Item 8.01 Other Events.

On December 10, 2013, the Company announced that it has been authorized by its Board of Directors to renew its existing \$125 million stock repurchase program, which was set to expire at the end of 2013, through the end of 2014. This repurchase program has a remaining authorization of \$106 million, following the repurchase of \$19.0 million of common shares in the second quarter of 2013. Stock purchases under this program may be made through open market and privately negotiated transactions at times and in such amounts as deemed appropriate by the special committee appointed by the Board. The timing and actual number of shares repurchased will depend on a variety of factors, including but not limited to economic conditions; the prevailing market price of the common stock; business financing needs; regulatory requirements including the Company's compliance policies under securities laws; and alternative capital investment opportunities. The stock repurchase program may be limited or terminated at any time without prior notice. The Company will not make any repurchases under the stock repurchase program before the Company's restated consolidated financial statements have been filed with the SEC.
