---

**Item 1.02. Termination of a Material Definitive Agreement.**

On December 31, 2009, East Fork Biodiesel, LLC (the "Company") notified Renewable Energy Group, Inc. ("REG") of the Company's termination of the 2006 Management and Operational Services Agreement, as amended (the "Management Agreement") with REG effective December 31, 2010. We notified REG that we remain open to discussing an earlier termination date; however, there is no guarantee that REG will agree to an earlier termination date.

Under the Management Agreement, REG provides us with management, transportation services, acquires feedstock and basic chemicals necessary for the operation of the plant, markets our all of our biodiesel, glycerin and fatty acids to customers throughout the United States and internationally and provides related administrative services. Since our plant remains idle, we have not requested REG to provide us with many of these services. We have identified other vendors to provide us with some or all of the services currently available under the Management Agreement. We are seeking proposals from such vendors.

**SIGNATURES**

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.
