Item 3.02 Unregistered Sales of Equity Securities.

On March 13, 2007, Ascent Solar Technologies, Inc. (Ascent) announced that it had consummated a private placement of 1,600,000 shares of common stock to Norsk Hydro Produksjon AS, a wholly-owned subsidiary of Norsk Hydro ASA (together Hydro), one of the world's leading suppliers of aluminum. In connection with that private placement, Ascent granted Hydro two options to purchase additional shares of common stock and warrants; and these options were approved by Ascent's shareholders in June 2007. In August 2007, Hydro exercised its first option, immediately after which it owned 23% of Ascent's outstanding common stock and outstanding Class B warrants. On March 31, 2008, Hydro exercised its second option to purchase an additional 2,341,897 shares of Ascent's common stock and 1,689,905 Class B warrants, immediately after which it owned 35% of Ascent's outstanding common stock and outstanding Class B warrants. Pursuant to its second option, Hydro is permitted, from time to time, to purchase additional shares and Class B warrants in order to maintain ownership of up to 35% of each of those securities.

On October 6, 2008, Hydro again exercised its second option to purchase an additional 2,421,801 shares of Ascent common stock. The purchase of additional shares restores Hydro's ownership of the company to approximately 35%. Gross proceeds to the company from the follow on investment will be approximately \$15 million, and reflect per share purchase prices equal to the average of the closing bids of each security, as reported by Nasdaq, for the five consecutive trading days preceding exercise. Ascent Solar expects the transaction to close by October 8, 2008. Upon acquiring these additional securities, Hydro will hold approximately 35% of the total outstanding common shares and approximately 35% of the total outstanding Class B warrants of Ascent. Each Class B warrant is exercisable for one share of common stock for \$11.00, and expires on July 10, 2011. The private placement is being effected pursuant to Section 4(2) of the Securities Act of 1933 and/or Regulation D promulgated thereunder.
