Exhibit 99.1 Press Release of BioMarin Pharmaceutical Inc. (the Company ) dated August 10, 2004.

**Item 12. Results of Operations and Financial Condition.**

On August 10, 2004, the Company announced financial results for its second quarter and six months ended June 30, 2004. The Company's press release issued on August 10, 2004 is attached hereto as Exhibit 99.1 and is incorporated by reference herein.

The press release includes disclosure about historical and estimated pro forma adjusted net loss (a non-GAAP financial measure) for all of the year 2004. Pursuant to the requirements of Regulation G, the Company has provided reconciliations within the press release of the non-GAAP financial measure to the most directly comparable GAAP financial measure, net loss.

The Company uses non-GAAP financial measures of its performance, including pro forma adjusted net loss, internally to evaluate its ongoing operations and to allocate resources within the organization. The Company's management does not, nor does it suggest that investors should, consider such non-GAAP financial measures in isolation from, or as a substitute for, financial information presented in accordance with GAAP. BioMarin computes its non-GAAP financial measure of pro forma adjusted net loss by adjusting its net loss to exclude the impact of the non-cash amounts related to accounting for the Ascent Pediatrics transaction as a business combination.

The Company's management does not consider these charges to be a normal component of its expenses related to ongoing operations. These non-GAAP financial measures may not be consistent with the presentation of similar companies in BioMarin's industry. However, the Company presents such non-GAAP financial measures in reporting its financial results to provide investors with an additional tool to evaluate the Company's operating results in a manner that focuses on what it believes to be its ongoing business operations.
