---

**ITEM 8.01 Other Events**

As previously disclosed, on July 18, 2013 Avalon Holdings Corporation (Avalon), through a wholly owned subsidiary, received two permits to drill, construct and operate two salt water injection wells. Avalon has determined that the estimated remaining costs to drill and construct the facilities will be approximately \$5.0 million. Construction of the first well has begun and is continuing.

Also, as previously disclosed, Avalon formed a new Ohio limited liability company, AWMS Holdings, LLC, to act as a holding company to form and own a series of wholly owned subsidiaries that will own and operate salt water injection wells and facilities. AWMS Holdings, LLC has formed its first wholly owned subsidiary, AWMS Rt. 169, LLC, to own and operate the two salt water injection wells. Through a private placement offering of membership units in AWMS Holdings, LLC to accredited investors and internally contributed capital, AWMS Rt. 169, LLC has enough capital to complete construction of both wells. The wells are expected to be operational in January 2014.

**SIGNATURE**

Pursuant to the requirements of the Securities Exchange Act of 1934, the Company has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

Date: October 22, 2013
