NOTE 1 ORGANIZATION AND BASIS OF PRESENTATION

(A) Basis of Presentation

The accompanying unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules and regulations of the Securities and Exchange Commission for interim financial information. Accordingly, they do not include all the information necessary for a comprehensive presentation of financial position and results of operations.

It is management's opinion however, that all material adjustments (consisting of normal recurring adjustments) have been made which are necessary for a fair financial statements presentation. The results for the interim period are not necessarily indicative of the results to be expected for the year.

For further information, refer to the financial statements and footnotes included in the Company's Form 8-K/A for the year ended December 31, 2004.

(B) Organization

Effective Profitable Software, Inc. formally known as Modena 2, Inc., (a development stage company), was organized under the laws of the State of Delaware.

EPS, Inc., (a development stage company), was incorporated in the State of Arkansas on February 23, 2004.

Edgar Filing: EFFECTIVE PROFITABLE SOFTWARE, INC. - Form 10QSB

On May 10th, 2005 pursuant to a stock purchase agreement and share exchange between the Effective Profitable Software, Inc. and EPS, Inc. and the shareholders of EPS, Inc., we purchased all of the outstanding shares of EPS for the issuance of 10,156,000 (50,780,000 post-split) shares of our stock to EPS shareholders. Pursuant to the agreement, EPS became a wholly owned subsidiary of the Effective Profitable Software, Inc. As a result of the agreement, the transaction was treated for accounting purposes as a reorganization by the accounting acquirer (EPS, Inc.) and as a recapitalization by the accounting acquiree (Effective Profitable Software, Inc. f/k/a Modena 2, Inc.).

Accordingly, the financial statements include the following:

- (1) The balance sheet consists of the net assets of the acquirer at historical cost and the net assets of the acquiree at historical cost.

Activities during the development stage include developing the business plan and raising capital.

Effective Profitable Software, Inc. and its wholly-owned subsidiary are hereafter referred to as the Company .

The Company intends to develop computer software for use in technical analysis of financial markets.

NOTE 2 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

(A) Cash and Cash Equivalents

The Company considers cash on hand and amounts on deposit with financial institutions which have original maturities of three months or less to be cash and cash equivalents.

(B) Principles of Consolidation

The 2005 financial statements include the accounts of Effective Profitable Software, Inc. and its wholly-owned subsidiary EPS, Inc. from May 10, 2005. The 2004 financial statements include the accounts of EPS, Inc.

All significant intercompany accounts and transactions have been eliminated in consolidation.

(C) Income Taxes

The Company accounts for income taxes in accordance with the Statement of Financial Accounting Standards No. 109, Accounting for Income Taxes, which requires the recognition of deferred tax assets and liabilities at currently enacted tax rates for the expected future tax consequences of events that have been included in the financial statements or tax returns. A valuation allowance is recognized to reduce the net deferred tax asset to an amount that is more likely than not to be realized. The income tax provision shown on the accompanying statement of operations is zero since the deferred tax asset generated from the net operating loss is offset in its entirety by valuation allowances.

Item 2. Management's Discussion and Analysis or Plan of Operation

The following discussion and analysis provides information which management believes is relevant to an assessment and understanding of our financial condition. The discussion should be read in conjunction with our financial statements and notes thereto appearing in this prospectus. The following discussion and analysis contains forward-looking statements, which involve risks and uncertainties. Our actual results may differ significantly from the results, expectations and plans discussed in these forward-looking statements.

Overview

On May 10, 2005, pursuant to a Stock Purchase Agreement and Share Exchange between us and EPS, Inc., an Arkansas corporation, and the shareholders of EPS, we purchased all of the outstanding shares of EPS for the issuance of 10,156,000 (50,780,000 post-split) shares of our stock to the EPS shareholders. Pursuant to the Agreement, EPS became a wholly owned subsidiary of the Company. Pursuant to the terms of the Agreement, we filed Articles of Amendment with the State of Delaware changing our name to Effective Profitable Software, Inc.

Based on the acquisition of EPS we changed our business focus to become a financial markets evaluation software company which focuses on bringing affordable evaluation tools to the general public. We are based in Little Rock, Arkansas and are led by Don Bratcher, Gary Moore and Richard Torti. We use in house proprietary software for evaluation of markets, stocks, commodities, and other financial instruments. We have developed an innovative evaluation system we call the TimingWave. At the center of the system is a 100% mechanical, unemotional timing model that is both powerful and simple to use. The system's web-based access will make it both affordable and accessible and our evaluations will be easily understood.

On May 20, 2005, our directors and shareholders approved a 5-1 forward split of our outstanding common shares increasing the amount of shares owned by these shareholders to 50,780,000 shares.

Plan of Operations

During the next twelve months, we expect to take the following steps in connection with the operations:

Initially we plan to prepare and execute a marketing plan to develop our subscription base. The majority of our member base will be obtained from two sources: search engine results and links placed in online market timing directories via link exchange programs. We anticipate that within thirty to sixty days, a comprehensive marketing plan will be developed. We expect to spend approximately \$5,000 on marketing in the areas of Keyword Advertising and Sponsored Links through Google, FindWhat, and other similar targeted keyword programs. Another area that we will vigorously pursue as part of our marketing and branding program is search engine placement. By continuing to work to optimize the site, and by increasing the number of links to the site, we feel we can receive better search results and search engine saturation, which in turn directs more traffic to the website. In addition to our internet based effort we intend to advertise in national papers Wall Street Journal, USA Today we anticipate additional subscriptions from word of mouth.

Edgar Filing: EFFECTIVE PROFITABLE SOFTWARE, INC. - Form 10QSB

In the latter part of 2006 we intend to charge a subscription fee for our services. We believe our programs are so unique and accurate that no active subscription members will be affected and we intend to inform them when they subscribe that this is an initial offer and prices will increase. We currently have enough cash to satisfy our minimum cash requirements for the next 6 months to maintain our operations. However, we may require additional funds to increase marketing, to expand international and for further development of our Website.

We currently do not have enough cash to satisfy our minimum cash requirements for the next twelve months. In addition, we will require additional funds to increase marketing, to expand operations, and for further development of our website. No significant purchases of equipment are anticipated; however, a substantial surge in traffic and/ or membership could necessitate the purchase of additional servers.

As reflected in the accompanying financial statements, we are in the development stage with limited operations. This raises substantial doubt about our ability to continue as a going concern. Our ability to continue as a going concern is dependent on our ability to raise additional capital and implement our business plan. The financial statements do not include any adjustments that might be necessary if we are unable to continue as a going concern.

Capital Resources and Liquidity.

Our unaudited balance sheet as of June 30, 2005 reflects assets of \$18,052 consisting of cash of \$835, property and equipment of \$15,817, and deposits of \$1,400. Total liabilities as of June 30, 2005 were \$41,066 consisting of accounts payable of \$5,033 and stockholder loans of \$36,033.

As of June 30, 2005, we had \$835 in cash. Our general and administrative expenses are expected to average \$5,000 per month for the next 12 months based upon our projected operating budget. We currently do not have enough cash to satisfy more than one year of operations without receiving additional funds from our President or additional investors. Subsequent to June 30, 2005, we raised a total of \$54,000 from the issuance of stock.

Recent Financial Pronouncements

Statement of Financial Accounting Standards ("SFAS") No. 154, "Accounting Changes and Error Corrections - a replacement of APB Opinion No. 20 and FASB Statement No. 3" SFAS No. 151, "Inventory Costs - an amendment of ARB No. 43, Chapter 4" SFAS No. 152, "Accounting for Real Estate Time-Sharing Transactions - an amendment of FASB Statements No. 66 and 67" SFAS No. 153, "Exchanges of Non-monetary Assets - an amendment of APB Opinion No. 29" and SFAS No. 123 (revised 2004), "Share-Based Payment", do not have applicability to the Company's operations nor any impact on the Company's financial statements.

Going Concern Consideration

As reflected in the accompanying financial statements, we are in the development stage. We have no operations and have had recurring losses since inception and an accumulated deficit of \$139,616. Accordingly, there is substantial doubt about our ability to continue as a going concern. Our ability to continue as a going concern is dependent on our ability to raise additional capital and implement our business plan. The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

We believe that actions presently being taken to obtain additional funding and implement our strategic plans provide the opportunity for us to continue as a going concern.

Subsequent Events

On September 9, 2005, Gately & Associates, LLC was dismissed as the independent auditor for the Company and on October 14, 2005 was replaced by Webb & Company, P.A. as our principal independent auditors.

Critical Accounting Policies

Our financial statements and related public financial information are based on the application of accounting principles generally accepted in the United States (GAAP). GAAP requires the use of estimates; assumptions, judgments and subjective interpretations of accounting principles that have an impact on the assets, liabilities, revenue and expense amounts reported. These estimates can also affect supplemental information contained in our external disclosures including information regarding contingencies, risk and financial condition. We believe our use of estimates and underlying accounting assumptions adhere to GAAP and are consistently and conservatively applied. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances. Actual results may differ materially from these estimates under different assumptions or conditions. We continue to monitor significant estimates made during the preparation of our financial statements.

Our significant accounting policies are summarized in Note 1 of our financial statements. While all these significant accounting policies impact our financial condition and results of operations. We view certain of these policies as critical. Policies determined to be critical are those policies that have the most significant impact on our financial statements and require management to use a greater degree of judgment and estimates. Actual results may differ from those estimates. Our management believes that given current facts and circumstances, it is unlikely that applying any other reasonable judgments or estimate methodologies would cause effect on our consolidated results of operations, financial position or liquidity for the periods presented in this report.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements.

Item 3. Controls and Procedures

Evaluation of disclosure controls and procedures

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of our disclosure controls and procedures, as such term is defined under Rule 13a-15(e) and Rule 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended (Exchange Act), as of June 30, 2005. Based on that evaluation, our principal executive officer and principal financial officer concluded that, a material weakness in our internal accounting controls existed prior to June 30, 2005 so that our disclosure controls and procedures in place were not adequate to ensure that information required to be disclosed by us, including our consolidated subsidiaries, in reports that we file or submit under the Exchange Act, is recorded, processed, summarized and reported on a timely basis in accordance with applicable rules and regulations. Although our principal executive officer and principal financial officer believe our current existing disclosure controls and procedures are adequate to enable us to comply with our disclosure obligations, we intend to formalize and document the procedures already in place and establish a disclosure committee.

Changes in internal controls

We are in the process of making significant changes to our internal controls subsequent to the Evaluation Date. During the course of the most recent examination of our financial statements for the period ended June 30, 2005 by our independent accountants, we were advised of the existence of a material weakness in our internal accounting controls that existed prior to June 30, 2005. We are applying the necessary corrective action and believe this weakness will be remediated.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings.

We are currently not a party to any pending legal proceedings and no such actions by, or to the best of our knowledge, against us have been threatened.
