REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the 401(k) Plan Investment Committee

Beacon Roofing Supply, Inc.

Herndon, Virginia

We have audited the accompanying statements of net assets available for benefits (modified cash basis) of the Beacon Sales Acquisition, Inc. 401(k) Profit Sharing Plan (the “Plan”) as of September 30, 2016 and 2015, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended. These financial statements are the responsibility of the Plan’s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 2, the financial statements and supplemental schedule have been prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits (modified cash basis) of the Beacon Sales Acquisition, Inc. 401(k) Profit Sharing Plan as of September 30, 2016 and 2015, and the changes in net assets available for benefits (modified cash basis) for the years then ended, in accordance with the modified cash basis of accounting, as described in Note 2.

The accompanying supplemental Schedule of Assets (Held at End of Year) (modified cash basis) as of September 30, 2016 has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental schedule is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental schedule reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental schedule. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole.

BEACON SALES ACQUISITION, INC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements (Modified Cash Basis)

1. Description of Plan

The following description of Beacon Sales Acquisition, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document, including the Adoption Agreement, for more complete information. The Plan Sponsor is Beacon Sales Acquisition, Inc. (the “Company”).

General – The Plan is a defined contribution plan covering all non-union employees of the Company who have completed ninety (90) days of service with the Company and are age twenty-one (21) or older. Eligible participants are automatically enrolled in the Plan once they have attained 21 years of age and have completed 90 days of service unless they affirmatively decline to participate. Employees covered by a collective bargaining agreement are generally excluded from participation. All employees who are non-resident aliens are also excluded from participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Transfer of Assets to the Plan – In October 2015, the Company acquired Roofing Supply Group. In December 2015, the Company acquired RCI Roofing Supply, Roofing and Insulation Supply and Statewide Wholesale. In April 2016, the Company acquired Atlantic Building Products and Lyf-Tym Building Products. In May 2016 the Company acquired Fox Brothers Company. In June 2016, the Company acquired Woodfeathers, Inc. Employees of these companies became eligible to participate in the Plan, and could voluntarily elect to rollover account balances from qualified plans; employees elected to rollover \$21,968,361 for the year ended September 30, 2016. Participants were also allowed to rollover loan balances into the Plan, resulting in total loan transfers of \$724,970 and \$292,934 into the Plan, during the years ended September 30, 2016 and 2015, respectively.

Contributions – Each year, participants may contribute up to one hundred percent (100%) of their pre-tax or after-tax annual compensation as defined in the Plan, subject to Internal Revenue Code (IRC) limitations (\$18,000 for 2016). Individuals who are age fifty (50) or older, and who contribute the maximum federal limit, are eligible to make an additional contribution called a “catch-up contribution.” The allowed maximum catch-up contribution for 2016 was \$6,000. The Plan has an automatic enrollment feature; if automatically enrolled, a participant’s deferral is set at 6% of eligible compensation until changed by the participant, or the participant elects not to participate in the Plan. Participants may also contribute amounts representing rollover distributions from other qualified plans.

All Company contributions are determined at the discretion of the Company's board of directors. For the years ended September 30, 2016 and 2015, the Company made matching contributions equal to fifty percent (50%) of the first 6% of a participant's elective contribution based on pre-tax or after-tax eligible compensation. Additional amounts associated with profit sharing were contributed in 2015 to participants with a minimum of 1,000 hours of service within the one year of service and who were also employed on the last day of the Plan year (unless the participant terminated during the year due to retirement, death or disability). These discretionary profit-sharing contributions, including benefits from forfeitures totaled \$939,503 for the year ending September 30, 2015. Contributions are subject to certain IRC limitations. There were no profit-sharing contributions for the year ended September 30, 2016.

Participant Accounts – Each participant's account is credited with the participant's contributions and allocations of a) the Company's contributions, b) Plan earnings, and c) Plan expenses. Allocations are based upon participant compensation, contributions and/or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers twenty-nine (29) mutual funds, one (1) common/collective trust fund, and the stock of the Company as investment options. The investment options offered by the Plan provide for a range of investment objectives, including growth, growth and income, and income and capital stability. The Plan includes provisions for voting shares of Company stock. Participants may invest up to a limit of 15% of their account balance in Company stock.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributed portion of their accounts, plus the earnings thereon, is based on years of service. A participant is one hundred percent (100%) vested in both the discretionary profit-sharing and matching Company contributions after six (6) years of credited service (minimum 1,000 hours per Plan year). Vesting is accelerated upon termination due to early or normal retirement, death or disability. The following represents the vesting schedules for both the discretionary profit-sharing and matching Company contributions:

BEACON SALES ACQUISITION, INC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements (Modified Cash Basis)

1. Description of Plan – (continued)

Years of Service	Vested Percentage	
Less than two (2) years	0	%
Two (2) years	20	%
Three (3) years	40	%
Four (4) years	60	%
Five (5) years	80	%
Six (6) years	100	%

Participant Loans – Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 (reduced by the highest outstanding balance of any prior loans from the Plan during the prior one-year period), or fifty percent (50%) of their vested account balance. For the year ended September 30, 2016, the interest rates charged on participant loans ranged from 3.25% to 9.50%. Principal and interest amounts are paid through payroll deductions. Participants are charged a fee when taking out a loan. For the years ended September 30, 2016 and 2015, there were fees of \$37,315 and \$30,940 charged to loan recipients, respectively, which are included in administrative expenses on the statements of changes in net assets available for benefits.

Payment of Benefits – Benefits are payable in a lump sum upon separation from service, death or disability. In-service distributions are available for hardship, or attainment of age 59½. In any event, payment of benefits must commence at the later of when the participant reaches age 70½ or termination of employment (except benefit payments must commence at age 70½ if the participant owns 5% or more of the Company's outstanding stock). Participants may also receive distributions from rollovers of prior qualified plans.

The Plan also provides for involuntary distribution of account balances for terminated participants with account balances of less than \$1,000. Participant accounts of terminated participants with balances between \$1,000 and \$5,000 are automatically rolled into an IRA account if the participant does not elect payment.

Forfeitures – Forfeitures of the non-vested portion of participant accounts will be first used to reduce Company matching contributions and then discretionary profit-sharing contributions. Total forfeitures of \$613,014 and \$487,513 were used in a combination of these ways in the years ended September 30, 2016 and 2015, respectively. At

September 30, 2016 and 2015, the balances in the forfeitures account totaled \$745,240 and \$699,577, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting – The Plan follows the modified cash basis of accounting, which is the cash basis of accounting except for investments, which are adjusted to fair value. The modified cash basis of accounting utilizes the cash basis of accounting while carrying investments at fair value and recording investment income (loss) on the accrual basis. Consequently, contributions are recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligation is incurred.

Use of Estimates – The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investments – Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date (an exit price). (See Note 3 for discussion of fair value measurements.)

Purchases and sales of securities are recorded on a settlement date basis. Interest income and dividend income are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2016 or 2015. If a participant ceases to make loan repayments and the Plan Sponsor deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

BEACON SALES ACQUISITION, INC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements (Modified Cash Basis)

2. Summary of Significant Accounting Policies – (continued)

Administrative Expenses - Expenses incurred in the administration of the Plan are paid directly by the Company, except those relating to recordkeeping fees on the participant loans and processing fees for certain benefit payments that are allocated to the respective individual participants' accounts.

Benefits paid to participants - Benefits are recorded when paid.

Recently Issued Accounting Pronouncements - In July 2015, the Financial Accounting Standards Board ("FASB") issued ASU No. 2015-12, "Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965". Part I of this ASU clarifies that contract value is the only required measurement for Fully Benefit-Responsive Investment Contracts (FBRICs) and clarifies that indirect investments in FBRICs should no longer be reflected as FBRICs and therefore, should be reported at fair value. Part I is to be applied retrospectively and early adoption is permitted. The Company elected to early adopt Part I of this ASU for the year ended September 30, 2015. The adoption of this ASU impacted the presentation on the Statement of Net Assets Available for Benefits as the common/collective trust is no longer reflected as a FBRIC and as such the investment is now measured at fair value without an adjustment to contract value.

Part II of this ASU eliminates the current GAAP requirements for plans to disclose individual investments that represent five percent or more of net assets available for benefits, and the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. It also allows investments to be disaggregated by general type and eliminates the requirement to disaggregate investments by class. Further, significant investment strategies for an investment in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity when the plan measures that investment using the NAV practical expedient are no longer required. The provisions of this ASU are effective for financial statements issued for fiscal years beginning after December 15, 2015. Part II is to be applied retrospectively and early adoption is permitted. The Company elected to early adopt Part II of this ASU for the year ended September 30, 2015. Other than the elimination of the above noted disclosures, the early adoption of Part II of the ASU did not have a material impact on the financial statements.

In May 2015, the FASB issued ASU No. 2015-07, “Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)”. This ASU removes the requirement to make certain disclosures as well as categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per practical expedient. The amendments in ASU 2015-07 are effective for public entities for interim and annual periods beginning after December 15, 2015. The amendment is required to be applied retrospectively and early adoption is permitted. The Company elected to early adopt the ASU for the year ended September 30, 2015. Other than the change to disclosures the adoption of this standard did not have a material impact on the financial statements.

3. Fair Value Measurements

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The accounting guidance establishes a defined three-tier hierarchy to classify and disclose the fair value of assets and liabilities on both the date of their initial measurement as well as all subsequent periods. The fair value hierarchy prioritizes the inputs used to measure fair value by the lowest level of input that is available and significant to the fair value measurement. The three levels are described as follows:

- Level 1: Observable inputs. Quoted prices in active markets for identical assets and liabilities;

Level 2: Observable inputs other than the quoted price. Includes quoted prices for similar instruments, quoted prices for identical or similar instruments in inactive markets and amounts derived from valuation models where all significant inputs are observable in active markets; and

Level 3: Unobservable inputs. Includes amounts derived from valuation models where one or more significant inputs are unobservable and require the Company to develop relevant assumptions.

The Company evaluates its financial assets and liabilities subject to fair value measurements on a recurring basis to determine the appropriate level of classification as of each reporting period

BEACON SALES ACQUISITION, INC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements (Modified Cash Basis)

3. Fair Value Measurements – (continued)

The following is a description of the valuation methods used for Plan assets measured at fair value at September 30, 2016 and 2015. There were no changes in the methods used at September 30, 2016 and 2015.

- *Mutual funds*: Valued at the net asset value of shares held by the Plan at year-end, quoted in an active market.

Common/collective trust: The fair value of participation units held in the Reliance Trust Stable Value Fund (MetLife Series 25157, Class 35), a common/collective trust (CCT) is based on net asset value, as reported by the manager of the collective trust fund, Reliance Trust Company, and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The CCT invests entirely in the MetLife Group Annuity Contract 25157, which consists of separately managed investment portfolios in fixed income securities, and also enters into wrapper contracts, which are issued by third-parties and are designed to allow the Fund to maintain a constant net asset value. The CCT provides for daily redemptions by the Plan at reported net asset value, with no advance notice requirements.

- *Employer securities*: Valued at the closing price reported by The NASDAQ Global Select Market at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methods or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of September 30, 2016 and 2015:

	Assets at Fair Value as of September 30, 2016				
	Level 1	Level 2	Level 3	Other ¹	Total
Mutual funds	202,339,922	-	-	-	202,339,922
Employer securities	4,205,222	-	-	-	4,205,222

Edgar Filing: BEACON ROOFING SUPPLY INC - Form 11-K

Common/collective trust	-	-	-	18,118,368	18,118,368
Total investments at fair value	\$206,545,144	\$ -	\$ -	\$18,118,368	\$224,663,512

Assets at Fair Value as of September 30, 2015

	Level 1	Level 2	Level 3	Other ¹	Total
Total mutual funds	151,126,390	-	-	-	151,126,390
Employer securities	2,896,587	-	-	-	2,896,587
Common/collective trust	-	-	-	17,436,901	17,436,901
Total investments at fair value	\$154,022,977	\$ -	\$ -	\$17,436,901	\$171,459,878

(1) Assets measured at net asset value (NAV) and therefore excluded from the fair value hierarchy.

BEACON SALES ACQUISITION, INC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements (Modified Cash Basis)

4. Related Party Transactions

The Company pays certain administrative expenses of the Plan. In addition, certain expenses are paid using a revenue sharing arrangement and are included in administrative expenses on the statements of changes in net assets available for benefits. Total investment advisory and other fees paid out of this revenue sharing arrangement were \$186,049 and \$199,378 for the years ended September 30, 2016 and 2015, respectively.

The Plan holds units of a common collective /collective trust fund and shares of mutual funds managed by Reliance Trust Company (Reliance) and American Funds Service Company (American Funds), respectively. Reliance serves as agent to the Plan while FASCore, LLC (FASCore) is the record keeper and Capital Bank & Trust Company (CB&T) is the trustee. CB&T and American Funds are affiliated entities. The Plan also invests in the common stock of the Company. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

6. Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 stating that the form of the plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code"), and therefore, the related trust is tax exempt. In accordance with Revenue Procedures 2013-6 and 2011-49, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Sponsor has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by defined contribution plans. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that, as of September 30, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Subsequent Event Disclosure

In December 2016, the Company acquired BJ Supply Company. In January 2017, the company acquired American Building and Roofing, Inc. and Eco Insulation Supply. In March 2017, the company acquired Acme Building Materials, Inc. As a result, employees of the aforementioned four companies became eligible to participate in the Plan after the normal eligibility waiting period. The amount of funds transferred into the Plan is immaterial. Participants could choose to voluntarily rollover their previous plan account balances and/or participant loan balances into the plan.
