**Item 1.01 Entry into a Material Definitive Agreement***Underwritten Public Offering of Convertible Senior Notes*

On June 7, 2016, Nevro Corp. (the Company) entered into an underwriting agreement (the Underwriting Agreement) with J. P. Morgan Securities LLC and Morgan Stanley & Co. LLC as representatives of the several underwriters named in Schedule 1 thereto (collectively, the Underwriters) to issue and sell \$150.0 million aggregate principal amount of 1.75% Convertible Senior Notes due 2021 (the Initial Notes) in a public offering pursuant to the Company's Registration Statement on Form S-3 (File No. 333-211864) (the Registration Statement) and a related prospectus, including the related prospectus supplement, filed with the Securities and Exchange Commission (the Offering). On June 8, 2016, the Underwriters exercised their option to purchase an additional \$22.5 million aggregate principal amount of such notes (the Additional Notes, and together with the Initial Notes, the Notes). The Company estimates that the net proceeds from the Offering will be approximately \$166.2 million after deducting fees and estimated offering expenses. On June 13, 2016, the Company closed the Offering.

The foregoing summary is qualified in its entirety by reference to the text of the Underwriting Agreement, which is filed as Exhibit 1.1 to this Current Report on Form 8-K and is incorporated herein by reference.

In connection with the Offering, the legal opinion as to the legality of the Notes sold is being filed as Exhibit 5.1 to this Current Report on Form 8-K and is incorporated herein and into the Registration Statement by reference.

*Supplemental Indentures Relating to Convertible Senior Notes*

On June 13, 2016, the Company entered into a first supplemental indenture, relating to the issuance by the Company of the Notes (the Supplemental Indenture), supplementing the indenture, dated June 13, 2016 (the Base Indenture), and together with the Supplemental Indenture, the Indenture), by and between the Company and Wilmington Trust, National Association, as trustee (the Trustee).

The Notes will mature on June 1, 2021, unless earlier repurchased or converted. The Notes will bear interest from June 13, 2016 at a rate of 1.75% per year payable semiannually in arrears on June 1 and December 1 of each year, beginning on December 1, 2016. The Notes will be convertible at the option of the noteholders at any time prior to the close of business on the business day immediately preceding December 1, 2020, only under the following circumstances: (1) during any calendar quarter commencing after the calendar quarter ending on September 30, 2016 (and only during such calendar quarter), if the last reported sale price of the Company's common stock for at least 20 trading days (whether or not consecutive) during a period of 30 consecutive trading days ending on the last trading day of the immediately preceding calendar quarter is greater than or equal to 130% of the conversion price on each applicable trading day; (2) during the five business day period after any ten consecutive trading day period (the measurement period) in which the trading price (as defined in the Indenture) per \$1,000 principal amount of Notes for each trading day of the measurement period was less than 98% of the product of the last reported sale price of the Company's common stock and the conversion rate on each such trading day; or (3) upon the occurrence of specified corporate events. On or after December 1, 2020 until the close of business on the second scheduled trading day immediately preceding the maturity date, holders may convert their Notes at any time, regardless of the foregoing circumstances. Upon conversion, the Company will pay or deliver, as the case may be, cash, shares of the Company's common stock or a combination of cash and shares of the Company's common stock, at the Company's election, as described in the Indenture. The conversion rate for the Notes will initially be 10.3770 shares of common stock per \$1,000 principal amount of Notes (equivalent to an initial conversion price of approximately \$96.37 per share of common stock). The initial conversion price of the Notes represents a premium of approximately 32.5% to the \$72.73 per share closing price of the Company's common stock on the New York Stock Exchange on June 7, 2016.

The foregoing summary is qualified in its entirety by reference to the text of the Base Indenture, the Supplemental Indenture, the Form of Global 1.75% Convertible Senior Note due 2021 included in the Supplemental Indenture (the

Global Note ), which are filed as Exhibits 4.1, 4.2 and 4.3, respectively, with this Current Report on Form 8-K and are incorporated herein and into the Registration Statement by reference.

### *Convertible Note Hedge and Warrant Transactions*

On June 7, 2016, in connection with the pricing of the Notes, the Company entered into privately negotiated convertible note hedge transactions (the Base Note Hedge Transactions ) with each of Morgan Stanley & Co. International plc, Bank of America, N.A. and Goldman, Sachs & Co (the Option Counterparties ). On June 8, 2016, in connection with the Underwriters' exercise of their option to purchase the Additional Notes, the Company entered into additional privately negotiated convertible note hedge transactions with the Option Counterparties (the Additional Note Hedge Transactions ), together with the Base Note Hedge Transactions, the Note Hedge Transactions ).

The Note Hedge Transactions are expected generally to reduce the potential dilution and/or offset the cash payments the Company is required to make in excess of the principal amount upon conversion of the Notes in the event that the market price of the Company's common stock is greater than the strike price of the Note Hedge Transactions, which is initially \$96.37 (subject to adjustment), corresponding approximately to the initial conversion price of the Notes.

On June 7, 2016, the Company also entered into separate, privately negotiated warrant transactions with the Option Counterparties (the Base Warrant Transactions ) in which it sold net-share-settled (or, at the Company's election subject to certain conditions, cash-settled) warrants to the Option Counterparties initially relating to the same number of shares of the Company's common stock initially underlying the Notes, subject to customary anti-dilution adjustments. On June 8, 2016, in connection with the Underwriters' exercise of their option to purchase the Additional Notes, the Company entered into additional privately negotiated warrant transactions with the Option Counterparties (the Additional Warrant Transactions ), together with the Base Warrant Transactions, the Warrant Transactions ). The strike price of the warrants will initially be \$127.2775 per share (subject to adjustment), which is 75% above the last reported sale price of the Company's common stock on the New York Stock Exchange on June 7, 2016. The Warrant Transactions could have a dilutive effect to the Company's stockholders to the extent that the Warrant Transactions are not cash-settled and the market price per share of the Company's common stock, as measured under the terms of the Warrant Transactions, exceeds the applicable strike price of the warrants.

The Note Hedge Transactions and the Warrant Transactions are separate transactions, in each case, entered into by the Company with the Option Counterparties, and are not part of the terms of the Notes and will not affect any holder's rights under the Notes. Holders of the Notes will not have any rights with respect to the Note Hedge Transactions or the Warrant Transactions.

The foregoing summary is qualified in its entirety by reference to the text of the confirmations of the Note Hedge Transactions and the Warrant Transactions, which are filed as Exhibits with this Current Report on Form 8-K and are incorporated herein by reference.

### **Item 1.02 Termination of a Material Definitive Agreement**

On June 13, 2016, the Company used approximately \$21.0 million of the net proceeds from the issuance of the Notes to repay all amounts owed (including the associated closing and repayment fees) under its term loan agreement, dated as of October 24, 2014, by and among the Company, Capital Royalty Partners II L.P. (Capital Royalty ) and certain affiliates of Capital Royalty party thereto as lenders (as amended, the Credit Agreement ), and related documents. As a result, the Credit Agreement was terminated in accordance with its terms on June 13, 2016 and all security interests granted by the Company under the Credit Agreement and related documents were released and terminated.

### **Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant**

The information set forth in Item 1.01 of this Current Report on Form 8-K under the heading Supplemental Indentures Relating to Convertible Senior Notes is incorporated by reference into this Item 2.03.

**Item 3.02 Unregistered Sales of Equity Securities**

The Company entered into the Warrant Transactions with the Option Counterparties in reliance on the exemption from registration provided by Section 4(a)(2) of the Securities Act of 1933, as amended (the Securities Act ). The Company relied on this exemption from registration based in part on representations made by the Option

Counterparties. The Warrant Transactions and the shares of the Company's common stock issuable upon exercise of the warrants comprising the Warrant Transactions, if any, have not been registered under the Securities Act and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements.

To the extent that any shares of the common stock are issued upon exercise of the warrants by any of the Option Counterparties pursuant to the respective Warrant Transactions, they will be issued in transactions anticipated to be exempt from registration under the Securities Act by virtue of Section 3(a)(9) thereof, because no commission or other remuneration is expected to be paid in connection with any resulting issuance of shares of the common stock.
