PROXY STATEMENT

This proxy statement is being solicited on behalf of the Board of Directors of TiVo Inc. for use at the Annual Meeting of Stockholders of TiVo Inc., including any postponements or adjournments, to be held on Wednesday, August 3, 2005 beginning at 10:30 a.m. at the offices of Latham & Watkins LLP, 135 Commonwealth Drive, Menlo Park, California. This proxy statement and accompanying proxy card are being first mailed to stockholders on or about June 24, 2005.

ABOUT THE MEETING

What is the purpose of the Annual Meeting?

At our 2005 Annual Meeting, stockholders will act upon the matters outlined in the notice of meeting on the cover page of this proxy statement, including the election of two directors, ratification of the selection of the Company's independent auditors, and any other business as may properly come before the meeting.

Who is entitled to vote at the meeting?

Only stockholders of record at the close of business on June 8, 2005, the record date for the meeting, are entitled to receive notice of and to participate in the 2005 Annual Meeting. If you were a stockholder of record as of the close of business on that date, you will be entitled to vote all of the shares that you held on that date at the meeting, or any postponements or adjournments of the meeting.

What are the voting rights of the holders of TiVo common stock?

Each outstanding share of TiVo common stock will be entitled to one vote on each matter considered at the meeting.

Who can attend the meeting?

Edgar Filing: TIVO INC - Form DEFR14A

Subject to space availability, all stockholders as of the record date, or their duly appointed proxies, may attend the meeting. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. Please also note that if you hold your shares in street name (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the aggregate voting power of the common stock outstanding as of the close of business on the record date will constitute a quorum, permitting the meeting to conduct its business. At the close of business on May 10, 2005, there were 82,902,311 shares of our common stock outstanding and entitled to vote. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting.

How do I vote?

If you complete and properly sign the accompanying proxy card and return it to the Company, it will be voted as you direct. If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. Street name stockholders, who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may revoke or change your vote at any time before the proxy is exercised by filing with the Corporate Secretary of the Company at our principal executive office, 2160 Gold Street, P.O. Box 2160, Alviso, CA 95002, a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting and voting in person. Attendance at the meeting will not, by itself, revoke a proxy.

What are the Board of Director s recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board. The Board s recommendation is set forth together with the description of each item in this proxy statement. In summary, the Board recommends a vote:

for the election of two directors to hold office until the 2008 Annual Meeting of Stockholders (see Item 1); and

for ratification of the selection of KPMG LLP as independent auditors for TiVo for its fiscal year ending January 31, 2006 (see Item 2).

With respect to any other business that properly comes before the meeting, the proxy holders will vote as recommended by the Board or, if no recommendation is given, in their own discretion.

What vote is required to approve each item?

All votes will be tabulated by the Inspector of Elections appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions, and broker non-votes. Any proxy which is returned using the form of proxy enclosed and which is not marked as to a particular item will be voted in accordance with the recommendations of the Board. With respect to any other business that properly comes before the meeting, the proxy holders will vote as recommended by the Board or, if no recommendation is given, in their own discretion, as the case may be with respect to the item not marked. We believe that the tabulation procedures to be followed by the Inspector of Elections are consistent with the general statutory requirements in Delaware concerning voting of shares and determination of a quorum.

Election of Directors. The affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked *Withhold authority* with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Other Items. For each other item, the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval at which a quorum is present as is required under Delaware law for approval of proposals presented to stockholders. In general, Delaware law also provides that a quorum consists of a majority of the shares present in person or represented by proxy. A properly executed proxy marked *Abstain* with respect to such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

Edgar Filing: TIVO INC - Form DEFR14A

If you hold your shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Share represented by such broker non-votes will, however be count in determining whether there is a quorum.

There is no statutory or contractual right of appraisal or similar remedy available to those stockholders who dissent from any matter to be acted upon.

Who pays for the solicitation of proxies?

We will bear the entire cost of solicitation of proxies including preparation, assembly, printing, and mailing of this proxy statement, the proxy card, and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries, and custodians holding in their names shares of common stock beneficially owned by others to forward to such beneficial owners. We may reimburse persons representing beneficial owners of common stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, telegram, or personal solicitation by our directors, officers, or other regular employees. No additional compensation will be paid to our directors, officers, or other regular employees for such services.

Is my vote confidential?

Proxies, ballots, and voting tabulations are handled on a confidential basis to protect your voting privacy. Information will not be disclosed except as required by law.

How do I find out the voting results?

Final voting results will be announced at the meeting and will be published in our Quarterly Report on Form 10-Q for the quarter ending October 31, 2005. We will file this quarterly report with the Securities and Exchange Commission (SEC). After the report is filed, you may obtain a copy by:

INDEPENDENT AUDITORS FEES AND SERVICES

In addition to retaining KPMG LLP to audit the consolidated financial statements for fiscal year 2005, TiVo retained KPMG LLP as well as one other accounting firm in the United Kingdom, Blick Rothenberg Chartered Accountants, to provide various accounting services during fiscal 2005. The aggregate fees billed for professional accounting services by KPMG LLP for the fiscal years ended January 31, 2005 and 2004 are as follows (rounded to the nearest \$1,000):

	Fiscal Year Ended January 31,	
	2005	2004
	KPMG LLP	KPMG LLP
Audit Fees	\$ 636,000	\$ 274,000
Audit Related Fees		
Tax Fees	143,000	57,000
All Other Fees		
Total	\$ 779,000	\$ 331,000

Audit Fees. This category includes the audit of TiVo's annual financial statements, review of financial statements included in TiVo's Form 10-Q Quarterly Reports and services that are normally provided by the independent auditors in connection with statutory and regulatory filings or engagements for those fiscal years. This category also includes advice on audit and accounting matters that arose during, or as a result of, the audit or the review of interim financial statements. Included in the total audit fees in the table above is zero and \$80,000 for services related to SEC registration statements and consents for the fiscal years ended January 31, 2005 and 2004, respectively. In fiscal year ending January 31, 2005, audit fees also include fees for professional services rendered for KPMG's audit of the effectiveness of the Company's internal control over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002.

Audit Related Fees. This category consists of assurance and related services that were reasonably related to the performance of the audit or review of TiVo's financial statements and are not reported above under Audit Fees. There were no fees paid for fiscal 2005 and 2004 for services performed under this category.

Tax Fees. This category consists of professional services rendered for tax compliance and tax advice. The services for the fees disclosed under this category were for tax return preparation and technical tax advice regarding prospective business matters.

All Other Fees. This category consists of all other fees including fees billed for professional services that were not the result of an audit or review. There were no fees paid for fiscal 2005 and 2004 for services provided under this category.

Audit Committee Pre-Approval Policies and Procedures. The Audit Committee pre-approves all audit and permissible non-audit services provided by the Company's independent auditors. These services may include audit services, audit-related services, tax, and other services. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specified budget. The independent auditors and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis. During the fiscal years ended January 31, 2005 and 2004, all services provided by KPMG LLP were pre-approved by the Audit Committee, which concluded that the provisioning of these non-audit services by KPMG LLP is compatible with maintaining the auditor's independence.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Board of Directors, upon the recommendation of the Audit Committee, has selected KPMG LLP as our independent public auditors for the fiscal year ending January 31, 2006 and has further directed that management submit the selection of independent public auditors for ratification by the stockholders at the Annual Meeting. KPMG LLP has audited our financial statements since the Company's fiscal year ended January 31, 2002. Representatives of KPMG LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholder ratification of the selection of KPMG LLP as our independent public auditors is not required by our Amended & Restated Bylaws or otherwise. However, the Board is submitting the selection of KPMG LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee and the Board in their discretion may direct the appointment of different independent public auditors at any time during the year if they determine that such a change would be in the best interests of TiVo and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote on **PROPOSAL 2** at the Annual Meeting will be required to ratify the selection of KPMG LLP as our independent public auditors.

STOCK OPTION GRANTS AND EXERCISES

TiVo grants stock options to its executive officers under its Amended & Restated 1997 Equity Incentive Plan and Amended & Restated 1999 Equity Incentive Plan. As of January 31, 2005, options to purchase a total of 15,157,273 shares were outstanding under the Amended & Restated 1997 and 1999 Equity Incentive Plans, and 15,066,157 shares were available for future option grants under these plans. The following tables show, for the fiscal year ended January 31, 2005, certain information regarding options granted to, exercised by, and held at year-end by, the named executive officers listed on the Summary of Executive Compensation table above. The exercise price of each option granted was equal to the fair market value of TiVo's common stock as quoted on the NASDAQ for the date of grant. The exercise price may be paid in cash or in shares of TiVo's common stock valued at fair value on the exercise date.

The potential realizable value is calculated based on the ten-year term of the option at the time of grant. Stock price appreciation of 5% and 10% is assumed pursuant to rules promulgated by the SEC and does not represent our prediction of our stock price performance. The potential realizable values at 5% or 10% appreciation are calculated by:

multiplying the number of shares of common stock subject to a given option by the exercise price per share;

assuming that the aggregate stock value derived from that calculation compounds at the annual 5% or 10% rate shown in the table until the expiration of the options; and

subtracting from that result the aggregate option exercise price.

The shares listed in the following table under Number of Securities Underlying Options Granted are subject to vesting. These stock options vest ratably over 48 months with the exception of (1) options to purchase 223,000 shares granted to Mr. Ramsay on May 3, 2004 that vest 20%, 30%, and 50% on April 24, 2005, 2006, and 2007, respectively; (2) options to purchase 25,000 shares granted to each of Messrs. Barton, Courtney, and Keast on May 3, 2004 that vest 100% upon the earlier of attainment of specified Company goals or April 23, 2008; and (3) options to purchase 50,000 shares granted to Mr. Courtney on May 3, 2004 that vests 100% upon the attainment of specified Company goals. Each of the options has a ten-year term, subject to earlier termination if the optionee's employment or service with the Company ceases. Under certain circumstances following a change of control, the vesting of a portion of such option grants may accelerate and become immediately exercisable.

Percentages shown under Percent of Total Options Granted to Employees in Fiscal Year Ended January 31, 2005 are based on options to purchase 3,825,750 shares of TiVo's common stock granted to TiVo's employees during fiscal 2005.

The following table sets forth the number and value of securities underlying unexercised options that are held by the named executive officers listed on the Summary of Executive Compensation table above. Amounts shown under the column Value Realized include the proceeds received from the options exercised, which is calculated by multiplying the deemed fair value per share on the date of exercise less the option exercise price per share times the number of shares exercised. Amounts shown under the column Value of Unexercised, In-the-Money Options at January 31, 2005 are based on the closing price of TiVo's common stock, \$4.01, on January 31, 2005, as reported on the NASDAQ National Market, without taking into account any taxes that may be payable in connection with the transaction, multiplied by the number of shares underlying the option, less the exercise price payable for these shares. TiVo's stock option plans allow for the early exercise of options granted to employees prior to August 8, 2001. For options granted subsequent to August 8, 2001, options are exercisable as vested. All options exercised early are subject to repurchase by TiVo at the original exercise price, upon the option holder's cessation of employment or service to the Company prior to the vesting of the shares.

COMPENSATION OF DIRECTORS

Standard Arrangements: Directors who are also executive officers do not receive any additional compensation for serving as members of the Board or any other committee of the Board. Each non-employee director of TiVo is eligible for reimbursement for his expenses incurred in connection with attendance at Board meetings in accordance with our policy.

Additionally, non-employee directors are compensated as follows:

Each non-employee director receives stock option grants under the Amended & Restated 1999 Non-Employee Directors Stock Option Plan. Only non-employee directors or an affiliate of such directors (as defined in the Internal Revenue Code of 1986, as amended) are eligible to receive options under the Directors Plan. Options granted under the Directors Plan are intended by us not to qualify as incentive stock options under the Internal Revenue Code.

Option grants under the Directors Plan are non-discretionary. Under the Directors Plan, non-employee directors are granted a nonstatutory option to purchase 50,000 shares of common stock on the date on which such person was first elected or appointed a director. These initial option grants under the Directors Plan vest over a two-year period at a rate of 1/24th per month. In addition, on the day after each of our annual meetings of stockholders, each non-employee director automatically receives an option for 25,000 shares if the director has been a non-employee director for at least the prior eighteen months. These options are fully vested upon grant. The exercise price of options under the Directors Plan will be equal to the fair market value of the common stock on the date of grant.

Edgar Filing: TIVO INC - Form DEFR14A

The option term is 10 years, but it terminates three months after the optionholder's service as a director, an employee or a consultant to TiVo or its affiliates terminates. If such termination is due to the optionholder's disability, the exercise period is extended to 12 months. If such termination is due to the optionholder's death or if the optionholder dies within three months after his or her service terminates, the exercise period is extended to 18 months following death. The optionholder may transfer the option by gift to immediate family or for estate-planning purposes. The optionholder also may designate a beneficiary to exercise the option following the optionholder's

-20-

death. Otherwise, the option exercise rights will pass by the optionholder's will or by the laws of descent and distribution. Transactions not involving receipt of consideration by TiVo, such as a merger, consolidation, reorganization, stock dividend or stock split, may change the class and number of shares subject to the Directors' Plan and to outstanding options. In that event, the Board will appropriately adjust the Directors' Plan as to the class and the maximum number of shares subject to the Directors' Plan and subject to future option grants. It also will adjust outstanding options as to the class, number of shares and price per share subject to such options. Upon a change in control of TiVo, the vesting and exercisability of outstanding options will accelerate, and the options will terminate unless an acquiring corporation assumes or replaces outstanding options.

During fiscal 2005, TiVo granted options to purchase 120,000 shares to four non-employee directors of TiVo, at an exercise prices per share of \$9.05 and options to purchase 125,000 shares to five non-employee directors of TiVo, at an exercise prices per share of \$5.02. As of January 31, 2005, options to purchase 410,000 shares of common stock are outstanding, of which 330,833 are exercisable under the 1999 Non-Employee Directors' Stock Option Plan.

The Board approved a Directors' Compensation Program during its November 2002 Board Meeting. This compensation program was established in recognition of the increased demands placed upon independent directors. In addition to the option grants mentioned above, directors now receive annual cash compensation for service on the Board as well as committees. Independent directors are paid a retainer of \$15,000 per year, committee chairs each receive an additional \$2,000 for each committee meeting attended and committee members each receive an additional \$1,000 for each committee meeting attended.

Other Arrangements: On October 11, 2004, we hired Thomas S. Rogers, a current Director of TiVo Inc., as Vice Chairman of the Board of Directors for a twelve-month term ending on October 10, 2005. As Vice Chairman, Mr. Rogers is able to work more closely with the Company across a range of strategic areas.

We entered into an employment agreement with Mr. Rogers for the twelve-month duration of his term as Vice Chairman. Pursuant to this agreement, Mr. Rogers will be paid cash compensation of \$100,000 (payable 1/3 on the effective date of his employment agreement, 1/3 on the ninety day anniversary of his employment agreement, and the remainder on the one hundred and eighty day anniversary of his employment agreement) and will be provided a grant of 250,000 stock options (vesting 83,333 on the date of grant, 83,333 on the ninety day anniversary of the date of grant, and 83,334 on the one hundred and eighty day anniversary of the grant) as compensation for his service as Vice Chairman. The vested stock options will remain vested until three months after Mr. Rogers ceases continuous employment with us unless Mr. Rogers is involuntarily terminated by us, in which case, any unvested stock options will become exercisable until the later of the eighteen month anniversary of the stock option grant or the three month anniversary of Mr. Rogers' involuntary termination.

Concurrent with the Board's approval of hiring Mr. Rogers as Vice Chairman, he resigned from the Nominating and Governance Committee and the Compensation Committee of the Board effective as of the date of his employment. Mr. Rogers remains a member of our Board, but, as a result of his employment with us, he no longer qualifies as an independent Director under Nasdaq Marketplace Rule 4200(a)(15).

EMPLOYMENT CONTRACTS, EMPLOYMENT SEVERANCE AND CHANGE OF CONTROL AGREEMENTS

Change of Control Severance Agreements. Each of our executive officers, and substantially all of our vice presidents, have executed a change of control severance agreement with us. Pursuant to the terms of these agreements, in the event that, within thirteen months following a change of control, as described below, an executive officer or a vice president is terminated other than for cause or due to a disability, each as defined in the agreements, or the executive officer or vice president terminates his or her employment for good reason, as defined in the agreements, the executive officer or vice president will be entitled to a lump sum payment equal to a percentage of his or her annual base salary and targeted annual bonus of which such percentage is 100% for the Chief Executive Officer, 75% for the Executive and Senior Vice Presidents, and 50% for

Edgar Filing: TIVO INC - Form DEFR14A

the Vice Presidents. In addition, the same percentage (as specified above) of options held by the terminated executive officer or vice president will become vested and any restrictions on that specified percentage of shares granted to the executive officer or vice president will immediately lapse. We have also agreed to provide the following benefits to any terminated executive officer or vice president:

continued directors and officers liability insurance for a period of six years not to exceed one hundred fifty percent (150%) of the per annum rate of premium currently paid by us for the insurance; and

-21-

medical benefits for a period not to exceed 6 months for Vice Presidents, 9 months for Executive and Senior Vice Presidents, and 12 months for the Chief Executive Officer from the date of termination.

These agreements do not obligate our executive officers or vice presidents to mitigate losses by seeking other employment or otherwise, and the benefits under these agreements will not be reduced by compensation earned through employment by another employer. These agreements have one-year terms that automatically renew each January 1 unless we notify the executive officers or vice presidents by no later than December 15 of the preceding year.

A change of control under these agreements will be deemed to have occurred in the event of:

- (i) a sale, lease or other disposition of all or substantially all of our assets;
- (ii) a sale by the holders of our voting stock to another corporation and/or its subsidiaries that results in the ownership by such corporation and/or its subsidiaries of eighty percent (80%) or more of the combined voting power of all classes of our voting stock entitled to vote; provided, however, that if such corporation and/or its subsidiaries acquires less than eighty percent (80%) of the combined voting power of all classes of our voting stock entitled to vote shall nonetheless constitute a change of control if it results in such corporation having the right to appoint a majority of the members of the Board;
- (iii) a merger or consolidation in which we are not the surviving corporation; or
- (iv) a reverse merger in which we are the surviving corporation but the shares of our common stock outstanding immediately preceding the merger are converted by virtue of the merger into other property, whether in the form of securities, cash or otherwise.

Additionally, our Amended & Restated 1997 Equity Incentive Plan and our Amended & Restated 1999 Equity Incentive Plan provide for vesting of options upon a change of control, as defined in the plans, in the event that during the first thirteen months following the change of control, the option holder's employment is terminated by the company other than for cause or the employee terminates his or her employment due to a constructive termination. If the change of control provisions are triggered, all employees would be entitled to acceleration of twenty-five percent (25%) of their unvested options, while vice presidents and higher would be entitled to acceleration of fifty (50%) of their unvested options.

General Release and Separation Agreement between Martin J. Yudkovitz and TiVo Inc. On January 31, 2005, Marty Yudkovitz resigned as President of TiVo. In connection with the resignation, we entered into a General Release and Separation Agreement with Mr. Yudkovitz. Under the General Release and Separation Agreement, we provided severance benefits to Mr. Yudkovitz consisting of his current salary and benefits for twelve months. He also received his yearly and milestone bonuses amounting to cash payments of \$205,000 and the remaining installment payment of his sign-on bonus equaling \$18,750. He also became vested in 150,000 previously granted stock options and had the right to exercise them for a period of 90 days in accordance with our Amended & Restated 1999 Equity Incentive Plan. Additionally, he became vested and had the right to exercise 247,905 previously granted stock options for a period of 90 days from February 28, 2005. In exchange for these benefits, Mr. Yudkovitz released and waived claims he might have had against us and remained with TiVo in a consulting capacity for a period of time.

Amended and Restated Consulting Agreement between Ta-Wei Chien and TiVo Inc. On October 11, 2004, we entered into an Amended and Restated Consulting Agreement, effective August 3, 2004, with Ta-Wei Chien, TiVo's former Senior Vice President, General Manager of TiVo Technologies.

Edgar Filing: TIVO INC - Form DEFR14A

Mr. Chien resigned from the Company effective August 3, 2004. The Amended and Restated Consulting Agreement, restates and supersedes the Consulting Agreement between the Company and Mr. Chien, dated August 3, 2004. In exchange for his transition-related consulting services during the term of this agreement, the Company has agreed to immediately accelerate the vesting of Mr. Chien's stock options that would have vested between

-22-

August 3, 2004 and May 2, 2005 and that these stock options, along with his previously vested stock options, will remain exercisable during the nine month term of his consulting agreement and for ninety days thereafter.

TiVo Inc. Severance Plan For Full-Time Senior Executives. The TiVo Inc. Severance Plan for Full-Time Senior Executives was established to provide TiVo with continuity, stability, and retention of its senior leadership during its transition between Chief Executive Officers. This Plan shall remain in effect from the date of its approval by the Compensation Committee in March 2005 until twelve (12) months after the date a new Chief Executive Officer is hired by the Company. Only the Company's Executive and Senior Vice-Presidents, including Mr. Courtney, Mr. Keast, Mr. Barton, Mr. Roberts, and Mr. Wisk, are eligible to participate. The Plan can only be triggered in the event any of the participants was involuntarily terminated without cause or voluntarily terminated with good reason (defined as a downward change in title, salary, or relocation of more than 50 miles). In the event of a Change of Control, the existing Change of Control agreement for participants will supersede the Plan. If triggered, in exchange for a release of all claims against the Company at the time of termination, a participant would receive from the date of termination: twelve (12) months of accelerated vesting of any unvested stock grants; medical, dental, vision, and life insurance benefits for twelve (12) months; and guaranteed base salary for six (6) months plus an additional six (6) months of salary in the amount of any difference between the participant's former salary and any new salary the participant may receive from any new employment. The Plan specifically excludes payment of any future executive bonuses.

TiVo Inc. Fiscal Year 2006 Six and Twelve Month Bonus Plans for Executives. The terms of the TiVo Inc. Fiscal Year 2006 Six and Twelve Month Bonus Plans for Executives (each the Six Month Plan and Twelve Month Plan, and together the Plans) have been established to reward the Company's executives for assisting the Company in achieving its operational goals through exemplary performance. Under the Plans, cash bonuses and restricted stock grants, if any, will be based on the achievement of specified corporate goals, as determined by the Compensation Committee and/or the Board.

Target cash bonuses for executives (excluding the Company's Chief Executive Officer whose target is 70%) under the Plans for fiscal year 2006 range from 30% to 50% of the recipient's base salary. Each executive will also be eligible to receive a matching grant of restricted stock under the Twelve Month Plan whose fair market value on the date of grant will be equal to the executive's target cash bonus under the Plans. These restricted stock grants under the Twelve Month Plan will vest 100% after one year from the date of grant. The amount of actual bonuses will be based on the achievement of objective Company performance goals and may be higher or lower than targeted amounts according to a pre-determined formula that will be applied by the Compensation Committee. The objective Company performance goals will be based on meeting certain goals with respect to the Company's financial performance, subscription growth, product innovation and distribution, and employee recruitment and retention, as well as other Company performance goals that may be determined by the Compensation Committee. Under the Six Month Plan, the Company's executives will be eligible to receive up to half of their full fiscal year 2006 bonuses at the mid-point of the Company's fiscal year based upon the Compensation Committee's assessment of the Company's progress towards achievement of its pre-determined performance goals for fiscal year 2006. The Chief Executive Officer's participation in the Plans will be prorated based upon the period of time in which he continues to serve as CEO during fiscal year 2006. The Board and the Compensation Committee reserve the right to modify these goals, amounts and criteria at any time.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

As a matter of policy all transactions between TiVo and any of its officers, directors or principal stockholders, are approved by the Audit Committee or a majority of the independent and disinterested members of the Board, are on terms no less favorable to TiVo than could be obtained from unaffiliated third parties, and are in connection with bona fide business purposes.

Directors and Executive Officers.

Edgar Filing: TIVO INC - Form DEFR14A

TiVo has entered into indemnity agreements with substantially all of its directors and executive officers that provide, among other things, that TiVo will indemnify these persons, under circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings to which he or she is or may be a party by reason of his or her position as a director, and otherwise to the full extent permitted under Delaware law and TiVo's Amended & Restated Bylaws.

DIRECTV.

In June 2004, the Company determined that DIRECTV no longer met its definition of a related party relationship because DIRECTV's representative on the Company's board of directors, resigned from the board. Soon, thereafter, DIRECTV notified the Company that it sold its equity position in the Company so that it no longer held an equity position of 5% or more.

On February 15, 2002, the Company entered into a new product development agreement (the "Development Agreement") and a services agreement (the "Services Agreement") with DIRECTV, Inc., with whom it jointly introduced the first DIRECTV receiver with the Company's digital video recording technology in October of 2000. The Development Agreement provides for the development of the next generation DIRECTV-TiVo combination receiver known as the "Provo receiver" and for software upgrades to the existing combination receivers, known as "Reno receivers," to enable customers to receive the upgraded DVR functionality.

Under the terms of the Development Agreement, DIRECTV has agreed to pay TiVo a technology development fee to develop a next-generation DIRECTV receiver based on the Company's Series2 digital video recording technology platform.

Under this agreement, DIRECTV will assume primary responsibility for customer acquisition and support for all next-generation DIRECTV receivers, as well as packaging and branding of DIRECTV's digital video recording services. The revenue share provision on the Reno receivers was discontinued and replaced by a per-account monthly fee that DIRECTV would pay to TiVo. Therefore, under this new agreement, the relationship with the consumer was changed so that DIRECTV provides primary customer service and support to DIRECTV subscribers with TiVo Service. Additionally, DIRECTV is obligated to absorb all customer acquisition costs. The Company provides server support and limited customer support. The per-account monthly fees paid by DIRECTV for the Company to provide server support and limited customer support are recognized as service revenues as the services are provided.

The term of the Development Agreement is five years and includes a minimum volume commitment from DIRECTV to deploy next-generation DIRECTV receivers with the Company's digital video recording technology. Under the terms of the agreement, DIRECTV has the option to fulfill its obligations under the minimum volume commitment with a one-time cash payment to the Company. Under the agreement, DIRECTV additionally has the option to purchase a non-exclusive license of the Company's digital video recording technology. In connection with its exercise of this option, DIRECTV would be required to pay TiVo an up-front fee, per-unit royalties and other fees. The technology license that DIRECTV has the election of exercising is similar in price and structure to other client and server technology source licenses sold to one customer and offered to other customers.

On October 31, 2002, the Company entered into the First Consolidated Amendment to the Development Agreement dated February 15, 2002 with DIRECTV, Inc. The amendment revised provisions related to, among other things, the manufacturing release date of the Two-Chip option. On December 20, 2002, the Company entered into the Second Amendment to the Development Agreement dated February 15, 2002 with DIRECTV, Inc. The amendment revises provisions relating to, among other things, the specifications, development schedules, milestone payment schedule and transition services for the development and manufacture of Series2 DIRECTV receivers and new versions of the associated client software. On January 8, 2003, the Company entered into the Third Amendment to the Development Agreement dated February 15, 2002 with DIRECTV, Inc. The amendment adds provisions relating to, among other things, the product requirements, the development schedule and the milestone payment schedule for the development of a TiVo-DIRECTV combination device capable of receiving and recording high-definition television signals and new versions of the associated client software. The amendment also revises provisions relating to, among other things, various obligations of the parties under the Development Agreement. On April 17, 2003, the Company entered into the Fourth Amendment to the Development Agreement dated February 15, 2002 with DIRECTV, Inc. The amendment revises provisions relating to, among other things, hardware and software requirements and development schedules under the Development Agreement. The Company also entered into the Fourth and Fifth Amendments to Development Agreement dated as of April 17, 2003 and December 19, 2003, respectively, with DIRECTV. These amendments revise provisions relating to, among other things, hardware and software requirements and development schedules under the Development Agreement. The Company entered into the Sixth Amendment to Development Agreement dated as of April 30, 2004 with DIRECTV. This amendment revises provisions relating to, among other things, the versions of TiVo software covered by the

Development Agreement.

The Services Agreement provides DIRECTV the option to license certain authoring tools from TiVo that would allow DIRECTV to distribute automatic recording capabilities and delivery of promotional video to a receiver's hard-disk drive. In exchange for the Company's license to use the software tools that allow DIRECTV to distribute these services directly, DIRECTV has agreed to pay TiVo a fee. The license is granted to DIRECTV in

exchange for the fee on an annual basis and is renewable up to four times. The term of the Services Agreement is three years. The Company entered into a new services agreement with DIRECTV on March 31, 2005. Under this Amended and Restated Services Agreement, DIRECTV has agreed to continue to distribute features of the TiVo service that enable advanced automatic recording capabilities and the delivery of promotional video to DIRECTV receivers with TiVo service. Subject to certain restrictions, both DIRECTV and TiVo may sell advertising and audience measurement data under the agreement, with each party retaining all their respective revenues generated from such sales. The agreement also provides for DIRECTV to receive certain audience measurement reports from TiVo related to use of DIRECTV DVR receivers with the TiVo service, and for TiVo to sell additional custom research services to DIRECTV and DIRECTV advertising clients at the request of DIRECTV. The term of the Amended and Restated Services Agreement expires concurrently with termination or expiration of the development agreement previously entered into between the parties.

The Company also signed an Amendment to Marketing Agreement and Tax Agreement with DIRECTV on February 15, 2002. The Amendment to Marketing Agreement and Tax Agreement amends the Marketing Agreement dated April 13, 1999 and the Tax Agreement dated July 24, 2001. The amendment provides that several terms of the Marketing Agreement, including those relating to, among other things, the billing system, customer service and customer data, be replaced by the terms set forth in the Development Agreement. In conjunction with the execution of the Development Agreement, the amendment also revises provisions relating to, among other things bandwidth allocation, promotional activities, the subscriber billing system and certain indemnification obligations set forth in the Marketing Agreement. Additionally, this amendment affirms that revenue share arrangements with DIRECTV for TiVo stand-alone receivers are permanent and does not change the revenue share arrangements previously in effect for which DIRECTV receives a percentage of TiVo's subscription revenues attributable to DIRECTV/TiVo subscribers. These amounts are included in sales and marketing expense. For product lifetime subscription revenue share, the Company capitalized upfront revenue share payments and expenses those ratably over a four-year period, in the same manner that it recognizes product lifetime subscription revenues. Monthly subscription revenue share is expensed on a monthly basis as they are earned by DIRECTV. The Amendment also modifies the Company's indemnity obligations under the Tax Agreement, entered into with DIRECTV as of July 24, 2001, such that, following a specific milestone date set forth in the Development Agreement, DIRECTV will have responsibility for taxability determinations.

The Company entered into the Second Consolidated Amendment to Marketing Agreement, dated as of June 30, 2003 and Amendment No. 1 to the Services Agreement, dated as of October 3, 2003. These amendments revise provisions relating to, among other things, the amount, timing and duration of revenue share payments made by the Company to DIRECTV for each subscription from integrated DIRECTV satellite receivers with TiVo service.

During the fiscal years ended January 31, 2005, 2004, and 2003, the Company recognized \$21.1 million, \$11.6 million and \$12.6 million, respectively, in DIRECTV-related service revenues which include subscription revenues and DIRECTV-related advertising revenues. During the fiscal years ended January 31, 2005, 2004, and 2003, the Company recognized \$2.0 million, \$5.5 million and \$5.3 million, respectively, in revenue for engineering professional services related to the Development Agreement, as previously disclosed in Note 14 to Item 8. of TiVo's Form 10-K for the year ended January 31, 2005, filed with the Securities and Exchange Commission on April 15, 2005.

Hughes Network Systems.

On August 31, 2000 the Company entered into a Technology License Agreement with Hughes Network Systems for the manufacture and distribution of digital video recorders that enable the TiVo Service. Subject to certain limitations, the agreement grants Hughes the right to manufacture and sell digital video recorders that enable the TiVo Service in the United States. Hughes was also granted the right to manufacture and sell digital video recorders in the United States that incorporate both DIRECTV's satellite receiver and the TiVo Service. The Company also granted Hughes a license to TiVo technology for the purpose manufacturing digital video recorders and other devices that enable the TiVo Service.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

ON EXECUTIVE COMPENSATION

The information contained in this section shall not be deemed to be soliciting material or filed with the SEC or subject to the liabilities of Section 18 of the Securities Exchange Act, except to the extent that we specifically incorporate it by reference into a document under the Securities Act or the Securities Exchange Act.

The Compensation Committee of the Board of Directors is currently composed of Messrs. Uva and Yang, neither of whom are currently officers or employees of TiVo. Mr. Rogers was a member of the Committee until October 2004. The Committee is responsible for establishing TiVo's compensation programs for its directors and executive officers and for administering our stock option incentive plans. For executive officers, the Committee evaluates performance and determines compensation policies and levels.

Compensation Philosophy

The goals of the compensation program are to align compensation with achievement of business objectives and performance and to enable TiVo to attract, retain and reward executive officers and other key employees who contribute to the long-term success of TiVo and to motivate them to enhance long-term stockholder value. In all instances, the Committee emphasizes the principle of rewarding performance. Key elements of this philosophy are:

TiVo pays competitively by reviewing executive compensation information derived from a survey of U.S.-based companies whose revenue levels and industry are generally considered to be comparable to TiVo. Although the Committee does not use a specific formula to set pay in relation to this market data, it generally sets executive officer annual base salary and annual incentives above the average salaries for comparable jobs in the marketplace.

TiVo maintains annual incentive opportunities sufficient to provide motivation to achieve specific operating goals and to generate rewards that bring total compensation to competitive levels.

TiVo provides significant equity-based incentives for executives and other key employees to ensure that they are motivated over the long term to respond to its business challenges and opportunities as owners and not just as employees.

Components of Compensation

Base Salary. The Committee annually reviews each executive officer's base salary. When reviewing base salaries, the Committee considers individual and corporate performance, levels of responsibility, prior experience, breadth of knowledge and competitive pay practices.

Annual Incentives. The annual executive bonus plan is based on strategic, operational and functional performance. The actual incentive award earned depends on the extent to which corporate and individual performance objectives are achieved. At the start of each year, the Committee and the full Board review and approve the annual performance objectives for TiVo and individual officers. TiVo's objectives consist of operating, strategic and financial goals that are considered to be critical to its fundamental long-term goal of building stockholder value. For the fiscal year ended January 31, 2005, these goals included the achievement of subscription growth and revenue targets, the attainment of operating

Edgar Filing: TIVO INC - Form DEFR14A

profit and cash flow objectives, increased service distribution goals, and the timely release of service enhancements.

After the end of the fiscal year, the Committee evaluates the degree to which TiVo has met its goals and evaluates the leadership team's performance against the objectives. Bonuses are awarded based on the team's performance during the year. Awards are paid in cash, and distributions are made in March following the performance year.

Beginning in fiscal year 2006, executives will also be eligible, six months into the year, to receive a portion of their annual performance bonus based on the Company's progress towards the annual performance objectives established by the Committee at the beginning of the year pursuant to the Fiscal Year 2006 Six Month Bonus Plan for Executives.

Long-Term Incentives. TiVo's long-term incentive program consists of the Amended & Restated 1997 and 1999 Equity Incentive Plans. The equity incentive program utilizes vesting periods (generally four years for stock option grants) to encourage key employees to continue in its employ. Through equity grants, executives receive significant equity incentives to build long-term stockholder value. Grants are made at 100% of fair market value on the date of grant. Employees receive value from these grants only if the common stock appreciates over the long-term.

The size of grants is determined based on practices at leading companies in the technology industry and TiVo's philosophy of significantly linking executive compensation with stockholder interests. The Committee believes this approach creates an appropriate focus on longer-term objectives and promotes executive retention.

Pursuant to the Fiscal Year 2006 Twelve Month Bonus Plan for Executives, executives will also be eligible to receive a matching grant of restricted stock whose fair market value on the date of grant will be equal to the executives target cash bonus under the Twelve Month Bonus Plan. These restricted stock grants under the Twelve Month Bonus Plan will vest 100% after one year from the date of grant.

Other Compensation. TiVo's executive officers are also eligible to participate in compensation and benefit programs generally available to other employees, including TiVo's Employee Stock Purchase Plan. In addition, from time to time, executive officers have received sign-on bonuses or other bonuses based on extraordinary effort.

Severance Plan For Senior Executives. For a limited period of time, the Committee also established a severance plan for the Company's senior leadership to provide continuity, stability, and retention during the Company's transition between Chief Executive Officers. The plan remains in effect only until twelve (12) months after the date a new Chief Executive Officer is hired by the Company. Pursuant to the plan, only the Company's Executive and Senior Vice-Presidents, including Mr. Courtney, Mr. Keast, Mr. Barton, Mr. Roberts, and Mr. Wisk, are eligible to receive certain specified benefits and salary under limited circumstances, such as their involuntarily termination without cause.

Corporate Performance and Chief Executive Officer Compensation

Mr. Ramsay's base salary at the end of fiscal 2005 as Chief Executive Officer was \$380,000. The Committee kept Mr. Ramsay's base annual salary through fiscal year ending January 31, 2006 at \$380,000. This amount, in addition to annual incentives consisting of a fiscal 2005 cash bonus of \$151,620 and stock option grant described below, was estimated by the Committee to provide an annual cash compensation level comparable to the average of the above mentioned selected group of companies and in line with Mr. Ramsay's previously announced plans to transition out of the role of Chief Executive Officer. In setting this amount, the Committee took into account (i) its belief that Mr. Ramsay is a Chief Executive Officer of a leading technology company who has significant and broad-based experience in the personal television industry, (ii) the scope of Mr. Ramsay's responsibility, (iii) his continued availability to assist with the Company's strategic and operational initiatives as he transitions out of the role of Chief Executive Officer, and (iv) his continued availability to serve as Chairman at the election of the Board. Considering these factors, Mr. Ramsay was also granted an option in March 2005 to purchase 250,000 shares of common stock as an incentive for future performance, an amount the Committee determined was consistent with competitive practices. This award will vest monthly over the next four years. Mr. Ramsay will also be eligible to participate in the Fiscal Year 2006 Six and Twelve Month Bonus Plans for Executives on a prorated basis, for both cash and restricted stock, for the period of time during the year he continues as Chief Executive Officer.

During fiscal 2005, TiVo achieved a majority of its corporate objectives. Mr. Ramsay's compensation reflected his success during a period of increased competition in guiding TiVo's achievement of certain goals determined at the beginning of fiscal 2005, which included, achieving specified subscription growth and revenue targets and the successful attainment of certain operating profit and cash flow objectives.

Policy on Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits the tax deductibility by a corporation of compensation in excess of \$1 million paid to its chief executive officer and any other of its four most highly compensated executive officers. However, compensation which qualifies as performance-based is excluded from the \$1 million limit if, among other requirements, the compensation is payable only upon attainment of

Edgar Filing: TIVO INC - Form DEFR14A

pre-established, objective performance goals under a plan approved by the corporation's stockholders.

The Compensation Committee does not presently expect total cash compensation payable for salaries to exceed the \$1 million limit for any individual executive officer of TiVo. After consideration of the requirements of Section 162(m), the Compensation Committee believes that stock option grants to date meet the requirement that such grants be performance-based and are, therefore, exempt from the limitations on deductibility. The Compensation Committee will continue to monitor the compensation levels potentially payable under TiVo's cash compensation programs, but intends to retain the flexibility necessary to provide total cash compensation in line with competitive practice, TiVo's compensation philosophy and TiVo's best interests.

Conclusion

Through the plans described above, a significant portion of TiVo's compensation program and Mr. Ramsay's compensation are contingent on TiVo's performance, and realization of benefits is closely linked to increases in long-term stockholder value. TiVo remains committed to this philosophy of pay for performance,

recognizing that the competitive market for talented executives and the volatility of TiVo's business may result in highly variable compensation for a particular time period.

OTHER INFORMATION

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange requires TiVo's directors and executive officers and persons who own more than ten percent of a registered class of TiVo's equity securities (collectively, Reporting Persons) to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of TiVo. Reporting Persons are required by SEC regulation to furnish TiVo with copies of all Section 16(a) forms they file.

To TiVo's knowledge, based solely on a review of the copies of such reports furnished to TiVo and written representations from certain Reporting Persons that no other reports were required, TiVo believes that during fiscal 2005 all Reporting Persons complied with all applicable filing requirements, except for Mr. Zaslav. On March 8, 2005, Mr. Zaslav filed a Form 5 reporting three previous grants of options made to him as part of the standard compensation received by all non-employee members of TiVo's Board of Directors which had not previously been reported.

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

The firm of independent public accountants appointed by the Board upon the recommendation of the Audit Committee for the fiscal year ending January 31, 2006 is KPMG LLP. The Audit Committee reviews and pre-approves audit and permissible non-audit services performed by KPMG LLP, as well as the fees paid to KPMG LLP for such services. Before recommending KPMG LLP as our independent auditors for fiscal 2006, the Audit Committee carefully considered the firm's qualifications as independent auditors for TiVo.

The Board expects that the representatives of KPMG LLP will be present at the meeting, will be given an opportunity to make a statement at such meeting if they desire to do so, and will be available to respond to appropriate questions.

Notwithstanding anything in TiVo's Amended & Restated Bylaws to the contrary, no business shall be conducted at any annual meeting except in accordance with the procedures set forth in TiVo's Amended & Restated Bylaws.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (such as banks and brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are our stockholders will be householding our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your broker, direct your written request to Investor Relations, TiVo Inc., 2160 Gold Street, P.O. Box 2160, Alviso, CA 95002, or contact Investor Relations by telephone at (408) 519-9345. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker.
