### **SELLING STOCKHOLDERS**

Up to 11,499,945 shares of Common Stock are being offered by this prospectus, all of which are being offered for resale for the account of the selling stockholders. The shares being offered were issued to the selling stockholders pursuant to the Merger Agreement in connection with the Merger. The selling stockholders may from time to time offer and sell pursuant to this prospectus any or all of the shares of Common Stock being registered.

We are registering the shares of Common Stock being offered hereby pursuant to our obligations to do so under a Registration Rights Agreement (the "Registration Rights Agreement"), dated as of June 23, 2018, by and among the Company and the selling stockholders. The Registration Rights Agreement was entered into pursuant to, and in connection with the transactions contemplated by, the Merger Agreement. We have agreed to pay all fees and expenses incurred in connection with this registration, but not any selling expenses of any selling stockholders (including any broker's fees or selling commissions).

The table below sets forth certain information known to us, based upon written representations from the selling stockholders, with respect to the beneficial ownership of our shares of Common Stock held by the selling stockholders as of January 2, 2019, the date the Merger was completed. Because the selling stockholders may sell, transfer or otherwise dispose of all, some or none of the shares of Common Stock covered by this prospectus, we cannot determine the number of shares that will be sold, transferred or otherwise disposed of by the selling stockholders, or the amount or percentage of shares of Common Stock that will be held by the selling stockholders upon termination of any particular offering. See "Plan of Distribution." For purposes of the table below, we assume that the selling stockholders will sell all of their shares of Common Stock covered by this prospectus.

In the table below, the percentage of shares beneficially owned is based on 93,522,445 shares of our Common Stock outstanding as of January 2, 2019, determined in accordance with Rule 13d-3 under the Exchange Act. Under such rule, beneficial ownership includes any shares over which the selling stockholder has sole or shared voting power or investment power and also any shares that the selling stockholder has the right to acquire within 60 days of such date through the exercise of any options, warrants or other rights. Except as otherwise indicated, we believe that the selling stockholders have sole voting and investment power with respect to all shares of Common Stock shown as beneficially owned by them. The beneficial ownership information presented in this table is not necessarily indicative of beneficial ownership for any other purpose.
