**TEVA PHARMACEUTICAL INDUSTRIES LIMITED**

We are a global pharmaceutical company, committed to increasing access to high-quality healthcare to patients around the world. We operate worldwide, with a significant presence in the United States, Europe and many other markets around the world. Our key strengths include our world-leading generics expertise and portfolio, focused specialty portfolio and global infrastructure and scale.

In November 2017, we announced a new organizational structure and leadership changes to enable strategic alignment across our portfolio, regions and functions. Under this new structure, our business will be integrated into one commercial organization, operating through three regions – North America, Europe and Growth Markets. Each region will manage the entire portfolio of our medicines, including generics, specialty and over-the-counter ( OTC ). The new structure will enable stronger alignment and integration between R&D, operations and commercial regions, allowing us to become a more agile, lean and profitable company. Prior to the implementation of our new organizational structure, we operated our business in two segments:

**Generic Medicines**, which includes chemical and therapeutic equivalents of originator medicines in a variety of dosage forms, such as tablets, capsules, injectables, inhalants, liquids, ointments and creams. This segment includes our OTC business, a significant part of which is conducted through PGT Healthcare LLP, our consumer healthcare joint venture with The Procter & Gamble Company, as well as our world-leading active pharmaceutical ingredient manufacturing business. We are the leading generic drug company in the United States and Europe, and we have a significant presence in certain rest of the world markets.

**Specialty Medicines**, which includes our core therapeutic areas of central nervous system medicines such as COPAXONE® and AUSTEDO® and respiratory medicines such as ProAir® and QVAR®. Our specialty medicines segment also includes other products, such as BENDEKA® and GRANIX® in oncology.

In addition to these two segments, we have other activities, primarily sales of third-party products for which we act as distributor in the United States and in other countries.

Teva was incorporated in Israel on February 13, 1944, and is the successor to a number of Israeli corporations, the oldest of which was established in 1901.

**FINANCE SUBSIDIARIES**

Teva has organized various finance subsidiaries for the purpose of issuing debt securities. There are no separate financial statements of the finance subsidiaries in this prospectus because these entities are, or will be treated as, subsidiaries of Teva for financial reporting purposes. We do not believe the financial statements would be helpful to the holders of the securities of these entities because:

Teva is a reporting company under the Securities Exchange Act of 1934, as amended (the Exchange Act ) and owns, directly or indirectly, all of the voting interests of these entities;

these entities do not have any independent operations and do not propose to engage in any activities other than issuing securities and investing the proceeds in Teva or its affiliates; and

these entities' obligations under the securities will be fully and unconditionally guaranteed by Teva. These entities are exempt from the information reporting requirements of the Exchange Act.

**FORWARD-LOOKING STATEMENTS**

The disclosure and analysis in this prospectus, including statements that are predictive in nature, or that depend upon or refer to future events or conditions, contain or incorporate by reference some forward-looking statements within the meaning of Section 21E of the Exchange Act and Section 27A of the Securities Act of 1933, as amended (the Securities Act ). Forward-looking statements describe our current expectations or forecasts of future events. You can identify these forward-looking statements by the use of words such as should, expect, anticipate, estimate, target, project, guidance, intend, plan, believe and other words and terms of similar meaning and expression in connection with any discussion of future operating or financial performance. Important factors that could cause or contribute to such differences include risks relating to:

our generics medicines business, including: that we are substantially more dependent on this business, with its significant attendant risks, following our acquisition of Allergan plc's worldwide generic pharmaceuticals business; consolidation of our customer base and commercial alliances among our customers; the increase in the number of competitors targeting generic opportunities and seeking U.S. market exclusivity for generic versions of significant products; price erosion relating to our generic products, both from competing products and increased regulation; delays in launches of new generic products; our ability to take advantage of high-value biosimilar opportunities; efforts of pharmaceutical companies to limit the use of generics including through legislation and regulations; the difficulty and expense of obtaining licenses to proprietary technologies; returns, allowances and chargebacks; and investigations of the calculation of wholesale prices;

our specialty medicines business, including: competition for our specialty products, especially COPAXONE®, our leading medicine, which faces competition from existing and potential additional generic versions and orally-administered alternatives; our ability to achieve expected results from investments in our product pipeline; competition from companies with greater resources and capabilities; and the effectiveness of our patents and other measures to protect our intellectual property rights;

our substantially increased indebtedness and significantly decreased cash on hand, which may limit our ability to incur additional indebtedness, engage in additional transactions or make new investments, and may result in a further downgrade of our credit ratings; and our inability to raise debt or borrow funds in amounts or on terms that are favorable to us;

our business and operations in general, including: failure to effectively execute the recently announced restructuring plan; uncertainties related to, and failure to achieve, the potential benefits and success of our new senior management team and organizational structure; harm to our pipeline of future products due to the expected review of our Research & Development programs; our ability to develop and commercialize additional pharmaceutical products; potential additional adverse consequences following our resolution with the U.S. government of our Foreign Corrupt Practice Act investigation; compliance with sanctions and other trade control laws; manufacturing or quality control problems, which may damage our reputation for quality production and require costly remediation; interruptions in our supply chain; disruptions of our or third party information technology systems or breaches of our data security; the failure to recruit or retain key personnel; variations in intellectual property laws that may adversely affect our ability to manufacture our products; challenges associated with conducting business globally, including adverse effects of political or

economic instability, major hostilities or terrorism; significant sales to a limited number of customers in our U.S. market; our ability to successfully bid for suitable acquisition targets or licensing opportunities, or to consummate and integrate acquisitions; and our prospects and opportunities for growth if we sell assets;

**Table of Contents**

compliance, regulatory and litigation matters, including: costs and delays resulting from the extensive governmental regulation to which we are subject; the effects of reforms in healthcare regulation and reductions in pharmaceutical pricing, reimbursement and coverage; governmental investigations into sales and marketing practices; potential liability for patent infringement; product liability claims; increased government scrutiny of our patent settlement agreements; failure to comply with complex Medicare and Medicaid reporting and payment obligations; and environmental risks; and

other financial and economic risks, including: our exposure to currency fluctuations and restrictions as well as credit risks; potential impairments of our intangible assets; potential significant increases in tax liabilities; and the effect on our overall effective tax rate of the termination or expiration of governmental programs or tax benefits, or of a change in our business.

The forward-looking statements contained or incorporated by reference herein involve a number of known and unknown risks and uncertainties that could cause our future results, performance or achievements to differ significantly from the results, performance or achievements expressed or implied by such forward-looking statements. You should understand that many important factors, in addition to those discussed or incorporated by reference in this prospectus, could cause our results to differ materially from those expressed in the forward-looking statements. Potential factors that could affect our results, include, in addition to others not described in this prospectus, those referenced under Risk Factors. These are factors that we think could cause our actual results to differ materially from our expected results.

Forward-looking statements speak only as of the date on which they are made, and we undertake no obligation to update any forward-looking statements or other information contained in this prospectus, whether as a result of new information, future events or otherwise, except as may be required by law. You are advised, however, to consult any additional disclosures we make in our Annual Reports on Form 10-K and our Quarterly Reports on Form 10-Q that are filed with the SEC. See Risk Factors. Other factors besides those listed here could also adversely affect us.

**Table of Contents****RATIO OF EARNINGS TO FIXED CHARGES**

Our ratio of earnings to fixed charges in accordance with U.S. GAAP for each of the periods presented below was as follows:

	<b>Year Ended December 31,</b>				
	<b>2017</b>	<b>2016</b>	<b>2015</b>	<b>2014</b>	<b>2013</b>
Ratio of earnings to fixed charges	(18.7) <sup>(1)</sup>	2.5	9.3	11.8	4.7

(1) The ratio of earnings to fixed charges was less than 1:1 for the fiscal year ended December 31, 2017. In order to achieve a ratio of earnings to fixed charges of 1:1, we would have had to generate an additional \$18,380 million in pre-tax earnings in the fiscal year ended December 31, 2017.

The finance subsidiaries did not have any independent operations for the relevant periods.

**USE OF PROCEEDS**

Unless the applicable prospectus supplement states otherwise, the net proceeds from the sale of securities offered by Teva or the finance subsidiaries will be used for general corporate purposes, which may include additions to working capital, investments in or extensions of credit to our subsidiaries and the repayment of indebtedness.

**DESCRIPTION OF DEBT SECURITIES AND GUARANTEES**

We or any of the other finance subsidiaries may elect to offer debt securities. The following description of debt securities sets forth the material terms and provisions of the debt securities to which any prospectus supplement may relate. Our senior debt securities would be issued under a senior indenture between Teva and The Bank of New York Mellon, as trustee. Teva's subordinated debt securities would be issued under a subordinated indenture between Teva and The Bank of New York Mellon, as trustee.

The senior debt securities of each finance subsidiary would be issued under a senior indenture among that entity, Teva, as guarantor, and The Bank of New York Mellon, as trustee. The subordinated debt securities of each finance subsidiary would be issued under a subordinated indenture among that entity, Teva, as guarantor, and The Bank of New York Mellon, as trustee.

All of the indentures are sometimes referred to in this prospectus collectively as the indentures and each, individually, as an indenture. All senior indentures are sometimes referred to in this prospectus collectively as the senior indentures and each, individually, as a senior indenture. All subordinated indentures are sometimes referred to in this prospectus collectively as the subordinated indentures and each, individually, as a subordinated indenture. The particular terms of the debt securities offered by any prospectus supplement, and the extent to which the general provisions described below may apply to the offered debt securities, will be described in the applicable prospectus supplement. The indentures will be qualified under the Trust Indenture Act of 1939, as amended. The terms of the debt securities will include those stated in the indentures and those made part of the indentures by reference to the Trust Indenture Act.

Because the following summaries of the material terms and provisions of the indentures and the related debt securities are not complete, you should refer to the forms of the indentures and the debt securities for complete information on some of the terms and provisions of the indentures, including definitions of some of the terms used below, and the debt securities. The senior indentures and subordinated indentures are substantially identical to one another, except for specific provisions relating to subordination contained in the subordinated indentures.

**General**

The provisions of the indentures do not limit the aggregate principal amount of debt securities which may be issued thereunder. Unless otherwise provided in a prospectus supplement, the senior debt securities will be the issuer's direct, unsecured and unsubordinated general obligations and will have the same rank in liquidation as all of the issuer's other unsecured and unsubordinated debt. The subordinated debt securities will be unsecured obligations of the issuer, subordinated in right of payment to the prior payment in full of all senior indebtedness of the issuer with respect to such series, as described below under Subordination of the Subordinated Debt Securities and in the applicable prospectus supplement.

**Payments**

The issuer may issue debt securities from time to time in one or more series. The provisions of the indentures allow the issuer to reopen a previous issue of a series of debt securities and issue additional debt securities of that series, as well as debt securities of other series. The debt securities may be denominated and payable in U.S. dollars or foreign currencies. The issuer may also issue debt securities from time to time with the principal amount or interest payable on any relevant payment date to be determined by reference to one or more currency exchange rates, securities or baskets of securities, commodity prices or indices. Holders of these types of debt securities will receive payments of principal or interest that depend upon the value of the applicable currency, security or basket of securities, commodity or index on the relevant payment dates.

Debt securities may bear interest at a fixed rate, which may be zero, a floating rate, or a rate which varies during the lifetime of the debt security. Debt securities bearing no interest or interest at a rate that at the time of issuance is below the prevailing market rate may be sold at a discount below their stated principal amount.

Some of the debt securities may be issued as original issue discount securities. Original issue discount securities bear no interest or bear interest at below-market rates and may be sold at a discount below their stated principal amount. The applicable prospectus supplement will contain information relating to income tax, accounting, and other special considerations applicable to original issue discount securities.

## **Registration and Transfer of Debt Securities**

Holders may present debt securities for exchange, and holders of registered debt securities may present these securities for transfer, in the manner, at the places and subject to the restrictions stated in the debt securities and described in the applicable prospectus supplement. The issuer will provide these services without charge except for any tax or other governmental charge payable in connection with these services and subject to any limitations or requirements provided in the applicable indenture or the supplemental indenture or issuer order under which that series of debt securities is issued. If any of the securities are held in global form, the procedures for transfer of interests in those securities will depend upon the procedures of the depositary for those global securities.

## **Events of Default**

Each indenture provides holders of debt securities with remedies if the issuer and/or guarantor, as the case may be, fails to perform specific obligations, such as making payments on the debt securities, or if the issuer and/or guarantor, as the case may be, becomes bankrupt. Holders should review these provisions and understand which actions trigger an event of default and which actions do not. Each indenture permits the issuance of debt securities in one or more series, and, in many cases, whether an event of default has occurred is determined on a series-by-series basis.

An event of default is defined under the indentures, with respect to any series of debt securities issued under that indenture, as any one or more of the following events, subject to modification in a supplemental indenture, each of which we refer to in this prospectus as an event of default, having occurred and be continuing:

default is made in the payment of principal in respect of the securities;

default is made for more than 30 days in the payment of interest in respect of the securities;

the issuer and/or guarantor, as the case may be, fails to perform any of its other obligations under the securities and this failure has continued for the period of 90 days following service of notice on the issuer and/or guarantor requiring the same to be remedied;

issuer s and/or guarantor s, as the case may be, bankruptcy, insolvency or reorganization under any applicable bankruptcy, insolvency or insolvency related reorganization law;

an order is made or an effective resolution is passed for the winding up or liquidation of the issuer and/or guarantor, as the case may be; or

any other event of default provided in the supplemental indenture or issuer order, if any, under which that series of debt securities is issued.

**Acceleration of Debt Securities Upon an Event of Default**

Each indenture provides that, unless otherwise set forth in a supplemental indenture:

if an event of default occurs due to the default in payment of principal of, or any premium or interest on, any series of debt securities issued under the indenture, or due to the default in the performance or

## **Table of Contents**

breach of any other covenant or warranty of the issuer and/or guarantor, as the case may be, applicable to that series of debt securities but not applicable to all outstanding debt securities issued under that indenture occurs and is continuing, either the trustee or the holders of not less than 25% in aggregate principal amount of the outstanding debt securities of each affected series, voting as one class, by notice in writing to the issuer and guarantor, as the case may be, may declare the principal of and accrued interest on the debt securities of such affected series (but not any other debt securities issued under that indenture) to be due and payable immediately;

if an event of default occurs due to specified events of bankruptcy, insolvency or reorganization of the issuer and/or the guarantor, as the case may be, the principal of all debt securities and interest accrued on the debt securities to be due and payable immediately; and

if an event of default due to a default in the performance of any other of the covenants or agreements in the indenture applicable to all outstanding debt securities issued under the indenture occurs and is continuing, either the trustee or the holders of not less than 25% in aggregate principal amount of all outstanding debt securities issued under the indenture for which any applicable supplemental indenture does not prevent acceleration under the relevant circumstances, voting as one class, by notice in writing to the issuer and/or guarantor, as the case may be, may declare the principal of all debt securities and interest accrued on the debt securities to be due and payable immediately.

### **Annulment of Acceleration and Waiver of Defaults**

In some circumstances, if any and all events of default under the indenture, other than the non-payment of the principal of the securities that has become due as a result of an acceleration, have been cured, waived or otherwise remedied, then the holders of a majority in aggregate principal amount of all series of outstanding debt securities affected, voting as one class, may annul past declarations of acceleration or waive past defaults of the debt securities.

### **Indemnification of Trustee for Actions Taken on Your Behalf**

Each indenture provides that the trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of the holders of debt securities issued under that indenture relating to the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred upon the trustee. In addition, each indenture contains a provision entitling the trustee, subject to the duty of the trustee to act with the required standard of care during a default, to be indemnified to its reasonable satisfaction by the holders of debt securities issued under the indenture before proceeding to exercise any right or power at the request of holders. Subject to these provisions and specified other limitations, the holders of a majority in aggregate principal amount of each series of outstanding debt securities of each affected series, voting as one class, may direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee.

### **Limitation on Actions by You as an Individual Holder**

Each indenture provides that no individual holder of debt securities may institute any action against us under that indenture, except actions for payment of overdue principal and interest, unless the following actions have occurred:

the holder must have previously given written notice to the trustee of the continuing default;

the holders of not less than 25% in aggregate principal amount of the outstanding debt securities of each affected series, treated as one class, must have:

requested the trustee to institute that action; and

offered the trustee reasonable indemnity;

## **Table of Contents**

the trustee must have not instituted that action within 60 days after receipt of the request referred to above;  
and

the holders of a majority in principal amount of the outstanding debt securities of each affected series, voting as one class, must not have given directions to the trustee inconsistent with those of the holders referred to above.

Each indenture contains a covenant that the issuer and guarantor, if applicable, will file annually with the trustee a certificate of no default or a certificate specifying any default that exists.

## **Discharge, Defeasance and Covenant Defeasance**

The issuer has the ability to eliminate most or all of its obligations on any series of debt securities prior to maturity if it complies with the following provisions:

***Discharge of Indenture.*** The issuer may discharge all of its obligations, other than as to transfers and exchanges, under the indenture after it has:

paid or caused to be paid the principal of and interest on all of the outstanding debt securities in accordance with their terms;

delivered to the applicable trustee for cancellation all of the outstanding debt securities; or

irrevocably deposited with the applicable trustee cash or, in the case of a series of debt securities payable only in U.S. dollars, U.S. government obligations in trust for the benefit of the holders of any series of debt securities issued under the indenture that have either become due and payable, or are by their terms due and payable, or are scheduled for redemption, within one year, in an amount certified to be sufficient to pay on each date that they become due and payable, the principal of and interest on, and any mandatory sinking fund payments for, those debt securities. However, the deposit of cash or U.S. government obligations for the benefit of holders of a series of debt securities that are due and payable, or are scheduled for redemption, within one year will discharge obligations under the applicable indenture relating only to that series of debt securities.

***Defeasance of a Series of Securities at Any Time.*** The issuer may also discharge all of its obligations, other than as to transfers and exchanges, under any series of debt securities at any time, which we refer to as defeasance in this prospectus. The issuer may be released with respect to any outstanding series of debt securities from the obligations imposed by the covenants described above limiting consolidations, mergers, asset sales and leases, and elect not to comply with those sections without creating an event of default. Discharge under those procedures is called covenant defeasance.

Defeasance or covenant defeasance may be effected only if, among other things:

the issuer irrevocably deposits with the relevant trustee cash or, in the case of debt securities payable only in U.S. dollars, U.S. government obligations, as trust funds in an amount certified to be sufficient to pay on each date that they become due and payable, the principal of and interest on, and any mandatory sinking fund payments for, all outstanding debt securities of the series being defeased; and

the issuer delivers to the relevant trustee an opinion of counsel to the effect that:

the holders of the series of debt securities being defeased will not recognize income, gain or loss for United States federal income tax purposes as a result of the defeasance or covenant defeasance;

the defeasance or covenant defeasance will not otherwise alter those holders' United States federal income tax treatment of principal and interest payments on the series of debt securities being defeased; and

**Table of Contents**

in the case of a defeasance, this opinion must be based on a ruling of the Internal Revenue Service or a change in United States federal income tax law occurring after the date of this prospectus, since that result would not occur under current tax law.

**Modification of the Indenture**

***Modification without Consent of Holders.*** The issuer and the relevant trustee may enter into supplemental indentures without the consent of the holders of debt securities issued under each indenture to:

secure any debt securities or to confirm and evidence the release of security when such release is permitted under such indenture;

evidence the assumption by a successor corporation of our obligations;

add covenants for the protection of the holders of debt securities;

delete or modify any Events of Default with respect to a new series being established;

add or change any provisions of such indenture regarding restrictions on the payment of principal or premium if such modification does not adversely affect holders of such debt securities in any material respect;

change or eliminate any provisions of such indenture if such change or elimination becomes effective when no securities affected are outstanding;

cure any ambiguity, omission, mistake, defect or error or correct any inconsistency; or to surrender any right or power of an issuer or guarantors; or to make such other provisions that shall not adversely affect the interests of the holders in any material respect;

establish the forms or terms of debt securities of any series or to authorize the issuance of additional securities of a series;

evidence the assumption by the guarantor of all obligations and release of issuer;

evidence the acceptance of appointment by a successor trustee;

supplement such indenture to permit defeasance;

add, change or eliminate provisions of such indenture to qualify under the Trust Indenture Act;

reduce the minimum denomination of any series;

prohibit the authentication and delivery of additional series;

add guarantors or co-obligors to a series or to release guarantors in accordance with such indenture;

make such provisions as necessary to exchange securities pursuant to a registration rights or similar agreement;

conform provisions of such indenture with respect to a series to the provisions of the applicable Description of Notes ; or

make any other change that does not adversely affect in any material respect the interests of holders of such securities.

***Modification with Consent of Holders.*** Each issuer and the trustee, with the consent of the holders of not less than a majority in aggregate principal amount of each affected series of outstanding debt securities, voting as one class, may add any provisions to, or change in any manner or eliminate any of the provisions of, the indenture or modify in any manner the rights of the holders of those debt securities. However, the issuer and the trustee may not make any of the following changes to any outstanding debt security without the consent of each holder that would be affected by the change:

extend the final maturity of the security;

**Table of Contents**

reduce the principal amount;

reduce the rate or extend the time of payment of interest;

reduce any amount payable on redemption;

change the currency in which the principal, including any amount of original issue discount, premium, or interest on the security is payable;

modify or amend the provisions for conversion of any currency into another currency;

reduce the amount of any original issue discount security payable upon acceleration or provable in bankruptcy;

alter the terms on which holders of the debt securities may convert or exchange debt securities for stock or other securities or for other property or the cash value of the property, other than in accordance with the antidilution provisions or other similar adjustment provisions included in the terms of the debt securities;

impair the right of any holder to institute suit for the enforcement of any payment on any debt security when due; or

reduce the percentage of debt securities the consent of whose holders is required for modification of the Indenture.

**Form of Debt Security**

Each debt security will be represented either by a certificate issued in definitive form to a particular investor or by one or more global securities representing the entire issuance of securities. Both certificated securities in definitive form and global securities may be issued in registered form, where the issuer's obligation runs to the holder of the security named on the face of the security.

Definitive securities name you or your nominee as the owner of the security and in order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable.

Global securities name a depository or its nominee as the owner of the debt securities represented by these global securities. The depository maintains a computerized system that will reflect each investor's beneficial ownership of the securities through an account maintained by the investor with its broker/dealer, bank, trust company or other representative, as we explain more fully below.

**Global Securities**

**Registered Global Securities.** The issuer may issue the debt securities in the form of one or more fully registered global securities that will be deposited with a depository or its nominee identified in the applicable prospectus supplement and registered in the name of that depository or nominee. In those cases, one or more registered global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal or face amount of the securities to be represented by registered global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a registered global security may not be transferred except as a whole by and among the depository for the registered global security, the nominees of the depository or any successors of the depository or those nominees. If not described below, any specific terms of the depository arrangement with respect to any securities to be represented by a registered global security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depository arrangements:

Ownership of beneficial interests in a registered global security will be limited to persons, called participants, that have accounts with the depository or persons that may hold interests through participants. Upon

**Table of Contents**

the issuance of a registered global security, the depositary will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or selling agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a registered global security will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depositary, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some states may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair your ability to own, transfer or pledge beneficial interests in registered global securities. So long as the depositary, or its nominee, is the registered owner of a registered global security, that depositary or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the registered global security for all purposes under the applicable indenture.

Except as described below, owners of beneficial interests in a registered global security will not be entitled to have the securities represented by the registered global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the applicable indenture. Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depositary for that registered global security and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the applicable indenture. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security desires to give or take any action that a holder is entitled to give or take under the applicable indenture, the depositary for the registered global security would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

Principal, premium, if any, and interest payments on debt securities represented by a registered global security registered in the name of a depositary or its nominee will be made to the depositary or its nominee, as the case may be, as the registered owner of the registered global security. None of the issuer, the guarantor, if applicable, the trustee or any other agent of the issuer, guarantor or agent of the trustee will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests. We expect that the depositary for any of the securities represented by a registered global security, upon receipt of any payment of principal, premium, interest or other distribution of underlying securities or other property to holders on that registered global security, will immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that registered global security as shown on the records of the depositary. We also expect that payments by participants to owners of beneficial interests in a registered global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers registered in street name, and will be the responsibility of those participants.

If the depositary for any of these securities represented by a registered global security is at any time unwilling or unable to continue as depositary or ceases to be a clearing agency registered under the Exchange Act, and a successor depositary registered as a clearing agency under the Exchange Act is not appointed by the issuer within 90 days, the issuer will issue securities in definitive form in exchange for the registered global security that had been held by the depositary. In addition, the issuer may, at any time and in its sole discretion, decide not to have any of the securities represented by one or more registered global securities. If the issuer makes that decision, it will issue securities in definitive form in exchange for all of the registered global security or securities representing those securities. Any securities issued in definitive form in exchange for a registered global security will be registered in the name or names that the depositary gives to the relevant trustee or other relevant agent of ours or theirs. It is expected that the

depository's instructions will be based upon directions

received by the depositary from participants with respect to ownership of beneficial interests in the registered global security that had been held by the depositary.

## **Guarantees**

Teva will fully and unconditionally guarantee payment in full to the holders of the debt securities issued by the finance subsidiaries pursuant to this prospectus. The guarantee is set forth in, and forms part of, the finance subsidiary indenture under which the debt securities will be issued. If, for any reason, the issuer does not make any required payment in respect of its debt securities when due, the guarantor will cause the payment to be made to or to the order of the trustee. The guarantee will be on a senior basis when the guaranteed debt securities are issued under the senior indenture, and on a subordinated basis to the extent the guaranteed debt securities are issued under the subordinated indenture. The extent to which the guarantee is subordinated to other indebtedness of the guarantor will be substantially the same as the extent to which the subordinated debt issued by the issuer is subordinated to the other indebtedness of the issuer as described below under Subordination of the Subordinated Debt Securities. The holder of the guaranteed security may sue the guarantor to enforce its rights under the guarantee without first suing any other person or entity.

## **Subordination of the Subordinated Debt Securities**

Subordinated debt securities issued by an issuer will, to the extent set forth in the applicable subordinated indenture, be subordinate in right of payment to the prior payment in full of all senior indebtedness of the issuer, whether outstanding at the date of the subordinated indenture or incurred after that date. In the event of:

any insolvency or bankruptcy case or proceeding, or any receivership, liquidation, reorganization or other similar case or proceeding in connection therewith, relative to the issuer or to its creditors, as such, or to its assets; or

any voluntary or involuntary liquidation, dissolution or other winding up of the issuer, whether or not involving insolvency or bankruptcy; or

any assignment for the benefit of creditors or any other marshalling of assets and liabilities of the issuer, then the holders of senior indebtedness of the issuer will be entitled to receive payment in full of all amounts due or to become due on or in respect of all its senior indebtedness, or provision will be made for the payment in cash, before the holders of the subordinated debt securities of the issuer are entitled to receive or retain any payment on account of principal of, or any premium or interest on, or any additional amounts with respect to, the subordinated debt securities. The holders of senior indebtedness of the issuer will be entitled to receive, for application to the payment of the senior indebtedness, any payment or distribution of any kind or character, whether in cash, property or securities, including any payment or distribution which may be payable or deliverable by reason of the payment of any other indebtedness of the issuer being subordinated to the payment of its subordinated debt securities. This payment may be payable or deliverable in respect of its subordinated debt securities in any case, proceeding, dissolution, liquidation or other winding up event.

By reason of subordination, in the event of liquidation or insolvency of the issuer, holders of senior indebtedness of the issuer and holders of other obligations of the issuer that are not subordinated to its senior indebtedness may recover more ratably than the holders of subordinated debt securities of the issuer.

Subject to the payment in full of all senior indebtedness of the issuer, the rights of the holders of subordinated debt securities of the issuer will be subrogated to the rights of the holders of its senior indebtedness to receive payments or distributions of cash, property or securities of the issuer applicable to its senior indebtedness until the principal of, any premium and interest on, and any additional amounts with respect to, its subordinated debt securities have been paid in full.

**Table of Contents**

No payment of principal, including redemption and sinking fund payments, of, or any premium or interest on, or any additional amounts with respect to the subordinated debt securities of the issuer, or payments to acquire these securities, other than pursuant to their conversion, may be made:

if any senior indebtedness of the issuer is not paid when due and any applicable grace period with respect to the default has ended and the default has not been cured or waived or ceased to exist; or

if the maturity of any senior indebtedness of the issuer has been accelerated because of a default. The subordinated indentures do not limit or prohibit the issuer from incurring additional senior indebtedness, which may include indebtedness that is senior to its subordinated debt securities, but subordinate to the issuer's other obligations.

The subordinated indentures provide that these subordination provisions, insofar as they relate to any particular issue of subordinated debt securities by the issuer, may be changed prior to the issuance. Any change would be described in the applicable prospectus supplement.

**New York Law to Govern**

The indentures and the debt securities will be governed by the laws of the State of New York.

**Information Concerning the Trustee**

The Bank of New York Mellon, as trustee under the indenture, has been appointed by us as paying agent, conversion agent, registrar and custodian with regard to the debt securities. The trustee or its affiliates may from time to time in the future provide banking and other services to us in the ordinary course of their business.

**Table of Contents**

**DESCRIPTION OF PURCHASE CONTRACTS**

Teva may issue purchase contracts for the purchase or sale of debt or equity securities issued by Teva, a basket of such securities, an index or indices of such securities or any combination of the above as specified in the applicable prospectus supplement.

Each purchase contract will entitle the holder thereof to purchase or sell, and obligate us to sell or purchase, on specified dates, such securities at a specified purchase price, which may be based on a formula, all as set forth in the applicable prospectus supplement. The applicable prospectus supplement will also specify the methods by which the holders may purchase or sell such securities and any acceleration, cancellation or termination provisions or other provisions relating to the settlement of a purchase contract and any security arrangements or requirements with respect thereto. Alternatively, if provided in the applicable prospectus supplement, purchase contracts may require holders to satisfy their obligations thereunder when the purchase contracts are issued. Any purchase contracts we issue will be physically settled by delivery of our ordinary shares or other securities to which they relate. Teva's obligation to settle such pre-paid purchase contracts on the relevant settlement date may constitute indebtedness. Accordingly, pre-paid purchase contracts will be issued under either the senior indenture or the subordinated indenture.

**DESCRIPTION OF UNITS**

As specified in the applicable prospectus supplement, Teva may issue units consisting of one or more purchase contracts, debt or equity securities or any combination of such securities. The applicable prospectus supplement will describe:

the terms of the units and of the purchase contracts, debt securities and/or other equity securities comprising the units, including whether and under what circumstances the securities comprising the units may be traded separately;

a description of the terms of any unit agreement governing the units; and

a description of the provisions for the payment, settlement, transfer or exchange of the units.

**TAXATION**

The material Israeli, U.S. federal and, if applicable, Curaçao or Dutch income tax consequences relating to the purchase, ownership and disposition of any of the securities offered by this prospectus will be set forth in the prospectus supplement offering those securities.

**PLAN OF DISTRIBUTION**

We may sell our securities in any one or more of the following ways from time to time:

to or through underwriters;

to or through dealers;

through agents; or

directly to purchasers, including our affiliates.

The prospectus supplement with respect to any offering of our securities will set forth the terms of the offering, including:

the name or names of any underwriters, dealers or agents;

the purchase price of the securities and the proceeds to us from the sale;

any underwriting discounts and commissions or agency fees and other items constituting underwriters' or agents' compensation; and

any delayed delivery arrangements.

The distribution of the securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to the prevailing market prices or at negotiated prices.

If securities are sold by means of an underwritten offering, we will execute an underwriting agreement with an underwriter or underwriters, and the names of the specific managing underwriter or underwriters, as well as any other underwriters, and the terms of the transaction, including commissions, discounts and any other compensation of the underwriters and dealers, if any, will be set forth in the prospectus supplement which will be used by the underwriters to sell the securities. If underwriters are utilized in the sale of the securities, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at fixed public offering prices or at varying prices determined by the underwriters at the time of sale.

The securities to be sold by us may be offered to the public either through underwriting syndicates represented by managing underwriters or directly by the managing underwriters. If any underwriter or underwriters are utilized in the sale of the securities, unless otherwise indicated in the prospectus supplement, the underwriting agreement will

provide that the obligations of the underwriters are subject to conditions precedent and that the underwriters with respect to a sale of securities will be obligated to purchase all of those securities if they purchase any of those securities.

We may grant to the underwriters options to purchase additional securities to cover over-allotments, if any, at the public offering price with additional underwriting discounts or commissions. If we grant any over-allotment option, the terms of any over-allotment option will be set forth in the prospectus supplement relating to those securities.

If a dealer is utilized in the sales of securities in respect of which this prospectus is delivered, we will sell those securities to the dealer as principal. The dealer may then resell those securities to the public at varying prices to be determined by the dealer at the time of resale. Any reselling dealer may be deemed to be an underwriter, as the term is defined in the Securities Act, of the securities so offered and sold. The name of the dealer and the terms of the transaction will be set forth in the related prospectus supplement.

Offers to purchase securities may be solicited by agents designated by us from time to time. Any agent involved in the offer or sale of the securities in respect of which this prospectus is delivered will be named, and

any commissions payable by us to the agent will be set forth, in the applicable prospectus supplement. Unless otherwise indicated in the prospectus supplement, any agent will be acting on a reasonable best efforts basis for the period of its appointment. Any agent may be deemed to be an underwriter, as that term is defined in the Securities Act, of the securities so offered and sold.

Offers to purchase securities may be solicited directly by us and the sale of those securities may be made by us directly to institutional investors or others, who may be deemed to be underwriters within the meaning of the Securities Act with respect to any resale of those securities. The terms of any sales of this type will be described in the related prospectus supplement.

Underwriters, dealers, agents and remarketing firms may be entitled under relevant agreements entered into with us to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, that may arise from any untrue statement or alleged untrue statement of a material fact or any omission or alleged omission to state a material fact in this prospectus, any supplement or amendment hereto, or in the Registration Statement of which this prospectus forms a part, or to contribution with respect to payments which the agents, underwriters or dealers may be required to make.

If so indicated in the prospectus supplement, we will authorize underwriters or other persons acting as our agents to solicit offers by institutions to purchase securities from us pursuant to contracts providing for payments and delivery on a future date. Institutions with which contracts of this type may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, but in all cases those institutions must be approved by us. The obligations of any purchaser under any contract of this type will be subject to the condition that the purchase of the securities shall not at the time of delivery be prohibited under the laws of the jurisdiction to which the purchaser is subject. The underwriters and other persons acting as our agents will not have any responsibility in respect of the validity or performance of those contracts.

One or more firms, referred to as remarketing firms, may also offer or sell the securities, if the prospectus supplement so indicates, in connection with a remarketing arrangement upon their purchase. Remarketing firms will act as principals for their own accounts or as agents for Teva or any of its subsidiaries. These remarketing firms will offer or sell the securities in accordance with a redemption or repayment pursuant to the terms of the securities. The prospectus supplement will identify any remarketing firm and the terms of its agreement, if any, with Teva or any of its subsidiaries and will describe the remarketing firm's compensation. Remarketing firms may be deemed to be underwriters in connection with the securities they remarket. Remarketing firms may be entitled under agreements that may be entered into with Teva or any of its subsidiaries to indemnification by Teva or any of its subsidiaries against certain civil liabilities, including liabilities under the Securities Act, and may engage in transactions with or perform services for Teva or any of its subsidiaries in the ordinary course of business.

Disclosure in the prospectus supplement of our use of delayed delivery contracts will include the commission that underwriters and agents soliciting purchases of the securities under delayed contracts will be entitled to receive in addition to the date when we will demand payment and delivery of the securities under the delayed delivery contracts. These delayed delivery contracts will be subject only to the conditions that we describe in the prospectus supplement.

In connection with the offering of securities, persons participating in the offering, such as any underwriters, may purchase and sell securities in the open market. These transactions may include over-allotment and stabilizing transactions and purchases to cover syndicate short positions created in connection with the offering. Stabilizing transactions consist of bids or purchases for the purpose of preventing or retarding a decline in the market price of the securities, and syndicate short positions involve the sale by underwriters of a greater number of securities than they are required to purchase from any issuer in the offering. Underwriters also may impose a penalty bid, whereby selling

concessions allowed to syndicate members or other broker-dealers in respect of the

securities sold in the offering for their account may be reclaimed by the syndicate if the securities are repurchased by the syndicate in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the securities, which may be higher than the price that might prevail in the open market, and these activities, if commenced, may be discontinued at any time.

**ENFORCEMENT OF CIVIL LIABILITIES**

***Teva Pharmaceutical Industries Limited***

Teva is organized under the laws of Israel and certain of Teva's directors and officers reside outside of the United States. As a result, service of process on them may be difficult to effect in the United States. Furthermore, a substantial portion of Teva's assets are located outside of the United States. Therefore, any judgment obtained in the United States against us or any of our directors and officers may not be collectible within the United States.

Subject to various time limitations, an Israeli court may declare a judgment rendered by a foreign court in a civil matter, including judgments awarding monetary or other damages in non civil matters, enforceable if it finds that:

- (1) the judgment was rendered by a court which was, according to the foreign country's law, competent to render it;
- (2) the judgment is no longer appealable;
- (3) the obligation in the judgment is enforceable according to the rules relating to the enforceability of judgments in Israel and the substance of the judgment is not contrary to public policy in Israel; and
- (4) the judgment can be executed in the state in which it was given.

A foreign judgment will not be declared enforceable by Israeli courts if it was given in a state, the laws of which do not provide for the enforcement of judgments of Israeli courts (subject to exceptional cases) or if its enforcement is likely to prejudice the sovereignty or security of Israel. An Israeli court also will not declare a foreign judgment enforceable if it is proven to the Israeli court that:

- (1) the judgment was obtained by fraud;
- (2) there was no due process;
- (3) the judgment was given by a court not competent to render it according to the laws of private international law in Israel;
- (4) the judgment conflicts with another judgment that was given in the same matter between the same parties and which is still valid; or
- (5)

at the time the action was brought to the foreign court a claim in the same matter and between the same parties was pending before a court or tribunal in Israel.

***Teva Finance Company BV, Teva Finance IV BV, Teva Finance V BV, Teva Finance NV, Teva Finance Netherlands II, Teva Finance Netherlands III and Teva Finance Netherlands IV***

Each of the BVs is organized under the laws of Curaçao and each of the Netherlands BVs is organized under the laws of the Netherlands, and its managing directors and supervisory directors reside outside the United States, and all or a significant portion of the assets of such person may be, and substantially all of the assets of each of the BVs and the Netherlands BVs are, located outside the United States. As a result, it may not be possible to effect service of process within the United States upon any of the BVs or the Netherlands BVs or any such person or to enforce against any of the BVs or the Netherlands BVs or any such person judgments obtained in United States courts predicated upon the civil liability provisions of the federal securities laws of the United States.

The United States and Curaçao and the United States and the Netherlands do not currently have a treaty providing for reciprocal recognition and enforcement of judgments in civil and commercial matters. Therefore, a final judgment for the payment of money rendered by any federal or state court in the United States based on civil liability, whether or not predicated solely upon the federal securities laws of the United States, would not be directly enforceable in Curaçao or the Netherlands.

**Table of Contents**

If the party in whose favor such a final judgment is rendered brings a new suit in a competent court in Curaçao or the Netherlands, that party may submit to the Curaçao or Dutch court the final judgment that has been rendered in the United States.

A foreign judgment would be enforceable in Curaçao generally, without any re-examination of the merits of the original judgment provided that:

- (1) the judgment is valid and enforceable in the jurisdiction where rendered;
- (2) the judgment has been rendered by a foreign court that has accepted jurisdiction in accordance with an international accepted ground for jurisdiction;
- (3) no principles of due process were violated in the proceedings that resulted in the foreign judgment;
- (4) the recognition and enforcement of the judgment does not violate Curaçao principles of public order;
- (5) the judgment is not contrary to a prior or simultaneous judgment between the same parties of a Curaçao court or of a foreign court which judgement can be recognized and enforced in Curaçao; and
- (6) the judgment has not been rendered in proceedings of a penal, revenue or other public law nature.

A Dutch court will generally grant the same judgment without re-litigation on the merits if:

- (1) that judgment results from legal proceedings compatible with Dutch notions of due process;
- (2) that judgment does not contravene public policy of the Netherlands; and
- (3) the jurisdiction of the relevant federal or state court in the United States has been based on internationally accepted principles of international civil law.

Subject to the foregoing and provided that service of process occurs in accordance with applicable treaties, investors should be able to enforce in the Netherlands final judgments in civil and commercial matters obtained from U.S. federal or state courts. However, it is doubtful whether a Dutch court would accept jurisdiction and impose civil liability in an original action commenced in the Netherlands and predicated solely upon U.S. securities laws.

**ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS*****Teva Pharmaceutical Industries Limited***

The Companies Law provides that a company may not exempt or indemnify a director or an executive officer (collectively, an Officer), or enter into an insurance contract, which would provide coverage for any liability incurred as a result of any of the following: (i) a breach by the Officer of his or her duty of loyalty unless, with respect to insurance coverage or indemnification, due to a breach of his or her duty of loyalty to the company committed in good faith and with reasonable grounds to believe that such act would not prejudice the interests of the company; (ii) a breach by the Officer of his or her duty of care to the company committed intentionally or recklessly; (iii) any act or omission done with the intent of unlawfully realizing personal gain; or (iv) a fine, monetary sanction, forfeit or penalty imposed upon an Officer. In addition, the Companies Law provides that Officers can only be exempted in advance with respect to liability for damages caused as a result of a breach of their duty of care to the company (but not for such breaches committed intentionally or recklessly, as noted above, or in connection with a distribution (as defined in the Companies Law)).

Teva's Articles include provisions under which Officers of Teva are or may be insured, exempted or indemnified against liability which they may incur in their capacities as such, subject to the Companies Law. Articles 102 through 105 of Teva's Articles provide as follows:

102. Subject to the provisions of applicable law, the Company shall be entitled to engage in a contract for insurance of the liability of any Officer of the Company, in whole or in part, in respect of any liability or expense imposed on an Officer or expended by him or her as a result of any action which was performed by said Officer in his or her capacity as an Officer of the Company for which insurance may be provided under applicable law, including in respect of any liability imposed on any Officer with respect to any of the following:

- (a) Breach of a duty of care vis-à-vis the Company or vis-à-vis another person;
- (b) Breach of a duty of loyalty vis-à-vis the Company, provided that the Officer acted in good faith and had reasonable grounds to believe that the action in question would not adversely affect the Company;

- (c) Financial liability which shall be imposed upon said Officer in favor of another person as a result of any action which was performed by said Officer in his or her capacity as an Officer of the Company; including (c1) A payment which said Officer is obligated to make to an injured party as set forth in Section 52(54)(a)(1)(a) of the Securities Law and expenses that said Officer incurred in connection with a proceeding under Chapters H 3, H 4 or I 1 of the Securities Law, including reasonable legal expenses, which term includes attorney fees, or in connection with Article D of Chapter Four of Part Nine of the Companies Law.

103. Subject to the provisions of applicable law, the Company shall be entitled to indemnify *post factum* and/or undertake in advance to indemnify any Officer of the Company, as a result of any liability or an expense imposed on him or her or expended by him or her as a result of any action which was performed by said Officer in his or her capacity as an Officer of the Company, in respect of any liability or expense for which indemnification may be provided under applicable law, including in respect of any liability or an expense imposed on the Officer as follows:

- (a) Financial liability imposed upon said Officer in favor of another person by virtue of a decision by a court of law, including a decision by way of settlement or a decision in arbitration which has been confirmed by a court of law, provided that the undertaking to indemnify in advance shall be limited to events which, in the opinion of the Board of Directors of the Company, are foreseeable, in light of the Company's activities at the time that the undertaking to indemnify was given, and shall further be limited to amounts or criteria that the Board of Directors has determined to be reasonable under the circumstances, and provided further that in the undertaking to indemnify in advance the events that the Board of Directors believes to be foreseeable in light of the Company's activities at the time that the undertaking to indemnify was given are mentioned, as is the amount or criteria that the Board of Directors determined to be reasonable under the relevant circumstances, including (a1) A payment which said Officer is obligated to make to an injured party as set forth in Section 52(54)(a)(1)(a) of the Securities Law and expenses that said Officer incurred in connection with a proceeding under Chapters H 3, H 4 or I 1 of the Securities Law, including reasonable legal expenses, which term includes attorney fees, or in connection with Article D of Chapter Four of Part Nine of the Companies Law.
- (b) Reasonable litigation expenses, including attorney fees, expended by the Officer as a result of an inquiry or a proceeding conducted in respect of such Officer by an authority authorized to conduct same, which was concluded without the submission of an indictment against said Officer and without any financial penalty being imposed on said Officer instead of a criminal proceeding (as such term is defined in the Companies Law), or which was concluded without the submission of an indictment against said Officer with a financial penalty being imposed on said Officer instead of a criminal proceeding, in respect of a criminal charge which does not require proof of criminal intent or in connection with a financial sanction.
- (c) Reasonable litigation expenses, including attorney fees, which said Officer shall have expended or shall have been obligated to expend by a court of law, in any proceedings which shall have been filed against said Officer by or on behalf of the Company or by another person, or with regard to any criminal charge of which said Officer was acquitted, or with regard to any criminal charge of which said Officer was convicted which does not require proof of criminal intent.

104. Subject to the provisions of applicable law, the Company shall be entitled, in advance, to exempt any Officer of the Company from liability, in whole or in part, with regard to damage incurred as a result of the breach of duty of care vis-à-vis the Company.
105. Notwithstanding the foregoing, the Company shall be entitled to insure, indemnify and exempt from liability any Officer of the Company to the fullest extent permitted by applicable law. Accordingly, (i) any amendment to the Companies Law, the Securities Law or any other applicable law expanding the right of any Officer to be insured, indemnified or exempted from liability in comparison to the provisions of these Articles shall, to the extent permitted by applicable law, immediately apply to the

fullest extent permitted by applicable law, and (ii) any amendment to the Companies Law, the Securities Law or any other applicable law adversely affecting the right of any Officer to be insured, indemnified or exempted from liability in comparison to the provision of these Articles shall not be in effect *post factum* and shall not affect the Company's obligation or ability to insure, indemnify or exempt from liability an Officer for any act or omission occurring prior to such amendment, unless otherwise provided by applicable law.

Pursuant to indemnification and release agreements, Teva releases its Officers from liability and indemnifies them to the fullest extent permitted by law and the Articles. Under these agreements, Teva undertakes to indemnify each Officer for monetary liabilities imposed by a court judgment (including a settlement or an arbitrator's award that were approved by a court), provided that such undertaking (i) shall be limited to matters that are connected or otherwise related to certain events or circumstances set forth therein, and (ii) shall not exceed \$200 million in the aggregate per Officer. Under Israeli law, indemnification is subject to other limitations, including those described above. Subject to applicable law, Teva may also indemnify its Officers following specific events.

Teva's Officers are also covered by directors' and officers' liability insurance.

***Teva Pharmaceutical Finance Netherlands II B.V., Teva Pharmaceutical Finance Netherlands III B.V. and Teva Pharmaceutical Finance Netherlands IV B.V.***

Under the laws of the Netherlands, indemnification by a company of its officers and directors for liability incurred in their capacity as such is not permitted where the liability results from the gross negligence or willful malfeasance of the officers or directors. Subject to the foregoing, the general meeting of shareholders of the Netherlands BVs can grant an indemnity or an annual discharge to a managing director of the Netherlands BVs. As for the indemnity, article 16(3) of the articles of association of the Netherlands BVs provides that the remuneration and the other employment conditions of each managing director are determined by the general meeting. As for the annual discharge, the relevant clauses of Article 21 of the articles of association of each of the Netherlands BVs provide as follows:

1. The general meeting adopts the financial statements. The management board adopts the annual report.
2. Adoption of the financial statements does not discharge a managing director, unless the provisions of paragraph 3 apply. By separate resolution the general meeting can discharge a managing director for the management conducted in the financial year in question, insofar as that management is apparent from the financial statements or has been made known to the general meeting.
3. If all the shareholders are also managing directors of the Company, signing of the financial statements by all the managing directors also serves as adoption of the financial statements, provided that all the parties entitled to attend meetings have been given the opportunity to take note of the drafted financial statements and have agreed to this manner of adoption. Adoption of the financial statements in this manner discharges the managing directors.

**ITEM 17. UNDERTAKINGS**

(a) The undersigned registrants hereby undertake:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

  - (ii) To reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the

aggregate, represent a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or any decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective Registration Statement; and

- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement;

*provided, however,* that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in

periodic reports filed with or furnished to the SEC by the registrants pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the Registration Statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the Registration Statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new Registration Statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
  - (A) Each prospectus filed by the registrants pursuant to Rule 424(b)(3) shall be deemed to be part of the Registration Statement as of the date the filed prospectus was deemed part of and included in the Registration Statement; and
  - (B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a Registration Statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the Registration Statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the Registration Statement relating to the securities in the Registration Statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a Registration Statement or prospectus that is part of the Registration Statement or made in a document incorporated or deemed incorporated by reference into the Registration Statement or prospectus that is part of the Registration Statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the Registration Statement or prospectus that was part of the Registration Statement or made in any such document immediately prior to such effective date; or
- (5) That, for the purpose of determining liability of the registrants under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrants undertake that in a primary offering of securities of the undersigned registrants pursuant to this Registration Statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrants will be a seller to the purchaser and will be

considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrants relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrants or used or referred to by the undersigned registrants;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrants or its securities provided by or on behalf of the undersigned registrants; and

- (b) The undersigned registrants hereby undertake that, for purposes of determining any liability under the Securities Act of 1933, each filing of any registrants annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the Registration Statement shall be deemed to be a new Registration Statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrants pursuant to the foregoing provisions, the registrants have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable.
