Each Stockholder is entitled to one vote per share of Common Stock held of record on any matter which may properly come before the stockholders.

On the Record Date, the Company had 75,000,000 shares of Common Stock issued and outstanding with the holders thereof being entitled to cast one vote per share.

ACTION ONE

AMENDMENT TO THE ARTICLES OF INCORPORATION TO

INCREASE THE NUMBER OF AUTHORIZED SHARES OF

COMMON STOCK

The Increase in Authorized Shares of Common Stock

Our Board of Directors (the “Board”) unanimously authorized and approved an amendment to our Articles of Incorporation to increase the number of authorized shares of Common Stock from 75,000,000 shares to 500,000,000 shares (the “Common Share Increase”). On December 18, 2018, the holders of our outstanding capital stock having a majority of the voting power approved, by written consent, the amendment to our Articles of Incorporation to effect

the Common Share Increase. The Common Share Increase will become effective at such time as the Company files the applicable Certificate of Amendment to its Articles of Incorporation with the Secretary of State of the State of Nevada or at such later time as specified therein.

The Purpose and Reason for the Common Share Increase

On June 14, 2018, the Company entered into Amendment No. 6 Sixth Amendment, as amended, (the “Sixth Amendment”) with Northtech Holdings Inc., a British Virgin Islands business company (“Northtech”) amending the Credit and Security Agreement, dated July 27, 2012, as amended on December 21, 2012, August 23, 2013, July 14, 2014, December 28, 2015 and July 31, 2016 between the Company and Northtech (the “Credit Agreement”). The maturity date of the Credit Agreement expired on October 31, 2017 and at that time the Company entered into negotiations with Northtech regarding restructuring the loan while continuing to seek alternative financing and/or merger candidates. As of April 30, 2018, the total amount of interest and principal was \$4,533,395 consisting of \$2,875,335 in principal and \$1,658,060 in interest. The Company and Northtech agreed to extend the maturity date of the Credit Agreement to December 31, 2018 and Northtech agreed to continue to advance funds to the Company under the Credit Agreement if Northtech were permitted to convert all outstanding principal and interest at a conversion rate of \$.065 per share which represented a significant premium over the average trading price of the Common Stock which averaged approximately \$.0001 per share for 30 days prior to the execution of the Sixth Amendment. On December 20, 2018, the Company and Northtech amended the Sixth Amendment allowing the issuance of Common Stock to Northtech without needing stockholder approval at the next annual meeting of stockholders. In addition, the Company was in discussions with a potential acquisition candidate and Northtech and the Company sought to convert the stock prior to the execution of any agreements. As a result of entering into the Sixth Amendment the Company will issue Northtech 71,283,000 restricted shares of Common Stock which is in excess of the 75,000,000 shares currently authorized.

Through-out 2018 the Company was in discussions with a potential acquisition candidate where the Company would issue its Common Stock for merger consideration. Finally, the Company may seek additional equity financing in the future.

The Board and Majority Stockholders believed that the Common Share Increase was necessary to accommodate the issuance of Common Stock under Amendment No. 6, was necessary to consummate any merger transaction and to provide the Company with greater flexibility in raising additional capital in the future. In this regard, the Board believed that the Common Share Increase will position the Company to take advantage of future business opportunities that are consistent with the Company’s growth strategy, including but not limited to, engaging in possible acquisitions or financings. The Common Share Increase will allow the Company to issue shares of Common Stock without the expense and delay of a special stockholders’ meeting.

As a result, on December 18, 2018, our board of directors and the holders of a majority of the voting power of our voting stock approved an amendment to our Articles that would have the effect of increasing our authorized common stock from 75,000,000 to 500,000,000, and provide us with 425,000,000 additional shares of authorized common stock. The Board of Directors and Majority Stockholders believed this will place us in a better position to react quickly in response to corporate opportunities that may develop.

In fact, on December 31, 2018, the Company completed a series of transactions set forth in the Share Exchange Agreement and Plan of Reorganization (the “Share Exchange Agreement”), dated December 31, 2018, by and among the Company, Mid-Heaven Sincerity International Resources Investment Co., Ltd, a company incorporated under the laws of the British Virgin Islands (“Mid-Heaven”), Mao Zhang, Jian Zhang, and Ying Zhao, constituting all of the shareholders of Mid-Heaven (the “Mid-Heaven Shareholders”) whereby the Company issued an aggregate of 186,588,264 shares of its common stock, par value \$.001 per share (the Common Stock”) to the Mid-Haven Shareholders as consideration for the exchange of 100% of the ownership shares of Mid-Heaven (the “Acquisition”). In connection with the transaction, Mao Zhang will be issued 141,919,034 shares of Common Stock, Jian Zhang will be issued 39,015,606 shares of Common Stock and Ying Zhao will be issued 5,653,624 shares of Common Stock representing 53.2%, 14.6% and 2.1% of the issued and outstanding stock, respectively, upon the effective date of a Schedule 14C relating to the increase of the authorized shares of the Company to 500,000,000 shares which has been approved by written consent by a majority of the stockholders of the Company.

On January 24, 2019, the Share Exchange Agreement was amended to reduce the number of shares of Common Stock issued to the Mid-Haven Shareholders from 186,588,264 shares to 106,001,971 shares. As a result, Mao Zhang will be issued 80,625,099 shares of Common Stock, Jian Zhang will be issued 22,165,012 shares of Common Stock and Ying Zhao will be issued 3,211,860 shares of Common Stock representing approximately 43.3%, 11.9% and 1.73% of the issued and outstanding stock, respectively, after the effective date of the increase of the authorized shares of Common Stock of the Company to 500,000,000.

On February 4, 2019, Northtech Holdings Inc. granted proxies to Mao Zhang, Jian Zhang and Zhao Ying to vote respectively 31,221,070, 8,491,481 and 1,230,472 shares of the Company’s Common Stock or approximately 41.5%, 11.32% and 1.64% respectively of the issued and outstanding stock of the Company. The proxies shall automatically expire upon issuance of shares due to the Mid-Haven Shareholders. After granting the proxies Northtech holds approximately 38.5% and Mr. Jimin Zhang holds approximately 1.2% of the Company’s issued and outstanding common stock.

Except for the foregoing, we have no obligation to issue such additional shares and there are no plans, proposals or arrangements currently contemplated by us that would involve the issuance of the additional shares to acquire another company or its assets, or for any other corporate purpose stated.

Effect of the Common Share Increase

Upon consummation of the Common Share Increase, stockholder approval will not be required for us to issue any newly-authorized shares of Common Stock. Holders of Common Stock have no preemptive rights, which means that our current stockholders do not have prior rights to purchase any newly issued shares of Common Stock to maintain their current ownership. The issuance of additional shares of Common Stock, without action by the stockholders, will decrease the proportionate equity ownership of our current stockholders and, depending on the price paid for such additional shares, could result in further substantial dilution to our existing stockholders.

In addition, the Common Share Increase could, under certain circumstances, have an anti-takeover effect, although this is not the intention of the Company. By way of example, our management could issue additional shares to dilute the stock ownership and the voting power of persons seeking to obtain control of the Company or shares could be issued to purchasers who would support the Board in opposing a takeover proposal. In addition, the increase in authorized shares may have the effect of delaying or discouraging a challenge for control or make it less likely that such a challenge, if attempted, would be successful, including challenges that are favored by a majority of the stockholders or in which the stockholders might otherwise receive a premium for their shares over then-current market prices or benefit in some other manner. Other than as previously disclosed by the Company or as set forth herein, the Board and executive officers of the Company have no knowledge of any current effort to obtain control of the Company or to accumulate large amounts of Common Stock.

Other than as discussed in this Information Statement, there are no provisions of our articles, bylaws, employment agreements or credit agreements that have material anti-takeover consequences.

EFFECTIVENESS OF ACTION

The Action will become effective at such time as the Company files the applicable Certificate of Amendment to its Articles of Incorporation with the Secretary of State of the State of Nevada or at such later time as specified therein. The Company reserves the right, upon notice to its stockholders, to abandon or modify the proposed Action at any time prior to the effectiveness of the Action.
