PROPOSAL 1

ELECTION OF DIRECTORS

Board Of Directors

Following the resignation of Bettina M. Whyte from the Board in 2011, the Board of Directors set the number of the full board at eleven directors. Therefore, eleven directors will be elected at the Annual Meeting to serve on the Company's Board of Directors until the next Annual Meeting and until their successors have been elected and qualified. All of the eleven nominees for director currently serve as directors. The Board is recommending the eleven current directors (current as of March 1, 2011) be re-elected to the Board.

Pursuant to a Shareholders' Agreement between the Armstrong World Industries, Inc. Asbestos Personal Injury Settlement Trust (the "Trust") and Armor TPG Holdings LLC ("Armor TPG") dated as of August 28, 2009, the Trust and Armor TPG agreed to take all necessary action to cause the Company's Board to include two persons nominated by the Trust and, subject to certain conditions, two persons nominated by Armor TPG. The Armor TPG selected directors currently serving on the Board pursuant to this provision are David Bonderman and Kevin R. Burns. The Trust selected directors currently serving on the Board pursuant to this provision are Michael F. Johnston and Richard E. Wenz. Each candidate's qualifications were reviewed by the Nominating and Governance Committee, which recommended each of them be elected to the Board.

The Trust also recommended three of the directors, Bettina M. Whyte (who resigned in 2011), Tao Huang and Larry S. McWilliams, for consideration and nomination by the Nominating and Governance Committee in 2010. However, none of those directors were the Trust's nominee under the Shareholders' Agreement referenced above. Prior to recommending these three candidates for nomination as director, the Committee reviewed their qualifications and recommended each of them be elected to the Board. Bettina M. Board Leadership Structure

Our current Board leadership structure is comprised of a Chairman of the Board and ten additional directors, all but one of whom are nonemployee directors. The Company's Bylaws and its Corporate Governance Principles provide the Board with flexibility to determine the appropriate Board leadership structure for the Company. The Bylaws provide that the Board may designate one of its members as Chairman and may also designate a Vice Chairman. The Corporate Governance Principles provide that the position of the Chairman and that of the Chief Executive Officer may be filled by the same person or two different people. For a number of years, the two positions had been held by the same person, and an independent Lead Director had been designated and served as a liaison between the directors and the Company. Upon the February 28, 2010 departure of Michael D. Lockhart, former Chairman and Chief Executive Officer, the Board determined to split the positions of Chairman and Chief Executive Officer. James J. O'Connor, who had been independent Lead Director from February 2008 through February 2010, was named Chairman and continues to serve as such. The split allows Matthew J. Espe, the current Chief Executive Officer, to focus on managing the business, while the Chairman has responsibility for the Board's oversight functions, recruiting new Board members, overseeing the evaluation and compensation of the CEO, ensuring an appropriate succession plan and overseeing independent evaluation of risk. However, the Board will continue to evaluate board structure within the context of the specific needs of the business and what is in the best interests of the shareholders.

Our Bylaws provide that the Chairman shall preside at the meetings of the Board and shall be responsible for the orderly conduct by the Board of its oversight of the business and affairs of the Company. The Chairman's role is to guide the Board and ensure it has a clear understanding of its goals and role in governing the Company. The Chairman keeps the Board focused on its governance role, leaving those issues pertaining to day-to-day management of the Company with management.

Responsibilities of the Chairman include establishing Board meeting schedules, shaping the agenda and chairing the meetings of the Board and the shareholders, including leading the discussions. The Chairman ensures information provided by management to the Board is sufficient for the Board to fulfill its duties. The Chairman communicates with other directors on key issues and concerns outside of regularly scheduled meetings. The Chairman must also ensure the effective functioning of the Committees through appropriate delegation to, and membership of, its committees. The Company's three standing committees are comprised solely of nonemployee independent directors. It is up to each committee chair to ensure committee effectiveness. Finally, consistent with the Chairman's overall responsibility for the work of the Board, the Chairman oversees the annual performance evaluations of the Board and its committees.

Board's Role in Risk Management Oversight

The Company has had an enterprise risk management program in place since 2005. Risk management is an integral part of the Company's business strategy. It is a company-wide effort involving both the Board and management. Management's role is to identify, mitigate, guide and review the efforts of our business units, consider whether the residual risks are acceptable, and approve plans to deal with serious risks. The Board's role in risk management is to oversee the process and improve or guide management's decisions. Specifically, the Board oversees the Company's:

processes to identify matters that create risk to achieving our business plans;

processes to assess the likelihood and impact of such risks in order to prioritize them;

identification of major risks and how we define "major";

mitigation of major risks, and our view of the resulting residual risk; and

monitoring of major risks.

Corporate management provides its feedback on business unit risks during periodic business reviews and annual strategic planning discussions. Every quarter, the business units identify key risks as part of the Company's periodic disclosures. That review process includes identifying risks that could prevent achievement of business goals or plans. Additionally, the internal audit group uses the information to determine whether its audit plan needs to be adjusted. In addition to quarterly reviews of business risks in connection with the Company's periodic disclosures, the Board reviews, on an annual basis, detailed reports which assess the strategic, operational, infrastructure and external risks facing the Company to be certain the Company develops and maintains comprehensive risk management policies and procedures to assess, mitigate and monitor risks.

Although the full Board oversees the Company's risk management function and processes, particularly with respect to the overall business, each Board committee, consistent with its charter, assists the Board in fulfilling its responsibility by coordinating the review of certain risks that are particularly within its purview. For example, the Audit Committee considers risks associated with overall financial reporting, legal compliance and disclosure processes. Audit Committee responsibilities include monitoring the integrity of our internal control processes and assessing management's steps to manage and report such risk exposures. The Audit Committee considers risk in quarterly and annual review of financial statements.

In its role of overseeing the Company's compensation and benefit practices, the Management Development and Compensation Committee assessed potential material risks which could result from the design and structure of the Company's compensation programs. Because performance-based incentives play a large role in our executive compensation program, it is important to ensure the incentives do not result in our executive officers taking actions that may conflict with the Company's long-term interests. At the request of the Committee, Frederic W. Cook & Co. ("Cook & Company") reviewed our executive compensation design practices and plans and potential risk areas. The Committee assessed the Company's compensation programs using the Cook & Company research and recommended changes to our Long-Term Incentive Program and Management Achievement Plan. The new proposed plans are submitted with this Proxy Statement for shareholder approval as Proposals 2 and 3. The proposed LTIP and Amended MAP, as well as the remainder of the Company's compensation programs, are designed and administered with the appropriate balance of risk and reward and do not encourage executives to take unnecessary or excessive risks. In arriving at this conclusion, the Committee considered the following program attributes:

The balance between short- and long-term incentives;

Table of Contents

Consideration of an executive's qualitative and quantitative performance in determining compensation payouts, including minimum and maximum performance thresholds, and maximum award payouts;

Use of varied equity compensation awards that provide a balance of incentives;

Incentive compensation with a stock component where value is best realized through long-term appreciation of shareholder value;

Incentive compensation awards that are paid or vest over an extended period;

A long-term incentive plan that permits the Company to require a participant to forfeit unsettled benefits due to gross misconduct, or for a period of up to two years following a participant's termination, engaging in a business determined to be competitive with the Company or substantially injurious to the Company's business interests; and

A Company-wide compliance program accessible to every employee, which includes an external, confidential ethics line for reporting compliance-related concerns.

The Nominating and Governance Committee is responsible for establishing the overall philosophy for corporate governance and recommending changes to enhance the Board's performance and development. The Nominating and Governance Committee annually reviews the Code of Business Conduct as well as other Company policies such as Conflicts of Interest and Protection of Company information. In its annual review of management's liaison with the community and governmental agencies, the Committee addresses areas of potential risk related to environmental accountability, social responsibility and the Company's reputation.

Director Independence

The Board of Directors has determined that all the directors of the Company, with the exception of Mr. Espe, are independent in accordance with the rules and regulations of the New York Stock Exchange and within the meaning of the Company's Corporate Governance Principles. The Corporate Governance Principles are available at <http://www.armstrong.com/corporate/corporate-governance.html>. Article III, Director Independence from Conflicting Interests of those Principles provides:

Board members keep themselves free of conflicts of interest, and avoid situations that give the appearance of conflicts. For purposes of evaluating the independence of directors, the board considers the circumstances of each person. To be considered independent, a director must meet the qualifications established by the Company's principal stock market. The Board may not consider persons in the following circumstances as independent due to the strong potential for conflict:

A person who has been an officer or employee of the Company within the past five years, with the exception of a director who has formerly served as an interim CEO.

A person with a material personal or business relationship with Armstrong apart from their directorship.

An individual who consults with, is retained by, or receives anything of substantial value from Armstrong aside from compensation as a director, other than compensation received in connection with a director having served as an interim CEO.

Table of Contents

A person who has an immediate family member or significant business interest with a material personal or business relationship with the Company.

An executive of another company where the Armstrong Chairman, Chief Executive Officer, or other senior manager serves on the board.

The Corporate Governance Principles further provide that a non-employee director shall offer to submit his or her resignation from the Board if there is a substantial change in the director's business, employment or professional position or title. The Board may accept or reject the resignation after consultation with the Nominating and Governance Committee.

The Company's Amended and Restated Articles of Incorporation (the Articles) and Bylaws define an Independent Director as a director who (a) qualifies as an independent director within the corporate governance listing standards adopted by the New York Stock Exchange and (b) satisfies the minimum requirements of director independence of Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the Exchange Act), regardless of whether such director serves on the Audit Committee. The Company uses this enhanced independence standard in determining what directors are eligible to serve on its three standing committees. See Board Committees - General.

Based on the recommendation of the Nominating and Governance Committee and review of applicable standards, the Board determined that directors Askren, Gaffney, Huang, McWilliams, O'Connor and Roberts are independent under Armstrong's Articles and Bylaws, as such directors meet the independence criteria under both NYSE rules and Rule 10A-3(b)(1) under the Exchange Act. The Committee and Board determined that directors Bonderman, Espe, Burns, Johnston and Wenz do not qualify as Independent Directors as such term is defined in the Articles and Bylaws, because such directors do not meet the enhanced independence criteria of Rule 10A-3(b)(1) under the Exchange Act.

The Nominating and Governance Committee annually reviews the independence of all directors and reports its findings to the full Board. Applying applicable legal and regulatory standards and Armstrong's Corporate Governance Principles, the Committee reviews and considers relationships between Armstrong, its affiliates and subsidiaries, on the one hand, and each director, entities affiliated with him or her, and/or any member of his or her immediate family, on the other hand.

The directors serve in various other capacities with a number of other organizations. All material commercial, personal and charitable relationships of a director with outside organizations are required to be candidly disclosed to the full Board. It is the Board's intent that Armstrong engage in no material commercial relationship with those organizations and not direct charitable donations to them beyond what the Company would do on behalf of employees or as part of normal business practices. For this purpose, payments and donations by the non-profit Armstrong Foundation that is supported by the Company are also considered. In evaluating the independence of directors, the Board also considers the type and extent of any commercial relationships and transactions with entities with which directors are affiliated.

Compensation of Directors

Armstrong does not separately compensate directors who are employees for services as a director. Therefore, the Company did not provide either Mr. Lockhart, who was a director for a portion of 2010, or Mr. Espe, separate compensation for their services as a director. In 2010, the Company paid directors who are not employees an annual retainer of approximately \$155,000, comprised of \$70,000 cash plus an award of restricted stock units valued at approximately \$85,000 (55% of the total annual retainer, rounded up) in accordance with the 2008 Directors Stock Unit Plan (2008 Plan) approved by the shareholders at the June 23, 2008 annual meeting. The stock units (Units) vest on the one-year anniversary of the award or, if earlier, the date of a change in control event, contingent upon the director's continued service through such date. The directors receive one Common Share for each vested Unit six months following the director's separation from service or, if earlier, upon the occurrence of certain change in control events. All Units, whether or not vested, are forfeited if the director is removed for cause, and unvested Units are subject to forfeiture if the director terminates service for any reason prior to vesting.

Table of Contents

In accordance with the Company's Corporate Governance Principles, each director must acquire and then hold until six months following the end of his or her service, phantom units and/or Common Shares equal in value to three times the annual director's retainer at the time they join the Board. Directors endeavor to reach that level of ownership within five years of joining the Board. With the exception of Directors Espe, Huang, Johnston, McWilliams and Wentz, who were each elected to the Board in 2010, all of the current directors have already achieved this ownership requirement. As provided in the Company's Corporate Governance Principles, such stock ownership requirement is not applicable to Messrs. Bonderman and Burns who, while not holding shares individually, nevertheless are deemed to have an equity interest by virtue of their positions with Armor TPG Holdings LLC who, together with Armstrong World Industries, Inc. Asbestos Personal Injury Settlement Trust, holds more than 60% of the Company's outstanding Common Shares.

Under the terms of the 2008 Plan, each nonemployee director received an annual grant of 2,229 Units on October 27, 2009, covering the period from October 2009 through September 2010. Ms. Whyte and Messrs. Huang, Johnston, McWilliams and Wenz also each received an initial grant of 6,000 Units under such Plan.

The Lead Director receives an additional annual retainer of \$20,000. James J. O'Connor had served as Lead Director from February 2008 to March 2010. Effective March 1, 2010, James J. O'Connor ceased to be Lead Director and began to serve as Chairman, a position which he currently holds. There is currently no Lead Director. The Chairman receives an additional annual retainer of \$160,000, split evenly between a cash retainer of approximately \$80,000 and equity of approximately \$80,000. Mr. O'Connor's Lead Director compensation and Chairman compensation for 2010 was prorated to reflect his months of service in those positions. The Audit Committee Chair receives an additional annual retainer of \$20,000, the Management Development and Compensation Committee Chair receives an annual retainer of \$20,000 and the Nominating and Governance Committee Chair receives an additional annual retainer of \$10,000. Directors who are not employees are paid \$2,500 per day (\$1,250 for a partial day), plus reasonable expenses for special assignments in connection with Board activities. There were no per diem payments made in 2010. The CEO Transition Committee members, James J. O'Connor and James C. Melville, were each paid a lump sum of \$20,000.

Director compensation is determined after reference to competitive market practice, both in setting the overall value of compensation and the mix of cash and equity. Compensation is evaluated against that of similarly-sized companies in comparable industries and is provided through a combination of annual retainers and equity grants in the form of stock units. This level of compensation supports the Company's ability to attract directors with suitable backgrounds and experiences.

Cash payments are made quarterly in arrears. The annual award of restricted stock units was made in one installment in October 2010. Cash payments and stock unit grants for new directors are pro-rated for the service period. At the request of Mr. Bonderman and Mr. Burns, and as approved by the Board, neither receives compensation for services as director.

Directors do not receive payment for attending meetings. When spouses of directors are invited to attend functions of the Board, the Company pays for their travel-related expenses. The payment of a director's spousal expenses is considered imputed income to the director, and the Company makes a gross-up payment to each such director to cover the tax liability for the imputed income associated with such spousal expenses.

Other benefits for nonemployee directors include: annual physical exam expenses reimbursed up to \$2,000; travel accident insurance; participation in the Armstrong Foundation (a non-profit organization independent of the Company) Higher Education Gift-Matching Program; and the Company's Employee Purchase Program.

Table of Contents

Armstrong has entered into indemnity agreements with each member of its Board of Directors. The agreements provide for indemnification against liabilities relating to their services as directors and advancement of expenses under certain circumstances to the fullest extent permitted by law. Specific terms and conditions are set forth in the individual indemnity agreements, which are included as exhibits to the Company's 2007 Annual Report on Form 10-K and Current Reports on Form 8-K dated October 2, 2006 and September 30, 2009.

Board Committees

General. The Board of Directors has three standing committees: an Audit Committee, a Management Development and Compensation Committee, and a Nominating and Governance Committee. Each committee has a charter and consists solely of independent directors who meet applicable independence standards required by the New York Stock Exchange, the Securities and Exchange Commission, and the Internal Revenue Service and under the Company's Articles and Bylaws. Each committee reports to the Board regularly and evaluates the effectiveness of its performance annually. The membership of each Committee is determined by the Board of Directors on the recommendation of the Nominating and Governance Committee.

The Company's Corporate Governance Principles provide that (i) directors who are currently fully employed should not serve on more than two other corporate boards and (ii) other directors should not serve on more than four other corporate boards. John J. Roberts currently serves on the audit committees of three public companies other than Armstrong, which was approved by the Company.

A special committee, the Search Committee, was formed by the Board in February 2010 to oversee and conduct a search process for identifying an interim Chief Executive Officer and a permanent Chief Executive Officer, following the departure of Michael D. Lockhart, our former Chairman and Chief Executive Officer. The Search Committee completed its work in 2010 with the hiring of Matthew J. Espe as Chief Executive Officer.

A special committee, the Special Advisory Committee, was formed by the Board in May 2010 to advise the Chairman on the development of the Company's business strategy and report thereon to the Board during the Board's search for a chief executive officer. The Special Advisory Committee met once in 2010.

A special committee, the CEO Advisory Committee, was formed by the Board in September 2010 to advise the CEO in aligning management's and the Board's understanding of the Company's direction and progress regarding key strategic and operational initiatives. The CEO Advisory Committee met five times in 2010.

Table of Contents

A special committee, the Special Dividend Committee, was formed by the Board in October 2010 for the purposes of assessing the advisability of the payment by the Company to its shareholders of a special dividend, including the timing and amount of a special dividend, and making a recommendation to the Board with respect to such special dividend. The members of the special committee excluded directors appointed by the Trust or TPG. The Special Dividend Committee met four times in 2010.

A special committee, the Refinancing Committee, was formed by the Board in August 2010 for the purposes of reviewing the pricing and other specific terms of the Company's A&R Credit Agreement and, if necessary, to negotiate new terms for the Company's A&R Credit Agreement. The Refinancing Committee met three times in 2010.

Pursuant to the Shareholders' Agreement, Armor TPG and the Trust agreed to cooperate to propose and recommend to the Board to permit the Trust and Armor TPG to each have an observer (Observers) to attend all meetings of the Board, such Observers having the right to join in discussion but not the right to vote. The Board and Committees hold executive sessions both with and without Observers. All Armor TPG Observers are subject to a Confidentiality Agreement between the Company and TPG dated November 4, 2009. All Trust Observers are subject to a Confidentiality Agreement between the Company and the Trustees effective as of September 7, 2006.

The Board met thirteen times during the fiscal year ended December 31, 2010. The Management Development and Compensation Committee met twelve times. The Audit Committee and the Nominating and Governance Committee each met eight times during the year. Certain meetings were jointly held, and each committee met from time to time in executive sessions without other directors or any Observers present.

All current directors, with the exception of Mr. Bonderman, participated in at least 75% of all meetings of the Board of Directors and meetings of the Committees on which they served. Board members are expected to attend annual meetings. All but two of the then-current directors attended the 2010 Annual Meeting of Shareholders.

Audit Committee and Audit Committee Expert. The members of the Audit Committee in 2010 were John J. Roberts (Chair and Audit Committee Financial Expert), Bettina M. Whyte and Tao Huang. Ms. Whyte resigned effective March 1, 2011 and was replaced by Larry S. McWilliams. In addition to the Committee members, designees from Armor TPG and the Trust, may observe the meetings.

The Audit Committee oversees auditing and accounting matters, including the selection, supervision and compensation of the Company's independent auditors, the scope of the annual audits, non-audit services performed by the auditor, and the Company's accounting practices and internal accounting controls. The Committee assists the Board of Directors in monitoring the integrity of the Company's financial statements, the independent auditors' qualifications, independence and performance, the effectiveness of the Company's internal audit and legal compliance functions and compliance by the Company with legal and regulatory requirements.

Each member of the Audit Committee meets the financial literacy requirements of the New York Stock Exchange (NYSE) and Securities and Exchange Commission (SEC) rules. The Board of Directors determined that at least one member of this Committee, John J. Roberts, qualifies as an Audit Committee Financial Expert as defined in the Exchange Act. Additionally, as noted above, all members of the Audit Committee are independent under the listing standards of the NYSE and within the meaning of the applicable SEC rule pertaining to Audit Committees (Rule 10A-3 under the Exchange Act). The Audit Committee regularly meets independently with the Company's internal and independent auditors, with the leaders of the Company's legal compliance function, and with management.

Management Development And Compensation Committee. The members of the Management Development and Compensation Committee are Stan A. Askren (Chair), James J. Gaffney and Larry S. McWilliams. The Committee has authority to make grants of share-based awards to executive officers and senior management. As needed, the Committee appoints and monitors outside advisors on compensation and benefit matters. The Committee retains Cook & Company to assist in evaluating the Company's compensation and benefit programs. The consultant has been working with the Committee since 2007. Additional information on Cook & Company's work for 2010 is included in the Compensation Discussion and Analysis.

Table of Contents

The Management Development and Compensation Committee reviews and approves corporate goals and individual objectives relevant to the compensation of the Chief Executive Officer and, jointly with the Nominating and Governance Committee, evaluates the CEO's performance relative to those goals and objectives, recommends CEO compensation to the independent directors based on the evaluation, oversees the evaluation of the other executive officers and establishes their compensation levels in collaboration with the CEO, recommends the adoption, amendment, or termination of executive compensation and benefit plans, policies, and practices to the Board and monitors senior management succession planning.

The Committee delegates establishment of certain compensation arrangements and administration of the Committee's responsibilities to the Senior Vice President, Human Resources and Chief Compliance Officer, and certain persons reporting to that individual. Executive officers work with the Committee to propose compensation elements to achieve Company goals and reward performance. Specifically, executive officers provide information about existing compensation plans and arrangements and define components of the Company's business plan that are critical to execution of the plan.

A report from the Committee on the Compensation Discussion and Analysis is included in this Proxy Statement.

Nominating and Governance Committee. The members of the Nominating and Governance Committee are James J. Gaffney (Chair), James J. O'Connor and John J. Roberts. In addition to the Committee members, James C. Melville and Kevin R. Burns, or their appointed designees, observe meetings as representatives from the Trust and Armor TPG, respectively.

The Committee monitors the independence of nonemployee directors and is responsible for developing and recommending corporate governance guidelines and principles. The Committee is also responsible for identifying qualified Board candidates and recommending directors for appointment to Board committees. The Company has from time to time retained the services of a third-party executive search firm to assist in identifying and evaluating Board candidates.

The Committee also coordinates an annual evaluation of the performance of the Board and each committee and, in conjunction with the Management Development and Compensation Committee, reviews and evaluates the performance of the CEO.

Nomination of Director Candidates. The Committee will consider director candidates nominated by shareholders. The procedures for recommending candidates are posted at www.armstrong.com/corporatena/article9748.html under About Armstrong and Corporate Governance. Shareholders who wish to suggest individuals for service on the Board of Directors are requested to review the following documents posted on this site: Process for Evaluation of Director Candidates, Director Responsibilities and Qualifications, and Position Description for an Armstrong Director. They should then write to the Corporate Secretary at the address set forth on the cover of this Proxy Statement and supply the following information:

the full name, address, education and professional experience of the proposed nominee and a statement explaining why this person would be a good director;

the consent of the proposed nominee to be considered and to serve, if elected;

the proposed nominee's own self-assessment of qualifications and independence under SEC and NYSE rules and Articles II and III of Armstrong's Corporate Governance Principles; and

the number of Armstrong Common Shares held by both the proposed nominee, and by the person(s) supporting the proposed nominee.

Qualifications of Director Candidates. Candidates will be considered who can complement the background and experience of current directors. The objective is to assemble a matrix of individuals who possess, in the aggregate, all the skills and background needed on the Board, giving due consideration to the nature of its operations and the qualifications and experience of its management. Alignment with corporate business and strategy is critical to creating a board that adds value for the shareholders and management team.

Typically, two aspects of each potential director's qualifications are considered:

individual director qualities – the personal characteristics that each director should have (such as integrity, independence, diligence, business acumen, collegiality) for the Board to perform effectively as a team; and

specific background skills, experience and competencies – the talents and insights (preferably aligned with corporate business and strategy) that should be present when the entire Board meets, with each individual director contributing in one or more areas.

While Armstrong does not have a formal diversity policy with respect to director nominations, it believes a board comprised of individuals with diverse attributes and backgrounds enhances the quality of the board's deliberations and decisions. We have an expansive view of diversity, going beyond the traditional concepts of race, gender and national origin. We believe the diversity of viewpoints, educational backgrounds, and differences of professional experiences and expertise represented on our Board evidences diversity in many respects. This diversity, coupled with the personal and professional ethics, integrity and values of all of our directors, results in a Board invaluable to the Company through its ability to guide the Company with thoughtful and sound business judgment.

The Nominating and Governance Committee considers nominees proposed by shareholders, including the Company's majority shareholder, and takes into consideration the number of shares owned by the nominating shareholder as well as each nominee's responses to the Company's Prospective Director Questionnaire, the presence or absence of any conflicts of interest, and background information. There have been no changes to the procedure by which shareholders may recommend nominees to the Board of Directors within the past year.

CODES OF ETHICS

Armstrong has followed a code of ethics and business conduct for many years. Thomas Armstrong founded the Company as a small cork-cutting shop in 1860 in Pittsburgh. He was determined that his Company act with fairness and in the balanced best interests (of) customers, shareholders, employees, suppliers, community neighbors, government and the general public.

Thomas Armstrong was among the first American entrepreneurs to discard the old business maxim of *caveat emptor* - Let the buyer beware - and replace it by practicing the principle of Let the buyer have faith, which became an enduring motto for Armstrong.

To memorialize this ethical foundation, in 1960 Armstrong adopted its Operating Principles, which incorporate the philosophy of Thomas Armstrong and his successors:

to respect the dignity and inherent rights of the individual human being in all dealings with people;

to maintain high moral and ethical standards to reflect honesty, integrity, reliability and forthrightness in all relationships;

to reflect the tenets of good taste and common courtesy in all attitudes, words and deeds; and

to serve fairly and in proper balance the interests of all groups associated with the business customers, stockholders, employees, suppliers, community neighbors, government and the general public.

In 1992, Armstrong built on these Operating Principles and established its Code of Business Conduct, which applies to all employees, executives and directors, specifically including our Chief Executive Officer, our Chief Financial Officer and our Controller.

In 2002, Armstrong adopted an additional Code of Ethics for Financial Professionals, which applies to all professionals in Armstrong's finance and controller functions worldwide, including our Chief Financial Officer and our Controller.

These Codes are intended to deter wrongdoing and to promote:

honest and ethical conduct, including handling of actual or apparent conflicts of interest between personal and professional relationships;

full, fair, accurate, timely and understandable public disclosures;

compliance with applicable governmental laws, rules and regulations;

the prompt internal reporting of violations of the Codes; and

accountability for compliance with the Codes.

Table of Contents

These two Codes are available at <http://www.armstrong.com/corporate/corporate-governance.html> and in print free of charge. If the substance of either Code is amended, we will note the date and describe the nature of the amendment on that website. Any waiver of the Company's Code of Business Conduct, particularly its conflicts-of-interest provisions, which may be proposed to apply to any director or executive officer also must be reviewed in advance by the Nominating and Governance Committee, which would be responsible for making a recommendation to the Board of Directors for approval or disapproval. The Board's decision on any such matter would be disclosed publicly in compliance with applicable legal standards and the rules of the New York Stock Exchange. There were no waivers or exemptions from the Code of Business Conduct in 2010.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Any related party transaction that may arise is required to be reviewed and approved by the Nominating and Governance Committee, a Board committee comprised of independent directors, who must have no connection with the transaction. Related party transactions would include transactions by the Company or any subsidiary with any director, director nominee, executive officer, greater than 5% shareholder, or immediate family member of any of the foregoing, and transactions with businesses affiliated with any director or director nominee that meet the specifications in Item 404 of Regulation S-K under the Securities Exchange Act. The Chair of the Nominating and Governance Committee has authority to approve transactions involving sums less than the disclosure threshold set in Item 404. The material details of any such matters are required to be disclosed to the Committee at its next regular meeting.

Mr. Bonderman is a stockholder, director and officer of various TPG entities that ultimately control Armor TPG. Mr. Burns is a partner in an affiliate of TPG Capital, L.P., an affiliate of Armor TPG. Armor TPG is a direct shareholder of the Company. The Trust and Armor TPG together beneficially own more than 60% of the Company's outstanding Common Shares.

The Trust and Armor TPG entered into a Shareholders' Agreement as described under Proposal 1 - Election of Directors. The current Trust selected directors are Michael F. Johnston and Richard E. Wenz, and the current Armor TPG selected directors are David Bonderman and Kevin R. Burns.

In the Shareholders' Agreement, the Trust acknowledges that it would be beneficial to the Company for Armor TPG to make available to the Company certain of its operations and field operations professionals (TPG Consultants) to assist the Company management and/or the Board in connection with the evaluation or improvement of the Company's operations. The Shareholders' Agreement provides that subject to Board authorization, Armor TPG may make TPG Consultants available for the aforementioned purpose, with Armor TPG to be reimbursed for the actual time and expenses of work performed by such TPG Consultants. Following Board approval, the Company incurred approximately \$3.1 million in consulting fees in 2010 related to services provided by TPG Consultants to roll out a plan for incremental productivity across all the Company's manufacturing sites and supply chain and to develop and implement the Armstrong Operating System globally.

While each of Messrs. Huang, Johnston, McWilliams and Wenz were nominated by the Trust, only Mr. Johnston and Mr. Wenz have been named as Trust designees pursuant to the Shareholders Agreement.

Except as discussed above and in Director Independence, and except for compensation and related arrangements discussed in this Proxy Statement, there were no other relationships or transactions of \$120,000 or more in which any director, executive officer, greater than 5% shareholder or any immediate family member of any of the foregoing has a direct or indirect material interest known to the Company during 2010, nor are there any currently proposed, which require disclosure under SEC regulations.

Securities and Exchange Commission (SEC) regulations require Armstrong directors and executive officers, and any persons beneficially owning more than ten percent of its Common Shares, to report to the SEC their ownership of Company common stock and any changes in that ownership. SEC regulations also require these persons to furnish the Company with copies of these reports. SEC rules require the Company to report any failure to timely file those reports in the previous fiscal year. To our knowledge, based solely upon our review of copies of reports furnished to us by persons owning more than ten percent of our Common Shares, and written representations from directors and executive officers, we believe that all of these filing requirements were satisfied during 2010 in a timely manner.

Executive Summary

The Board of Directors (the "Board") through the Management Development and Compensation Committee (the "Committee") designs our compensation programs to motivate our executives to lead the Company toward achieving short- and long-term financial and strategic goals with the principal goal of increasing shareholder value. During 2010 the Committee, working with management, evaluated executive compensation best practices and made several key changes to our compensation programs. The changes were in direct response to the ongoing needs of our business and overall strategies, and were aimed at reinforcing an appropriate balance between compensation risk and reward. The changes included:

Incorporating performance restricted awards into the long-term incentive program for all participants including the Named Executive Officers;

Revising Change in Control Agreements for newly-hired executives to eliminate excise tax gross-ups, limit benefit triggers including a double trigger requirement for acceleration of equity vesting, and tightening the conditions by which a change-in-control would be triggered to be more restrictive and to better align with the Company's current ownership structure;

Implementing Stock Ownership Guidelines for executive officers;

Implementing an expanded recoupment policy to include all officers and key executives; and

Eliminating personal use of corporate aircraft and related tax gross-ups, and enhanced retirement benefits, coincident with the CEO transition.

2010 Financial Overview

Overview. We are a leading global producer of flooring products and ceiling systems for use primarily in the construction and renovation of residential, commercial and institutional buildings. We design, manufacture and sell flooring products (primarily resilient and wood) and ceiling systems (primarily mineral fiber, fiberglass and metal) around the world. We also design, manufacture and sell kitchen and bathroom cabinets in the U.S.

As of December 31, 2010 we operated 34 manufacturing plants in eight countries, including 22 plants located throughout the U.S. In response to economic conditions during 2010, we closed two previously idled facilities: a Resilient Flooring plant in Montreal, Canada and a Wood Flooring plant in Center, Texas. We also closed strip mill operations (which had been previously idled) at our Oneida, Tennessee plant, while continuing to manufacture parquet flooring at this location. We closed a metal ceilings plant in St. Gallen, Switzerland and a Resilient Flooring plant in Teesside, U.K. We also announced plans to close our Resilient Flooring plant in Holmsund, Sweden and our Building Products plant in Beaver

Edgar Filing: ARMSTRONG WORLD INDUSTRIES INC - Form DEF 14A

Falls, Pennsylvania effective in 2011. During the first quarter of 2011, we announced the idling of a Wood Flooring manufacturing plant in North Carolina effective April 30, 2011.

Through Worthington Armstrong Venture (WAVE), our joint venture with Worthington Industries, Inc., we also have an interest in eight additional plants in six countries that produce suspension system (grid) products for our ceiling systems.

2010 Markets. We compete in building material markets around the world. The majority of our sales are in North America and Europe. During 2010, our markets experienced the following:

According to the U.S. Census Bureau, housing starts in the U.S. residential market increased 6% compared to 2009 to 0.59 million units. Housing completions in the U.S. declined by 18% in 2010 with approximately 0.66 million units completed. The National Association of Realtors indicated that sales of existing homes decreased 5% to 4.92 million units in 2010 from a level of 5.16 million units in 2009.

According to the U.S. Census Bureau, for the value of new construction put in place, the rate of decline in the North American key commercial market, in nominal dollar terms, was 19% in 2010 compared to 2009. Construction activity in the office, healthcare, education, and retail segments declined 29%, 12%, 15%, and 26%, respectively, in 2010 compared to 2009. These measures reflect the weakness of the new construction market. In addition, the market is comprised of renovation and repair, and replacement which have generally been positive in 2010.

Markets in Western European countries declined with modest growth in Central Europe and continued weakness elsewhere. Eastern European markets grew.

Activity in Pacific Rim markets, specifically India, China, and Australia, grew.

Results of Operations. The following table provides a comparison of 2010 consolidated results to 2009.

Consolidated Results

Comparison of 2010 to 2009 (\$M)

	2010	2009	Change is Favorable (Unfavorable)
Consolidated Net Sales	\$ 2,766.4	\$ 2,780.0	(0.5)%
Reported Operating Income	\$ 81.1	\$ 90.6	(10.5)%
Adjusted Operating Income	\$ 188.2	\$ 156.6	20.2%

We analyze our operating performance using a non-GAAP measure we call adjusted operating income, which adjusts reported operating income for significant and unusual items that can include:

Gains or losses on the sale of businesses or assets;

Significant restructuring and unusual one-time items;

Discontinued businesses;

Asset impairments; and

Edgar Filing: ARMSTRONG WORLD INDUSTRIES INC - Form DEF 14A

Changes in accounting practices.

We delivered improved adjusted operating income in 2010 despite a difficult global business environment and challenges in the building and construction industry. Adjusted operating income of \$188.2 million increased 20 percent compared to adjusted operating income of \$156.6 million in 2009. This performance was achieved through significant improvements in productivity and efficiency gains in manufacturing and sales and general administrative expenses even though consolidated net sales remained flat for the year.

Compensation Philosophy and Objectives

Our executive compensation programs are comprised of three elements – base salary, annual bonus, and long-term incentive. In developing our executive compensation programs, the Committee focuses on four key objectives:

Attract and retain talented employees globally by offering competitive compensation packages;

Align the interests of management with shareholders by ensuring that management does well when shareholders do well;

Table of Contents

Pay for performance by paying more when financial and individual results meet or exceed established goals and paying less when goals are not met; and

Motivate and retain management by tying a portion of compensation to the long-term performance of the Company. The following table illustrates how the executive compensation elements align with our compensation objectives.

Role of Management

Management provides data, analyses, and recommendations to the Committee through our CEO and our Senior Vice President, Human Resources and Chief Compliance Officer, Messrs. Espe and Kane respectively. The Committee gives significant weight to Mr. Espe's evaluation of each executive officer's performance and compensation recommendations. For the CEO, the Committee receives input from Mr. Kane on the absolute total value of our CEO's compensation and opportunity relative to market prior to making recommendations to the Board. No one on the management team determines any component of compensation for any executive officer including the CEO or direct reports to the CEO. These responsibilities reside with the Committee.

Use of Consultants

Since 2007, the Committee has engaged Cook & Company, a nationally recognized executive compensation consulting firm, as its consultant to provide analysis, advice, and recommendations with regard to executive compensation. At the request of the Committee, Cook & Company participated in Committee meetings in 2010 and performed the following services:

Reviewed and recommended changes to the Company's Change in Control Agreements;

Assisted the Board with developing competitive compensation packages for hiring a new CEO and Senior Vice President, Human Resources;

Assisted the Committee with reviewing management's compensation risk assessment;

Assisted with the design of incentive compensation programs to support the Company's human resources objectives and business strategy; and

Provided an overview and periodic updates on marketplace practices and relevant executive compensation legislation.

Cook & Company's work is performed directly on behalf of the Committee, working in cooperation with management, to assist the Committee with executing its executive compensation-related responsibilities. Cook & Company does not work with Armstrong management without the Committee's knowledge and approval, other than occasional non-material assistance to the human resource staff related to Cook & Company's duties to the Committee. Cook & Company provides no other services to the Company.

Use of Tally Sheets and Wealth Accumulation Analyses

The Committee uses tally sheets and wealth accumulation analyses when evaluating compensation-related decisions for each executive officer. The tally sheets provide three years of information on each executive's equity and non-equity compensation, changes in pension values, and other compensation such as potential payments upon termination of employment. The wealth accumulation analysis is used to assess the total Armstrong-specific wealth that could be earned by each executive over a five-year period given certain stock price assumptions. The Committee reviews the executives' tally sheets at each meeting and uses the wealth accumulation analysis when hiring key executives, designing long-term incentive compensation programs, and sizing long-term incentive grants.

CEO Transition

Mr. Lockhart served as Chairman of the Board, Chief Executive Officer, and President, prior to his retirement effective February 28, 2010. He was a party to an individual Change in Control Agreement which was triggered on August 28, 2009 as a result of the transaction consummated by Armor TPG and the Trust. The Company and Mr. Lockhart entered into a separation agreement that confirmed the payments and benefits to be received by Mr. Lockhart under his Change in Control Agreement. Mr. Lockhart received an aggregate cash payment of approximately \$11 million which was paid six months following his separation, payment of a bonus earned in 2009 of approximately \$1.5 million, and 36 months continued welfare benefits coverage and outplacement services. The separation agreement also contained various covenants including covenants related to transition matters. Details on the specific terms of Mr. Lockhart's separation are set forth in the Form 8-K dated February 10, 2010.

In preparation for hiring a new CEO, the Committee engaged Cook & Company to assist with developing a competitive compensation package. The process included a review of the compensation peer group market data, assessment of our prior CEO's compensation components and levels, and a review of competitive market practices related to CEO compensation. As the search process unfolded and Mr. Espe was identified as the lead candidate, Cook & Company prepared an analysis of his then current compensation and his compensation to be forfeited upon termination. This analysis provided the basis for Mr. Espe's one-time replacement grant as outlined in his Employee Agreement.

On June 24, 2010, the Board elected Mr. Espe as Chief Executive Officer and President. Mr. Espe began his employment with us effective July 26, 2010. In connection with Mr. Espe joining the Company, the Company and Mr. Espe entered into an Employment Agreement and a Change in Control Agreement, each dated as of June 24, 2010. Mr. Espe did not begin receiving compensation until July 26, 2010.

Employment Agreement. The Employment Agreement provides that Mr. Espe will be paid an annual base salary of \$980,000. He is also eligible to earn an annual target bonus of 100% of base salary with a maximum potential bonus of 200% of his annual target bonus, based on the achievement of performance targets set by the Committee. In recognition of Mr. Espe's mid-year employment, his 2010 bonus was guaranteed to be at least \$415,758, an amount equal to the annual target bonus on a prorated basis. This guaranteed bonus does not apply to future years' bonus payments.

Mr. Espe is also eligible to participate in the 2006 Long Term Incentive Plan (the "LTIP") beginning in 2011. Actual awards are reviewed annually and determined by the Compensation Committee based on Mr. Espe's and the Company's performance, and are expected to approximate the market median of compensation opportunity.

Table of Contents

Mr. Espe is eligible to participate in certain benefit plans maintained by the Company, including: (i) a qualified 401(k) savings plan, under terms applicable to salaried employees hired on or after January 1, 2005; (ii) a nonqualified deferred compensation plan, which is open to managers whose eligible annual earnings exceed 12.5 times the then effective Internal Revenue Code 402(g) elective deferral limit and permits its participants to defer up to 8% of eligible annual earnings; (iii) Company-paid life insurance of \$150,000, Company-paid accidental death & dismemberment insurance of \$35,000, and employee-paid term or universal life insurance up to a maximum of \$600,000; (iv) Company-paid executive long-term disability insurance, which offers disability benefits of 60% of the sum of base salary and the average bonus paid over the most recent two years, with the maximum benefits capped at \$420,000 per year; (v) expense reimbursement of up to \$4,500 per year for personal financial planning and income tax preparation; and (vi) a Company-paid annual physical examination. Mr. Espe is not eligible to participate in the Company's Retirement Income Plan, as this pension plan was closed to new salaried participants effective January 1, 2005.

Mr. Espe received a one-time replacement grant in the gross amount of \$4.552 million consisting of a replacement cash bonus of \$3.452 million that vested on November 1, 2010 and a grant of replacement restricted stock units with a grant date value of \$1.1 million, vesting in three equal installments on the first, second and third anniversaries of the grant date. Mr. Espe also received a one-time inducement grant consisting of stock options with a grant date value of \$3.5 million, vesting in three equal installments on the first, second and third anniversaries of the grant date, and performance restricted stock units with a grant date value of \$1.5 million, vesting 50% on December 31, 2012 and the remaining 50% on December 31, 2013, provided that specified stock price targets (\$55 per share on December 31, 2012 and \$70 per share on December 31, 2013) are achieved. Mr. Espe's stock price targets were adjusted as a result of a special cash dividend, effective December 10, 2010. (See "Special Cash Dividend" section in the Compensation Discussion and Analysis for additional details.)

In the event of Mr. Espe's involuntary termination without cause or voluntary termination with "good reason", Mr. Espe will be entitled to the following severance pay and benefits, conditioned on the execution of a release and his compliance with certain restrictive covenants: (1) payment of 200% of his base salary; (2) welfare benefit continuation for 24 months; (3) a pro rata bonus; and (4) accelerated vesting of the replacement restricted stock unit grant. For purposes of Mr. Espe's Employment Agreement, the term "good reason" generally means a material and adverse change in duties, titles or positions, a 10% or more reduction in salary and the Company's material breach of any other obligation under the Employment Agreement that is not corrected within 30 days. Mr. Espe will be subject to a two-year non-competition and non-solicitation covenant following termination of his employment.

The Company reimbursed Mr. Espe's legal expenses of approximately \$9,200 in connection with the negotiation of his Employment Agreement. Mr. Espe did not receive any relocation benefits since his primary residence was within a commutable distance from our corporate headquarters.

Change in Control Agreement. Upon a "qualifying termination" Mr. Espe will be entitled to: (1) a severance payment equal to 2.5 times the sum of his base salary and annual target bonus; (2) welfare benefit continuation for a period of 30 months; (3) a prorated bonus based on actual results achieved in the bonus plan year during which the termination occurs if a change in control termination occurs prior to the completion of a bonus plan year; and (4) outplacement fees not to exceed \$30,000. In addition, any amounts paid under the Change in Control Agreement will be reduced to the maximum amount that can be paid without being subject to the excise tax imposed under Internal Revenue Code Section 280G, but only if the after-tax benefit of the reduced amount is higher than the after-tax benefit of the unreduced amount. For purposes of Mr. Espe's Change in Control Agreement, a "qualifying termination" means an involuntary termination without cause and voluntary termination with "good reason", each within 24 months following a change in control, or an involuntary termination without cause within 6 months prior to a change in control if the termination is related to the change in control. "Good reason" generally means the assignment of duties or responsibilities that are materially inconsistent with duties or responsibilities of the CEO position, a material diminution in authority, duties or responsibilities, a 10% or more reduction in salary, the Company's material breach of any obligation under the Change in Control Agreement, the failure to continue Mr. Espe's participation in any material compensation plan on a basis not materially less favorable to him, and the failure to continue to provide Mr. Espe with benefits substantially similar in the aggregate to those he received prior to a change in control.

CFO Transition

On January 8, 2010, we announced the election of Mr. Mangas to the position of Senior Vice President and Chief Financial Officer effective February 1, 2010.

Table of Contents

For purposes of developing a competitive compensation package, the Committee reviewed management's analysis of compensation peer group market data. The Committee also reviewed an analysis of Mr. Mangas' then current compensation including his compensation to be forfeited upon termination, which provided the basis for Mr. Mangas' one-time sign-on bonus and special equity grant as part of his new hire compensation.

New Hire Compensation. Mr. Mangas earns an annual salary of \$500,000. Under the Management Achievement Plan (the "MAP"), Mr. Mangas is eligible for an annual target bonus of 75% of actual base salary earnings (prorated for actual service in 2010). Mr. Mangas is also eligible to participate in the Company's long-term incentive plan, with an annual target award value of up to 200% of his annualized base salary. Mr. Mangas' total cash compensation (annual base salary plus target annual bonus) and his total direct compensation (annual base salary plus target annual bonus and target long-term incentive award value) as of his effective date of hire was approximately 70% and 76% of the market, respectively. The Committee believed this level of compensation was appropriate for Mr. Mangas given his leadership and international business knowledge and experience.

In addition to his compensation package, Mr. Mangas received a one-time sign-on bonus in the gross amount of \$500,000 and a one-time special grant of 50,000 stock options and 20,000 shares of restricted stock with a grant value of approximately \$1.4 million. The sign-on bonus must be repaid if Mr. Mangas voluntarily terminates employment or is terminated for misconduct in the first two years of his employment with the Company. The stock options will vest and the restrictions on the restricted stock will lapse in three equal installments on the second, third and fourth anniversaries of the grant date.

The Company will also provide Mr. Mangas with relocation services, including: a relocation allowance of \$10,000; participation in the Company's home purchase program; a loss on sale payment, if needed, of up to \$50,000 with tax assistance payments; reimbursement of up to 1% on loan origination fees, discount points (and normal closing costs); 60% tax assistance payments on normal closing costs; travel and moving expenses to the new location; temporary accommodations at the new location, if needed; and reimbursement for commuting expenses for a period of time to be agreed upon by the Company and Mr. Mangas.

Mr. Mangas is eligible to participate in certain benefit plans maintained by the Company, including: (i) a qualified 401(k) savings plan, under terms applicable to salaried employees hired on or after January 1, 2005; (ii) a nonqualified deferred compensation plan, which is open to managers whose eligible annual earnings exceed 12.5 times the then effective Internal Revenue Code 402(g) elective deferral limit and permits its participants to defer up to 8% of eligible annual earnings; (iii) Company-paid life insurance of \$150,000, Company-paid accidental death & dismemberment insurance of \$35,000, and employee-paid term or universal life insurance up to a maximum of \$600,000; (iv) Company-paid executive long-term disability insurance, which offers disability benefits of 60% of the sum of base salary and the average bonus paid over the most recent two years, with the maximum benefits capped at \$420,000 per year; (v) expense reimbursement of up to \$4,500 per year for personal financial planning and income tax preparation; and (vi) Company-paid annual physical examination. Mr. Mangas is not eligible to participate in the Company's Retirement Income Plan, as this pension plan was closed to new salaried participants effective January 1, 2005.

If Mr. Mangas' employment is terminated for any reason other than voluntary resignation or for cause, he will receive a minimum severance payment equal to one year of base salary plus target bonus, health care and life insurance benefits for 12 months, a pro rata bonus, and 6 months of executive outplacement services. In addition, the first installment of the initial one-time special equity award to Mr. Mangas (16,666 stock options and 6,666 shares of restricted stock), if not already vested, would vest. Any remaining unvested initial equity awards would be forfeited.

Change in Control Agreement. On July 2, 2010, subject to Board approval, the Company entered into a Change in Control Agreement with Mr. Mangas. If a change in control occurs and Mr. Mangas terminates employment within twenty-four months thereafter, the Company will pay Mr. Mangas: (1) a severance payment amounting to two times the sum of the annual base salary plus his target annual bonus for the year of termination; (2) a prorated bonus based on actual results achieved in the bonus plan year during which the termination occurs if a change in control termination occurs prior to the completion of a bonus plan year; (3) welfare benefit continuation for a period of two years; and (4) outplacement fees not to exceed \$30,000. In addition, any amounts paid under the Change in Control Agreement will be reduced to the maximum amount that can be paid without being subject to the excise tax imposed under Internal Revenue Code Section 280G, but only if the after-tax benefit of the reduced amount is higher than the after-tax benefit of the unreduced amount.

Additional Retention Compensation

Coincident to hiring Mr. Mangas, the responsibilities of Mr. Ready were expanded to include Floor Asia. In connection with these additional responsibilities, the following changes were made to Mr. Ready's compensation effective January 1, 2010: (i) annual base salary was increased from \$450,000 to \$500,000; (ii) annual target bonus under the Company's MAP was increased to 75% (from 70%) of his base salary; and (iii) equity target grant value under our LTIP was increased to 200% (from 180%) of his base salary. In addition, as retention compensation subject to Mr. Ready's continued employment, he is eligible to receive cash payments of \$1 million on January 1, 2012 and \$500,000 on January 1, 2013. Mr. Ready also received a time-based restricted stock award under the LTIP for 12,500 shares on January 8, 2010, for which the restrictions lapse on December 31, 2012. The Committee believed the changes to Mr. Ready's compensation and his retention compensation were appropriate given his extensive knowledge of the business and the continuity he provides to the organization during a period of management transition.

Mr. Ready's responsibilities were increased again in March 2010 to include Floor Europe. This change aligned our total global floor business under Mr. Ready's leadership. He did not receive any additional compensation as a result of this change.

Special Cash Dividend

On November 23, 2010, the Board declared a special cash dividend of \$13.74 per share to the Company's common shareholders (approximately \$800 million in the aggregate). The special cash dividend was paid on December 10, 2010 to shareholders of record as of December 3, 2010. It was funded in part by borrowings under the Company's credit arrangements and by cash on the Company's balance sheet.

Impact on Stock Options. The LTIP requires the Committee to make adjustments to participants' stock options when a dividend is paid. The Committee instructed management to adhere to the following requirements when making the adjustments:

The stock option holder should have the same value before and immediately after the dividend;

Adjustments to stock options must comply with Internal Revenue Code 409A regulations; and

The adjustments should not result in incremental accounting expense.

For purposes of complying with Internal Revenue Code 409A and FASB ASC 718 (formerly FAS 123R), management captured the New York Stock Exchange (NYSE) volume-weighted average stock price of \$52.86 on December 10, 2010, and the NYSE volume-weighted average stock price of \$40.59 on December 13, 2010 to reflect the fair market value of Armstrong common stock before and after the dividend. The exercise prices for all unvested stock options were lower than the NYSE volume-weighted average stock prices on December 10, 2010 and December 13, 2010 (in-the-money stock options). To avoid adverse tax consequences, management ensured the ratio of the exercise price to the stock price did not increase from December 10, 2010 to December 13, 2010, and the spread in value between December 10, 2010 and December 13, 2010 did not increase.

The impact of the stock option adjustments for the Named Executive Officers was as follows:

	4/1/2010	\$ 38.06	4,484	\$ 29.23	5,840

Impact on Unvested Restricted Stock / Units. Based on the terms and conditions of the individual long-term incentive (LTI) equity grants of restricted stock / units, participants received an amount equal to the dividend payment accrued in a non-interest bearing account. A cash payment for the accrued dividends will be made when restrictions lapse on the underlying grants.

Impact on Mr. Espe s Stock-Price Performance Restricted Stock Units. As discussed in the CEO Transition section of the Compensation Discussion and Analysis, Mr. Espe received performance restricted stock units with a grant date value of \$1.5 million, vesting 50% on December 31, 2012 and the remaining 50% on December 31, 2013, provided, that the specified stock price targets of \$55 per share on December 31, 2012 and \$70 per share on December 31, 2013 are achieved. The Board approved adjustments to Mr. Espe s stock price targets as a result of the special cash dividend. The per-share stock price targets of \$55 and \$70 were lowered by \$12.27 to \$42.73 and \$57.73, respectively. The change of \$12.27 per share reflects the decline in the NYSE volume-weighted stock price of \$52.86 on December 10, 2010 and \$40.59 on December 13, 2010.

Annual Compensation Benchmarking

Process Overview. Annually, the Committee reviews management s analysis of the executive officers base salary, target cash compensation (annual base salary plus target annual bonus) and target direct compensation (annual base salary plus target annual bonus and target long-term incentive award value). Management uses as a benchmark the median of the market (50th percentile) adjusted for company size based upon revenue. This benchmark is consistent with the Company s pay philosophy and is the same benchmark used for assessing the base salaries and total cash compensation for the salaried workforce, and total direct compensation for the management team.

The Committee considers a number of factors when determining the amount of compensation for an executive: the competitive labor market; an executive s prior year performance including the performance of the executive s business unit or functional area; and the executive s demonstrated leadership in the areas of safety, organization development, integrity, and diversity. Typically, the executive officers are paid between 100 and 130 percent of the benchmark except for recently-promoted executives who may be paid below 100 percent in recognition of lesser experience. The Committee believes this level of compensation is appropriate to competitively attract and retain the required level of global business knowledge and leadership required by our executive officers.

Table of Contents

The principal sources of market data include a compensation peer group for the CEO, and Hewitt Total Compensation Measurement and Towers Watson Executive Compensation Database for the remaining Named Executive Officers. The Committee also compares the executive officers compensation to like positions disclosed in the peer company disclosures where meaningful comparisons to similar positions are available.

The compensation peer group is comprised of 14 manufacturing companies in the building and construction industry. The Committee approved the peer group in July 2008. Previously, the peer group contained 15 companies but was reduced to 14 companies in 2010 as a result of the Stanley, Black and Decker merger. Armstrong's revenues approximate the median of the peer group companies. The majority of the peer companies fall within the generally accepted industry standard peer group criteria of revenue between 1/2 to 2 times Armstrong's revenues.

Named Executive Officers Benchmarking Results for 2010. For Messrs. Nickel and McNamara, management conducted a market analysis for the Committee's review in February 2010 as part of the annual compensation planning process. Messrs. Mangas and Ready were not included in this process for 2010 since their compensation was evaluated in January. Mr. Espe was not employed by the Company at the time the benchmarking was conducted. Sales revenue of \$3.0 billion (down from \$3.3 billion in 2009) was used when regressing the benchmark data from the Hewitt and Towers Watson databases. The market data was adjusted by 2% to reflect the passage of time from when the data was originally published in the prior year. This level of adjustment was consistent with compensation market surveys which estimated that companies would adjust salary structures by 2% on average.

The following table provides an overview of the analysis used by the Committee as input to determine appropriate changes to the annual base salaries for Messrs. Nickel and McNamara.

Named Executive Officers 2010 Base Salary Analysis

Named Executive Officer	Benchmark Base Salary Comparison			% Increase to Base Salary
	Base Salary	% Above or Below Market Median	Revised Base Salary	
Jeffrey. D. Nickel	\$ 325,500	10.9% (below market median)	\$ 356,000	9.4%
Stephan F. McNamara	\$ 215,000	12.4% (below market median)	\$ 230,000	7%

The Committee discussed each Named Executive Officer's individual performance and comparison to benchmark compensation. Performance discussions included a review of the individual's attainment of department objectives. The Committee also discussed each executive's demonstrated leadership and behaviors of our core values as described in the "The Process Overview" section.

The Committee determined that base salary increases were appropriate for Messrs. Nickel and McNamara given their individual performance and level of compensation in relationship to the benchmark. Effective April 1, 2010, Mr. Nickel's base salary increased 9.4% from \$325,500 to \$356,000. Mr. McNamara's base salary increased 7% from \$215,000 to \$230,000.

Table of Contents**Compensation Mix**

The Committee reviews the amount of at-risk compensation for each of our executive officers. This review is conducted as part of the annual compensation planning process. To focus our executives on delivering both short- and long-term results, a significant amount of their total direct compensation (comprised of base salary, annual bonus, and long-term incentive compensation) is dependent upon achieving specified results. Our executive officers earn more compensation when financial and individual results meet or exceed goals and less when goals are not met. The CEO's target direct compensation has a greater percentage of at-risk compensation than the other executive officers. The Committee believes this difference is reasonable given the CEO's scope of responsibility and accountability for operating and stock price performance.

The table below shows the current amount of incentive-based compensation for the executive officers. The amount of direct compensation at risk is calculated as follows:

Target Annual Bonus + Target Long-Term Incentive

Base Salary + Target Annual Bonus + Target Long-Term Incentive

The amount of at-risk compensation for our Named Executive Officers ranges from 80% to 49%.

Targeted Direct Compensation at Risk as of December 2010

Named Executive Officer	Direct Compensation at Risk	% at Risk From Target Annual Bonus	% at Risk From Target Long Term Incentive
Matthew J. Espe	80%	20%	60%
Thomas B. Mangas	73%	20%	53%
Frank J. Ready	73%	20%	53%
Jeffrey D. Nickel	63%	19%	44%
Stephen F. McNamara	49%	21%	28%

Annual Bonus

Armstrong's annual bonus plan is the MAP. The MAP applies to senior and middle managers (employees with annual base salaries of approximately \$120,000 and above) and rewards for achieving financial goals. A target bonus is established equal to a percentage of each participant's annual base salary. As a guide in setting the percentages, the Company considers the median bonus levels at comparable companies, adjusted for differences in company size. The target-setting process is explained in the Annual Compensation Benchmarking section of this Compensation Discussion and Analysis. The target bonus percentages for our executive officers range from 40% to 100% of annual base salary.

Named Executive Officers' Target Bonuses as of December 31, 2010

Named Executive Officer	Target Bonus %	Target Award Value
Matthew J. Espe	100%	\$ 980,000
Thomas B. Mangas	75%	\$ 375,000
Frank J. Ready	75%	\$ 375,000
Jeffrey D. Nickel	50%	\$ 178,000
Stephen F. McNamara	40%	\$ 92,000

Annually the Committee and management evaluate the appropriate financial measure(s) to use for compensating management's performance for attaining the goals established in our annual operating plan. For 2010, the Committee approved the use of operating income adjusted for working capital variances from plan (Operating Income) for the tenth consecutive year. The Committee determined that the use of Operating Income focused management on increasing profitable revenues and controlling expenses. The measure also provided the necessary continuity for the MAP participants to understand the bonus plan's financial targets, which was important given the CEO vacancy and limited tenure of several executive officers. The Committee established an Operating Income target of \$168 million. The target reflected the degree of difficulty built into the operating plan. When establishing the target, the Committee included a detailed review of the Company's recent performance, residential and commercial construction activity, key economic indicators, interest rates, peer companies' performance, and planned strategic initiatives. The operating plan was reviewed by the Board in conjunction with management.

After establishing the Operating Income target, the Committee discussed and approved the corporate consolidated and business units performance scales to be used for calculating participants' bonus payouts at the conclusion of the performance period. All executive officers were measured on the corporate consolidated Operating Income results. The following table shows the relationship between the financial achievement and payout percentages for participants measured on the corporate consolidated scale. In developing the payout schedule, the Committee considered the degree of difficulty associated with achieving the various performance levels and the percent of incremental operating income to be split between the employees and shareholders.

2010 MAP Payout Schedule

(Corporate Consolidated Scale)

	% Achievement of Financial Target	Maximum Payout as a % of Target Bonus	Expected Payout as a % of Target Bonus
Threshold Payout	69%	81%	61%
Target Payout	100%	125%	105%
Maximum Payout	129%	200%	200%

In accordance with Section 162(m) of the Internal Revenue Service Revenue Ruling 2008-13, the Committee approves the maximum and expected payout factors. At the conclusion of the performance period, the Committee may apply negative discretion based on an individual's performance, the Company's performance compared to competitors, external business conditions, and the achievement of strategic goals. Participants are told to plan on an expected payout since it typically corresponds to the actual achievement.

The Committee in conjunction with management and the Cook & Company compensation consultant reviewed and discussed several factors prior to approving the scale:

Employees are appropriately incentivized by earning more bonus as operating income increases;

An expected payout of 105% for earning the targeted Operating Income of \$168 million would be appropriate given the amount of difficulty built into the 2010 operating plan; and

Maximum payout is capped at 200% and is consistent with benchmark incentive plan designs.

The Committee also discussed and approved potential items to exclude from Operating Income when calculating the bonus payments. The items are excluded to avoid penalizing or rewarding executives for unusual events or one-time items, and to avoid giving executives an incentive to delay decisions necessary for the health of the business. The excluded items included:

Gains or losses on the sale of businesses or assets;

Significant restructuring and unusual one-time items;

Discontinued businesses;

Asset impairments; and

Changes in accounting practices.

2010 Bonus Results. After the conclusion of the bonus performance period, December 31, 2010, the Committee reviewed and discussed the attained results and applicable bonus payouts. The participants' bonuses were determined by comparing the actual Operating Income results with the financial targets established at the beginning of the year.

The Company earned \$194.2 million of Operating Income. This result was based on achieving \$188.2 million of adjusted operating income plus a \$6 million adjustment for working capital variances from plan. The working capital adjustment was attributed to better inventory management and improved accounts payable performance. The Operating Income achievement represented 116% of the established Operating Income target of \$168 million. Based on the Committee-approved performance scale, the achieved Operating Income resulted in an expected payout of 164% of target bonus for participants measured on corporate consolidated results. This level of achievement was driven primarily by strong cost control and efficiencies in manufacturing, sales and general administrative expenses (SG&A), as well as improved product mix and price realization.

The Committee, with input from Mr. Espe, discussed the overall Company performance and individual performance of each executive officer excluding Mr. Espe, when determining the 2010 bonus payments. The Committee approved the following payouts:

2010 MAP Payments Named Executive Officers

Named Executive Officer	Maximum Payout ⁽¹⁾	Expected Payout ⁽¹⁾	Approved Payout
Thomas. B. Mangas ⁽²⁾⁽³⁾	\$ 632,500	\$ 563,700	\$ 591,900
Frank. J. Ready	\$ 690,000	\$ 615,000	\$ 615,000
Jeffrey D. Nickel	\$ 320,500	\$ 285,700	\$ 285,700
Stephen F. McNamara ⁽⁴⁾	\$ 166,500	\$ 148,400	\$ 163,200

⁽¹⁾ Maximum and expected payouts are described earlier in the Annual Bonus section.

⁽²⁾ Approved payout was approximately 5% greater than the expected payout due mainly to his leadership in the Company's capital restructuring. The approved payout did not exceed the maximum amount permitted in accordance with Section 162(m) of the Internal Revenue Service Revenue Ruling 2008-13.

⁽³⁾ Expected payout was prorated to reflect partial year service based on a February 1, 2010 employment date.

⁽⁴⁾ Approved bonus was approximately 10% greater than the expected payout based on his leadership in restructuring the finance function to improve operational efficiencies and reduce costs. The approved payout did not exceed the maximum payout permitted in accordance with Section 162(m) of the Internal Revenue Service Revenue Ruling 2008-13.

For Mr. Espe, the Committee recommended and the Board approved a bonus payout of \$681,800 which was based upon the corporate consolidated results of 164% target achievement and prorated based on Mr. Espe's service during 2010. Mr. Espe was not present for any discussions related to his compensation.

Long Term Incentive

Equity-based long-term incentive awards link management compensation to shareholder returns and thereby focus management on the long-term performance of the Company. These awards are made under the Company's 2006 Long Term Incentive Plan (LTIP). Awards vest over a multi-year period which provides an incentive for executives to stay with the Company. The awards link participants' earned compensation to the Company's operating and stock price performance.

Table of Contents

When an executive is hired, an annual target grant value is established. The value is stated as a percentage of the executive's annual base salary. For the executive officers, this percentage ranges from 55% of base salary to 306%. As a guide in determining the percentages, the Company considers the median of the long-term incentive percentages for comparable jobs at comparable companies, adjusted for differences in company size. The target-setting process is explained in more detail in the Compensation Benchmarking section of this Compensation Discussion and Analysis. An executive's target percentage changes only in the event of promotion, or a change in the competitive guidelines or job responsibilities. The Committee may adjust actual grants based on individual potential and performance. This practice allows for the recognition of an executive's strong performance and impact on the organization.

The following table provides the long-term incentive target award as a percentage of base salary, and total target award value for the Named Executive Officers as of December 31, 2010.

Named Executive Officers Target Long-Term Incentive Awards As of December 31, 2010

Named Executive Officer	Target Award %	Target Award Value
Matthew J. Espe ⁽¹⁾	306%	\$ 3,000,000
Thomas B. Mangas ⁽²⁾	200%	\$ 1,000,000
Frank J. Ready ⁽³⁾	200%	\$ 1,000,000
Jeffrey D. Nickel	120%	\$ 472,200
Stephen F. McNamara	55%	\$ 126,500

(1) Amounts represent Mr. Espe's intended long-term incentive opportunity since he did not participate in the annual 2010 grant.

(2) Amounts do not include Mr. Mangas' initial new hire equity grant.

(3) Amounts do not include Mr. Ready's additional retention grants.

The Committee approved a 2010 long-term incentive grant designed to provide retentive value and meaningful incentive for the participants to strive for a challenging target. The retentive value of the award was a key element in the design of the 2010 grant since all participants' unvested stock options and restricted stock awards vested as a result of the transactions consummated by Armor TPG and the Trust in August 2009.

The grant was effective on April 1, 2010 and it was the first year since our emergence from bankruptcy in 2006 that the Committee determined to grant performance-restricted equity to all participants in the plan. The grants for Messrs. Ready, Nickel, and McNamara were comprised of 60% stock options and 40% performance restricted shares. As part of his new hire compensation, Mr. Mangas had the choice of award vehicles for his 2010 grant. He chose to receive 100% of his grant in stock options. Mr. Espe did not participate in the grant since he was not employed by the Company on the grant's effective date.

The number of target performance restricted stock awards was determined using \$38.06, the NYSE closing price of Armstrong stock on April 1, 2010. The number of stock options was determined using a Black-Scholes value of \$15.83. The assumptions used to determine the valuation of our option awards are set forth in Note 24 Stock-Based Compensation Plans in the Notes to Consolidated Financial Statements for the year ended December 31, 2010, as filed as part of the Company's Annual Report on Form 10-K.

Table of Contents

The Committee also established a payout scale for the performance-restricted stock using a one-year performance period with a two-year service vesting requirement, for a total three-year restriction period. The Committee believed a one-year performance period was appropriate given the uncertainty of the global business environment and its impact on establishing a multi-year performance target. The Committee established the three-year restriction period to gain retentive value from the grant. The performance target was established using the 2010 targeted Operating Income of \$168 million. The Committee determined that the use of Operating Income focused management on increasing revenues and controlling expenses and provided the necessary continuity for the LTIP participants to understand the financial targets, which was important given the CEO vacancy and limited tenure of several executive officers. The maximum payout was capped at 105% of the number of performance restricted shares granted for achieving targeted operating income of \$168 million. Threshold payout was established at 40% for achieving 70% of the operating income target. The Committee believed this performance scale provided meaningful incentive to strive for a challenging target while preserving the plan's share usage. Despite limited upside beyond the established operating income target, the executives would potentially gain additional value through stock appreciation.

2010 Performance-Restricted Equity Results. After the conclusion of the long-term incentive performance period, December 31, 2010, the Committee reviewed and discussed the attained results and the amount of earned performance-restricted shares. The participants' earned shares were determined by comparing the actual Operating Income result with the financial targets established at the beginning of the year.

The Company earned \$194.2 million of Operating Income which resulted in the participants' earning 105% of the original number of performance restricted shares. This level of achievement was driven primarily by strong cost control and efficiencies in manufacturing, sales and general administrative expenses (SG&A), as well as improved product mix and price realization. Additional details on the calculation of the earned Operating Income are included in the Annual Bonus section of this Compensation Discussion and Analysis.

Stock Ownership Guidelines

The Committee instituted stock ownership guidelines for our executive officers effective August 5, 2010 to align the interests of the shareholders and management. The Committee discussed the market prevalence of ownership guidelines and determined that new senior leadership and an explicit strategy to more aggressively grow shareholder value provided the momentum for the ownership requirements.

Ownership requirements are reviewed annually as part of the compensation planning process. The stock ownership requirements for our executive officers are calculated as a fixed number of shares using a required ownership multiple, the executive's annualized base salary as of a certain date, and the stock price as of a fixed date. The required ownership multiple for our CEO is five times annual base pay and is three times annual base pay for the other executive officers. Stock ownership requirements must be met by each executive within five years from the executive's date of hire or, for current executives, from the date of adoption of the ownership guidelines.

Shares may be counted toward the policy's ownership requirements whether held directly by the executive or owned jointly with a partner provided that shares are vested, and for stock options, the value must exceed the exercise price (in-the-money options). We include unexercised stock options in the calculation.

The Committee last reviewed the executive officers' progress toward meeting the ownership requirements in February 2011. As of the date of this proxy statement, Messrs. Ready and McNamara have met their requirements. The remaining executive officers have not yet met their ownership requirements due to their limited tenure, but are projected to reach the required level within the permitted five-year period assuming conservative growth in stock value.

Recoupment Policy

In order to further align management's interests with the interests of shareholders and support good governance practices, we expanded our recoupment policy applicable to short- and long-term incentive awards. In the event we are required to prepare an accounting restatement due to a material noncompliance with any financial reporting requirement under the security laws, as a result of fraud, misconduct, or gross negligence, our company may exercise its discretion and take action to recoup the amount of the award, including stock-based awards, which exceeded the payment that would have been made based on the restated financial results.

Prohibition on Derivative Trading

All members of senior management, including the Company's Named Executive Officers and certain other employees, and directors, are required to clear any transaction involving company stock with the Senior Vice President, Secretary, and General Counsel or his or her designee prior to entering into such transaction.

Our company prohibits derivative transactions in our Company stock, including:

Trading in any puts, calls, covered calls or other derivative products involving Company securities;

Engaging in any hedging or monetization transaction with respect to Company securities; or

Holding company securities in a margin account or pledging Company securities as collateral for a loan.

Beginning in 2011, we permitted senior management to utilize a stock trading plan that complies with Rule 10b5-1 of the Securities Exchange Act of 1934. All such plans are subject to Company pre-approval and the ability to enter into such plans remains subject to the prohibitions on trading while in possession of material non-public information.

Employee Benefits

To attract and retain talented employees, Armstrong offers a comprehensive package of health, welfare and retirement benefits that are competitive with those offered by other large employers. The benefit plans for senior managers are generally the same as those provided to other salaried employees with three exceptions:

Executives pay approximately 40% more in health care premiums than those paid by most salaried employees with comparable coverage;

Executives are eligible to receive enhanced company-paid long-term disability benefits; and

Executives are eligible for non-qualified retirement benefits.

Salaried employees who were hired before January 1, 2005, and who had a specific combination of age and service, are eligible to participate in the Company's qualified defined benefit pension plan, the Retirement Income Plan ("RIP"). The Company also established a nonqualified pension plan, the Retirement Benefit Equity Plan ("RBEP"), to pay any benefit that cannot be paid under the RIP due to statutory limits. Mr. Ready met the qualifications to remain in the RIP and RBEP plans. The 401(k) match for employees who were hired before January 1, 2005 provides a 50% company-match on the first 6% of employee contributions up to a maximum company match of \$8,250 for 2010.

Mr. Ready also participated in a split dollar life insurance policy entered into in 1997. Armstrong ceased paying the premiums on the policy for Mr. Ready in 2006. Armstrong retains a collateral interest in the policy's cash value equal to the premiums paid by the Company. Upon Mr. Ready's 62nd birthday, Armstrong will receive the money it paid in premiums for the policy.

Although hired prior to January 1, 2005, Mr. McNamara is no longer eligible to participate in the RIP and RBEP since he did not have the required combination of age and service when the RIP eligibility was changed. Instead, he is eligible to participate in a 401(k) savings plan which provides a 100% company match on the first 4% of employee contributions, and a 50% match on the next 4% of employee contributions up to a maximum company match of \$16,500 for 2010. Messrs. Espe and Mangas are also eligible to participate in this plan.

An unfunded, nonqualified deferred compensation plan, the Armstrong Nonqualified Deferred Compensation Plan ("NQDCP"), was established for managers ineligible to participate in the Retirement Income Plan, allowing a deferral of up to an additional 8% of earnings exceeding

Edgar Filing: ARMSTRONG WORLD INDUSTRIES INC - Form DEF 14A

\$206,250 in 2010 (based on the Internal Revenue Code 402(g) elective deferral limit in effect for the plan year). Messrs. Espe, Mangas and McNamara are eligible to participate in this plan.

Perquisites

We provide two executive perquisites: a company-paid yearly physical examination and an annual reimbursement of up to \$4,500 for personal financial planning and tax preparation services. The Committee provides these benefits to our Named Executive Officers to ensure each person has the opportunity to assess their physical and financial well-being. Perquisites values are not considered for purposes of determining any annual or long-term incentive award or benefit coverage.

Table of Contents

All perquisites related to the personal use of corporate aircraft and the excise tax gross-up for personal use of the corporate aircraft were eliminated in 2010 coincident to the CEO transition. The Company no longer owns corporate aircraft.

Change in Control Agreements

The Committee provides individual CIC Agreements to the Named Executive Officers to provide a competitive level of financial security in the event of a CIC. Beginning in 2009, the Committee engaged Cook & Company to evaluate competitive market practices for CIC benefits in preparation for the expiration of existing CIC Agreements scheduled for October 2009. However, prior to the expiration of the CIC agreements, effective August 28, 2009, a CIC occurred under the terms of the CIC agreements for Messrs. Lockhart, Ready and Rodruan by reason of the transaction consummated by Armor TPG and the Trust. Mr. Lockhart received CIC payments upon his termination (see CEO Transition section in the Compensation Discussion and Analysis for additional details). For either Messrs. Ready or Rodruan, an involuntary termination without cause or a termination for good reason would trigger CIC payments under their individual agreements. Their CIC agreements will continue in effect until September 1, 2012. Details of their individual CIC benefits are provided in the Potential Payments Upon Termination or Change in Control table of the Compensation Discussion and Analysis.

In anticipation of hiring future executives, the Committee continued to review and assess the analysis provided by Cook & Company, with the primary goal to align potential new CIC agreements with competitive best practices. The Committee determined new CIC agreements would include the following key changes:

Overview of New CIC Agreements Key Provisions

Term	New CIC Agreements Provisions	Original CIC Agreements Provisions
Term of Agreement	Fixed 1-year term that automatically renews for an additional year unless notice within 90 days prior to the anniversary of intent not to renew; term automatically continues for 2 years if the CIC occurs during term	Fixed 1-year term that automatically continues for 3 years if CIC occurs during term
Severance Benefits	2.5 times base salary plus target bonus for Mr. Espe, 2.0 base salary plus target bonus for Mr. Mangas, and 1.5 base salary plus target bonus for Mr. McNamara	3.0 times base salary plus best bonus out of prior 3 years or current year's target bonus for former CEO and Mr. Ready; 2.0 times base salary plus best bonus out of prior 3 years or the current year's target bonus for all others
Prorata Bonus	Based on actual results achieved in the bonus plan year during which the termination occurs if a change in control termination occurs prior to the completion of a bonus plan year	Based on target bonus provided a minimum performance threshold is met
Accelerated Equity Vesting	Use double-trigger accelerated vesting (requires a CIC and termination of employment) for stock options and restricted stock to vest if assumed by the acquirer; cash-out equity if not assumed by the acquirer	Use single-trigger accelerated vesting (only requires a CIC) for stock options and restricted stock to vest
280G Taxation	Any amounts paid under the Change in Control Agreement will be reduced to the maximum amount that can be paid without being subject to the excise tax imposed under Internal Revenue Code Section 280G, but only if the after-tax benefit of the reduced amount is higher than the after-tax benefit of the unreduced amount	Full Excise Tax Gross-up

Table of Contents

In addition to the changes in key provisions, the Committee also tightened the conditions by which a change-in-control would be triggered to be more restrictive and to better align with the Company's current ownership structure.

The Company entered into five new CIC Agreements in 2010 including Messrs. Espe, Mangas, Nickel, and McNamara. The details of Mr. Espe's and Mr. Mangas' CIC agreements are discussed under the CEO Transition and CFO Transition sections of the Compensation Discussion and Analysis, respectively.

Overview of Mr. McNamara's Change in Control Agreement. On August 6, 2010, subject to Board approval, the Company entered into a Change in Control Agreement with Mr. McNamara. If a change in control occurs and Mr. McNamara terminates employment within twenty-four months thereafter, the Company will pay Mr. McNamara: (1) a severance payment amounting to one and one-half times the sum of the annual base salary plus his target annual bonus for the year of termination; (2) a prorated bonus based on actual results achieved in the bonus plan year during which the termination occurs if a change in control termination occurs prior to the completion of a bonus plan year; (3) welfare benefit continuation for a period of eighteen months; and (4) outplacement fees not to exceed \$30,000. In addition, any amounts paid under the Change in Control Agreement will be reduced to the maximum amount that can be paid without being subject to the excise tax imposed under Internal Revenue Code Section 280G, but only if the after-tax benefit of the reduced amount is higher than the after-tax benefit of the unreduced amount.

Tax Deductibility of Compensation

Armstrong's annual and long-term incentive plans are designed to qualify cash and certain stock incentives as performance-based compensation under Section 162(m) of the Internal Revenue Code (IRC). This compensation includes the MAP, performance restricted shares, and stock option grants where the payment or award provisions comply with the IRC requirements.

Table of Contents**SUMMARY COMPENSATION TABLE**

The table below summarizes the total compensation reported for each of the Named Executive Officers for the fiscal year ended December 31, 2010. The table also sets forth the information regarding the fiscal 2009 and 2008 compensation for Messrs. Lockhart and Ready because they were Named Executive Officers in those fiscal years. 2009 was the first year Messrs. Rodruan, Nickel and McNamara met the criteria for inclusion in the Summary Compensation Table. Mr. Rodruan had previously been included as a Named Executive Officer. However, the previous years in which he was included pre-date the years reflected in the table. In 2010, Messrs. Espe and Mangas were hired and met the criteria for inclusion in the Summary Compensation Table.

(1) The amounts disclosed for Mr. Espe were a replacement cash bonus that vested on November 1st in the amount of \$3,452,000 and a guaranteed bonus in the amount of \$415,758. The amount disclosed for Mr. Mangas was a signing-bonus paid upon hire.

(2) The amounts reflect the aggregate grant date fair value of stock and option awards granted in the fiscal year, computed in accordance with FASB ASC Topic 718, rather than the dollar amount recognized for financial statement purposes for the fiscal year. The assumptions used to determine the valuation of our option awards are set forth in Note 24 Stock-Based Compensation Plans in the Notes to Consolidated Financial Statements.

- (3) The 2010 amounts disclosed are the awards under the MAP. As specified under the MAP, award amounts are subject to a mandatory reduction of up to \$20,000 to the extent a corresponding contribution can be made to the Bonus Replacement Retirement Plan which is a qualified, tax-deferred profit sharing plan. For 2010, \$20,000 reductions were made for each of Messrs. Ready and Rodruan. A \$15,000 reduction was made for Mr. McNamara. The MAP payments were approved by the Management Development and Compensation Committee at its February 25, 2011 meeting.
- (4) The amounts in this column show the change in pension value under the Retirement Income Plan and the Retirement Benefit Equity Plan. Messrs. Nickel s and McNamara s pension benefits were frozen on February 28, 2006 because they did not have the requisite 60 points of age and service to continue accruing pension benefits under the plan. Messrs. Nickel s and McNamara s pension benefits will not change due to additional service or pay; however, the present value will go up or down depending on the discount rate and mortality assumptions. Additional information regarding these plans follows the Pension Benefits table. Additional information regarding deferred compensation follows the Nonqualified Deferred Compensation table.

(1) The amounts shown represent the 2010 participation by the Named Executive Officers in the MAP. The actual payouts approved by the Committee on February 25, 2011 are included in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table. Messrs. Espe and Mangas' MAP target was prorated for 2010 based on hire date with the Company. Mr. Espe had a guaranteed minimum bonus for 2010 in the amount of \$415,758, based on actual results of the Company he earned an additional \$266,042 under MAP.

(2) Mr. Espe was granted 29,303 restricted stock units upon hire. The units will vest in three equal installments at one, two and three years. In addition, Mr. Espe was awarded 226,391 nonqualified stock options with an exercise price of \$37.54. As required under the 2006 Long-Term Incentive Plan, the number of stock options was adjusted to 294,851 and the exercise price was adjusted to \$28.83, as a result of the special cash dividend of \$13.74 per Common Share paid on December 10, 2010. The stock options will vest in three equal installments at one, two and three years from the date of grant. Mr. Espe was granted 39,958 performance restricted stock units (PRSU) upon hire. The PRSU will vest as follows: (i) 50% of the PRSU (19,979 units) will vest on December 31, 2012 if the stock price target of \$42.73 has been achieved; (ii) 50% of the PRSU (19,979 units) will vest on December 31, 2013 if the stock price target of \$57.73 has been

Edgar Filing: ARMSTRONG WORLD INDUSTRIES INC - Form DEF 14A

achieved; and if the PRSU do not vest in accordance with clause (i) and / or clause (ii), the PRSU will vest when the applicable stock price target is achieved, but only if they are achieved no later than December 31, 2014.

- (3) Mr. Mangas received a one-time special grant upon hire. Mr. Mangas received 50,000 stock options and 20,000 shares of restricted stock. As required under the 2006 Long-Term Incentive Plan, the number of stock options was adjusted to 65,114 shares and the exercise price was adjusted to \$26.21, as a result of the special cash dividend of \$13.74 per Common Share paid on December 10, 2010. The stock options will vest and restrictions will lapse on the restricted stock in three equal installments at two, three and four years from the effective date of the grant.

Table of Contents

- (4) On April 1, 2010, the Committee authorized a grant of 40% performance restricted shares and 60% non-qualified stock options for the officers of the Company. The exercise price was \$38.06. The stock options vest and become exercisable in three installments at one, two and three years. The performance restricted shares have a one-year performance period followed by a two-year service vesting period for a total three-year restriction period. The performance shares are based on corporate operating income; the participants earn up to 105% of the performance restricted shares if the Company achieves 100% of the operating income goal. Any cash dividends declared will be accrued in a non-interest bearing account and paid when the restrictions on the underlying shares lapse. Per Mr. Mangas' offer letter, he was able to choose the mix of securities used to deliver his 2010 LTI grant. Mr. Mangas chose non-qualified stock options as the vehicle for his 2010 LTI grant. At the time of grant, Mr. Rodruan was not an elected officer of the Company, and therefore his LTI grant was in the form of 60% performance restricted units and 40% non-qualified stock options. As required under the 2006 Long-Term Incentive Plan, the number of stock options and the exercise price were adjusted, as a result of the special cash dividend of \$13.74 per Common Share paid on December 10, 2010.
- (5) The Committee awarded Mr. Ready with a one-time special restricted stock award on January 8, 2010. The award consisted of 12,500 time-based restricted shares. The restriction will lapse on December 31, 2012.
- (6) The assumptions used to calculate these values for the 2010 grants are set forth in Note 24 to the Company's Consolidated Financial Statements for the year ended December 31, 2010.

- (1) Under the terms of his Employment Agreement, Mr. Lockhart received two years of service credit for every one year of actual service toward the calculation of his pension benefits under the Retirement Benefit Equity Plan. The Board of Directors granted him five additional years of service credit in 2005.
- (2) Pension benefits for Messrs. Nickel and McNamara were frozen on February 28, 2006 because they did not have the requisite 60 points of age and service to continue accruing benefits under the Retirement Income Plan. Messrs. Nickel's and McNamara's pension benefit will not change due to additional service or pay; however, the present value will go up or down depending on the discount rate and mortality assumptions.
- (3) Mr. Lockhart retired effective February 28, 2010.

An unfunded, nonqualified defined benefit pension plan, the Retirement Benefit Equity Plan (RBEP), has been established to pay any benefit which cannot be paid under the qualified pension plan (RIP) by reason of Internal Revenue Code limitations. All pension benefits are paid by the Company. The pension plans were closed to new salaried participants effective January 1, 2005. Regular pension benefits for Messrs. Nickel and McNamara were frozen as of February 28, 2006. The changes in pension value for Messrs. Nickel and McNamara are based solely on their age and changes in assumptions. Benefits payable under the RIP and RBEP are based on a formula that yields an annual amount payable over the participant's lifetime beginning at the age where the participant qualifies for an unreduced life annuity benefit.

In addition, Messrs. Ready, Rodruan and McNamara may qualify for an additional annuity payment under the ESOP Pension Account (the EPA) to the extent such benefit can be paid under the qualified pension plan. The EPA was established in 2000 to restore a portion of the value lost by a broad group of employees who had purchased shares of Company stock and received Company contributions of additional shares which were intended to help fund the cost of their retiree health care coverage. The starting EPA balance was determined by multiplying the number of ESOP shares held by the participant by \$47.75 which was the guaranteed value of the original ESOP convertible preferred shares. The EPA is credited with interest annually using the November 30-year Treasury bond rate. Interest is credited up to the date the participant commences regular pension benefits under the RIP.

Participants in the defined benefit pension plan may retire as early as age 55 provided the participant is vested under the plan. Participants become vested after completing five years of continuous employment having worked at least 1,000 hours in each year. Normal retirement date is the first of the month nearest the participant's 65th birthday. Except as noted below, there is a reduction for early retirement for salaried participants who retire between the ages of 55 and 65. An employee who retires from active employment can receive an unreduced pension benefit commencing on the date of retirement if the employee's age (minimum age 55) and Total Service totals 90 points (the Rule of 90). The unreduced Rule of 90 benefit is limited to the employee's pension amount accrued to February 28, 2006. Employees receive credit for post-March 1, 2006 age and service for Rule of 90 eligibility. The Present Value of Accumulated Benefit shown for Messrs. Ready, Rodruan, McNamara and Nickel reflect the actuarial value of their respective Rule of 90 pension benefits.

The normal form of benefit payment is a monthly annuity. Except for payments having a lump sum present value of \$10,000 or less under the qualified plan, no lump sum payments are permitted. Various forms of annuity payments (including life, joint and survivor, period certain and level income options) are available under the pension plans. The annuity payments for these options are determined by actuarially adjusting the life annuity pension amount for the selected form of payment. The formula for the regular life annuity pension benefit for salaried employees under the RIP is based on the following factors:

the participant's Average Final Compensation (the AFC) which is the average of the three highest years of eligible compensation (base salary plus annual incentive) during the last ten years of employment;

the participant's number of years of Total Service (credited years of employment with the Company) used to calculate the pension amount; and

the participant's Adjusted Covered Compensation (the ACC), which is a percentage of the average Social Security tax base for the 35-year period ending with the year the participant will qualify for an unreduced Social Security pension benefit.

Table of Contents

The unreduced annual life annuity pension is the sum of the following four calculations, each of which may not be less than zero:

1. $AFC \times 0.009 \times \text{Total Service to a maximum of 35 years}$; plus

2. $(AFC - ACC) \times 0.005 \times \text{Total Service to 35 years}$; plus

3. $(AFC - 2 \times ACC) \times 0.0015 \times \text{Total Service to 35 years}$; plus

4. $AFC \times 0.012 \times \text{Total Service over 35 years}$.

To the extent the participant is eligible for an EPA pension benefit that can be paid from the qualified pension plan (RIP), all or the allowable portion of the calculated EPA annuity will be added to the regular pension amount. EPA annuity amounts that cannot be paid from the qualified plan are forfeited.

Special provisions apply if the qualified pension plan is terminated within five years following an Extraordinary Event, as this term is defined in the RIP. Upon the occurrence of such an event, plan liabilities would first be satisfied, and then remaining plan assets would be applied to increase retirement income to employees. The amount of the increase is based on the assumption that the employee would have continued employment with Armstrong until retirement. All of the Named Executive Officers would be entitled to this benefit under these circumstances.

The assumptions used to calculate the actuarial present values shown in the table above are as follows:

Discount rate used to value benefit obligations equals 5.1%;

RP2000CH Mortality Table projected to 2011;

EPA interest rate of 4.31%;

1994 GAR (RR 2001-62) Mortality Table for EPA annuity conversion; and

Retirement at age 65 or Rule of 90 eligibility as specified.

Armstrong maintains two nonqualified deferred compensation plans that apply to certain of the Company's Named Executive Officers. The Armstrong Deferred Compensation Plan, which was established in 1985, was closed to new deferrals of base salary and annual incentive compensation starting in 2001. The plan is partially funded with Company-owned life insurance policies held in a grantor trust. These policies were purchased by the Company prior to 1996. Mr. Ready is the only Named Executive Officer participant in this plan. Participants may transfer account balances between any of the plan's available investment options.

The normal form of payout is a 15-year annuity with monthly payments starting on a post-employment date selected by the participant (minimum age 55) but in no event commencing later than the participant's 65 birthday. Requests for single sum payments are subject to approval by the Company.

Table of Contents

If a participant resigns or is discharged for willful, deliberate or gross misconduct, the participant may be paid a single sum amount equal to 94% of the account balance (subject to Company approval) and would forfeit the remaining account balance. If a participant dies before commencing annuity payments, a survivor benefit will be paid to the participant's designated beneficiary (or estate) as a ten-year annuity. The present value of the survivor benefit is the greater of the participant's account balance or an amount equal to three times the participant's actual deferrals. If the participant dies after commencing annuity payments, the remaining payments will be made to the participant's designated beneficiary or estate.

As explained under the Pension Benefits section, the Company's defined benefit pension plans were closed to new salaried participants effective January 1, 2005 and existing salaried participants who did not meet the age and service requirements as of March 1, 2006. The Named Executive Officers who fall into this category are eligible to participate in a 401(k) savings plan with an enhanced Company match. Armstrong matches 100% on the first 4% of employee contributions and 50% on the next 4% of employee contributions in the enhanced plan. The Armstrong Nonqualified Deferred Compensation Plan was established to provide benefits similar to the 401(k) as it applies to eligible managers whose eligible earnings (base salary plus annual incentive) exceed 12.5 times the Internal Revenue Code 402(g) elective deferral limit in effect for the plan year. For 2010, the eligible earnings limit was \$206,250. A participant may elect to defer up to 8% of eligible base salary earnings and up to 8% of eligible annual incentive earnings. The Company matching contribution will be the same as that provided under the qualified 401(k) savings plan with the enhanced Company match. Messrs. Mangas, Nickel and McNamara are the only Named Executive Officers who participated in this unfunded, nonqualified plan. Participants may transfer account balances between any of the plan's available investment options listed below on a daily basis.

Except in the case of an unforeseeable emergency or having reached age 70, no in-service distributions are permitted. Participants can elect to receive plan benefits as a single lump sum or in 120 monthly installments commencing after the date of the participant's termination of employment. All elections must comply with the Internal Revenue Code requirements. If the total account value is less than \$10,000, the entire account balance will be paid as a single sum at the time of termination. In the event of a participant's death, any remaining payments shall be paid to the participant's designated beneficiary or estate.

The Company reserves the right to cause the participant to forfeit or require repayment of the Company match benefits where the participant is discharged for willful, deliberate or gross misconduct or where the participant has engaged in conduct that is injurious to the Company.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The tables below summarize the estimated value of the potential payments and benefits under the Company's plans and arrangements to which the Named Executive Officers would be entitled upon termination of employment under the circumstances indicated. Except for the continuation of health and welfare benefits and outplacement support, amounts would be paid as a lump sum at termination. The amounts shown assume that such termination was effective December 31, 2010.

Each of the Named Executive Officers who participate in the Company's Pension Benefits and / or Nonqualified Deferred Compensation plans are eligible for the benefits shown in the accompanying tables and related narrative disclosures.

Resignation or Involuntary Termination for Cause.

No incremental benefits are provided to any of the Named Executive Officers in the event of a voluntary resignation or an involuntary termination for Cause. Cause is defined as (i) the willful and continued failure by the executive to substantially perform the executive's duties after a written demand for substantial performance is delivered to the executive by the Board of Directors, or (ii) the willful engaging by the executive in conduct which is demonstrably and materially injurious to the Company, or (iii) the executive's conviction of any felony.

Involuntary Termination without Cause.

Effective August 28, 2009, a Change in Control (the "CIC") occurred under the terms of the CIC agreements for Messrs. Ready and Rodruan by reason of the transactions consummated by Armor TPG and the Trust. As a result, an involuntary termination without Cause or a termination for Good Reason effective December 31, 2010 involving Messrs. Ready or Rodruan would trigger the payment of the amounts shown in the Change in Control without Pension Enhancements column.

Severance benefits for executive participants provide two weeks of base salary severance per year of credited service with a minimum of eight weeks and a maximum of 52 weeks. The Severance Pay Committee reserves the right to depart from the severance pay schedule where factors justify an upward or downward adjustment in the level of benefits. In no event may the severance payment exceed two times the participant's annual compensation.

In the event of involuntary termination where severance applies, all salaried employees are eligible for continuation of health care and life insurance benefits at active employee premium contributions for a period of six months unless the employee is eligible for and elects retiree health care coverage. In addition, senior executives are eligible for twelve months of executive outplacement support provided by an outside service provider.

Pursuant to Mr. Espe's Employment Agreement, he will be entitled to the following severance pay and benefits, conditioned on the execution of a release and his compliance with certain restrictive covenants: (1) payment of 200% of his base salary, (2) welfare benefit continuation for 24 months, (3) a pro rata bonus and (4) accelerated vesting of the replacement restricted stock unit grant. Mr. Espe will be subject to a two-year non-compete and non-solicit following his termination of employment.

Mr. Mangas' offer letter stated the first tranche of his initial one-time special equity award would vest upon an involuntary termination (16,666 stock options and 6,666 shares of restricted stock). Any remaining unvested stock options or shares from the initial equity award would be forfeited. Health care and life insurance would continue at the active employee contribution levels for twelve months. Additionally, the Company would provide six months of executive outplacement services.

Termination for Good Reason.

Termination for Good Reason is defined in each executive's Individual Change in Control Agreement and includes any one of the following events:

- (i) the assignment to the executive of any duties inconsistent with the executive's status as an executive officer of the Company or a substantial adverse alteration in the nature or status of the executive's responsibilities;
- (ii) a reduction by the Company in the executive's annual base salary;
- (iii) failure by the Company to pay to the executive any portion of the executive's current compensation; or
- (iv) failure by the Company to continue in effect any compensation or benefit plan in which the executive participates immediately prior to a Change in Control which is material to the executive's total compensation unless an equitable arrangement has been made.

Change in Control.

The Company entered into five new Change in Control agreements in 2010 including Messrs. Espe, Mangas, Nickel and McNamara. The Change in Control agreements have a fixed one year term that automatically renews for an additional year unless notice within ninety days prior to the anniversary of intent not to renew. The agreements automatically continue for two years if a change in control occurs during the term. The Company had two prior CIC Agreements with Messrs. Ready and Rodruan. These agreements provide severance benefits in the event of a termination of employment following a CIC of Armstrong World Industries, Inc. The purpose of the agreements is to foster stability among this group of executives in the face of a possible CIC. Effective August 28, 2009, a Change in Control was deemed to have occurred under the terms of the CIC agreements for Messrs. Ready and Rodruan. For Messrs. Ready and Rodruan, their CIC agreements will continue in effect until September 1, 2012.

Severance benefits for Messrs. Espe, Mangas, Nickel and McNamara, which are payable in the event of the executive's termination following a CIC, include:

- (i) a lump sum cash severance payment equal to, the sum of the executive's annual base salary and target annual bonus for the year of termination, or if no target has been set as of the Date of Termination, the target bonus for the year immediately prior to the year in which the Date of Termination occurs times the applicable multiple, which is 250% for Mr. Espe, 200% for Messrs. Mangas and Nickel and 150% for Mr. McNamara;
- (ii) a lump sum payment of the portion of the executive's annual target bonus applicable to the year of termination calculated by multiplying the target bonus by the fraction obtained by dividing the number of full and partial months completed during such uncompleted performance award period by 12 multiplied by the applicable business unit achievement factor;
- (iii) continuation of life, disability, accident and health insurance benefits at active employee contributions for a number of months following termination, which shall be reduced to the extent comparable benefits are made available to the executive by a subsequent employer without cost. The number of months is 30 for Mr. Espe, 24 for Messrs. Mangas and Nickel and eighteen months for Mr. McNamara;
- (iv) eligibility for post-retirement health care and life insurance benefits had the executive terminated employment during the period of twenty-four months after the actual date of termination;

- (v) for Mr. Espe, payment for unused vacation which would have been earned had the executive continued employment through December 31 of the year of termination; for Messrs. Mangas, Nickel and McNamara, payment for unused but earned vacation through the date of termination;
- (vi) Company payment of reasonable fees for executive outplacement support for up to 30 months for Mr. Espe, and 24 months for Messrs. Mangas, Nickel and McNamara, where the cost shall not exceed \$30,000;

Table of Contents

- (vii) if the CIC payment would be subject to the Excise Tax imposed by Section 4999 of the Code, the amounts and benefits payable shall be reduced by an amount that would result in no Excise Tax being imposed, unless the amounts and benefits the executive would receive after such reduction would be greater than the amounts and benefits the executive would receive if there were no reduction and the Excise Tax were paid by the executive; and

- (viii) payment of legal fees incurred in connection with a good faith dispute involving the CIC agreement.

Under the terms of the CIC agreements, certain stock-based benefits are accelerated upon the occurrence of a CIC termination. Accelerated benefits include accelerated vesting of all unvested stock options and unvested restricted stock awards. In addition, all unearned performance restricted shares held by the executive would be deemed to have been earned to the target level under the stock plan and would become free of restrictions.

Under the old CIC Agreements for Messrs. Ready and Rodruan, CIC severance benefits are payable if the executive is involuntarily terminated or terminates employment for Good Reason within three years following a CIC.

Severance benefits for Messrs. Ready and Rodruan, which are payable in the event of the executive's termination following a CIC, include:

- (i) a lump sum cash severance payment equal to the sum of the executive's annual base salary and the higher of the executive's highest annual bonus earned in the three years prior to termination or prior to the CIC multiplied by three for Mr. Ready and two for Mr. Rodruan;
- (ii) a lump sum payment of the portion of the executive's annual target bonus applicable to the year of termination calculated by multiplying the target bonus by the fraction obtained by dividing the number of full and partial months completed contingent on the achievement of the pre-established performance goal as determined by the Management Development and Compensation Committee;
- (iii) three additional years of age and service credit for the purpose of calculating pension benefits where the incremental actuarial present value is paid as a lump sum cash payment;
- (iv) continuation of life, disability, accident and health insurance benefits at active employee contributions for three years following termination which shall be reduced to the extent comparable benefits are made available to the executive by a subsequent employer without cost;
- (v) eligibility for post-retirement health care and life insurance benefits had the executive terminated employment during the period of three years after the actual date of termination;
- (vi) payment for unused vacation which would have been earned had the executive continued employment through December 31 of the year of termination;
- (vii) Company payment of reasonable fees for executive outplacement support for up to three years where the cost shall not exceed 20% of the executive's annual base salary at the time of the CIC;
- (viii) full reimbursement for the payment of any applicable excise taxes including tax gross-up under Section 4999 of the Internal Revenue Code; and

Edgar Filing: ARMSTRONG WORLD INDUSTRIES INC - Form DEF 14A

(ix) payment of legal fees incurred in connection with a good faith dispute involving the CIC agreement.

Under the terms of the CIC agreements, certain stock-based benefits are accelerated upon the occurrence of a CIC. Accelerated benefits include accelerated vesting of all unvested stock options and unvested restricted stock awards. All unearned performance restricted shares held by the executive would be deemed to have been earned to the maximum extent permitted under the stock plan and would become free of restrictions.

The tables above refer to a Change in Control with and without Pension Enhancements. The Pension Enhancements relate to CIC benefits that were part of the Company's defined benefit pension plan prior to plan amendments that suspended these benefits effective March 1, 2004 to the extent legally permitted. The Pension Enhancements provided for five years of additional service for benefit determination, immediate payments with no actuarial reduction and a Social Security bridge payable to age 62 for employees who would be involuntarily terminated within two years following a CIC of the Company. Eligibility requirements were age 50 and either 10 years or 15 years of Company service depending on the enhancement.

Table of Contents

Notwithstanding the Company's amendments to freeze the accrued benefit enhancements under the qualified pension plan and eliminate past and future benefit enhancements under the nonqualified pension plan, the Company would be required to include such enhancements in the calculation of the CIC Lump Sum Retirement Payment for Messrs. Ready and Rodruan. This situation would occur (i) in the event of a business combination with an interested shareholder of the Company which has not been approved by a majority of disinterested directors or (ii) where a person or group acquires beneficial ownership of 28% or more of the outstanding Company Common Shares and within five years thereafter, disinterested directors no longer constitute a majority of the Board. The Board determined that this condition was not triggered on August 28, 2009 as a result of the transaction consummated by Armor TPG and the Trust.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2010, each member of the Management Development and Compensation Committee was an independent director, and none of them were Armstrong employees or officers or former employees or officers. During 2010, none of our executive officers served on the compensation committee (or its equivalent), or the board of directors of another entity, one of whose executive officers served on the Management Development and Compensation Committee or Board of Directors of the Company.

PROPOSAL 2

APPROVAL OF THE ARMSTRONG WORLD INDUSTRIES, INC.

2011 LONG-TERM INCENTIVE PLAN

Introduction

The Company's Board of Directors has approved the Armstrong World Industries, Inc. 2011 Long-Term Incentive Plan (the "LTIP"), which is an amendment and restatement of the Armstrong World Industries, Inc. 2006 Long-Term Incentive Plan (the "2006 Plan"), to be effective as of June 24, 2011, subject to shareholder approval. The LTIP has been amended to: (i) increase the number of shares authorized for issuance under the LTIP from 5,349,000 shares to 6,949,000 shares which includes all shares authorized for issuance under the LTIP since its inception in 2006; (ii) extend the expiration date of the LTIP to June 24, 2021; (iii) permit grants to non-employee directors, consultants and advisors under the LTIP; (iv) update the definition and consequences of a change in control; (v) eliminate immediate vesting of outstanding awards in the event of a change in control and instead provide for "double trigger" vesting in the event of a change in control; (vi) increase the maximum cash award payout that may be earned by a participant for each 12 months in a performance period to \$5,000,000; (vii) update the business criteria and conditions associated with performance-based awards; and (viii) in other respects update the LTIP to comply with current best practices and applicable law and regulations. The Board of Directors recommends approval of the LTIP by the Company's shareholders at the Meeting.

Shareholder approval is being sought: (i) so that the compensation attributable to awards under the LTIP may continue to qualify for an exemption from the \$1,000,000 deduction limit under section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") (see discussion of section 162(m) under "Federal Income Tax Consequences" below); (ii) in order for incentive stock options to meet the requirements of the Code; and (iii) in order to meet New York Stock Exchange listing requirements. If approved by the shareholders, the LTIP will become effective on June 24, 2011 and will apply to awards made after the restatement effective date. If the shareholders do not approve the LTIP, the 2006 Plan will continue in effect. The Board of Directors expects to continue to make grants under the 2008 Director's Stock Unit Plan (the "2008 Directors Plan").

The Board of Directors believes that the approval of the LTIP by the shareholders will further the Company's compensation structure and strategy. The Company's ability to attract, retain and motivate top quality employees, non-employee directors and consultants is material to the Company's success, and the Board of Directors has concluded that this would be enhanced by the Company's ability to grant awards under the LTIP. In addition, the Board of Directors believes that the interests of the Company and shareholders will be advanced if the Company can offer employees, non-employee directors and consultants the opportunity to acquire or increase their proprietary interests in the Company.

Table of Contents

The material terms of the LTIP are summarized below. A copy of the full text of the LTIP is attached to this Proxy Statement as Exhibit A. This summary of the LTIP is not intended to be a complete description of the LTIP and is qualified in its entirety by the actual text of the LTIP to which reference is made.

Material Features of the LTIP

General. The LTIP provides that awards may be granted in any of the following forms:

incentive stock options (ISOs);

nonqualified stock options;

stock appreciation rights (SARs);

stock units;

restricted stock awards; and

cash awards.

The LTIP originally authorized up to 5,349,000 shares of common stock for issuance, for which 2,001,535 securities remain available for future issuance. The LTIP authorizes an additional 1,600,000 shares of common stock for issuance, for a total of 6,949,000, which includes all shares that have been and may be issued under the LTIP since its inception in 2006. All share numbers are subject to adjustment as described below. With respect to awards made on or after June 24, 2011, the number of shares of common stock reserved for issuance under the LTIP shall be reduced on a one-for-one basis for each share of common stock issued with respect to a stock option or SAR under the LTIP and shall be reduced by a fixed ratio of 1.6 shares of common stock for each share of common stock issued with respect to a restricted stock award or stock unit under the LTIP.

If and to the extent stock options and SARs terminate, expire or are cancelled, forfeited, exchanged or surrendered without having been exercised, and if and to the extent that any restricted stock awards or stock units are forfeited or terminated, or otherwise not paid in full, the shares subject to such awards will become available again for purposes of the LTIP. If any shares of common stock are withheld or surrendered in payment of the exercise price of a stock option or withheld for purposes of satisfying the Company's tax withholding obligations with respect to stock options or SARs, such shares will not be available for re-issuance under the LTIP. Shares of common stock withheld for purposes of satisfying the Company's tax withholding obligations with respect to awards other than stock options or SARs shall be available for re-issuance under the LTIP. If SARs are awarded, the full number of shares subject to the SARs shall be considered awarded under the LTIP, without regard to the number of shares issued upon exercise of the SARs. To the extent any awards are paid in cash, and not in shares of common stock, any shares previously subject to such awards will not count against the share limits under the LTIP. These share counting rules will apply with respect to awards, exercises, forfeitures and other actions that occur on or after June 24, 2011. The ratios described in the preceding paragraph will be used for calculating the number of shares available for re-issuance under the LTIP. For the avoidance of doubt, if shares of common stock are repurchased on the open market with the proceeds of the exercise price of stock options, such shares may not again be made available for issuance under the LTIP.

The LTIP provides that the maximum aggregate number of shares of common stock with respect to which awards may be made to any individual under the LTIP during any calendar year is 750,000 shares, subject to adjustment as described below. In the event of the Company's acquisition of any company, outstanding equity grants with respect to stock of the acquired company may be assumed or replaced with awards under the LTIP. Outstanding awards that are assumed or replaced by awards under the LTIP in connection with an acquisition, referred to as Substitute Awards, will not reduce the LTIP's share reserve described above. The terms of any such Substitute Award will be determined by the Committee and may include exercise prices or base prices that are different from those otherwise described in the LTIP. If the Company assumes a shareholder approved equity plan from an acquired company, any shares of common stock available under the assumed plan (after

appropriate adjustments, as required to reflect the transaction) may be issued pursuant to awards under the LTIP and will not reduce the LTIP's share reserve as described above.

Table of Contents

Administration. The LTIP is administered and interpreted by the Management Development and Compensation Committee, or a subcommittee, (the Committee) appointed by the Board of Directors from among its members and shall be comprised, unless otherwise determined by the Board of Directors, of not less than two members who shall be (i) non-employee directors within the meaning of Rule 16b-3(b)(3) of the Securities Exchange Act of 1934, as amended (the Exchange Act), (ii) outside directors under Section 162(m) of the Code, and (iii) independent directors, as determined in accordance with the independence standards established by the stock exchange on which the Company's common stock is at the time primarily traded.

The Committee has the discretionary authority to make such determinations and interpretations and to take such action in connection with the LTIP and any awards granted under the LTIP as it deems necessary or advisable. The Committee may delegate to one or more of its members, to management or to one or more agents, such administrative duties as it may deem advisable; provided that such delegation does not adversely affect the exemption provided by Rule 16b-3 of the Exchange Act, does not prevent an award from qualifying as a performance-based award, if so intended, under Section 162(m) of the Code, and complies with applicable law and with applicable stock exchange requirements.

Eligibility for Participation. Participants may consist of the Company's officers and key employees and those of the Company's subsidiaries and affiliates, whom the Committee determines to be significantly responsible for the Company's success and future growth and profitability and whom the Committee may designate from time to time to receive awards under the LTIP. Non-employee members of the Board of Directors shall also be eligible to participate in the LTIP. Consultants and advisors who perform services for us or any of the Company's subsidiaries and affiliates (Consultants) shall be eligible to participate in the LTIP if the Consultants render bona fide services to us or the Company's subsidiaries and affiliates, the services are not in connection with the offer and sale of securities in a capital-raising transaction and the Consultants do not directly or indirectly promote or maintain a market for the Company's securities.

Types of Awards.

Stock Options. The Committee may award stock options that are intended to qualify as incentive stock options within the meaning of Section 422 of the Code (ISOs) or nonqualified stock options that are not intended to so qualify (NQSOs) or any combination of ISOs and NQSOs. Anyone eligible to participate in the LTIP may receive an award of NQSOs. Only employees of the Company and the Company's subsidiaries may receive an award of ISOs. The aggregate number of shares of common stock that may be subject to ISOs awarded under the LTIP shall be 3,601,535 of common stock, subject to adjustment as described below.

The Committee fixes the exercise price per share for stock options on the date of grant. The per share exercise price of any stock option awarded under the LTIP shall not be less than the fair market value of a share of common stock on the date of grant. If the recipient of an ISO is a participant who holds more than 10% of the total combined voting power of all classes of outstanding stock of the Company's company or a subsidiary, the exercise price per share of an ISO awarded to such person must be at least 110% of the fair market value of a share of common stock on the date of grant. To the extent that the aggregate fair market value of shares of common stock, determined on the date of grant, with respect to which ISOs become exercisable for the first time by a participant during any calendar year exceeds \$100,000, such ISOs will be treated as NQSOs for tax purposes.

The Committee determines the term of each stock option. The term may not exceed ten years from the date of grant and, if the recipient of an ISO is a participant who holds more than 10% of the combined voting power of all classes of outstanding stock of the Company's company or a subsidiary, the term for such ISO may not exceed five years from the date of grant. The Committee determines the vesting period and other terms of stock options. A participant may pay the exercise price and any withholding taxes upon exercise of a stock option: (i) in cash or by certified check; (ii) with the approval of the Committee, by withholding shares of common stock having a fair market value on the date of exercise equal to the exercise price; (iii) with the approval of the Committee, by delivering shares of common stock already owned by the participant and having a fair market value on the date of exercise equal to the exercise price or through attestation to ownership of such shares; (iv) by payment through a broker in accordance with procedures permitted by Regulation T of the Federal Reserve Board; or (v) by such other method as the Committee may approve, to the extent permitted by applicable law.

Table of Contents

SARs. The Committee may award SARs to anyone eligible to participate in the LTIP. SARs may be awarded in connection with, or independently of, any stock option awarded under the LTIP. Upon exercise of a SAR, the participant will receive an amount equal to the excess of (i) the fair market value of a specified number of shares of common stock on the date of exercise over (ii) the fair market value of such shares of common stock on the date the SAR is awarded, or other higher specified base amount, as determined by the Committee. The base amount shall not be less than the fair market value of the common stock subject to the SARs on the date of grant. Such payment to the participant will be in cash, in shares of common stock, or in a combination of cash and shares of common stock, as determined by the Committee. The Committee will determine the vesting period and other terms of SARs, including whether SARs will be awarded in connection with, or independently of, any stock options. The Committee determines the term of each SAR. The term of an SAR may not exceed ten years from the date of grant.

Restricted Stock Awards. The Committee may grant restricted stock awards to anyone eligible to participate in the LTIP. Restricted stock awards may be subject to such terms and conditions as the Committee deems appropriate. The Committee determines the number of shares of common stock subject to restricted stock awards as well as the other terms and conditions, including vesting, as the Committee determines appropriate.

If vesting of a restricted stock award is subject to performance conditions, the restricted stock award must have a minimum vesting period of not less than one year, and if vesting of the restricted stock award is not subject to performance conditions, the restricted stock award must vest over a period of not less than three years; provided that the award agreement may provide that (x) restricted stock awards may vest on an accelerated basis in the event of a participant's death, disability, retirement or involuntary termination without cause, or in the event of a change in control, and (y) up to five percent of the shares of common stock initially authorized for issuance under the LTIP, as amended and restated, may be awarded as restricted stock awards or stock units free of these limitations on vesting.

With respect to the shares of common stock subject to a restricted stock award, participants have all of the rights of a holder of shares of common stock, including the right to vote the shares. Dividends with respect to restricted stock may either be currently paid to the participant or withheld by the Company for the participant's account, and interest may be credited on cash dividends withheld, subject to such terms as determined by the Committee; provided that dividends with respect to performance-based restricted stock awards shall vest only to the extent that the underlying restricted stock award vests, as determined by the Committee.

Stock Units. The Committee may award stock units to anyone eligible to participate in the LTIP. Each stock unit provides the right to receive a payment in shares of common stock or in cash at such time as the award agreement shall specify.

The Committee determines the number of stock units that will be awarded, as well as the other terms and conditions applicable to the stock units, including vesting and whether the stock units shall have dividend equivalent rights. Any dividend equivalent right will vest and become payable at the same time as the underlying stock unit, unless the Committee determines otherwise; provided that any dividend equivalent right with respect to a performance-based stock unit will vest and be paid only if and to the extent the underlying stock unit vests and is paid as determined by the Committee.

If vesting of stock units is subject to performance conditions, the stock units must have a minimum vesting period of not less than one year, and if vesting of stock units is not subject to performance conditions, the stock units must vest over a period of not less than three years, provided that the award agreement may provide that (x) stock units may vest on an accelerated basis in the event of a participant's death, disability, retirement or involuntary termination without cause, or in the event of a change in control, and (y) up to five percent of the shares of common stock initially authorized for issuance under the LTIP, as amended and restated, may be awarded as stock units or restricted stock awards free of these limitations on vesting.

Stock units may be paid at the end of a specified period or deferred to a date authorized by the Committee. If a stock unit becomes distributable, it will be paid in cash, in shares of common stock, or in a combination of cash and shares of common stock, as determined by the Committee.

Cash Awards. The Committee may, in its discretion, grant awards to be settled solely in cash. Cash awards may be subject to such terms and conditions, including vesting, as the Committee deems appropriate. The maximum cash award payout that may be earned by a participant for each twelve months in a performance period is \$5,000,000.

Table of Contents

Performance-Based Awards. Awards granted under the LTIP may be granted in a manner such that the awards qualify as performance-based compensation under Section 162(m) of the Code (see Federal Income Tax Consequences below). As determined by the Committee, either the awarding or vesting of such performance-based awards may be based on the achievement of performance objectives that are based on one or more of the business criteria described below, with respect to the Company's performance and the performance of the Company's subsidiaries as a whole or the performance of one or more of the Company's business units.

The Committee will establish in writing: (i) the objective performance goals that must be met in order for the awards to vest or be payable; (ii) the period during which performance will be measured; (iii) the maximum amounts that may be paid if the performance goals are met; and (iv) any other conditions that the Committee deems appropriate and consistent with the LTIP and the requirements of Section 162(m) of the Code. Forfeiture of all or part of any such award will occur if the performance goals are not met, as determined by the Committee. The Committee will establish in writing the performance goals that must be met at or before the beginning of the performance period. The Committee may not increase the amount of compensation that is payable upon achievement of the designated performance goals, but the Committee may reduce the amount of compensation that is payable upon achievement of the designated performance goals.

The Committee will use objectively determinable performance goals based on one or more of the following business criteria, individually or in combination: (i) net earnings; (ii) earnings per share; (iii) sales; (iv) operating income; (v) earnings before interest and taxes (EBIT); (vi) earnings before interest, taxes, depreciation and amortization (EBITDA); (vii) cash flow; (viii) working capital targets; (ix) return on equity; (x) return on capital; (xi) market price per share; (xii) total return to shareholders; (xiii) price-earnings multiples; (xiv) revenue; (xv) number of days sales outstanding in accounts receivable; (xvi) productivity; (xvii) margin; (xviii) net capital employed; (xix) growth in assets; (xx) unit volume; (xxi) market share; (xxii) economic value; (xxiii) relative performance to a comparison group designated by the Committee based on any of the foregoing criteria; or (xxiv) strategic business criteria consisting of one or more objectives based on meeting specified revenue goals, market penetration goals, customer growth, geographic business expansion goals, cost targets or goals relating to acquisitions or divestitures.

Forfeiture of Benefits under the LTIP. Unless otherwise provided by the Committee, a participant will forfeit all awards which have not been settled under the LTIP (other than fully vested restricted stock awards) (i) if a participant's employment is terminated for willful, deliberate, or gross misconduct, as determined by the Committee, or (ii) if during the two year period following the participant's termination of employment, the participant directly or indirectly competes with the business of the Company as determined by the Committee. If the Committee determines that a participant has engaged in conduct described above in (i) or (ii), the Committee may in its discretion require the participant to return to the Company any common stock or cash received in settlement of any award granted under the LTIP. If any such common stock has been disposed of by the participant, the Company may require the participant to pay the economic value of the common stock as of the date of disposition. Unless the award agreement provides otherwise, the Committee must exercise the Company's right of forfeiture within 180 days after the discovery of the activities giving rise to the Company's right of forfeiture.

Adjustment Provisions. Awards under the LTIP and any agreements evidencing such awards, the maximum number of shares of common stock that may be issued under the LTIP, the maximum number of shares of common stock subject to ISOs, and the maximum number of shares of common stock with respect to which awards may be granted to any one person during any calendar year are subject to mandatory adjustment or substitution, as determined by the Committee in its sole discretion, as to the number, price or kind of a share of common stock or other consideration subject to such award or as otherwise determined by the Committee to be equitable (i) in the event of changes in the outstanding common stock or in the Company's capital structure by reason of stock or extraordinary cash dividends, stock splits, reverse stock splits, recapitalization, reorganizations, mergers, consolidations, combinations, exchanges, or other relevant changes in capitalization occurring after the date of grant of any such benefit, or (ii) in the event of any change in applicable laws or any change in circumstances which results in or would result in any substantial dilution or enlargement of the rights awarded to, or available for, participants, or which otherwise warrants equitable adjustment because it interferes with the intended operation of the LTIP.

Change in Control. The 2006 Plan provided for immediate vesting of outstanding awards in the event of a change in control. The amended LTIP provides double trigger vesting in the event of a change in control. The amended LTIP continues the provisions of the 2006 Plan for existing awards, unless the award agreement or other written agreement provides for other treatment upon a change in control or provides for a more restrictive definition of change in control than that of the 2006 Plan.

The following provisions apply in the event of a change in control with respect to awards granted after the date the LTIP is approved by the shareholders at the Meeting:

- (i) Unless the Committee determines otherwise, if there is a change in control, and if participants' awards granted under the LTIP remain outstanding after the change in control (or are assumed by, or converted to similar benefits with equivalent value as of the date of the change in control of the surviving corporation), and we or the Company's successor terminates a participant's employment without cause upon or within two years after the change in control, the participant's outstanding stock options and SARs shall be exercisable, any restrictions on restricted stock awards shall lapse and stock units or cash awards shall become payable as of the termination date. In that event, awards that are based on performance-based goals will vest and be payable at their target value unless the Committee determines otherwise;
- (ii) Unless the Committee determines otherwise, if there is a change in control and if participants' awards granted under the LTIP do not remain outstanding after the change in control (and are not assumed by, or converted to similar benefits with equivalent value as of the date of the change in control of the surviving corporation), then all outstanding stock options and SARs shall be exercisable, any restrictions on restricted stock awards shall lapse, and stock units and cash awards shall become payable as of the date of the change in control. In that event, awards that are based on performance goals will vest and be payable at their target value unless the Committee determines otherwise; and
- (iii) The Committee may establish such other terms and conditions relating to the effect of a change in control on outstanding awards. In the event of a change in control, the Committee may take any one or more of the following actions with respect to outstanding awards: (A) the Committee may determine that outstanding stock options and SARs shall be fully exercisable, restrictions on outstanding restricted stock awards shall lapse and stock units and cash awards shall become payable, (B) the Committee may require that participants surrender their outstanding stock options and SARs for cancellation in exchange for one or more payments by the Company, in cash, common stock or other property, in an amount equal to the amount, if any, by which the then fair market value of the shares of common stock subject to the stock options and SARs exceeds the exercise price or base amount, as applicable, on such terms as the Committee determines, (C) after giving participants an opportunity to exercise their outstanding stock options and SARs, the Committee may terminate unexercised stock options and SARs at such time as the Committee deems appropriate, (D) with respect to participants holding stock units or cash awards, the Committee may determine that such participants will receive one or more payments in settlement of such stock units or cash awards, in such amount and form and on such terms as may be determined by the Committee, or (E) the Committee may determine that awards that remain outstanding after the change in control will be converted to similar benefits of the surviving corporation.

The change in control definition under the LTIP has been updated from the definition used in the 2006 Plan and is summarized below.

With respect to awards granted under the LTIP after the date the LTIP is approved by the shareholders at the Meeting, a change in control will be deemed to have occurred if any of the following occur after the date of shareholder approval:

- (i) at any time (x) an individual or entity (excluding a permitted holder) becomes the beneficial owner of 30% or more of the voting power of the Company, and (y) no permitted holder beneficially owns, at such time, a greater percentage of the voting power of the Company than the person referred to in clause (x);

Table of Contents

(ii) during any 12 consecutive month period the following individuals cease for any reason (excluding certain circumstances) to constitute a majority of the Board of Directors: (A) individuals who were members of the Board of Directors at the beginning of such period, and (B) any new director whose election by the Board of Directors or nomination by shareholders was (x) approved by a majority of directors in office who were directors at the beginning of such period or whose election/nomination was previously approved under this clause (ii), or (y) approved in writing by Armor TPG Holdings, LLC (TPG) and/or the Armstrong World Industries, Inc. Asbestos Personal Injury Settlement Trust (the Trust), provided that the approving party beneficially owns at least 30% of the voting power of the Company, but excluding for purposes of (x) and (y) any such new director initially proposed for office in an actual or threatened election by or on behalf of any person other than the Board of Directors, TPG or the Trust;

(iii) the consummation of (A) a merger or consolidation involving the Company, (B) sale or disposition of all or substantially all of the assets of the Company, or (C) any other substantially similar transaction or series of related transactions involving the Company, but excluding a non-control acquisition or a spin-off;

(iv) the shareholders approve a plan of complete liquidation or dissolution of the Company.

The following transactions will not constitute a change in control under the LTIP:

(i) any individual or entity becomes a beneficial owner of at least 30% of the voting power of the Company as a result of a reduction in the number of outstanding common stock pursuant to a transaction approved by the Board of Directors, unless they, thereafter, become the beneficial owner of additional shares representing 1% or more of the voting power of the Company;

(ii) a majority of the Board of Directors determines that an individual or entity acquired beneficial ownership of 30% or more of the voting power of the Company inadvertently and the individual divests a sufficient amount so that the individual no longer beneficially owns 30% or more of the voting power of the Company;

(iii) any individual or entity becomes the beneficial owner of at least 30% of the voting power of the Company as a result of an issuance or sale of securities by the Company or any of its subsidiaries.

No Repricing of Options or SARs. The Committee may not reprice options or SARs, nor may the Board of Directors amend the LTIP to permit repricing of options or SARs, without shareholder approval. The term repricing refers to amendments designed to reduce the exercise price of outstanding stock options or the base amount of outstanding SARs or the cancellation of outstanding stock options or SARs in exchange for cash, other awards or stock options or SARs with an exercise price or base amount, as applicable, that is less than the exercise price or base amount, as applicable, of the original award. Adjustments to the exercise price or number of shares of common stock subject to an option or SAR to reflect the effects of a stock split or other corporate transaction will not constitute a repricing.

Clawback Policy. All awards made under the LTIP are subject to the applicable provisions of the Company's clawback or recoupment policies, share trading policies and other policies that may be implemented and approved by the Board of Directors, as such policy may be in effect from time to time.

Amendment and Termination of the LTIP. The Board of Directors may amend or terminate the LTIP at any time, subject to shareholder approval if such approval is required under the Code, applicable laws or stock exchange requirements. The LTIP will terminate on June 25, 2021, unless the LTIP is terminated earlier by the Board of Directors or is extended by the Board of Directors with the approval of the shareholders.

New LTIP Benefits and Participants. Awards to participants under the LTIP are indeterminable at this time because they are subject to the Committee's discretion. As a result, it is currently not possible to predict the number of shares of common stock that will be awarded or who will receive awards under the LTIP after the Meeting. Because the number of participants may change over time and because the selection of participants is discretionary, it is impossible to determine the number of persons who will be eligible for awards under the LTIP during its term. However, it is anticipated that approximately 250 individuals, including the Company's Chief Executive Officer, are eligible to receive awards under the LTIP.

The last sales price of the Company's common stock on April 11, 2011 was \$45.42 per share.

Federal Income Tax Consequences

The Federal income tax consequences arising with respect to awards under the LTIP will depend on the type of award. The following provides only a general description of the application of federal income tax laws to awards granted under the LTIP. This discussion is intended for the information of shareholders considering how to vote at the Meeting and not as tax guidance to participants in the LTIP, as the consequences may vary with the types of awards made, the identity of the recipients and the method of payment or settlement. The summary does not address the effects of other federal taxes or taxes imposed under state, local, or foreign tax laws.

From the recipients' standpoint, as a general rule, ordinary income will be recognized at the time of payment of cash, or delivery of actual shares of common stock. Future appreciation on shares of common stock held beyond the ordinary income recognition event will be taxable at capital gains rates (long-term or short-term depending on the holding period) when the shares of common stock are sold. As a general rule, the Company will be entitled to a tax deduction that corresponds in time and amount to the ordinary income recognized by the recipient, and the Company will not be entitled to any tax deduction in respect of capital gain income recognized by the recipient.

Exceptions to these general rules may arise under the following circumstances: (i) if shares of common stock, when delivered, are subject to a substantial risk of forfeiture by reason of failure to satisfy any employment or performance-related condition, ordinary income taxation and the Company's tax deduction will be delayed until the risk of forfeiture lapses (unless the recipient makes a special election to ignore the risk of forfeiture) under Section 83(b) of the Code; (ii) if an employee exercises a stock option that qualifies as an ISO, no ordinary income will be recognized, and the Company will not be entitled to any tax deduction, if shares of common stock acquired upon exercise of such ISO are held until the greater of one year from the date of exercise or two years from the date of grant; (iii) the Company will not be entitled to a tax deduction for compensation attributable to awards to the Company's Chief Executive Officer or any of the Company's three other most highly compensated officers at the end of the year (other than the Company's chief financial officer), if and to the extent such compensation does not qualify as performance-based compensation under Section 162(m) of the Code, and such compensation, along with any other non-performance-based compensation paid in the same year, exceeds \$1 million; and (iv) an award may be taxable to the recipient as ordinary income, with an additional 20% tax, at the time it becomes vested (even if the vesting date is prior to settlement of the award), if the award constitutes deferred compensation under section 409A of the Code, and the requirements of Section 409A of the Code are not satisfied.

Section 162(m) of the Code generally disallows a publicly held corporation's tax deduction for compensation paid to its most senior officers, as described above, in excess of \$1,000,000 in any year. Compensation that qualifies as performance-based compensation is excluded from the \$1,000,000 deduction cap, and therefore remains fully deductible by the corporation that pays it. Stock options and SARs are intended to meet the requirements of performance-based compensation. Other awards granted under the LTIP will only meet the requirements of performance-based compensation if the Committee conditions such awards on the achievement of specific objective performance goals in accordance with the requirements of Section 162(m) of the Code, as described under the section titled "Performance-Based Awards," above.

The Company has the right to require that participants pay to us an amount necessary to satisfy the Company's federal, state or local tax withholding obligations with respect to awards under the LTIP. The Company may withhold from amounts payable under the LTIP or other compensation an amount necessary to satisfy tax withholding obligations. The Committee may permit a participant to satisfy the withholding obligation by having shares withheld from payment of an award, provided that the number of shares withheld does not exceed the minimum applicable tax withholding for federal, state and local tax liabilities.

Vote Required for Approval

Approval of the LTIP requires the affirmative vote of the shareholders entitled to cast at least a majority of the votes present, either in person or by proxy at the meeting, and entitled to vote on this proposal. Any abstentions and broker non-votes will have the effect of votes against the proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR PROPOSAL 2.

PROPOSAL 3**APPROVAL OF THE TERMS OF THE ARMSTRONG WORLD INDUSTRIES, INC.****MANAGEMENT ACHIEVEMENT PLAN****Introduction**

The Company's Board of Directors has approved the amended and restated Armstrong World Industries, Inc. Management Achievement Plan (the "Amended MAP"), to be effective as of June 24, 2011, subject to shareholder approval. The Amended MAP has been amended to: (i) update the business criteria used for developing performance measures for awards under the Amended MAP; (ii) increase the maximum amount that may be earned by any participant in any one calendar year from \$3,000,000 to \$5,000,000; (iii) confirm that, unless provided otherwise, an employee must be employed on the payment date in order to receive the award; (iv) update the conditions associated with performance-based awards under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"); (v) update the Amended MAP's definition of a change in control to refer to the definition of a change in control in the Armstrong World Industries, Inc. 2011 Long-Term Incentive Plan; and (vi) update the Amended MAP to comply with current best practices and applicable law. The Board of Directors recommends approval of the Amended MAP by the Company's shareholders at the Meeting.

Shareholder approval is being sought so that the compensation attributable to awards under the Amended MAP may continue to qualify for an exemption from the \$1,000,000 deduction limit under Section 162(m) of the Code (see discussion of section 162(m) below). The Board of Directors recommends approval of the Amended MAP by the Company's shareholders at the Meeting. If the shareholders do not approve the Amended MAP, the current Armstrong World Industries, Inc. Management Achievement Plan will continue in effect.

Table of Contents

The Amended MAP is designed to promote the Company's financial success by recognizing the significant contributions key employees can make to the achievement of the Company's goals. The Board of Directors believes that the approval of the Amended MAP by the shareholders will further the Company's compensation structure and strategy. The Company's ability to attract, retain and motivate top quality employees is material to the Company's success, and the Board of Directors has concluded that this would be enhanced by the amendments to the Amended MAP.

Section 162(m) of the Code disallows federal income tax deductions for compensation of the Company's Chief Executive Officer and the Company's three other most highly compensated named executive officers employed at the end of the year (other than the Company's Chief Financial Officer) in excess of \$1,000,000 per year. Under that law, compensation that qualifies as performance-based compensation (Performance-Based Compensation) is not subject to the \$1,000,000 deduction limit. One of the conditions to qualify cash bonuses as Performance-Based Compensation is periodic shareholder approval of the performance criteria on which the bonuses are based, the employee eligibility standard and the maximum award size.

Shareholder approval of the Amended MAP is intended to permit us to continue to grant annual incentive awards that qualify as Performance-Based Compensation under Section 162(m) of the Code. It should be noted that awards that do not qualify as Performance-Based Compensation, and which therefore may not be a deductible compensation expense, may also be granted under the Amended MAP or outside of the Amended MAP. The Company believes this flexibility is an important element of the Company's executive compensation program.

The material terms of the Amended MAP are summarized below. A copy of the full text of the Amended MAP is attached to this Proxy Statement as Exhibit B. This summary of the Amended MAP is not intended to be a complete description of the Amended MAP and is qualified in its entirety by the actual text of the Amended MAP to which reference is made.

Material Features of the Amended MAP

Administration. The Amended MAP is administered and interpreted by the Management Development and Compensation Committee (the Committee) with the advice and counsel of the Company's Chief Executive Officer. The Committee is appointed by the Board of Directors from among its members and shall be comprised, unless otherwise determined by the Board of Directors, solely of not less than two members who shall be: (i) non-employee directors within the meaning of Rule 16b-3(b)(3) of the Securities Exchange Act of 1934, as amended; (ii) outside directors under Section 162(m) of the Code; and (iii) independent directors, as determined in accordance with the independence standards established by the stock exchange on which the Company's common stock is at the time primarily traded. The Committee establishes corporate and business unit performance goals and specific targets within those goals.

Eligibility to Receive Awards. Key employees whose duties and responsibilities give them the opportunity to make a continuing material and substantial impact on the achievement of the Company's goals are eligible to participate in the Amended MAP. The Chief Executive Officer annually selects the non-executive officer participants and makes recommendations to the Committee regarding executive officer participants. The Committee makes all decisions with respect to participants who are executive officers.

Incentive Awards. At the beginning of each year, the Company's Chief Executive Officer recommends criteria to the Committee to be used for evaluating performance against corporate and business unit goals for the purposes of determining the level of incentive awards which may be paid for the year based upon the actual results for the year. The Chief Executive Officer also recommends a target award expressed as a percentage of salary for each participant. The recommendations are subject to approval by the Committee.

After the close of each year, the Company's Chief Executive Officer will evaluate the levels of corporate and business unit achievement and individual performance. Based upon these factors, the Chief Executive Officer will recommend to the Committee the percentage of the target award to be paid to each participant. The Committee then determines the amounts to be paid to participants.

Table of Contents

The maximum bonus achievement percentage for corporate and business unit performance is 200% of the target award. Within parameters established by the Committee, the Chief Executive Officer may increase or decrease the award payments for non-executive officer participants based on the Company's evaluation of the participant's individual performance. Award payments for executive officer participants must be approved by the Committee. Award payments that are intended to qualify as Performance-Based Compensation under section 162(m) of the Code may not exceed the maximum amount determined based on achievement of the corporate and business unit results.

The performance measures for determining awards under the Amended MAP are based on the following business criteria and must be used with respect to all Performance-Based Compensation under the Amended MAP: (i) net earnings; (ii) earnings per share; (iii) sales; (iv) operating income; (v) earnings before interest and taxes (EBIT); (vi) earnings before interest, taxes, depreciation and amortization (EBITDA); (vii) cash flow; (viii) working capital targets; (ix) return on equity; (x) return on capital; (xi) market price per share; (xii) total return to shareholders; (xiii) price-earnings multiples; (xiv) revenue; (xv) number of days sales outstanding in accounts receivable; (xvi) productivity; (xvii) margin; (xviii) net capital employed; (xix) growth in assets; (xx) unit volume; (xxi) market share; (xxii) economic value; (xxiii) relative performance to a comparison group designated by the Committee based on any of the foregoing criteria; or (xxiv) strategic business criteria consisting of one or more objectives based on meeting specified revenue goals, market penetration goals, customer growth, geographic business expansion goals, cost targets or goals relating to acquisitions or divestitures. The Committee may use the performance measures listed above or other measures for awards that are not intended as Performance-Based Compensation.

The Amended MAP provides for the reduction of incentive awards for approximately fifty Amended MAP participants who are eligible to participate in the Bonus Replacement Retirement Plan of Armstrong World Industries, Inc.

Performance-Based Compensation under Section 162(m) of the Code. The Amended MAP allows the Committee to make awards in a manner such that the awards qualify as Performance-Based Compensation under Section 162(m) of the Code. With regard to Performance-Based Compensation, the Committee is required to establish in writing the objective performance goals applicable to a given year, and the individual employees to which such performance goals apply, no later than 90 days after the commencement of the applicable year.

Performance-Based Compensation is not payable for a given year until the Committee certifies in writing that the objective performance goals (and any other material terms) applicable to the award have been satisfied. With respect to Performance-Based Compensation, the Committee is prohibited from increasing the amount of compensation that is determined based on the attainment of the performance goals. To the extent applicable and unless the Committee determines otherwise, the determination of the achievement of performance goals is determined based on the relevant financial measure, computed in accordance with U.S. generally accepted accounting principles, and in a manner consistent with the methods used in the Company's audited financial statements. To the extent permitted by Section 162(m) of the Code, the Committee may provide for adjustment, as it deems appropriate, in the event of certain circumstances including changes in law or accounting principles, acquisitions, dispositions, or abandonment of businesses or assets. However, the Committee may reduce or eliminate the amount of an award, based on such terms and conditions as the Committee deems appropriate. The Committee may also provide that Performance-Based Compensation may be payable, in whole or in part, in the event of a participant's death or disability, a change in control or under other circumstances consistent with the requirements of Section 162(m) of the Code.

Time of Payment. Awards under the Amended MAP will be paid as soon as practicable after the yearly financial results have been determined, but in no event later than March 15 after the end of the year for which the award is earned.

Award Maximum. The maximum award amount that may be paid to any participant under the Amended MAP in any calendar year is \$5,000,000.

Condition of Award/Termination of Employment. An employee generally must be employed on the payment date for an award in order to be eligible to receive an award under the Amended MAP for the applicable year. Amended MAP participants who retire, become disabled, die or are involuntarily terminated for reasons other than cause on or after the last workday of March of the applicable year may be eligible for awards on a prorated basis based on the Company's evaluation of their individual performance and based on achievement of the corporate or business unit performance goals.

Table of Contents

Amendment and Termination. The Board may amend or terminate the Amended MAP so long as the action does not adversely affect any rights or obligations with respect to awards outstanding under the Amended MAP.

Change in Control Payments. In the event of a sale, merger or consolidation of the Company occurring prior to December 31 of any year, which results in a change in control of the Company, participants will be entitled to receive lump sum payments equal to their pro-rated target awards, unless the Committee provides otherwise. The payments will be made within 30 days following the date of the change in control. For this purpose, the term “change in control” shall have the meaning set forth in the Armstrong World Industries, Inc. 2011 Long-Term Incentive Plan as described in Proposal 2.

New Benefits and Participants. Awards to participants under the Amended MAP are indeterminable at this time because they are subject to the Committee’s discretion. As a result, it is currently not possible to predict the awards that will be granted or who will receive awards under the Amended MAP after the Meeting. Because the number of participants may change over time and because the selection of participants is discretionary, it is impossible to determine the number of persons who will be eligible for awards under the Amended MAP during its term. However, it is anticipated that approximately 250 individuals, including the Company’s Chief Executive Officer, may receive awards for 2011 under the Amended MAP.

Federal Tax Consequences

The following provides only a general description of the application of federal income tax laws to awards under the Amended MAP. This discussion is intended for the information of shareholders considering how to vote at the Meeting and not as tax guidance to participants in the Amended MAP, as the identity of participants and amounts of awards will vary. The summary does not address the effects of other federal taxes or taxes imposed under state, local, or foreign tax laws.

Any cash incentive award will be included in the participant’s income at the time of receipt and will be subject to tax at ordinary income rates. Any incentive awards that are properly deferred under any deferred compensation plan will be taxable when actually or constructively received.

As a general rule, the Company will be entitled to a tax deduction that corresponds in time and amount to the ordinary income recognized by the recipient, and the Company will not be entitled to any tax deduction in respect of capital gain income recognized by the recipient. Section 162(m) of the Code generally disallows a publicly held corporation’s tax deduction for compensation paid to its Chief Executive Officer or any of its three other most highly compensated officers at the end of the year (other than its Chief Financial Officer) in excess of \$1,000,000 in any year. Compensation that qualifies as Performance-Based Compensation under section 162(m) of the Code is excluded from the \$1,000,000 deduction cap, and therefore remains fully deductible by the corporation that pays it. The Company may make awards under the Amended MAP that qualify as Performance-Based Compensation and are exempt from the \$1,000,000 deduction limit.

Vote Required for Approval

Approval of the Amended MAP requires the affirmative vote of the shareholders present, in person or by proxy, entitled to cast at least a majority of the votes which all shareholders present are entitled to vote on the matter. Abstentions and broker non-votes will have the effect of a vote against this proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR PROPOSAL 3.

PROPOSAL 4

NON-BINDING VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION (SAY ON PAY)

The Company, pursuant to the requirements of the Exchange Act, is providing its shareholders with the opportunity to vote on an advisory (non-binding) resolution at this year’s Annual Meeting to approve the Company’s executive compensation as described in the Compensation Discussion and Analysis, the tabular disclosures of the named executive officers’ compensation (“Compensation Tables”), and other related information in this proxy statement. This proposal, commonly known as a “Say On Pay” proposal, gives shareholders the opportunity to endorse or not endorse the Company’s executive pay program. Because the shareholder vote is not binding, the outcome of the vote should not be construed as overruling any decision by the Company’s Board of Directors or Compensation Committee regarding executive compensation.

Table of Contents

As further described in the Compensation Discussion and Analysis section of this proxy statement starting on page 23, the Company's executive compensation philosophy and program are intended to achieve the following objectives: (i) attract and retain talented employees globally by offering competitive compensation packages; (ii) align the interests of management with shareholders by ensuring that management does well when shareholders do well; (iii) pay for performance by paying more when financial and individual results meet or exceed established goals and paying less when goals are not met; and (iv) motivate and retain management by tying a portion of compensation to the long-term performance of the Company. The Company's executive compensation program currently provides a mix of base salary, annual bonus, long-term equity based compensation, retirement plans, health plans and other benefits. The Company believes that its compensation program, policies and procedures are reasonable and appropriate and compare favorably with the compensation programs, policies and procedures of its peers.

The Board recommends that shareholders, in a non-binding proposal, vote **FOR** the following resolution:

RESOLVED, that the shareholders approve the Company's executive compensation, as disclosed in this Proxy Statement, including the Compensation Discussion and Analysis, the Compensation Tables and any related material contained in this Proxy Statement.

Approval of the non-binding resolution to approve the Company's executive compensation would require the affirmative vote of the shareholders present, in person or by proxy, entitled to cast at least a majority of the votes which all shareholders present are entitled to vote on the matter. Abstentions and broker non-votes will have the effect of a vote against the proposal.

The Say On Pay resolution is non-binding. The approval or disapproval of this proposal by shareholders will not require the Board or the Management Development and Compensation Committee (the Compensation Committee) to take any action regarding the Company's executive compensation practices. The final decision on the compensation and benefits of the Company's executive officers and on whether, and if so, how, to address shareholder disapproval remains with the Board and the Compensation Committee.

The Board believes that the Compensation Committee is in the best position to consider the extensive information and factors necessary to make independent, objective, and competitive compensation recommendations and decisions that are in the best interest of the Company and its shareholders.

The Board values the opinions of the Company's shareholders as expressed through their votes and other communications. Although the resolution is non-binding, the Board will carefully consider the outcome of the advisory vote on executive compensation and those opinions when making future compensation decisions.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR THE NON-BINDING RESOLUTION TO APPROVE THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS.

PROPOSAL 5

NON-BINDING VOTE ON THE FREQUENCY FOR SHAREHOLDER VOTE

ON SAY ON PAY OF ONE, TWO OR THREE YEAR INTERVALS (SAY WHEN ON PAY)

Pursuant to the requirements of the Exchange Act, at least once every six years, the Company is required to present to shareholders a non-binding vote on whether the Company will present a Say On Pay proposal to shareholders every one, two, or three years.

Table of Contents

Our executive compensation program is designed to support long-term value creation, and a triennial vote will allow shareholders to better judge our executive compensation program in relation to our long-term performance. As described in the Compensation Discussion and Analysis section, starting on page 23; one of the core principles of our executive compensation program is to ensure management's interests are aligned with our shareholders' interests to support long-term value creation. Accordingly, we grant awards with multi-year performance and service periods to encourage our executive officers to focus on long-term performance, and recommend a triennial vote which would allow our executive compensation programs to be evaluated over a similar time-frame and in relation to our long-term performance.

In addition, a triennial vote will provide us with the time to thoughtfully respond to shareholders' sentiments and implement any necessary changes. We carefully review changes to our executive compensation program to maintain the consistency and credibility of the program, which is important in motivating and retaining our employees. We therefore believe that a triennial vote is an appropriate frequency to provide the Compensation Committee sufficient time to thoughtfully consider shareholders' input and to implement any appropriate changes to our executive compensation program, in light of the timing that would be required to implement any decisions related to such changes.

Finally, we note that the Company's shareholders include two shareholders (the Trust and Armor TPG) who together own approximately 64.4% of the Company's outstanding shares. As described further in this proxy statement, the Trust and Armor TPG have elected representatives to the Company's Board and have also designated certain observers to our Board. As a result, the Company believes that shareholder access to and participation on matters of executive compensation are, in the Company's specific circumstances, significantly greater than most companies. As a result, annual review of our executive compensation is not necessary. Should Armstrong's ownership structure materially change, the Company would reexamine whether it believes triennial review is sufficient.

In consideration of the foregoing, the Company recommends that the shareholders vote to approve a three year interval for presentation of Say On Pay proposals to the Company's shareholders. The proxy card provides shareholders with four choices (every one, two or three years, or abstain). Shareholders are not voting to approve or disapprove the Board's recommendation.

The frequency vote is non-binding. Shareholder approval of a one, two, or three-year frequency vote will not require the Company to implement an advisory vote on executive compensation every one, two, or three years. The final decision on the frequency of the presentation to shareholders of a Say On Pay vote on executive compensation remains with the Board and/or its committees. The shareholders will be deemed to have recommended the frequency receiving the most votes. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

The Board values the opinions of the Company's shareholders as expressed through their votes and other communications. Although the resolution is non-binding, the Board and the Committee will carefully consider the outcome of the frequency vote and other communications from shareholders when making future decisions regarding the frequency of say-on-pay votes.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR A THREE YEAR INTERVAL FOR HOLDING A SHAREHOLDER SAY ON PAY VOTE.

RELATIONSHIP WITH INDEPENDENT AUDITORS

The Audit Committee engaged KPMG LLP as Armstrong's independent registered public accounting firm for 2010. In making this selection, the Audit Committee considered KPMG's qualifications, discussed with KPMG LLP its independence, and reviewed the audit and non-audit services provided by KPMG to Armstrong.

Audit Committee Pre-Approval Policy.

The Audit Committee follows a policy that requires the Audit Committee's prior approval of any audit, audit-related and non-audit services provided by the firm that serves as our independent auditor. Pursuant to this policy, management cannot engage the independent auditor for any services without the Audit Committee's pre-approval.

Table of Contents

The Audit Committee delegates to the Committee Chair the authority to pre-approve services not exceeding 5% of the total audit fees for the year for purposes of handling immediate needs, with a report to the full Committee of such approvals at its next meeting. The policy complies with Section 10A(i) of the Exchange Act.

Fees Paid to KPMG.

The following table presents fees for professional audit services rendered by KPMG LLP for the audit of Armstrong's annual consolidated financial statements for 2010 and 2009 and fees billed for other services rendered by KPMG LLP. All fees in 2010 and 2009 were pre-approved by the Audit Committee.

	(amounts in thousands)	
	2010	2009
Audit Fees ⁽¹⁾	\$ 4,050	\$ 4,485
Audit Related Fees ⁽²⁾	233	300
Audit and Audit Related Fees Subtotal	4,283	4,785
Tax Fees ⁽³⁾	730	800
Total Fees	\$ 5,013	\$ 5,585

- (1) Audit Fees are for services rendered in connection with the integrated audit of Armstrong's consolidated financial statements as of and for the year, for which a portion of the billings occurred the following year. Audit fees were also incurred for reviews of consolidated financial statements included in Armstrong's quarterly reports on Form 10-Q and services normally provided in connection with statutory and regulatory filings.
- (2) Audit Related Fees consisted principally of fees for audits of financial statements of certain employee benefit plans, accounting research assistance on technical topics and other matters with respect to non-U.S. statutory financial statements.
- (3) Tax Fees were primarily for preparation of tax returns in non-U.S. jurisdictions, assistance with tax audits and appeals and other tax consultation and compliance services.

The Audit Committee has considered whether the provision by KPMG LLP of the non-audit services described above was allowed under Rule 2-01(c)(4) of Regulation S-X and was compatible with maintaining auditor independence, and has concluded that KPMG LLP was and is independent of the Company in all respects.

PROPOSAL 6**RATIFICATION OF AUDITORS**

The independent registered public accounting firm of KPMG LLP was appointed by the Audit Committee to serve as independent auditors of Armstrong and its subsidiaries for 2011.

Pursuant to the recommendation of the Audit Committee, the Board of Directors recommends that shareholders ratify the selection by the Audit Committee of KPMG LLP to conduct an audit of Armstrong and its subsidiaries for 2011. Although not required to do so, the Board is submitting the selection of KPMG LLP to our shareholders for ratification as a matter of good corporate practice. Whether or not the appointment of KPMG LLP is ratified by the shareholders, the Audit Committee may, in its discretion, change the appointment at any time during the year if it determines that such change would be in the best interests of the Company and its shareholders. This discretion is consistent with the responsibilities of the Audit Committee as outlined in its charter. If the shareholders at the 2011 Annual Meeting do not approve this proposal, the Audit Committee will reconsider its selection of KPMG LLP, but no determination has been made as to what action the Audit Committee would take if shareholders do not ratify the appointment of KPMG LLP.

Representatives of KPMG LLP are expected to be present at the meeting. They will have the opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions raised by shareholders at the meeting.

Edgar Filing: ARMSTRONG WORLD INDUSTRIES INC - Form DEF 14A

The affirmative vote of shareholders present entitled to cast at least a majority of the votes which all shareholders present are entitled to vote on the matter is required to ratify the selection of KPMG LLP.

AUDIT COMMITTEE REPORT

The Audit Committee engaged KPMG LLP as Armstrong's independent registered public accounting firm for 2010. In making this selection, the Audit Committee considered KPMG's qualifications, discussed with KPMG LLP its independence, and reviewed the audit and non-audit services provided by KPMG to Armstrong.

The Audit Committee reviewed and discussed the audited financial statements for fiscal 2010 with the Company's management. The Audit Committee also discussed with KPMG LLP the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. Au Section 380) as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Committee received and reviewed the written disclosures and the letter from the independent auditor required by the Public Company Accounting Oversight Board Ethics and Independence Rule 3526, *Communication with Audit Committees Concerning Independence*, as amended, and have discussed with the auditor the auditor's independence.

Based on that review and those discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in Armstrong's Annual Report on Form 10-K for the year ended December 31, 2010.

IMPORTANT NOTICE REGARDING HOUSEHOLDING

What is Householding?

We have adopted a procedure called householding, which has been approved by the SEC. Under this procedure, a single copy of the Annual Report and Proxy Statement will be sent to any household at which two or more stockholders reside if they appear to be members of the same family, unless one of the stockholders at that address notifies us that they wish to receive individual copies. This procedure reduces our printing costs and fees. Stockholders who participate in householding will continue to receive separate proxy cards. Householding will not affect dividend check mailings in any way.

If a single copy of the Annual Report and Proxy Statement was delivered to an address that you share with another stockholder, we will promptly deliver a separate copy if you make a written or oral request to Investor Relations, Armstrong World Industries, Inc., P. O. Box 3001, Lancaster, PA 17604 or (717) 396-6354.

How do I revoke my consent to the householding program?

If you are a holder of record and share an address and last name with one or more other holders of record, and you wish to continue to receive separate annual reports, proxy statements and other disclosure documents, you must revoke your consent by contacting American Stock Transfer & Trust Company LLC at 1-800-937-5449 or 59 Maiden Lane, Plaza Level, New York, NY 10038. You will be removed from the householding program within 30 days of receipt of the revocation of your consent.

What if a brokerage firm holds my shares?

A number of brokerage firms have instituted householding. If you hold your shares in street name, please contact your bank, broker or other holder of record to request information about householding.

ARMSTRONG WORLD INDUSTRIES, INC.

2011 LONG-TERM INCENTIVE PLAN

1. Purpose. Armstrong World Industries, Inc. 2011 Long-Term Incentive Plan (the Plan) is an amendment and restatement of the 2006 Long-Term Incentive Plan. The Plan is intended to provide incentives which will attract, retain and motivate highly competent persons as officers, key employees, consultants and advisors of Armstrong World Industries, Inc., a Pennsylvania corporation (the Company), and its subsidiaries and affiliates, and as directors of the Company, by providing them with appropriate incentives and rewards to encourage them to enter into and continue in the employ of the Company, to acquire a proprietary interest in the long-term success of the Company and to reward the performance of individuals in fulfilling their personal responsibilities for long-range achievements.

2. Administration.

(a) Committee. The Plan will be administered by a committee (the Committee) appointed by the Board of Directors of the Company (the Board of Directors) from among its members (which may be the Management Development and Compensation Committee or a subcommittee thereof) and shall be comprised, unless otherwise determined by the Company's Board of Directors, solely of not less than two (2) members who shall be (i) non-employee directors within the meaning of Rule 16b-3(b)(3) (or any successor rule) promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act), (ii) outside directors within the meaning of Treasury Regulation Section 1.162-27(e)(3) under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), and (iii) independent directors, as determined in accordance with the independence standards established by the stock exchange on which the common stock of the Company (Common Stock) is at the time primarily traded.

(b) Authority. The Committee is authorized, subject to the provisions of the Plan, to establish such rules and regulations as it deems necessary for the proper administration of the Plan and the Committee has sole discretionary authority to make such determinations and interpretations and to take such action in connection with the Plan and any Benefits granted hereunder as it deems necessary or advisable. All determinations and interpretations made by the Committee shall be binding and conclusive on all participants and their legal representatives.

(c) Indemnification. No member of the Committee and no employee of the Company shall be liable for any act or failure to act hereunder, except in circumstances involving his or her bad faith or willful misconduct, or for any act or failure to act hereunder by any other member or employee or by any agent to whom duties in connection with the administration of this Plan have been delegated. The Company shall indemnify members of the Committee and any agent of the Committee who is an employee of the Company, a subsidiary or an affiliate against any and all liabilities or expenses to which they may be subjected by reason of any act or failure to act with respect to their duties on behalf of the Plan, except in circumstances involving such person's bad faith or willful misconduct.

Table of Contents

(d) Delegation and Advisers. The Committee may delegate to one or more of its members, to management or to one or more agents, such administrative duties as it may deem advisable; provided, such delegation does not adversely affect the exemption provided by Rule 16b-3 of the Exchange Act, prevent a Benefit from qualifying as a Performance-Based Award, if so intended, and complies with applicable law and to comply with applicable stock exchange requirements. The Committee, or any person to whom it has delegated duties as aforesaid, may employ one or more persons to render advice with respect to any responsibility the Committee or such person may have under the Plan. The Committee may employ such legal or other counsel, consultants and agents as it may deem desirable for the administration of the Plan and may rely upon any opinion or computation received from any such counsel, consultant or agent. Expenses incurred by the Committee in the engagement of such counsel, consultant or agent shall be paid by the Company, or the subsidiary or affiliate whose employees have benefited from the Plan, as determined by the Committee.

3. Participants.

(a) Participants will consist of such officers and key employees of the Company and its subsidiaries and affiliates as the Committee in its sole discretion determines to be significantly responsible for the success and future growth and profitability of the Company and whom the Committee may designate from time to time to receive Benefits under the Plan. Members of the Board of Directors who are not employees of the Company and its subsidiaries and affiliates (Non-Employee Directors) shall also be eligible to participate in the Plan, as determined by the Committee in its sole discretion. Consultants and advisors who perform services for the Company or any of its subsidiaries and affiliates (Consultants) shall be eligible to participate in the Plan if the Consultants render bona fide services to the Company or its subsidiaries and affiliates, the services are not in connection with the offer and sale of securities in a capital-raising transaction and the Consultants do not directly or indirectly promote or maintain a market for the Company's securities, as determined by the Committee in its sole discretion. Non-Employee Directors and Consultants are eligible to receive all Benefits under the Plan except Incentive Stock Options as described in Section 6, below.

(b) Designation of a participant in any year shall not require the Committee to designate such person to receive a Benefit in any other year or, once designated, to receive the same type or amount of Benefit as granted to the participant in any other year. The Committee shall consider such factors as it deems pertinent in selecting participants and in determining the type and amount of their respective Benefits. Benefits granted pursuant to a particular Section of the Plan need not be uniform as among the participants. For purposes of the Plan, the term employee excludes any person who is classified by the Company as a contractor or consultant, no matter how characterized by the Internal Revenue Service, other governmental agency or a court. Any change of characterization of an individual by the Internal Revenue Service or any court or government agency shall have no effect upon the classification of an individual as an employee for purposes of this Plan, unless the Committee determines otherwise.

4. Type of Benefits.

(a) Benefits under the Plan may be granted in any one or a combination of (a) Stock Options, (b) Stock Appreciation Rights, (c) Restricted Stock Awards, (d) Stock Units and

Table of Contents

(e) Cash Awards (each as described below, and collectively, the Benefits). Restricted Stock Awards, Stock Units and Cash Awards may, as determined by the Committee in its discretion, constitute Performance-Based Awards, as described in Section 11 hereof. Benefits granted under the Plan may be evidenced by an agreement (which need not be identical) that may provide additional terms and conditions associated with such Benefits, as determined by the Committee in its sole discretion, *provided, however*, that in the event of any conflict between the provisions of the Plan and any such agreement, the provisions of the Plan shall prevail.

(b) Benefits under the Plan shall be made conditional upon the participant's acknowledgement, in writing or by acceptance of the Benefit grant, that all decisions and determinations of the Committee shall be final and binding on the participant, his or her successors and any other person having or claiming an interest under such Benefit grant.

5. Common Stock Available Under the Plan.

(a) Basic Limitations. The aggregate number of shares of Common Stock that may be issued pursuant to Benefits granted under this Plan shall be 6,949,000 shares of Common Stock, which may be authorized and unissued shares or treasury shares or may be purchased on the open market or by private purchase, subject to any adjustments made in accordance with Section 14(a) hereof. This number includes all shares that have been and may be issued under the Plan since its inception in 2006. With respect to Benefits granted after on or after June 24, 2011, the number of shares of Common Stock reserved for award and issuance under this Plan shall be reduced on a one-for-one basis for each share of Common Stock subject to a Stock Option or Stock Appreciation Right and shall be reduced by a fixed ratio of 1.6 shares of Common Stock for each share of Common Stock subject to a Restricted Stock Award or Stock Unit granted under the Plan.

(b) Individual Limitation. The maximum number of shares of Common Stock with respect to which Benefits may be granted to any individual participant under the Plan in any one calendar year shall not exceed 750,000 shares (subject to any adjustments made in accordance with Section 14(a) hereof).

(c) Source of Shares. Shares of Common Stock issued under the Plan may be authorized but unissued shares of Common Stock or reacquired shares of Common Stock, including shares purchased by the Company on the open market for purposes of the Plan.

(d) Share Counting. If and to the extent Stock Options or Stock Appreciation Rights granted under the Plan terminate, expire, or are canceled, forfeited, exchanged or surrendered without having been exercised, and if and to the extent that any Restricted Stock Awards or Stock Units are forfeited or terminated, or otherwise are not paid in full, the shares reserved for such grants shall again be available for purposes of the Plan. Shares of Common Stock withheld or surrendered in payment of the exercise price of a Stock Option, and shares withheld or surrendered for payment of taxes with respect to Stock Options and Stock Appreciation Rights, shall not be available for re-issuance under the Plan. Shares withheld or surrendered for payment of taxes with respect to Benefits other than Stock Options and Stock Appreciation Rights shall be available for re-issuance under the Plan. If Stock Appreciation Rights are granted, the full number of shares subject to the Stock Appreciation Rights shall be

Table of Contents

considered issued under the Plan, without regard to the number of shares issued upon exercise of the Stock Appreciation Rights. To the extent that any Benefits are paid in cash, and not in shares of Common Stock, such Benefits shall not count against the share limits described above in Section 5(a). The share counting rules in this Section 5(d) shall apply with respect to grants, exercises, forfeitures and other actions that occur on or after June 24, 2011, and the ratios described in Section 5(a) shall be used for calculating the number of shares available for re-issuance under the Plan pursuant to this Section 5(d). The preceding sentences of this Section shall apply only for purposes of determining the aggregate number of shares of Common Stock that may be issued under the Plan, but shall not apply for purposes of determining the maximum number of shares of Common Stock with respect to which Benefits may be granted to any individual participant under the Plan. For the avoidance of doubt, if shares of Common Stock are repurchased on the open market with the proceeds of the exercise price of Stock Options, such shares may not again be made available for issuance under the Plan.

(e) Acquisitions. In connection with the acquisition of any business by the Company or any of its subsidiaries or affiliates, any outstanding equity grants with respect to stock of the acquired company may be assumed or replaced by Benefits under the Plan upon such terms and conditions as the Committee determines in its sole discretion. Shares of Common Stock subject to any such outstanding grants that are assumed or replaced by Benefits under the Plan in connection with an acquisition (Substitute Awards) shall not reduce the Plan's share reserve as described above in Section 5(a), consistent with applicable stock exchange requirements. Notwithstanding any provision of the Plan to the contrary, Substitute Awards shall have such terms as the Committee deems appropriate, including without limitation exercise prices or base prices on different terms than those described herein. In the event that the Company assumes a shareholder-approved equity plan of an acquired company, available shares of Common Stock under such assumed plan (after appropriate adjustments to reflect the transaction) may be issued pursuant to Benefits under this Plan and shall not reduce the Plan's share reserve as described above in Section 5(a), subject to applicable stock exchange requirements.

6. Stock Options.

(a) Generally. Stock Options will consist of awards from the Company that will enable the holder to purchase a number of shares of Common Stock, at set terms. Stock Options may be incentive stock options (Incentive Stock Options), within the meaning of Section 422 of the Code, or Stock Options which do not constitute Incentive Stock Options (Nonqualified Stock Options). The Committee will have the authority to grant to any participant one or more Incentive Stock Options, Nonqualified Stock Options, or both types of Stock Options (in each case with or without Stock Appreciation Rights). Non-Employee Directors and Consultants are not eligible to receive Incentive Stock Options under the Plan. The aggregate number of shares of Common Stock that may be subject to Incentive Stock Options granted under this Plan shall be 3,601,535 shares of Common Stock (subject to any adjustments made in accordance with Section 14(a) hereof.) Each Stock Option shall be subject to such terms and conditions, including vesting, consistent with the Plan as the Committee may impose from time to time, subject to the following limitations.

Table of Contents

(b) Exercise Price. Each Stock Option granted hereunder shall have a per-share exercise price as the Committee may determine on the date of grant. The per share exercise price of a Stock Option shall not be less than the Fair Market Value of a share of Common Stock on the date of grant.

(c) Exercise of Options. A participant may exercise a Stock Option that has become exercisable, in whole or in part, by delivering a notice of exercise to the Company. The participant shall pay the exercise price of the Stock Option (i) in cash, (ii) if permitted by the Committee, by the withholding of shares of Common Stock subject to the exercisable Stock Option, which have a Fair Market Value on the date of exercise equal to the exercise price, (iii) if permitted by the Committee, by delivering shares of Common Stock owned by the participant and having a Fair Market Value on the date of exercise equal to the exercise price or by attestation to ownership of shares of Common Stock having an aggregate Fair Market Value on the date of exercise equal to the Exercise Price, (iv) by payment through a broker in accordance with procedures permitted by Regulation T of the Federal Reserve Board, or (v) by such other method as the Committee may approve. Shares of Common Stock used to exercise a Stock Option shall have been held by the participant for any requisite period of time to avoid adverse accounting consequences to the Company with respect to the Stock Option, as determined by the Committee. Payment for the shares pursuant to the Stock Option, and any required withholding taxes, must be received by the time specified by the Committee depending on the type of payment being made, but in all cases prior to the issuance of the Company Stock.

(d) Exercise Period. Stock Options granted under the Plan shall be exercisable at such time or times and subject to such terms and conditions, including vesting, as shall be determined by the Committee; *provided, however*, that no Stock Option shall be exercisable later than ten years after the date it is granted. Notwithstanding the foregoing, unless the Committee determines otherwise, if a vested Nonqualified Stock Option would terminate at a time when trading in Common Stock is prohibited by law or by the Company's insider trading policy, the vested Stock Option may be exercised until the thirtieth (30th) day after expiration of such prohibition. All Stock Options shall terminate at such earlier times and upon such conditions or circumstances as the Committee shall in its discretion set forth in such option agreement on the date of grant.

(e) Limitations on Incentive Stock Options. Incentive Stock Options may be granted only to participants who are employees of the Company or of a Parent Corporation or Subsidiary Corporation (as defined in Sections 424(e) and (f) of the Code, respectively) on the date of grant. The aggregate Fair Market Value (determined as of the time the Stock Option is granted) of the Common Stock with respect to which Incentive Stock Options are exercisable for the first time by a participant during any calendar year (under all option plans of the Company and of any Parent Corporation or Subsidiary Corporation) shall not exceed one hundred thousand dollars (\$100,000), provided, however, that if such one hundred thousand dollars (\$100,000) limit is exceeded, the excess Incentive Stock Options shall be treated as Nonqualified Stock Options. For purposes of the preceding sentence, Incentive Stock Options will be taken into account in the order in which they are granted.

(f) Additional Limitations on Incentive Stock Options for Ten Percent Shareholders. Incentive Stock Options may not be granted to any participant who, at the time of

Table of Contents

grant, owns stock possessing (after the application of the attribution rules of Section 424(d) of the Code) more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Parent Corporation or Subsidiary Corporation, unless the exercise price of the option is fixed at not less than one hundred ten percent (110%) of the Fair Market Value of the Common Stock on the date of grant and the exercise of such option is prohibited by its terms after the expiration of five (5) years from the date of grant of such option.

7. Stock Appreciation Rights.

(a) Generally. The Committee may, in its discretion, grant Stock Appreciation Rights, including a concurrent grant of Stock Appreciation Rights in tandem with any Stock Option grant. A Stock Appreciation Right means a right to receive a payment in cash, Common Stock or a combination thereof, as determined by the Committee, in an amount equal to the excess of (i) the Fair Market Value of a specified number of shares of Common Stock on the date the Stock Appreciation Right is exercised over (ii) the Fair Market Value of such shares of Common Stock on the date the Stock Appreciation Right is granted, or other higher specified amount, all as determined by the Committee. If a Stock Appreciation Right is granted in tandem with a Stock Option at the date of grant of the Stock Option, the designated base amount in the award agreement shall reflect the Fair Market Value on the date such Stock Option and Stock Appreciation Right were granted, or a higher specified amount as determined by the Committee. In any event, the base amount of each Stock Appreciation Right shall not be less than the per share Fair Market Value of a share of Common Stock on the date of grant of the Stock Appreciation Right. Each Stock Appreciation Right shall be subject to such terms and conditions, including vesting, as the Committee shall impose from time to time, *provided, however*, that if a Stock Appreciation Right is granted in connection with a Stock Option, the Stock Appreciation Right shall become exercisable, be transferable and shall expire according to the same vesting, transferability and expiration rules as the corresponding Stock Option, unless the Committee determines otherwise.

(b) Exercise Period. Stock Appreciation Rights granted under the Plan shall be exercisable at such time or times and subject to such terms and conditions, including vesting, as shall be determined by the Committee; *provided, however*, that no Stock Appreciation Rights shall be exercisable later than ten (10) years after the date it is granted. Notwithstanding the foregoing, unless the Committee determines otherwise, if a vested Stock Appreciation Right would terminate at a time when trading in Common Stock is prohibited by law or by the Company's insider trading policy, the vested Stock Appreciation Right may be exercised until the thirtieth (30th) day after expiration of such prohibition. All Stock Appreciation Rights shall terminate at such earlier times and upon such conditions or circumstances as the Committee shall in its discretion set forth in such right at the date of grant.

8. Restricted Stock Awards.

(a) Generally. The Committee may, in its discretion, grant Restricted Stock Awards consisting of Common Stock issued or transferred to participants with or without other payments therefor. Restricted Stock Awards may be subject to such terms and conditions, including vesting, as the Committee determines appropriate. Restricted Stock Awards may constitute Performance-Based Awards, as described in Section 11 hereof

Table of Contents

(b) **Payment of the Purchase Price.** If the Restricted Stock Award requires payment therefor, the purchase price of any shares of Common Stock subject to a Restricted Stock Award may be paid in any manner authorized by the Committee. Restricted Stock Awards may also be made in consideration of services rendered to the Company or its subsidiaries or affiliates.

(c) **Additional Terms.** Restricted Stock Awards may be subject to such terms and conditions, including vesting, as the Committee determines appropriate, including without limitation (i) Change in Control, (ii) restrictions on the sale or other disposition of such shares, and (iii) the right of the Company to reacquire such shares for no consideration upon termination of the participant's employment within specified periods, the participant's competition with the Company, or the participant's breach of other obligations to the Company. Notwithstanding the foregoing, (i) if the grant or vesting of Restricted Stock Awards is subject to performance conditions, the Restricted Stock Awards shall have a minimum vesting period of not less than one (1) year and (ii) if neither the grant nor the vesting of Restricted Stock Awards is subject to performance conditions, the Restricted Stock Awards shall vest over a period of not less than three (3) years; provided that the grant agreement may provide that (x) Restricted Stock Awards may vest on an accelerated basis in the event of a participant's death, disability, retirement or involuntary termination without cause, or in the event of a Change in Control, and (y) up to five percent 5% of the shares of Common Stock initially authorized for issuance under the 2011 restatement of the Plan may be granted as Restricted Stock Awards or Stock Units free of the limitations on vesting set forth herein and in Section 9(a) below. Restricted Stock Awards may constitute Performance-Based Awards, as described in Section 11 hereof. The Committee may require the participant to deliver a duly signed stock power, endorsed in blank, relating to the Common Stock covered by such an Award. The Committee may also require that the stock certificates evidencing such shares be held in custody or bear restrictive legends until the restrictions thereon shall have lapsed.

(d) **Rights as a Shareholder.** The participant shall have, with respect to the shares of Common Stock subject to a Restricted Stock Award, all of the rights of a holder of shares of Common Stock of the Company, including the right to vote the shares. At the discretion of the Committee, cash dividends and stock dividends with respect to the Restricted Stock may be either currently paid to the participant or withheld by the Company for the participant's account, and interest may be credited on the amount of cash dividends withheld at a rate and subject to such terms as determined by the Committee; provided that cash dividends and stock dividends with respect to performance-based Restricted Stock Awards shall vest only if and to that the underlying Restricted Stock Award vests, as determined by the Committee. The cash dividends or stock dividends so withheld by the Committee and attributable to any particular share of Restricted Stock (and earnings thereon, if applicable) shall be distributed to the participant upon the release of restrictions on such shares and, if such share is forfeited, the participant shall have no right to such cash dividends or stock dividends.

9. Stock Units.

(a) **Generally.** The Committee may, in its discretion, grant Stock Units (as defined in subsection (c) below) to participants hereunder. Stock Units may be subject to such terms and conditions, including vesting and provisions applicable to a Change in Control as the

Table of Contents

Committee determines appropriate. Notwithstanding the foregoing, (i) if the grant or vesting of Stock Units is subject to performance conditions, the Stock Units shall have a minimum vesting period of not less than one (1) year and (ii) if neither the grant nor the vesting of Stock Units is subject to performance conditions, the Stock Units shall vest over a period of not less than three (3) years; provided that the grant agreement may provide that (x) Stock Units may vest on an accelerated basis in the event of a participant's death, disability, retirement or involuntary termination without cause, or in the event of a Change in Control, and (y) up to five percent (5%) of the shares of Common Stock initially authorized for issuance under the 2011 restatement of the Plan may be granted as Stock Units or Restricted Stock Awards free of the limitations on vesting set forth herein and in Section 8(c) above. Stock Units may constitute Performance-Based Awards, as described in Section 11 hereof. A Stock Unit granted by the Committee shall provide payment in shares of Common Stock or in cash at such time as the award agreement shall specify. Shares of Common Stock issued pursuant to this Section 9 may be issued with or without other payments therefor as may be required by applicable law or such other consideration as may be determined by the Committee. The Committee shall determine whether a participant granted a Stock Unit shall be entitled to a Dividend Equivalent Right (as defined in subsection (c) below) and the terms and conditions applicable to Dividend Equivalent Rights. Any Dividend Equivalent Right underlying a Stock Unit which is payable based on the achievement of specific vesting conditions shall vest and become payable at the same time as the underlying Stock Unit, unless the Committee determines otherwise; provided that, any Dividend Equivalent Right with respect to a performance-based Stock Unit shall vest and be paid only if and to the extent the underlying Stock Unit vests and is paid as determined by the Committee.

(b) Settlement of Stock Units. Shares of Common Stock representing the Stock Units shall be distributed to the participant unless the Committee provides for the payment of the Stock Units in cash equal to the value of the shares of Common Stock which would otherwise be distributed to the participant or partly in cash and partly in shares of Common Stock.

(c) Definitions. A Stock Unit means a notional account representing one (1) share of Common Stock. A Dividend Equivalent Right means the right to receive the amount of any dividend paid on the share of Common Stock underlying a Stock Unit, which shall be payable in cash or in the form of additional Stock Units.

10. Cash Awards. The Committee may, in its discretion, grant awards to be settled solely in cash (Cash Awards). Cash Awards may be subject to such terms and conditions, including vesting, as the Committee determines appropriate. Cash Awards may constitute Performance-Based Awards, as described in Section 11 hereof. The maximum Cash Award payout that may be earned by a participant for each 12 months in a performance year is \$5,000,000.

11. Performance-Based Awards.

(a) Generally. Any Benefits granted under the Plan may be granted in a manner such that the Benefits qualify for the performance-based compensation exemption of Section 162(m) of the Code (Performance-Based Awards). As determined by the Committee in its sole discretion, either the granting or vesting of such Performance-Based Awards shall be

Table of Contents

based on achievement of performance objectives that are based on one or more of the business criteria described below, with respect to one or more business units or the Company and its subsidiaries as a whole.

(b) **Business Criteria.** The Committee shall use objectively determinable performance goals based on one or more of the following business criteria, individually or in combination: (i) net earnings; (ii) earnings per share; (iii) sales; (iv) operating income; (v) earnings before interest and taxes (EBIT); (vi) earnings before interest, taxes, depreciation and amortization (EBITDA); (vii) cash flow; (viii) working capital targets; (ix) return on equity; (x) return on capital; (xi) market price per share; (xii) total return to shareholders, (xiii) price-earnings multiples, (xiv) revenue, (xv) number of days sales outstanding in accounts receivable, (xvi) productivity, (xvii) margin, (xviii) net capital employed, (xix) growth in assets, (xx) unit volume, (xxi) market share, (xxii) economic value, (xxiii) relative performance to a comparison group designated by the Committee based on any of the foregoing criteria, or (xxiv) strategic business criteria consisting of one or more objectives based on meeting specified revenue goals, market penetration goals, customer growth, geographic business expansion goals, cost targets or goals relating to acquisitions or divestitures.

(c) **Establishment of Performance Goals.** With respect to Performance-Based Awards, the Committee shall establish in writing (i) the performance goals applicable to a given period, and such performance goals shall state, in terms of an objective formula or standard, the method for computing the amount of compensation payable to the participant if such performance goals are obtained and (ii) the individual employees or class of employees to which such performance goals apply; provided, however, that such performance goals shall be established in writing no later than ninety (90) days after the commencement of the applicable performance period (but in no event after twenty-five percent (25%) of such performance period has elapsed).

(d) **Certification of Performance.** No Performance-Based Awards shall be payable to or vest with respect to, as the case may be, any participant for a given period until the Committee certifies in writing that the objective performance goals (and any other material terms) applicable to such period have been satisfied.

(e) **Modification of Performance-Based Awards.** With respect to any Benefits intended to qualify as Performance-Based Awards, after establishment of a performance goal, the Committee shall not revise such performance goal to cause the goal to cease to meet the requirements of Section 162(m) of the Code, except as otherwise determined by the Committee, and the Committee shall not increase the amount of compensation payable thereunder (as determined in accordance with Section 162(m) of the Code) upon the attainment of such performance goal. The Committee may reduce or eliminate the number of shares of Common Stock or cash granted or the number of shares of Common Stock vested upon the attainment of such performance goal, based on such terms and conditions as the Committee deems appropriate. The Committee may make such changes to performance goals and Performance-Based Awards as the Committee deems appropriate in the event of a change in corporate capitalization, corporate transaction or other corporate event as permitted by Section 162(m), or as the Committee otherwise determines.

Table of Contents

(f) **Impact of Extraordinary Items or Changes in Accounting.** To the extent applicable, subject to the following sentence and unless the Committee determines otherwise, the determination of the achievement of performance goals shall be determined based on the relevant financial measure, computed in accordance with U.S. generally accepted accounting principles (GAAP), and in a manner consistent with the methods used in the Company's audited financial statements. To the extent permitted by Section 162(m), in setting the performance goals for Performance-Based Awards within the period prescribed in subsection (c), the Committee may provide for appropriate adjustment as it deems appropriate, including for one or more of the following items: asset write-downs; litigation or claim judgments or settlements; changes in accounting principles; changes in tax law or other laws affecting reported results; changes in commodity prices; severance, contract termination, and other costs related to exiting, modifying or reducing any business activities; costs of, and gains and losses from, the acquisition, disposition, or abandonment of businesses or assets; gains and losses from the early extinguishment of debt; gains and losses in connection with the termination or withdrawal from a pension plan; stock compensation costs and other non-cash expenses; any extraordinary non-recurring items as described in applicable Accounting Principles Board opinions or in management's discussion and analysis of financial condition and results of operation appearing in the Company's annual report to stockholders for the applicable year; and any other specified non-operating items as determined by the Committee in setting performance goals.

(g) **Death, Disability or Other Circumstances.** The Committee may provide in the grant agreement that Performance-Based Awards under this Section 11 shall be payable, in whole or in part, in the event of the Participant's death or disability, a Change of Control or under other circumstances consistent with the requirements of Section 162(m) of the Code.

12. Foreign Laws. The Committee may grant Benefits to individual participants who are subject to the tax laws of nations other than the United States, which Benefits may have terms and conditions as determined by the Committee as necessary to comply with applicable foreign laws. The Committee may take any action which it deems advisable to obtain approval of such Benefits by the appropriate foreign governmental entity; *provided, however*, that no such Benefits may be granted pursuant to this Section 12 and no action may be taken which would result in a violation of the Exchange Act, the Code or any other applicable law.

13. Certain Terminations of Employment; Forfeitures.

(a) **Forfeiture of Unsettled Benefits.** Unless the Committee or any agreement providing for Benefits under this Plan shall otherwise provide, a participant shall forfeit all Benefits which have not been settled under this Plan (other than fully vested Restricted Stock Awards) if:

(i) the participant's employment or service with the Company or with any Parent Corporation or Subsidiary Corporation is terminated for willful, deliberate, or gross misconduct, as determined by the Committee, in its sole discretion, or

(ii) following the participant's termination of employment or service with the Company (or with any Parent Corporation or Subsidiary Corporation) and for a period of two (2) years thereafter, the participant engages in any business or enters into

Table of Contents

any employment relationship which the Committee in its sole discretion determines to be either directly or indirectly competitive with the business of the Company or substantially injurious to the Company's business interest.

The activities described in (i) and (ii) above are hereafter referred to as Injurious Conduct.

(b) Forfeiture of Settled Benefits. If the Committee determines that a participant has engaged in Injurious Conduct during the course of his employment or service (or during the two (2) year period following his or her termination of employment or service), the Committee may in its discretion require the participant to return to the Company any Common Stock or cash received in settlement of any Benefit under this Plan. If the Common Stock acquired in settlement of a Benefit has been disposed of by the participant, then the Company may require the participant to pay to the Company the economic value of the Common Stock as of the date of disposition.

(c) Timing. Unless the grant agreement provides otherwise, the Committee shall exercise the right of forfeiture provided to the Company in this Section 13 within one-hundred and eighty (180) days after the discovery of the activities giving rise to the Company's right of forfeiture, which activities must have occurred no later than twenty-four (24) months after the participant's termination of employment or service.

(d) Determination from the Committee. A participant may make a request to the Committee in writing for a determination regarding whether any proposed business or activity would constitute Injurious Conduct. Such request shall fully describe the proposed business or activity. The Committee shall respond to the participant in writing and the Committee's determination shall be limited to the specific business or activity so described.

(e) Condition Precedent. Unless the Committee or any agreement providing for Benefits under this Plan shall otherwise provide, no Benefit shall be deemed awarded to any participant under this Plan unless and until the participant agrees to the applicability of this Section 13.

(f) Enforceability. The purpose of this Section 13 is to protect the Company (and any Parent and Subsidiaries) from Injurious Conduct. To the extent that this Section 13 is not fully enforceable as written, the unenforceable provisions shall be modified so as to provide the Company with the fullest protection permitted by law. The Committee may waive any provisions of this Section 13, as the Committee deems appropriate.

14. Adjustment Provisions; Change in Control.

(a) **Adjustment.** Benefits granted under the Plan and any agreements evidencing such Benefits, the maximum number of shares of Common Stock that may be issued under the Plan as stated in Section 5(a), the maximum number of shares of Common Stock subject to Incentive Stock Options stated in Section 6(a), and the maximum number of shares of Common Stock with respect to which Benefits may be granted to any one person during any period stated in Section 5(b) shall be subject to mandatory adjustment or substitution, as determined by the Committee in its sole discretion, as to the number, price or kind of a share of Common Stock or other consideration subject to such Benefits or as otherwise determined by the Committee to be equitable:

(i) in the event of changes in the outstanding Common Stock or in the capital structure of the Company by reason of stock or extraordinary cash dividends, stock splits, reverse stock splits, recapitalization, reorganizations, mergers, consolidations, combinations, exchanges, or other relevant changes in capitalization occurring after the date of grant of any such Benefit or

(ii) in the event of any change in applicable laws or any change in circumstances which results in or would result in any substantial dilution or enlargement of the rights granted to, or available for, participants, or which otherwise warrants equitable adjustment because it interferes with the intended operation of the Plan.

Any adjustment in Incentive Stock Options under this Section 14 shall be made only to the extent not constituting a modification within the meaning of Section 424(h)(3) of the Code, except as otherwise determined by the Committee, and any adjustments under this Section 14 shall be made in a manner which does not adversely affect the exemption provided pursuant to Rule 16b-3 under the Exchange Act. Any adjustment to Nonqualified Stock Options or Stock Appreciation Rights shall be made in accordance with the requirements of Sections 409A and 424 of the Code, as applicable. Further, with respect to Benefits intended to qualify as performance-based compensation under Section 162(m) of the Code, such adjustments or substitutions shall be made to the extent that the Committee determines that such adjustments or substitutions may be made without causing the Company to be denied a tax deduction on account of Section 162(m) of the Code, or as the Committee otherwise determines is appropriate. The adjustments of Benefits under this section 14(a) shall include adjustment of shares, exercise price, base price, performance goals or other terms and conditions, as appropriate. The Company shall give each participant notice of an adjustment hereunder and, upon notice, such adjustment shall be conclusive and binding for all purposes.

(b) **Effect of a Change in Control on Benefits granted before the 2011 Restatement Date.** With regard to Benefits granted under the Plan before the date on which the shareholders approve the 2011 restatement of the Plan (the 2011 Restatement Date), notwithstanding any other provision of this Plan, unless the grant agreement or another written agreement between the Company and the participant provides otherwise, if there is a Change in Control (as defined in Exhibit A attached hereto) of the Company, all then outstanding Stock Options and Stock Appreciation Rights shall immediately vest and become exercisable and any restrictions on Restricted Stock Awards, Stock Units and Cash Awards shall immediately lapse.

Table of Contents

Thereafter, insofar as any Benefit is provided in shares of stock of the Company or in Stock Options or Stock Appreciation Rights or is determined based on the value or other attributes of a share of stock of the Company, such Benefit shall be subject to the same terms to which a share of stock of the Company is subject in accordance with any agreement effecting the Change in Control, which agreement, may provide, without limitation, that each Stock Option and Stock Appreciation Right outstanding hereunder shall terminate within a specified number of days after notice to the holder, and that such holder shall receive, with respect to each share of Common Stock subject to such Stock Option or Stock Appreciation Right, an amount equal to the excess of the Fair Market Value of such shares of Common Stock immediately prior to the occurrence of such Change in Control over the exercise price per share underlying such Stock Option or Stock Appreciation Right with such amount payable in cash, in or more kinds of property (including the property, if any, payable in the transaction) or in a combination thereof, as the Committee, in its discretion, shall determine.

(c) Effect of a Change in Control on Benefits granted on or after the 2011 Restatement Date. With regard to Benefits granted under the Plan on or after the 2011 Restatement Date, notwithstanding any other provision of this Plan, the following provisions shall apply in the event of a Change in Control as defined in Exhibit B attached hereto:

(i) Unless the Committee determines otherwise, if there is a Change in Control of the Company, and if participants' Benefits remain outstanding after the Change in Control (or are assumed by, or converted to similar benefits with equivalent value as of the date of the Change in Control of, the surviving corporation (or a parent or subsidiary of the surviving corporation)), and the Company or its successor terminates a participant's employment without Cause upon or within two years after the Change in Control, the participant's outstanding Stock Options and Stock Appreciation Rights shall vest and become exercisable, any restrictions on Restricted Stock Awards shall lapse, and Stock Units or Cash Awards shall become payable. In that event, Benefits that are based on performance goals will vest and be payable at their target value unless the Committee determines otherwise. Unless the Committee determines otherwise, Cause shall mean conduct described in Section 13(a)(i) of the Plan.

(ii) Unless the Committee determines otherwise, if there is a Change in Control of the Company, and if participants' Benefits do not remain outstanding after the Change in Control (and are not assumed by, or converted to similar benefits with equivalent value as of the date of the Change in Control of, the surviving corporation (or a parent or subsidiary of the surviving corporation)), then all outstanding Stock Options and Stock Appreciation Rights shall immediately vest and become exercisable, any restrictions on Restricted Stock Awards shall lapse, and Stock Units and Cash Awards shall become payable as of the date of the Change in Control. In that event, Benefits that are based on performance goals will vest and be payable at their target value unless the Committee determines otherwise.

(iii) Notwithstanding the foregoing, the Committee may establish such other terms and conditions relating to the effect of a Change in Control on Benefits as the Committee deems appropriate. In addition to other actions, in the event of a Change in Control of the Company, the Committee may take any one or more of the following

Table of Contents

actions with respect to any or all outstanding Benefits, without the consent of any participant: (A) the Committee may determine that outstanding Stock Options and Stock Appreciation Rights shall be fully exercisable, restrictions on outstanding Restricted Stock Awards shall lapse, and Stock Units and Cash Awards shall become payable, as of the date of the Change in Control or at such other time as the Committee determines, (B) the Committee may require that participants surrender their outstanding Stock Options and Stock Appreciation Rights for cancellation in exchange for one or more payments by the Company, in cash, Common Stock or other property (including the property, if any, payable in the transaction), as determined by the Committee, in an amount equal to the amount, if any, by which the then Fair Market Value of the shares of Common Stock subject to the participant's unexercised Stock Options and Stock Appreciation Rights exceeds the exercise price or base amount, as applicable, and on such terms as the Committee determines, (C) after giving participants an opportunity to exercise their outstanding Stock Options and Stock Appreciation Rights, the Committee may terminate any or all unexercised Stock Options and Stock Appreciation Rights at such time as the Committee deems appropriate, (D) with respect to participants holding Stock Units or Cash Awards, the Committee may determine that such participants shall receive one or more payments in settlement of such Stock Units or Cash Awards, in such amount and form and on such terms as may be determined by the Committee, or (E) the Committee may determine that Benefits that remain outstanding after the Change in Control shall be converted to similar Benefits of the surviving corporation (or a parent or subsidiary of the surviving corporation). Without limiting the foregoing, if the per share Fair Market Value of the Common Stock does not exceed the per share exercise price or base amount of a Stock Option or Stock Appreciation Right, the Company shall not be required to make any payment to the participant upon surrender of the Stock Option or Stock Appreciation Right. Any acceleration, surrender, termination, settlement or conversion shall take place as of the date of the Change in Control or such other date as the Committee may specify.

15. Nontransferability. Each Benefit granted under the Plan to a participant (other than unrestricted Stock Awards, vested restricted Stock Awards and vested Cash Awards) shall not be transferable otherwise than by will or the laws of descent and distribution, and shall be exercisable, during the participant's lifetime, only by the participant. In the event of the death of a participant, each Stock Option or Stock Appreciation Right theretofore granted to him or her shall be exercisable during such period after his or her death as the Committee shall in its discretion set forth in the grant agreement and then only by the executor or administrator of the estate of the deceased participant or the person or persons to whom the deceased participant's rights under the Stock Option or Stock Appreciation Right shall pass by will or the laws of descent and distribution. Notwithstanding the foregoing, at the discretion of the Committee, and subject to applicable law, a grant agreement for a Benefit other than an Incentive Stock Option may permit the transferability of the Benefit by a participant solely for charitable purposes or to the participant's spouse, siblings, parents, children and grandchildren or trusts for the benefit of such persons or to partnerships, corporations, limited liability companies or other entities owned solely by such persons, including trusts for such persons, without consideration, subject to any restriction included in the grant agreement for the Benefit.

16. Other Provisions. The award of any Benefit under the Plan may also be subject to such other provisions (whether or not applicable to the Benefit awarded to any other participant) as the Committee determines appropriate, including, without limitation, for the forfeiture of, or restrictions on resale or other disposition of, Common Stock acquired under any form of Benefit, for the acceleration of exercisability or vesting of Benefits, or to comply with federal and state securities laws, or understandings or conditions as to the participant's employment or service in addition to those specifically provided for under the Plan.

17. Fair Market Value. For purposes of this Plan and any Benefits awarded hereunder, Fair Market Value on any given date means (i) if the Common Stock is listed on a national securities exchange on a last sale basis, the closing price reported as having occurred on the such date, or, if there is no sale on such date, then on the last preceding date on which such a sale was reported, or (ii) if the Common Stock is not listed on a national securities exchange on a last sale basis, the amount determined by the Committee to be the fair market value based upon a good faith attempt to value the Common Stock accurately. Notwithstanding, the Committee was authorized to determine another appropriate means to determine the Fair Market Value of the initial Stock Option and Restricted Stock Awards on October 2, 2006.

18. Withholding. All payments or distributions of Benefits made pursuant to the Plan shall be net of any amounts required to be withheld pursuant to applicable federal, state and local tax withholding requirements. If the Company proposes or is required to distribute Common Stock pursuant to the Plan, it may require the recipient to remit to it or to the corporation that employs such recipient an amount sufficient to satisfy such tax withholding requirements prior to the delivery of any certificates for such Common Stock. In lieu thereof, the Company or the employing corporation shall have the right to withhold the amount of such taxes from any other sums due or to become due from such corporation to the recipient as the Committee shall prescribe. The Committee may, in its discretion and subject to such rules as it may adopt (including any as may be required to satisfy applicable tax and/or non-tax regulatory requirements), permit a participant to pay all or a portion of the federal, state and local withholding taxes arising in connection with any Benefit consisting of shares of Common Stock by electing to have the Company withhold shares of Common Stock having a Fair Market Value equal to the amount of tax to be withheld, such tax calculated at minimum statutory withholding rates, or by tendering shares of Common Stock held by the participant.

19. Duration, Amendment and Termination.

(a) Amendment and Termination. The Company, by action of its Board of Directors, may amend the Plan from time to time or suspend or terminate the Plan at any time; provided, however, that the Board of Directors shall not amend the Plan without approval of the shareholders of the Company if such approval is required (i) in order to comply with the Code or other applicable laws, or to comply with applicable stock exchange requirements or (ii) in order to comply with subsection (b) below. No amendment or termination of this Plan shall, without the consent of the participant, materially impair any rights or obligations under any Benefit previously granted to the participant under the Plan, unless such right has been reserved in the Plan or the grant agreement, or except as provided in Section 20(f) below. Notwithstanding anything in the Plan to the contrary, the Board of Directors may amend the Plan in such manner as it deems appropriate in the event of a change in applicable law or regulations.

Table of Contents

(b) **No Repricing.** Except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding Benefits may not be amended to reduce the exercise price of outstanding Stock Options or the base amount of outstanding Stock Appreciation Rights or cancel outstanding Stock Options or Stock Appreciation Rights in exchange for cash, other awards or Stock Options or Stock Appreciation Rights with an exercise price or base amount, as applicable, that is less than the exercise price or base amount, as applicable, of the original Stock Options or Stock Appreciation Rights without shareholder approval.

(c) **Shareholder Approval for Performance-Based Awards.** The Plan must be reapproved by the Company's shareholders no later than the first shareholders meeting that occurs in the fifth year following the year in which the shareholders previously approved the provisions of Section 11, if Performance-Based Awards are to be made under Section 11 after the date of such shareholders meeting and if required by Section 162(m) of the Code or the regulations thereunder.

(d) **Termination of Plan.** The Plan shall terminate on the day immediately preceding the tenth (10th) anniversary of the 2011 Restatement Date, unless the Plan is terminated earlier by the Board of Directors or is extended by the Board of Directors with the approval of the shareholders. The termination of the Plan shall not impair the power and authority of the Committee with respect to outstanding Benefits. Incentive Stock Options shall not be granted after the date that is ten (10) years after the date on which the Board of Directors adopts the 2011 restatement of the Plan or the 2011 Restatement Date, whichever is earlier.

20. Miscellaneous.

(b) **Unfunded Plan.** Participants shall have no right, title, or interest whatsoever in or to any investments which the Company may make to aid it in meeting its obligations under the Plan. Nothing contained in the Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any participant, beneficiary, legal representative or any other person. To the extent that any person acquires a right to receive payments from the Company under the Plan, such right shall be no greater than the right of an unsecured general creditor of the Company. All payments to be made hereunder shall be paid from the general funds of the Company and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in the Plan. The Plan is not intended to be subject to the Employee Retirement Income Security Act of 1974, as amended.

(c) **No Fractional Shares.** No fractional shares of Common Stock shall be issued or delivered pursuant to the Plan or any Benefit. (e) Requirements for Issuance of Shares. No Common Stock shall be issued in connection with any Benefit hereunder unless and until all legal requirements applicable to the issuance of such Common Stock have been complied with to the satisfaction of the Committee. The Committee shall have the right to condition any Benefit granted to any participant hereunder on such participant's undertaking in writing to comply with such restrictions on his or her subsequent disposition of such shares of Common Stock as the Committee shall deem necessary or advisable, and certificates representing such shares may be legended to reflect any such restrictions. Certificates representing shares of Common Stock issued under the Plan will be subject to such stop-transfer orders and other restrictions as may be required by applicable laws, regulations and interpretations, including any requirement that a legend be placed thereon. No participant shall have any right as a shareholder with respect to Common Stock covered by a Benefit until shares have been issued to the participant.

(f) Compliance with Law. The Plan, the exercise of Stock Options or Stock Appreciation Rights and the obligations of the Company to issue or transfer shares of Common Stock in accordance with Benefits granted under the Plan shall be subject to all applicable laws and to approvals by any governmental or regulatory agency as may be required. In addition, it is the intent of the Company that Incentive Stock Options comply with the applicable provisions of section 422 of the Code, and Performance-Based Awards comply with the applicable provisions of section 162(m) of the Code. To the extent that any legal requirement of section 16 of the Exchange Act or section 422 or 162(m) as set forth in the Plan ceases to be required under section 16 of the Exchange Act or section 422 or 162(m) of the Code, that Plan provision shall cease to apply. The Committee may revoke any Benefit granted under the Plan if it is contrary to law or modify a Benefit to bring it into compliance with any valid and mandatory government regulation. The Committee may also adopt rules regarding the withholding of taxes on payments to participants. The Committee may also, in its sole discretion, agree to limit its authority under this Section.

(g) Benefits in Connection with Corporate Transactions and Otherwise. Nothing contained in this Plan shall be construed to (i) limit the right of the Committee to grant Benefits under this Plan in connection with the acquisition, by purchase, lease, merger, consolidation or otherwise, of the business or assets of any corporation, firm or association, including Benefits to employees thereof who become employees of the Company or its subsidiaries or affiliates, or for other proper corporate purposes, or (ii) limit the right of the Company to make stock-based awards outside of this Plan. Without limiting the foregoing, the Committee may grant Substitute Awards to an employee of another corporation who becomes an employee of the Company or its subsidiaries or affiliates by reason of a corporate merger, consolidation, acquisition of stock or property, reorganization or liquidation involving the

Company in substitution for a grant made by such corporation. The terms and conditions of the Benefits may vary from the terms and conditions required by the Plan and from those of the substituted stock incentives, as determined by the Committee.

(h) Section 409A. The Plan is intended to comply with the requirements of section 409A of the Code, to the extent applicable. All Benefits shall be construed and administered such that the Benefit either (A) qualifies for an exemption from the requirements of section 409A of the Code or (B) satisfies the requirements of section 409A of the Code. If a Benefit is subject to section 409A of the Code, (I) distributions shall only be made in a manner and upon an event permitted under section 409A of the Code, (II) payments to be made upon a termination of employment shall only be made upon a separation from service under section 409A of the Code, (III) unless the Benefit specifies otherwise, each installment payment shall be treated as a separate payment for purposes of section 409A of the Code, and (IV) in no event shall a participant, directly or indirectly, designate the calendar year in which a distribution is made except in accordance with section 409A of the Code. Any Benefit granted under the Plan that is subject to section 409A of the Code and that is to be distributed to a key employee (as defined below) upon separation from service shall be administered so that any distribution with respect to such Benefit shall be postponed for six months following the date of the participant's separation from service, if required by section 409A of the Code. If a distribution is delayed pursuant to section 409A of the Code, the distribution shall be paid within 30 days after the end of the six-month period. If the participant dies during such six-month period, any postponed amounts shall be paid within 90 days of the participant's death. The determination of key employees, including the number and identity of persons considered key employees and the identification date, shall be made by the Committee or its delegate each year in accordance with section 416(i) of the Code and the specified employee requirements of section 409A of the Code.

(i) Governing Law. This Plan, Benefits granted hereunder and actions taken in connection herewith shall be governed and construed in accordance with the laws of the Commonwealth of Pennsylvania (regardless of the law that might otherwise govern under applicable Pennsylvania principles of conflict of laws).

- (z) any Person becomes the Beneficial Owner of 30% or more of the Voting Power of the Company as a result of an issuance or sale of securities by the Company or any of its Subsidiaries.

Notwithstanding anything to the contrary herein, solely for the purpose of determining the timing of payment or timing of distribution of any compensation or benefit that constitutes non-qualified deferred compensation within the meaning of Section 409A of the Code, a Change in Control shall not be deemed to occur under this Plan unless the events that have occurred would also constitute a Change in the Ownership or Effective Control of a Corporation or in the Ownership of a Substantial Portion of the Assets of a Corporation under Treasury Department Final Regulation 1.409A-3(i)(5), or any successor provision.

For purposes of the Change in Control definition described in this Exhibit B, the following terms shall be defined accordingly:

ARMSTRONG WORLD INDUSTRIES, INC.

MANAGEMENT ACHIEVEMENT PLAN

As Amended effective as of June 24, 2011

1. Purpose.

The Armstrong World Industries, Inc. (the "Company") Management Achievement Plan (the "Plan") is designed to promote the financial success of the Company by recognizing the significant contributions key employees can make to the achievement of Company goals. The Plan's objectives are to motivate key Company and subsidiary employees to produce outstanding results by providing the opportunity to earn financial rewards in relation to the attainment of corporate, business unit and individual goals.

The Plan is based on the concept that the Company establishes for each participant at the beginning of the year a target incentive award based on the achievement of specific corporate, business unit and individual goals. When the year is over, the results actually achieved will be evaluated against these goals to determine the amount, if any, of compensation that may be paid to individuals participating in the Plan.

The Plan allows the Committee (described below) to make awards under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") that qualify for the performance-based compensation exemption of Section 162(m) ("Performance-Based Awards").

2. Administration.

The Plan shall be administered by the Management Development and Compensation Committee (the "Committee") of the Board of Directors of the Company with the advice and counsel of its Chief Executive Officer. Designated subsidiary companies may adopt this Plan. The Board may amend or terminate the Plan from time to time so

Table of Contents

long as the amendment or termination does not adversely affect any rights or obligations with respect to awards for the then-current year or any prior year which have not yet been paid.

3. Eligibility.

The intent of the Plan is to extend participation only to those key employees whose duties and responsibilities give them the opportunity to make a continuing material and substantial impact on the achievement of organization goals. The Chief Executive Officer of the Company may annually determine the non-executive officer participants and recommend executive officer participants to the Committee.

4. Incentive Awards.

- A) At the beginning of each year, the Chief Executive Officer shall present to the Committee recommended criteria for evaluating performance against corporate and business unit goals for the purposes of determining the level of incentive awards which may be paid for the year based upon actual results for the year.
- B) At the same time, the Chief Executive Officer shall recommend a target award expressed as a percentage of salary for each participant, which shall be subject to approval by the Committee.
- C) As soon as practical following the close of each year, the Chief Executive Officer shall evaluate the levels of corporate and business unit achievement and individual performance. Based on these factors, the Chief Executive Officer shall recommend to the Committee the percentage of the target award to be paid to each participant based on corporate and business unit results. Following the receipt of the recommendations from the Chief Executive Officer and its evaluation of achievement of the performance goals, the Committee shall determine the amount to be paid to participants based on corporate and business unit results. The maximum bonus achievement percentage for corporate and business unit performance shall be 200% of the

Table of Contents

target award. Within parameters established by the Committee, the Chief Executive Officer may increase or decrease the award payments for non-executive officer participants based on the Company's evaluation of their individual performance. The award payments for executive officer participants shall be approved by the Committee, and award payments under Performance-Based Awards shall not exceed the maximum amount determined based on achievement of the corporate and business unit results. All award payments authorized by the Committee will be final.

- D) The performance measures approved by the shareholders for determining awards under the Plan, which shall be used for all Performance-Based Awards, are based on the following business criteria: (i) net earnings; (ii) earnings per share; (iii) sales; (iv) operating income; (v) earnings before interests and taxes (EBIT); (vi) earnings before interest, taxes, depreciation and amortization (EBITDA); (vii) cash flow; (viii) working capital targets; (ix) return on equity; (x) return on capital; (xi) market price per share; (xii) total return to shareholders; (xiii) price-earnings multiples; (xiv) revenue; (xv) number of days sales outstanding in accounts receivable; (xvi) productivity; (xvii) margin; (xviii) net capital employed; (xix) growth in assets; (xx) unit volume; (xxi) market share; (xxii) economic value; (xxiii) relative performance to a comparison group designated by the Committee based on any of the foregoing criteria; or (xxiv) strategic business criteria consisting of one or more objectives based on meeting specified revenue goals, market penetration goals, customer growth, geographic business expansion goals, cost targets or goals relating to acquisitions or divestitures. The Committee may use the foregoing performance measures or other measures for awards that are not intended to be Performance-Based Awards. The Committee has established \$5 million as the maximum amount that may be paid to any participant in any one calendar year under the Plan.

Table of Contents

- E) The incentive award determined in accordance with the provisions of Paragraphs A through D of this Section 4 shall be reduced for such year as follows for Plan participants who are eligible to participate in the Bonus Replacement Retirement Plan of Armstrong World Industries, Inc.:
- (1) If a Plan participant's grade level is 18 or 19 as of January 1 of the calendar year for which the incentive award is determined, the incentive award otherwise payable shall be reduced by the lesser of (i) 50% of the amount determined under Paragraphs A through D, (ii) \$7,500 or (iii) the authorized contribution to the Bonus Replacement Retirement Plan.
 - (2) If a Plan participant's grade level is 20 or 21 as of January 1 of the calendar year for which the incentive award is determined, the incentive award otherwise payable shall be reduced by the lesser of (i) 50% of the amount determined under Paragraphs A through D, (ii) \$15,000 or (iii) the authorized contribution to the Bonus Replacement Retirement Plan.
 - (3) If a Plan participant's grade level is 22 or higher as of January 1 of the calendar year for which the incentive award is determined, the incentive award otherwise payable shall be reduced by the lesser of (i) 50% of the amount determined under Paragraphs A through D, (ii) \$20,000 or (iii) the authorized contribution to the Bonus Replacement Retirement Plan.

5. Time of Payment.

Awards under this Plan shall be paid as soon as practicable after the yearly financial results have been determined, but no later than March 15 after the end of the year for which the award is earned.

6. Condition of Award.

Except as provided herein, an employee must be employed on the payment date for an award in order to be eligible to receive an award under the Plan for the applicable year. Plan participants who retire, become disabled, die or are involuntarily terminated for

reasons other than cause on or after the last workday of March may be eligible for a prorated award based on the Company's evaluation of their individual performance and based on achievement of the corporate or business unit performance goals. Employees who voluntarily terminate employment at any time from the beginning of the year until the award for that year is paid are not eligible for an award. The Committee, in its absolute discretion, may determine to direct payment of all or any portion of an award to an individual notwithstanding the preceding two sentences; provided that any award that is intended to be a Performance-Based Award shall be subject to the requirements set forth in Section 7.

7. Performance-Based Awards under Section 162(m).

- A) Grants of Performance-Based Awards. Any awards under the Plan may be granted in a manner such that the awards qualify as Performance-Based Awards under Section 162(m) of the Code. With respect to Performance-Based Awards, the Committee shall establish in writing (i) the performance goals applicable to a given year, and such performance goals must state, in terms of an objective formula or standard, the method for computing the amount of compensation payable to the participant if the performance goals are attained, and (ii) the individual employees to which such performance goals apply. The performance goals must be established in writing no later than 90 days after the commencement of the applicable year (but in no event after 25% of the year has elapsed).
- B) Certification of Performance. No Performance-Based Awards will be payable to any participant for a year until the Committee certifies in writing that the objective performance goals (and any other material terms) applicable to the award have been satisfied.
- C) Modification of Performance-Based Awards. With respect to any awards intended to qualify as Performance-Based Awards, after establishment of a performance goal, the Committee shall not increase the amount of

compensation payable thereunder (as determined in accordance with Section 162(m) of the Code) upon the attainment of such performance goal. The Committee may reduce or eliminate the amount of award payable upon the attainment of a performance goal, based on such terms and conditions as the Committee deems appropriate. The Committee may make such changes to performance goals and Performance-Based Awards as the Committee deems appropriate in the event of a change in corporate capitalization, corporate transaction or other corporate event as permitted by Section 162(m).

- D) Impact Of Extraordinary Items Or Changes In Accounting. To the extent applicable, subject to the following sentence and unless the Committee determines otherwise, the determination of the achievement of performance goals shall be determined based on the relevant financial measure, computed in accordance with U.S. generally accepted accounting principles (GAAP), and in a manner consistent with the methods used in the Company s audited financial statements. To the extent permitted by Section 162(m), in setting the performance goals for Performance-Based Awards within the period prescribed in subsection (A), the Committee may provide for appropriate adjustment as it deems appropriate, including for one or more of the following items: asset write-downs; litigation or claim judgments or settlements; changes in accounting principles; changes in tax law or other laws affecting reported results; changes in commodity prices; severance, contract termination, and other costs related to exiting, modifying or reducing any business activities; costs of, and gains and losses from, the acquisition, disposition, or abandonment of businesses or assets; gains and losses from the early extinguishment of debt; gains and losses in connection with the termination or withdrawal from a pension plan; stock compensation costs and other non-cash expenses; any extraordinary non-recurring items as described in applicable Accounting Principles Board opinions or in management s discussion and analysis of financial condition and results of operation appearing in the

- E) Death, Disability or Other Circumstances. The Committee may provide that Performance-Based Awards may be payable, in whole or in part, in the event of a participant's death or disability, a change in control or under other circumstances consistent with the requirements of Section 162(m) of the Code.

8. Miscellaneous Provisions.

- A) No Assignment or Transfer. Awards are payable only to the participant, except in the case of death or legal incapacity at the time of payment, the award may be paid to his heirs, estate or legal guardian. No awards under the Plan or any rights or interests therein shall be assignable or transferable by a participant.
- B) No Rights to Awards. No employee or other person shall have any claim or right to be granted an award under the Plan. Neither the Plan nor any action taken hereunder shall be construed as giving any employee any right to be retained in the employ of the Company or any of its subsidiaries.
- C) Withholding Taxes. The Company shall have the right to deduct from all awards hereunder all taxes required by law to be withheld with respect to such awards.
- D) Funding of Plan. The Company shall not be required to establish any special or separate fund or to make any other segregation of assets to assure the payment of any award under the Plan.
