All results for June 2007 should be considered preliminary until complete results for the first quarter ended August 31, 2007 are published or furnished by the Company.

Those statements are often indicated by the use of words such as will, intend, anticipate, estimate, expect, plan and similar expressions. Forward-looking statements involve certain risks and uncertainties. Actual results may differ materially from those contemplated by the forward looking statements due to, among others, the following factors: the results of ongoing investigations by the United States Department of Justice; the ability to successfully implement new technologies; the Company's ability to sustain sales and earnings growth; the Company's success in achieving timely approval or clearance of its products with domestic and foreign regulatory entities; the stability of certain foreign economic markets; the impact of anticipated changes in the musculoskeletal industry and the ability of the Company to react to and capitalize on those changes; the ability of the Company to successfully implement its desired organizational changes; the impact of the Company's managerial changes; the Company's inability to satisfy the conditions to closing the pending transaction with LVB Acquisition, LLC (including receiving the requisite number of shares in the tender offer) and the costs and consequences of not closing the transaction; the effect of the pending transaction with LVB Acquisition, LLC on the Company's business and its

relationship with customers, distributors, employees and suppliers; the results and related outcomes of the review by the special committee of Company's board of directors formed to investigate historical stock option granting practices; developments related to the Company's internal controls over financial reporting disclosure controls and procedures; and other factors set forth in the Company's filings with the SEC, including the Company's most recent annual report on Form 10-K (as amended) and quarterly reports on Form 10-Q. Although the Company believes that the assumptions on which the forward-looking statements contained herein are based are reasonable, any of those assumptions could prove to be inaccurate given the inherent uncertainties as to the occurrence or non-occurrence of future events.
