Item 8.01 Other Events.

On February 21, 2012, Calumet Refining, LLC ("Calumet Refining"), which is owned by the owners of the general partner of Calumet Specialty Products Partners, L.P. (the "Partnership"), entered into a nonbinding letter of intent with WBI Holdings, Inc. ("WBI"), a wholly owned subsidiary of MDU Resources Group, Inc., to explore the feasibility of Calumet Refining and WBI jointly building and operating a 20,000 barrel per day diesel refinery in southwestern North Dakota that would process Bakken crude and market the diesel within the Bakken region. Site selection, permitting, crude oil feed procurement, marketing and engineering studies by Calumet Refining and WBI are currently underway.

If the project is pursued and successfully completed, the Partnership expects that Calumet Refining would contribute its interest in the joint venture to the Partnership in exchange for cash and/or partnership interests in the Partnership. However, the terms of any such contribution would be subject to approval by the conflicts committee of the board of directors of the Partnership's general partner.
