Item 8.01 Other Events

On April 20, 2010, Juniper Networks, Inc. (the Company) announced preliminary financial results for the quarter ended March 31, 2010, including supplemental information that split the Company's first quarter 2010 revenue between its enterprise and service provider markets and identified revenue growth rates within these markets and certain sub-regions of its Asia Pacific theater. As a result of preparing its quarterly report on Form 10-Q that was filed on May 5, 2010 (the Q1 10-Q), the Company is updating the preliminary results related to this revenue split by market and revenue growth rate information. These updated results do not affect the Company's previously announced total revenues, Infrastructure or SLT segment revenues, other geographical revenues, earnings, expenses or any other items previously reported by the Company in its consolidated statement of operations, balance sheet, or statement of cash flows.

Tables showing both the previously reported and updated data, including related data presented on the Company's first quarter 2010 earnings conference call, are set forth below. The updated data is reflected in the Q-1 10-Q.
