Dear Fellow Shareholders:

As we navigate through these challenging times, with the economy impacted by the continuing erosion in the housing and credit markets, we want to assure you that your board and management are committed to taking the steps necessary to protect your investment and maximize shareholder value. In addition to being entrusted with running your Company, our directors and executive officers are also owners of nearly nine percent of Cape Fear's outstanding common stock. We share an interest with you in seeing the value of Cape Fear stock increase significantly over the long term.

While the environment remains challenging, we believe there are several areas of our performance that reflect positively on our ability to weather the storm and continue the Company's long-term goal of building shareholder value:

Successful branch expansion completed-a total of eight offices. We believe our recently completed expanded branch system will attract new customers and provide greater convenience for those already banking with us.

Growth in non-maturity deposits. Through our expanded branch network, we are beginning to attract the non-maturity deposits needed to fund our loan portfolio at more reasonable rates which will strengthen our net interest margin.

Increased non-interest fee income. In the past year, we began an affiliation with Market Street Advisors for investment services, implemented an Overdraft Privilege product, and invested in the Beacon Title Agency to enhance non-interest revenue growth from more diverse sources.

Reduced exposure in construction lending. With management's oversight of the loan portfolio, exposure to construction lending which peaked at year-end 2006 is down 8.8% at second quarter 2008.

It is unfortunate that at this critical time, a dissident group is disrupting the Company's affairs by waging a costly proxy contest. In their effort to obtain your vote and gain control of your Company, they have attacked your board and management in their proxy material. We urge you to reject their takeover attempt and return your board's **WHITE** proxy card today. Remember: Only your latest dated proxy counts.

We appreciate the time you have taken to read our proxy material and to speak with us on the phone. We are gratified at the expressions of support we have received from many of you. We will continue to work for the best interests of our Company, our shareholders, our customers, our employees and our community.

Thank you once again for your consideration and support.

On behalf of the board of directors,

Sincerely,

Cameron Coburn, Chairman
