THE NEW YORK TIMES COMPANY

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

NOTE 1. GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

In the opinion of The New York Times Company s (the Company) management, the Condensed Consolidated Financial Statements present fairly the financial position of the Company as of June 29, 2008, and December 30, 2007, and the results of operations and cash flows of the Company for the periods ended June 29, 2008, and July 1, 2007. All adjustments necessary for a fair presentation have been included and are of a normal and recurring nature. All significant intercompany accounts and transactions have been eliminated in consolidation. The financial statements were prepared in accordance with the requirements of the Securities and Exchange Commission for interim reporting. As permitted under those rules, certain notes or other financial information that are normally required by accounting principles generally accepted in the United States of America (GAAP) have been condensed or omitted from these interim financial statements. These statements, therefore, should be read in conjunction with the Consolidated Financial Statements and related Notes included in the Company s Annual Report on Form 10-K for the year ended December 30, 2007. Due to the seasonal nature of the Company s business, operating results for the interim periods are not necessarily indicative of a full year s operations. The fiscal periods included herein comprise 13 weeks for the second-quarter periods and 26 weeks for the six-month periods.

As of June 29, 2008, the Company s significant accounting policies, which are detailed in the Company s Annual Report on Form 10-K for the year ended December 30, 2007, have not changed materially.

The Company adopted Emerging Issues Task Force (EITF) No. 06-4, Accounting for Deferred Compensation and Postretirement Benefit Aspects of Endorsement Split-Dollar Life Insurance Arrangements (EITF 06-4), on December 31, 2007 (the first day of the Company s 2008 fiscal year). EITF 06-4 was issued to clarify the accounting for the deferred compensation and postretirement aspects of endorsement split-dollar life insurance arrangements. It required the Company to recognize a liability for future benefits in accordance with Statement of Financial Accounting Standards (FAS) No. 106, Employers Accounting for Postretirement Benefits Other Than Pensions (FAS 106). Accordingly, the Company recorded a liability, which is included in Other Liabilities Other in the Company s Condensed Consolidated Balance Sheet, for its endorsement split-dollar life insurance arrangement of approximately $9 million through a cumulative-effect adjustment to retained earnings on December 31, 2007.

In September 2006, the Financial Accounting Standards Board (FASB) issued FAS No. 157, Fair Value Measurements (FAS 157), which establishes a common definition for fair value in accordance with GAAP, and establishes a framework for measuring fair value and expands disclosure requirements about such fair value measurements.

In February 2008, the FASB issued FASB Staff Position (FSP) FAS 157-2, Effective Date of FASB Statement No. 157 (FSP 157-2). FSP 157-2 delayed the effective date of FAS 157 to fiscal years beginning after

6

November 15, 2008, for nonfinancial assets and nonfinancial liabilities, except for items that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually). The partial delay is intended to provide all relevant parties more time to consider the effect of various implementation issues that have arisen, or that may arise, from the application of FAS 157.

In accordance with FSP 157-2, the Company partially adopted FAS 157 in the first quarter of 2008. Therefore, in 2008, the Company s financial statements will reflect the requirements of FAS 157 for any financial assets and liabilities and for any nonfinancial assets and liabilities recognized or disclosed at fair value in the financial statements on a recurring basis. As of June 29, 2008, the Company does not have any material nonfinancial assets or liabilities for which the requirements under FAS 157 were not applied because of the partial delay under FSP 157-2.

As of June 29, 2008, the Company does not have any assets measured at fair value that fall within the scope of FAS 157 and FSP 157-2. The Company does have a liability for a Company-sponsored deferred executive compensation plan (the DEC plan) that falls within the scope of FAS 157 and FSP 157-2, as of June 29, 2008. The DEC plan enables certain eligible executives to defer a portion of their compensation on a pre-tax basis. Employees contributions earn income based on the performance of investment funds they select. The DEC plan liability is the amount due to the respective executives and is recorded at fair value on a recurring basis utilizing observable market data (Level 2 under FAS 157). The fair value of the liability, which is included in Other Liabilities Other in the Company s Condensed Consolidated Balance Sheet, was approximately $129 million as of June 29, 2008.

In February 2007, the FASB issued FAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities Including an Amendment of FASB Statement No. 115 (FAS 159), which is effective in fiscal 2008 and permits entities to choose to measure many financial instruments and certain other items at fair value. The Company did not elect the fair value option for any items under FAS 159.

Recent Accounting Pronouncements

In December 2007, the FASB issued FAS No. 141(R), Business Combinations (FAS 141(R)) and FAS No. 160, Accounting and Reporting of Noncontrolling Interests in Consolidated Financial Statements, an amendment of Accounting Research Bulletin No. 51 (FAS 160). Changes for business combination transactions pursuant to FAS 141(R) include, among others, expensing acquisition-related transaction costs as incurred, the recognition of contingent consideration arrangements at their acquisition date fair value and capitalization of in-process research and development assets acquired at their acquisition date fair value. Changes in accounting for noncontrolling (minority) interests pursuant to FAS 160 include, among others, the classification of noncontrolling interest as a component of consolidated stockholders equity and the elimination of minority interest accounting in results of operations. FAS 141(R) and FAS 160 are required to be adopted simultaneously and are effective for fiscal years beginning on or after December 15, 2008. The adoption of FAS 141(R) will affect the accounting for the Company s acquisitions that occur after the adoption date. Based on the Company s current structure, FAS 160 will be immaterial to the Company s financial statements.

NOTE 2. DISCONTINUED OPERATIONS

On May 7, 2007, the Company sold its Broadcast Media Group, which consisted of nine network-affiliated television stations, their related Web sites and digital operating center, for approximately $575 million. In 2007, the Company recognized a pre-tax gain on the sale of $190.0 million ($94.0 million after tax). In accordance with FAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, the Broadcast Media Group s results of operations and the gain on sale are presented as discontinued operations. In 2008, the gain/(loss) on sale included post-closing adjustments. The results of operations presented as discontinued operations are summarized below.

NOTE 3. GOODWILL AND OTHER INTANGIBLE ASSETS

Goodwill is the excess of cost over the fair market value of tangible and other intangible assets acquired. Goodwill is not amortized but tested for impairment annually or if certain circumstances indicate a possible impairment may exist, in accordance with FAS No. 142, Goodwill and Other Intangible Assets.

Other intangible assets acquired consist primarily of mastheads on various acquired properties, customer lists, trade names, as well as other assets. Other intangible assets acquired that have indefinite lives (mastheads and trade names) are not amortized but tested for impairment annually or if certain circumstances indicate a possible impairment may exist. Certain other intangible assets acquired (customer lists and other assets) are amortized over their estimated useful lives.

The Company performs its annual impairment testing in the fourth quarter of its fiscal year.

The changes in the carrying amount of goodwill were as follows:

(In thousands)	**News Media Group**	**About Group**	**Total**
Balance as of December 30, 2007	$ 313,459	$ 369,981	$ 683,440

Goodwill adjusted during the year		(3)	(3)
Foreign currency translation adjustments	6,508		6,508
Balance as of June 29, 2008	$ 324,382	$ 369,978	$ 694,360

In March 2008, the Company acquired certain assets of the Winter Haven News Chief (News Chief), a regional newspaper in Winter Haven, Fla., for $2.5 million. Also in March 2008, the Company purchased additional Class A units of BehNeem, LLC (BehNeem), increasing its total investment to $4.3 million for a 53% ownership interest. BehNeem licenses the Epsilen Environment, an integrated online course content, portfolio and communications tool for the education community. The operating results of the News Chief are included in the results of the Regional Media Group and the operating results of BehNeem are included in the results of The New York Times Media Group, both of which are part of the News Media Group.

Based on preliminary valuations of the News Chief and BehNeem, the Company has allocated the excess of the respective purchase prices over the carrying value of the net assets acquired of $1.3 million to goodwill and $0.6 million to other intangible assets (primarily customer lists) for the News Chief, and $3.1 million to goodwill for BehNeem.

Other intangible assets acquired were as follows:

	June 29, 2008			December 30, 2007

As of June 29, 2008, the remaining weighted-average amortization period was seven years for customer lists and six years for other amortizable intangible assets acquired included in the table above.

Amortization expense related to other intangible assets acquired that are subject to amortization was approximately $7 million in the first six months of 2008, and is expected to be approximately $12 million for the fiscal year 2008. Estimated annual amortization expense for the next five years related to these intangible assets is expected to be as follows:

(In thousands) **Year**	**Amount**
2009	$ 9,900
2010	9,400
2011	8,900
2012	6,700

NOTE 4. DEBT OBLIGATIONS

The Company s total debt, including commercial paper, borrowings under revolving credit agreements and capital lease obligations, was $1.1 billion as of June 29, 2008, and $1.0 billion as of December 30, 2007.

The Company s $800.0 million revolving credit agreements ($400.0 million credit agreement maturing in May 2009 and $400.0 million credit agreement maturing in June 2011) are used for general corporate purposes and may be used to support its commercial paper program. In addition, these revolving credit agreements provide a facility for the issuance of letters of credit. Of the total $800.0 million available under the two revolving credit agreements, the Company has issued letters of credit of approximately $30 million as of June 29, 2008. The Company had $370.0 million outstanding under its revolving credit agreements, with a weighted-average interest rate of 2.9%, as of June 29, 2008. As of December 30, 2007, the Company had $195.0 million outstanding under its revolving credit agreements, with a weighted-average interest rate of 5.3%. Any borrowings under the revolving credit agreements bear interest at specified margins based on the Company s credit rating, over various floating rates selected by the Company.

The revolving credit agreements each contain a covenant that requires a specified level of stockholders equity (as defined in the agreements). As of June 29, 2008, the amount of stockholders equity in excess of the required levels was approximately $556 million.

The Company s $725.0 million commercial paper program is supported by the revolving credit agreements. Commercial paper issued by the Company is unsecured and can have maturities of up to 270 days, but generally matures within 90 days. The Company had $3.5 million in commercial paper outstanding as of June 29, 2008, with an annual weighted-average interest rate of 3.5% and an average of three days to maturity from original issuance. The Company had $111.7 million outstanding as of December 30, 2007, with an annual weighted-average interest rate of 5.5% and an average of 10 days to maturity from original issuance.

Interest expense, net in the Company s Condensed Consolidated Statements of Operations was as follows:

NOTE 5. INCOME TAXES

The Company s effective income tax rate was 45.0% in the second quarter and 30.8% in the first six months of 2008 compared with 46.0% in the second quarter and 48.5% in the first six months of 2007.

In the first quarter of 2008, the Company recognized a $4.6 million adjustment to reduce the Company s reserve for uncertain tax positions. This adjustment reduced the effective income tax rate for the first six months of 2008. In 2007, the effective income tax rates were affected by the asset sales in the second quarter of 2007 (see Notes 2 and 8) and an unfavorable tax adjustment of $4.5 million for a change in New York State tax law (effective January 1, 2007) that required a revaluation of existing deferred tax balances in the first quarter of 2007.

NOTE 6. COMMON STOCK

On June 19, 2008, the Board declared a dividend of $.23 per share on the Company s Class A and B Common Stock. The dividend is payable on September 15, 2008, to shareholders of record on September 2, 2008. The estimated dividend payable of approximately $33 million is included in Accounts payable in the Company s Condensed Consolidated Balance Sheet as of June 29, 2008.

NOTE 7. PENSION AND POSTRETIREMENT BENEFITS

Pension

The Company sponsors several pension plans and makes contributions to several others, in connection with collective bargaining agreements, that are considered multi-employer pension plans. These plans cover substantially all employees.

The Company-sponsored plans include qualified (funded) plans as well as non-qualified (unfunded) plans. These plans provide participating employees with retirement benefits in accordance with benefit formulas detailed in each plan. The Company s non-qualified plans provide retirement benefits only to certain highly compensated employees of the Company.

The Company also has a foreign-based pension plan for certain International Herald Tribune (IHT) employees (the Foreign plan). The information for the Foreign plan is combined with the information for U.S. non-qualified plans. The benefit obligation of the Foreign plan is immaterial to the Company s total benefit obligation.

The components of net periodic pension cost of all Company-sponsored pension plans were as follows:

Although the Company does not have any quarterly funding requirements in 2008 (under the Employee Retirement Income Security Act of 1974, as amended, and Internal Revenue Code requirements), the Company will make contractual funding contributions of approximately $18 million (approximately $6 million was made in the first six months of 2008) for The New York Times Newspaper Guild pension plan. The Company does not expect to make additional contributions to its other pension plans in 2008.

Postretirement Benefits

The Company provides health and life insurance benefits to retired employees and their eligible dependents, who are not covered by any collective bargaining agreements, if the employees meet specified age and service requirements. In addition, the Company contributes to a postretirement plan under the provisions of a collective bargaining agreement. The Company s policy is to pay its portion of insurance premiums and claims from Company assets.

In accordance with FAS 106, the Company accrues the costs of postretirement benefits during the employees active years of service.

The components of net periodic postretirement benefit cost were as follows:

	For the Quarters Ended		For the Six Months Ended

NOTE 8. OTHER

Severance Charges

The Company recognized severance charges of $27.6 million in the second quarter of 2008 and $38.8 million in the first six months of 2008. In the second quarter and first six months of 2007, the Company recognized severance charges of $5.0 million and $12.8 million, respectively. Most of the charges in these periods were recognized at the News Media Group. These charges are primarily recorded in Selling, general and administrative costs in the Company s Condensed Consolidated Statements of Operations. As of June 29, 2008, the Company had a severance liability of approximately $25 million included in Accrued expenses in the Company s Condensed Consolidated Balance Sheet.

Impairment of Assets

In the first quarter of 2008, the Company recorded a non-cash charge of $18.3 million for the write-down of assets for a systems project at the News Media Group. The Company reduced the scope of a major advertising and circulation project to decrease capital spending, which resulted in the write-down of previously capitalized costs.

Plant Consolidation

In 2006, the Company announced plans to consolidate the printing operations of a facility it leased in Edison, N.J., into its newest facility in College Point, N.Y. As part of the consolidation, the Company purchased the Edison facility and then sold it, with two adjacent properties it already owned, to a third party. The purchase and sale of the Edison facility closed in the second quarter of 2007, relieving the Company of rental terms that were above market as well as certain restoration obligations under the original lease. As a result of the sale, the Company recognized a pre-tax loss of $68.2 million ($41.3 million after tax) in the second quarter of 2007.

The Edison facility was closed in March 2008. The costs to close the Edison facility are estimated to be $90 to $94 million, principally consisting of accelerated depreciation charges ($68.5 million), severance costs ($16 to $20 million) and plant restoration costs ($5.3 million).

The majority of these costs, approximately $87 million (approximately $7 million in the first six months of 2008), have been recognized as of June 29, 2008.

13

Sale of WQEW-AM

On April 26, 2007, the Company sold WQEW-AM to Radio Disney, LLC (which had been providing substantially all of WQEW-AM programming through a time brokerage agreement) for $40 million. The Company recognized a pre-tax gain of $39.6 million ($21.2 million after-tax) in the second quarter of 2007.

NOTE 9. EARNINGS PER SHARE

Basic and diluted earnings per share have been computed as follows:

The difference between basic and diluted shares is generally due to the assumed exercise of stock options and the assumed vesting of restricted stock units included in the diluted earnings per share computation.

Stock options with exercise prices that exceeded the average fair market value of the Company s Common Stock had an antidilutive effect and, therefore, were excluded from the computation of diluted earnings per share. Approximately 32 million stock options and approximately 31 million stock options with exercise prices ranging from $19.88 to $48.54 were excluded from the computation in the second quarter and first six

months of 2008. Approximately 32 million stock options with exercise prices ranging from $23.83 to $48.54 were excluded from the computation in the second quarter and first six months of 2007.

NOTE 10. COMPREHENSIVE INCOME

The Accumulated other comprehensive loss, net of income taxes in the Company s Condensed Consolidated Balance Sheets was net of a deferred income tax benefit of approximately $48 million as of June 29, 2008, and approximately $53 million as of December 30, 2007.

NOTE 11. SEGMENT INFORMATION

The Company s reportable segments consist of the News Media Group and the About Group. These segments are evaluated regularly by management in assessing performance and allocating resources.

Below is a description of the Company s reportable segments:

News Media Group (consisting of The New York Times Media Group, which principally includes The New York Times (The Times), NYTimes.com, the IHT and WQXR-FM; the New England Media Group, which principally includes The Boston Globe (the Globe), Boston.com and the Worcester Telegram & Gazette; and the Regional Media Group, which includes 15 daily newspapers, other print publications and their related digital operations); and

About Group (consisting of the Web sites of About.com, ConsumerSearch.com, UCompareHealthCare.com and Calorie-Count.com).

The Broadcast Media Group, which was sold on May 7, 2007, is classified as a discontinued operation and is no longer included as a reportable segment (see Note 2).

(1) In the first quarter of 2008, a non-cash charge of $18.3 million was recorded for the write-down of assets for a systems project at the News Media Group. Operating profit for the second quarter and first six months of 2007 included a $68.2 million net loss from the sale of assets and $39.6 million gain from the sale of WQEW-AM.

NOTE 12. CONTINGENT LIABILITIES

Third-Party Guarantees

The Company has outstanding guarantees on behalf of a third party that provides circulation customer service, telemarketing and home-delivery services for The Times and the Globe, and on behalf of two third parties that provide printing and distribution services for The Times s National Edition. The guarantees are for payments under a credit facility and property and equipment leases, and for certain debt and costs related to any default. The total amount of the guarantees was approximately $26 million as of June 29, 2008. In accordance with GAAP, the contingent obligations related to these guarantees are not reflected in the Company s Condensed Consolidated Balance Sheets as of June 29, 2008 and December 30, 2007.

Other

The Company also has letters of credit of approximately $30 million as of June 29, 2008, which are primarily to satisfy requirements by insurance companies, to provide support for the Company s workers compensation liability. The workers compensation liability (approximately $52 million) is included in the Company s Condensed Consolidated Balance Sheet as of June 29, 2008.

There are various legal actions that have arisen in the ordinary course of business and are now pending against the Company. These actions are generally for amounts greatly in excess of the payments, if any, that may be required to be made. It is the opinion of management after reviewing these actions with legal counsel to the Company that the ultimate liability that might result from these actions would not have a material adverse effect on the Company s Condensed Consolidated Financial Statements.

Item 2. Management s Discussion and Analysis of Financial Condition and Results of Operations

We are a leading media and news organization serving our audiences through print, online, mobile and radio technology. Our segments and divisions are:

News Media Group *(consisting of The New York Times Media Group, which principally includes The New York Times (The Times), NYTimes.com, the International Herald Tribune and WQXR-FM; the New England Media Group, which principally includes The Boston Globe (the Globe), Boston.com and the Worcester Telegram & Gazette; and the Regional Media Group, which includes 15 daily newspapers, other print publications and their related digital operations).* The News Media Group generates revenues principally from print, online and radio advertising and through circulation. Other revenues, which make up the remainder of revenues, primarily consist of revenues from wholesale delivery operations, news services/syndication, commercial printing, digital archives, direct mail advertising services and rental income. The News Media Group s main operating costs are employee-related costs and raw materials, primarily newsprint.

About Group *(consisting of the Web sites of About.com, ConsumerSearch.com, UCompareHealthCare.com and Calorie-Count.com).* The About Group principally generates revenues from cost-per-click advertising (sponsored links for which the About Group is paid when a user clicks on the ad), display advertising that is relevant to its adjacent content, and e-commerce (including sales lead generation). Almost all of its revenues (93% in the first six months of 2008) are derived from the sale of advertisements (cost-per-click and display advertising). Cost-per-click advertising accounts for 57% of the About Group s total advertising revenues. The About Group s main operating costs are employee-related costs and content and hosting costs.

Joint Ventures Our investments accounted for under the equity method are as follows:

- a 49% interest in Metro Boston LLC, which publishes a free daily newspaper in the Greater Boston area,
- a 49% interest in a Canadian newsprint company, Donohue Malbaie Inc.,
- a 40% interest in a partnership, Madison Paper Industries, operating a supercalendered paper mill in Maine,
- a 25% interest (acquired in 2008 for a nominal amount) in quadrantONE LLC, a consortium online advertising network that sells bundled premium, targeted display advertising from local newspaper Web sites and other affiliates, and

- an approximately 17.5% interest in New England Sports Ventures, which owns the Boston Red Sox, Fenway Park and adjacent real estate, approximately 80% of the New England Sports Network, a regional cable sports network, and 50% of Roush Fenway Racing, a leading NASCAR team.

RECENT DEVELOPMENTS

Severance Charges

We recognized severance charges of $27.6 million in the second quarter of 2008 and $38.8 million in the first six months of 2008. In the second quarter and first six months of 2007, we recognized severance charges of $5.0 million and $12.8 million, respectively. Most of the charges in these periods were recognized at the News Media Group. These charges are primarily recorded in Selling, general and administrative costs in our Condensed Consolidated Statements of Operations.

Acquisitions

In March 2008, we acquired certain assets of the Winter Haven News Chief (News Chief), a regional newspaper in Winter Haven, Fla., for $2.5 million. Also in March 2008, we purchased additional Class A units of BehNeem, LLC (BehNeem), increasing our total investment to $4.3 million for a 53% ownership interest. BehNeem licenses the Epsilen Environment, an integrated online course content, portfolio and communications tool for the education community. The operating results of the News Chief are included in the results of the Regional Media Group and the operating results of BehNeem are included in the results of The New York Times Media Group, both of which are part of the News Media Group.

See Note 3 of the Notes to the Condensed Consolidated Financial Statements.

Impairment of Assets

In the first quarter of 2008, we recorded a non-cash charge of $18.3 million for the write-down of assets for a systems project at the News Media Group. We reduced the scope of a major advertising and circulation project to decrease capital spending, which resulted in the write-down of previously capitalized costs.

Plant Consolidation

In 2006, we announced plans to consolidate the printing operations of a facility we leased in Edison, N.J., into our newest facility in College Point, N.Y. As part of the consolidation, we purchased the Edison facility and then sold it, with two adjacent properties we already owned, to a third party. The purchase and sale of the Edison facility closed in the second quarter of 2007, relieving us of rental terms that were above market as well as certain restoration obligations under the original lease. As a result of the sale, we recognized a pre-tax loss of $68.2 million ($41.3 million after tax) in the second quarter of 2007.

The Edison facility was closed in March 2008. The costs to close the Edison facility are estimated to be $90 to $94 million, principally consisting of accelerated depreciation charges ($68.5 million), severance costs ($16 to $20 million) and plant restoration costs ($5.3 million). The majority of these costs, approximately $87 million (approximately $7 million in the first six months of 2008), have been recognized as of June 29, 2008.

2008 EXPECTATIONS

Expectations regarding key financial measures for 2008 are in the table below.

Item	**2008 Expectations**
Depreciation & amortization	$145 to $155 million(1)
Income from joint ventures	$20 to $25 million
Interest expense	$49 to $53 million
Income tax rate	40% to 43%(2)
Capital expenditures	$150 to $165 million(3)
Severance charges	$40 to $50 million

---

(1) Includes approximately $5 million of accelerated depreciation expense in the first quarter of 2008 associated with the New York area plant consolidation project. Depreciation for our new headquarters building is expected to be approximately $7 million per quarter.

(2) There are many factors that can result in significant volatility quarter to quarter.

(3) Includes approximately $35 million for the consolidation of our New York area plants and about $22 million for our new headquarters.

In addition, we believe that we can achieve a reduction in costs from our year-end 2007 cash cost base of a total of more than $230 million in 2008 and 2009, excluding the effects of inflation, severance costs and one-time costs. More than $130 million of these savings are expected in 2008.

Advertising Revenues

Advertising revenue is primarily determined by the volume, rate and mix of advertisements. Total News Media Group advertising revenues decreased in the second quarter and first six months of 2008 primarily due to lower print volume. Print advertising revenues declined 15.1% and 13.9% in the second quarter and first six months of 2008, respectively, while online advertising revenues increased 20.8% and 16.8% in the same periods. Difficult national and local economic conditions and a secular shift of print advertising to online alternatives have continued to negatively affect national, classified and retail advertising at the News Media Group.

Advertising revenues (print and online) by category for the News Media Group were as follows:

	For the Quarters Ended			For the Six Months Ended		
(In thousands)	**June 29, 2008**	**July 1, 2007**	**% Change**	**June 29, 2008**	**July 1, 2007**	**% Change**

News Media Group

The New York Times Media Group

The New York Times Media Group s advertising revenues in the first six months of 2008 consisted of approximately 68% from the national category, 18% from the classified category, 12% from the retail category and 2% from other advertising categories. Total advertising revenues declined in the second quarter and first six months of 2008 primarily due to lower print advertising, particularly in the classified category, offset in part by higher online revenues.

National advertising decreased in the second quarter and first six months of 2008 compared with the same periods in 2007 mainly because of lower print advertising offset in part by higher online revenues. National print advertising has been negatively affected by the slowdown in the economy. Online national advertising continues to grow as a result of secular shifts to online alternatives.

Classified advertising decreased in the second quarter and first six months of 2008 compared with the same periods in 2007 due to declines in all three print categories (real estate, help-wanted and automotive). Real estate print advertising continued to experience declines driven by the slowdown in the local and national housing markets, which also negatively affected help-wanted advertising. Weakening economic conditions also contributed to the declines in help-wanted advertising. In addition, print classified advertising was negatively affected by secular shifts to online alternatives.

Retail advertising also had declines in the second quarter and first six months of 2008 compared with the same periods in 2007 because of lower volume in various print advertising categories, which was partially offset by growth in online advertising for the first six months of 2008. Shifts in marketing strategies and budgets of major advertisers have negatively affected retail advertising.

New England Media Group

The New England Media Group s advertising revenues in the first six months of 2008 consisted of approximately 34% from the classified category, 30% from the retail category, 29% from the national category and 7% from other advertising categories. Total advertising revenues declined in the second quarter and first six months of 2008 primarily due to lower print advertising.

Classified advertising declined in all print categories (help-wanted, real estate and automotive) in the second quarter and first six months of 2008 compared with the same periods in 2007. The majority of the decline was in the help-wanted category due to softness in the job market and the continued slowdown in the local and national housing markets, which also negatively affected real estate advertising. In addition, secular shifts to online advertising contributed to the print advertising declines.

Retail and national advertising declined in the second quarter and first six months of 2008 compared with the same periods in 2007 mainly due to lower volume in various print advertising categories, which was partially offset by growth in online advertising. The difficult economy and challenging market conditions in Boston and the greater New England area were major factors contributing to these declines.

Regional Media Group

The Regional Media Group s advertising revenues in the first six months of 2008 consisted of approximately 54% from the retail category, 36% from the classified category and 10% from the national and other advertising categories.

Total advertising revenues declined in the second quarter and first six months of 2008 due to declines in all print categories, primarily in the classified areas, which was mainly driven by the downturn in the Florida and California housing markets. About two-thirds of advertising revenues of the Regional Media Group came from newspapers in Florida and California.

Circulation Revenues

Circulation revenue is based on the number of copies sold and the subscription and newsstand rates charged to customers. Our newspapers have been executing a circulation strategy that rebalances the copy mix away from less profitable circulation. As we execute this shift, we are seeing circulation declines but have realized, and believe we will continue to realize, significant benefits in reduced costs and improved circulation profitability.

Circulation revenues in the second quarter and first six months of 2008 increased 2.5% and 2.2%, respectively, compared with the same periods in 2007 mainly because of higher home-delivery and newsstand prices, offset in part by volume declines across the News Media Group. The Times increased home-delivery and newsstand prices in July 2007. In July 2008, it increased home-delivery prices an average of 4.5%, and on August 18, it plans to increase the newsstand price of the Monday through Saturday edition from $1.25 to $1.50. The Globe increased its newsstand price in the metropolitan Boston area from 50 to 75 cents in February 2008.

Other Revenues

Other revenues increased in the second quarter and first six months of 2008 primarily because of revenues from rental income from the lease of five floors in our new headquarters, and increased commercial printing. The increases were partially offset by the elimination of subscription revenues for TimesSelect, an online product offering that was discontinued in September 2007.

About Group

About Group revenues increased 15.8% to $28.6 million in the second quarter of 2008 from $24.7 million in the second quarter of 2007 and 20.2% to $56.8 million in the first six months of 2008 compared with $47.2 million in the same period last year, primarily due to higher advertising rates and increased volume in cost-per-click advertising, as well as revenues associated with the acquisition of ConsumerSearch, Inc., a leading online aggregator and publisher of consumer product reviews acquired in May 2007.

Operating Costs

Operating costs were as follows:

Production Costs

Total production costs decreased 0.5% ($1.5 million) in the second quarter of 2008 compared with the second quarter of 2007. We had lower raw materials expense ($2.9 million), driven by a decrease in newsprint expense partially offset by an unfavorable LIFO inventory adjustment due to higher paper prices, and lower compensation-related costs ($2.9 million) resulting from a reduced workforce and a decrease in incentive compensation. These decreases were partially offset by higher outside printing and distribution costs ($2.2 million), mainly as a result of the addition of three new print sites under contract, and increased content costs ($1.1 million), primarily at the About Group.

Newsprint expense declined 10.1%, with 16.8% from lower consumption, offset in part by 6.7% in higher prices. Newsprint prices, which had generally declined in late 2006 and most of 2007, began to increase in the fourth quarter of 2007, and have continued to increase in 2008. Newsprint suppliers have announced further price increases expected to take effect in the third quarter of 2008.

Total production costs decreased 0.9% ($6.0 million) in the first six months of 2008 compared with the same period in 2007. We had lower raw materials expense ($18.7 million), primarily driven by a decrease in newsprint expense partially offset by an unfavorable LIFO inventory adjustment due to higher paper prices. This decrease was partially offset by higher rent expense ($3.3 million), higher content costs ($2.4 million), primarily at the About Group, and higher professional fees ($2.2 million). Newsprint expense declined 17.1%, primarily from lower consumption. Rent expense was primarily associated with our lease of the Edison, N.J., facility until operations ceased.

Selling, General and Administrative Costs

Total selling, general and administrative costs were flat in the second quarter of 2008 as increased severance costs ($22.6 million) were primarily offset by decreases in compensation-related costs ($12.8 million), mainly due to lower incentive compensation and a reduced workforce, and costs related to the move into our new headquarters in the second quarter of 2007 ($5.7 million).

Total selling, general and administrative costs decreased 0.2% ($1.1 million) in the first six months of 2008 primarily because of lower compensation-related costs ($16.3 million), mainly due to a reduced workforce and lower incentive compensation, lower promotion costs ($6.1 million), which resulted from our circulation strategy to rebalance the copy mix away from less profitable circulation, costs in the second quarter of 2007 related to the move into our new headquarters ($5.7 million), and lower benefits expense ($4.7 million). These decreases were primarily offset by increased severance costs ($25.7 million) and stock-based compensation expense ($5.1 million).

Stock-based compensation expense increased primarily because of a shift in the timing of our annual equity awards. Historically equity awards were made in December of each year. In early 2007, the Board of Directors elected to make annual equity awards in February of each year, beginning in February 2008, to better enable it to evaluate performance during the most recently completed fiscal year.

Depreciation and Amortization

Total depreciation and amortization, by reportable segment, Corporate and for the Company as a whole, was as follows:

	For the Quarters Ended			For the Six Months Ended		
(In thousands)	**June 29, 2008**	**July 1, 2007**	**% Change**	**June 29, 2008**	**July 1, 2007**	**% Change**
Depreciation and amortization:						
News Media Group	$ 27,503	$ 41,439	(33.6)	$ 64,423	$ 81,162	(20.6)
About Group	3,369	3,418	(1.4)	6,402	6,551	(2.3)

Total depreciation and amortization	$ 32,642	$ 46,645	(30.0)	$ 74,573	$ 91,082	(18.1)

In the second quarter and first six months of 2008, the News Media Group s depreciation and amortization declined primarily because there was no accelerated depreciation expense in the second quarter of 2008 for assets at the Edison, N.J., printing facility, which we closed in March 2008, compared with $13.1 million of accelerated depreciation expense in the second quarter of 2007.

The following table sets forth consolidated operating costs by reportable segment, Corporate and the Company as a whole.

Total operating costs	$ 701,650	$ 717,048	(2.1)	$ 1,424,999	$ 1,448,571	(1.6)

News Media Group

In the second quarter of 2008, operating costs for the News Media Group decreased 2.9% ($20.2 million), mainly due to reduced depreciation and amortization expense ($13.9 million), lower compensation-related costs ($13.5 million), costs in the second quarter of 2007 related to the move into our new headquarters ($5.7 million), lower promotion costs ($5.3 million) and lower raw materials expense ($2.9 million). This decline was partially offset by higher severance costs ($22.3 million).

In the first six months of 2008, operating costs decreased 2.6% ($35.9 million), mainly due to lower raw materials expense ($18.7 million), compensation-related costs ($16.9 million), depreciation and amortization expense ($16.7 million), and promotion costs ($7.5 million), which were partially offset by higher severance costs ($25.0 million).

About Group

Operating costs for the About Group increased 20.4% ($3.3 million) in the second quarter primarily because of investments in new revenue initiatives that resulted in higher marketing costs ($1.2 million), content costs ($0.7 million) and compensation-related costs ($0.3 million). In the first six months of 2008, operating costs increased 25.4% ($7.7 million) primarily because of higher content costs ($2.2 million), marketing costs ($1.9 million) and compensation-related costs ($1.5 million). These increases were mainly due to investments in new revenue initiatives. In addition, operating costs reflect costs from ConsumerSearch, Inc., which was acquired in May 2007, for the entire quarter and first six months of 2008 and only from the date of acquisition in 2007.

Corporate

Operating costs for Corporate increased 12.5% ($1.5 million) in the second quarter of 2008 compared with the same period last year due to higher insurance costs partially offset by lower incentive compensation. In the first six months of 2008, operating costs increased 18.2% ($4.6 million) primarily because of increased stock-based compensation expense due to the change in timing of our annual equity awards.

Sale of WQEW-AM

On April 26, 2007, we sold WQEW-AM to Radio Disney, LLC (which had been providing substantially all of WQEW-AM programming through a time brokerage agreement) for $40 million. We recognized a pre-tax gain of $39.6 million ($21.2 million after-tax) in the second quarter of 2007.

Operating Profit

Consolidated operating profit, by reportable segment, Corporate and for the Company as a whole, were as follows:

(In thousands)	For the Quarters Ended June 29, 2008	For the Quarters Ended July 1, 2007	% Change	For the Six Months Ended June 29, 2008	For the Six Months Ended July 1, 2007	% Change

The reasons underlying the period-to-period changes in each segment s and Corporate s operating profit/ (loss) are previously discussed under Revenues, Operating Costs, Recent Developments Impairment of Assets and Plant Consolidation and Sale of WQEW-AM.

Non-Operating Items

Joint Ventures

Net income from joint ventures totaled $10.2 million in the second quarter of 2008 compared with $4.7 million in the second quarter of 2007, and $8.4 million in the first six months of 2008 compared with $2.6 million in the first six months of 2007. Higher earnings resulted from stronger performance at New England Sports Ventures, LLC, which owns the Boston Red Sox, and at a paper mill in which we own a minority interest.

Interest Expense, Net

Interest expense, net in our Condensed Consolidated Statements of Operations was as follows:

	For the Quarters Ended		For the Six Months Ended	
(In thousands)	**June 29, 2008**	**July 1, 2007**	**June 29, 2008**	**July 1, 2007**

Capitalized interest	(406)	(6,201)	(1,462)	(12,123)
Interest income	(58)	(678)	(98)	(1,732)
Interest expense, net	$ 12,104	$ 7,126	$ 23,849	$ 18,454

We had higher capitalized interest in 2007 primarily due to the construction of our new headquarters, which we began to occupy in the second quarter of 2007. Interest expense was lower in the second quarter and first six months of 2008 compared with the comparable 2007 periods primarily due to lower average interest rates.

Income Taxes

Our effective income tax rate was 45.0% in the second quarter and 30.8% in the first six months of 2008 compared with 46.0% in the second quarter and 48.5% in the first six months of 2007.

In the first quarter of 2008, we recognized a $4.6 million adjustment to reduce our reserve for uncertain tax positions. This adjustment reduced the effective income tax rate for the first six months of 2008. In 2007, the effective income tax rates were affected by the asset sales in the second quarter of 2007 (see Notes 2 and 8 of the Notes to the Condensed Consolidated Financial Statements) and an unfavorable tax adjustment of $4.5 million for a change in New York State tax law (effective January 1, 2007) that required a revaluation of existing deferred tax balances in the first quarter of 2007.

Discontinued Operations

On May 7, 2007, we sold the Broadcast Media Group, which consisted of nine network-affiliated television stations, their related Web sites and digital operating center, for approximately $575 million. In 2007, we recognized a pre-tax gain on the sale of $190.0 million ($94.0 million after tax). In 2008, the gain/(loss) on sale included post-closing adjustments. The results of operations presented as discontinued operations are summarized below.

LIQUIDITY AND CAPITAL RESOURCES

We expect our cash balance, cash provided from operations and available third-party financing, described below, to be sufficient to meet our normal operating commitments and debt service requirements, to fund planned capital expenditures, to pay dividends to our stockholders and to make any required contributions to our pension plans.

On June 19, 2008, the Board declared a dividend of $.23 per share on our Class A and B Common Stock. The dividend is payable on September 15, 2008, to shareholders of record on September 2, 2008.

We repurchase Class A Common Stock under our stock repurchase program from time to time either in the open market or through private transactions and these repurchases may be suspended from time to time or discontinued. During the first six months of 2008, we did not repurchase any shares of Class A Common Stock pursuant to our stock repurchase program. As of June 29, 2008, approximately $91 million remained from our current share repurchase authorization.

Capital Resources

Sources and Uses of Cash

Cash flows by category were as follows:

	For the Six Months Ended	
(In thousands)	**June 29, 2008**	**July 1, 2007**
Operating Activities	$ 99,959	$ (11,745)
Investing Activities	$ (111,273)	$ 305,409
Financing Activities	$ 139	$ (308,534)

Operating Activities

The primary source of our liquidity is cash flows from operating activities. The key component of operating cash inflow is cash receipts from advertising customers. Advertising has provided approximately 65% of total revenues over the past three years. Operating cash inflows also include cash receipts from circulation sales and other revenue transactions such as wholesale delivery operations, news services/syndication, commercial printing, digital archives, direct mail advertising services and rental income. Operating cash outflows include payments to employees, payments to vendors for raw materials, services and supplies, and payments of interest and income taxes.

In the first six months of 2008, net cash provided by operating activities increased approximately $112 million compared to the same period in 2007 mainly due to higher working capital requirements in 2007 primarily driven by income taxes paid on the gains on the sales of the Broadcast Media Group and WQEW-AM in the first six months of 2007.

Investing Activities

Cash from investing activities generally include proceeds from the sale of assets or a business. Cash used in investing activities generally includes payments for the acquisition of new businesses, equity investments and capital expenditures, including property, plant and equipment.

In the first six months of 2008, net cash used in investing activities of $111.3 million was primarily due to capital expenditures related to the consolidation of printing operations into our facility in College Point, N.Y., and for construction of our new headquarters. In the first six months of 2007, net cash provided by investing activities of $305.4 million included proceeds (approximately $706 million) from the sales of the Broadcast Media Group, WQEW-AM and Edison, N.J., assets, partially offset by payments (approximately $366 million) for capital expenditures, primarily related to the construction of our new headquarters, and for the acquisition of the Edison, N.J., printing facility.

Financing Activities

Cash from financing activities generally includes borrowings under our revolving credit agreements and commercial paper program, the issuance of long-term debt and funds from stock option exercises. Cash used in financing activities generally includes the repayment of amounts outstanding under our revolving credit agreements, commercial paper and long-term debt; the payment of dividends; and the repurchase of our Class A Common Stock.

In the first six months of 2008, cash borrowings under our revolving credit agreements (approximately $175 million) were entirely offset by repayments of commercial paper (approximately $108 million) and dividend payments (approximately $67 million). In the first six months of 2007, net cash used in financing activities of $308.5 million mainly related to repayments of commercial paper and medium-term notes (approximately $287 million) and dividend payments (approximately $59 million).

See our Condensed Consolidated Statements of Cash Flows for additional information on our sources and uses of cash.

Third-Party Financing

We have the following financing sources available to supplement cash flows from operations:

- revolving credit agreements,
- a commercial paper facility and
- borrowings under a shelf registration statement.

Our total debt, including commercial paper, borrowings under revolving credit agreements and capital lease obligations, was $1.1 billion as of June 29, 2008, and $1.0 billion as of December 30, 2007.

In April 2008, Moody s Investors Service downgraded our senior unsecured debt rating to Baa3 from Baa1 and our commercial paper rating to Prime-3 from Prime-2, and in July 2008, it affirmed these ratings but changed its rating outlook to negative from stable, citing concerns of continued advertising revenue declines. In April 2008, Standard and Poor s lowered its investment rating on our long-term debt to BBB- from BBB and affirmed our A-3 commercial paper rating, and in July 2008, it put our ratings on credit watch with negative implications, citing accelerated revenue declines. We have no liabilities subject to accelerated payment upon a ratings downgrade and do not expect these downgrades or future downgrades, if any, of our long-term and short-term debt ratings to have any material impact on our ability to borrow. However, we expect to incur higher borrowing costs in respect of future long-term and short-term issuances.

Revolving Credit Agreements

Our $800.0 million revolving credit agreements ($400.0 million credit agreement maturing in May 2009 and $400.0 million credit agreement maturing in June 2011) are used for general corporate purposes and may be used to support our commercial paper program. In addition, these revolving credit agreements provide a facility for the issuance of letters of credit. Of the total $800.0 million available under the two revolving credit agreements,

we have issued letters of credit of approximately $30 million as of June 29, 2008. We had $370.0 million outstanding under our revolving credit agreements, with a weighted-average interest rate of 2.9%, as of June 29, 2008. As of December 30, 2007, we had $195.0 million outstanding under our revolving credit agreements, with a weighted-average interest rate of 5.3%. Any borrowings under the revolving credit agreements bear interest at specified margins based on our credit rating, over various floating rates selected by us.

The revolving credit agreements each contain a covenant that requires a specified level of stockholders   equity (as defined in the agreements). As of June 29, 2008, the amount of stockholders   equity in excess of the required levels was approximately $556 million.

Commercial Paper

Our $725.0 million commercial paper program is supported by the revolving credit agreements. Commercial paper that we issue is unsecured and can have maturities of up to 270 days, but generally matures within 90 days. We had $3.5 million in commercial paper outstanding as of June 29, 2008 with an annual weighted-average interest rate of 3.5% and an average of three days to maturity from original issuance. We had $111.7 million outstanding as of December 30, 2007, with an annual weighted-average interest rate of 5.5% and an average of 10 days to maturity from original issuance.

Shelf Registration Statement

Our liquidity requirements may also be funded through the public offer and sale of notes under our effective shelf registration statement, filed on February 27, 2008, on Form S-3 with the Securities and Exchange Commission (SEC). This automatic shelf registration statement does not require us to specify a maximum amount of securities that may be issued and will enable us to offer debt securities at any time during the next three years.

RECENT ACCOUNTING PRONOUNCEMENTS

In December 2007, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards (FAS) No. 141(R), Business Combinations (FAS 141(R)) and FAS No. 160, Accounting and Reporting of Noncontrolling Interests in Consolidated Financial Statements, an amendment of Accounting Research Bulletin No. 51 (FAS 160). Changes for business combination transactions pursuant to FAS 141(R) include, among others, expensing acquisition-related transaction costs as incurred, the recognition of contingent consideration arrangements at their acquisition date fair value and capitalization of in-process research and development assets acquired at their acquisition date fair value. Changes in accounting for noncontrolling (minority) interests pursuant to FAS 160 include, among others, the classification of noncontrolling interest as a component of consolidated stockholders equity and the elimination of minority interest accounting in results of operations. FAS 141(R) and FAS 160 are required to be adopted simultaneously and are effective for fiscal years beginning on or after December 15, 2008. The adoption of FAS 141(R) will affect the accounting for our acquisitions that occur after the adoption date. Based on our current structure, FAS 160 will be immaterial to our financial statements.

CRITICAL ACCOUNTING POLICIES

Our critical accounting policies are detailed in our Annual Report on Form 10-K for the year ended December 30, 2007. As of June 29, 2008, our critical accounting policies have not changed materially from December 30, 2007.

CONTRACTUAL OBLIGATIONS & OFF-BALANCE SHEET ARRANGEMENTS

Our contractual obligations and off-balance sheet arrangements are detailed in our Annual Report on Form 10-K for the year ended December 30, 2007. As of June 29, 2008, our contractual obligations and off-balance sheet arrangements have not materially changed from December 30, 2007.

FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q, including the section titled Management s Discussion and Analysis of Financial Condition and Results of Operations, contains forward-looking statements that relate to future events or our future financial performance. We may also make written and oral forward-looking statements in our SEC filings and otherwise. We have tried, where possible, to identify such statements by using words such as believe, expect, intend, estimate, anticipate, will, project, plan and similar expressions in connection with any discussion of operating or financial performance. Any forward-looking statements are and will be based upon our then-current expectations, estimates and assumptions regarding future events and are applicable only as of the dates of such statements. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

By their nature, forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those anticipated in any forward-looking statements. Such factors include those described in Item 1A-Risk Factors of our Annual Report on Form 10-K for the year ended December 30, 2007, as well as other risks and factors identified from time to time in our SEC filings.

Item 3. <u>Quantitative and Qualitative Disclosures About Market Risk</u>

Our Annual Report on Form 10-K for the year ended December 30, 2007, details our disclosures about market risk. As of June 29, 2008, there were no material changes in our market risk from December 30, 2007.

Item 4. <u>Controls and Procedures</u>

Evaluation of Disclosure Controls and Procedures

Janet L. Robinson, our Chief Executive Officer, and James M. Follo, our Chief Financial Officer, have evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934) as of June 29, 2008. Based on such evaluation, Ms. Robinson and Mr. Follo concluded that our disclosure controls and procedures were effective to ensure that the information required to be disclosed by us in the reports that we file or submit under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the SEC s rules and forms, and is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting during the period covered by this report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1A. Risk Factors

There have been no material changes to our risk factors as set forth in Item 1A-Risk Factors in our Annual Report on Form 10-K for the year ended December 30, 2007.
