Board Practices and Committees

Teva's Board of Directors is currently comprised of 15 persons, two of whom are being considered for re-election at this Annual Meeting. Eleven of the Board members have been determined to be independent within the meaning of applicable NASDAQ regulations. The Board includes two statutory independent directors, as mandated under the Israeli Companies Law, which also requires that such directors meet additional criteria to help ensure their independence. The terms of the directors are set forth in the table above.

All directors are entitled to review and retain copies of Teva's documentation and examine Teva's assets, as required to perform their duties as directors and to receive assistance, in special cases, from outside experts at Teva's expense (subject to approval by the Board or by a court).

Board Practices and Procedures. Teva's Board members are generally elected for terms of three years. Teva believes that this system of multi-year terms allows Teva's directors to acquire and provide Teva with the benefit of a high level of expertise with respect to its complex business. Teva also provides an orientation and continuing education program for Board members which includes the provision of materials, meetings with key management and visits to company facilities.

Board Meetings. Meetings of the Board of Directors are generally held every 4-6 weeks throughout the year, with additional special meetings scheduled when required. The Board held 19 meetings in 2006, five of

which took place at Teva's various European facilities. The average attendance rate at Board meetings held during 2006 was 84%.

Executive Sessions of the Board. The independent members of the Board met in executive session (without management or non-independent directors' participation) one time during 2006. They will continue to meet in executive session on a regular basis. Prof. Meir Heth serves as Chairman of the executive sessions of the Board.

Director Service Contracts. Teva does not have any contracts with any of its non-executive directors that would provide for benefits upon termination of employment.

Home Country Practice. Except as described below, Teva is in compliance with corporate governance standards as currently applicable to Teva under Israeli, U.S., SEC and Nasdaq laws and regulations. Nasdaq Rule 4350(f) requires that an issuer listed on the Nasdaq National Market have a quorum requirement for shareholder meetings of at least one-third of the outstanding shares of the company's common voting stock. However, our articles of association, consistent with the Israeli Companies Law and Israeli practice, provide that the quorum requirements for a meeting are the presence of a minimum of two shareholders, present in person or by proxy or by their authorized persons, and who hold in the aggregate twenty-five percent or more of the paid-up share capital of the Company.

As further described below, Teva has adopted an audit committee charter formalizing its procedures and duties and also has adopted a nominating procedure, each pursuant to applicable laws and regulations.

Communications with the Board. Shareholders or other interested parties can contact any director or committee of the Board by writing to them care of Teva Pharmaceutical Industries Limited, 5 Basel Street, Petach Tikva, Israel, Attn: Corporate Secretary or Internal Auditor. Comments or complaints relating to Teva's accounting, internal controls or auditing matters will also be referred to members of the audit committee as well as other appropriate bodies of the Company. The Board has adopted a global whistleblower policy, which provides employees and others with an anonymous means of communicating with the audit committee.

Statutory Independent Directors/Financial Experts

Under Israeli law, publicly held Israeli companies such as Teva are required to appoint two statutory independent directors, who must also serve on the audit committee. All other Board committees must include at least one such statutory independent director. Such statutory independent directors are appointed at the general meetings by the holders of a majority of Teva's ordinary shares and must meet certain non-affiliation criteria all as provided under Israeli law. A statutory independent director is appointed for an initial term of three consecutive years, and may be reappointed for additional three-year terms, subject to certain conditions (including approval by Teva shareholders at a general meeting) as provided under Israeli regulations. Regulations promulgated under Israeli law set the minimum and maximum compensation that may be paid to statutory independent directors. Dr. Leora Meridor and Prof. Gabriela Shalev currently serve in this capacity.

Israeli law further requires that at least one statutory independent director have financial and accounting expertise, and that the other statutory independent director have professional competence, as determined by the company's Board of Directors. Under relevant regulations, a director having financial and accounting expertise is a person who, due to his or her education, experience and talents, is highly skilled in respect of, and understands, business and accounting matters and financial reports, in a manner that enables him or her to have an in-depth understanding of the company's financial information and to stimulate discussion in respect of the manner in which the financial data is presented.
