**PRELIMINARY SUBJECT TO COMPLETION DATED SEPTEMBER 23, 2014**

**JOINT PROXY STATEMENT/PROSPECTUS**

Dear Shareholders:

We are pleased to report that Albemarle Corporation (which we refer to as Albemarle) and Rockwood Holdings, Inc. (which we refer to as Rockwood) have entered into an agreement and plan of merger (which we refer to as the merger agreement) pursuant to which Albemarle Holdings Corporation, a wholly-owned subsidiary of Albemarle (which we refer to as Merger Sub), will merge with and into Rockwood and Rockwood will become a wholly-owned subsidiary of Albemarle (which we refer to as the merger).

In the merger, each outstanding share of Rockwood common stock (other than shares owned, directly or indirectly, by Albemarle, Merger Sub or Rockwood and shares with respect to which appraisal rights are properly exercised and not withdrawn) will be converted into the right to receive the following (which we refer to collectively as the merger consideration):

\$50.65 in cash, without interest; and

0.4803 of a share of Albemarle common stock.

Albemarle intends to apply to list the shares of Albemarle common stock to be issued in the merger on the New York Stock Exchange where, subject to official notice of issuance, they will trade under the symbol ALB, under which existing shares of Albemarle common stock already trade. Based on the number of shares of Rockwood common stock outstanding and the number of shares of Rockwood common stock issuable pursuant to outstanding Rockwood stock options and restricted stock units, in each case as of September 22, 2014, the total number of shares of Albemarle common stock expected to be issued in connection with the merger is approximately 34.8 million.

Before the merger can be completed, the shareholders of Albemarle must vote to approve the issuance of shares of Albemarle common stock to shareholders of Rockwood on the terms and conditions set out in the merger agreement and the shareholders of Rockwood must vote to adopt the merger agreement. Albemarle and Rockwood are sending you this joint proxy statement/prospectus to ask you to vote in favor of these matters.

Albemarle will hold a special meeting of its shareholders on Friday, November 14, 2014, at the time and place indicated in the enclosed notice of special meeting to Albemarle shareholders to consider and vote on (i) the issuance of the shares of Albemarle common stock and (ii) a proposal to adjourn the Albemarle special meeting, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes at the time of the meeting to approve the issuance of the shares of Albemarle common stock.

Rockwood will hold a special meeting of its shareholders on Friday, November 14, 2014, at the time and place indicated in the enclosed notice of special meeting to Rockwood shareholders to consider and vote on (i) the adoption of the merger agreement, (ii) a non-binding, advisory proposal to approve the compensation that may be paid or become payable to Rockwood's named executive officers in connection with the merger and (iii) a proposal to adjourn the Rockwood special meeting, if necessary or appropriate, including to solicit additional proxies if there are not sufficient votes at the time of the meeting to adopt the merger agreement.

The receipt of the merger consideration in exchange for Rockwood common stock pursuant to the merger will be a taxable transaction for U.S. federal income tax purposes and may also be taxable under state, local and non-U.S. income and other tax laws. We encourage shareholders of Rockwood to read the discussion of the material U.S. tax considerations of the merger in this joint proxy statement/prospectus under the caption *The Merger Material U.S. Federal Income Tax Consequences of the Merger* beginning on page 81.

**YOUR VOTE IS VERY IMPORTANT.** We cannot complete the merger unless both (i) Albemarle shareholders approve the issuance of the shares of Albemarle common stock and (ii) Rockwood shareholders adopt the merger agreement. Whether or not you plan to attend your special meeting, please take the time to submit your proxy by completing, signing, dating and returning the accompanying proxy card or by appointing your proxy by telephone or via the Internet as soon as possible. If you hold your shares in street name, you should instruct your bank, broker or other nominee how to vote in accordance with the voting instruction form you receive from your bank, broker or other nominee. Returning the proxy card does NOT deprive you of your right to attend your special meeting and to vote your shares in person.

This joint proxy statement/prospectus provides detailed information concerning the merger, the merger agreement and the proposals to be considered at the special meetings. Additional information regarding Albemarle and Rockwood has been filed with the Securities and Exchange Commission and is publicly available. **We encourage you to read carefully this entire joint proxy statement/prospectus, including all of its annexes, the section entitled Risk Factors beginning on page 23 and the documents incorporated by reference herein.**

We enthusiastically support the proposed combination of Albemarle and Rockwood. The Albemarle board of directors unanimously (excluding one director who recused herself) approved the merger agreement and the issuance of shares of Albemarle common stock and declared their advisability and recommends that Albemarle shareholders vote **FOR** the issuance of the shares of Albemarle common stock. The Rockwood board of directors unanimously approved the merger agreement and the consummation of the merger and declared the merger agreement advisable and recommends that Rockwood shareholders vote **FOR** the adoption of the merger agreement.

**QUESTIONS AND ANSWERS ABOUT THE MERGER AND THE SPECIAL MEETINGS**

*The following questions and answers are intended to address briefly some commonly asked questions regarding the merger and the special meetings. These questions and answers only highlight some of the information contained in this joint proxy statement/prospectus and may not contain all the information that is important to you. You should read carefully this entire joint proxy statement/prospectus, including the Annexes and the documents incorporated by reference into this joint proxy statement/prospectus, to understand fully the proposed merger and the voting procedures for the special meetings. See *Where You Can Find More Information* beginning on page 148.*

***Q1: Why am I receiving this joint proxy statement/prospectus?***

A: You are receiving this joint proxy statement/prospectus in connection with the proposed acquisition of Rockwood Holdings, Inc. (which we refer to in this joint proxy statement/prospectus as Rockwood) by Albemarle Corporation (which we refer to in this joint proxy statement/prospectus as Albemarle). The proposed acquisition is contemplated by an agreement and plan of merger dated as of July 15, 2014, as it may be amended from time to time (which we refer to in this joint proxy statement/prospectus as the merger agreement), entered into among Albemarle, Albemarle Holdings Corporation (which we refer to in this joint proxy statement/prospectus as Merger Sub) and Rockwood.

In order to complete the transactions contemplated by the merger agreement, the shareholders of Albemarle must approve the issuance of shares of Albemarle common stock as part of the merger consideration paid to shareholders of Rockwood pursuant to the merger agreement (which we refer to in this joint proxy statement/prospectus as the Albemarle share issuance) and the shareholders of Rockwood must adopt the merger agreement. Albemarle and Rockwood will hold separate special meetings of their shareholders to obtain the required approvals, and you are receiving this joint proxy statement/prospectus in connection with those special meetings. For a summary of certain provisions of the merger agreement, see the section entitled *The Merger Agreement* beginning on page 95. In addition, a copy of the merger agreement is attached to this joint proxy statement/prospectus as Annex A. approve, on an advisory non-binding basis, the Rockwood merger-related compensation proposal, which requires the affirmative vote of holders of a majority of the shares of Rockwood common stock present (in person or by proxy) and entitled to vote on the proposal at the Rockwood special meeting (assuming a quorum is present); and

approve the Rockwood adjournment proposal, if necessary or appropriate, which requires the affirmative vote of holders of a majority of the shares of Rockwood common stock present (in person or by proxy) and entitled to vote on the proposal at the Rockwood special meeting (assuming a quorum is present).

***Q4: What will Rockwood shareholders receive in the merger?***

A: At the effective time of the merger, each share of Rockwood common stock (other than Rockwood excluded shares, as described below) will be converted into the right to receive the following (which we collectively refer to in this joint proxy statement/prospectus as the merger consideration):

Rockwood shareholders may also follow the instructions on the proxy card or voting instruction form to appoint a proxy by telephone or via the Internet.

***Q10: Who can vote at the Albemarle special meeting?***

A: You can vote at the Albemarle special meeting if you were the record holder of shares of Albemarle common stock as of the close of business on Tuesday, September 30, 2014 (which we refer to in this joint proxy statement/prospectus as the Albemarle record date). As of the Albemarle record date, there were [ ] shares of Albemarle common stock outstanding.

***Q11: Who can vote at the Rockwood special meeting?***

A: You can vote at the Rockwood special meeting if you were the record holder of shares of Rockwood common stock as of the close of business on Tuesday, September 30, 2014 (which we refer to in this joint proxy statement/prospectus as the Rockwood record date). As of the Rockwood record date, there were [ ] shares of Rockwood common stock outstanding.

**Table of Contents**

***Q12: What is the quorum requirement for the Albemarle special meeting?***

A: A majority of the shares of Albemarle common stock entitled to vote, represented in person or by proxy, will constitute a quorum for the transaction of business at the Albemarle special meeting. Abstentions will be treated as present at the Albemarle special meeting for purposes of determining the presence or absence of a quorum for the transaction of all business. Because there can be no broker non-votes at the Albemarle special meeting, failure to provide instructions to your bank, broker or other nominee on how to vote will result in your shares not being counted as present at the meeting.

***Q13: What is the quorum requirement for the Rockwood special meeting?***

A: Shareholders who hold shares representing a majority of the outstanding shares of Rockwood common stock on the Rockwood record date must be present in person or represented by proxy to constitute a quorum for voting on the proposal to adopt the merger agreement. Shareholders who hold shares representing a majority of the outstanding shares of Rockwood common stock entitled to vote on each other matter at the Rockwood special meeting must be present in person or represented by proxy to constitute a quorum for voting on the Rockwood merger-related compensation proposal and the Rockwood adjournment proposal at the Rockwood special meeting. Abstentions will be treated as present at the Rockwood special meeting for purposes of determining the presence or absence of a quorum for the transaction of all business. Because there can be no broker non-votes at the Rockwood special meeting, failure to provide instructions to your bank, broker or other nominee on how to vote will result in your shares not being counted as present at the meeting.

***Q14: What do Albemarle shareholders need to do now?***

A: After carefully reading and considering the information contained, or incorporated by reference, in this joint proxy statement/prospectus, please complete, sign and date your proxy card and return it in the enclosed postage-paid return envelope or appoint your proxy by telephone or via the Internet as soon as possible, so that your shares may be represented at the Albemarle special meeting. If you sign and send in your proxy card and do not indicate how you want to vote, the persons named in the proxy card will vote the shares represented by that proxy **FOR** each of the proposals to be voted on at the Albemarle special meeting described in this joint proxy statement/prospectus, as recommended by the Albemarle board of directors.

***Q15: What are the consequences of not voting or abstaining from voting at the Albemarle special meeting?***

A: Because the vote required to approve the Albemarle share issuance is based on a majority of the shares of Albemarle common stock that are cast on the Albemarle share issuance at the Albemarle special meeting (assuming a quorum is present) and because under the rules of the New York Stock Exchange (which we refer to in this joint proxy statement/prospectus as the NYSE), abstentions are counted as votes cast, abstentions will have the same effect as a vote **AGAINST** the Albemarle share issuance, while shares not present at the Albemarle special meeting will have no effect on the vote to approve the Albemarle share issuance.

Because approval of the Albemarle adjournment proposal requires that the votes cast favoring the Albemarle adjournment proposal exceed the votes cast opposing the Albemarle adjournment proposal at the Albemarle special meeting (whether or not a quorum is present), abstentions and shares not present at the Albemarle special meeting will have no effect on the outcome of the vote on the Albemarle adjournment proposal.

***Q16: What do Rockwood shareholders need to do now?***

A: After carefully reading and considering the information contained, or incorporated by reference, in this joint proxy statement/prospectus, please complete, sign and date your proxy card and return it in the enclosed postage-paid return envelope or appoint your proxy by telephone or via the Internet as soon as possible, so that your shares may be represented at the Rockwood special meeting. If you sign and send in your proxy card and do not indicate how you want to vote, the persons named in the proxy card will vote the shares represented by that proxy **FOR** each of the proposals to be voted on at the Rockwood special meeting described in this joint proxy statement/prospectus, as recommended by the Rockwood board of directors.

***Q17: What are the consequences of not voting or abstaining from voting at the Rockwood special meeting?***

A: Because the vote required to adopt the merger agreement is based on a majority of the shares of Rockwood common stock outstanding as of the Rockwood record date and entitled to vote on the adoption of the merger agreement at such meeting, abstentions and shares not present at the Rockwood special meeting will have the same effect as a vote **AGAINST** the proposal to adopt the merger agreement.

**Table of Contents**

Because approval of each of the Rockwood merger-related compensation proposal and the Rockwood adjournment proposal requires the affirmative vote of holders of a majority of the shares of Rockwood common stock that are entitled to vote on such proposals and are present, in person or by proxy, at the Rockwood special meeting, abstentions will have the same effect as votes AGAINST the proposals, while shares not present at the Rockwood special meeting will have no effect on the outcome of any vote on the Rockwood merger-related compensation proposal or the Rockwood adjournment proposal (in each case, assuming a quorum is present).

***Q18: If my shares are held in street name by my bank, broker or other nominee, will my bank, broker or other nominee vote my shares for me?***

A: Your bank, broker or other nominee will not vote your shares and your shares will not be present at a meeting unless you provide instructions on how to vote. There will be no broker non-votes because the only proposals to be voted on at the special meetings are non-routine under NYSE Rule 452. Shares for which no instructions have been given will be treated as not present at the respective special meetings. You should follow the directions and instructions provided by your bank, broker or other nominee regarding how to instruct your bank, broker or other nominee to vote your shares.

***Q19: What happens to Rockwood stock options and other equity-based awards at the effective time of the merger?***

A: Each outstanding and unexercised Rockwood stock option will be converted into an option to acquire a number of shares of Albemarle common stock determined by multiplying the number of shares underlying such Rockwood stock option by the sum of (x) the exchange ratio (0.4803) plus (y) the quotient obtained by dividing the cash portion of the merger consideration (\$50.65) by the volume weighted average price of a share of Albemarle common stock over the five trading days prior to the merger, subject to the same terms and conditions of the Rockwood stock option as in effect prior to the merger. The applicable exercise price will also be appropriately adjusted in a manner designed to maintain the intrinsic value of the Rockwood stock option. All outstanding Rockwood stock options have fully vested and are exercisable under the terms of their respective stock option plans and award agreements.

Each outstanding performance-based restricted stock unit in respect of Rockwood common stock will, upon the effective time of the merger, be converted into the right to receive a cash payment calculated based on the achievement of performance conditions as of the effective time of the merger, which payment will vest and become payable on the payment date set out in the applicable award agreement or, if earlier, upon a qualifying termination of employment. Achievement of performance conditions under performance-based restricted stock unit awards will be determined based on the total shareholder return (in the case of performance-based restricted stock units) or stock price multiple (in the case of performance-based market stock units) based on either Rockwood's total shareholder return compared against a specified peer group or the increase in Rockwood's stock price, respectively, in each case, as determined at the beginning of the performance period, compared to the CIC Per Share Price. The CIC Per Share Price will equal the sum of (x) the cash portion of the merger consideration (\$50.65) plus (y) the product of the exchange ratio (0.4803) and the volume weighted average price of a share of Albemarle common stock over the five trading days prior to the merger. In addition, following the merger and until the payment date, the amount payable to award recipients will accrue interest annually at LIBOR plus 2.0%.

***Q20: What if I hold shares in both Albemarle and Rockwood?***

A: You will receive separate proxy or voting instruction cards for each company and must complete, sign and date each proxy or voting instruction card and return each proxy or voting instruction card in the appropriate postage-paid envelope or, if available, by submitting a proxy or voting instructions by telephone or via the Internet for each company.

***Q21: What happens if I sell my shares of Albemarle common stock before the Albemarle special meeting?***

A: The record date for the Albemarle special meeting is earlier than the date of the Albemarle special meeting and the date that the merger contemplated by the merger agreement is expected to be completed. If you transfer your shares of Albemarle common stock after the Albemarle record date, but before the Albemarle special meeting, then, unless the transferee requests a proxy, you will retain your right to vote at the Albemarle special meeting.

***Q22: What happens if I sell my shares of Rockwood common stock before the Rockwood special meeting?***

A: The record date for the Rockwood special meeting is earlier than the date of the Rockwood special meeting and the date that the merger contemplated by the merger agreement is expected to be completed. If you transfer your shares of Rockwood common stock after the Rockwood record date, but before the Rockwood special meeting, then, unless the transferee requests a proxy, you will retain your right to vote at the Rockwood special meeting but will have transferred any right to receive the merger consideration applicable to such shares if the merger is completed. In order to receive the merger consideration applicable to your shares of Rockwood common stock as set out in the merger agreement, you must hold your shares through the completion of the merger.

**Table of Contents**

***Q23: What happens if I sell my shares of Rockwood common stock after the Rockwood special meeting, but before the completion of the merger?***

A: If you transfer your shares of Rockwood common stock after the Rockwood special meeting, but before the completion of the merger, you will have transferred any right to receive the merger consideration applicable to such shares if the merger is completed. In order to receive the merger consideration for your shares of Rockwood common stock as set out in the merger agreement, you must hold your shares through the completion of the merger.

***Q24: Do Albemarle shareholders have to vote on the Albemarle share issuance at the Albemarle special meeting if the Albemarle board of directors has changed its recommendation of such proposal?***

A: Yes. Unless the merger agreement is terminated before the Albemarle special meeting, Albemarle will notify Albemarle shareholders before the Albemarle special meeting if the Albemarle board of directors has changed its recommendation with respect to the Albemarle share issuance. However, Albemarle shareholders will be asked to vote on the Albemarle share issuance even if the Albemarle board of directors has so changed its recommendation.

***Q25: Do Rockwood shareholders have to vote on the adoption of the merger agreement at the Rockwood special meeting if the Rockwood board of directors has changed its recommendation of such proposal?***

A: Yes. Unless the merger agreement is terminated before the Rockwood special meeting, Rockwood will notify Rockwood shareholders before the Rockwood special meeting if the Rockwood board of directors has changed its recommendation with respect to the adoption of the merger agreement. However, Rockwood shareholders will be asked to vote on such adoption even if the Rockwood board of directors has so changed its recommendation. Under certain circumstances specified in the merger agreement, the Rockwood board of directors may terminate the merger agreement in lieu of changing its recommendation, in which case Rockwood shareholders would not have to vote on the adoption of the merger agreement. You should read *The Merger Agreement Termination of the Merger Agreement* beginning on page 101 for a more complete discussion of the rights of Rockwood and Albemarle to terminate the merger agreement.

***Q26: If I am an Albemarle shareholder, can I revoke my proxy after I have mailed my signed proxy?***

A: Yes. You can revoke your proxy before your proxy is voted at the Albemarle special meeting, including in the event that the Albemarle board of directors has changed its recommendation. You can revoke your proxy in one of three ways:

you can send a written notice stating that you would like to revoke your proxy;

you can complete and submit a new valid proxy bearing a later date by mail, telephone or via the Internet; or

you can attend the Albemarle special meeting and vote in person.

Attendance at the Albemarle special meeting will not, in and of itself, constitute revocation of a proxy; you must also vote by ballot at the Albemarle special meeting.

If you are an Albemarle shareholder and you choose to send a written notice of revocation or to mail a new proxy, you must submit your notice of revocation or your new proxy to Albemarle Corporation, Attention: Corporate Secretary, 451 Florida Street, Baton Rouge, Louisiana 70801, and it must be received at or before the start of the Albemarle special meeting. Any proxy that you submitted via the Internet or by telephone may be revoked by submitting a new proxy via the Internet or by telephone, not later than 11:59 p.m. Eastern Standard Time on Thursday, November 13, 2014, or by voting in person at the meeting. If your shares are held in the name of a bank, broker or other nominee, you should contact them to change your vote.

***Q27: If I am a Rockwood shareholder, can I revoke my proxy after I have mailed my signed proxy?***

A: Yes. You can revoke your proxy at any time before the vote is taken at the Rockwood special meeting, including in the event that the Rockwood board of directors has changed its recommendation. You can revoke your proxy in one of three ways:

you can file an instrument in writing revoking the proxy with Rockwood's Corporate Secretary;

you can file another duly executed proxy bearing a later date with Rockwood's Corporate Secretary;

you can complete and submit a new valid proxy bearing a later date by telephone or via the Internet; or

you can attend the Rockwood special meeting and vote in person.

Attendance at the Rockwood special meeting will not, in and of itself, constitute revocation of a proxy; you must also vote by ballot at the Rockwood special meeting.

**Table of Contents**

If you are a Rockwood shareholder and you choose to send a written notice or to mail a new proxy, you must submit your notice of revocation or your new proxy to Rockwood Holdings, Inc., Attention: Corporate Secretary, 100 Overlook Center, Princeton, New Jersey 08540, and it must be received at any time before the vote is taken at the Rockwood special meeting. Any proxy that you submitted may also be revoked by submitting a new proxy via the Internet or by telephone, not later than 11:59 p.m. Eastern Standard Time on Thursday, November 13, 2014, or by voting in person at the meeting. If your shares are held in the name of a bank, broker or other nominee, you should contact them to change your vote.

***Q28: Where can I find the results of the Albemarle special meeting or the Rockwood special meeting?***

A: Each company intends to announce preliminary voting results at the applicable special meeting and publish final results through a Current Report on Form 8-K that will be filed with the Securities and Exchange Commission within four business days of the applicable special meeting.

***Q29: If I am a Rockwood shareholder and my shares are represented by physical stock certificates, should I send in my stock certificates now?***

A: No. After the merger is completed, you will receive a transmittal form with instructions for the surrender of your Rockwood common stock certificates. Please do not send in your stock certificates with your proxy card.

***Q30: Is the merger expected to be taxable to Rockwood shareholders?***

A: Yes. The receipt of the merger consideration in exchange for Rockwood common stock pursuant to the merger will be a taxable transaction for U.S. federal income tax purposes and may also be taxable under state, local and non-U.S. income and other tax laws. For U.S. federal income tax purposes, if you held Rockwood common stock as a capital asset you will generally recognize capital gain or loss as a result of the merger measured by the difference, if any, between (1) the sum of (a) the amount of cash you receive in the merger including amounts, if any, withheld from the merger consideration otherwise payable to you and paid to taxing authorities by Albemarle or other applicable withholding agents and (b) the fair market value, at the effective time of the merger, of the shares of Albemarle common stock you receive in the merger, and (2) the adjusted tax basis in your shares of Rockwood common stock immediately prior to the effective time of the merger. You should read *The Merger Material U.S. Federal Income Tax Consequences of the Merger* beginning on page 81 for a more complete discussion of the material U.S. federal income tax consequences of the merger. Tax matters can be complicated and the tax consequences of the merger to you will depend on your particular tax situation. **We urge you to consult your tax advisor to determine the tax consequences of the merger to you.**

***Q31: When do you expect the merger to be completed?***

A:

Albemarle and Rockwood are working to complete the merger as quickly as possible. Subject to obtaining the approvals of our shareholders at our respective special meetings, and satisfaction of the other conditions set out in the merger agreement, Albemarle and Rockwood currently expect that the merger will be completed during the first quarter of 2015. However, it is possible that the merger could be completed earlier or that factors outside of our control could require us to complete the merger at a later time or not complete it at all. Either party may terminate the merger agreement if the merger is not completed by May 15, 2015, unless the failure of the merger to have been completed by such date was primarily caused by the failure of the party seeking to terminate the merger agreement to have performed in all material respects its obligations under the merger agreement.

For a description of certain matters that could delay or prevent the completion of the merger, please refer to *Risk Factors* beginning on page 23.

***Q32: What are the conditions to the completion of the merger?***

A: In addition to the approval of the Albemarle share issuance by Albemarle shareholders and the adoption of the merger agreement by Rockwood shareholders, the completion of the merger is subject to the satisfaction of a number of other conditions, including certain regulatory clearances. For additional information on the regulatory clearances required to complete the merger, please see the section titled *The Merger Regulatory Matters* beginning on page 86. For further information on the conditions to the completion of the merger, please see the section titled *The Merger Agreement Conditions to the Completion of the Merger* beginning on page 97.

***Q33: Will I still be paid dividends prior to the merger?***

A: Albemarle and Rockwood have each historically paid quarterly cash dividends to their respective shareholders. Under the merger agreement, Albemarle and Rockwood may continue to make their regular quarterly cash dividends consistent

**Table of Contents**

with past practice over the twelve months preceding the date of the merger agreement (including, in the case of Albemarle, a regular annual increase of its dividend after December 31, 2014 to no more than \$0.30 per share) without the other party's consent. Albemarle and Rockwood expect to make additional public announcements from time to time prior to the completion of the merger with respect to the timing of the declaration and payment of dividends to their respective shareholders.

***Q34: Can I seek appraisal of my shares of Rockwood common stock?***

A: Under Delaware law, holders of Rockwood common stock who do not vote in favor of adoption of the merger agreement are entitled to demand appraisal of their shares of Rockwood common stock in accordance with the applicable provisions of Delaware law, and, if such rights are properly demanded and perfected and are not withdrawn or otherwise lost and the merger is completed, such shareholders will be entitled to obtain payment of the judicially determined fair value of such shareholders' shares of Rockwood common stock instead of receiving the merger consideration for their shares. To exercise such rights, Rockwood shareholders must strictly follow the procedures prescribed by Delaware law. The failure to strictly follow such procedures can result in the loss of such rights. These procedures are summarized under the section entitled *The Merger Appraisal Rights* beginning on page 97. In addition, the text of the applicable appraisal rights provisions of Delaware law is included as Annex E to this joint proxy statement/prospectus, and you are encouraged to read those provisions carefully. It is possible that the fair value of shares of Rockwood common stock as determined by the Delaware Court of Chancery may be more or less than, or the same as, the merger consideration.

***Q35: Where can I find more information about the companies?***

A: You can obtain more information about Albemarle and Rockwood from the various sources described under *Where You Can Find More Information* beginning on page 148.

***Q36: Who can help answer my questions?***

At the effective time of the merger, each share of Rockwood common stock (other than Rockwood excluded shares) will be converted into the right to receive (a) \$50.65 in cash, without interest; and (b) 0.4803 of a share of Albemarle common stock.

**Treatment of Rockwood Stock Options and Other Equity-Based Awards (page 95)**

Each outstanding and unexercised Rockwood stock option will be converted into an option to acquire a number of shares of Albemarle common stock determined by multiplying the number of shares underlying such Rockwood stock option by the sum of (x) the exchange ratio (0.4803) plus (y) the quotient obtained by dividing the cash portion of the merger consideration (\$50.65) by the volume weighted average price of a share of Albemarle common stock over the five trading

days prior to the merger, subject to the same terms and conditions of the Rockwood stock option as in effect prior to the merger. The applicable exercise price will also be appropriately adjusted in a manner designed to maintain the intrinsic value of the Rockwood stock option. All outstanding Rockwood stock options have fully vested and are exercisable under the terms of their respective stock option plans and award agreements.

Each outstanding performance-based restricted stock unit in respect of Rockwood common stock will, upon the effective time of the merger, be converted into the right to receive a cash payment calculated based on the achievement of performance conditions as of the effective time of the merger, which payment will vest and become payable on the payment date set out in the applicable award agreement or, if earlier, upon a qualifying termination of employment. Achievement of performance conditions under performance-based restricted stock unit awards will be determined based on the total shareholder return (in the case of performance-based restricted stock units) or stock price multiple (in the case of performance-based market stock units) based on either Rockwood's total shareholder return compared against a specified peer group or the increase in Rockwood's stock price, respectively, in each case, as determined at the beginning of the performance period, compared to the CIC Per Share Price. The CIC Per Share Price will equal the sum of (x) the cash portion of the merger consideration (\$50.65) plus (y) the product of the exchange ratio (0.4803) and the volume weighted average price of a share of Albemarle common stock over the five trading days prior to the merger. In addition, following the merger and until the payment date, the amount payable to award recipients will accrue interest annually at LIBOR plus 2.0%.

**Appraisal Rights (page 97)**

Under Delaware law, holders of Rockwood common stock who do not vote in favor of adoption of the merger agreement are entitled to demand appraisal of their shares of Rockwood common stock in accordance with the applicable provisions of Delaware law, and, if such rights are properly demanded and perfected and are not withdrawn or otherwise lost and the merger is completed, such shareholders will be entitled to obtain payment of the judicially determined fair value of such shareholders' shares of Rockwood common stock instead of receiving the merger consideration. To exercise such rights, Rockwood shareholders must strictly follow the procedures prescribed by Delaware law. The failure to strictly follow such procedures can result in the loss of such rights. It is possible that the fair value of shares of Rockwood common stock as determined by the Delaware Court of Chancery may be more or less than, or the same as, the merger consideration.

Under Virginia law, Albemarle shareholders are not entitled to appraisal rights in connection with the merger.

**Material U.S. Federal Income Tax Consequences of the Merger (page 81)**

The receipt of the merger consideration in exchange for Rockwood common stock pursuant to the merger will be a taxable transaction for U.S. federal income tax purposes and may also be taxable under state, local and non-U.S. income and other tax laws. For U.S. federal income tax purposes, if you held Rockwood common stock as a capital asset you will generally recognize capital gain or loss as a result of the merger measured by the difference, if any, between (1) the sum of (a) the amount of cash you receive in the merger including amounts, if any, withheld from the merger consideration otherwise payable to you and paid to taxing authorities by Albemarle or other applicable withholding agents and (b) the fair market value, at the effective time of the merger, of the shares of Albemarle common stock you receive in the merger and (2) the adjusted tax basis in your shares of Rockwood common stock immediately prior to the effective time of the merger. You should read *The Merger Material U.S. Federal Income Tax Consequences of the Merger* beginning on page 81 for a more complete discussion of the material U.S. federal income tax consequences of the merger. Tax matters can be complicated, and the tax consequences of the merger to you will depend on your particular tax situation. **We urge you to consult your tax advisor to determine the tax consequences of the merger to you.**

### **Opinion of Albemarle's Financial Advisor (page 57)**

In connection with the merger, Albemarle's financial advisor, Merrill Lynch, Pierce, Fenner & Smith Incorporated (which we refer to in this joint proxy statement/prospectus as BofA Merrill Lynch), delivered to the Albemarle board of directors an oral opinion confirmed by a written opinion dated July 14, 2014, to the effect that, as of that date and based upon and subject to various assumptions and limitations described in the opinion, the merger consideration to be paid by Albemarle to the holders of shares of Rockwood common stock (other than Rockwood excluded shares) in the transaction was fair, from a financial point of view, to Albemarle. The full text of BofA Merrill Lynch's written opinion, dated July 14, 2014, is attached as Annex B to this joint proxy statement/prospectus and is incorporated by reference herein in its entirety, and sets forth, among other things, the assumptions made, procedures followed, factors considered and limitations on the review undertaken by BofA Merrill Lynch in rendering its opinion.

**BofA Merrill Lynch delivered its opinion to the Albemarle board of directors for the benefit and use of the Albemarle board of directors (in its capacity as such) in connection with and for purposes of its evaluation of the transaction. BofA Merrill Lynch's opinion did not address any aspect of the transaction other than the merger consideration. BofA Merrill Lynch expressed no opinion or view as to the relative merits of the transaction in comparison to other strategies or transactions that might be available to Albemarle or in which Albemarle might engage or as to the underlying business decision of Albemarle to proceed with or effect the transaction. BofA Merrill Lynch also expressed no opinion as to what the value of the Albemarle common stock actually will be when issued or the prices at which Albemarle common stock or Rockwood common stock will trade at any time, including following announcement or consummation of the transaction. In addition, BofA Merrill Lynch expressed no opinion or recommendation as to how any shareholder should vote or act in connection with the transaction or any related matter.**

### **Opinions of Rockwood's Financial Advisors (page 63)**

Each of Lazard Frères & Co. LLC (which we refer to in this joint proxy statement/prospectus as Lazard) and Citigroup Global Markets Inc. (which we refer to in this joint proxy statement/prospectus as Citi), rendered its opinion to the Rockwood board of directors that, as of July 14, 2014 and based upon and subject to the assumptions, matters considered, procedures, factors, qualifications and limitations set forth in their respective written opinions, the merger consideration to be received by holders of Rockwood common stock (other than holders of Rockwood excluded

shares) was fair, from a financial point of view, to such holders.

The full text of the written opinions of Lazard and Citi, both dated July 14, 2014, which set forth the assumptions made, matters and factors considered, procedures followed and qualifications and limitations on the review undertaken in connection with each opinion, are included in this joint proxy statement/prospectus as Annex C and Annex D, respectively. Lazard and Citi provided their respective opinions for the benefit and information of the Rockwood board of directors for purposes of its evaluation of the transactions contemplated by the merger agreement. Neither Lazard's opinion nor Citi's opinion constitutes a recommendation to any holder of Rockwood common stock as to how any such shareholder should vote or act with respect to the merger or any matter relating thereto. In addition, neither Lazard nor Citi was requested to opine as to, and neither opinion in any manner addresses, Rockwood's underlying business decision to proceed with or effect the merger.

**Interests of Rockwood Directors and Executive Officers in the Merger (page 73)**

In considering the recommendation of the Rockwood board of directors that Rockwood shareholders vote to adopt the merger agreement, shareholders should be aware that certain of Rockwood's directors and executive officers have interests in the merger that differ from, or are in addition to, the interests of Rockwood shareholders generally. The members of the Rockwood board of directors were aware of these interests at the time they approved the merger. These interests are summarized below.

***Employee Benefits Matters***

***Indemnification***

Rockwood's executive officers and directors will have the right to indemnification and advancement of expenses for events occurring prior to the time of the transaction and continued coverage under directors' and officers' liability insurance policies by the surviving corporation following the merger.

***Annual Bonus Plans***

Rockwood's 2014 annual bonus plan, established prior to the execution of the merger agreement, will be continued. Under the terms of the merger agreement, if the merger is completed prior to December 31, 2014, bonus amounts will be calculated based on target level of performance in respect of fiscal year 2014 and the surviving corporation will pay the 2014 bonuses in the ordinary course before March 15, 2015. If the merger is completed after December 31, 2014, bonus amounts will be calculated based on actual results and performance achieved in respect of fiscal year 2014 and the surviving corporation will pay the 2014 bonuses in the ordinary course before March 15, 2015.

With respect to 2015 annual bonuses, if the merger is completed during fiscal year 2015, Rockwood will set the fiscal year targets and budget in consultation with Albemarle and the surviving corporation will pay bonuses thereunder in the ordinary course in 2016, subject to the employee's continued employment through the payment date. Pursuant to the merger agreement, the aggregate target bonus amounts in respect of Rockwood's 2015 annual bonus plan may not exceed 110% of the aggregate Rockwood 2014 target bonus amounts.

***Employment Agreements***

Rockwood maintains employment agreements with its named executive officers. If the applicable named executive officer's employment with Rockwood terminates under certain circumstances, including in connection with a change in control, the executive will be entitled to severance benefits as set forth in the executive's employment agreement.

***Severance and Retention Arrangements***

Certain of Rockwood's executive officers and other employees have severance agreements that provide for the payment of retention and/or increased severance amounts in connection with the transactions contemplated by the merger agreement.

***Treatment of Equity-Based Awards***

Rockwood equity awards held by executive officers and directors of Rockwood that are outstanding immediately prior to the effective time of the merger will be subject to the following treatment upon the effective time of the merger:

***Options***

Outstanding and unexercised Rockwood stock options will be converted into options to acquire a number of shares of Albemarle common stock determined by multiplying the number of shares underlying each Rockwood stock option by the sum of (x) 0.4803 plus (y) the quotient obtained by dividing the cash portion of the merger consideration (\$50.65) by the volume weighted average price of a share of Albemarle common stock over the five trading days prior to the merger, subject to the same terms and conditions of the Rockwood options as in effect prior to the merger. All outstanding stock options have fully vested and are exercisable under the terms of their respective stock option plans and award agreements.

***Performance-Based Restricted Stock Units***

Albemarle will honor the original vesting terms under all outstanding awards of performance-based restricted stock units, if the applicable participant remains employed through the original vesting dates, and the double trigger vesting of the awards, if the applicable participant incurs a qualifying termination of employment following the merger. In accordance

## **Table of Contents**

with the terms of the awards, at the effective time of the merger, each award of performance-based restricted stock units will be converted into the right to receive a cash payment calculated under the applicable award agreement, which payment will vest and become payable on the payment date set out in the applicable award agreement or, if earlier, upon a qualifying termination of employment.

### ***Continuing Directors***

The Albemarle board of directors has approved an amendment of Albemarle's bylaws, to be effective as of the effective time of the merger, to increase the number of directors that constitute the Albemarle board of directors from ten to eleven. Prior to the effective time of the merger, Albemarle will secure the resignation of two members of the Albemarle board of directors effective as of the effective time of the merger. Albemarle will appoint to the Albemarle board of directors, effective as of the effective time of the merger, three individuals designated by the Rockwood board of directors. If a designee was not a member of the Rockwood board of directors as of the date of the merger agreement, such designee must be reasonably acceptable to the Nominating & Governance Committee of the Albemarle board of directors.

The Rockwood designees will serve on the Albemarle board of directors until the next annual meeting of Albemarle shareholders and will be nominated for election at such next annual meeting to serve until the next subsequent annual meeting of Albemarle shareholders and until their respective successors are duly elected and qualified.

### **Comparison of Shareholders' Rights (page 134)**

Rockwood shareholders, whose rights are currently governed by Rockwood's amended and restated certificate of incorporation and fourth amended and restated bylaws and Delaware law, will, upon the completion of the merger, become shareholders of Albemarle and their rights will be governed by Albemarle's amended and restated articles of incorporation and amended and restated bylaws and Virginia law. Some of the rights associated with Rockwood common stock are different from the rights associated with Albemarle common stock.

**The Merger Agreement**

The following is a summary of material provisions of the merger agreement. The following summary of the merger agreement does not purport to be complete and may not contain all of the information about the merger agreement that is important to you. The summary of the material terms of the merger agreement below and elsewhere in this joint proxy statement/prospectus is subject to, and qualified in its entirety by, reference to the full text of the merger agreement, which is attached as Annex A to this joint proxy statement/prospectus and is incorporated herein by reference. You should read the entire merger agreement carefully and in its entirety because it, and not the description below or elsewhere in this joint proxy statement/prospectus, is the legal document that governs the merger.

**Conditions to the Completion of the Merger (page 97)**

Albemarle, Rockwood and Merger Sub are obligated to complete the merger subject to the satisfaction, or, to the extent permitted by applicable law, waiver, of several conditions, including the following:

the adoption of the merger agreement by the holders of a majority of the outstanding shares of Rockwood common stock at the Rockwood special meeting;

the approval of the Albemarle share issuance by a majority of votes cast by the holders of Albemarle common stock at the Albemarle special meeting;

the shares of Albemarle common stock to be issued to Rockwood shareholders pursuant to the merger agreement and any such other shares of Albemarle common stock to be reserved for issuance in connection with the merger have been approved for listing on NYSE, subject to official notice of issuance;

the absence of any law, constitution, treaty, convention, ordinance, code, rule, statute, regulation or other similar requirement, or any temporary, preliminary or permanent order, writ, injunction, decree, judgment, award, settlement or stipulation promulgated, enacted, rendered, adopted or issued by any governmental entity of competent jurisdiction that prohibits or makes illegal the completion of the merger;

the effectiveness of the registration statement for the shares of Albemarle common stock being issued in the merger, the absence of any stop order suspending such effectiveness and no proceeding seeking a stop order being pending before the SEC; and

the expiration or termination of the waiting period (and any extensions thereof) under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (which we refer to in this joint proxy statement/prospectus as the HSR Act) applicable to the merger in the United States and the grant of the decisions, orders, consents or expiration of any waiting periods required to consummate the merger under the competition laws of certain other jurisdictions agreed by the parties.

Albemarle and Merger Sub's obligation to consummate the merger is further subject to satisfaction or waiver (by Albemarle or Merger Sub) of the following additional conditions:

Rockwood's representations and warranties being true and correct as of the date of the merger agreement and the closing date, subject to certain materiality or material adverse effect qualifications described in the merger agreement, and the receipt by Albemarle of a certificate from a senior executive officer of Rockwood to that effect; and

Rockwood having performed or complied in all material respects with all obligations required to be performed or complied with by it under the merger agreement prior to the completion of the merger, and the receipt by Albemarle of a certificate from a senior executive officer of Rockwood to that effect.

## **Table of Contents**

Rockwood's obligation to consummate the merger is further subject to satisfaction or waiver (by Rockwood) of the following additional conditions:

the representations and warranties of Albemarle and Merger Sub being true and correct as of the date of the merger agreement and as of the closing date, subject to certain materiality and material adverse effect qualifications described in the merger agreement, and the receipt by Rockwood of a certificate from a senior executive officer of Albemarle to that effect; and

Albemarle and Merger Sub having performed or complied in all material respects with all obligations required to be performed or complied with by each of them under the merger agreement prior to the completion of the merger, and the receipt by Rockwood of a certificate from a senior executive officer of Albemarle to that effect.

### **Termination of the Merger Agreement; Termination Fees (pages 101 and 102)**

The merger agreement contains provisions addressing the circumstances under which Albemarle or Rockwood may terminate the merger agreement. In certain circumstances, upon termination of the merger agreement, Albemarle or Rockwood will be required to pay a termination fee of \$300 million or \$180 million, respectively, to the other party and/or either party may be required to reimburse the other party for its transaction-related expenses, subject to a \$25 million limit. The amount of any expenses paid by either Albemarle or Rockwood to the other party will be credited against any termination fee to be paid by such party if the termination fee subsequently becomes payable.

### **Regulatory Matters (page 86)**

Albemarle and Rockwood have agreed to use their reasonable best efforts to take, or cause to be taken, all actions that are necessary, proper or advisable to consummate the merger and the other transactions contemplated by the merger agreement as promptly as practicable, including using reasonable best efforts to obtain (and cooperating with the other party to obtain) all regulatory approvals required to complete the transactions contemplated by the merger agreement. However, neither Albemarle nor Rockwood is required to take any action that would reasonably be expected to have a material adverse effect on the business of Albemarle or Rockwood as the surviving corporation in the merger.

Under the HSR Act, and the rules promulgated thereunder by the Federal Trade Commission (which we refer to in this joint proxy statement/prospectus as the FTC), the merger may not be completed until notification and report forms have been filed with the FTC and the Antitrust Division of the Department of Justice (which we refer to in this joint proxy statement/prospectus as the DOJ) and the applicable waiting period has expired or been terminated. Albemarle and Rockwood filed notification and report forms under the HSR Act with the FTC and the Antitrust Division of the DOJ on August 8, 2014, and the waiting period expired on September 8, 2014.

Additionally, the parties agreed to make, or cause to be made, antitrust filings in the European Union, People's Republic of China and certain other foreign jurisdictions. The parties have started the notification process with most of the relevant competition authorities. As is customary with regulatory notifications filed with the European Commission and the Ministry of Commerce of the People's Republic of China (which we refer to in this joint proxy statement/prospectus as MOFCOM), the European Commission and MOFCOM are reviewing the parties' notifications to determine whether they will formally accept the notifications. The European Commission has already sought, and MOFCOM will likely seek, clarifications or supplemental information from the parties before formally accepting the notifications, which is also customary. After the European Commission and MOFCOM formally accept the filings,

both authorities will begin the formal review phase of the mergers. The parties do not anticipate any substantive antitrust problem to arise during the review. The parties currently estimate that they will receive European Commission clearance for the merger in the fourth quarter of 2014 and MOFCOM clearance during the first quarter of 2015.

**No Solicitation of Transactions (page 99)**

The merger agreement contains restrictions on each of Rockwood's and Albemarle's ability to solicit or engage in discussions or negotiations with a third party regarding specified transactions involving each company or their respective subsidiaries. Notwithstanding these restrictions, under certain circumstances and subject to certain conditions, each of Rockwood's and Albemarle's board of directors may respond to an unsolicited written acquisition proposal or, in the case of Rockwood, may terminate the merger agreement if at any time prior to the adoption of the merger agreement by the shareholders of Rockwood, the Rockwood board of directors determines to enter into a binding agreement that provides for a superior proposal for Rockwood.

**Table of Contents****Accounting Treatment of the Merger (page 114)**

The merger will be accounted for using the acquisition method of accounting with Albemarle being considered the acquirer of Rockwood for accounting purposes.

**Selected Historical Consolidated Financial Data of Rockwood**

The selected historical consolidated financial data of Rockwood presented for the years ended December 31, 2013, 2012 and 2011 and as of December 31, 2013 and 2012 has been derived from Rockwood's audited consolidated financial statements incorporated by reference into this joint proxy statement/prospectus. The selected historical consolidated financial data of Rockwood presented for each of the years ended December 31, 2010 and 2009 and as of December 31, 2011, 2010 and 2009 has been derived from Item 6. Selected Financial Data, in Rockwood's 2013 Annual Report on Form 10-K incorporated by reference into this joint proxy statement/prospectus.

The selected historical consolidated financial data of Rockwood presented for the six months ended June 30, 2014 and 2013 and as of June 30, 2014 has been derived from Rockwood's unaudited consolidated financial statements incorporated by reference into this joint proxy statement/prospectus and has been prepared on the same basis as our audited financial statements and, in Rockwood management's opinion, includes all normal and recurring adjustments that Rockwood considers necessary for a fair presentation of Rockwood's financial position and results of operations for such periods and as of such date.

All periods presented have been reclassified to account for the sale of the plastic compounding business in 2011, the sale of the advanced ceramics and clay-based additives businesses in 2013, and the sale of the titanium dioxide pigments, color pigments and services, timber treatment chemicals, rubber/thermoplastics compounding and water chemistry businesses that is expected to close in October 2014, as discontinued operations. In addition, all prior periods presented have been reclassified to account for the impact of the accounting records that were falsified at a single location within the color pigments and services business of Rockwood's former performance additives segment. For the years ended December 31, 2012, 2011 and 2010, net income and earnings per share on a diluted basis was

Edgar Filing: ALBEMARLE CORP - Form S-4/A

reduced by \$4.3 million (\$0.05 per share), \$11.9 million (\$0.15 per share) and \$8.0 million (\$0.10 per share), respectively. Consolidated EBITDA as adjusted (which we refer to in this joint proxy statement/prospectus as Adjusted EBITDA) is used in Rockwood's debt agreements to determine compliance with financial covenants and Rockwood's ability to engage in certain activities, such as incurring additional debt and making certain payments. In addition to covenant compliance, Rockwood's management also uses Adjusted EBITDA to assess its operating performance and to calculate performance-based cash bonuses and determine whether certain performance-based restricted stock units vest, as both such bonuses and restricted stock units are tied to Adjusted EBITDA targets. Adjusted EBITDA contains other charges and gains for which Rockwood believes adjustment is permitted under its former senior secured credit agreement.

Adjusted EBITDA has limitations as an analytical tool, and should not be viewed in isolation and is not a substitute for U.S. generally accepted accounting principles (which we refer to in this joint proxy statement/prospectus as GAAP) measures of earnings and cash flows. Material limitations associated with making the adjustments to Rockwood's earnings and cash flows to calculate Adjusted EBITDA, and using this non-GAAP financial measure as compared to the most directly comparable GAAP financial measures, include:

the cash portion of interest expense, net, income tax provision (benefit), and restructuring as well as charges related to securities issuance, acquisition and disposition activities, and systems/organization establishment, generally represent charges (gains) which may significantly affect funds available to use in our operating, investing and financing activities;

non-operating foreign exchange gains (losses), although not immediately affecting cash used in investing activities, may affect the amount of funds needed to service Rockwood's debt if those currency impacts remain in place as Rockwood meets its future principal repayment obligations; and

**Table of Contents**

depreciation, amortization, non-cash (gains) charges and impairment charges, though not directly affecting Rockwood's current cash position, represent the wear and tear and/or reduction in value of the plant, equipment and intangible assets which permit Rockwood to manufacture and/or market its products; these items may be indicative of future needs for capital expenditures, for development or acquisition of intangible assets or relevant trends causing asset value changes.

A Rockwood shareholder or a potential Rockwood shareholder may find any one or all of these items important in evaluating Rockwood's performance, results of operations, financial position and liquidity. Rockwood's management compensates for the limitations of using non-GAAP financial measures by using them only to supplement Rockwood's GAAP results to provide a more complete understanding of the factors and trends affecting Rockwood's business. Adjusted EBITDA is not an alternative to net income (loss) or income (loss) from continuing operations before taxes or operating income or cash flows from operating activities as calculated and presented in accordance with GAAP. You should not rely on Adjusted EBITDA as a substitute for any such GAAP financial measures. You are urged to review the reconciliations of Adjusted EBITDA to GAAP financial measures and other financial information, in each case included or incorporated by reference into this joint proxy statement/prospectus. You are also urged not to rely on any single financial measure to evaluate Rockwood's business. Rockwood's measure of Adjusted EBITDA may not be comparable to those of other companies.

The following table sets forth a reconciliation of net income attributable to Rockwood to Adjusted EBITDA from continuing operations for the periods indicated:

Presented below are Albemarle's and Rockwood's historical per share data for the six months ended June 30, 2014 and the year ended December 31, 2013 and unaudited pro forma combined per share data for the six months ended June 30, 2014 and the year ended December 31, 2013. This information should be read together with the consolidated financial statements and related notes of Albemarle and Rockwood that are incorporated by reference in this joint proxy statement/prospectus and with the unaudited pro forma combined condensed financial information included under *Unaudited Pro Forma Condensed Combined Financial Statements* beginning on page 115. The pro forma information is presented for illustrative purposes only and is not necessarily indicative of the operating results or financial position that would have occurred if the merger had been completed as of the beginning of the periods presented, nor is it necessarily indicative of the future operating results or financial position of the combined company. The historical book value per share is computed by dividing total shareholders' equity by the number of shares of common stock outstanding at the end of the period. The pro forma income per share of the combined company is computed by dividing the pro forma income by the pro forma weighted average number of shares outstanding. The pro forma book value per share of the combined company is computed by dividing total pro forma shareholders' equity by the pro forma number of shares of common stock outstanding at the end of the period. The Rockwood unaudited pro forma equivalent per share financial information is computed by multiplying the Albemarle unaudited pro forma combined per share amounts by the exchange ratio (0.4803 of a share of Albemarle common stock for each share of Rockwood common stock). The Rockwood pro forma equivalent per share amounts assume each Rockwood shareholder receives the merger consideration only in the form of Albemarle common stock. This presentation portrays the equivalent pro forma earnings, dividends and book value per share for one share of Rockwood common stock, and does not take into account the \$50.65 cash payment by Albemarle for each share of Rockwood common stock at the time of the merger. Book value per share amounts are not calculated for December 31, 2013 on a pro forma basis as purchase accounting adjustments in the unaudited pro forma statements have been estimated only as of June 30, 2014.

Rockwood has paid regular quarterly cash dividends on its common stock since June 2012, increasing during that time period from \$0.35 per share to \$0.45 per share. Under the terms of the merger agreement, during the period before the completion of the merger, Albemarle and Rockwood are prohibited from paying any dividends other than regular quarterly cash dividends paid in accordance with the companies' historical practice over the past twelve months. Any such quarterly dividend to be paid by Albemarle may not exceed \$0.275 per share, in the case of any dividend with a record date on or prior to December 31, 2014, and \$0.30 per share, in the case of any dividend with a record date on or after January 1, 2015. Any quarterly dividend to be paid by Rockwood may not exceed \$0.45 per share.

### **Financing**

The obligations of Albemarle and Merger Sub under the merger agreement are not subject to any conditions regarding their ability to finance, or obtain financing for, the transactions contemplated by the merger agreement, and they are obligated under the merger agreement to have sufficient funds available to satisfy their obligations under the merger agreement. Albemarle has obtained financing commitments for financing in order to pay (i) the cash consideration payable in connection with the merger and (ii) related fees and expenses.

Albemarle's financing commitments consist of the following:

Up to \$1.15 billion in commitments for a senior unsecured 60-day cash bridge facility; and

Up to \$2.7 billion in commitments for a senior unsecured 364-day bridge facility, to be provided if, prior to the completion date of the merger, (i) credit documentation with respect to a \$1.0 billion senior unsecured term loan does not become effective or (ii) Albemarle has not received gross proceeds of up to \$1.7 billion from the issuance and sale of new senior unsecured notes.

Albemarle intends to enter into definitive documentation for the financing on or prior to the completion of the merger. On August 15, 2014, Albemarle entered into a term loan credit agreement providing for a tranche of senior unsecured

term loans in an aggregate amount of \$1.0 billion in connection with the merger, and amended its existing five-year, revolving, unsecured credit facility to, among other things, increase the maximum leverage ratio that the Albemarle is permitted to maintain to 4.50 times consolidated EBITDA (calculated to include cost synergies related to the merger reasonably expected to be realized within 12 months of the completion of the merger up to 5% of consolidated EBITDA) for the first four quarters following the completion of the merger, stepping down by 0.25 on a quarterly basis thereafter until reaching 3.50 times consolidated EBITDA.

In addition, prior to the completion of the merger, if requested by Albemarle, Rockwood may solicit the consents of holders of Rockwood's existing senior notes, which are expected to remain outstanding following the merger, to effect certain amendments to the indenture governing the notes.

For more information, see *Financing relating to the Merger* beginning on page 91.

**RISK FACTORS**

*In addition to the other information included and incorporated by reference in this joint proxy statement/prospectus, Albemarle shareholders and Rockwood shareholders should consider carefully the matters described below in determining whether to approve the Albemarle share issuance or to adopt the merger agreement, as applicable, and the other related matters described in this joint proxy statement/prospectus.*

**Risks Related to the Merger**

***We cannot provide any assurance that the merger will be completed.***

The completion of the merger is subject to customary closing conditions described in the merger agreement, including, among others, (i) adoption by Rockwood shareholders of the merger agreement, (ii) approval by Albemarle shareholders of the Albemarle share issuance, (iii) obtaining antitrust and other regulatory approval in the United States and certain other jurisdictions and (iv) the absence of any event, change, condition, occurrence or effect that, individually or in the aggregate, has or would reasonably be expected to have, a material adverse effect on Rockwood's or Albemarle's business. See *The Merger Agreement - Conditions to the Completion of the Merger* beginning on page 97.

Although each of Rockwood and Albemarle has agreed in the merger agreement to use its reasonable best efforts to take, or cause to be taken, all actions necessary, proper or advisable to comply promptly with all legal requirements which may be imposed on such party or its subsidiaries with respect to the merger, these and other conditions to the merger may not be satisfied. In addition, satisfying the conditions to the merger may take longer than, and could cost more than, Albemarle and Rockwood expect. Any delay in completing the merger may adversely affect the benefits that Rockwood and Albemarle expect to achieve from the merger and the integration of their businesses.

***The exchange ratio is fixed and will not be adjusted for changes affecting the market price of either Albemarle common stock or Rockwood common stock. Because the market value of Albemarle common stock may fluctuate, Rockwood shareholders cannot be sure of the market value of the stock portion of the merger consideration they will receive in the merger.***

The stock portion of the merger consideration that Rockwood shareholders will receive is a fixed number of shares of Albemarle common stock; it is not a number of shares with a particular fixed market value. See *The Merger - Merger Consideration* beginning on page 86. The market value of Albemarle common stock and Rockwood common stock at the effective time of the merger may vary significantly from their respective values on the date the merger agreement was executed or at other later dates, including the date on which Rockwood shareholders vote on the adoption of the merger agreement. Because the exchange ratio relating to the stock portion of the merger consideration will not be adjusted to reflect any changes in the market value of Albemarle common stock or Rockwood common stock, the market value of the Albemarle common stock issued in connection with the merger and the Rockwood common stock converted in connection with the merger may be higher or lower than the values of those shares on earlier dates. Stock price changes may result from a variety of factors, including changes in the business, operations or prospects of Albemarle or Rockwood, regulatory considerations, and general business, market, industry or economic conditions.

Neither Albemarle nor Rockwood is permitted to terminate the merger agreement solely because of changes in the market price of either party's respective common stock. However, each of the Albemarle board of directors and the Rockwood board of directors may withdraw its recommendation to their respective shareholders that they approve the Albemarle share issuance or adopt the merger agreement, as applicable, if such board of directors determines in good faith, after consultation with its outside legal counsel, that the failure to take such action could reasonably be expected

to be inconsistent with its fiduciary duties under applicable law. See *The Merger Agreement No Solicitation Board Recommendation Change* beginning on page 100.

***The merger is subject to the receipt of consents and clearances from regulatory authorities that may impose conditions that could have an adverse effect on Albemarle, Rockwood or the combined company following the merger or, if not obtained, could prevent the completion of the merger.***

Before the merger may be completed, applicable waiting periods must expire or terminate under antitrust and competition laws and clearances or approvals must be obtained from various regulatory entities. In deciding whether to grant antitrust or regulatory clearances, the relevant governmental entities will consider the effect of the merger on competition within their relevant jurisdiction. The terms and conditions of the approvals that are granted may impose requirements, limitations or costs or place restrictions on the conduct of the combined company's business. Despite the parties' commitments to use their reasonable best effort to comply with conditions imposed by regulatory entities, under the terms of the merger agreement, Albemarle and Rockwood will not be required to take actions that would reasonably be expected to

**Table of Contents**

have a material adverse effect on the business of Albemarle or Rockwood as the surviving corporation after the merger. See *The Merger Agreement Additional Terms Reasonable Best Efforts* beginning on page 108. There can be no assurance that regulators will not impose conditions, terms, obligations or restrictions and that such conditions, terms, obligations or restrictions will not have the effect of delaying the completion of the merger, imposing additional material costs on or materially limiting the revenues of the combined company following the merger or otherwise reduce the anticipated benefits of the merger if the merger were consummated successfully within the expected timeframe. In addition, neither Albemarle nor Rockwood can provide assurance that any such conditions, terms, obligations or restrictions will not result in the delay or abandonment of the merger. Additionally, the completion of the merger is conditioned on the absence of certain restraining orders or injunctions by judgment, court order or law that would prohibit the completion of the merger. For a more detailed description of the regulatory review process, please see the section titled *The Merger Regulatory Matters* beginning on page 86.

***Albemarle's inability to satisfy and comply with conditions under its existing financing arrangements or raise additional or replacement financing could delay or prevent the completion of the merger.***

The obligations of Albemarle and Merger Sub under the merger agreement are not subject to any conditions regarding their ability to finance, or obtain financing for, the transactions contemplated by the merger agreement, and they are obligated under the merger agreement to have sufficient funds available to satisfy their obligations under the merger agreement. If Albemarle is unable to satisfy the conditions required under its financing commitments or any definitive financing documentation, Albemarle may not have available the funds necessary to fund the cash portion of the merger consideration. In addition, one or more financing sources under the financing commitments may default on its obligation to provide the financing and that the commitments of any such defaulting financing source may not be replaced on a timely basis. Any such failure to have available the necessary funds to fund the cash portion of the merger consideration could delay or prevent the completion of the merger. See *The Merger Agreement Financing* beginning on page 110.

***Albemarle and Rockwood will incur transaction and integration costs in connection with the merger.***

Albemarle and Rockwood expect that they will incur significant, non-recurring costs in connection with consummating the merger. In addition, Albemarle will incur integration and restructuring costs following the completion of the merger as Albemarle integrates the businesses of the two companies. There can be no assurances that the expected benefits and efficiencies related to the integration of the businesses will be realized to offset these transaction, integration and restructuring costs over time. Albemarle and Rockwood may also incur additional costs to maintain employee morale and to retain key employees. Albemarle will also incur significant fees and expenses relating to the financing arrangements in connection with the merger. Albemarle and Rockwood will also incur significant legal, financial advisor, accounting, banking and consulting fees, fees relating to regulatory filings and notices, SEC filing fees, printing and mailing fees and other costs associated with the merger. Some of these costs are payable regardless of whether the merger is completed. See *The Merger Agreement Payment of Certain Fees and Expenses* beginning on page 102.

***Rockwood may not be able to complete its divestiture of the Rockwood pigments business prior to the completion of the merger or at all, and, if so, Albemarle may not be able to use the proceeds of the divestiture to repay a portion of its financing for the merger.***

Rockwood may not be able to complete the divestiture of its titanium dioxide pigments, color pigments and services, timber treatment chemicals, rubber/thermoplastics compounding and water chemistry businesses (which we refer to in this joint proxy statement/prospectus as the Rockwood pigments business) prior to the completion of the merger or at all. Rockwood entered into a definitive agreement (which we refer to in this joint proxy statement/prospectus as the

pigments business disposition agreement) to sell the Rockwood pigments business, which it considers a non-core business, in September 2013. The completion of this disposition is subject to, among other things, the approval by the European Commission. The transaction is currently in phase II review by the European Commission. The transaction has not yet closed and there can be no assurance whether approval of the antitrust authorities will be obtained.

The obligations of Albemarle and Merger Sub under the merger agreement are not subject to any conditions regarding the closing of the divestiture of the Rockwood pigments business. Albemarle anticipates using the proceeds of the divestiture of the Rockwood pigments business to repay a portion of its financing for the merger. If the Rockwood pigments business is not divested prior to the completion of the merger, Albemarle expects to continue seeking to divest the Rockwood pigments business following the merger to repay the financing. However, if the Rockwood pigments business is not divested pursuant to the pigments business disposition agreement, no assurances can be given that Albemarle will be able to negotiate a divestiture transaction with another party on terms comparable to the terms of the pigments business disposition agreement.

**Table of Contents**

***The merger agreement restricts Albemarle's and Rockwood's conduct of business prior to the completion of the merger and limits both parties' ability to pursue an alternative acquisition proposal to the merger.***

Under the merger agreement, Albemarle and Rockwood are subject to certain restrictions on the conduct of their respective businesses prior to completing the merger, which restrictions may adversely affect Albemarle's and Rockwood's ability to exercise certain of their respective business strategies. See *The Merger Agreement Conduct of Business Pending the Merger* beginning on page 103. These restrictions may prevent Albemarle and Rockwood from pursuing otherwise attractive business opportunities and making other changes to their respective businesses prior to the completion of the merger or termination of the merger agreement.

In addition, the merger agreement prohibits Albemarle and Rockwood from (A) soliciting or, subject to certain exceptions set forth in the merger agreement, knowingly facilitating or encouraging any inquiry or proposal relating to alternative business combination transactions, or (B) subject to certain exceptions set forth in the merger agreement, engaging in discussions or negotiations regarding, or providing any nonpublic information in connection with, proposals relating to alternative business combination transactions. See *The Merger Agreement No Solicitation* beginning on page 99. In certain circumstances, upon termination of the merger agreement, Albemarle or Rockwood will be required to pay a termination fee of \$300 million or \$180 million, respectively, to the other party and/or to reimburse the other party for its transaction-related expenses, subject to a \$25 million limit, if the merger is not consummated (provided that the amount of any expenses paid by either Albemarle or Rockwood to the other party will be credited against any termination fee to be paid by such party if the termination fee subsequently becomes payable). See *The Merger Agreement Payment of Certain Fees and Expenses* beginning on page 102. These provisions, while reasonable in light of comparable transactions and the overall terms of the merger agreement, may limit Albemarle's and Rockwood's respective ability to pursue offers from third parties that could result in greater value to their respective shareholders than the value resulting from the merger. The termination fee may also discourage third parties from pursuing an alternative acquisition proposal with respect to Albemarle or Rockwood, or might result in third parties proposing to pay a lower value per share to acquire Rockwood or Albemarle than it might otherwise have been willing to pay.

***While the merger is pending, Albemarle and Rockwood will be subject to business uncertainties that could adversely affect their businesses.***

Uncertainty about the effect of the merger on employees, customers and suppliers may have an adverse effect on Albemarle and Rockwood. These uncertainties may impair Albemarle's and Rockwood's ability to attract, retain and motivate key personnel until the merger is consummated and for a period of time thereafter, and could cause both parties' respective customers, suppliers and other business partners to delay or defer certain business decisions or to seek to change existing business relationships with Albemarle or Rockwood. Employee retention may be particularly challenging during the pendency of the merger because employees may experience uncertainty about their future roles with the combined company. If, despite Albemarle's and Rockwood's retention efforts, key employees depart because of issues relating to the uncertainty and difficulty of integration or a desire not to remain with the companies as combined, Albemarle's and Rockwood's businesses could be seriously harmed. Any delay in completing the merger may further increase such uncertainties and the adverse effects related thereto.

***If the merger is not completed by May 15, 2015, either Albemarle or Rockwood may choose not to proceed with the merger.***

Either Albemarle or Rockwood may terminate the merger agreement if the merger has not been completed by May 15, 2015, unless the failure of the merger to have been completed by such date was primarily caused by the failure of the party seeking to terminate the merger agreement to have performed in all material respects its obligations under the

merger agreement. See *The Merger Agreement Termination of the Merger Agreement* beginning on page 101.

***Failure to complete the merger could materially and adversely impact the financial conditions, results of operations and stock prices of Albemarle and Rockwood.***

As described above, the conditions to the completion of the merger may not be satisfied. If the merger is not completed for any reason, Albemarle and Rockwood will be subject to several risks, including the following:

being required to pay a termination fee of \$300 million or \$180 million, respectively, under certain circumstances provided in the merger agreement (see *The Merger Agreement Payment of Certain Fees and Expenses* beginning on page 102);

being required to reimburse the other party for certain fees and expenses relating to the merger, such as legal, financial advisor, accounting, banking, consulting and printing fees and expenses up to \$25 million (provided that the amount of any expenses paid by either Albemarle or Rockwood to the other party will be credited against any termination fee to be paid by such party if the termination fee subsequently becomes payable), under certain circumstances provided in the merger agreement (see *The Merger Agreement Payment of Certain Fees and Expenses* beginning on page 102);

**Table of Contents**

having had the focus of their respective management diverted from day-to-day operations and other opportunities that could have been beneficial to Albemarle or Rockwood;

the market prices of Albemarle common stock and Rockwood common stock might decline to the extent that the current market prices reflect a market assumption that the merger would be completed;

customers and suppliers may seek to modify their respective relationships with Albemarle or Rockwood and both companies' ability to attract new employees and retain existing employees may be harmed by uncertainties associated with the merger;

being subject to potential litigations related to a failure to complete the merger or to enforce their respective obligations under the merger agreement; and

if Albemarle or Rockwood seeks out another merger or business combination following termination of the merger agreement, it may not be able to negotiate a transaction with another party on terms comparable to, or better than, the terms of the merger.

Any such events could have a material adverse impact on Albemarle's or Rockwood's financial condition, results of operations and stock price.

***The directors and executive officers of Rockwood may have certain interests in the merger that may be different from, or in addition to, the interests of Rockwood shareholders.***

In considering the information in this joint proxy statement/prospectus, you should be aware that certain of the directors and executive officers of Rockwood may have certain interests in the merger that differ from, or are in addition to, the interests of Rockwood shareholders. These interests include, but are not limited to, the following:

the treatment of performance-based equity awards held by certain directors and executive officers of Rockwood, including the conversion of their performance-based restricted stock unit awards into the right to receive a cash amount, the payment of which will be accelerated upon a termination of the award recipient's employment by the surviving corporation without cause or if the award recipient resigns employment for good reason following a change in control;

the potential payment of retention, severance and other benefits to executive officers of Rockwood;

continued eligibility to earn annual bonus payments;

the potential payment of tax gross-ups to certain of Rockwood's executive officers; and

the continuation of certain rights to indemnification and expense advancement and of coverage under directors and officers liability insurance policies following the completion of the merger.

In addition, up to three current directors of Rockwood may be designated by Rockwood to serve on the Albemarle board of directors after the completion of the merger. The Rockwood board of directors was aware of these interests at the time it approved the merger agreement. These interests may cause Rockwood's directors and executive officers to view the proposal regarding the merger differently and more favorably than you may view it. See *The Merger Interests of Rockwood Directors and Executive Officers in the Merger* beginning on page 73.

***Chilean capital gain tax may apply to Rockwood shareholders, if any, that, along with persons related to them (within the meaning of related persons described in The Merger Chilean Tax Considerations beginning on page 85), are treated as transferring 10 percent or more of the outstanding Rockwood common stock.***

In 2012, Chile enacted indirect transfer rules that, effective January 1, 2013, impose, in certain circumstances, a tax on the transfer of shares of a non-Chilean corporation, like Rockwood, that owns one or more Chilean subsidiaries. Broadly, under these rules, the exchange of shares of Rockwood common stock for merger consideration may be taxable to a holder that, along with persons related to that holder (within the meaning of related persons described in *The Merger Chilean Tax Considerations* beginning on page 85), transfers 10% or more of the outstanding shares of Rockwood common stock during the 12-month period ending on the date the merger is completed, provided the Chilean subsidiaries of Rockwood have a fair market value in excess of a certain specified threshold. In a case where the 10% transfer threshold is met, the exchange agent (or other applicable withholding agent) may be required to provisionally withhold from the merger consideration paid to the Rockwood shareholder an amount equal to a percentage of the merger consideration attributable to the value of the Chilean assets of Rockwood. There is uncertainty relating to the application by Chilean authorities of the indirect transfer rules on certain shareholders exchange of shares of Rockwood common stock. Rockwood shareholders that may incur tax under these indirect transfer rules should consult with a Chilean tax advisor regarding the application of the rules to them. See *The Merger Chilean Tax Considerations* beginning on page 85.

## **Table of Contents**

***Lawsuits have been filed against Rockwood, members of the Rockwood board of directors, Albemarle and Merger Sub challenging the merger, and additional lawsuits may be filed; an adverse ruling in any of such lawsuits may prevent the merger from becoming effective or from becoming effective within the expected timeframe.***

Rockwood, members of the Rockwood board of directors, Albemarle and Merger Sub are named as defendants in certain lawsuits brought by and on behalf of Rockwood shareholders challenging the merger, seeking, among other things, to enjoin the defendants from completing the merger on the agreed-upon terms, as well as damages. See *Certain Litigation* beginning on page 94. If the plaintiffs are successful in obtaining an injunction prohibiting the defendants from completing the merger on the agreed upon terms, then such injunction may prevent the merger from becoming effective within the expected timeframe or at all. If the completion of the merger is prevented or delayed, it could result in substantial costs to Albemarle and Rockwood. In addition, Albemarle and Rockwood could incur significant costs in connection with the lawsuits, including costs associated with the indemnification of Rockwood's directors and officers.

### **Risks Related to the Combined Company**

***The market price of Albemarle common stock after the merger may be affected by factors different from those currently affecting the prices of Albemarle common stock and Rockwood common stock.***

The businesses of Albemarle and Rockwood differ in many respects. As such, many of the factors affecting Albemarle's results of operations and stock price are different from those affecting Rockwood's results of operations and stock price. Additionally, Albemarle's results of operations and the market price of Albemarle common stock after the merger may be affected by factors different from those currently affecting the independent results of operations and stock prices of each of Albemarle's and Rockwood's common stock prior to the merger. For a discussion of Albemarle's and Rockwood's businesses and operations and the risks associated therewith, see the sections entitled *Risk Factors* and *Management's Discussion and Analysis of Financial Condition and Results of Operations* in the documents incorporated by reference in this joint proxy statement/prospectus and referred to under *Where You Can Find More Information* beginning on page 148.

***Albemarle will incur substantial additional indebtedness in connection with financing the merger.***

The indebtedness of Albemarle and Rockwood as of June 30, 2014 was approximately \$1.1 billion and \$1.3 billion, respectively. If the merger had been completed on June 30, 2014, Albemarle would have had \$4.0 billion of indebtedness on a pro forma consolidated basis. See *Unaudited Pro Forma Condensed Consolidated Financial Statements* beginning on page 115. As a result, following the merger, Albemarle, on a consolidated basis, will have substantial additional indebtedness and related debt service obligations. This additional indebtedness and related debt service obligations could have important consequences, including:

reducing flexibility in planning for, or reacting to, changes in Albemarle's businesses, the competitive environment and the industries in which it operates, and to technological and other changes;

lowering credit ratings;

reducing access to capital and increasing borrowing costs generally or for any additional indebtedness to finance future operating and capital expenses and for general corporate purposes;

reducing funds available for operations, capital expenditures and other activities.

creating competitive disadvantages relative to other companies with lower debt levels.

***If the Rockwood notes are not rated investment grade following the merger, the issuer of the Rockwood notes and its restricted subsidiaries will be subject to the restrictive covenants in the indenture governing the Rockwood notes and the Rockwood subsidiary guarantees will remain in effect.***

The indenture governing Rockwood's existing 4.625% senior notes due 2020 (which we refer to in this joint proxy statement/prospectus as the Rockwood notes) provides that if the Rockwood notes are rated investment grade, many of the restrictive covenants contained in the indenture and the guarantees by certain of Rockwood's subsidiaries will cease to be in effect. If the Rockwood notes are not rated investment grade following the merger, the issuer of the Rockwood notes and its restricted subsidiaries will continue to be subject to the restrictive covenants that are currently applicable and the subsidiary guarantees will remain in effect. These covenants include restrictions on the incurrence of indebtedness and the making of dividends and other restricted payments. If the covenants and guarantees remain in effect, Albemarle's ability to operate, finance and integrate the Rockwood businesses could be adversely affected, which could result in Albemarle not receiving all of the anticipated benefits of the merger.

---

**Table of Contents**

***If the Rockwood notes are downgraded in connection with the merger, Albemarle will be required to offer to repurchase the Rockwood notes.***

The indenture governing the Rockwood notes requires the issuer to offer to repurchase the notes at 101% of their principal amount (plus accrued and unpaid interest) if the notes receive certain ratings downgrades in connection with a change of control transaction. If, in connection with the merger, the Rockwood notes are downgraded, the requirement to make a change of control repurchase offer would be triggered. In such an event, it is possible that Albemarle may not have access to sufficient financing to repurchase all of the Rockwood notes tendered in the change of control repurchase offer, or that any such financing may not be on favorable terms. Albemarle has not obtained financing commitments to fund a change of control repurchase offer.

***If the merger is completed, the combined company may not be able to successfully integrate the businesses of Rockwood and Albemarle and therefore may not be able to realize the anticipated benefits of the merger.***

Realization of the anticipated benefits in the merger will depend, in part, on the combined company's ability to successfully integrate the businesses and operations of Albemarle and Rockwood. The combined company will be required to devote significant management attention and resources to integrating its business practices, operations and support functions. The success of the combined company after the merger will also depend in part upon the ability of Albemarle and Rockwood to retain key employees of both companies during the periods before and after the merger is completed. The diversion of management's attention and any delays or difficulties encountered in connection with the merger and the integration of the two companies' operations could have an adverse effect on the business, financial results, financial condition or stock price of Albemarle following the merger. The integration process may also result in additional and unforeseen expenses. There can be no assurance that the contemplated synergies anticipated from the merger will be realized. If the combined company is not successfully integrated, the anticipated benefits of the merger may not be realized fully or at all or may take longer to realize than expected. There can be no assurances that the expected benefits and efficiencies related to the integration of the businesses will be realized to offset the integration and restructuring costs over time.

***The unaudited pro forma financial information included in this joint proxy statement/prospectus may not be indicative of what the combined company's actual financial position or results of operations would have been.***

The unaudited pro forma financial information in this joint proxy statement/prospectus is presented for illustrative purposes only and is not necessarily indicative of what the combined company's actual financial position or results of operations would have been had the merger been completed on the date(s) indicated. The preparation of the pro forma financial information is based upon available information and certain assumptions and estimates that Albemarle and Rockwood currently believe are reasonable, including assumptions with respect to the closing of the divestiture of the Rockwood pigments business. The unaudited pro forma financial information reflects adjustments, which are based upon preliminary estimates, to allocate the purchase price to Rockwood's net assets. The purchase price allocation reflected in this joint proxy statement/prospectus is preliminary, and the final allocation of the purchase price will be based upon the actual purchase price and the fair value of the assets and liabilities of Rockwood as of the date of the completion of the merger. In addition, subsequent to the completion of the merger, there may be further refinements of the purchase price allocation as additional information becomes available. Accordingly, the final purchase accounting adjustments may differ materially from the pro forma adjustments reflected in this joint proxy statement/prospectus. See *Unaudited Pro Forma Condensed Consolidated Financial Statements* beginning on page 115.

***Albemarle shareholders will have a reduced ownership and voting interest in Albemarle after the merger and will exercise less influence over the board of directors, management and policies of Albemarle.***

Albemarle shareholders currently have the right to vote in the election of the Albemarle board of directors and on other matters affecting Albemarle. Upon the completion of the merger, each Albemarle shareholder's percentage ownership of Albemarle will be smaller than such shareholder's percentage ownership of Albemarle prior to the merger. After the merger, the current shareholders of Albemarle, as a group, will own shares constituting approximately 70% of Albemarle common stock expected to be outstanding immediately after the merger. Because of this, current Albemarle shareholders, as a group, may have less influence on the board of directors, management and policies of Albemarle than they now have on the board of directors, management and policies of Albemarle.

***Rockwood shareholders will have an ownership and voting interest in Albemarle after the merger that is smaller than their current ownership and voting interest in Rockwood and will exercise less influence over the board of directors, management and policies of Albemarle than they did over the board of directors, management and policies of Rockwood.***

Rockwood shareholders currently have the right to vote in the election of the Rockwood board of directors and on other matters affecting Rockwood. Upon the completion of the merger, each Rockwood shareholder will become a shareholder of Albemarle with a percentage ownership of Albemarle that is smaller than such shareholder's percentage ownership of

**Table of Contents**

Rockwood. Additionally, only three out of eleven members of the Albemarle board of directors will be designated by Rockwood after the completion of the merger. The shareholders of Rockwood, as a group, will receive shares in the merger constituting approximately 30% of Albemarle common stock expected to be outstanding immediately after the merger. Because of this, current Rockwood shareholders, as a group, will have less influence on the board of directors, management and policies of Albemarle (as the combined company following the merger) than they now have on the board of directors, management and policies of Rockwood.

***Rockwood shareholders will become shareholders of a Virginia corporation and will have their rights as shareholders governed by Albemarle's organizational documents and Virginia law.***

As a result of the completion of the merger, holders of Rockwood common stock and stock options will become holders of Albemarle common stock and stock options, which will be governed by Albemarle's organizational documents and the Virginia Stock Corporation Act. As a result, there will be differences between the rights currently enjoyed by Rockwood shareholders and the rights they expect to have as shareholders of the combined company. See *Comparison of Shareholders' Rights* beginning on page 134.

**Additional Risks Relating to Albemarle and Rockwood after the Merger**

Albemarle's and Rockwood's businesses are, and will continue to be, subject to the risks described in (i) Part I, Item 1A in Albemarle's Annual Report on Form 10-K for the fiscal year ended December 31, 2013 and (ii) Part I, Item 1A in Rockwood's Annual Report on Form 10-K for the fiscal year ended December 31, 2013, in each case, as such risks may be updated or supplemented in each company's subsequent Quarterly Reports on Form 10-Q or Current Reports on Form 8-K, all of which are filed with the SEC and incorporated by reference in this joint proxy statement/prospectus. See *Where You Can Find More Information* beginning on page 148.

**THE ALBEMARLE SPECIAL MEETING**

*Albemarle is furnishing this joint proxy statement/prospectus to Albemarle shareholders as of the Albemarle record date in connection with the solicitation of proxies from holders of shares of Albemarle common stock by the Albemarle board of directors for use at the Albemarle special meeting or at any adjournment or postponement thereof, for the purposes set forth in the accompanying notice of the Albemarle special meeting.*

**Date, Time and Place**

The Albemarle special meeting will be held on Friday, November 14, 2014, at 8:00 a.m., local time, at Albemarle's offices located at 451 Florida Street, Baton Rouge, Louisiana 70801, unless adjourned or postponed.

**Purpose of the Special Meeting**

The purpose of the Albemarle special meeting is for Albemarle shareholders to consider and vote on a proposal to approve the Albemarle share issuance, and a proposal to approve the adjournment of the Albemarle special meeting, if necessary or appropriate, including to permit further solicitation of proxies if there are not sufficient votes at the time of the Albemarle special meeting to approve the Albemarle share issuance. Only business that is stated in the Notice of Special Meeting of Shareholders may be conducted at the Albemarle special meeting. Any action may be taken on the items of business described below at the Albemarle special meeting on the date specified above, or on any date or dates to which, by original or later adjournment, the special meeting may be adjourned.

**Proposal 1 Approval of Albemarle Share Issuance**

As discussed elsewhere in this joint proxy statement/prospectus, Albemarle shareholders will consider and vote on a proposal to approve the Albemarle share issuance. Albemarle shareholders must approve the Albemarle share issuance in order for the merger to occur. If Albemarle shareholders fail to approve the Albemarle share issuance, the merger will not occur.

Accordingly, we are asking Albemarle shareholders to vote to approve the Albemarle share issuance, either by attending the special meeting and voting in person or by submitting a proxy.

For the proposal to approve the Albemarle share issuance, you may vote **FOR** or **AGAINST** or **ABSTAIN**. Under NYSE rules, an abstention will have the same effect as voting **AGAINST** the Albemarle share issuance. If your shares are not present at the Albemarle special meeting, it will have no effect on the vote to approve the Albemarle share issuance (assuming a quorum is present).

***Board Recommendation***

The Albemarle board of directors unanimously (excluding one director who recused herself) recommends that you vote **FOR** the Albemarle share issuance.

**Proposal 2 Adjournment if Necessary or Appropriate, Including to Solicit Additional Proxies**

The Albemarle special meeting may be adjourned to another time and place, if necessary or appropriate, including to permit further solicitation of proxies if there are not sufficient votes at the time of the Albemarle special meeting to approve the Albemarle share issuance.

Accordingly, we are asking Albemarle shareholders to vote in favor of any adjournment of the Albemarle special meeting, if necessary or appropriate, including to permit further solicitation of proxies if there are not sufficient votes at the time of the Albemarle special meeting to approve the Albemarle share issuance, either by attending the special meeting and voting in person or by submitting a proxy.

For the Albemarle adjournment proposal, you may vote **FOR** or **AGAINST** or **ABSTAIN**. If you abstain or if your shares are not present at the Albemarle special meeting, it will have no effect on the vote to approve the Albemarle adjournment proposal (whether or not a quorum is present).

***Board Recommendation***

The Albemarle board of directors unanimously (excluding one director who recused herself) recommends that you vote **FOR** the Albemarle adjournment proposal.

**Table of Contents**

**Record Date; Shares Entitled to Vote; Quorum**

Only holders of record of Albemarle common stock at the close of business on Tuesday, September 30, 2014, the Albemarle record date, are entitled to notice of the Albemarle special meeting. Only holders of record of shares of Albemarle common stock as of the Albemarle record date are entitled to vote at the Albemarle special meeting or any adjournment thereof. Holders of record of shares of Albemarle common stock are entitled to one vote for each share of Albemarle common stock standing in such holder's name on the books of Albemarle on the Albemarle record date on each matter submitted to a vote at the Albemarle special meeting. On the Albemarle record date, [ ] shares of Albemarle common stock were issued and outstanding and held by approximately [ ] holders of record.

If your shares of Albemarle common stock are held in your name, you have the right to vote in person at the meeting or to appoint a proxy to vote on your behalf. If your shares of Albemarle common stock are held in an account with a bank, broker or other nominee, you are considered the beneficial owner of such shares held in street name. As a beneficial owner, you may also attend the meeting. You may not, however, vote such shares held in street name unless you obtain a proxy from your bank, broker or other nominee that holds the shares, which gives you the right to vote the shares at the meeting.

A majority of the shares of Albemarle common stock outstanding and entitled to vote, represented in person or by proxy, will constitute a quorum for the transaction of business at the Albemarle special meeting. Once a share is represented for any purpose at the Albemarle special meeting, it will be deemed present for quorum purposes for the remainder of the Albemarle special meeting and for any adjournment of the Albemarle special meeting, unless a new voting record date is set for the Albemarle special meeting. Abstentions will be treated as present at the Albemarle special meeting for purposes of determining the presence or absence of a quorum for the transaction of all business. Because there can be no broker non-votes at the Albemarle special meeting, failure to provide instructions to your bank, broker or other nominee on how to vote will result in your shares not being counted as present at the meeting. The chairman of the Albemarle special meeting or a majority of the shares represented at the Albemarle special meeting may adjourn the meeting from time to time, without notice other than by announcement at the meeting, whether or not there is a quorum.

**Vote Required**

Approval of the Albemarle share issuance requires approval by a majority of the votes cast on the Albemarle share issuance at the Albemarle special meeting (assuming a quorum is present). Abstentions are considered votes cast and will have the same effect as votes AGAINST the Albemarle share issuance. Shares not present at the Albemarle special meeting are not considered votes cast and will have no effect on the outcome of the vote on the Albemarle share issuance (assuming a quorum is present).

Approval of the Albemarle adjournment proposal requires that the votes cast favoring the Albemarle adjournment proposal exceed the votes cast opposing the Albemarle adjournment proposal at the Albemarle special meeting (whether or not a quorum is present). Abstentions and shares not present at the Albemarle special meeting will have no effect on the outcome of the vote on the Albemarle adjournment proposal (whether or not a quorum is present).

**Shares Owned by Albemarle Directors and Executive Officers**

As of the Albemarle record date, directors and executive officers of Albemarle beneficially owned and were entitled to vote [ ] shares of Albemarle common stock, which represented [ ]% of the outstanding shares of Albemarle common stock entitled to vote at the Albemarle special meeting on such date. Each of the directors and executive officers of Albemarle has advised Albemarle that, as of the date hereof, he or she currently expects to vote his or her shares, or

cause his or her shares to be voted, in favor of each of the Albemarle share issuance and the Albemarle adjournment proposal.

### **How to Vote**

Albemarle shareholders may vote using any of the following methods:

#### ***By proxy via telephone or via the Internet***

You may vote by proxy by calling the toll-free telephone number on your proxy card. Please have your proxy card available when you call. Easy-to-follow voice prompts allow you to submit a proxy for your shares and confirm that your instructions have been properly recorded.

Alternatively, you may vote by accessing the website indicated on your proxy card. Please have your proxy card available when you go online. As with telephone proxies, you can confirm that your instructions have been properly recorded. If you vote by proxy via the Internet, you can also request electronic delivery of any future proxy materials.

## **Table of Contents**

Telephone and Internet proxy facilities for Albemarle shareholders of record will be available as indicated on your proxy card. The availability of telephone and Internet proxies for beneficial owners will depend on the voting processes of your bank, broker or other nominee. Therefore, Albemarle recommends that you follow the voting instructions in the materials you receive from your bank, broker or other nominee.

### ***By proxy via mail***

If you received your Albemarle special meeting materials by mail, you may complete, sign and date the proxy card or voting instruction card and return it in the prepaid envelope. If you are an Albemarle shareholder of record and you return your signed proxy card but do not indicate your voting preferences, the persons named in the proxy card will vote the shares represented by that proxy **FOR** each of the proposals to be voted on at the Albemarle special meeting described in this joint proxy statement/prospectus, as recommended by the Albemarle board of directors.

### ***In person at the Albemarle special meeting***

All Albemarle shareholders as of the Albemarle record date may vote in person at the Albemarle special meeting. You may also be represented by another person at the Albemarle special meeting by executing a proper proxy designating that person. Please note that if you are a beneficial owner of shares of Albemarle common stock, you must obtain a legal proxy from your bank, broker or other nominee and present it to the inspectors of election with your ballot to be able to vote at the Albemarle special meeting.

### ***By granting a proxy or submitting voting instructions***

You may vote by granting a proxy to someone else or, for shares held in street name, by submitting voting instructions to your bank, broker or other nominee. Please note that if you hold your shares in street name, you must provide voting instructions to your bank, broker or other nominee in order for your shares to be represented at the special meeting.

## **Voting of Proxies**

All shares of Albemarle common stock properly voted by proxy via the Internet or by telephone at or prior to 11:59 p.m. Eastern Standard Time on Thursday, November 13, 2014, and all shares of Albemarle common stock represented by properly executed proxies received prior to or at the Albemarle special meeting and, in each case, not revoked, will be voted in accordance with the instructions so provided. If no specific instructions are given with respect to the proposals to be acted upon at the Albemarle special meeting, the persons named in the proxy card will vote the shares represented by that proxy **FOR** each of the proposals to be voted on at the Albemarle special meeting described in this joint proxy statement/prospectus, as recommended by the Albemarle board of directors. The foregoing proposals are the only items expected to be acted upon at the Albemarle special meeting. If a quorum is not present and there is a proposal to adjourn the Albemarle special meeting, the persons named in the proxy card solicited by Albemarle will have discretion to vote on such proposal. Under Virginia law, less than a quorum may adjourn the Albemarle special meeting.

A properly submitted proxy marked **ABSTAIN** is counted for purposes of determining whether there is a quorum and for purposes of determining the number of shares represented and entitled to vote at the Albemarle special meeting, and under NYSE rules is also considered a vote cast for purposes of the vote on the Albemarle share issuance. Therefore, with respect to the Albemarle share issuance, an abstention will have the same effect as voting **AGAINST** the Albemarle share issuance (assuming a quorum is present). However, with respect to the Albemarle adjournment proposal, an abstention will have no effect on such proposal (whether or not a quorum is present), because such

proposal will be approved if the votes cast favoring the proposal exceed the votes cast opposing the proposal, and an abstention is treated as neither a vote in favor of, nor a vote against, such proposal.

A broker non-vote occurs when shares held by a bank, broker or other nominee are represented at the meeting, but the bank, broker or other nominee has not received voting instructions from the beneficial owner and does not have the discretion to direct the voting of the shares on a particular proposal but has discretionary voting power on other proposals. Nominees may exercise discretion in voting on routine matters, but may not exercise discretion and therefore will not vote on non-routine matters if instructions are not given. The approvals of the Albemarle share issuance and the Albemarle adjournment proposal are regarded as non-routine matters and your bank, broker or other nominee will not vote on these matters without instructions from you. If you hold your shares in the name of a bank, broker or other nominee, you should follow their instructions for your shares to be voted or when granting or revoking a proxy.

### **Revocability of Proxies**

You may revoke your proxy prior to its use by delivering a signed notice of revocation or a later dated signed proxy or by attending the meeting and voting in person. Attendance at the Albemarle special meeting will not in itself constitute the revocation of a proxy. If you are an Albemarle shareholder of record and you choose to send a written notice of revocation or

## **Table of Contents**

to mail a new proxy, you must submit your notice of revocation or your new proxy to Albemarle Corporation, Attention: Corporate Secretary, 451 Florida Street, Baton Rouge, Louisiana 70801, Telephone: 255-388-8011, and it must be received at or before the start of the Albemarle special meeting. Any proxy that you submitted via the Internet or by telephone may be revoked by submitting a new proxy via the Internet or by telephone, not later than 11:59 p.m. Eastern Standard Time on Thursday, November 13, 2014, or by voting in person at the meeting. If your shares are held in the name of a bank, broker or other nominee, you should contact them to change your vote.

### **Solicitation of Proxies**

Albemarle is soliciting proxies for the Albemarle special meeting from Albemarle shareholders. Albemarle will bear all of the costs of soliciting proxies from Albemarle shareholders, other than certain costs related to the production and distribution of this joint proxy statement/prospectus. Albemarle has retained Georgeson to assist in the solicitation of proxies for the special meeting for a fee of approximately \$40,000, plus reimbursement of reasonable out-of-pocket expenses. In addition, Albemarle's directors, officers and employees may also solicit proxies by mail, email, telephone or personal interviews. These persons will receive no additional compensation for such services. Albemarle will also request that brokers, fiduciaries and other custodians forward proxy solicitation material to the beneficial owners of shares of Albemarle common stock that the brokers, fiduciaries and other custodians hold of record. Upon request, Albemarle will reimburse them for their reasonable out-of-pocket expenses in connection therewith.

### **Householding**

Some banks, brokers and other nominee record holders may be participating in the practice of householding the notice or the proxy statements, as the case may be. This means that only one copy each of the notice, or the proxy statement, as the case may be, may have been sent to multiple shareholders in your household. Albemarle will promptly deliver a separate copy of these documents to you if you call or write to Albemarle Corporation, Attention: Investor Relations, 451 Florida Street, Baton Rouge, Louisiana 70801, Telephone: 225-388-7322. If you prefer to receive separate copies of such documents in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker or other nominee, or you may contact us at the above address or phone number.

**THE ROCKWOOD SPECIAL MEETING**

*Rockwood is furnishing this joint proxy statement/prospectus to Rockwood shareholders as of the Rockwood record date in connection with the solicitation of proxies from holders of shares of Rockwood common stock by the Rockwood board of directors for use at the Rockwood special meeting or at any adjournment or postponement thereof, for the purposes set forth in the accompanying notice of the Rockwood special meeting.*

**Date, Time and Place**

The Rockwood special meeting will be held on Friday, November 14, 2014, at 9:00 a.m., local time, at Rockwood's offices located at 100 Overlook Center, Princeton, New Jersey 08540, unless adjourned or postponed.

**Purpose of the Special Meeting**

The purpose of the special meeting is for Rockwood shareholders to consider and vote on a proposal to adopt the merger agreement, a proposal to approve, on an advisory non-binding basis, the Rockwood merger-related compensation proposal and a proposal to approve the adjournment of the Rockwood special meeting, if necessary or appropriate, including to permit further solicitation of proxies if there are not sufficient votes at the time of the Rockwood special meeting to approve the proposal to adopt the merger agreement. Rockwood is not aware of any other business to be acted upon at the special meeting. If, however, other matters are properly brought before the special meeting, the persons named in the proxy card will have discretion to vote or act on those matters according to their best judgment and they intend to vote the shares as the Rockwood board of directors may recommend.

**Proposal 1 Adoption of the Merger Agreement**

As discussed elsewhere in this joint proxy statement/prospectus, Rockwood shareholders will consider and vote on a proposal to adopt the merger agreement. Rockwood shareholders must adopt the merger agreement in order for the merger to occur. If Rockwood shareholders fail to adopt the merger agreement, the merger will not occur.

Accordingly, we are asking Rockwood shareholders to vote to approve the adoption of the merger agreement, either by attending the special meeting and voting in person or by submitting a proxy. You should carefully read this joint proxy statement/prospectus in its entirety for more detailed information concerning the merger agreement and the transactions contemplated thereby. In particular, you are urged to read the merger agreement in its entirety, which is attached as Annex A to this joint proxy statement/prospectus.

For the proposal to adopt the merger agreement, you may vote **FOR** or **AGAINST** or **ABSTAIN**. If you abstain or if your shares are not present at the Rockwood special meeting, it will have the same effect as a vote **AGAINST** the adoption of the merger agreement.

***Board Recommendation***

The Rockwood board of directors unanimously recommends that you vote **FOR** the proposal to adopt the merger agreement.

**Proposal 2 Advisory Vote Regarding Certain Executive Compensation**

Section 14A of the Securities Exchange Act of 1934, as amended (which we refer to in this joint proxy statement/prospectus as the Exchange Act) requires Rockwood to seek a non-binding, advisory vote on agreements or

understandings and compensation that may be paid or become payable to Rockwood's named executive officers that is based on or otherwise relates to the merger as disclosed in *The Merger Interests of Rockwood Directors and Executive Officers in the Merger Quantification of Payments and Benefits* beginning on page 78. (We refer to this proposal in this joint proxy statement/prospectus as the Rockwood merger-related compensation proposal.)

Accordingly, Rockwood is asking you to vote to approve the following Rockwood merger-related compensation proposal, either by attending the special meeting and voting in person or by submitting a proxy:

RESOLVED, that the agreements or understandings and compensation disclosed in the table titled "Golden Parachute Compensation" on page 78 of the joint proxy statement/prospectus, including the associated narrative discussion, are hereby APPROVED.

For the Rockwood merger-related compensation proposal, you may vote FOR or AGAINST or ABSTAIN. An abstention will have the same effect as voting AGAINST the Rockwood merger-related compensation proposal. If your shares are not present at the Rockwood special meeting, it will have no effect on the Rockwood merger-related compensation proposal (assuming a quorum is present).

---

**Table of Contents**

The vote on the Rockwood merger-related compensation proposal is a vote separate and apart from the vote to adopt the merger agreement. Accordingly, you may vote in favor of the adoption of the merger agreement and against the Rockwood merger-related compensation proposal, or vice versa. Approval of the Rockwood merger-related compensation proposal, on a non-binding advisory basis, is not a condition to consummation of the transactions contemplated by the merger agreement, and it is advisory in nature only, meaning it will not be binding on Rockwood or Albemarle. Because there is a contractual obligation to pay the compensation, if the transactions contemplated by the merger agreement are completed, the compensation will be payable, subject only to the conditions applicable to such compensation payments, regardless of the outcome of the advisory vote.

***Board Recommendation***

The Rockwood board of directors unanimously recommends that you vote **FOR** the Rockwood merger-related compensation proposal.

**Proposal 3 Adjournment if Necessary and Appropriate, Including to Solicit Additional Proxies**

The Rockwood special meeting may be adjourned to another time and place, if necessary or appropriate, including to permit further solicitation of proxies if there are not sufficient votes at the time of the Rockwood special meeting to adopt the merger agreement.

Accordingly, we are asking Rockwood shareholders to vote to approve any adjournment of the Rockwood special meeting, if necessary or appropriate, including to permit further solicitation of proxies if there are not sufficient votes at the time of the Rockwood special meeting to adopt the merger agreement, either by attending the special meeting and voting in person or by submitting a proxy.

For the Rockwood adjournment proposal, you may vote **FOR** or **AGAINST** or **ABSTAIN**. An abstention will have the same effect as voting **AGAINST** the Rockwood adjournment proposal. If your shares are not present at the Rockwood special meeting, it will have no effect on the Rockwood adjournment proposal (assuming a quorum is present).

***Board Recommendation***

The Rockwood board of directors unanimously recommends that you vote **FOR** the Rockwood adjournment proposal.

**Record Date; Shares Entitled to Vote; Quorum**

Only holders of record of Rockwood common stock at the close of business on Tuesday, September 30, 2014, the Rockwood record date, are entitled to notice of the Rockwood special meeting. Only holders of record of shares of Rockwood common stock as of the Rockwood record date are entitled to vote at the Rockwood special meeting or any adjournment thereof. Holders of record of shares of Rockwood common stock are entitled to one vote in person or by proxy for each share of common stock held by such shareholder on each matter submitted to a vote at the Rockwood special meeting. On the Rockwood record date, [ ] shares of Rockwood common stock were issued and outstanding and held by approximately [ ] holders of record.

If your shares of Rockwood common stock are held in your name, you have the right to vote in person at the meeting or to appoint a proxy to vote on your behalf. If your shares of Rockwood common stock are held in an account with a bank, broker or other nominee, you are considered the beneficial owner of such shares held in street name. As a beneficial owner, you may also attend the meeting. You may not, however, vote such shares held in street name unless you obtain a proxy from your bank, broker or other nominee that holds the shares, which gives you the right to vote

the shares at the meeting.

Shareholders who hold shares representing a majority of the outstanding shares of Rockwood common stock on the record date must be present in person or represented by proxy to constitute a quorum for voting on the proposal to adopt the merger agreement. Shareholders who hold shares representing a majority of the outstanding shares of Rockwood common stock entitled to vote on each other matter at the Rockwood special meeting must be present in person or represented by proxy to constitute a quorum for the voting on the Rockwood merger-related compensation proposal and the Rockwood adjournment proposal at the Rockwood special meeting. Abstentions will be treated as present at the Rockwood special meeting for purposes of determining the presence or absence of a quorum for the transaction of all business. Because there can be no broker non-votes at the Rockwood special meeting, failure to provide instructions to your bank, broker or other nominee on how to vote will result in your shares not being counted as present at the meeting. In the event that a quorum is not present at the Rockwood special meeting, the holders of a majority of the shares present in person or represented by proxy at the Rockwood special meeting, and entitled to vote at the meeting, may adjourn the meeting to another time and/or place until a quorum is so present or represented.

## **Table of Contents**

### **Vote Required**

Adoption of the merger agreement requires the affirmative vote of the holders of a majority of the outstanding shares of Rockwood common stock entitled to vote thereon. Abstentions and shares not present at the Rockwood special meeting will have the same effect as votes **AGAINST** the adoption of the merger agreement.

Approval of the Rockwood merger-related compensation proposal requires the affirmative vote of holders of a majority of the shares of Rockwood common stock that are entitled to vote on the proposal and are present, in person or by proxy, at the Rockwood special meeting (assuming a quorum is present). Abstentions will have the same effect as votes **AGAINST** the Rockwood merger-related compensation proposal. Shares not present at the Rockwood special meeting will have no effect on the outcome of the vote on the Rockwood merger-related compensation proposal (assuming a quorum is present).

Approval of the Rockwood adjournment proposal requires the affirmative vote of holders of a majority of the shares of Rockwood common stock that are entitled to vote on the proposal and are present, in person or by proxy, at the Rockwood special meeting (assuming a quorum is present). Abstentions will have the same effect as votes **AGAINST** the Rockwood adjournment proposal. Shares not present at the Rockwood special meeting will have no effect on the outcome of the vote on the Rockwood adjournment proposal (whether or not a quorum is present).

### **Shares Owned by Rockwood Directors and Executive Officers**

On the Rockwood record date, directors and executive officers of Rockwood beneficially owned and were entitled to vote [ ] shares of Rockwood common stock, which represented [ ]% of the outstanding shares of Rockwood common stock entitled to vote at the Rockwood special meeting on such date. Each of the directors and executive officers of Rockwood has advised Rockwood that, as of the date hereof, he or she currently expects to vote his or her shares, or cause his or her shares to be voted, in favor of each of the adoption of the merger agreement, the Rockwood merger-related compensation proposal and the Rockwood adjournment proposal.

### **How to Vote**

Rockwood shareholders may vote using any of the following methods:

#### ***By proxy via telephone or via the Internet***

You may vote by proxy by calling the toll-free telephone number on your proxy card. Please have your proxy card available when you call. Easy-to-follow voice prompts allow you to submit a proxy for your shares and confirm that your instructions have been properly recorded.

Alternatively, you may vote by proxy by accessing the website indicated on your proxy card. Please have your proxy card available when you go online. As with telephone proxies, you can confirm that your instructions have been properly recorded. If you vote by proxy via the Internet, you can also request electronic delivery of any future proxy materials.

Telephone and Internet proxy facilities for Rockwood shareholders of record will be available as indicated on your proxy card. The availability of telephone and Internet proxies for beneficial owners will depend on the voting processes of your bank, broker or other nominee. Therefore, Rockwood recommends that you follow the voting instructions in the materials you receive from your bank, broker or other nominee.

***By proxy via mail***

If you received your Rockwood special meeting materials by mail, you may complete, sign and date the proxy card or voting instruction card and return it in the prepaid envelope. If you are a Rockwood shareholder of record and you return your signed proxy card but do not indicate your voting preferences, the persons named in the proxy card will vote the shares represented by that proxy **FOR** each of the proposals to be voted on at the Rockwood special meeting described in this joint proxy statement/prospectus, as recommended by the Rockwood board of directors.

***In person at the Rockwood special meeting***

All Rockwood shareholders as of the Rockwood record date may vote in person at the Rockwood special meeting. You may also be represented by another person at the Rockwood special meeting by executing a proper proxy designating that person. Please note that if you are a beneficial owner of shares of Rockwood common stock, you must obtain a legal proxy from your bank, broker or other nominee and present it to the inspectors of election with your ballot to be able to vote at the Rockwood special meeting.

***By granting a proxy or submitting voting instructions***

You may vote by granting a proxy to someone else or, for shares held in street name, by submitting voting instructions to your bank, broker or other nominee. Please note that if you hold your shares in street name, you must provide voting instructions to your bank, broker or other nominee in order for your shares to be represented at the special meeting.

## Table of Contents

### **Voting of Proxies**

All shares of Rockwood common stock properly voted by proxy via the Internet or by telephone at or prior to 11:59 p.m. Eastern Standard Time on Thursday, November 13, 2014, and all shares of Rockwood common stock represented by properly executed proxies received prior to or at the Rockwood special meeting and, in each case, not revoked, will be voted in accordance with the instructions so provided. If no specific instructions are given with respect to the proposals to be acted upon at the Rockwood special meeting, the persons named in the proxy card will vote the shares represented by that proxy **FOR** each of the proposals to be voted on at the Rockwood special meeting described in this joint proxy statement/prospectus, as recommended by the Rockwood board of directors. The foregoing proposals are the only items expected to be acted upon at the Rockwood special meeting. If a quorum is not present and there is a proposal to adjourn the special meeting, the persons named in the proxy card solicited by Rockwood will have discretion to vote on such proposal.

A properly submitted proxy marked **ABSTAIN** is counted for purposes of determining whether there is a quorum and for purposes of determining the number of shares represented and entitled to vote at the Rockwood special meeting. Therefore, with respect to all the proposals, an abstention will have the same effect as a vote **AGAINST** such proposal.

A broker non-vote occurs when shares held by a bank, broker or other nominee are represented at the meeting, but the bank, broker or other nominee has not received voting instructions from the beneficial owner and does not have the discretion to direct the voting of the shares on a particular proposal but has discretionary voting power on other proposals. Nominees may exercise discretion in voting on routine matters, but may not exercise discretion and therefore will not vote on non-routine matters if instructions are not given. The adoption of the merger agreement, the approval of the Rockwood merger-related compensation proposal and the Rockwood adjournment proposal are regarded as non-routine matters and your bank, broker or other nominee may not vote on these matters without instructions from you. If you hold your shares in the name of a bank, broker or other nominee, you should follow their instructions for your shares to be voted or when granting or revoking a proxy.

### **Revocability of Proxies**

You may revoke your proxy prior to its use by (i) attending the Rockwood special meeting and voting in person, (ii) filing an instrument in writing revoking the proxy with Rockwood's Corporate Secretary or (iii) filing another duly executed proxy bearing a later date with Rockwood's Corporate Secretary. Attendance at the Rockwood special meeting will not, in and of itself, constitute the revocation of a proxy. If you are a Rockwood shareholder of record and you choose to send a written notice or to mail a new proxy, you must submit your notice of revocation or your new proxy to Rockwood Holdings, Inc., Attention: Corporate Secretary, 100 Overlook Center, Princeton, New Jersey 08540, and it must be received at any time before the vote is taken at the Rockwood special meeting. Any proxy that you submitted may also be revoked by submitting a new proxy via the Internet or by telephone, not later than 11:59 p.m. Eastern Standard Time on Thursday, November 13, 2014, or by voting in person at the meeting. If your shares are held in the name of a bank, broker or other nominee, you should contact them to change your vote.

### **Solicitation of Proxies**

Rockwood is soliciting proxies for the Rockwood special meeting from Rockwood shareholders. Rockwood will bear all of the costs of soliciting proxies from Rockwood shareholders, other than certain costs related to the production and distribution of this joint proxy statement/prospectus. Rockwood has retained Innisfree M&A Incorporated to assist in the solicitation of proxies for the special meeting for a fee of approximately \$25,000, plus reimbursement of reasonable out-of-pocket expenses. Rockwood's directors, officers and employees may also solicit proxies by mail,

e-mail, telephone, facsimile or personal interviews. These persons will receive no additional compensation for such services. Rockwood will also request that brokers, fiduciaries and other custodians forward proxy solicitation materials to the beneficial owners of shares of Rockwood common stock that the brokers, fiduciaries and other custodians hold of record. Upon request, Rockwood will reimburse them for their reasonable out-of-pocket expenses in connection therewith.

**THE MERGER**

**General**

On the terms and conditions set out in the merger agreement, Merger Sub, a wholly-owned subsidiary of Albemarle, will merge with and into Rockwood, with Rockwood as the surviving corporation in the merger. Following the completion of the merger, Rockwood will be a wholly-owned subsidiary of Albemarle and Rockwood common stock will no longer be publicly traded.

At the effective time of the merger, each share of Rockwood common stock (other than Rockwood excluded shares) will be converted into the right to receive (a) \$50.65 in cash, without interest, and (b) 0.4803 of a share of Albemarle common stock.

**Background to the Merger**

The Rockwood board of directors and management regularly review and evaluate a variety of potential strategic alternatives relating to Rockwood and its businesses, including possible acquisitions, divestitures and business combination transactions, with the goal of maximizing shareholder value. As a result of that review and evaluation, in January 2013, Rockwood announced at its Investor Day conference a plan consisting of five strategic initiatives to maximize shareholder value: (1) launching a strategic process to divest non-core businesses, (2) repurchasing its common stock for the first time in Rockwood's history, (3) maintaining the common stock dividend yield at around 2.8% to 3.2%, (4) deleveraging further through the repayment of debt and (5) continuing to focus on growing its core businesses—lithium and lithium compounds and surface treatment products and services. During its fourth quarter 2012 earnings call in February 2013, Mr. Seifi Ghasemi (whom we refer to in this joint proxy statement/prospectus as Mr. Ghasemi), Rockwood's Chairman of the Board and then Chief Executive Officer, since retired, reaffirmed that Rockwood's principal strategic objective is to aggressively pursue a course of action that maximizes shareholder value and noted that it would consider options such as divestitures, joint ventures, mergers or further acquisitions.

As part of its strategic initiative to divest non-core businesses, Rockwood announced three significant divestitures of non-core businesses between June and September of 2013. First, on June 16, 2013, Rockwood announced entry into an agreement to sell CeramTec, its advanced ceramics business, to CINVEN, a European private equity firm, for \$1.49 billion gross proceeds, subject to customary adjustments (which we refer to in this joint proxy statement/prospectus as the CeramTec Sale). The CeramTec Sale closed on August 31, 2013. Second, on July 28, 2013, Rockwood announced entry into an agreement to sell its clay-based additives business, which was part of Rockwood's performance additives segment, to ALTANA Group, a German based global specialty chemical company, for a purchase price of \$635 million, subject to customary adjustments (which we refer to in this joint proxy statement/prospectus as the Clay-Based Additives Sale). The Clay-Based Additives Sale closed on October 1, 2013. Finally, on September 17, 2013, Rockwood announced entry into an agreement to sell its titanium dioxide pigments business and four other non-strategic businesses—its color pigments and services, timber treatment chemicals, rubber/thermoplastics compounding and water chemistry businesses—to Huntsman Corporation, a global specialty chemical company, at a purchase price of \$1.325 billion (subsequently reduced to \$1.275 billion), including the assumption by the buyer of \$225 million in pension obligations, and subject to other customary adjustments (which we refer to in this joint proxy statement/prospectus as the Pigments Sale). The Pigments Sale is expected to close in October 2014.

As part of Rockwood's initiative to repurchase its common stock, Rockwood repurchased \$400 million of its shares during the first three quarters of 2013, and announced a second repurchase program in November 2013 of up to \$500 million of its shares, of which it repurchased \$214.6 million during the first two quarters of 2014. Rockwood also raised its quarterly dividend in February 2013 nearly 15% from \$0.35 to \$0.40 and then again in August 2013 by

12.5% to \$0.45. As part of its initiative to deleverage, Rockwood repaid its senior secured credit facilities in full in September 2013, using a portion of the proceeds from the CeramTec Sale.

As part of its initiative to grow its core businesses, Rockwood announced on December 2, 2013 that it had entered into a joint venture with Chengdu Tianqi Industry Group (now named Sichuan Tianqi Lithium Industries) pursuant to which Rockwood would own a 49% indirect equity interest in Talison Lithium Pty Ltd., a leading global producer of lithium that mines and processes the lithium bearing mineral spodumene at its operations located at Greenbushes, Western Australia (which we refer to in this joint proxy statement/prospectus as the Talison Acquisition). This mine is estimated to contain the world's largest known reserve of lithium spodumene minerals. The Talison Acquisition closed on May 28, 2014.

From time to time, Mr. Ghasemi met with chief executive officers of other chemical companies to discuss industry developments. In that regard, on May 22, 2012, Mr. Ghasemi and Mr. Thomas Riordan (whom we refer to in this joint proxy statement/prospectus as Mr. Riordan), Rockwood's then Senior Vice President, Law & Administration and Corporate

Secretary and currently Rockwood's Executive Vice President and Chief Administrative Officer, met for dinner with Mr. Luther C. Kissam IV (whom we refer to in this joint proxy statement/prospectus as Mr. Kissam), Albemarle's Chief Executive Officer, and a second individual who was then Albemarle's Vice President of Strategic Development. At the dinner, Mr. Kissam expressed interest in Rockwood's lithium business and the participants explored possible strategic opportunities for the two companies, but no specific transaction was discussed. The following year, on August 13, 2013, Messrs. Ghasemi and Kissam had a similar dinner meeting.

With the transformation of its portfolio well underway and significant cash soon to be received from the completions of the then pending CeramTec Sale and Clay-Based Additives Sale and significant additional cash expected to be received from the anticipated Pigments Sale, Rockwood began to consider an acquisition of Albemarle. Rockwood's management became interested in Albemarle principally because, like Rockwood's lithium and surface treatment businesses, Albemarle's two primary specialty chemical businesses hold market leading positions and generate high margins and stable cash flows, and the combination would create a premier specialty chemicals company.

On August 28, 2013, at a meeting of the Rockwood board of directors, Mr. Ghasemi presented a business rationale for pursuing a potential transaction involving Albemarle. Mr. Ghasemi provided an overview of Albemarle and its various business segments, including its financial performance, its key products and its technology portfolio. After discussion, Mr. Ghasemi presented a preliminary assessment of Albemarle and Rockwood as a combined company, including potential synergies. Following discussion of potential purchase prices, financing and the benefits and risks of a potential transaction, the Rockwood board of directors authorized Rockwood's management, with the assistance of its advisors, to undertake a more detailed analysis of Albemarle with a view towards reviewing the results at a board meeting to be held on September 22, 2013.

On September 22, 2013, the Rockwood board of directors met to discuss a potential acquisition of Albemarle. Present at the meeting were senior management of Rockwood and representatives of Lazard, Rockwood's regular financial advisor, Simpson Thacher & Bartlett LLP (which we refer to in this joint proxy statement/prospectus as Simpson Thacher), Rockwood's regular outside counsel, and Richards, Layton & Finger, P.A. (which we refer to in this joint proxy statement/prospectus as Richards Layton), Rockwood's Delaware counsel. Also present were representatives of Citi and another investment bank as potential sources of financing of the potential acquisition. At the meeting, the financial and legal advisors presented detailed analyses of a potential acquisition of Albemarle. Representatives of Lazard provided an overview of Albemarle and its businesses, including its leading market positions, high margins, stable cash flow, attractive industry structure and diverse end uses and applications and Albemarle's share performance and earnings history, a financial analysis of Albemarle based on public information and the strategic rationale for, and potential risks associated with, the acquisition. Representatives of Citi and the other investment bank presented potential financing packages for an all-cash transaction financed with cash on hand and new debt financing. Representatives of Simpson Thacher presented an overview of its legal due diligence review of Albemarle based on publicly available information and the legal process with respect to a proposed acquisition. The Rockwood board of directors and senior management engaged in a discussion with these advisors regarding their presentations. The Rockwood board of directors also reviewed and discussed with the advisors the terms of a bid proposal letter to Albemarle and potential Albemarle responses. After deliberation, the Rockwood board of directors unanimously authorized management to initiate a process to pursue an acquisition of Albemarle based on a price in the range of \$72 to \$75 per share of Albemarle common stock.

On September 30, 2013, Mr. Ghasemi met with Mr. Kissam and expressed Rockwood's interest in an acquisition of Albemarle at \$72 per share of Albemarle common stock in cash. At that same meeting, Mr. Ghasemi delivered a letter to Mr. Kissam confirming Rockwood's interest in an acquisition of Albemarle, indicating that, based on publicly available information, Rockwood was prepared to pursue the acquisition of all of the outstanding shares of Albemarle's common stock for \$72 per share in cash, which represented an approximately 15% premium to both the closing price

of shares of Albemarle common stock on September 27, 2013, the last trading day before Mr. Ghasemi and Mr. Kissam's meeting, and to the 20-trading day volume weighted average trading price of shares of Albemarle common stock. On September 27, 2013, shares of Albemarle common stock closed at \$62.77.

On October 7 and 8, 2013, the Albemarle board of directors met to discuss a variety of matters, including the Rockwood proposal. Present at the meeting were senior management of Albemarle and representatives of BofA Merrill Lynch, Albemarle's financial advisor, Hunton & Williams LLP (which we refer to in this joint proxy statement/prospectus as Hunton & Williams), and Troutman Sanders LLP (which we refer to in this joint proxy statement/prospectus as Troutman Sanders), Albemarle's Virginia counsel. Before the discussion of the Rockwood proposal began, Ms. Anne M. Whittemore (whom we refer to in this joint proxy statement/prospectus as Ms. Whittemore), a member of the Albemarle board of directors, advised the Albemarle board of directors of two matters relating to Rockwood: (1) McGuireWoods LLP, the law firm at which she is a partner, represented Rockwood on certain matters, although the matters were not related to Albemarle, the revenue from Rockwood was nominal and she was not involved in the matters in any way; and (2) T. Rowe Price Group, Inc., of which she is a director, provides investment management services to the T. Rowe Price family of mutual funds, which collectively held 12.8% of Rockwood's outstanding common stock as of December 31, 2012, which shares were

**Table of Contents**

owned by various individuals and institutional investors for which T. Rowe Price Associates, Inc. serves as investment advisor with power to direct investments and/or sole power to vote such shares (as identified in the Schedule 13G/A filed with the SEC on February 6, 2013 by T. Rowe Price Associates, Inc.), although she had no involvement in and did not discuss or control investment decisions made by the funds. After further discussion, the Albemarle board of directors agreed that those matters should not prevent Ms. Whittemore from participating in their discussions regarding Rockwood at that time.

At the October 7 and 8, 2013 meeting, Hunton & Williams and Troutman Sanders described the fiduciary duties of the Albemarle directors in the context of an unsolicited acquisition proposal. Mr. Kissam, Mr. Scott A. Tozier (whom we refer to in this joint proxy statement/prospectus as Mr. Tozier), Albemarle's Chief Financial Officer, and representatives of BofA Merrill Lynch reviewed and discussed with the Albemarle board of directors the Rockwood proposal, noting that when evaluated on the basis of relevant market metrics, including premiums paid in other relevant transactions and certain financial multiples of relevant historical transactions, the offer was low and opportunistic in its timing given the recent market performance of Albemarle common stock. The Albemarle board of directors then discussed with Messrs. Kissam and Tozier and the Company's advisors the financial implications for Rockwood of the proposed acquisition, whether Rockwood's leverage ratio could be increased to support a higher purchase price, and of Rockwood's pro forma cash position after announced divestitures. BofA Merrill Lynch reviewed with the Albemarle board of directors its preliminary financial analyses of Rockwood and Albemarle. After deliberation, the Albemarle board of directors unanimously reaffirmed its view that the execution of Albemarle's strategic plan was in the best interest of its shareholders, confirmed that Albemarle was not for sale, concluded that the Albemarle board of directors was not interested in pursuing Rockwood's proposal, and authorized Mr. Kissam to inform Mr. Ghasemi of these determinations.

On October 11, 2013, Mr. Kissam informed Mr. Ghasemi in a telephone call that the Albemarle board of directors had thoroughly considered Rockwood's proposal, was confident that the continued execution of Albemarle's strategic plan was in the best interests of its shareholders and unanimously confirmed that Albemarle was not for sale and, therefore, had no interest in pursuing Rockwood's proposal. Mr. Ghasemi gave no indication of how Rockwood would respond to this rejection. Mr. Kissam also sent Mr. Ghasemi a letter dated October 11, 2013 confirming their conversation.

On October 16, 2013, at a meeting of the Albemarle board of directors, Mr. Kissam provided an update regarding the Rockwood proposal, including a report on his conversation on October 11, 2013 with Mr. Ghasemi, and Albemarle's engagement of public relations, proxy solicitation, legal and financial advisors in connection with the Rockwood proposal.

On October 20, 2013, at a meeting of the Rockwood board of directors, Mr. Ghasemi discussed Albemarle's third quarter results and the recent increase in the Albemarle share price, noting that shares of Albemarle's common stock had closed at \$67.19 on October 18, 2013, the trading day immediately preceding the meeting. Mr. Ghasemi discussed with the Rockwood board of directors the October 11, 2013 letter he had received from Mr. Kissam formally rejecting Rockwood's offer and of a call with Mr. Kissam scheduled for the next day, October 21, 2013, to discuss the matter. Rockwood's management recommended against pursuing Albemarle on an unsolicited basis at that time. Mr. Ghasemi added that representatives of Lazard also advised that Albemarle would not likely engage in negotiations absent an offer for an amount in excess of \$75 per share of Albemarle common stock, and management recommended against an offer in excess of \$75 per share. Mr. Ghasemi recommended that Rockwood continue to monitor Albemarle's performance and revisit the matter in the next several months. After discussion, the Rockwood board of directors agreed with Mr. Ghasemi's recommendation.

On October 21, 2013, during the previously scheduled phone conversation with Mr. Ghasemi, Mr. Kissam reaffirmed that the Albemarle board of directors was not interested in pursuing an acquisition by Rockwood. Mr. Ghasemi gave

no indication of how Rockwood would respond to this rejection.

On November 12, 2013, at a meeting of the Rockwood board of directors, Mr. Ghasemi informed the Rockwood board of directors of the telephone conversation he had with Mr. Kissam on October 21, 2013. There followed a discussion of the options regarding Albemarle, and it was determined that, at that time, Rockwood management should focus instead on finalizing the terms of the Talison Acquisition, which was later announced on December 2, 2013 and closed on May 28, 2014.

On December 13, 2013, at a meeting of the Rockwood board of directors, the Rockwood board of directors discussed with senior management of Rockwood various potential strategic opportunities, including a transaction with Albemarle. Mr. Ghasemi summarized the recent performance of Albemarle and noted there had been no further contact with Albemarle since October 21, 2013.

On February 12, 2014, Mr. Ghasemi called Mr. Kissam and inquired whether Albemarle would be interested in a merger of equals transaction between Rockwood and Albemarle. Mr. Kissam asked Mr. Ghasemi whether Rockwood would be willing to enter into a standstill agreement with Albemarle prior to exploring any merger of equals transaction, and

Mr. Ghasemi agreed. Mr. Kissam advised Ms. Karen Narwold (whom we refer to in this joint proxy statement/prospectus as Ms. Narwold), Senior Vice President, General Counsel and Corporate Secretary of Albemarle, of his discussion with Mr. Ghasemi and instructed her to contact Mr. Riordan regarding entering into a confidentiality and standstill agreement between Rockwood and Albemarle. After an exchange of drafts, on February 17, 2014, Rockwood and Albemarle entered into a mutual confidentiality agreement with a standstill period of two years.

On February 20, 2014, representatives of Lazard presented Rockwood's management with an illustrative review of a potential no-premium merger of equals transaction with each of Albemarle and five other specialty chemicals companies that Lazard believed could be attractive business combination partners for Rockwood. In connection with that presentation, representatives of Lazard noted that since January 2012, Rockwood's trading performance had improved significantly relative to its peers following execution of its various strategic initiatives, including its approximately \$4.0 billion of announced divestitures in 2013, the redeployment of capital to its core lithium business, the expansion of its share buyback program from \$400 million to \$900 million, the increase in its quarterly dividend by 12.5% and its deleveraging through its retirement of more than \$1.4 billion of debt. In light of the recent strong performance of Rockwood's shares relative to its peers and the S&P 500, representatives of Lazard advised that it would be an opportune time to evaluate the next step in the transformation of Rockwood. Rockwood's management and representatives of Lazard discussed the potential strategic advantages and disadvantages of pursuing a transaction with each of Albemarle and the five other specialty chemicals companies, including the risks associated with a merger of equals transaction.

On February 26, 2014, Mr. Ghasemi met with Mr. Kissam to discuss the exploration of a merger of equals transaction suggested by Mr. Ghasemi on February 12, 2014. Mr. Ghasemi expressed Rockwood's potential interest in exploring a no-premium merger of equals transaction, which would allow shareholders of both companies to benefit from the potential upside, with the combined company to have equal board representation from Rockwood and Albemarle. Mr. Ghasemi stated Rockwood's belief that the combination would have strategic industrial logic and would create a premier specialty chemical company. Mr. Ghasemi explained that the combined company would have significant scale with a more balanced geographic footprint and market leadership, which could leverage both companies' expertise in both upstream and downstream technologies and production in lithium and bromine and serve common end-use markets such as energy, automotive, electronics and pharmaceuticals. Mr. Ghasemi also noted the strength of the combined company's balance sheet and expected enhanced cash flow generation, which could support robust dividends and share repurchases. Messrs. Ghasemi and Kissam discussed, among other things, governance and social issues related to a potential transaction, but no specific proposals (other than equal board representation) were made. On February 25, 2014, shares of Albemarle common stock closed at \$64.28 and shares of Rockwood common stock closed at \$76.61.

Shortly thereafter, after discussing the proposed merger of equals with the other Albemarle directors, Mr. Kissam called Mr. Ghasemi to report that Albemarle was not interested in pursuing a merger of equals with Rockwood at this time on the basis described by Mr. Ghasemi on February 26, 2014.

During May 2014, as part of Rockwood's ongoing efforts to explore strategic alternatives, representatives of Lazard, on behalf of Rockwood, contacted representatives of BofA Merrill Lynch, on behalf of Albemarle, and six other specialty chemical companies which were determined by Rockwood's management, after discussion with representatives of Lazard, to be the most likely parties that would be interested in pursuing a strategic transaction with Rockwood. Representatives of Lazard, on behalf of Rockwood, met with each of these potentially interested parties on a confidential basis during May 2014 in order to explore its interest in a strategic transaction with Rockwood. In order to help each party better understand Rockwood, Lazard provided each party with a presentation describing Rockwood's businesses that was prepared with the assistance of Rockwood's management and was based on publicly available information. Of the six companies contacted in addition to Albemarle, four were among the five other

companies reviewed by Lazard as a potential merger of equals candidate in February 2014 (the fifth company was no longer a viable potential candidate as a result of strategic actions taken by such company subsequent to February 2014). These six other companies contacted by Lazard on behalf of Rockwood are referred to in this joint proxy statement/prospectus as Company A, Company B, Company C, Company D, Company E and Company F.

By letter dated June 5, 2014 to Mr. Ghasemi, a private equity firm (which we refer to in this joint proxy statement/prospectus as Company G) submitted an unsolicited non-binding indication of interest to acquire Rockwood's surface treatment business at an enterprise value (*i.e.*, on a debt- and cash-free basis) of 11.0 times EBITDA. The proposal was subject to completion of due diligence, negotiation of documentation, obtaining committed financing, final approval of Company G's investment committee and other conditions. The letter acknowledged that Rockwood had not expressed any interest in divesting its surface treatment business.

On June 13, 2014, at Mr. Kissam's suggestion, Messrs. Ghasemi and Kissam met. Mr. Kissam proposed the meeting after representatives of BofA Merrill Lynch met with representatives of Lazard and had follow-up phone calls with representatives of Lazard to determine if Albemarle would be interested in pursuing a strategic transaction with Rockwood. At the meeting between Messrs. Ghasemi and Kissam, Mr. Ghasemi said that the Rockwood board of directors was

## Table of Contents

considering various strategic alternatives for Rockwood, including a possible business combination transaction, and that, if Albemarle were interested in such a transaction, Albemarle should submit a letter expressing such interest. Following the meeting, Mr. Ghasemi received a letter dated June 13, 2014 from Mr. Kissam that indicated Albemarle thought it would be productive to explore the potential value creation from a combination of Albemarle and Rockwood and proposing that a small number of people from each party's leadership team, along with each party's financial advisors, meet to discuss the strategic benefits, potential synergies and most efficient transaction structures. This meeting was subsequently scheduled for June 20, 2014.

Also on June 13, 2014, Lazard received a non-binding indication of interest from Company A, proposing to acquire Rockwood's surface treatment business for a price between \$2.25 billion and \$2.5 billion, on a debt- and cash-free basis, with a normalized level of working capital and free of any legal, environmental, unfunded pension or retiree costs or other contingencies. The proposal was subject to completion of due diligence, negotiation of documentation, approval of Company A's executive committee and board of directors and other conditions. Company A's letter explicitly stated that Company A did not have an interest in acquiring Rockwood as a whole and requested a 90-day exclusivity period to conduct due diligence and negotiate a transaction.

On June 15, 2014, the Rockwood board of directors met to discuss, among other matters, potential strategic transactions. Representatives of Simpson Thacher and Richards Layton attended the meeting. Mr. Ghasemi began the meeting by explaining that he had been asked to become Chairman, President and Chief Executive Officer of Air Products & Chemicals, Inc. (which we refer to in this joint proxy statement/prospectus as Air Products) beginning at the end of the month. He reminded the Rockwood board of directors that he had been appointed to the board of directors of Air Products in September 2013 and that Air Products had been undertaking a search for its retiring Chief Executive Officer. If he accepted the position, he would anticipate retiring as Chief Executive Officer of Rockwood, but would be prepared to continue to serve as Chairman of the Rockwood board of directors until the end of 2014 and as a director thereafter, if the Rockwood board of directors so desired, in order to ensure a smooth transition. Following discussion, Mr. Ghasemi and the other members of Rockwood's management left the meeting and the other directors discussed Mr. Ghasemi's proposed retirement, a succession process and Mr. Ghasemi's role in negotiating a strategic transaction on behalf of Rockwood following his proposed resignation as Chief Executive Officer. The directors discussed that, given Mr. Ghasemi's long tenure as Chief Executive Officer of Rockwood, his deep knowledge of its businesses and the chemical industry and the fact that he would continue to be Chairman of the Rockwood board of directors, it would be beneficial to Rockwood for Mr. Ghasemi to continue to have a leading role in the negotiation of any strategic transaction. A representative of Richards Layton then discussed the fiduciary duties of the Rockwood directors in the context of a strategic transaction. Following further discussion, Mr. Ghasemi and other members of management rejoined the meeting and the other directors expressed their desire that Mr. Ghasemi continue as Chairman and thereafter as a director and that he continue to have a leading role in the negotiation of any strategic transaction.

The Rockwood board of directors then turned to consideration of Rockwood's strategic options, at which time representatives of Lazard joined the meeting. Representatives of Lazard began their presentation by observing that the equity market had rewarded Rockwood for its corporate transformation over the prior 18 months, which involved approximately \$4.0 billion of announced divestitures in 2013, the redeployment of capital to its core lithium business and the securing of access to another significant low cost lithium reserve through the Talison Acquisition, the expansion of its share buyback program from \$400 million to \$900 million, the increase in its quarterly dividend by approximately 30% and its deleveraging by retiring more than \$1.4 billion of debt. Representatives of Lazard again noted the recent strong performance of Rockwood's shares relative to its peers and the S&P 500. Representatives of Lazard advised the Rockwood board of directors that Rockwood's significant cash (approximately \$685 million of cash before the anticipated cash proceeds of approximately \$1.0 billion from the Pigments Sale) and its corporate transformation were likely creating an investor expectation that Rockwood would engage in a significant corporate

event, which in turn was likely causing Rockwood common stock to trade at a higher price.

The Rockwood board of directors, together with management and representatives of Lazard, discussed various strategic alternatives for Rockwood, including continued standalone operations, a large acquisition, a merger, a sale of Rockwood as a whole for cash and transformation into a pure-play lithium company by divesting the surface treatment business. The discussion included the benefits and associated risks of the various alternatives. They also discussed Rockwood's past and expected future performance, the fact that the stock market was at an all-time high and the favorable acquisition financing markets, with yields at historic lows. Representatives of Lazard and Mr. Ghasemi reported to the Rockwood board of directors on the status and course of discussions with Albemarle, the six other specialty chemicals companies contacted by Lazard and the unsolicited indication of interest in the surface treatment business from Company G. Representatives of Lazard informed the Rockwood board of directors that Albemarle, Company B and Company C had expressed the most interest in a potential transaction, and that Company E and Company F had indicated that they were not interested in pursuing a transaction. Mr. Ghasemi, representatives of Lazard and the Rockwood board of directors reviewed Rockwood's prior discussions with Albemarle, including Rockwood's unsolicited proposal to acquire Albemarle during the Fall of 2013 and the parties' discussion of a merger of equals transaction in February 2014.

**Table of Contents**

Of the potential counterparties, it was noted that Albemarle and Rockwood had the most familiarity with each other, and that Albemarle was the party most interested in Rockwood as a whole and was the party most interested in developing the lithium business, especially given its bromine business. Company A and Company D had stated they were not interested in owning Rockwood's lithium business. Company B and Company C had each indicated they did not have the capacity to acquire Rockwood for all cash. It was noted that to the extent that the consideration were to include stock, Rockwood shareholders would have the opportunity to participate in the upside from a synergistic combination. The sustainability of the higher-than-average valuation of Company C's stock was discussed along with the fact that this would result in significant risk to Rockwood's shareholders to the extent Company C's stock were used as acquisition currency. Company B had informed representatives of Lazard that it wanted to pursue a merger of equals with Rockwood in an all-stock transaction, and while it would consider including some amount of cash in the consideration, it was very focused on a transaction with a significant stock component and would not make a 100% cash offer for Rockwood. Because Company B is a private, non-U.S. entity, a transaction in which its stock was utilized in part as acquisition currency would present valuation issues given the absence of a prior trading market for Company B's stock, as well as the additional complexities of effecting an initial U.S. listing for a non-U.S. company in the context of a cross-border business combination transaction. The Rockwood board of directors also considered whether other potential interested parties should be contacted, and, after considering the risks associated with contacting additional parties, including the distraction of Rockwood's management and the increasing risk for a leak, which would not only negatively impact Rockwood's existing business relationships but also jeopardize Rockwood's current discussions with potential parties, as well as the views expressed by the representatives of Lazard that the most likely interested parties had already been contacted, the Rockwood board of directors determined not to do so. The Rockwood board of directors directed management, with the assistance of Lazard, to continue to engage with Albemarle and each of Company A, Company B, Company C and Company D. Representatives of Lazard outlined a potential ten-week process for the various parties to conduct due diligence and for Rockwood to negotiate an agreement with one of them, but noted that competitive dynamics could change the timeline. Subsequent to the meeting, Mr. Ghasemi informed Company G that Rockwood was not interested in pursuing a sale of the surface treatment business to it.

On June 17, 2014, the Rockwood board of directors met to discuss further Mr. Ghasemi's proposed retirement in order to become Chairman, President and Chief Executive Officer of Air Products and to discuss a succession process, with representatives of Simpson Thacher and Richards Layton participating in the meeting. Following discussion, Mr. Ghasemi left and the meeting continued. The Rockwood board of directors adopted resolutions formally appointing Mr. Robert Zatta (whom we refer to in this joint proxy statement/prospectus as Mr. Zatta), Rockwood's Senior Vice President and Chief Financial Officer, to serve as Acting Chief Executive Officer and Chief Financial Officer and Mr. Riordan, Rockwood's Senior Vice President, Law & Administration and Corporate Secretary, to serve as Executive Vice President and Chief Administrative Officer, in each case effective July 1, 2014 in the event Mr. Ghasemi retired as expected. The Rockwood board of directors also established a search committee of the Rockwood board of directors to identify and select candidates for consideration to serve as Chief Executive Officer of Rockwood. In addition, reflecting its discussions at its June 15 meeting, the Rockwood board of directors formally adopted resolutions authorizing the exploration of one or more strategic alternatives and the engagement in discussions with third parties regarding one or more potential strategic transactions.

Later on June 17, 2014, Mr. Ghasemi provided notice to Rockwood of his retirement as the Chief Executive Officer of Rockwood effective as of June 30, 2014 in order to become Chairman, President and Chief Executive Officer of Air Products and that he would remain Chairman of the Rockwood board of directors until January 1, 2015 and as a director thereafter. In addition, on June 19, 2014, Dr. Nance Dicciani (whom we refer to in this joint proxy statement/prospectus as Dr. Dicciani) provided notice of her retirement from the Rockwood board of directors effective July 1, 2014. Dr. Dicciani indicated that she serves on the board of directors of Praxair, Inc., which like Air Products is a provider of industrial gases, and that at the request of Praxair, Inc., in the interest of good corporate

governance, she was resigning from the Rockwood board of directors.

On June 18, 2014, Mr. Kissam called Mr. Ghasemi to suggest a meeting between representatives of the two companies to discuss a potential transaction. During the call, Mr. Ghasemi indicated that Rockwood's shareholders would need to receive a premium in any transaction, and that Rockwood would not be interested in pursuing a no-premium merger of equals transaction as the parties had preliminarily discussed earlier in the year.

On June 20, 2014, as requested by Mr. Kissam, Messrs. Ghasemi, Zatta and Riordan, along with representatives of Lazard, met with Mr. Kissam and representatives of BofA Merrill Lynch to discuss a potential transaction. At the meeting, Mr. Kissam proposed the parties engage in a merger transaction that would result in Rockwood becoming a subsidiary of Albemarle and that would value Rockwood at \$82 per share. Mr. Ghasemi expressed an unwillingness to support a transaction at that valuation. Mr. Kissam and the representatives of BofA Merrill Lynch then left the meeting to discuss Albemarle's position. Following discussion, Mr. Kissam indicated that he would propose to the Albemarle board of directors that Albemarle pursue a transaction that would value Rockwood at \$85 per share, a premium of nearly 15% over the \$74.10 closing price of shares of Rockwood common stock on the day prior to the meeting. The transaction would involve cash and stock consideration, with Albemarle shares valued at the closing price on June 20, 2014 and the specific amount of cash consideration determined in a manner that would result in the combined company having a net debt/EBITDA ratio equal to

**Table of Contents**

3.5, based on projected 2014 EBITDA, including synergies, for the combined company. Mr. Kissam noted that the 3.5 multiple was expected to allow the combined company to maintain Albemarle's investment grade rating, which was an important objective for Albemarle. Mr. Ghasemi stated that Rockwood would require at least 50% cash consideration and board representation on the post-closing Albemarle board of directors. The parties then discussed a post-closing board of 12 members, with five members selected by Rockwood. On June 20, 2014, Albemarle shares closed at \$71.52 and Rockwood shares closed at \$74.43.

At the June 20, 2014 meeting, Mr. Ghasemi further indicated that Rockwood would require that any transaction not be conditioned upon the closing of the Pigments Sale, which was anticipated to close during the third quarter of 2014. Mr. Kissam agreed that Albemarle would proceed with a transaction regardless of whether the Pigments Sale was consummated. Mr. Kissam also explained that Albemarle was in the final stages of negotiating a cash acquisition of another business, which was contemplated to be signed in mid-July, and that it could not enter into both transactions. Although a transaction with Rockwood was its primary objective, Albemarle did not want to forgo this alternative transaction in the event it did not execute a transaction with Rockwood. Thus, Albemarle insisted that a transaction with Rockwood must be signed by mid-July. Given the effort and expense that would be required to enter into a transaction in that timeframe, Albemarle requested that Rockwood negotiate with it on an exclusive basis. Although Mr. Ghasemi rejected the request for exclusivity, the parties agreed to pursue a transaction on a non-exclusive basis on the timetable and other terms discussed at the meeting.

On June 23, 2014, the Albemarle board of directors, along with Albemarle senior management and representatives of BofA Merrill Lynch, met to review the status of discussions with Rockwood. Ms. Whittemore reminded the Albemarle board of directors of the connections to Rockwood by McGuireWoods LLP, the law firm at which she is a partner, and T. Rowe Price Group, Inc., of which she is a director. Ms. Whittemore advised that her contact with Rockwood had not changed materially since the October 7 and 8, 2013 meeting of the Albemarle board of directors, but it was noted that she and Ms. Narwold would discuss the contacts with outside counsel and subsequently advise the Albemarle board of directors of the results of those discussions. Mr. Kissam noted that he had spoken to each director prior to the board meeting regarding the potential transaction with Rockwood. The Albemarle board of directors then discussed with members of Albemarle management and representatives of BofA Merrill Lynch the terms of the proposed transaction, including the proposed price, transaction structure and composition of the Albemarle board post-completion. BofA Merrill Lynch reviewed with the Albemarle board of directors its updated preliminary financial analyses of Albemarle and Rockwood.

On the morning of June 24, 2014, Mr. Kissam called Mr. Ghasemi and told him that the Albemarle board of directors had agreed to pursue the transaction on the terms discussed at their June 20, 2014 meeting, except that Rockwood would appoint only one board member rather than five members to a twelve member post-closing board. Noting that Rockwood's shareholders were expected to own more than 30% of the combined company, Mr. Ghasemi responded that Rockwood would require four members. Mr. Kissam called him back later that morning and agreed.

Also on the morning of June 24, 2014, Ms. Narwold and representatives of BofA Merrill Lynch and Shearman & Sterling LLP (which we refer to in this joint proxy statement/prospectus as Shearman & Sterling), Albemarle's outside counsel, met with Messrs. Zatta and Riordan and representatives of Simpson Thacher and Lazard to discuss the terms of the proposed transaction and the proposed timetable for announcing a transaction, assuming agreement could be reached, including the timing of mutual due diligence of Albemarle and Rockwood and negotiating a merger agreement.

On June 24, 2014, the Rockwood board of directors, along with senior management and representatives of Lazard, Simpson Thacher and Richards Layton, met to review the status of discussions with Albemarle and the other parties. Mr. Ghasemi began by describing his phone conversations with Mr. Kissam on June 18, 2014, the terms discussed at

the meeting with Mr. Kissam and representatives of BofA Merrill Lynch on June 20, 2014 and during his phone conversation with Mr. Kissam earlier the morning of June 24, 2014. After discussion of the proposed terms, it was noted that the Albemarle shareholders would be required to vote on the proposed transaction given the number of Albemarle shares to be issued. The Rockwood board of directors, along with senior management and representatives of Lazard and Simpson Thacher, discussed the risks of a transaction subject to the approval of the counterparty's shareholders. It was discussed whether Albemarle could decrease the proportion of consideration payable in shares (and make a corresponding increase in the proportion payable in cash) to eliminate a required Albemarle shareholder vote. Representatives of Lazard advised that representatives of BofA Merrill Lynch had indicated, at the direction of Albemarle, that Albemarle would not pursue a transaction unless it could maintain its investment grade rating on its debt and that Albemarle could not borrow sufficient funds to increase the cash consideration to a level that would not require an Albemarle shareholder vote without losing its investment grade status. There was also discussion of potential terms that could be included in a merger agreement, including the ability to solicit or respond to alternative proposals. Representatives of Lazard presented a proposed transaction timeline targeting a July 15, 2014 announcement, and Mr. Ghasemi noted that Messrs. Zatta and Riordan, along with representatives of Lazard and Simpson Thacher, had met earlier that day with Ms. Narwold and representatives of BofA Merrill Lynch and Shearman & Sterling LLP to discuss a reciprocal due diligence process, including management presentations and a transaction timeline.

Representatives of Lazard reported that since the June 15, 2014 board meeting, Lazard had continued to have discussions with Company A, Company B, Company C and Company D and summarized those discussions. Company A, which had previously submitted an indication of interest for Rockwood's surface treatment business and had stated it was not interested in Rockwood as a whole, was re-evaluating its position with respect to Rockwood as a whole. Company B, which is a private, non-U.S. entity that had previously informed representatives of Lazard that it wanted to pursue a merger of equals with Rockwood in an all-stock transaction but would consider including some amount of cash in the consideration, was negotiating a confidentiality agreement in advance of a meeting between Mr. Ghasemi and the chief executive officer of Company B scheduled for June 27, 2014. Company C, which had previously indicated that it did not have the capacity to acquire Rockwood for all cash, indicated that, as a result of its working to consummate a transaction with another party, any transaction with Rockwood would likely be delayed until October 2014. Company D, which had previously indicated it was only interested in acquiring Rockwood's surface treatment business, had, after follow up inquiries from representatives of Lazard, stated that it was discussing internally whether it would be interested in acquiring Rockwood as a whole and would contact Lazard if its position changed. Following further discussion, the Rockwood board of directors instructed management to pursue a transaction with Albemarle on the terms described to the Rockwood board of directors, while continuing to engage with the other parties. Representatives of Lazard were instructed to continue to advise the other parties that they should respond quickly as Rockwood was evaluating other proposals.

On June 27, 2014, a mutual confidentiality agreement was entered into between Rockwood and Company B with a standstill period of 18 months. Later that day, Mr. Ghasemi and the chief executive officer of Company B met to discuss a potential business combination transaction. The chief executive officer of Company B indicated that Company B had been exploring a potential merger with Rockwood using cash and Company B's stock (which was not publicly traded). Although Company B remained interested in Rockwood's surface treatment business, he explained that Company B did not want to pursue a transaction for Rockwood as a whole at that time.

On July 1 and 2, 2014, Rockwood and Albemarle conducted management presentations for each other and on July 2, 2014, Rockwood and Albemarle each opened its electronic data room to facilitate the other's due diligence review. The parties, with the assistance of their respective advisors, engaged in due diligence on each other through July 14, 2014, including conducting site visits at certain of the other's facilities in the United States, Germany and Chile.

On July 3, 2014, the Rockwood board of directors met to review the status of discussions with Albemarle and the other parties. Representatives of Lazard and Citi, another financial advisor to Rockwood, and representatives of Simpson Thacher and Richards Layton also participated in the meeting. Among other things, representatives of Lazard reviewed the share price movements of Rockwood and Albemarle since June 20, 2014, noting that Rockwood's share price had increased by 3.8% as compared to Albemarle's share price, which had increased by 0.5%. After discussion, Messrs. Zatta and Riordan and representatives of Lazard described the Rockwood and Albemarle management presentations that occurred during the prior two days and the status of due diligence, noting the parties were continuing to work with a view to an announcement on July 15, 2014, if a transaction were to be successfully negotiated.

At the July 3, 2014 meeting, representatives of Lazard advised that since the June 24, 2014 board meeting, Lazard had continued to have discussions with Company A, Company B, Company C and Company D. As instructed by the Rockwood board of directors at the prior board meeting, Lazard had advised all of these parties to respond quickly as Rockwood was evaluating other proposals. Mr. Ghasemi reported on his meeting with the chief executive officer of Company B. Although Company B remained interested in the surface treatment business, he explained that Company B did not want to pursue a transaction for Rockwood as a whole at that time. Representatives of Lazard indicated that Company A had retained financial advisors to evaluate a transaction with respect to Rockwood as a whole and would inform Lazard of its intentions early the following week. Company C had retained financial advisors to explore an

acquisition of Rockwood as a whole and was evaluating potential partners for the lithium business. Company D confirmed its principal strategic interest was the surface treatment business, but it continued to evaluate its interest in the lithium business. A discussion followed regarding each of the potential counterparties. Following discussion, Mr. Zatta discussed Rockwood's financial projections.

Also at the July 3, 2014 meeting, Mr. Riordan advised that he had requested that Simpson Thacher prepare a merger agreement for the proposed transaction with Albemarle. It was discussed that Lazard should further pursue with BofA Merrill Lynch whether the cash portion of the merger consideration could be increased in order to make a transaction less conditional by eliminating the need for an Albemarle shareholder vote. It was noted that Albemarle's willingness to bear the risk of the Pigments Sale increased transaction certainty for Rockwood. Although Lazard had advised the Rockwood board of directors that Lazard had solicited the most likely counterparties, the Rockwood board of directors determined that the merger agreement would need to provide Rockwood with the ability to terminate the transaction to enter into an unsolicited superior alternative proposal should such a proposal be made after announcement of a transaction with Albemarle. Following further discussion, the Rockwood board of directors instructed Rockwood's management to continue to pursue a transaction with Albemarle on the terms described to the Rockwood board of directors, while continuing to engage with the other parties.

On July 5, 2014, Simpson Thacher sent Shearman & Sterling an initial draft of the merger agreement, and on July 8, 2014, Shearman & Sterling delivered an issues list relating to the draft merger agreement to Simpson Thacher.

On July 8, 2014, Messrs. Ghasemi and Zatta received a non-binding indication of interest from Company C proposing to acquire Rockwood for \$80.00 per share. The proposal contemplated cash and share consideration and noted that Company C was prepared to discuss the levels of cash and stock consideration. The letter stated that the proposal was not conditioned on the closing of the Pigments Sale and that Company C believed it could complete due diligence and finalize documentation within six weeks from the signing of a confidentiality agreement. Later that day, after discussion with Rockwood's management, Lazard informed Company C that another potential counterparty had offered a higher price and asked Company C if it would be willing to increase its valuation and accelerate its timing. Company C indicated that it understood Rockwood had alternatives. No further response was received from Company C.

On July 9, 2014, the Rockwood board of directors met to review the status of discussions with Albemarle and the other parties. Senior management and representatives of Simpson Thacher and Richards Layton also participated in the meeting. Representatives of Lazard reported that BofA Merrill Lynch had confirmed, at the direction of Albemarle, that Albemarle could not borrow sufficient funds to increase the proportion of cash consideration to an amount that would eliminate a required Albemarle shareholder vote without losing its investment grade status, but that Albemarle was considering the maximum amount of indebtedness it could incur in connection with the transaction while continuing to maintain investment grade status. The representatives of Lazard further reported that, at that time, Albemarle was contemplating that \$46.79 of its proposed \$85.00 merger consideration would be payable in cash, representing 55% of the consideration, with the balance payable in Albemarle shares, resulting in Rockwood shareholders owning approximately 32.8% of the combined company. After discussion of Company C's indication of interest, it was noted that a transaction with Albemarle would provide the Rockwood shareholders with greater value and certainty, and that Company C had not conducted any non-public due diligence of Rockwood while Albemarle had engaged in detailed due diligence and had been exploring a transaction with Rockwood since earlier in the year. Lazard informed the Rockwood board of directors that Company C had not responded to Lazard's request for an increased valuation and acceleration of its timeline and there had been no developments with the other parties since the meeting of the Rockwood board of directors on July 3, 2014. Representatives of Lazard and Citi also reviewed with the Rockwood board of directors preliminary financial analyses relating to each of Rockwood and Albemarle on a standalone basis, of the combined company taking into account the proposed transaction and of the potential merger consideration to be paid to the Rockwood shareholders in the proposed merger. Following discussion, Messrs. Zatta and Riordan reported on due diligence, and following discussion, representatives of Simpson Thacher summarized merger agreement issues.

On July 10, 2014, Shearman & Sterling sent Simpson Thacher a revised draft of the merger agreement reflecting the positions stated in its July 8 issues list and subsequent discussions among the parties and their respective advisors regarding those issues. From July 11 through July 14, 2014, the parties, assisted by their respective advisors, negotiated the terms of the merger agreement and, through the early morning of July 15, 2014, the contents of their respective disclosure letters to be delivered in connection with, and qualifying their representations and covenants set forth in, the merger agreement. These negotiations covered various aspects of the transaction, including, among other things, the structure of the transaction and the resulting taxable nature of the transaction to the Rockwood shareholders, the representations and warranties made by the parties, the restrictions on the conduct of each party's business, the definition of material adverse effect and, with respect to Rockwood, its exclusion of matters related to the Pigments Sale, the conditions to completion of the merger, each party's ability to negotiate with and provide information to a person who may make an alternative proposal, the ability of each party's board of directors to change its recommendation in favor of the merger or the share issuance, as applicable, in response to a superior proposal or otherwise, the ability of each party to match a superior proposal made by another person and exclusivity rights in connection therewith, the ability of Rockwood to terminate the merger agreement to accept a superior proposal under certain conditions, the other termination provisions and the amount and triggers of each party's termination fee and expense reimbursement obligations, the composition of the post-merger Albemarle board of directors, the provisions

regarding Rockwood's equity awards, employee benefit plans, retention bonuses, severance and other compensation matters, and Albemarle's financing obligations and the potential liabilities therefor.

On the morning of Sunday, July 13, 2014, a representative of BofA Merrill Lynch, at the direction of Albemarle, called a representative of Lazard proposing that the parties use Albemarle's closing stock price of \$72.00 on Friday, July 11, 2014 to set the exchange ratio for the stock portion of the merger consideration. In a call from Mr. Kissam to Mr. Ghasemi later that day before the meetings of the Albemarle board of directors and the Rockwood board of directors, Mr. Ghasemi reminded Mr. Kissam that they had agreed to use the \$71.52 closing price of Albemarle common stock from June 20, 2014 to set the exchange ratio, and Mr. Kissam agreed. On that call, Mr. Kissam proposed that Rockwood would have the right to designate three members of a 12-person post-closing Albemarle board of directors rather than four members as previously contemplated, and Messrs. Kissam and Ghasemi agreed that Rockwood would have the right to designate three members of an 11-person post-closing Albemarle board of directors. Messrs. Kissam and Ghasemi also agreed that the termination fee payable by Rockwood would be \$180 million (approximately 2.9% of Rockwood's equity value at the implied merger consideration) if the merger agreement were to be terminated in certain circumstances, noting the parties had previously agreed the termination fee payable by Albemarle would be \$300 million if the agreement were to be terminated in certain other circumstances.

On July 13, 2014, the Albemarle board of directors met to review the status of discussions with Rockwood. Senior management of Albemarle and representatives of Troutman Sanders, Shearman & Sterling, BofA Merrill Lynch and Lux Research also participated in the meeting. Mr. Jim W. Nokes, Non-Executive Chairman of the Albemarle board of directors, opened the meeting by noting that Ms. Whittemore, after consultation with counsel, had determined to recuse herself from the deliberations regarding the Rockwood transaction to avoid any appearance of an actual or potential conflict of interest resulting from her positions as a director of T. Rowe Price Group, Inc. and a partner of McGuireWoods LLP, as described above. Accordingly, Ms. Whittemore was not present and did not participate in the meetings of the Albemarle board of directors held on July 13, 2014 or July 14, 2014 at which the Rockwood transaction was discussed and approved as more fully described below.

At the July 13, 2014 meeting of the Albemarle board of directors, representatives of Shearman & Sterling and Troutman Sanders reviewed and discussed with the Albemarle board of directors preliminary legal matters relating to the board of directors' review and approval of the Rockwood transaction. Mr. Kissam reviewed an overview of the transaction and reminded the board of the transaction's strategic rationale, including its creation of more consistent and predictable earnings growth and a leader in four attractive growth markets, acceleration of Albemarle's growth and enhancement of its margin profile, increased diversification of businesses, geographies, and end markets, increased cash generation and synergy opportunities. Members of Albemarle senior management provided an overview of the diligence process that had been undertaken with regard to Rockwood and the results thereof. Representatives of Lux Research then presented an overview of lithium supply and demand dynamics, lithium applications and competitive threats to lithium technologies.

Also at the July 13, 2014 meeting of the Albemarle board of directors, representatives of BofA Merrill Lynch reviewed with the Albemarle board of directors additional financial analyses of the merger consideration. Representatives of Shearman & Sterling then provided a summary of the draft merger agreement, financing terms and regulatory approvals that would be required for the transaction. Finally, Mr. Kissam reviewed the communications plan regarding the transaction.

On July 13, 2014, the Rockwood board of directors met to review the status of discussions with Albemarle. Senior management and representatives of Simpson Thacher also participated in the meeting. Mr. Ghasemi reported on his discussions with Mr. Kissam earlier that day, and representatives of Lazard reported that Albemarle had indicated that it could incur an amount of indebtedness that would result in \$50.14 of the proposed \$85.00 merger consideration being payable in cash, representing approximately 59% of the merger consideration, with the balance paid in Albemarle shares, resulting in Rockwood shareholders owning approximately 30.7% of the combined company. After discussion, the Rockwood board of directors indicated its support for increasing the proportion of cash consideration. Representatives of Lazard and Mr. Ghasemi reviewed the status and history of discussions with Albemarle and with each of Company A, Company B, Company C, Company D, Company E, Company F and Company G. Representatives of Lazard and Citi also reviewed with the Rockwood board of directors updated preliminary financial analyses relating to each of Rockwood and Albemarle on a standalone basis, of the combined company taking into account the proposed transaction, and of the potential merger consideration to be paid to the Rockwood shareholders in the proposed merger. Following discussion, representatives of Lazard, Citi and Simpson Thacher reviewed Albemarle's proposed financing and representatives of Simpson Thacher reviewed the proposed merger agreement and updated the Rockwood board of directors on the status of the merger agreement negotiations.

On the afternoon of July 14, 2014, the Albemarle board of directors, excluding Ms. Whittemore, who had recused herself from deliberations, resumed their discussion of the Rockwood transaction. Mr. Kissam reviewed additional due diligence matters with respect to Rockwood. A representative of Troutman Sanders then discussed the fiduciary duties of the Albemarle board of directors in the context of a strategic acquisition. The Representatives of BofA Merrill Lynch then reviewed with the Albemarle board of directors their financial analysis of the merger consideration

and delivered to the Albemarle board of directors BofA Merrill Lynch's oral opinion, later confirmed by delivery of a written opinion dated July 14, 2014, to the effect that, as of that date and based upon and subject to various assumptions and limitations described in the opinion, the merger consideration to be paid by Albemarle to the holders of Rockwood common stock (other than any shares of Rockwood common stock to be cancelled in accordance with the terms of the merger agreement or as to which dissenters' rights have been exercised) in the transaction was fair, from a financial point of view, to Albemarle. The opinion of BofA Merrill Lynch is more fully described in the section titled *Opinion of Albemarle's Financial Advisor* beginning on page 57. Following additional deliberations, the Albemarle board of directors unanimously (excluding Ms. Whittemore, who had recused herself) determined that the merger is in the best interest of Albemarle shareholders, approved the merger agreement and declared its advisability and recommended that the Albemarle shareholders vote for the approval of the Albemarle share issuance. For further information concerning the factors considered by the Albemarle board of directors in reaching its decision that the merger is in the best interests of the Albemarle shareholders, its decision to approve the merger agreement and its decision to recommend that Albemarle shareholders vote to approve the Albemarle share issuance, see *Albemarle's Reasons for the Merger and Recommendation of the Albemarle Board of Directors* beginning on page 51.

On the evening of July 14, 2014, subsequent to the close of trading on the NYSE, the Rockwood board of directors met to consider the proposed transaction with Albemarle. Senior management and representatives of Lazard, Citi, Simpson

Thacher and Richards Layton also participated in the meeting. Representatives of Lazard reported that Albemarle had indicated that it could incur an amount of indebtedness that would result in \$50.65 of the proposed \$85.00 merger consideration being payable in cash, representing approximately 59.6% of the consideration, with the balance paid in Albemarle shares, resulting in Rockwood shareholders owning approximately 30.4% of the combined company. Representatives of Simpson Thacher and Mr. Riordan provided an update on the terms of the merger agreement. Following discussion, representatives of Lazard and Citi presented their financial analyses relating to each of Rockwood and Albemarle on a standalone basis, of the combined company taking into account the proposed transaction and of the merger consideration to be paid to the Rockwood shareholders in the proposed merger, and they rendered to the Rockwood board of directors their respective oral opinions, confirmed by delivery of their respective written opinions, dated as of July 14, 2014, to the effect that, as of such date and based on and subject to various assumptions and limitations described therein, the merger consideration to be paid to the holders of Rockwood's common stock (other than Rockwood, Albemarle, Merger Sub and shareholders who properly demand appraisal rights) in the proposed merger, was fair, from a financial point of view, to such shareholders. The opinions of Lazard and Citi are more fully described in the section titled *Opinions of Rockwood's Financial Advisors* beginning on page 63. Following discussion, the Rockwood board of directors unanimously determined that the merger and the other transactions contemplated by the merger agreement were advisable and approved the execution, delivery and performance of the merger agreement and the consummation of the merger and the other transactions contemplated by the merger agreement and unanimously recommended that the Rockwood shareholders vote for the adoption of the merger agreement. For further information concerning the factors considered by the Rockwood board of directors in reaching its decision to approve the merger agreement and the consummation of the merger, its decision to declare the merger agreement advisable and its decision to recommend that Rockwood shareholders vote to approve the adoption of the merger agreement, see *Rockwood's Reasons for the Merger and Recommendation of the Rockwood Board of Directors* beginning on page 54.

On the morning of July 15, 2014, each of Rockwood, Albemarle and Merger Sub executed and delivered a counterpart of the merger agreement. Later that morning, before the opening of the NYSE, Rockwood and Albemarle issued a joint press release announcing the execution of the merger agreement.

### **Albemarle's Reasons for the Merger and Recommendation of the Albemarle Board of Directors**

At a special meeting of the Albemarle board of directors held on July 13 and 14, 2014, the Albemarle board of directors unanimously (excluding one director who recused herself) determined that the merger is in the best interests of Albemarle shareholders and approved the merger agreement and declared its advisability. The Albemarle board of directors unanimously (excluding one director who recused herself) recommends that Albemarle shareholders vote **FOR** the Albemarle share issuance and **FOR** the Albemarle adjournment proposal.

In reaching its decision that the merger is in the best interests of the Albemarle shareholders, its decision to approve the merger agreement and its decision to recommend that Albemarle shareholders vote to approve the Albemarle share issuance, the Albemarle board of directors consulted with Albemarle management, as well as its financial and legal advisors and other advisors and, at its July 13 and 14, 2014 meeting, and at other meetings at which it considered the proposed merger, the Albemarle board of directors considered a number of factors.

The reasons in favor of the merger considered by the Albemarle board of directors include, but are not limited to, the following:

the complementary strengths of Albemarle and Rockwood across their product lines;

the differentiated, performance-based technologies and record of innovation of each of the companies;

the strength of Rockwood's competitive position in lithium and lithium compounds and in surface treatment products and services;

the growing global demand for lithium products for energy storage and other applications;

the strength of Albemarle's competitive position in catalysts and bromine;

the view of the Albemarle board of directors that the combined company would be an industry leader across the four attractive growth markets of lithium, catalysts, bromine and surface treatments, with accelerated growth prospects and attractive margins;

the fact that the combined company would have a more diversified portfolio across end markets and geographies and the belief of the Albemarle board of directors that that diversification would make the combined company better able to withstand economic down cycles in industries or geographies;

the expectation of Albemarle management that the combined company will benefit from process synergies, particularly resulting from the similarity of the lithium and bromine value and supply chains, including with respect to advanced mineral extraction and processing technologies, value-added derivatization, low-cost positions and vertical integration;

**Table of Contents**

the complementary cultures of the two companies, including their shared focus on innovation and high standards for performance and execution;

the expectation of Albemarle management that, following the complete integration of Albemarle and Rockwood, the combined company would generate approximately \$100 million in annual cost synergies by 2016;

the expectation of Albemarle management that the combined company would generate significant free cash flow that would enable it to simultaneously (i) reduce leverage rapidly, (ii) invest in the businesses of the combined company and (iii) maintain and continue to regularly increase its quarterly dividends to shareholders, and to eventually resume share buybacks;

the anticipated ability to leverage the financial strength of the combined company, which collectively generated nearly \$3.8 billion of net sales in 2013 on a pro forma basis;

the expectation of Albemarle management that the merger will be accretive to Albemarle's adjusted earnings per share beginning in 2016, and substantially accretive thereafter;

the experience of Albemarle in integrating acquired companies;

the limited number and nature of the conditions to the parties' obligations to complete the merger and the belief of the Albemarle board of directors of the likelihood of satisfying such conditions;

the view of the Albemarle board of directors, after consultation with counsel, that the transaction is not expected to present material regulatory issues;

the belief of the Albemarle board of directors, following consultation with its advisors, and based in part upon the financing commitments that it had obtained, that it was likely that Albemarle would be able to obtain the necessary financing to pay the aggregate cash portion of the merger consideration and that the combined company would be able to repay, service or refinance any indebtedness incurred in connection with the merger and, to the extent such indebtedness remains outstanding, to comply with the financial covenants applicable to such indebtedness, after its review and discussion of various factors, including (i) the terms of Rockwood's current indebtedness and (ii) the terms of the proposed financing for the merger (including fees and interest);

the belief of the Albemarle board of directors, following consultation with its advisors, that the financing commitments it had obtained to pay the aggregate cash portion of the merger consideration were on attractive terms for Albemarle;

the belief of the Albemarle board of directors that Albemarle would maintain its investment grade credit rating immediately following the completion of the merger;

the belief of the Albemarle board of directors, following consultation with its tax advisors, that the planned structuring of the merger and post-merger restructuring of Rockwood's assets will permit Albemarle to significantly reduce future taxes associated with the repatriation of offshore cash after 2015;

the right of the Albemarle board of directors under the merger agreement to withdraw its recommendation to the Albemarle shareholders that they approve the Albemarle share issuance in certain circumstances, as more fully described under *The Merger Agreement No Solicitation Board Recommendation Change* beginning on page 100;

the fact that the Albemarle shareholders will have an opportunity to vote on the approval of the Albemarle share issuance;

the fact that the exchange ratio for shares of Rockwood common stock is fixed and will not adjust to compensate for any decrease in the trading price of Albemarle common stock prior to the completion of the merger;

the fact that Rockwood is obligated to pay Albemarle a termination fee of \$180 million in certain circumstances, as more fully described under *The Merger Agreement Payment of Certain Fees and Expenses* beginning on page 102;

the fact that Rockwood is obligated to reimburse Albemarle for up to \$25 million in out-of-pocket expenses under certain circumstances, as more fully described under *The Merger Agreement Payment of Certain Fees and Expenses* beginning on page 102;

the description of the material terms and conditions of the merger agreement as described in a legal presentation by Shearman & Sterling LLP to the Albemarle board of directors; and

the opinion, dated July 14, 2014, of BofA Merrill Lynch to the Albemarle board of directors as to the fairness, from a financial point of view and as of the date of the opinion, to Albemarle of the merger consideration to be paid by Albemarle to the holders of Rockwood common stock (other than any shares of Rockwood Common Stock to be cancelled in accordance with the merger agreement or as to which dissenters' rights have been exercised) in the

transaction, which opinion was based upon and subject to the assumptions made, procedures followed, factors considered and limitations on the review undertaken, as more fully described under *The Merger Opinion of Albemarle's Financial Advisor Opinion of BofA Merrill Lynch* beginning on page 57, and the related financial analyses presented by BofA Merrill Lynch to the Albemarle board of directors. The Albemarle board of directors also considered the following potentially negative factors associated with the merger:

the right of the Rockwood board of directors under the merger agreement to withdraw its recommendation to the Rockwood shareholders that they adopt the merger agreement in certain circumstances, as more fully described under *The Merger Agreement No Solicitation Board Recommendation Change* beginning on page 100;

the right of the Rockwood board of directors to terminate the merger agreement in certain circumstances, as more fully described under *The Merger Agreement Termination of the Merger Agreement* beginning on page 101;

the fact that the exchange ratio for shares of Rockwood common stock is fixed and will not adjust to compensate for any increase in the trading price of Albemarle's common stock prior to completion of the merger;

the fact that Albemarle shareholders will have a reduced ownership and voting interest in Albemarle after the merger and will exercise less influence over the board of directors, management and policies of Albemarle;

the fact that Albemarle is obligated to pay Rockwood a termination fee of \$300 million in certain circumstances, as more fully described under *The Merger Agreement Payment of Certain Fees and Expenses* beginning on page 102;

the fact that Albemarle is obligated to reimburse Rockwood for up to \$25 million in out-of-pocket expenses under certain circumstances, as more fully described under *The Merger Agreement Payment of Certain Fees and Expenses* beginning on page 102;

the potential diversion of management resources from operational matters and the opportunity costs associated with the merger prior to the completion or abandonment of the merger;

the fact that the merger agreement contains certain customary restrictions on the ability of Albemarle to conduct its business in the period between signing and closing, in that Rockwood's consent is required in respect of the issuance of shares of Albemarle capital stock other than for limited purposes, the acquisition of assets above a certain threshold, and other matters commonly subject to pre-closing restrictions, as more fully described under *The Merger Agreement Conduct of Business Pending the Merger Conduct of*

*Business by Albemarle* ) beginning on page 106;

the fact that the obligations of Albemarle and Merger Sub under the merger agreement are not subject to any conditions regarding the closing of the Pigments Sale and the attendant risk that the Pigments Sale might not be consummated prior to the completion of the merger or at all;

the risk that the potential synergies and other benefits of the merger may not be realized or that Albemarle will not be successful in implementing its business plan for the combined company;

the risks arising from the challenges of integrating the businesses, management teams, strategies, cultures and organizations of the two companies, including the possibility that the merger and the resulting integration process could result in the loss of key employees, the disruption of on-going business and the loss of customers;

the risk that the merger might not be completed on a timely basis despite the parties' efforts, and, if the merger is not completed by the outside date for completion of the merger, the fact that the merger agreement may be terminated by either party;

the impact of costs and expenses related to the merger, including integration expenses, on Albemarle's financial position; and

the fact that Albemarle will incur substantial indebtedness in connection with financing the merger that will, at least in the short term, among other things, cause Albemarle to stop its share buybacks and reduce funds available for potential acquisitions;

the fact that at the time it was negotiating with Rockwood, Albemarle was in the final stages of negotiating a cash acquisition of another business, which was contemplated to be signed in mid-July 2014, and that it could not enter into both transactions;

the fact that the lithium industry may grow rapidly and competitive dynamics and technologies may shift quickly and make future results and capital needs in Rockwood's lithium segment hard to predict;

the fact that the planned structuring of the merger and post-merger restructuring of Rockwood's assets will cause Albemarle to accelerate the realization of certain income and pay additional taxes in 2015;

other applicable risks described in the section of this joint proxy statement/prospectus entitled *Risk Factors* beginning on page 23.

In the judgment of the Albemarle board of directors, however, these potential risks were favorably offset by the potential benefits of the merger discussed above.

The foregoing discussion is not intended to be exhaustive, but Albemarle believes it addresses the material information and factors considered by the Albemarle board of directors in its consideration of the merger, including factors that may support the merger, as well as factors that may weigh against it. In view of the variety of factors and the amount of information considered, the Albemarle board of directors did not find it practicable to quantify or otherwise assign relative weights to and did not make specific assessments of the factors considered in reaching its determination, and individual members of the Albemarle board of directors may have given different weights to different factors. The Albemarle board of directors did not reach any specific conclusion with respect to any of the factors or reasons considered.

The above factors are not listed in any particular order of priority. This explanation of the factors and reasoning set forth above contains forward-looking statements and should be read in conjunction with the section of this joint proxy statement/prospectus entitled *Special Note Regarding Forward-Looking Statements* beginning on page 30.

### **Rockwood's Reasons for the Merger and Recommendation of the Rockwood Board of Directors**

At a special meeting of the Rockwood board of directors held on July 14, 2014, the Rockwood board of directors unanimously approved the merger agreement and the consummation of the merger and declared the merger agreement advisable. The Rockwood board of directors unanimously recommends that Rockwood shareholders vote **FOR** the proposal to adopt the merger agreement and **FOR** the Rockwood adjournment proposal.

In reaching its decision to approve the merger agreement and the consummation of the merger, its decision to declare the merger agreement advisable and its decision to recommend that Rockwood shareholders vote to approve the adoption of the merger agreement, the Rockwood board of directors consulted with Rockwood management, as well as its financial and legal advisors and, at its July 14, 2014 meeting, and at other meetings at which it considered the proposed merger, the Rockwood board of directors considered a number of factors.

The reasons in favor of the merger considered by the Rockwood board of directors include, but are not limited to, the following:

the value of the merger consideration to be received by the Rockwood shareholders of \$85.00 per share, based on the June 20, 2014 closing price of shares of Albemarle common stock at \$71.52, representing a premium of 13% to the volume-weighted average price for shares of Rockwood common stock over a 20-trading-day period ended July 10, 2014 and a 14.9 multiple of Rockwood's \$391 million 2014 pro forma EBITDA estimated by Rockwood management;

the fact that a significant portion of the merger consideration will be paid in cash, providing certainty of value with respect to the cash portion of the merger consideration and enabling Rockwood shareholders to realize value for a significant portion of their investment immediately upon the completion of the merger;

the opportunity afforded by the stock portion of the merger consideration for Rockwood shareholders to participate in the future earnings and growth of the combined company and future appreciation in the value of Albemarle common stock following the merger;

the fact that the stock portion of the merger consideration is based on a fixed exchange ratio and, accordingly, that Rockwood shareholders will benefit from any increase in the value of Albemarle common stock before or after the Rockwood special meeting;

the fact that the adoption of the merger agreement is subject to the approval of Rockwood shareholders and the ability of Rockwood shareholders to vote against the merger agreement for any reason;

the risks and uncertainty of remaining an independent public company, given Rockwood's market capitalization, operations, product portfolio and estimated future results of operations and cash flows, in comparison to the merger consideration which would enable Rockwood shareholders to realize a substantial portion of Rockwood's potential future value without such risks;

the belief that the merger is more favorable to Rockwood shareholders than the other alternatives available, which belief was formed in part based on the responses to solicitations by one of Rockwood's financial advisors from the parties determined by Rockwood's management, after discussion with such financial advisor, to be the parties most likely to be interested in a strategic transaction with Rockwood;

the expectation that the merger will create a global specialty chemicals company with leading positions across four attractive growth markets: lithium, catalysts, bromine and surface treatment, which is more diversified and strategically well-positioned than Rockwood on a stand-alone basis;

**Table of Contents**

the benefits to the combined company that could result from the merger, including the increased market capitalization, improved access to the capital markets, increased EBITDA growth potential, greater stability in cash flows, increased deleveraging capability, enhanced innovation capabilities, increased diversity in the products offered and geographic areas served and the potential to realize certain cost synergies;

the financial presentation by Lazard and Citi and the oral opinions of each of Lazard and Citi, delivered to the Rockwood board of directors, subsequently confirmed by deliveries of their respective written opinions, dated July 14, 2014, to the effect that, as of such date, the merger consideration to be received by holders of shares of Rockwood common stock (other than Rockwood excluded shares) was fair, from a financial point of view, to such holders, which opinions were based upon and subject to the assumptions, matters considered, procedures, factors, qualifications and limitations more fully described in the section titled *The Merger Opinion of Rockwood's Financial Advisors* beginning on page 63;

the right of the Rockwood board of directors under the merger agreement to, in response to unsolicited acquisition proposals, provide information to, and negotiate alternative transactions with, third parties in certain circumstances, as more fully described under *The Merger Agreement No Solicitation* beginning on page 99;

the right of the Rockwood board of directors under the merger agreement to change its recommendation that Rockwood shareholders vote in favor of the adoption of the merger agreement in certain circumstances, as more fully described under *The Merger Agreement No Solicitation* beginning on page 99;

the right of the Rockwood board of directors under the merger agreement to terminate the merger agreement to accept a superior acquisition proposal subject to the payment of a termination fee in certain circumstances, as more fully described under *The Merger Agreement Termination of the Merger Agreement* beginning on page 101;

the fact that the \$180 million termination fee payable in certain circumstances by Rockwood is equal to approximately 2.9% of Rockwood's equity value at the implied merger consideration and the reimbursement of Albemarle's out-of-pocket expenses is capped at \$25 million, which the Rockwood board of directors viewed, after consultation with Rockwood's financial and legal advisors, as reasonable and not likely to preclude any other party from making a competing acquisition proposal;

the fact that the obligations of Albemarle and Merger Sub under the merger agreement are not subject to any conditions regarding the closing of the Pigments Sale;

the fact that the obligations of Albemarle and Merger Sub under the merger agreement to complete the merger are not conditioned upon receipt of financing and the fact that Albemarle obtained a commitment letter with respect to the debt financing necessary to pay the aggregate cash portion of the merger consideration, which, based on the terms of the commitments and the reputation of the commitment parties, in the judgment of the Rockwood board of directors, increases the likelihood of such financings being

completed;

the fact that the merger agreement expressly contemplates that Rockwood may obtain specific performance of Albemarle's obligations under the merger agreement;

the fact that Albemarle is obligated to pay Rockwood a termination fee of \$300 million in certain circumstances, as more fully described under *The Merger Agreement Payment of Certain Fees and Expenses* beginning on page 102;

the fact that Albemarle is obligated to reimburse Rockwood for up to \$25 million in out-of-pocket expenses under certain circumstances, as more fully described under *The Merger Agreement Payment of Certain Fees and Expenses* beginning on page 102;

the view of the Rockwood board of directors, after consultation with its legal advisor, that the merger does not present material regulatory issues; and

the fact that appraisal rights would be available to holders of Rockwood common stock under Delaware law and that there was no limitation in the merger agreement relating to the number of shares of Rockwood common stock that could exercise appraisal rights.

The Rockwood board of directors also considered the following potentially negative factors associated with the merger:

the lack of opportunity for Rockwood shareholders to participate in Rockwood's potential upside as a stand-alone company, other than indirectly as a part of the combined company through the stock portion of the merger consideration after the completion of the merger;

the potential decrease of the implied value of the merger consideration which would result from a decrease in the trading price of Albemarle common stock because the stock portion of the merger consideration is a fixed number of shares of Albemarle common stock and the merger agreement does not provide Rockwood with a price-based termination right or other similar price protection;

the execution risks associated with the implementation of the combined company's long term business plan and strategy, which may be different from the execution risks related only to Rockwood's business;

**Table of Contents**

the risk that the combined company may not be able to successfully integrate the businesses of Rockwood and Albemarle and therefore may not be able to realize the anticipated benefits of the merger;

the fact that the transaction structure requires approval by holders of a majority of the votes cast on the Albemarle share issuance at the Albemarle special meeting, which may not be obtained;

the possibility that Albemarle will be unable to obtain financing for the merger, including the debt financing proceeds contemplated by the commitment letter it obtained;

the risk that the merger might not be completed on a timely basis or at all despite the parties' efforts, and, if the merger is not completed, the materially adverse impact such event could have on Rockwood's financial condition, results of operations and stock price;

the possible disruption to Rockwood's business that may result from announcement of the merger and the resulting distraction of management's attention from the day-to-day operations of the business;

the risk that the pendency of the merger could adversely affect Rockwood's relationships with its customers, suppliers and any other persons with whom Rockwood has a business relationship, or pose difficulties in attracting and retaining key employees;

the risk of incurring substantial transaction and integration costs in connection with the merger;

the reduced influence that Rockwood shareholders will exercise over the board of directors, management and policies of the combined company as compared to the influence Rockwood shareholders have over the board of directors, management and policies of Rockwood;

the fact that the merger agreement restricts Rockwood's ability to conduct its business in the period prior to the completion of the merger, which may delay or prevent Rockwood from undertaking business opportunities that may arise during such interim period, as more fully described under *The Merger Agreement - Conduct of Business Pending the Merger* beginning on page 103;

the fact that Rockwood is obligated to pay Albemarle a termination fee of \$180 million in certain circumstances (equal to approximately 2.9% of Rockwood's equity value at the implied merger consideration), as more fully described under *The Merger Agreement - Payment of Certain Fees and Expenses* beginning on page 102;

the fact that Rockwood is obligated to reimburse Albemarle for up to \$25 million in out-of-pocket expenses under certain circumstances, as more fully described under *The Merger Agreement - Payment of Certain Fees*

*and Expenses* beginning on page 102;

the possibility that the \$180 million termination fee and the expense reimbursement of up to \$25 million payable by Rockwood, and other provisions in the merger agreement, might discourage other bidders from making a competing offer to acquire Rockwood;

the fact that some of Rockwood's directors and executive officers have interests in the merger that are different from, or in addition to, the interests of Rockwood shareholders generally, as more fully described under *The Merger Interests of Rockwood Directors and Executive Officers in the Merger* beginning on page 73;

the expectation that the receipt of Albemarle common stock and cash in exchange for Rockwood common stock in the merger will generally be taxable to Rockwood shareholders for U.S. federal income tax purposes, as more fully described under *The Merger Material U.S. Federal Income Tax Consequences* beginning on page 81; and

other applicable risks described in the section of this joint proxy statement/prospectus entitled *Risk Factors* beginning on page 23.

In the judgment of the Rockwood board of directors, however, these potential risks were favorably offset by the potential benefits of the merger discussed above.

The foregoing discussion is not intended to be exhaustive, but Rockwood believes it addresses the material information and factors considered by the Rockwood board of directors in its consideration of the merger, including factors that may support the merger, as well as factors that may weigh against it. In view of the variety of factors and the amount of information considered, the Rockwood board of directors did not find it practicable to quantify or otherwise assign relative weights to and did not make specific assessments of the factors considered in reaching its determination, and individual members of the Rockwood board of directors may have given different weights to different factors. The Rockwood board of directors did not reach any specific conclusion with respect to any of the factors or reasons considered.

The above factors are not presented in any order of priority. This explanation of the factors and reasoning set forth above contains forward-looking statements and should be read in conjunction with the section of this joint proxy statement/prospectus entitled *Special Note regarding Forward-Looking Statements* beginning on page 30.

***Rockwood Financial Analyses***

***Selected Publicly Traded Companies Analysis***

BofA Merrill Lynch reviewed financial and stock market information of Rockwood and the following eight selected publicly traded companies in the specialty chemicals industry:

Albemarle Corporation

E. I. du Pont de Nemours and Company

Ecolab Inc.

Eastman Chemical Co.

Ashland Inc.

FMC Corp.

W.R. Grace and Company

Cytec Industries Inc.

BofA Merrill Lynch reviewed, among other things, enterprise values of the selected publicly traded companies (calculated as equity values based on closing stock prices on July 10, 2014 plus short-term debt, long-term debt, preferred equity and minority interest, less cash and marketable securities, (which we refer to in this joint proxy statement/prospectus as EV) as a multiple of calendar years 2014 and 2015 estimated earnings before interest, taxes, depreciation and amortization (which we refer to in this joint proxy statement/prospectus as EBITDA). Based on its professional judgment and experience and after taking into consideration, among other things, the observed data for the selected publicly traded companies and for Rockwood, BofA Merrill Lynch then applied (i) EV/2014 estimated EBITDA multiples of 11.0x to 14.0x derived from the selected publicly traded companies to Rockwood's calendar year 2014 estimated EBITDA of approximately \$391 million, assuming full year contribution of Rockwood's 49% interest in Windfield Holdings Pty Ltd, which directly owns 100% of the equity of Talison Lithium Pty Ltd (which we refer to in this joint proxy statement/prospectus as the Talison JV), (ii) EV/2015 estimated EBITDA multiples of 10.0x to 13.0x derived from the selected publicly traded companies to Rockwood's calendar year 2015 estimated EBITDA of approximately \$429 million. Estimated financial data of the selected publicly traded companies were based on publicly available research analysts' estimates, estimated financial data of Rockwood were based on the Rockwood forecasts (which were adjusted to include proceeds from the Pigments Sale) and estimated financial data of Albemarle were based on both publicly available research analysts' estimates and the Albemarle forecasts. This analysis indicated the following approximate implied per share equity value reference range for Rockwood (rounded

to the nearest \$0.25 per share), as compared to the merger consideration:

	Implied Per Share Equity Value		Merger Consideration
	Reference Range		
<b>EV/2014E EBITDA</b>	\$	65.00 \$81.25	\$ 85.00
<b>EV/2015E EBITDA</b>	\$	65.00 \$82.75	\$ 85.00

No company used in this analysis is identical or directly comparable to Rockwood. Accordingly, an evaluation of the results of this analysis is not entirely mathematical. Rather, this analysis involves complex considerations and judgments concerning differences in financial and operating characteristics and other factors that could affect the public trading or other values of the companies to which Rockwood was compared.

Accordingly, an evaluation of the results of this analysis is not entirely mathematical. Rather, this analysis involves complex considerations and judgments concerning differences in financial and operating characteristics and other factors that could affect the acquisition or other values of the companies, business segments or transactions to which Rockwood and the transaction were compared.

**Discounted Cash Flow Analyses**

BofA Merrill Lynch performed a discounted cash flow analysis of Rockwood to calculate the estimated present value of the standalone unlevered, after-tax free cash flows that Rockwood was forecasted to generate during the fiscal years ending December 31, 2014 through December 31, 2019 based on the Rockwood forecasts (see *Certain Unaudited Prospective Financial Information of Albemarle and Rockwood* *Certain Unaudited Prospective Financial Information of Rockwood* beginning on page 71). BofA Merrill Lynch calculated terminal values for Rockwood by applying perpetuity growth rates ranging from 3.0% to 4.0% to Rockwood's projected unlevered, after-tax normalized free cash flows in the terminal year. The cash flows and terminal values were then discounted to present value as of June 30, 2014, assuming mid-year convention and using weighted average cost of capital discount rates ranging from 8.50% to 10.50%. This analysis indicated the following approximate implied per share equity value reference range for Rockwood (rounded to the nearest \$0.25 per share), as compared to the merger consideration:

**Implied Per Share Equity**

**Value Reference Range**

\$80.00 \$91.50

**Merger Consideration**

\$85.00

BofA Merrill Lynch also performed a discounted cash flow analysis to calculate the estimated present value of the run-rate synergies anticipated by the management of Albemarle to result from the transaction. The estimated cash flows resulting from such run-rate synergies (less the estimated costs to achieve such synergies) were discounted to present value as of June 30, 2014, assuming mid-year convention and using weighted average cost of capital discount rates ranging from 8.5% to 10.5%. This analysis indicated the following approximate implied per share equity value reference range for Rockwood (rounded to the nearest \$0.25 per share), as compared to the merger consideration:

**Implied Per Share Equity**

**Value Reference Range**

\$92.50 \$106.00

**Merger Consideration**

\$85.00

***Other Factors***

BofA Merrill Lynch also noted certain additional factors that were not considered part of BofA Merrill Lynch's financial analyses with respect to its opinion but were referenced for informational purposes, including, among other things, the following:

historical trading prices of Rockwood common stock during the 52-week period ended July 10, 2014, noting that the low and high closing prices per share during such period were \$62.78 and \$81.65, respectively (with a volume weighted average price of \$71.27 per share);

present value of analyst share price targets for Rockwood common stock in recently published, publicly available research analysts' reports, noting that the low and high twelve month share price targets discounted to present value utilizing a cost of equity discount rate of 10.75%, ranged from \$64.00 to \$84.00, with an average of \$76.25 per share (per share values rounded to the nearest \$0.25 per share);

premiums offered for selected mixed cash and stock consideration transactions in the United States completed or pending since January 1, 2010 with transaction values over \$1.0 billion. For each of these transactions, BofA Merrill Lynch calculated the premium represented by the offer price over the target company's: (1) unaffected share price, meaning the closing share price one trading day prior to the earliest of (i) the announcement of the transaction, (ii) the first reported rumor regarding the transaction, (iii) the target company's announcement of hiring financial advisors to explore a sale and (iv) any other public indication that a sale transaction would likely take place (which earliest date we refer to in this joint proxy statement/prospectus as the unaffected date), and (2) the high closing price for the 52-week period ending on the unaffected date. BofA Merrill Lynch then applied the premium range of (i) 14% to 33% derived from the unaffected share price for the transactions above to Rockwood's closing price per share on July 10, 2014, which indicated an implied per share equity value reference range for Rockwood (rounded to the nearest \$0.25 per share) of \$85.75 to \$100.00 per share, and (ii) 2% to 19% derived from the high closing price for the 52-week period ending on the unaffected date for the transactions above to Rockwood's high closing price for the 52-week period ending on July 10, 2014, which indicated an implied per share equity value reference range for Rockwood (rounded to the nearest \$0.25 per share) of \$83.25 to \$97.25 per share;

a discounted cash flow analysis of Albemarle to calculate the estimated present value of the standalone unlevered, after-tax free cash flows that Albemarle was forecasted to generate during the fiscal years ending December 31, 2014 through December 31, 2018 based on the Albemarle forecasts. BofA Merrill Lynch calculated terminal values for Albemarle by applying perpetuity growth rates ranging from 1.50% to 3.0% to Albemarle's projected unlevered, after-tax normalized free cash flows in the terminal year. The cash flows and terminal values were then discounted to present value as of June 30, 2014, assuming mid-year convention and using weighted average cost of capital discount rates ranging from 8.00% to 10.00%. This analysis indicated an approximate implied per share equity value reference range for Albemarle of \$70.49 to \$86.36 per share; and

potential pro forma financial effects of the transaction on Albemarle during the fiscal years ending December 31, 2014 through December 31, 2018 based on the Albemarle forecasts and Rockwood forecasts, taking into account, among other things, potential run-rate synergies anticipated by the management of Albemarle to result from the transaction, which indicated, among other things, that based on the merger consideration, the transaction would be accretive to earnings per share in fiscal years 2016, 2017 and 2018.

***Miscellaneous***

As noted above, the discussion set forth above is a summary of the material financial analyses performed by BofA Merrill Lynch in connection with its opinion to the Albemarle board of directors and is not a comprehensive description of all analyses undertaken or factors considered by BofA Merrill Lynch in connection with its opinion. The preparation of a financial opinion is a complex analytical process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, a financial opinion is not readily susceptible to partial analysis or summary description. BofA Merrill Lynch believes that the analyses summarized above must be considered as a whole. BofA Merrill Lynch further believes that selecting portions of its analyses and the factors considered or focusing on information presented in tabular format, without considering all analyses and factors or the narrative description of the analyses, could create a misleading or incomplete view of the processes underlying BofA Merrill Lynch's analyses and opinion. The fact that any specific analysis has been referred to in the summary above is not meant to indicate that such analysis was given greater weight than any other analysis referred to in the summary.

In performing its analyses, BofA Merrill Lynch considered industry performance, general business and economic conditions and other matters, many of which are beyond the control of Albemarle, Rockwood or any other entity. The estimates of the future performance of Albemarle and Rockwood in or underlying BofA Merrill Lynch's analyses are not necessarily indicative of actual values or actual future results, which may be significantly more or less favorable than those estimates or those suggested by BofA Merrill Lynch's analyses. These analyses were prepared solely as part of BofA Merrill

Lynch's analysis of the fairness, from a financial point of view, of the merger consideration and were provided to the Albemarle board of directors in connection with the delivery of BofA Merrill Lynch's opinion. The analyses do not purport to be appraisals or to reflect the prices at which a company might actually be sold or acquired or the prices at which any securities have traded or may trade at any time in the future. Accordingly, the estimates used in, and the ranges of valuations resulting from, any particular analysis described above are inherently subject to substantial uncertainty and should not be taken to be BofA Merrill Lynch's view of the actual value of Albemarle or Rockwood.

The type and amount of consideration payable in the merger was determined by Albemarle and Rockwood, rather than by any financial advisor, and was approved by the Albemarle board of directors. The decision to enter into the merger agreement was solely that of the Albemarle board of directors. As described above, BofA Merrill Lynch's opinion and analyses were only one of many factors considered by the Albemarle board of directors in its evaluation of the merger and should not be viewed as determinative of the views of the Albemarle board of directors or management with respect to the merger or the merger consideration.

In connection with BofA Merrill Lynch's services as Albemarle's financial advisor, Albemarle has agreed to pay BofA Merrill Lynch an aggregate fee of \$25 million, \$2 million of which was payable upon the delivery of its opinion and \$23 million of which is contingent upon consummation of the transaction. BofA Merrill Lynch and certain of its affiliates are also providing financing to Albemarle in connection with the transaction, for which services BofA Merrill Lynch and such affiliates will receive significant compensation, including acting as (i) a lead arranger, lender and administrative agent for a potential bridge financing facility, for a term loan credit facility and for a backstop revolving credit facility and (ii) an underwriter for a new bond issuance. Albemarle also has agreed to reimburse BofA Merrill Lynch for its documented reasonable out of pocket expenses, including fees and disbursements of its legal counsel, incurred in connection with BofA Merrill Lynch's engagement and to indemnify BofA Merrill Lynch and related persons against specified liabilities, including liabilities under the federal securities laws, arising out of its engagement.

BofA Merrill Lynch and its affiliates comprise a full service securities firm and commercial bank engaged in securities, commodities and derivatives trading, foreign exchange and other brokerage activities, and principal investing as well as providing investment, corporate and private banking, asset and investment management, financing and financial advisory services and other commercial services and products to a wide range of companies, governments and individuals. In the ordinary course of its businesses, BofA Merrill Lynch and its affiliates may invest on a principal basis or on behalf of customers or manage funds that invest, make or hold long or short positions, finance positions or trade or otherwise effect transactions in equity, debt or other securities or financial instruments (including derivatives, bank loans or other obligations) of Albemarle, Rockwood and certain of their respective affiliates.

BofA Merrill Lynch and its affiliates in the past have provided, currently are providing, and in the future may provide, investment banking, commercial banking and other financial services to Albemarle and certain of its affiliates and have received or in the future may receive compensation for the rendering of these services, including (i) having acted or acting as financial advisor to Albemarle in connection with a divestiture transaction, (ii) having acted or acting as administrative agent, joint book manager and joint lead arranger for, and/or as a lender under, certain term loans, letters of credit, credit and leasing facilities and other credit arrangements of Albemarle and certain of its affiliates, (iii) having acted or acting as dealer for a commercial paper program of Albemarle, (iv) having acted as placement agent for a share repurchase program of Albemarle, (v) having provided or providing certain managed institutional investments services and products to Albemarle and certain of its affiliates, (vi) having provided or providing certain commodity, derivatives, foreign exchange and other trading services to Albemarle and certain of its affiliates, and (vii) having provided or providing certain treasury management services and products to Albemarle and certain of its affiliates. **Opinions of Rockwood's Financial Advisors**

**Opinion of Lazard**

Rockwood retained Lazard as a financial advisor in connection with the proposed merger. Rockwood requested that Lazard evaluate the fairness, from a financial point of view, of the merger consideration provided to holders of Rockwood common stock, other than to holders of Rockwood excluded shares. In connection with the merger, on July 14, 2014, Lazard rendered its written opinion to the Rockwood board of directors that, as of such date, and based upon and subject to the assumptions, matters considered, procedures, factors, qualifications and limitations set forth therein, the merger consideration to be received by holders of Rockwood common stock (other than holders of Rockwood excluded shares) was fair, from a financial point of view, to such holders of Rockwood common stock.

**The full text of Lazard's opinion, dated July 14, 2014, which sets forth the assumptions made, matters and factors considered, procedures followed, and qualifications and limitations on the review undertaken by Lazard in connection with its opinion, is attached to this joint proxy statement/prospectus as Annex C and is incorporated into this joint proxy statement/prospectus by reference. The description of Lazard's opinion set forth below is qualified in its entirety by reference to the full text of Lazard's opinion. We encourage you to read Lazard's opinion and this section carefully and in their entirety.**

**Lazard's opinion was directed to the Rockwood board of directors for the benefit of the Rockwood board of directors in connection with its evaluation of the merger and addressed only the fairness as of the date of the opinion, from a financial point of view, of the merger consideration to holders of Rockwood common stock (other than holders of Rockwood excluded shares). Lazard's opinion was not intended to and does not constitute a recommendation to any shareholder as to how such shareholder should vote or act with respect to the merger or any matter relating thereto. Lazard's opinion was necessarily based on economic, monetary, market and other conditions as in effect on, and the information made available to Lazard as of, the date of the opinion. Lazard assumed no responsibility for updating or revising its opinion based on circumstances or events occurring after the date of the opinion. Lazard did not express any opinion as to the prices at which shares of Rockwood common stock or Albemarle common stock may trade at any time subsequent to the announcement of the merger.**

In connection with its opinion, Lazard:

reviewed the financial terms and conditions of a draft, dated July 14, 2014, of the merger agreement;

reviewed certain publicly available historical business and financial information relating to Rockwood and Albemarle;

reviewed various financial forecasts and other data provided to Lazard by Rockwood relating to the business of Rockwood, financial forecasts and other data provided by Albemarle relating to the business of Albemarle and the projected synergies and other benefits, including the amount and timing thereof, anticipated by management of Albemarle to be realized from the merger, and certain publicly available financial forecasts relating to the business of Rockwood and Albemarle;

held discussions with members of the senior managements of Rockwood and Albemarle with respect to the businesses and prospects of Rockwood and Albemarle, respectively, and the projected synergies and other benefits, including the amount and timing thereof, anticipated by the managements of Rockwood and Albemarle to be realized from the merger;

reviewed public information with respect to certain other companies in lines of business Lazard believed to be generally relevant in evaluating the business of Rockwood and Albemarle, respectively;

reviewed the financial terms of certain business combinations involving companies in lines of business Lazard believed to be generally relevant in evaluating the business of Rockwood and Albemarle, respectively;

reviewed historical stock prices and trading volumes of Rockwood common stock and Albemarle common stock;

reviewed the potential pro forma financial impact of the merger on Albemarle based on financial forecasts referred to above relating to Rockwood and Albemarle; and

conducted such other financial studies, analyses and investigations as Lazard deemed appropriate.

Lazard assumed and relied upon the accuracy and completeness of the foregoing information, without independent verification of such information. Lazard did not conduct any independent valuation or appraisal of any of the assets or liabilities (contingent or otherwise) of Rockwood or Albemarle or concerning the solvency or fair value of Rockwood or Albemarle, and was not furnished with such valuation or appraisal. With respect to the financial forecasts utilized in Lazard's analyses, including those related to projected synergies and other benefits as well as costs incurred to realize those synergies anticipated by managements of Rockwood and Albemarle to be realized from the merger, Lazard assumed, with the consent

**Table of Contents**

of Rockwood, that they have been reasonably prepared on bases reflecting the best currently available estimates and judgments as to the future financial performance of Rockwood and Albemarle, respectively, and such synergies, costs to achieve synergies, and other benefits. Additionally, Lazard assumed, with Rockwood's consent, that the Pigments Sale would be consummated in the second half of 2014 resulting in net proceeds of \$1 billion to Rockwood, and that Albemarle's sale of its antioxidant, ibuprofen and propofol business would be consummated by the end of 2014 resulting in net proceeds of \$85 million to Albemarle. As a result, the analyses of Rockwood and Albemarle include only continuing operations and did not include those businesses, other than certain cash flow adjustments in the second half of 2014.

In rendering its opinion, Lazard assumed, with the consent of Rockwood, that the merger would be consummated on the terms described in the merger agreement, without any waiver or modification of any material terms or conditions. Representatives of Rockwood advised Lazard, and Lazard assumed, that the merger agreement, when executed, would conform to the draft reviewed by Lazard in all material respects. Lazard also assumed, with the consent of Rockwood, that obtaining the necessary governmental, regulatory or third party approvals and consents for the merger would not have an adverse effect on Rockwood, Albemarle or the merger. Lazard did not express any opinion as to tax or other consequences that might result from the merger, nor did Lazard's opinion address any legal, tax, regulatory or accounting matters, as to which Lazard understood that Rockwood obtained such advice as it deemed necessary from qualified professionals. Lazard expressed no view or opinion as to any terms or other aspects (other than the merger consideration to the extent expressly specified therein) of the merger, including, without limitation, the form or structure of the merger or any agreements or arrangements entered into in connection with, or contemplated by, the merger. In addition, Lazard expressed no view or opinion as to the fairness of the amount or nature of, or any other aspects relating to, the compensation to any officers, directors or employees of any parties to the merger, or class of such persons, relative to the merger consideration or otherwise.

Lazard is an internationally recognized investment banking firm providing a full range of financial advisory and other services. Lazard was selected to act as investment banker to Rockwood because of its qualifications, expertise and reputation in investment banking and mergers and acquisitions, as well as its familiarity with the business of Rockwood.

In connection with Lazard's services as financial advisor to Rockwood, Rockwood agreed to pay Lazard an aggregate fee based on a percentage formula of the aggregate merger consideration of \$21 million, \$2 million of which was payable upon the rendering of Lazard's opinion and the remainder of which is payable upon consummation of the merger. In the event Rockwood or its affiliates or its or their securityholders is paid a break-up, termination, topping or similar fee, payment or judgment, upon receipt thereof, Rockwood agreed to pay Lazard a fee equal to 17.5% of such amount net of Rockwood's fees and expenses in connection with the merger, provided that such fee may not exceed \$21 million and will be credited against the amount of Lazard's aggregate fee described above to the extent subsequently payable. Rockwood has also agreed to reimburse Lazard for certain expenses incurred in connection with Lazard's engagement and to indemnify Lazard and certain related persons under certain circumstances against certain liabilities that may arise from or related to Lazard's engagement, including certain liabilities under U.S. federal securities laws.

Lazard, as part of its investment banking business, is continually engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements, leveraged buyouts, and valuations for estate, corporate and other purposes. In the two years prior to the date of its opinion, Lazard acted as financial advisor to Rockwood in connection with the CeramTec Sale, the Clay-Based Additives Sale, the pending Pigments Sale, the potential acquisition of Talison Lithium Limited in 2012 and the Talison Acquisition. Further, Lazard Capital Markets LLC acted as co-manager of Rockwood's September 2012 issuance of \$1,250 million 4.625% senior notes due 2020. The compensation received or

to be received by Lazard and Lazard Capital Markets LLC in connection with these matters is approximately \$28.9 million. In addition, in the ordinary course, Lazard and its affiliates and employees may trade securities of Rockwood and Albemarle for their own accounts and for the accounts of their customers, may at any time hold a long or short position in such securities, and may also trade and hold securities on behalf of Rockwood and Albemarle and their respective affiliates. The issuance of Lazard's opinion was approved by the opinion committee of Lazard.

### **Opinion of Citi**

Citi also was retained as financial advisor to Rockwood in connection with the proposed merger. On July 14, 2014, at a meeting of the Rockwood board of directors held to evaluate the merger, Citi delivered to the Rockwood board of directors an oral opinion, confirmed by a delivery of a written opinion dated July 14, 2014, to the effect that, as of the date and based on and subject to various assumptions, matters considered, procedures, factors, qualifications and limitations described in its opinion, the merger consideration provided to holders of Rockwood common stock (other than holders of Rockwood excluded shares) was fair, from a financial point of view, to such holders of Rockwood common stock.

The full text of Citi's opinion, dated July 14, 2014, which describes the assumptions made, matters and factors considered, procedures followed, qualifications and limitations on the review undertaken, is attached as Annex D to this joint proxy statement/prospectus and is incorporated herein by reference. The description of Citi's opinion set forth below is

**Table of Contents**

qualified in its entirety by reference to the full text of Citi's opinion. **Citi's opinion was provided for the information of the Rockwood board of directors (in its capacity as such) in connection with its evaluation of the merger consideration from a financial point of view and did not address any other terms, aspects or implications of the merger. Citi was not requested to consider, and its opinion did not address, the underlying business decision of Rockwood to effect the merger, the relative merits of the merger as compared to any alternative business strategies or opportunities that might exist for Rockwood or the effect of any other transaction in which Rockwood might engage. Citi's opinion is not intended to be and does not constitute a recommendation as to how any shareholder should vote or act on any matters relating to the proposed merger or otherwise.**

In arriving at its opinion, Citi, among other things:

reviewed a draft, dated July 14, 2014, of the merger agreement;

held discussions with certain senior officers, directors and other representatives and advisors of Rockwood and certain senior officers and other representatives and advisors of Albemarle concerning the businesses, operations and prospects of Rockwood and Albemarle, respectively;

reviewed certain publicly available business and financial information relating to Rockwood and Albemarle as well as certain financial forecasts and other information and data relating to Rockwood and Albemarle which were provided to or discussed with Citi by the management of Rockwood and Albemarle, respectively, and certain information relating to potential strategic and operational benefits (including the amount, timing and achievability of potential cost savings) anticipated by the management of Albemarle to result from the merger;

reviewed the financial terms of the merger as set forth in the merger agreement in relation to, among other things, current and historical market prices and trading volumes of Rockwood common stock and Albemarle common stock, the historical and projected earnings and other operating data of Rockwood and Albemarle and the capitalization and financial condition of Rockwood and Albemarle;

considered, to the extent publicly available, the financial terms of certain other transactions which Citi considered relevant in evaluating the merger;

analyzed certain financial, stock market and other publicly available information relating to the businesses of other companies whose operations as Citi considered relevant in evaluating those of Rockwood and Albemarle;

evaluated certain potential pro forma financial effects of the merger on Albemarle; and

conducted such other analyses and examinations and considered such other information and financial, economic and market criteria Citi deemed appropriate in arriving at its opinion.

Citi was not requested to approach or hold discussions with any third parties to solicit indications of interest in the possible acquisition of Rockwood; however, Lazard was requested to approach, and held discussions with, selected third parties to solicit indications of interest in the possible acquisition of all or a part of Rockwood. In rendering its opinion, Citi assumed and relied, without independent verification, upon the accuracy and completeness of all financial and other information and data publicly available or provided to or otherwise reviewed by or discussed with Citi and upon the assurances of the managements of Rockwood and Albemarle that they were not aware of any relevant information that was omitted or that remained undisclosed to Citi. With respect to financial forecasts and other information and data relating to Rockwood or Albemarle provided to or otherwise reviewed by or discussed with Citi, Citi was advised by the management of Rockwood and Albemarle, respectively, that such forecasts and other information and data were reasonably prepared on bases reflecting the best currently available estimates and judgments of the management of Rockwood and Albemarle as to the future financial performance of Rockwood and Albemarle. Citi assumed, with Rockwood's consent, that the Pigments Sale will be consummated in the second half of 2014 resulting in net proceeds of \$1 billion to Rockwood, and that Albemarle's sale of its antioxidant, ibuprofen and propofol business will be consummated by the end of 2014 resulting in net proceeds of \$85 million to Albemarle. As a result, the analyses of Rockwood and Albemarle include only continuing operations and do not include those businesses, other than certain cash flow adjustments in the second half of 2014.

Citi also was advised, and assumed, with the consent of Rockwood and Albemarle, that the estimates of management of Albemarle as to the potential cost savings anticipated by such management as a result of the merger, including the amount, timing, and achievability thereof, were reasonably prepared and reflected management's best currently available estimates and judgments. Citi further assumed, with Rockwood's consent, that the financial results (including, without limitation, potential cost savings) reflected in the financial forecasts and other information and data utilized in Citi's analyses will be realized at the times and in the amounts projected.

Citi assumed that the merger would be consummated in accordance with its terms, without waiver, modification or amendment of any material term, condition or agreement and that, in the course of obtaining the necessary regulatory or third party approvals, consents and releases for the merger, no delay, limitation, restriction or condition will be imposed that

would have an adverse effect on Rockwood, Albemarle or the merger. Representatives of Rockwood advised Citi, and Citi further assumed, that the final terms of the merger agreement would not vary materially from those set forth in the draft reviewed by Citi. Citi did not make nor was provided with an independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of Rockwood or Albemarle nor did Citi make any physical inspection of the assets or properties of Rockwood or Albemarle. Citi's opinion did not address the underlying business decision of Rockwood to effect the merger, the relative merits of the merger as compared to any alternative business strategies that might exist for Rockwood or the effect of any other transaction in which Rockwood might have engaged. Citi also expressed no view as to, and Citi's opinion did not address, the fairness (financial or otherwise) of the amount or nature or any other aspect of any compensation to any officers, directors or employees of any parties to the merger, or any class of such persons, relative to the merger consideration. Citi's opinion was necessarily based upon information available to Citi, and financial, stock market and other conditions and circumstances existing, as of the date of the opinion.

Citi is an internationally recognized investment banking firm that regularly engages in the valuation of businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, competitive bids, secondary distributions of listed and unlisted securities, private placements and valuations for estate, corporate and other purposes. Rockwood selected Citi to act as its financial advisor in connection with the proposed merger based on Citi's reputation, experience and familiarity with Rockwood and its business.

In connection with Citi's services as Rockwood's financial advisor, Rockwood agreed to pay Citi an aggregate fee based on a percentage formula of the aggregate merger consideration of \$9 million, \$2 million of which was payable upon the rendering of Citi's opinion and the remainder of which is payable upon consummation of the merger. If in connection with the termination or abandonment of the merger Rockwood receives any termination, break-up, topping or similar fee or payment Rockwood agreed to pay Citi a fee equal to 7.5% of all such fees, net of direct out-of-pocket expenses incurred by Rockwood in connection with the merger excluding this termination fee, payable in cash and upon receipt of any such fees, provided that in no event shall such fee exceed \$9 million, and will be credited against the amount of Citi's aggregate fee described above to the extent subsequently payable. In addition, Rockwood has agreed to reimburse Citi for certain expenses, including fees and expenses of counsel, and to indemnify Citi and related parties against certain liabilities, including under federal securities laws, arising from Citi's engagement.

Citi and its affiliates in the past two years prior to the date of Citi's opinion have provided services to Rockwood unrelated to the proposed merger, for which services Citi and such affiliates have received compensation, including, without limitation, acting as joint book-runner manager on Rockwood's September 2012 issuance of \$1,250 million 4.625% senior notes due 2020. The compensation received by Citi in connection with these matters is approximately \$3.0 million. In the ordinary course of business, Citi and its affiliates may actively trade or hold securities of Rockwood and Albemarle for Citi's own account or for the account of Citi's customers and, accordingly, may at any time hold a long or short position in such securities. In addition, Citi and its affiliates (including Citigroup Inc. and its affiliates) may maintain relationships with Rockwood, Albemarle and their respective affiliates. The issuance of Citi's opinion was authorized by the fairness opinion committee of Citi.

**Summary of Financial Analyses**

In connection with the rendering of their respective opinions to the Rockwood board of directors, Lazard and Citi performed a variety of financial and comparative analyses which are summarized below. The preparation of a financial opinion is a complex analytical process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, a financial opinion is not readily susceptible to summary description. Lazard and Citi arrived at their respective opinions based on the results of all analyses undertaken and assessed as a whole, and they did not draw, in isolation, conclusions from or with regard to any one factor or method of analysis. Accordingly, Lazard and Citi

believe that the financial analyses and this summary must be considered as a whole.

In performing their financial analyses, Lazard and Citi considered industry performance, general business, economic, market and financial conditions and other matters existing as of the date of their respective opinions, many of which are beyond Lazard's and Citi's control. The assumptions and estimates contained in the financial analyses and the ranges of valuations resulting from any particular analysis are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than those suggested by such analyses. In addition, financial analyses relating to the value of businesses or securities do not purport to be appraisals or to reflect the prices at which businesses or securities actually may be sold. Accordingly, the assumptions and estimates used in, and the results derived from, the financial analyses are inherently subject to substantial uncertainty. Implied price per share reference ranges in the summary below of the material financial analyses prepared by Lazard and Citi are rounded to the nearest \$0.25.

The type and amount of consideration payable in the merger was determined by Albemarle and Rockwood, rather than by any financial advisor, and was approved by the Rockwood board of directors. The decision to enter into the merger agreement was solely that of the Rockwood board of directors. As described above, Lazard and Citi's opinions and analyses

were only one of many factors considered by the Rockwood board of directors in its evaluation of the merger and should not be viewed as determinative of the views of the Rockwood board of directors or management with respect to the merger or the merger consideration.

The following is a brief summary of the material financial analyses prepared and reviewed with the Rockwood board of directors in connection with Lazard's and Citi's respective opinions, each dated July 14, 2014. **The summary set forth below does not purport to be a complete description of the financial analyses performed or factors considered by, and underlying the opinions of, Lazard and Citi, nor does the order of the financial analyses described represent the relative importance or weight given to those financial analyses by Lazard or Citi. Certain financial analyses summarized below include information presented in tabular format. In order to fully understand the financial analyses, the tables must be read together with the text of each summary as the tables alone do not constitute a complete description of the financial analyses. Considering the data in the tables below without considering all financial analyses or factors or the full narrative description of such analyses or factors, including the methodologies and assumptions underlying such analyses or factors, could create a misleading or incomplete view of the process underlying such financial analyses and Lazard's and Citi's respective opinions. None of Rockwood, Albemarle, Lazard, Citi or any other person assumes responsibility if future results are different from those described, whether or not such difference is material.**

Lazard and Citi reviewed data for the combined company and data for the Rockwood selected companies and the Albemarle selected companies described above. Lazard and Citi applied a range of multiples of 10.0x to 11.5x, the low end of which reflected the average of the low end of the selected multiple ranges utilized in the stand-alone analyses for Rockwood and Albemarle described above, and the high end of which reflected the high end of the stand-alone analyses for Rockwood, to estimated pro forma calendar year 2015 EBITDA of the combined company. For purposes of this analysis, estimated pro forma calendar year 2015 EBITDA of the combined company included annual run-rate cost synergies of \$100 million and the future costs of \$150 million to be incurred to achieve such synergies were capitalized as debt. This analysis indicated an implied pro forma price per share reference range for Albemarle common stock following the merger of \$69.00 to \$84.50.

No company utilized in the comparable company analysis is identical to Rockwood or Albemarle and hence this analysis involved complex considerations and judgments concerning differences in financial and operating characteristics and other factors that could affect the public trading or other values of the companies to which Rockwood and Albemarle were compared. In evaluating comparable companies, Lazard and Citi made judgments and assumptions with regard to industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond the control of Rockwood and Albemarle, such as the impact of competition on the businesses of Rockwood and Albemarle and the industry generally, industry growth and the absence of any adverse material change in the financial condition and prospects of Rockwood and Albemarle or the industry or in the financial markets in general. Mathematical analysis (such as determining the average or median) is not in itself a meaningful method of using comparable company data.

***Rockwood Selected Precedent Transactions Analysis***

In performing these analyses, Lazard and Citi analyzed certain financial information and transaction multiples relating to the target companies involved in the selected transactions and compared such information to the corresponding information for Rockwood.

**Table of Contents**

Although none of the selected precedent transactions or the companies party to such transactions is directly comparable to the merger or to Rockwood, all of the transactions were chosen because they involve transactions that, for purposes of analysis, may be considered similar to the merger and/or involved targets that, for purposes of analysis, may be considered similar to Rockwood. The transactions reviewed were:

For each of the transactions for which information was publicly available, Lazard and Citi compared the enterprise value implied by the purchase price in each transaction as a multiple of annual EBITDA for the target company based on the most recently available public information at the time of announcement of the relevant transaction. The overall low to high estimated EBITDA multiples observed for the selected transactions were 7.3x to 12.8x.

Based on the foregoing and Lazard's and Citi's professional judgment, Lazard and Citi applied a range of multiples of 11.0x to 13.0x to estimated calendar year 2014 EBITDA of Rockwood. For purposes of this analysis, the estimated June 30, 2014 balance sheet of Rockwood was utilized, as adjusted for the expected proceeds from the expected Pigments Sale and Rockwood's expected acquisition of a 100% interest in certain Chinese joint ventures by its surface treatment segment. This analysis indicated an implied price per share reference range for Rockwood common stock of \$64.50 to 75.25, as compared to the implied value of the merger consideration of \$85.00 per share of Rockwood common stock, based on the June 20, 2014 closing price of Albemarle common stock of \$71.52.

**Discounted Cash Flow Analysis**

Lazard and Citi performed a discounted cash flow analysis of each of Rockwood, Albemarle and the pro forma combined company, in each case as of June 30, 2014. Discounted cash flow analysis is a valuation methodology used to derive a valuation of a company by calculating the present value of estimated future cash flows of the company.

Future cash flows refers to projected unlevered free cash flows of a company. For each of Rockwood, Albemarle and the combined company, Lazard and Citi calculated the discounted cash flow value as the sum of the net present value of the estimated future cash flows that such company is expected to generate for each of the years from July 1, 2014 through December 31, 2019 and the estimated terminal value of such company at the end of 2019.

***Rockwood***

For the discounted cash flow calculations of Rockwood, Lazard and Citi applied discount rates ranging from 8.5% to 9.5% to the estimated future cash flows of Rockwood. The terminal value of Rockwood was calculated applying terminal value EBITDA multiples ranging from 10.5x to 11.5x on a latest twelve months (which we refer to in this joint proxy statement/prospectus as LTM) basis to Rockwood's estimated calendar year 2019 EBITDA. Using their professional judgment, Lazard and Citi selected the ranges of discount rates and terminal value EBITDA multiples above based on an analysis of weighted average cost of capital and terminal value EBITDA multiples of the Rockwood selected companies. For purposes of this analysis, EBITDA excluded Rockwood's 49% interest in the Talison JV, and included the present value of estimated potential dividends from the Talison JV until 2053 (the current estimated life of the Talison mine), which, based on Lazard's and Citi's professional judgment, was discounted at a rate of 13.5%. This analysis indicated an implied per share

equity value reference range for Rockwood common stock of \$79.75 to \$88.00, as compared to the implied value of the merger consideration of \$85.00 per share of Rockwood common stock, based on the June 20, 2014 closing price of Albemarle common stock of \$71.52.

***Albemarle***

For the discounted cash flow calculations of Albemarle, Lazard and Citi applied discount rates ranging from 8.0% to 9.0% to the estimated future cash flows of Albemarle. The terminal value of Albemarle was calculated applying terminal value multiples ranging from 10.0x to 11.0x on an LTM basis to Albemarle's estimated calendar year 2019 EBITDA. Using their professional judgment, Lazard and Citi selected the ranges of discount rates and terminal value EBITDA multiples above based on an analysis of weighted average cost of capital and terminal value EBITDA multiples of the Albemarle selected companies. For purposes of this analysis, EBITDA included equity earnings less non-controlling interests. This analysis indicated an implied per share equity value reference range for Albemarle common stock of \$83.00 to \$93.75, as compared to the 20-trading day VWAP as of July 10, 2014 of Albemarle common stock of \$71.47.

***Pro Forma Combined Company***

For the discounted cash flow calculations of the pro forma combined company (including synergies), Lazard and Citi applied discount rates ranging from 8.5% to 9.5% to the estimated future cash flows of the combined company, including total annual cost synergies of \$100 million as realized (\$50 million realized in 2015 and the remaining \$50 million realized in 2016) and the total costs of \$150 million to achieve such synergies as incurred (\$75 million in 2015 and \$75 million in 2016) according to, among other things, Lazard's and Citi's judgment of an estimated range of weighted average cost of capital based on an analysis of the Rockwood and Albemarle selected companies discussed above. The terminal value of the combined company was calculated applying terminal value multiples ranging from 10.0x to 11.5x on an LTM basis to the combined company's estimated calendar year 2019 EBITDA. For purposes of this analysis, EBITDA excluded Rockwood's 49% interest in the Talison JV and included the present value of estimated potential dividends from the Talison JV until 2053, which, based on Lazard's and Citi's professional judgment, was discounted at a rate of 13.5%. This analysis indicated an implied per share equity value reference range for shares of the combined company of \$80.75 to \$98.50.

**Other Analyses*****Present Value of Hypothetical Future Stock Prices Analysis***

Lazard and Citi performed an illustrative analysis of the implied present values of the future stock prices of Rockwood, Albemarle and the combined company. This illustrative analysis is designed to provide an indication of the present value of a theoretical future value of a company's equity. For each of Rockwood, Albemarle and the combined company, Lazard and Citi calculated a range of implied share prices of the applicable common stock at year-end for each of the calendar years 2014 to 2018 by applying the applicable selected multiple ranges from the *Selected Comparable Companies Multiples Analysis* described above to estimated calendar year EBITDA of each company for each of the calendar years 2015 to 2019.

***Rockwood***

Lazard and Citi then calculated the resulting range of implied per share equity values for calendar years 2014 to 2018 and discounted that range to June 30, 2014, using a discount rate of 11.0%, reflecting the estimated cost of equity of Rockwood. This analysis indicated an implied per share equity value reference range for Rockwood common stock of

\$62.25 to \$79.75, as compared to the implied value of the merger consideration of \$85.00 per share of Rockwood common stock.

***Albemarle***

Lazard and Citi then calculated the resulting range of implied per share equity values for calendar years 2014 to 2018 and discounted that range to June 30, 2014, using a discount rate of 9.2%, reflecting the estimated cost of equity of Albemarle. This analysis indicated an implied per share equity value reference range for Albemarle common stock of \$66.75 to \$82.00, as compared to the 20-trading day VWAP as of July 10, 2014 of Albemarle common stock of \$71.47.

***Pro Forma Combined Company***

Lazard and Citi then calculated the resulting range of implied per share equity values for calendar years 2014 to 2018 and discounted that range to June 30, 2014, using a discount rate of 9.2%, reflecting the estimated cost of equity of Albemarle. For purposes of this analysis, estimated pro forma calendar year EBITDA of Albemarle included annual run-rate cost synergies of \$100 million and the future costs of \$150 million to be incurred to achieve such synergies were capitalized as debt. This analysis indicated an implied pro forma price per share reference range for the common stock of the combined company following the merger of \$66.00 to \$102.50.

Lazard and Citi reviewed the multiples EV to the next twelve months (which we refer to in this joint proxy statement/prospectus as NTM) EBITDA (based on consensus estimates for NTM EBITDA) of Rockwood for each fiscal quarter beginning with the fourth quarter of 2005 against those of the Rockwood selected companies discussed above in *Summary of Financial Analyses Selected Comparable Company Multiples Analysis Rockwood*. Lazard and Citi noted that on an EV to NTM EBITDA basis, Rockwood's stock was trading at an average multiple of 7.7x and a median multiple of 7.1x, as compared to the average multiple of 9.0x and the median multiple of 8.8x for the stock of the Rockwood selected companies. Further, Lazard and Citi noted that from the first quarter of 2013 to the third quarter of 2014 (through July 10, 2014), Rockwood's stock traded at a multiple of 8.3x to 13.0x, for an overall expansion during that period of 4.7x, compared to an overall expansion during that period of 1.6x for the stock of the Rockwood selected companies.

Additionally, Lazard and Citi reviewed the multiples of EV to NTM EBITDA (based on consensus estimates for NTM EBITDA) of Albemarle for each fiscal quarter beginning with the fourth quarter of 2005 against those of the Albemarle selected companies discussed above in *Summary of Financial Analyses Selected Comparable Company Multiples Analysis Albemarle*. ***Pro Forma Merger Analysis***

Lazard and Citi analyzed the potential pro forma financial effects of the merger on Albemarle's standalone earnings per share (which we refer to in this joint proxy statement/prospectus as EPS) and the combined company's pro forma EPS on both a GAAP basis (including amortization from asset step-up, but excluding synergy implementation cost) and a cash basis (excluding amortization from asset step-up and synergy implementation cost), in each case for calendar years 2015 through 2019. The purchase price allocation related to the acquisition and depreciable life of Rockwood assets were preliminary and based on the guidance of Albemarle management. Lazard and Citi noted that the merger is expected to be accretive to Albemarle's and the combined company's estimated pro forma EPS for each of the calendar years 2015 through 2019, except for the combined company's pro forma EPS on a GAAP basis for the

year 2015.

Lazard and Citi also analyzed the potential pro forma financial effects of the merger on the combined company's pro forma leverage ratio, defined as the ratio of total book value of debt less cash, cash equivalents and marketable securities to EBITDA, for its calendar years 2014 through 2018. For purposes of this analysis, Lazard and Citi assumed a December 31, 2014 closing for the merger, included estimated annual cost synergies of \$100 million and utilized Albemarle's projected tax rates. Lazard and Citi noted that following the merger, the combined company's estimated pro forma leverage ratio is expected to decline for each of the calendar years 2015 through 2018.

### **Interests of Rockwood Directors and Executive Officers in the Merger**

In considering the recommendation of the Rockwood board of directors that Rockwood shareholders vote to adopt the merger agreement, you should be aware that certain of Rockwood's directors and executive officers have interests in the merger that differ from, or are in addition to, the interests of Rockwood shareholders generally. The Rockwood board of directors was aware of, and considered the interests of, Rockwood's directors and executive officers in approving the merger agreement. For purposes of all of the agreements and plans described below, the completion of the merger will constitute a change of control of Rockwood.

Although Mr. Ghasemi is no longer an executive officer of Rockwood following his retirement as chief executive officer on June 30, 2014 in order to become Chairman, President and Chief Executive Officer of Air Products & Chemicals, Inc., we have included in this section information with respect to Mr. Ghasemi because he was an executive officer during 2014 and remains Chairman of the Rockwood board of directors. In addition, although Dr. Dicciani is no longer a director following her retirement on July 1, 2014, we have included in this section information with respect to Dr. Dicciani because she was a director during 2014 prior to her retirement on July 1, 2014.

**Table of Contents****Board Membership**

The merger agreement provides that, at the effective time of the merger, Albemarle will appoint three individuals designated by the Rockwood board of directors to join the Albemarle board of directors. If a designee is not a member of the Rockwood board of directors as of the date of the merger agreement, the designee must be reasonably acceptable to the Nominating and Corporate Governance Committee of the Albemarle board of directors. Each Rockwood designee will serve on the Albemarle board of directors initially until the next annual meeting of Albemarle shareholders. Albemarle has agreed that each Rockwood designee will be nominated by the Albemarle board of directors for election to the Albemarle board of directors at the next annual meeting of Albemarle shareholders to serve until the next subsequent annual meeting of Albemarle shareholders and until their respective successors are duly elected and qualified. So long as any Rockwood designee continues to serve on the Albemarle board of directors, until the second annual meeting of Albemarle shareholders following the completion of the merger, at least one member of each committee of the Albemarle board of directors must be a Rockwood designee. The Rockwood board of directors has selected current independent directors Douglas L. Maine, J. Kent Masters and Alejandro D. Wolff as Rockwood s designees to the Albemarle board of directors.

**Treatment of Equity Awards**

As of the date of this joint proxy statement/prospectus, Rockwood s executive officers and Mr. Ghasemi hold Rockwood performance-based restricted stock units and performance-based market stock units (which we refer to in this joint proxy statement/prospectus as Performance-Vesting RSUs) and certain of Rockwood s directors and Dr. Dicciani hold Rockwood stock options.

***Performance-Vesting RSUs***

At the effective time of the merger, in accordance with the terms of the applicable award agreements, each Performance-Vesting RSU (which, in each case, will include accrued dividend equivalents) outstanding immediately prior to the effective time of the merger will cease to represent a right with respect to Rockwood common stock and will be converted, without any action on the part of the holder, into the right to receive a cash payment. The cash payment will be equal to the product of (x) the total shareholder return multiplier (in the case of performance-based restricted stock units) or stock price multiplier (in the case of performance-based market stock units), based on either Rockwood s total shareholder return compared against that of a specified peer group, or the increase in the Rockwood stock price over the performance period, respectively, in each case based on the difference between Rockwood s share price determined at the beginning of the applicable performance period compared to the Per Share Merger Consideration (as defined below) and (y) the Per Share Merger Consideration. The Per Share Merger Consideration is equal to the sum of (i) \$50.65 (the cash portion of the merger consideration) and (ii) the product of (a) 0.4803 (the exchange ratio) and (b) the average of the volume weighted average price per share of Albemarle common stock on the NYSE on each of the last five trading days prior to the completion of the merger. This cash amount will accrue interest annually at a rate of LIBOR plus 2.0% through the original vesting date of each Performance-Vesting RSU (unless the amount is paid earlier upon a termination of the employee s employment without cause or for good reason, in which case interest will only accrue through the date the amount is paid), which is the last day of the performance period for the applicable award (we refer in this joint proxy statement/prospectus to each such vesting date as, an Original Vesting Date and to the amount payable in respect of each Performance-Vesting RSU as a CIC Settlement Amount). Each CIC Settlement Amount will be paid within 10 business days of the applicable Original Vesting Date, subject to continued employment through that date. Notwithstanding the foregoing, if the employee s employment is terminated without cause or the employee resigns for good reason during the 24-month period following a change in control (and before the vesting date), the employee will immediately vest in the CIC Settlement Amounts and such amounts will be paid to the employee with 10 business days following the employee s termination date.

Upon Mr. Ghasemi's retirement, in accordance with the terms of his existing award agreements, his outstanding Performance-Vesting RSUs were converted into the right to receive, on the applicable Original Vesting Dates, a distribution of a number of shares of Rockwood common stock equal to product of (x) the number of Performance-Vesting RSUs he would have become vested in if he remained employed through the applicable Original Vesting Date and (y) a fraction, the numerator of which is the number of days between (and including) the grant date and his termination date, and the denominator of which is 1097. At the effective time of the merger, the prorated (instead of target) number of Mr. Ghasemi's outstanding Performance-Vesting RSUs will be converted into cash, calculated in the manner described above in the preceding paragraph, and paid upon the completion of the merger.

Other than Mr. Ghasemi, none of Rockwood's directors hold any Performance-Vesting RSUs.

**Table of Contents**

The following table, Payments to Directors and Executive Officers in Respect of Performance-Vesting RSUs, along with its footnotes, show the outstanding Performance-Vesting RSUs held by Messrs. Ghasemi, Zatta and Riordan, and the payment each can expect to receive for his Performance-Vesting RSUs.

<i>Thomas J. Riordan</i>	46,731	66,015	\$ 5,549,221

- (1) In the event the date of completion of the merger occurs after December 31, 2014, the portion of each of Messrs. Ghasemi's, Zatta's, and Riordan's Performance-Vesting RSUs that vest on December 31, 2014 will be settled in shares of Rockwood's common stock in accordance with their original terms.
- (2) For purposes of determining the Per Share Merger Consideration, including for the purpose of calculating the value of consideration from the Performance-Vesting RSUs and the total shareholder return and stock price multipliers used to determine the number of shares underlying each Performance-Vesting RSU, Albemarle's stock price was deemed to equal the average closing price of shares of Albemarle common stock over the first five trading days following the public announcement of the merger agreement, which was \$69.57. Accordingly, the amount of consideration that will actually be received in respect of their Performance-Vesting RSUs may be greater or less than those provided for above. In addition, for purposes of calculating the stock price multiplier, the value of Rockwood's peer companies' stock has been determined based on the average closing price of such peer companies' shares over the first five trading days following the public announcement of the merger agreement.
- (3) The number of Performance-Vesting RSUs listed for Mr. Ghasemi reflects the proration of his target amounts upon his retirement.

**Stock Options**

At the effective time of the merger, each outstanding Rockwood stock option, whether or not then vested, will cease to represent a right to acquire shares of Rockwood common stock and will be converted, without any action on the part of the holder, into an option to purchase, on the same terms and conditions as were applicable under such Rockwood stock option, the number of shares of Albemarle common stock equal to the product of (i) the number of shares of Rockwood common stock issuable upon the exercise of such Rockwood stock option and (ii) the stock option exchange ratio (defined below), rounded down to the nearest number of whole shares of Albemarle common stock. The exercise price of the converted stock options will be equal to the per share exercise price for the shares of Rockwood common stock otherwise purchasable pursuant to the corresponding Rockwood stock option divided by the stock option exchange ratio, rounded up to the nearest whole cent.

The stock option exchange ratio means the sum of (i) 0.4803 (the exchange ratio) and (ii) the quotient obtained by dividing (x) \$50.65 (the cash portion of the merger consideration) by (y) the average of the volume weighted average price per share of Albemarle common stock on the NYSE on each of the last five trading days prior to the completion of the merger.

Mr. Ghasemi and Mr. J. Kent Masters (whom we refer to in this joint proxy statement/prospectus as Mr. Masters) are the only Rockwood directors who hold stock options in respect of shares of Rockwood common stock. Dr. Dicciani also holds stock options. All of their stock options in respect of shares of Rockwood common stock are vested and, accordingly, there will be no accelerated vesting in connection with the completion of the merger. None of Rockwood's executive officers holds any stock options in respect of shares of Rockwood common stock.

The following table, Estimated Value of Vested Options Held by Directors, along with its footnote, shows the outstanding vested stock options (and their estimated value) held by Messrs. Ghasemi and Masters and Dr. Dicciani for which each of Messrs. Ghasemi and Masters and Dr. Dicciani will receive a number of stock options of Albemarle as described above.

***Estimated Value of Vested Options Held by Directors***

<b>Name</b>	<b>No. of Shares Underlying Vested Stock Options</b>	<b>Estimated Value of Vested Stock Options (\$)</b>
<i>Seifi Ghasemi</i>	589,521	\$ 38,965,257

<i>J. Kent Masters</i>	7,878	\$ 412,267

**Table of Contents**

- (1) The estimated value of the vested stock options used in the table above is based on a calculation of the stock option exchange ratio that uses the average closing price of shares of Albemarle common stock over the first five trading days following the public announcement of the merger agreement, which equaled \$69.57. Accordingly, the value of shares that will actually be received in connection with the exercise of their stock options may be greater or less than those provided for above. The weighted average exercise price of the stock options of Mr. Ghasemi is \$17.96 and the exercise price of the options held by Mr. Masters and Dr. Dicciani is \$31.73 and \$40.25, respectively.

**Employment Agreements**

Rockwood is party to employment agreements with each of Messrs. Zatta and Riordan, Rockwood's two executive officers following the retirement of Mr. Ghasemi on June 30, 2014 (which we refer to in this joint proxy statement/prospectus as the Employment Agreements). The Employment Agreements provide for the following payments and benefits in the event an executive officer's employment is terminated by Rockwood, without cause or by the executive officer for good reason (each term as defined in the Employment Agreements):

a payment equal to the product of (x) the number of months in the Severance Period (which is 24 months for each named executive officer) and (y) the sum of (i) the executive officer's monthly base salary at the rate in effect immediately prior to termination and (ii) 1/12<sup>th</sup> of the executive officer's average annual bonus paid with respect to the last two fiscal years ending immediately prior to termination;

payment of a pro rata portion (through the date of termination) of the annual bonus that the executive officer would have received for the year of termination, based on actual performance over the entire performance period;

continuation of health care benefits under COBRA for a period of up to 12 months following termination of employment;

a lump sum cash payment of \$50,000 which represents other benefits to which the executive officer was entitled during his employment;

continued use of a company car or receipt of a car allowance for 12 months;

12 months of outplacement support; and

a payment at the end of the 12-month period following termination equal to the maximum amount that Rockwood would have been obligated to contribute as matching contributions on the executive officer's behalf to Rockwood's qualified and non-qualified retirement plans for such 12-month period based on the executive officer's most recent deferral elections.

If any payment by Rockwood is determined to be subject to an excise tax to the executive officer, then the executive officer is entitled to receive an additional gross-up payment equal to an amount such that the net amount of such

additional payment retained by the executive after all federal, state and local income and employment taxes (including, without limitation, all federal, state and local income and employment taxes on the gross-up payment) is equal to the excise tax imposed on the payment.

The Employment Agreements provide the same severance benefits whether or not the termination occurs in connection with a change of control of Rockwood, except that the salary and bonus amounts payable in respect of the Severance Period are paid out in a lump sum in connection with a termination following a change in control instead of on a monthly basis during the Severance Period and outplacement assistance is only provided in connection with a termination following a change in control.

In the event an executive officer's employment is terminated by Rockwood for cause or by the executive officer other than for good reason, the executive officer is not entitled to any payments or benefits under the Employment Agreement.

As a condition of receipt of the above payments and benefits, the executive officer must continue to comply with the confidentiality and the non-compete and non-solicit provisions in the agreement for 24 months following his termination of employment.

For purposes of the Employment Agreements, "good reason" is generally defined to mean any of the following events: (i) a reduction in the executive officer's duties or responsibilities, (ii) a reduction in the executive officer's compensation, target bonus opportunity, or material reduction in benefits, (iii) a material breach by Rockwood of the Employment Agreement, or (iv) relocation of Rockwood's headquarters or the executive officer's principal place of employment of more than 35 miles.

### **Retention Bonuses**

In connection with the merger, Rockwood has agreed to pay retention bonuses to certain of its employees, including its executive officers. Messrs. Zatta and Riordan are each eligible to receive a retention bonus in an amount equal to \$2 million. The retention bonuses are payable on or prior to the first regularly scheduled payroll date following the completion of the merger, provided that the employee remains employed with Rockwood on the completion date of the merger. In the event that the completion of the merger occurs in 2015, Messrs. Zatta and Riordan will not receive a pro rata annual bonus, as described above, as part of the severance payments to which they are entitled under the Employment Agreements.

### **2013 Bonuses**

Messrs. Ghasemi, Zatta, and Riordan are entitled to receive bonus payments in respect of fiscal year 2013, the payment of which were contingent on the closing of the Pigments Sale. In connection with the merger, Rockwood has determined that Messrs. Ghasemi, Zatta, and Riordan will be eligible to receive their bonuses with respect of fiscal year 2013, which such bonuses are \$2,609,079, \$681,918, and \$593,269, respectively, at the earlier of (x) the closing of the Pigments Sale and (y) immediately prior to the completion of the merger, regardless of whether they remained employed through either such date and, in the case of (y) without regard to whether the closing of the Pigments Sale has occurred.

### **New Management Arrangements**

As of the date of this joint proxy statement/prospectus, neither Rockwood nor Albemarle has entered into any employment agreements with Rockwood's executive officers in connection with the merger, and, except for the retention bonuses described above, the right to receive the 2013 bonuses as described above, and the treatment of 2014 and 2015 annual bonuses described below, Rockwood has not amended or modified any existing Employment Agreement or other arrangements with its executive officers or entered into any other new arrangements with its executive officers. The roles of Messrs. Zatta and Riordan following the merger have not yet been determined.

### **Directors and Officers Indemnification and Insurance**

The merger agreement provides that from and after the effective time of the merger, Albemarle will cause the surviving entity to do the following:

indemnify, defend and hold harmless, to the fullest extent permitted by applicable law, all past and present directors and officers of Rockwood and its subsidiaries against any costs, expenses (including attorneys' fees and expenses and disbursements), judgments, fines, losses, claims, damages or liabilities incurred in connection with any proceeding, whether civil, criminal, administrative or investigative, arising out of or pertaining to the fact that such director or officer is or was a director, officer, employee or fiduciary of Rockwood or any of its subsidiaries or a fiduciary under any Rockwood benefit plan, and provide advancement of expenses to such directors and officers;

honor and maintain in effect for a period of six years after the effective time of the merger all rights to indemnification, advancement of expenses and exculpation of directors and officers contained in the organizational documents of Rockwood and its subsidiaries as in effect as of the date of the merger

agreement and all rights to indemnification and advancement of expenses of each such director or officer as provided in any indemnification or other agreement to which Rockwood or any of its subsidiaries is a party; and

subject to certain limitations described in the merger agreement, maintain for a period of six years after the effective time of the merger, policies of directors and officers liability insurance and fiduciary liability insurance from a carrier with the same or better credit ratings than Rockwood's existing carrier, with, terms, conditions, retentions and levels of coverage not less favorable to the insured persons than such current directors and officers insurance policies, with respect to claims arising from facts, events, acts or omissions that occurred on or before the effective time of the merger, or in lieu of such insurance, Rockwood may purchase and Albemarle may purchase if Rockwood declines to do so a tail directors and officers liability insurance and fiduciary liability insurance from such a carrier and with such terms.

***Benefit Arrangements with the Combined Company***

The merger agreement requires Rockwood as the surviving corporation in the merger to do the following with respect to any Rockwood employees (including its executive officers) who remain employed following the effective time of the merger until the earlier of one year following completion of the merger or December 31, 2015:

provide substantially comparable aggregate cash compensation opportunities as were provided by Rockwood and its subsidiaries as of the date of the merger agreement;

**Table of Contents**

provide employee benefits that are (i) substantially comparable, in the aggregate, to the employee benefits provided by Rockwood and its subsidiaries as of the date of the merger agreement or (ii) substantially similar to those provided to similarly situated employees of Albemarle and its subsidiaries; and

honor all retention and severance arrangements described herein.

In addition, Rockwood's 2014 annual bonus plan, established prior to the execution of the merger agreement, will be continued. Under the terms of the merger agreement, if the merger is completed prior to December 31, 2014, bonus amounts will be calculated based on target level of performance in respect of fiscal year 2014 and the surviving corporation will pay the 2014 bonuses in the ordinary course before March 15, 2015. If the merger is completed after December 31, 2014, bonus amounts will be calculated based on actual results and performance achieved in respect of fiscal year 2014 and the surviving corporation will pay the 2014 bonuses in the ordinary course before March 15, 2015. The right to receive the 2014 bonus amounts will be in lieu of the right to receive partial year pro rated 2014 annual bonuses under the named executive officers' employment agreements and will be subject to continued employment on the completion date of the merger, but, thereafter, such bonuses will be paid regardless of whether a continuing employee is employed by the combined company at the time such bonuses are paid.

With respect to bonuses for fiscal year 2015, if the merger is completed in 2015, Rockwood will set the fiscal year targets and budget in consultation with Albemarle, and the combined company will pay the 2015 bonuses in the ordinary course in 2016, subject to the employee's continued employment through the payment date. Pursuant to the merger agreement, the aggregate target bonus amounts for 2015 may not exceed 110% of the aggregate target bonus amounts for 2014.

**Quantification of Payments and Benefits**

The following tables set forth the information required by Item 402(t) of Regulation S-K regarding the amounts of payments and benefits that each executive officer of Rockwood would receive in connection with the merger, assuming the completion of the merger occurred on July 31, 2014, and the employment of the executive officer was terminated by the combined company without cause or by the executive officer for good reason on such date. The retention bonuses become payable upon the completion of the merger subject to continued employment through such time and will be payable regardless of whether the executive remains employed following the merger and are therefore single trigger.

The following table, Golden Parachute Compensation, along with its footnotes, shows the compensation payable to Mr. Ghasemi and Rockwood's two executive officers, Mr. Zatta and Mr. Riordan, and is subject to a non-binding, advisory vote of Rockwood's shareholders, as described under the section titled *The Rockwood Special Meeting Proposal 2 Advisory Vote Regarding Certain Executive Compensation* beginning on page 36. Note that while Mr. Ghasemi, Rockwood's former chief executive officer, is included in the table below as required by Item 402(t) of Regulation S-K, he is no longer an executive officer of Rockwood, following his retirement on June 30, 2014.

**Golden Parachute Compensation**

- (1) As described above, the cash payments for each of Messrs. Zatta and Riordan consist of (i) the aggregate amount of monthly payments over 24 months equal to the sum of (x) monthly base salary and (y) 1/12<sup>th</sup> of the average annual cash incentive over the last two fiscal years, (ii) the 2014 annual bonus that each would have received for the fiscal year calculated at target (unless the closing of the merger occurs in 2015, in which case no annual bonus for 2015 will be payable as part of the severance payments under the terms of the Employment Agreements), (iii) the retention payments payable upon the completion of the merger, and (iv) the payment of bonuses with respect to fiscal year 2013, including for Mr. Ghasemi, if the completion of the merger occurs prior to closing of the Pigments Sale, regardless of continued employment through the completion of the merger and without regard to whether the closing of the Pigments Sale has occurred. The entitlement to and the amount of the salary and bonus described in (i) above will be the same whether or not the termination occurs in connection with a change of control of Rockwood, except that such amounts are paid out in a lump sum in connection with a termination following a change in control instead of on a monthly basis during the 24-month period following termination. As described above, the amounts in the table assume the merger closed on July 31, 2014, and as such, the bonus amounts in clause (i) are based upon an average of the 2012 bonus (a year in which the annual bonus payment to Messrs. Zatta and Riordan was \$0) and the 2013 bonus (in the amount of \$681,918 and

**Table of Contents**

\$593,269 for Messrs. Zatta and Riordan, respectively). If the merger closes in 2015, the annual bonus component will be based on the average of the actual bonuses paid in 2013 and 2014 (which for 2014, for Messrs. Zatta and Riordan, is a target of \$862,500 and \$603,750, respectively). The retention bonuses described in (iii) are single trigger and become payable upon the completion of the merger subject to continued employment through the payment date and will be payable regardless of whether the executive remains employed following the merger. The amounts of the respective components are:

Name	Cash Severance		Retention Bonus	2013 Bonus
	Salary & Bonus	2014 Bonus		
Seifi Ghasemi	\$	\$	\$	\$ 2,609,079
Robert J. Zatta	\$ 2,181,918	\$ 862,500	\$ 2,000,000	\$ 681,918
Thomas J. Riordan	\$ 1,643,269	\$ 603,750	\$ 2,000,000	\$ 593,269

- (2) As described above, the equity amounts include the right to receive the CIC Settlement Amount in respect of outstanding Performance-Vesting RSUs. Each CIC Settlement Amount will be paid within 10 business days of the applicable Original Vesting Date, subject to continued employment through such date. Notwithstanding the foregoing, if the employee's employment is terminated without cause or the employee resigns for good reason during the 24-month period following a change in control (and before the vesting date), the employee will immediately vest in the CIC Settlement Amounts and such amounts will be paid to the employee within 10 business days following the employee's termination date, in which case such amounts will be double trigger payments. For purposes of determining the Per Share Merger Consideration, including for the purpose of calculating the value of consideration from the Performance-Vesting RSUs and the total shareholder return and stock price multipliers used to determine the number of shares underlying each Performance-Vesting RSU, Albemarle's stock price was deemed to equal the average closing price of shares of Albemarle common stock over the first five trading days following the public announcement of the merger agreement, which was \$69.57. In addition, for purposes of calculating the stock price multiplier, the value of Rockwood's peer companies' stock has been determined based on the average closing price of such peer companies' shares over the first five trading days following the public announcement of the merger agreement. For more information about the calculation of amounts upon vesting, see *Performance-Vesting RSUs* above.

In the event the closing date of the merger occurs after December 31, 2014, the portion of each of Messrs. Ghasemi's, Zatta's, and Riordan's Performance-Vesting RSUs that vest on December 31, 2014 will be settled in shares of Rockwood common stock in accordance with their original terms.

- (3) Represents the payment in respect of the maximum amount that Rockwood would have been obligated to contribute as a matching contribution to Rockwood's non-qualified retirement plans for the 12-month period prior to the executive's termination (based on their 2013 contributions).
- (4) As described above, upon termination of employment either by Rockwood without cause or by each of Messrs. Zatta and Riordan for good reason, each of Messrs. Zatta and Riordan is entitled to (i) a cash payment of \$50,000 in lieu of other benefits he was entitled to while employed by Rockwood, (ii) 12 months' continuation of medical and dental benefit coverage, which were \$19,189 and \$26,477 for Messrs. Zatta and Riordan, respectively (based on 2013 rates and a 2% COBRA administration fee), and (iii) continued use of the company car or receipt of a car allowance for 12 months, which were \$31,886 and \$31,641 for Messrs. Zatta and Riordan, respectively (based on

- their 2013 usage). The actual amounts of Rockwood's payment in respect of (ii) and (iii) will depend on 2014 medical and dental coverage rates and their actual 2014 car usage.
- (5) If any payment by Rockwood is determined to be subject to an excise tax to the executive officer, then the executive officer is entitled to receive an additional gross-up payment equal to an amount such that the net amount of such additional payment retained by the executive after all federal, state and local income and employment taxes (including, without limitation, all federal, state and local income and employment taxes on the gross-up payment) is equal to the excise tax imposed on the payment. These amounts are subject to change based on the effective time of the merger, date of termination of the named executive officer and certain other assumptions used in the calculation.
- (6) This amount includes (i) outplacement services for twelve months following termination, estimated at a value of \$25,000 per executive, and (ii) estimates of the payment in respect of twelve months of the amount of 401(k) plan matching and profit sharing contributions that would have been made by Rockwood in respect of Messrs. Zatta and Riordan (based on their 2013 contributions). The actual value of the outplacement services will depend on the specific services utilized by each of Messrs. Zatta and Riordan and the actual amounts of Rockwood's payment in respect of contributions will depend on the executive officer's most recent deferral elections.

**Table of Contents**

**Merger Consideration**

**Merger Consideration to be Received by Rockwood Shareholders**

At the effective time of the merger, each share of Rockwood common stock (other than Rockwood excluded shares) issued and outstanding immediately prior to the effective time of the merger, will be converted into the right to receive:

\$50.65 in cash, without interest; and

0.4803 of a share of Albemarle common stock.

All fractional shares of Albemarle common stock which a holder of Rockwood common stock would otherwise be entitled to receive in the merger (after taking into account all shares of Rockwood common stock exchanged by such holder) will be aggregated and calculations will be rounded to three decimal places. In lieu of any fractional shares to which a Rockwood shareholder otherwise would be entitled, such shareholder will be entitled to receive an amount in cash (without interest) equal to the product of: (a) the net proceeds from the sale in the market by Albemarle's exchange agent of shares of Albemarle common stock representing all such fractional shares multiplied by (b) a fraction, the numerator of which is the amount of fractional interests to which such holder of shares of Rockwood common stock would otherwise be entitled and the denominator of which is the aggregate number of all such fractional shares.

**Potential Adjustments**

The merger agreement provides that, if between the date of the merger agreement and the completion of the Merger there is any stock dividend with a record date within such period or any reclassification, stock split (including a reverse stock split), recapitalization, split-up, combination, readjustment or exchange of shares, or any similar event involving shares of Albemarle common stock or Rockwood common stock then, in any such case, the merger consideration will be appropriately adjusted to provide Albemarle and the holders of Rockwood common stock (including Rockwood stock options exercisable for Rockwood common stock or Rockwood restricted stock units that may be settled with Rockwood common stock) with the same economic effect as contemplated by the merger agreement prior to such event.

**Ownership of Albemarle Following the Merger**

If the merger had been completed on June 30, 2014, and based on the assumptions set forth under *Unaudited Pro Forma Condensed Consolidated Financial Statements* beginning on page 115, Rockwood shareholders would have owned approximately 30% and Albemarle shareholders would have owned approximately 70% of the pro forma outstanding shares of Albemarle common stock.

**Conversion of Shares; Procedures for Exchange of Shares**

The conversion of shares of Rockwood common stock into the right to receive the merger consideration will occur automatically at the effective time of the merger. As soon as reasonably practicable after the effective time of the merger, Albemarle's exchange agent will mail a letter of transmittal to each former holder of record of shares of Rockwood common stock. The letter of transmittal will specify that delivery will be effected, and risk of loss and title

to the certificates representing your shares, if you possess physical stock certificates, will pass only upon proper delivery of any such certificates to the exchange agent or, in the case of book-entry shares, upon adherence to the procedures set forth in the letter of transmittal. The letter of transmittal will be accompanied by instructions for surrendering the certificates and book-entry shares in exchange for the merger consideration, including shares of Albemarle common stock, the cash portion of the merger consideration, any dividends or distributions payable pursuant to the merger agreement and any cash in lieu of fractional shares. No interest will be paid or will accrue on any cash payable upon surrender of a certificate or, in the case of book-entry shares, upon adherence to the procedures set forth in the letter of transmittal. **Rockwood shareholders should not return stock certificates with the enclosed proxy card.**

#### **Effective Time of the Merger**

The merger will become effective at the time at which the certificate of merger has been duly filed with the Secretary of State of the State of Delaware or at such later date or time as is agreed upon by Albemarle and Rockwood and specified in the certificate of merger.

#### **Stock Exchange Listing of Albemarle Shares**

It is a condition to the completion of the merger that the shares of Albemarle common stock to be issued pursuant to the merger be authorized for listing on the NYSE, subject to official notice of issuance.

**Table of Contents**

**Delisting and Deregistration of Rockwood Common Stock**

Upon the completion of the merger, the Rockwood common stock currently listed on the NYSE will cease to be listed on the NYSE and will subsequently be deregistered under the Exchange Act.

**Material U.S. Federal Income Tax Consequences of the Merger**

The following discussion addresses, subject to the limitations set forth below, the material U.S. federal income tax consequences to U.S. holders and non-U.S. holders (in each case, as defined below) of shares of Rockwood common stock of the exchange of shares of Rockwood common stock for the merger consideration in the merger and the ownership and disposition by them of shares of Albemarle common stock received in the merger. The following discussion does not address any aspects of U.S. taxation other than U.S. federal income taxation. This discussion does not address any non-income or other taxes or any foreign, state or local tax consequences of the merger. The discussion below is for general purposes only and is not a substitute for your own analysis of the tax consequences of the merger and the subsequent ownership and disposition of Albemarle common stock.

**We urge you to consult your own tax advisor as to the specific tax consequences to you of the merger and the ownership of Albemarle common stock received in the merger, including the applicability and effect of U.S. federal, state, local and non-U.S. income and other tax laws in light of your particular circumstances.**

This discussion is not a complete analysis or listing of all potential tax considerations relating to the merger or subsequent ownership and disposition of shares of Albemarle common stock, and does not address all tax considerations that may be relevant to Rockwood shareholders. In particular, the discussion below addresses U.S. federal income tax consequences for persons who hold their shares of Rockwood common stock, and will hold their shares of Albemarle common stock, solely as capital assets (generally, property held for investment). The discussion below does not address any tax consequences for shareholders who are subject to special rules under U.S. federal income tax laws, such as:

banks, financial institutions or insurance companies;

tax-exempt entities;

persons who hold shares as part of a straddle, hedge, integrated transaction or conversion transaction;

persons who have been, but are no longer, citizens or residents of the United States;

a partnership or other pass-through entity for U.S. federal income tax purposes;

dealers or traders in securities, commodities or currencies;

grantor trusts;

persons subject to the alternative minimum tax;

U.S. persons whose functional currency is not the U.S. dollar;

regulated investment companies and real estate investment trusts; or

persons who received shares through the exercise of incentive stock options, through the issuance of restricted stock under an equity incentive plan or through a tax qualified retirement plan or otherwise as compensation.

This discussion is based on the Internal Revenue Code of 1986, as amended (which we refer to in this joint proxy statement/prospectus as the Code), the Treasury regulations promulgated thereunder, and judicial and administrative interpretations thereof, in each case as in effect and available on the date of this joint proxy statement/prospectus. Each of the foregoing is subject to change, potentially with retroactive effect.

For purposes of this discussion, a U.S. holder is a beneficial owner of shares of Rockwood common stock or, after the completion of the merger, Albemarle common stock that for U.S. federal income tax purposes is:

an individual citizen or resident alien of the United States;

a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States or any state thereof or the District of Columbia;

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust, if such trust validly has elected to be treated as a U.S. person for U.S. federal income tax purposes or if (i) a U.S. court can exercise primary supervision over its administration and (ii) one or more U.S. persons have the authority to control all of the substantial decisions of such trust.

---

**Table of Contents**

A non-U.S. holder is a beneficial owner of shares of Rockwood common stock or, after the completion of the merger, Albemarle common stock, other than a U.S. holder or a partnership or an entity or arrangement treated as a partnership for U.S. federal income tax purposes (which we refer to in this joint proxy statement/prospectus as a Partnership). If a Partnership is a beneficial owner of shares of Rockwood common stock, the tax treatment of a partner in that Partnership will generally depend on the status of the partner and the activities of the Partnership. Holders of shares of Rockwood common stock that are Partnerships, and partners in such Partnerships, should consult their own tax advisors regarding the U.S. federal income tax considerations for them with respect to the merger and the subsequent ownership and disposition of shares of Albemarle common stock.

**Tax Consequences to U.S. Holders*****Exchange of Shares of Rockwood Common Stock for Merger Consideration***

A U.S. holder's receipt of the merger consideration in exchange for its shares of Rockwood common stock in the merger will be a taxable transaction for U.S. federal income tax purposes. As such, a U.S. holder generally will recognize capital gain or loss for U.S. federal income tax purposes in an amount equal to the difference between (1) the sum of (a) the amount of cash received by such holder in the merger including amounts, if any, withheld from the merger consideration otherwise payable to such holder and paid to taxing authorities by Albemarle or other applicable withholding agents and (b) the fair market value, at the effective time of the merger, of the shares of Albemarle common stock received by such holder in the merger and (2) such holder's adjusted tax basis in shares of Rockwood common stock owned by such holder immediately prior to the effective time of the merger. Any such gain or loss generally will be long-term capital gain or loss if the U.S. holder's holding period in the shares of Rockwood common stock immediately prior to the merger is more than one year. The amount and character of gain or loss must be calculated separately for each identifiable block of shares (generally, shares purchased at the same time in the same transaction) of Rockwood common stock exchanged in the merger. For non-corporate U.S. holders, long-term capital gain generally is taxed at preferential U.S. federal rates. The deductibility of capital losses is subject to certain limitations. Each U.S. holder is urged to consult its tax advisor regarding the manner in which gain or loss should be calculated as a result of the merger.

As discussed below in *The Merger Chilean Tax Considerations* beginning on page 85, Chilean capital gain tax may apply to Rockwood shareholders, if any, that, along with persons related to them (within the meaning of "related persons" described in *The Merger Chilean Tax Considerations*), are treated as transferring 10% percent or more of the Rockwood common stock and amounts may be required to be withheld from a portion of the merger consideration otherwise payable to such shareholders. While there is no authority directly addressing the creditability of this recently enacted tax on non-Chilean shareholders of non-Chilean companies, this tax should be treated as a foreign tax eligible for credit against a U.S. holder's U.S. federal income tax liability if (i) it is imposed upon the exchange of the U.S. holder's shares of Rockwood common stock for merger consideration, (ii) it is imposed on the basis of the U.S. holder's gross receipts in such exchange, and (iii) the base of the tax is computed by reducing such gross receipts to permit recovery of an amount that is not less than the significant costs and expenses (including significant capital expenditures) of the U.S. holder attributable, under reasonable principles, to such gross receipts.

In any event, the creditability of the tax would be subject to applicable restrictions and limitations that may vary depending on the U.S. holder's circumstances. Any taxes required to be withheld would not be eligible for credit to the extent a refund of such taxes is available from Chilean tax authorities upon the preparation and filing of applicable certifications and documents by or on behalf of the U.S. holder. For foreign tax credit purposes, gain realized on a U.S. holder's receipt of the merger consideration in exchange for its share of Rockwood common stock in the merger will generally constitute U.S. source income, with the result that the merger will not increase the amount of allowable foreign tax credits for such U.S. holder, despite the imposition of any Chilean tax on such gain. Instead of claiming a

credit, a U.S. holder who itemizes deductions may elect to deduct otherwise creditable Chilean taxes in computing the U.S. holder's U.S. federal taxable income. A deduction does not reduce tax on a dollar-for-dollar basis like a credit. The rules relating to foreign tax credits and the timing thereof are complex. U.S. holders that may incur tax under the Chilean indirect transfer rules should consult their own tax advisors regarding the availability of a foreign tax credit and the application of the foreign tax credit limitations to their particular circumstances.

A U.S. holder's tax basis in shares of Albemarle common stock received in the merger will equal the fair market value of such shares at the effective time of the merger, and the holding period for such shares will begin on the date immediately following the effective time of the merger.

### ***Consequences of Holding Shares of Albemarle Common Stock***

#### ***Distributions***

Following the merger, distributions to U.S. holders on shares of Albemarle common stock that are paid out of Albemarle's current or accumulated earnings and profits (as determined for U.S. federal income tax purposes) will be treated as dividends for U.S. federal income tax purposes. Dividends received by individual U.S. holders with respect to shares of

---

**Table of Contents**

Albemarle common stock generally should qualify for preferential tax rates on qualified dividend income so long as certain holding period requirements are met. Dividends paid on shares of Albemarle common stock will be eligible for the dividends received deduction if the U.S. holder is an otherwise qualifying corporate holder that meets the holding period and other requirements for the dividends received deduction. Any distribution not constituting a dividend will be treated first as reducing the adjusted basis in the U.S. holder's shares of Albemarle common stock and, to the extent it exceeds the adjusted basis in the U.S. holder's shares of Albemarle common stock, as gain from the sale or exchange of such stock.

***Gain on Sale or Other Disposition of Albemarle Common Stock***

Upon the sale or other taxable disposition of Albemarle common stock received in the merger, a U.S. holder generally will recognize capital gain or loss equal to the difference between the amount realized on such sale or taxable disposition and the U.S. holder's adjusted tax basis in the shares of Albemarle common stock sold. Any such gain or loss generally will be long-term capital gain or loss if the U.S. holder's holding period in the shares of Albemarle common stock sold is more than one year. For non-corporate U.S. holders, long-term capital gain generally is taxed at preferential U.S. federal rates. The deductibility of capital losses is subject to certain limitations. Each U.S. holder is urged to consult its tax advisor regarding the U.S. federal income tax and other tax consequences of a sale, redemption, or other taxable disposition of shares of Albemarle common stock received in the merger.

***Medicare Tax***

A U.S. holder that is an individual or estate, or a trust that does not qualify for exemption, will be subject to a 3.8% tax (which we refer to in this joint proxy statement/prospectus as the Medicare Tax) on the lesser of (a) the U.S. holder's net investment income for the relevant taxable year and (b) the excess of the U.S. holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals will be between \$125,000 and \$250,000 depending on the individual's circumstances). A U.S. holder's net investment income will generally include dividends received on shares of Albemarle common stock and net gains from the disposition of shares of Albemarle common stock unless such dividend income or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). A U.S. holder that is an individual, estate or trust should consult its own tax advisor regarding the applicability of the Medicare Tax to the U.S. holder's dividend income and gains in respect of the U.S. holder's investment in Albemarle common stock.

***Information Reporting and Backup Withholding***

In general, payments received in connection with the exchange of shares of Rockwood common stock in the merger and payments of dividends on, and proceeds of a disposition of, shares of Albemarle common stock received in the merger may be reported to the Internal Revenue Service (which we refer to in this joint proxy statement/prospectus as the IRS). Backup withholding, currently at a rate of 28%, may apply with respect to payments received in connection with the exchange of shares of Rockwood common stock in the merger and to payments of dividends on, and proceeds of a disposition of, shares of Albemarle common stock received in the merger unless the U.S. holder receiving such a payment (1) is an exempt holder (generally, a tax-exempt organization, qualified pension or profit-sharing trust, individual retirement account, corporation or nonresident alien individual who or which, when required, certifies as to his, her or its exempt status) or (2) provides a certificate (generally on IRS Form W-9) containing the holder's name, address, correct federal taxpayer identification number and a statement that the holder is a U.S. person and is not subject to backup withholding. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be allowable as a refund or credit against a holder's U.S. federal income tax liability provided the required information is timely furnished to the IRS.

## **Tax Consequences to Non-U.S. Holders**

### ***Exchange of Shares of Rockwood Common Stock for Merger Consideration***

In general, a non-U.S. holder will not be subject to U.S. federal income tax on any gain realized upon the exchange of shares of Rockwood common stock for merger consideration in the merger unless:

the gain is effectively connected with a trade or business carried on by the non-U.S. holder within the United States (and, if required by an applicable tax treaty, is attributable to a U.S. permanent establishment of such non-U.S. holder);

the non-U.S. holder is an individual and is present in the United States for 183 days or more in the taxable year of disposition and certain other conditions are met; or

Rockwood is or has been a U.S. real property holding corporation within the meaning of Section 897 of the Code for U.S. federal income tax purposes at any time within the shorter of the five-year period preceding such disposition or such non-U.S. holder's holding period of its shares of Rockwood common stock and such non-U.S. holder beneficially owned more than 5% of the total fair market value of Rockwood common stock at any time

## **Table of Contents**

during such five-year period. Rockwood does not believe it is or has been a U.S. real property holding corporation during the preceding five years and, although there can be no assurance, does not anticipate becoming one in the future.

Gain that is described in the first bullet point immediately above generally will be subject to U.S. federal net income taxation at regular graduated U.S. federal income tax rates. If the non-U.S. holder is a foreign corporation, a branch profits tax at a rate of 30% (or such lower rate as may be specified by an applicable tax treaty) also may apply to its effectively connected earnings and profits. An individual non-U.S. holder described in the second bullet point immediately above will be subject to a flat 30% tax on the gain derived from the exchange of shares of Rockwood common stock for merger consideration, which may be offset by U.S. source capital losses.

### ***Consequences of Holding Shares of Albemarle Common Stock***

#### ***Distributions***

In general, distributions to a non-U.S. holder with respect to shares of Albemarle common stock received in the merger that represent dividends for U.S. federal income tax purposes will be subject to U.S. withholding tax at a rate of 30% of the gross amount of the distribution, unless the non-U.S. holder is eligible for a reduced rate of withholding tax under an applicable tax treaty and the non-U.S. holder provides proper certification of its eligibility for such reduced rate on IRS Form W-8BEN or W-8BEN-E. A distribution will constitute a dividend for U.S. federal income tax purposes to the extent of Albemarle's current or accumulated earnings and profits as determined for U.S. federal income tax purposes. Any distribution not constituting a dividend will be treated first as reducing the adjusted basis in the non-U.S. holder's shares of Albemarle common stock and, to the extent it exceeds the adjusted basis in the non-U.S. holder's shares of Albemarle common stock, as gain from the sale or exchange of such stock.

Dividends paid to a non-U.S. holder that are effectively connected with its conduct of a trade or business within the United States (and, if a tax treaty applies, are attributable to a U.S. permanent establishment) will not be subject to U.S. withholding tax, as described above, if the non-U.S. holder complies with applicable certification and disclosure requirements. Instead, such dividends generally will be subject to U.S. federal income tax on a net income basis, in the same manner as if the non-U.S. holder were a resident of the United States, provided that the non-U.S. holder timely files a U.S. federal income tax return. Dividends received by a foreign corporation that are effectively connected with its conduct of trade or business within the United States may be subject to an additional branch profits tax at a rate of 30% (or such lower rate as may be specified by an applicable tax treaty).

#### ***Gain on Sale or Other Taxable Disposition of Albemarle Common Stock***

In general, a non-U.S. holder will not be subject to U.S. federal income tax on any gain realized upon the sale or other taxable disposition of the non-U.S. holder's shares of Albemarle common stock received in the merger unless:

the gain is effectively connected with a trade or business carried on by the non-U.S. holder within the United States (and, if required by an applicable tax treaty, is attributable to a U.S. permanent establishment of such non-U.S. holder);

the non-U.S. holder is an individual and is present in the United States for 183 days or more in the taxable year of disposition and certain other conditions are met; or

Albemarle is or has been a U.S. real property holding corporation within the meaning of Section 897 of the Code for U.S. federal income tax purposes at any time within the shorter of the five-year period preceding such disposition or such non-U.S. holder's holding period of its shares of Albemarle common stock and either such non-U.S. holder beneficially owned more than 5% of the total fair market value of Albemarle common stock at any time during such five-year period or Albemarle common stock has ceased to be publicly traded.

Albemarle does not believe it is or has been a U.S. real property holding corporation during the preceding five years and, although there can be no assurance, does not anticipate becoming one in the future.

Gain that is described in the first bullet point immediately above generally will be subject to U.S. federal net income taxation at regular graduated U.S. federal income tax rates. If the non-U.S. holder is a foreign corporation, a branch profits tax at a rate of 30% (or such lower rate as may be specified by an applicable tax treaty) also may apply to its effectively connected earnings and profits. An individual non-U.S. holder described in the second bullet point immediately above will be subject to a flat 30% tax on the gain derived from such sale or other disposition, which may be offset by U.S. source capital losses. Each non-U.S. holder is urged to consult its tax advisor regarding the U.S. federal income tax and other tax consequences of a sale, redemption, or other disposition of shares of Albemarle common stock received in the merger.

**Table of Contents*****Foreign Account Tax Compliance Act (FATCA)***

Legislation commonly known as FATCA generally imposes a U.S. federal withholding tax of 30% on dividends on, and the gross proceeds of a disposition of, shares of Albemarle common stock in each case paid to a foreign financial institution (as defined in the Code), unless such institution provides sufficient documentation, typically on IRS Form W-8BEN-E, evidencing its compliance (or deemed compliance) with FATCA (which may alternatively be compliance with an intergovernmental agreement with the United States) or otherwise establishes an exemption. FATCA also imposes a U.S. federal withholding tax of 30% on dividends on, and the gross proceeds of a disposition of, shares of Albemarle common stock paid to a non-financial foreign entity (as defined in the Code) unless such entity provides sufficient documentation, typically on IRS Form W-8BEN-E, identifying certain substantial direct and indirect U.S. owners of the entity, certifies that there are no such owners, or otherwise establishes an exemption. The withholding taxes described above currently apply to dividend payments and will apply in the future to payments of gross proceeds from dispositions occurring after December 31, 2016. Under certain circumstances, a non-U.S. holder might be eligible for refunds or credits of such taxes. An intergovernmental agreement between the United States and an applicable foreign country may modify the requirements described in this paragraph. Non-U.S. holders are urged to consult with their own tax advisors regarding the possible implications of this legislation on their ownership and disposition of shares of Albemarle common stock.

***Information Reporting and Backup Withholding***

Information reporting and backup withholding may apply to payments made in connection with the merger and dividend payments on, and proceeds from the disposition of, shares of Albemarle common stock received in the merger. Backup withholding will not apply, however, to a non-U.S. holder who provides a certification of foreign status on the applicable IRS Form W-8 (typically IRS Form W-8BEN or W-8BEN-E) or appropriate successor form (and the payor does not have actual knowledge or reason to know that such holder is a United States person as defined in the Code) or is otherwise exempt from backup withholding. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a non-U.S. holder's U.S. federal income tax liability, if any, provided the required information and refund claim is timely filed with the IRS. Non-U.S. holders should consult their tax advisors regarding the application of the information reporting and backup withholding rules to them.

**The foregoing summary does not discuss all aspects of U.S. federal income taxation that may be relevant to particular holders of shares of Rockwood common stock. Rockwood shareholders should consult their own tax advisors as to the particular tax consequences to them of the merger and the ownership and disposition of shares of Albemarle common stock received in the merger under any federal, state, local, foreign or other tax laws.**

**Chilean Tax Considerations**

**Chilean capital gain tax may apply to Rockwood shareholders, if any, that, along with persons related to them (as described below), are treated as transferring 10 percent or more of the Rockwood common stock.**

In 2012, Chile enacted indirect transfer rules that, effective January 1, 2013, impose, in certain circumstances, a tax on the transfer of shares of a non-Chilean corporation, like Rockwood, that owns one or more Chilean subsidiaries. Broadly, under these rules, the exchange of shares of Rockwood common stock for merger consideration may be taxable to a holder that, along with persons related to that holder, transfers a gross number of shares that, in the aggregate, equal or exceed 10% of the outstanding shares of Rockwood common stock during the 12-month period ending on the date the merger is completed, provided the Chilean subsidiaries of Rockwood have a fair market value

in excess of a certain specified threshold.

In general, a transfer of shares of Rockwood common stock would be a taxable event to a non-Chilean shareholder under the Chilean indirect transfer rules if two conditions are satisfied (which two conditions we refer to in this joint proxy statement/prospectus as the materiality test): (i) the shares transferred by the shareholder (and related persons) during the 12-month period ending on the date the merger is completed represent 10% or more of the outstanding shares of Rockwood common stock and (ii) (a) transferred shares represent a percentage interest in underlying Chilean assets that, on the date the merger is completed or at any other time over the preceding 12-month period, has a fair market value of at least UTA 210,000 (or approximately U.S. \$185 million using current exchange rates) or (b) as applied to Rockwood's facts, Chilean assets represent 20% or more of the fair market value of the Rockwood common stock on the date the merger is completed or at any other time during the preceding 12-month period. A group of entities would generally be related persons for these purposes if there is control of one entity by the other, the entities are under common control, or such entities have been notified by the Chilean securities authorities that they are considered part of the same business group as defined in Chilean securities law. Rockwood shareholders will be asked in the letter of transmittal to indicate whether the number of shares transferred by them (and related persons) during the 12-month period ending on the date the merger is completed equals or exceeds 10% of the outstanding shares of Rockwood common stock.

---

## Table of Contents

It is uncertain whether the fair market value of Rockwood's Chilean subsidiaries is more or less than 20% of the fair market value of the merger consideration. While the fair market value of such subsidiaries is greater than \$185 million, it is unclear what percentage of Rockwood common stock represents an indirect interest in such subsidiaries having a fair market value of UTA 210,000. Therefore, we urge Rockwood shareholders that may satisfy the first prong of the materiality test (relating to an actual or constructive transfer of 10% of Rockwood common stock) to consult with a Chilean tax advisor regarding the application of the Chilean indirect transfer rules to them.

In a case where the materiality test is satisfied, the exchange agent (or other applicable withholding agent) is generally required, under current Chilean law, to provisionally withhold from the merger consideration paid to the Rockwood shareholder an amount equal 20% of the capital gain of such shareholder determined as if the shareholder's recoverable cost basis is equal to its share of Rockwood's net basis in the stock of its Chilean subsidiaries. If, within the month following the merger, the Rockwood shareholder files a tax return with the Chilean tax authority and pays any tax that is due, there would no longer be any liability for the exchange agent (or other withholding agent) in connection with amounts paid to that Rockwood shareholder. Any amounts withheld and paid by the exchange agent (or other withholding agent) to the Chilean tax authority under these rules may be allowed as a refund or a credit against a shareholder's Chilean tax liability with respect to the merger, if any, provided the required information and refund claim is timely filed with the Chilean tax authority.

In a case where the materiality test is satisfied, a Rockwood shareholder may choose how its Chilean income tax liability will be determined from among various alternative methods. Provided that it is able to demonstrate its cost basis in its Rockwood stock for Chilean tax purposes, such a shareholder may elect to pay a 35% tax on the Chilean-source portion of its capital gain from the disposition of its shares of Rockwood common stock in the merger, which is equal to the shareholder's total capital gain multiplied by the ratio of the fair market value of Rockwood's Chilean subsidiaries to the fair market value of all Rockwood common stock. In the alternative, shareholders may elect to employ other methods to calculate the tax due. The Chilean Congress is considering a tax reform bill that may result in an increase in the tax rates that apply under certain of these alternative methods as well as changes in other relevant rules.

Our expectations regarding the Chilean indirect transfer rules are based on our understandings, analysis and interpretation of these rules, which are subject to additional interpretation and rulemaking by the Chilean authorities. There is uncertainty relating to the application by Chilean authorities of the indirect transfer rules on certain shareholders' exchange of shares of Rockwood common stock. **Rockwood shareholders that, along with persons related to them (as described above), may be treated as transferring 10 percent or more of the Rockwood common stock should consult with a Chilean tax advisor regarding the application of the Chilean indirect transfer rules to them.**

## **Regulatory Matters**

Albemarle and Rockwood have agreed to use their reasonable best efforts to take, or cause to be taken, all actions that are necessary, proper or advisable to consummate the merger and the other transactions contemplated by the merger agreement as promptly as practicable, including using reasonable best efforts to obtain (and cooperating with the other party to obtain) all regulatory approvals required to complete the transactions contemplated by the merger agreement. However, neither Albemarle nor Rockwood is required to take any action that would reasonably be expected to have a material adverse effect on the business of Albemarle or Rockwood as the surviving corporation in the merger.

Under the HSR Act and the rules promulgated thereunder by the FTC, the merger may not be completed until notification and report forms have been filed with the FTC and the Antitrust Division of the DOJ and the applicable waiting period has expired or been terminated. Albemarle and Rockwood filed notification and report forms under the

HSR Act with the FTC and the Antitrust Division of the DOJ on August 8, 2104, and the waiting period expired on September 8, 2014.

Additionally, the parties agreed to make, or cause to be made, antitrust filings in the European Union, People's Republic of China and certain other foreign jurisdictions. The parties have started the notification process with most of the relevant competition authorities. As is customary with regulatory notifications filed with the European Commission and MOFCOM, the European Commission and MOFCOM are reviewing the parties' notifications to determine whether they will formally accept the notifications. The European Commission has already sought, and MOFCOM will likely seek, clarifications or supplemental information from the parties before formally accepting the notifications, which is also customary. After the European Commission and MOFCOM formally accept the filings, both authorities will begin the formal review phase of the mergers. The parties do not anticipate any substantive antitrust problem to arise during the review. The parties currently estimate that they will receive European Commission clearance for the merger in the fourth quarter of 2014 and MOFCOM clearance during the first quarter of 2015.

### **Timing**

Albemarle and Rockwood cannot assure you that all of the regulatory approvals described above will be obtained and, if obtained, Albemarle and Rockwood cannot assure you as to the timing of any approvals, the ability to obtain the approvals on satisfactory terms or the absence of any litigation challenging such approvals.

## Table of Contents

### General

It is possible that any of the governmental entities with which filings have been made or may be made may seek additional regulatory concessions or impose additional conditions or states or private parties may commence litigation to prevent the completion of the merger. There can be no assurance that:

Albemarle or Rockwood will be able to satisfy or comply with any conditions imposed;

compliance or non-compliance will not have adverse consequences on Albemarle after the completion of the merger; or

litigation, if any, will be resolved favorably to Albemarle and Rockwood.

### **Appraisal Rights**

Holders of shares of Rockwood common stock who meet certain requirements are entitled to seek appraisal rights.

Under Section 262 of the General Corporation Law of the State of Delaware (which we refer to in this joint proxy statement/prospectus as the DGCL), holders of shares of Rockwood common stock who do not vote in favor of the adoption of the merger agreement and who otherwise follow the procedures set forth in Section 262 of the DGCL (which we refer to in the joint proxy statement/prospectus as Section 262) will be entitled to have their shares appraised by the Delaware Court of Chancery and to receive payment in cash of the fair value of the shares, exclusive of any element of value arising from the accomplishment or expectation of the merger, together with interest, determined as described below. **Failure to follow precisely any of the statutory requirements could result in the loss of your appraisal rights.**

The following discussion is not a complete statement of the law pertaining to appraisal rights under the DGCL and is qualified in its entirety by the full text of Section 262, which is attached to this joint proxy statement/prospectus as Annex E. The following summary does not constitute any legal or other advice nor does it constitute a recommendation that Rockwood shareholders exercise their appraisal rights under Section 262. Only a holder of record of shares of Rockwood common stock is entitled to demand appraisal of the shares registered in that holder's name. A person having a beneficial interest in shares of common stock of Rockwood held of record in the name of another person, such as a broker, fiduciary, depositary or other nominee, must act promptly to cause the record holder to follow the steps summarized below properly and in a timely manner to perfect appraisal rights. **If you hold your shares of Rockwood common stock through a bank, broker or other nominee and you wish to exercise appraisal rights, you should consult with your bank, broker or other nominee to determine the appropriate procedures for the making of a demand for appraisal by the nominee.**

Under Section 262, where a merger agreement is to be submitted for adoption at a meeting of shareholders, the corporation, not less than 20 days prior to the meeting, must notify each of its shareholders as of the record date that appraisal rights are available and include in the notice a copy of Section 262. This joint proxy statement/prospectus shall constitute such notice, and the full text of Section 262 is attached to this proxy statement as Annex E. In connection with the merger, any holder of shares of Rockwood common stock who wishes to exercise appraisal rights, or who wishes to preserve such holder's right to do so, should review the following discussion and Annex E carefully because failure to timely and properly comply with the procedures specified may result in the loss of appraisal rights.

In addition, because of the complexity of the procedures for exercising the right to seek appraisal of shares of common stock, Rockwood believes that if a shareholder considers exercising such rights such shareholder should consider seeking legal and financial advice.

### **Filing Written Demand**

Any holder of shares of Rockwood common stock wishing to exercise appraisal rights must deliver to Rockwood, before the vote on the adoption of the merger agreement at the Rockwood special meeting, a written demand for the appraisal of the shareholder's shares, and that shareholder must not vote in favor of the adoption of the merger agreement. A holder of shares of Rockwood common stock wishing to exercise appraisal rights must hold the shares of record on the date the written demand for appraisal is made and must continue to hold the shares of record through the effective time of the merger. A proxy that is submitted and does not contain voting instructions will, unless revoked, be voted in favor of the adoption of the merger agreement, and it will constitute a waiver of the shareholder's right of appraisal and will nullify any previously delivered written demand for appraisal. Therefore, a shareholder who submits a proxy and who wishes to exercise appraisal rights must submit a proxy containing instructions to vote against the adoption of the merger agreement or abstain from voting on the adoption of the merger agreement. Voting against the adoption of the merger agreement or abstaining from voting or failing to vote on the proposal to adopt the merger agreement will not by itself constitute a written demand for appraisal satisfying the requirements of Section 262. The written demand for appraisal must be in addition to and separate from any proxy or vote on the adoption of the merger agreement. The demand must reasonably inform Rockwood of the identity of the holder, as well as the intention of the holder to demand an appraisal of the fair value of the shares held by the holder. A shareholder's failure to deliver the written demand prior to the taking of the vote on the adoption of the merger agreement at the Rockwood special meeting will constitute a waiver of appraisal rights.

## **Table of Contents**

Only a holder of record of shares of Rockwood common stock is entitled to demand appraisal rights for the shares registered in that holder's name. A demand for appraisal in respect of shares of Rockwood common stock should be executed by or on behalf of the holder of record. If the shares are owned of record in a fiduciary capacity, such as by a trustee, guardian or custodian, execution of the demand should be made in that capacity, and if the shares are owned of record by more than one person, as in a joint tenancy and tenancy in common, the demand should be executed by or on behalf of all joint owners. An authorized agent, including an agent for two or more joint owners, may execute a demand for appraisal on behalf of a holder of record; however, the agent must identify the record owner or owners and expressly disclose that, in executing the demand, the agent is acting as agent for the record owner or owners. Shareholders who hold their shares in bank, brokerage accounts or other nominee forms and who wish to exercise appraisal rights are urged to consult with their bank, brokers or other nominee to determine the appropriate procedures for the making of a demand for appraisal by such nominee.

All written demands for appraisal pursuant to Section 262 should be delivered to the Corporate Secretary of Rockwood at Rockwood Holdings, Inc., 100 Overlook Center, Princeton, New Jersey 08540.

Any holder of shares of Rockwood common stock who has not commenced an appraisal proceeding or joined such proceeding as a named party may withdraw his, her or its demand for appraisal and accept the consideration offered pursuant to the merger agreement by delivering to the surviving corporation of the merger a written withdrawal of the demand for appraisal and an acceptance of the merger; however, any such attempt to withdraw the demand made more than 60 days after the effective date of the merger will require written approval of the surviving corporation of the merger. No appraisal proceeding in the Delaware Court of Chancery will be dismissed without the approval of the Delaware Court of Chancery, and such approval may be conditioned upon such terms as the Delaware Court of Chancery deems just; provided, that this restriction will not affect the right of any former Rockwood shareholder who has not commenced an appraisal proceeding or joined such proceeding as a named party to withdraw such shareholder's demand for appraisal and to accept the merger consideration within 60 days after the effective date of the merger.

### **Notice by the Surviving Corporation**

If the merger is completed, within ten days after the effective time of the merger, the surviving corporation of the merger will notify each holder of shares of Rockwood common stock who has made a written demand for appraisal pursuant to Section 262, and who has not voted in favor of the adoption of the merger agreement, that the merger has become effective and the effective date thereof.

### **Filing a Petition for Appraisal**

Within 120 days after the effective time of the merger, but not thereafter, the surviving corporation of the merger or any holder of shares of Rockwood common stock who has so complied with Section 262 and is entitled to appraisal rights under Section 262 may file a petition in the Delaware Court of Chancery demanding a determination of the fair value of the shares held by all holders who have properly demanded appraisal of their shares. The surviving corporation of the merger is under no obligation to and Rockwood, which will be the surviving corporation of the merger, has no present intention to file a petition, and holders of Rockwood common stock should assume that the surviving corporation will not file a petition or initiate any negotiations with respect to the fair value of shares of Rockwood common stock. Accordingly, any holders of shares of Rockwood common stock who desire to have their shares appraised should initiate all necessary action to perfect their appraisal rights in respect of shares of Rockwood common stock within the time prescribed in Section 262.

Within 120 days after the effective time of the merger, any holder of shares of Rockwood common stock who has complied with the requirements for exercise of appraisal rights will be entitled, upon written request, to receive from the surviving corporation of the merger a statement setting forth the aggregate number of shares of Rockwood common stock not voted in favor of the adoption of the merger and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. The statement must be mailed to the shareholder within ten days after a written request therefor has been received by the surviving corporation of the merger or within ten days after the expiration of the period for delivery of demands for appraisal, whichever is later. A beneficial owner of shares held either in a voting trust or by a nominee on behalf of such person may, in such person's own name, file a petition seeking appraisal or request the foregoing statement. As noted above, however, the demand for appraisal can only be made by a shareholder of record.

If a petition for an appraisal is timely filed by a holder of shares of Rockwood common stock and a copy thereof is served upon the surviving corporation of the merger, the surviving corporation will then be obligated within 20 days to file with the Delaware Register in Chancery a duly verified list containing the names and addresses of all shareholders who have demanded appraisal of their shares and with whom agreements as to the value of their shares have not been reached. After notice to the shareholders as required by the court, the Delaware Court of Chancery is empowered to conduct a hearing on the petition to determine those shareholders who have complied with Section 262 and who have become entitled to appraisal rights thereunder. The Delaware Court of Chancery may require the shareholders who demanded appraisal of their shares to

## Table of Contents

submit their stock certificates to the Register in Chancery for notation thereon of the pendency of the appraisal proceeding, and if any shareholder fails to comply with the direction, the Delaware Court of Chancery may dismiss the proceedings as to such shareholder.

### **Judicial Determination of Fair Value**

After determining the holders of shares of Rockwood common stock entitled to appraisal, the Delaware Court of Chancery will appraise the fair value of their shares, exclusive of any element of value arising from the accomplishment or expectation of the merger, together with interest, if any, to be paid upon the amount determined to be the fair value. In determining fair value, the Delaware Court of Chancery will take into account all relevant factors.

Shareholders considering seeking appraisal should be aware that the fair value of their shares as so determined could be more than, the same as or less than the consideration they would receive pursuant to the merger agreement if they did not seek appraisal of their shares. **Although the parties to the merger agreement believe that the merger consideration is fair, no representation is made as to the outcome of the appraisal of fair value as determined by the Delaware Court of Chancery, and Rockwood shareholders should recognize that such an appraisal could result in a determination of a value higher or lower than, or the same as, the value of the merger consideration.** You should be aware that an investment banking opinion as to the fairness, from a financial point of view, of the consideration payable in a sale transaction, such as the merger, is not an opinion as to, and does not otherwise address, fair value under Section 262. Neither Rockwood nor Albemarle anticipate offering more than the merger consideration to any Rockwood shareholder exercising appraisal rights, and each of Rockwood and Albemarle reserves the right to assert, in any appraisal proceeding, that for purposes of Section 262, the fair value of a share of Rockwood common stock is less than the value of the merger consideration, and that the methods that are generally considered acceptable in the financial community and otherwise admissible in court should be considered in the appraisal proceedings. If a petition for appraisal is not timely filed, then the right to an appraisal will cease. The costs of the action (which do not include attorneys fees or the fees and expenses of experts) may be determined by the Delaware Court of Chancery and taxed upon the parties as the Delaware Court of Chancery deems equitable under the circumstances. The Delaware Court of Chancery may also order that all or a portion of the expenses incurred by a shareholder in connection with an appraisal, including, without limitation, reasonable attorneys fees and the fees and expenses of experts utilized in the appraisal proceeding, be charged pro rata against the value of all the shares entitled to be appraised.

Unless the court in its discretion determines otherwise for good cause shown, interest from the effective date of the merger through the date of payment of the judgment shall be compounded quarterly and shall accrue at 5% over the Federal Reserve discount rate (including any surcharge) as established from time to time during the period from the effective date of the merger and the date of payment of the judgment.

If any shareholder who demands appraisal of shares of Rockwood common stock under Section 262 fails to perfect, or successfully withdraws or loses, such holder's right to appraisal, the shareholder's shares of Rockwood common stock will be deemed to have been converted at the effective time of the merger into the right to receive the merger consideration applicable to such shares. A shareholder will fail to perfect, or lose or withdraw, the holder's right to appraisal if no petition for appraisal is filed within 120 days after the effective time of the merger or if the shareholder delivers to the surviving corporation of the merger a written withdrawal of the holder's demand for appraisal and an acceptance of the merger consideration in accordance with Section 262.

From and after the effective time of the merger, no dissenting shareholder shall have any rights of a shareholder of Rockwood with respect to that holder's shares for any purpose, except to receive payment of fair value and to receive payment of dividends or other distributions on the holder's shares of Rockwood common stock, if any, payable to

Rockwood shareholders of record as of a time prior to the effective time of the merger; provided, however, that if a dissenting shareholder delivers to the surviving corporation of the merger a written withdrawal of the demand for an appraisal within 60 days after the effective time of the merger and acceptance of the merger, or subsequently with the written approval of the surviving corporation of the merger, then the right of that dissenting shareholder to an appraisal will cease and the dissenting shareholder will be entitled to receive the merger consideration in accordance with the terms of the merger agreement. Once a petition for appraisal is filed with the Delaware Court of Chancery, however, the appraisal proceeding may not be dismissed as to any former Rockwood shareholder without the approval of the court, and such approval may be conditioned upon such terms as the court deems just; provided, that such restriction shall not affect the right of any former Rockwood shareholder who has not commenced an appraisal proceeding or joined the proceeding as a named party to withdraw such shareholder's demand for appraisal and to accept the merger consideration within 60 days after the effective time of the merger.

**Failure to comply strictly with all of the procedures set forth in Section 262 may result in the loss of a shareholder's statutory appraisal rights. Consequently, any Rockwood shareholder wishing to exercise appraisal rights is urged to consult legal and financial advisors before attempting to exercise those rights.**

Holders of Albemarle common stock are not entitled to appraisal rights in connection with the merger under Virginia law.

**Resale of Shares of Albemarle Common Stock**

The shares of Albemarle common stock issued in the merger will be registered under the Securities Act of 1933, as amended (which we refer to in this joint proxy statement/prospectus as the Securities Act), and the shares of Albemarle common stock so issued will be freely transferable under the Securities Act, except for shares of Albemarle common stock issued to any person who is deemed to be an affiliate of Albemarle after the merger. Persons who may be deemed to be affiliates include individuals or entities that control, are controlled by, or are under common control with Albemarle and may include directors, executive officers and significant shareholders of Albemarle.

Affiliates of Albemarle may not sell their shares of Albemarle common stock acquired in connection with the merger, except pursuant to:

an effective registration statement under the Securities Act covering the resale of those shares;

pursuant to the volume, sale and other limitations under Rule 144 under the Securities Act; or

any other applicable exemption under the Securities Act.

The registration statement on Form S-4, of which this joint proxy statement/prospectus document forms a part, does not cover the resale of shares of Albemarle common stock to be received by affiliates of Albemarle in the merger.

**FINANCING RELATING TO THE MERGER**

The obligations of Albemarle and Merger Sub under the merger agreement are not subject to any conditions regarding their ability to finance, or obtain financing for, the transactions contemplated by the merger agreement, and they are obligated under the merger agreement to have sufficient funds available to satisfy their obligations under the merger agreement. Albemarle has obtained financing commitments for financing in order to pay (i) the cash consideration payable in connection with the merger and (ii) related fees and expenses.

**Commitment Letter**

On July 15, 2014, in connection with its entry into the merger agreement, Albemarle entered into a commitment letter (which we refer to in this joint proxy statement/prospectus as the commitment letter) with Bank of America, N.A. (which we refer to in this joint proxy statement/prospectus as Bank of America) and BofA Merrill Lynch (we refer to Bank of America, BofA Merrill Lynch and the other financial institutions joining the commitment letter and providing commitments thereunder collectively in this joint proxy statement/prospectus as the Commitment Parties), pursuant to which the Commitment Parties agreed to provide commitments for (a) a senior unsecured cash bridge facility (which we refer to in this joint proxy statement/prospectus as the cash bridge facility) in an aggregate principal amount of up to \$1.15 billion and (b) a senior unsecured bridge facility (which we refer to in this joint proxy statement/prospectus as the bridge facility) in an aggregate principal amount of up to \$2.7 billion to be provided if, prior to the date of the completion of the merger, (i) credit documentation with respect to a senior unsecured term loan (which we refer to in this joint proxy statement/prospectus as the term loan) in an aggregate principal amount of \$1.0 billion is not effective and (ii) up to \$1.7 billion in gross proceeds from the issuance and sale of senior unsecured notes (which we refer to in this joint proxy statement/prospectus as the senior notes) are not received by Albemarle.

In addition, pursuant to the commitment letter, Bank of America agreed to provide a new revolving credit facility in an aggregate principal amount not to exceed \$750 million aggregate principal amount (which we refer to in this joint proxy statement/prospectus as the backstop revolving facility) to the extent Albemarle could not obtain the required consents to certain amendments to its existing revolving credit facility.

The commitment letter sets out the principal terms of the cash bridge facility, the bridge facility, the term loan and the backstop revolving facility. The funding of each of the facilities is subject to customary conditions precedent for acquisition financings, including entry into definitive credit documentation and the completion of the merger.

On August 15, 2014, Albemarle entered into a term loan credit agreement with respect to the term loan, as well as the amendment to its existing revolving credit facility. See *Term Loan* and *Amendment to Existing Revolving Credit Facility* below.

**Cash Bridge Facility**

On or prior to the date of the completion of the merger, Albemarle expects to enter into a new senior unsecured credit facility agreement documenting the cash bridge facility pursuant to which the lenders thereunder will provide up to \$1.15 billion in loans. The cash bridge facility will be guaranteed by each of Albemarle's subsidiaries that guarantee Albemarle's existing revolving credit facility, as amended by the existing facility amendment (as defined below).

Amounts borrowed under the cash bridge facility are intended to be used as short-term borrowings to fund a portion of the cash consideration payable in connection with the merger and pay related fees and expenses. Proceeds of any dividends or distributions received by Albemarle from Rockwood will be required to be used to mandatorily prepay the cash bridge facility. The cash bridge facility will mature on the date that is 60 days following the completion of the

merger.

The interest rate payable on amounts outstanding under the cash bridge facility will be equal to either (i) LIBOR or (ii) an alternate base rate (to be defined as the highest of (a) Bank of America's prime rate, (b) the Federal Funds rate plus 0.50% and (c) a daily rate equal to one month LIBOR plus 1.00%), plus, in each case, an applicable margin based on Albemarle's credit rating.

The cash bridge facility documentation will contain customary events of default, representations and warranties and covenants, including a financial maintenance covenant requiring Albemarle to maintain a maximum leverage ratio of 4.50 times consolidated EBITDA (calculated to include cost synergies related to the merger reasonably expected to be realized within 12 months of the completion of the merger up to 5% of consolidated EBITDA).

---

## **Table of Contents**

### **Bridge Facility**

To the extent that, prior to the date of the completion of the merger, (i) definitive documentation for the term loan does not become effective or (ii) Albemarle has not received gross proceeds of up to \$1.7 billion from the sale of the senior notes, Albemarle expects to enter into a new senior unsecured credit facility agreement for the bridge facility pursuant to which the lenders thereunder will provide up to \$2.7 billion in loans. The bridge facility will be guaranteed by each of Albemarle's subsidiaries that guarantee Albemarle's existing revolving credit facility, as amended by the existing facility amendment. Definitive documentation for the term loan and the amendments to the existing revolving credit facility became effective on August 15, 2014. See *Term Loan* below.

Amounts borrowed under the bridge facility are intended to be used to fund a portion of the cash consideration payable in connection with the merger and pay related fees and expenses. Proceeds of any equity issuances and debt incurred by Albemarle (in each case subject to certain customary exceptions, including the issuance of commercial paper and debt issued to refinance Albemarle's existing 5.10% senior notes due 2015) will be used to mandatorily prepay the bridge facility. The bridge facility will mature on the date that is 364 days following the completion of the merger.

The interest rate payable on amounts outstanding under the bridge facility will be equal to either (i) LIBOR or (ii) an alternate base rate (to be defined as the highest of (a) Bank of America's prime rate, (b) the Federal Funds rate plus 0.50% and (c) a daily rate equal to one month LIBOR plus 1.00%), plus, in each case, an applicable margin based on Albemarle's credit rating, which increases every 90 days following the completion of the merger. In addition, an increasing duration fee will be payable on the 90th, 180th and 270th days following the completion of the merger on the outstanding principal amount, if any, under the bridge facility.

The bridge facility documentation will contain customary events of default, representations and warranties and covenants, including a financial maintenance covenant requiring Albemarle to maintain a maximum leverage ratio of 4.50 times consolidated EBITDA (calculated to include cost synergies related to the merger reasonably expected to be realized within 12 months of the completion of the merger up to 5% of consolidated EBITDA).

### **Term Loan**

On August 15, 2014, Albemarle entered into a term loan credit agreement providing for a tranche of senior unsecured term loans in an aggregate amount of \$1.0 billion.

Loans available under the term loan credit agreement bear interest at variable rates based on an average LIBOR for deposits in dollars plus an applicable margin which ranges from 1.125% to 2.500%, depending on Albemarle's credit rating. The term loan credit agreement provides that upon the earlier of (i) 70 days following the guarantee by Albemarle or any of its subsidiaries (other than Rockwood or any of its existing subsidiaries) of the Rockwood notes or (ii) the guarantee by Albemarle or any of its subsidiaries of any of the senior unsecured notes issued and sold by Albemarle (or any of its subsidiaries) in connection with the merger, each such subsidiary that is an obligor of such notes will guarantee the term loan.

Amounts borrowed under the term loan are intended to be used as short-term borrowings to fund a portion of the cash consideration payable in connection with the merger and pay related fees and expenses. It is expected that proceeds of the Pigments Sale will be required to be used to mandatorily prepay the term loan. The term loan will mature on the date that is 364 days following the date of funding, which will occur on the completion of the merger.

### **Amendment to Existing Revolving Credit Facility**

On August 15, 2014, Albemarle entered into an amendment to its existing five-year revolving, unsecured credit facility (which we refer to in this joint proxy statement/prospectus as the existing facility amendment). Certain provisions of the existing revolving credit facility were amended by the existing facility amendment, including:

increasing the maximum leverage ratio that Albemarle is permitted to maintain to 4.50 times consolidated EBITDA (calculated to include cost synergies related to the merger reasonably expected to be realized within 12 months of the completion of the merger up to 5% of consolidated EBITDA) for the first four quarters following the completion of the merger, stepping down by 0.25 on a quarterly basis thereafter until reaching 3.50 times consolidated EBITDA;

providing that up to \$100 million may be borrowed by Albemarle on the date of the completion of the merger, subject only to a limited set of borrowing conditions, consistent with the conditions to borrowing on such date under the bridge facility;

**Table of Contents**

modifying the indebtedness covenant to permit, to the extent Albemarle or any of its subsidiaries (other than Rockwood or any of its existing subsidiaries) guarantees the Rockwood notes, the incurrence of indebtedness represented by the Rockwood notes so long as the obligors under the Rockwood notes are also obligors under the existing revolving credit facility; and

providing that upon the earlier of (i) 70 days following the guarantee by Albemarle or any of its subsidiaries (other than Rockwood or any of its existing subsidiaries) of the Rockwood notes or (ii) the guarantee by Albemarle or any of its subsidiaries of any of the senior unsecured notes issued and sold by Albemarle (or any of its subsidiaries) in connection with the merger, each such subsidiary that is an obligor of such notes will guarantee the existing revolving credit facility.

**Consent Solicitation Related to Existing Rockwood Notes**

Prior to the completion of the merger, if requested by Albemarle, Rockwood may solicit the consents of holders of the Rockwood notes, which are expected to remain outstanding following the merger, to effect certain amendments to the indenture governing the Rockwood notes, including (a) to amend Section 4.7 (Reports) of the indenture to provide that so long as Albemarle issues a guarantee of the Rockwood notes and complies with the requirements of Rule 3-10 of Regulation S-X promulgated by the SEC, the reports, information and other documents required to be filed and furnished to holders of the Rockwood notes pursuant to such Section 4.7 may, at the option of the issuer of the Rockwood notes, be filed by and be those of Albemarle, (b) if necessary, to seek a waiver from any requirement under the indenture that Rockwood conduct an offer to repurchase the Rockwood notes in connection with the completion of the merger, and/or (c) such other amendments, consents or waivers as Albemarle may request that are reasonably acceptable to Rockwood.

Receipt of consents to any amendments to the Rockwood notes is not a condition to the completion of the merger.

**CERTAIN LITIGATION**

On July 22, 2014, a putative class action complaint was filed in the Chancery Division of the Superior Court of New Jersey, Mercer County relating to the merger. On July 23, 2014, an additional putative class action complaint was filed in the Chancery Division of the Superior Court of New Jersey, Mercer County relating to the merger. Both suits name the same plaintiff but were filed by different law firms. On August 1, 2014 and August 12, 2014, three additional putative class action complaints were filed in the Court of Chancery of the State of Delaware relating to the merger. The lawsuits filed in New Jersey, *Thwaites v. Rockwood Holdings Inc., et al.* ( *Thwaites I* ), *Thwaites v. Rockwood Holdings, Inc., et al.* ( *Thwaites II* ), and the lawsuits filed in Delaware, *Rudman Partners, L.P. v. Rockwood Holdings, Inc., et al.*, *Riley v. Rockwood Holdings, Inc., et al.*, and *North Miami Beach Police Officers & Firefighters Retirement Plan v. Rockwood Holdings, Inc., et al.*, each name Rockwood, its directors and Albemarle as defendants. *Thwaites II* and the cases filed in Delaware also name Merger Sub as a defendant. The lawsuits, which contain substantially similar allegations, include allegations that the Rockwood board of directors breached their fiduciary duties in connection with the merger by failing to ensure that Rockwood shareholders will receive the maximum value for their shares, failing to conduct an appropriate sale process and putting their own interests ahead of Rockwood shareholders. Rockwood and Albemarle are alleged to have aided and abetted the alleged fiduciary breaches. The lawsuits seek a variety of equitable relief, including enjoining the Rockwood board of directors from proceeding with the proposed merger unless and until they have acted in accordance with their fiduciary duties to maximize shareholder value and rescission of the merger to the extent implemented, in addition to damages arising from the defendants' alleged breaches and attorneys' fees and costs. The defendants intend to vigorously defend the lawsuits. On August 12, 2014, the plaintiff in *Thwaites I* filed a Notice of Voluntary Dismissal Without Prejudice as to all defendants. On August 27, 2014, the Delaware Court of Chancery ordered the three Delaware cases consolidated and appointed co-lead counsel. The court also ordered that no response to the complaints shall be due until after plaintiffs in the cases filed in Delaware file an amended consolidated complaint. Plaintiffs in the cases filed in Delaware have yet to file an amended consolidated complaint. On September 19, 2014, the plaintiff in *Thwaites II* filed an amended complaint including additional allegations that the registration statement failed to disclose material information.

**THE MERGER AGREEMENT**

*This is a summary of material provisions of the merger agreement. The following summary of the merger agreement does not purport to be complete and may not contain all of the information about the merger agreement that is important to you. The summary of the material terms of the merger agreement below and elsewhere in this joint proxy statement/prospectus is subject to, and qualified in its entirety by reference to the full text of, the merger agreement, which is attached as Annex A to this joint proxy statement/prospectus and is incorporated herein by reference. You should read the entire merger agreement carefully and in its entirety because it, and not the description below or elsewhere in this joint proxy statement/prospectus, is the legal document that governs the merger.*

*The merger agreement and the discussion under this heading **The Merger Agreement** have been included to provide you with information regarding its terms. They are not intended to provide any other financial or other information about Albemarle, Rockwood, or their respective subsidiaries and affiliates. Information about Albemarle and Rockwood can be found elsewhere in this joint proxy statement/prospectus and in the other filings Albemarle and Rockwood make with the SEC. See **Where You Can Find More Information** on page 148.*

**The Merger**

The merger agreement provides for the merger of Merger Sub with and into Rockwood, upon the terms, and subject to the conditions, of the merger agreement. As the surviving entity, Rockwood will survive the merger and continue to exist as a wholly-owned subsidiary of Albemarle. The merger will be effective at the time (which we refer to in this joint proxy statement/prospectus as the effective time of the merger) the certificate of merger is filed with the Secretary of State of the State of Delaware (or at a later time, if agreed upon by the parties and specified in the certificate of merger filed with the Secretary of State of the State of Delaware).

**Closing of the Merger**

Unless another time is agreed to by Albemarle, Rockwood and Merger Sub, the closing of the transactions contemplated by the merger agreement (which we refer to in this joint proxy statement/prospectus as the closing) will occur on the second business day after satisfaction or, to the extent permitted by applicable law, waiver of the conditions set forth in the merger agreement (except for any conditions that by their nature can only be satisfied on the closing date, but subject to the satisfaction or valid waiver of such conditions) (which we refer to in this joint proxy statement/prospectus as the closing date).

**Merger Consideration Received by Rockwood Shareholders; No Fractional Shares**

At the effective time of the merger, as a result of the merger, each share of Rockwood common stock (other than Rockwood excluded shares) issued and outstanding immediately prior to the effective time of the merger will be converted into the right to receive:

\$50.65 in cash, without interest; and

0.4803 of a share of Albemarle common stock.

In lieu of the issuance of any fractional share of Albemarle common stock to which a Rockwood shareholder would otherwise be entitled, the shareholder will be entitled to receive an amount in cash, without interest, equal to (a) the

net proceeds from the sale of shares of Albemarle common stock representing all such fractional shares multiplied by (b) a fraction, the numerator of which is the amount of fractional interests to which such holder of shares of Rockwood common stock would otherwise be entitled and the denominator of which is the aggregate number of all such fractional shares.

### **Treatment of Rockwood Stock Options and Other Equity-Based Awards**

#### **Treatment of Rockwood Stock Options**

Each outstanding and unexercised Rockwood stock option will be converted into an option to acquire a number of shares of Albemarle common stock determined by multiplying the number of shares underlying such Rockwood stock option by the sum of (x) the exchange ratio (0.4803) plus (y) the quotient obtained by dividing the cash portion of the merger consideration (\$50.65) by the volume weighted average price of a share of Albemarle common stock over the five trading days prior to the merger, subject to the same terms and conditions of the Rockwood stock option as in effect prior to the merger. The applicable exercise price will also be appropriately adjusted in a manner designed to maintain the intrinsic value of the Rockwood stock option. All outstanding Rockwood stock options have fully vested and are exercisable under the terms of their respective stock option plans and award agreements.

## **Table of Contents**

### **Treatment of Rockwood Restricted Stock Units**

Each outstanding performance-based restricted stock unit in respect of Rockwood common stock will, upon the effective time of the merger, be converted into the right to receive a cash payment calculated based on the achievement of performance conditions as of the effective time of the merger, which payment will vest and become payable on the payment date set out in the applicable award agreement or, if earlier, upon a qualifying termination of employment. Achievement of performance conditions under performance-based restricted stock unit awards will be determined based on the total shareholder return (in the case of performance-based restricted stock units) or stock price multiple (in the case of performance-based market stock units) based on either Rockwood's total shareholder return compared against a specified peer group or the increase in Rockwood's stock price, respectively, in each case, as determined at the beginning of the performance period, compared to the CIC Per Share Price. The CIC Per Share Price will equal the sum of (x) the cash portion of the merger consideration (\$50.65) plus (y) the product of the exchange ratio (0.4803) and the volume weighted average price of a share of Albemarle common stock over the five trading days prior to the merger. In addition, following the merger and until the payment date, the amount payable to award recipients will accrue interest annually at LIBOR plus 2.0%.

### **Conversion of Shares; Exchange of Certificates**

The conversion of shares of Rockwood common stock (other than Rockwood excluded shares) into the right to receive the merger consideration will occur automatically at the effective time of the merger.

### **Book-Entry Shares**

Holders of book-entry shares will not be required to deliver a certificate representing shares of Rockwood common stock or an executed letter of transmittal to the exchange agent to receive the merger consideration that such holder is entitled to receive in respect of such book-entry shares. Rather, each holder of record of one or more book-entry shares whose shares of Rockwood common stock were converted into the right to receive the merger consideration will automatically upon the effective time of the merger be entitled to receive, and Albemarle will cause the exchange agent to pay and deliver as promptly as practicable after the effective time of the merger, (i) the merger consideration, with the stock portion of such consideration in book-entry form unless a certificate is requested, (ii) any dividends or other distributions payable in respect of such whole number of shares of Albemarle common stock and (iii) any cash payment in lieu of fractional shares of Albemarle common stock payable in accordance with the terms of the merger agreement, and the book-entry shares of such holder of Rockwood common stock will be cancelled thereafter. No interest will be paid or accrue on any cash payable upon conversion of any book-entry shares.

### **Certificates**

As soon as reasonably practicable (but in any event within five business days) after the closing date, the exchange agent will mail a letter of transmittal to each holder of record of a certificate of Rockwood common stock. The letter of transmittal will specify that delivery will be effected, and risk of loss and title to the certificates representing Rockwood common stock will pass, only upon delivery of such certificates to the exchange agent, and will be in a form and have such customary provisions as Rockwood and Albemarle may reasonably agree prior to the effective time of the merger. The letter of transmittal will be accompanied by instructions for use in effecting the surrender of the certificates in exchange for the merger consideration.

Until holders of certificates previously representing shares of Rockwood common stock have surrendered their certificates and letter of transmittal for exchange, and such other documents as may reasonably be required by the exchange agent, those holders will not receive (i) the merger consideration, (ii) any dividends or other distributions

payable in respect of such whole number of shares of Albemarle common stock or (iii) any cash payment in lieu of fractional shares of Albemarle common stock. When holders of certificates previously representing shares of Rockwood common stock have surrendered their certificates and letter of transmittal for exchange, and such other documents as may reasonably be required by the exchange agent, they will receive (i) the merger consideration, (ii) any dividends or other distributions payable in respect of such whole number of shares of Albemarle common stock and (iii) any cash payment in lieu of fractional shares of Albemarle common stock, and the certificate surrendered will be cancelled. No interest will be paid or accrue on any cash payable upon surrender of any certificate. **Rockwood shareholders should not return stock certificates with the enclosed proxy card.**

Albemarle, the surviving entity or the exchange agent are entitled to deduct and withhold from the consideration otherwise payable pursuant to the merger agreement to any former holder of Rockwood common stock, a Rockwood stock option or a Rockwood restricted stock unit, such amounts as are required to be deducted and withheld under the Code, or under any provision of state, local or foreign law. Any amount deducted or withheld and duly paid over to the applicable tax authority will be treated as having been paid to such shareholder in respect of which such deduction or withholding was made.

**Table of Contents**

**Appraisal Rights**

Under Section 262 of the DGCL, holders of Rockwood common stock who do not vote in favor of the adoption of the merger agreement and who otherwise follow the procedures set forth in Section 262 of the DGCL will be entitled to have their shares appraised by the Delaware Court of Chancery and to receive payment in cash of the fair value of the shares, exclusive of any element of value arising from the accomplishment or expectation of the merger, together with a fair rate of interest, if any, as determined by the court. This value could be more than, less than or the same as the value of the merger consideration. For a more complete description of the available appraisal rights, see *The Merger Appraisal Rights* beginning on page 87.

**Conditions to the Completion of the Merger**

**Conditions to Each Party's Obligations to Complete the Merger**

Albemarle, Rockwood and Merger Sub are obligated to complete the merger subject to the satisfaction, or to the extent permitted by applicable law, waiver, of several conditions, including the following:

the adoption of the merger agreement by the holders of a majority of the outstanding shares of Rockwood common stock at the Rockwood special meeting;

the approval of the Albemarle share issuance by a majority of votes cast by the holders of Albemarle common stock at the Albemarle special meeting;

the shares of Albemarle common stock to be issued to Rockwood shareholders pursuant to the merger agreement and any such other shares of Albemarle common stock to be reserved for issuance in connection with the merger have been approved for listing on the NYSE, subject to official notice of issuance;

the absence of any law, constitution, treaty, convention, ordinance, code, rule, statute, regulation or other similar requirement, or any temporary, preliminary or permanent order, writ, injunction, decree, judgment, award, settlement or stipulation promulgated, enacted, rendered, adopted or issued by any governmental entity of competent jurisdiction that prohibits or makes illegal the completion of the merger;

the effectiveness of the registration statement for the shares of Albemarle common stock being issued in the merger, the absence of any stop order suspending such effectiveness and no proceeding seeking a stop order being pending before the SEC; and

the expiration or termination of the waiting period (and any extensions thereof) under the Hart-Scott-Rodino Act applicable to the merger in the United States and the grant of the decisions, orders, consents or expiration of any waiting periods required to consummate the merger under the competition laws of certain other jurisdictions agreed by the parties.

**Conditions to the Obligation of Albemarle and Merger Sub to Complete the Merger**

The obligation of Albemarle and Merger Sub to consummate the merger is further subject to satisfaction or waiver (by Albemarle or Merger Sub) of the following additional conditions:

certain representations and warranties of Rockwood set forth in the merger agreement with respect to (i) the capitalization of Rockwood being true and correct in all material respects and (ii) the absence of a Rockwood material adverse effect since December 31, 2013 being true and correct in all respects, in each case as of the closing date as if made as of the closing date (or, in the case of representations and warranties that address matters only as of a particular date, as of such date);

all other representations and warranties of Rockwood set forth in the merger agreement being true and correct (without giving effect to any materiality or Rockwood material adverse effect qualifier) as of the date of the merger agreement and as of the closing date as though made on or as of such date (or, in the case of representations and warranties that address matters only as of a particular date, as of such date) except where the failure of such representations to be so true and correct, individually or in the aggregate, would not reasonably be expected to have a Rockwood material adverse effect;

Rockwood having performed or complied, in all material respects, with all obligations required to be performed or complied with by it under the merger agreement prior to the completion of the merger; and

the receipt of a certificate from a senior executive officer of Rockwood certifying that the above conditions have been satisfied.

**Table of Contents**

**Conditions to Rockwood's Obligation to Complete the Merger**

Rockwood's obligation to consummate the merger is further subject to satisfaction or waiver (by Rockwood) of the following additional conditions:

certain representations and warranties of Albemarle and Merger Sub set forth in the merger agreement with respect to (i) the capitalization of Albemarle being true and correct in all material respects, and (ii) the absence of an Albemarle material adverse effect since December 31, 2013 being true and correct in all respects, in each case as of the closing date as if made as of the closing date (or, in the case of representations and warranties that address matters only as of a particular date, as of such date);

all other representations and warranties of Albemarle and Merger Sub set forth in the merger agreement being true and correct (without giving effect to any materiality or Albemarle material adverse effect qualifier) as of the date of the merger agreement and as of the closing date as though made on or as of the such date (or, in the case of representations and warranties that address matters only as of a particular date, as of such date) except where the failure of such representations to be so true and correct, individually or in the aggregate, would not reasonably be expected to have, individually or in the aggregate, an Albemarle material adverse effect;

Albemarle and Merger Sub having performed or complied, in all material respects, with all obligations required to be performed or complied with by each of them under the merger agreement prior to the completion of the merger; and

the receipt of a certificate from a senior executive officer of Albemarle certifying that the above conditions have been satisfied.

**Important Definitions**

The merger agreement provides that a "material adverse effect" means, when used in connection with Albemarle or Rockwood, any event, change, condition, occurrence or effect that has had a material adverse effect on the assets, business, financial condition or results of operations of the relevant party and its subsidiaries, taken as a whole, except that no events, changes, conditions, occurrences or effects arising out of or relating to any of the following, either alone or in combination, will constitute or be taken into account in determining a material adverse effect:

any change generally affecting regulatory or political conditions in the United States, European Union or in any other country;

any change generally affecting economic conditions in the United States, European Union or in any other country;

any change generally affecting the capital or financial markets, including changes in interest or exchange rates, in the United States, European Union or in any other country;

any change generally affecting the industries, markets or geographical areas in which the relevant party or any of its subsidiaries operates;

any hurricane, flood, earthquake or other natural disaster;

any military action, civil disturbance (other than in connection with any labor dispute), acts of war (whether or not declared) or terrorism or any outbreak, escalation or worsening of any of the foregoing;

any change or proposed change in GAAP or the interpretation thereof;

any change or proposed change in applicable law or the interpretation thereof;

any change in the price or availability of any raw material or commodity used or sold by the relevant party or any of its subsidiaries;

the negotiation, execution, delivery, pendency or performance of the merger agreement or the consummation of the transactions contemplated by the merger agreement, or any public disclosure relating to any of the foregoing, or the impact of any of the foregoing on relationships, contractual or otherwise, with any person or entities with business relationships with the relevant party or any of its subsidiaries, or any action or inaction by a governmental entity or any proceeding or dispute brought or threatened arising out of or relating to the matters in this bullet point;

with respect to a Rockwood material adverse effect, the pendency or performance of the pigments business disposition agreement, including any amendment or waiver thereof, consent thereunder or termination thereof in compliance with the merger agreement, or the consummation of the transactions contemplated thereby, including the taking of any action or failure to take any action contemplated by the pigments business disposition agreement to facilitate the consummation thereof, or any post-closing indemnity or other liability or obligation arising out of or relating to such agreement (it being understood that any event, change, condition, occurrence or effect underlying any such post-closing indemnity may be taken into account in determining a Rockwood material

adverse effect), or any public disclosure relating to any of the foregoing, or the impact of any of the foregoing on relationships with any person or entities with business relationships, contractual or otherwise, with Rockwood or any of its subsidiaries, or any action or inaction by a governmental entity or any proceeding or dispute brought or threatened arising out of or relating to the matters in this bullet point (it being understood that any event, change, condition, occurrence or effect underlying any such proceeding that is brought after the consummation of the transactions contemplated by the pigments business disposition agreement may be taken into account in determining a Rockwood material adverse effect);

any action taken at the request of the other party or any of its subsidiaries;

any decline in the credit rating, market price or trading volume of any securities or indebtedness of the relevant party or any of its subsidiaries or any failure of the relevant party or any of its subsidiaries to achieve any internal or public earnings or other financial projections or forecasts (it being understood that any event, change, condition, occurrence or effect underlying such decline or failure, other than those relating to the other factors listed here, may be taken into account in determining a material adverse effect); or

any action taken by the other party or its affiliates, including, with respect to a Rockwood material adverse effect, any disclosure regarding Albemarle's plans with respect to the conduct of Rockwood's business following the effective time of the merger;

except, with respect to the second, third and seventh bullet points above, to the extent that the relevant party and its subsidiaries, taken as a whole, are disproportionately adversely affected thereby in any material respect as compared to other participants in the industries in which they operate.

**No Solicitation**

**No Solicitation**

Albemarle and Rockwood have agreed to, and have agreed to cause their respective subsidiaries to:

immediately cease and cause to be terminated any existing activities, discussions or negotiations with any third parties conducted prior to the date of the merger agreement with respect to an acquisition proposal (as defined below);

request the prompt return or destruction of all confidential information previously furnished and immediately terminate all data room access previously granted to any third parties; and

promptly inform their and their subsidiaries' respective representatives of the non-solicitation restrictions contained in the merger agreement.

Albemarle and Rockwood will also not, and will cause their respective subsidiaries not to, terminate, waive, amend or modify any provision of any existing standstill or confidentiality agreement to which any of them are a party, except

that Rockwood or Albemarle, as applicable, may grant a waiver and, will not have to enforce, any such provision to the extent required to permit a third party to submit an acquisition proposal and if the board of directors of Rockwood or Albemarle, as applicable, has determined in good faith, after consultation with its outside legal counsel, that the failure to grant such a waiver could reasonably be expected to be inconsistent with its fiduciary duties under applicable law.

Neither Albemarle, Rockwood, any of their respective subsidiaries nor their or their subsidiaries' respective representatives will, except as described below:

solicit or knowingly facilitate or encourage any inquiry or the making or announcement of any proposal or offer that constitutes an acquisition proposal;

participate or engage in any discussions or negotiations regarding, furnish to any person or entity any information or data with respect to, or otherwise cooperate with or knowingly take any other action to facilitate, any proposal that constitutes an acquisition proposal; or

enter into any letter of intent, agreement in principle or contract relating to or providing for an acquisition proposal (other than a confidentiality agreement entered into in accordance with the terms of the merger agreement).

Each of Albemarle and Rockwood (and their respective subsidiaries and representatives at their request) may, however, prior to the receipt of their respective shareholder approvals, in response to an unsolicited written acquisition proposal that did not result from a material breach of the non-solicitation provisions of the merger agreement, (i) contact any person or entity or its representative who made such acquisition proposal solely for the purpose of clarifying the acquisition proposal or its terms, (ii) furnish information and data to the person or entity making such acquisition proposal and its representatives pursuant to and in accordance with a written confidentiality agreement, containing provisions relating to confidentiality that

---

**Table of Contents**

are no less restrictive in the aggregate than those contained in the confidentiality agreement between Albemarle and Rockwood (it being understood that such confidentiality agreement need not contain standstill provisions) or (iii) participate or engage in discussions or negotiations with such person or entity or its representatives regarding such acquisition proposal (and, if applicable in connection therewith, waive or otherwise modify any standstill or similar agreement) if, prior to taking any action described in clauses (ii) and (iii), its board of directors has determined in good faith, after consultation with its outside legal counsel and financial advisors, that such acquisition proposal constitutes or could reasonably be expected to result in a superior proposal (as defined below) and, after consultation with its outside legal counsel, that the failure to take such action could reasonably be expected to be inconsistent with its fiduciary duties under applicable law. Rockwood and Albemarle must provide the other with non-public information not previously provided to the other at the time, or substantially concurrently with the time, it provides such information to a third party.

Albemarle and Rockwood have also agreed to notify each other promptly after receipt, and in any case within 48 hours after receipt by an executive officer, of any acquisition proposal, the material terms and conditions of the proposal and the identity of the person or entity making the acquisition proposal. Each party has also agreed to keep the other party reasonably informed on a reasonably current basis of the status of any acquisition proposal and to provide the other party with copies of all drafts and final versions of definitive or other agreements (including schedules and exhibits thereto), between it and the third party making the acquisition proposal, relating to such acquisition proposal.

For purposes of the merger agreement, the term acquisition proposal means, with respect to each of Albemarle and Rockwood, any proposal or offer from any person, entity or group relating to any:

direct or indirect acquisition or purchase of a business that constitutes 15% or more of the net sales, operating income or total assets of such party and its subsidiaries, taken as a whole (excluding, in each case, net sales, operating income or assets from discontinued operations), or 15% or more of the total voting power of the equity securities of such party;

tender offer or exchange offer that if consummated would result in any person, entity or group owning 15% or more of the total voting power of the equity securities of such party;

merger, reorganization, consolidation, share exchange, business combination, recapitalization, liquidation, dissolution or similar transaction involving such party (or any of its subsidiary or subsidiaries whose business constitutes 15% or more of the net sales, operating income or total assets of such party and its subsidiaries, taken as a whole (excluding, in each case, net sales, operating income or assets from discontinued operations)); or

any combination of the above;

in each case, not including the merger and the other transactions contemplated by the merger agreement.

For purposes of the merger agreement, the term superior proposal means, with respect to each of Albemarle and Rockwood, a bona fide written acquisition proposal (as defined above, except references to 15% will be replaced with 50% ) made by any person, entity or group that, in the applicable party's board of directors' good faith judgment (after

consultation with its outside legal counsel and financial advisors) would result, if consummated, in a transaction that is more favorable from a financial point of view to its shareholders than the transactions contemplated by the merger agreement, after taking into account the likelihood and timing of consummation and such other matters that the applicable board of directors considers relevant, including legal, financial (including the financing terms of such acquisition proposal), regulatory and other aspects of such acquisition proposal, and the identity of the person, entity or group making the acquisition proposal.

### **Board Recommendation Change**

Each of Albemarle and Rockwood has also agreed that neither its board of directors nor any of its committees will (i) withhold, withdraw or modify, in a manner adverse to the other party, its recommendation to its shareholders to adopt the merger agreement, in the case of Rockwood, or to approve the Albemarle share issuance, in the case of Albemarle, or (ii) authorize, approve or recommend (or publicly propose to authorize, approve or recommend) any acquisition proposal, except that, at any time prior to the applicable shareholder approval, the applicable board of directors may make a change in recommendation:

following receipt of an unsolicited bona fide written acquisition proposal that the applicable board of directors has determined in good faith constitutes a superior proposal, if such board of directors determines in good faith, after consultation with its outside legal counsel, that the failure to take such action could reasonably be expected to be inconsistent with its fiduciary duties under applicable law; or

other than in response to an acquisition proposal, if such board of directors determines in good faith, after consultation with its outside legal counsel, that the failure to take such action could reasonably be expected to be inconsistent with its fiduciary duties under applicable law.

## **Table of Contents**

In addition to the exception above, the Rockwood board of directors may, at any time prior to its shareholder approval, terminate the merger agreement following receipt of an unsolicited bona fide written acquisition proposal that the applicable board of directors has determined in good faith constitutes a superior proposal, if the Rockwood board of directors determines in good faith, after consultation with its outside legal counsel, that a failure to terminate the merger agreement could reasonably be expected to be inconsistent with its fiduciary duties under applicable law. If Rockwood terminates the merger agreement for this reason, Rockwood would have to pay to Albemarle a termination fee of \$180 million (as described below under *Termination of the Merger Agreement* and *Payment of Certain Fees and Expenses* ).

Any change in the recommendation of the board of directors or, in the case of Rockwood, termination of the merger agreement under the circumstances described in the immediately preceding paragraph may only occur after:

the applicable party has provided the other with a written notice, advising that it intends to effect a change in the recommendation or, in the case of Rockwood, terminate of the merger agreement, and specifying in reasonable detail the reasons for such change or termination, as applicable; and

if requested by the other party, both parties have negotiated in good faith for five business days to amend the terms of the merger agreement, (a) in the case of a proposed recommendation change or, in the case of Rockwood, termination of the merger agreement following receipt of an unsolicited bona fide written acquisition proposal that the applicable board of directors has determined in good faith constitutes a superior proposal, such that the acquisition proposal would no longer constitute a superior proposal and (b) in the case of a proposed recommendation change other in response to an acquisition proposal, in a manner that obviates the need to effect such recommendation change.

A subsequent amendment to the amount or form of consideration payable in connection with the original acquisition proposal will require the applicable party to comply again with these procedures one additional time, provided that neither Rockwood nor Albemarle will be required to negotiate with the other more than twice and the length of the second negotiation period will be three business days instead of five.

Nothing described above will prohibit Albemarle or Rockwood from complying with Rule 14e-2(a) or Rule 14d-9 under the Exchange Act in respect of any acquisition proposal, making a statement contemplated by Item 1012(a) of Regulation M-A (or any similar communication to shareholders) or making a stop, look and listen or similar communication to shareholders of the type contemplated by Rule 14d-9(f) under the Exchange Act; this exception does not apply with respect to Albemarle recommending that its shareholders tender any securities in connection with any tender or exchange offer (or otherwise authorizing, approving or recommending any acquisition proposal) or withholding, withdrawing or modifying the recommendation of its board of directors, in which case Albemarle may only do so if it was otherwise permitted to withhold, withdraw or modify its recommendation as described above.

### **Termination of the Merger Agreement**

The merger agreement may be terminated and the merger may be abandoned at any time prior to the closing, whether before or after the adoption of the merger agreement by the shareholders of Rockwood or the approval of the Albemarle share issuance by the shareholders of Albemarle (except as otherwise stated below):

by the mutual written consent of Albemarle and Rockwood;

by either of Albemarle or Rockwood if any court or governmental entity of competent jurisdiction has issued an order permanently restraining, enjoining or otherwise prohibiting the merger and that order has become final and non-appealable, except that this termination right will not be available to any party who has not used its reasonable best efforts to oppose that order and to have that order vacated or made inapplicable to the merger;

by either of Albemarle or Rockwood if the merger is not consummated on or before May 15, 2015 (which we refer to in this joint proxy statement/prospectus as the outside date), except that this termination right will not be available to any party whose failure to perform in all material respects its obligations under the merger agreement is the primary cause of the failure of the merger to have been consummated by the outside date;

by either of Albemarle or Rockwood if Albemarle shareholders, at the Albemarle special meeting, do not approve the Albemarle share issuance;

by either of Albemarle or Rockwood if Rockwood shareholders, at the Rockwood special meeting, do not adopt the merger agreement;

by Rockwood if:

the board of directors of Albemarle (i) withholds, withdraws or adversely modifies (or proposes publicly to withhold, withdraw or adversely modify) its recommendation that its shareholders approve the Albemarle share issuance or (ii) authorizes, approves or recommends (or publicly proposes to authorize, approve or recommend) an acquisition proposal;

**Table of Contents**

the board of directors of Albemarle fails to publicly reaffirm its recommendation that its shareholders approve the Albemarle share issuance within ten business days after receipt of a written request by Rockwood to provide this reaffirmation following an acquisition proposal that has been publicly announced or that has become publicly known;

Albemarle enters into a contract or agreement relating to an acquisition proposal (other than a confidentiality agreement in compliance with the non-solicitation provisions of the merger agreement);  
or

Albemarle or its board of directors publicly announces its intention to do any of the above;

by Rockwood if Albemarle or Merger Sub has breached any of their respective representations, warranties, covenants or agreements under the merger agreement, which breach, either individually or in the aggregate, would give rise to the failure of a condition to the completion of the merger, that is incapable of being cured by the outside date, regarding the accuracy of Albemarle's or Merger Sub's representations and warranties or their respective compliance with their respective covenants, subject to certain materiality or material adverse effect qualifications as described above under *Conditions to the Completion of the Merger* *Conditions to Rockwood's Obligation to Complete the Merger*; except that Rockwood does not have this termination right if Rockwood is, as of the time of the purported termination, in material breach of any of its covenants or agreements under the merger agreement;

by Rockwood if at any time prior to the adoption of the merger agreement by the shareholders of Rockwood, the board of directors of Rockwood decides to enter into a binding agreement that provides for a superior proposal for Rockwood, but only if Rockwood is not in material breach of the non-solicitation provisions of the merger agreement and pays a \$180 million termination fee as more fully described in *Payment of Certain Fees and Expenses* *Payment of Termination Fees*;

by Albemarle if:

the board of directors of Rockwood (i) withholds, withdraws or adversely modifies (or proposes publicly to withhold, withdraw or adversely modify) its recommendation that its shareholders adopt the merger agreement or (ii) authorizes, approves or recommends (or publicly proposes to authorize, approve or recommend) an acquisition proposal;

the board of directors of Rockwood fails to publicly reaffirm its recommendation that its shareholders adopt the merger agreement within ten business days after receipt of a written request by Albemarle to provide this reaffirmation following an acquisition proposal that has been publicly announced or that has become publicly known;

Rockwood enters into a contract or agreement relating to an acquisition proposal (other than a confidentiality agreement in compliance with the non-solicitation provisions of the merger agreement); or

Rockwood or its board of directors publicly announces its intention to do any of the above; or

by Albemarle if Rockwood has breached any of its representations, warranties, covenants or agreements under the merger agreement, which breach, either individually or in the aggregate, would give rise to the failure of a condition to the completion of the merger, that is incapable of being cured by the outside date, regarding the accuracy of Rockwood's representations and warranties or its compliance with its covenants, subject to certain materiality or material adverse effect qualifications as described above under *Conditions to the Completion of the Merger*; *Conditions to the Obligation of Albemarle and Merger Sub to Complete the Merger*; except that Albemarle does not have this termination right if Albemarle or Merger Sub is, as of the time of the purported termination, in material breach of any of its respective covenants or agreements under the merger agreement.

### **Payment of Certain Fees and Expenses**

#### **General**

The merger agreement states that each party will pay the fees and expenses that it incurs whether or not the merger is consummated.

#### **Payment of Termination Fees**

Rockwood is required to pay Albemarle a termination fee of \$180 million (less any expenses of Albemarle paid by Rockwood to Albemarle) if:

Albemarle terminates the merger agreement because of a change in recommendation of the Rockwood board of directors that Rockwood shareholders adopt the merger agreement or as a result of the failure of the board of directors of Rockwood to reaffirm its recommendation when required to do so in accordance with the merger agreement, Rockwood's entry into a contract or agreement relating to an acquisition proposal or any public announcement of Rockwood or its board of directors of its intention to do any of the above (as described above under *Termination of the Merger Agreement*);

---

**Table of Contents**

(i) either Albemarle or Rockwood terminates the merger agreement on or after the outside date because of the merger not being consummated and the Rockwood special meeting has not occurred, (ii) either Albemarle or Rockwood terminates the merger agreement because the adoption of the merger agreement by Rockwood shareholders at the Rockwood special meeting has not been approved or (iii) Albemarle terminates the merger agreement because Rockwood has breached its representations, warranties, covenants or agreements under the merger agreement resulting in the failure of a condition to the completion of the merger and, in each of the above cases, an acquisition proposal involving Rockwood has become publicly known and not withdrawn, at any time after the date of the merger agreement and prior to, in the case of clause (i), the date of termination, in the case of clause (ii), the time of the taking of the vote of the shareholders of Rockwood at the Rockwood special meeting, or, in the case of clause (iii), the date of the breach giving rise to termination, and within nine months of such termination, either Rockwood enters into a definitive agreement with respect to (and subsequently completes) an acquisition proposal for Rockwood or consummates a transaction contemplated by an acquisition proposal for Rockwood; or

Rockwood terminates the merger agreement in order to permit Rockwood to enter into a binding agreement providing for a superior proposal.

Albemarle is required to pay Rockwood a termination fee equal to \$300 million (less any expenses of Rockwood paid by Albemarle to Rockwood) if:

Rockwood terminates the merger agreement because of a change in recommendation of the board of directors of Albemarle that Albemarle shareholders approve the Albemarle share issuance or as a result of the failure of the board of directors of Albemarle to reaffirm its recommendation when required to do so in accordance with the merger agreement, Albemarle's entry into a contract or agreement relating to an acquisition proposal or any public announcement by Albemarle or its board of directors of its intention to do any of the above (as described above under *Termination of the Merger Agreement*); or

(i) either Albemarle or Rockwood terminates the merger agreement on or after the outside date because of the merger not being consummated and the Albemarle special meeting has not occurred, (ii) either Albemarle or Rockwood terminates the merger agreement because the approval of the Albemarle share issuance by Albemarle shareholders at the Albemarle special meeting has not been obtained or (iii) Rockwood terminates the merger agreement because Albemarle has breached its representations, warranties, covenants or agreements under the merger agreement resulting in the failure of a condition to the completion of the merger and, in each of the above cases, an acquisition proposal involving Albemarle has become publicly known and not withdrawn, at any time after the date of the merger agreement and prior to, in the case of clause (i), the date of termination, in the case of clause (ii), the time of the taking of the vote of the shareholders of Albemarle at the Albemarle special meeting, or, in the case of clause (iii), the date of the breach giving rise to termination, and within nine months of such termination, either Albemarle enters into a definitive agreement with respect to (and subsequently completes) an acquisition proposal for Albemarle or consummates a transaction contemplated by an acquisition proposal for Albemarle.

For purposes of the termination fees, all references to 15% in the definition of acquisition proposal will be deemed a reference to 50%.

**Payment of Certain Expenses**

Rockwood must pay Albemarle for up to \$25 million of its reasonably documented out-of-pocket fees and expenses incurred in connection with the transactions contemplated by the merger agreement if either Albemarle or Rockwood terminates the merger agreement as a result of the failure of Rockwood shareholders to adopt the merger agreement at the Rockwood special meeting.

Albemarle must pay Rockwood for up to \$25 million of its reasonably documented out-of-pocket fees and expenses incurred in connection with the transactions contemplated by the merger agreement if either Albemarle or Rockwood terminates the merger agreement as a result of the failure of Albemarle shareholders to approve the Albemarle share issuance at the Albemarle special meeting.

### **Conduct of Business Pending the Merger**

Albemarle and Rockwood have agreed in the merger agreement that, until the effective time of the merger, except for certain agreed upon exceptions or as consented to in writing by the other party (such consent not to be unreasonably withheld, conditioned or delayed), each party and each of its subsidiaries will:

conduct its and their respective businesses in the ordinary course consistent with past practice;

use commercially reasonable efforts to preserve its present business organization;

**Table of Contents**

maintain in effect all its and their current permits as necessary to operate their businesses; and

keep available the services of its and their executive officers and key employees on commercially reasonable terms and maintain its and their relationships with its and their customers, suppliers and others having material business relationships with it or any of them, in each case consistent with past practice.

**Conduct of Business by Rockwood**

In the merger agreement, Rockwood has also agreed that, until the effective time of the merger, except for certain agreed upon exceptions, as required by applicable law or as consented to in writing by Albemarle (such consent not to be unreasonably withheld, conditioned or delayed), it will not, and will cause its subsidiaries not to (subject to certain exceptions), do or agree, resolve or commit to do, any of the following:

amend or modify any of its or its subsidiaries' organizational documents;

issue, sell, grant, dispose of, pledge or otherwise encumber any of its securities or equity interests in respect of, in lieu of, or in substitution for, its securities, other than issuances of its common stock in connection with the exercise of Rockwood stock options or settlement of Rockwood restricted stock units that are outstanding on the date of the merger agreement, or issuance of securities between or among Rockwood and its direct or indirect wholly-owned subsidiaries;

**Conduct of Business by Albemarle**

In the merger agreement, Albemarle has also agreed that, until the effective time of the merger, except for certain agreed upon exceptions, as required by applicable law or as consented to in writing by Rockwood (such consent not to be unreasonably withheld, conditioned or delayed), it will not, and will cause its subsidiaries not to (subject to certain exceptions), do or agree, resolve or commit to do, any of the following:

amend or modify any of its organizational documents;

issue, sell or authorize the issuance or sale of any securities of Albemarle, or equity interests in respect of, in lieu of, or in substitution for, such securities, other than (i) the issuance of shares pursuant to the exercise of existing stock options or settlement of equity-based awards under its employee benefit plans, (ii) the grant of equity-based compensation awards to new hires, and to current officers and employees in the ordinary course of business, or (iii) the issuance of securities between or among Albemarle and its direct or indirect wholly-owned subsidiaries;

intellectual property matters;

insurance matters;

broker's fees; and

In addition, Albemarle also makes representations and warranties relating to financing of the merger, including the due execution and delivery, validity and enforceability of the Commitment Letter between Albemarle, Bank of America, N.A. and Merrill Lynch, Pierce, Fenner & Smith Incorporated, described in *Financing*. The receipt of financing by Albemarle, however, is not a condition to the completion of the merger.

The representations and warranties in the merger agreement were made as of specific dates. The assertions embodied in those representations and warranties were made solely for purposes of the contract among Albemarle, Rockwood and Merger Sub and may be subject to important qualifications and limitations agreed by the parties in connection with negotiating the terms of the merger agreement. Additionally, subject to certain exceptions, the representations and warranties contained in the merger agreement are qualified by the information disclosed by Albemarle or Rockwood, as applicable, in their public filings with the SEC prior to the date of the merger agreement, excluding any risk factor disclosure, disclosure of risks in any forward-looking statements disclaimer and any other statements that are similarly predictive or forward-looking in nature. Moreover, certain representations and warranties may not be accurate or complete as of any specified date because they are subject to a contractual standard of materiality different from those generally applicable to shareholders and in some cases may be qualified by disclosures made by one party to the other in the disclosure letter delivered by each party to the other, which are not necessarily reflected in the merger agreement or were used for the purpose of allocating risk between Albemarle and Rockwood rather than establishing matters as facts. Certain of the representations and warranties in the merger agreement are subject to materiality and material adverse effect qualifications. This means that those representations and warranties would not be deemed untrue, inaccurate or incorrect as a consequence of matters that are not

## **Table of Contents**

material or as a result of matters that would not, individually or in the aggregate, reasonably be expected to have a material adverse effect on the party making the representations (defined in *Conditions to the Completion of the Merger Important Definitions*). In addition, certain of the representations and warranties in the merger agreement are subject to knowledge qualifications, which means that those representations and warranties would not be deemed untrue, inaccurate or incorrect as a result of matters of which certain identified representatives or employees of the party making the representation did not have actual knowledge, after reasonable inquiry. Finally, information concerning the subject matter of the representations and warranties in the merger agreement may have changed since the date of the merger agreement, which may or may not be fully reflected in Albemarle's and Rockwood's public disclosures.

Albemarle and Rockwood will provide additional disclosure in their public reports to the extent that they are aware of the existence of any material facts that are required to be disclosed under federal securities laws and that might otherwise contradict the terms and information contained in the merger agreement and will update such disclosure as required by federal securities laws.

## **Additional Terms**

### **Reasonable Best Efforts**

Upon the terms and subject to the conditions of the merger agreement, Albemarle and Rockwood have agreed to use their reasonable best efforts (i) to comply promptly with all legal requirements which may be imposed on each party or its subsidiaries with respect to the merger and, subject to the conditions described in *Conditions to the Completion of the Merger*, to consummate the merger and the other transactions contemplated by the merger agreement as promptly as practicable and (ii) to obtain (and to cooperate with the other party to obtain) any consent, authorization, order, decision or approval of, or any exemption by, any governmental entity and any other third person or entity which is required to be obtained by any party or its subsidiaries in connection with the merger and the transactions contemplated by the merger agreement, and to comply with the terms and conditions of any such consent, authorization, order or approval.

Albemarle and Rockwood further agreed to use reasonable best efforts to take, or cause to be taken, all actions necessary, proper or advisable to consummate and make effective, as soon as practicable after the date of the merger agreement, the transactions contemplated by the merger agreement, including using reasonable best efforts to lift or rescind any decision, injunction or restraining order or other order adversely affecting the ability of the parties to consummate the transactions contemplated by the merger agreement and using reasonable best efforts to defend any litigation seeking to enjoin, prevent or delay the consummation of the transactions contemplated by the merger agreement or seeking material damages. Under the terms of the merger agreement, the parties have agreed to use reasonable best efforts to obtain the consent or approval of relevant governmental entities, so long as such actions would not reasonably be expected to have a material adverse effect on the business of Albemarle or Rockwood as the surviving corporation of the merger.

Neither Albemarle nor Rockwood will be required to propose, commit to or effect any action that is not conditioned on the completion of the merger or that would reasonably be expected (after giving effect to any reasonably expected proceeds of any divestiture, sale of assets or other actions required to obtain applicable regulatory approvals) to have a material adverse effect on the business of Albemarle or Rockwood as the surviving corporation.

Albemarle will use its reasonable best efforts to cause the shares of Albemarle common stock to be issued in connection with the merger to be listed on the NYSE, subject to official notice of issuance, prior to the closing date.

## **Shareholder Meetings**

The merger agreement provides that Albemarle and Rockwood will use their reasonable best efforts to hold the Albemarle shareholder meeting and the Rockwood shareholder meeting on the same date. Each of Albemarle and Rockwood will convene its respective shareholder meeting as soon as practicable following the effectiveness of the registration statement on Form S-4, of which this joint proxy statement/prospectus forms a part. However, either Rockwood or Albemarle may postpone its respective shareholder meeting for no more than 30 days from the date for which such meeting was originally scheduled (excluding any adjournments or postponements that the applicable party reasonably determines are required by applicable law) if on the date of such meeting it has not received proxies representing a sufficient number of shares of its common stock to adopt the merger agreement, in the case of Rockwood, or to approve the Albemarle share issuance, in the case of Albemarle.

## **Employee Benefits and Related Matters**

Following the effective time of the merger, Albemarle will cause the surviving corporation to honor all obligations under certain of Rockwood's compensation, retention and severance arrangements and agreements and collective bargaining agreements in accordance with their terms as in effect immediately before the effective time of the merger. Commencing at

## **Table of Contents**

the effective time of the merger and until the earlier of (x) the first anniversary of the effective date of the merger and (y) December 31, 2015, the surviving corporation will provide each Rockwood employee (other than employees subject to a collective bargaining agreement) with substantially comparable aggregate cash compensation opportunities (base salary and bonus) as provided by Rockwood on the date of the merger agreement, and certain employee benefits (not including equity-based awards or benefits under defined benefit pension plans), that are either substantially comparable in the aggregate to those provided by Rockwood on the date of the merger agreement or substantially similar to those provided to similarly-situated employees of Albemarle.

Albemarle will give full credit, for purposes of eligibility and vesting under applicable employee benefit and compensation plans or arrangements maintained by Albemarle, for service by Rockwood employees to the same extent that such service was credited for comparable employee benefits plans by Rockwood (other than for purposes of benefits under a defined benefit pension plan) immediately prior to the effective time of the merger, unless it would result in a duplication of benefits.

With respect to Rockwood's 2014 annual bonus plan for the performance period beginning January 1, 2014 and ending December 31, 2014, if the merger is completed prior to December 31, 2014, bonus amounts will be calculated based on target level of performance in respect of fiscal year 2014, and the surviving corporation will pay bonuses thereunder in the ordinary course before March 15, 2015. If the merger is completed after December 31, 2014, bonus amounts will be calculated based on actual results and performance achieved in respect of fiscal year 2014, and the surviving corporation or Rockwood (as applicable) will pay bonuses thereunder in the ordinary course before March 15, 2015.

If the merger is completed during fiscal year 2015, with respect to Rockwood's 2015 annual bonus plan for the performance period beginning January 1, 2015 and ending December 31, 2015, Rockwood will set the fiscal year 2015 targets and budget in consultation with Albemarle, and the surviving corporation will pay bonuses thereunder in the ordinary course in 2016, subject to continued employment on the payment date. The aggregate target bonus amounts in respect of the 2015 annual bonus plan may not exceed 110% of the aggregate 2014 target bonus amounts.

Rockwood may grant retention bonuses and/or increased severance to its employees in connection with the completion of the transactions contemplated by the merger agreement in an amount not to exceed \$20 million, including the amounts payable to the named executive officers described in *The Merger Interests of Rockwood Directors and Executive Officers in the Merger Retention Bonuses*.

## **Indemnification and Insurance**

After the effective time of the merger, the entity surviving the merger will, and Albemarle will cause the surviving corporation to, (i) indemnify, defend and hold harmless, to the fullest extent permitted under applicable law, each past and present director, officer and employee of Rockwood or of any of its subsidiaries and all fiduciaries under the Rockwood employee benefit plans (which we refer to in this joint proxy statement/prospectus collectively as the indemnified persons) against all costs, expenses (including attorneys' fees and expenses and disbursements), judgments, fines, losses, claims, damages or liabilities incurred in connection with any proceeding, arising out of or pertaining to the fact that such indemnified person is or was serving in such capacity, whether asserted or claimed before, at or after the effective time of the merger (including with respect to the consummation of the transactions contemplated by the merger agreement) and provide advancement of expenses to the indemnified persons and (ii) not settle, compromise or consent to the entry of any judgment in any proceeding (in which indemnification could be sought by an indemnified person under the merger agreement), unless such settlement, compromise or consent includes an unconditional release of such indemnified person from all liability arising out of such proceeding or such indemnified person otherwise consents in writing.

For a period of six years after the effective time of the merger, the surviving corporation will, and Albemarle will cause the surviving corporation to honor and maintain all rights to indemnification, advancement of expenses and exculpation of each indemnified person as provided in Rockwood's certificate of incorporation and/or bylaws in effect on the date of the merger agreement and all rights to indemnification and advancement of expenses of each indemnified person as provided in any indemnification or other agreement to which Rockwood or any of its subsidiaries is a party.

The merger agreement also provides that, for a period of six years after the effective time of the merger, the surviving corporation will, and Albemarle will cause the surviving corporation to maintain in effect the coverage provided by the current directors' and officers' liability insurance and fiduciary liability insurance policies maintained by Rockwood and its subsidiaries for claims arising from acts and omissions that occurred on or before the effective time of the merger. The coverage must be from a carrier with the same or better credit ratings than the existing carrier with terms, conditions, retentions and levels of coverage being no less favorable than those of the existing insurance coverage currently maintained by Rockwood, except that Albemarle will not be required to pay an annual premium for such insurance in excess of 300% of the current annual premium applicable to the policies in effect as of the effective time of the merger (but is obligated to

## **Table of Contents**

provide the best overall coverage as may be obtained for 300% of such current annual premium). In lieu of the foregoing, Rockwood or Albemarle may purchase a six-year tail directors and officers liability insurance and fiduciary liability insurance policy from a carrier with the same or better credit ratings than the existing carrier and with terms, conditions, retentions and levels of coverage being no less favorable than those of the existing insurance coverage currently maintained by Rockwood.

The indemnification and insurance rights provided to the indemnified persons under the merger agreement are in addition to any other rights such indemnified person may have under law, any contract to which such indemnified person is party or otherwise.

## **Financing**

Albemarle and Merger Sub must use reasonable best efforts to obtain the proceeds of the financing on the terms and conditions described in the commitment letter, including using reasonable best efforts to (i) maintain in full force and effect the commitment letter, (ii) negotiate and enter into definitive documents for the financing on terms and conditions not materially less favorable to Albemarle and Merger Sub than those contemplated by the commitment letter, (iii) satisfy on a timely basis (or obtain waiver of) all conditions and covenants in the commitment letter and the definitive financing agreements within their control, (iv) consummate the financing at or prior to the closing and (v) enforce their rights under the commitment letter.

Albemarle and Merger Sub must keep Rockwood reasonably informed of their efforts to arrange the financing, including promptly notifying Rockwood of material breaches or defaults by any party to the commitment letter or any definitive financing document or receipt by Albemarle or Merger Sub of any notice of any material dispute regarding the financing.

Without the prior written consent of Rockwood, Albemarle and Merger Sub may not agree, permit, or consent to any amendment, supplement or modification to, the commitment letter or the definitive financing documents that would (i) reduce the aggregate cash proceeds of the financing, (ii) change or impose new or additional conditions to the receipt of the financing or (iii) otherwise reasonably be expected to prevent or materially delay the closing date or make the timely funding of the financing or the satisfaction of the conditions to obtaining the financing less likely.

Albemarle and Merger Sub may not permit or consent to any waiver of any remedy under the commitment letter or to any early termination of the commitment letter.

If, notwithstanding the reasonable best efforts of Albemarle and Merger Sub to comply with the merger agreement, any of the financing or the commitment letter (or any definitive financing agreement related thereto) expire or are terminated or otherwise become unavailable prior to the closing, Albemarle and Merger Sub must (i) promptly notify Rockwood and (ii) use reasonable best efforts to arrange for alternative financing (in an amount sufficient to pay, when added to the other resources of Albemarle and other financing arrangements, the amount required to pay the aggregate cash portion of the merger consideration) from other sources on terms and conditions not materially less favorable, taken as a whole, to Albemarle and Merger Sub than those in the commitment letter.

The obtaining of the Financing is not a condition to the closing. If the financing has not been obtained, Albemarle and Merger Sub will continue to be obligated, prior to any termination of the merger agreement, subject to the fulfillment or waiver of the conditions to the merger, to complete the merger and consummate the other transactions contemplated hereby.

Prior to the completion of the merger, Rockwood will, and will use reasonable best effort to cause its subsidiaries and their respective representatives to, provide Albemarle with all cooperation reasonably requested in connection with the arrangement, marketing and consummation of the financing that does not unreasonably interfere with ongoing operations of Rockwood, including using reasonable best efforts to:

deliver financial and other pertinent information regarding Rockwood and its subsidiaries as may be reasonably requested by Albemarle and that is customarily required for financings of the type contemplated by the commitment letter, including certain (A) financial statements and (B) information to enable Albemarle to prepare pro forma financial statements, in each case, consistent with Rockwood's past practices for preparing such information;

to the extent customarily required, make appropriate officers available to participate in a reasonable number of meetings, presentations, road shows, due diligence sessions and sessions with rating agencies;

provide reasonable assistance to Albemarle in the preparation of customary offering documents, including confidential information memoranda, prospectuses, private placement memoranda, offering memoranda and bank confidential information memoranda and road show materials, rating agency materials and other similar documents necessary in connection with the financing and provide reasonable and customary representations and authorization letters related thereto;

**Table of Contents**

furnish to the financing sources party to the commitment letter, upon reasonable request in writing, all information regarding Rockwood and its subsidiaries that is required in connection with the financing by U.S. regulatory authorities under applicable know your customer and anti-money laundering rules and regulations, including the Patriot Act;

assist Albemarle in obtaining corporate, corporate family, credit facility and securities ratings from rating agencies;

assist Albemarle in obtaining (A) customary consents (including consents with respect to inclusion of Rockwood's financial statements and any audit opinions in respect thereof in any prospectus or offering memorandum or similar documents for any portion of the financing) and (B) customary comfort letters of Rockwood's independent accountants (including negative assurances comfort);

cooperate with Albemarle's and Merger Sub's legal counsel in connection with any legal opinions that such legal counsel may be required to obtain in connection with the financing; and

execute customary certificates as may be reasonably requested by Albemarle as necessary in connection with the financing (except, that (A) any such certificates will not be executed except in connection with the closing of any financing and (B) no personal liability will be imposed on the officers or employees involved).

Notwithstanding the foregoing, neither Rockwood nor any of its subsidiaries or any of their respective representatives will be required to (1) take any action that would reasonably be expected to conflict with or violate Rockwood's or any of its subsidiaries' constituent documents or any law or result in the breach of any material contract or (2) pay any commitment or similar fee, reimburse any expenses, provide any indemnities or incur or assume any liability or obligation.

Albemarle must reimburse Rockwood for all out-of-pocket costs (including reasonable attorneys' fees) incurred by Rockwood or its subsidiaries in performing their obligations under the financing covenants of the merger agreement, and indemnify Rockwood for any and all liabilities incurred by Rockwood or any of its subsidiaries arising therefrom.

In addition, in connection with the Rockwood notes, Rockwood has agreed to:

after the effectiveness of the registration statement on Form S-4, of which this joint proxy statement/prospectus forms a part, and so long as Rockwood has received completed consent solicitation documents reasonably acceptable to it and Albemarle and Merger Sub have performed or complied in all material respects with their agreements to be performed as of such date, use its reasonable best efforts to commence, on a date designated by Albemarle on at least five business days' notice to Rockwood, a consent solicitation with respect to the Rockwood notes on customary terms and conditions reasonably acceptable to Albemarle and Rockwood;

use its reasonable best efforts to obtain the requisite consents from holders of Rockwood notes to effect such consents, amendments or waivers requested by the consent solicitation;

retain a financial institution reasonably requested by Albemarle and reasonably acceptable to Rockwood to act as sole solicitation agent in connection with the consent solicitation, execute a customary solicitation agent agreement, in form and substance reasonably acceptable to Albemarle and Rockwood, with such financial institution and use its reasonable best efforts to provide the solicitation agent with (or assist the solicitation agent in obtaining) a list of holders of Rockwood notes, customary legal opinions as may be reasonably requested by the solicitation agent and any other customary documents reasonably required by the solicitation agent in connection with the consent solicitation;

assuming the requisite consents are received, execute supplemental indentures to the indenture governing the Rockwood notes, which supplemental indentures will implement the consents, amendments or waivers requested by the consent solicitation and will become operative upon the conditions thereto being satisfied or waived and on or after the effective time of the merger, and execute customary closing certificates and other similar documents as may be reasonably requested by the trustee for the Rockwood notes in connection with the execution of any supplemental indenture; and

use its reasonable best efforts to obtain customary legal opinions as may be reasonably requested by the trustee for the Rockwood notes in connection with the execution of any supplemental indenture.

Albemarle, at its own expense, must prepare all necessary and appropriate documentation in connection with the solicitation of holders of Rockwood notes pursuant to the consent solicitation (which must be reasonably acceptable to each of Albemarle and Rockwood), must pay any consideration payable to holders of Rockwood notes and all fees and expenses in connection with the consent solicitation.

Albemarle and Merger Sub will, on a joint and several basis, indemnify and hold harmless Rockwood, its subsidiaries, and its and their officers, directors and representatives and each person, if any, who controls Rockwood within the meaning of Section 20 of the Exchange Act from and against any and all liabilities suffered or incurred by them in connection with the

## **Table of Contents**

consent solicitation and the consent solicitation documents, except that neither Albemarle nor Merger Sub will have any obligation to indemnify and hold harmless any such party or person to the extent that any such liabilities suffered or incurred arises from disclosure regarding Rockwood supplied by Rockwood or in a document filed or furnished by Rockwood with the SEC since December 31, 2010 that is determined by a court to have contained a material misstatement or omission.

The consummation of the consent solicitation is not a condition to closing.

### **Appointment of Additional Albemarle Directors**

The Albemarle board of directors has approved an amendment of Albemarle's bylaws, to be effective as of the effective time of the merger, to increase the number of directors that constitute the Albemarle board of directors from ten to eleven. Prior to the effective time of the merger, Albemarle will secure the resignation of two members of the Albemarle board of directors effective as of the effective time of the merger. Albemarle will appoint to the Albemarle board of directors, effective as of the effective time of the merger, three individuals designated by the Rockwood board of directors. If a designee is not a member of the Rockwood board of directors as of the date of the merger agreement, such designee must be reasonably acceptable to the Nominating & Governance Committee of the Albemarle board of directors.

The Rockwood designees will serve on the Albemarle board of directors until the next annual meeting of Albemarle shareholders and will be nominated for election at such next annual meeting to serve until the next subsequent annual meeting of Albemarle shareholders and until their respective successors are duly elected and qualified. So long as any Rockwood designee continues to serve on the Albemarle board of directors, until the second annual meeting of Albemarle shareholders following the completion of the merger, at least one member of each committee of the Albemarle board of directors must be a Rockwood designee.

### **Amendment; Extension and Waiver**

#### **Amendment**

Subject to applicable law, the merger agreement may be amended by written agreement among Albemarle, Rockwood and Merger Sub at any time prior to the closing date. Certain provisions however, may not be amended in a manner adverse to a financing source without the written consent of such financing source and, following receipt of shareholder approvals, no amendment may be made which would require further approval or authorization of such shareholders without the approval of such shareholders.

#### **Extension and Waiver**

At any time prior to closing and except as required by applicable law, Albemarle, Rockwood and Merger Sub may, without approval of its respective shareholders:

extend the time for the performance of any of the obligations or acts of the other parties;

waive any inaccuracies in the representations and warranties of the other parties set forth in the merger agreement or any document delivered pursuant to the merger agreement; or

waive compliance with any of the agreements or conditions of the other parties contained in the merger agreement.

Any agreement on the part of a party to any such extension or waiver will be valid only if set forth in an instrument in writing signed on behalf of such party.

### **Governing Law; Specific Performance; Third-Party Beneficiaries**

#### **Governing Law**

The parties have agreed that the merger agreement will be governed by Delaware law.

#### **Specific Performance**

The parties are entitled to an injunction or injunctions to prevent breaches or threatened breaches of the merger agreement and to enforce specifically the performance of the terms and provisions of the merger agreement, without, to the fullest extent permitted by law, securing or posting any bond, in addition to any other remedy to which they are entitled at law or in equity.

**Table of Contents**

**Third-Party Beneficiaries**

The merger agreement is not intended to confer any rights, benefits, remedies, obligations or liabilities upon any person or entity other than Albemarle, Rockwood and Merger Sub and their respective successors and assigns with the exception of:

rights of Rockwood indemnified parties, described in *Indemnification and Insurance*;

rights of financing sources in respect of certain amendments to the merger agreement, as described in *Amendment; Extension and Waiver Amendment*;

rights of Rockwood designees to serve on the Albemarle board of directors, as described in *Appointment of Additional Albemarle Directors*; and

following the effective time of the merger, the rights of holders of shares of Rockwood common stock, Rockwood stock options and Rockwood restricted stock units to receive the merger consideration in accordance with the terms of the merger agreement.

**Table of Contents**

**ACCOUNTING TREATMENT**

Albemarle prepares its financial statements in accordance with GAAP. The merger will be accounted for using the acquisition method of accounting with Albemarle being considered the acquirer of Rockwood for accounting purposes. This means that Albemarle will allocate the purchase price to the fair value of Rockwood's tangible and intangible assets and liabilities at the acquisition date, with the excess purchase price being recorded as goodwill. Under the acquisition method of accounting, goodwill is not amortized but is tested for impairment at least annually.

**Table of Contents**

**UNAUDITED PRO FORMA CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

The following unaudited pro forma condensed combined financial information has been prepared to illustrate the effect of the merger. Under the terms of the merger agreement, each outstanding share of Rockwood common stock (other than any Rockwood excluded share) will be converted into the right to receive \$50.65 in cash, without interest, and 0.4803 of a share of Albemarle common stock.

The following unaudited pro forma condensed combined financial statements give effect to the merger under the acquisition method of accounting in accordance with Financial Accounting Standards Board (FASB) Accounting Standard Codification (which we refer to in this joint proxy statement/prospectus as ASC) Topic 805, *Business Combinations* (which we refer to in this joint proxy statement/prospectus as ASC 805), with Albemarle treated as the acquirer. The historical consolidated financial information has been adjusted in the unaudited pro forma condensed combined financial statements to give effect to pro forma events that are (1) directly attributable to the merger, (2) factually supportable, and (3) with respect to the statements of operations, expected to have a continuing impact on the combined results of Albemarle and Rockwood. Although Albemarle has entered into the merger agreement, there is no guarantee that the merger will be completed. The unaudited pro forma condensed combined balance sheet is based on the individual historical consolidated balance sheets of Albemarle and Rockwood as of June 30, 2014, and has been prepared to reflect the merger as if it occurred on June 30, 2014. The unaudited pro forma condensed combined statement of operations for the year ended December 31, 2013 and the six-months ended June 30, 2014 combines the historical results of operations of Albemarle and Rockwood, giving effect to the merger as if it occurred on January 1, 2013.

The unaudited pro forma condensed combined statements of operations exclude the impact of the Rockwood pigments business and the impact of Albemarle's antioxidant, ibuprofen and propofol businesses and assets, which are classified as discontinued operations in Rockwood's and Albemarle's historical financial statements, respectively. In addition, the unaudited pro forma condensed combined balance sheet assumes the consummation of the Pigments Sale; however, we have not reflected the potential sale of Albemarle's discontinued operations and related assets in these unaudited pro forma condensed combined financial statements. The unaudited pro forma condensed combined statements of operations do not reflect future events that may occur after the merger, including, but not limited to, the anticipated realization of ongoing savings from operating synergies; and certain one-time charges Albemarle expects to incur in connection with the transaction, including, but not limited to, costs in connection with integrating the operations of Albemarle and Rockwood.

These unaudited pro forma condensed combined financial statements are for informational purposes only. They do not purport to indicate the results that would actually have been obtained had the merger been completed on the assumed date or for the periods presented, or which may be realized in the future. To produce the pro forma financial information, Albemarle adjusted Rockwood's assets and liabilities to their estimated fair values. As of the date of this joint proxy statement/prospectus, Albemarle has not completed the detailed valuation work necessary to arrive at the required estimates of the fair value of the Rockwood assets to be acquired and the liabilities to be assumed and the related allocation of purchase price, nor has it identified all adjustments necessary to conform Rockwood's accounting policies to Albemarle's accounting policies. A final determination of the fair value of Rockwood's assets and liabilities will be based on the actual net tangible and intangible assets and liabilities of Rockwood that exist as of the date of completion of the merger and, therefore, cannot be made prior to that date. Additionally, the value of the portion of the merger consideration to be paid in shares of Albemarle common stock will be determined based on the trading price of shares of Albemarle common stock at the time of the completion of the merger. Accordingly, the accompanying unaudited pro forma purchase price allocation is preliminary and is subject to further adjustments as additional information becomes available and as additional analyses are performed. The preliminary unaudited pro forma purchase price allocation has been made solely for the purpose of preparing the accompanying unaudited pro

forma condensed combined financial statements. The preliminary purchase price allocation was based on reviews of publicly disclosed allocations for other acquisitions in the chemical industry, Albemarle's historical experience, data that was available through the public domain and Albemarle's due diligence review of Rockwood's business. Until the merger is completed, both companies are limited in their ability to share information with each other. Upon the completion of the merger, valuation work will be performed and any increases or decreases in the fair value of relevant statement of financial position amounts will result in adjustments to the statement of financial position and/or statements of operations until the purchase price allocation is finalized. There can be no assurance that such finalization will not result in material changes from the preliminary purchase price allocation included in the accompanying unaudited pro forma condensed combined financial statements.

The unaudited pro forma condensed combined financial statements should be read in conjunction with:

**Table of Contents****Notes to Unaudited Pro Forma Condensed Combined Financial Statements****1. Description of Transaction and Basis of Presentation**

On July 15, 2014, Albemarle, Rockwood and Merger Sub entered into the merger agreement, under the terms of which each outstanding share of Rockwood common stock (other than Rockwood excluded shares) will be converted into the right to receive \$50.65 in cash, without interest, and 0.4803 of a share of Albemarle common stock.

Also, at the effective time of the merger, each outstanding and unexercised Rockwood stock option, all of which were fully vested at the time of the execution of the merger agreement, will be converted into an option to acquire a number of shares of Albemarle common stock (rounded down to the nearest whole share) determined by multiplying the number of shares of Rockwood common stock underlying such Rockwood stock option by the sum of (a) the exchange ratio (0.4803) plus (b) the quotient obtained by dividing the cash portion of the merger consideration (\$50.65) by the volume weighted average price of a share of Albemarle common stock over the five trading days prior to the merger, on substantially the same terms and conditions as were applicable to such option immediately prior to the effective time of the merger. The applicable exercise price will also be appropriately adjusted in a manner designed to maintain the intrinsic value of the Rockwood stock option. For purposes of the unaudited pro forma condensed combined financial statements, the number of shares of Albemarle common stock underlying the Albemarle stock option to be received upon the conversion is equal to the number of shares of Rockwood common stock underlying the Rockwood stock option, multiplied by 1.3 (which conversion ratio is based on the closing price of Albemarle's common stock on the New York Stock Exchange of \$64.05 on September 19, 2014 (the most recent practicable date prior to the filing of this joint proxy statement/prospectus)). This conversion is not expected to result in any merger-related compensation expense with respect to the vested options. The conversion ratio of 1.3 times the number of shares of Rockwood common stock is calculated using a five day average volume weighted average price for shares of Albemarle common stock as of September 18, 2014; the actual conversion ratio will be determined at the time of the completion of the merger as provided pursuant to the terms of the merger agreement.

In addition, at the effective time of the merger, all restricted stock units (which we refer to in this joint proxy statement/prospectus as RSUs) of Rockwood, which were issued to certain employees of Rockwood, will be converted into the right to receive a cash payment on the original payment date set out in the applicable award agreement or, if earlier, upon a qualifying termination of employment. Achievement of the performance conditions for purposes of calculating the cash payment will be determined based on total shareholder return compared to a peer group of Rockwood (in the case of performance-based restricted stock units) or the increase in the Rockwood share price (in the case of performance-based market stock units), in each case, from the beginning of the performance period through the effective date of the merger, compared to the CIC Per Share Price. The CIC Per Share Price will equal the sum of (x) the cash portion of the merger consideration (\$50.65) plus (y) the product of the exchange ratio (0.4803) and the volume weighted average price of a share of Albemarle common stock over the five trading days prior to the merger. In addition, following the merger and until the vesting date, the amount payable to award recipients will accrue interest at LIBOR plus 2.0% per annum, computed daily on the basis of a year of 364 days. The calculated value of the cash payment for purposes of the unaudited pro forma condensed combined financial statements is \$81.41 per Rockwood RSU, based on the closing price of Albemarle's common stock on the New York Stock Exchange of \$64.05 on September 19, 2014 (the most recent practicable date prior to the filing of this joint proxy statement/prospectus). Albemarle will assume a liability for the portion of the cash payments related to pre combination services and will recognize post combination expense over the remaining vesting period related to these cash payments. Additionally, the unaudited pro forma condensed combined balance sheet as of June 30, 2014 includes a liability related to payments of retention and/or increased severance amounts expected to be paid to certain of Rockwood's executive officers and other employees for pre combination services according to employment contracts.

The merger is reflected in the unaudited pro forma condensed combined financial statements as being accounted for under the acquisition method in accordance with ASC 805, *Business Combination*, with Albemarle treated as the acquirer. Under the acquisition method, the total estimated purchase price is calculated as described in Note 4. In accordance with ASC 805, the assets acquired and the liabilities assumed have been measured at fair value based on various preliminary estimates. These estimates are based on key assumptions related to the merger, including reviews of publicly disclosed allocations for other acquisitions in the chemical industry, Albemarle's historical experience, data that was available through the public domain and Albemarle's due diligence review of Rockwood's business. Due to the fact that the unaudited pro forma condensed combined financial information has been prepared based on preliminary estimates, the final amounts recorded for the merger may differ materially from the information presented herein. These estimates are subject to change pending further review of the fair value of assets acquired and liabilities assumed. In addition, the final determination of the recognition and measurement of the identified assets acquired and liabilities assumed will be based on the fair market value of actual net tangible and intangible assets and liabilities of Rockwood at the date of completion of the merger.

For purposes of measuring the estimated fair value, where applicable, of the assets acquired and the liabilities assumed as reflected in the unaudited pro forma condensed combined financial information, Albemarle has applied the guidance in ASC 820, *Fair Value Measurements and Disclosures* (which we refer to in this joint proxy statement/prospectus as ASC

---

**Table of Contents**

820), which establishes a framework for measuring fair value. In accordance with ASC 820, fair value is an exit price and is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Under ASC 805, acquisition-related transaction costs and acquisition-related restructuring charges are not included as components of consideration transferred but are accounted for as expenses in the period in which the costs are incurred.

The unaudited pro forma condensed combined financial statements were prepared in accordance with GAAP and pursuant to U.S. Securities and Exchange Commission Regulation S-X Article 11, and present the pro forma financial position and results of operations of the consolidated companies based upon the historical information after giving effect to the merger and adjustments described in these footnotes. The unaudited pro forma condensed combined balance sheet is presented as if the merger had occurred on June 30, 2014; and the unaudited pro forma condensed combined statement of operations for the year ended December 31, 2013 and the six-month period ended June 30, 2014 is presented as if the merger had occurred on January 1, 2013.

The unaudited pro forma condensed combined financial information does not reflect ongoing cost savings that Albemarle expects to achieve as a result of the merger or the costs necessary to achieve these costs savings or synergies.

**2. Accounting Policy Changes and Reclassifications**

Albemarle performed certain procedures for the purpose of identifying any material differences in significant accounting policies between Albemarle and Rockwood, and any accounting adjustments that would be required in connection with adopting uniform policies. Procedures performed by Albemarle involved a review of Rockwood's publicly disclosed summary of significant accounting policies, including those disclosed in Rockwood's Annual Report on Form 10-K for the year ended December 31, 2013 and preliminary discussion with Rockwood management regarding Rockwood's significant accounting policies to identify material adjustments. While Albemarle expects to engage in additional discussion with Rockwood's management and continue to evaluate the impact of Rockwood's accounting policies on its historical results after completion of the merger, Albemarle's management does not believe there are any differences in the accounting policies of Rockwood and Albemarle that will result in material adjustments to Albemarle's consolidated financial statements as a result of conforming Rockwood's accounting policies to those of Albemarle, except the accounting for pension and other postretirement benefits and the presentation of certain financial statement line items as discussed below.

Rockwood's historical consolidated financial statements presented or incorporated by reference herein have not been retrospectively adjusted for the change in accounting methodology for pension and other postretirement benefit (which we refer to in this joint proxy statement/prospectus as OPEB) plan actuarial gains and losses, which Albemarle adopted in 2012. Rockwood historically recognized actuarial gains and losses related to its pension and OPEB plans in its consolidated balance sheets as Accumulated other comprehensive income (loss) within shareholders' equity, with amortization of these gains and losses that exceed 10 percent of the greater of plan assets or projected benefit obligations recognized each quarter in its consolidated statements of income over the average future service period of active employees. Under the new method of accounting, referred to as mark-to-market accounting, these gains and losses are recognized annually in the consolidated statements of operations in the fourth quarter and whenever a plan is determined to qualify for a remeasurement during a fiscal year. While Rockwood's historical policy of recognizing pension and OPEB plan expense was considered acceptable under GAAP, Albemarle believes that its policy is preferable as it eliminates the delay in recognizing gains and losses within operating results. To present the pro forma information for each company on a comparable basis, the column Effect of Accounting Change and Reclassification has been added to reflect the impact of such change on the historical financial statements of Rockwood. The estimated

additional mark to market adjustment for Rockwood's pension and OPEB plans was a \$6.5 million increase to Pension and postretirement benefits and decrease to retained earnings (\$4.2 million net of \$2.3 million deferred tax assets) to Rockwood's unaudited adjusted pro forma balance sheet as of June 30, 2014, and an \$11.4 million reduction in pension expense for the year ended December 31, 2013, of which \$3.9 million and \$7.5 million was recognized as a reduction to Cost of goods sold and Selling, general, and administrative expenses, respectively, and a reduction in pension expense of \$2.5 million for the six-months ended as of June 30, 2014, of which \$0.9 million and \$1.6 million was recognized as a reduction of Cost of goods sold and Selling, general, and administrative expenses, respectively, on the unaudited pro forma condensed combined statements of operations. Additionally, the pro forma condensed combined balance sheet as of June 30, 2014 includes a pro forma adjustment of \$35.5 million (\$23.1 million net of taxes) increase in Pension and postretirement benefits to reflect the assumed pension and postretirement liability at fair value.

Additionally, the historical consolidated financial statements of Rockwood presented herein have been adjusted by condensing certain line items in order to conform to Albemarle's financial statement presentation; these reclassifications are also reflected in the column Effect of Accounting Change and Reclassifications.

**Table of Contents****3. Discontinued Operations**

In September 2013, Rockwood entered into a definitive agreement to the Rockwood pigments business to Huntsman Corporation (which we refer to in this joint proxy statement/prospectus as Huntsman) for approximately \$1.325 billion (since reduced to \$1.275 billion), including the assumption by Huntsman of \$225 million in pension obligations and subject to other customary adjustments. This transaction is expected to close in October 2014, prior to the merger, and is subject to the receipt of regulatory approval by the European Commission. The Rockwood pigments business is reflected as discontinued operations in the historical financial statements of Rockwood.

As the closing of the transaction between Rockwood and Huntsman is probable and factually supportable, for purposes of these unaudited pro forma condensed combined financial statements, we have given recognition to the anticipated sale of the Rockwood pigments business for estimated cash proceeds of \$1.01 billion, which reflects expected working capital and other adjustments. As a result the unaudited pro forma condensed combined balance sheet has been adjusted to (i) increase cash by \$1,005,700,000, (ii) to eliminate assets held for sale of \$1,574,200,000 and (iii) reflect in Retained earnings, since the unaudited pro forma condensed combined statements of operations only reflects continuing operations, the expected gain of \$8.6 million net of taxes (or approximately \$13.2 million before taxes) on the anticipated sale; in addition a pro forma adjustment to Income taxes payable in the amount of \$4.6 million was recorded, which was calculated based on a federal statutory tax rate of 35%. This transaction is reflected in the column Sale of Discontinued Operations.

**4. Preliminary Consideration Transferred and Preliminary Fair Value of Net Assets Acquired**

The merger has been accounted for using the acquisition method of accounting in accordance with ASC 805, which requires, among other things, that the assets acquired and liabilities assumed be recognized at their acquisition date fair values, with any excess of the consideration transferred over the estimated fair values of the identifiable net assets acquired recorded as goodwill. In addition, ASC 805 establishes that the common stock issued to effect the merger be measured at the date the merger is completed at the then-current market price.

Based on (1) the closing price of Albemarle's common stock on the NYSE of \$64.05 per share on September 19, 2014 (the most recent practicable date prior to the filing of this joint proxy statement/prospectus) (2) the number of shares of Rockwood common stock outstanding as of September 19, 2014 (the most recent practicable date prior to the filing of this joint proxy statement/prospectus), and (3) the number of options to purchase Rockwood common stock that are outstanding at June 30, 2014, the total consideration would have been approximately \$5.8 billion. Changes in the share price of Albemarle common stock, or changes in the number of outstanding shares of Rockwood common stock or stock options outstanding could result in material differences in the consideration and, thus, the purchase price and related purchase price allocation. At the effective time of the merger, each outstanding share of Rockwood common stock (other than Rockwood excluded shares) will be cancelled and converted into the right to receive (1) \$50.65 in cash, without interest, and (2) 0.4803 of a share of Albemarle common stock.

The following is a preliminary estimate of the consideration to be paid by Albemarle in the merger (in millions):

Cash transferred (\$50.65 x 71,240 shares of Rockwood common stock outstanding)	\$ 3,608.3
Value of Albemarle shares issued to shareholders of Rockwood (71,240 shares of Rockwood common stock converted to 34,217 shares of Albemarle common stock at a 0.4803 conversion rate)	2,191.6
Value of previously vested Rockwood stock options converted into Albemarle stock options (at specified exchange ratio)	39.9

Total value of consideration transferred	\$ 5,839.8
--	------------

The estimated value of the consideration does not purport to represent the actual value of the total consideration that will be received by Rockwood's shareholders when the merger is completed. In accordance with GAAP, the fair value of the equity securities issued as part of the consideration will be measured at the closing date of the merger at the then-current market price. This requirement will likely result in a per share value component different from the \$64.05 per share on September 19, 2014 assumed in the calculation, and that difference may be material. For example, an increase or decrease of 10% in the price of Albemarle's common stock on the closing date of the merger from the price of Albemarle stock assumed in these unaudited pro forma condensed combined financial statements would change the value of the consideration by approximately \$219.2 million, which would be reflected as an equivalent increase or decrease to goodwill.

**Table of Contents**

The following is a summary of the preliminary estimated fair values of the net assets acquired (in millions):

Total estimated consideration transferred	\$ 5,839.8

<b>Total Assets</b>	<b>\$ 6,389.5</b>
Accounts payable, accrued expenses and other liabilities	\$ 278.5
Deferred tax liabilities	872.5
Long term debt	1,347.0
Pension and postretirement benefits	308.3
Other noncurrent liabilities	137.7

Net assets to be acquired	\$ 3,445.5
<b>Goodwill</b>	<b>\$ 2,394.3</b>

Albemarle has made preliminary allocation estimates based on limited access to information and will not have sufficient information to make final allocations until after the completion of the merger. The final determination of the purchase price allocation is anticipated to be completed as soon as practicable after the completion of the merger. Albemarle anticipates that the valuations of the acquired assets and liabilities will include, but not be limited to, inventory, property, plant and equipment, customer relationships, brand names, patents and other intellectual property, trade names and trademarks, and other potential intangible assets. The valuations will consist of physical appraisals, discounted cash flow analyses, or other appropriate valuation techniques to determine the fair value of the assets acquired and liabilities assumed.

The final merger consideration, and amounts allocated to assets acquired and liabilities assumed in the merger, could differ materially from the preliminary amounts presented in these unaudited pro forma condensed combined financial statements. A decrease in the fair value of assets acquired or an increase in the fair value of liabilities assumed in the merger from those preliminary valuations presented in these unaudited pro forma condensed combined financial statements would result in a dollar-for-dollar corresponding increase in the amount of goodwill that will result from the merger. In addition, if the value of the acquired assets is higher than the preliminary indication, it may result in higher amortization and depreciation expense than is presented in these unaudited pro forma condensed combined financial statements.

**5. Pro Forma Adjustments**

Adjustments included in the column labeled Pro Forma Adjustments in the unaudited pro forma condensed combined financial statements are as follows:

- a) Represents the preliminary net adjustment to cash in connection with the merger (in millions):

Cash portion of merger consideration	\$ (3,608.3)
Proceeds from additional borrowings, net of refinancing of Albemarle 2015 Senior Notes	1,550.0
Payment of transaction costs	(105.0)
Pro forma adjustment to cash	\$ (2,163.3)

Components of the adjustment include an increase in cash resulting from new debt expected to be incurred in connection with the merger (net of the use of proceeds to refinance \$325.0 million of Albemarle 2015 Senior Notes), a decrease in cash resulting from payment of the cash component of the merger consideration, and estimated transaction related costs of \$105 million, consisting of financing fees of \$30 million and advisory costs of \$75 million. Management of cash balances required to meet the cash component of the merger consideration could result in significant cash tax impacts, which are not estimable and have not been incorporated into the pro forma financial statements.

- b) Reflects the preliminary estimated fair value adjustment to inventory acquired in the merger. As raw materials inventory was assumed to be at market value, the adjustment is related to work-in-process and finished goods inventory. The preliminary fair value of finished goods inventory to be acquired in the merger was determined based on an analysis of

**Table of Contents**

estimated future selling prices, costs of disposal, and gross profit on disposal costs. The preliminary fair value of work-in-process inventory also considered costs to complete inventory and estimated profit on these costs. The audited historical condensed statements of operations and unaudited pro forma condensed combined statements of operations do not reflect the impacts on cost of sales of an increase of \$80.1 million of the estimated purchase accounting adjustment; this amount is directly related to the merger and is not expected to have a continuing impact on Albemarle's operations.

- c) Represents the adjustment to property, plant and equipment to reflect the preliminary fair market value and the depreciation expense related to the change in fair value of property, plant and equipment recorded in relation to the merger. The amounts assigned to property, plant and equipment, the estimated useful lives, and the estimated depreciation expense related to the property, plant and equipment acquired are as follows (in millions):

	Preliminary fair value	Estimated average life (years)	Depreciation expense for the weighted average year ended December 31, 2013	Depreciation expense for the weighted average year ended June 30, 2014
Land	\$ 116.0		\$	\$
Buildings and improvements	232.2	12	19.7	9.8
Machinery and equipment	289.0	10	28.9	14.5
Furniture and fixtures	47.6	5	9.5	4.8
Mining rights	640.0		23.0	14.1
Construction in progress	248.7			
<b>Total</b>	<b>\$ 1,573.5</b>		<b>\$ 81.1</b>	<b>\$ 43.2</b>
Less: Rockwood historical PP&E and depreciation expense	884.4		\$ 67.1	\$ 37.7
<b>Pro forma adjustments</b>	<b>\$ 689.1</b>		<b>\$ 14.0</b>	<b>\$ 5.5</b>

Depreciation expense has been estimated based upon the nature of activities associated with the property, plant and equipment acquired, and depletion expense related to the mining rights has been estimated based on expected units of production. Therefore, for purposes of these unaudited pro forma condensed combined financial statements, Albemarle has reflected \$10.4 million and \$3.6 million of estimated additional depreciation and depletion expense in Cost of goods sold and Selling, general and administrative expenses, respectively, for the year ended December 31, 2013; and \$3.3 million and \$2.2 million, respectively, for the six months ended June 30, 2014. With other assumptions held constant, a 10% increase in the fair value adjustment for property, plant and equipment would increase annual pro forma depreciation and depletion expense by approximately \$8.1 million.

- d) Reflects the preliminary estimated adjustment to goodwill as a result of the merger. Goodwill represents the excess of the consideration transferred over the preliminary fair value of the assets acquired and liabilities assumed as described in Note 4. The goodwill will not be amortized, but instead will be tested for impairment at least annually and whenever events or circumstances have occurred that may indicate a possible impairment exists. In the event management determines that the value of goodwill has become impaired, Albemarle will incur

an accounting charge for the amount of the impairment during the period in which the determination is made. The goodwill is attributable to the expected synergies of the combined business operations, new growth opportunities, and the acquired assembled and trained workforce of Rockwood. The goodwill is not expected to be deductible for tax purposes.

The preliminary pro forma adjustment to goodwill is calculated as follows (in millions):

Preliminary purchase price	\$ 5,839.8
Less: Fair value of net assets to be acquired	3,445.5
Total estimated goodwill	2,394.3
Less: Rockwood historical goodwill	657.9
Pro forma adjustment	\$ 1,736.4

**Table of Contents**

- e) Reflects the pro forma impact of the recognized identifiable intangible assets that are being acquired and the related amortization expense related to the change in fair value of identifiable intangible assets acquired. The preliminary amounts assigned to the identifiable intangible assets, the estimated useful lives, and the estimated amortization expense related to these identifiable intangible assets are as follows (in millions):

	Preliminary fair value	Estimated weighted average life (years)	Amortization expense for the year ended December 31, 2013	Amortization expense for the six months ended June 30, 2014
Patents and other intellectual property	\$ 60.0	15	\$ 4.0	\$ 2.0
Trade names and trademarks	440.0	35	12.6	6.3
Customer relationships	990.0	19	52.1	26.0
Brand names	240.0	20	12.0	6.0
<b>Total</b>	<b>\$ 1,730.0</b>		<b>\$ 80.7</b>	<b>\$ 40.3</b>
Less: Rockwood historical intangible assets and amortization expense	120.1		26.3	13.3
<b>Pro forma adjustments</b>	<b>\$ 1,609.9</b>		<b>\$ 54.4</b>	<b>\$ 27.0</b>

Albemarle has reflected the estimated additional amortization expense of \$1.7 million and \$52.7 million in Cost of goods sold and Selling, general and administrative expenses, respectively for the year ended December 31, 2013; and \$1.0 million and \$26.0 million in Cost of goods sold and Selling, general and administrative expenses, respectively, for the six months ended June 30, 2014. With other assumptions held constant, a 10% increase in the fair value adjustment for amortizable intangible assets would increase annual pro forma amortization by approximately \$8.1 million.

The estimated fair value of amortizable intangible assets is expected to be amortized on a straight-line basis over the estimated useful lives. The amortizable lives reflect the periods over which the assets are expected to provide material economic benefit. The estimated life of the patents is based on the period over which they are expected to provide legal patent protection. The estimated lives of the trade names and brand names reflect the substantial periods over which they are expected to maintain influence in the market. The life of the customer relationships was determined after consideration of Rockwood's historical customer buying and attrition patterns. Albemarle's preliminary evaluations have indicated that there is relatively low turnover in Rockwood's customers and management has no reason to believe that these general patterns will change in the future.

- f) To fund transaction-related items, the cash portion of the merger consideration and other one-time costs, and to refinance its existing \$325.0 million of 2015 5.1% Senior Notes, Albemarle is expected to incur \$1.875 billion of additional debt, with maturities ranging from five to thirty years and an expected weighted average interest rate of 3.738% on the principle amount of the debt.

As of June 30, 2014, Rockwood's estimated fair value of its unsecured Senior Notes due in 2020, which are expected to remain outstanding following the merger, was \$1,304.0 million, based on quoted market values in active markets

from financial service providers. The preliminary adjustment to long-term debt in connection with the merger is as follows (in millions):

Proceeds from borrowings, net of refinancing of 2015 Senior Notes	\$ 1,550.0
Fair value of Rockwood's debt assumed (including lease obligations)	1,347.0
Less: Rockwood's historical long-term debt, including \$10.3 of current portion	(1,292.3)
Pro forma adjustment to Long term debt	\$ 1,604.7

Albemarle is expected to incur \$30 million in debt issuance costs in conjunction with the new borrowings; these debt issuance costs will be capitalized as Deferred financing costs, net on the pro forma balance sheet and amortized over the life of the underlying debt instrument. In addition, deferred financing costs of \$16.6 million related to Rockwood's debt were written off in connection with the merger. As such, the net pro forma adjustment to Deferred financing costs on the unaudited pro forma balance sheet is \$13.4 million.

**Table of Contents**

The preliminary adjustment reflects the estimated interest expense to be incurred by Albemarle as a result of the new borrowings (in millions):

	<b>Interest expense for the year ended December 31, 2013</b>	<b>Interest expense for the six months ended June 30, 2014</b>
Reversal of amortization of Rockwood deferred financing fees written off in pro forma adjustment	\$ (4.4)	\$ (1.3)
Amortization of estimated capitalized debt issuance costs related to new borrowings	2.2	1.1
Amortization of fair value adjustment related to assumed debt	(6.8)	(3.4)
Reversal of interest expense on 2015 Senior Notes	(16.6)	(8.3)
Estimated interest expense on borrowings (1)	70.1	35.0
Pro forma adjustment	\$ 44.5	\$ 23.1

- (1) A change of  $\frac{1}{8}\%$  (12.5 basis points) in the interest rate would result in a \$2.3 million change in annual interest expense.
- g) Transaction-related costs recognized as Selling, general, and administrative expenses by Albemarle and Rockwood related to the merger during the year ended December 31, 2013 of \$0.4 million and \$0.8 million, respectively, and of \$0.2 million and \$0.5 million for the six months ended June 30, 2014, respectively, have not been eliminated from the unaudited pro forma statement of operations as such amounts are not significant; however, these items are directly attributable to the merger and will not have an ongoing impact.
- h) Represents the unaudited pro forma adjustment to accrued expenses of \$25.9 million related to payments of retention and/or increased severance amounts expected to be paid to certain of Rockwood's executive officers and other employees for pre combination services according to employment contracts (\$16.8 million net of related income taxes receivable of \$9.1 million which is recorded in Other current assets in the unaudited pro forma condensed combined balance sheet as of June 30, 2014).
- i) Represents the elimination of Rockwood's historical equity balances, certain of which have been adjusted for retrospective application of the accounting methodology change for pensions and OPEB plan actuarial gains and losses described in Note 2. In addition, reflects the issuance of approximately 34.2 million shares of Albemarle common stock at closing (based upon the number of shares of Rockwood common stock at September 19, 2014 and shares underlying equity compensation awards outstanding at June 30, 2014).

The unaudited pro forma adjustment to Common stock is calculated as follows (in millions):

Edgar Filing: ALBEMARLE CORP - Form S-4/A

Common stock from merger (34,217 shares issued at par (\$0.01))	\$ 0.3
Less: Rockwood's historical common stock	(0.8)
<b>Pro forma adjustment</b>	<b>\$ (0.5)</b>

The unaudited pro forma adjustment to Additional paid-in-capital is calculated as follows (in millions):

Additional paid-in-capital from merger (34,217 shares issued at \$64.05 less par)	\$ 2,191.2
Value of previously vested Rockwood stock options converted into Albemarle stock options	39.9
Less: Rockwood's historical additional paid-in-capital	(1,279.0)
<b>Pro forma adjustment</b>	<b>\$ 952.1</b>

The unaudited pro forma adjustment to Retained earnings is calculated as follows (in millions):

Tax benefit of one-time advisory costs	\$ 26.2
Advisory costs	(75.0)
<b>Total other adjustments</b>	<b>(48.8)</b>
Less: Rockwood historical retained earnings, including sale of discontinued operations and accounting change	(1,887.0)
<b>Pro Forma adjustment</b>	<b>\$ (1,935.8)</b>

Retained earnings was reduced for estimated transaction costs, including estimated remaining transaction fees of \$75.0 million related to one-time costs (\$48.8 million, net of \$26.2 million of related income taxes receivable reflected in Other current assets). These estimated transaction costs have been excluded from the unaudited pro forma condensed

**Table of Contents**

combined statements of operations as they reflect charges directly attributable to the merger that will not have an ongoing impact on Albemarle. No significant transaction costs have been accrued by either Albemarle or Rockwood in their historical financial statements for the year ended December 31, 2013 and for the six months ended June 30, 2014.

- j) In connection with the merger, pursuant to the change of control provisions of the RSU agreements, all RSUs will be converted into the right to receive, on the original vesting date or, if earlier, upon a qualifying termination of employment, a fixed cash payment (rather than a cash payment based on the value of shares of Rockwood common stock at the time of payment). Achievement of the performance conditions for purposes of calculating the cash payment will be determined based on total shareholder return compared to a peer group of Rockwood (in the case of performance-based restricted stock units) or the increase in the Rockwood share price (in the case of performance-based market stock units), in each case, from the beginning of the performance period through the effective date of the merger, compared to the CIC Per Share Price. The CIC Per Share Price will equal the sum of (x) the cash portion of the merger consideration (\$50.65) plus (y) the product of the exchange ratio (0.4803) and the volume weighted average price of a share of Albemarle common stock over the five trading days prior to the merger. In addition, following the merger and until the vesting date, the amount payable to award recipients will accrue interest at LIBOR plus 2.0% per annum, compounded daily on the basis of a year of 364 days. The calculated value of the cash payment for purposes of the unaudited pro forma condensed combined financial statements is \$81.41 per Rockwood RSU based on the closing price of Albemarle's common stock on the NYSE of \$64.05 on September 19, 2014 (the most recent practicable date prior to the filing of this joint proxy statement/prospectus). Albemarle will assume a liability in the amount of \$41.8 million for the portion of the cash payments related to pre combination services and will recognize post combination expense over the remaining vesting period related to these cash payments. The unaudited pro forma condensed combined balance sheet as of June 30, 2014, includes a pro forma adjustment to Other noncurrent liabilities in the amount of \$41.8 million related to this assumed liability. In addition, the unaudited pro forma condensed combined statements of operations for the year ended December 31, 2013 and the six months ended June 30, 2014, includes a pro forma adjustment in the amount of \$7.2 and \$6.3, respectively, related to post combination expense estimated to be recognized by Albemarle related to these cash payments based upon post combination vesting conditions. In addition, a pro forma adjustment to eliminate Rockwood's Restricted stock units of \$19.5 million was reflected as a result of the conversion of the RSUs into the right to receive a cash payment as discussed above.

- k) Represents the estimated deferred income tax liability (asset) to be recorded by Albemarle as part of the accounting for the merger, based on the U.S. federal statutory tax rate of 35% multiplied by the fair value adjustments made to certain assets acquired and liabilities assumed, primarily as indicated below. The preliminary pro forma adjustment to record deferred taxes as part of the accounting for the merger was computed as follows (in millions):

	<b>Adjustment to Asset Acquired (Liability Assumed)</b>	<b>Current Deferred Tax Liability (Asset)</b>	<b>Noncurrent Deferred Tax Liability (Asset)</b>
Estimated fair value adjustment of identifiable intangible assets acquired	\$ 1,609.9	\$	\$ 563.5

Edgar Filing: ALBEMARLE CORP - Form S-4/A

Estimated fair value adjustment of inventory acquired	80.1	28.0	
Estimated fair value adjustment of property, plant and equipment acquired	689.1		241.2
Deferred tax liabilities related to estimated fair value adjustments		\$ 28.0	\$ 804.7
Estimated fair value adjustment of German DTA on net operating losses	\$	\$	\$ 54.9
Estimated fair value adjustment of restricted stock units compensation payable	(22.3)		(7.8)
Estimated fair value adjustment of pension and OPEB liabilities, net	(35.5)		(12.4)
Estimated fair value adjustment of existing Rockwood debt	(54.7)		(19.1)
Deferred tax assets related to estimated fair value adjustments		\$	\$ 15.6

The unaudited pro forma adjustment to noncurrent deferred income tax assets reflects the elimination of \$54.9 million of Rockwood's deferred tax assets related to net operating losses and foreign tax credit carry forwards that management anticipates that Albemarle will not be able to realize after the completion of the merger.

For purposes of the unaudited pro forma condensed combined statement of operations, the U.S. federal statutory tax rate of 35% has been used for all periods presented. This rate does not reflect Albemarle's effective tax rate, which includes other tax items, such as state and foreign taxes, as well as other tax charges or benefits, and does not take into account any historical or possible future tax events that may impact the combined company. Fair value and other adjustments effective at the closing of the merger could be different based on factors including but not limited to tax rates, valuation differences, further information on taxes by jurisdiction, or other factors.

**Table of Contents**

- 1) The unaudited pro forma adjustment to shares outstanding used in the calculation of basic and diluted earnings per share is calculated as follows (in thousands of shares):

	Year Ended December 31, 2013		Six Months Ended June 30, 2014	
	Basic	Diluted	Basic	Diluted
Albemarle shares to be issued to shareholders of Rockwood	36,398	36,398	35,133	35,133
Elimination of all outstanding shares of Rockwood common stock	(75,781)	(75,781)	(73,147)	(73,147)
Stock options to be converted into Albemarle stock options		664		598
Elimination of Rockwood's stock options and other incentives		(1,609)		(1,006)
<b>Pro forma adjustment to share information</b>	<b>(39,383)</b>	<b>(40,328)</b>	<b>(38,014)</b>	<b>(38,422)</b>

As all outstanding shares of Rockwood common stock will be eliminated in the merger, the unaudited pro forma weighted average number of basic shares outstanding is calculated by adding Albemarle's historical weighted average number of basic shares outstanding for the period and the number of shares of Albemarle common stock expected to be issued to Rockwood shareholders in the merger. The unaudited pro forma weighted average number of diluted shares outstanding is calculated by adding Albemarle's historical weighted average number of diluted shares outstanding for the period and the number of shares of Albemarle common stock and stock options expected to be issued in the merger. As each outstanding award of Rockwood common stock issued under any of the Rockwood Restricted Unit Plans, whether or not then vested or exercisable, will be cancelled and terminated at the effective time of the merger in exchange for the right to receive cash, such restricted units were excluded from this calculation. See Note 1 for more information about treatment of share-based compensation under the provisions of the merger agreement.

**DESCRIPTION OF ALBEMARLE COMMON STOCK**

**General**

The following briefly summarizes the provisions of Albemarle's amended and restated articles of incorporation and amended and restated bylaws (which we collectively refer to in this proxy statement/prospectus as the Albemarle organizational documents) that would be important to holders of Albemarle common stock. The following summary of Albemarle common stock is subject in all respects to applicable Virginia law and the Albemarle organizational documents. Albemarle has filed with the SEC its organizational documents referenced in this description of its common stock and will send copies of these documents to you, without charge, upon your request. For more information or for how you can obtain a copy of the Albemarle organizational documents, see *Comparison of Shareholders' Rights* beginning on page 134 and *Where You Can Find More Information* beginning on page 148.

**Authorized Shares**

Albemarle's amended and restated articles of incorporation authorize the issuance of 150,000,000 shares of common stock, \$0.01 par value per share and 15,000,000 shares of preferred stock. As of September 30, 2014, there were [ ] shares of Albemarle common stock issued and outstanding, which were held by [ ] shareholders of record, and no shares of Albemarle preferred stock were issued and outstanding.

**Voting Rights**

Holders of Albemarle common stock are entitled to one vote per share on all matters voted on generally by shareholders, including the election of directors. Albemarle's amended and restated articles of incorporation do not provide for cumulative voting for the election of directors, which means that the holders of a majority of the outstanding shares of Albemarle common stock have the capacity to elect all of the members of the Albemarle board of directors.

Except as otherwise required by law or with respect to any outstanding class or series of Albemarle preferred stock, the holders of Albemarle common stock possess all voting power.

Under Albemarle's amended and restated articles of incorporation, shareholder action is generally effective if the votes cast in favor of the action exceed the votes cast against the action. But the election of directors requires a plurality of the votes cast by Albemarle shareholders at a meeting at which a quorum is present. However, Albemarle's amended and restated articles of incorporation require the affirmative vote of at least two-thirds of the outstanding shares of Albemarle common stock for the approval of mergers, statutory share exchanges, sales or other dispositions of all or substantially all of Albemarle's assets outside the usual and regular course of business or dissolution of Albemarle, except that the affirmative vote of 75% of the outstanding shares of Albemarle common stock is required for approval of an affiliated transaction. An affiliated transaction generally is defined as any of the following transactions:

a merger, a share exchange or material dispositions of corporate assets not in the ordinary course of business, to or with an interested shareholder, or any material guarantee of any indebtedness of any interested shareholder (defined as any holder of more than 10% of any class of outstanding voting shares);

certain sales or other dispositions to an interested shareholder of voting shares of Albemarle or any of its subsidiaries having an aggregate fair market value greater than 5% of the aggregate fair market value of all outstanding voting shares;

any dissolution of the corporation proposed by or on behalf of an interested shareholder; or

any reclassification, including reverse stock splits, recapitalizations or mergers of Albemarle with any of its subsidiaries, that increases the percentage of the outstanding voting shares of Albemarle or any of its subsidiaries, owned beneficially by any interested shareholder by more than 5%.

The supermajority voting requirement does not apply to a transaction with a shareholder who, together with his or her affiliates and associates, became the beneficial owner of more than 10% of any class of Albemarle outstanding voting shares as of the close of business on February 28, 1994, the date of the distribution by Ethyl Corporation to its shareholders of all of the outstanding shares of Albemarle common stock.

Furthermore, the affirmative vote of the holders of 75% of the voting power of Albemarle's outstanding shares must approve an amendment to provisions in Albemarle's amended and restated articles of incorporation relating to the supermajority voting requirement for affiliated transactions.

#### **Notice**

Except as otherwise required by the VSCA, written notice stating the date, time and place of every meeting, and the purpose or purposes of any special meeting of Albemarle shareholders, must be sent not less than 10 nor more than 60 days before the date of the meeting to each shareholder of record entitled to vote at such meeting.

## **Table of Contents**

### **Quorum**

A majority of the shares entitled to vote, represented in person or by proxy, constitutes a quorum.

### **Shareholder Proposals**

Albemarle's amended and restated bylaws provide that shareholders seeking to bring business before an annual meeting of shareholders or nominate candidates for election as directors must provide timely notice of their proposal in writing to the Secretary of Albemarle. Generally, to be timely, a shareholder's notice must be received at Albemarle's principal executive offices not less than 90 nor more than 120 days prior to the first anniversary of the previous year's annual meeting. If the annual meeting is scheduled more than 30 days before, or 70 days after the first anniversary of the previous year's annual meeting, the shareholder must provide notice to the Secretary of Albemarle no earlier than within 90 to 120 days before the meeting or 10 days after the meeting's public announcement, whichever is later. Albemarle's amended and restated bylaws also specify requirements as to the form and content of a shareholder's notice.

### **Dividend Rights; Rights Upon Liquidation**

Subject to any preferential rights of holders of any shares of Albemarle preferred stock that may be outstanding, holders of shares of Albemarle common stock are entitled to receive dividends and other distributions on their shares of common stock out of assets legally available for distribution when, as and if authorized and declared by the Albemarle board of directors and to share ratably in Albemarle's assets legally available for distribution to its shareholders in the event of its liquidation, dissolution or winding-up.

### **Miscellaneous**

Holders of Albemarle common stock have no preferences or preemptive, conversion, exchange, redemption or sinking fund rights. Shares of Albemarle common stock will not be liable for further calls or assessments by Albemarle, and the holders of Albemarle common stock will not be liable for any of Albemarle's liabilities.

Albemarle's amended and restated bylaws also provide that unless Albemarle consents in writing to the selection of an alternative forum, the United States District Court for the Eastern District of Virginia, Alexandria Division, or in the event that court lacks jurisdiction to hear such action, the Circuit Court of the County of Fairfax, Virginia, will be the sole and exclusive forum for any derivative action brought on behalf of Albemarle, any action asserting a claim of breach of a legal duty owed by any current or former director, officer or other employee or agent of Albemarle to Albemarle or Albemarle shareholders, any action arising pursuant to the VSCA or Albemarle's organizational documents or any action asserting a claim governed by the internal affairs doctrine.

Albemarle common stock is listed on the NYSE under the symbol ALB.

### **Anti-Takeover Provisions**

The Albemarle organizational documents and Virginia law contain provisions that may have the effect of impeding, delaying or discouraging the acquisition of control of Albemarle by means of a tender or exchange offer, proxy fight, merger or share exchange, open market purchases or otherwise in a transaction not approved by the Albemarle board of directors. These provisions are designed to reduce, or have the effect of reducing, Albemarle's vulnerability to an unsolicited proposal for the restructuring or sale of all or substantially all of Albemarle's assets or an unsolicited takeover attempt that the Albemarle board of directors does not believe is in the best interests of its shareholders.

Under Albemarle's amended and restated articles of incorporation, the Albemarle board of directors has the authority, without further shareholder approval, to issue preferred stock in classes or series and to fix the designations, voting power, preferences and rights of the shares of each class or series and any qualifications, limitations or restrictions with respect to that class or series. Under this authority, the Albemarle board of directors could create and issue a class or series of preferred stock with rights, preferences or restrictions that have the effect of discriminating against an existing or prospective holder of Albemarle's capital stock as a result of such holder beneficially owning or commencing a tender offer for a substantial amount of Albemarle common stock. One of the effects of authorized but unissued and unreserved shares of preferred stock may be to render it more difficult for, or discourage an attempt by, a potential acquiror to obtain control of Albemarle by means of a merger, share exchange, tender or exchange offer, proxy contest or otherwise, and thereby protect the continuity of Albemarle's management. The issuance of shares of preferred stock may have the effect of delaying, deferring or preventing a change in control of Albemarle without any further action by Albemarle shareholders.

Other provisions of the Albemarle organizational documents that may make replacing the Albemarle board of directors more difficult include:

75% supermajority voting requirements to approve affiliated transactions or an amendment to the provisions in Albemarle's amended and restated articles of incorporation relating to this supermajority voting requirement;

prohibition on shareholders calling a special meeting of shareholders;

inability of shareholders to act by less-than-unanimous written consent;

requirements for advance notice for proposing business or making director nominations at shareholder meetings;

## **Affiliated Transactions Statute**

Virginia law contains provisions governing affiliated transactions. In general, these provisions prohibit a Virginia corporation from engaging in affiliated transactions with any holder of more than 10% of any class of its outstanding voting shares, or an interested shareholder, for a period of three years following the date that such person became an interested shareholder unless:

a majority of (but not fewer than two) disinterested directors on the board of directors of the corporation and the holders of two-thirds of the voting shares, other than the shares beneficially owned by the interested shareholder, approve the affiliated transaction; or

before the date the person became an interested shareholder, a majority of the disinterested directors on the board of directors approved the transaction that resulted in the shareholder becoming an interested shareholder.

After three years, any such transaction must satisfy certain fair price requirements in the statute or be approved by the holders of two-thirds of the voting shares, other than the shares beneficially owned by the interested shareholder. For a description of the affiliated transactions subject to this approval requirement, see *Voting Rights*.

## **Control Share Acquisitions Statute**

Virginia law also contains provisions relating to control share acquisitions, which are transactions causing the voting power of any person acquiring beneficial ownership of shares of a Virginia public corporation to meet or exceed certain threshold percentages (20%, 33 1/3% or 50%) of the total votes entitled to be cast for the election of directors. Shares acquired in a control share acquisition have no voting rights unless:

the voting rights are granted by a majority vote of all outstanding shares other than those held by the acquiring person or any officer or employee director of the corporation; or

the articles of incorporation or bylaws of the corporation provide that these Virginia law provisions do not apply to acquisitions of its shares.

The acquiring person may require that a special meeting of the shareholders be held to consider the grant of voting rights to the shares acquired in the control share acquisition.

As permitted by Virginia law, the Albemarle board of directors has adopted a bylaw opting out of the control share acquisition provisions of Virginia law.

### **Transfer Agent and Registrar**

Wells Fargo Shareholder Services is the transfer agent and registrar for Albemarle common stock.

### **Limitation of Liability and Indemnification Matters**

Albemarle's amended and restated articles of incorporation provide that no director or officer shall be liable to Albemarle or its shareholders for monetary damages except for liability resulting from such person's willful misconduct or a knowing violation of the criminal law or of any federal or state securities law.

Albemarle's amended and restated articles of incorporation require Albemarle to indemnify any director or officer who was or is a party to a proceeding (including a proceeding brought by a shareholder in the right of Albemarle or brought by or on behalf of Albemarle shareholders) due to his or her status as a director or officer of Albemarle or who was or is serving at Albemarle's request as a director, officer, trustee or partner of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise. This indemnification covers the obligation to pay a judgment, settlement, penalty, fine or

excise tax assessed with respect to an employee benefit plan and all reasonable expenses incurred by any such director or officer. The board of directors, by a majority vote of a quorum of disinterested directors or, under certain circumstances, independent legal counsel, or by the shareholders (excluding shares owned by or under the control of directors party to the proceeding), must determine that the conduct of the director or officer seeking indemnification does not constitute willful misconduct or a knowing violation of the criminal law.

Insofar as indemnification for liabilities under the Securities Act may be permitted to directors, officers and controlling persons of Albemarle pursuant to the foregoing provisions or otherwise, we have been informed that, in the opinion of the SEC, indemnification for liabilities under the Securities Act is against public policy and is unenforceable.

**COMPARISON OF SHAREHOLDERS RIGHTS**

Albemarle is a Virginia corporation and, accordingly, is governed by the Virginia Stock Corporation Act (which we refer to in this proxy statement/prospectus as the VSCA) and the Albemarle organizational documents. Rockwood is a Delaware corporation and, accordingly, is governed by the DGCL, and by its amended and restated certificate of incorporation, and its amended and restated bylaws (which we collectively refer to in this proxy statement/prospectus as the Rockwood organizational documents).

Certain of the principal attributes of the rights of Albemarle and Rockwood shareholders are similar. There are differences, however, between the rights of Rockwood shareholders before the merger under Delaware law and the rights Rockwood shareholders will have as shareholders of Albemarle following the merger under Virginia law. In addition, there are differences between the Albemarle organizational documents and the Rockwood organizational documents.

The following is a summary comparison of the material differences between the rights of Rockwood shareholders under Delaware law and Rockwood's organizational documents and the rights Rockwood shareholders will have after the completion of the merger as shareholders of Albemarle under Virginia law and the Albemarle organizational documents. The discussion in this section does not include a description of rights or obligations under the U.S. federal securities laws or the relevant NYSE listing requirements or standards. This summary does not cover all the differences between applicable Virginia law and Delaware law affecting corporations and their shareholders or all of the differences between the Albemarle organizational documents and the Rockwood organizational documents. While we believe this summary is accurate in all material respects, the following descriptions are qualified in their entirety by reference to the complete text of the relevant provisions of applicable Virginia law, Delaware law, the Albemarle organizational documents and the Rockwood organizational documents. We encourage you to read those laws and documents.

Albemarle and Rockwood have filed with the SEC their respective organizational documents referenced in this comparison of shareholders' rights and will send copies of these documents to you, without charge, upon your request. For more information, including how you can obtain a copy of the Albemarle and Rockwood organizational documents, see *Where You Can Find More Information* beginning on page 148.

**Dividends**

Under the DGCL, the directors of a corporation may declare and pay dividends upon the shares of its capital stock either: (1) out of its surplus, which is the excess of its net assets over its capital, as computed in accordance with Sections 154 and 244 of the DGCL; or (2) if there is no such surplus, out of its net profits for the fiscal year in which the dividend is declared and/or the preceding fiscal year.

Holders of Rockwood common shares are entitled to receive dividends when, as and if declared by the Rockwood board of directors, out of funds legally available.

Under the VSCA, a corporation may pay dividends and other distributions only if, after giving effect to the dividend or distribution, (1) the corporation is still able to pay its debts as they become due in the usual course of business, and (2) the corporation's total assets are greater than or equal to the sum of its total liabilities plus (unless the corporation's articles of incorporation provide otherwise, which Albemarle's do not) the amount that would be needed, if the corporation were to be dissolved at the time of the distribution, to satisfy the preferential rights, upon the dissolution, of shareholders whose preferential rights are superior to those receiving the dividend or distribution.

Holders of Albemarle common shares are entitled to receive dividends or distributions when, as and if declared by the Albemarle board of directors, out of funds legally available.

Furthermore, the affirmative vote of 75% of the votes entitled to be cast by each voting group that is entitled to vote on the matter must approve an amendment to provisions in Albemarle's amended and restated articles of incorporation relating to the supermajority voting requirement for affiliated transactions.

**Action by Written Consent**

Delaware law permits shareholder action by written consent unless otherwise provided by Rockwood's amended and restated certificate of incorporation.

Under the VSCA, unless otherwise provided by Albemarle's amended and restated articles of incorporation, shareholders may act by written consent only if the consent is unanimous.

Rockwood's amended and restated certificate of incorporation precludes shareholder action by written consent.

Albemarle's amended and restated articles of incorporation do not authorize shareholder action by less-than-unanimous written consent.

**Advanced Notice for Shareholder Proposals / Nominations**

Rockwood's amended and restated bylaws require that for shareholders to present business or nominate a director candidate at an annual meeting, a written notice must be received by the Corporate Secretary of Rockwood at its principal executive offices not less than 90 days nor more than 120 days before the first anniversary of the date on which Rockwood first mailed its proxy materials for the preceding year's annual meeting. If the date of the annual meeting is changed by more than 30 days from the anniversary date of the previous year's meeting, such notice must be delivered not earlier than 120 days prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the first public announcement of such annual meeting date.

Albemarle's amended and restated bylaws provide that for shareholders to present business or nominate a director candidate at an annual meeting, a written notice must be delivered to the Secretary of Albemarle at its principal executive offices not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's annual meeting. If the date of the annual meeting is more than 30 days before or more than 70 days after such anniversary date, or if a special meeting is called for election of

directors, such notice must be delivered not earlier than the close of business on the 120th day prior to such meeting and not later than the close of business on the later of the 90th day prior to such meeting or the 10th

day following the first public announcement of the such meeting date.

In the event that the number of directors to be elected is increased and there is no public announcement by Rockwood naming all of the director nominees or specifying the increased size of the board at least 100 days prior to the anniversary of the mailing of proxy materials for the prior year's annual meeting, a shareholder's notice of nomination shall be considered timely, but only with respect to nominees for any new positions created by such increase, if it is delivered no later than the close of business on the 10th day following the first public announcement of such increase.

In the event that the number of directors to be elected is increased and there is no public announcement by Albemarle naming additional directorships at least 100 days prior to the first anniversary of the preceding year's annual meeting, a shareholder's notice of nomination shall be considered timely, but only with respect to nominees for the additional directorships, if it is delivered no later than the close of business on the 10th day following the first public announcement of such increase.

## Directors

Rockwood's amended and restated certificate of incorporation provides that the Rockwood board of directors is divided into three classes of directors, with the classes to be as nearly equal in number as possible. The members of each class serve for a three-year term. As a result, approximately one-third of the Rockwood board of directors will be elected each year.

Albemarle's amended and restated articles of incorporation provide that, unless otherwise fixed in Albemarle's amended and restated bylaws, the number of directors shall be three. Under Albemarle's amended and restated bylaws, the Albemarle board of directors currently consists of 10 directors (which will be increased to 11 immediately upon the

**Table of Contents**

**Rockwood Shareholder Rights**

Rockwood's amended and restated certificate of incorporation also provides that the board shall consist of not less than three and not more than 15 directors and that the exact number of directors shall be determined by resolutions adopted by affirmative vote of a majority of the board of directors. The Rockwood board of directors currently consists of five directors.

The Rockwood organizational documents provide that directors may be removed only for cause and only upon the affirmative vote of at least 80% of the voting power of all the then outstanding shares of stock entitled to vote generally in the election of directors, voting together as a single class. In addition, the Rockwood organizational documents provide that any vacancies on our board of directors will be filled only by the affirmative vote of a majority of the remaining directors, although less than a quorum.

**Exculpation**

The DGCL provides that a corporation may limit or eliminate a director's personal liability for monetary damages to the corporation or its shareholders for breach of fiduciary duty as a director, except for liability for: (1) any breach of the director's duty of loyalty to such corporation or its shareholders; (2) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; (3) willful or negligent violation of provisions of the DGCL governing payment of dividends and stock purchases or redemptions; (4) any transaction from which the director derived an improper personal benefit; or (5) any act or omission before the adoption of such a provision in the certificate of incorporation.

Albemarle's amended and restated bylaws provide that either the board of directors or the shareholders may change the size of the board, provided that the board of directors may not increase or decrease the number of directors by more than 30% of the number of directors last elected by Albemarle shareholders.

In addition, Albemarle's amended and restated articles of incorporation provide that directors may be removed only for cause and Albemarle's amended and restated bylaws state that any vacancy in the board of directors may be filled by the affirmative vote of the majority of the remaining directors, although less than a quorum.

The VSCA provides that in any proceeding brought by or in the right of a corporation or brought by or on behalf of shareholders of the corporation, the damages assessed against an officer or director arising out of a single transaction, occurrence or course of conduct may not exceed the lesser of (1) the monetary amount, including the elimination of liability, specified in the articles of incorporation or, if approved by the shareholders, in the bylaws as a limitation on or elimination of the liability of the officer or director; or (2) the greater of (a) \$100,000 or (b) the amount of cash compensation received by the officer or director from the corporation during the twelve months immediately preceding the act or omission for which liability was imposed. The liability of an officer or director is not limited under the VSCA, and the VSCA prohibits a corporation's articles of incorporation and bylaws from limiting the liability of an officer or director, if the

officer or director engaged in willful misconduct or a knowing violation of the criminal law or of any federal or state securities law.

Albemarle's amended and restated articles of incorporation eliminate the liability of its directors and officers to the fullest extent permitted by the VSCA.

**Indemnification**

Under Rockwood's amended and restated certificate of incorporation, Rockwood must indemnify, to the fullest extent permitted by the DGCL, each person who is or was, or is threatened to be made, a party to or subject to, any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative in nature (including any legislative or self-regulatory

Under Albemarle's amended and restated articles of incorporation, Albemarle must indemnify any person who was or is a party to any proceeding, including a proceeding brought by a shareholder in the right of Albemarle or brought by or on behalf of Albemarle shareholders, by reason of the fact that such person is or was a director or officer of Albemarle or any director or officer who is

A person may be indemnified only if such person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of Rockwood or, with respect to any criminal action, such person had no reasonable cause to believe his or her conduct was unlawful. In the case of an action or suit by or in the right or Rockwood, indemnification is available only for expenses (including court costs and attorneys fees) actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit, provided that no such indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless, and only to the extent, such indemnification is deemed proper by the Court of Chancery of Delaware or such other court in which the action or suit was brought.

Albemarle must also make advances or reimburse the expenses if such person provides a written statement of his good faith belief that he has met the standard of conduct required for indemnification and a written undertaking to repay the advance if it is ultimately determined that he did not meet such standard of conduct.

person described above, if such person provides an undertaking to repay all amounts so advanced or reimbursed in the event that it is ultimately determined that such person is not entitled to be indemnified by Rockwood.

**Antitakeover Provisions**

Subject to specific exceptions, Section 203 of the DGCL prohibits a publicly held Delaware corporation from engaging in a business combination with an interested stockholder a period of three years after the time of the transaction in which the person became an interested stockholder, unless:

the business combination, or the transaction in which the stockholder became an interested stockholder is approved by the board of directors prior to the time the interested stockholder attained that status;

The VSCA contains several provisions relating to transactions with an interested shareholder (defined as the beneficial owner of more than 10% of any class of a corporation's outstanding voting shares). Under the VSCA, certain transactions between a corporation and an interested shareholder are referred to as affiliated transactions. Affiliated transactions include certain mergers and share exchanges, certain dispositions of corporate assets or voting shares, any dissolution proposed by or on behalf of an interested shareholder or any reclassification of securities or recapitalization or merger of the corporation with any of its

upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding (but not the outstanding voting stock owned by the interested stockholder), those shares owned by persons who are directors and also officers, and employee stock plans in which employee participants do not have the right to determine confidentiality whether shares held subject to the plan will be tendered in a tender or exchange offer); or

at or subsequent to the time such person became an interested stockholder, the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders by the affirmative vote of at least two-thirds of the outstanding voting stock that is not owned by the interested stockholder.

Business combinations include mergers, asset sales and other transactions resulting in a financial benefit to the interested stockholder.

Subject to various exceptions, an interested stockholder is a person who, together with his or her affiliates and associates, owns, or within the prior three years did own, 15% or more of the corporation's outstanding voting stock.

Rockwood has not opted out of Section 203 of the DGCL and accordingly is subject to its provisions.

subsidiaries which increases the percentage of voting shares beneficially owned by an interested shareholder by more than five percent.

For three years following the time that a shareholder becomes an interested shareholder, a Virginia corporation cannot engage in an affiliated transaction with the interested shareholder without the approval of the holders of two-thirds of the voting shares, not including shares beneficially owned by the interested shareholder, and a majority of (but not fewer than two) disinterested directors. A disinterested director is a director who was a director before the date on which the shareholder became an interested shareholder or was recommended for election or elected by a majority of the disinterested directors then on the board.

After this three-year period, an affiliated transaction must be approved by the holders of two-thirds of the voting shares, not including shares beneficially owned by the interested shareholder, or it must satisfy statutory fair price requirements, but the approval of disinterested directors is no longer required.

The provisions of the VSCA relating to an affiliated transaction do not apply if a majority of disinterested directors approve the acquisition of shares making a person an interested shareholder prior to the time the person became an interested shareholder, if an interested shareholder became an interested shareholder by way of a gift or inheritance from such a person or if the person became an interested shareholder

Delaware law does not contain a provision comparable to Virginia's control share acquisition provisions.

inadvertently and, as soon as practicable, divested beneficial ownership of a sufficient number of shares so that the person ceased to be an interested shareholder.

A corporation can expressly elect not to be governed by the VSCA's affiliated transaction provisions in its articles of incorporation or bylaws provided certain voting requirements are met, but Albemarle has not done so.

Virginia law also contains provisions relating to control share acquisitions, which are transactions causing the voting power of any person acquiring beneficial ownership of shares of a Virginia public corporation to meet or exceed certain threshold percentages (20%, 33 1/3% or 50%) of the total votes entitled to be cast for the election of directors. Shares acquired in a control share acquisition have no voting rights unless:

the voting rights are granted by a majority vote of all outstanding shares other than those held by the acquiring person or any officer or employee director of the corporation; or

**FUTURE ALBEMARLE SHAREHOLDER PROPOSALS**

Under applicable regulations of the SEC, any shareholder desiring to make a proposal to be acted upon at the 2015 annual meeting of Albemarle shareholders must present such proposal to Albemarle's Secretary at Albemarle's principal executive offices at 451 Florida Street, Baton Rouge, Louisiana 70801, not later than November 28, 2014 (unless the date of the 2015 Annual Meeting is changed by more than 30 days from May 13, 2015, the one year anniversary date of the 2014 Annual Meeting, in which case the deadline is a reasonable time before Albemarle begins to print and send its proxy materials), in order for the proposal to be considered for inclusion in Albemarle's 2015 proxy statement. Albemarle anticipates holding the 2015 Annual Meeting on Tuesday, May 12, 2015.

Albemarle's amended and restated bylaws provide that for a director nomination or other business to be properly brought before an annual meeting by a shareholder, the shareholder must have given timely notice thereof in writing to Albemarle's Secretary and any such proposed business other than the nominations of persons for election to the Albemarle board of directors must constitute a proper matter for shareholder action.

To be timely, a shareholder's notice must be delivered to Albemarle's Secretary at Albemarle's principal executive offices no later than the close of business on the 90th day or earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's annual meeting, which dates are February 12, 2015 and January 13, 2015, respectively; *provided, however*, that in the event that the date of the annual meeting is more than 30 days before or more than 70 days after such anniversary date, notice by such shareholder must be so delivered not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made by Albemarle. The public announcement of an adjournment or postponement of an annual meeting does not commence a new time period, or extend any time period, for the giving of a shareholder's notice as described above.

To be in proper form, a shareholder's notice to Albemarle's Secretary must set forth, as to the shareholder giving the notice, the information required pursuant to Albemarle's amended and restated bylaws. Albemarle may also require shareholders to furnish additional information. The requirements found in Albemarle's amended and restated bylaws are separate from, and in addition to, the requirements of the SEC that a shareholder must meet to have a proposal included in the proxy statement.

**FUTURE ROCKWOOD SHAREHOLDER PROPOSALS**

In light of the expected timing of the completion of the transactions contemplated by the merger agreement, Rockwood expects to hold its 2015 annual meeting of Rockwood shareholders only if the merger is not completed.

In the event Rockwood holds a 2015 annual shareholders meeting, Rockwood's amended and restated bylaws require all shareholders who intend to nominate persons for election to the board of directors or make proposals at an annual meeting to give timely notice thereof in writing to the Corporate Secretary of Rockwood, Thomas J. Riordan, at Rockwood Holdings, Inc., 100 Overlook Center, Princeton, New Jersey 08540. Rockwood's amended and restated bylaws require advance notice by any shareholder who proposes director nominations or any other business for consideration at a shareholders' meeting. To be timely, notice to Rockwood's Corporate Secretary must be received at the above address not less than 90 days nor more than 120 days prior to the first anniversary of the date on which Rockwood first mailed its proxy materials for the previous year's annual meeting, after which point a shareholder proposal will be considered untimely. Therefore, to be presented at the 2015 annual meeting, such a proposal must be received by Rockwood's Corporate Secretary on or after November 29, 2014 but no later than December 29, 2014. In the event that the date of the 2015 annual meeting is changed by more than 30 days from May 9, 2015, the anniversary date of the previous year's meeting, shareholder notice must be so delivered not earlier than 120 days prior to the 2015 annual meeting and not later than the close of business on the later of the 90th day prior to the 2015 annual meeting or the 10th day following the day on which public announcement of the date of the 2015 annual meeting is first made. However, if the number of directors to be elected to the board of directors of Rockwood is increased and there is no public announcement by Rockwood naming all of the nominees for director or specifying the size of the increased board of directors at least 100 calendar days prior to the anniversary of the mailing of proxy materials for the prior year's annual meeting, then a shareholder notice only with respect to nominees for any new positions created by such increase must be received by the Corporate Secretary of Rockwood not later than the close of business on the 10th calendar day following such public announcement. Please refer to Rockwood's amended and restated bylaws for certain other related requirements.

If any shareholder wishes to propose a matter for consideration at Rockwood's 2015 annual meeting of shareholders, the proposal should be mailed by certified mail, return receipt requested, to Rockwood's Corporate Secretary at the address in the previous paragraph. To be eligible under the SEC's shareholder proposal rule (Rule 14a-8(e) of the Exchange Act) for inclusion in Rockwood's 2015 annual meeting proxy statement and form of proxy card, a proposal must be received by Rockwood's Corporate Secretary on or before November 28, 2014.

**ARTICLE II**

**EFFECT ON THE CAPITAL STOCK; EXCHANGE OF CERTIFICATES**

Section 2.1. Effect on Capital Stock of the Company and Merger Sub. At the Effective Time, by virtue of the Merger and without any action on the part of Parent, Merger Sub, the Company or any holder of any Securities of the Company or Merger Sub:

(a) All shares of Company Common Stock that are owned, directly or indirectly, by Parent, the Company (including shares held as treasury stock or otherwise) or Merger Sub immediately prior to the Effective Time shall be automatically cancelled and shall cease to exist (other than any shares of Company Common Stock held by any wholly-owned Company Subsidiary, which shall remain outstanding as shares of the Surviving Corporation) and no consideration shall be delivered in exchange therefor.

(b) Each share of Company Common Stock issued and outstanding immediately prior to the Effective Time (other than (i) shares to be cancelled in accordance with Section 2.1(a), (ii) shares held by any wholly-owned Company Subsidiary, and (iii) subject to the provisions of Section 2.4, Appraisal Shares) shall be converted into the right to receive (x) \$50.65 in cash, without interest (such amount of cash, the Per Share Cash Amount ), and (y) 0.4803 (such ratio, the Exchange Ratio ) of a validly issued, fully paid and non-assessable share of Parent Common Stock (and, if applicable, cash in lieu of fractional shares of Parent Common Stock payable in accordance with Section 2.3) (the consideration payable in accordance with this Section 2.1(b), collectively, the Merger Consideration ).

(c) All shares of Company Common Stock converted into the right to receive the Merger Consideration pursuant to this Section 2.1 shall automatically be cancelled and shall cease to exist, and each holder of (1) a certificate that immediately prior to the Effective Time represented any such shares of Company Common Stock (a Certificate ) or (2) any such shares of Company Common Stock held in book entry form ( Book-Entry Shares ) shall cease to have any rights with respect thereto, except the right to receive (A) the Merger Consideration and (B) any other amounts expressly provided herein, without interest, subject to compliance with the procedures set forth in Section 2.5.

(d) Each share of capital stock of Merger Sub issued and outstanding immediately prior to the Effective Time shall be converted into and become one validly issued, fully paid and nonassessable share of common stock, par value \$0.01 per share, of the Surviving Corporation.

Section 2.2. Certain Adjustments. Notwithstanding anything in this Agreement to the contrary, if, from the date of this Agreement until the earlier of (i) the Effective Time or (ii) any termination of this Agreement in accordance with Article VII, the outstanding shares of Parent Common Stock or Company Common Stock shall have been changed

into a different number of shares or a different class by reason of any reclassification, stock split (including a reverse stock split), recapitalization, split-up, combination, exchange of shares, readjustment, or other similar transaction, or a stock dividend thereon shall be declared with a record date within said period, then the Per Share Cash Amount, the Exchange Ratio and any other similarly dependent items, as the case may be, shall be appropriately adjusted to provide Parent and the holders of Company Common Stock (including Company Stock Options exercisable for Company Common Stock or Company RSUs that may be settled with Company Common Stock) the same economic effect as contemplated by this Agreement prior to such event. Nothing in this Section 2.2 shall be construed to permit any Party to take any action that is otherwise prohibited or restricted by any other provision of this Agreement.

Section 2.3. Fractional Shares. No certificates or scrip representing fractional shares of Parent Common Stock shall be issued upon the conversion of Company Common Stock pursuant to Section 2.1, and such fractional share interests shall not entitle the owner thereof to any Parent Common Stock or to vote or to any other rights of a holder of Parent Common Stock. All fractional shares of Parent Common Stock which a holder of Company Common Stock would be otherwise

**Table of Contents**

entitled to receive (after taking into account all shares of Company Common Stock exchanged by such holder) shall be aggregated and calculations shall be rounded to three decimal places. In lieu of any such fractional shares, each holder of Company Common Stock who would otherwise be entitled to such fractional shares shall be entitled to receive an amount in cash, without interest, representing such holder's proportionate interest in the net proceeds from the sale of shares of Parent Common Stock representing all such fractional shares (the Excess Shares) by the Exchange Agent on behalf of all such holders in accordance with the procedures set forth in Section 2.5(a). The amount of cash which each holder of Company Common Stock who would otherwise be entitled to fractional shares of Parent Common Stock shall be entitled to receive shall be an amount equal to (a) the net proceeds of such sale(s) of Excess Shares by the Exchange Agent multiplied by (b) a fraction, the numerator of which is the amount of fractional interests to which such holder of shares of Company Common Stock would otherwise be entitled and the denominator of which is the aggregate number of Excess Shares. As soon as practicable after the determination of the amount of cash, if any, to be paid to holders of Company Common Stock in lieu of any fractional share interests in Parent Common Stock, the Exchange Agent shall make available such amounts, without interest, to the holders of Company Common Stock entitled to receive such cash following the procedures in Section 2.5(b).

Section 2.4. Appraisal Shares. Notwithstanding anything in this Agreement to the contrary, shares (Appraisal Shares) of Company Common Stock that are outstanding immediately prior to the Effective Time and that are held by any Person who is entitled to demand and properly demands appraisal of such Appraisal Shares pursuant to, and who complies in all respects with, Section 262 of the DGCL (Section 262) shall not be converted into the right to receive the Merger Consideration as provided in Section 2.1 and the holders of such Appraisal Shares shall be entitled only to such rights as may be granted to such holders pursuant to Section 262 of the DGCL; provided, however, that if any such holder shall fail to perfect or otherwise shall waive, withdraw or lose the right to appraisal under Section 262, then such Appraisal Shares shall be deemed to have been converted as of the Effective Time into, and to have become exchangeable solely for the right to receive, the Merger Consideration as provided in Section 2.1. The Company shall provide prompt notice to Parent of any demands received by the Company for appraisal of any shares of Company Common Stock, withdrawals of such demands and any other instruments served pursuant to Section 262 received by the Company. Parent shall have the right to participate in all negotiations and Proceedings with respect to such demands. Prior to the Effective Time, the Company shall not, without the prior written consent of Parent, make any payment with respect to, or settle or offer to settle, any such demands, or agree to do any of the foregoing.

Section 2.5. Exchange of Company Common Stock.

(a) Prior to the Effective Time, Parent shall enter into a customary exchange agreement (which shall be reasonably acceptable to the Company) with a nationally recognized financial institution designated by Parent and reasonably acceptable to the Company (the Exchange Agent). At or immediately prior to the Effective Time, Parent shall deposit with the Exchange Agent for the benefit of the holders of shares of Company Common Stock (i) for exchange in accordance with this Article II, through the Exchange Agent, subject to Section 2.5(b)(ii), book-entry shares (or certificates if requested) representing the full number of whole shares of Parent Common Stock issuable pursuant to Section 2.1 in exchange for outstanding shares of Company Common Stock and (ii) cash in an aggregate amount necessary to pay the cash portion of the Merger Consideration, and Parent shall, after the Effective Time on the appropriate payment date, if applicable, provide or cause to be provided to the Exchange Agent any dividends or other distributions payable on such shares of Parent Common Stock pursuant to Section 2.5(c) (such shares of Parent Common Stock and cash provided to the Exchange Agent, together with any dividends or other distributions with respect thereto, are hereinafter referred to as the Exchange Fund). For the purposes of such deposit, Parent shall assume that there will not be any fractional shares of Parent Common Stock. The Exchange Agent shall, as soon as practicable following the Effective Time, (x) calculate the aggregate number of Excess Shares in accordance with Section 2.3 and (y) sell such Excess Shares on the NYSE, through one or more member firms of the NYSE, in round lots to the extent practicable. The Exchange Agent shall pay all commissions, transfer Taxes and other out-of-pocket

transaction costs incurred in connection with such sale(s) of Excess Shares out of the proceeds of such sale(s) and shall deposit the net proceeds of such sale(s) in the Exchange Fund to be distributed to the applicable holders entitled to cash in lieu of fractional shares in accordance with Section 2.3. Except as provided in Section 2.5(h), the Exchange Fund shall not be used for any other purpose.

(b) Exchange Procedures.

(i) Certificates. Parent shall instruct the Exchange Agent to mail, as soon as reasonably practicable (but in any event within five (5) Business Days) after the Closing Date, to each holder of record of a Certificate whose shares of Company Common Stock were converted into the right to receive the Merger Consideration pursuant to Section 2.1, (i) a letter of transmittal (which shall specify that delivery shall be effected, and risk of loss and title to the Certificates shall pass, only upon delivery of the Certificates to the Exchange Agent and shall be in a form and have such customary provisions as Parent and the Company may reasonably agree prior to the Effective Time) and (ii) instructions for use in effecting the surrender of the Certificates in exchange for the Merger Consideration. Upon surrender of a Certificate for cancellation to the Exchange Agent, together with such letter of transmittal, duly executed, and such other documents as may reasonably be required by the Exchange Agent, the holder of such Certificate shall be entitled to receive in exchange therefor, and Parent

shall cause the Exchange Agent to pay and deliver in exchange therefor as promptly as practicable, (A) cash in an amount equal to the Per Share Cash Amount multiplied by the number of shares of Company Common Stock previously represented by such Certificate, (B) the number of shares of Parent Common Stock (which shall be in book-entry form unless a certificate is requested) representing, in the aggregate, the whole number of shares that such holder has the right to receive in respect of such Certificate pursuant to Section 2.1(b) (after taking into account all other Certificates surrendered by such holder pursuant to this Section 2.5(b)(i)), (C) any dividends or other distributions payable in respect of such whole number of shares of Parent Common Stock pursuant to Section 2.5(c)(i) and (D) cash in lieu of fractional shares of Parent Common Stock payable pursuant to Section 2.3, and the Certificate so surrendered shall forthwith be cancelled. In the event of a transfer of ownership of Company Common Stock that is not registered in the transfer records of the Company, payment may be made and shares may be issued to a Person other than the Person in whose name the Certificate so surrendered is registered, if such Certificate shall be properly endorsed or otherwise be in proper form for transfer and the Person requesting such payment shall pay any transfer or other Taxes required by reason of the payment to a Person other than the registered holder of such Certificate or establish to the satisfaction of Parent that such Tax has been paid or is not applicable. No interest shall be paid or accrue on any cash payable upon surrender of any Certificate.

(ii) Book-Entry Shares. Notwithstanding anything to the contrary contained in this Agreement, any holder of Book-Entry Shares shall not be required to deliver a Certificate or an executed letter of transmittal to the Exchange Agent to receive the Merger Consideration that such holder is entitled to receive in respect of such Book-Entry Shares pursuant to this Article II. In lieu thereof, each holder of record of one or more Book-Entry Shares whose shares of Company Common Stock were converted into the right to receive the Merger Consideration pursuant to Section 2.1 shall automatically upon the Effective Time be entitled to receive, and Parent shall cause the Exchange Agent to pay and deliver as promptly as practicable after the Effective Time, (A) cash in an amount equal to the Per Share Cash Amount multiplied by the number of shares of Company Common Stock previously represented by such Book-Entry Shares, (B) the number of shares of Parent Common Stock (which shall be in book-entry form unless a certificate is requested) representing, in the aggregate, the whole number of shares that such holder has the right to receive in respect of such Book-Entry Shares pursuant to Section 2.1(b) (after taking into account all other Book-Entry Shares converted by such holder pursuant to this Section 2.5(b)(ii)), (C) any dividends or other distributions payable in respect of such whole number of Book-Entry Shares pursuant to Section 2.5(c)(ii) and (D) cash in lieu of any fractional shares payable pursuant to Section 2.3, and the Book-Entry Shares of such holder shall forthwith be cancelled. No interest shall be paid or accrue on any cash payable upon conversion of any Book-Entry Shares.

(c) Distributions with Respect to Unexchanged Shares.

(i) Certificates. No dividends or other distributions with respect to Parent Common Stock with a record date after the Effective Time shall be paid to the holder of any Certificate formerly representing Company Common Stock, and no cash payment in lieu of fractional shares shall be paid to any such holder pursuant to Section 2.3, until the surrender of such Certificate in accordance with this Article II. Subject to applicable Law, following surrender of any such Certificate, there shall be paid to the holder of the shares of Parent Common Stock issued in exchange therefor, without interest, (A) at the time of delivery of such Parent Common Stock by the Exchange Agent pursuant to Section 2.5(b)(i), the amount of dividends or other distributions with a record date after the Effective Time theretofore paid with respect to such shares of Parent Common Stock and (B) at the appropriate payment date, the amount of dividends or other distributions with a record date after the Effective Time but prior to such delivery of such Parent Common Stock by the Exchange Agent pursuant to Section 2.5(b)(i), and a payment date subsequent to such delivery of such Parent Common Stock by the Exchange Agent pursuant to Section 2.5(b)(i), payable with respect to such shares of Parent Common Stock.

(ii) Book-Entry Shares. There shall be paid to the holder of the shares of Parent Common Stock issued in exchange for Book-Entry Shares in accordance with this Article II, without interest, (A) at the time of delivery of such Parent Common Stock by the Exchange Agent pursuant to Section 2.5(b)(ii), the amount of dividends or other distributions with a record date after the Effective Time theretofore paid with respect to such shares of Parent Common Stock and (B) at the appropriate payment date, the amount of dividends or other distributions with a record date after the Effective Time but prior to the time of such delivery by the Exchange Agent pursuant to Section 2.5(b)(ii), and a payment date subsequent to the time of such delivery by the Exchange Agent pursuant to Section 2.5(b)(ii), payable with respect to such shares of Parent Common Stock.

(d) The Merger Consideration issued and paid in accordance with the terms of this Article II upon the surrender of the Certificates (or, as promptly as practicable, in the case of the Book-Entry Shares) shall be deemed to have been issued and paid in full satisfaction of all rights pertaining to such shares of Company Common Stock (other than the right to receive dividends or other distributions, if any, in accordance with Section 2.5(c)). After the Effective Time, there

shall be no further registration of transfers on the stock transfer books of the Surviving Corporation of shares of Company Common Stock that were outstanding immediately prior to the Effective Time. If, after the Effective Time, any Certificates formerly representing shares of Company Common Stock are presented to the Surviving Corporation or the Exchange Agent for any reason, they shall be cancelled and exchanged as provided in this Article II.

(e) Any portion of the Exchange Fund that remains undistributed to the former holders of Company Common Stock for six (6) months after the Effective Time shall be delivered to the Surviving Corporation upon its demand therefor, and any former holder of Company Common Stock who has not theretofore complied with this Article II shall thereafter look only to the Surviving Corporation for payment of its claim for the Merger Consideration, any cash in lieu of fractional shares and any dividends or distributions with respect to Parent Common Stock as contemplated by Section 2.5(c).

(f) None of Parent, Merger Sub, the Company, the Surviving Corporation or the Exchange Agent shall be liable to any Person in respect of any shares of Parent Common Stock (or dividends or distributions with respect thereto) or cash payable pursuant to this Agreement delivered to a public official pursuant to any applicable abandoned property, escheat or similar Law. Any Merger Consideration remaining unclaimed by former holders of Company Common Stock immediately prior to such time as such amounts would otherwise escheat to or become property of any Governmental Entity shall, to the fullest extent permitted by applicable Law, become the property of the Surviving Corporation free and clear of any claims or interest of any Person previously entitled thereto.

(g) In the event any Certificate shall have been lost, stolen or destroyed, upon the making of an affidavit, in form and substance reasonably acceptable to Parent, of that fact by the Person claiming such Certificate to be lost, stolen or destroyed and, if required by Parent or the Exchange Agent, the posting by such Person of a bond in reasonable amount as Parent or the Exchange Agent may direct, as indemnity against any claim that may be made against it or the Surviving Corporation with respect to such Certificate, the Exchange Agent will issue in exchange for such lost, stolen or destroyed Certificate the Merger Consideration and any unpaid dividends or other distributions and any cash in lieu of fractional shares that would be payable or deliverable in respect thereof pursuant to Section 2.5(c) had such lost, stolen or destroyed Certificate been surrendered as provided in this Article II.

(h) Parent shall direct the Exchange Agent to invest the cash included in the Exchange Fund in accordance with Parent's directions, subject to the terms and conditions of this Section 2.5(h). Any interest, gains and other income resulting from such investments shall be the sole and exclusive property of Parent payable to Parent upon its request, and no part of such interest, gains and other income shall accrue to the benefit of holders of Company Common Stock; provided, however, that any investment of such cash shall in all events be limited to direct short-term obligations of, or short-term obligations fully guaranteed as to principal and interest by, the U.S. government, in commercial paper rated A-1 or P-1 or better by Moody's Investors Service, Inc. or Standard & Poor's Corporation, respectively, or in certificates of deposit, bank repurchase agreements or banker's acceptances of commercial banks with capital exceeding \$10 billion (based on the most recent financial statements of such bank that are then publicly available), and that no such investment or loss thereon shall affect the amounts payable to holders of Company Common Stock pursuant to this Article II. If for any reason (including losses) the cash in the Exchange Fund shall be insufficient to fully satisfy all of the payment obligations to be made in cash by the Exchange Agent hereunder, Parent shall promptly deposit cash into the Exchange Fund in an amount which is equal to the deficiency in the amount of cash required to fully satisfy such cash payment obligations.

(i) Parent, the Surviving Corporation or the Exchange Agent shall be entitled to deduct and withhold from the consideration otherwise payable pursuant to this Agreement to any former holder of Company Common Stock, a Company Stock Option or a Company RSU, such amounts as are required to be deducted and withheld with respect to the making of such payment under the Code, or under any provision of state, local or foreign Law. Any amount

deducted or withheld pursuant to this Section 2.5(i) and duly paid over to the applicable Tax authority shall be treated as having been paid to the holder of such Company Common Stock, Company Stock Option or Company RSU in respect of which such deduction or withholding was made.

Section 2.6. Company Stock Options and Other Stock-Based Awards.

(a) Each option to acquire shares of Company Common Stock (a Company Stock Option ) granted under any of the Company Stock Incentive Plans that is outstanding and unexercised immediately prior to the Effective Time, whether or not then vested or exercisable, shall remain outstanding following the Effective Time. At the Effective Time, the Company Stock Options shall, by virtue of the Merger and without any further action on the part of the Company or the holders thereof, be assumed by Parent in such manner that Parent (i) is a corporation assuming a stock option in a transaction to which Section 424(a) applies within the meaning of Section 424 of the Code and the regulations thereunder or (ii) to the extent that Section 424 of the Code does not apply to any such Company Stock Options, would be such a corporation were Section 424 of the Code applicable to such Company Stock Options. From and after the Effective Time, all references to the Company in the Company Stock Incentive Plans and the applicable stock option award agreements issued thereunder shall be deemed to refer to Parent, which shall have assumed the Company Stock Incentive Plans as of the Effective Time by virtue

**Table of Contents**

of this Agreement and without any further action. Each Company Stock Option assumed by Parent (each, a Substitute Option ) shall be exercisable upon the same terms and conditions as under the applicable Company Stock Incentive Plan and the applicable stock option award agreement issued thereunder, except that each such Substitute Option shall be exercisable for, and represent the right to acquire, that whole number of shares of Parent Common Stock (rounded down to the nearest whole share) equal to the product of (A) the number of shares of Company Common Stock subject to the related Company Stock Option immediately prior to the Effective Time and (B) the Stock Option Exchange Ratio, and the exercise price per share of Parent Common Stock (rounded up to the nearest whole cent) shall equal the quotient obtained by dividing (x) the exercise price per share of Company Common Stock of such Company Stock Option by (y) the Stock Option Exchange Ratio; provided, that the exercise price and the number of shares of Parent Common Stock subject to the Substitute Option shall be determined in a manner consistent with the requirements of Section 409A of the Code, and, in the case of Company Stock Options that are intended to qualify as incentive stock options within the meaning of Section 422 of the Code, consistent with the requirements of Section 424 of the Code. For purposes of this Agreement, Stock Option Exchange Ratio means the sum of (i) the Exchange Ratio and (ii) the quotient obtained by dividing (x) the Per Share Cash Amount by (y) the Parent Share Cash Value.

(b) As soon as practicable after the Effective Time, Parent shall deliver, or cause to be delivered, to each holder of a Substitute Option an appropriate notice setting forth such holder's rights pursuant thereto and such Substitute Option shall continue in effect on the same terms and conditions (including any antidilution provisions, and subject to the adjustments required by this Section 2.6 after giving effect to the Merger). Parent shall comply with the terms of all such Substitute Options and use commercially reasonable efforts to ensure, to the extent required by, and subject to the provisions of, the Company Stock Plans, that Substitute Options that qualified as incentive stock options under Section 422 of the Code prior to the Effective Time continue to qualify as incentive stock options after the Effective Time. Parent shall take all corporate action necessary to reserve for issuance a sufficient number of shares of Parent Common Stock for delivery upon exercise of Substitute Options pursuant to the terms set forth in this Section 2.6. As soon as practicable after the Effective Time, the shares of Parent Common Stock subject to Substitute Options shall be covered by an effective registration statement on Form S-8 (or any successor form) or another appropriate form, and Parent shall use its commercially reasonable efforts to maintain the effectiveness of such registration statement or registration statements for so long as Substitute Options remain outstanding.

(c) Immediately prior to the Effective Time, each performance-based stock unit or performance-based market stock unit granted under the Company Stock Incentive Plans (a Company RSU ) shall pursuant to the terms of the applicable award agreement, be converted into the right to receive a cash payment (the amount of which payment shall be calculated under the applicable award agreement), which payment shall become vested and be paid in accordance with the terms of the applicable award agreement, less all applicable withholding taxes and other authorized deductions; provided, however, that, for purposes of calculating the CIC Settlement Amount under the applicable award agreement, the CIC Per Share Price shall equal the sum of (x) the Per Share Cash Amount plus (y) the product of the Exchange Ratio and the Parent Share Cash Value.

(d) The Company shall, prior to the Effective Time, take all actions as are reasonably necessary in order to effectuate this Section 2.6; provided that such actions shall be expressly conditioned upon the consummation of the Merger and shall be of no force or effect if this Agreement is terminated or if the transactions contemplated hereby are abandoned. In addition, all payments to be made to employees of the Surviving Corporation in respect of Company RSUs may be made via the Surviving Corporation's payroll system.

**ARTICLE III****REPRESENTATIONS AND WARRANTIES OF THE COMPANY**

Except as otherwise disclosed or identified in (a) the Company SEC Documents filed with or furnished to the SEC prior to the date of this Agreement, but excluding any risk factor disclosure and disclosure of risks included in any forward looking statements disclaimer or other statement included in such Company SEC Documents to the extent they are predictive or forward looking in nature or (b) the letter (the Company Disclosure Letter ) delivered to Parent by the Company at the time of the execution of this Agreement (which Company Disclosure Letter identifies by reference to sections of this Agreement any exceptions to each of the representations, warranties and covenants contained in this Agreement; provided, however, that any information set forth in one section of the Company Disclosure Letter shall be deemed to apply to each other section thereof or hereof to which its relevance is reasonably apparent), the Company represents and warrants to Parent and Merger Sub as follows:
