Item 8.01 OTHER EVENTS.

On January 9, 2007, K-tel International, Inc. (the Company) issued a press release announcing that on Monday, January 8, 2007, it filed with the Securities and Exchange Commission a Schedule 13E-3 in connection with a 1-for-5,000 reverse split of the Company's common stock intended to take the Company private, to be followed immediately by a 5,000-for-1 forward split of its common stock (the Reverse/Forward Split). Holders of fewer than 5,000 shares of common stock on the record date will receive cash of \$.0625 per pre-split share. The anticipated result of the Reverse/Forward Split will be to reduce the number of shareholders of record of the Company to fewer than 300. The Company intends to cease filing periodic reports with the Securities and Exchange Commission as soon as practicable following the Reverse/Forward Split. The Board of Directors of the Company has approved the Reverse/Forward Split based, among other factors, on its determination that the Company achieves few of the benefits of public ownership because of a lack of an active trading market for its common stock, while remaining burdened with the significant costs of being a publicly held company. A copy of the press release issued by the Company is attached hereto as Exhibit 99.1 and is incorporated herein by reference.
