Canadian Pacific Railway Limited (TSX:CP) (NYSE:CP) today announced that its wholly owned subsidiary, Canadian Pacific Railway Company (CP), has commenced cash tender offers (each offer an Offer and collectively, the Offers) for up to U.S.\$400,000,000 aggregate purchase price of its outstanding 7.125% Notes due 2031 (the 2031 Notes), 9.450% Notes due 2021 (the 2021 Notes), 5.950% Notes due 2037 (the 2037 Notes) and 5.750% Notes due 2033 (the 2033 Notes and together with the 2031 Notes, 2021 Notes and 2037 Notes, the Notes) on the terms and subject to the conditions set forth in its Offer to Purchase, dated June 5, 2014, and the related Letter of Transmittal.

(1) The applicable page on Bloomberg from which the Dealer Managers will quote the bid-side prices of the applicable Reference Treasury Securities (defined below).

(2) Per \$1,000 principal amount of Notes tendered and accepted for purchase. Holders will also receive accrued and unpaid interest on Notes accepted for purchase up to, but excluding, the applicable Settlement Date.

(3) The Hypothetical Tender Offer Consideration and Hypothetical Total Consideration for all series of Notes, based on the Reference Yield (defined below) of the Reference Treasury Security (as set forth above) as of 2:00 p.m., New York City time on June 4, 2014 and an Early Settlement Date on June 24, 2014. The actual Reference Yields of the Reference Treasury Securities will be determined by the Dealer Managers based on certain quotes available

at the Price Determination Date, which is expected to be at 2:00 p.m., New York City Time, on June 18, 2014. See Schedules A and B in the Offer to Purchase for more detailed instructions.

(4) Per \$1,000 principal amount of Notes.

The Total Consideration paid in the Offers for the Notes will be determined in the manner described in the Offer to Purchase by reference to a fixed spread over the yield to maturity of the applicable U.S. Treasury Security (the Reference Treasury Security) specified in the table above and in the Offer to Purchase. Holders of Notes that are validly tendered and not validly withdrawn at or before 5:00 p.m. on June 18, 2014 (the Early Tender Date) and accepted for purchase will receive the applicable Total Consideration, which includes an early tender payment of \$30.00 per \$1,000 principal amount of the Notes accepted for purchase (the Early Tender Payment). Holders of Notes who validly tender their Notes after the Early Tender Date and at or before the Expiration Date will only receive the applicable Tender Offer Consideration per \$1,000 principal amount of Notes tendered by such holders that are accepted for purchase, which is equal to the applicable Total Consideration minus the Early Tender Payment. Holders whose Notes are accepted for purchase pursuant to the Offers will also receive accrued and

unpaid interest on their purchased Notes from the last interest payment date for such Notes to, but excluding, the applicable Settlement Date.

As set forth in the Offer to Purchase, the Offers are subject to a maximum aggregate purchase price in respect of Notes purchased of U.S.\$400 million (the Tender Cap) and the application of the acceptance priority levels set forth in the table above (the Acceptance Priority Levels). If the aggregate purchase price of Notes of any series tendered exceeds the amount of the Tender Cap available for application to the Acceptance Priority Level for such series of Notes then, if Notes of such series are accepted for purchase, such Notes will be accepted on a pro rata basis.

CP reserves the right but is under no obligation, at any point following the Early Tender Date and before the Expiration Date, to accept for purchase any Notes validly tendered at or prior to the Early Tender Date (the Early Settlement Date). The Early Settlement Date will be determined at CP's option and is currently expected to occur on June 24, 2014, the fourth business day following the Early Tender Date, subject to all conditions to the Offers having been satisfied or waived by CP. Irrespective of whether CP chooses to exercise its option to have an Early Settlement Date, CP will purchase any remaining Notes that have been validly tendered by the Expiration Date and that it chooses to accept for purchase, subject to the Tender Cap, the application of the Acceptance Priority Levels and all conditions to the Offers having been satisfied or waived by it, on a date immediately following the Expiration Date (the Final Settlement Date and each of the Early Settlement Date and Final Settlement Date, a Settlement Date). The Final Settlement Date is expected to occur on the first business day following the Expiration Date, subject to all conditions to the Offers having been satisfied or waived by CP. The expected Final Settlement Date is July 3, 2014, unless extended by CP, assuming all conditions to the Offers have been satisfied or waived by CP.

The amount of a series of Notes purchased in the Offers will be based on the Acceptance Priority Level for such series, as set forth above and in the Offer to Purchase, and may be prorated. The Notes with the first acceptance priority level, the 2031 Notes, will be purchased before those with the second acceptance priority level, the 2021 Notes, which will be purchased before those with the third acceptance priority level, the 2037 Notes, which will be purchased before those with the fourth priority level, the 2033 Notes. If there are sufficient remaining funds to purchase some, but not all of the Notes of a series of an applicable Acceptance Priority Level, the amount of Notes purchased in that series will be prorated based on the aggregate purchase price of Notes of that series validly tendered and not withdrawn in the applicable Offer and no Notes of a series with a lower Acceptance Priority Level will be accepted for purchase.

The Offers will expire at 12:00 midnight, New York City time, on July 2, 2014 (the Expiration Date) (which is the end of the day on July 2, 2014), unless extended or earlier terminated. CP reserves the right to terminate, withdraw or amend the Offers at any time subject to applicable law.

Notes tendered in the Offers may only be withdrawn prior to 5:00 p.m. on June 18, 2014 (the Withdrawal Date). Notes tendered after the Withdrawal Date and prior to the Expiration Date may not be withdrawn. CP reserves the right, but is under no obligation, to increase or decrease the Tender Cap, subject to compliance with applicable law, which could result in CP purchasing a greater or lesser principal amount of Notes in the Offers. There can be no assurance that CP will exercise its right to increase or decrease the Tender Cap. If CP increases or decreases the Tender Cap or extends the Early Tender Date, CP does not expect to extend the Withdrawal Date, subject to applicable law. If holders tender more Notes in the Offers than they expect to be accepted for purchase based on the Tender Cap and the Tender Cap is subsequently increased on or after the Withdrawal Date, such holders will not be able to withdraw any of their previously tendered Notes. Accordingly, holders should not tender any Notes that they do not wish to be accepted for purchase.

The obligation to accept for purchase, and to pay for, Notes validly tendered and not withdrawn pursuant to the Offers is subject to the satisfaction or waiver of the conditions to the relevant Offers, including the condition (the Tender Financing Condition) that CP has successfully completed one or more debt financing transactions (the Debt Financing Transactions), including potential debt securities offerings, in a minimum aggregate principal amount that will generate sufficient proceeds to purchase the Notes accepted for purchase in the Offers, including

payment of the Tender Offer Consideration or Total Consideration, as applicable, and pay all fees and expenses associated with the foregoing, all on terms and conditions acceptable to CP in its sole discretion, subsequent to the date hereof and on or prior to the Final Settlement Date. There can be no assurance that CP will be able to complete the Debt Financing Transactions, and thus no assurance that the Tender Financing Condition will be satisfied.

The complete terms and conditions of the Offers are set forth in the related Offer to Purchase and the Letter of Transmittal which are being sent to holders of the Notes. Holders of the Notes are urged to read the tender offer documents carefully. Notes not tendered and purchased pursuant to the Offers will remain outstanding, mature and be paid in accordance with their terms.

The Offers are being made solely by means of the related Offer to Purchase and the Letter of Transmittal. This press release does not constitute an offer to purchase securities or a solicitation of an offer to sell any securities or an offer to sell or the solicitation of an offer to purchase any new securities, including in connection with the Debt Financing Transactions, nor does it constitute an offer or solicitation in any jurisdiction in which such offer or solicitation is unlawful. Capitalized terms used in this press release but not otherwise defined herein have the meanings assigned to them in the Offer to Purchase. **None of CP, the Dealer Managers, the Tender Agent, the Information Agent or the Trustee is making any recommendation as to whether holders of the Notes should tender their Notes in response to the Offers.**
