PROSPECTUS SUPPLEMENT

(To Prospectus dated December 5, 2005)

General Electric Company

\$4,000,000,000

5.250% Notes due 2017

Issue price: 99.195%

We will pay interest on the notes semiannually on June 6 and December 6 of each year, beginning June 6, 2008. The notes will mature on December 6, 2017. We may not redeem the notes prior to maturity. The notes will not be listed on any securities exchange.

The notes will be unsecured obligations and rank equally with our other unsecured debt securities that are not subordinated obligations. The notes will be issued in registered form in denominations of \$1,000 and integral multiples thereof.

See **Risk Factors** on page S-3 for a discussion of certain risks that should be considered in connection with an investment in the notes.

	<u>Per Note</u>	<u>Total</u>
Public offering price(1)	99.195%	\$ 3,967,800,000
Underwriting discount	0.300%	\$ 12,000,000
Proceeds to General Electric Company (before expenses)	98.895%	\$ 3,955,800,000

(1) Plus accrued interest from December 6, 2007, if settlement occurs after that date.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the notes or determined that this prospectus supplement or the accompanying prospectus is accurate or complete. Any representation to the contrary is a criminal offense.

The underwriters expect to deliver the notes in book-entry form only through the facilities of The Depository Trust Company, Clearstream, Luxembourg or the Euroclear System, as the case may be, on or about December 6, 2007.

ABOUT THIS PROSPECTUS

This document is in two parts. The first part is this prospectus supplement, which describes the terms of the offering of the notes. The second part is the accompanying prospectus dated December 5, 2005, which we refer to as the accompanying prospectus. The accompanying prospectus contains a description of our debt securities and gives more general information, some of which may not apply to the notes.

You should rely only on the information contained in or incorporated by reference in this prospectus supplement and the accompanying prospectus or in any written communication from us or the underwriters specifying the final terms of the offering of the notes. If information in this prospectus supplement is inconsistent with the accompanying prospectus, you should rely on the prospectus supplement. We have not, and the underwriters have not, authorized anyone to provide you with different information. We are not, and the underwriters are not, making an offer of these securities in any state where the offer or sale is not permitted. You should not assume that the information provided by this prospectus supplement, the accompanying prospectus or the documents incorporated by reference in this prospectus supplement and in the accompanying prospectus is accurate as of any date other than their respective dates. Our business, financial condition, results of operations and prospects may have changed since those dates.

Before you invest in the notes, you should carefully read the registration statement described in the accompanying prospectus (including the exhibits thereto) of which this prospectus supplement and the accompanying prospectus form a part, this prospectus supplement, the accompanying prospectus and the documents incorporated by reference into this prospectus supplement and the accompanying prospectus. The incorporated documents are described in this prospectus supplement under **Where You Can Find More Information**.

References in this prospectus supplement to GE, we, us and our are to General Electric Company, unless otherwise noted.

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and current reports, proxy statements and other information with the Securities and Exchange Commission (the SEC). Our SEC filings are available to the public from the SEC's web site at <http://www.sec.gov>. You may also read and copy any document we file at the SEC's public reference room in Washington, D.C. located at 100 F Street, N.E., Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information on the public reference room. Our common stock is listed and traded on the New York Stock Exchange (the NYSE). You may also inspect the information we file with the SEC at the NYSE's offices at 20 Broad Street, New York, New York 10005. Information about us is also available at our Internet site at <http://www.ge.com>. However, the information on our Internet site is not a part of this prospectus supplement or the accompanying prospectus.

The SEC allows us to incorporate by reference in this prospectus supplement and the accompanying prospectus the information in the documents that we file with it, which means that we can disclose important information to you by referring you to those documents. The information incorporated by reference is considered to be a part of this prospectus supplement and the accompanying prospectus, and information in documents that we file later with the SEC will automatically update and supersede information contained in documents filed earlier with the SEC or contained in this prospectus supplement and the accompanying prospectus. We incorporate by reference in this prospectus supplement and the accompanying prospectus the documents listed below and any future filings that we may make with the SEC under Sections 13(a), 13(c), 14, or 15(d) of the Securities Exchange Act of 1934, as amended, until we sell all of the securities that may be offered by this prospectus supplement:

Annual Report on Form 10-K for the year ended December 31, 2006;

Quarterly Reports on Form 10-Q for the quarters ended March 31, 2007, June 30, 2007 and September 30, 2007;

Current Reports on Form 8-K filed January 19, 2007, March 29, 2007 (excluding the exhibits thereto), April 27, 2007, May 21, 2007, June 4, 2007 (excluding the exhibits thereto), July 31, 2007, September 4, 2007 (excluding the exhibits thereto), September 21, 2007 and October 12, 2007 (except for the report filed on such date pursuant to Items 2.02 and 7.01 of Form 8-K);

Form 10-K/A Amendment No. 1 to the Form 10-K for the year ended December 31, 2005, filed on January 19, 2007 (the information in which updates and amends only our Form 10-K for the year ended December 31, 2005); and

Forms 10-Q/A Amendments No. 1 to the Forms 10-Q for each of the quarterly periods ended March 31, 2006, June 30, 2006 and September 30, 2006, each filed on January 19, 2007 (the information in which updates and amends only our Forms 10-Q for each of the quarterly periods ended March 31, 2006, June 30, 2006 and September 30, 2006, respectively).

We are not incorporating, in each case, any documents or information deemed to have been furnished and not filed in accordance with SEC rules.

You may obtain a copy of any or all of the documents referred to above which have been or will be incorporated by reference into this prospectus supplement and accompanying prospectus (excluding certain exhibits to the documents) at no cost to you by writing or telephoning us at the following address:

SUMMARY OF THE OFFERING

The following is a brief summary of some of the terms of this offering. It does not contain all of the information that you need to consider in making your investment decision. To understand all of the terms of the offering of the notes, you should carefully read this prospectus supplement and the accompanying prospectus.

The issuer	General Electric Company, a New York company.
Securities offered	\$4,000,000,000 5.250% Notes due 2017, which we refer to as the notes.
Original issue date	December 6, 2007.
Maturity date	December 6, 2017.
Interest payment dates	Interest on the notes will be paid semiannually on June 6 and December 6 of each year, beginning on June 6, 2008, and on the maturity date.
Interest rate	5.250% per annum.
Redemption	We may not redeem the notes prior to maturity.
Ranking	The notes will be unsecured obligations of ours and will rank equally with our other unsecured debt securities that are not subordinated obligations.
Denominations	The notes will be issued in denominations of \$1,000 and integral multiples thereof.
Form of notes	Book-entry form, represented by one or more global notes deposited with or on behalf of The Depository Trust Company, or DTC.
Trustee	The Bank of New York.

Table of Contents

RISK FACTORS

Investing in the notes involves risks. You should carefully consider the risks described under "Risk Factors" in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2006 (which Risk Factors are incorporated by reference herein), as well as the other information contained or incorporated by reference in this prospectus supplement and the accompanying prospectus before making a decision to invest in our notes. See "Where You Can Find More Information" above.

THE COMPANY

GE is one of the largest and most diversified industrial corporations in the world. GE has engaged in developing, manufacturing and marketing a wide variety of products for the generation, transmission, distribution, control and utilization of electricity since its incorporation in 1892. Over the years, GE has developed or acquired new technologies and services that have broadened considerably the scope of its activities.

GE's products include major appliances; lighting products; industrial automation products; medical diagnostic imaging systems; bioscience assays and separation technology products; electrical distribution and control equipment; locomotives; power generation and delivery products; nuclear power support services and fuel assemblies; commercial and military aircraft jet engines; chemicals and equipment for treatment of water and process systems; and security equipment and systems.

GE's services include product services; electrical apparatus installation, engineering, and repair and rebuilding services. Through its affiliate, NBC Universal, Inc., GE produces and delivers network television services, operates television stations, produces and distributes motion pictures, operates cable/satellite networks, operates theme parks, and programs activities in multimedia and the Internet. Through another affiliate, General Electric Capital Services, Inc., GE offers a broad array of financial and other services including consumer financing, commercial and industrial financing, real estate financing, asset management and leasing, mortgage services and consumer savings.

USE OF PROCEEDS

The net proceeds from the sale of the notes will be used for general corporate purposes.

RATIO OF EARNINGS TO FIXED CHARGES

Set forth below is our ratio of earnings to fixed charges for the nine months ended September 30, 2007 and for each year in the five-year period ended December 31, 2006.

Nine Months Ended	<u>Twelve Months Ended December 31,</u>
----------------------	---

Edgar Filing: GENERAL ELECTRIC CO - Form 424B2

	September 30,	2006	2005	2004	2003	2002
	2007	<u> </u>	<u> </u>	<u> </u>	<u> </u>	<u> </u>
Ratio of Earnings to Fixed Charges	2.08	2.26	2.48	2.69	2.66	2.77

In the above calculations, earnings for all periods consist of earnings before income taxes, minority interest, cumulative effect of changes in accounting principles of GE and its consolidated affiliates and discontinued operations. Earnings are also adjusted to add amounts charged to consolidated expenses of GE and its consolidated affiliates during the period for interest and other financial charges and an amount representative of the interest factor in rentals (for this purpose, the interest factor is assumed to be one-third of rental expense). Fixed charges consist of all interest and financial charges, including capitalized interest, and one-third of rental expense for companies included in the consolidated group.

Table of Contents

DESCRIPTION OF NOTES

The following description of the particular terms of the notes offered by this prospectus supplement supplements the description of the general terms and provisions of the debt securities in the accompanying prospectus.

General

The notes are to be issued as a series of debt securities under the indenture, dated as of December 1, 2005, between us and The Bank of New York (successor to JPMorgan Chase Bank, N.A.), as trustee, which is more fully described in the accompanying prospectus. The notes initially will be limited to \$4,000,000,000 aggregate principal amount. We may reopen this series of notes and issue additional notes of this series without the consent of the holders of the notes, but we will not issue such additional notes unless they are fungible for U.S. federal income tax purposes with the notes offered hereby. The notes are unsecured and will rank equally with our other unsecured and unsubordinated indebtedness. The maturity date of the notes will be December 6, 2017. The following description of the terms of the notes supplements, and to the extent inconsistent therewith replaces, the description of the general terms and provisions of the debt securities set forth in the accompanying prospectus.

The notes will be issued only in fully registered, book-entry form, in denominations of \$1,000 and integral multiples thereof.

Interest and Principal

The notes will bear interest from December 6, 2007 at the annual rate stated on the cover of this prospectus supplement. We will pay interest on the notes semiannually on June 6 and December 6 of each year and on the maturity date (each, an interest payment date), commencing June 6, 2008, to the persons in whose names the notes are registered at the close of business on the May 20 and November 20, as the case may be (in each case, whether or not a business day) immediately preceding the related interest payment date; *provided, however*, that interest payable on the maturity date shall be payable to the person to whom the principal of such notes shall be payable. Interest on the notes will be computed on the basis of a 360-day year composed of twelve 30-day months.

We will pay the principal of and interest on each note to the registered holder in immediately available funds upon presentation of the notes if in certificated form at the office or agency we maintain for this purpose in the Borough of Manhattan, The City of New York, currently the corporate trust office of the trustee located at 101 Barclay Street, New York, New York 10286, in any coin or currency of the United States of America which at the time of payment is legal tender for payment of public and private debts; *provided, however*, that payment of interest may be made at our option by check mailed to the registered holder at the close of business on the regular record date at such address as shall appear in the security register or by wire transfer of immediately available funds to an account specified in writing by such holder to us and the trustee prior to the relevant record date. Notwithstanding anything to the contrary in this prospectus supplement or the accompanying prospectus, so long as the notes are in book-entry form, we will make payments of principal and interest through the trustee to The Depository Trust Company.

Interest payable on any interest payment date or the maturity date shall be the amount of interest accrued from, and including, the next preceding interest payment date in respect of which interest has been paid or duly provided for (or from and including the original issue date, if no interest has been paid or duly provided for with respect to the notes) to, but excluding, such interest payment date or maturity date, as the case may be. If any interest payment date falls on a day that is not a business day, the interest payment will be made on the next succeeding day that is a

Edgar Filing: GENERAL ELECTRIC CO - Form 424B2

business day, but we will not be liable for any additional interest as a result of the delay in payment. If the maturity date of the notes falls on a day that is not a business day, the related payment of principal and interest will be made on the next succeeding business day as if it were made on the date such payment was due, and no interest will accrue on the amounts so payable for the period from and after such date to the next succeeding business day.

S-4

Table of Contents

By business day we mean a weekday which is not a day when banking institutions in the place of payment are authorized or required by law or regulation to be closed.

Redemption

We may not redeem the notes prior to maturity.

Book-Entry and Settlement

The notes will be issued in the form of one or more fully-registered global notes in book-entry form, which will be deposited with, or on behalf of, The Depository Trust Company (DTC) and registered in the name of DTC s nominee, Cede & Co. Except as set forth below, the global notes may not be transferred except as a whole by DTC to a nominee of DTC or by a nominee of DTC to DTC or another nominee of DTC or by DTC or any such nominee to a successor of DTC or a nominee of such successor.

Investors may elect to hold beneficial interests in the global notes through either DTC, in the United States, Clearstream Banking, société anonyme (Clearstream), and Euroclear Bank S.A./N.V. (Euroclear) if they are participants in these systems, or indirectly through organizations which are participants in these systems.

So long as DTC or its nominee is the registered owner of a global note, DTC or its nominee, as the case may be, will be considered the sole holder of the notes represented by such global notes for all purposes under the Indenture and the beneficial owners of the notes will be entitled only to those rights and benefits afforded to them in accordance with DTC s regular operating procedures. Upon specified written instructions of a participant in DTC, DTC will have its nominee assist participants in the exercise of certain holders rights, such as demand for acceleration of maturity or an instruction to the Trustee.

Except as provided below, owners of beneficial interests in a global note will not be entitled to have notes registered in their names, will not receive or be entitled to receive physical delivery of notes in certificated form and will not be considered the registered owners or holders thereof under the Indenture. If DTC is at any time unwilling or unable to continue as depository, defaults in the performance of its duties or if at any time DTC ceases to be a clearing agency registered under the Securities Exchange Act of 1934 (the Exchange Act) and a successor depository is not appointed by us within 90 days, or if we determine, subject to DTC s procedures, that we will issue securities registered in the name of beneficial holders thereof, we will issue individual notes in certificated form of the same series and like tenor and in the applicable principal amount in exchange for the notes represented by the global note. In any such instance, an owner of a beneficial interest in a global note will be entitled to physical delivery of individual notes in certificated form of the same series and like tenor, equal in principal amount to such beneficial interest and to have the notes in certificated form registered in its name. Notes so issued in certificated form will be issued in denominations of \$1,000 and integral multiples thereof and will be issued in registered form only, without coupons.

The following is based on information furnished by DTC:

Edgar Filing: GENERAL ELECTRIC CO - Form 424B2

DTC will act as securities depository for the notes. The notes will be issued as fully-registered notes registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds and provides asset servicing for over 2 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues and money market instruments from over 85 countries that DTC's direct participants deposit with DTC.

S-5

Table of Contents

DTC also facilitates the post-trade settlement among direct participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between direct participants' accounts. This eliminates the need for physical movement of securities certificates. Direct participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (DTCC). DTCC, in turn, is owned by a number of direct participants of DTC and members of the National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation, and Emerging Markets Clearing Corporation, as well as by The New York Stock Exchange, Inc., the American Stock Exchange LLC and the Financial Industry Regulatory Authority, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly. DTC has Standard & Poor's highest rating: AAA. The DTC rules applicable to its participants are on file with the SEC. More information about DTC can be found at www.dtcc.com.

Purchases of the notes under the DTC system must be made by or through direct participants, which will receive a credit for the notes on DTC's records. The beneficial interest of each actual purchaser of each note is in turn to be recorded on the direct and indirect participants' records. Beneficial owners will not receive written confirmation from DTC of their purchase. Beneficial owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the direct or indirect participant through which the beneficial owner entered into the transaction. Transfers of beneficial interests in the notes are to be accomplished by entries made on the books of direct and indirect participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their beneficial interests in notes, except in the event that use of the book-entry system for the notes is discontinued. The laws of some states require that certain persons take physical delivery in definitive form of securities which they own. Such limits and such laws may impair the ability of such persons to own, transfer or pledge beneficial interests in a global note.

To facilitate subsequent transfers, all notes deposited by direct participants with DTC will be registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of the notes with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the notes; DTC's records reflect only the identity of the direct participants to whose accounts the notes will be credited, which may or may not be the beneficial owners. The direct and indirect participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants, and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial owners of the notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the notes, such as tenders and defaults. For example, beneficial owners of the notes may wish to ascertain that the nominee holding the notes for their benefit has agreed to obtain and transmit notices to beneficial owners. In the alternative, beneficial owners may wish to provide their names and addresses to the registrar of the notes and request that copies of the notices be provided to them directly. Any such request may or may not be successful.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the notes unless authorized by a direct participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to us as soon as possible after the regular record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts the notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Table of Contents

We will pay principal of and interest on the notes in same-day funds to the Trustee and the Trustee is required to pay such amounts to DTC, or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit direct participants' accounts on the applicable payment date in accordance with their respective holdings shown on DTC's records upon DTC's receipt of funds and corresponding detail information. Payments by participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of these participants and not of us, the Trustee, DTC, or any other party, subject to any statutory or regulatory requirements that may be in effect from time to time. Payment of principal and interest to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC, is the responsibility of us or the Trustee, disbursement of such payments to direct participants is the responsibility of DTC, and disbursement of such payments to the beneficial owners is the responsibility of the direct or indirect participants.

The information in this section concerning DTC and DTC's system has been obtained from sources that we believe to be reliable, but we take no responsibility for its accuracy.

Clearstream and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's names on the books of their respective depositaries, which in turn will hold interests in customers' securities accounts in the depositaries' names on the books of DTC. At the present time, Citibank, N.A. acts as U.S. depositary for Clearstream and JPMorgan Chase Bank, N.A. acts as U.S. depositary for Euroclear (together, the U.S. Depositaries). Beneficial interests in the global notes will be held in denominations of \$1,000 and integral multiples thereof.

Clearstream holds securities for its participating organizations (Clearstream Participants) and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries.

Clearstream is registered as a bank in Luxembourg, and as such is subject to regulation by the Commission de Surveillance du Secteur Financier and the Banque Centrale du Luxembourg, which supervise and oversee the activities of Luxembourg banks. Clearstream Participants are world-wide financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations, and may include the underwriters or their affiliates. Indirect access to Clearstream is available to other institutions that clear through or maintain a custodial relationship with a Clearstream Participant. Clearstream has established an electronic bridge with Euroclear as the operator of the Euroclear System (the Euroclear Operator) in Brussels to facilitate settlement of trades between Clearstream and the Euroclear Operator.

Distributions with respect to the notes held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures, to the extent received by the U.S. Depositary for Clearstream.

Euroclear holds securities and book-entry interests in securities for participating organizations (Euroclear Participants) and facilitates the clearance and settlement of securities transactions between Euroclear Participants, and between Euroclear Participants and participants of certain other securities intermediaries through electronic book-entry changes in accounts of such participants or other securities intermediaries. Euroclear provides Euroclear Participants, among other things, with safekeeping, administration, clearance and settlement, securities lending and borrowing, and related services. Euroclear Participants are investment banks, securities brokers and dealers, banks, central banks, supranationals, custodians, investment managers, corporations, trust companies and certain other organizations, and may include the underwriters or their affiliates. Non-participants in Euroclear may hold and transfer beneficial interests in a global note through accounts with a

Table of Contents

Euroclear Participant or any other securities intermediary that holds a book-entry interest in a global note through one or more securities intermediaries standing between such other securities intermediary and Euroclear.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the Terms and Conditions). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants, and has no record of or relationship with persons holding through Euroclear Participants.

Distributions with respect to notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Terms and Conditions, to the extent received by the U.S. Depository for Euroclear.

Transfers between Euroclear Participants and Clearstream Participants will be effected in the ordinary way in accordance with their respective rules and operating procedures.

Cross-market transfers between DTC's participating organizations (DTC Participants), on the one hand, and Euroclear Participants or Clearstream Participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by its U.S. Depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (European time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its U.S. Depository to take action to effect final settlement on its behalf by delivering or receiving interests in the global note in DTC, and making or receiving payment in accordance with normal procedures for same-day fund settlement applicable to DTC. Euroclear Participants and Clearstream Participants may not deliver instructions directly to their respective U.S. Depositories.

Due to time zone differences, the securities accounts of a Euroclear Participant or Clearstream Participant purchasing an interest in a global note from a DTC Participant in DTC will be credited, and any such crediting will be reported to the relevant Euroclear Participant or Clearstream Participant, during the securities settlement processing day (which must be a business day for Euroclear or Clearstream) immediately following the settlement date of DTC. Cash received in Euroclear or Clearstream as a result of sales of interests in a global note by or through a Euroclear Participant or Clearstream Participant to a DTC Participant will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date.

The information in this section concerning Euroclear and Clearstream and their book-entry systems has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy of that information.

None of GE, the underwriters or the trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of the beneficial interests in a global note, or for maintaining, supervising or reviewing any records relating to such beneficial interests.

The Trustee, Paying Agent and Security Registrar

Edgar Filing: GENERAL ELECTRIC CO - Form 424B2

The Bank of New York will be the trustee, paying agent and security registrar with respect to the notes and maintains banking relationships with us and with affiliates of ours. It is also the trustee under our Senior Note Indenture, dated as of January 1, 2003. The Bank of New York has also succeeded JPMorgan Chase Bank, N.A. as trustee under the indentures with our affiliate General Electric Capital Corporation described under Description of Debt Securities-Regarding the Trustee in the accompanying prospectus.

S-8

Table of Contents

UNITED STATES TAX CONSIDERATIONS

The following discussion summarizes certain U.S. federal income tax considerations that may be relevant to you if you invest in the notes. Except as discussed under **Non-U.S. holders** and **Information reporting and backup withholding**, the discussion generally applies only to holders of notes that are U.S. holders that hold notes as capital assets. You will be a U.S. holder if you are an individual who is a citizen or resident of the United States, a U.S. domestic corporation, or any other person that is subject to U.S. federal income tax on a net income basis in respect of an investment in the notes. This summary does not address considerations that may be relevant to you if you are an investor that is subject to special tax rules, such as a bank, thrift, real estate investment trust, regulated investment company, insurance company, dealer in securities or currencies, trader in securities or commodities that elects mark to market treatment, person that will hold notes as a position in a straddle, conversion or other integrated transaction, tax-exempt organization, partnership or other entity classified as a partnership for U.S. federal income tax purposes, certain former citizens and residents, or a person whose functional currency is not the U.S. dollar.

This summary is based on laws, regulations, rulings and decisions now in effect, all of which may change. Any change could apply retroactively and could affect the continued validity of this summary.

You should consult your tax adviser about the tax consequences of purchasing or holding notes, including the relevance to your particular situation of the considerations discussed below, as well as the relevance to your particular situation of state, local or other tax laws.

Payments or accruals of interest

It is anticipated that the notes will not be issued with original issue discount for U.S. federal income tax purposes and the remainder of this discussion so assumes. Accordingly, payments or accruals of stated interest on a note will be taxable to you as ordinary interest income at the time that you receive or accrue such amounts (in accordance with your regular method of tax accounting).

Purchase, sale and retirement of notes

Initially, your tax basis in a note generally will equal the cost of the note to you. Your basis will increase by any amounts that you are required to include in income under the rules governing market discount, and will decrease by the amount of any amortized premium on the note. (The rules for determining these amounts are discussed below.) When you sell or exchange a note, or if a note that you hold is retired, you generally will recognize gain or loss equal to the difference between the amount you realize on the transaction (less any accrued interest, which will be subject to tax in the manner described above under **Payments or accruals of interest**) and your adjusted tax basis in the note.

Except as discussed below with respect to market discount, the gain or loss that you recognize on the sale, exchange or retirement of a note generally will be capital gain or loss. The gain or loss on the sale, exchange or retirement of a note will be long-term capital gain or loss if you have held the note for more than one year on the date of disposition. Net long-term capital gain recognized by an individual U.S. holder generally will be subject to tax at a lower rate than net short-term capital gain or ordinary income. The ability of U.S. holders to offset capital losses against ordinary income is limited.

Premium

If you purchase a note at a cost greater than the note's stated principal amount, you will be considered to have purchased the note at a premium, and you may elect to amortize the premium as an offset to interest income, using a constant yield method, over the remaining term of the note. If you make the election to amortize

S-9

Table of Contents

the premium, it generally will apply to all debt instruments that you hold at the time of the election, as well as any debt instruments that you subsequently acquire. In addition, you may not revoke the election without the consent of the Internal Revenue Service. If you elect to amortize the premium, you will be required to reduce your tax basis in the note by the amount of the premium amortized during your holding period. If you do not elect to amortize premium, the amount of premium will be included in your tax basis in the note. Therefore, if you do not elect to amortize premium and you hold the note to maturity, you generally will be required to treat the premium as capital loss when the note matures.

Market discount

If you purchase a note at a price that is lower than the note's stated principal amount by 0.25% or more of the stated principal amount multiplied by the number of remaining whole years to maturity, the note will be considered to bear market discount in an amount equal to such difference in your hands. In this case, any principal payments on, or any gain that you realize on the disposition of, the note generally will be treated as ordinary interest income to the extent of the market discount that accrued on the note during your holding period. In addition, you may be required to defer the deduction of all or a portion of the interest paid on any indebtedness that you incurred or continued to purchase or carry the note. In general, market discount will be treated as accruing ratably, or, at your election, under a constant yield method, over the remaining term of the note.

You may elect to include market discount in gross income currently as it accrues (on either a ratable or constant yield basis), in lieu of treating a portion of any gain realized on a sale of the note as ordinary income. If you elect to include market discount on a current basis, the interest deduction deferral rule described above will not apply. If you do make such an election, it will apply to all market discount debt instruments that you acquire on or after the first day of the first taxable year to which the election applies. The election may not be revoked without the consent of the Internal Revenue Service.

Non-U.S. holders

If you are a non-resident alien individual or a foreign corporation (a non-U.S. holder), the interest income that you derive in respect of the notes generally will be exempt from United States federal withholding tax. This exemption will apply to you provided that

you do not actually or constructively own 10 percent or more of the combined voting power of all classes of our stock and you are not a controlled foreign corporation that is related, directly or indirectly, to us through stock ownership, and

the beneficial owner provides a statement (generally, an Internal Revenue Service Form W-8BEN) signed under penalties of perjury that includes its name and address and certifies that it is a non-U.S. person in compliance with applicable requirements (or satisfies certain documentary evidence requirements for establishing that it is a non-U.S. person).

If you are a non-U.S. holder, any gain you realize on a sale, exchange or other disposition of notes generally will be exempt from United States federal income tax, including withholding tax. This exemption will not apply to you if your gain is effectively connected with your conduct of a trade or business in the United States or you are an individual holder and are present in the United States for 183 days or more in the taxable year of the disposition and either your gain is attributable to an office or other fixed place of business that you maintain in the United States or you have a tax home in the United States.

Edgar Filing: GENERAL ELECTRIC CO - Form 424B2

United States federal estate tax will not apply to a note held by you if at the time of death you were not a citizen or resident of the United States, you did not actually or constructively own 10 percent or more of the combined voting power of all classes of our stock and payments of interest on the note would not have been effectively connected with the conduct by you of a trade or business in the United States.

S-10

Table of Contents

For purposes of applying the rules described under this heading Non-U.S. holders to a partnership or other entity that is treated as fiscally transparent for U.S federal income tax purposes, the beneficial owner means each of the ultimate beneficial owners of the entity.

Information reporting and backup withholding

Persons making payments on the notes must file information returns with the Internal Revenue Service in connection with payments made to certain U.S. holders. If you are a U.S. holder, you generally will not be subject to United States backup withholding tax on such payments if you provide your taxpayer identification number to the payor. You may also be subject to information reporting and backup withholding tax requirements with respect to the proceeds from a sale of the notes. If you are a non-U.S. holder, you may have to comply with certification procedures to establish your non-U.S. status in order to avoid information reporting and backup withholding tax requirements. The certification procedures required to claim the exemption from withholding tax on interest income described above will satisfy these requirements. The amount of any backup withholding from a payment to a holder may be allowed as a credit against the holder's U.S. federal income tax liability and may entitle the holder to a refund, provided that the required information is furnished to the Internal Revenue Service.

S-11

Table of Contents**UNDERWRITING**

Under the terms and subject to the conditions contained in an underwriting agreement dated November 29, 2007, we have agreed to sell to the underwriters named below, for whom Citigroup Global Markets Inc., J.P. Morgan Securities Inc., Lehman Brothers Inc. and Morgan Stanley & Co. Incorporated are acting as representatives, the following respective principal amounts of the notes:

Underwriter	Principal Amount
Citigroup Global Markets Inc.	\$ 960,000,000
J.P. Morgan Securities Inc.	960,000,000
Lehman Brothers Inc.	960,000,000
Morgan Stanley & Co. Incorporated	960,000,000
CastleOak Securities, L.P.	40,000,000
Robert Van Securities, Inc.	54,000,000
Utendahl Capital Partners, L.P.	26,000,000
The Williams Capital Group, L.P.	40,000,000
Total	\$ 4,000,000,000

The underwriting agreement provides that the underwriters are obligated to purchase all of the notes if any are purchased. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of non-defaulting underwriters may be increased or the offering of notes may be terminated.

The underwriters propose to offer the notes initially at the public offering price on the cover page of this prospectus supplement and may offer the notes to other dealers at that price less a selling concession of 0.18% of the principal amount per note. The underwriters and other dealers may allow a discount of 0.09% of the principal amount per note on sales to other brokers or dealers. After the initial public offering, the underwriters may change the public offering price, selling concession and discount to brokers and dealers.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the notes, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the notes, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of an officer's certificate and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

The expenses of the offering, not including the underwriting discount, are estimated to be \$250,000 and are payable by us.

New Issue of Notes

The notes are a new issue of securities with no established trading market. We do not intend to apply for listing of the notes on any national securities exchange or for quotation of the notes on any automated dealer quotation system. We have been advised by the underwriters that they presently intend to make a market in the notes after completion of the offering. However, they are under no obligation to do so and may discontinue any market-making activities at any time without any notice. We cannot assure the liquidity of the trading market for the notes or that an active public market for the notes will develop. If an active public trading market for the notes does not develop, the market price and liquidity of the notes may be adversely affected.

European Economic Area

In relation to each member state of the European Economic Area (each, a Relevant Member State), each underwriter has represented and agreed that it has not made and will not make an offer of the notes to the public in that Relevant Member State that would require the publication or approval of a prospectus in relation to the

Table of Contents

notes in that Relevant Member State or, where appropriate, another Relevant Member State; subject to such restriction, they may make an offer of notes to the public in that Relevant Member State at any time:

- (1) to legal entities that are authorized or regulated to operate in the financial markets or, if not so authorized or regulated, whose corporate purpose is solely to invest in securities;
- (2) to any legal entity that has two or more of (a) an average of at least 250 employees during the last financial year; (b) a total balance sheet of more than 43,000,000 and (c) an annual net turnover of more than 50,000,000, as shown in its last annual or consolidated accounts; or
- (3) to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the representative for any such offer; or
- (4) in any other circumstances that do not require the publication by us of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an offer of notes to the public in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the express Prospectus Directive means Directive 2000/71/BC and includes any relevant implementing measure in each Relevant Member State.

United Kingdom

Each underwriter has represented and agreed that:

- (i) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the FSMA)) received by it in connection with the issue or sale of any notes in circumstances in which Section 21(1) of the FSMA does not apply to us; and
- (ii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any notes in, from or otherwise involving the United Kingdom.

France

Each underwriter has represented and agreed that it has not offered or sold and will not offer or sell, directly or indirectly, notes to the public in France, and it has not distributed or caused to be distributed and will not distribute or cause to be distributed to the public in France, the prospectus supplement and accompanying prospectus or any other offering material relating to the notes and such offers, sales and distributions have been and will be made in France only to (a) providers of investment services relating to portfolio management for the account of third parties (*personnes fournissant le service d'investissement de gestion de portefeuille pour compte de tiers*), and/or (b) qualified investors

Edgar Filing: GENERAL ELECTRIC CO - Form 424B2

(investisseurs qualifiés), provided that those investors are acting for their own account, all as defined in, and in accordance with, articles L.411-1, L.411-2 and D.411-1 to D.411-3 of the French *Code monétaire et financier*.

Hong Kong

Each underwriter has represented and agreed that:

- (i) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any notes other than (i) to persons whose ordinary business is to buy or sell shares or debentures (whether as principal or agent); or (ii) to professional investors as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong and any rules made under that Ordinance; or (iii) in other circumstances which do not result in the document being a prospectus as defined in the Companies Ordinance (Cap. 32) of Hong Kong or which do not constitute an offer to the public within the meaning of that Ordinance; and

S-13

Table of Contents

- (ii) it has not issued or had in its possession for the purposes of the issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the notes, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to notes which are or are intended to be disposed of only to persons outside Hong Kong or only to professional investors as defined in the Securities and Futures Ordinance and any rules made under that Ordinance.

Italy

No Prospectus has been nor will be published in Italy in connection with the offering of the notes and such offering has not been cleared by the CONSOB (the Italian Securities and Exchange Commission) pursuant to Italian securities legislation and, accordingly, no notes may be offered, sold or delivered, directly or indirectly, in the Republic of Italy, nor may, or will, copies of this prospectus supplement and accompanying prospectus or of any other document relating to the notes be distributed in the Republic of Italy, except:

- (i) to professional investors (*operatori qualificati*), as defined in Article 31, second paragraph, of CONSOB Regulation No. 11522 of 1 July 1998, as amended in compliance with the terms and procedures provided therein (Regulation No. 11522); or
- (ii) in circumstances which are exempted from the rules on solicitation of investments pursuant to Article 100 of Legislative Decree No. 58 of 24 February 1998, as amended (the Financial Services Act) and its implementing CONSOB regulations, including Article 33, first paragraph, of CONSOB Regulation No. 11971 of 14 May 1999, as amended.

Any offer, sale or delivery of the notes or distribution of copies of this prospectus supplement and accompanying prospectus or any other document relating to the notes in the Republic of Italy under (i) or (ii) above must be and will be made in accordance with all Italian securities, tax, exchange control and other applicable laws and regulations, and in particular will be:

- (a) made by an investment firm, bank or financial intermediary permitted to conduct such activities in the Republic of Italy in accordance with the Financial Services Act, Regulation No. 11522, Legislative Decree No. 385 of 1 September 1993, as amended (the Banking Act) and any other applicable laws and regulations; and
- (b) in compliance with any other applicable laws and regulations including any relevant limitations which may be imposed by CONSOB or the Bank of Italy.

Any investor purchasing the notes in the offering is solely responsible for ensuring that any offer or resale of the notes it purchased in the offering occurs in compliance with applicable Italian laws and regulations.

Japan

The notes have not been, and will not be, registered under the Securities and Exchange Law of Japan. Accordingly, each underwriter has represented and agreed that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any notes in Japan or to, or for the benefit of, a resident of Japan or to others for reoffering or resale, directly or indirectly, in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Securities and Exchange Law and other relevant laws and regulations of Japan. As used in this paragraph, resident of Japan means any person resident in Japan, including any

corporation or other entity organized under the laws of Japan.

Norway

Each underwriter has represented and agreed that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell in the Kingdom of Norway any notes other than to persons who are registered with the Oslo Stock Exchange as professional investors.

S-14

Table of Contents

Singapore

Each underwriter acknowledges that this prospectus supplement and the accompanying prospectus have not been registered as a prospectus with Monetary Authority of Singapore (the MAS). Accordingly, each underwriter has represented, warranted and agreed that it has not offered or sold any notes or caused the notes to be made the subject of an invitation for subscription or purchase and will not offer or sell any notes or cause the notes to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, the prospectus supplement and accompanying prospectus or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the notes, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the SFA), (ii) to a relevant person pursuant to Section 275(1), or to any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Switzerland

In connection with the initial placement of any notes in Switzerland, each underwriter has agreed that the notes will not be offered or sold in Switzerland save for to a limited group of persons within the meaning of Art. 652a(2) of the Swiss Code of Obligations of March 30, 1911.

Price Stabilization and Short Positions

In connection with the offering, the underwriters are permitted to engage in transactions that stabilize the market price of the notes. Such transactions consist of bids or purchases to peg, fix or maintain the price of the notes. If an underwriter creates a short position in the notes in connection with the offering, i.e., if it sells more notes than are on the cover page of this prospectus supplement, the underwriter may reduce that short position by purchasing notes in the open market. Purchases of a security to stabilize the price or to reduce a short position could cause the price of the security to be higher than it might be in the absence of such purchases.

Neither we nor the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither we nor the underwriters make any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

T+5 Settlement

We expect that delivery of the notes will be made against payment thereof on or about the closing date specified on the cover page of this prospectus supplement, which will be the fifth business day following the date of pricing of the notes (this settlement cycle being referred to as T+5). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to that trade expressly agree otherwise. Accordingly, purchasers who wish to trade on the date of the pricing or the next succeeding business day will be required, by virtue of the fact that the notes initially will settle in T+5, to specify an alternative settlement cycle at the time of any such trade to prevent a failed settlement and should consult their own advisor.

Other Relationships

The underwriters and their affiliates have engaged in, and may in the future engage in commercial and investment banking services, hedging services and other commercial dealings in the ordinary course of business with us. They have received and may in the future receive customary fees and commissions for these transactions.

S-15

Table of Contents

LEGAL MATTERS

David P. Russell, Senior Counsel – Corporate Treasury and Attesting Secretary of GE and Dewey & LeBoeuf LLP, New York, New York will issue opinions for us regarding the notes. Mr. Russell beneficially owns or has rights to acquire an aggregate of less than 0.01% of GE’s common stock. Cleary Gottlieb Steen & Hamilton LLP, New York, New York will issue an opinion regarding the United States Tax Considerations section of this prospectus supplement. The underwriters will be advised about the validity of the notes and other legal matters by their counsel, Davis Polk & Wardwell, New York, New York.

EXPERTS

The consolidated financial statements of GE as of December 31, 2006 and December 31, 2005 and for each of the years in the three-year period ended December 31, 2006, and management’s assessment of the effectiveness of internal control over financial reporting (which is included in Management’s Annual Report on Internal Control over Financial Reporting) as of December 31, 2006 have been incorporated by reference herein in reliance upon the report of KPMG LLP, independent registered public accounting firm, incorporated by reference herein, and upon the authority of said firm as experts in accounting and auditing.

The audit report on the consolidated financial statements, dated February 9, 2007 refers to a change in the method of accounting for pension and other postretirement benefits and for share-based compensation in 2006.

The audit report on management’s assessment of internal control over financial reporting as of December 31, 2006, expresses KPMG LLP’s opinion that GE did not maintain effective internal control over financial reporting as of December 31, 2006 because of the effect of a material weakness on the achievement of the objectives of the control criteria and contains an explanatory paragraph that states that management has identified that it did not have adequately designed procedures to designate each hedged commercial paper transaction with the specificity required by Statement of Financial Accounting Standards 133, *Accounting for Derivative Instruments and Hedging Activities*, as amended.

ABOUT THIS PROSPECTUS

This prospectus is part of a shelf registration statement that we have filed with the Securities and Exchange Commission (the SEC). By using a shelf registration statement, we may sell, at any time and from time to time, in one or more offerings, any combination of the securities described in this prospectus. The exhibits to our registration statement contain the full text of certain contracts and other important documents we have summarized in this prospectus. Since these summaries may not contain all the information that you may find important in deciding whether to purchase the securities we offer, you should review the full text of these documents. The registration statement and the exhibits can be obtained from the SEC as indicated under the heading **Where You Can Find More Information**.

This prospectus only provides you with a general description of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement that contains specific information about the terms of those securities. The prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and any prospectus supplement together with the additional information described below under the heading **Where You Can Find More Information**.

We are not making an offer of these securities in any jurisdiction where the offer is not permitted. You should not assume that the information in this prospectus or a prospectus supplement is accurate as of any date other than the date on the front of the document.

References in this prospectus to GE, we, us and our are to General Electric Company.

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and current reports, proxy statements and other information with the SEC. Our SEC filings are available to the public from the SEC's web site at <http://www.sec.gov>. You may also read and copy any document we file at the SEC's public reference room in Washington, D.C. located at 100 F Street, N.E., Washington D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information on the public reference room. Our common stock is listed and traded on the New York Stock Exchange (the NYSE). You may also inspect the information we file with the SEC at the NYSE's offices at 20 Broad Street, New York, New York 10005. Information about us, including our SEC filings, is also available at our Internet site at <http://www.ge.com>. However, the information on our Internet site is not a part of this prospectus or the accompanying prospectus supplement.

The SEC allows us to incorporate by reference in this prospectus the information in other documents that we file with it, which means that we can disclose important information to you by referring you to those documents. The information incorporated by reference is considered to be a part of this prospectus, and information in documents that we file later with the SEC will automatically update and supersede information contained in documents filed earlier with the SEC or contained in this prospectus. We incorporate by reference in this prospectus the documents listed below and any future filings that we may make with the SEC under Sections 13(a), 13(c), 14, or 15(d) of the Securities Exchange Act of 1934, as amended, prior to the termination of the offering under this prospectus; *provided, however*, that we are not incorporating, in each case, any documents or information deemed to have been furnished and not filed in accordance with SEC rules:

Table of Contents

THE COMPANY

GE is one of the largest and most diversified industrial corporations in the world. GE has engaged in developing, manufacturing and marketing a wide variety of products for the generation, transmission, distribution, control and utilization of electricity since its incorporation in 1892. Over the years, GE has developed or acquired new technologies and services that have broadened considerably the scope of its activities.

GE's products include major appliances; lighting products; industrial automation products; medical diagnostic imaging systems; bioscience assays and separation technology products; electrical distribution and control equipment; locomotives; power generation and delivery products; nuclear power support services and fuel assemblies; commercial and military aircraft jet engines; chemicals and equipment for treatment of water and process systems; security equipment and systems; and engineered materials, such as plastics and silicones.

GE's services include product services; electrical product supply houses; electrical apparatus installation, engineering, and repair and rebuilding services. Through its affiliate, NBC Universal, Inc., GE produces and delivers network television services, operates television stations, produces and distributes motion pictures, operates cable/satellite networks, operates theme parks, and programs activities in multimedia and the Internet. Through another affiliate, General Electric Capital Services, Inc., GE offers a broad array of financial and other services, including consumer financing, commercial and industrial financing, real estate financing, asset management and leasing, mortgage services, consumer savings and insurance services, and specialty insurance and reinsurance.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

As mentioned in Note 1 to our consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2004, which is incorporated by reference in this prospectus, our consolidated financial statements represent the adding together of ourselves and all affiliates companies we directly or indirectly control.

The following table contains our ratio of earnings to fixed charges for the periods indicated.

Nine months ended September 30, 2005	GE and consolidated affiliates				
	Year ended December 31,				
	2004	2003	2002	2001	2000
2.49x	2.66x	2.84x	2.77x	2.68x	2.48x

In the above calculations, earnings for all periods consist of earnings before income taxes, minority interest and cumulative effect of changes in accounting principles of GE and its consolidated affiliates. Earnings are also adjusted to add amounts charged to consolidated expenses of GE and its consolidated affiliates during the period for interest and other financial charges and an amount representative of the interest factor in rentals (for this purpose, the interest factor is assumed to be one-third of rental expense). Fixed charges consist of all interest and financial charges, including capitalized interest, and one-third of rental expense for companies included in the consolidated group.

USE OF PROCEEDS

Unless otherwise specified in a prospectus supplement accompanying this prospectus, the net proceeds from the sale of the securities to which this prospectus relates will be used for general corporate purposes. General corporate purposes may include repayment of debt, acquisitions, additions to working capital, capital expenditures and investments in our subsidiaries. Net proceeds may be temporarily invested prior to use.

Table of Contents

GENERAL DESCRIPTION OF SECURITIES THAT WE MAY SELL

We may offer and sell, at any time and from time to time:

our debt securities, in one or more series, which may be senior debt securities or subordinated debt securities, in each case consisting of notes or other unsecured evidences of indebtedness;

shares of our common stock, par value \$.06 per share;

warrants to purchase any of the other securities that may be sold under this prospectus;

senior or subordinated unsecured guarantees; or

any combination of these securities.

The terms of any securities we offer will be determined at the time of sale. We may issue debt securities that are exchangeable for and/or convertible into common stock or any of the other securities that may be sold under this prospectus. When particular securities are offered, a supplement to this prospectus will be filed with the SEC, which will describe the terms of the offering and sale of the offered securities.

Table of Contents

DESCRIPTION OF DEBT SECURITIES

General

The debt securities offered by this prospectus will be issued under one of two separate indentures between us and JPMorgan Chase Bank, N.A., as Trustee. We have filed the forms of indenture as exhibits to the registration statement of which this prospectus is a part. The debt securities will be unsecured obligations of GE and will be either senior or subordinated debt. Senior debt will be issued under a senior note indenture and subordinated debt will be issued under a subordinated note indenture. The senior note indenture and the subordinated note indenture are sometimes referred to in this prospectus individually as an indenture and collectively as the indentures. We have summarized selected provisions of the indentures and the debt securities below. This summary is not complete and is qualified in its entirety by reference to the indentures. References to section numbers in this prospectus, unless otherwise indicated, are references to section numbers of the applicable indenture. For purposes of this summary, the terms we, our, ours and us refer only to GE and not to any of our subsidiaries.

We may issue debt securities at any time and from time to time in one or more series under the indentures. The indentures give us the ability to reopen a previous issue of a series of debt securities and issue additional debt securities of the same series. Neither indenture limits the amount of debt securities or other unsecured debt which we or our subsidiaries may issue. We will describe the particular terms of each series of debt securities we offer in a supplement to this prospectus. If any particular terms of the debt securities described in a prospectus supplement differ from any of the terms described in this prospectus, then the terms described in the applicable prospectus supplement will supercede the terms described in this prospectus. The terms of our debt securities will include those set forth in the indentures and those made a part of the indentures by the Trust Indenture Act of 1939. You should carefully read the summary below, the applicable prospectus supplement and the provisions of either indenture that may be important to you before investing in our debt securities.

Ranking

The senior debt securities offered by this prospectus will:

be general unsecured obligations,

rank equally with all other unsecured and unsubordinated indebtedness of GE, and

with respect to the assets and earnings of our subsidiaries, effectively rank below all of the liabilities of our subsidiaries.

The subordinated debt securities offered by this prospectus will:

be general unsecured obligations,

Edgar Filing: GENERAL ELECTRIC CO - Form 424B2

rank subordinated and junior in right of payment, to the extent set forth in the subordinated note indenture, to all Senior Debt (as defined herein), and

with respect to the assets and earnings of our subsidiaries, effectively rank below all of the liabilities of our subsidiaries.

A substantial portion of our assets are owned through our subsidiaries, many of which have significant debt or other liabilities of their own which will be structurally senior to the debt securities. None of our subsidiaries will have any obligations with respect to the debt securities. Therefore, GE's rights and the rights of GE's creditors, including holders of debt securities, to participate in the assets of any subsidiary upon any such subsidiary's liquidation may be subject to the prior claims of the subsidiary's other creditors.

Subject to the exceptions, and subject to compliance with the applicable requirements set forth in the indentures, we may discharge our obligations under the indentures with respect to our debt securities as described below under Defeasance.

Table of Contents

Terms

We will describe the specific terms of the series of debt securities being offered in a supplement to this prospectus. These terms will include some or all of the following:

the title of the debt securities,

whether the debt securities will be senior or subordinated debt,

any limit on the total principal amount of the debt securities,

the date or dates on which the principal of the debt securities will be payable or the method used to determine or extend those dates,

any interest rate on the debt securities, any date from which interest will accrue, any interest payment dates and regular record dates for interest payments, or the method used to determine any of the foregoing, and the basis for calculating interest if other than a 360-day year of twelve 30-day months,

the place or places where payments on the debt securities will be payable, the debt securities may be presented for registration of transfer or exchange, and notices and demands to or upon us relating to the debt securities may be made, if other than the corporate trust office of the Trustee,

any provisions for redemption of the debt securities,

any provisions that would allow or obligate us to redeem or purchase the debt securities prior to their maturity pursuant to any sinking fund or analogous provision or at the option of the holder,

the denominations in which we will issue the debt securities, if other than denominations of an integral multiple of \$1,000,

any provisions that would determine payments on the debt securities by reference to an index or a formula,

any foreign currency, currencies or currency units in which payments on the debt securities will be payable and the manner for determining the equivalent amount in \$U.S.,

any provisions for payments on the debt securities in one or more currencies or currency units other than those in which the debt securities are stated to be payable,

the portion of the principal amount of the debt securities that will be payable if the maturity of the debt securities is accelerated, if other than the entire principal amount,

Edgar Filing: GENERAL ELECTRIC CO - Form 424B2

if the principal amount to be paid at the stated maturity of the debt securities is not determinable as of one or more dates prior to the stated maturity, the amount that will be deemed to be the principal amount as of any such date for any purpose,

any variation of the defeasance and covenant defeasance sections of the indenture and the manner in which our election to defease the debt securities will be evidenced, if other than by a board resolution,

if varying from the description herein, whether we will issue the debt securities in the form of temporary or permanent global securities, the depositories for the global securities, and provisions for exchanging or transferring the global securities,

whether the interest rate of the debt securities may be reset,

whether the stated maturity of the debt securities may be extended,

any deletion or addition to or change in the events of default for the debt securities and any change in the rights of the Trustee or the holders of the debt securities arising from an event of default including, among others, the right to declare the principal amount of the debt securities due and payable,

any addition to or change in the covenants in the indenture,

Table of Contents

any additions or changes to the indenture necessary to issue the debt securities in bearer form, registrable or not registrable as to principal, and with or without interest coupons,

the appointment of any paying agents for the debt securities, if other than the Trustee,

the terms of any right to convert or exchange the debt securities into any other securities or property,

any restriction or condition on the transferability of the debt securities,

in the case of subordinated debt securities, any subordination provisions and related definitions which may be applicable in addition to, or in lieu of, those contained herein,

the exchanges, if any, on which the debt securities may be listed, and

any other terms of the debt securities consistent with the indenture. (Section 301)

Any limit on the maximum total principal amount for any series of the debt securities may be increased by resolution of our board of directors. (Section 301). We may sell the debt securities, including original issue discount securities, at a substantial discount below their stated principal amount. If there are any special United States federal income tax considerations applicable to debt securities we sell at an original issue discount, we will describe them in the prospectus supplement. In addition, we will describe in the prospectus supplement any special United States federal income tax considerations and any other special considerations for any debt securities we sell which are denominated in a currency or currency unit other than \$U.S.

Form, Exchange and Transfer

We will issue the debt securities in registered form, without coupons. Unless we inform you otherwise in the prospectus supplement, we will only issue debt securities in denominations of integral multiples of \$1,000. (Section 302)

Holders generally will be able to exchange debt securities for other debt securities of the same series with the same total principal amount and the same terms but in different authorized denominations. (Section 305)

Holders may present debt securities for exchange or for registration of transfer at the office of the security registrar or at the office of any transfer agent we designate for that purpose. The security registrar or designated transfer agent will exchange or transfer the debt securities if it is satisfied with the documents of title and identity of the person making the request. We will not charge a service charge for any exchange or registration of transfer of debt securities. However, we and the security registrar may require payment of a sum sufficient to cover any tax or other governmental charge payable for the registration of transfer or exchange. Unless we inform you otherwise in the prospectus supplement, we will appoint the Trustee as security registrar. We will identify any transfer agent in addition to the security registrar in the prospectus supplement. (Section 305) At any time we may:

Edgar Filing: GENERAL ELECTRIC CO - Form 424B2

designate additional transfer agents,

rescind the designation of any transfer agent, or

approve a change in the office of any transfer agent.

However, we are required to maintain a transfer agent in each place of payment for the debt securities at all times. (Sections 305 and 1002)

If we elect to redeem a series of debt securities, neither we nor the Trustee will be required:

to issue, register the transfer of or exchange any debt securities of that series during the period beginning at the opening of business 15 days before the day we mail the notice of redemption for the series and ending at the close of business on the day the notice is mailed, or

Table of Contents

to register the transfer or exchange of any debt security of that series so selected for redemption, except for any portion not to be redeemed. (Section 305)

Payment and Paying Agents

Under the indentures, we will pay interest on the debt securities to the persons in whose names the debt securities are registered at the close of business on the regular record date for each interest payment. However, unless we inform you otherwise in the prospectus supplement, we will pay the interest payable on the debt securities at their stated maturity to the persons to whom we pay the principal amount of the debt securities. The initial payment of interest on any series of debt securities issued between a regular record date and the related interest payment date will be payable in the manner provided by the terms of the series, which we will describe in the prospectus supplement. (Section 307)

Unless we inform you otherwise in the prospectus supplement, we will pay principal, premium, if any, and interest on the debt securities at the offices of the paying agents we designate. However, except in the case of a global security, we may pay interest by:

check mailed to the address of the person entitled to the payment as it appears in the security register, or

by wire transfer in immediately available funds to the place and account designated in writing at least fifteen days prior to the interest payment date by the person entitled to the payment as specified in the security register.

We will designate the Trustee as the sole paying agent for the debt securities unless we inform you otherwise in the prospectus supplement. If we initially designate any other paying agents for a series of debt securities, we will identify them in the prospectus supplement. At any time, we may designate additional paying agents or rescind the designation of any paying agents. However, we are required to maintain a paying agent in each place of payment for the debt securities at all times. (Sections 307 and 1002)

Any money deposited with the Trustee or any paying agent for the payment of principal, premium, if any, and interest on the debt securities that remains unclaimed for two years after the date the payments became due, may be repaid to us upon our request. After we have been repaid, holders entitled to those payments may only look to us for payment as our unsecured general creditors. The Trustee and any paying agents will not be liable for those payments after we have been repaid. (Section 1003)

Restrictive Covenants

We will describe any restrictive covenants for any series of debt securities in the prospectus supplement.

Consolidation, Merger and Sale of Assets

Edgar Filing: GENERAL ELECTRIC CO - Form 424B2

Under the indentures, we may not consolidate with or merge into, or convey, transfer or lease our properties and assets substantially as an entirety to, any person, referred to as a "successor person" unless:

the successor person expressly assumes our obligations with respect to the debt securities and the indenture,

immediately after giving effect to the transaction, no event of default, and no event which, after notice or lapse of time or both, would become an event of default, shall have occurred and be continuing, and

we have delivered to the Trustee the certificates and opinions required under the respective indenture. (Section 801)

As used in the indenture, the term "person" means any individual, corporation, association, company, limited liability company, joint-stock company, partnership, joint venture, unincorporated organization, government or agency thereof, or trust or business trust.

Table of Contents

Events of Default

Each indenture defines an event of default with respect to any series of debt securities. Unless we inform you otherwise in the prospectus supplement, each of the following will be an event of default under the indenture for a series of debt securities:

our failure to pay principal or premium, if any, on that series when due,

our failure to pay any interest on that series for 30 days after the interest becomes due,

our failure to deposit any sinking fund payment for 30 days after such payment is due, relating to that series,

our failure to perform, or our breach, in any material respect, of any other covenant or warranty in the indenture in respect of that series, other than a covenant or warranty included in the indenture solely for the benefit of another series of debt securities, for 90 days after either the Trustee or holders of at least 25% in principal amount of the outstanding debt securities of that series have given us written notice of the breach in the manner required by the indenture,

specified events involving our bankruptcy, insolvency or reorganization, and

any other event of default we may provide for that series,

provided, however, that no event described in the fourth bullet point above will be an event of default until an officer of the Trustee responsible for the administration of the indenture has actual knowledge of the event or until the Trustee receives written notice of the event at its corporate trust office. (Section 501)

An event of default under one series of debt securities does not necessarily constitute an event of default under any other series of debt securities. If an event of default for a series of debt securities occurs and is continuing, either the Trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal amount of all the debt securities of that series due and immediately payable. In order to declare the principal amount of that series of debt securities due and immediately payable, the Trustee or the holders must deliver a notice that satisfies the requirements of the indenture. Upon a declaration by the Trustee or the holders, we will be obligated to pay the principal amount of the series of debt securities.

The right described in the preceding paragraph does not apply if an event of default occurs as described in the sixth bullet point above that applies to all outstanding debt securities. If such an event of default occurs and is continuing, either the Trustee or holders of at least 25% in principal amount of all of the debt securities then outstanding, treated as one class, may declare the principal amount of all of the debt securities then outstanding to be due and payable immediately. In order to declare the principal amount of the debt securities due and immediately payable, the Trustee or the holders must deliver a notice that satisfies the requirements of the indenture. Upon a declaration by the Trustee or the holders, we will be obligated to pay the principal amount of the debt securities.

Edgar Filing: GENERAL ELECTRIC CO - Form 424B2

However, after any declaration of acceleration of a series of debt securities, but before a judgment or decree for payment has been obtained, the event of default giving rise to the declaration of acceleration will, without further act, be deemed to have been waived, and such declaration and its consequences will, without further act, be deemed to have been rescinded and annulled if:

we have paid or deposited with the Trustee a sum sufficient to pay:

all overdue interest,

the principal and premium, if any, due otherwise than by the declaration of acceleration and any interest on such amounts,

any interest on overdue interest, to the extent legally permitted, and

all amounts due to the Trustee under the indenture, and

Table of Contents

all events of default with respect to that series of debt securities, other than the nonpayment of the principal which became due solely by virtue of the declaration of acceleration, have been cured or waived. (Section 502)

If an event of default occurs and is continuing, the Trustee will generally have no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders, unless the holders offer reasonable indemnity to the Trustee. (Section 603) The holders of a majority in principal amount of the outstanding debt securities of any series will generally have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee for the debt securities of that series, provided that:

the direction is not in conflict with any law or the indenture,

the Trustee may take any other action it deems proper which is not inconsistent with the direction, and

the Trustee will generally have the right to decline to follow the direction if an officer of the Trustee determines, in good faith, that the proceeding would involve the Trustee in personal liability or would otherwise be contrary to applicable law. (Section 512)

A holder of a debt security of any series may only pursue a remedy under the indenture if:

the holder gives the Trustee written notice of a continuing event of default for that series,

holders of at least 25% in principal amount of the outstanding debt securities of that series make a written request to the Trustee to institute proceedings with respect to the event of default,

the holders offer reasonable indemnity to the Trustee,

the Trustee fails to pursue that remedy within 60 days after receipt of the notice, request and offer of indemnity, and

during that 60-day period, the holders of a majority in principal amount of the debt securities of that series do not give the Trustee a direction inconsistent with the request. (Section 507)

However, these limitations do not apply to a suit by a holder of a debt security demanding payment of the principal, premium, if any, or interest on a debt security on or after the date the payment is due. (Section 508)

We will be required to furnish to the Trustee annually a statement by some of our officers regarding our performance or observance of any of the terms of the indenture and specifying all of our known defaults, if any. (Section 1004)

Modification and Waiver

When authorized by a board resolution, we may enter into one or more supplemental indentures with the Trustee without the consent of the holders of the debt securities in order to:

evidence the succession of another corporation to us, or successive successions and the assumption of our covenants, agreements and obligations by a successor,

add to our covenants for the benefit of the holders of any series of debt securities or to surrender any of our rights or powers,

add events of default for any series of debt securities,

add to or change any provision of the indenture to the extent necessary to issue debt securities in bearer form,

add to, change or eliminate any provision of the indenture applying to one or more series of debt securities, provided that if such action adversely affects the interests of any holder of any series of debt securities, the addition, change or elimination will become effective with respect to that series only when no such security of that series remains outstanding,

Table of Contents

convey, transfer, assign, mortgage or pledge any property to or with the Trustee or to surrender any right or power conferred upon us by the indenture,

establish the forms or terms of any series of debt securities,

provide for uncertificated securities in addition to certificated securities,

evidence and provide for successor Trustees or to add to or change any provisions to the extent necessary to appoint a separate Trustee or Trustees for a specific series of debt securities,

correct any ambiguity, defect or inconsistency under the indenture, or to make other provisions with respect to matters or questions arising under the indenture, provided that such action does not adversely affect the interests of the holders of any series of debt securities,

supplement any provisions of the indenture necessary to defease and discharge any series of debt securities, provided that such action does not adversely affect the interests of the holders of any series of debt securities,

comply with the rules or regulations of any securities exchange or automated quotation system on which any debt securities are listed or traded,

add, change or eliminate any provisions of the indenture in accordance with any amendments to the Trust Indenture Act of 1939, provided that the action does not adversely affect the rights or interests of any holder of debt securities,

to provide collateral security for the debt securities, or

provide for the payment by us of additional amounts in respect of certain taxes imposed on certain holders and for the treatment of such additional amounts as interest and for all matters incidental thereto.

When authorized by a board resolution, we may enter into one or more supplemental indentures with the Trustee in order to add to, change or eliminate provisions of an indenture or to modify the rights of the holders of one or more series of debt securities if we obtain the consent of the holders of a majority in principal amount of the outstanding debt securities of all series affected by the supplemental indenture, treated as one class. However, without the consent of the holders of each outstanding debt security affected by the supplemental indenture, we may not enter into a supplemental indenture that:

except with respect to the reset of the interest rate or extension of maturity pursuant to the terms of a particular series, changes the stated maturity of the principal of, or any installment of principal of or interest on, any debt security, or reduces the principal amount of, or any premium or interest on, any debt security,

reduces the amount of principal of an original issue discount security or any other debt security payable upon acceleration of the maturity thereof,

changes the place or currency of payment of principal, premium, if any, or interest,

impairs the right to institute suit for the enforcement of any payment on any security,

reduces the percentage in principal amount of outstanding debt securities of any series, the consent of whose holders is required for modification of the indenture, for waiver of compliance with certain provisions of the indenture or for waiver of certain defaults,

makes certain modifications to the provisions for modification of the indenture and for certain waivers, except to increase the principal amount of debt securities necessary to consent to any such change,

makes any change that adversely affects the right to convert or exchange any debt security or decreases the conversion or exchange rate or increases the conversion price of any convertible or exchangeable debt security, unless such decrease or increase is permitted by the terms of the debt securities, or

Table of Contents

changes the terms and conditions pursuant to which any series of debt securities is secured in a manner adverse to the holders of such debt securities. (Section 902)

In addition, the subordinated note indenture may not be amended without the consent of each holder of subordinated debt securities affected thereby to modify the subordination of the subordinated debt securities issued under that indenture in a manner adverse to the holders of the subordinated debt securities.

Holders of a majority in principal amount of the outstanding debt securities of any series may waive past defaults or noncompliance with restrictive provisions of the indenture. However, the consent of holders of each outstanding debt security of a series is required to:

waive any default in the payment of principal, premium, if any, or interest, or

waive any covenants and provisions of an indenture that may not be amended without the consent of the holder of each outstanding debt security of the series affected. (Sections 513 and 1006)

In order to determine whether the holders of the requisite principal amount of the outstanding debt securities have taken an action under an indenture as of a specified date:

the principal amount of an original issue discount security that will be deemed to be outstanding will be the amount of the principal that would be due and payable as of that date upon acceleration of the maturity to that date,

if, as of that date, the principal amount payable at the stated maturity of a debt security is not determinable, for example, because it is based on an index, the principal amount of the debt security deemed to be outstanding as of that date will be an amount determined in the manner prescribed for the debt security,

the principal amount of a debt security denominated in one or more foreign currencies or currency units that will be deemed to be outstanding will be the \$U.S. equivalent, determined as of that date in the manner prescribed for the debt security, of the principal amount of the debt security or, in the case of a debt security described in the two preceding bullet points, of the amount described above, and

debt securities owned by us or any other obligor upon the debt securities or any of our or their affiliates will be disregarded and deemed not to be outstanding.

An original issue discount security means a debt security issued under the indenture which provides for an amount less than the principal amount thereof to be due and payable upon a declaration of acceleration of maturity. Some debt securities, including those for the payment or redemption of which money has been deposited or set aside in trust for the holders, and those which have been legally defeased under the indenture, will not be deemed to be outstanding. (Section 101)

We will generally be entitled to set any day as a record date for determining the holders of outstanding debt securities of any series entitled to give or take any direction, notice, consent, waiver or other action under an indenture. In limited circumstances, the Trustee will be entitled to set a record date for action by holders of outstanding debt securities. If a record date is set for any action to be taken by holders of a particular series,

the action may be taken only by persons who are holders of outstanding debt securities of that series on the record date. To be effective, the action must be taken by holders of the requisite principal amount of debt securities within a specified period following the record date. For any particular record date, this period will be 180 days or such shorter period as we may specify, or the Trustee may specify, if it sets the record date. This period may be shortened or lengthened by not more than 180 days. (Section 104)

Conversion and Exchange Rights

The debt securities of any series may be convertible into or exchangeable for other securities of GE or another issuer or property or cash on the terms and subject to the conditions set forth in the applicable prospectus supplement.

Table of Contents

Defeasance

When we use the term defeasance, we mean discharge from some or all of our obligations under either indenture. Unless we inform you otherwise in the prospectus supplement, if we deposit with the Trustee funds or government securities sufficient to make payments on the debt securities of a series on the dates those payments are due and payable and comply with all other conditions to defeasance set forth in the indenture, then, at our option, either of the following will occur:

we will be discharged from our obligations with respect to the debt securities of that series (legal defeasance), or

we will no longer have any obligation to comply with the restrictive covenants under the indenture, and the related events of default will no longer apply to us, but some of our other obligations under the indenture and the debt securities of that series, including our obligation to make payments on those debt securities, will survive (covenant defeasance).

If we legally defease a series of debt securities, the holders of the debt securities of the series affected will not be entitled to the benefits of the indenture, except for our obligations to:

register the transfer or exchange of debt securities,

replace mutilated, destroyed, lost or stolen debt securities, and

maintain paying agencies and hold moneys for payment in trust.

We may legally defease a series of debt securities notwithstanding any prior exercise of our option of covenant defeasance in respect of such series.

In addition, the subordinated note indenture provides that if we choose to have the legal defeasance provision applied to the subordinated debt securities, the subordination provisions of the subordinated note indenture will become ineffective. (Section 1610) The subordinated note indenture also provides that if we choose to have covenant defeasance apply to any series of debt securities issued pursuant to the subordinated note indenture we need not comply with the provisions relating to subordination. (Section 1610)

Unless we inform you otherwise in the prospectus supplement, we will be required to deliver to the Trustee an opinion of counsel that the deposit and related defeasance would not cause the holders of the debt securities to recognize gain or loss for federal income tax purposes and that the holders would be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the deposit and related defeasance had not occurred. If we elect legal defeasance, that opinion of counsel must be based upon a ruling from the United States Internal Revenue Service or a change in law to that effect. (Sections 1401, 1402, 1403 and 1404)

Satisfaction and Discharge

We may discharge our obligations under the indenture while securities remain outstanding if (1) all outstanding debt securities issued under the indenture have become due and payable, (2) all outstanding debt securities issued under the indenture have or will become due and payable at their stated maturity within one year or (3) all outstanding debt securities issued under the indenture are scheduled for redemption in one year, and in each case, we have deposited with the Trustee an amount sufficient to pay and discharge all outstanding debt securities issued under the indenture on the date of their scheduled maturity or the scheduled date of the redemption and paid all other amounts payable under the indenture. The subordinated note indenture provides that if we choose to discharge our obligations with respect to the subordinated debt securities, the subordination provisions of the subordinated note indenture will become ineffective. (Section 1610)

Table of Contents

Global Notes, Delivery and Form

Unless otherwise specified in a prospectus supplement, the debt securities will be issued in the form of one or more fully registered Global Notes (as defined below) that will be deposited with, or on behalf of, The Depository Trust Company, New York, New York (the Depository) and registered in the name of the Depository's nominee. Global Notes are not exchangeable for definitive note certificates except in the specific circumstances described below. For purposes of this prospectus, Global Note refers to the Global Note or Global Notes representing an entire issue of debt securities.

Except as set forth below, a Global Note may be transferred, in whole and not in part, only to another nominee of the Depository or to a successor of the Depository or its nominee.

The Depository has advised us as follows:

The Depository is:

- a limited purpose trust company organized under the laws of the State of New York;
- a banking organization within the meaning of the New York banking law;
- a member of the Federal Reserve System;
- a clearing corporation within the meaning of the New York Uniform Commercial Code; and
- a clearing agency registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934.

The Depository was created to hold securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants through electronic book entry changes in accounts of its participants, eliminating the need for physical movements of securities certificates.

The Depository participants include securities brokers and dealers, banks, trust companies, clearing corporations and others, some of whom own the Depository.

Access to the Depository book-entry system is also available to others that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

Where we issue a Global Note in connection with the sale thereof to an underwriter or underwriters, the Depository will immediately credit the accounts of participants designated by such underwriter or underwriters with the principal amount of the debt securities purchased by such underwriter or underwriters.

Ownership of beneficial interests in a Global Note and the transfers of ownership will be effected only through records maintained by the Depository (with respect to participants), by the participants (with respect to indirect participants and certain beneficial owners) and by the indirect participants (with respect to all other beneficial owners). The laws of some states require that certain purchasers of securities take physical delivery in definitive form of securities they purchase. These laws may limit your ability to transfer beneficial interests in a Global Note.

So long as a nominee of the Depository is the registered owner of a Global Note, such nominee for all purposes will be considered the sole owner or holder of such debt securities under the indenture. Except as provided below, you will not be entitled to have debt securities registered in your name, will not receive or be entitled to receive physical delivery of debt securities in definitive form, and will not be considered the owner or holder thereof under the indenture.

Each person owning a beneficial interest in a Global Note must rely on the procedures of the Depository and, if that person is not a participant, on the procedures of the participant through which that person owns its interest, to exercise any rights of a holder under the indentures. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in any Global Note desires to

Table of Contents

give or take any action which a holder is entitled to give or take under the indentures, the Depository would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through these participants to give or take that action or would otherwise act upon the instructions of beneficial owners owning through them.

Redemption notices shall be sent to the Depository. If less than all of the debt securities within an issue are being redeemed, the Depository's practice is to determine by lot the amount of the interest of each participant in such issue to be redeemed.

We will make payment of principal of, and interest on, debt securities represented by a Global Note to the Depository or its nominee, as the case may be, as the registered owner and holder of the Global Note representing those debt securities. The Depository has advised us that upon receipt of any payment of principal of, or interest on, a Global Note, the Depository will immediately credit accounts of participants with payments in amounts proportionate to their respective beneficial interests in the principal amount of that Global Note, as shown in the records of the Depository. Standing instructions and customary practices will govern payments by participants to owners of beneficial interests in a Global Note held through those participants, as is now the case with securities held for the accounts of customers in bearer form or registered in street name. Those payments will be the sole responsibility of those participants, subject to any statutory or regulatory requirements that may be in effect from time to time.

Neither we, the Trustee nor any of our respective agents will be responsible for any aspect of the records of the Depository, any nominee or any participant relating to, or payments made on account of, beneficial interests in a Global Note or for maintaining, supervising or reviewing any of the records of the Depository, any nominee or any participant relating to those beneficial interests.

As described above, we will issue debt securities in definitive form in exchange for a Global Note only in the following situations:

if the Depository is at any time unwilling or unable to continue as depository or if at any time the Depository ceases to be registered or in good standing under the Securities Exchange Act of 1934, or other applicable statute or regulation, and a successor depository is not appointed by us within 90 days after notice thereof, or

if, subject to the rules of the Depository, we choose to issue definitive debt securities.

In either instance, an owner of a beneficial interest in a Global Note will be entitled to have debt securities equal in principal amount to such beneficial interest registered in its name and will be entitled to physical delivery of debt securities in definitive form. Debt securities in definitive form will be issued in denominations of \$1,000 and integral multiples thereof and will be issued in registered form only, without coupons. We will maintain in the Borough of Manhattan, The City of New York, one or more offices or agencies where debt securities may be presented for payment and may be transferred or exchanged. You will not be charged a fee for any transfer or exchange of such debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Highly Leveraged Transaction

The general provisions of the indentures do not afford holders of the debt securities protection in the event of a highly leveraged or other transaction involving GE that may adversely affect holders of the debt securities.

Table of Contents

Subordination

Any subordinated debt securities issued under the subordinated note indenture will be subordinate and junior in right of payment to all Senior Debt of GE whether existing at the date of the subordinated note indenture or subsequently incurred. Upon any payment or distribution of assets of GE to creditors upon any:

liquidation;

dissolution;

winding-up;

receivership;

reorganization;

assignment for the benefit of creditors;

marshaling of assets;

bankruptcy;

insolvency; or

debt restructuring or similar proceedings in connection with any insolvency or bankruptcy proceeding of GE,

the holders of Senior Debt will first be entitled to receive payment in full of the principal of and premium, if any, and interest on such Senior Debt before the holders of the subordinated debt securities will be entitled to receive or retain any payment in respect of the principal of and any premium or interest on the subordinated debt securities.

Upon the acceleration of the maturity of any subordinated debt securities, the holders of all Senior Debt outstanding at the time of such acceleration will first be entitled to receive payment in full of all amounts due thereon, including any amounts due upon acceleration, before the holders of subordinated debt securities will be entitled to receive or retain any payment in respect of the principal (including redemption payments), or premium, if any, or interest on the subordinated debt securities.

Edgar Filing: GENERAL ELECTRIC CO - Form 424B2

No payments on account of principal (including redemption payments), or premium, if any, or interest, in respect of the subordinated debt securities may be made if:

there has occurred and is continuing a default in any payment with respect to Senior Debt; or

there has occurred and is continuing an event of default with respect to any Senior Debt resulting in the acceleration of the maturity thereof.

Debt means, with respect to any person:

every obligation of such person for money borrowed;

every obligation of such person evidenced by bonds, debentures, notes or other similar instruments, including obligations incurred in connection with the acquisition of property, assets or businesses;

every obligation of such person with respect to letters of credit, bankers' acceptances or similar facilities issued for the account of such person;

every obligation of such person issued or assumed as the deferred purchase price of property or services, but excluding trade accounts payable or accrued liabilities arising in the ordinary course of business in connection with the acquisition of goods or services;

every capital lease obligation of such person;

every obligation of others secured by a lien on any asset by such person;

Table of Contents

every obligation of the type referred to above of another person and all dividends of another person the payment of which, in either case, such person has guaranteed or for which such person is responsible or liable, directly or indirectly, as obligor or otherwise; and

every obligation for claims in respect of derivative products.

Senior Debt means the principal of, and premium, if any, and interest on Debt of GE, whether created, incurred or assumed on, before or after the date of the subordinated note indenture, unless the instrument creating or evidencing the Debt provides that such Debt is subordinated to or *pari passu* with the subordinated debt securities.

The indentures will place no limitation on the amount of additional Senior Debt that may be incurred by GE.

Notices

Holders will receive notices by mail at their addresses as they appear in the security register. (Section 106)

Title

We may treat the person in whose name a debt security is registered on the applicable record date as the owner of the debt security for all purposes, whether or not it is overdue. (Section 309)

Governing Law

New York law will govern the indentures and the debt securities. (Section 112)

Regarding the Trustee

GE, our subsidiary General Electric Capital Corporation (GECC) and other affiliates of GE maintain various commercial and investment banking relationships with JPMorgan Chase Bank, N.A. and its affiliates in their ordinary course of business.

JPMorgan Chase Bank, N.A. acts as Trustee under (i) an Indenture with GECC dated as of April 1, 1991, (ii) an Indenture with GECC dated as of October 1, 1991, as amended and supplemented, (iii) an Indenture with GECC dated as of June 3, 1994, as amended and supplemented, (iv) an Amended and Restated Indenture with GECC dated as of February 27, 1997, as supplemented, (v) an Amended and Restated Indenture with GECC dated as of February 28, 1997, as supplemented, and (vi) an amended and restated Subordinated Debt Indenture with GECC dated as

Edgar Filing: GENERAL ELECTRIC CO - Form 424B2

of July 15, 2005. JPMorgan Chase Bank, N.A. also acts as Trustee under certain other indentures with GECC.

If an event of default occurs under the indenture and is continuing, the Trustee will be required to use the degree of care and skill of a prudent person in the conduct of that person's own affairs. The Trustee will become obligated to exercise any of its powers under the indenture at the request of any of the holders of any debt securities issued under the indenture only after those holders have offered the Trustee indemnity satisfactory to it.

If the Trustee becomes one of our creditors, its rights to obtain payment of claims in specified circumstances, or to realize for its own account on certain property received in respect of any such claim as security or otherwise will be limited under the terms of the indenture. (Section 613) The Trustee may engage in certain other transactions; however, if the Trustee acquires any conflicting interest (within the meaning specified under the Trust Indenture Act), it will be required to eliminate the conflict or resign. (Section 608)

Table of Contents

DESCRIPTION OF COMMON STOCK

Set forth below is a description of the GE common stock. The following description of the GE common stock is a summary and is subject to the provisions of our certificate of incorporation, our by-laws and the relevant provisions of the law of New York.

We are currently authorized to issue up to 13,200,000,000 shares of common stock, par value \$.06 per share. As of September 30, 2005, we had outstanding approximately 10,566,167,000 shares of our common stock.

Holders of the GE common stock are entitled to share ratably in any dividends and in any assets available for distribution on liquidation, dissolution or winding-up, subject, if preferred stock of GE is then outstanding, to any preferential rights of such preferred stock. Each share of GE common stock entitles the holder of record to one vote at all meetings of shareowners, and the votes are noncumulative. The GE common stock is not redeemable, has no subscription or conversion rights and does not entitle the holder to any preemptive rights.

Dividends may be paid on the GE common stock out of funds legally available for dividends, when and if declared by GE's board of directors.

The Bank of New York is the transfer agent and registrar for the GE common stock.

We are also authorized to issue up to 50,000,000 shares of preferred stock, par value \$1.00 per share, in series, but have not issued any of this preferred stock. If preferred stock is issued, GE's board of directors may fix the designation, relative rights, preferences and limitations of the shares of each series.

Table of Contents

DESCRIPTION OF WARRANTS

We may issue warrants, in one or more series, for the purchase of debt securities or shares of our common stock, par value \$.06 per share. Warrants may be issued independently or together with our debt securities or common stock and may be attached to or separate from any offered securities. In addition to this summary, you should refer to the detailed provisions of the specific warrant agreement for complete terms of the warrants and the warrant agreement. Each warrant agreement will be between GE and a banking institution organized under the laws of the United States or a state thereof. A form of warrant agreement will be filed as an exhibit to the Registration Statement.

The warrants will be evidenced by warrant certificates. Unless otherwise specified in the prospectus supplement, the warrant certificates may be traded separately from the debt securities or common stock, if any, with which the warrant certificates were issued. Warrant certificates may be exchanged for new warrant certificates of different denominations at the office of an agent that we will appoint. Until a warrant is exercised, the holder of a warrant does not have any of the rights of a holder of our debt securities or common stock and is not entitled to any payments on any debt securities or common stock issuable upon exercise of the warrants.

A prospectus supplement accompanying this prospectus relating to a particular series of warrants to issue debt securities or common stock will describe the terms of those warrants, including:

the title and the aggregate number of warrants;

the debt securities or common stock for which each warrant is exercisable;

the date or dates on which the right to exercise such warrants commence and expire;

the price or prices at which such warrants are exercisable;

the currency or currencies in which such warrants are exercisable;

the periods during which and places at which such warrants are exercisable;

the terms of any mandatory or optional call provisions;

the price or prices, if any, at which the warrants may be redeemed at the option of the holder or will be redeemed upon expiration;

the identity of the warrant agent; and

the exchanges, if any, on which such warrants may be listed.

Edgar Filing: GENERAL ELECTRIC CO - Form 424B2

You may exercise warrants by payment to our warrant agent of the exercise price, in each case in such currency or currencies as are specified in the warrant, and giving your identity and the number of warrants to be exercised. Once you pay our warrant agent and deliver the properly completed and executed warrant certificate to our warrant agent at the specified office, our warrant agent will, as soon as practicable, forward securities to you in authorized denominations or share amounts. If you exercise less than all of the warrants evidenced by your warrant certificate, you will be issued a new warrant certificate for the remaining amount of warrants.

Table of Contents

DESCRIPTION OF GUARANTEES

Any guarantees that we issue from time to time for the benefit of holders of specified underlying securities will include the following terms and conditions, plus any additional terms specified in the accompanying prospectus supplement.

A guarantee will provide that we unconditionally guarantee the due and punctual payment of the principal, interest (if any), premium (if any) and all other amounts due under the applicable underlying securities when the same shall become due and payable, whether at maturity, pursuant to mandatory or optional prepayments, by acceleration or otherwise, in each case after any applicable grace periods or notice requirements, according to the terms of the applicable underlying securities. Any guarantee shall be unconditional irrespective of the validity or enforceability of the applicable underlying security, any change or amendment thereto or any other circumstances that may otherwise constitute a legal or equitable discharge or defense of a guarantor. However, we will not waive presentment or demand of payment or notice with respect to the applicable underlying security unless otherwise provided in the accompanying prospectus supplement.

We shall be subrogated to all rights of the issuer of the applicable underlying securities in respect of any amounts paid by us pursuant to the provisions of a guarantee, except to the extent otherwise stated in a prospectus supplement. The guarantee shall continue to be effective or reinstated, as the case may be, if at any time any payment made by the issuer of the applicable underlying security is rescinded or must otherwise be returned upon the insolvency, bankruptcy or reorganization of GE, the issuer of the applicable underlying security or otherwise.

Table of Contents

ERISA MATTERS

GE has subsidiaries that provide services to many employee benefit plans, subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA) including entities such as collective investment funds, partnerships and separate accounts whose underlying assets include assets of such plans (collectively, Plans). GE and any direct or indirect subsidiary of GE may each be considered a party in interest within the meaning of ERISA, or a disqualified person under corresponding provisions of the Internal Revenue Code of 1986 (the Code), with respect to many Plans, as well as many individual retirement accounts and Keogh plans (also Plans). Prohibited transactions within the meaning of ERISA and the Code may result if any offered securities are acquired by a Plan as to which GE or any direct or indirect subsidiary of GE is a party in interest, unless such offered securities are acquired pursuant to an applicable exemption. The U.S. Department of Labor has issued five prohibited transaction class exemptions (PTCEs) that may provide exemptive relief for direct or indirect prohibited transactions resulting from the purchase or holding of the offered securities. Those class exemptions are PTCE 96-23 (for certain transactions determined by in-house asset managers), PTCE 95-60 (for certain transactions involving insurance company general accounts), PTCE 91-38 (for certain transactions involving bank collective investment funds), PTCE 90-1 (for certain transactions involving insurance company separate accounts), and PTCE 84-14 (for certain transactions determined by independent qualified asset managers). Accordingly, each purchaser and each transferee using the assets of a Plan subject to ERISA or Section 4975 of the Code to acquire the offered securities will be deemed to have represented that the acquisition and continued holding of the offered securities will be covered by a Department of Labor prohibited transaction class exemption.

Employee benefit plans that are governmental plans (as defined in Section 3(32) of ERISA), certain church plans (as defined in Section 3(33) of ERISA) and non-U.S. plans (as described in Section 4(b)(4) of ERISA) are not subject to these prohibited transaction rules of ERISA or Section 4975 of the Code, but may be subject to similar rules under other applicable laws or documents (Similar Laws). Accordingly, each purchaser or holder of the offered securities shall be deemed to have represented that such purchase and holding is not prohibited under applicable Similar Laws or rules. Any employee benefit plan or other entity to which such provisions of ERISA, the Code or any Similar Laws apply proposing to acquire the offered securities should consult with its legal counsel. The sale of the offered securities to any Plan is in no respect a representation by us or any of our affiliates or representatives that such an investment meets all relevant legal requirements with respect to investments by Plans generally or any particular Plan, or that such an investment is appropriate for Plans generally or any particular Plan.

Table of Contents

PLAN OF DISTRIBUTION

We may sell the offered securities (a) through agents; (b) through underwriters or dealers; (c) directly to one or more purchasers; or (d) through a combination of any of these methods of sale. We will identify the specific plan of distribution, including any underwriters, dealers, agents or direct purchasers and their compensation in a prospectus supplement.

NASD Regulations

GE Capital Markets, Inc. is an affiliate of General Electric Company and may participate as an underwriter or agent in the distribution of securities issued pursuant to this prospectus. Rule 2720 of the Conduct Rules of the National Association of Securities Dealers, Inc. (NASD) imposes certain requirements when an NASD member such as GE Capital Markets, Inc. distributes an affiliated company's securities. As a result, we will conduct any offering in which GE Capital Markets, Inc. acts as an underwriter in compliance with the applicable requirements of Rule 2720. The maximum compensation we will pay to underwriters in connection with any offering of the securities will not exceed 8% of the maximum proceeds of such offering.

Table of Contents

LEGAL MATTERS

Unless otherwise specified in the prospectus supplement accompanying this prospectus, Ning Chiu, Corporate and Securities Counsel of GE, and Dewey Ballantine LLP, 1301 Avenue of the Americas, New York, New York 10019, will provide opinions regarding the authorization and validity of the securities. Any underwriters will also be advised about the validity of the securities and other legal matters by their own counsel, which will be named in the prospectus supplement.

EXPERTS

The consolidated financial statements of GE as of December 31, 2004 and December 31, 2003 and for each of the years in the three-year period ended December 31, 2004, and management's assessment of the effectiveness of internal control over financial reporting (which is included in Management's Annual Report on Internal Control over Financial Reporting) as of December 31, 2004 have been incorporated by reference herein in reliance upon the reports of KPMG LLP, independent registered public accounting firm, incorporated by reference herein, and upon the authority of said firm as experts in accounting and auditing.

The report of KPMG LLP on the consolidated financial statements refers to a restatement of those consolidated financial statements.

The audit report on the consolidated financial statements, dated February 11, 2005, except as to the restatement discussed in Note 1 to the consolidated financial statements, which is as of May 5, 2005 and as to page 39 and notes 10, 12, 13, 16 and 27, which are as of September 15, 2005, refers to a change in the method of accounting for variable interest entities in 2004 and 2003, a change in the method of accounting for asset retirement obligations in 2003 and changes in accounting for goodwill and other intangible assets and for stock-based compensation in 2002.

The audit report on management's assessment of internal control over financial reporting (included in Management's Annual Report on Internal Control over Financial Reporting) as of December 31, 2004 (as restated), expresses our opinion that GE did not maintain effective internal control over financial reporting as of December 31, 2004 because of the effect of a material weakness on the achievement of the objectives of the control criteria and contains an explanatory paragraph that states that management has identified a failure to ensure the correct application of Statement of Financial Accounting Standards No. 133 when certain derivative transactions were entered into at General Electric Capital Corporation prior to August 2003 and failure to correct that error subsequently.
