This Amendment No. 10 to Schedule 13D (this "Amendment") amends the below-indicated items from the Schedule 13D previously filed by or on behalf of the undersigned parties (the "Reporting Persons") (the "Schedule 13D"), by supplementing such Items with the information below:

Item 4. Purpose of Transaction

The Street threw BABY out with the bathwater after the company missed consensus earnings estimates by a penny on March 3. Over the next five trading days, until its intra-day low May 9, BABY's share price fell 19%. We concluded that this sell-off was excessive; therefore, we bought 225,000 more shares on May 9, 2007.

In addition to being BABY's largest shareholder today, the President of our General Partner has been an investor in BABY since 1989 and served on its Board of Directors from 1989-2005. We believe that the company has strong management and governance, an enviable market share in its newborn hearing screening business, substantial recurring revenues, exciting new products, and a proven growth strategy, which combines 10%+ organic growth with shrewd acquisitions.

Jim Hawkins, BABY's CEO, has an excellent track record finding, making, and assimilating acquisitions. He consummated six at his prior company and five so far at BABY. Typically BABY acquires companies at a small premium to their revenue run rates. The acquisitions have been immediately accretive. Investors should remember several things about BABY's acquisition plans: Mr. Hawkins has said on each of his last two earnings calls that he intends to resume making acquisitions in the second half of this year and that he expects, through acquisitions and organic growth, to exit 2008 at a \$250 million revenue run rate. If he were to buy \$50 million of incremental revenue in the second half of this year, so that his year end 2007 revenue run rate were approximately \$170 million, and if the market were to value BABY at three times that revenue run rate, BABY's market cap could end this year at over \$500 million, approximately \$22 per share (assuming two million more shares).

Given the company's rapid recent growth, and its excellent growth prospects, we support management's recent decisions to invest in infrastructure to better manage the growth and to invest in new hearing and neurology products, even at the expense of a penny per share in the March quarter.

In closing, we note one additional possible reason for BABY's earnings miss, something nobody mentioned on the May 3 earnings call, and one for which we believe BABY itself is blameless. In the company's proxy statement for its 2007 annual meeting, BABY disclosed that its 2006 audit and audit related bill from Deloitte & Touche had ballooned from \$584,000 in 2005 to \$1.369 million! We suspect that some of this expense may have impacted BABY's first quarter 2007 results.

Deloitte & Touche's 2006 charges strike us as extraordinary and excessive for a company as small as BABY: to extract \$1.369 million to audit a company with only \$90 million of revenues is outrageous. In the post-Sarbanes-Oxley world we find ourselves in today, too many audit firms are abusing their oligopolistic pricing power to the detriment of their clients and their clients' shareholders. We will

Edgar Filing: NATUS MEDICAL INC - Form SC 13D/A

not stand for it. It is wasting money and eroding the competitiveness of

7

America's companies and our capital markets. We are voting all of our shares against the reappointment of Deloitte & Touche as BABY's auditor. We urge BABY's board and management to return audit costs to 2005 levels, with or without Deloitte. We do not blame BABY's management and board for this problem; the problem is much bigger than this small company. BABY should not be thrown out which the bathwater just because Deloitte gave it a bath.

\*\*\*\*\*

By reporting the information contained in this Amendment, the Reporting Persons do not intend to solicit, nor are they soliciting, proxies or consents from, nor seeking or requesting any other action by, any of the other stockholders of BABY.

The previous statements as to the views of the Reporting Persons regarding their investment in BABY represent solely their own analyses and judgments, based on publicly-available information and their own internal evaluation thereof. Those statements are not intended, and should not be relied on, as investment advice to any other investor or prospective investor. To the extent those statements reflect assessments of possible future developments, those assessments are inherently subject to the uncertainties associated with all assessments of future events; actual developments may materially differ as a result of circumstances affecting BABY and/or extrinsic factors such as developments in the company's industry and the economic environment. The Reporting Persons reserve the right to change their internal evaluation of this investment in the future, as well as to increase or decrease their investment depending on their evaluation, without further amending the Schedule 13D except as required by applicable rules.

Item 5. Interest in Securities of the Issuer.

(a, b) The Reporting Persons, in the aggregate, beneficially own 4,083,914 common shares, constituting approximately 18.9% of the outstanding Shares.

(c) During the past sixty (60) days the following purchases of Shares were made by D3 Family Funds in open market transactions:

Fund	Transaction Date	Shares Bought	Price
----	-----	-----	-----
D3 Family Fund, L.P	5/9/2007	12,720	14.86
D3 Family Bulldog, LP	5/9/2007	146,810	14.86
DIII Offshore Fund, LP	5/9/2007	65,470	14.86

Item 6. Material to be filed as Exhibits

Exhibit 1 to this Amendment is the joint filing agreement pursuant to which all of the filing persons have authorized the filing of this Amendment as a group.
