CAUTIONARY FACTORS THAT MAY AFFECT FUTURE RESULTS

This report contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, including, without limitation, statements containing the words, “believes,” “anticipates,” “expects” and words of similar import. Such forward-looking statements relate to future events, our future financial performance, and involve known and unknown risks, uncertainties and other factors which may cause our actual results, performance or achievements or industry results to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Readers should specifically consider the various factors identified in this report including, but not limited to those discussed in the sections entitled “Risk Factors,” “Growth Strategy” and “Management’s Discussion and Analysis of Financial Conditions and Results of Operations” that could cause actual results to differ. We disclaim any obligation to update any such factors or to publicly announce the result of any revisions to any of the forward-looking statements contained herein to reflect future events or developments, except as required by law.

PART I

Item 1.

Business

OVERVIEW

Hersha Hospitality Trust is a self-advised Maryland statutory real estate investment trust that was organized in 1998 and completed its initial public offering in January of 1999. Our common shares are traded on the New York Stock Exchange under the symbol “HT”. We invest primarily in institutional grade hotels in central business districts, primary suburban office markets and stable destination and secondary markets in the Northeastern United States and select markets on the West Coast. Our primary strategy is to continue to acquire high quality, upscale, mid-scale and extended-stay hotels in metropolitan markets with high barriers to entry in the Northeastern United States and other markets with similar characteristics. We are structured as a real estate investment trust (“REIT”) for U.S. federal income tax reporting purposes.

As of December 31, 2008, our portfolio consisted of 58 wholly owned limited and full service properties and various interests in 18 limited and full service properties owned through joint venture investments. Of the 18 limited and full service properties owned through our investment in joint ventures investments, three are consolidated. These 76 properties, with a total of 9,556 rooms, are located in Arizona, California, Connecticut, Delaware, Maryland, Massachusetts, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island and Virginia and operate under leading brands, such as Marriott®, Courtyard by Marriott®, Residence Inn®, Fairfield Inn®, Springhill Suites®, TownePlace Suites®, Hilton®, Hilton Garden Inn®, Hampton Inn®, Homewood Suites®, Hyatt Summerfield Suites®, Holiday Inn®, Holiday Inn Express®, Comfort Inn®, Mainstay Suites®, Sleep Inn®, Four Points by Sheraton®, Sheraton Hotel®, and Hawthorn Suites®. In addition, we own several hotels which operate as independent boutique hotels.

We are structured as an umbrella partnership REIT, or UPREIT, and we own our hotels and our investments in joint ventures through our operating partnership, Hersha Hospitality Limited Partnership, or HHLP, for which we serve as general partner. Our hotels are managed by qualified independent management companies, including Hersha Hospitality Management, L.P., or HHMLP. HHMLP is a private management company owned by certain of our trustees, officers and other third party investors. We have leased all of our wholly owned hotels to 44 New England Management Company, or 44 New England, our wholly-owned taxable REIT subsidiary, or TRS. In addition, all of the hotels we own through investments in joint ventures are leased to TRSs owned by the respective venture or to corporations owned in part by our wholly owned TRS.

#### AVAILABLE INFORMATION

Our address is 44 Hersha Drive, Harrisburg, PA 17102. Our telephone number is (717) 236-4400. Our Internet website address is: [www.hersha.com](http://www.hersha.com). We make available free of charge through our website our code of ethics, annual report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended, as soon as reasonably practicable after such documents are electronically filed with, or furnished to, the SEC. The information available on our website is not, and shall not be deemed to be, a part of this report or incorporated into any other filings we make with the SEC.

## Index

### INVESTMENT IN HOTEL PROPERTIES

Our operating strategy focuses on increasing hotel performance for our portfolio. The key elements of this strategy are:

- working together with our hotel management companies to increase occupancy levels and revenue per available room, or "RevPAR", through active property-level management, including intensive marketing efforts to tour groups, corporate and government extended stay customers and other wholesale customers and expanded yield management programs, which are calculated to better match room rates to room demand; and
- positioning our hotels to capitalize on increased demand in the high quality, upper-upscale, upscale, mid-scale and extended-stay lodging segment, which we believe can be expected to follow from improving economic conditions, by managing costs and thereby maximizing earnings.

As of December 31, 2008, we had 58 wholly owned limited and full service properties, with a total of 6,514 rooms.

### INVESTMENT IN JOINT VENTURES

In addition to the direct acquisition of hotels, we may make investments in hotels through joint ventures with strategic partners. We seek to identify acquisition candidates located in markets with economic, demographic and supply dynamics favorable to hotel owners and operators.

As of December 31, 2008, we maintain ownership interests in 18 hotels with a total of 3,042 rooms through joint ventures with third parties. Of the 18 hotels owned through interests in joint ventures, three are consolidated.

### DEVELOPMENT LOANS AND LAND LEASES

We take advantage of our relationships with hotel developers, including entities controlled by our officers or affiliated trustees, to identify development and renovation projects that may be attractive to us. While these developers bear the risk of construction, we invest in hotel development projects by providing secured first mortgage or mezzanine financing to hotel developers and through the acquisition of land that is then leased to hotel developers. In many instances, we maintain a first right of refusal or right of first offer to purchase, at fair market value, the hotel for which we have provided development loan financing or land leases.

As of December 31, 2008, we had an investment of \$81.5 million in loans to eleven hotel development projects and a net investment of \$23.4 million in three parcels of land leased to hotel developers.

### ACQUISITIONS

Our primary growth strategy is to selectively acquire high quality, upper- upscale, upscale, mid-scale and extended-stay hotels in metropolitan markets with high barriers-to-entry. Through our extensive due diligence process, we select those acquisition targets where we believe selective capital improvements and intensive management will increase the hotel's ability to attract key demand segments, enhance hotel operations and increase long-term value. We believe that current market conditions are creating opportunities to acquire hotels at attractive prices. In executing our disciplined acquisition program, we will consider acquiring hotels that meet the following additional criteria:

Edgar Filing: HERSHA HOSPITALITY TRUST - Form 10-K

- nationally-franchised hotels operating under popular brands, such as Marriott Hotels & Resorts, Hilton Hotels, Courtyard by Marriott, Residence Inn by Marriott, Spring Hill Suites by Marriott, Hilton Garden Inn, Homewood Suites by Hilton, Hampton Inn, Sheraton Hotels & Resorts, DoubleTree, Embassy Suites, Hyatt Summerfield Suites, TownePlace Suites and Holiday Inn Express;
- hotels in locations with significant barriers-to-entry, such as high development costs, limited availability of land and lengthy entitlement processes; and
- hotels in our target markets where we can realize operating efficiencies and economies of scale.

In the ordinary course of our business, we are actively considering hotel acquisition opportunities. Since our initial public offering in 1999, we have acquired, wholly or through joint ventures, a total of 84 hotels, including 27 hotels acquired from entities controlled by our officers or trustees. Of the 27 acquisitions from these entities, 24 were newly-constructed or newly-renovated by these entities prior to our acquisition. Only independent trustees vote on related party acquisitions, and a majority must approve the terms of all related party asset purchases.

Index

## DISPOSITIONS

We will evaluate our hotels on a periodic basis to determine if these hotels continue to satisfy our investment criteria. We may sell hotels opportunistically based upon management's forecast and review of the cash flow potential for the hotel and re-deploy the proceeds into debt reduction, development loans or acquisitions of hotels. We utilize several criteria to determine the long-term potential of our hotels. Hotels are identified for sale based upon management's forecast of the strength of the hotel's cash flows and its ability to remain accretive to our portfolio. Our decision to sell an asset is often predicated upon the size of the hotel, strength of the franchise, property condition and related costs to renovate the property, strength of market demand generators, projected supply of hotel rooms in the market, probability of increased valuation and geographic profile of the hotel. All asset sales are comprehensively reviewed by our Board of Trustees, including our independent trustees. A majority of the independent trustees must approve the terms of all asset sales. Since our initial public offering in 1999, we have sold a total of 18 hotels.

## FINANCING

The relative stability of the mid-scale and upscale segment of the limited service lodging industry allows us to increase returns to our shareholders through the prudent application of leverage. Our debt policy is to limit indebtedness to less than 67% of the fair market values at the time of acquisition for the hotels in which we invest. We may employ a higher amount of leverage at a specific hotel to achieve a desired return when warranted by that hotel's historical operating performance and may use greater leverage across our portfolio if and when warranted by prevailing market conditions.

## PROPERTY MANAGEMENT

We work closely with our hotel management companies to operate our hotels and increase same hotel performance for our portfolio. Through our TRS and our investment in joint ventures, we have retained the following management companies to operate our hotels, as of December 31, 2008:

Manager	Wholly Owned		Joint Ventures		Total	
	Hotels	Rooms	Hotels	Rooms	Hotels	Rooms
HHMLP	50	5,306	7	1,052	57	6,358
Waterford Hotel						
Group	-	-	9	1,708	9	1,708
LodgeWorks	7	1,005	-	-	7	1,005
Jiten						
Management	-	-	2	282	2	282
Marriott	1	203	-	-	1	203
Total	58	6,514	18	3,042	76	9,556

Each management agreement provides for a set term and is subject to early termination upon the occurrence of defaults and certain other events described therein. As required under the REIT qualification rules, all managers, including HHMLP, must qualify as an "eligible independent contractor" during the term of the management agreements.

Under the management agreements, the manager generally pays the operating expenses of our hotels. All operating expenses or other expenses incurred by the manager in performing its authorized duties are reimbursed or borne by

our TRS to the extent the operating expenses or other expenses are incurred within the limits of the applicable approved hotel operating budget. Our managers are not obligated to advance any of their own funds for operating expenses of a hotel or to incur any liability in connection with operating a hotel.

For their services, the managers receive a base management fee, and if a hotel meets and exceeds certain thresholds, an additional incentive management fee. The base management fee for a hotel is due monthly and is generally equal to 3% of the gross revenues associated with that hotel for the related month.

#### CAPITAL IMPROVEMENTS, RENOVATION AND REFURBISHMENT

We have established capital reserves for our hotels to maintain the hotels in a condition that complies with their respective franchise licenses among other requirements. In addition, we may upgrade the hotels in order to capitalize on opportunities to increase revenue, and, as deemed necessary by our management, to seek to meet competitive conditions and preserve asset quality. We will also renovate hotels when we believe the investment in renovations will provide an attractive return to us through increased revenues and profitability and is in the best interests of our shareholders. We maintain a capital expenditures policy by which replacements and renovations are monitored to determine whether they qualify as capital improvements. All items that are deemed to be repairs and maintenance costs are expensed and recorded in Hotel Operating Expenses.

Index

## OPERATING PRACTICES

Our managers utilize centralized accounting and data processing systems, which facilitate financial statement and budget preparation, payroll management, quality control and other support functions for the on-site hotel management team. Our managers also provide centralized control over purchasing and project management (which can create economies of scale in purchasing) while emphasizing local discretion within specific guidelines.

## DISTRIBUTIONS

We have made forty consecutive quarterly distributions to the holders of our common shares since our initial public offering in January 1999 and intend to continue to make regular quarterly distributions to our shareholders as approved by our Board of Trustees. The following table sets forth distribution information for the last two calendar years.

Quarter to which Distribution Relates 2008	Class A Common and Limited Partnership Unit Per Share Distribution Amount	Record Date	Payment Date	Series A Preferred Per Share Distribution Amount	Record Date	Payment Date
First Quarter	\$ 0.18	3/31/2008	4/16/2008	\$ 0.50	4/1/2008	4/15/2008
Second Quarter	\$ 0.18	6/30/2008	7/16/2008	\$ 0.50	7/1/2008	7/15/2008
Third Quarter	\$ 0.18	9/30/2008	10/16/2008	\$ 0.50	10/1/2008	10/15/2008
Fourth Quarter	\$ 0.18	1/5/2009	1/16/2009	\$ 0.50	1/1/2009	1/15/2009
2007						
First Quarter	\$ 0.18	3/30/2007	4/17/2007	\$ 0.50	4/1/2007	4/16/2007
Second Quarter	\$ 0.18	6/29/2007	7/17/2007	\$ 0.50	7/1/2007	7/16/2007
Third Quarter	\$ 0.18	9/28/2007	10/16/2007	\$ 0.50	10/1/2007	10/15/2007
Fourth Quarter	\$ 0.18	1/5/2008	1/16/2008	\$ 0.50	1/1/2008	1/15/2008

Our Board of Trustees will determine the amount of our future distributions in its sole discretion and its decision will depend on a number of factors, including the amount of funds from operations, our partnership's financial condition, debt service requirements, capital expenditure requirements for our hotels, the annual distribution requirements under the REIT provisions of the Code and such other factors as the trustees deem relevant. Our ability to make distributions will depend on the profitability and cash flow available from our hotels. There can be no assurance we will continue to pay distributions at the rates above or any other rate. Additionally, we may, if necessary and allowable, pay taxable dividends of our shares or debt securities to meet the distribution requirements.

## SEASONALITY

Our hotels' operations historically have been seasonal in nature, reflecting higher occupancy rates during the second and third quarters. This seasonality can be expected to cause fluctuations in our quarterly operating revenues and

profitability. Hotel revenue is generally greater in the second and third quarters than in the first and fourth quarters. There are no assurances we will be able to continue to make quarterly distributions at the current rate.

## COMPETITION

The upscale and mid-scale, limited service segment of the hotel business is highly competitive. Among many other factors, our hotels compete on the basis of location, room rates, quality, service levels, reputation, and reservation systems. There are many competitors in our market segments and new hotels are always being constructed. Additions to supply create new competitors, in some cases without corresponding increases in demand for hotel rooms.

We also compete for hotel acquisitions with entities that have investment objectives similar to ours. This competition could limit the number of suitable investment opportunities offered to us. It may also increase the bargaining power of property owners seeking to sell to us, making it more difficult for us to acquire new properties on attractive terms.

Index

## EMPLOYEES

As of December 31, 2008, we had 24 employees who were principally engaged in managing the affairs of the company unrelated to property management. Our relations with our employees are satisfactory.

## FRANCHISE AGREEMENTS

We believe that the public's perception of quality associated with a franchisor is an important feature in the operation of a hotel. Franchisors provide a variety of benefits for franchisees, which include national advertising, publicity and other marketing programs designed to increase brand awareness, training of personnel, continuous review of quality standards and centralized reservation systems. Most of our hotels operate under franchise licenses from national hotel franchisors, including:

Franchisor	Franchise
Marriott International	Marriott, Residence Inn, Springhill Suites, Courtyard by Marriott, Fairfield Inn, TownePlace Suites
Hilton Hotels Corporation	Hilton, Hilton Garden Inn, Hampton Inn, Homewood Suites
Intercontinental Hotel Group	Holiday Inn, Holiday Inn Express, Holiday Inn Express & Suites
Global Hyatt Corporation	Hyatt Summerfield Suites, Hawthorn Suites
Starwood Hotels	Four Points by Sheraton, Sheraton Hotels
Choice Hotels International	Comfort Inn, Comfort Suites, Sleep Inn, Mainstay Suites

We anticipate that most of the hotels in which we invest will be operated pursuant to franchise licenses.

The franchise licenses generally specify certain management, operational, record-keeping, accounting, reporting and marketing standards and procedures with which the franchisee must comply. The franchise licenses obligate our lessees to comply with the franchisors' standards and requirements with respect to training of operational personnel, safety, maintaining specified insurance, the types of services and products ancillary to guest room services that may be provided by our lessees, display of signage, and the type, quality and age of furniture, fixtures and equipment included in guest rooms, lobbies and other common areas. In general, the franchise licenses require us to pay the franchisor a fee typically ranging between 6.0% and 9.3% of our hotel revenues.

## TAX STATUS

We have elected to be taxed as a REIT under Sections 856 through 860 of the Internal Revenue Code, commencing with our taxable year ended December 31, 1999. As long as we qualify for taxation as a REIT, we generally will not be subject to Federal income tax on the portion of our income that is currently distributed to shareholders. If we fail to qualify as a REIT in any taxable year and do not qualify for certain statutory relief provisions, we will be subject to Federal income tax (including any applicable alternative minimum tax) on our taxable income at regular corporate tax rates. Even if we qualify for taxation as a REIT, we may be subject to certain state and local taxes on our income and property and to Federal income and excise taxes on our undistributed income.

We may own up to 100% of one or more TRSs. A TRS is a taxable corporation that may lease hotels under certain circumstances, provide services to us, and perform activities such as third party management, development, and other independent business activities. Overall, no more than 25% of the value of our assets may consist of securities of one or more TRS. In addition, no more than 25% of our gross income for any year may consist of dividends from one or more TRSs and income from certain non-real estate related sources.

A TRS is permitted to lease hotels from us as long as the hotels are operated on behalf of the TRS by a third party manager who satisfies the following requirements:

1. such manager is, or is related to a person who is, actively engaged in the trade or business of operating “qualified lodging facilities” for any person unrelated to us and the TRS;
2. such manager does not own, directly or indirectly, more than 35% of our shares;
3. no more than 35% of such manager is owned, directly or indirectly, by one or more persons owning 35% or more of our shares; and
4. we do not directly or indirectly derive any income from such manager.

The deductibility of interest paid or accrued by a TRS to us is limited to assure that the TRS is subject to an appropriate level of corporate taxation. A 100% excise tax is imposed on transactions between a TRS and us or our tenants that are not on an arm’s-length basis.

Index

FINANCIAL INFORMATION ABOUT SEGMENTS

We are in the business of acquiring equity interests in hotels, and we manage our business in one reportable segment. See Item 8 of this Annual Report on Form 10-K for segment financial information.

9

---

Index

Item 1A.

Risk Factors

You should carefully consider the following risks, together with the other information included in this Annual Report on Form 10-K. If any of the following risks actually occur, our business, financial condition or results of operations may suffer. As a result, the trading price of our securities could decline, and you may lose all or part of any investment you have in our securities.

**RISKS RELATED TO THE HOTEL INDUSTRY**

The value of our hotels depends on conditions beyond our control.

Our hotels are subject to varying degrees of risk generally incident to the ownership of hotels. The underlying value of our hotels, our income and ability to make distributions to our shareholders are dependent upon the operation of the hotels in a manner sufficient to maintain or increase revenues in excess of operating expenses. Hotel revenues may be adversely affected by adverse changes in national economic conditions, adverse changes in local market conditions due to changes in general or local economic conditions and neighborhood characteristics, competition from other hotels, changes in interest rates and in the availability, cost and terms of mortgage funds, the impact of present or future environmental legislation and compliance with environmental laws, the ongoing need for capital improvements, particularly in older structures, changes in real estate tax rates and other operating expenses, adverse changes in governmental rules and fiscal policies, civil unrest, acts of terrorism, acts of God, including earthquakes, hurricanes and other natural disasters, acts of war, adverse changes in zoning laws, and other factors that are beyond our control. In particular, general and local economic conditions may be adversely affected by the previous terrorist incidents in New York and Washington, D.C. Our management is unable to determine the long-term impact, if any, of these incidents or of any acts of war or terrorism in the United States or worldwide, on the U.S. economy, on us or our hotels or on the market price of our common shares.

Current economic conditions have adversely impacted the lodging industry.

During the twelve months ended December 31, 2008, the U.S. economy has been negatively impacted by financial market turmoil, growing unemployment and declining consumer sentiment. As a result, the lodging industry is experiencing slowing growth or, in some markets, negative growth which could have a negative impact on our future results of operations and financial condition. These factors could reduce revenues of the hotels and adversely affect our ability to make distributions to our shareholders in 2009 and in subsequent periods.

Our hotels are subject to general hotel industry operating risks, which may impact our ability to make distributions to shareholders.

Our hotels are subject to all operating risks common to the hotel industry. The hotel industry has experienced volatility in the past, as have our hotels, and there can be no assurance that such volatility will not occur in the future. These risks include, among other things, competition from other hotels; over-building in the hotel industry that could adversely affect hotel revenues; increases in operating costs due to inflation and other factors, which may not be offset by increased room rates; reduction in business and commercial travel and tourism; strikes and other labor disturbances of hotel employees; increases in energy costs and other expenses of travel; adverse effects of general and local economic conditions; and adverse political conditions. These factors could reduce revenues of the hotels and adversely affect our ability to make distributions to our shareholders.

Our investments are concentrated in a single segment of the hotel industry.

Our current business strategy is to own and acquire hotels primarily in the high quality, upscale and mid-scale limited service and extended-stay segment of the hotel industry. We are subject to risks inherent in concentrating investments in a single industry and in a specific market segment within that industry. The adverse effect on amounts available for distribution to shareholders resulting from a downturn in the hotel industry in general or the mid-scale segment in particular could be more pronounced than if we had diversified our investments outside of the hotel industry or in additional hotel market segments.

Operating costs and capital expenditures for hotel renovation may be greater than anticipated and may adversely impact distributions to shareholders.

Hotels generally have an ongoing need for renovations and other capital improvements, particularly in older structures, including periodic replacement of furniture, fixtures and equipment. Under the terms of our management agreements with HHMLP, we are obligated to pay the cost of expenditures for items that are classified as capital items under GAAP that are necessary for the continued operation of our hotels. If these expenses exceed our estimate, the additional cost could have an adverse effect on amounts available for distribution to shareholders. In addition, we may acquire hotels in the future that require significant renovation. Renovation of hotels involves certain risks, including the possibility of environmental problems, construction cost overruns and delays, uncertainties as to market demand or deterioration in market demand after commencement of renovation and the emergence of unanticipated competition from hotels.

## Index

The hotel industry is highly competitive.

The hotel industry is highly competitive. Our hotels compete with other existing and new hotels in their geographic markets. Many of our competitors have substantially greater marketing and financial resources than we do. If their marketing strategies are effective, we may be unable to make distributions to our shareholders.

Risks of operating hotels under franchise licenses, which may be terminated or not renewed, may impact our ability to make distributions to shareholders.

The continuation of the franchise licenses is subject to specified operating standards and other terms and conditions. All of the franchisors of our hotels periodically inspect our hotels to confirm adherence to their operating standards. The failure of our partnership or HHMLP to maintain such standards or to adhere to such other terms and conditions could result in the loss or cancellation of the applicable franchise license. It is possible that a franchisor could condition the continuation of a franchise license on the completion of capital improvements that the trustees determine are too expensive or otherwise not economically feasible in light of general economic conditions, the operating results or prospects of the affected hotel. In that event, the trustees may elect to allow the franchise license to lapse or be terminated.

There can be no assurance that a franchisor will renew a franchise license at each option period. If a franchisor terminates a franchise license, we, our partnership, and HHMLP may be unable to obtain a suitable replacement franchise, or to successfully operate the hotel independent of a franchise license. The loss of a franchise license could have a material adverse effect upon the operations or the underlying value of the related hotel because of the loss of associated name recognition, marketing support and centralized reservation systems provided by the franchisor. Our loss of a franchise license for one or more of the hotels could have a material adverse effect on our partnership's revenues and our amounts available for distribution to shareholders.

The hotel industry is seasonal in nature.

The hotel industry is seasonal in nature. Generally, hotel revenues are greater in the second and third quarters than in the first and fourth quarters. Our hotels' operations historically reflect this trend. As a result, our results of operations may vary on a quarterly basis.

## RISKS RELATING TO OUR BUSINESS AND OPERATIONS

A general economic recession or depression could have a serious adverse economic impact on us.

In 2008, general worldwide economic conditions declined due to sequential effects of the sub prime lending crisis, general credit market crisis, collateral effects on the finance and banking industries, concerns about inflation, slower economic activity, decreased consumer confidence, reduced corporate profits and capital spending, adverse business conditions and liquidity concerns. Our business plans for 2009 and beyond depend on the general state of the global economy and specifically on the economies of the locations of our hotels. We cannot assure you that favorable economic conditions will exist in the future. A general economic recession or depression could have a serious adverse economic impact on us.

We face risks associated with the use of debt, including refinancing risk.

At December 31, 2008, we had long-term debt, excluding capital leases, outstanding of \$743.8 million. We may borrow additional amounts from the same or other lenders in the future. Some of these additional borrowings may be secured by our hotels. Our strategy is to maintain target debt levels of approximately 60% of the total purchase price

of our hotels both on an individual and aggregate basis. Our Board of Trustees' policy is to limit indebtedness at the time of acquisition to no more than 67% of the fair market value of the hotels in which we have invested. However, our declaration of trust (as amended and restated, our "Declaration of Trust") does not limit the amount of indebtedness we may incur. We cannot assure you that we will be able to meet our debt service obligations and, to the extent that we cannot, we risk the loss of some or all of our hotels to foreclosure. Our indebtedness contains various financial and non-financial event of default covenants customarily found in financing arrangements. Our mortgages payable typically require that specified debt service coverage ratios be maintained with respect to the financed properties before we can exercise certain rights under the loan agreements relating to such properties. If the specified criteria are not satisfied, the lender may be able to escrow cash flow. There is also a risk that we may not be able to refinance existing debt or that the terms of any refinancing will not be as favorable as the terms of the existing debt. If principal payments due at maturity cannot be refinanced, extended or repaid with proceeds from other sources, such as new equity capital or sales of properties, our cash flow may not be sufficient to repay all maturing debt in years when significant "balloon" payments come due. See Item 7A. for a detailed schedule of debt principal repayments.

Index

Tightening credit markets have made financing development projects and acquiring new hotel properties more difficult.

The turmoil in the financial markets has caused credit to significantly tighten making it more difficult for hotel developers to obtain financing for development projects or for hotels without an operating history. This could have a negative impact on the collectability of our portfolio of development loans receivable, which as of December 31, 2008 was approximately \$81.5 million. In addition, the tightening credit markets have made it more difficult to finance the acquisition of new hotel properties or refinance existing hotel properties when our current financing matures. These factors could have a negative impact on our future results of operations and financial condition.

Our Development Loans Receivable are mezzanine loans and involve greater risks of loss than senior loans secured by income-producing properties.

We make mezzanine loans to hotel developers. These types of loans are considered to involve a higher degree of risk than long-term senior mortgage lending secured by income-producing real property due to a variety of factors, including the loan becoming unsecured as a result of foreclosure by the senior lender. Additionally, the success of the projects financed with our development loans is subject to factors beyond our control, including without limitation development and construction delays and resultant increased costs and risks as well as the ability of the project developer to obtain permanent financing. We may not recover some or all of our investment in these loans. In addition, our mezzanine loans to hotel developers may have higher loan-to-value ratios than conventional mortgage loans resulting in less equity in the property and increasing the risk of loss of principal.

If we cannot access the capital markets, we may not be able to grow the Company at our historical growth rates.

We may not be able to access the capital markets to obtain capital to fund future acquisitions and investments. The market for real estate related debt and equity capital could endure a prolonged period of volatility which may limit our ability to access new capital for acquisitions, investments and joint ventures. If we lack the capital to make future acquisitions or investments, we may not be able to continue to grow at historical rates.

We face high levels of competition for the acquisition of hotel properties and other assets, which may impede our ability to make future acquisitions or may increase the cost of these acquisitions.

We face competition for investment opportunities in high quality, upscale and mid-scale limited service and extended-stay hotels from entities organized for purposes substantially similar to our objectives, as well as other purchasers of hotels. We compete for such investment opportunities with entities that have substantially greater financial resources than we do, including access to capital or better relationships with franchisors, sellers or lenders. Our competitors may generally be able to accept more risk than we can manage prudently and may be able to borrow the funds needed to acquire hotels. Competition may generally reduce the number of suitable investment opportunities offered to us and increase the bargaining power of property owners seeking to sell.

We do not operate our hotels and, as a result, we do not have complete control over implementation of our strategic decisions.

In order for us to satisfy certain REIT qualification rules, we cannot directly or indirectly operate or manage any of our hotels. Instead, we must engage an independent management company to operate our hotels. As of December 31, 2008, our TRSs and our joint venture partnerships have engaged independent management companies as the property managers for all of our wholly owned hotels leased to our TRSs and the respective hotels for the joint ventures, as required by the REIT qualification rules. The management companies operating the hotels make and implement strategic business decisions with respect to these hotels, such as decisions with respect to the repositioning of a

franchise or food and beverage operations and other similar decisions. Decisions made by the management companies operating the hotels may not be in the best interests of a particular hotel or of our company. Accordingly, we cannot assure you that the management companies will operate our hotels in a manner that is in our best interests. The financial condition of the management companies could impact their future ability to operate our hotels.

Our acquisitions may not achieve expected performance, which may harm our financial condition and operating results.

We anticipate that acquisitions will largely be financed with the net proceeds of securities offerings and through externally generated funds such as borrowings under credit facilities and other secured and unsecured debt financing. Acquisitions entail risks that investments will fail to perform in accordance with expectations and that estimates of the cost of improvements necessary to acquire and market properties will prove inaccurate, as well as general investment risks associated with any new real estate investment. Because we must distribute annually at least 90% of our taxable income to maintain our qualification as a REIT, our ability to rely upon income or cash flow from operations to finance our growth and acquisition activities will be limited. Accordingly, were we unable to obtain funds from borrowings or the capital markets to finance our growth and acquisition activities, our ability to grow could be curtailed, amounts available for distribution to shareholders could be adversely affected and we could be required to reduce distributions.

We depend on key personnel.

We depend on the services of our existing senior management team, including Jay H. Shah, Neil H. Shah, Ashish R. Parikh and Michael R. Gillespie, to carry out our business and investment strategies. As we expand, we will continue to need to attract and retain qualified additional senior management. We have employment contracts with certain of our senior management; however, the employment agreements may be terminated under certain circumstances. The termination of an employment agreement and the loss of the services of any of our key management personnel, or our inability to recruit and retain qualified personnel in the future, could have an adverse effect on our business and financial results.

Index

Acquisition of hotels with limited operating history may not achieve desired results.

Many of our recent acquisitions are newly-developed hotels. Newly-developed or newly-renovated hotels do not have the operating history that would allow our management to make pricing decisions in acquiring these hotels based on historical performance. The purchase prices of these hotels are based upon management's expectations as to the operating results of such hotels, subjecting us to risks that such hotels may not achieve anticipated operating results or may not achieve these results within anticipated time frames. As a result, we may not be able to generate enough cash flow from these hotels to make debt payments or pay operating expenses. In addition, room revenues may be less than that required to provide us with our anticipated return on investment. In either case, the amounts available for distribution to our shareholders could be reduced.

We may be unable to integrate acquired hotels into our operations or otherwise manage our planned growth, which may adversely affect our operating results.

We have recently acquired a substantial number of hotels. We cannot assure you that we or HHMLP will be able to adapt our management, administrative, accounting and operational systems and arrangements, or hire and retain sufficient operational staff to successfully integrate these investments into our portfolio and manage any future acquisitions of additional assets without operational disruptions or unanticipated costs. Acquisition of hotels generates additional operating expenses that we will be required to pay. As we acquire additional hotels, we will be subject to the operational risks associated with owning new lodging properties. Our failure to integrate successfully any future acquisitions into our portfolio could have a material adverse effect on our results of operations and financial condition and our ability to pay dividends to shareholders or make other payments in respect of securities issued by us.

Most of our hotels are located in the Eastern United States and many are located in the area from Pennsylvania to Connecticut, which may increase the effect of any regional or local economic conditions.

Most of our hotels are located in the Eastern United States. Thirty-seven of our wholly owned hotels and thirteen of our joint venture hotels are located in the states of Pennsylvania, New Jersey, New York, Rhode Island and Connecticut. As a result, regional or localized adverse events or conditions, such as an economic recession around these hotels, could have a significant adverse effect on our operations, and ultimately on the amounts available for distribution to shareholders.

Downward adjustments, or "mark-to-market losses," relating to hedging instruments may reduce our shareholders' equity.

Hedging involves risk and typically involves costs, including transaction costs, which may reduce returns on our investments. These costs increase as the period covered by the hedging increases and during periods of rising and volatile interest rates. These costs will also limit the amount of cash available for distribution to shareholders. The REIT qualification rules may also limit our ability to enter into hedging transactions. We generally intend to hedge as much of our interest rate risk as our management determines is in our best interests given the cost of such hedging transactions and the requirements applicable to REITs. If we are unable to hedge effectively because of the cost of such hedging transactions or the limitations imposed by the REIT rules, we will face greater interest risk exposure than may be commercially prudent.

We own a limited number of hotels and significant adverse changes at one hotel may impact our ability to make distributions to shareholders.

As of December 31, 2008, our portfolio consisted of 58 wholly-owned limited and full service properties and joint venture investments in 18 hotels with a total of 9,556 rooms. Significant adverse changes in the operations of any one

hotel could have a material adverse effect on our financial performance and, accordingly, on our ability to make expected distributions to our shareholders.

We focus on acquiring hotels operating under a limited number of franchise brands, which creates greater risk as the investments are more concentrated.

We place particular emphasis in our acquisition strategy on hotels similar to our current hotels. We invest in hotels operating under a few select franchises and therefore will be subject to risks inherent in concentrating investments in a particular franchise brand, which could have an adverse effect on amounts available for distribution to shareholders. These risks include, among others, the risk of a reduction in hotel revenues following any adverse publicity related to a specific franchise brand.

We may engage in hedging transactions, which can limit our gains and increase exposure to losses.

We may enter into hedging transactions to protect us from the effects of interest rate fluctuations on floating rate debt and also to protect our portfolio of mortgage assets from interest rate and prepayment rate fluctuations. Our hedging transactions may include entering into interest rate swaps, caps, and floors, options to purchase such items, and futures and forward contracts. Hedging activities may not have the desired beneficial impact on our results of operations or financial condition. No hedging activity can completely insulate us from the risks associated with changes in interest rates and prepayment rates. Moreover, interest rate hedging could fail to protect us or could adversely affect us because, among other things:

## Index

- Available interest rate hedging may not correspond directly with the interest rate risk for which protection is sought.
  - The duration of the hedge may not match the duration of the related liability.
  - The party at risk in the hedging transaction may default on its obligation to pay.
- The credit quality of the party owing money on the hedge may be downgraded to such an extent that it impairs our ability to sell or assign our side of the hedging transaction.
- The value of derivatives used for hedging may be adjusted from time to time in accordance with accounting rules to reflect changes in fair value.

## RISKS RELATING TO CONFLICTS OF INTEREST

Due to conflicts of interest, many of our existing agreements may not have been negotiated on an arm's-length basis and may not be in our best interest.

Some of our officers and affiliated trustees have ownership interests in HHMLP and in entities with which we have entered into transactions, including hotel acquisitions and dispositions and certain financings. Consequently, the terms of our agreements with those entities, including hotel contribution or purchase agreements, the Option Agreement between our operating partnership and some of the affiliated trustees and officers and our property management agreements with HHMLP may not have been negotiated on an arm's-length basis and may not be in the best interest of all our shareholders.

Conflicts of interest with other entities may result in decisions that do not reflect our best interests.

The following officers and affiliated trustees own collectively approximately 70% of HHMLP: Hasu P. Shah, Jay H. Shah, Neil H. Shah, David L. Desfor and Kiran P. Patel. Conflicts of interest may arise in respect to the ongoing acquisition, disposition and operation of our hotels including, but not limited to, the enforcement of the contribution and purchase agreements, the Option Agreement and our property management agreements with HHMLP. Consequently, the interests of shareholders may not be fully represented in all decisions made or actions taken by our officers and affiliated trustees.

Conflicts of interest relating to sales or refinancing of hotels acquired from some of our affiliated trustees and officers may lead to decisions that are not in our best interest.

Some of our affiliated trustees and officers have unrealized gains associated with their interests in the hotels we have acquired from them and, as a result, any sale of these hotels or refinancing or prepayment of principal on the indebtedness assumed by us in purchasing these hotels may cause adverse tax consequences to such of our affiliated trustees and officers. Therefore, our interests and the interests of these individuals may be different in connection with the disposition or refinancing of these hotels.

Agreements to provide financing of hotel development projects owned by some of our affiliated trustees and officers may not have been negotiated on an arm's-length basis and may not be in our best interest.

Some of our officers and affiliated trustees have ownership interests in projects to develop hotel properties with which we have entered into agreements to provide financing. Consequently, the terms of our agreements with those entities, including interest rates and other key terms, may not have been negotiated on an arm's-length basis and may not be in the best interest of all our shareholders.

Competing hotels owned or acquired by some of our affiliated trustees and officers may hinder these individuals from spending adequate time on our business.

Some of our affiliated trustees and officers own hotels and may develop or acquire new hotels, subject to certain limitations. Such ownership, development or acquisition activities may materially affect the amount of time these officers and affiliated trustees devote to our affairs. Some of our affiliated trustees and officers operate hotels that are not owned by us, which may materially affect the amount of time that they devote to managing our hotels. Pursuant to the Option Agreement, as amended, we have an option to acquire any hotels developed by our officers and affiliated trustees.

Need for certain consents from the limited partners may not result in decisions advantageous to shareholders.

Under our operating partnership's amended and restated partnership agreement, the holders of at least two-thirds of the interests in the partnership must approve a sale of all or substantially all of the assets of the partnership or a merger or consolidation of the partnership. Some of our officers and affiliated trustees own approximately 6.8% interest in the operating partnership on a fully-diluted basis. Their large ownership percentage may make it less likely that a merger or sale of our company that would be in the best interests of our shareholders will be approved.

Index

RISKS RELATING TO OUR CORPORATE STRUCTURE

There are no assurances of our ability to make distributions in the future.

We intend to pay quarterly dividends and to make distributions to our shareholders in amounts such that all or substantially all of our taxable income in each year, subject to certain adjustments, is distributed. However, our ability to pay dividends may be adversely affected by the risk factors described in this annual report. All distributions will be made at the discretion of our Board of Trustees and will depend upon our earnings, our financial condition, maintenance of our REIT status and such other factors as our board may deem relevant from time to time. There are no assurances of our ability to pay dividends in the future. In addition, some of our distributions may include a return of capital.

An increase in market interest rates may have an adverse effect on the market price of our securities.

One of the factors that investors may consider in deciding whether to buy or sell our securities is our dividend rate as a percentage of our share or unit price, relative to market interest rates. If market interest rates increase, prospective investors may desire a higher dividend or interest rate on our securities or seek securities paying higher dividends or interest. The market price of our common shares likely will be based primarily on the earnings and return that we derive from our investments and income with respect to our properties and our related distributions to shareholders, and not from the market value or underlying appraised value of the properties or investments themselves. As a result, interest rate fluctuations and capital market conditions can affect the market price of our common shares. For instance, if interest rates rise without an increase in our dividend rate, the market price of our common shares could decrease because potential investors may require a higher dividend yield on our common shares as market rates on interest-bearing securities, such as bonds, rise. In addition, rising interest rates would result in increased interest expense on our variable rate debt, thereby adversely affecting cash flow and our ability to service our indebtedness and pay dividends.

Holders of our outstanding Series A preferred shares have dividend, liquidation and other rights that are senior to the rights of the holders of our common shares.

Our Board of Trustees has the authority to designate and issue preferred shares with liquidation, dividend and other rights that are senior to those of our common shares. As of December 31, 2008, 2,400,000 shares of our Series A preferred shares were issued and outstanding. The aggregate liquidation preference with respect to the outstanding preferred shares is approximately \$60.0 million, and annual dividends on our outstanding preferred shares are \$4.8 million. Holders of our Series A preferred shares are entitled to cumulative dividends before any dividends may be declared or set aside on our common shares. Upon our voluntary or involuntary liquidation, dissolution or winding up, before any payment is made to holders of our common shares, holders of our Series A preferred shares are entitled to receive a liquidation preference of \$25.00 per share plus any accrued and unpaid distributions. This will reduce the remaining amount of our assets, if any, available to distribute to holders of our common shares. In addition, holders of our Series A preferred shares have the right to elect two additional trustees to our Board of Trustees whenever dividends are in arrears in an aggregate amount equivalent to six or more quarterly dividends, whether or not consecutive.

Future offerings of equity securities, which would dilute our existing shareholders and may be senior to our common shares for the purposes of dividend distributions, may adversely affect the market price of our common shares.

In the future, we may attempt to increase our capital resources by making additional offerings of equity securities, including classes of preferred or common shares. Upon liquidation, holders of our preferred shares and lenders with respect to other borrowings will receive a distribution of our available assets prior to the holders of our common

shares. Additional equity offerings may dilute the holdings of our existing shareholders or reduce the market price of our common shares, or both. Our preferred shares, if issued, could have a preference on liquidating distributions or a preference on dividend payments that could limit our ability to make a dividend distribution to the holders of our common shares. Because our decision to issue securities in any future offering will depend on market conditions and other factors beyond our control, we cannot predict or estimate the amount, timing or nature of our future offerings. Thus, our shareholders bear the risk of our future offerings reducing the market price of our common shares and diluting their share holdings in us.

Our Board of Trustees may issue additional shares that may cause dilution or prevent a transaction that is in the best interests of our shareholders.

Our Declaration of Trust authorizes the Board of Trustees, without shareholder approval, to:

- amend the Declaration of Trust to increase or decrease the aggregate number of shares of beneficial interest or the number of shares of beneficial interest of any class or series that we have the authority to issue;

## Index

· cause us to issue additional authorized but unissued common shares or preferred shares; and  
· classify or reclassify any unissued common or preferred shares and to set the preferences, rights and other terms of such classified or reclassified shares, including the issuance of additional common shares or preferred shares that have preference rights over the common shares with respect to dividends, liquidation, voting and other matters.

Any one of these events could cause dilution to our common shareholders, delay, deter or prevent a transaction or a change in control that might involve a premium price for the common shares or otherwise not be in the best interest of holders of common shares.

The Declaration of Trust contains a provision that creates staggered terms for our Board of Trustees.

Our Board of Trustees is divided into two classes. The terms of the first and second classes expire in 2008 and 2009, respectively. Trustees of each class are elected for two-year terms upon the expiration of their current terms and each year one class of trustees will be elected by the shareholders. The staggered terms of trustees may delay, deter or prevent a tender offer, a change in control of us or other transaction, even though such a transaction might be in the best interest of the shareholders.

Maryland Business Combination Law may discourage a third party from acquiring us.

Under the Maryland General Corporation Law, as amended (MGCL), as applicable to REITs, certain “business combinations” (including certain issuances of equity securities) between a Maryland REIT and any person who beneficially owns ten percent or more of the voting power of the trust’s shares, or an affiliate thereof, are prohibited for five years after the most recent date on which this shareholder acquired at least ten percent of the voting power of the trust’s shares. Thereafter, any such business combination must be approved by two super-majority shareholder votes unless, among other conditions, the trust’s common shareholders receive a minimum price (as defined in the MGCL) for their shares and the consideration is received in cash or in the same form as previously paid by the interested shareholder for its common shares. These provisions could delay, deter or prevent a change of control or other transaction in which holders of our equity securities might receive a premium for their shares above then-current market prices or which such shareholders otherwise might believe to be in their best interests.

Our Board of Trustees may change our investment and operational policies without a vote of the common shareholders.

Our major policies, including our policies with respect to acquisitions, financing, growth, operations, debt limitation and distributions, are determined by our Board of Trustees. The Trustees may amend or revise these and other policies from time to time without a vote of the holders of the common shares.

Our Board of Trustees and management make decisions on our behalf, and shareholders have limited management rights.

Our shareholders have no right or power to take part in our management except through the exercise of voting rights on certain specified matters. The board of trustees is responsible for our management and strategic business direction, and our management is responsible for our day-to-day operations. Certain policies of our board of trustees may not be consistent with the immediate best interests of our security holders.

## RISKS RELATED TO OUR TAX STATUS

If we fail to qualify as a REIT, our dividends will not be deductible to us, and our income will be subject to taxation, which would reduce the cash available for distribution to our shareholders.

We have operated and intend to continue to operate so as to qualify as a REIT for federal income tax purposes. However, the federal income tax laws governing REITs are extremely complex, and interpretations of the federal income tax laws governing REITs are limited. Our continued qualification as a REIT will depend on our continuing ability to meet various requirements concerning, among other things, the ownership of our outstanding shares of beneficial interest, the nature of our assets, the sources of our income, and the amount of our distributions to our shareholders. If we were to fail to qualify as a REIT in any taxable year and do not qualify for certain statutory relief provisions, we would not be allowed a deduction for distributions to our shareholders in computing our taxable income and would be subject to federal income tax (including any applicable alternative minimum tax) on our taxable income at regular corporate rates. Unless entitled to relief under certain Internal Revenue Code provisions, we also would be disqualified from treatment as a REIT for the four taxable years following the year during which qualification was lost. As a result, amounts available for distribution to shareholders would be reduced for each of the years involved. Although we currently intend to operate in a manner so as to qualify as a REIT, it is possible that future economic, market, legal, tax or other considerations may cause the trustees, with the consent of holders of two-thirds of the outstanding shares, to revoke the REIT election.

Index

Failure to make required distributions would subject us to tax, which would reduce the cash available for distribution to our shareholders.

In order to qualify as a REIT, each year we must distribute to our shareholders at least 90% of our REIT taxable income determined without regard to the deduction for dividends paid and excluding net capital gain. To the extent that we satisfy the 90% distribution requirement, but distribute less than 100% of our taxable income, we will be subject to federal corporate income tax on our undistributed income. In addition, we will incur a 4% nondeductible excise tax on the amount, if any, by which our actual distributions in any year are less than the sum of:

- 85% of our REIT ordinary income for that year;
- 95% of our REIT capital gain net income for that year; and
- 100% of our undistributed taxable income required to be distributed from prior years.

We have paid out, and intend to continue to pay out, our income to our shareholders in a manner intended to satisfy the 90% distribution requirement and to avoid corporate income tax and the 4% nondeductible excise tax. Differences in timing between the recognition of income and the related cash receipts or the effect of required debt amortization payments could require us to borrow money or sell assets to pay out enough of our taxable income to satisfy the distribution requirement and to avoid corporate income tax and the 4% nondeductible excise tax in a particular year. In the past we have borrowed, and in the future we may borrow, to pay distributions to our shareholders and the limited partners of our operating partnership. Such borrowings subject us to risks from borrowing as described herein. Additionally, we may, if necessary and allowable, pay taxable dividends of our shares or debt securities to meet the distribution requirements.

Dividends payable by REITs do not qualify for the reduced tax rates available for some dividends.

The maximum tax rate applicable to income from “qualified dividends” payable to domestic stockholders taxed at individual rates has been reduced by legislation to 15% through the end of 2010. Dividends payable by REITs, however, generally are not eligible for the reduced rates. Although this legislation does not adversely affect the taxation of REITs or dividends payable by REITs, the more favorable rates applicable to regular corporate qualified dividends could cause investors who are taxed at individual rates to perceive investments in REITs to be relatively less attractive than investments in the stocks of non-REIT corporations that pay dividends, which could adversely affect the value of the stock of REITs, including our common shares.

If the leases of our hotels to our TRSs are not respected as true leases for federal income tax purposes, we would fail to qualify as a REIT.

To qualify as a REIT, we must satisfy two gross income tests, under which specified percentages of our gross income must be derived from certain sources, such as “rents from real property.” Rents paid to our operating partnership by our TRSs pursuant to the lease of our hotels constitute substantially all of our gross income. In order for such rent to qualify as “rents from real property” for purposes of the gross income tests, the leases must be respected as true leases for federal income tax purposes and not be treated as service contracts, joint ventures or some other type of arrangement. If our leases are not respected as true leases for federal income tax purposes, we would fail to qualify as a REIT.

The U.S. federal income tax laws governing REITs are complex.

We intend to continue to operate in a manner that will qualify us as a REIT under the U.S. federal income tax laws. The REIT qualification requirements are extremely complex, however, and interpretations of the U.S. federal income tax laws governing qualification as a REIT are limited. Accordingly, we cannot be certain that we will be successful in

operating so we can continue to qualify as a REIT. At any time, new laws, interpretations, or court decisions may change the federal tax laws or the U.S. federal income tax consequences of our qualification as a REIT.

Complying with REIT requirements may force us to sell otherwise attractive investments.

To qualify as a REIT, we must satisfy certain requirements with respect to the character of our assets. If we fail to comply with these requirements at the end of any calendar quarter, we must correct such failure within 30 days after the end of the calendar quarter (by, possibly, selling assets notwithstanding their prospects as an investment) to avoid losing our REIT status. If we fail to comply with these requirements at the end of any calendar quarter, and the failure exceeds a de minimis threshold, we may be able to preserve our REIT status if (a) the failure was due to reasonable cause and not to willful neglect, (b) we dispose of the assets causing the failure within six months after the last day of the quarter in which we identified the failure, (c) we file a schedule with the Internal Revenue Service describing each asset that caused the failure, and (d) we pay an additional tax of the greater of \$50,000 or the product of the highest applicable tax rate multiplied by the net income generated on those assets. As a result, we may be required to liquidate otherwise attractive investments.

## Index

Our share ownership limitation may prevent certain transfers of our shares.

In order to maintain our qualification as a REIT, not more than 50% in value of our outstanding shares of beneficial interest may be owned, directly or indirectly, by five or fewer individuals (as defined in the Internal Revenue Code to include certain entities). Our Declaration of Trust prohibits direct or indirect ownership (taking into account applicable ownership provisions of the Internal Revenue Code) of more than (a) 9.9% of the aggregate number of outstanding common shares of any class or series or (b) 9.9% of the aggregate number of outstanding preferred shares of any class or series of outstanding preferred shares by any shareholder or group (the "Ownership Limitation"). Generally, the shares of beneficial interest owned by related or affiliated owners will be aggregated for purposes of the Ownership Limitation. The ownership limitation could have the effect of delaying, deterring or preventing a change in control or other transaction in which holders of shares might receive a premium for their shares over the then prevailing market price or which such holders might believe to be otherwise in their best interests. Any transfer of shares of beneficial interest that would violate the Ownership Limitation, cause us to have fewer than 100 shareholders, cause us to be "closely held" within the meaning of Section 856(h) of the Internal Revenue Code or cause us to own, directly or indirectly, 10% or more of the ownership interest in any tenant (other than a TRS) will be void, the intended transferee of such shares will be deemed never to have had an interest in such shares, and such shares will be designated "shares-in-trust." Further, we will be deemed to have been offered shares-in-trust for purchase at the lesser of the market price (as defined in the Declaration of Trust) on the date we accept the offer and the price per share in the transaction that created such shares-in-trust (or, in the case of a gift, devise or non-transfer event (as defined in the Declaration of Trust), the market price on the date of such gift, devise or non-transfer event). Therefore, the holder of shares of beneficial interest in excess of the Ownership Limitation will experience a financial loss when such shares are purchased by us, if the market price falls between the date of purchase and the date of redemption.

We have, in limited instances from time to time, permitted certain owners to own shares in excess of the Ownership Limitation. The Board of Trustees has waived the Ownership Limitation for such owners after following procedures set out in our Declaration of Trust, under which the owners requesting the waivers provided certain information and our counsel provided certain legal opinions. These waivers established levels of permissible share ownership for the owners requesting the waivers that are higher than the Ownership Limitation. If the owners acquire shares in excess of the higher limits, those shares are subject to the risks described above in the absence of further waivers. The Board of Trustees is not obligated to grant such waivers and has no current intention to do so with respect to any owners who (individually or aggregated as the Declaration of Trust requires) do not currently own shares in excess of the Ownership Limitation.

## RISKS RELATED TO REAL ESTATE INVESTMENT GENERALLY

Illiquidity of real estate investments could significantly impede our ability to respond to adverse changes in the performance of our properties and harm our financial condition.

Real estate investments are relatively illiquid. Our ability to vary our portfolio in response to changes in operating, economic and other conditions will be limited. No assurances can be given that the fair market value of any of our hotels will not decrease in the future.

If we suffer losses that are not covered by insurance or that are in excess of our insurance coverage limits, we could lose investment capital and anticipated profits.

We require comprehensive insurance to be maintained on each of our hotels, including liability and fire and extended coverage in amounts sufficient to permit the replacement of the hotel in the event of a total loss, subject to applicable deductibles. However, there are certain types of losses, generally of a catastrophic nature, such as

earthquakes, floods, hurricanes and acts of terrorism, that may be uninsurable or not economically insurable. Inflation, changes in building codes and ordinances, environmental considerations and other factors also might make it impracticable to use insurance proceeds to replace the applicable hotel after such applicable hotel has been damaged or destroyed. Under such circumstances, the insurance proceeds received by us might not be adequate to restore our economic position with respect to the applicable hotel. If any of these or similar events occur, it may reduce the return from the attached property and the value of our investment.

Real estate is subject to property taxes.

Each hotel is subject to real and personal property taxes. The real and personal property taxes on hotel properties in which we invest may increase as property tax rates change and as the properties are assessed or reassessed by taxing authorities. Many state and local governments are facing budget deficits that have led many of them, and may in the future lead others to, increase assessments and/or taxes. If property taxes increase, our ability to make expected distributions to our shareholders could be adversely affected.

Index

Environmental matters could adversely affect our results.

Operating costs may be affected by the obligation to pay for the cost of complying with existing environmental laws, ordinances and regulations, as well as the cost of future legislation. Under various federal, state and local environmental laws, ordinances and regulations, a current or previous owner or operator of real property may be liable for the costs of removal or remediation of hazardous or toxic substances on, under or in such property. Such laws often impose liability whether or not the owner or operator knew of, or was responsible for, the presence of such hazardous or toxic substances. The cost of complying with environmental laws could materially adversely affect amounts available for distribution to shareholders. Phase I environmental assessments have been obtained on all of our hotels. Nevertheless, it is possible that these reports do not reveal all environmental liabilities or that there are material environmental liabilities of which we are unaware.

Costs associated with complying with the Americans with Disabilities Act may adversely affect our financial condition and operating results.

Under the Americans with Disabilities Act of 1993 (ADA), all public accommodations are required to meet certain federal requirements related to access and use by disabled persons. While we believe that our hotels are substantially in compliance with these requirements, a determination that we are not in compliance with the ADA could result in imposition of fines or an award of damages to private litigants. In addition, changes in governmental rules and regulations or enforcement policies affecting the use and operation of the hotels, including changes to building codes and fire and life-safety codes, may occur. If we were required to make substantial modifications at the hotels to comply with the ADA or other changes in governmental rules and regulations, our ability to make expected distributions to our shareholders could be adversely affected.

Item 3. Legal Proceedings

We are not presently subject to any material litigation nor, to our knowledge, is any other litigation threatened against us, other than routine actions for negligence or other claims and administrative proceedings arising in the ordinary course of business, some of which are expected to be covered by liability insurance and all of which collectively are not expected to have a material adverse effect on our liquidity, results of operations or business or financial condition.

Item 4. Submission of Matters to a Vote of Security Holders

No matter was submitted to a vote of our security holders during the fourth quarter of 2008, through the solicitation of proxies or otherwise.

Index

## PART II

## Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities

## MARKET INFORMATION

Our common shares began trading on the New York Stock Exchange on May 5, 2008 under the symbol "HT." Our common shares were previously traded on the American Stock Exchange under the symbol "HT." As of March 5, 2009, the last reported closing price per common share on the New York Stock Exchange was \$1.52. The following table sets forth the high and low sales price per common share reported on the American Stock Exchange and New York Stock Exchange as traded and the dividends paid on the common shares for each of the quarters indicated.

Year Ended December 31, 2008	High	Low	Dividend Per Common Share
Fourth Quarter	\$ 7.25	\$ 2.30	\$ 0.18
Third Quarter	\$ 8.61	\$ 5.74	\$ 0.18
Second Quarter	\$ 10.41	\$ 7.00	\$ 0.18
First Quarter	\$ 9.80	\$ 7.61	\$ 0.18

Year Ended December 31, 2007	High	Low	Dividend Per Common Share
Fourth Quarter	\$ 11.11	\$ 9.22	\$ 0.18
Third Quarter	\$ 14.20	\$ 9.75	\$ 0.18
Second Quarter	\$ 12.38	\$ 11.19	\$ 0.18
First Quarter	\$ 12.06	\$ 9.73	\$ 0.18

## SHAREHOLDER INFORMATION

At March 5, 2009 we had approximately 120 holders of record and 9,585 beneficial owners of our common shares. Units of limited partnership interest in our operating partnership (which are redeemable for common shares on a one for one basis subject to certain limitations) were held by approximately 61 entities and persons.

Our organizational documents limit the number of equity securities of any series that may be owned by any single person or affiliated group to 9.9% of the outstanding shares. We have granted limited waivers of these ownership limitations from time to time.

## DISTRIBUTION INFORMATION

Future distributions, if any, will be at the discretion of our Board of Trustees and will depend on our actual cash flow, financial condition, capital requirements, the annual distribution requirements under the REIT provisions of the Internal Revenue Code and such other factors as we may deem relevant. Our ability to make distributions will depend on our receipt of distributions from our operating partnership and lease payments from our lessees with respect to the hotels. We rely on the profitability and cashflows of our hotels to generate sufficient cash flow for

distributions. Additionally, we may, if necessary and allowable, pay taxable dividends of our shares or debt securities to meet the distribution requirements.

Index

## SHARE PERFORMANCE GRAPH

The following graph compares the yearly change in our cumulative total shareholder return on our common shares for the period beginning December 31, 2003 and ending December 31, 2008, with the yearly changes in the Standard & Poor's 500 Stock Index (the S&P 500 Index), the Russell 2000 Index, and the SNL Hotel REITs Index ("Hotel REIT Index") for the same period, assuming a base share price of \$100.00 for our common shares, the S&P 500 Index, the Russell 2000 Index and the Hotel REIT Index for comparative purposes. The Hotel REIT Index is comprised of eleven publicly traded REITs which focus on investments in hotel properties. Total shareholder return equals appreciation in stock price plus dividends paid and assumes that all dividends are reinvested. The performance graph is not indicative of future investment performance. We do not make or endorse any predictions as to future share price performance:

	Period Ending December 31,					
	2003	2004	2005	2006	2007	2008

(1) Income allocated to minority interest in the Partnership has been excluded from the numerator and Partnership units have been omitted from the denominator for the purpose of computing diluted earnings per share since the effect of including these amounts in the numerator and denominator would have no impact.

(2) See Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations—Funds From Operations" for an explanation of FFO, why we believe FFO is a meaningful measure of our operating performance and a reconciliation of FFO to net income calculated in accordance with GAAP.

Index

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

All statements contained in this section that are not historical facts are based on current expectations. Words such as "believes", "expects", "anticipate", "intends", "plans" and "estimates" and variations of such words and similar words also identify forward-looking statements. Our actual results may differ materially. We caution you not to place undue reliance on any such forward-looking statements. We assume no obligation to update any forward-looking statements as a result of new information, subsequent events or any other circumstances.

GENERAL

As of December 31, 2008, we owned interests in 76 hotels in the eastern United States including interests in 18 hotels owned through joint ventures. For purposes of the REIT qualification rules, we cannot directly operate any of our hotels. Instead, we must lease our hotels to a third party lessee or to a TRS, provided that the TRS engages an eligible independent contractor to manage the hotels. As of December 31, 2008 we have leased all of our hotels to a wholly-owned TRS, a joint venture owned TRS, or an entity owned by our wholly-owned TRS. Each of these TRS entities will pay qualifying rent, and the TRS entities have entered into management contracts with qualified independent managers, including HHMLP, with respect to our hotels. We intend to lease all newly acquired hotels to a TRS.

The TRS structure enables us to participate more directly in the operating performance of our hotels. The TRS directly receives all revenue from, and funds all expenses relating to hotel operations. The TRS is also subject to income tax on its earnings.

During the year ended December 31, 2008, the U.S. economy has been influenced by financial market turmoil, growing unemployment and declining consumer sentiment. As a result, the lodging industry is experiencing slowing growth or negative growth which could have a negative impact on our future results of operations and financial condition. For the year ended December 31, 2008, we have seen increases in Average Daily Rate ("ADR") and Revenue Per Available Room ("RevPAR"), in part, as a result of our strategy of investing in high quality upscale hotels in high barrier to entry markets, including gateway markets such as the New York City metro market. While we have seen increases in ADR and RevPAR in 2008, these increases were not at the levels realized in the previous year and we saw decreases in these measures in the fourth quarter of 2008.

The turmoil in the financial markets has caused credit to significantly tighten making it more difficult for hotel developers to obtain financing for development projects or for hotels without an operating history. This could have a negative impact on the collectability of our portfolio of development loans receivable. We monitor this portfolio to determine the collectability of the loan principal and interest accrued. We will continue to monitor this portfolio on an on-going basis. For more information, please see "Note 4 – Development Loans Receivable and Land Leases."

In addition, the tightening credit markets have made it more difficult to finance the acquisition of new hotel properties or refinance existing hotel properties that do not have a history of profitable operations. We monitor the maturity dates of our debt obligations and take steps in advance of the debt becoming due to extend or refinance the obligations. Please refer to "Item 7A. Quantitative and Qualitative Disclosures About Market Risk" for a discussion of our debt maturities.

The following table outlines operating results for the Company's portfolio of wholly owned hotels and those owned through joint venture interests that are consolidated in our financial statements for the three years ended December 31, 2008, 2007 and 2006:

## CONSOLIDATED HOTELS:

	Year Ended 2008	Year Ended 2007	2008 vs. 2007 % Variance	Year Ended 2006	2007 vs. 2006 % Variance
Rooms Available	2,423,433	2,248,253	7.8%	1,472,318	52.7%

Hotel Operating Revenues from Discontinued Operations	\$ -	\$ 6,684,522	N/A	\$ 15,847,421	N/A

Index

The following table outlines operating results for the three years ended December 31, 2008, 2007 and 2006 for hotels we own through an unconsolidated joint venture interest. These operating results reflect 100% of the operating results of the property including our interest and the interests of our joint venture partners and other minority interest holders.

## UNCONSOLIDATED JOINT VENTURES:

	Year Ended 2008	Year Ended 2007	2008 vs. 2007 % Variance	Year Ended 2006	2007 vs. 2006 % Variance
Rooms Available	963,892	954,114	1.0%	879,384	8.5%
Rooms Occupied	677,485	682,169	-0.7%	613,272	11.2%
Occupancy	70.29%	71.50%	-1.2%	69.74%	1.8%
Average Daily Rate (ADR)	\$ 146.91	\$ 144.51	1.7%	\$ 132.54	9.0%
Revenue Per Available Room (RevPAR)	\$ 103.26	\$ 103.32	-0.1%	\$ 92.43	11.8%
Room Revenues	\$ 99,530,317	\$ 98,580,629	1.0%	\$ 81,285,744	21.3%
Total Revenues	\$ 127,874,193	\$ 130,167,451	-1.8%	\$ 111,301,348	17.0%

Revenue per available room ("RevPAR") for the year ended December 31, 2008 increased 1.6% for our consolidated hotels and decreased 0.1% for our unconsolidated hotels when compared to the same period in 2007. This represents a deceleration in the rate of increase in RevPAR when compared to the increase experienced during the year ended December 31, 2007 over the same period in 2006. The deceleration of our growth in RevPAR is primarily due to deteriorating economic conditions in 2008 and the stabilization of hotel properties acquired in the previous years.

The increase in revenue per available room ("RevPAR") during the year ended December 31, 2007 was due primarily to the Company's broadened strategic portfolio focus on stronger central business districts and primary suburban office parks; the size of the recent acquisitions as a percentage of the portfolio; franchise affiliations with stronger brands, such as Hyatt Summerfield Suite, Hilton Garden Inn, Residence Inn and Courtyard by Marriott; and a focus on improving the average daily rate ("ADR"). The increase in both rooms and total revenue can be attributed primarily to the hotels acquired during the respective periods.

(dollars in thousands, except per share data)

## Revenue

Our total revenues for the year ended December 31, 2008 consisted of hotel operating revenues, interest income from our development loan program, land lease revenue, and other revenue. Hotel operating revenues are recorded for wholly owned hotels that are leased to our wholly owned TRS and hotels owned through joint venture interests that are consolidated in our financial statements. Hotel operating revenues increased \$21,003, or 9.2%, from \$229,461 for the year ended December 31, 2007 to \$250,464 for the same period in 2008. The increase in revenues is primarily attributable to the acquisitions consummated in 2008 and improved RevPAR and occupancy at certain of our hotels. We acquired interests in the following six consolidated hotels since December 31, 2007:

Brand	Location	Acquisition Date	Rooms	2008 Total Revenue
Duane Street Hotel (TriBeCa)	New York, NY	1/4/2008	45	\$ 3,688
TownePlace Suites	Harrisburg, PA	5/8/2008	107	1,755
Sheraton Hotel	JFK Airport, Jamaica, NY	6/13/2008	150	3,931
Holiday Inn Express	Camp Springs, MD	6/26/2008	127	1,313
nu Hotel	Brooklyn, NY	7/7/2008*	93	2,314
Hampton Inn & Suites	Smithfield, RI	8/1/2008	101	848
			623	\$ 13,849

\*The property was purchased on 1/14/2008, but did not open for business until 7/7/2008.

Index

Revenues for all six hotels were recorded from the date of acquisition as hotel operating revenues. Further, hotel operating revenues for the year ended December 31, 2008 included revenues for a full year related to the following six hotels that were purchased during the year ended December 31, 2007:

Brand	Location	Acquisition Date	Rooms	2008 Total Revenue	2007 Total Revenue
Residence Inn	Langhorne, PA	1/8/2007	100	\$ 4,062	\$ 3,352
Residence Inn	Carlisle, PA	1/10/2007	78	2,417	2,091
Holiday Inn Express	Chester, NY	1/25/2007	80	2,337	2,367
Hampton Inn	Seaport, NY	2/1/2007	65	5,833	5,200
Independent	373 Fifth Avenue	6/1/2007	70	4,562	3,051
Holiday Inn	Norwich, CT	7/1/2007	134	3,297	1,689
				527 \$ 22,508	\$ 17,750

We invest in hotel development projects by providing secured first mortgage or mezzanine financing to hotel developers and through the acquisition of land that is then leased to hotel developers. Interest income is earned on our development loans at rates ranging between 10.0% and 20.0%. Interest income from development loans receivable was \$7,890 for the year ended December 31, 2008 compared to \$6,046 for the same period in 2007. The average balance of development loans receivable outstanding in 2008 was higher than the average balance outstanding in 2007. This resulted in a \$1,844, or 30.5% increase in interest income. For one of our development loans to an unaffiliated developer, we recorded an impairment charge as of December 31, 2008 for the remaining principal of \$18,748, which is net of unamortized discount and loan fees in the amount of \$1,252. The loan was deemed to be fully impaired when the developer was unable to obtain additional construction financing to complete the project and consequently defaulted under his senior mortgage loan. The project, located in Brooklyn, New York, NY, was to include hotel, residential and retail components, however, the land acquisition financing and our loan were not sufficient to fund the ongoing construction. A receivable for uncollected interest income of \$569, which is net of unrecognized deferred loan fees of \$143, was also recorded as an impairment charge. In connection with the development loan, we also hold an option to acquire an interest in the hotel upon completion of the development project. This option was valued at \$1,687 at its inception and is deemed to be fully impaired. The total impairment charge recorded during the year ended December 31, 2008 related to this development loan and option was \$21,004.

In 2006 we acquired two parcels of land, and in 2007 we acquired an additional two parcels of land, which are being leased to hotel developers. The hotel developers are owned in part by certain executives and affiliated trustees of the Company. Our net investment in these parcels is approximately \$23,366. Each land parcel is leased at a minimum rental rate of 10% of our net investment in the land. Additional rents are paid by the lessee for the principal and interest on the mortgage, real estate taxes and insurance. During the year ended December 31, 2008, we recorded \$5,363 in land lease revenue from these parcels. We incurred \$2,939 in expense related to these land leases resulting in a contribution of \$2,424 to our operating income during the year ended December 31, 2008.

Other revenue consists primarily of fees earned for asset management services provided to properties owned by two of our unconsolidated joint ventures. Other revenues increased from \$980 for the year ended December 31, 2007 to \$1,054 during the year ended December 31, 2008.

For the year ended December 31, 2008, interest income decreased \$380 compared to the same period in 2007. Increased levels of interest income in 2007 resulted from higher levels of interest bearing deposits related to the acquisition of hotel properties during 2007.

#### Expenses

Total hotel operating expenses increased 10.7% to approximately \$144,972 for the year ended December 31, 2008 from \$130,910 for the year ended December 31, 2007. Consistent with the increase in hotel operating revenues, hotel operating expenses increased primarily due to the acquisitions consummated since the comparable period in 2007, as mentioned above. The acquisitions also resulted in an increase in depreciation and amortization from \$33,863 for the year ended December 31, 2007 to \$40,998 for the year ended December 31, 2008. Similarly, real estate and personal property tax and property insurance increased \$1,604, or 14.1%, in the year ended December 31, 2008 when compared to the same period in 2007.

General and administrative expense increased by approximately \$761 from \$7,953 in 2007 to \$8,714 in 2008. General and administrative expenses increased primarily to increased stock based compensation costs associated with the issuance of additional stock awards in June 2008.

#### Unconsolidated Joint Venture Investments

Through our investment in the Mystic Partners joint venture, we have an 8.8% interest in the Hilton Hotel in Hartford, CT. In 2008, the Company determined that its interest in this hotel was impaired. As of December 31, 2008, the Company recorded an impairment loss of approximately \$1,890 which represents our entire investment in the hotel. Offsetting this loss was approximately \$1,373 in income from our unconsolidated joint venture investments. The net of the impairment charge and income from our unconsolidated joint ventures is a net loss of approximately \$517. For the year ended December 31, 2007, approximately \$3,476 in income from unconsolidated joint venture investments was recorded, resulting in a decrease of \$3,993 over the same period in 2008.

Index

During 2007, we acquired joint venture interests in the following property:

Joint Venture	Brand	Name	Acquisition Date	Rooms	Ownership %	Hersha Preferred Equity Return
Metro 29th Street Associates, LLC	Holiday Inn Express	Manhattan-New York, NY	2/1/2007	228	50.0%	N/A

**Net Income/Loss**

Net loss applicable to common shareholders for year ended December 31, 2008 was \$13,608 compared to net income applicable to common shareholders of \$13,047 for the same period in 2007.

Operating income for the year ended December 31, 2008 was \$31,771 compared to operating income of \$53,546 during the same period in 2007. The \$21,775, or 40.7%, decrease in operating income was primarily the result of the impairment charge of \$21,004 related to our investment in a development loan and an option to acquire the hotel property upon completion, noted above. This impairment charge was recorded during the fourth quarter of 2008.

The weighted average minority interest ownership in our operating partnership increased from 11.83% for the year ended December 31, 2007 to 15.10% for the year ended December 31, 2008. This change is a result of the issuance of units in our operating partnership as consideration for the acquisition of hotel properties and is partially offset by the issuance of 6,600,000 of our common shares in May of 2008. Interest expense, increased \$1,041 from \$42,115 for the year ended December 31, 2007 to \$43,156 for the year ended December 31, 2008. The increase in interest expense is the result of mortgages placed on newly acquired properties and increased average balances on our line of credit.

Included in net loss applicable to common shareholders for the year ended December 31, 2008 is \$2,432 in income from discontinued operations compared to \$4,110 in income during the same period in 2007. Discontinued operations was driven primarily by a gain of \$2,452 resulting from the sale of the Holiday Inn Conference Center in New Cumberland, PA in October 2008 and a gain of \$3,745 results from the sale of the Fairfield Inn, Mt. Laurel, NJ and Hampton Inn, Linden, NJ in November 2007.

**COMPARISON OF THE YEAR ENDED DECEMBER 31, 2007 TO DECEMBER 31, 2006**

(dollars in thousands, except per share data)

**Revenue**

Our total revenues for the year ended December 31, 2007 consisted of hotel operating revenues, interest income from our development loan program, land lease revenue, and other revenue. Hotel operating revenues are recorded for wholly owned hotels that are leased to our wholly owned TRS and hotels owned through joint venture interests that are consolidated in our financial statements. Hotel operating revenues increased \$97,107, or 73.4%, from \$132,354 for the year ended December 31, 2006 to \$229,461 for the same period in 2007. The increase in revenues is primarily attributable to the acquisitions consummated in 2007, a full twelve months of operations from our 2006 acquisitions and improved RevPAR and occupancy at certain of our hotels.

We acquired interests in six consolidated hotels during the year ended December 31, 2007, as noted above. Revenues for all six hotels were recorded from the date of acquisition as hotel operating revenues. Further, hotel operating revenues for the year ended December 31, 2007 included revenues for a full year related to the following 22 hotels that were purchased during the year ended December 31, 2006:

Index

Brand	Location	Acquisition Date	Rooms	2007 Total Revenue	2006 Total Revenue

			2,983	\$ 109,662	\$ 45,931

We invest in hotel development projects by providing secured first mortgage or mezzanine financing to hotel developers and through the acquisition of land that is then leased to hotel developers. Interest income earned on our development loans during the period covered by this comparison was at rates ranging between 10.0% and 13.5%. Interest income from development loans receivable was \$6,046 for the year ended December 31, 2007 compared to \$2,487 for the same period in 2006. The average balance of development loans receivable outstanding in 2007 was higher than the average balance outstanding in 2006. This resulted in a \$3,559, or 143.1%, increase in interest income.

In 2006 we acquired two parcels of land, and in 2007 we acquired an additional two parcels of land, which are being leased to hotel developers. The hotel developers are owned in part by certain executives and affiliated trustees of the Company. Our net investment in these parcels is approximately \$23,366. Each land parcel is leased at a minimum rental rate of 10% of our net investment in the land. Additional rents are paid by the lessee for the principal and interest on the mortgage, real estate taxes and insurance. During the year ended December 31, 2007, we recorded \$4,860 in land lease revenue from these parcels. We incurred \$2,721 in expense related to these land leases resulting in a contribution of \$2,139 to our operating income during the year ended December 31, 2007.

Other revenue consists primarily of fees earned for asset management services provided to properties owned by two of our unconsolidated joint ventures. Other revenues increased \$243, or 32.9%, from \$737 during the year ended December 31, 2006 to \$980 during the year ended December 31, 2007.

For the year ended December 31, 2007, interest income decreased \$496 compared to the same period in 2006. Increased levels of interest income in 2006 resulted from higher levels of interest bearing deposits related to the acquisition of hotel properties and interest earned on proceeds from the offering of our common stock during 2006.

#### Expenses

Total hotel operating expenses increased 70.7% to approximately \$130,910 for the year ended December 31, 2007 from \$76,694 for the year ended December 31, 2006. Consistent with the increase in hotel operating revenues, hotel operating expenses increased primarily due to the acquisitions consummated since the comparable period in 2006, as mentioned above. The acquisitions also resulted in an increase in depreciation and amortization from \$18,420 for the year ended December 31, 2006 to \$33,863 for the year ended December 31, 2007. Similarly, real estate and personal property tax and property insurance increased \$5,370, or 89.8%, in the year ended December 31, 2007 when compared to the same period in 2006.

General and administrative expense increased by approximately \$2,133 from \$5,820 in 2006 to \$7,953 in 2007. General and administrative expenses increased primarily due to higher compensation expense related to an increase in staffing in our asset management and accounting teams and an increase in incentive compensation.

Index

## Unconsolidated Joint Venture Investments

Income from unconsolidated joint venture investments increased \$1,677 from \$1,799 for the year ended December 31, 2006 to \$3,476 for the year ended December 31, 2007. During 2007, we acquired unconsolidated joint venture interests in the following property:

Joint Venture	Brand	Name	Acquisition Date	Rooms	Ownership %	Hersha Preferred Equity Return
Metro 29th Street Associates, LLC	Holiday Inn Express	Manhattan-New York, NY	2/1/2007	228	50.0%	N/A

In addition, we acquired joint venture interests in the following two properties during 2006:

Joint Venture	Brand	Name	Acquisition Date	Rooms	Ownership %	Hersha Preferred Equity Return
PRA Suites at Glastonbury, LLC	Homewood Suites	Glastonbury, CT	6/15/2006	136	40.0% *	10.0%
Mystic Partners, LLC	Marriott	Hartford, CT	2/8/2006	409	15.0%	8.5%

\*Percent owned was 40% through March 31, 2007. On April 1, 2007 our percent owned increased to 48.0%.

Income from unconsolidated joint venture investments was favorably impacted by the inclusion of these investments for a full twelve months in 2007.

## Net Income

Net income applicable to common shareholders for year ended December 31, 2007 was approximately \$13,047 compared to net income applicable to common shareholders of \$298 for the same period in 2006.

Operating income for the year ended December 31, 2007 was \$53,546 compared to operating income of \$28,427 during the same period in 2006. The \$25,119, or 88.4%, increase in operating income resulted from improved performance of our portfolio and acquisitions that have increased the scale of our operations enabling us to leverage the absorption of administrative costs.

The increase in our operating income was partially offset by increases in interest expense, which increased \$16,992 from \$25,123 for the year ended December 31, 2006 to \$42,115 for the year ended December 31, 2007. The increase in interest expense is the result of mortgages placed on newly acquired properties and increased average balances on our line of credit.

Included in net income applicable to common shareholders for the year ended December 31, 2007 is \$365 in income from discontinued operations compared to \$286 during the same period in 2006. Also included in net income applicable to common shareholders for the year ended December 31, 2007 is a gain of \$3,745 resulting from the sale

of the Hampton Inn, Linden, NJ and Fairfield Inn, Mt. Laurel, NJ which had been held for sale. Included in net income applicable to common shareholders for the year ended December 31, 2006 is a gain of \$693 resulting from the sale of the Holiday Inn Express in Hartford, CT, the Hampton Inn in Peachtree, GA, the Hampton Inn in Newnan, GA, the Comfort Suites in Duluth, GA, and the Holiday Inn Express in Duluth, GA.

#### LIQUIDITY, CAPITAL RESOURCES, AND EQUITY OFFERINGS

(dollars in thousands, except per share data)

The current recession and related financial crisis has resulted in deleveraging attempts throughout the global financial system. As banks and other financial intermediaries reduce their leverage and incur losses on their existing portfolio of loans, the ability to originate or refinance existing loans has become very restrictive for all borrowers, regardless of balance sheet strength. As a result, it is a very difficult borrowing environment, even for those borrowers that have strong balance sheets. While we maintain a portfolio of what we believe to be high quality assets and we believe our leverage to be at acceptable levels, we are uncertain if we could currently obtain new debt, or refinance existing debt, on reasonable terms in the current market.

Owning hotels is a capital intensive enterprise. Hotels are expensive to acquire or build and require regular significant capital expenditures to satisfy guest expectations. However, even with the current depressed cash flows, we project that our operating cash flow will be sufficient to pay for almost all of our liquidity and other capital needs over the medium term. At present, we only project the need for additional capital to refinance or repay an aggregate of \$38,096 of debt that is maturing in 2009. This assumes the exercise of extension options for \$34,100 in debt that would otherwise come due in 2009. We currently expect that we will either be able to refinance the debt coming due in 2009 or repay such debt with a draw on our existing credit facility.

## Index

We expect to meet our short-term liquidity requirements generally through net cash provided by operations, existing cash balances and, if necessary, short-term borrowings under our line of credit. We believe that the net cash provided by operations will be adequate to fund the Company's operating requirements, debt service and the payment of dividends in accordance with REIT requirements of the federal income tax laws. We expect to meet our long-term liquidity requirements, such as scheduled debt maturities and property acquisitions, through long-term secured and unsecured borrowings, the issuance of additional equity securities or, in connection with acquisitions of hotel properties, the issuance of units of operating partnership interest in our operating partnership subsidiary.

Our ability to incur additional debt is dependent upon a number of factors, including the current state of the overall credit markets, our degree of leverage and borrowing restrictions imposed by existing lenders. Our ability to raise funds through the issuance of debt and equity securities is dependent upon, among other things, general market conditions for REITs and market perceptions about us.

We have a debt policy that limits our indebtedness at the time of acquisition to less than 67% of the fair market value for the hotels in which we have invested. However, our organizational documents do not limit the amount of indebtedness that we may incur and our Board of Trustees may modify our debt policy at any time without shareholder approval. We intend to repay indebtedness incurred under the line of credit from time to time, for acquisitions or otherwise, out of cash flow and from the proceeds of issuances of additional common shares and other securities.

We intend to invest in additional hotels only as suitable opportunities arise and adequate sources of financing are available. We expect that future investments in hotels will depend on and will be financed by, in whole or in part, our existing cash, the proceeds from additional issuances of common shares, issuances of operating partnership units or other securities or borrowings.

We make available to the TRS of our hotels 4% (6% for full service properties) of gross revenues per quarter, on a cumulative basis, for periodic replacement or refurbishment of furniture, fixtures and equipment at each of our hotels. We believe that a 4% (6% for full service hotels) reserve is a prudent estimate for future capital expenditure requirements. We intend to spend amounts in excess of the obligated amounts if necessary to comply with the reasonable requirements of any franchise license under which any of our hotels operate and otherwise to the extent we deem such expenditures to be in our best interests. We are also obligated to fund the cost of certain capital improvements to our hotels. We may use undistributed cash or borrowings under credit facilities to pay for the cost of capital improvements and any furniture, fixture and equipment requirements in excess of the set aside referenced above.

## Cash and Cash Equivalents

The cash and cash equivalents balance of \$15,697 at December 31, 2008 was primarily the result of cash provided by operations. Cash and cash equivalents are generally used to reduce obligations under our line of credit, pay dividends and distributions or invest in hotel properties or loans to hotel development projects.

## Line of Credit Facility

We have entered into a Revolving Credit Loan and Security Agreement (the "Credit Agreement") with TD Bank, NA and various other lenders. The Credit Agreement provides for a revolving line of credit (the "Line of Credit") in the principal amount of up to \$175,000, including a sub-limit of \$25,000 for irrevocable stand-by letters of credit. The existing bank group has committed \$135,000, and the Credit Agreement is structured to allow for an increase of an additional \$40,000 subject to lender approval and providing additional collateral. Borrowings under this facility bear interest at either the Wall Street Journal's variable prime rate of interest or LIBOR available for the periods of 1, 2, 3,

Edgar Filing: HERSHA HOSPITALITY TRUST - Form 10-K

or 6 months plus 2.50%, at our discretion. The Line of Credit is collateralized by:

- A perfected first-lien security interest in all existing and future unencumbered assets of HHLP;
  - Title-insured, first-lien mortgages on the following wholly owned hotels:

- Fairfield Inn, Laurel, MD	- Holiday Inn Express, Hershey, PA
- Hampton Inn, Danville, PA	- Holiday Inn Express, New Columbia, PA
	- Mainstay Suites and Sleep Inn, King of Prussia, PA
- Hampton Inn, Philadelphia, PA	- Residence Inn, Langhorne, PA
- Holiday Inn, Norwich, CT	
- Holiday Inn Express, Camp Springs, MD	- Residence Inn, Norwood, MA
- Holiday Inn Express and Suites, Harrisburg, PA	- Sheraton Hotel, JFK Airport, New York, NY

- Collateral assignment of all hotel management contracts from which HHLP or its affiliates derive revenues.

## Index

The Credit Agreement includes certain financial covenants and requires that Hersha maintain:

- a minimum tangible net worth of \$300,000;
- a maximum of accounts and other receivables from affiliates of \$125,000;
- annual distributions not to exceed 95% of adjusted funds from operations;
  - maximum variable rate indebtedness to total debt of 30%; and
- certain financial ratios.

As of December 31, 2008, we are in compliance with each of these covenants and our remaining borrowing capacity under the Line of Credit was \$42,783. The line of credit expires on December 31, 2011 and, provided no event of default occurs and remains uncured, we may request renewal of the Line of Credit for an additional period of one year. Any extension of our line may be granted or withheld at the discretion of the lender.

## Mortgages and Notes Payable

During 2008, in connection with the acquisition of hotel properties and refinancing of existing mortgage debt, we entered into or assumed \$91,658 in mortgages and notes payable. Our indebtedness contains various financial and non-financial event of default covenants customarily found in financing arrangements. Our mortgages payable typically require that specified debt service coverage ratios be maintained with respect to the financed properties before we can exercise certain rights under the loan agreements relating to such properties. If the specified criteria are not satisfied, the lender may be able to escrow cash flow. As of December 31, 2008 we were in compliance with all event of default covenants under the applicable loan agreement.

The Company has two junior subordinated notes payable in the aggregate amount of \$51,548 to statutory trusts entities pursuant to indenture agreements. The \$25,774 note issued to Hersha Statutory Trust I will mature on June 30, 2035, but may be redeemed at our option, in whole or in part, beginning on June 30, 2010 in accordance with the provisions of the indenture agreement. The \$25,774 note issued to Hersha Statutory Trust II will mature on July 30, 2035, but may be redeemed at our option, in whole or in part, beginning on July 30, 2010 in accordance with the provisions of the indenture agreement. The note issued to Hersha Statutory Trust I bears interest at a fixed rate of 7.34% per annum through June 30, 2010, and the note issued to Hersha Statutory Trust II bears interest at a fixed rate of 7.173% per annum through July 30, 2010. Subsequent to June 30, 2010 for notes issued to Hersha Statutory Trust I and July 30, 2010 for notes issued to Hersha Statutory Trust II, the notes bear interest at a variable rate of LIBOR plus 3.0% pre annum.

## Equity Offerings

On May 16, 2008, we completed a public offering of 6,000,000 common shares at \$9.90 per share. On May 20, 2008, the underwriters exercised a portion of their over-allotment option with respect to that offering, and we issued an additional 600,000 common shares at \$9.90 per share. Proceeds to us, net of underwriting discounts and commissions and expenses, were approximately \$61,845. Immediately upon closing the offering, we contributed all of the net proceeds of the offering to the Partnership in exchange for additional Partnership interests. The net offering proceeds were used to repay indebtedness.

On December 11, 2006, we completed a public offering of 7,200,000 common shares at \$11.20 per share. On December 13, 2006, the underwriter exercised its over-allotment option with respect to that offering, and we issued an additional 1,080,000 common shares at \$11.20 per share. Proceeds to us, net of underwriting discounts and commissions and expenses, were approximately \$87,658. Immediately upon closing the offering, we contributed all of the net proceeds of the offering to the Partnership in exchange for additional Partnership interests. The net offering proceeds were used to repay indebtedness and to lend additional development financing to third parties.

On September 19, 2006, we completed a public offering of 3,775,000 common shares at \$9.75 per share. On September 28, 2006, the underwriter exercised its over-allotment option with respect to that offering, and we issued an additional 566,250 common shares at \$9.75 per share. Proceeds to us, net of underwriting discounts and commissions and expenses, were approximately \$40,004. Immediately upon closing the offering, we contributed all of the net proceeds of the offering to the Partnership in exchange for additional Partnership interests. The net offering proceeds were used to repay indebtedness.

On April 28, 2006, we completed a public offering of 6,520,000 common shares at \$9.00 per share. On May 9, 2006, the underwriter exercised its over-allotment option with respect to that offering, and we issued an additional 977,500 common shares at \$9.00 per share. Proceeds to us, net of underwriting discounts and commissions and expenses, were approximately \$63,353. Immediately upon closing the offering, we contributed all of the net proceeds of the offering to the Partnership in exchange for additional Partnership interests. Of the net offering proceeds, approximately \$30,000 was used to repay indebtedness and approximately \$19,500 was used to fund property acquisitions.

Index

CASH FLOW ANALYSIS

(dollars in thousands, except per share data)

Comparison of year ended December 31, 2008 to year ended December 31, 2007

Net cash provided by operating activities for the year ended December 31, 2008, and 2007, was \$53,894 and \$59,300, respectively. The decrease in net cash provided by operating activities was primarily the result of a decrease in distributions from unconsolidated joint ventures, an increase in due from related parties, and a decrease in due to related parties. This decrease was partially offset by an increase in income before loss on impairment of development loan receivable and other asset, debt extinguishment and depreciation and amortization expense.

Net cash used in investing activities for the year ended December 31, 2008 increased \$68,843, from \$46,027 in the year ended December 31, 2007 compared to \$114,870 for the year ended December 31, 2008. Net cash used for the purchase of hotel properties increased \$30,968 in 2008 over 2007. During the year ended December 31, 2007, we acquired nine properties for a total purchase price of \$129,717 including the assumption of \$70,564 in mortgage debt, the conversion of a \$2,100 deposit made in 2006 and the issuance of units in our operating partnership valued at \$25,781 resulting in net cash paid for acquisitions of \$32,658 plus \$798 paid for the operating assets of the hotel and \$588 for the minority interests in the Hampton Inn, Philadelphia, PA. During the same period in 2008, we acquired six properties for a total purchase price of \$115,858, including the assumption of \$30,790 in mortgage debt, the issuance of a \$500 note payable, the assumption of \$318 of operating liabilities and the issuance of units in our operating partnership valued at \$21,624 resulting in net cash paid for acquisitions of \$62,625. Also, cash provided by the disposition of hotel assets held for sale was \$6,456 in 2008 compared to \$11,905 in 2007. Cash provided by distributions from unconsolidated joint ventures decreased \$4,372 while advances and capital contributions for unconsolidated joint ventures decreased from \$2,309 in 2007 to \$96 in 2008. We increased our capital expenditures from \$16,773 in 2007 to \$19,226 in 2008. This increase was primarily related to \$6,420 in new construction costs related to a building located in Brooklyn, in New York, NY we acquired in the first quarter of 2008 and opened as the nu Hotel in July of 2008.

Net cash provided by financing activities for the year ended December 31, 2008 was \$64,346 compared to cash used in financing activities of \$11,262 for the year ended December 31, 2007. Included in cash provided by financing activities in 2007 were net proceeds from the issuance of common stock of \$61,845. Also, the increase in cash provided by financing activities is the result of proceeds from our credit facility and mortgages and notes payable, net of repayments, of \$46,456 in 2008 compared to net proceeds of \$27,526 in 2007. The increase was due to a net increase in borrowings on our line of credit in 2008. Dividends paid on common shares and our common partnership units increased \$4,878 in 2008, from \$33,033 during the year ended December 31, 2007 to \$37,911 during the same period in 2008.

Comparison of year ended December 31, 2007 to year ended December 31, 2006

Net cash provided by operating activities for the year ended December 31, 2007, and 2006, was \$59,300 and \$27,217, respectively. The increase in net cash provided by operating activities was primarily the result of an increase in income before depreciation and amortization expense and accounts payable and accrued expenses and decreases in escrows and due from related party. This was partially offset by an increase in hotel accounts receivable and a decrease in due to related party.

Net cash used in investing activities for the year ended December 31, 2007 and 2006 decreased \$367,854, from \$413,881 in the year ended December 31, 2006 compared to \$46,027 for the year ended December 31, 2007. Net cash used for the purchase of hotel properties decreased \$362,701 in 2007 over 2006 as the number of hotels acquired decreased and units of our operating partnership were issued in place of cash for acquisitions in 2007. Also, cash

provided by the disposition of hotel assets held for sale was \$11,905 in 2007 compared to \$9,800 in 2006. Cash provided by distributions from unconsolidated joint ventures increased \$3,718 while advances and capital contributions for unconsolidated joint ventures decreased from \$4,209 in 2006 to \$2,309 in 2007. The increase in distributions from unconsolidated joint ventures in 2007 was primarily the result of proceeds of debt refinancing and improved cash flow in certain joint venture interests. We increased our capital expenditures from \$11,020 in 2006 to \$16,773 in 2007 as a result of continuing property improvement plans at certain properties in 2007 in addition to capital expenditures in the ordinary course of business.

Net cash used in financing activities for the year ended December 31, 2007 was \$11,262 compared to cash provided by financing activities of \$388,200 for the year ended December 31, 2006. This change was, in part, the result of proceeds from mortgages and notes payable, net of repayments, of \$7,826 in 2007 compared to net proceeds of \$199,983 in 2006. The decrease in net proceeds from mortgages and notes payable was due to a decrease in our acquisition activity in 2007. Also included in cash provided by financing activities in 2006 were net proceeds from the issuance of common stock of \$191,015. Dividends paid on common shares increased \$11,250 in 2007, from \$18,174 during the year ended December 31, 2006 to \$29,424 during the same period in 2007.

OFF BALANCE SHEET ARRANGEMENTS

The Company does not have off balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

FUNDS FROM OPERATIONS

(in thousands, except share data)

The National Association of Real Estate Investment Trusts (“NAREIT”) developed Funds from Operations (“FFO”) as a non-GAAP financial measure of performance of an equity REIT in order to recognize that income-producing real estate historically has not depreciated on the basis determined under GAAP. We calculate FFO applicable to common shares and Partnership units in accordance with the April 2002 National Policy Bulletin of NAREIT, which we refer to as the White Paper. The White Paper defines FFO as net income (loss) (computed in accordance with GAAP) excluding extraordinary items as defined under GAAP and gains or losses from sales of previously depreciated assets, plus certain non-cash items, such as depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. Our interpretation of the NAREIT definition is that minority interest in net income (loss) should be added back to (deducted from) net income (loss) as part of reconciling net income (loss) to FFO. Our FFO computation may not be comparable to FFO reported by other REITs that do not compute FFO in accordance with the NAREIT definition, or that interpret the NAREIT definition differently than we do.

The GAAP measure that we believe to be most directly comparable to FFO, net income (loss) applicable to common shares, includes depreciation and amortization expenses, gains or losses on property sales, minority interest and preferred dividends. In computing FFO, we eliminate these items because, in our view, they are not indicative of the results from our property operations.

FFO does not represent cash flows from operating activities in accordance with GAAP and should not be considered an alternative to net income as an indication of Hersha’s performance or to cash flow as a measure of liquidity or ability to make distributions. We consider FFO to be a meaningful, additional measure of operating performance because it excludes the effects of the assumption that the value of real estate assets diminishes predictably over time, and because it is widely used by industry analysts as a performance measure. We show both FFO from consolidated hotel operations and FFO from unconsolidated joint ventures because we believe it is meaningful for the investor to understand the relative contributions from our consolidated and unconsolidated hotels. The display of both FFO from consolidated hotels and FFO from unconsolidated joint ventures allows for a detailed analysis of the operating performance of our hotel portfolio by management and investors. We present FFO applicable to common shares and Partnership units because our Partnership units are redeemable for common shares. We believe it is meaningful for the investor to understand FFO applicable to all common shares and Partnership units.

Edgar Filing: HERSHA HOSPITALITY TRUST - Form 10-K

Index

The following table reconciles FFO for the periods presented to the most directly comparable GAAP measure, net income, for the same periods.

	Twelve Months Ending		
	December 31, 2008	December 31, 2007	December 31, 2006
Net (loss) income applicable to common shares	\$ (13,608)	\$ 13,047	\$ 298
(Loss) income allocated to minority interest	(2,053)	1,773	579
(Loss) income of discontinued operations allocated to minority interest	(4)	49	37
Loss (income) from unconsolidated joint ventures	517	(3,476)	(1,799)
Gain on sale of assets	(2,452)	(3,745)	(693)
Depreciation and amortization	40,998	33,863	18,420
Depreciation and amortization from discontinued operations	420	1,267	1,850
FFO related to the minority interests in consolidated joint ventures (1)	(240)	(652)	(714)
Funds from consolidated hotel operations applicable to common shares and Partnership units	23,578	42,126	17,978
Income from Unconsolidated Joint Venture Investments	1,373	3,476	1,799
Impairment of Investment in Unconsolidated Joint Ventures	(1,890)	-	-
(Loss) Income from Unconsolidated Joint Ventures	(517)	3,476	1,799
Add:			
Depreciation and amortization of purchase price in excess of historical cost (2)	2,093	2,055	1,817
Interest in deferred financing costs written off in unconsolidated joint venture debt extinguishment	-	(2,858)	(207)
Interest in depreciation and amortization of unconsolidated joint venture (3)	6,287	5,023	4,549
Funds from unconsolidated joint ventures operations applicable to common shares and Partnership units	7,863	7,696	7,958
Funds from Operations applicable to common shares and Partnership units	\$ 31,441	\$ 49,822	\$ 25,936
Weighted Average Common Shares and Units Outstanding			
Basic	45,184,127	40,718,724	27,118,264
Diluted	53,218,864	46,183,394	30,672,675

- (1) Adjustment made to deduct FFO related to the minority interest in our consolidated joint ventures. Represents the portion of net income and depreciation allocated to our joint venture partners.
- (2) Adjustment made to add depreciation of purchase price in excess of historical cost of the assets in the unconsolidated joint venture at the time of our investment.
- (3) Adjustment made to add our interest in real estate related depreciation and amortization of our unconsolidated joint ventures.

Comparison of the year ended December 31, 2008 to December 31, 2007

FFO was \$31,441 for the year ended December 31, 2008, which was a decrease of \$18,381 or 36.9%, over FFO in the comparable period in 2007, which was \$49,822. The decrease in FFO was primarily a result of an impairment of development loan receivable and other asset of \$21,004 and an impairment of our interest in an unconsolidated joint venture of \$1,890.

FFO was also negatively impacted by increases in our interest expense during the year ended December 31, 2008.

Comparison of the year ended December 31, 2007 to December 31, 2006

For the year ended December 31, 2007, FFO increased \$23,886, or 92.1% over the same period in 2006. The increase in FFO was primarily a result of growth in the lodging industry and the markets where our properties are located, the benefits of acquiring assets and interests in joint ventures since December 31, 2005 and continued stabilization and maturation of the existing portfolio.

FFO was negatively impacted by increases in our interest expense during the year ended December 31, 2007.

#### CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Our discussion and analysis of our financial condition and results of operations are based upon our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities.

## Index

On an on-going basis, estimates are evaluated by us, including those related to carrying value of investments in hotel properties. Our estimates are based upon historical experience and on various other assumptions we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

We believe the following critical accounting policies affect our more significant judgments and estimates used in the preparation of our consolidated financial statements:

### Revenue Recognition

Approximately 95% of our revenues are derived from hotel room revenues and revenue from other hotel operating departments. We directly recognize revenue and expense for all consolidated hotels as hotel operating revenue and hotel operating expense when earned and incurred. These revenues are recorded net of any sales or occupancy taxes collected from our guests. All revenues are recorded on an accrual basis, as earned. We participate in frequent guest programs sponsored by the brand owners of our hotels and we expense the charges associated with those programs, as incurred.

Revenue for interest on development loan financing is recorded in the period earned based on the interest rate of the loan and outstanding balance during the period. Development loans receivable and accrued interest on the development loans receivable are evaluated to determine if outstanding balances are collectible. Interest is recorded only if it is determined the outstanding loan balance and accrued interest balance are collectible.

We lease land to hotel developers under fixed lease agreements. In addition to base rents, these lease agreements contain provisions that require the lessee to reimburse real estate taxes, debt service and other impositions. Base rents and reimbursements for real estate taxes, debt service and other impositions are recorded in land lease revenue on an accrual basis. Expenses for real estate taxes, interest expense, and other impositions that are reimbursed under the land leases are recorded in land lease expense when they are incurred.

Other revenues consist primarily of fees earned for asset management services provided to hotels we own through unconsolidated joint ventures. Fees are earned as a percentage of the hotels revenue and are recorded in the period earned.

### Investment in Hotel Properties

Investments in hotel properties are recorded at cost. Improvements and replacements are capitalized when they extend the useful life of the asset. Costs of repairs and maintenance are expensed as incurred. Depreciation is computed using the straight-line method over the estimated useful life of up to 40 years for buildings and improvements, five to seven years for furniture, fixtures and equipment. We are required to make subjective assessments as to the useful lives of our properties for purposes of determining the amount of depreciation to record on an annual basis with respect to our investments in hotel properties. These assessments have a direct impact on our net income because if we were to shorten the expected useful lives of our investments in hotel properties we would depreciate these investments over fewer years, resulting in more depreciation expense and lower net income on an annual basis.

We follow Statement of Financial Accounting Standards (SFAS) No. 141, "Business Combinations," to account for our acquisition of hotel properties. Under SFAS No. 141 the purchase price of an acquisition is allocated based on the fair value of identifiable tangible and intangible assets acquired and liabilities assumed. Estimating techniques and assumptions used in determining fair values involve significant estimates and judgments. These estimates and judgments have a direct impact on the carrying value of our assets and liabilities which can directly impact the amount

of depreciation expense recorded on an annual basis and could have an impact on our assessment of potential impairment of our investment in hotel properties.

We follow SFAS No. 144, “Accounting for the Impairment or Disposal of Long-Lived Assets,” which established a single accounting model for the impairment or disposal of long-lived assets including discontinued operations. SFAS No. 144 requires that the operations related to properties that have been sold or properties that are intended to be sold be presented as discontinued operations in the statement of operations for all periods presented, and properties intended to be sold to be designated as “held for sale” on the balance sheet.

Based on the occurrence of certain events or changes in circumstances, we review the recoverability of the property’s carrying value. Such events or changes in circumstances include the following:

- a significant decrease in the market price of a long-lived asset;
- a significant adverse change in the extent or manner in which a long-lived asset is being used or in its physical condition;
- a significant adverse change in legal factors or in the business climate that could affect the value of a long-lived asset, including an adverse action or assessment by a regulator;

## Index

- an accumulation of costs significantly in excess of the amount originally expected for the acquisition or construction of a long-lived asset;
- a current-period operating or cash flow loss combined with a history of operating or cash flow losses or a projection or forecast that demonstrates continuing losses associated with the use of a long-lived asset; and
- a current expectation that, it is more likely than not that, a long-lived asset will be sold or otherwise disposed of significantly before the end of its previously estimated useful life.

We review our portfolio on an on-going basis to evaluate the existence of any of the aforementioned events or changes in circumstances that would require us to test for recoverability. In general, our review of recoverability is based on an estimate of the future undiscounted cash flows, excluding interest charges, expected to result from the property's use and eventual disposition. These estimates consider factors such as expected future operating income, market and other applicable trends and residual value expected, as well as the effects of hotel demand, competition and other factors. If impairment exists due to the inability to recover the carrying value of a property, an impairment loss is recorded to the extent that the carrying value exceeds the estimated fair value of the property. We are required to make subjective assessments as to whether there are impairments in the values of our investments in hotel properties. These assessments have a direct impact on our net income because recording an impairment loss results in an immediate negative adjustment to net income.

## Investment in Joint Ventures

Properties owned in joint ventures are consolidated if the determination is made that we are the primary beneficiary in a variable interest entity (VIE) or we maintain control of the asset through our voting interest or other rights in the operation of the entity. We evaluate whether we have a controlling financial interest in a VIE through means other than voting rights and determine whether we should include the VIE in our consolidated financial statements. Our examination of each joint venture consists of reviewing the sufficiency of equity at risk, controlling financial interests, voting rights, and the obligation to absorb expected losses and expected gains, including residual returns. Control can also be demonstrated by the ability of the general partner to manage day-to-day operations, refinance debt and sell the assets of the partnerships without the consent of the limited partners and the inability of the limited partners to replace the general partner. This evaluation requires significant judgment.

If it is determined that we do not have a controlling interest in a joint venture, either through our financial interest in a VIE or our voting interest in a voting interest entity, the equity method of accounting is used. Under this method, the investment, originally recorded at cost, is adjusted to recognize our share of net earnings or losses of the affiliates as they occur rather than as dividends or other distributions are received, limited to the extent of our investment in, advances to and commitments for the investee. Pursuant to our joint venture agreements, allocations of profits and losses of some of our investments in unconsolidated joint ventures may be allocated disproportionately as compared to nominal ownership percentages due to specified preferred return rate thresholds.

The Company periodically reviews the carrying value of its investment in unconsolidated joint ventures to determine if circumstances exist indicating impairment to the carrying value of the investment. When an impairment indicator is present, we will review the recoverability of our investment. If the investment's carrying value is not considered recoverable, we will estimate the fair value of the investment. Our estimate of fair value takes into consideration factors such as expected future operating income, trends and prospects, as well as the effects of demand, competition and other factors. This determination requires significant estimates by management, including the expected cash flows to be generated by the assets owned and operated by the joint venture. Subsequent changes in estimates could impact the determination of whether impairment exists. To the extent impairment has occurred, the loss will be measured as the excess of the carrying amount over the fair value of our investment in the unconsolidated joint venture.

## Development Loans Receivable

The Company accounts for the credit risk associated with its development loans receivable by monitoring the portfolio for indications of impairment. We follow SFAS No. 114 “Accounting by Creditors for Impairment of a Loan, an amendment of FASB Statements No. 5 and 15” through a methodology that consists of the following:

- Identifying loans for individual review under SFAS No. 114. In general, these consist of development loans that are not performing in accordance with the contractual terms of the loan.
- Assessing whether the loans identified for review under SFAS No. 114 are impaired. That is, whether it is probable that all amounts will not be collected according to the contractual terms of the loan agreement. We determine the amount of impairment by calculating the estimated fair value, discounted cash flows or the value of the underlying collateral.

Any charge to earnings necessary based on our review under SFAS No. 114 is recorded on our income statement as an impairment of development loan receivable. Our assessment of impairment is based on information known at the time of the review. Changes in factors underlying the assessment could have a material impact on the amount of impairment to be charged against earnings. Such changes could impact future results.

Index

Accounting for Derivative Financial Investments and Hedging Activities

We use derivatives to hedge, fix and cap interest rate risk and we account for our derivative and hedging activities using SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," as amended, which requires all derivative instruments to be carried at fair value on the balance sheet. Derivative instruments designated in a hedge relationship to mitigate exposure to variability in expected future cash flows, or other types of forecasted transactions, are considered cash flow hedges. We formally document all relationships between hedging instruments and hedged items, as well as our risk-management objective and strategy for undertaking each hedge transaction. Cash flow hedges that are considered highly effective are accounted for by recording the fair value of the derivative instrument on the balance sheet as either an asset or liability, with a corresponding amount recorded in other comprehensive income within shareholders' equity. Amounts are reclassified from other comprehensive income to the income statements in the period or periods the hedged forecasted transaction affects earnings.

Under cash flow hedges, derivative gains and losses not considered highly effective in hedging the change in expected cash flows of the hedged item are recognized immediately in the income statement. For hedge transactions that do not qualify for the short-cut method, at the hedge's inception and on a regular basis thereafter, a formal assessment is performed to determine whether changes in the cash flows of the derivative instruments have been highly effective in offsetting changes in cash flows of the hedged items and whether they are expected to be highly effective in the future.

RECENTLY ISSUED ACCOUNTING STANDARDS

SFAS No. 141R

In December 2007, the FASB issued Statement of Financial Accounting Standards No. 141R, "Business Combinations" ("SFAS No. 141R"). SFAS No. 141R requires most identifiable assets, liabilities, noncontrolling interests, and goodwill acquired in a business combination to be recorded at "full fair value." SFAS No. 141R is effective for fiscal years beginning after December 15, 2008. The Company has not determined whether the adoption of SFAS No. 141R will have a material effect on the Company's financial statements. Adoption of SFAS No. 141R on January 1, 2009 could have a material effect on the Company's financial statements and the Company's future financial results to the extent the Company acquires significant amounts of real estate assets. Costs related to future acquisitions will be expensed as incurred compared to the Company's current practice of capitalizing such costs and amortizing them over the useful life of the acquired assets. In addition, to the extent the Company enters into acquisition agreements with earn-out provisions, a liability may be recorded at the time of acquisition based on an estimate of the earn-out to be paid compared to our current practice of recording a liability for the earn-out when amounts are probable and determinable.

SFAS No. 160

In December 2007, the FASB issued Statement of Financial Accounting Standards No. 160, "Noncontrolling Interests in Consolidated Financial Statements" ("SFAS No. 160"). SFAS No. 160 requires noncontrolling interests (previously referred to as minority interests) to be reported as a component of equity, which changes the accounting for transactions with noncontrolling interest holders. SFAS No. 160 is effective for fiscal years beginning after December 15, 2008. The adoption of this statement will result in minority interest to be reclassified as a component of shareholders' equity.

SFAS No. 161

In March 2008, the FASB issued Statement of Financial Accounting Standards No. 161, "Disclosures about Derivative Instruments and Hedging Activities" ("SFAS No. 161"). SFAS No. 161 requires enhanced disclosures about an entity's

derivative and hedging activities and thereby improves the transparency of financial reporting. The objective of the guidance is to provide users of financial statements with an enhanced understanding of how and why an entity uses derivative instruments; how derivative instruments and related hedged items are accounted for; and how derivative instruments and related hedged items affect an entity's financial position, financial performance, and cash flows. SFAS No. 161 is effective for fiscal years beginning after November 15, 2008. The Company has determined that the adoption of SFAS No. 161 will not have a material effect on the Company's financial statements.

#### FSP EITF 03-6-1

In June 2008, the FASB issued FASB Staff Position on Emerging Issues Task Force Issue 03-6, "Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities" ("FSP EITF 03-6-1"). FSP EITF 03-6-1 states that unvested share-based payment awards that contain nonforfeitable rights to dividends or dividend equivalents (whether paid or unpaid) are participating securities and shall be included in the computation of earnings per share ("EPS") pursuant to the two-class method. FSP EITF 03-6-1 is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those years. All prior-period EPS data presented shall be adjusted retrospectively (including interim financial statements, summaries of earnings, and selected financial data) to conform with the provisions of FSP EITF 03-6-1. Early application is not permitted. We expect that the adoption of this FSP will not impact our financial position or net income.

Index

## RELATED PARTY TRANSACTIONS

We have entered into a number of transactions and arrangements that involve related parties. For a description of the transactions and arrangements, please see the Notes to the consolidated financial statements.

## CONTRACTUAL OBLIGATIONS AND COMMERCIAL COMMITMENTS

The following table summarizes our contractual obligations and commitments to make future payments under contracts, such as debt and lease agreements, as of December 31, 2008.

Contractual Obligations (in thousands)	2009	2010	2011	2012	2013	Thereafter
Long Term Debt \$	72,196	\$ 21,833	\$ 41,587	\$ 11,938	\$ 25,265	\$ 482,602
Interest Expense on Long Term Debt	34,430	33,131	31,541	30,976	29,383	151,406
Credit Facility	-	-	88,421	-	-	-
Interest Expense on Credit Facility	3,625	3,625	3,625	-	-	-
Hotel Ground Rent	891	905	935	975	981	93,160
Total	\$ 111,142	\$ 59,494	\$ 166,109	\$ 43,889	\$ 55,629	\$ 727,168

The carrying value of the mortgages and notes payable and the line of credit exceeded the fair value by approximately \$49 million at December 31, 2008.

Index

## Item 7A. Quantitative and Qualitative Disclosures About Market Risk (in thousands, except per share data)

Our primary market risk exposure is to changes in interest rates on our variable rate debt. At December 31, 2008 we are exposed to interest rate risk with respect to our outstanding borrowings under our variable rate Line of Credit and certain variable rate mortgages and notes payable. At December 31, 2008, we had total variable rate debt outstanding of \$141,918, consisting of outstanding borrowings of \$88,421 under our line of credit and outstanding borrowings of \$53,497 under variable rate mortgages and notes payable. At December 31, 2008, our variable rate debt outstanding had a weighted average interest rate of 4.41%. The effect of a 100 basis point increase or decrease in the interest rate on our variable rate debt outstanding at December 31, 2008, would be an increase or decrease in our interest expense for the year ended December 31, 2008 of \$691.

Our interest rate risk objectives are to limit the impact of interest rate fluctuations on earnings and cash flows and to lower our overall borrowing costs. To achieve these objectives, we manage our exposure to fluctuations in market interest rates for a portion of our borrowings through the use of fixed rate debt instruments to the extent that reasonably favorable rates are obtainable with such arrangements. We have also entered into derivative financial instruments such as interest rate swaps or caps, and in the future may enter into treasury options or locks, to mitigate our interest rate risk on a related financial instrument or to effectively lock the interest rate on a portion of our variable rate debt. Currently, we have four interest rate swaps related to debt on the Four Points by Sheraton, Revere, MA, nu Hotel, Brooklyn, NY, Hilton Garden Inn, Edison, NJ and our revolving credit facility and one interest rate cap related to debt on the Hotel 373, New York, NY. We do not intend to enter into derivative or interest rate transactions for speculative purposes.

Approximately 91.8% of our outstanding mortgages and notes payable are subject to fixed rates, including variable rate debt that is effectively fixed through our use of a derivative instrument, while approximately 8.2% of our outstanding mortgages payable are subject to floating rates.

Changes in market interest rates on our fixed-rate debt impact the fair value of the debt, but it has no impact on interest incurred for cash flow. If interest rates rise 100 basis points and our fixed rate debt balance remains constant, we expect the fair value of our debt to decrease. The sensitivity analysis related to our fixed-rate debt assumes an immediate 100 basis point move in interest rates from their December 31, 2008 levels, with all other variables held constant. A 100 basis point increase in market interest rates would result in the fair value of our fixed-rate debt outstanding at December 31, 2008 approximating \$654,006, and a 100 basis point decrease in market interest rates would result in the fair value of our fixed-rate debt outstanding at December 31, 2008 approximating \$741,952.

We regularly review interest rate exposure on our outstanding borrowings in an effort to minimize the risk of interest rate fluctuations. For debt obligations outstanding at December 31, 2008, the following table presents expected principal repayments and related weighted average interest rates by expected maturity dates (in thousands):

Mortgages & Notes Payable	2009	2010	2011	2012	2013	Thereafter	Total
Fixed Rate Debt	\$ 42,970	\$ 14,340	\$ 31,690	\$ 7,321	\$ 25,083	\$ 480,520	\$ 601,924
Average Interest Rate	6.04%	6.00%	6.11%	6.11%	6.10%	6.10%	6.08%

Edgar Filing: HERSHA HOSPITALITY TRUST - Form 10-K

Floating Rate Debt	\$ 29,226	\$ 7,493	\$ 9,897	\$ 4,617	\$ 182	\$ 2,082	\$ 53,497
Average Interest Rate	2.76%	2.86%	2.74%	3.22%	3.22%	3.22%	3.00%
subtotal	\$ 72,196	\$ 21,833	\$ 41,587	\$ 11,938	\$ 25,265	\$ 482,602	\$ 655,421
Credit Facility	-	-	88,421	-	-	-	\$ 88,421
Average Interest Rate			4.10%				4.10%
TOTAL	\$ 72,196	\$ 21,833	\$ 130,008	\$ 11,938	\$ 25,265	\$ 482,602	\$ 743,842

The table incorporates only those exposures that existed as of December 31, 2008 and does not consider exposure or positions that could arise after that date. As a result, our ultimate realized gain or loss with respect to interest rate fluctuations will depend on the exposures that arise during the future period, prevailing interest rates, and our hedging strategies at that time.

Index

The loan agreements for debt obligations of \$34,100, which mature during the next twelve months, contain extension options that can be exercised at our discretion. The following table illustrates principal repayments under the terms of our refinanced credit facility and assuming the exercise of our extension options:

	2009	2010	2011	2012	2013	Thereafter	Total
Principal repayments due as of December 31, 2008, as noted above	\$ 72,196	\$ 21,833	\$ 130,008	\$ 11,938	\$ 25,265	\$ 482,602	\$ 743,842
Exercise of extension options	(34,100)	-	12,100	22,000	-	-	-
Principal repayments after credit facility refinancing and assuming exercise of extension options	\$ 38,096	\$ 21,833	\$ 142,108	\$ 33,938	\$ 25,265	\$ 482,602	\$ 743,842

For all obligations due within the next twelve months, we anticipate that we will be able to exercise our extension options, refinance, or utilize our credit facility to repay obligations that do not have extension options.

Report of Independent Registered Public Accounting Firm

The Board of Trustees and Stockholders of  
Hersha Hospitality Trust:

We have audited the accompanying consolidated balance sheets of Hersha Hospitality Trust and subsidiaries as of December 31, 2008 and 2007, and the related consolidated statements of operations, shareholders' equity and comprehensive income, and cash flows for each of the years in the three-year period ended December 31, 2008. In connection with our audits of the consolidated financial statements, we have also audited the financial statement schedule as listed in the accompanying index. These consolidated financial statements and financial statement schedule are the responsibility of Hersha Hospitality Trust's management. Our responsibility is to express an opinion on these consolidated financial statements and financial statement schedule based on our audits. We did not audit the financial statements of Mystic Partners, LLC an equity method investee company (See note 3) as of and for the year ended December 31, 2006. The Company's equity in earnings of Mystic Partners, LLC was \$1,691,000 for the year ended December 31, 2006. The 2006 financial statements of Mystic Partners, LLC were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Mystic Partners as of and for the year ended December 31, 2006, is based on the report of the other auditors.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

In our opinion, based on our audits and the report of other auditors related to 2006, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Hersha Hospitality Trust and subsidiaries as of December 31, 2008 and 2007, and the results of their operations and their cash flows for each of the years in the three-year period ended December 31, 2008, in conformity with U.S. generally accepted accounting principles. Also in our opinion, the related financial statement schedule, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly, in all material respects, the information set forth therein.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), Hersha Hospitality Trust and subsidiaries' internal control over financial reporting as of December 31, 2008, based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO), and our report dated March 5, 2009, expressed an unqualified opinion on the effectiveness of the Company's internal control over financial reporting.

## NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Hersha Hospitality Trust (“we” or the “Company”) was formed in May 1998 as a self-administered, Maryland real estate investment trust (“REIT”) for federal income tax purposes.

The Company owns a controlling general partnership interest in Hersha Hospitality Limited Partnership (“HHL” or the “Partnership”), which owns a 99% limited partnership interest in various subsidiary partnerships. Hersha Hospitality, LLC (“HLLC”), a Virginia limited liability company, owns a 1% general partnership interest in the subsidiary partnerships and the Partnership is the sole member of HLLC.

The Partnership formed a wholly owned taxable REIT subsidiary, 44 New England Management Company (“44 New England” or “TRS Lessee”), to lease certain of the Company’s hotels.

On May 5, 2008, we transferred the listing of our common shares of beneficial interest and 8.0% Series A preferred shares of beneficial interest from the American Stock Exchange to the New York Stock Exchange (the “NYSE”). Hersha’s common shares now trade on the NYSE under the ticker symbol “HT” and its Series A preferred shares now trade on the NYSE under the ticker symbol “HT PR A.”

As of December 31, 2008, the Company, through the Partnership and subsidiary partnerships, wholly owned fifty-eight limited and full service hotels. All of the wholly owned hotel facilities are leased to the Company’s taxable REIT subsidiary (“TRS”), 44 New England.

In addition to the wholly owned hotel properties, as of December 31, 2008, the Company owned joint venture interests in another eighteen properties. The properties owned by the joint ventures are leased to a TRS owned by the joint venture or to an entity owned by the joint venture partners and 44 New England. The following table lists the properties owned by these joint ventures:

Joint Venture	Ownership	Property	Location	Lessee/Sublessee
Unconsolidated Joint Ventures				
Inn America Hospitality at Ewing, LLC	50.0%	Courtyard	Ewing/Princeton, NJ	Hersha Inn America TRS Inc.
PRA Glastonbury, LLC	48.0%	Hilton Garden Inn	Glastonbury, CT	Hersha PRA TRS, Inc
PRA Suites at Glastonbury, LLC	48.0%	Homewood Suites	Glastonbury, CT	Hersha PRA LLC
Mystic Partners, LLC	66.7%	Marriott	Mystic, CT	Mystic Partners Leaseco, LLC
	8.8%	Hilton	Hartford, CT	Mystic Partners Leaseco, LLC
	66.7%	Courtyard	Norwich, CT	Mystic Partners Leaseco, LLC

	66.7% Courtyard	Warwick, RI	Mystic Partners Leaseco, LLC
	66.7% Residence Inn	Danbury, CT	Mystic Partners Leaseco, LLC
	66.7% Residence Inn	Mystic, CT	Mystic Partners Leaseco, LLC
	44.7% Residence Inn	Southington, CT	Mystic Partners Leaseco, LLC
	66.7% Springhill Suites	Waterford, CT	Mystic Partners Leaseco, LLC
	15.0% Marriott	Hartford, CT	Mystic Partners Leaseco, LLC
Hiren Boston, LLC	50.0% Courtyard	South Boston, MA	South Bay Boston, LLC
	Holiday Inn		
SB Partners, LLC	50.0% Express	South Boston, MA	South Bay Sandeep, LLC
Metro 29th Street Associates, LLC.	Holiday Inn		Metro 29th Sublessee, LLC
	50.0% Express	New York, NY	LLC
Consolidated Joint Ventures			
Logan Hospitality Associates, LLC	Four Points – 55.0% Sheraton	Revere/Boston, MA	Revere Hotel Group, LLC
LTD Associates One, LLC	75.0% Springhill Suites	Williamsburg, VA	HT LTD Williamsburg One LLC
LTD Associates Two, LLC	75.0% Residence Inn	Williamsburg, VA	HT LTD Williamsburg Two LLC

Mystic Partners, LLC owns an interest in nine hotel properties. Our interest in Mystic Partners, LLC is relative to our interest in each of the nine properties owned by the joint venture as defined in the joint venture's governing documents. Each of the nine properties owned by Mystic Partners, LLC is leased to a separate entity that is consolidated in Mystic Partners Leaseco, LLC which is owned by 44 New England and our joint venture partner in Mystic Partners, LLC.

FOR THE YEARS ENDED DECEMBER 31, 2008, 2007, AND 2006  
[IN THOUSANDS, EXCEPT SHARE AND PER SHARE AMOUNTS]

---

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The properties are managed by eligible independent management companies, including Hersha Hospitality Management, LP ("HHMLP"), HHMLP is owned in part by four of the Company's executive officers, two of its trustees and other third party investors.

Principles of Consolidation and Presentation

The accompanying consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles and include all of our accounts as well as accounts of the Partnership, subsidiary partnerships and our wholly owned TRS Lessee. All significant inter-company amounts have been eliminated.

Consolidated properties are either wholly owned or owned less than 100% by the Partnership and are controlled by the Company as general partner of the Partnership. Properties owned in joint ventures are also consolidated if the determination is made that we are the primary beneficiary in a variable interest entity (VIE) or we maintain control of the asset through our voting interest in the entity. Control can be demonstrated by the ability of the general partner to manage day-to-day operations, refinance debt and sell the assets of the partnerships without the consent of the limited partners and the inability of the limited partners to replace the general partner. Control can be demonstrated by the limited partners if the limited partners have the right to dissolve or liquidate the partnership or otherwise remove the general partner without cause or have rights to participate in the significant decisions made in the ordinary course of the partnership's business.

We evaluate each of our investments and contractual relationships to determine whether they meet the guidelines of consolidation. Our examination consists of reviewing the sufficiency of equity at risk, controlling financial interests, voting rights, and the obligation to absorb expected losses and expected gains, including residual returns. Based on our examination, the following entities were determined to be VIE's: Mystic Partners, LLC; Mystic Partners Leaseco, LLC; Hersha PRA LLC; South Bay Boston, LLC; HT LTD Williamsburg One LLC; HT LTD Williamsburg Two LLC; Metro 29th Sublessee, LLC; Hersha Statutory Trust I; and Hersha Statutory Trust II. Mystic Partners, LLC is a VIE entity, however because we are not the primary beneficiary it is not consolidated by the Company. Our maximum exposure to losses due to our investment in Mystic Partners, LLC is limited to our investment in the joint venture which is \$27,977 as of December 31, 2008. Also, Mystic Partners Leaseco, LLC; Hersha PRA LLC; South Bay Boston, LLC; HT LTD Williamsburg One LLC; HT LTD Williamsburg Two LLC, and Metro 29th Sublessee, LLC lease hotel properties from our joint venture interests and are variable interest entities. These entities are consolidated by the lessors, the primary beneficiaries of each entity. Hersha Statutory Trust I and Hersha Statutory Trust II are VIEs but HHLP is not the primary beneficiary in these entities. The accounts of Hersha Statutory Trust I and Hersha Statutory Trust II are not consolidated with and into HHLP.

We have consolidated the operations of the Logan Hospitality Associates, LLC; LTD Associates One, LLC; and LTD Associates Two, LLC joint ventures because each entity is a voting interest entity and the Company owns a majority voting interest in the venture.

## Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States (GAAP) requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Although we believe the assumptions and estimates we made are reasonable and appropriate, as discussed in the applicable sections throughout these Consolidated Financial Statements, different assumptions and estimates could materially impact our reported results. The current economic environment has increased the degree of uncertainty inherent in these estimates and assumptions and changes in market conditions could impact our future operating results.

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment in Hotel Properties

The Company allocates the purchase price of hotel properties acquired based on the fair value of the acquired real estate, furniture, fixtures and equipment, and intangible assets and the fair value of liabilities assumed, including debt. The Company's investments in hotel properties are carried at cost and are depreciated using the straight-line method over the following estimated useful lives:

Building and Improvements	7 to 40 Years
Furniture, Fixtures and Equipment	5 to 7 Years

The Company periodically reviews the carrying value of each hotel to determine if circumstances exist indicating impairment to the carrying value of the investment in the hotel or that depreciation periods should be modified. If facts or circumstances support the possibility of impairment, the Company will prepare an estimate of the undiscounted future cash flows, without interest charges, of the specific hotel and determine if the investment in such hotel is recoverable based on the undiscounted future cash flows. If impairment is indicated, an adjustment will be made to the carrying value of the hotel to reflect the hotel at fair value.

In accordance with the provisions of Financial Accounting Standards Board Statement No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," a hotel is considered held for sale when management and our independent trustees commit to a plan to sell the property, the property is available for sale, management engages in active program to locate a buyer for the property and it is probable the sale will be completed within a year of the initiation of the plan to sell.

Investment in Unconsolidated Joint Ventures

If it is determined that we do not have a controlling interest in a joint venture, either through our financial interest in a VIE or our voting interest in a voting interest entity, the equity method of accounting is used. Under this method, the investment, originally recorded at cost, is adjusted to recognize our share of net earnings or losses of the affiliates as they occur rather than as dividends or other distributions are received, limited to the extent of our investment in, advances to and commitments for the investee. Pursuant to our joint venture agreements, allocations of profits and losses of some of our investments in unconsolidated joint ventures may be allocated disproportionately as compared to the ownership percentages due to specified preferred return rate thresholds.

The Company periodically reviews the carrying value of its investment in unconsolidated joint ventures to determine if circumstances exist indicating impairment to the carrying value of the investment. When an impairment indicator is present, we will review the recoverability of our investment. If the investment's carrying value is not considered

recoverable, we will estimate the fair value of the investment. Our estimate of fair value takes into consideration factors such as expected future operating income, trends and prospects, as well as the effects of demand, competition and other factors. This determination requires significant estimates by management, including the expected cash flows to be generated by the assets owned and operated by the joint venture. To the extent impairment has occurred, the loss will be measured as the excess of the carrying amount over the fair value of our investment in the unconsolidated joint venture.

#### Development Loans Receivable

The Company provides secured first-mortgage and mezzanine financing to hotel developers. Development loans receivable are recorded at cost and are reviewed for potential impairment at each balance sheet date. The Company's development loans receivable are each secured by various hotel or hotel development properties or partnership interests in hotel or hotel development properties. We have determined that development loans receivable do not constitute a financial interest in a VIE and do not consolidate the operating results of the borrower in our consolidated financial statements. Our evaluation consists of reviewing the sufficiency of the borrower's equity at risk, controlling financial interests in the borrower, voting rights of the borrower, and the borrower's obligation to absorb expected losses and expected gains, including residual returns. The analysis utilized by the Company in evaluating the development loans receivable involves considerable management judgment and assumptions.

A development loan receivable is considered impaired when it becomes probable, based on current information, that the Company will be unable to collect all amounts due according to the loan's contractual terms. The amount of impairment, if any, is measured by comparing the recorded amount of the loan to the present value of the expected cash flows or the fair value of the collateral. If

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

a loan was deemed to be impaired, the Company would record a charge to income for any shortfall.

Cash and Cash Equivalents

Cash and cash equivalents represent cash on hand and in banks plus short-term investments with an initial maturity of three months or less when purchased.

Escrow Deposits

Escrow deposits include reserves for debt service, real estate taxes, and insurance and reserves for furniture, fixtures, and equipment replacements, as required by certain mortgage debt agreement restrictions and provisions.

Hotel Accounts Receivable

Hotel accounts receivable consists primarily of meeting and banquet room rental and hotel guest receivables. The Company generally does not require collateral. Ongoing credit evaluations are performed and an allowance for potential losses from uncollectible accounts is provided against the portion of accounts receivable that is estimated to be uncollectible.

Deferred Costs

Deferred loan costs are recorded at cost and amortized over the terms of the related indebtedness using the effective interest method.

Due from/to Related Parties

Due from/to Related Parties represents current receivables and payables resulting from transactions related to hotel management and project management with affiliated entities. Due from related parties results primarily from advances of shared costs incurred. Due to affiliates results primarily from hotel management and project management fees incurred. Both due to and due from related parties are generally settled within a period not to exceed one year.

Intangible Assets

Intangible assets consist of leasehold intangibles for above-market and below-market value of in-place leases and deferred franchise fees. The leasehold intangibles are amortized over the remaining lease term. Deferred franchise fees are amortized using the straight-line method over the life of the franchise agreement.

Minority Interest

Minority interest in the Partnership represents the limited partner's proportionate share of the equity of the Partnership. Income (Loss) is allocated to minority interest in accordance with the weighted average percentage ownership of the Partnership during the period. At the end of each reporting period the appropriate adjustments to the income (loss) are made based upon the weighted average percentage ownership of the Partnership during the period. Our ownership interest in the Partnership as of December 31, 2008, 2007 and 2006 was 84.5%, 86.4% and 91.4%, respectively. At December 31, 2008, there were 8,746,300 units outstanding with a fair market value of \$26,239 which has been determined using the Company's stock price at December 31, 2008.

HERSHA HOSPITALITY TRUST AND SUBSIDIARIES  
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEARS ENDED DECEMBER 31, 2008, 2007, AND 2006  
[IN THOUSANDS, EXCEPT SHARE AND PER SHARE AMOUNTS]

---

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The Company revalues the minority interest associated with the Partnership units each quarter to maintain a proportional relationship between the book value of equity associated with common shareholders relative to that of the Unit holders since both have equivalent rights and Units are convertible into shares of common stock on a one-for-one basis.

We also maintain minority interests for the equity interest owned by third parties in Logan Hospitality Associates, LLC; LTD Associates One, LLC; and LTD Associates Two, LLC. Third parties own a 45% interest in Logan Hospitality Associates, LLC and a 25% interest in each of LTD Associates One LLC and LTD Associates Two, LLC. We allocate the income (loss) of these joint ventures to the minority interest in consolidated joint ventures based upon the ownership of the entities, preferences in distributions of cash available and the terms of each venture agreement.

Shareholders' Equity

On May 16, 2008, we completed a public offering of 6,000,000 common shares at \$9.90 per share. On May 20, 2008, the underwriters exercised a portion of their over-allotment option with respect to that offering, and we issued an additional 600,000 common shares at \$9.90 per share. Proceeds to us, net of underwriting discounts and commissions and expenses, were approximately \$61,845. Immediately upon closing the offering, we contributed all of the net proceeds of the offering to the Partnership in exchange for additional Partnership interests. The net offering proceeds were used to repay indebtedness.

Stock Based Compensation

We apply Statement of Financial Accounting Standards No. 123(R), "Share-Based Payment" (SFAS 123R) whereby we measure the cost of employee service received in exchange for an award of equity instruments based on the grant-date fair value of the award. The compensation cost is amortized on a straight line basis over the period during which an employee is required to provide service in exchange for the award.

Derivatives and Hedging

The Company's objective in using derivatives is to add stability to interest expense and to manage its exposure to interest rate movements or other identified risks. To accomplish this objective, the Company primarily uses interest rate swaps and interest rate caps as part of its cash flow hedging strategy. Interest rate swaps designated as cash flow hedges involve the receipt of variable-rate amounts in exchange for fixed-rate payments over the life of the agreements without exchange of the underlying principal amount. Interest rate caps designated as cash flow hedges limit the Company's exposure to increased cash payments due to increases in variable interest rates.

HERSHA HOSPITALITY TRUST AND SUBSIDIARIES  
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEARS ENDED DECEMBER 31, 2008, 2007, AND 2006  
[IN THOUSANDS, EXCEPT SHARE AND PER SHARE AMOUNTS]

---

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue Recognition

We recognize revenue and expense for all consolidated hotels as hotel operating revenue and hotel operating expense when earned and incurred. These revenues are recorded net of any sales or occupancy taxes collected from our guests. We participate in frequent guest programs sponsored by the brand owners of our hotels and we expense the charges associated with those programs, as incurred.

Interest income on development loan financing is recorded in the period earned based on the interest rate of the loan and outstanding balance during the period. Development loans receivable and accrued interest on the development loans receivable are evaluated to determine if outstanding balances are collectible. Interest is recorded only if it is determined the outstanding loan balance and accrued interest balance are collectible.

We lease land to hotel developers under fixed lease agreements. In addition to base rents, these lease agreements contain provisions that require the lessee to reimburse real estate taxes, debt service and other impositions. Base rents and reimbursements for real estate taxes, debt service and other impositions are recorded in land lease revenue on an accrual basis. Expenses for real estate taxes, interest expense, and other costs that are reimbursed under the land leases are recorded in land lease expense when they are incurred.

Other revenues consist primarily of fees earned for asset management services provided to hotels we own through unconsolidated joint ventures. Fees are earned as a percentage of the hotels revenue and are recorded in the period earned to the extent of the minority interest ownership.

Income Taxes

The Company qualifies as a REIT under applicable provisions of the Internal Revenue Code (Code), as amended, and intends to continue to qualify as a REIT. In general, under such provisions, a trust which has made the required election and, in the taxable year, meets certain requirements and distributes to its shareholders at least 90% of its REIT taxable income will not be subject to Federal income tax to the extent of the income which it distributes. Earnings and profits, which determine the taxability of dividends to shareholders, differ from net income reported for financial reporting purposes due primarily to differences in depreciation of hotel properties for Federal income tax purposes.

Deferred income taxes relate primarily to the TRS Lessee and are accounted for using the asset and liability method. Under this method, deferred income taxes are recognized for temporary differences between the financial reporting bases of assets and liabilities of the TRS Lessee and their respective tax bases and for their operating loss and tax credit carry forwards based on enacted tax rates expected to be in effect when such amounts are realized or settled. However, deferred tax assets are recognized only to the extent that it is more likely than not that they will be realized based on consideration of available evidence, including tax planning strategies and other factors.

Although the TRS Lessee is expected to operate at a profit for Federal income tax purposes in future periods, the utilization of the deferred tax asset is not determinable. Therefore, any deferred tax assets have been reserved as we have not concluded that it is more likely than not that these deferred tax assets will be realizable.

#### Reclassification

Certain amounts in the prior year financial statements have been reclassified to conform to the current year presentation.

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Recent Accounting Pronouncements

SFAS No. 141R

In December 2007, the FASB issued Statement of Financial Accounting Standards No. 141R, "Business Combinations" ("SFAS No. 141R"). SFAS No. 141R requires most identifiable assets, liabilities, noncontrolling interests, and goodwill acquired in a business combination to be recorded at "full fair value." SFAS No. 141R is effective for fiscal years beginning after December 15, 2008. The Company has not determined whether the adoption of SFAS No. 141R will have a material effect on the Company's financial statements. Adoption of SFAS No. 141R on January 1, 2009 could have a material effect on the Company's financial statements and the Company's future financial results to the extent the Company acquires significant amounts of real estate assets. Costs related to future acquisitions will be expensed as incurred compared to the Company's current practice of capitalizing such costs and amortizing them over the useful life of the acquired assets. In addition, to the extent the Company enters into acquisition agreements with earn-out provisions, a liability may be recorded at the time of acquisition based on an estimate of the earn-out to be paid compared to our current practice of recording a liability for the earn-out when amounts are probable and determinable.

SFAS No. 160

In December 2007, the FASB issued Statement of Financial Accounting Standards No. 160, "Noncontrolling Interests in Consolidated Financial Statements" ("SFAS No. 160"). SFAS No. 160 requires noncontrolling interests (previously referred to as minority interests) to be reported as a component of equity, which changes the accounting for transactions with noncontrolling interest holders. No. 160 is effective for fiscal years beginning after December 15, 2008. The adoption of this statement will result in minority interest to be reclassified as a component of shareholders' equity.

SFAS No. 161

In March 2008, the FASB issued Statement of Financial Accounting Standards No. 161, "Disclosures about Derivative Instruments and Hedging Activities" ("SFAS No. 161"). SFAS No. 161 requires enhanced disclosures about an entity's derivative and hedging activities and thereby improves the transparency of financial reporting. The objective of the guidance is to provide users of financial statements with an enhanced understanding of how and why an entity uses derivative instruments; how derivative instruments and related hedged items are accounted for; and how derivative instruments and related hedged items affect an entity's financial position, financial performance, and cash flows. SFAS No. 161 is effective for fiscal years beginning after November 15, 2008. The Company has determined that the adoption of SFAS No. 161 will not have a material effect on the Company's financial statements.

FSP EITF 03-6-1

In June 2008, the FASB issued FASB Staff Position on Emerging Issues Task Force Issue 03-6, “Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities” (“FSP EITF 03-6-1”). FSP EITF 03-6-1 states that unvested share-based payment awards that contain nonforfeitable rights to dividends or dividend equivalents (whether paid or unpaid) are participating securities and shall be included in the computation of earnings per share (“EPS”) pursuant to the two-class method. FSP EITF 03-6-1 is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those years. All prior-period EPS data presented shall be adjusted retrospectively (including interim financial statements, summaries of earnings, and selected financial data) to conform with the provisions of FSP EITF 03-6-1. Early application is not permitted. We expect that the adoption of this FSP will not impact our financial position or net income.

## NOTE 2 - INVESTMENT IN HOTEL PROPERTIES

Investment in hotel properties consist of the following at December 31, 2008 and 2007:

	December 31, 2008	December 31, 2007
Land	\$ 184,879	\$ 172,061
Buildings and Improvements	802,760	706,038
Furniture, Fixtures and Equipment	121,991	105,979
Construction in Progress	-	1,541
	1,109,630	985,619
Less Accumulated Depreciation	(127,548)	(92,322)
Total Investment in Hotel Properties	\$ 982,082	\$ 893,297

Depreciation expense was \$41,219, \$34,895 and \$20,120 for the years ended December 31, 2008, 2007 and 2006, respectively.

During the year ended December 31, 2008 we acquired the following wholly owned hotel properties:

Hotel	Acquisition Date	Land	Buildings and Improvements	Furniture Fixtures and Equipment	Franchise Fees, Loan Costs, and Leasehold Intangible	Total Purchase Price	Fair Value of Assumed Debt
Duane Street Hotel, TriBeCa, New York, NY	1/4/2008	\$ 8,213	\$ 12,869	\$ 2,793	\$ -	\$ 23,875	\$ -
nu Hotel, Brooklyn, NY	1/14/2008	-	17,343	-	-	17,343	-
TownePlace Suites, Harrisburg,	5/8/2008	1,238	10,182	1,792	42	13,254	-

PA							
Sheraton							
Hotel, JFK							
Airport,							
Jamaica, NY	6/13/2008	-	27,584	4,413	2,893	34,890	23,800
Holiday Inn							
Express,							
Camp Springs,							
MD	6/26/2008	1,629	11,115	931	5	13,680	-
Hampton							
Inn, Smithfield,							
RI	8/1/2008	2,057	9,502	1,156	102	12,817	6,990
Total							
2008 Wholly							
Owned							
Acquisitions		\$ 13,137	\$ 88,595	\$ 11,085	\$ 3,042	\$ 115,859	\$ 30,790

In connection with the acquisitions made during the year ended December 31, 2008, we acquired \$344 in working capital assets and assumed \$662 in working capital liabilities.

Interest rates on debt assumed in the acquisitions of the Sheraton Hotel, JFK Airport, Jamaica, NY and the Hampton Inn, Smithfield, RI were at market rates. In connection with the acquisition of the Sheraton Hotel, the Company assumed a \$23,800 variable rate mortgage which accrued interest at LIBOR plus 2.00% per annum. This debt was repaid in October 2008 with borrowings from our revolving line of credit, and this property now serves as collateral for borrowings under our revolving line of credit. In connection with the acquisition of the Sheraton Hotel, we assumed a lease for the underlying land with a remaining term of approximately 94 years. The remaining lease payments were determined to be below market value and, as a result, \$2,171 of the purchase price was allocated to a leasehold intangible asset. This asset is recorded in intangible assets on the consolidated balance sheet and is being amortized over the remaining life of the lease.

In connection with the acquisition of the Duane Street Hotel, the Company entered into a \$15,000 fixed rate mortgage with interest at 7.15%. The mortgage matures in February 2018 and is interest only for the first three years. Upon acquisition of the nu Hotel, located in Brooklyn, NY, we commenced renovations to fit out the building prior to its opening. Costs associated with the building while it was being renovated, including interest, were capitalized. On July 7, 2008, the property opened and all renovation costs were capitalized to building and improvements and furniture, fixtures and equipment and are being depreciated over the useful lives of these assets. In connection with the acquisition of the nu Hotel the Company entered into an \$18,000 variable rate mortgage debt facility with interest at LIBOR plus 2.00%. Principal of \$13,240 was drawn on the date of acquisition, while the remainder of the balance has been drawn as renovations progressed and as interest was incurred. The mortgage requires the payment of interest only and matures in January of 2011.

Index

## NOTE 2 - INVESTMENT IN HOTEL PROPERTIES (continued)

In connection with the acquisition of the Hampton Inn, Smithfield, RI, the Company assumed a \$6,990 fixed rate mortgage which accrues interest at 6.98%. The mortgage matures in December 12, 2016. In connection with the acquisition of the property, the sellers provided a \$500 note payable which accrued interest at a rate of 7.00% per annum. This note was repaid prior to September 30, 2008.

The Duane Street Hotel, New York, NY was acquired from entities that are owned by certain of the Company's executives and affiliated trustees. Included in the consideration paid for the Duane Street Hotel were 779,585 units of limited partnership interest ("OP Units") in Hersha Hospitality Limited Partnership ("HHLP" or the "Partnership"), our operating partnership subsidiary, valued at \$6,862. The OP Units were issued to certain executives and affiliated trustees of the Company. The Sheraton Hotel, JFK Airport, Jamaica, NY, was acquired from entities that are owned by certain of the Company's executives and affiliated trustees and an unrelated third party. Included in the consideration paid for the Sheraton Hotel were 1,177,306 OP Units in HHLP valued at \$10,596. The OP Units were issued to certain executives and affiliated trustees of the Company and an unrelated third party. The Holiday Inn Express, Camp Springs, MD, was acquired from entities that are owned by certain of the Company's executives and affiliated trustees and an unrelated third party. Included in the consideration paid for the Holiday Inn Express were 540,337 OP Units in HHLP valued at \$4,166. The OP Units were issued to certain executives and affiliated trustees of the Company and an unrelated third party.

Our newly acquired hotels are leased to our wholly-owned taxable REIT subsidiary ("TRS"), 44 New England Management Company and all are managed by Hersha Hospitality Management, LP ("HHMLP"). HHMLP is owned by three of the Company's executives, two of its affiliated trustees and other investors that are not affiliated with the Company.

During the year ended December 31, 2007 we acquired the following wholly owned hotel properties:

Hotel	Acquisition Date	Land	Buildings and Improvements	Furniture Fixtures and Equipment	Franchise Fees and Loan Costs	Total Purchase Price	Fair Value of Assumed Debt
Residence Inn, Langhorne, PA	1/8/2007	\$ 1,463	\$ 12,125	\$ 2,170	\$ 50	\$ 15,808	-
Residence Inn, Carlisle, PA	1/10/2007	1,015	7,511	1,330	89	9,945	7,000
Holiday Inn Express, Chester, NY	1/25/2007	1,500	6,701	1,031	126	9,358	6,700

Hampton Inn							
-							
Seaport, New York, NY	2/1/2007	7,816	19,056	1,729	1,036	29,637	20,202
Hotel 373 and Starbucks Lease - 5th Avenue, New York, NY	6/1/2007	14,239	16,801	3,294	11	34,345	22,000
Nevins Street, Brooklyn, & NY	6/11/2007 7/11/2007	10,650	-	-	269	10,919	6,500
Holiday Inn, Norwich, CT	7/1/2007	1,984	12,037	2,041	67	16,129	8,162
Total 2007 Wholly Owned Acquisitions		\$ 38,667	\$ 74,231	\$ 11,595	\$ 1,648	\$ 126,141	\$ 70,564

Interest rates on debt assumed in the acquisition of the Residence Inn, Carlisle, PA and the Holiday Inn Express & Suites, Chester, NY were at market rates. We assumed \$19,250 in debt with the acquisition of the Hampton Inn-Seaport, New York, NY bearing interest at a fixed rate of 6.36% which was determined on the date of acquisition to be above market rates. We recorded a premium of \$952 related to the assumption of this debt. In the acquisition of Hotel 373 – 5th Avenue, New York, NY, we assumed \$22,000 in variable rate debt bearing interest at LIBOR plus 2.00% and an interest rate cap which effectively caps interest on this debt at 7.75%. The debt matures and the interest rate cap terminates on April 9, 2009. The interest rate cap had a fair value of \$15 on the date of acquisition. We assumed \$6,500 in variable rate debt bearing interest at LIBOR plus 2.70% with the acquisition of a parcel of land on Nevins Street in Brooklyn, NY. This parcel of land is being leased to a hotel developer that is owned in part by certain executives and affiliated trustees of the Company. Lease income on the land includes payment of debt service on the assumed debt. We assumed \$8,162 in debt with the acquisition of the Holiday Inn, Norwich, CT which was repaid on July 30, 2007.

The Residence Inn, Carlisle, PA and the Hampton Inn-Seaport, New York, NY were acquired from entities that are owned by certain of the Company's executives and affiliated trustees. Included in the consideration paid for the Residence Inn, Carlisle, PA

## NOTE 2 - INVESTMENT IN HOTEL PROPERTIES (continued)

were 119,818 OP Units in HHLP valued at \$1,330. The OP Units were issued to sellers that are not affiliated with the Company. Consideration paid for the Hampton Inn-Seaport, New York, NY, included 15,016 OP Units valued at \$168 and an \$8,208 note payable. The OP Units and note payable were issued to certain executives and affiliated trustees of the Company.

On May 24, 2007, the note payable was fully repaid. Interest expense of \$203 was incurred on the notes payable during the year ended December 31, 2007. Included in the consideration paid for the Hotel 373 – 5th Avenue, New York, NY were 1,000,000 OP Units valued at \$12,320. The OP Units were issued to a seller that is not affiliated with the Company. Consideration paid for the Holiday Inn, Norwich, CT, included 659,312 OP Units valued at \$7,800. The OP Units were issued to certain executives and affiliated trustees of the Company.

On January 8, 2007, we closed on the acquisition of the Residence Inn, Langhorne, PA. The purchase agreement for this acquisition contained certain provisions that entitle the seller to an earn-out payment of up to \$1,000 based on the net operating income of the property, as defined in the purchase agreement. The earn-out period expired on July 31, 2008. Based on results for this property through July 31, 2008, a \$1,000 earn-out was paid in October 2008. This additional purchase price was capitalized to land, building and improvements, and furniture, fixtures and equipment and is being depreciated over the useful lives of these assets.

The purchase agreements for some of our acquisitions contain certain provisions that entitle the seller to an earn-out payment based on the Net Operating Income of the properties, as defined in each purchase agreement. The following table summarizes our existing earn-out provisions:

Acquisition Date	Acquisition Name	Maximum Earn-Out Payment Amount	Earn-Out Period Expiration
12/28/2006	Summerfield Suites Portfolio	\$ 6,000,000	December 31, 2009
6/26/2008	Holiday Inn Express, Camp Springs, MD	1,905,000	December 31, 2010
8/1/2008	Hampton Inn & Suites, Smithfield, RI	1,515,000	December 31, 2010

We are currently unable to determine whether amounts will be paid under these three earn-out provisions since significant time remains until the expiration of the earn-out periods. Due to uncertainty of the amounts that will ultimately be paid, no accrual has been recorded on the consolidated balance sheet for amounts due under these earn-out provisions. In the event amounts are payable under these provisions, payments made will be recorded as additional consideration given for the properties.

On February 15, 2006, we acquired an 80% joint venture interest in an entity that owns the Hampton Inn, Philadelphia, PA. The entity that sold the 80% interest was owned, in part, by certain executives and affiliated trustees of the Company. On October 1, 2007, we acquired the remaining 20% interest from our joint venture partners. The following is the allocation of purchase price for each step of the acquisition:

	Acquisition Date	Land	Buildings and Improvements	Furniture Fixtures and Equipment	Franchise Fees and Loan Costs	Total
Acquisition of 80% Interest	2/15/2006	\$ 2,928	\$ 21,062	\$ 3,029	\$ 117	\$ 27,136
Acquisition of Remaining 20% Interest	10/1/2007	744	4,850	790	-	6,384

## NOTE 2 - INVESTMENT IN HOTEL PROPERTIES (continued)

Consideration paid for the remaining 20% interest in the Hampton Inn, Philadelphia, PA consisted of 406,877 OP Units valued at \$4,162, which were issued to certain executives and affiliated trustees of the Company. Prior to the acquisition of the remaining 20% interest, the Hampton Inn, Philadelphia, PA was reported as a consolidated joint venture and its assets and liabilities were included in the Company's consolidated balance sheet and non-controlling interest of \$588 was reported as Minority Interests. As a result of acquiring the remaining 20% interest in the venture, our investment in hotel properties was increased as follows:

	Land	Buildings and Improvements	Furniture Fixtures and Equipment	Total
Purchase Price	\$ 744	\$ 4,850	\$ 790	\$ 6,384
Less:				
Net book value included in consolidated financial statements prior to acquisition	(193)	(2,396)	(220)	(2,809)
Step-up in value included in consolidated financial statements after acquisition	\$ 551	\$ 2,454	\$ 570	\$ 3,575

## Pro Forma Operating Results (Unaudited)

The following condensed pro forma financial data is presented as if all 2008 and 2007 acquisitions had been consummated as of January 1, 2007. Properties acquired without any operating history are excluded from the condensed pro forma operating results. The condensed pro forma information is not necessarily indicative of what actual results of operations of the Company would have been assuming the acquisitions had been consummated at the beginning of the year presented, nor does it purport to represent the results of operations for future periods.

## NOTE 3 — INVESTMENT IN UNCONSOLIDATED JOINT VENTURES

As of December 31, 2008 and December 31, 2007 our investment in unconsolidated joint ventures consisted of the following:

Joint Venture	Hotel Properties	Percent Owned	Preferred Return	December 31,	
				2008	2007
PRA Glastonbury, LLC	Hilton Garden Inn, Glastonbury, CT	48%*	11.0% cumulative	\$ 738	\$ 945
Inn American Hospitality at Ewing, LLC	Courtyard by Marriott, Ewing, NJ	50.0%	11.0% cumulative	736	1,016
Hiren Boston, LLC	Courtyard by Marriott, Boston, MA	50.0%	N/A	3,960	4,148
SB Partners, LLC	Holiday Inn Express, Boston, MA	50.0%	N/A	2,091	2,010
Mystic Partners, LLC	Hilton and Marriott branded hotels in CT and RI	8.8%-66.7%	8.5% non-cumulative	27,977	32,928
PRA Suites at Glastonbury, LLC	Homewood Suites, Glastonbury, CT	48%*	10.0% non-cumulative	2,800	2,808
Metro 29th Street Associates, LLC	Holiday Inn Express, New York, NY	50.0%	N/A	7,981	7,996
				\$ 46,283	\$ 51,851

\* Percent owned was 40.0% through March 31, 2007. On April 1, 2007 our percent owned increased to 48.0%.

On February 1, 2007 we acquired a 50.0% interest in Metro 29th Street Associates, LLC (“Metro 29th”), the lessee of the 228 room Holiday Inn Express-Manhattan, New York, NY, for approximately \$6,817. Metro 29th holds a twenty five year lease with certain renewal options at the end of the lease term. We also acquired an option to acquire a 50% interest in the entity that owns the Holiday Inn Express-Manhattan. The option is exercisable after February 1, 2012 or upon termination of Metro 29th Street’s lease of the hotel and expires at the end of the lease term. The fair value of the option was \$933 at the time of acquisition and is recorded in other assets on our consolidated balance sheet. We issued 694,766 OP Units valued at \$7,747 for our interest in Metro 29th and the option. Metro 29th Street entered

into an agreement with Metro 29th Sublessee, LLC, a joint venture owned by 44 New England and our joint venture partner, to sublease the hotel property. The hotel is managed by HHMLP.

On April 1, 2007, we increased our investment in PRA Glastonbury, LLC, the owner of the Hilton Garden Inn, Glastonbury, CT, and PRA Suites at Glastonbury, LLC, the owner of the Homewood Suites, Glastonbury, CT by acquiring an additional 8% preferred interest from our partner in each venture. The purchase prices for our additional equity interests were \$780 and \$716 for PRA Glastonbury, LLC and PRA Suites at Glastonbury, LLC, respectively.

During the year ended December 31, 2008, we determined that our investment in the Hartford Hilton, part of the Mystic Partners joint venture portfolio, was impaired. As a result, the Company recorded an impairment charge of \$1,890 which is included as impairment of investment in unconsolidated joint venture on the Company's consolidated statements of operations. This charge reduced our investment in the Hartford Hilton to \$0.

## NOTE 3 — INVESTMENT IN UNCONSOLIDATED JOINT VENTURES (continued)

Income from our unconsolidated joint ventures is allocated to us and our joint venture partners consistent with the allocation of cash distributions in accordance with the joint venture agreements. Any difference between the carrying amount of these investments and the underlying equity in net assets is amortized over the expected useful lives of the properties and other intangible assets. Income (loss) recognized during the years ended December 31, 2008, 2007, and 2006 for our Investments in Unconsolidated Joint Ventures is as follows:

	Twelve Months Ended		
	12/31/2008	12/31/2007	12/31/2006
PRA Glastonbury, LLC	\$ 94	\$ 47	\$ (257)
Inn American Hospitality at Ewing, LLC	20	73	160
Hiren Boston, LLC	(189)	304	(167)
SB Partners, LLC	80	191	(24)
Mystic Partners, LLC	(345)	1,612	1,691
PRA Suites at Glastonbury, LLC	(8)	(7)	(2)
Metro 29th Street Associates, LLC	1,721	1,256	-
HT/CNL Metro Hotels, LP	-	-	398
Income from Unconsolidated Joint Venture Investments	1,373	3,476	1,799
Less: Impairment of Investment in Unconsolidated Joint Venture	(1,890)	-	-
Net (Loss) Income from Unconsolidated Joint Venture Investments	\$ (517)	\$ 3,476	\$ 1,799

The SB Partners and Hiren Boston joint venture agreements provided for a 10% preferred return during the first two years of the ventures based on our equity interest in the ventures. The preferred return period expired on July 1, 2007 for Hiren and October 1, 2007 for SB Partners. Subsequent to this initial two year period, cash distributions are made 50% to us and 50% to our joint venture partners in the ventures.

The Mystic Partners joint venture agreement provides for an 8.5% non-cumulative preferred return based on our contributed equity interest in the venture. Cash distributions will be made from cash available for distribution, first, to us to provide an 8.5% annual non-compounded return on our unreturned capital contributions and then to our joint venture partner to provide an 8.5% annual non-compounded return of their unreturned contributions. Any remaining cash available for distribution will be distributed to us 10.5% with respect to the net cash flow from the Hartford Marriott, 7.0% with respect to the Hartford Hilton and 56.7%, with respect to the remaining seven properties. Mystic Partners allocates income to us and our joint venture partner consistent with the allocation of cash distributions in accordance with the joint venture agreements.

Each of the Mystic Partners hotel properties, except the Hartford Hilton, is under an Asset Management Agreement with 44 New England to provide asset management services. Fees for these services are paid monthly to 44 New England and recognized as income in the amount of 1% of operating revenues, except for the Hartford Marriott which is 0.25% of operating revenues.

The Company and our joint venture partner in Mystic Partners jointly and severally guarantee the performance of the terms of a loan to Adriaen's Landing Hotel, LLC, owner of the Hartford Marriott, in the amount of \$50,000, and 315 Trumbull Street Associates, LLC, owner of the Hartford Hilton, in the amount of \$27,000, if at any time during the term of the note and during such time as the net worth of Mystic Partners falls below the amount of the guarantee. We have determined that the probability of incurring loss under this guarantee is remote and the value attributed to the guarantee is de minimis.

## NOTE 3 — INVESTMENT IN UNCONSOLIDATED JOINT VENTURES (continued)

The following tables set forth the total assets, liabilities, equity and components of net income, including the Company's share, related to the unconsolidated joint ventures discussed above as of December 31, 2008 and December 31, 2007 and for the years ended December 31, 2008, 2007, and 2006.

## Balance Sheets

	December 31, 2008	December 31, 2007
Investment in hotel properties, net	\$ 209,468	\$ 229,829
Other Assets	25,334	30,000
<b>Total Assets</b>	<b>\$ 234,802</b>	<b>\$ 259,829</b>
<b>Liabilities and Equity</b>		
Mortgages and notes payable	\$ 219,889	\$ 221,398
Other liabilities	11,636	12,305
<b>Equity:</b>		
Hersha Hospitality Trust	44,938	47,311
Joint Venture Partner(s)	(41,661)	(21,185)
<b>Total Equity</b>	<b>3,277</b>	<b>26,126</b>
<b>Total Liabilities and Equity</b>	<b>\$ 234,802</b>	<b>\$ 259,829</b>

The following table is a reconciliation of the Company's share in the unconsolidated joint ventures to the Company's investment in the unconsolidated joint ventures as presented on the Company's balance sheets as of December 31, 2008 and 2007.

	December 31, 2008	December 31, 2007
Company's Share	\$ 44,938	\$ 47,311
Excess Investment (1)	1,345	4,540
<b>Investment in Joint Venture</b>	<b>\$ 46,283</b>	<b>\$ 51,851</b>

(1) Excess investment represents the unamortized difference between the Company's investment and the Company's share of the equity in the underlying net investment in the partnerships. The excess investment is amortized over the life of the properties, and the amortization is included in Net (Loss) Income from Unconsolidated Joint Venture Investments.

## NOTE 4 - DEVELOPMENT LOANS RECEIVABLE AND LAND LEASES

We have approved first mortgage and mezzanine lending to hotel developers, including entities in which our executive officers and affiliated trustees own an interest, to enable such entities to construct hotels and conduct related improvements on specific hotel projects at interest rates ranging from 10% to 20%. As of December 31, 2008 and December 31, 2007, we had Development Loans Receivable of \$81,500 and \$58,183, respectively. Interest income from development loans was \$7,890, \$6,046, and \$2,487 for the years ended December 31, 2008, 2007, and 2006, respectively. Accrued interest on our development loans receivable was \$2,785 as of December 31, 2008 and \$1,591 as of December 31, 2007.

As of December 31, 2008 and 2007, our development loans receivable consisted of the following:

Hotel Property	Borrower	Principal Outstanding 12/31/2008	Principal Outstanding 12/31/2007	Interest Rate	Maturity Date **
Sheraton - JFK Airport, NY	Risingsam Hospitality, LLC	\$ -	\$ 10,016	10%	October 9, 2008

Total Development Loans Receivable	\$ 81,500	\$ 58,183	

\* Indicates borrower is a related party

\*\* Represents current maturity date in effect. Agreements for our development loans receivable typically allow for two one-year extensions which can be exercised by the borrower if the loan is not in default,

We monitor our portfolio of development loans on an on-going basis to determine collectability of the loan principal and accrued interest. As part of our review we determined that the developer of the Hilton Garden Inn/Homewood Suites – Brooklyn, NY has failed to make payments to the senior lender on the property's first mortgage. After discussions with the developer and the senior lender, we have determined that the fair value of the loan receivable and discount is \$0 as of December 31, 2008. As a result, we incurred an impairment charge for the remaining principal of \$18,748, which is net of unamortized discount in the amount of \$1,252. A receivable for uncollected interest income of \$569, which is net of unrecognized deferred loan fees of \$143, was also recorded as an impairment charge.

Advances and repayments on our development loans receivable consisted of the following for the years ended December 31, 2008, 2007, and 2006:

	2008	2007	2006
Balance at January 1,	\$ 58,183	\$ 47,016	\$ 32,450
New Advances	64,200	65,700	51,616

## NOTE 4 - DEVELOPMENT LOANS RECEIVABLE AND LAND LEASES (continued)

We acquire land and improvements and lease them to entities, including entities in which our executive officers and affiliated trustees own an interest, to enable such entities to construct hotels and related improvements on the leased land. The land is leased under fixed lease agreements which earn rents at a minimum rental rate of 10% of our net investment in the leased property. Additional rents are paid by the lessee for the interest on the mortgage, real estate taxes and insurance. Revenues from our land leases are recorded in land lease revenue on our consolidated statement of operations. All expenses related to the land leases are recorded in operating expenses as land lease expense. Leased land and improvements are included in investment in hotel properties on our consolidated balance sheet. As of December 31, 2008 and 2007 our investment in leased land and improvements consists of the following:

Location	Investment In Leased Properties			Total Investment	Debt	Net Investment	Acquisition/ Lease Date	Lessee
	Land	Improvements	Other					
440 West 41st Street, New York, NY	\$ 10,735	\$ 11,051	\$ 196	\$ 21,982	\$ 12,100	\$ 9,882	7/28/2006	Metro Forty First Street, LLC

## NOTE 5 — OTHER ASSETS

Other Assets consisted of the following at December 31, 2008 and 2007:

	2008	2007
Transaction Costs	\$ 237	\$ 209
Investment in Statutory Trusts	1,548	1,548
Notes Receivable	1,267	2,581
Due from Lessees	1,907	1,986
Prepaid Expenses	3,182	3,402
Interest due on Development Loans to Non-Related Parties	2,024	1,456
Deposits on Property Improvement Plans	149	640
Hotel Purchase Option	933	2,620
Other	2,270	1,591
	\$ 13,517	\$ 16,033

Transaction Costs - Transaction costs include legal fees and other third party transaction costs incurred relative to entering into debt facilities, issuances of equity securities or acquiring interests in hotel properties are recorded in other assets prior to the closing of the respective transactions.

Investment in Statutory Trusts - We have an investment in the common stock of Hersha Statutory Trust I and Hersha Statutory Trust II. Our investment is accounted for under the equity method.

Notes Receivable – Notes receivable as of December 31, 2007 includes a loan made to one of our unconsolidated joint venture partners in the amount of \$1,120 bearing interest at 13.5% with a maturity date of December 27, 2008. Notes receivable as of December 31, 2007 also included \$1,350 extended in November and December 2006 to the purchaser of the Holiday Inn Express, Duluth, GA; Comfort Suites, Duluth, GA; Hampton Inn, Newnan, GA; and the Hampton Inn Peachtree City, GA (collectively the “Atlanta Portfolio”). The Atlanta Portfolio notes receivables were repaid in September 2008. Notes receivable as of December 31, 2008 includes a loan made to one of our unconsolidated joint venture partners in the amount of \$1,267 bearing interest at 11% with a maturity date of December 31, 2009.

Due from Lessees - Due from lessees represent rents due under our land lease and hotel lease agreements.

Prepaid Expense - Prepaid expenses include amounts paid for property tax, insurance and other expenditures that will be expensed in the next twelve months.

Interest due on Development Loans – Interest due on development loans represents interest income due from loans extended to non-related parties that are used to enable such entities to construct hotels and conduct related improvements on specific hotel projects. This excludes interest due on development loans from loans extended to

related parties in the amounts of \$761 and \$135, as of December 31, 2008 and 2007, respectively, which is included in the Due from Related Parties caption on the face of the consolidated balance sheets.

Deposits on Property Improvement Plans – Deposits on property improvement plans consists of amounts advanced to HHMLP that is to be used to fund capital expenditures as part of our property improvement programs at certain properties.

Hotel Purchase Option – We have options to acquire interests in two hotel properties at fixed purchase prices. An option valued at \$1,687 is for the development property related to the impaired development loan receivable noted in Footnote 4. We determined that the fair value of this option as of December 31, 2008 is \$0. Therefore, we recorded an impairment charge for the option value of \$1,687, which is included in Impairment of Development Loan Receivable and Other Asset on the Company's consolidated statements of operations.

## NOTE 6 - DEBT

## Mortgages and Notes Payable

The total mortgages payable balance at December 31, 2008, and December 31, 2007, was \$603,538 and \$567,507, respectively, and consisted of mortgages with fixed and variable interest rates ranging from 4.0% to 8.94%. The maturities for the outstanding mortgages ranged from July 2009 to January 2032. Aggregate interest expense incurred under the mortgages payable totaled \$34,855, \$33,767 and \$20,579 during 2008, 2007 and 2006, respectively. The mortgages are secured by first deeds of trust on various hotel properties with a combined net book value of \$919,815 and \$829,008 as of December 31, 2008, and 2007, respectively. Our indebtedness contains various financial and non-financial event of default covenants customarily found in financing arrangements. Our mortgages payable typically require that specified debt service coverage ratios be maintained with respect to the financed properties before we can exercise certain rights under the loan agreements relating to such properties. If the specified criteria are not satisfied, the lender may be able to escrow cash flow. As of December 31, 2008 we were in compliance with all event of default covenants under the applicable loan agreement.

We have two junior subordinated notes payable in the aggregate amount of \$51,548 to the Hersha Statutory Trusts pursuant to indenture agreements. The \$25,774 note issued to Hersha Statutory Trust I will mature on June 30, 2035, but may be redeemed at our option, in whole or in part, beginning on June 30, 2010 in accordance with the provisions of the indenture agreement. The \$25,774 note issued to Hersha Statutory Trust II will mature on July 30, 2035, but may be redeemed at our option, in whole or in part, beginning on July 30, 2010 in accordance with the provisions of the indenture agreement. The note issued to Hersha Statutory Trust I bears interest at a fixed rate of 7.34% per annum through June 30, 2010, and the note issued to Hersha Statutory Trust II bears interest at a fixed rate of 7.173% per annum through July 30, 2010. Subsequent to June 30, 2010 for notes issued to Hersha Statutory Trust I and July 30, 2010 for notes issued to Hersha Statutory Trust II, the notes bear interest at a variable rate of LIBOR plus 3.0% per annum. Interest expense in amount of \$3,729, \$3,793, and \$3,766 was recorded during the years ended December 31, 2008, 2007, and 2006, respectively.

As part of the acquisition of the Hyatt Summerfield Suites Portfolio, HHLP entered into a management agreement with Lodgeworks, L.P. ("Lodgeworks"). Lodgeworks extended an interest-free loan to HHLP for working capital contributions that are due at either the termination or expiration of the management agreement. Because the interest rate on the note payable is below the market rate of interest at the date of the acquisition, a discount was recorded on the note payable. The discount reduced the principal balances recorded in the mortgages and notes payable and is being amortized over the remaining life of the loan and is recorded as interest expense. The balance of the note payable, net of unamortized discount, was \$274 as of December 31, 2008 and \$253 as of December 31, 2007.

Aggregate annual principal payments for the Company's mortgages and notes payable for the five years following December 31, 2008 and thereafter are as follows:

Year Ending	
December 31,	Amount

2009	72,196
2010	21,833
2011	41,587
2012	11,938
2013	25,265
Thereafter	482,602
Unamortized Discount	(61)
	\$ 655,360

The loan agreements for two debt obligations totaling \$34,100, which mature during the next twelve months, contain extension options that can be exercised at our discretion, effectively extending the maturity of \$12,100 to 2011 and extending the maturity of \$22,000 to 2012. As of December 31, 2008, mortgages and notes payable and borrowings under our line of credit had a carrying value of \$743,842, which exceeded the fair value by approximately \$48,511 due to an increase in market borrowing rates.

NOTE 6 – DEBT (continued)

Revolving Line of Credit

On October 14, 2008, we entered into a Revolving Credit Loan and Security Agreement with T.D. Bank, NA and various other lenders. The credit agreement provides for a revolving line of credit in the principal amount of up to \$175,000, including a sub-limit of \$25,000 for irrevocable stand-by letters of credit. The existing bank group has committed \$135,000, and the credit agreement is structured to allow for an increase of an additional \$40,000 under the line of credit, provided that additional collateral is supplied.

On October 14, 2008, our previous line of credit was terminated and replaced by the new line of credit and as a result all amounts outstanding under our previous credit facility were repaid with borrowings from our new credit facility. Additional borrowings under the line of credit provided by T.D. Bank, NA may be used for working capital and general corporate purposes, including payment of distributions or dividends and for the future purchase of additional hotels. The line of credit expires on December 31, 2011, and, provided no event of default has occurred and remains uncured, we may request that T.D. Bank, NA and the other lenders renew the line of credit for an additional one-year period.

At HHLP's option, the interest rate on the line of credit is either (i) the Wall Street Journal variable prime rate per annum or (ii) LIBOR available for the periods of 1, 2, 3, or 6 months plus two and one half percent (2.5%) per annum. Our interest rate swap agreement entered into on February 1, 2008 which fixed the interest rate on a \$40,000 portion of our existing line of credit remains in place. See Note 8 for more information on this interest rate swap.

The line of credit is collateralized by a first lien-security interest in all existing and future assets of HHLP, a collateral assignment of all hotel management contracts of the management companies in the event of default, and title-insured, first-lien mortgages on the following properties:

- |  |  |
|--|--|
| - Fairfield Inn, Laurel, MD                      | - Holiday Inn Express, Hershey, PA                   |
| - Hampton Inn, Danville, PA                      | - Holiday Inn Express, New Columbia, PA              |
| - Hampton Inn, Philadelphia, PA                  | - Mainstay Suites and Sleep Inn, King of Prussia, PA |
| - Holiday Inn, Norwich, CT                       | - Residence Inn, Langhorne, PA                       |
| - Holiday Inn Express, Camp Springs, MD          | - Residence Inn, Norwood, MA                         |
| - Holiday Inn Express and Suites, Harrisburg, PA | - Sheraton Hotel, JFK Airport, New York, NY          |

The credit agreement providing for the line of credit includes certain financial covenants and requires that we maintain (1) a minimum tangible net worth of \$300,000; (2) a maximum accounts and other receivables from affiliates of \$125,000; (3) annual distributions not to exceed 95% of adjusted funds from operations; (4) maximum variable rate indebtedness to total debt of 30%; and (5) certain financial ratios, including the following:

- a debt service coverage ratio of not less than 1.35 to 1.00;

Edgar Filing: HERSHA HOSPITALITY TRUST - Form 10-K

- a total funded liabilities to gross asset value ratio of not more than 0.67 to 1.00; and
- a EBITDA to debt service ratio of not less than 1.40 to 1.00;

The Company maintained a line of credit balance of \$88,421 at December 31, 2008 and \$43,700 at December 31, 2007. The Company recorded interest expense of \$3,094, \$4,239 and \$2,134 related to the line of credit borrowings, for the years ended December 31, 2008, 2007, and 2006, respectively. The weighted average interest rate on our Line of Credit during the years ended December 31, 2008, 2007, and 2006 was 5.07%, 7.30%, and 7.33%, respectively. As of December 31, 2008 our remaining borrowing capacity under the Line of Credit was \$42,143.

#### Capitalized Interest

We utilize mortgage debt and our revolving line of credit to finance on-going capital improvement projects at our properties. Interest incurred on mortgages and the revolving line of credit that relates to our capital improvement projects is capitalized through the date when the assets are placed in service. For the years ended December 31, 2008 and 2007, we capitalized \$544 and \$389, respectively, of interest expense related to these projects.

NOTE 6 – DEBT (continued)

Deferred Costs

Costs associated with entering into mortgages and notes payable and our revolving line of credit are deferred and amortized over the life of the debt instruments. Amortization of deferred costs is recorded in interest expense. As of December 31, 2008, deferred costs were \$9,157, net of accumulated amortization of \$3,606. Deferred costs were \$8,048, net of accumulated amortization of \$3,252, as of December 31, 2007. Amortization of deferred costs for the years ended December 31, 2008, 2007, and 2006 was \$2,030, \$1,724 and \$944, respectively.

Debt Extinguishment

On July 1, 2008, we settled on the defeasance of loans associated with four of our properties. These mortgage loans had an aggregate outstanding principal balance of approximately \$11,028 as of June 30, 2008. As a result of this extinguishment, we expensed \$1,399 in unamortized deferred costs and defeasance premiums for three of the four properties, which are included in the Debt Extinguishment caption on the consolidated statements of operations for the year ended December 31, 2008 and now serve as collateral for our revolving credit facility entered into on October 14, 2008. The fourth property, the Holiday Inn Conference Center, New Cumberland, PA was sold on October 30, 2008 and \$19 in unamortized deferred costs expensed as a result of the debt extinguishment is included in the Income (Loss) from Discontinued Operations caption on the consolidated statements of operations for the year ended December 31, 2008.

On September 30, 2008, we repaid \$8,188 on our mortgage with M&T Bank for the Holiday Inn Express, Cambridge property as a result of debt refinancing. The new debt of \$11,000 has a fixed interest rate of 6.625% and a maturity date of September 30, 2023. As a result of this extinguishment, we expensed \$17 in unamortized deferred costs, which are included in the Loss on Debt Extinguishment caption on the consolidated statements of operations for the year ended December 31, 2008.

On October 14, 2008, we replaced our previous line of credit with Commerce Bank and various other lenders with a new credit facility with T.D. Bank, NA and various other lenders. As a result of the termination of the existing line of credit, we expensed \$152 in unamortized deferred costs related to the origination of the original Commerce Bank Line of Credit, which are included in the Loss on Debt Extinguishment caption on the consolidated statements of operations for the year ended December 31, 2008.

In January 2006, we replaced our line of credit with Sovereign Bank and various other lenders with a line of credit with Commerce Bank and various other lenders. As a result of this termination, we expensed \$255 in unamortized deferred costs related to the origination of the Sovereign Bank line of credit, which are included in the Loss on Debt Extinguishment caption on the consolidated statements of operations for the year ended December 31, 2006.

On April 7, 2006, we repaid \$21,900 on our mortgage with Merrill Lynch for the Hampton Inn Herald Square property as a result of a debt refinancing. The new debt of \$26,500 has a fixed interest rate of 6.085% and a maturity

date of May 1, 2016. As a result of this extinguishment, we expensed \$534 in unamortized deferred costs and prepayment penalties, which are included in the Loss on Debt Extinguishment caption on the consolidated statements of operations for the year ended December 31, 2006.

On June 9, 2006, we repaid \$34,200 on our mortgage with UBS for the McIntosh Portfolio, as a result of a debt refinancing. The new debt of \$36,300 has a fixed interest rate of 6.33% and maturity date of June 11, 2016 for each of the loans associated with the McIntosh Portfolio. As a result of this extinguishment, we expensed \$374 in unamortized deferred costs, which are included in the Loss on Debt Extinguishment caption on the consolidated statements of operations for the year ended December 31, 2006.

On September 9, 2006, we repaid \$8,287 on our mortgage with South New Hampshire Bank for the Residence Inn, Norwood, using proceeds from a draw on our line of credit with Commerce Bank. In connection with the mortgage assumption, the seller agreed to reimburse all pre-payment related fees associated with this payoff.

On December 27, 2006, we repaid \$12,907 on our mortgage with GE Capital for the Hilton Garden Inn, JFK, NY property as a result of a debt payoff. The new debt of \$21,000 was acquired on March 7, 2007 and has a fixed interest rate of 5.82% and a maturity date of March 1, 2017. As a result of this extinguishment, we expensed \$322 in prepayment penalties, which are included in the Loss on Debt Extinguishment caption on the consolidated statements of operations for the year ended December 31, 2006.

NOTE 7 - COMMITMENTS AND CONTINGENCIES AND RELATED PARTY TRANSACTIONS

We are the sole general partner in our operating partnership subsidiary, HHLP, which is indirectly the sole general partner of the subsidiary partnerships. At December 31, 2008, there were 8,746,300 non-controlling OP Units outstanding with a fair market value of \$26,239, based on the price per share of our common shares on the New York Stock Exchange on such date. These units are redeemable by the unitholders for cash or, at our option, common shares on a one-for-one basis.

Management Agreements

Our wholly owned TRS, 44 New England, engages eligible independent contractors pursuant to REIT qualifications, including HHMLP, as the property managers for hotels it leases from us pursuant to management agreements. Our management agreements with HHMLP provide for five-year terms and are subject to early termination upon the occurrence of defaults and certain other events described therein. As required under the REIT qualification rules, HHMLP must qualify as an “eligible independent contractor” during the term of the management agreements. Under the management agreements, HHMLP generally pays the operating expenses of our hotels. All operating expenses or other expenses incurred by HHMLP in performing its authorized duties are reimbursed or borne by our TRS to the extent the operating expenses or other expenses are incurred within the limits of the applicable approved hotel operating budget. HHMLP is not obligated to advance any of its own funds for operating expenses of a hotel or to incur any liability in connection with operating a hotel. Management agreements with other unaffiliated hotel management companies have similar terms.

For its services, HHMLP receives a base management fee, and if a hotel exceeds certain thresholds, an incentive management fee. The base management fee for a hotel is due monthly and is equal to 3% of gross revenues associated with each hotel managed for the related month. The incentive management fee, if any, for a hotel is due annually in arrears on the ninetieth day following the end of each fiscal year and is based upon the financial performance of the hotels. For the years ended December 31, 2008, 2007 and 2006, base management fees incurred totaled \$6,136, \$5,571 and \$4,361, respectively and are recorded as Hotel Operating Expenses. For the years ended December 31, 2008, 2007 and 2006, incentive management fees of \$363, \$0, and \$0, respectively were recorded as Hotel Operating Expenses.

Franchise Agreements

Our branded hotel properties are operated under franchise agreements assumed by the hotel property lessee. The franchise agreements have 10 to 20 year terms but may be terminated by either the franchisee or franchisor on certain anniversary dates specified in the agreements. The franchise agreements require annual payments for franchise royalties, reservation, and advertising services, and such payments are based upon percentages of gross room revenue. These payments are paid by the hotels and charged to expense as incurred. Franchise fee expense for the years ended December 31, 2008, 2007, and 2006 was \$17,041, \$16,333 and \$9,773 respectively. The initial fees incurred to enter into the franchise agreements are amortized over the life of the franchise agreements.

#### Administrative Services Agreement

Each of the wholly owned hotels and consolidated joint venture hotel properties managed by HHMLP incurs a monthly accounting and information technology fee. Monthly fees for accounting services are \$2 per property and monthly information technology fees are \$0.5 per property. In addition, each of the wholly owned hotels not managed by HHMLP, but for which the accounting is provided by HHMLP incurs a monthly accounting fee of \$3. For the years ended December 31, 2008, 2007 and 2006, the Company incurred accounting fees of \$1,426, \$1,408 and \$1,053, respectively. For the years ended December 31, 2008, 2007 and 2006, the Company incurred information technology fees of \$316, \$276 and \$251, respectively. Administrative services fees, accounting fees, and information technology fees are included in General and Administrative expenses.

#### Capital Expenditure Fees

Beginning April 1, 2006, HHMLP began to charge a 5% fee on all capital expenditures and pending renovation projects at the properties as compensation for procurement services related to capital expenditures and for project management of renovation projects. For the years ended December 31, 2008, 2007 and 2006, we incurred fees of \$271, \$292, and \$155, respectively, which were capitalized in with the cost of fixed asset additions.

NOTE 7 - COMMITMENTS AND CONTINGENCIES AND RELATED PARTY TRANSACTIONS (continued)

Acquisitions from Affiliates

We have entered into an option agreement with each of our officers and affiliated trustees such that we obtain a right of first refusal to purchase any hotel owned or developed in the future by these individuals or entities controlled by them at fair market value. This right of first refusal would apply to each party until one year after such party ceases to be an officer or trustee of our Company. Our Acquisition Committee of the Board of Trustees is comprised solely of independent trustees, and the purchase prices and all material terms of the purchase of hotels from related parties are approved by the Acquisition Committee.

Hotel Supplies

For the years ended December 31, 2008, 2007 and 2006, we incurred expenses of \$1,588, \$2,113 and \$1,686, respectively, for hotel supplies from Hersha Hotel Supply, an unconsolidated related party, which are expenses included in Hotel Operating Expenses. Approximately \$39 and \$149 is included in accounts payable at December 31, 2008 and 2007.

Due From Related Parties

The Due from Related Party balance as of December 31, 2008 and December 31, 2007 was approximately \$4,645 and \$1,256, respectively. The balances primarily consisted of accrued interest due on our development loans, and the remaining due from related party balance are receivables owed from our unconsolidated joint ventures.

Due to Related Parties

The Due to Related Parties balance as of December 31, 2008 and December 31, 2007 was approximately \$1,352 and \$2,025, respectively. The balances consisted of amounts payable to HHMLP for administrative, management, and benefit related fees.

Hotel Ground Rent

During 2003, in conjunction with the acquisition of the Hilton Garden Inn, Edison, NJ, we assumed a land lease from a third party with an original term of 75 years. Monthly payments as determined by the lease agreement are due through the expiration in August 2074. On February 16, 2006, in conjunction with the acquisition of the Hilton Garden Inn, JFK Airport, we assumed a land lease with an original term of 99 years. Monthly payments are determined by the lease agreement and are due through the expiration in July 2100. On June 13, 2008, in conjunction with the acquisition of the Sheraton Hotel, JFK Airport, we assumed a land lease with an original term of 99 years. Monthly payments are determined by the lease agreement and are due through the expiration in November 2103. Each land leases provide rent increases at scheduled intervals. We record rent expense on a straight-line basis

over the life of the lease from the beginning of the lease term. For the years ended December 31, 2008, 2007 and 2006, we incurred \$1,040, \$856, and \$804 respectively, in hotel ground rent from continuing operations under the agreements.

NOTE 8 — FAIR VALUE MEASUREMENTS AND DERIVATIVE INSTRUMENTS

Fair Value Measurements

On January 1, 2008, the Company adopted SFAS No. 157, “Fair Value Measurements,” (“SFAS No. 157”) which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. SFAS No. 157 applies to reported balances that are required or permitted to be measured at fair value under existing accounting pronouncements; the standard does not require any new fair value measurements of reported balances.

SFAS No. 157 emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, SFAS No. 157 establishes a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Levels 1 and 2 of the hierarchy) and the reporting entity’s own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access. Level 2 inputs are inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs may include quoted prices for similar assets and liabilities in active markets, as well as inputs that are observable for the asset or liability (other than quoted prices), such as interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals. Level 3 inputs are unobservable inputs for the asset or liability, which are typically based on an entity’s own assumptions, as there is little, if any, related market activity. In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Company’s assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset or liability.

As of December 31, 2008, the Company’s derivative instruments represented the only financial instruments measured at fair value. Currently, the Company uses derivative instruments, such as interest rate swaps and caps, to manage its interest rate risk. The valuation of these instruments is determined using widely accepted valuation techniques, including discounted cash flow analysis on the expected cash flows of each derivative. This analysis reflects the contractual terms of the derivatives, including the period to maturity, and uses observable market-based inputs.

To comply with the provisions of SFAS No. 157, the Company incorporates credit valuation adjustments to appropriately reflect both its own nonperformance risk and the respective counterparty’s nonperformance risk in the fair value measurements. In adjusting the fair value of its derivative contracts for the effect of nonperformance risk, the Company has considered the impact of netting and any applicable credit enhancements, such as collateral postings, thresholds, mutual puts, and guarantees.

Although the Company has determined that the majority of the inputs used to value its derivatives fall within Level 2 of the fair value hierarchy, the credit valuation adjustments associated with its derivatives utilize Level 3 inputs, such as estimates of current credit spreads, to evaluate the likelihood of default by itself and its counterparties. However, as of December 31, 2008, the Company has assessed the significance of the effect of the credit valuation adjustments on the overall valuation of its derivative positions and has determined that the credit valuation adjustments are not significant to the overall valuation of its derivatives. As a result, the Company has determined that its derivative valuations in their entirety are classified in Level 2 of the fair value hierarchy.

#### Derivative Instruments

On January 15, 2008, we entered into an interest rate swap agreement that fixes the interest rate on the variable rate mortgage, bearing interest at one month U.S. dollar LIBOR plus 2.0%, originated to finance the acquisition of the nu Hotel, Brooklyn, NY. Under the terms of this interest rate swap, we pay fixed rate interest of 3.245% on the \$13,240 notional amount and we receive floating rate interest equal to the one month U.S. dollar LIBOR, effectively fixing our interest at a rate of 5.245%. On January 12, 2009, we entered into a new interest rate swap agreement for this variable rate mortgage, bearing interest at one month U.S. LIBOR plus 2.0%.

---

## NOTE 8 — FAIR VALUE MEASUREMENTS AND DERIVATIVE INSTRUMENTS (continued)

Under the terms of this interest rate swap, we pay fixed rate interest of 1.1925% up to a \$18,000 notional amount and we receive floating rate interest equal to the one month U.S. LIBOR, effectively fixing our interest at a rate of 3.1925%. This interest rate swap matures on January 10, 2011.

On February 1, 2008, we entered into an interest rate swap agreement that fixes the interest rate on a \$40,000 portion of our floating revolving credit facility with Commerce Bank, which bears interest at one month U.S. dollar LIBOR plus 2.0%. Under the terms of this interest rate swap, we pay fixed rate interest of 2.6275% on the \$40,000 notional amount and we receive floating rate interest equal to the one month U.S. dollar LIBOR, effectively fixing our interest on this portion of the line of credit at a rate of 4.6275%. This interest rate swap agreement matured on February 1, 2009, and we did not replace it with another agreement.

On December 31, 2008, we entered into an interest rate swap agreement that fixes the interest rate on a variable rate mortgage, bearing interest at one month U.S. dollar LIBOR plus 3.0%, originated upon the refinance of the debt associated with the Hilton Garden Inn, Edison, NJ. Under the terms of this interest rate swap, we pay fixed rate interest of 1.37% and we receive floating rate interest equal to the one month U.S. dollar LIBOR, effectively fixing our interest at a rate of 4.37%. The notional amount amortizes in tandem with the amortization of the underlying hedged debt and is \$7,300 as of December 31, 2008.

We maintain an interest rate cap that effectively fixes interest payments when LIBOR exceeds 5.75% on our debt financing Hotel 373, New York, NY. The notional amount of the interest rate cap is \$22,000 and equals the principal of the variable interest rate debt being hedged.

We maintain an interest rate swap that fixes our interest rate on a variable rate mortgage on the Sheraton Four Points, Revere, MA. Under the terms of this interest rate swap, we pay fixed rate interest of 4.73% of the notional amount and we receive floating rate interest equal to the one month U.S. dollar LIBOR. The notional amount amortizes in tandem with the amortization of the underlying hedged debt and is \$7,619 as of December 31, 2008. We entered into this interest rate swap in July of 2004 and designated it as a cash flow hedge in November of 2004 when the fair value of the swap was a liability of \$342, causing ineffectiveness in the hedge relationship. Prior to January 1, 2008, the hedge relationship was deemed to be effective and the change in fair value related to the effective portion of the interest rate swap was recorded in Accumulated Other Comprehensive Income on the Balance Sheet. Subsequent to January 1, 2008, the hedge relationship was no longer deemed to be effective. The change in fair value of this interest rate swap for the year ended December 31, 2008 was a loss of \$52 and was recorded in Interest Expense on the Statement of Operations.

At December 31, 2008 and December 31, 2007, the fair value of the interest rate swaps and cap were:

Date of Transaction	Hedged Debt	Type	Maturity Date	December 31, 2008	December 31, 2007
July 2, 2004		Swap	July 23, 2009	\$ (172)	\$ (120)

Variable Rate Mortgage - Sheraton Four Points, Revere, MA					
Variable Rate Mortgage - Hotel					
July 1, 2007	373, New York, NY	Cap	April 9, 2009	-	1
January 15, 2008	Variable Rate Mortgage - Nu Hotel, Brooklyn, NY	Swap	January 12, 2009	(6)	-
February 1, 2008	Revolving Variable Rate Credit Facility	Swap	February 1, 2009	(74)	-
December 31, 2008	Variable Rate Mortgage - Hilton Garden Inn, Edison, NJ	Swap	January 1, 2011	(25)	
				\$ (277)	\$ (119)

The fair value of the derivative instrument is included in Accounts Payable, Accrued Expenses and Other Liabilities at December 31, 2008 and December 31, 2007.

The change in fair value of derivative instruments designated as cash flow hedges was a loss of \$86, \$256, and \$94 for the years ended December 31, 2008, 2007, and 2006, respectively. These unrealized losses were reflected on our Balance Sheet in Accumulated Other Comprehensive Income. Hedge ineffectiveness of \$1, \$15, and \$14 on cash flow hedges was recognized in interest expense for the years ended December 31, 2008, 2007, and 2006, respectively.

Amounts reported in accumulated other comprehensive income related to derivatives will be reclassified to interest expense as interest payments are made on the Company's variable-rate debt. The change in net unrealized gains/losses on cash flow hedges reflects a reclassification of \$13 of net unrealized gains/losses from accumulated other comprehensive income as a reduction to interest expense during 2008. During 2009, the Company estimates that an additional \$37 will be reclassified as a reduction to interest expense.

## NOTE 9 - SHARE-BASED PAYMENTS

In May 2008, the Company established the Hersha Hospitality Trust 2008 Equity Incentive Plan (the “2008 Plan”) for the purpose of attracting and retaining executive officers, employees, trustees and other persons and entities that provide services to the Company. Prior to the 2008 Plan, the Company made awards pursuant to the 2004 Equity Incentive Plan (the “2004 Plan”). Upon approval of the 2008 Plan by the Company’s shareholders on May 22, 2008, the Company terminated the 2004 Plan. Termination of the 2004 Plan did not have any effect on equity awards and grants previously made under that plan.

## Executives

Compensation expense related to restricted stock awards issued to executives of the Company of \$1,411, \$766 and \$293 was incurred during the years ended December 31, 2008, 2007 and 2006, respectively, related to the restricted share awards and is recorded in general and administrative expense on the statement of operations. Unearned compensation as of December 31, 2008 and 2007 was \$4,118 and \$3,008, respectively. The following table is a summary of all of the grants issued to executives under the 2004 and 2008 Plans:

Original Issuance Date	Shares Issued	Share Price on date of grant	Vesting Period	Vesting Schedule	Shares Vested December 31,		Unearned Compensation December 31,	
					2008	2007	2008	2007
June 1, 2005	71,000	\$ 9.60	4 years	25%/year	53,250	35,500	\$ 71	\$ 242
June 1, 2006	89,500	\$ 9.40	4 years	25%/year	44,750	22,375	298	508
June 1, 2007	214,582	\$ 12.32	4 years	25%/year	53,645	-	1,597	2,258
June 2, 2008	278,059	\$ 8.97	4 years	25%/year	-	-	2,130	-
September 30, 2008	3,616	\$ 7.44	1-4 years	25-100%/year	-	-	22	-
	656,757				151,645	57,875	\$ 4,118	\$ 3,008

## Trustees

Compensation expense related to stock awards issued to the Board of Trustees of \$91, \$86, and \$45 was incurred during the years ended December 31, 2008, 2007, and 2006. All shares issued to the Board of Trustees are immediately vested. The following table is a summary of all of the grants issued to trustees under the 2004 and 2008 Plans:

Date of Award Issuance	Shares Issued	Share Price on date of grant
March 1, 2005	2,095	\$ 11.97
January 3, 2006	5,000	9.12
January 2, 2007	4,000	11.44
July 2, 2007	4,000	12.12
January 2, 2008	4,000	9.33
June 2, 2008	6,000	8.97
January 2, 2009	12,500	2.96
	37,595

## NOTE 10 - EARNINGS PER SHARE

The following table is a reconciliation of the income (numerator) and weighted average shares (denominator) used in the calculation of basic earnings per common share and diluted earnings per common share in accordance with SFAS No. 128, Earnings Per Share. The computation of basic and diluted earnings per share is presented below.

	Year Ended December 31,		
	2008	2007	2006
Numerator:			
BASIC			
(Loss) income from Continuing Operations	\$ (11,240)	\$ 13,737	\$ 4,119
Dividends paid on unvested restricted shares	(329)	(197)	(95)
Distributions to 8.0% Series A Preferred Shareholders	(4,800)	(4,800)	(4,800)
(Loss) income from continuing operations applicable to common shareholders	(16,369)	8,740	(776)
Income from Discontinued Operations	2,432	4,110	979
Net (Loss) income applicable to common shareholders	\$ (13,937)	\$ 12,850	\$ 203
DILUTED*			
(Loss) income from Continuing Operations	\$ (11,240)	\$ 13,737	\$ 4,119
Dividends paid on unvested restricted shares	(329)	(197)	(95)
Distributions to 8.0% Series A Preferred Shareholders	(4,800)	(4,800)	(4,800)
(Loss) income from continuing operations applicable to common shareholders	(16,369)	8,740	(776)
Income from Discontinued Operations	2,432	4,110	979
Net (Loss) income applicable to common shareholders	\$ (13,937)	\$ 12,850	\$ 203
Denominator:			
Weighted average number of common shares - basic	45,184,127	40,718,724	27,118,264
Effect of dilutive securities:			
Unvested stock awards	—**	—**	—**
Weighted average number of common shares - diluted*	45,184,127	40,718,724	27,118,264

## NOTE 10 - EARNINGS PER SHARE (continued)

	Year Ended December 31,		
	2008	2007	2006
Earnings Per Share:			
BASIC			
(Loss) income from continuing operations applicable to common shareholders	\$ (0.36)	\$ 0.22	\$ (0.03)
Income from Discontinued Operations	\$ 0.05	\$ 0.10	\$ 0.04
Net (loss) income applicable to common shareholders	\$ (0.31)	\$ 0.32	\$ 0.01
DILUTED*			
(Loss) income from continuing operations applicable to common shareholders	\$ (0.36)	\$ 0.22	\$ (0.03)
Income from Discontinued Operations	\$ 0.05	\$ 0.10	\$ 0.04
Net (loss) income applicable to common shareholders	\$ (0.31)	\$ 0.32	\$ 0.01

\* Income allocated to minority interest in the Partnership has been excluded from the numerator and OP Units have been omitted from the denominator for the purpose of computing diluted earnings per share since the effect of including these amounts in the numerator and denominator would have no impact. Weighted average OP Units outstanding for years ended December 31, 2008, 2007 and 2006 were 8,034,737, 5,464,670 and 3,554,361, respectively.

\*\* Unvested stock awards have been omitted from the denominator for the purpose of computing diluted earnings per share for the years ended December 31, 2008, 2007 and 2006 since the effect of including these awards in the denominator would be anti-dilutive to income from continuing operations applicable to common shareholders.

NOTE 12 - DISCONTINUED OPERATIONS

We follow the provisions of SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," which requires, among other things, that the operating results of certain real estate assets which have been sold, or otherwise qualify as held for disposition (as defined by SFAS No. 144), be included in discontinued operations in the statements of operations for all periods presented.

In September of 2005, our Board of Trustees authorized management of the Company to sell the Holiday Inn Express, Hartford, CT. The operating results for this hotel were reclassified to discontinued operations in the statements of operations in the statements of operations for the year ended December 31, 2006. The hotel was acquired by the Company in January 2004 and was sold on April 12, 2006. Proceeds from the sale were \$3,600, and the gain on the sale was \$497, of which \$61 was allocated to minority interest in HHLP. During 2004, in conjunction with the acquisition of the Holiday Inn Express, Hartford, CT, we assumed a land lease from a third party with an original term of 99 years. Monthly payments as determined by the lease agreement were due through the expiration in September 2101. Subsequent to the sale of this property in the second quarter of 2006, we did not incur further lease expense. For the year ended December 31, 2006, we incurred \$85 in hotel ground rent under this agreement, which have been reclassified to discontinued operations in the statement of operations. The lease was assumed by the purchaser of this property.

In March of 2006, our Board of Trustees authorized management of the Company to sell four properties located in metropolitan Atlanta, Georgia. These four properties are the Holiday Inn Express, Duluth, Comfort Suites, Duluth, Hampton Inn, Newnan and the Hampton Inn Peachtree City. The operating results for these hotels were reclassified to discontinued operations in the statements of operations for the year ended December 31, 2006. These hotels were acquired by the Company in April and May 2000 and were sold during November and December 2006. Proceeds from the sales were \$18,100, and the gain on the sale was \$290, of which \$33 was allocated to minority interest in HHLP. Notes receivable in the aggregate amount of \$1,350 were received as part of the proceeds of the sale of the Atlanta Portfolio and were repaid in September 2008.

In September of 2007, our Board of Trustees authorized management of the Company to sell the Hampton Inn, Linden, NJ (Hampton Inn) and Fairfield Inn, Mt. Laurel, NJ (Fairfield Inn). The Company acquired the Hampton Inn in October 2003 and the Fairfield Inn in January 2006. The operating results for these hotels have been reclassified to discontinued operations in the statements of operations for the years ended December 31, 2007 and 2006. Proceeds from the sales were \$29,500, and the gain on the sale was \$4,248, of which \$503 was allocated to minority interest in HHLP.

In October 2008, the Company sold the Holiday Inn Conference Center, New Cumberland, PA (Holiday Inn). Beginning on July 1, 2006, the Company leased this hotel to an unrelated party and the lease agreement contained a purchase provision by the lessee. Prior to July 1, 2006, this hotel was leased to our wholly owned TRS and operating revenues and expenses of the hotel were recorded in hotel operating revenues and hotel operating expenses. The operating results for this hotel have been reclassified to discontinued operations in the statements of operations for the years ended December 31, 2008, 2007 and 2006. Proceeds from the sale of this property were

\$6,456 and the gain on this sale was \$2,888, of which \$436 was allocated to minority interest in HHL P.

We allocate interest and capital lease expense to discontinued operations for debt that is to be assumed or that is required to be repaid as a result of the disposal transaction. We allocated \$145, \$1,276 and \$2,215 of interest and capital lease expense to discontinued operations for the years ended December 31, 2008, 2007, and 2006, respectively.

NOTE 13 - SHAREHOLDERS' EQUITY AND MINORITY INTEREST IN PARTNERSHIP

Common Shares

The Company's common shares are duly authorized, fully paid and non-assessable. Common shareholders are entitled to receive dividends if and when authorized and declared by the Board of Trustees of the Company out of assets legally available and to share ratably in the assets of the Company legally available for distribution to its shareholders in the event of its liquidation, dissolution or winding up after payment of, or adequate provision for, all known debts and liabilities of the Company.

Preferred Shares

The Declaration of Trust authorizes our Board of Trustees to classify any unissued preferred shares and to reclassify any previously classified but unissued preferred shares of any series from time to time in one or more series, as authorized by the Board of Trustees. Prior to issuance of shares of each series, the Board of Trustees is required by Maryland REIT Law and our Declaration of Trust to set for each such series, subject to the provisions of our Declaration of Trust regarding the restriction on transfer of shares of beneficial interest, the terms, the preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each such series. Thus, our Board of Trustees could authorize the issuance of additional preferred shares with terms and conditions which could have the effect of delaying, deferring or preventing a transaction or a change in control in us that might involve a premium price for holders of common shares or otherwise be in their best interest.

Common Partnership Units

Units of interest in our limited partnership, or OP Units are issued in connection with the acquisition of wholly owned hotels and joint venture interests in hotel properties. The total number of OP Units outstanding as of December 31, 2008, 2007 and 2006 was 8,746,300; 6,424,915; and 3,835,586, respectively. These units can be converted to common shares which are issuable to the limited partners upon exercise of their redemption rights. The number of shares issuable upon exercise of the redemption rights will be adjusted upon the occurrence of stock splits, mergers, consolidation or similar pro rata share transactions, that otherwise would have the effect of diluting the ownership interest of the limited partners or our shareholders. During 2008 and 2007, 175,843 and 306,460 common units were converted to Class A Common Shares, respectively.

## NOTE 14 - INCOME TAXES

The Company has elected to be taxed as a REIT under Sections 856 through 860 of the Code commencing with its taxable year ended December 31, 1999. To qualify as a REIT, the Company must meet a number of organizational and operational requirements, including a requirement that it currently distribute at least 90% of its adjusted taxable income to its shareholders. It is the Company's current intention to adhere to these requirements and maintain the Company's qualification for taxation as a REIT. As a REIT, the Company generally will not be subject to federal corporate income tax on that portion of its net income that is currently distributed to shareholders. If the Company fails to qualify for taxation as a REIT in any taxable year, it will be subject to federal income taxes at regular corporate rates (including any applicable alternative minimum tax) and may not be able to qualify as a REIT for four subsequent taxable years. Even if the Company qualifies for taxation as a REIT, the Company may be subject to certain state and local taxes on its income and property, and to federal income and excise taxes on its undistributed taxable income.

Taxable income from non-REIT activities managed through taxable REIT subsidiaries is subject to federal, state and local income taxes. 44 New England Company, a 100% owned taxable REIT subsidiary, and Revere Hotel Group LLC, a 55% owned taxable REIT subsidiary, (collectively "Consolidated TRS") are both entities subject to income taxes at the applicable federal, state and local tax rates.

In 2008, 2007 and 2006, 44 New England Management Company generated net operating losses (income) of \$2,554, \$707 and (\$420), respectively. In 2008, 2007 and 2006, Revere Hotel Group LLC generated net operating losses of \$265, \$313, \$521, respectively. The Company did not record an income tax expense (benefit) for the net operating losses generated in 2008, 2007 or 2006.

There was no income tax expense (benefit) recognized by the Consolidated TRS for 2008, 2007 and 2006.

The provision for income taxes differs from the amount of income tax determined by applying the applicable U.S. statutory federal income tax rate to pretax income as a result of the following differences:

	For the year ended December 31,		
	2008	2007	2006
Computed "Expected" federal tax expense (benefit) of TRS, at 35%	\$ (1,251)	\$ (270)	\$ (451)
State income taxes, net of federal income tax effect	(181)	(66)	(6)
Changes in valuation allowance	1,432	336	457
Total income tax expense	\$ -	\$ -	\$ -

The components of consolidated TRS's deferred tax assets as of December 31, 2008 and 2007 were as follows:

Edgar Filing: HERSHA HOSPITALITY TRUST - Form 10-K

	as of December 31,	
	2008	2007
Deferred tax assets:		
Net operating loss carryforward	\$ 3,185	\$ 1,743
Depreciation	(29)	(19)
Net deferred tax assets	3,156	1,724
Valuation allowance	(3,156)	(1,724)
Deferred tax assets	\$ -	\$ -

In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. Based on the level of historical taxable income and projections for future taxable income over the periods in which the deferred tax assets are deductible, management believes it is more likely than not that the Consolidated TRS will not realize the benefits of these deferred tax assets at December 31, 2008.

## NOTE 14 - INCOME TAXES (continued)

Earnings and profits, which will determine the taxability of dividends to shareholders, will differ from net income reported for financial reporting purposes due to the differences for federal tax purposes in the estimated useful lives and methods used to compute depreciation. The following table sets forth certain per share information regarding the Company's common and preferred share distributions for the years ended December 31, 2008, 2007 and 2006.

	2008	2007	2006
Preferred Shares			
- 8% Series A			
Ordinary income	86.46%	81.98%	83.05%

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

None.

Item 9A. Controls and Procedures

(a) Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, we conducted an evaluation of our disclosure controls and procedures, as such term is defined under Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act), as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures as of the end of the period covered by this report are functioning effectively to provide reasonable assurance that the information required to be disclosed by us in reports filed under the Securities Exchange Act of 1934 is (i) recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and (ii) accumulated and communicated to our management, including the Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding disclosure. A control system cannot provide absolute assurance, however, that the objectives of the controls system are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.

(b) Management's Annual Report on Internal Control Over Financial Reporting

The Company's management is responsible for establishing and maintaining adequate internal control over financial reporting, as defined within Exchange Act Rules 13a-15(f) and 15d-15(f). Internal control over financial reporting refers to the processes designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles, and includes policies and procedures that:

- pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

A material weakness in internal control over financial reporting is a significant deficiency, or a combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the annual or interim financial statements will not be prevented or detected.

Management conducted an evaluation of the effectiveness of the Company's internal control over financial reporting based on the criteria contained in Internal Control — Integrated Framework issued by the Committee of Sponsoring Organizations (COSO) of the Treadway Commission as of December 31, 2008. Based on that evaluation,

management has concluded that, as of December 31, 2008, the Company's internal control over financial reporting was effective based on those criteria. The effectiveness of our internal control over financial reporting as of December 31, 2008 has been audited by KPMG LLP, an independent registered public accounting firm, as stated in their report which is included herein.

(c) Audit Report of Independent Registered Public Accounting Firm

Report of Independent Registered Public Accounting Firm

The Board of Trustees and Shareholders of  
Hersha Hospitality Trust:

We have audited Hersha Hospitality Trust and subsidiaries' internal control over financial reporting as of December 31, 2008, based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Hersha Hospitality Trust's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audit also included performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, Hersha Hospitality Trust maintained, in all material respects, effective internal control over financial reporting as of December 31, 2008, based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of Hersha Hospitality Trust and subsidiaries as of December 31, 2008 and 2007, and the related consolidated statements of operations, shareholders' equity and comprehensive income, and cash

flows for each of the years in the three-year period ended December 31, 2008, and our report dated March 5, 2009 expressed an unqualified opinion on those consolidated financial statements.

/s/ KPMG LLP

Philadelphia, Pennsylvania  
March 5, 2009

(d) Changes in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting during the quarter ended December 31, 2008, that have materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
