PROXY STATEMENT

FOR THE

2012 ANNUAL MEETING OF STOCKHOLDERS

This proxy statement and proxy card are furnished in connection with the solicitation of proxies to be voted at our annual meeting of stockholders, which will be held at the Four Seasons Hotel, 98 San Jacinto Boulevard, Austin, Texas, U.S.A. 78701-4039, on Thursday, May 17, 2012 at 8:30 a.m. local time. On April 5, 2012, we began mailing to stockholders of record a Notice of Internet Availability of Proxy Materials (Notice).

Why did I receive a Notice of Internet Availability of Proxy Materials in the mail instead of a printed set of proxy materials?

Pursuant to rules adopted by the Securities and Exchange Commission (SEC), we are permitted to furnish our proxy materials over the Internet to our stockholders by delivering a Notice in the mail. As a result, you have not been provided a printed copy of the proxy materials in the mail. Instead, the Notice instructs you on how to access and review the proxy statement and annual report over the Internet at www.proxyvote.com. The Notice also instructs you on how you may submit your proxy over the Internet. If you would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting these materials contained in the Notice.

What is the purpose of these materials?

You have received these proxy materials because our Board is soliciting your proxy to vote your shares at the annual meeting. This proxy statement describes issues on which we would like you to vote at our annual meeting of stockholders and gives you information on these issues so that you can make an informed decision.

Our Board has made this proxy statement and proxy card available to you on the Internet because you own shares of SolarWinds, Inc. common stock, in addition to delivering printed versions of this proxy statement and proxy card to certain stockholders by mail.

When you vote by using the Internet, by telephone or (if you received your proxy card by mail) by signing and returning the proxy card, you appoint Kevin B. Thompson and Michael J. Berry as your representatives at the annual meeting. They will vote your shares at the annual meeting as you have instructed them or, if an issue that is not on the proxy card comes up for vote, in accordance with their best judgment. Consequently, your shares will be voted whether or not you attend the annual meeting. Even if you plan to attend the annual meeting, we encourage you to vote in advance by using the Internet, by telephone or (if you received your proxy card by mail) by signing and returning your proxy card.

Who is entitled to vote?

Holders of our common stock at the close of business on March 19, 2012 are entitled to vote. March 19, 2012 is referred to as the record date.

In accordance with Delaware law, a list of stockholders entitled to vote at the meeting will be available at the place of the annual meeting on May 17, 2012 and will be accessible in electronic form for ten days prior to the meeting at our principal place of business, 3711 South MoPac Expressway, Building Two, Austin, Texas 78746, between the hours of 9:00 a.m. and 5:00 p.m local time.

Table of Contents

To how many votes is each share of common stock entitled?

Holders of common stock are entitled to one vote per share. On the record date, there were 73,873,944 shares of our common stock outstanding and entitled to vote.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with the Company's transfer agent, American Stock Transfer & Trust Company, you are considered, with respect to those shares, to be a stockholder of record. The Notice has been or will be sent directly to you, unless you previously requested printed copies of our proxy materials.

If your shares are held in a brokerage account or by a bank or other holder of record, you are considered the beneficial owner of those shares held in street name. In this case, the Notice has been or will be sent to you by your broker, bank or other holder of record who is considered, with respect to those shares, to be the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote the shares in your account.

How do I vote?

Stockholders of record may vote by using the Internet, by telephone or (if you received a proxy card by mail) by mail as described below. Stockholders also may attend the meeting and vote in person.

Through the Internet. The address of the website for Internet voting is www.proxyvote.com. Internet voting is available 24 hours a day and will be accessible until 11:59 p.m. Eastern Time on May 16, 2012. Easy-to-follow instructions allow you to vote your shares and confirm that your instructions have been properly recorded.

By telephone. The toll-free telephone number is noted on your proxy card. Telephone voting is available 24 hours a day and will be accessible until 11:59 p.m. Eastern Time on May 16, 2012. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded.

By mail. If you received a proxy card by mail and choose to vote by mail, simply mark your proxy card, date and sign it, and return it in the postage-paid envelope.

The method you use to vote will not limit your right to vote at the annual meeting, if you decide to attend in person. Written ballots will be passed out to anyone who wants to vote at the annual meeting.

If you hold shares in street name through a bank or broker, please refer to your proxy card, Notice or other information forwarded by your bank or broker to see which voting options are available to you. You must obtain a proxy, executed in your favor, from the holder of record to be able to vote in person at the annual meeting.

What if I change my mind after I return my proxy?

You may revoke your proxy and change your vote at any time before the polls close at the annual meeting. You may do this by:

submitting a subsequent proxy by using the Internet, by telephone or by mail with a later date;

sending written notice of revocation to Corporate Secretary, SolarWinds, Inc., 3711 South MoPac Expressway, Building Two, Austin, Texas 78746; or

Edgar Filing: SolarWinds, Inc. - Form DEF 14A

voting in person at the annual meeting.
Attendance at the meeting will not by itself revoke a proxy.

Table of Contents

How many votes do you need to hold the annual meeting?

The presence, in person or by proxy, of the holders of a majority of the votes entitled to be cast at the annual meeting will constitute a quorum. If a quorum is present, we can hold the annual meeting and conduct business.

On what items am I voting?

You are being asked to vote on four items:

the election of two Class III directors nominated by the Board and named in the proxy statement to serve a term of three years until our 2015 annual meeting of stockholders (Proposal One);

the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accountants for the year ending December 31, 2012 (Proposal Two);

the approval, by non-binding vote, of the compensation of the named executive officers (Proposal Three); and

a stockholder proposal regarding majority voting in director elections (Proposal Four).

No cumulative voting rights are authorized, and dissenters' rights are not applicable to these matters.

How may I vote for the nominees for director, and how many votes must the nominees receive to be elected?

With respect to the election of nominees for director, you may:

vote FOR the election of the two nominees for director;

WITHHOLD AUTHORITY to vote for one of the nominees and vote FOR the remaining nominee; or

WITHHOLD AUTHORITY to vote for the two nominees.

The two nominees receiving the highest number of affirmative votes will be elected as directors. This number is called a plurality. If you hold shares of common stock through a bank or broker, your bank or broker will vote your shares for you if you provide instructions on how to vote the shares. Abstentions are not votes cast and will have no effect on the outcome.

What happens if a nominee is unable to stand for election?

If a nominee is unable to stand for election, the Board may either:

reduce the number of directors that serve on the Board; or

designate a substitute nominee.

Edgar Filing: SolarWinds, Inc. - Form DEF 14A

If the Board designates a substitute nominee, shares represented by proxies voted for the nominee who is unable to stand for election will be voted for the substitute nominee.

How may I vote for the ratification of the appointment of our independent registered public accountants, and how many votes must the proposal receive to pass?

With respect to the proposal to ratify the appointment of our independent registered public accountants, you may:

vote FOR the proposal;

vote AGAINST the proposal; or

ABSTAIN from voting on the proposal.

Table of Contents

The ratification of the appointment of our independent registered public accountants must receive the affirmative vote of a majority of the shares of our common stock represented in person or by proxy at the annual meeting. If you abstain from voting on the proposal, it will have the same effect as a vote against the proposal.

How may I vote for the approval of the compensation of the named executive officers, and how many votes must the proposal receive to pass?

With respect to the proposal to approve the compensation of the named executive officers, or the Say on Pay vote, you may:

vote FOR the proposal;

vote AGAINST the proposal; or

ABSTAIN from voting on the proposal.

The affirmative vote of a majority of the shares of our common stock represented in person or by proxy at the annual meeting is required to approve the compensation paid to the named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, in this proxy statement. The vote to approve the compensation paid to our named executive officers is an advisory vote only and, therefore, the result of that vote will not be binding on our Board or Compensation Committee. Our Compensation Committee will, however, consider the outcome of the vote when determining future executive compensation arrangements. If you abstain from voting on the proposal, it will have the same effect as a vote against the proposal.

How may I vote for the stockholder proposal regarding majority voting in director elections, and how many votes must the proposal receive to pass?

With respect to the stockholder proposal regarding majority voting in director elections, you may:

vote FOR the proposal;

vote AGAINST the proposal; or

ABSTAIN from voting on the proposal.

The affirmative vote of a majority of the shares of our common stock represented in person or by proxy at the annual meeting is required to approve the stockholder proposal. If you abstain from voting on the proposal, it will have the same effect as a vote against the proposal.

How does the board of directors recommend that I vote?

The Board recommends a vote:

FOR both director nominees;

FOR the ratification of the appointment of our independent registered public accountants;

Edgar Filing: SolarWinds, Inc. - Form DEF 14A

FOR the approval of the compensation of the named executive officers; and

AGAINST the stockholder proposal regarding majority voting in director elections.

What happens if I sign and return my proxy card but do not provide voting instructions?

If you return a signed card but do not provide voting instructions, your shares will be voted in favor of the above-listed Board recommendations.

Table of Contents

What happens if I do not give specific voting instructions?

Stockholder of Record. If you are a shareholder of record and you either:

indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board; or

sign and return a proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the annual meeting. See the section entitled *Other Matters* below.

Beneficial Owners of Shares Held in Street Name. If your shares are held in street name and you do not provide the organization that holds your shares with specific voting instructions, the organization that holds your shares may vote your shares only on routine matters, such as the ratification of the appointment of our independent registered public accountants described in this proxy statement. Proposals One, Three and Four in this proxy statement are considered non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a broker non-vote. Broker non-votes that are represented at the annual meeting will be counted for purposes of establishing a quorum, but not for determining the number of shares voted for or against the non-routine matter.

We encourage you to provide instructions to your bank or brokerage firm through one of the voting methods they have provided. This action ensures your shares will be voted at the meeting in accordance with your wishes.

How are broker non-votes and abstentions treated?

Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present. With respect to the various proposals:

Proposal One: Abstentions and broker non-votes will not count as a vote FOR or WITHHELD with respect to a nominee's election and thus will have no effect.

Proposal Two: Abstentions will be counted towards the vote total and will have the same effect as votes against this proposal. The approval of Proposal Two is a routine matter on which a broker or other nominee is generally empowered to vote. Accordingly, no broker non-votes will likely result from this proposal.

Proposals Three and Four: Abstentions will be counted towards the vote total and will have the same effect as votes against this proposal. Broker non-votes will have no effect on these proposals as brokers are not entitled to vote on these proposals in the absence of voting instructions from the beneficial owner.

It is important that you provide voting instructions to your bank or broker, so that your shares may be voted in the election of directors.

What do I need to show to attend the annual meeting in person?

For beneficial owners of shares held in street name, you will need proof of your share ownership and a form of photo identification. Proof of share ownership may be a recent brokerage statement or letter from your broker showing that you owned shares of our common stock as of March 19, 2012. For stockholders of record, you will need a copy of your Notice of Internet Availability of Proxy Materials or proxy card and photo identification. If you do not have the above-listed materials, you may not be admitted to the annual meeting. All bags, briefcases and packages will be held at registration and will not be allowed in the meeting.

Class II Directors (Terms Expire in 2014)

Mark Bonham is currently a partner with SageCreek Partners LLC, a mentor capital and business consulting company. From July 2007 to September 2008, he practiced law at Ray Quinney & Nebeker, a leading Salt Lake City law firm, where he was a member of the Technology Committee and Chair of the Venture Section. For the preceding twenty years, Mr. Bonham was an associate and, then, a partner at Wilson Sonsini Goodrich & Rosati, a leading Silicon Valley-based law firm, where he served at various times as a member of the Hiring (lead partner), WS Investments, Technology, Compensation and Knowledge Management (co-chair) Committees in addition to his corporate and securities practice. Mr. Bonham received a B.A. in economics from Brigham Young University and a J.D. from Harvard Law School. We believe that Mr. Bonham's legal, financial, corporate governance knowledge and business expertise, including his experience acting as an advisor to many private and public technology companies, make him well-qualified to serve as a Director.

Steven M. Cakebread has served as the Chief Financial Officer of Pandora Media, Inc., a publicly-traded Internet radio company, since March 2011. From February 2009 to August 2009, he served as the Senior Vice President, Chief Financial Officer and Chief Administrative Officer at Xactly Corporation, a provider of on-demand sales performance management software, where he was responsible for financial operations, legal, information technology, facilities and human resources. From February 2008 to January 2009, Mr. Cakebread served as the President and Chief Strategy Officer of salesforce.com, a publicly-traded software company that provides customer relationship management services, and as Executive Vice President and Chief Financial Officer of salesforce.com from May 2002 to February 2008. In his various positions at salesforce.com, Mr. Cakebread was responsible for managing the company's global financial staff and initiatives and evaluating its software service deliverability. From April 1997 to April 2002, Mr. Cakebread served as Senior Vice President and Chief Financial Officer at Autodesk, a software company. From April 1992 to April 1997, he was Vice President of Finance for Silicon Graphics World Trade, a subsidiary of a company that developed high-performance computing and data management hardware and software. Mr. Cakebread received a B.S. from the University of California at Berkeley and an M.B.A. from Indiana University. Mr. Cakebread also serves on the board of directors of eHealth, Inc. (NASDAQ: EHTH) and ServiceSource. We believe that Mr. Cakebread's considerable management, operational and financial expertise, including a deep understanding of public company accounting principles and financial reporting rules and regulations, and his insight into opportunities and challenges facing global technology companies fostered as a senior officer of various software companies make him well-qualified to serve as a Director.

Roger J. Sippl has been a Managing Member and Partner of Sippl Investments, LLC, a venture capital firm, since 1998. In 2002, Mr. Sippl founded Above All Software, Inc., a business integration software company, and served as its Chief Executive Officer until April 2005 and as its Chairman of the Board from April 2005 until March 2007. Mr. Sippl served as the Chief Executive Officer and Chairman of the Board of Visigenic Software, Inc., a software development tools provider that he founded, from 1993 until it was acquired by Borland International, Inc. in 1998. He co-founded The Vantive Corporation, a global enterprise software company specializing in customer relationship management software that was acquired by PeopleSoft, Inc. in 2000. From 1980 to 1989, Mr. Sippl served as Chief Executive Officer of Informix Corporation, a database company that he founded, and from 1989 to 1993, as its Chairman of the Board of Directors. Mr. Sippl was also a director of Interwoven from April 2007 until it was acquired by Autonomy Corporation plc in March 2009. Mr. Sippl holds a B.S. in computer science from the University of California at Berkeley. We believe that Mr. Sippl's business experience as a director and senior officer in several technology companies and his expertise in software in particular make him well-qualified to serve as a Director.

CORPORATE GOVERNANCE

Board Leadership

Currently, we do not have a Chairman of the Board. In the meantime, our Lead Independent Director, Steven M. Cakebread, acts as chairperson for regular meetings in addition to his role as chairperson of the executive sessions of the independent directors of the Board. Following an executive session of independent directors, the Lead Independent Director acts as a liaison between the independent directors and the Board regarding any specific feedback or issues. The Lead Independent Director also provides management with input regarding schedule and agenda items for Board and committee meetings and information to be provided to the independent directors in performing their duties. In addition, each of the committees of the Board is chaired by an independent director.

Because all but one of the Company's Board members is an independent director, we believe that our Lead Independent Director not only fulfills the responsibilities of a Chairman of the Board, but also promotes efficient communication throughout the Board and allows us to make decisions efficiently to properly serve our stockholders. Therefore, we do not believe, at this time, a Chairman of the Board is necessary.

Risk Oversight

Our business is subject to various types of risk, including competitive, technological, legal, personnel, financial and many others. While no one can foresee and eliminate every risk of negative events, our board is charged with, among other things, overseeing our risk management processes implemented by management and ensuring that necessary steps are taken to foster a culture of risk-adjusted decision-making throughout our organization. Our Board believes that each of our directors other than Mr. Thompson is independent under the rules of the NYSE and the Board believes that this independence provides effective oversight of management. The Board regularly reviews information and reports from members of senior management on areas of material risk, including operational, financial, legal and regulatory, and strategic and reputational risks. The Compensation Committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. The Audit Committee oversees management of operational, financial, legal and regulatory risks. The Nominating and Governance Committee manages risks associated with the independence of the Board and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed through committee reports about such risks.

Board Committees

Our Board has three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Governance Committee. Pursuant to our Corporate Governance Guidelines, each committee consists entirely of directors who meet the requirement for independence under applicable NYSE and SEC rules as further described below under the caption Director Independence. Our Board has adopted a charter for each committee that is available without charge, upon request in writing to SolarWinds, Inc., 3711 South MoPac Expressway, Building Two, Austin, Texas 78746, Attn: General Counsel or on the investor relations portion of our website at www.solarwinds.com. We believe that each of our committee charters and the functioning of each committee comply with the applicable requirements of the NYSE and SEC rules and regulations.

The Board has approved that, effective on the date of this year's annual meeting, (i) Ms. Siminoff will become a member of the Compensation Committee and cease to be a member of the Audit Committee and (ii) Mr. Sippl will become a member of the Audit Committee.

The primary responsibilities of each committee are described below.

Audit Committee

The Company has a separately-designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee oversees our corporate accounting and financial reporting processes. The Audit Committee also:

evaluates our independent auditors' qualifications, independence and performance;

determines the engagement of our independent auditors;

pre-approves the retention of our independent auditors to perform any proposed permissible non-audit services;

monitors the performance of the Company's internal audit function and independent auditors;

monitors the rotation of partners of our independent auditors on our engagement team;

monitors the Company's compliance with legal and regulatory requirements;

reviews our financial statements and reviews our critical accounting policies and estimates; and

reviews and discusses with management and our independent auditors the results of the annual audit and the quarterly reviews of our financial statements.

The members of the Audit Committee have been determined to be independent in accordance with the requirements of Section 303.01(B)(2)(a) and (3) of the NYSE listing standards and the requirements of Section 10A(m)(3) of the Exchange Act. In addition, each member of the Audit Committee is a financial expert as contemplated by the rules of the SEC implementing Section 407 of the Sarbanes Oxley Act of 2002 and

Edgar Filing: SolarWinds, Inc. - Form DEF 14A

fulfills the accounting or related financial management expertise requirements set forth in the NYSE Corporate Governance Rules.

Compensation Committee

The Compensation Committee has the general responsibility of overseeing our compensation and benefit programs, including the following:

overseeing our compensation philosophy;

reviewing and recommending policies relating to compensation and benefits of our executive officers, employees and outside directors;

Table of Contents

reviewing and approving corporate goals and objectives relevant to the compensation of our Chief Executive Officer and other executive officers;

evaluating the performance of our executive officers in light of established goals and objectives;

setting compensation of our executive officers based on their evaluations;

preparing the compensation discussion and analysis and report of the Compensation Committee that the SEC requires in our annual proxy statements;

making recommendations to our Board regarding our equity compensation plans and administering the same; and

reviewing and evaluating, at least annually, its own performance and that of its members, including compliance with the committee charter.

Our Board has determined that each member of our Compensation Committee is a non-employee director, as defined by Rule 16b-3 promulgated under the Exchange Act, and an outside director, as defined pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended.

Nominating and Governance Committee

The Nominating and Governance Committee identifies individuals qualified to become Board members and assists our Board in reviewing and recommending nominees for election as directors. The Nominating and Governance Committee also:

oversees and evaluates the qualifications and performance of the members of our Board and management;

develops and recommends to the Board our corporate governance principles;

oversees compliance by the Board and its committees with applicable laws and regulations;

reviews and assesses the composition and performance of our Board; and

administers our Code of Business Conduct and Ethics.

Director Independence

Our Corporate Governance Guidelines, which may be found at the investor relations portion of our website at www.solarwinds.com, state that our Board shall have a majority of directors who meet the criteria for independence established by applicable law, including the Sarbanes-Oxley Act of 2002, the rules and regulations of the SEC and those of the NYSE. The Nominating and Governance Committee annually reviews the independence of each Board nominee, conducts a periodic review of the independence of the other members of the Board and its Committees and reports its findings to the full Board. Based on the report and recommendation of the Nominating and Governance Committee, the Board has determined that each of the nominees standing for election to the Board at the annual meeting satisfies the independence criteria (including the enhanced criteria with respect to members of the Audit Committee) set forth in the applicable NYSE listing standards and SEC rules. Each Board committee member qualifies as a non-employee director within the meaning of Rule 16b-3 under the Exchange Act.

Edgar Filing: SolarWinds, Inc. - Form DEF 14A

For a director to be considered independent, the Board must determine that the director does not have any direct or indirect material relationships (including vendor, supplier, consulting, legal, banking, accounting, charitable and family relationships) with us, other than as a director and a stockholder. NYSE listing standards set forth certain circumstances in which a director may not be deemed independent, including certain relationships that exist at the time of the determination or during the prior three years. Under these NYSE listing standards, Mr. Thompson could not be independent because he is a Company employee.

Table of Contents

With respect to our non-employee directors, the Board considered all relevant facts and circumstances in making its determinations of independence, including the following:

None of our non-employee directors receives any direct compensation from us other than under the director compensation plan;

No immediate family member (within the meaning of the NYSE listing standards) of any non-employee director is an employee or otherwise receives direct compensation from us;

No non-employee director is an employee of our independent accountants and no non-employee director (or any of their respective immediate family members) is a current partner of our independent accountants, or was within the last three years, a partner or employee of our independent accountants and personally worked on our audit;

No non-employee director is a member, partner, or principal of any law firm, accounting firm or investment banking firm that receives any consulting, advisory or other fees from us;

None of our executive officers is on the compensation committee of the board of directors of a company that employs any of our non-employee directors (or any of their respective immediate family members) as an executive officer;

No non-employee director (or any of their respective immediate family members) is indebted to us and we are not indebted to any non-employee director (or any of their respective immediate family members); and

No non-employee director serves as an executive officer of a charitable or other tax-exempt organization that received contributions from us.

Communications to the Board of Directors

Stockholders and any other interested parties may communicate with the members of the Board by sending a letter to our Corporate Secretary at 3711 South MoPac Expressway, Building Two, Austin, Texas 78746 or a fax to (512) 682-9301. Our Corporate Secretary reviews all incoming stockholder communications (except for: mass mailings; product complaints or inquiries; job inquiries; business solicitations; and patently offensive or otherwise inappropriate material) and, if appropriate, routes such communications to the appropriate member of the Board, or if none is specified, to the Chairman of the Board (or director acting in such capacity at the time).

Director Nomination Procedures

The Nominating and Governance Committee has the responsibility for reviewing and recommending to the Board candidates for director positions. The Nominating and Governance Committee may take into consideration the number of shares held by the recommending stockholder and the length of time that such shares have been held.

The Nominating and Governance Committee, in evaluating Board candidates, considers factors such as professional background and skills, personal character, values and discipline, ethical standards, diversity and other outside commitments, all in the context of an assessment of the needs of the Board at the time. The Committee's objective is to maintain a Board of individuals of the highest personal character, integrity and ethical standards, and that reflects a range of professional backgrounds and skills relevant to our business. The Nominating and Governance Committee considers diversity in identifying nominees for director, including personal characteristics such as race and gender, as well as diversity in the experience and skills that contribute to the Board's performance of its responsibilities in the oversight of a global technology business.

Edgar Filing: SolarWinds, Inc. - Form DEF 14A

The Nominating and Governance Committee will consider director candidates recommended by stockholders in accordance with the procedures and requirements set forth in our bylaws. To have a candidate considered by the Nominating and Governance Committee, in accordance with our bylaws, a stockholder must submit its recommendation in writing and must include the following information:

the name of the stockholder and evidence of the person's ownership of our stock, including the number of shares owned and the length of time of ownership;

Table of Contents

the name of the candidate, the candidate's resume or a listing of his or her qualifications to be a director; and

the written consent of the proposed candidate to be named as a nominee and to serve as a director if elected.

The Nominating and Governance Committee believes that the minimum qualifications for serving as a director are that a nominee demonstrate: accomplishment in his or her field; an ability to make a meaningful contribution to the Board's oversight of our business and affairs; and a record and reputation for integrity and ethical conduct in both his or her professional and personal activities. In addition, the Nominating and Governance Committee examines: a candidate's specific experiences and skills; industry background and knowledge; time availability in light of other commitments; potential conflicts of interest; interpersonal skills and compatibility with the Board; ability to complement the competency and skills of the other Board members; and independence from management and the Company. The Nominating and Governance Committee also seeks to have the Board represent a diversity of backgrounds and experience.

The Nominating and Governance Committee annually reviews with the Board the requisite skills and characteristics of Board members, as well as the composition of the Board as a whole. This assessment includes a consideration of independence, diversity, age, skills, experience and industry backgrounds in the context of the needs of the Board and the Company, as well as the ability of current and prospective directors to devote sufficient time to performing their duties in an effective manner. Directors are expected to exemplify the highest standards of personal and professional integrity; and to constructively challenge management through their active participation and questioning. In particular, the Nominating and Governance Committee seeks directors with established strong professional reputations and expertise in areas relevant to the strategy and operations of the Company's businesses.

Board Meetings and Attendance

The Board held seven (7) meetings in 2011. During 2011, each member of the Board attended 75% or more of the aggregate of (i) the total number of Board meetings held during the period of such member's service and (ii) the total number of meetings of committees on which such member served, during the period of such member's service.

Director Attendance at Annual Meetings of Stockholders

Directors are encouraged, but not required, to attend our annual stockholder meetings. All of our current directors attended our 2011 annual stockholder meeting.

Non-Employee Director Compensation

The Compensation Committee reviews and makes recommendations to the Board regarding the form and amount of compensation for non-employee directors. Directors who are employees of the Company receive no additional compensation for service on the Board. The Company's director compensation program is designed to enable continued attraction and retention of highly qualified directors by ensuring that director compensation is in line with peer companies competing for director talent, and is designed to address the time, effort, expertise and accountability required of active Board membership. In general, the Compensation Committee and the Board believe that annual compensation for non-employee directors should consist of both a cash component, designed to compensate members for their service on the Board and its Committees, and an equity component, designed to align the interests of directors and stockholders and, by vesting over time, to create an incentive for continued service on the Board.

2011 Director Compensation Plan

In October 2010, our Compensation Committee engaged Compensia, a third-party compensation consultant, to, among other things, review our director compensation plan. Compensia conducted a review of our

Table of Contents

compensation plan, summarized recent trends in director compensation and recommended certain revisions. The recommended revisions were aimed to change our compensation program to be competitive with those compensation programs at comparable companies. Our Compensation Committee selected a group of comparable companies based on a number of factors, including size, industry focus, growth rate, complexity of operations and tenure as a publicly-traded company. These companies (2011 Peer Group) included the following:

Advent Software	NetSuite
ArcSight	Qlik Technologies
Art Technology Group	Rightnow Technologies
Athenahealth	Salesforce.com
CommVault Systems	Sourcefire
Constant Contact	SuccessFactors
Fortinet	Taleo
Isilon Systems	Ultimate Software Group
Netezza Corp	

Compensia advised our Compensation Committee to, among other things, (i) decrease the general Board member retainer, (ii) increase the retainer amounts with respect to the chair and members of the Compensation Committee, (iii) increase the value of the initial and annual equity grants, and (iv) establish an annual retainer to be paid to an outside chair of the Board, if one is elected. Based on this advice, our Compensation Committee recommended, and our Board approved, a director compensation plan for all non-employee directors effective on May 19, 2011, as follows (all retainers are annual amounts paid quarterly):

General Board member retainer	\$40,000
Lead director retainer	\$15,000
Outside chair retainer	\$20,000
Audit Committee Chair retainer	\$24,000
Compensation Committee Chair retainer	\$15,000
Nominating and Governance Committee Chair retainer	\$7,500
Audit Committee member retainer	\$12,000
Compensation Committee member retainer	\$7,500
Nominating and Governance Committee member retainer	\$3,750
Initial equity grant	\$360,000 value (75% stock options and 25% restricted stock units)(1)(2)
Annual equity grant	\$180,000 (75% stock options and 25% restricted stock units)(1)(3)

- (1) Value of the stock options to be determined as of the date of grant using the Black-Scholes option-pricing model. All options granted shall have an exercise price equal to the closing price per share of our common stock on the date of grant.
- (2) Grant is awarded on or about the date on which such person first becomes a non-employee director. This initial equity grant applies only to non-employee directors becoming a director after the date of adoption of the revised director compensation plan. One-third of each stock option vests on the first anniversary of the grant date, with the remainder vesting ratably over the next 24 months, subject to continued service through each applicable date. One-third of each restricted stock unit vests on each of the first three anniversaries of the vesting commencement date, subject to continued service through each applicable date.
- (3) Grant is awarded to continuing directors on each date of our annual meeting of stockholders if, as of such date, a director has served on the Board for at least the preceding six months. Each equity award will fully vest on the earlier of (i) the date of the next year's annual stockholder meeting or (ii) December 31 of the calendar year following the calendar year in which the award is granted, subject to continued service through the applicable date.

Table of Contents*2012 Director Compensation Plan*

In October 2011, Compensia conducted another review of our compensation plan and those compensation programs at comparable companies. These companies (2012 Peer Group) included the following:

Advent Software	PegaSystems
Athenahealth	Qlik Technologies
CommVault Systems	Realpage
Concur Technologies	Rightnow Technologies
Constant Contact	Sourcefire
Fortinet	SuccessFactors
NetSuite	Taleo
OpenTable	Ultimate Software Group

Upon review, the Compensation Committee determined that certain changes needed to be made such that the total compensation for directors would be approximately at the 75th percentile for directors in the 2012 Peer Group. In response to this determination, Compensia recommended that our director compensation plan be amended to increase the value of the annual grant of equity, alter the mix of stock options and RSUs in the annual and initial grants of equity, and increase most of the annual retainers. Our Compensation Committee recommended, and our Board later approved, these advised changes to be effective on the date of the annual meeting. Therefore, as of May 17, 2012, our director compensation plan will be as follows (all retainers are annual amounts paid quarterly):

General Board member retainer	\$40,000
Lead director retainer	\$20,000
Outside chair retainer	\$20,000
Audit Committee Chair retainer	\$26,000
Compensation Committee Chair retainer	\$16,000
Nominating and Governance Committee Chair retainer	\$12,000
Audit Committee member retainer	\$13,000
Compensation Committee member retainer	\$10,000
Nominating and Governance Committee member retainer	\$6,000
Initial equity grant	\$360,000 value (50% stock options and 50% restricted stock units) (1)(2)
Annual equity grant	\$240,000 (50% stock options and 50% restricted stock units) (1)(3)

The calculation of the value of the initial equity grant and annual equity grant and the terms of such equity grants remained the same as those in the 2011 director compensation plan.

Stock Ownership Guidelines

On December 21, 2011, we adopted a stock ownership policy for the members of our Board. Pursuant to this policy, each member of the Board must retain a certain amount of equity securities such that the net market value of the vested options, vested or unvested RSUs, restricted stock, or shares of stock held by the Board member is at least equal to 4 times that member's base annual cash board retainer paid by the Company as of the annual meeting of stockholders. Each Board member shall have five years to accumulate (the Accumulation Period) this equity interest from the later of the implementation of this policy, or December 21, 2011, and the date such person became a member of the Board. Prior to the end of the Accumulation Period, a Board member must maintain a pro-rata amount of equity securities as of the date of each annual meeting of stockholders. The Board may approve any amendments, waivers or exceptions to this policy at its discretion.

Security Ownership of Certain Beneficial Holders and Management

The following table sets forth information regarding ownership of our common stock as of March 19, 2012, the record date, by (a) each person or group of affiliated persons known by us to be the beneficial owner of more than 5% of common stock, (b) each of our directors and nominees for director, (c) each of our named executive officers and (d) all directors and executive officers as a group.

Beneficial ownership in this table is determined in accordance with the rules of the SEC and does not necessarily indicate beneficial ownership for any other purpose. Under these rules, the number of shares of common stock deemed outstanding includes shares issuable upon exercise of options held by the respective person or group that may be exercised within 60 days after March 19, 2012. For purposes of calculating each person's or group's percentage ownership, stock options exercisable within 60 days after March 19, 2012 are included for that person or group but not the stock options of any other person or group. Percentage of beneficial ownership is based on the shares of common stock outstanding as of March 19, 2012.

Certain Relationships and Related Transactions

Applicable Policies and Procedures

Consistent with SEC rules, a related or interested party transaction includes a transaction between the Company and a director, director nominee or executive officer of the Company or a beneficial owner of more than 5% of the Company's common stock or any of their respective immediate family members. The Company's Code of Business Ethics and Conduct requires that each employee report to management on an ongoing basis any relationship or transaction that may create or appear to create a conflict between the personal interests of those individuals (or their immediate family members) and the interests of the Company. A conflict, or appearance of a conflict, might arise, for example, by accepting gifts from a current or potential customer, supplier or competitor, owning a financial interest in, or serving in a business capacity with, an outside enterprise that competes with or does or wishes to do business with, the Company, or using confidential Company information or other corporate assets for personal profit. Members of the Board are also advised to disclose any potential conflict of interest to the full Board.

If a conflict of interest or related person transaction is suspected, it is referred to the Audit Committee Chairman for review. If the Audit Committee Chairman determines that a relationship may be a potential conflict of interest, the Audit Committee Chairman will consult the Nominating Committee Chairman. If both Chairmen agree that a potential conflict of interest may exist, the Audit Committee would review the potential conflict and determine whether any action is required, including whether to authorize, ratify or direct the unwinding of the relationship or transaction under consideration, as well as ensure that appropriate controls are in place to protect the Company and its stockholders. In making a determination, the Audit Committee considers all relevant facts and circumstances, such as the benefits of the transaction to the Company; the terms of the transaction and whether they are arms-length and in the ordinary course of the Company's business; the direct or indirect nature of the related person's interest in the transaction; the size and expected term of the transaction; and other facts and circumstances that bear on the materiality of the related person transaction under applicable law and listing standards.

In order to ensure that all material relationships and related person transactions have been identified, reviewed and disclosed in accordance with applicable policies, procedures and regulations, each director and executive officer also completes and signs a questionnaire at the end of each fiscal year that requests confirmation that there are no material relationships or related person transactions between such individuals and the Company other than those previously disclosed to the Company.

Related Person Transactions

The following is a description of transactions since January 1, 2011, in which we have been a participant, in which the amount involved exceeded or will exceed \$120,000 and in which any of our directors, executive officers, beneficial holders of more than 5% of our capital stock, or entities affiliated with them, had or will have a direct or indirect material interest.

Registration Rights Agreement. We entered into a registration rights agreement dated as of December 13, 2005, as amended, with certain stockholders. Subject to the terms of this agreement, entities affiliated with Donald C. Yonce, a beneficial owner of more than 5% of the Company's common stock, have demand registration rights entitling them to demand that we file a registration statement covering sales of the shares and piggyback registration rights entitling them to request that their shares be covered by a registration statement that we otherwise file. The registration rights agreement was filed as an exhibit to our Registration Statement on Form S-1 as filed with the SEC on March 19, 2008 and is incorporated by reference herein.

Policies and Procedures for Transactions with Related Parties

Pursuant to its written charter, our Audit Committee must review and approve in advance any related person transaction. All of our directors, officers and employees are required to report to the Audit Committee any related person transaction prior to entering into the transaction. The Audit Committee shall review any proposed related person transaction for approval and confirm that they are on terms no less favorable to us than those that we could obtain from unaffiliated third parties.

The transaction set forth above was approved in advance by our Board. We believe that such transaction was on terms no less favorable to us than we could have obtained from unaffiliated third parties.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers, and persons who own more than 10% of our common stock (Reporting Persons) to file reports of ownership and changes in ownership of our common stock with the SEC. Based solely on our review of such reports received or written representations from certain Reporting Persons during 2011, we believe that all Reporting Persons complied with all applicable reporting requirements in 2011, except that a Form 4 for Mark Bonham related to a disposition of shares of our common stock on the open market in May 2011 was delayed due to a lack of communication regarding this disposition by his broker to the Company, who was filing such reports on his behalf.

Code of Business Ethics and Conduct

Our Board adopted a code of business ethics and conduct for all employees, including our executive officers and directors. The code of business ethics and conduct is available without charge upon request in writing to SolarWinds, Inc., 3711 South MoPac Expressway, Building Two, Austin, Texas 78746, Attn: General Counsel or on the investor relations portion of our website at www.solarwinds.com. The Company will disclose on its website at www.solarwinds.com, to the extent and in the manner permitted by Item 5.05 of Form 8-K, the nature of any amendment to this code of business ethics and conduct (other than technical, administrative, or other non-substantive amendments), our approval of any material departure from a provision of this code of business ethics and conduct, and our failure to take action within a reasonable period of time regarding any material departure from a provision of this code of business ethics and conduct that has been made known to any of our executive officers.

If the selection of PricewaterhouseCoopers LLP is not ratified by you, the Audit Committee may reconsider the selection. Pre-Approval of Audit and Non-Audit Services

The Audit Committee is authorized by its charter to pre-approve all audit and permitted non-audit services to be performed by our independent registered public accounting firm. The Audit Committee reviews and approves the independent registered public accounting firm's retention to perform audit services, including the associated fees. The Audit Committee also evaluates other known potential engagements of the independent registered public accounting firm, including the scope of the proposed work and the proposed fees, and approves or rejects each service, taking into account whether the services are permissible under applicable law and the possible impact of each non-audit service on the independent registered public accounting firm's independence from management. At subsequent meetings, the Audit Committee will receive updates on the services actually provided by the independent registered public accounting firm, and management may present additional services for approval. The Audit Committee has delegated to the Chairman of the Audit Committee the authority to evaluate and approve engagements on behalf of the Audit Committee in the event that a need arises for pre-approval between Audit Committee meetings. If the Chairman so approves any such engagements, he will report that approval to the full Audit Committee at its next meeting.

Our Audit Committee has reviewed the fees and services described above, and believes that such fees and services are compatible with maintaining the independence of PricewaterhouseCoopers LLP.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following discussion and analysis provides information regarding the 2011 compensation for the Company's (i) principal executive officer, (ii) principal financial officer, and (iii) the three executive officers (other than the principal executive officer and principal financial officer) at year-end who were the most highly compensated executive officers of the Company. For 2011, these individuals (the NEOs) were:

Kevin B. Thompson, President and Chief Executive Officer;

Michael J. Berry, Executive Vice President and Chief Financial Officer;

Douglas G. Hibberd, Executive Vice President, Engineering and General Manager, APAC;

J. Barton Kalsu, Chief Accountant and Senior Vice President, Finance; and

Paul Strelzick, Executive Vice President, Worldwide Sales

The following discussion and analysis of compensation arrangements of the NEOs for 2011 should be read together with the compensation tables and related disclosures set forth below. This discussion contains forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs. The actual amount and form of compensation and the compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Overview of Compensation Program

Our compensation and benefits programs seek to attract and retain talented, qualified senior executives to manage and lead our Company and to motivate them to pursue our corporate objectives. Our current and proposed compensation programs reflect a mix of cash and equity elements to focus senior executives on not only short-term results, but also long-term success. Our compensation programs are designed to:

reflect our compensation philosophy to pay competitively for achieving target levels of performance, with a significant upside opportunity to earn additional compensation for achieving superior results;

align the interests of management and stockholders;

encourage effective use of resources to achieve corporate objectives;

Edgar Filing: SolarWinds, Inc. - Form DEF 14A

pay for performance by rewarding and differentiating among executives based on the achievement of the Company and functional objectives/targets established by the Compensation Committee; and

manage risk through oversight and compensation design features and practices that balance short-term and long-term incentives. The current compensation program consists of base salary, short-term incentives and a long-term equity component, historically in the form of stock options and restricted stock units (RSUs). We have discussed each element of the compensation program in more detail in the subsection titled Components of Our Compensation Program.

Table of Contents

Compensation Philosophy

Our management and Board, based on the recommendation of the Compensation Committee, have adopted the following compensation philosophy to guide compensation decision-making and program design.

The total compensation package is targeted at the 75th percentile of competitive market levels with the opportunity to earn additional compensation for superior performance;

The elements of the total compensation package are designed to reward the executive management team for achieving our Company objectives, with significant upside opportunity for exceeding the performance objectives;

The compensation package balances achievement of short-term performance objectives with long-term strategic goals;

The compensation package is designed to align the interests of our management with those of our stockholders by paying a significant portion of each executive officer's total compensation in the form of equity awards; and

Our total compensation program is designed to provide compensation opportunities that are competitive with those companies with which we compete for executive talent.

The Compensation Committee expects to review the compensation philosophy annually, with attention paid to the approval rates of executive compensation by stockholders. In 2011, stockholders voted to approve our executive compensation program by a wide margin, indicating strong approval for the philosophy and overall program. The Compensation Committee reviewed the vote results and decided to maintain a substantially similar executive compensation program partly in response to the strong approval by stockholders.

The Compensation Committee

The Compensation Committee has the overall responsibility of overseeing the compensation and benefit programs for our executive officers. Members of the committee are appointed by the Board. Currently, the Compensation Committee consists of four members of the Board, Messrs. Cakebread, Horing, Nye and Sippl. Effective at the time of this year's annual meeting, Mr. Horing will resign from our Board and the Compensation Committee and Ms. Siminoff will become a member of the Compensation Committee. See the section entitled "Proposal One Election of Directors Board Committees Compensation Committee" for more information regarding the Compensation Committee. The Compensation Committee is responsible for ensuring that our compensation policies and practices support the successful recruitment, development and retention of the executive officer talent required for us to achieve our business objectives.

Participation of Management in Compensation Decisions

We believe that the best way to align executive and stockholder interests is through a compensation program designed with input from management in an ongoing dialogue with the Compensation Committee and, as appropriate, external advisors regarding internal, external, cultural and business challenges and opportunities facing our Company and our executive officers. In 2011, our President and Chief Executive Officer provided recommendations on executive compensation for our executive officers, including his own compensation. Our President and Chief Executive Officer, Chief Financial Officer and General Counsel attended certain meetings of the Compensation Committee in 2011, but were not present during any discussions related to their own compensation. We expect to continue a similar practice in the future.

Compensation Consultants

The Compensation Committee has the authority to retain a compensation consultant to assist it in evaluating the compensation of our Chief Executive Officer and our other executive officers and to approve the consultant's fees and engagement terms. The Compensation Committee also has the authority to retain other advisors to assist it in fulfilling its responsibilities.

Table of Contents

In October 2010, the Compensation Committee engaged Compensia to conduct a review of our executive compensation program and to make recommendations for 2011 compensation for our executive officers. We believe Compensia is independent because we are unaware of any other relationship that could affect its independence (including that Compensia does not provide other, non-compensatory services for the Company) and because the Compensation Committee communicated directly with Compensia and assessed the results of Compensia's review.

Compensia conducted a review of total compensation for our executive officers by comparing them in compensation to similar positions at publicly-traded comparable companies. In choosing this list of comparable companies each year, Compensia and the Compensation Committee have considered a number of factors including market capitalization, revenue, industry, growth rate, complexity of operations and tenure as a publicly-traded company. Our President and Chief Executive Officer reviewed this report with the Compensation Committee and provided his recommendations along with other information to the Compensation Committee. The Compensation Committee considered the Compensia report and these recommendations in setting the 2011 compensation for our executive officers.

Competitive Market

Our executive compensation program is designed so that total short-term and long-term compensation are competitive with comparable positions at comparable companies. The Compensation Committee generally targets total compensation for executives to be at the 75th percentile of the median for the comparable position at comparable companies. Our Compensation Committee chose the same comparable companies used to set our 2011 director compensation, or the 2011 Peer Group listed in Corporate Governance-Director Compensation-2011 Director Compensation Plan, as the list of comparable companies used to set 2011 executive compensation.

Components of Our Compensation Program

In setting total compensation, the Compensation Committee seeks to achieve the optimal balance between:

fixed and variable (or at risk) payments;

short- and long-term pay elements; and

cash and equity-based elements.

Our compensation program consists of base salary, cash bonuses based on achievement of short-term objectives, long-term incentives and benefits. Each of the components is designed to motivate our executive officers to achieve the overall corporate goals and objectives and to drive the success of our Company. The overall corporate objectives include:

increasing new license sales and revenue at a high growth rate;

disciplined investment in operating expenses to support our growth plans; and

generating consistently high non-GAAP operating margins relative to peers.

The Compensation Committee recommended, and our Board adopted, these objectives based on their determination that they represent the key indicators of success for our business. We plan to review these objectives at least annually.

We believe that our compensation programs are designed to support these objectives because the total compensation program places a significant amount of each executive officer's total potential compensation at risk based on corporate performance. Base salary and benefits represented less than half of each executive officer's potential total compensation at target performance levels for 2011. Each component is described in more detail below.

Table of Contents

We initially review each component separately against similar components of comparable companies in setting the initial value. We then evaluate these components on an aggregate basis in determining achievement of the goal for total compensation to be at the 75th percentile of the median for the comparable position at comparable companies. Adjustments may be made if the components do not aggregate to achieve the desired goal. As a result, each component affects decisions regarding the other components. We consider every component of compensation, both potential and realized, when determining the amount of each component of compensation. We do not currently have any policies regarding the adjustment or recovery of awards or payments in the event the relevant performance measures upon which the awards or payments are based are restated or otherwise adjusted in a manner that would decrease the size of an award or payment.

Base Salary. We pay an annual base salary to our executive officers in order to provide them with a fixed rate of cash compensation during the year. We adjust the target base salary for executive officers based upon a number of factors, including the salaries for the comparable position at comparable companies; overall performance against our financial and strategic plan; overall functional unit expense controls; assessment of professional effectiveness, consisting of competencies such as leadership, commitment, creativity and team accomplishment; the underlying scope of their responsibilities; their individual performance; their experience; internal equity; competitive market compensation; and retention concerns. Achievement of these factors will be measured as a whole.

In November 2010, the Compensation Committee reviewed and discussed the Compensia report demonstrating, among other things, the salaries of similarly-situated officers at the companies in the 2011 Peer Group. The Compensation Committee used the data to make a determination on whether base salaries needed to be adjusted for the NEOs. In January 2011, the Compensation Committee approved 2011 base salaries of our NEOs based on these comparable company salaries, performance-based factors and other competitive conditions to be effective on April 1, 2011. The table below shows the 2011 base salaries for our NEOs as of April 1, 2011 and the percentage increase from the NEOs prior base salary:

NEO	2011 Base Salary	% Increase
Kevin B. Thompson	350,000	%
Michael J. Berry	325,000	
Douglas G. Hibberd (1)	280,179	5.7
J. Barton Kalsu	230,000	3.6
Paul Strelzick	260,000	13.0

- (1) The base salary amount for Mr. Hibberd has been converted to U.S. Dollars (USD) using an average of the daily average exchange rate from Australian Dollars (AUD) to USD for each day from February 15, 2011 to the end of the year. The average daily exchange rate for this period was 1 AUD = 1.0377 USD.

Cash Bonuses.

Executive Bonus Plan. All of our NEOs participate in our Executive Bonus Plan, which pays cash bonuses upon the achievement of Company objectives in order to incent management to achieve these objectives. Our 2011 objectives were determined by the Compensation Committee based on input from management, with final review and approval by the Compensation Committee. These objectives may change from year to year and quarter to quarter as we continue to evolve and establish different priorities, but will remain subject to the review and approval of the Compensation Committee.

In 2011, the Compensation Committee established two Company objectives under our Executive Bonus Plan for each quarter: a revenue target and a non-GAAP operating income target. Our Compensation Committee set the minimum and maximum quarterly target for each objective based on our publicly-disclosed financial outlook for that quarter. The minimum quarterly target and maximum quarterly target for revenue were equal to the low end and high end, respectively, of our financial outlook for that objective in each quarter of 2011. The minimum quarterly target and maximum quarterly target for revenue were based on our financial outlook for

Table of Contents

non-GAAP operating margin in each quarter of 2011. By selecting these targets based on our outlook, we believe that they were challenging but achievable for the executive group with excellent execution of our plan, and provided the proper incentives to our NEOs to execute at a high level in order to achieve results consistent with our financial outlook.

In 2011, each NEO's quarterly target bonus was weighted as follows: 65% to the achievement of the revenue target and 35% to the achievement of the non-GAAP operating income objective. After the end of each quarter in 2011, achievement of each company objective was measured separately based on the actual total revenue and non-GAAP operating income amounts publicly reported for the quarter. Once the Company achieved the minimum threshold for either objective, each NEO would be paid 80% of the portion of their target bonus attributable to that objective. If the Company achieved or exceeded the maximum target for either objective, each NEO would be paid 100% of the portion of their target bonus attributable to that objective. Above the minimum quarterly target and below the maximum target of each objective, the NEO would receive a prorated percentage of that portion of the NEO's target bonus attributable to that objective as follows:

$80\% + (20\% * (\text{actual quarterly amount} - \text{minimum quarterly target amount}) / (\text{maximum quarterly target amount} - \text{minimum quarterly target amount}))$

Our targets and actual revenue and non-GAAP operating income amounts for each quarter of 2011 were as follows (amounts are in millions):

2011 Period	Minimum Revenue Target	Maximum Revenue Target	Actual Revenue
First Quarter	\$ 41.5	\$ 42.7	\$ 43.0
Second Quarter	43.2	44.7	45.8
Third Quarter	50.5	52.5	53.9
Fourth Quarter	52.8	54.2	55.6

2011 Period	Minimum Non-GAAP Operating Income Target	Maximum Non-GAAP Operating Income Target	Actual Non-GAAP Operating Income
First Quarter	\$ 19.1	\$ 20.5	\$ 22.1
Second Quarter	20.3	21.5	23.3
Third Quarter	24.2	25.2	28.6
Fourth Quarter	25.9	26.6	29.3

In each of the four quarters of 2011, the Company exceeded the targets for both of the Company objectives. We paid quarterly bonus payments pursuant to our Executive Bonus Plan to our participating NEOs equal to their target bonus amounts.

Table of Contents

In 2011, annual target bonus levels for our participating NEOs under the Executive Bonus Plan ranged from approximately \$101,500 to \$375,000. Actual target bonus amounts for 2011 are shown below under Executive Compensation Grants of Plan-Based Awards in 2011. As a result of the Compensia study, the Compensation Committee approved an increase to the target bonus awards in 2011 for most of our NEOs. All adjustments to the target bonus awards were effective April 1, 2011 and were made to bring each NEO's target bonus amount to market comparable target bonuses in the 2011 Peer Group. Actual bonuses earned in 2011 are shown below under Executive Compensation Summary Compensation Table in the Non-equity Incentive Plan Compensation column. The table below shows the target bonus amounts for our participating NEOs in 2011 (all amounts are denominated in United States dollars except for those of Douglas G. Hibberd which are denominated in Australian dollars):

Participating NEO	First Quarter 2011 Target Bonus	Quarterly Target Bonus for Each of the Second, Third and Fourth Quarters of 2011
Kevin B. Thompson	75,000	100,000
Michael J. Berry	50,000	50,000
Douglas G. Hibberd (1)	36,320	36,320
J. Barton Kalsu	26,500	25,000
Paul Strelzick	57,500	65,000

(1) The bonus amounts for Mr. Hibberd have been converted to USD using an average of the daily average exchange rate from AUD to USD for each day from February 15, 2011 to the end of the year. The average daily exchange rate for this period was 1 AUD = 1.0377 USD.

Supplemental Bonus. In addition to payments under our Executive Bonus Plan, each NEO also became eligible to be paid a supplemental cash bonus up to his annual target bonus amount under the Executive Bonus Plan to the extent that the Company achieved an annual revenue target and an annual non-GAAP operating income target for the full year of 2011. The Compensation Committee set target amounts for these annual Company objectives based on the annual operating plan approved by the Board in the first quarter of 2011. These target amounts were subsequently adjusted for the projected impact of acquisitions consummated after approval of the annual operating plan. By selecting these targets based on our annual operating plan, we believed that they were challenging but achievable for the executive group with excellent execution of our plan.

We achieved the annual revenue target and an annual non-GAAP operating income target for the full year of 2011 and the Compensation Committee elected to pay a supplemental bonus to each NEO equal to 75% of the NEO's target annual bonus amount. Actual supplemental bonuses earned in 2011 are shown below under Executive Compensation Summary Compensation Table in the Bonus column.

Long-Term Incentives. We utilize long-term equity-based incentives to align the interests of our executive officers with those of our stockholders and to promote a longer-term performance perspective and progress toward achieving our long-term strategy. In addition, equity-based awards provide an important retention tool for us because they historically have been subject to vesting based on continued service. Our 2008 Equity Incentive Plan (the 2008 Plan), which was adopted in May 2009 upon our initial public offering, allows for the grant of stock options, RSUs, restricted stock and other stock-based awards. We have historically granted stock option awards and RSUs to our NEOs.

Stock Options: Options only have value to recipients if the stock price increases over the exercise price, which is set equal to the fair market value of the Company's common stock on the grant date. Options granted to our NEOs in 2011 vest 25% on the first anniversary of the vesting commencement date, with the remainder vesting ratably over the next 36 months.

Restricted Stock Units: RSUs are linked with stockholder value since the value of RSU grants rise or fall with the stock price. RSUs are also intended to encourage retention as they generally vest over a period of four years.

Table of Contents

Until May 2009, we granted stock options upon hire to each of our NEOs under our Amended and Restated Stock Incentive Plan (2005 Plan), which was terminated in May 2009 for purposes of granting any future equity awards. After May 2009, we granted all equity awards under our 2008 Equity Incentive Plan (the 2008 Plan), which was adopted in May 2009 upon our initial public offering. Mr. Berry was granted stock options to purchase 300,000 shares of our common stock in February 2010 under our 2008 Plan. The size and terms of the initial option grant made to each NEO upon joining our Company are primarily to attract experienced executives with established records of success, and are based on competitive conditions applicable to the NEO s specific position, as well as his or her experience and compensation requirements relative to our executive officers then employed.

In 2011, we made an annual grant of equity-based incentives in the first quarter of the year. We currently expect to continue to make annual grants of equity-based incentives to our NEOs in the future. These equity grants are designed to reward past performance and to foster retention of our NEOs. Our Compensation Committee determined the appropriate amounts based on a number of factors, including the outstanding equity awards of each NEO and equity awards received by officers at similar organization levels in comparable companies. In addition, the Compensation Committee evaluated each NEO s overall performance by evaluating Company performance factors such as achievement of our financial and strategic plan and other business objectives, as well as the NEO s organization level, ability to impact our results that drive stockholder value and potential to take on roles of increasing responsibility. The annual grant of equity-based incentives for 2011 are shown below under Executive Compensation Grants of Plan-Based Awards in 2011. The amount of the equity awards granted to the NEOs was determined based on an approximate target value as set forth in the table below.

Officer	Value of Stock Options (1)	Value of RSUs (2)	Total Value of Equity Awards
Kevin B. Thompson	\$ 1,000,000	\$ 1,000,000	\$ 2,000,000
Michael J. Berry	255,500	255,500	511,000
Douglas G. Hibberd	250,500	250,500	501,000
J. Barton Kalsu		149,000	149,000
Paul Strelzick	500,000	500,000	1,000,000

(1) Value determined using the Black-Scholes option-pricing model based on a 30-day average price of the Company s common stock .

(2) Value determined based on a 30-day average price of the Company s common stock.

In determining the above target values, our Compensation Committee considered the outstanding equity awards of each executive officer, competitive market analysis of Compensation s compensation review of the 2011 Peer Group and the strategic value of each executive officer. The target grant levels are designed to achieve total compensation levels for our executive officers that approximate the 75th percentile of the 2011 Peer Group.

We choose to grant RSUs in addition to stock options to improve the retention value of our equity awards. We expect any future awards to continue to consist of a mix of stock options and RSUs as measured by value, but not necessarily in the same value amounts and equity mix as in 2011.

Benefits. Our executive officers are eligible to participate in standard employee benefit plans, including medical, dental, vision, life, accidental death and disability, long-term disability, short-term disability, and any other employee benefit or insurance plan made available to similarly-located employees.

We maintain a 401(k) plan, which is intended to be a tax-qualified defined contribution plan under Section 401(k) of the Code. In general, all of our U.S. employees are eligible to participate in this plan. The 401(k) plan includes a salary deferral arrangement pursuant to which participants may elect to reduce their current compensation by up to 90% or the statutory limit, \$16,500 in 2011, whichever is less, and have the amount of the reduction contributed to the 401(k) plan. In 2011, we matched a certain percentage of contributions made by all U.S. employees, including our NEOs. Also in 2011, we established a policy whereby our executive

Table of Contents

officers would no longer accrue vacation time. At this time, each of our executive officers was paid a one-time payment representing his unused vacation time. The matching contribution amounts and payments of unused vacation time to our NEOs are shown below under Executive Compensation Summary Compensation Table.

We believe these benefits are consistent with or better than those offered by companies with which we compete for employees.

Accounting and Tax Considerations

Section 162(m) of the Code sets a limit of \$1.0 million on the amount of compensation paid to our Chief Executive Officer and to certain other highly compensated executive officers, other than the Chief Financial Officer, that may be deducted by us for federal income tax purposes in any fiscal year. Performance-based compensation that has been approved by our stockholders is not subject to the \$1.0 million deduction limit. Although the Compensation Committee cannot predict how the deductibility limit may impact our compensation program in future years, the Compensation Committee intends to maintain an approach to executive compensation that strongly links pay to performance. In addition, although the Compensation Committee has not adopted a formal policy regarding tax deductibility of compensation paid to our named executive officers, the Compensation Committee intends to consider tax deductibility under Rule 162(m) as a factor in compensation decisions.

Compensation Policies and Practices and Our Risk Management

We believe that our compensation policies and practices for all employees, including our NEOs, do not create risks that are reasonably likely to have a material adverse effect on us. Specifically, the Compensation Committee believes that the balanced utilization of the various elements of the Company's executive compensation program:

Supports the achievement of competitive revenue, earnings and cash performance in variable economic and industry conditions without undue risk; and

Mitigates the potential to reward risk-taking that may produce short-term results that appear in isolation to be favorable, but that may undermine the successful execution of the Company's long-term business strategy and harm stockholder value.

Compensation Committee Interlocks and Insider Participation

Messrs. Cakebread, Horing, Nye and Sippl served as members of the Compensation Committee in 2011. None of the members of the Compensation Committee has at any time been one of our officers or employees. None of our executive officers serves, or in the past year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers who serve on our Board or Compensation Committee.

Trading Plans

We have authorized our executive officers to enter into trading plans established according to Section 10b5-1 of the Exchange Act with an independent broker-dealer (broker) designated by us. These plans include specific instructions for the broker to exercise vested options and sell Company stock on behalf of the officer at certain dates if our stock price is above a specified level. Upon an executive officer entering into a trading plan, we restrict the number of shares eligible to be sold by each executive officer to a set percentage of the officer's aggregate equity holdings in the Company. The officer no longer has control over the decision to exercise and sell the securities in the plan, unless he or she amends or terminates the trading plan during a trading window. The purpose of such plans is to enable executive officers to recognize the value of their compensation and diversify their holdings of our stock during periods in which the officer would be unable to sell our common stock because material information about us had not been publicly released. As of the record date, all of our executive officers had an active trading plan.

Employment Agreements with Our Executive Officers

We have entered into employment agreements (Employment Agreements) with each of our executive officers. Pursuant to the Employment Agreements, each executive officer is paid a base salary, eligible for bonus compensation and entitled to participate in all employee benefit plans and vacation policies applicable to employees resident in the same jurisdiction and reimbursement of business expenses. In addition, we agreed to provide each executive officer with certain payments and benefits in the event of his termination of employment. If the executive officer is terminated for cause or upon his voluntary resignation, he will be entitled to receive any base salary earned but not paid through the date of his termination, any earned but unpaid bonus, and any pay for vacation time accrued but not used.

If the executive officer is terminated other than for cause, he will be entitled to receive (i) a lump sum cash severance amount equal to six (6) months of his then current annual base salary in the case of Messrs. Hibberd, Kalsu, Sims and Strelzick and 12 months of his then current annual base salary in the case of Messrs. Berry and Thompson, (ii) any earned but unpaid incentive compensation payments, and (iii) reimbursement of

Table of Contents

health and dental care premiums for the executive officer (other than Mr. Hibberd) and his dependents incurred to continue health and dental insurance coverage for 12 months after termination, to the extent he is eligible for and elects such continued coverage under COBRA. Mr. Hibberd is not entitled to any reimbursement of health and dental care premiums as he and his family are residents of Australia with government-sponsored health care. These severance payments following termination of employment are conditioned upon the executive officer signing a release of claims within 74 days of his termination date and not later revoking the release of claims.

Furthermore, pursuant to the Employment Agreements, if the executive officer is terminated other than for cause or in the event of a constructive termination during the 12-month period after the effective date of a change of control, any of his then-outstanding stock option, restricted stock and restricted stock unit awards would fully vest and he would be entitled to receive (i) any accrued but unpaid salary, vacation or bonus payment, (ii) a lump sum cash severance amount equal to his then current annual base salary in the case of Messrs. Hibberd, Kalsu, Sims and Strelzick, 18 months of his then current annual base salary in the case of Mr. Berry and twice his then current annual base salary in the case of Mr. Thompson, (iii) reimbursement of health and dental care premiums for the executive officer (other than Mr. Hibberd) and his dependents incurred to continue health and dental insurance coverage for 12 months after termination, to the extent he is eligible for and elects such continued coverage under COBRA.

A termination for cause occurs under the Employment Agreements if an executive officer's employment is terminated for any of the following reasons: (i) substantial and continuous violations of his employment duties or willful disregard of commercially reasonable directives from his managing executive after the executive officer has received sufficient written demand for performance; (ii) moral turpitude, dishonesty or gross misconduct in the performance of the duties of the position or that has materially and demonstrably injured our finances or future business; (iii) material breach of his employment agreement; or (iv) conviction of, or confession or plea of no contest to, any felony or any other act of fraud, misappropriation, embezzlement or the like involving our property. However, the events in (i) and (iii) will not constitute cause if fully cured by the executive officer within 15 days of his receiving notice in the case of Messrs. Hibberd, Kalsu, Sims, Strelzick and Thompson and 30 days in the case of Mr. Berry.

Pursuant to the Employment Agreements, constructive termination occurs upon any of the following without the executive officer's express written consent: (i) a material reduction of the powers and duties of employment of the executive officer resulting in a material decrease in his responsibilities; (ii) a material reduction in the executive officer's pay; (iii) a failure to provide directors' and officers' liability insurance coverage for the executive officer; or (iv) a material change in the geographic location of the executive officer's primary work facility or location. However, no act or event will constitute a constructive termination if the Company fully cures that act or event within 30 days of receiving notice from the executive officer. Change of control is defined as a transaction or series of transactions where the stockholders of the Company immediately preceding such transaction own, following such transaction, less than 50% of the voting securities of the Company; provided however, that a firmly underwritten public offering of the Company's common stock shall not be deemed a change of control.

Each executive officer also agreed that during the executive officer's employment and for one year thereafter, the executive officer will not engage in any activity that is in any way competitive with the Company. Pursuant to the Employment Agreements, each executive officer further agreed that during the executive officer's employment and for 12 months thereafter in the case of the executive officer's resignation or six months thereafter in the case of an involuntary termination of the executive officer for any reason, the executive officer may not solicit any of our employees or customers or seek to persuade any customer or prospect to conduct business elsewhere if that business could reasonably be expected to be conducted with us. Pursuant to the employment agreement with Mr. Hibberd, he may not solicit any of our employees or customers as stated above, but the period lasts throughout employment and for 12 months thereafter in all cases.

Table of Contents**Potential Payments upon Termination or Change in Control**

We have entered into employment agreements, described immediately above, that require specific payments and benefits to be provided to our executive officers in the event of termination of employment. To attract talented, qualified senior executive officers, we believe we must pay severance upon termination without cause and in the event of a constructive termination. The following table provides the total dollar value of the compensation that would be paid to each of our NEOs in the event of his or her termination following a change in control, as well as other events resulting in termination of employment, as of December 31, 2011.

Edgar Filing: SolarWinds, Inc. - Form DEF 14A

All cash payments other than health and dental premiums would be one-time lump sum payments made as soon as practicable after termination. Health and dental premiums would be paid by the Company as they become due to the relevant provider.

- (1) Health and Dental Premiums: Value is equal to the total premium amount that would be contributed by the officer and by the Company to the officer's health and dental insurance coverage for 12 months after termination as of December 31, 2011.

- (2) Vesting in all outstanding equity awards: Value represents the gain the executive officer would receive, calculated as (i) the difference between the stock price on December 31, 2011 and the grant price in the case of unvested options or (ii) the stock price on December 31, 2011 for unvested restricted stock units. The stock price on December 31, 2011 was \$27.95 per share.

Limitation of Liability and Indemnification of Directors and Officers

Our amended and restated certificate of incorporation contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, no director will be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as a director, except liability for:

any breach of the director's duty of loyalty to us or our stockholders;

any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or

any transaction from which the director derived an improper personal benefit.

Our amended and restated certificate of incorporation and amended and restated bylaws provide that we are required to indemnify our directors and officers, in each case to the fullest extent permitted by Delaware law. Our amended and restated bylaws also provide that we are obligated to advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding, and permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in that capacity regardless of whether we would otherwise be permitted to indemnify him or her under the provisions of Delaware law.

We have also entered into agreements to indemnify our current directors and executive officers and expect to continue to enter into agreements to indemnify any future directors and executive officers and such other employees as may be determined by our Board. With specified exceptions, these agreements provide for indemnification for related expenses including, among other things, attorneys' fees, judgments, fines and settlement amounts incurred by any of these individuals in any action or proceeding. We believe that these bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and executive officers. We also maintain directors and officers' liability insurance for our directors and executive officers.

PROPOSAL THREE: ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Compensation Committee and the Board believe that the Company's executive compensation program, as described in the Compensation Discussion and Analysis, the compensation tables and the related narratives and other materials in this proxy statement reflects the Company's goals of linking Company performance with executive compensation. The Compensation Committee and the Board believe that the executive compensation program is rational and effective in that it aligns the interests of the executives with both the short-term and long-term interests of the Company's stockholders.

This proposal (the "say-on-pay proposal") gives you as a stockholder the opportunity to endorse or not endorse the Company's executive compensation program through the following resolution:

RESOLVED, that the Company's executive compensation program, as described in the Compensation Discussion and Analysis, the compensation tables and the related narratives and other materials in this proxy statement are hereby approved.

Table of Contents

Because this vote is advisory, it will not be binding upon the Board. However, the Compensation Committee will strongly consider the outcome of the vote when determining future executive compensation arrangements. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the NEOs and the philosophy, policies and practices described in this proxy statement. At the Company's 2011 annual meeting of stockholders, our stockholders approved a recommendation that the say-on-pay proposal be held once every year. Our Board reviewed the results of the vote and determined to hold a vote on this say-on-pay proposal in 2012. We currently anticipate to hold a vote on a similar say-on-pay proposal each year.

Required Vote and Recommendation of the Board for Proposal Three

You may vote FOR, AGAINST or ABSTAIN on this proposal. To be approved by our stockholders, this proposal must receive a FOR vote by majority of the votes cast on this proposal at the annual meeting.

Our Board recommends that you vote FOR approval of the above resolution.

PROPOSAL FOUR: STOCKHOLDER PROPOSAL REGARDING MAJORITY VOTING IN DIRECTOR ELECTIONS

The California State Teachers' Retirement System (CalSTRS) has represented it is the beneficial owner of more than \$2,000 in market value of shares of our common stock, has held that stock continuously for over one year and intends to continue to hold the Company's common stock through the date of the annual meeting. The Company will provide the CalSTRS address and the number of shares of common stock owned by CalSTRS upon receiving an oral or written request by a stockholder for this information. CalSTRS has requested that the Company include the following resolution in this Proxy Statement for consideration by the Company's stockholders:

BE IT RESOLVED: That the shareholders of SolarWinds, Inc. hereby request that the Board of Directors initiate the appropriate process to amend the Company's articles of incorporation and/or bylaws to provide that director nominees shall be elected by the affirmative vote of the majority of votes cast at an annual meeting of shareholders, with a plurality vote standard retained for contested director elections, that is, when the number of director nominees exceeds the number of board seats.

CalSTRS has provided the following supporting statement:

Supporting Statement

In order to provide shareholders a meaningful role in director elections, the Company's current director election standard should be changed from a plurality vote standard to a majority vote standard. The majority vote standard is the most appropriate voting standard for director elections where only board nominated candidates are on the ballot, will establish a challenging vote standard for board nominees, and will improve the performance of individual directors and entire boards. Under the Company's current voting system, a nominee for the board can be elected with as little as a single affirmative vote, because withheld votes have no legal effect. A majority vote standard would require that a nominee receive a majority of the votes cast in order to be re-elected and continue to serve as a representative for the shareholders.

In response to strong shareholder support a substantial number of the nation's leading companies have adopted a majority vote standard in company bylaws or articles of incorporation. In fact, more than 77% of the companies in the S&P 500 have adopted majority voting for uncontested elections. We believe the Company needs to join the growing list of companies that have already adopted this standard.

Table of Contents

CalSTRS is a long-term shareholder of the Company and we believe that accountability is of utmost importance. We believe the plurality vote standard currently in place at the Company completely disenfranchises shareholders and makes the shareholder's role in director elections meaningless. Majority voting in director elections will empower shareholders with the ability to remove poorly performing directors and increase the directors' accountability to the owners of the Company, its shareholders. In addition, those directors who receive the majority support from shareholders will know they have the backing of the very shareholders they represent. We therefore ask you to join us in requesting that the Board of directors promptly adopt the majority vote standard for director elections. Please vote FOR this proposal.

The Company's Statement In Opposition To Proposal Four

The Board is committed to sound corporate governance policies and practices. After careful consideration, the Board and its Nominating and Governance Committee, consisting entirely of independent directors, believe that the above stockholder proposal to change the voting standard for our directors is unnecessary and not in the best interests of the Company and its stockholders, both for reasons of law and governance policy.

The Board and the Nominating and Governance Committee believe that certainty is in the best interest of all stockholders and is preferable to placing strict majority voting standards in the Company's certificate of incorporation or bylaws, which could result in disruptive outcomes. Under the structure proposed by CalSTRS, a director who received less than a majority of the votes cast would not be elected. However, under Delaware law, even if not elected, the director would serve until his or her successor was elected and qualified. As a result, the changes suggested by the proponent could result in one or more unelected directors continuing to serve as holdover directors, perhaps for several years. We believe that uncertainty would not be beneficial to the Company or our stockholders. We believe that the implications of this holdover status have not been fully developed, which will create uncertainty in our Board's composition and the execution of its oversight function.

Not only does Delaware law make a majority voting standard unreasonable, but the Company's own governance documents make adopting the proposed standard unnecessary. CalSTRS's claims that the Company's current voting system completely disenfranchises shareholders are incorrect and misleading. Separate from the director election process, the Company's stockholders have always had the ability to remove directors with or without cause prior to the expiration of the director's term for any reason, including to express dissatisfaction with a particular director. Further, any stockholder who is dissatisfied with a director has always had the ability to nominate an alternative board candidate for stockholder consideration.

The Company believes its stockholders are satisfied with the composition of the Board and its financial and operational performance under the strategic direction of the Board, as all of the Company's directors have consistently been elected by the affirmative vote of substantially more than a majority of its outstanding shares. The Company has a strong corporate governance process designed to identify and propose director nominees who will best serve the interests of the Company and its stockholders. The Board maintains a Nominating and Governance Committee that is composed entirely of independent directors and that has a thorough corporate governance process designed to identify and propose director nominees who will best serve the interests of the Company and its stockholders. As a result, the Company's stockholders have consistently elected highly qualified directors with diverse, extensive and relevant business backgrounds to serve on our board of directors.

For all of the reasons above, the Board recommends a vote AGAINST this proposal.

Required Vote and Recommendation of the Board for Proposal Four

You may vote FOR, AGAINST or ABSTAIN on this proposal. To be approved by our stockholders, this proposal must receive a FOR vote by majority of the votes cast on this proposal at the annual meeting.

Our Board recommends that you vote AGAINST approval of the above resolution.
