Item 1. Reports to Stockholders.

Edgar Filing: FIRST PHILIPPINE FUND INC - Form N-CSR

July 30, 2003

Dear Shareholder:

For the past fourteen years, we have published reports on The First Philippine Fund Inc. (the "Fund"). With the liquidation of the Fund, it is with mixed emotions that we write this last report. The Fund has lived through a most colorful period in Philippine history with major coup attempts, earthquakes, typhoons, volcanoes, four Philippine presidents, the 1997 Asian financial crisis, and the world's economic slowdown. The past four years have been tough ones for investors, with world markets down significantly. Despite these volatile events and dramatic market swings over the past fourteen years, the Fund paid out \$66 million in dividends and outperformed its benchmark, the Philippine Composite Index, since the Fund's inception through June 30, 2003.

In a special shareholder meeting on June 11, 2003, the Fund's shareholders approved the proposal to liquidate and dissolve the Fund. The Fund's Board of Directors recommended this liquidation proposal in March. It concluded that, given the Fund's small size, its high expense ratio, the poor liquidity and trading volume on the Philippine stock market, a weaker Philippine peso from year ago levels, and numerous uncertainties domestically and globally that unfavorably affected short-term investor sentiment on the Philippines, the Fund's liquidation was in the best interest of shareholders. On June 11, 2003, 50.69% of the Fund's total outstanding shares were voted in favor of liquidation. A simple majority carried the vote as 55.59% of total shares were voted earlier to approve an amendment to the Fund's Articles of Incorporation providing for the approval of liquidation by a majority of the outstanding shares of the Fund.

The Fund's shares were de-listed from the New York Stock Exchange on June 18, 2003. Since then, the Fund's portfolio has been fully liquidated.

On June 30, 2003, the Fund's audited net asset value ("NAV") per share stood at \$2.67. (This figure does not include the deduction of anticipated liquidation expenses incurred after June 30, 2003.) Total net assets were just over \$26.0 million. Over the Fund's 2003 fiscal year, the Fund's NAV depreciated by 16.56%. Over the first half of 2003, the Fund's NAV performance was flat. The Fund's share price closed at \$2.60 on June 18, 2003, the last trading day of the Fund's shares. From June 30, 2002 to June 18, 2003, the Fund's share price declined by 8.45%. However, for the calendar year through June 18, 2003, the Fund's share price appreciated by 16.07%. The Fund's shares traded at a 1.72% discount to NAV on its last trading day.

The Fund made its first distribution to shareholders on July 29, 2003 in the amount of \$2.52 per share or a total of \$24,526,152. This amount represents nearly 95% of the Fund's current net assets. The amount and date of a second distribution has not been determined and will depend in part on the developments in *Walter S. Baer vs. The First Philippine Fund Inc.* (Index No. 2002-122369), a purported class action lawsuit filed against the Fund in New York state court. The Fund believes the lawsuit is without merit and has continued to contest it. The Fund has made a motion to dismiss the lawsuit. In a court hearing on July 7, 2003, the court indicated that such motion to dismiss would be granted. The Fund is awaiting the court's written decision.

While the Fund will no longer exist, we continue to have belief and confidence in the long-term prospects for the Philippine economy. To the courage, determination and strength of purpose exhibited by its People Power movements in 1986 and 2001, the country must now add the unity that will translate self-interest into cohesion, consensus and the common good. This means sustainable economic growth and a sense of nationhood that results in the confident pursuit of national interests in a global context.

On behalf of the Fund's Board of Directors, we thank you for your interest

Edgar Filing: FIRST PHILIPPINE FUND INC - Form N-CSR

in the Philippines and support of The First Philippine Fund. Mabuhay!

Sincerely yours,

/S/SIGNATURE

Notes to Financial Statements -- June 30, 2003

A. Summary of Significant Accounting Policies

The First Philippine Fund Inc. (the "Fund") was incorporated in the State of Maryland on September 11, 1989. The Fund is registered under the Investment Company Act of 1940, as amended, as a non-diversified, closed-end management investment company. The preparation of financial statements, in accordance with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

1. **Portfolio Valuation:** Investments are stated at value in the accompanying financial statements. All equity securities for which market quotations are readily available are valued at the last sales price or lacking any recent sales, at the mean between the current bid and asked prices. Securities that are traded over-the-counter are valued at the mean between the current bid and asked prices. Securities for which market values are not readily available are carried at fair value as determined in good faith by or under the supervision of the Board of Directors. Short-term investments having a maturity of 60 days or less are valued on the basis of amortized cost.
2. **Investment Transactions and Investment Income:** Investment transactions are accounted for on the trade date. The cost of investments sold is determined by use of the specific identification method for both financial reporting and income tax purposes. Interest income is accrued as earned; dividend income is recorded on the ex-dividend date. Dividends and interest income are subject to withholding tax at various rates not exceeding 25% and such tax is recorded at the time when the related income is recorded.
3. **Tax Status:** No provision is made for U.S. Federal income or excise taxes as it is the Fund's intention to continue to qualify as a regulated investment company and to make the requisite distributions to its shareholders which will be sufficient to relieve it from all or substantially all U.S. Federal income and excise taxes. For the year ended June 30, 2003, no U.S. Federal income or excise tax provision was

Edgar Filing: FIRST PHILIPPINE FUND INC - Form N-CSR

required. The Fund has a capital loss carry forward in the amount of \$50,985,563, of which \$466,990, \$7,894,664, \$8,691,344, \$26,411,868, \$4,729,763 and \$ 2,790,934 are available as a reduction of future net capital gains distributed and expire in the years ended 2005, 2007, 2008, 2009, 2010 and 2011 respectively. It is unlikely the Fund will realize these benefits before they expire. Fund liquidation will result in a loss of this benefit. Capital and foreign currency losses incurred after October 31 ("post-October losses") within the taxable year are deemed to arise on the first business day of the Fund's next taxable year. The Fund after October 31, 2002 incurred and will elect to defer net capital losses of \$37,068,651 during the year ended June 30, 2003.

The tax character of net assets at June 30, 2003 was the same as the book character.

4. Foreign Currency: The books and records of the Fund are maintained in U.S. Dollars. Foreign currency amounts are translated into U.S. dollars on the following basis:

- (I) market value of investment securities and other assets and liabilities at the Philippine peso exchange rate per the Philippine Dealing System at the valuation date; and
- (II) purchases and sales of investment securities, income and expense at the Philippine peso rate of exchange prevailing on the respective dates of such transactions. Exchange gains or losses are realized upon ultimate receipt or disbursement.

The Fund does not generally isolate the effect of fluctuation in foreign exchange rates from the effect of fluctuations in the market prices of securities held whether realized or unrealized. Realized gains or losses on foreign currency transactions represent net foreign exchange gains or losses from the disposition of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions, and between amounts of interest, dividends and foreign withholding taxes recorded on the Fund's books and the U.S. dollar equivalent amounts actually received or paid.

6

Notes to Financial Statements -- June 30, 2003 (cont'd)

The change in unrealized appreciation/depreciation of foreign currency holdings and other assets and liabilities denominated in foreign currencies represents the change in the value of the foreign currencies and other assets and liabilities arising as a result of changes in foreign exchange rates.

Foreign security and currency transactions may involve certain conditions and risks not typically associated with those of domestic origin as a result of, among other factors, the level of government supervision and regulation of foreign securities markets and the possibilities of political or economic instability.

5. Distribution of Income and Gains: The Fund intends to distribute to shareholders, at least annually, substantially all of its net investment income and expects to distribute annually any net capital gains in excess of net capital losses. An additional distribution may be made to the extent necessary to avoid the payment of a 4% Federal excise tax.

Edgar Filing: FIRST PHILIPPINE FUND INC - Form N-CSR

The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with Federal income tax regulations which may differ from generally accepted accounting principles. These "book/tax" differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the capital accounts based on their Federal tax-basis treatment; temporary differences do not require reclassification. To the extent they exceed net investment income and net realized capital gains for tax purposes, they are reported as distributions of paid-in capital.

As of June 30, 2003, the Fund had temporary book/tax differences primarily attributable to post-October losses and permanent book/tax differences primarily attributable to foreign currency losses and net operating loss. During the year ended June 30, 2003, the Fund decreased accumulated net investment loss by \$802,239 with an offsetting decrease to paid-in-capital of \$802,239. The Fund also increased accumulated net investment loss by \$234,701 with an offsetting decrease to accumulated net realized loss on investments of \$234,701. Net assets were not affected by these changes.

6. **Repurchase Agreements:** The Fund may enter into repurchase agreements with respect to dollar-denominated debt securities of United States issuers. The Fund's custodian takes possession of collateral pledged for investment in the repurchase agreements. To the extent that any repurchase transaction exceeds one business day, the value of the collateral is marked-to-market on a daily basis to maintain the adequacy of the collateral. If the seller defaults, the value of the collateral declines or if bankruptcy proceedings are commenced with respect to the seller of the security, realization of the collateral by the Fund may be delayed or limited.

B. Management and Investment Advisory Services

The Fund has entered into an Investment Advisory Agreement for portfolio management services with Clemente Capital, Inc. (the "Investment Adviser") and a Trust Agreement with Philippine National Bank (the "Trustee") for certain services relating to the Philippine Trust. The Investment Advisory Agreement is approved on an annual basis and provides for the Investment Adviser to receive a fee computed weekly and payable monthly at the annual rate of 1% of the Fund's average weekly net assets. For the year ended June 30, 2003, the Investment Adviser earned \$277,122 from the Fund, of which \$31,162 was payable to the Investment Adviser at June 30, 2003.

PNB Investments Limited (the "Philippine Adviser"), a wholly-owned subsidiary of the Trustee, provides the Investment Adviser with investment advice, research and assistance pursuant to a Research Agreement with the Investment Adviser. For its services, the Philippine Adviser receives from the Investment Adviser a fee at an annual rate of 0.35% of the Fund's average weekly net assets. For the year ended June 30, 2003, the Investment Adviser paid \$92,283 to the Philippine Adviser.

Substantially all of the Fund's assets are invested through and held in the Philippine Trust. Under the Trust Agreement, the Trustee receives a monthly fee at the annual rate of 0.15% of the Fund's average weekly net assets held in the Philippine Trust, subject to a minimum fee of \$150,000 for administration of the Philippine Trust. The Trust Agreement remains in effect for the life of the Fund unless terminated in accordance with its terms. For the year ended June 30, 2003, the Trustee earned fees of \$150,000, of which \$37,397 was payable to the Trustee at June 30, 2003.

Notes to Financial Statements -- June 30, 2003 (cont'd)

PFPC Inc. (the "Administrator") provides administrative and accounting assistance to the Fund. Under the Administration Agreement, the Administrator receives a fee payable monthly at an annual rate of 0.10% of the Fund's average weekly net assets, subject to a minimum annual fee of \$124,800. For the year ended June 30, 2003, the Administrator earned fees of \$124,800, of which \$20,516 was payable to the Administrator at June 30, 2003.

The Fund pays each of its Directors who is not a director, officer or employee of the Investment Adviser, the Philippine Adviser or the Trustee an annual fee of \$8,000 plus \$750 for each meeting of the Board or of a committee of the Board attended in person plus certain out-of-pocket expenses. Directors' fees payable at June 30, 2003 were \$5,000, which were included in accrued expenses.

C. Capital Stock

The authorized capital stock of the Fund is 25,000,000 shares of common stock \$.01 par value. Of the 9,732,600 shares outstanding at June 30, 2003, the Investment Adviser owned 6,000 shares.

D. Share Repurchase Program

On May 4, 2001, the Fund commenced a share repurchase program for the purpose of enhancing shareholder value and reducing the discount at which the Fund's shares traded from their net asset value. From that date through June 30, 2003, the Fund repurchased 1,492,400 shares or 13.30% of its Common Stock at an average price per share of \$2.80 and an average discount of 10.85% from net asset value per share. For the year ended June 30, 2003, the Fund repurchased 455,700 shares or 4.06% of its Common Stock at an average price per share of \$2.45 and an average discount of 11.77% from net asset value per share.

E. Portfolio Activity

Purchases and sales of securities, other than short-term obligations, aggregated \$724,546 and \$27,187,134, respectively, for the year ended June 30, 2003.

F. Other

The Fund has obtained the approval of the Central Bank for the registration and conversion into pesos of all proceeds of the Fund to be invested in the Philippine securities markets, which ensures repatriation of such investment and the remittance of profits and dividends accruing thereon. Notwithstanding the foregoing, the right of the Fund to repatriate its investments in Philippine securities and to receive profits, capital gains and dividends in foreign exchange is subject to the power of the Central Bank, with the approval of the President of the Philippines, to restrict the availability of foreign exchange in the imminence of or during an exchange crisis or in times of national emergency.

There are nationality restrictions on the ownership of certain equity securities of Philippine companies. Based on confirmations which the Fund received from Philippine governmental authorities, the Fund believes that it is permitted to make certain investments through the Philippine Trust that are otherwise available only to Philippine nationals.

Edgar Filing: FIRST PHILIPPINE FUND INC - Form N-CSR

At June 30, 2003, 2.2% of the net assets of the Fund was invested in Philippine securities. Future economic and political developments in that country could adversely affect the liquidity and/or value of the Philippine securities in which the Fund is invested.

G. Subsequent Event

At the June 11, 2003 shareholder meeting, shareholders voted in favor of a Plan of Liquidation of the Fund. The Fund will be liquidated at net asset value. The first distribution, in the amount of \$2.52 per share, or approximately 95% of net assets, was made on July 29, 2003.

REPORT OF INDEPENDENT AUDITORS

To the Board of Directors and Shareholders
of The First Philippine Fund Inc.

In our opinion, the accompanying statement of assets and liabilities, including the schedule of investments, and the related statements of operations and of changes in net assets and the financial highlights present fairly, in all material respects, the financial position of The First Philippine Fund Inc. (the "Fund") at June 30, 2003, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as "financial statements") are the responsibility of the Fund's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities at June 30, 2003 by correspondence with the custodian and trustee, provide a reasonable basis for our opinion.

As explained in Note G, the Fund's shareholders voted on June 11, 2003 in favor of a plan of liquidation of the Fund.
