the Company is the merchant of record and determines the price to the customer. The Company has agreements with suppliers for travel packages that the Company sells. The Company does not have purchase obligations for unsold travel packages. The Company presents revenue in accordance with Staff Accounting Bulletin (SAB) No. 104 "Revenue Recognition in Financial Statements" and Emerging Issues Task Force (EITF) Issue No. 99-19, "Reporting Revenue Gross as a Principal versus Net as an Agent", including the weighing of the relevant qualitative factors regarding the Company's status as the primary obligor, and the extent of their pricing latitude. The method of revenue presentation does not impact operating profit, net income, earnings per share or cash flows but rather revenues and operating expenses. Based upon the Company's evaluation of sales transactions and in accordance with the various indicators identified in EITF No. 99-19, the Company's suppliers assume the majority of the business risks which include providing the service and the risk of unsold travel packages. As such, all sales transactions are recorded at the net amount, which is the amount charged to the customer less the amount to be paid to the supplier. Revenues are billed to customers at the time of booking and are included in deferred revenue on the accompanying consolidated balance sheet until the customers' travel occurs, at which point revenues are recognized.

The Company generally recognizes advertising revenues ratably over the

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

advertising period, depending on the terms of the advertising contract. For the years ended December 31, 2004 and 2003 the Company derived no revenues from the sales of advertisements on its internet website. The Company applies EITF 99-17, Accounting for Advertising Barter Transactions, in the valuation and recognition of barter arrangements, however, during fiscal years 2004 and 2003 there was no revenue derived from barter arrangements.

Concentration of Credit Risk

The Company's business is subject to certain risks and concentrations including dependence on relationships with travel suppliers (primarily cruise lines), exposure to risks associated with online commerce security and credit card fraud. The Company is highly dependent on its relationships with three major cruise lines: Celebrity Cruises, Norwegian Cruise Line and Royal Caribbean Cruises. The Company also depends on third party service providers for processing certain fulfillment services.

Concentrations of credit with respect to accounts receivable are limited because of the Company's policy to require deposits from customers, the number of customers comprising the client base and their dispersion across geographical locations.

Financial instruments, which potentially subject the Company to concentration of credit risk, consist primarily of cash and cash equivalents and marketable securities. Cash equivalents and marketable securities are of high-quality short to intermediate term agency securities, all of which are maintained with quality financial institutions of high credit. Cash and cash equivalents are maintained with financial institutions and are in excess of Federal Deposit Insurance Corporation ("FDIC") insurance limits. At December 31, 2004 and 2003 the balances at various financial institutions over the FDIC insured balances relating to

F-8

ONLINE VACATION CENTER HOLDINGS, INC. AND SUBSIDIARY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS December 31, 2004 and 2003

cash and cash equivalents and restricted cash are approximately \$1.3 million and \$582,000, respectively.

Accounts Receivable

Accounts receivable are generally due 90-days prior to customer travel dates and are stated at amounts due from customers net of an allowance for doubtful accounts. Accounts outstanding longer than the contractual payment terms are considered past due. The Company determines its allowance by considering a number of factors, including the length of time trade accounts receivable are past due, the Company's previous loss history, the specific customer's current ability to pay its obligation to the Company and the condition of the general economy and the industry as a whole. The Company writes off accounts receivable when they become uncollectible, and payments subsequently received on such receivables are credited to the allowance for doubtful accounts. At December 31, 2004 and 2003, allowance for doubtful accounts was \$5,000 and \$4,003, respectively.

Property and Equipment

Property and equipment, including significant improvements, are recorded at cost. Repairs and maintenance and any gains or losses on dispositions are

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

recognized as incurred. Depreciation and amortization is provided for on a straight-line basis to allocate the cost of depreciable assets to operations over their estimated service lives.

Asset Category	Depreciation/ Amortization Period
Office equipment	2 to 3 Years
Furniture & fixture	5 to 7 Years
Leasehold improvements	6.5 Years
Capitalized relocation costs	3 to 5 Years

Goodwill and Indefinite-Lived Purchased Intangible Assets

In accordance with SFAS No. 142, "Goodwill and Other Intangible Assets," goodwill acquired in business combinations is assigned to reporting units that are expected to benefit from the synergies of the combination as of the acquisition date. The Company assesses goodwill and indefinite-lived intangible assets for impairment annually at the beginning of the fourth quarter, or more frequently if events and circumstances indicate impairment may have occurred in accordance with SFAS No. 142. If the carrying value of a reporting unit's goodwill exceeds its implied fair value, the Company records an impairment loss equal to the difference. SFAS No. 142 also requires that the fair value of indefinite-lived purchased intangible assets be estimated and compared to the carrying value. The Company recognizes an impairment loss when the estimated fair value of the indefinite-lived purchased intangible assets is less than the carrying value.

F-9

ONLINE VACATION CENTER HOLDINGS, INC. AND SUBSIDIARY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS December 31, 2004 and 2003

Long-Lived Assets

The Company's accounting policy regarding the assessment of the recoverability of the carrying value of long-lived assets, including property and equipment and purchased intangible assets with finite lives, is to review the carrying value of the assets if the facts and circumstances suggest that they may be impaired. If this review indicates that the carrying value will not be recoverable, as determined based on the projected undiscounted future cash flows, the carrying value is reduced to its estimated fair value.

Advertising Costs

Substantially all advertising costs are charged to expense as incurred and principally represent direct mail costs and online advertising, including fees paid to search engines and distribution partners. Direct mail advertising costs are recorded as prepaid expenses and charged to expense as consumed. Advertising expense for the years ended December 31, 2004 and 2003 was \$977,762 and \$323,887, respectively.

Income Taxes

The Company accounts for income taxes under the liability method. Deferred

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

The Company has incurred cumulative net operating losses ("NOLs") for financial accounting and tax purposes. The effects of the NOLs have given rise to a substantial deferred tax asset that has been utilized to offset the provision for income taxes on substantially all earnings generated to date.

SFAS No. 109, "Accounting for Income Taxes," requires that the Company record a valuation allowance when it is "more likely than not that some portion or all of the deferred tax assets will not be realized." At December 31, 2002, the Company had not yet had a profitable year, however, the Company's loss before provision for income taxes decreased from the prior year, there was a large increase in advanced bookings from the prior year, and the industry was slowly improving after its decline following September 11, 2001. Based on this information, management concluded at that time that it was more likely than not that a portion of the deferred tax asset would not be realized and consequently, the Company provided a valuation allowance of \$2,217,158 or 80% of the gross deferred tax asset of \$2,771,447, resulting in a net benefit recognized of \$554,289.

At December 31, 2003, the Company had its first profitable year, however, there was a large decline in advanced bookings from the prior year and the industry's growth was affected by global events such as the war in Iraq and the negative publicity surrounding the outbreak of SARS (Severe Acute Respiratory Syndrome) on several cruise ships. Based on this information, management concluded at that time that it was more likely than not that a lesser portion of the deferred tax asset would not be realized. Accordingly, the Company decreased the valuation allowance to \$1,654,431 or 75% of the gross deferred tax asset of \$2,205,908, resulting in a benefit recognized of \$562,727. For the year ended December 31, 2003, the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) was \$565,539. The net effect of the valuation allowance benefit of \$562,727 and the recognition of the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) of \$565,539 resulted in a provision for income taxes of \$2,812 for the year.

At December 31, 2004, the Company had its second profitable year and advanced bookings were back to 2002 levels, however, earnings before provision for income taxes decreased 28% from the prior year and income from operations decreased 40% from the prior year. Booking activity fell during the second and third quarter of 2004 and started to pick up in the fourth quarter. Based on this information, management concluded at that time that it was more likely than not that a lesser portion of the deferred tax asset would not be realized and consequently, the Company decreased the valuation allowance to \$1,164,967 or 65% of the gross deferred tax asset of \$1,792,257, resulting in a benefit recognized of \$489,464. For the year ended December 31, 2004, the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) was \$413,651. The net effect of the valuation allowance benefit of \$489,464 and the recognition of the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) of \$413,651 resulted in a provision (benefit) for income taxes of (\$75,813) for the year. The likelihood of realization of deferred tax assets will continue to be reviewed periodically.

Earnings Per Share

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

Basic earnings per share is computed by dividing net income available to common shareholders by the weighted average number of common shares outstanding during the period. Diluted earnings per share reflects the potential dilution that could occur if stock options and other commitments to issue common stock were exercised or equity awards vest resulting in the issuance of common stock that could share in the earnings of the Company.

Stock-Based Compensation

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation Transition and Disclosure" ("SFAS No. 148") which amends FASB Statement No. 123 "Accounting for Stock-Based Compensation" ("SFAS No. 123"). SFAS No. 148 provides alternative methods of transition for a voluntary change to the fair value-based method of accounting for stock-based employee compensation and amends the disclosure requirements of SFAS No. 123. The Company adopted the expense recognition provision of SFAS 123 and is providing expense for stock based compensation for grants made on and after January 1, 2003 on a prospective basis as provided by SFAS 148, and will continue to provide pro forma information in the notes to financial statements to provide the results as if all equity awards issued in prior years were being expensed. There was no stock based compensation granted during the years ended December 31, 2004 and 2003, respectively.

ONLINE VACATION CENTER HOLDINGS, INC. AND SUBSIDIARY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS December 31, 2004 and 2003

Recent Accounting Pronouncements

Other-Than-Temporary Impairment of Investments

In March 2004, the EITF of the FASB reached a consensus on Issue No. 03-01, "The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments" ("EITF 03-01"). EITF 03-01 addresses the meaning of other-than-temporary impairment and its application to debt and equity securities within the scope of SFAS No. 115, "Accounting for Certain Investments in Debt and Equity Securities" ("SFAS 115") and equity securities that are not subject to the scope of SFAS 115 and not accounted for under the equity method of accounting. As of December 31, 2004, the Company determined that EITF 03-01 had no impact on its consolidated financial statements.

Contingently Convertible Instruments

In September 2004, the EITF reached a consensus on Issue No. 04-08, "The Effect of Contingently Convertible Instruments on Diluted Earnings Per Share" ("EITF 04-08"), which is effective for reporting periods ending after December 15, 2004. EITF 04-08 requires companies to include shares issuable under convertible instruments in diluted earnings per share computations (if dilutive) regardless of whether the market price trigger (or other contingent feature) has been met. In addition, prior period earnings per share amounts presented for comparative purposes must be restated. The Company issued no contingent convertible notes. In accordance with EITF 04-08, the Company determined that there will be no impact on future diluted earnings per share related to these notes.

Share-Based Payment

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

In December 2004, the FASB issued a revision of SFAS 123 ("SFAS 123(R)") that will require compensation costs related to share-based payment transactions to be recognized in the statement of operations. With limited exceptions, the amount of compensation cost will be measured based on the grant-date fair value of the equity or liability instruments issued. In addition, liability awards will be remeasured each reporting period. Compensation cost will be recognized over the period that an employee provides service in exchange for the award. SFAS 123(R) replaces SFAS 123 and is effective as of the first interim period beginning after June 15, 2005. Based on zero shares and awards outstanding as of December 31, 2004 (and without giving effect to any awards which may be granted in 2005), the Company expects that the adoption of SFAS 123(R) will have no impact on earnings during 2005.

Nonmonetary Exchange

In December 2004, the FASB issued SFAS No. 153, "Exchanges of Nonmonetary Assets--An Amendment of APB Opinion No. 29, Accounting for Nonmonetary Transactions" ("SFAS 153"). SFAS 153 eliminates the exception from fair measurement for nonmonetary exchanges of similar productive assets in paragraph 21(b) of APB Opinion No. 29, "Accounting for Nonmonetary Transactions," and replaces it with an exception for exchanges that do not have commercial substance. SFAS 153 specifies that a nonmonetary exchange has commercial substance if the future cash flows of the entity expected to change significantly as a result of the exchange. SFAS 153 is effective for

the fiscal periods beginning after June 15, 2005. The adoption of SFAS 153 is not expected to have a material impact on the Company's current financial condition or results of operations.

Off-Balance Sheet Arrangements

The Company has not entered into any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources and would be considered material to shareholders. Certain officers and directors of the Company have provided personal guarantees to our various lenders as required for the extension of credit to the Company.

impairment annually at the beginning of the fourth quarter, or more frequently if events and circumstances indicate impairment may have occurred in accordance with SFAS No. 142. During 2003 the Company determined that the carrying value of the goodwill relating to the TTI acquisition exceeded its implied fair value. The Company recorded an impairment charge related to the write-down of the TTI goodwill of \$61,575, before tax, which was recorded as a component of operating income in the accompanying statement of operations. The write-down was determined by comparing the fair value of the business and the implied value of the goodwill with the carrying amounts on the balance sheet. The write-down primarily resulted from the lack of benefit associated with the TTI acquisition. The goodwill impairment charge recorded in 2003 resulted from the Company's annual impairment review for goodwill and intangible assets, which took place in the fourth quarter in conjunction with the preparation of our year-end financial statements. At December 31, 2004 and 2003 there was no goodwill in the accompanying consolidated balance sheets.

During 2002 the company purchased the rights to the Renaissance Cruises name and customer database. The Company also registered two trade names and marks for Online Vacation Center, Inc. These costs were capitalized and are being amortized over the expected 15-year useful lives of the trademarks.

ONLINE VACATION CENTER HOLDINGS, INC. AND SUBSIDIARY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS December 31, 2004 and 2003

Settlement Obligation

The Company is involved from time to time in various legal claims and actions arising in the ordinary course of business. In November 2004, the Company reached a settlement agreement with a travel company whereby the Company paid \$200,000 and agreed to pay \$175,000 over twenty months commencing January 2005 with interest on the outstanding balance at 8% per annum.

The balance recorded for the settlement obligation in the accompanying balance sheet as of December 31, 2003 was \$636,403 and was accrued during 2003. In 2004, an additional \$4,412 was accrued for the settlement obligation, increasing the balance recorded to \$640,815. As a result of the settlement agreement, the difference between the balance of \$640,815 that the Company had accrued and the settlement sum of \$375,000 was recorded as a gain in the accompanying statement of consolidated operations for the year ended December 31, 2004, as this was a one-time event that did not result from the Company's core operations and the settlement gain had been realized.

Regulatory Matters

The Company believes it is compliance with all federal regulatory requirements, including the CAN-SPAM Act of 2003 which regulates commercial electronic mail on a nationwide basis. The Company adheres to the law by properly representing the nature of its commercial email messages, not tampering with source and transmission information and obtaining email addresses through lawful means.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - BACKGROUND

Overview

Online Vacation Center Holdings, Inc. (the "Company") is a Florida holding company incorporated on October 2, 2000, which provides cruise travel services through its wholly owned subsidiary Online Vacation Center, Inc.

History

On March 2, 2001, pursuant to a Stock Purchase Agreement effective as of December 31, 2000, the Company purchased all the common stock of Travel Trails, Inc. d/b/a Mc Michael's Travel Shoppe, ("TTI") an American Express Travel Services Representative travel agency located in Broward County, Florida. The acquisition was accounted for using the purchase method of accounting and the cash consideration paid was \$67,000, excluding capitalized acquisition costs of approximately \$10,000. Effective as of the date of the Stock Purchase Agreement TTI changed its name to Online Vacation Center, Inc.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of Online Vacation Center Holdings, Inc. and its wholly owned subsidiary. All significant intercompany transactions and balances have been eliminated.

Use of estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements. These estimates and assumptions also affect the reported amounts of revenues, costs and expenses during the reporting period. Management evaluates these estimates and assumptions on a regular basis. Actual results could differ from those estimates.

Interim Financial Statements

The interim financial statements presented herein have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such rules and regulations. The interim financial statements should be read in conjunction with the Company's annual financial statements, notes and accounting policies included in the Company's year-end financial statements as of December 31, 2004. In the opinion of management, all adjustments (consisting only of normal recurring adjustments) which are necessary to provide a fair presentation of financial position as of September 30, 2005 and the related operating results and cash flows for the interim period presented have been made. The results of operations, for the period presented are not necessarily indicative of the results to be expected for the year.

Cash and Cash Equivalents

The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. At September 30, 2005 and December 31, 2004, cash and cash equivalents include cash on hand and cash in the bank.

Restricted Cash

In accordance with ARB-43, Ch. 3A, "Current Assets and Current Liabilities", cash which is restricted as to withdrawal is considered a noncurrent asset. Restricted cash consists of collateral for two letters of credit and a reserve for credit card processing. The Company's credit card processor, Global Payments, holds a \$280,000 reserve for credit cards

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

processed. Global Payments will hold this reserve for as long as the Company uses them as their credit card processor and will release all funds no later than six months after the final transaction deposit. Certificates of deposit of \$35,000 are collateral for two outstanding letters of credit due to expire in 2006. The letters of credit are required by industry and state regulations and will be renewed.

Revenue Recognition

Revenues are derived from transactions where the Company is the merchant of record and determines the price to the customer. The Company has agreements with suppliers for travel packages that the Company sells. The Company does not have purchase obligations for unsold travel packages. The Company presents revenue in accordance with Staff Accounting Bulletin (SAB) No. 104 "Revenue Recognition in Financial Statements" and Emerging Issues Task Force (EITF) Issue No. 99-19, "Reporting Revenue Gross as a Principal versus Net as an Agent", including the weighing of the relevant qualitative factors regarding the Company's status as a primary obligor, and the extent of their pricing latitude. The method of revenue presentation does not impact operating profit, net income, earnings per share or cash flows. Based upon the Company's evaluation of sales transactions and in accordance with the various indicators identified in EITF Issue No. 99-19, the Company's suppliers assume the majority of the business risks such as providing the service and the risk of unsold travel packages. As such, all sales transactions are to be recorded at the net amount, which is the amount charged to the customer less the amount to be paid to the supplier. Sales transactions are billed to customers at the time of booking, however revenue is not recognized on the accompanying consolidated financial statements until the customers' travel occurs.

The Company generally recognized advertising revenues ratably over the advertising period, depending on the terms of the advertising contract. For the three-month periods ended September 30, 2005 and 2004, the Company derived no revenues from the sales of advertisements on its internet website. The Company applies EITF Issue No. 99-17, "Accounting for Advertising Barter Transactions", in the valuation and recognition of barter arrangements, however, during the current period, there was no revenue derived from barter agreements.

Concentration of Credit Risk

The Company's business is subject to certain risks and concentrations including dependence on relationships with travel suppliers (primarily cruise lines), and to a lesser extent, exposure to risks associated with online commerce security and credit card fraud. The Company is highly dependent on its relationships with three major cruise lines: Celebrity Cruises, Norwegian Cruise Line, and Royal Caribbean Cruise Line. The Company also depends on third party service providers for processing certain fulfillment services.

F-7

ONLINE VACATION CENTER HOLDINGS, INC. AND SUBSIDIARY
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Concentrations of credit risk with respect to client accounts receivable are limited because of the Company's policy to require deposits from customers, the number of customers comprising the client base and their dispersion across geographical locations.

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

Financial instruments, which potentially subject the Company to concentration of credit risk, consist primarily of cash and bank certificates of deposit. These accounts are maintained with financial institutions insured by the Federal Deposit Insurance Corporation (FDIC) up to \$100,000. At September 30, 2005 and December 31, 2004 the balances at various financial institutions over the FDIC insured limit relating to cash and cash equivalents and restricted cash were approximately \$2.0 million and \$1.3 million, respectively.

Accounts Receivable

Suppliers generally pay commissions between 60 days before to 90 days after travel has commenced. The Company determines its allowance by considering a number of factors, including the length of time trade accounts receivable are past due, the Company's previous loss history, the specific supplier's current ability to pay its obligation to the Company and the condition of the general economy and the industry as a whole. The Company writes off accounts receivable when they become uncollectible, and payments subsequently received on such receivables are recognized as revenue in the period received. At September 30, 2005 and December 31, 2004, the allowance for doubtful accounts was \$7,826 and \$5,000, respectively.

Property and Equipment

Property and equipment, including significant improvements, are recorded at cost. Repairs and maintenance and any gains or losses on dispositions are recognized as incurred. Depreciation and amortization are provided for on a straight-line basis to allocate the cost of depreciable assets to operations over their estimated service lives.

Asset Category	Depreciation/ Amortization Period
-----	-----
Office equipment	2 to 3 Years
Furniture & fixture	5 to 7 Years
Leasehold improvements	6.5 Years

Goodwill and Indefinite-Lived Purchased Intangible Assets

In accordance with SFAS No. 142, "Goodwill and Other Intangible Assets," goodwill acquired in business combinations is assigned to reporting units that are expected to benefit from the synergies of the combination as of the acquisition date. The Company assesses goodwill and indefinite-lived intangible assets for impairment annually at the beginning of the fourth quarter, or more frequently if events and circumstances indicate impairment may have occurred in accordance with SFAS No. 142. If the carrying value of a reporting unit's goodwill exceeds its implied fair value, the Company records an impairment loss equal to the difference. SFAS No. 142 also requires that the fair value of indefinite-lived purchased intangible assets be estimated and compared to the carrying value. The Company recognizes an impairment loss when the estimated fair value of the indefinite-lived purchased intangible assets is less than the carrying value.

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

Long-Lived Assets

The Company's accounting policy regarding the assessment of the recoverability of the carrying value of long-lived assets, including property and equipment and purchased intangible assets with finite lives, is to review the carrying value of the assets if the facts and circumstances suggest that they may be impaired. If this review indicates that the carrying value will not be recoverable, as determined based on the projected undiscounted future cash flows, the carrying value is reduced to its estimated fair value.

Advertising Costs

Substantially all advertising costs are charged to expense as incurred and principally represent direct mail costs and online advertising, including fees paid to search engines and distribution partners. Direct mail advertising costs are recorded as prepaid expenses and charged to expense as consumed. Advertising expense for the three-month period ended September 30, 2005 and 2004 was \$275,696 and \$205,309, respectively.

Comprehensive Income

Comprehensive income is comprised of net income and other comprehensive income. Other comprehensive income includes certain changes in equity that are excluded from net income. At September 30, 2005, there were no items to be included in accumulated other comprehensive income.

Income Taxes

The Company accounts for income taxes under the liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

The Company has incurred cumulative net operating losses ("NOLs") for financial accounting and tax purposes. The effects of the NOLs have given rise to a substantial deferred tax asset that has been utilized to offset the provision for income taxes on substantially all earnings generated to date. SFAS No. 109, "Accounting for Income Taxes," requires that the Company record a valuation allowance when it is "more likely than not that some portion or all of the deferred tax assets will not be realized." At December 31, 2002, the Company recorded a valuation allowance of \$2,217,158 or 80% of the gross deferred tax asset of \$2,771,447, resulting in a net benefit recognized of \$554,289. The Company decreased the valuation allowance in 2003 and 2004, resulting in a benefit recognized of \$562,727 and \$489,464, respectively. For the years ended December 31, 2003 and 2004, the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) was \$565,539 and \$413,651. The net effect of the valuation allowance benefit of \$562,727 and \$489,464 and the recognition of the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) of \$565,539 and \$413,651 resulted in a provision (benefit) for income taxes of \$2,812 and (\$75,813) for the years ended

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

December 31, 2003 and 2004, respectively.

At March 31, 2005, the Company once again achieved profitability and net income for the quarter, booking activity, and advanced bookings increased as compared to the same three month period ending March 31, 2004. The first three months of the year are known as the "wave season" in the travel industry and many travel companies book a large portion of their business at this time. As would be expected, advanced bookings reached its highest historical level. Based on this information, management concluded at that time that it was more likely than not that a lesser portion of the deferred tax asset would not be realized and consequently, the Company decreased the valuation allowance to \$1,007,748 or 60% of the gross deferred tax asset of \$1,681,695, resulting in a benefit recognized of \$157,220. For the three-month period ended March 31, 2005, the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) was \$128,563. The net effect of the valuation allowance benefit of \$157,220 and the recognition of the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) of \$128,563 resulted in a provision (benefit) for income taxes of (\$28,657) for the three-month period.

At June 30, 2005, the Company had its most profitable quarter since inception. Net income before taxes and future revenue increased as compared to the same three month period ending June 30, 2004. Historically, the second quarter of the year is the time that most bookings travel, therefore it would be expected that advanced bookings would significantly decrease. Instead, advanced bookings increased 40% as compared to the same period in 2004. Based on this information, management concluded at that time that it was no longer more likely than not that a portion of the deferred tax asset would not be realized and consequently, the Company removed the valuation allowance. Accordingly, the Company recorded a net non-cash tax benefit in the quarter ended June 30, 2005 of \$644,163, resulting primarily from the effect of a \$1,007,748 reversal of the valuation allowance on the Company's deferred tax assets, partly offset by a \$363,585 non-cash U.S. income tax provision (prior to the impact of the valuation allowance).

Earnings Per Share

Basic earnings per share is computed by dividing net income available to common shareholders by the weighted average number of common shares outstanding during the period. Diluted earnings per share reflects the potential dilution that could occur if stock options and other commitments to issue common stock were exercised or equity awards vest resulting in the issuance of common stock that could share in the earnings of the Company. As of September 30, 2005, there were no potential dilutive instruments that could result in share dilution.

Stock-Based Compensation

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation Transition and Disclosure" ("SFAS No. 148") which amends FASB Statement No. 123 "Accounting for Stock-Based Compensation" ("SFAS No. 123"). SFAS No. 148 provides alternative methods of transition for a voluntary change to the fair value-based method of accounting for stock-based employee compensation and amends the disclosure requirements of SFAS No. 123. The Company adopted the expense recognition provision of SFAS 123 and is providing expense for stock based compensation for grants made on and after January 1, 2003 on a prospective basis as provided by SFAS 148, and will continue to provide pro forma information in the notes to

financial statements to provide the results as if all equity awards issued in prior years were being expensed. There was no stock based compensation granted during the three-month periods ended September 30, 2005 and 2004, respectively.

Recent Accounting Pronouncements

Other-Than-Temporary Impairment of Investments

In March 2004, the EITF of the FASB reached a consensus on Issue No. 03-01, "The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments" ("EITF 03-01"). EITF 03-01 addresses the meaning of other-than-temporary impairment and its application to debt and equity securities within the scope of SFAS No. 115, "Accounting for Certain Investments in Debt and Equity Securities" ("SFAS 115") and equity securities that are not subject to the scope of SFAS 115 and not accounted for under the equity method of accounting. As of September 30, 2005 and 2004, the Company determined that EITF 03-01 had no impact on its consolidated financial statements.

Contingently Convertible Instruments

In September 2004, the EITF reached a consensus on Issue No. 04-08, "The Effect of Contingently Convertible Instruments on Diluted Earnings Per Share" ("EITF 04-08"), which is effective for reporting periods ending after December 15, 2004. EITF 04-08 requires companies to include shares issuable under convertible instruments in diluted earnings per share computations (if dilutive) regardless of whether the market price trigger (or other contingent feature) has been met. In addition, prior period earnings per share amounts presented for comparative purposes must be restated. The Company issued no contingent convertible notes. In accordance with EITF 04-08, the Company determined that there will be no impact on future diluted earnings per share related to these notes.

Share-Based Payment

In December 2004, the FASB issued a revision of SFAS 123 ("SFAS 123(R)") that will require compensation costs related to share-based payment transactions to be recognized in the statement of operations. With limited exceptions, the amount of compensation cost will be measured based on the grant-date fair value of the equity or liability instruments issued. In addition, liability awards will be remeasured each reporting period. Compensation cost will be recognized over the period that an employee provides service in exchange for the award. SFAS 123(R) replaces SFAS 123 and is effective as of the first interim period beginning after June 15, 2005. Based on zero shares and awards outstanding as of September 30, 2005 (and without giving effect to any awards which may be granted in the remainder of 2005), the Company expects that the adoption of SFAS 123(R) will have no impact on earnings during 2005.

Nonmonetary Exchange

In December 2004, the FASB issued SFAS No. 153, "Exchanges of Nonmonetary Assets--An Amendment of APB Opinion No. 29, Accounting for Nonmonetary Transactions" ("SFAS 153"). SFAS 153 eliminates the exception from fair measurement for nonmonetary exchanges of similar productive assets in

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

paragraph 21(b) of APB Opinion No. 29, "Accounting for Nonmonetary Transactions," and replaces it with an exception for exchanges that do not have commercial substance. SFAS 153 specifies that a nonmonetary exchange has commercial substance if the future cash flows of the entity expected to change significantly as a result of the exchange. SFAS 153 is effective for

the fiscal periods beginning after June 15, 2005. The adoption of SFAS 153 is not expected to have a material impact on the Company's current financial condition or results of operations.

Off-Balance Sheet Arrangements

The Company has not entered into any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on the Company's financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources and would be considered material to shareholders. Certain officers and directors of the Company have provided personal guarantees to various lenders as required for the extension of credit to the Company.

NOTE 5 - INTANGIBLE ASSETS, NET

The acquisition of TTI was accounted for using the purchase method of accounting and goodwill was recorded as a result of this transaction. The Company assesses goodwill and indefinite-lived intangible assets for impairment annually at the beginning of the fourth quarter, or more frequently if events and circumstances indicate impairment may have occurred in accordance with SFAS No. 142. During 2003 the Company determined that the carrying value of the goodwill relating to the TTI acquisition exceeded its implied fair value. The Company recorded an impairment charge related to the write-down of the TTI goodwill of \$61,575, before tax, which was recorded as a component of operating income in the

accompanying statement of operations. The write-down was determined by comparing the fair value of the business and the implied value of the goodwill with the carrying amounts on the balance sheet. The write-down primarily resulted from the lack of benefit associated with the TTI acquisition. The goodwill impairment charge recorded in 2003 resulted from the Company's annual impairment review for goodwill and intangible assets, which took place in the fourth quarter in conjunction with the preparation of year-end financial statements. At September 30, 2005 and December 31, 2004 there was no goodwill in the accompanying consolidated balance sheets.

In the event, however, that such Indemnified Party's legal counsel shall determine that

12

defenses may be available to such Indemnified Party that are different from or in addition to those available to the Indemnifying Party, in that there could reasonably be expected to be a conflict of interest if such Indemnifying Party and the Indemnified Party have common counsel in any such proceeding, or if the Indemnified Party has not assumed the defense of the action or proceedings, then such Indemnifying Party may employ separate counsel to represent or defend such Indemnified Party, and the Indemnifying Party shall pay the reasonable fees and disbursements of counsel for such Indemnified Party. The purpose of this 2005 Management and Director Equity Incentive and Compensation Plan (the "Plan") of ONLINE VACATION CENTER HOLDINGS CORP., a Florida corporation (the "Company"), is to advance the interests of the Company and its stockholders by providing a means of attracting and retaining key employees, directors and consultants for the Company and its subsidiary corporations. In order to serve this purpose, the Plan encourages and enables key employees, directors and consultants to participate in the Company's future prosperity and growth by providing them with incentives and compensation based on the Company's performance, development, and financial success. These

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

objectives will be promoted by granting to key employees equity-based awards in the form of: (a) Incentive Stock Options ("ISOs"), which are intended to qualify under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"); and (b) shares of the Company's common stock, \$0.0001 par value (the "Shares"), (or their economic equivalent) that will be subject to a vesting schedule based on certain performance objectives ("Performance Shares"). In addition, key employees, directors and consultants may receive (i) stock options which are not intended to qualify as ISOs ("NQSOs") (ISOs and NQSOs are referred to together hereinafter generally as "Stock Options"), (ii) Shares that will be subject to a vesting schedule based on the recipient's continued employment ("Restricted Shares") and (iii) other awards ("Other Awards"). These awards are referred to generally hereafter as the "Awards". For purposes of this Plan, "subsidiary" shall mean a subsidiary corporation as defined in Section 424(f) of the Code.

Section 2. Administration of Plan.

The Plan shall be administered by a committee of directors (the "Committee"). The members of the Committee shall serve at the pleasure of the Board of Directors of the Company (the "Board"), which may remove members from the Committee or appoint new members to the Committee from time to time, and members of the Committee may resign by written notice to the Chairman of the Board or the Secretary of the Company. The Committee shall have the power and authority to: (a) select Eligible Employees (as defined in Section 3, below) as recipients of Awards (such recipients, "Participants"); (b) grant Stock Options, Restricted Shares, or Performances Shares, or any combination thereof; (c) determine the number and type of Awards to be granted; (d) determined the terms and conditions, not inconsistent with the terms hereof, of any Award, including without limitation, time and performance restrictions; (e) adopt, alter, and repeal such administrative rules, guidelines, and practices governing the Plan as it shall, from time to time, deem advisable; (f) interpret the terms and provisions of the Plan and any Award granted and any agreements relating thereto; and (g) take any other actions the Committee considers appropriate in connection with, and otherwise supervise the administration of, the Plan. All decisions made by the Committee pursuant to the provisions hereof, including without limitation, decisions with respect to employees to be granted Awards and the number and type of Awards, shall be made in the Committee's sole discretion and shall be final and binding on all persons.

Section 3. Participants in Plan.

The persons eligible to receive Awards under the Plan ("Eligible Employees") shall include officers, directors, other key employees and consultants of the Company or one or more of its subsidiaries who, in the opinion of the Committee, have responsibilities affecting the management, development, or financial success of the Company or such subsidiaries; provided, however, that with respect to ISOs and Performance Shares, the persons eligible to receive such awards shall be limited to officers or other key employees designated by the Committee.

The maximum aggregate number of Shares which may be issued under the Plan shall be 2,500,000 Shares. The Shares which may be issued under the Plan may be authorized but unissued Shares or issued Shares reacquired by the Company and held as treasury Shares.

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

If any Shares that have previously been the subject of a Stock Option cease to be the subject of a Stock Option (other than by reason of exercise), or if any Restricted Shares or Performance Shares granted hereunder are forfeited by the holder, or if any Stock Option or other Award terminates without a payment or transfer being made to the Award recipient in the form of Shares, or if any Shares (whether or not restricted) previously distributed under the Plan are returned to the Company in connection with the exercise of an Award (including without limitation in payment of the exercise price or tax withholding), such Shares shall again be available for distribution in connection with future Awards under the Plan.

Section 5. Grant of Awards.

ISOs, NQSOs, Restricted Shares, and Performance Shares may be granted alone or in addition to other Awards granted under the Plan. Any Awards granted under the Plan shall be in such form as the Committee may from time to time approve, consistent with the Plan, and the provisions of Awards need not be the same with respect to each Participant.

Each Award granted under the Plan shall be authorized by the Committee and shall be evidenced by a written Stock Option Agreement, Restricted Share Agreement, or Performance Share Agreement, as the case may be (collectively, "Award Agreements"), in the form approved by the Committee from time to time, which shall be dated as of the date approved by the Committee in connection with the grant, signed by an officer of the Company authorized by the Committee, and signed by the Participant, and which shall describe the Award and state that the Award is subject to all the terms and provisions of the Plan and such other terms and provisions, not inconsistent with the Plan, as the Committee may approve. The date on which the Committee approves the granting of an Award shall be deemed to be the date on which the Award is granted for all purposes, unless the Committee otherwise specifies in its approval. The granting of an Award under the Plan, however, shall be effective only if and when a written Award Agreement is duly executed and delivered by or on behalf of the Company and the Participants.

2

Section 6. Stock Options.

Stock Options granted under the Plan shall be subject to the following terms and conditions and shall contain such additional terms and conditions not inconsistent with the terms of the Plan as the Committee deems appropriate. Each Stock Option grant shall be evidenced by a written Stock Option Agreement, executed as set forth in Section 5, above, which shall be consistent with the Plan, including without limitation the following provisions:

(a) Exercise Price.

The exercise price per Share issuable upon exercise of an ISO shall be no less than the fair market value per Share on the date the ISO is granted; provided that if the Participant at the time an ISO is granted owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any subsidiary, the exercise price per Share shall be at least 110% of the fair market value of the Shares subject to the ISO on the date of grant. The exercise price per Share issuable upon exercise of an NQSO shall be no less than one hundred percent (100%) of the fair market value per Share on the date the NQSO is granted. For the purposes of the Plan, the fair market value of the Shares shall mean, as of any given date, the (i) last reported sale

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

price on the New York Stock Exchange on the most recent previous trading day, (ii) last reported sale price on The Nasdaq Stock Market on the most recent previous trading day, (iii) mean between the high and low bid and ask prices, as reported by the National Association of Securities Dealers, Inc. on the most recent previous trading day, or (iv) last reported sale price on any other stock exchange on which the Shares are listed on the most recent previous trading day, whichever is applicable; provided that if none of the foregoing is applicable, then the fair market value of the Shares shall be the value determined in good faith by the Committee, in its sole discretion.

(b) Vesting and Exercise of Options.

A Stock Option shall be exercisable only with respect to the Shares which have become vested pursuant to the terms of that Stock Option. Each Stock Option shall become vested with respect to Shares subject to that Stock Option on such date or dates and on the basis of such other criteria, including without limitation, the performance of the Company, as the Committee may determine, in its discretion, and as shall be specified in the applicable Stock Option Agreement. The Committee shall have the authority, in its discretion, to accelerate the time at which a Stock Option shall be exercisable whenever it may determine that such action is appropriate by reason of changes in applicable tax or other law or other changes in circumstances occurring after the grant of such Stock Option.

(c) Term.

No Stock Option shall be exercisable after the expiration of ten years from the date on which that Stock Option is granted. With respect to ISOs, if the Participant at the time the ISO is granted owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any subsidiary, the ISO shall not be exercisable after the expiration of five years from the date on which the ISO is granted.

3

(d) Method of Exercise.

A Stock Option may be exercised, in whole or in part, by giving written notice to the Company stating the number of Shares (which must be a whole number) to be purchased. Upon receipt of payment of the full purchase price for such Shares by certified or bank cashier's check or other form of payment acceptable to the Company, or, if approved by the Committee, by (i) delivery of unrestricted Shares having a fair market value on the date of such delivery equal to the total exercise price, (ii) surrender of Shares subject to the Stock Option which have a fair market value equal to the total exercise price at the time of exercise (which may include Shares to be issued pursuant to the exercise of a Stock Option), or (iii) a combination of the preceding methods, and subject to compliance with all other terms and conditions of the Plan and the Stock Option Agreement relating to such Stock Option, the Company shall issue, as soon as reasonably practicable after receipt of such payment, such Shares to the person entitled to receive such Shares, or such person's designated representative. Such Shares may be issued in the form of a certificate, by book entry, or otherwise, in the Company's sole discretion.

(e) Restrictions on Shares Subject to Stock Options.

Shares issued upon the exercise of any Stock Option may be made subject

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

to such disposition, transferability or other restrictions or conditions as the Committee may determine, in its discretion, and as shall be set forth in the applicable Stock Option Agreement.

(f) Transferability.

Except as provided in this paragraph, Stock Options shall not be transferable, and any attempted transfer (other than as provided in this paragraph) shall be null and void. Except for Stock Options transferred as provided in this paragraph, all Stock Options shall be exercisable during a Participant's lifetime only by the Participant or the Participant's legal representative. Without limiting the generality of the foregoing, (i) ISOs may be transferred only upon the Participant's death and only by will or the laws of descent and distribution and, in the case of such a transfer, shall be exercisable only by the transferee or such transferee's legal representative, (ii) NQSOs may be transferred by will or the laws of descent and distribution and, in the case of such a transfer, shall be exercisable only by the transferee or such transferee's legal representative, and (iii) the Committee may, in its sole discretion and in the manner established by the Committee, provide for the irrevocable transfer, without payment of consideration, of any NQSO by a Participant to such Participant's spouse, children, grandchildren, nieces, or nephews or to the trustee of a trust for the principal benefit of one or more such persons or to a partnership whose only partners are one or more such persons, and, in the case of such transfer, such NQSO shall be exercisable only by the transferee or such transferee's legal representative.

(g) Termination of Employment by Reason of Death or Disability.

If a Participant's employment, membership on the Board of Directors of the Company or engagement as a consultant to the Company terminates by reason of the Participant's death or permanent disability (as defined in Section 22(e)(3) of the Code with respect to ISOs, and, with respect to NQSOs, as defined by the Committee in its sole discretion at the time of grant and set forth in the Stock Option Agreement), then (i) unless otherwise determined by the Committee within

4

60 days of such death or disability, to the extent a Stock Option held by such Participant is not vested as of the date of death or disability, such Stock Option shall automatically terminate on such date, and (ii) to the extent a Stock Option held by such Participant is vested (whether pursuant to its terms, a determination of the Committee under the preceding clause (i), or otherwise) as of the date of death or disability, such Stock Option may thereafter be exercised by the Participant, the legal representative of the Participant's estate, the legatee of the Participant under the will of the Participant, or the distributee of the Participant's estate, whichever is applicable, for a period of one year (or, with respect to NQSOs, such other period as the Committee may specify at or after grant or death or disability) from the date of death or disability or until the expiration of the stated term of such Stock Option, whichever period is shorter.

(h) Termination of Employment by Reason of Retirement.

If a Participant's employment, membership on the Board of Directors of the Company or engagement as a consultant to the Company terminates by reason of the Participant's retirement, then each NQSO held by such Participant may thereafter be exercised by the Participant according to its terms, including without limitation, for such period after such termination as shall be set forth

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

in the applicable Stock Option Agreement, and each ISO held by such Participant may thereafter be exercised by the Participant for a period of 90 days from the date of such termination of employment, or until the expiration of the stated term of such ISO, whichever period is shorter. For purposes of the Plan, "retirement" shall mean voluntary termination of employment with the Company and its subsidiaries, membership on the Board of Directors of the Company and its subsidiaries or engagement as a consultant to the Company and its subsidiaries by a Participant after attaining age 65 and having at least two years of service with the Company or any one or more of its subsidiaries or, in the case of a director, completion of a number of years of service on the Board of Directors of the Company as specified in the Stock Option Agreement or, in the case of a consultant, completion of a number of years of service to the Company as a consultant as specified in the Stock Option Agreement.

(i) Other Termination of Employment.

If a Participant's employment, membership on the Board of Directors of the Company or engagement as a consultant to the Company terminates for any reason other than death, disability, or retirement, then (i) to the extent any Stock Option held by such Participant is not vested as of the date of such termination, such Stock Option shall automatically terminate on such date; and (ii) to the extent any Stock Option held by such Participant is vested as of the date of such termination, such Stock Option may thereafter be exercised for a period of 90 days (or, with respect to NQSOs, such other period as the Committee may specify at or after grant or termination of employment) from the date of such termination or until the expiration of the stated term of such Stock Option, whichever period is shorter; provided that, upon the termination of the Participant's employment, membership on the Board of Directors or engagement as a consultant by the Company or its subsidiaries for Cause (as defined in an applicable Stock Option Agreement), any and all unexercised Stock Options granted to such Participant shall immediately lapse and be of no further force or effect. For purposes of the Plan, whether termination of a Participant's employment by, membership on the Board of Directors of the Company or engagement

5

as a consultant is for "Cause" shall be determined by the Committee, in its sole discretion.

(j) Effect of Termination of Participant's Employment on Transferee.

Except as otherwise permitted by the Committee in its sole discretion, no Stock Option held by a transferee of a Participant pursuant to Section 6(f)(iii), above, shall remain exercisable for any period of time longer than would otherwise be permitted under Section 6(g), (h), and (i) without specification of other periods by the Committee as provided herein.

(k) ISO Limitations and Savings Clause.

The aggregate fair market value (determined as of the time of grant) of the Shares with respect to which ISOs are exercisable for the first time by the Participant during any calendar year under the Plan and any other stock option plan of the Company and its affiliates shall not exceed \$100,000 unless otherwise permitted by Code Section 422 as an unused limit carryover to such year.

Any provision of the Plan to the contrary notwithstanding, without the consent of each Participant affected, no provision of the Plan relating to ISOs

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

shall be interpreted, amended, or altered, nor shall any discretion or authority granted under the Plan be so exercised, so as to disqualify the Plan under Section 422 of the Code or so as to disqualify any ISO under such Code Section 422.

Section 7. Restricted Shares.

Restricted Shares awarded under the Plan shall be subject to the following terms and conditions and such additional terms and conditions not inconsistent with the terms of the Plan as the Committee deems appropriate. Each Restricted Share grant shall be evidenced by a written Restricted Share Agreement, executed as set forth in Section 5, above, which shall be consistent with the Plan, including without limitation the following provisions:

(a) Price.

The purchase price for Restricted Shares shall be any price set by the Committee but may not be less than the par value of such Restricted Shares. Payment in full of the purchase price, if any, shall be made by certified or bank cashier's check or other form of payment acceptable to the Company, or, if approved by the Committee, by (i) delivery of unrestricted Shares having a fair market value on the date of such delivery equal to the total purchase price, or (ii) a combination of the preceding methods.

(b) Acceptance of Restricted Shares.

At the time of the Restricted Share Award, the Committee may determine that such Shares shall, after vesting, be further restricted as to transferability or be subject to repurchase by the Company or forfeiture upon the occurrence of certain events determined by the Committee, in its sole discretion, and specified in the Restricted Share Agreement. Awards of Restricted Shares must be accepted by the Participant within 30 days (or such other period as the Committee may specify at grant) after the grant date by

6

executing the Restricted Share Agreement. The Participant shall not have any rights with respect to the grant of Restricted Shares unless and until the Participant has executed the Restricted Share Agreement, delivered a fully executed copy thereof to the Company, and otherwise complied with the applicable terms and conditions of the Award.

(c) Share Restrictions.

Subject to the provisions of the Plan and the applicable Restricted Share Agreement, during such period as may be set by the Committee, in its discretion, and as shall be set forth in the applicable Restricted Share Agreement (the "Restriction Period"), the Participant shall not be permitted to sell, transfer, pledge, assign, or otherwise encumber the Restricted Shares. The Committee shall have the authority, in its sole discretion, to accelerate the time at which any or all of the restrictions shall lapse with respect to any Restricted Shares. Unless otherwise determined by the Committee at or after grant or termination of the Participant's employment, Board membership or engagement, if the Participant's employment by, membership on the Board of Directors of or engagement as a consultant to the Company and its subsidiaries terminates during the Restriction Period, all Restricted Shares held by such Participant and still subject to restriction shall be forfeited by the Participant, and the Company shall repay to such Participant the purchase price

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

paid by such Participant for such forfeited Restricted Shares.

(d) Stock Issuances and Restrictive Legends.

Upon execution and delivery of the Restricted Share Agreement as described above and receipt of payment of the full purchase price, if any, for the Restricted Shares subject to such Restricted Share Agreement, the Company shall, as soon as reasonably practicable thereafter, issue the Restricted Shares. Restricted Shares may be issued in the form of a certificate, by book entry, or otherwise, in the Company's sole discretion, and shall bear an appropriate restrictive legend. Notwithstanding the foregoing to the contrary, the Committee may, in its sole discretion, issue Restricted Shares (whether or not such Restricted Shares are, at the time of such issuance, the subject of an Award) to the trustee of a trust set up by the Committee, consistent with the terms and conditions of the Plan, to hold such Restricted Shares until the restrictions thereon have lapsed (in full or in part, in the Committee's sole discretion), and the Committee may require that, as a condition of any Restricted Share Award, the Participant shall have delivered to the Company or such trustee, as appropriate, a stock power, endorsed in blank, relating to the Restricted Shares covered by the Award.

(e) Shareholder Rights.

Unless otherwise provided in the applicable Restricted Share Agreement, no Participant (or his executor or administrator or other transferee) shall have any rights of a shareholder in the Company with respect to the Restricted Shares covered by an Award unless and until the Restricted Shares have been duly issued and delivered to him under the Plan.

7

(f) Expiration of Restriction Period.

Upon the expiration of the Restriction Period without prior forfeiture of the Restricted Shares (or rights thereto) subject to such Restriction Period, unrestricted Shares shall be issued and delivered to the Participant.

Section 8. Performance Shares.

Performance Shares awarded under the Plan shall be subject to the following terms and conditions and such additional terms and conditions not inconsistent with the terms of the Plan as the Committee deems appropriate. Each Performance Share grant shall be evidenced by a written Performance Share Agreement, executed as set forth in Section 5, above, which shall be consistent with the Plan, including without limitation the following provisions:

(a) Performance Periods and Goals.

(i) The performance period for each Award of Performance Shares shall be of such duration as the Committee shall establish at the time of the Award (the "Performance Period"). There may be more than one Award in existence at any one time, and Performance Periods may differ.

(ii) At the time of each Award of Performance Shares, the Committee shall establish a range of performance goals (the "Performance Goals") to be achieved during the Performance Period. The Performance Goals shall be

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

determined by the Committee using such measures of the performance of the Company over the Performance Period as the Committee shall select, including without limitation earnings, return on capital, or any performance goal approved by the shareholders of the Company in accordance with Section 162(m) of the Code. Performance Shares awarded to Participants will be earned as determined by the Committee with respect to the attainment of the Performance Goals set for the Performance Period. Attainment of the highest Performance Goal for the Performance Period will be 100% of the Performance Shares awarded for the Performance Period; failure to attain the lowest Performance Goal for the Performance Period will earn none of the Performance Shares awarded for the Performance Period.

(iii) Attainment of the Performance Goals will be calculated from the consolidated financial statements of the Company but shall exclude (A) the effects of changes in federal income tax rates, (B) the effects of unusual, non-recurring, and extraordinary items as defined by Generally Accepted Accounting Principles ("GAAP"), and (C) the cumulative effect of changes in accounting principles in accordance with GAAP. The Performance Goals may vary for different Performance Periods and need not be the same for each Participant receiving an Award for a Performance Period. The Committee may, in its sole discretion, subject to the limitations of Section 18, vary the terms and conditions of any Performance Share Award, including without limitation the Performance Period and Performance Goals, without shareholder approval, as applied to any recipient who is not a "covered employee" with respect to the Company as defined in Section 162(m) of the Code. In the event applicable tax or securities laws change to permit the Committee discretion to alter the governing performance measures as they pertain to covered employees without obtaining shareholder approval of such changes, the Committee shall have sole discretion to make such changes without obtaining shareholder approval.

8

(b) Price.

The purchase price for Performance Shares shall be any price set by the Committee but may not be less than the par value of such Performance Shares. Payment in full of the purchase price, if any, shall be made by certified of bank cashier's check or other form of payment acceptable to the Company, or, if approved by the Committee, by (i) delivery of unrestricted Shares having a fair market value on the date of such delivery equal to the total purchase price, or (ii) a combination of the preceding methods.

(c) Acceptance of Performance Shares.

At the time of the Performance Share Award, the Committee may determine that such Shares shall, after vesting pursuant to the Performance Period and Performance Goal provisions described above, be further restricted as to transferability or be subject to repurchase by the Company or forfeiture upon the occurrence of certain events determined by the Committee, in its sole discretion, and specified in the Performance Share Agreement. Awards of Performance Shares must be accepted by the Participant within 30 days (or such other period as the Committee may specify at grant) after the grant date by executing the Performance Share Agreement. The Participant shall not have any rights with respect to the grant of Performance Shares unless and until the Participant has executed the Performance Share Agreement, delivered a fully executed copy thereof to the Company, and otherwise complied with the applicable terms and conditions of the Award.

(d) Share Restrictions.

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

Subject to the provisions of the Plan and the applicable Performance Share Agreement, during the Performance Period and any additional Restriction Period (as defined in Section 7(c), above), the Participant shall not be permitted to sell, transfer, pledge, assign, or otherwise encumber the Performance Shares. The Committee shall have the authority, in its sole discretion, to accelerate the time at which any or all of the restrictions shall lapse with respect to any Performance Shares. Unless otherwise determined by the Committee at or after grant or termination of the Participant's employment, Board membership or engagement, if the Participant's employment by, membership on the Board of Directors of or engagement as a consultant to the Company and its subsidiaries terminates during the Performance Period or the Restriction Period, all Performance Shares held by such Participant and still subject to restriction shall be forfeited by the Participant, and the Company shall repay to such Participant the purchase price paid by such Participant for such forfeited Performance Shares.

(e) Stock Issuances and Restrictive Legends.

Despite the execution and delivery of the Performance Share Agreement as described above, the Company shall have no obligation to issue the Performance Shares prior to the vesting of the Performance Shares, provided that the Company shall issue the Performance Shares as soon as reasonably practicable after such vesting and after payment in full of the purchase price, if any, for such Performance Shares. Performance Shares may be issued, whenever issued, in

9

the form of a certificate, by book entry, or otherwise, in the Company's sole discretion, and shall bear such restrictive legend as is consistent with applicable restrictions, if any, including without limitation those represented by the Performance Period and Performance Goals and those described in Section 8(d), above. The Committee may require that, whenever issued, the Performance Shares be issued to and held by the Company or a trustee until the restrictions on such Performance Shares have lapsed (in full or in part), and that, as a condition of any Performance Share Award, the Participant shall have delivered a stock power, endorsed in blank, relating to the Performance Shares covered by the Award.

(f) Shareholder Rights.

Unless otherwise provided in the applicable Performance Share Agreement, no Participant (or his executor or administrator or other transferee) shall have any rights of a shareholder in the Company with respect to the Performance Shares covered by an Award unless and until the Performance Shares have been duly issued and delivered to him under the Plan.

(g) Expiration of Restricted Period.

Subject to fulfillment of the terms and conditions of the applicable Performance Share Agreement and any other vesting requirements related to the applicable Performance Period or Performance Goals, upon the expiration of the Restriction Period without prior forfeiture of the Performance Shares (or rights thereto) subject to such Restriction Period, unrestricted Shares shall be issued and delivered to the Participant.

(h) Termination of Employment.

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

If a Participant's employment by the Company and its subsidiaries, membership on the Board of Directors of the Company and its subsidiaries or engagement as a consultant to the Company and its subsidiaries terminates before the end of any Performance Period with the consent of the Committee, or upon the Participant's death, retirement (as defined in Section 6(h), above), or disability (as defined by the Committee in its discretion at the time of grant and set forth in the Performance Share Agreement), the Committee, taking into consideration the performance of such Participant and the performance of the Company over the Performance Period, may authorize the issuance to such Participant (or his legal representative or designated beneficiary) of all or a portion of the Performance Shares which would have been issued to him had his employment, Board membership or engagement continued to the end of the Performance Period. If the Participant's employment by the Company and its subsidiaries, membership on the Board of Directors of the Company and its subsidiaries or engagement as a consultant to the Company and its subsidiaries terminates before the end of any Performance Period for any other reason, all Performance Shares shall be forfeited.

(i) Election to Receive Cash in Lieu of Shares.

Notwithstanding the foregoing to the contrary (but subject to any shareholder approval or other requirements of Section 162(m) of the Code), the Committee may, in its sole discretion and as set forth in the applicable Performance Share Agreement, provide the Participant with the option to elect to receive, instead of Performance Shares, cash in an amount determined pursuant to such Performance Share Agreement including, without limitation, any one or more

10

of the following: (i) the fair market value of the number of Shares subject to the Performance Share Agreement as of the date thereof, (ii) part or all of any increase in such fair market value since such date, (iii) part or all of any dividends paid or payable on the number of Shares subject to such Performance Share Agreement since the date thereof, (iv) any other amounts which, in the Committee's sole discretion and as set forth in the applicable Performance Share Agreement, are reasonably related to the achievement of the applicable Performance Goals, or (v) any combination of the foregoing. Such election and any cash payment resulting therefrom shall be made at such time or times as shall be specified in the Performance Share Agreement.

Section 9. Other Awards.

Other Awards may be awarded, subject to limitations under applicable law, that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, Shares, as deemed by the Committee to be consistent with the purposes of the Plan, including, without limitation, stock appreciation rights, distribution equivalent right awards, tandem stock appreciation rights, purchase rights, shares of Common Stock awarded which are not subject to any restrictions or conditions, convertible or exchangeable debentures, or other rights convertible into shares of Common Stock and awards valued by reference to the value of securities of or the performance of specified subsidiaries of the Company. Other Awards may be awarded either alone or in addition to or in tandem with any other awards under the Plan or any other plan of the Company. Each Other Award shall be subject to such terms and conditions as may be determined by the Committee.

Section 10. Restriction on Exercise After Termination.

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

Notwithstanding any provision of this Plan to the contrary, no unexercised right created under this Plan (an "Unexercised Right") and held by a Participant on the date of termination of such Participant's employment, membership on the Board of Directors of the Company or engagement as a consultant for any reason shall be exercisable after such termination if, prior to such exercise, the Participant (a) takes other employment or renders services to others without the written consent of the Company, (b) violates any non-competition, confidentiality, conflict of interest, or similar provision set forth in the Award Agreement pursuant to which such Unexercised Right was awarded, or (c) otherwise conducts himself in a manner adversely affecting the Company in the sole discretion of the Committee.

Section 11. Withholding Tax.

The Company, at its option, shall have the right to require the Participant or any other person receiving Shares, Restricted Shares, or Performance Shares (including cash in lieu of Performance Shares) to pay the Company the amount of any taxes which the Company is required to withhold with respect to such Shares, Restricted Shares, or Performance Shares or, in lieu of such payment, to retain or sell without notice a number of such Shares sufficient to cover the amount required to be so withheld. The Company, at its option, shall have the right to deduct from all dividends paid with respect to Shares, Restricted Shares, and Performance Shares the amount of any taxes which the Company is required to withhold with respect to such dividend payments. The Company, at its option, shall also have the right to require a Participant to pay to the Company the amount of any taxes which the Company is required to withhold with respect to the receipt by the Participant of Shares pursuant to the exercise of a Stock Option, or, in lieu thereof, to retain, or sell without notice, a number of Shares sufficient to cover the amount required to be withheld. The obligations of the Company under the Plan shall be conditional on such payment or other arrangements acceptable to the Company.

Section 12. Securities Law Restrictions.

No right under the Plan shall be exercisable and no Share shall be delivered under the Plan except in compliance with all applicable federal and state securities laws and regulations. The Company shall not be required to deliver any Shares or other securities under the Plan prior to such registration or other qualification of such Shares or other securities under any state or federal law, rule, or regulation as the Committee shall determine to be necessary or advisable.

11

The Committee may require each person acquiring Shares under the Plan (a) to represent and warrant to and agree with the Company in writing that such person is acquiring the Shares without a view to the distribution thereof, and (b) to make such additional representations, warranties, and agreements with respect to the investment intent of such person or persons as the Committee may reasonably request. Any certificates for such Shares may include any legend which the Committee deems appropriate to reflect any restrictions on transfer.

All Shares or other securities delivered under the Plan shall be subject to such stop-transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations, and other requirements of the Securities and Exchange Commission, any stock exchange upon which the Shares are then listed, and any applicable federal or state securities law, and the Committee may cause a legend or legends to be put on any certificates evidencing such Shares to make appropriate reference to such restrictions.

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

Section 13. Change in Control.

(a) Accelerated Vesting and Company Purchase Option.

Notwithstanding any provision of this Plan or any Award Agreement to the contrary (unless such Award Agreement contains a provision referring specifically to this Section 13 and stating that this Section 13 shall not be applicable to the Award evidenced by such Award Agreement), if a Change in Control (each as defined below) occurs, then the Company may, at its option, terminate any or all unexercised Stock Options and portions thereof not more than 30 days after such Change in Control. In connection with any such termination, the Company may, in its sole discretion, with respect to each Stock Option so terminated, pay to the Participant (or such Participant's transferee, if applicable) theretofore holding such Stock Option cash in an amount equal to the difference between the fair market value (as defined in Section 6(a), above) of the Shares subject to the Stock Option at the time the company exercises its option under this Section 13(a) and the exercise price of the Stock Option; and provided further that if such fair market value is less than such exercise price, then the Committee may, in its discretion, terminate such Stock Option without any payment.

(b) Definition of Change in Control.

For purposes of the Plan, a "Change in Control" shall mean the happening of any of the following:

(i) When any "person" as defined in Section 3(a)(9) of the 1934 Act and as used in Sections 13(d) and 14(d) thereof, including a "group" as defined in Section 13(d) of the 1934 Act, but excluding the Company, any subsidiary of the Company, and any employee benefit plan sponsored or maintained by the Company or any subsidiary of the Company (including any trustee of such plan acting as trustee), directly or indirectly, becomes the "beneficial owner" (as defined in Rule 13d-3 under the 1934 Act) of securities of the Company representing 50% or more of the combined voting power of the Company's then outstanding securities;

12

(ii) When, during any period of 18 consecutive months during the existence of the Plan, the individuals who, at the beginning of such period, constitute the Board (the "Incumbent Directors") cease for any reason other than death to constitute at least a majority of the Board; provided, however, that a director who was not a director at the beginning of such 18-month period shall be deemed to have satisfied such 18-month requirement (and be an Incumbent Director) if such director was elected by, or on the recommendation of or with the approval of, at least two-thirds of the directors who then qualified as Incumbent Directors either actually (because they were directors at the beginning of such 18-month period) or by prior operation of this Section 13(b)(ii); or

(iii) The occurrence of a transaction requiring stockholder approval for the acquisition of the Company by an entity other than the Company, a subsidiary of the Company, or any of their respective affiliates through purchase of assets, by merger, or otherwise.

Notwithstanding the foregoing to the contrary, a change in control shall not be deemed to be a Change in Control for purposes of this Plan

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

if the Incumbent Directors of the Board approve or had approved such change (A) described in Sections 13(b)(i), (ii), (iii) of this Plan, or (B) prior to the commencement by any person other than the Company of a tender offer for Shares.

Section 14. Changes in Capital Structure.

In the event the Company changes its outstanding Shares by reason of stock splits, stock dividends, or any other increase or reduction of the number of outstanding Shares without receiving consideration in the form of money, services, or property deemed appropriate by the Board, in its sole discretion, the aggregate number of Shares subject to the Plan shall be proportionately adjusted and the number of Shares and the exercise price for each Share subject to the unexercised portion of any then-outstanding Award shall be proportionately adjusted with the objective that the Participant's proportionate interest in the Company shall remain the same as before the change without any change in the total exercise price applicable to the unexercised portion of any then-outstanding Awards, all as determined by the Committee in its sole discretion.

In the event of any other recapitalization or any merger, consolidation, or other reorganization of the Company, the Committee shall make such adjustment, if any, as it may deem appropriate to accurately reflect the number and kind of shares deliverable, and the exercise prices payable, upon subsequent exercise of any then-outstanding Awards, as determined by the Committee in its sole discretion.

The Committee's determination of the adjustments appropriate to be made under this Section 14 shall be conclusive upon all Participants under the Plan.

Section 15. No Enlargement of Employee Rights.

The adoption of this Plan and the grant of one or more Awards to an employee of the Company or any of its subsidiaries shall not confer any right to the employee to continue in the employ of the Company or any such subsidiary and shall not restrict or interfere in any way with the right of his employer to terminate his employment at any time, with or without cause.

13

Section 16. Rights as a Shareholder.

No Participant or his executor or administrator or other transferee shall have any rights of a stockholder in the Company with respect to the Shares covered by an Award unless and until such Shares have been duly issued and delivered to him under the Plan.

Section 17. Acceleration of Rights.

The Committee shall have the authority, in its discretion, to accelerate the time at which a Stock Option or other Award right shall be exercisable whenever it may determine that such action is appropriate by reason of changes in applicable tax or other laws or other changes in circumstances occurring after the grant of the Award.

Section 18. Interpretation, Amendment, or Termination of the Plan.

The interpretation by the Committee of any provision of the Plan or of

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

any Award Agreement executed pursuant to the grant of an Award under the Plan shall be final and conclusive upon all Participants or transferees under the Plan. The Board, without further action on the part of the shareholders of the Company, may from time to time alter, amend, or suspend the Plan or may at any time terminate the Plan, provided that: (a) no such action shall materially and adversely affect any outstanding Stock Option or other right under the Plan without the consent of the holder of such Stock Option or other right; and (b) except for the adjustments provided for in Section 14, above, no amendment may be made by Board action without shareholder approval if the amendment would (i) materially increase the benefits accruing to Participants under the Plan, (ii) materially increase the number of Shares which may be issued under the Plan, (iii) materially modify the requirements as to eligibility for participation in the Plan, (iv) extend the maximum option period of Stock Options, or (v) effect any other change which requires shareholder approval under applicable law or regulation. Subject to the above provisions, the Board shall have authority to amend the Plan to take into account changes in applicable tax and securities laws and accounting rules, as well as other developments.

Section 19. Unfunded Status of the Plan.

The Plan is intended to constitute an "unfunded" plan for incentive and deferred compensation. With respect to any payments or deliveries of Shares not yet made by the Company to a Participant or transferee nothing contained herein shall give any such Participant or transferee any rights that are greater than those of a general creditor of the Company. The Committee may authorize the creation of trusts or other arrangements to meet obligations created under the Plan to deliver Shares or payments hereunder consistent with the foregoing.

Section 20. Protection of Board and Committee.

No member of the Board or the Committee shall have any liability for any determination or other action made or taken in good faith with respect to the Plan or any Award granted under the Plan.

14

Section 21. Government Regulations.

Notwithstanding any provision of the Plan or any Award Agreement executed pursuant to the Plan, the Company's obligations under the Plan and such Award Agreement shall be subject to all applicable laws, rules, and regulations and to such approvals as may be required by any governmental or regulatory agencies, including without limitation any stock exchange on which the Company's Shares may then be listed.

Section 22. Governing Law.

The Plan shall be construed under and governed by the laws of the State of Florida.

Section 23. Genders and Numbers.

When permitted by the context, each pronoun used in the Plan shall include the same pronoun in other genders and numbers.

Section 24. Captions.

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

The captions of the various sections of the Plan are not part of the context of the Plan, but are only labels to assist in locating those sections, and shall be ignored in construing the Plan.

Section 25. Effective Date.

The Plan shall be effective as of the execution date below. The Plan shall be submitted to the shareholders of the Company for approval and ratification as soon as practicable but in any event not later than 12 months after the adoption of the Plan by the Board. If the Plan is not approved and ratified by the shareholders of the Company within 12 months after the adoption of the Plan by the Board, the Plan and all Awards granted under the Plan shall become null and void and have no further force or effect.

Section 26. Term of Plan.

No Award shall be granted pursuant to the Plan on or after 10th Anniversary of Effective Date, but Awards granted prior to such tenth anniversary may extend beyond that date.

Section 27. Private Company Provisions.

(a) Restrictive Legend.

If one or more Stock Options or other rights under the Plan are exercised pursuant to exemptions from the Federal and state securities laws: (a) any Shares issued upon exercise of those Stock Options or rights may not be sold or otherwise transferred, and the Company shall not be required to transfer any such Shares, unless they have been registered under the Federal and state securities laws or a valid exemption from such registration is available; and (b) the Company may cause each certificate or other documentation evidencing the

15

ownership of any Shares issued upon exercise of those Stock Options or rights to be imprinted with a legend in the following form:

The shares represented by this certificate have not been registered under the Securities Act of 1933, as amended, or any state securities law and may not be sold or otherwise transferred without such registration unless a valid exemption from such registration is available and the corporation has received an opinion of, or satisfactory to, its counsel that such transfer would not violate any Federal or state securities laws.

(b) Restriction on Transfers.

No Shares awarded under the Plan or issued upon exercise of a Stock Option or other right under the Plan may be sold or otherwise transferred while the holder of those Shares is an employee of the Company or any subsidiary corporation.

(c) Purchase Option.

If any Participant ceases to be an employee of the Company and its

subsidiary corporations, a member of the Board of Directors of the Company and its subsidiaries or a consultant to the Company and its subsidiaries for any reason (including, without limitation, his death, disability, retirement, resignation, replacement discharge, or any other reason), then the Company shall have the exclusive right and option to purchase from such Participant, the executor or administrator of his estate, or his other successor in interest, as the case may be (for purposes of this subsection, the "Selling Shareholder"), any or all of the Shares which may have been purchased by or awarded to the Participant under the Plan (including without limitation any Shares purchased upon exercise of a Stock Option or other right after termination of the Participant's employment, engagement or Board membership and any additional Shares which the Participant may have received as a result of any stock splits, stock dividends, or similar sources as a result of receiving Shares under the Plan).

In order to exercise its purchase option under this subsection, the Company shall give written notice to the Selling Shareholder, stating that the Company thereby exercises its option under this subsection, at any time after termination of the Participant's employment. The purchase price for the Shares under this subsection shall be equal to: (i) the fair market value of the total shareholders' equity of the Company, as determined by an appraisal which shall be made by an independent firm of certified public accountants selected by the Board and which shall be approved by the Board, if such appraisal was so made and approved not earlier than 15 months prior to the termination of the Participant's employment or, if not, a new appraisal made by such an independent firm and approved by the Board, plus or minus any increases or decreases in the book value of the total shareholders' equity of the Company from the effective date of such appraisal to the last day of the calendar month of termination of the Participant's employment (whether such termination was before or after the effective date of such appraisal), divided by (ii) the total outstanding common shares of the Company as of the last day of that calendar month, calculated on a fully diluted basis under generally accepted accounting principles. In the event of any disagreement between the Selling Shareholder and the Company concerning calculation of the purchase price for the Shares under this subsection, the calculation shall be made by any independent firm of certified public accountants selected by the Board, whose determination shall be final and

conclusive on all interested parties. All costs of any such appraisal shall be borne by the Company, and all costs of any calculation of the purchase price by an independent firm of certified public accountants to resolve any such disagreement shall be borne equally by the Selling Shareholder and the Company.

If the Company exercises its option under this subsection, the purchase and sale of the Shares shall be closed within 20 business days after determination of the purchase price, at a time and place reasonably specified by the Company. At the closing, the Selling Shareholder shall assign and transfer the Shares to the Company free and clear of all encumbrances or other claims, and the Company shall execute and deliver to the Selling Shareholder the Company's promissory note: (i) dated as of the closing date, (ii) payable to the order of the Selling Shareholder, (iii) in a principal amount equal to the full purchase price, (iv) payable on or before the first anniversary of the closing date, (v) with interest payable at maturity calculated on the unpaid principal amount from the closing date to the payment date at a rate per annum equal to the then-current yield-to-maturity on United States Treasury securities of comparable maturity, as determined in good faith by the Company, plus 100 basis points. The Company may elect, in its discretion, to pay all or any part of the purchase price by good and sufficient check at the closing, in which event the Company's promissory note shall be eliminated or reduced by that amount, as the case may be. The Company may prepay its promissory note at any time without penalty.

The amount of the consideration in each of the Rubin Transaction and the OVC Transaction was determined pursuant to negotiations between the Company and the relevant parties and not pursuant to recommendations of Capitalink.

In arriving at our opinion, we have relied upon and assumed the accuracy and completeness of all of the financial and other information that was used by us without assuming any responsibility for any independent verification of any such information and we have further relied upon the assurances of Company and OVC management that they are not aware of any facts or circumstances that would make any such information inaccurate or misleading. With respect to the financial information utilized, we assumed that such information has been reasonably prepared on a basis reflecting the best currently available estimates and judgments, and that such information provides a reasonable basis upon which we could make our analysis and form an opinion. We have not made a physical inspection of the properties and facilities of the Company or OVC and have not made or obtained any evaluations or appraisals of the Company or OVC assets or liabilities (contingent or otherwise). We have not attempted to confirm whether the Company or OVC have good title to their respective assets.

We assumed that the Transaction will be consummated in a manner that complies in all respects with the applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and all other applicable federal and state statutes, rules and regulations. We assumed that each of the Rubin Transaction, the OVC Transaction and the Transaction will be consummated substantially in accordance with the terms set forth in the Asset Purchase Agreement and Share Exchange Agreement, without any further amendments thereto, and that any amendments, revisions or waivers thereto will not be detrimental to the nonaffiliated stockholders of the Company.

Our analysis and opinion are necessarily based upon market, economic and other conditions, as they exist on, and could be evaluated as of September 30, 2005. Accordingly, although subsequent developments may affect our opinion, we do not assume any obligation to update, review or reaffirm our opinion.

Our opinion is for the use and benefit of the Company's Board of Directors in connection with its consideration of the Transaction and is not intended to be and does not constitute a recommendation to any stockholder of the Company whether such stockholder should take any action, if required, in connection with the contemplated Transaction. Capitalink does not express any opinion as to the future performance of the Company or OVC, or the price at which the Company's common stock would trade at any time in the future.

Based upon and subject to the foregoing, it is our opinion that, as of the date of this letter, the Transaction is fair, from a financial point of view, to the Company's nonaffiliated stockholders.

In connection with our services, we have previously received a retainer and will receive the balance of our fee upon the rendering of this opinion. Neither

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

Capitalink nor its principals beneficially own any interest in the Company or OVC. Capitalink has not provided any other services to the Company or OVC and Capitalink's fee for providing the fairness opinion is not contingent on the completion of the Transaction. In addition, the Company has agreed to indemnify us for certain liabilities that may arise out of the rendering this opinion.

pursuant to s. 607.1322(2)(b)4. must notify the corporation on the form provided pursuant to s. 607.1322(1) of that shareholder's estimate of the fair value of the shares and demand payment of that estimate plus interest.

(2) A shareholder who fails to notify the corporation in writing of that shareholder's demand to be paid the shareholder's stated estimate of the fair value plus interest under subsection (1) within the timeframe set forth in s. 607.1322(2)(b)2. waives the right to demand payment under this section and shall be entitled only to the payment offered by the corporation pursuant to s. 607.1322(2)(b)4.

607.1330 Court action.

(1) If a shareholder makes demand for payment under s. 607.1326 which remains unsettled, the corporation shall commence a proceeding within 60 days after receiving the payment demand and petition the court to determine the fair value of the shares and accrued interest. If the corporation does not commence the proceeding within the 60-day period, any shareholder who has made a demand pursuant to s. 607.1326 may commence the proceeding in the name of the corporation.

(2) The proceeding shall be commenced in the appropriate court of the county in which the corporation's principal office, or, if none, its registered office, in this state is located. If the corporation is a foreign corporation without a registered office in this state, the proceeding shall be commenced in the county in this state in which the principal office or registered office of the domestic corporation merged with the foreign corporation was located at the time of the transaction.

(3) All shareholders, whether or not residents of this state, whose demands remain unsettled shall be made parties to the proceeding as in an action against their shares. The corporation shall serve a copy of the initial pleading in such proceeding upon each shareholder party who is a resident of this state in the manner provided by law for the service of a summons and complaint and upon each nonresident shareholder party by registered or certified mail or by publication as provided by law.

7

(4) The jurisdiction of the court in which the proceeding is commenced under subsection (2) is plenary and exclusive. If it so elects, the court may appoint one or more persons as appraisers to receive evidence and recommend a decision on the question of fair value. The appraisers shall have the powers described in the order appointing them or in any amendment to the order. The shareholders demanding appraisal rights are entitled to the same discovery rights as parties in other civil proceedings. There shall be no right to a jury trial.

(5) Each shareholder made a party to the proceeding is entitled to judgment for the amount of the fair value of such shareholder's shares, plus interest, as found by the court.

(6) The corporation shall pay each such shareholder the amount found to be due within 10 days after final determination of the proceedings. Upon payment of the judgment, the shareholder shall cease to have any interest in the shares.

607.1331 Court costs and counsel fees.

(1) The court in an appraisal proceeding shall determine all costs of the proceeding, including the reasonable compensation and expenses of appraisers appointed by the court. The court shall assess the costs against the corporation, except that the court may assess costs against all or some of the shareholders demanding appraisal, in amounts the court finds equitable, to the extent the court finds such shareholders acted arbitrarily, vexatiously, or not

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

in good faith with respect to the rights provided by this chapter.

(2) The court in an appraisal proceeding may also assess the fees and expenses of counsel and experts for the respective parties, in amounts the court finds equitable:

(a) Against the corporation and in favor of any or all shareholders demanding appraisal if the court finds the corporation did not substantially comply with ss. 607.1320 and 607.1322; or

(b) Against either the corporation or a shareholder demanding appraisal, in favor of any other party, if the court finds that the party against whom the fees and expenses are assessed acted arbitrarily, vexatiously, or not in good faith with respect to the rights provided by this chapter.

(3) If the court in an appraisal proceeding finds that the services of counsel for any shareholder were of substantial benefit to other shareholders similarly situated, and that the fees for those services should not be assessed against the corporation, the court may award to such counsel reasonable fees to be paid out of the amounts awarded the shareholders who were benefited.

(4) To the extent the corporation fails to make a required payment pursuant to s. 607.1324, the shareholder may sue directly for the amount owed and, to the extent successful, shall be entitled to recover from the corporation all costs and expenses of the suit, including counsel fees.

607.1332 Disposition of acquired shares.

Shares acquired by a corporation pursuant to payment of the agreed value thereof or pursuant to payment of the judgment entered therefor, as provided in this chapter, may be held and disposed of by such corporation as authorized but unissued shares of the corporation, except that, in the case of a merger or share exchange, they may be held and disposed of as the plan of merger or share exchange otherwise provides. The shares of the surviving corporation into which the shares of such shareholders demanding appraisal rights would have been converted had they assented to the merger shall have the status of authorized but unissued shares of the surviving corporation.

8

607.1333 Limitation on corporate payment.

(1) No payment shall be made to a shareholder seeking appraisal rights if, at the time of payment, the corporation is unable to meet the distribution standards of s. 607.06401. In such event, the shareholder shall, at the shareholder's option:

(a) Withdraw his or her notice of intent to assert appraisal rights, which shall in such event be deemed withdrawn with the consent of the corporation; or

(b) Retain his or her status as a claimant against the corporation and, if it is liquidated, be subordinated to the rights of creditors of the corporation, but have rights superior to the shareholders not asserting appraisal rights, and if it is not liquidated, retain his or her right to be paid for the shares, which right the corporation shall be obliged to satisfy when the restrictions of this section do not apply.

(2) The shareholder shall exercise the option under paragraph (1)(a) or paragraph (b) by written notice filed with the corporation within 30 days after the corporation has given written notice that the payment for shares cannot be made because of the restrictions of this section. If the shareholder fails to exercise the option, the shareholder shall be deemed to have withdrawn his or her notice of intent to assert appraisal rights.

PART I

ITEM 1. DESCRIPTION OF BUSINESS.

GENERAL

Alec Bradley Cigars was organized under the laws of the State of Florida on July 15, 1996. The Company is an importer and distributor of cigars. The Company's executive offices are located at 3400 SW 26 Terrace # A-1, Dania, Florida 33312 and its telephone number is (954) 321-5991.

DESCRIPTION OF OPERATIONS

The Company is a cigar importer and distributor. The Company initially imported and distributed a line of cigars to golf pro shops and country clubs nationwide under the name "Bogey's Stogies." The Company currently imports and distributes several cigar lines.

The Company primarily sells to two types of customers:

1. Distributors, including wine and liquor wholesalers; and
2. Retailers, which includes tobacco shops, convenience stores, bars, restaurants and country clubs.

BACKGROUND OF THE INDUSTRY

In 1993 the cigar industry began to experience a dramatic increase in demand from consumers. This created a sizable increase in the number of both cigar manufacturers and retail tobacconists and distributors. Through the end of 1997, many of the cigar manufacturers were able to sell their entire production. However, by early 1998, the supply of cigars from the larger manufacturers exceeded demand from the retail tobacconists and distributors thereby causing the market to be flooded with cigars. This had an adverse effect on manufacturers, retailers and distributors. However, Bureau of Alcohol, Tobacco and Firearms Monthly Statistical Releases show that the industry remains strong. Recent statistical releases indicate that cigars are being imported from foreign manufacturers at increasing levels. These releases can be found at www.atf.treas.gov.

COMPANY CIGARS

Cigars distributed by the Company include, but are not limited to, the following:

Trilogy

Trilogy is one of the most unique cigar in today's market features the new triangular Trilogy Press. Each of the three blends (Cameroon, Corojo, and Maduro) is specifically designed to enhance the flavor characteristics of the wrapper. Trilogy is available in boxes of 20 cigars.

Trilogy Ovation

Like Trilogy, our Trilogy Ovation offers a choice of Cameroon, Corojo and Maduro wrappers. Each blend is a bold version of our original Trilogy and is available in 2 sizes, with a 54 ring in lengths of 5 1/4 and 6 1/2. Trilogy Ovation is available in a lacquered humidor box of 20 cigars.

Special Blends

Special Blends is a hand made cigar from the Dominican Republic. Special Blends are packaged in bundles of 25 and wood bulk packages of 100 cigars. This cigar retails from \$1.50 to \$2.50 per cigar.

Spirit of Cuba

Spirit of Cuba is hand made in Honduras. This sandwich filler cigar is priced at a retail level of under \$35.00 a box and comes in Connecticut Shade, Habano, and Corojo wrappers. It is available in Churchill and Robusto sizes in boxes of 25.

Occidental Reserve

Occidental Reserve is a premium cigar manufactured by one of the top producers of premium cigars in the Dominican Republic. The Occidental Reserve is produced with filler from the Dominican Republic and is finished with a US Connecticut wrapper. We believe this cigar directly competes in quality with cigars that are priced higher than the retail cost of the Occidental Reserve. It is available in 5 of the most popular sizes, a corona, robusto, toro, churchill and torpedo, and is sold in bundles of 25. The Occidental Reserve is also available in a Broadleaf Maduro wrapper.

Havana Sun Grown

Havana Sun Grown is a ultra premium cigar hand rolled in the Dominican Republic. This cigar is a medium to full bodied cigar with complex flavor profiles. It is unique in that the wrapper is a US Connecticut - Havana hybrid, which is only available on this cigar. The Havana Sun Grown is available in the same sizes as our Occidental Reserve. Packaged in wooden boxes of 20 cigars, this cigar retails under \$5.00 making it a very affordable super premium cigar.

Pryme Limited Edition Gold Series

Pryme Gold Series is a limited edition release and is limited not by choice but by necessity. The supply of wrapper in the construction of Pryme is the dark Ecuador corona leaf and is very limited. Only 10 percent of the annual yield can be classified as wrapper and only the top 20 percent was graded and chosen for Pryme's production. Only 1,500 numbered boxes per size will be produced. This cigar is available in 4 sizes and packaged in a wooden box of 20 cigars.

PURCHASING AND DISTRIBUTION

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

The Company purchases and imports the majority of its cigars from cigar manufacturing plants in Honduras, Nicaragua and the Dominican Republic.

4

Occidental Cigar Corporation, the Company's supplier from the Dominican Republic, is a leading manufacturer of premium cigars. They produce the Company's Occidental Reserve, Special Blends and Havana Sun Grown cigar lines. Located in Santiago, Dominican Republic, Occidental Cigar Corporation occupies a 20,000 square foot building and produces 15,000,000 cigars annually. Occidental Cigar Corporation stocks over 3 years of raw material that includes wrapper, filler and binder. This stock of raw material assures consistent quality and sufficient production supply for several years.

Tabacalera Endemano, located in Danli, Honduras, is the Company's supplier of the Company's Spirit of Cuba cigars.

Latin Cigars de Honduras, located in Danli, Honduras is the Company's supplier of the Trilogy, Ovation Maduro and Cameroon lines.

The Company does not have any agreements with cigar manufacturers. Purchases are made on a per order basis. The Company pays all shipping costs.

CUSTOMERS

The Company has increased its customer base to approximately 1,000 customers. The Company's biggest customer represented approximately 6% of total sales revenue. Presently, the Company does not have any customers who account for more than 6% of the Company's sales. In 2004, the Company's 5 largest customers accounted for an aggregate of approximately 15% of total sales.

OTHER PROJECTS

As the Company continues to expand and improve on its current wholesale and retail programs, it maintains its focus on creating ways of supplying cigars to the public. These include:

Mail Order Companies

The Company's intent is to focus on dealing with catalog companies with large sources of distribution. To date, the Company has 2 active mail order customers. Mail order companies generally sell to the final consumers, which will continue to help bring public awareness to the Company's product lines. Payment received when selling to a catalog company has not been significantly less than payments received from traditional customers.

Alec Bradley Direct

The Company has created a direct sales approach, which includes bi-monthly marketing via fax and daily in-house telemarketing. In order to increase distribution and product exposure, the Company has approached wholesale distributors and is hiring additional independent brokers to help support the retailers and introduce the Company's products to new customers. However, by marketing via broadcast fax and an in-house telemarketing staff the Company will continue to create and nurture relationships directly with the customers.

Personalized and Customized Cigar Band Program

Alec Bradley, in conjunction with an outside consultant, has developed a computer system for creating high quality, metallic ink cigar label bands. This technology allows the Company to produce small run (25 to 3,000) high quality personalized and customized private labeled cigars for a corporation, bar, restaurant or event. The Company receives additional revenues from this technology by selling personalized and customized bands to corporations, bars, restaurants and special events on a per order basis.

The Company is able to create house brands for retail tobacconists utilizing the Occidental Reserve cigar and attaching customized private label cigar rings. The Company, on a per order basis, can provide a customer with a personally labeled cigar. Customers are under no contractual obligations, as they purchase personalized cigars on an order per order basis. These retail tobacconists who normally cannot order large enough quantities to entice a manufacturer to make a personalized product, can benefit by being able to order small quantities from the Company as needed from this program. Management believes the Company will gain additional revenues by selling small quantities of personalized and custom cigars at slightly higher profit margins. No contracts are required for this program.

The Company has produced custom bands for the Gulfstream Race Track, the Carquest Bowl, Tyson Foods, and many restaurants.

COMPETITION

The Company experiences competition with respect to its cigar distribution. The cigar distribution industry is highly competitive. The Company believes that as a distributor of premium cigars, it competes with a smaller number of domestic and foreign companies that specialize in premium cigars, and certain larger companies that maintain premium cigar lines, including Altadis and Swedish Match. The Company competes effectively within this industry by consistently purchasing high quality cigars and distributing them at an affordable price to its customers. The Company believes that it can grow by following this fundamental principle. The Company is continually seeking manufacturers that can provide the highest quality cigars at the lowest possible prices.

GOVERNMENT REGULATION

The Company as an importer of cigars is required to have an importer permit from the Department of the Treasury, Bureau of Alcohol, Tobacco and Firearms. The Company applied for and has been granted Permit Number FL-TI-127. Management believes any future regulations including affixing warning labels on products, the tobacco buyout assessment, regulations on tobacco advertising, and limits on public smoking areas will be met with full compliance and will not affect the Company's potential for continued growth. We believe the material costs to comply with governmental regulation will be negligible. Furthermore, management anticipates that there are no additional existing or probable governmental regulation to effect its business. The Company complies with all environmental laws. The costs of compliance with such laws are not material to the Company.

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

RESEARCH AND DEVELOPMENT

Currently, the Company is not involved in any research and development projects. Over the past two years, the Company has not spent any capital on research and development. The Company does not plan on incurring any research and development costs in the near future.

EMPLOYEES

The Company currently employs five individuals and has nine independent sales representatives. Of its employees, two are engaged in sales and marketing; two in executive and administrative roles; and the remaining employee is engaged in shipping and receiving. None of the Company's employees are covered by any labor union. The Company believes its relationships with its employees are generally good. The Company does not have employment contracts or agreements with any of its employees.

TRADEMARKS

The Company has trademarked the name Bogey's Stogies. The Company has applied for other trademarks for the cigars it distributes including Occidental Reserve, Trilogy, Spirit of Cuba, Special Blends, Double Broadleaf, Pryme, and Havana Sun Grown, but these applications are pending.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

INTRODUCTION

The following discussion is based upon, and should be read in conjunction with, the audited consolidated financial statements of the Company as of and for the years ended December 31, 2004 and 2003, together with the notes to the financial statements.

RESULTS OF OPERATIONS

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

Year ended December 31, 2004 as compared to year ended December 31, 2003

Revenues

Revenues for 2004 were \$2,392,858, a decrease of \$2,416 from \$2,395,274 for 2003. The Company's sales of its Trilogy line of cigars decreased by approximately \$275,000 from 2003 to 2004 and the Company eliminated two lines (Criollo 98 and gourmet flavored cigars), which accounted for an additional \$108,000 decrease in sales in 2004 as compared to 2003. To offset these losses in sales, the Company introduced its Pryme line during the 4th quarter of 2004. Sales were over \$100,000 during the limited sales period. The Company's Spirit of Cuba line introduced in late 2003 increased over \$140,000 in sales in 2004 as compared to 2003. While gross volume remained relatively flat, the Company had an increase in sales of the number of units resulting from the sale of lower cost cigars. The Company's gross profit was \$941,883, an increase of \$25,406, or 2.8%, from \$916,477. The increase in gross profit is attributable to the change in the product sales mix.

As a result of increasing the number of sales representatives the Company has increased its number of customers to over 1,000. This caused a reduction in sales concentration from 2003 when the largest customer accounted for approximately 25% of sale as compared to 2004 when the three largest customers account for less than 18% as a group. As such, the Company does not currently rely on any of its customers for a material amount of its revenues.

Selling Expenses

Selling expenses for 2004 were \$402,595, an increase of \$43,343, or 12.1%, from \$359,252 in 2003. Selling expenses include all compensation and related benefits for the sales personnel and advertising and promotional costs. The increase in selling expenses was primarily attributable to the increase in advertising costs of approximately \$38,000 in 2004 as compared to 2003. Selling expenses represented 16.9% of revenues in 2004, compared to 15.0% in 2003.

General and administrative expenses

General and administrative expenses for 2004 were \$441,316, an increase of \$17,404, or 4.1%, from \$423,912 in 2003. General and administrative expenses primarily include salaries, supplies, and general operating expenses. The increase in general and administrative expenses is attributable to the increases in rent and occupancy costs of \$21,000 and local travel of \$11,000 partially offset by reductions in payroll and related taxes \$21,500. General and administrative expenses represented 18.4% of revenues in 2004, compared to 17.7% in 2003.

Liquidity and Capital Resources

During 2004, cash utilized by operations was approximately \$92,600 and primarily resulted from decreases in accounts payable of \$286,405, taxes payable of \$20,055 and an increase supplies inventories of \$32,300. This was offset by income from operations plus the effect of non-cash items (depreciation expense). The Company's cash balance as of December 31, 2004 increased by approximately \$5,300 from December 31, 2003 to \$113,617.

The Company's working capital was approximately \$282,100 at December 31, 2004, compared to approximately \$227,000 at December 31, 2003. The increase in working capital was primarily attributable to Company profits of

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

approximately \$73,700 plus the effect of net of non-cash items (depreciation expense) of approximately \$4,100. This increase was partially offset by purchases of other non-current assets (trademarks, equipment and security deposits).

The Company has negotiated with major suppliers extended credit terms for new products being developed through these suppliers. The Company has established a \$100,000 line of credit with its bank, which renews in March 2005. Additionally, the Company has received a term loan from its officer and director in the amount of \$150,474. This loan is repayable in monthly installments of \$10,000 plus interest payable at 5% per month and matures in December 2005.

In late 2004, the Company launched its "Pryme Limited Edition Gold Series" line of cigar targeted at the upper mid-range customer, which has been well received by the cigar smoking community. During mid-year 2005, the Company plans to launch an "Alec Bradley Medalist Label" targeted at the mid-range retail customer. The Company is continuing its development of new product blends to expand its sales.

Management believes that the cash generated from the Company's operations and the existing credit terms will be adequate to support its short-term cash requirements for capital expenditures and maintenance of working capital.

ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting where revenues are recognized upon shipment of merchandise to the customer and expenses are recognized in the period in which they are incurred. This basis of accounting conforms to accounting principles generally accepted in the United States of America.

Income Taxes

The Company uses the asset and liability method of accounting for income taxes as required by Statement of Financial Accounting Standards ("SFAS") No. 109, Accounting for Income Taxes. SFAS No. 109 requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the carrying amounts and the tax basis of certain assets and liabilities. Deferred income taxes are measured by the current enacted tax rates. Deferred tax expense (benefit) is the result of changes in the deferred tax asset and liability. Valuation allowances are used to reduce deferred tax assets to the amount considered likely to be realized.

Inventory

Inventory consists primarily of cigars, humidors, displays, boxes and labels and is stated at the lower of cost (first-in, first-out) or market.

10

Furniture and Equipment

Furniture and equipment are recorded at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets ranging from five to seven years.

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Comprehensive Income or Loss

The Company has no components of other comprehensive income or loss. Accordingly, net income or loss equals comprehensive income or loss for all periods presented.

CRITICAL ACCOUNTING PRONOUNCEMENTS

The Financial Accounting Standards Board ("FASB") has recently issued several new accounting pronouncements which may apply to the Company.

In April 2002, the FASB issued Statement No. 145 Rescission of FASB Statements No. 4, 44 and 64, Amendment of FASB Statement No. 13 and Technical Corrections. This statement rescinds FASB Statement No. 4, Reporting Gains and Losses from Extinguishment of Debt, and FASB Statement No. 64, Extinguishments of Debt Made to Satisfy Sinking-Fund Requirements. Any gain or loss on the extinguishment of debt that was classified as an extraordinary item in prior periods has been reclassified into continuing operations.

In June 2002, the FASB issued Statement No. 146, Accounting for Costs Associated with Exit or Disposal Activities. This statement requires that a liability for a cost associated with an exit or disposal activity be recognized when the liability is incurred. Prior to this statement, a liability was recognized when the entity committed to an exit plan. Management believes that this statement will not have a material impact on the Company's financial statements; however, the statement will result in a change in accounting policy associated with the recognition of liabilities in connection with future restructuring charges.

In November 2002, the FASB issued Interpretation No. 45, Guarantor's Accounting and Disclosure Requirements for Guarantees Including Indirect Guarantees of Indebtedness of Others. This interpretation elaborates on the disclosures to be made by a guarantor in its interim and annual financial statements about its obligations under certain guarantees that it has issued. It also clarifies that a guarantor is required to recognize, at the inception of a guarantee, a liability for the fair value of the obligation undertaken in issuing the guarantee. This interpretation does not prescribe a specific approach for subsequently measuring the guarantor's recognized liability over the term of the related guarantee. This interpretation also incorporates, without change, the guidance in FASB Interpretation No. 34, Disclosure of Indirect Guarantees of Indebtedness of Others, which is being superseded.

In December 2002, the FASB issued Statement No. 148 Accounting for Stock-Based Compensation - Transition and Disclosure. This statement amends FASB Statement No. 123, Accounting for Stock-Based Compensation, to provide

11

alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, this statement amends the disclosure requirements of FASB Statement No. 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results.

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

In January 2003, the FASB issued Interpretation No. 46 Consolidation of Variable Interest Entities. The interpretation defines a variable interest entity as corporation, partnership, trust or any other legal structure used for business purposes that either (a) does not have equity investors with voting rights nor (b) has equity investors that do not provide sufficient financial resources for the equity to support its activities. A variable interest entity often holds financial assets, including loans or receivables, real estate or other property. A variable interest entity may be essentially passive or it may engage in research and development or other activities on behalf of another company. This interpretation requires a variable interest entity to be consolidated by a company if that company is subject to a majority of the risk of loss from the variable interest entity's activities or entitled to receive a majority of the entity's residual returns or both. The Company would have to consolidate any of its variable interest entities that meet the above criteria as of July 1, 2003. The interpretation also requires disclosures about variable interest entities that the company is not required to consolidate but in which it has a significant variable interest. Management is in the process of determining if its interests in unconsolidated entities qualify as variable interest entities and, if so, whether the assets, liabilities, non-controlling interest, and results of activities are required to be included in the Company's consolidated financial statements.

In May 2003, the FASB issued Statement No. 150 Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity. This Statement establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. The Statement requires that an issuer classify a financial instrument that is within its scope as a liability (or an asset in some circumstances). Many of those instruments were previously classified as equity. The Company is currently classifying financial instruments within the scope of this Statement in accordance with this Statement. This Statement is effective for financial instruments entered into or modified after May 31, 2003, and otherwise is effective at the beginning of the first interim period beginning after June 15, 2003. Management does not believe that this Statement will have a material impact on the Company's financial statements.

ALEC BRADLEY CIGAR CORPORATION NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2004 and 2003

NOTE 1 - SUMMARY OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization - Alec Bradley Cigar Corp. (the "Company"), a Florida corporation, was incorporated in July 1996. The Company imports and distributes cigars throughout the United States and Canada, with corporate offices located in Dania, Florida.

Basis of Accounting - The financial statements are prepared using the accrual basis of accounting where revenues are recognized upon shipment of merchandise to customers and expenses are recognized in the period in which they are incurred. This basis of accounting conforms to accounting principles generally accepted in the United States of America.

Cash and Cash Equivalents - The Company considers all highly liquid debt securities purchased with original or remaining maturities of three months or less to be cash equivalents. The carrying value of cash equivalents approximates fair value.

Inventories - Inventories consists primarily of cigars, humidors, displays, boxes and labels and is stated at the lower of cost or market value using the first in, first out (FIFO) method of accounting.

Furniture and Equipment, net - Furniture and equipment are recorded at cost, net of accumulated depreciation. Depreciation expense is computed using the straight-line method of accounting over the estimated useful lives of the assets ranging from five to seven years.

Impairment of Long Lived Assets and Long Lived Assets to be Disposed Of - In August 2001, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 144 "Accounting for the Impairment or Disposal of Long-Lived Assets" which supersedes both SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of" and the accounting and reporting provisions of Accounting Practice Bulletin ("APB") Opinion No. 30, "Reporting the Results of Operations -- Reporting the Effects of Disposal of a Segment of a Business, and

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

Extraordinary, Unusual and Infrequently Occurring Events and Transactions," for the disposal of a segment of a business (as previously defined in that opinion).

This statement establishes the accounting model for long-lived assets to be disposed of by sale and applies to all long-lived assets, including discontinued operations. This statement requires those long-lived assets be measured at the lower of carrying amount or fair value less cost to sell, whether reported in continuing operations or discontinued operations. Therefore, discontinued operations will no longer be measured at net realizable value or include amounts for operating losses that have not yet occurred. The Company adopted SFAS No. 144 in the fiscal year ending October 31, 2002.

SFAS No. 144 retains the fundamental provisions of SFAS No. 121 for recognizing and measuring impairment losses on long-lived assets held for use and long-lived assets to be disposed of by sale, while also resolving significant implementation issues associated with SFAS No. 121.

F-7

ALEC BRADLEY CIGAR CORPORATION
NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2004 and 2003

Intangible Assets, net - The Company accounts for intangible assets in accordance with SFAS 142. Generally, intangible assets with indefinite lives, and goodwill, are no longer amortized; they are carried at lower of cost or market and subject to annual impairment evaluation, or interim impairment evaluation if an interim triggering event occurs, using a new fair market value method. Intangible assets with finite lives are amortized over those lives, with no stipulated maximum, and an impairment test is performed only when a triggering event occurs. Such assets are amortized on a straight-line basis over the estimated useful life of the asset. Intangible assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. If the fair value is less than the carrying amount of the asset, an impairment loss is then recognized.

Intangible assets consists primarily of trademarks, whereby the Company incurred registration and legal fees of approximately \$15,000 to license the trademark.

Revenue Recognition - Sales and the related cost of sales are recognized upon shipment of products in accordance with the US Securities and Exchange Commission Staff Accounting Bulletin ("SAB") No. 104. The Company generally accepts returns of cigars that are stale or damaged in transit. Sales revenue is recorded net of anticipated returns based on historical experience. Sales returns are not material to the financial statements.

Advertising Costs - Advertising costs are charged to expense during the period in which they are incurred. Advertising expenses for the years ended December 31, 2004 and 2003 approximated \$61,000 and \$23,300, respectively.

Income Taxes - The Company uses the asset and liability method of accounting for income taxes as required by Statement of Financial Accounting Standards ("SFAS") No. 109, Accounting for Income Taxes. SFAS No. 109 requires the recognition of deferred tax assets and

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

liabilities for the expected future tax consequences of temporary differences between the carrying amounts and the tax basis of certain assets and liabilities. Deferred income taxes are measured by the current enacted tax rates. Deferred tax expense (benefit) is the result of changes in the deferred tax asset and liability. Valuation allowances are used to reduce deferred tax assets to the amount considered likely to be realized.

Credit Risk - Financial instruments, which potentially subject the Company to concentration of credit risk, consist principally of cash and trade accounts receivable. The Company places its cash with high credit financial institutions. However, the Company occasionally maintains cash balances in excess of the F.D.I.C. insurance limits, thereby failing to limit the amount of credit exposure to any one financial institution. Concentrations of credit risk with respect to trade accounts receivable are reduced due to the Company's large number of customers. The Company conducts ongoing credit evaluations of its customers and generally does not require collateral or other security from these customers.

F-8

ALEC BRADLEY CIGAR CORPORATION
NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2004 and 2003

The Company purchases and imports the majority of its cigars from cigar manufacturing plants in Honduras and the Dominican Republic. The Company does not have any agreements with cigar manufacturers. Purchases are made on a per order basis. Although the Company believes there are alternative sources for its products, a change in suppliers could cause delays in the Company's operations, which could adversely affect its operating results.

Stock Issued For Services - The value of stock issued for services is based on management's estimate of the fair value of the Company's stock at the date of issue or the fair value of the services received, whichever is more reliably measurable.

Earnings per Share - Basic and diluted earnings per common share are based on the weighted average number of shares outstanding of 4,499,777 and 4,693,800 for the years ended December 31, 2004 and 2003, respectively. There are no common stock equivalents or other dilutive items in the aforementioned periods presented.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of these financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications - Certain amounts in the prior years' financial statements have been reclassified to conform to the current year's presentation.

Recent Authoritative Pronouncements - The Financial Accounting Standards Board has recently issued several new accounting pronouncements which may apply to the Company.

Edgar Filing: ALEC BRADLEY CIGAR CORP/FL - Form DEF 14C

In May 2003, the FASB issued Statement No. 149; "Amendment of Statement 133 on Derivative Instruments and Hedging Activities". This Statement establishes standards for certain changes in the accounting treatment of derivative contracts. SFAS 149 is effective for contracts entered into or modified after June 30, 2003, except for certain provisions that relate to Statement No. 133 implementation issues that have been effective for fiscal quarters that began prior to June 15, 2003, which should continue to be applied in accordance with their respective effective dates. The guidance should be applied prospectively. The adoption of Statement No. 149 is not expected to have a material impact on the Company's financial position, results of operations, or liquidity.

In May 2003, the FASB issued Statement No. 150 "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity". This Statement establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. The Statement requires that an issuer classify a financial instrument that is within its scope as a liability (or an asset in some circumstances). Many of those instruments were previously classified as equity. The Company is currently classifying financial instruments within the scope of this

Statement in accordance with this Statement. This Statement is effective for financial instruments entered into or modified after May 31, 2003, and otherwise is effective at the beginning of the first interim period beginning after June 15, 2003. Management does not believe that this Statement will have a material impact on the Company's financial statements.

In January 2003, the FASB issued FASB Interpretation No. 46, "Consolidation of Variable Interest Entities". This interpretation represents an interpretation of Accounting Research Bulletin No. 51. The accounting research bulletin requires that a Company's financial statements include subsidiaries in which the Company has a controlling financial interest. Financial statement interpretation No. 46 gives guidance on identifying variable interest entities and on assessing whether a Company's investment in a variable interest entity requires consolidation thereof. This interpretation is effective immediately for investments made in variable interest entities after January 31, 2003 and it is effective in the first fiscal year or interim period beginning after June 15, 2003 for investments in variable interest entities made prior to February 1, 2003. The adoption of FASB Interpretation No. 46 is not expected to have a material impact on the Company's financial position, results of operations or liquidity.
