Notes to the Financial Statements

December 31, 2015

(Unaudited)

NOTE 1 - ORGANIZATION AND DESCRIPTION OF BUSINESS

The financial statements presented are those of PCS Edventures!.com, Inc., an Idaho corporation (“PCS” or “the Company”).

In October 1994, PCS exchanged common stock on a one-for-one basis for common stock of PCS Schools, Inc. As a result of this exchange, PCS Schools, Inc. became a wholly-owned subsidiary of PCS. In the late 1990s, the Company divested the stand-alone learning labs to focus on the creation of turn-key lab modules coupled with web-based technology for use in the classroom and afterschool programs.

On March 27, 2000, PCS changed its name from PCS Education Systems, Inc. to PCS Edventures!. com, Inc.

In August 2001, PCS successfully completed a public offering pursuant to an SB-2 Registration Statement and began trading publicly on the OTC Bulletin Board (“OTCBB”).

On November 30, 2005, PCS entered into an agreement with 511092 N.B. LTD., a Canadian corporation (LabMentors), to exchange PCS common stock for common stock of 511092 N.B. LTD., which exchange was completed in December, 2005, with LabMentors becoming a wholly-owned subsidiary. In December 2005, the name of this subsidiary was formally changed to PCS LabMentors, Ltd. (See Note 17). The Company divested LabMentors in August of 2013.

In January, 2012, the Company committed to a business plan enhancement, which included the opening, operating, and licensing of EdventuresLab private learning centers and launched a pilot program in the spring of 2012. As of June 30, 2014, two EdventuresLab programs had been opened and were operating in the Idaho Treasure Valley.

On January 31, 2013, PCS formed a subsidiary called Premiere Science, Inc., incorporated and registered in the State of Idaho. The subsidiary is 100% wholly-owned by the Company and was formed to use as an additional sales and marketing tool to gain other business opportunities. There were no operations for this subsidiary during the quarter year ended December 31, 2015.

On September 26, 2014, the shareholders voted for the proposal to grant the Board of Directors the authority to change the name of the Company in a fashion that will remove the “.com”, but retain the current brand.

On July 23, 2015, the Board of Directors resolved that the name of the Company be changed to PCS Edventures!, Inc. No amendment to the Company’s Articles of Incorporation has yet been filed, though it is anticipated that following the assignment of a new Cusip Number and the required filing with the Financial Industry Regulatory Authority, that this name change will become effective.

NOTE 2 - UNAUDITED FINANCIAL STATEMENTS

The December 31, 2015, financial statements presented herein are unaudited, and in the opinion of management, include all adjustments (consisting of only normal recurring accruals) necessary for a fair presentation of financial position, results of operations and cash flows. Such financial statements do not include all of the information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America. This Quarterly Report on Form 10-Q should be read in conjunction with the Annual Report on Form 10-K for PCS Edventures!.com for the fiscal year ended March 31, 2015.

Certain items for March 31, 2015 have been reclassified to conform to presentation in the third quarter ending December 31, 2015.

The operating results for the period ended December 31, 2015 are not necessarily indicative of the results that may be expected for the fiscal year ending March 31, 2016.

NOTE 3 - GOING CONCERN

The Company's financial statements are prepared using accounting principles generally accepted in the United States of America applicable to a going concern that contemplates the realization of assets and liquidation of liabilities in the normal course of business. The established sources of revenues are not sufficient to cover the Company's operating costs. The Company has accumulated significant losses and payables and generated negative cash flows. The combination of these items raises substantial doubt about its ability to continue as a going concern.

The ability of the Company to continue as a going concern is dependent upon its ability to increase revenue, to raise capital as needed, to continue to monitor and reduce overhead costs, and to attain profitable operations. The accompanying consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

NOTE 4 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Concentration of Credit Risk

The Company extends credit to customers and is therefore subject to credit risk. The Company performs initial and ongoing credit evaluations of its customers' financial condition and does not require collateral. An allowance for doubtful accounts is recorded to account for potential bad debts. Estimates are used in determining the allowance for doubtful accounts and are based upon an assessment of selected accounts and as a percentage of remaining accounts receivable by aging category. In determining these percentages, the Company evaluates historical write-offs, and current trends in customer credit quality, as well as changes in credit policies. At December 31, 2015, Tatweer Company for Educational Services and STEMfinity accounted for 34.3% and 52.5% of the Company's accounts receivable, respectively.

Plan of Operation

PCS sells into the STEM education market with (1) an existing STEM library and deep expertise in creating STEM solutions comprised of curriculum and materials; (2) a unique PCS learning methodology – an adaptive (customizes to individual learners), experiential (hands-on in nature), learning framework that can be monetized in a number of ways, with what we believe is an approach to educational assessment and incentivizing students for the future, and PCS is an innovative leader in this area; (3) PCS has developed an innovative K12 robotics and engineering system comprised of hardware and software specifically designed to engage students in STEM topics such as hands-on physics and engineering and coding; and (4) PCS entered the B2C space with a retail product launch this year and also has a working model for experiential learning labs operational. With a plan to expand higher margin digital delivery products, PCS is now in the development stage of a unique, subscription-based online learning system that can be licensed to schools or non-profit organizations, as well as be used in the home environment. Phase one of this online learning platform, called EdApp, was launched in Q3 with a product called EdApp Droneology. Phase two is in the functional design stage and is planned to be developed and deployed in Q4. PCS expertise in the area of Drone technology evolved over the course of 12 months in 2015 as we developed a drone curriculum, technical expertise, and a supply chain partner supplying drone solutions. We believe the Drone market to be highly viable for rapid growth of our retail product strategy. In addition, the drone technology we are working on aligns strongly with our

STEM robotics product roadmap.

As we approach FY2017, our strategy is growth and profitability driven seeking to optimize and streamline operations while aggressively moving our digital learning and robotics product strategy forward. A continued underlying principle will be the building of services and products with recurring revenue traits such as online licensing. Tactically, we will focus on improving product quality, improving our delivery and support infrastructure to accommodate larger scale delivery, improving our sales infrastructure, and building our new, higher margin digital products to add to our lineup of STEM products and services. We will continue to focus on the improvement of our web-based marketing efforts, expand our sales force and channel partners, and tighten sales processes for our domestic STEM sales. We will also continue to fulfill existing and capture new STEM contracts on International projects where these make sense. We will continue to use our EdventuresLab program for (1) an R&D test bed for product improvement and refinement with a major emphasis on digital delivery of content in FY2017; (2) revenue generation through afterschool and summer course fees; (3) revenue through licensing EdventuresLab curriculum and methods; and (4) revenues from STEM retail products. We believe e-commerce sales of kits associated with STEM learning targeting the families of students attending the centers as well as the larger home retail market will provide a consistent, dependable boost in Q3 annual revenues to offset low education sales traditionally anticipated during this time frame. We will actively seek retail distribution methods and channels for our robotics retail products and expand their usability for other market segments. We are actively pursuing an expansion strategy for retail and STEM education that involves Drone technology.

Results of Operations

For the nine-month period ended December 31, 2015, the Company reported a net loss of (\$612,316) as compared to a net loss of (\$1,123,512) for the nine-month period ended December 31, 2014. The significant reduction in net loss was predominantly due to the reduction of interest expense year over year of \$253,410. The nine month period ending net loss December 31, 2014 included \$301,131 in debt discount amortized on July 21, 2014 as a result of \$646,500 in notes payable conversion into 18,455,666 common stock shares. The remaining reduction in loss was due to a improvement in gross margin due to sales mix and reduction in employee expenses over last year. The Basic Loss per Share for nine-month period ended December 31, 2015, is (\$0.01), which varies from the (\$0.02) loss per share for the nine-month period ended December 31, 2014.

Revenues for the nine month period ended December 31, 2015 decreased \$193,707 to \$2,145,719 as compared to revenue during the nine month period ended December 31, 2014 of \$2,339,426. This was primarily due to the timing of acceptance of deliverables by our client in Saudi Arabia. Although contracted materials were delivered, the lack of official receiving notes from the client preclude this revenue in this quarterly report. We believe acceptance of these items to be imminent and will be reported in Q4.

Cost of Sales for the nine month period ended December 31, 2015 decreased \$349,579 to \$953,448 (27%) as compared to cost of sales during the nine month period ended December 31, 2014 of 1,303,027. Gross margin was improved in the top three revenue categories of Domestic, Learning Centers, and International through a combination of sales mix and bill of materials and freight cost reduction.

Operating expenses for the nine-month period ended December 31, 2015, decreased by \$108,098 (6%) to \$1,587,786 compared to \$1,695,884 for the nine-month period ended December 31, 2014. The majority of savings stemming from employee expenses.

For the three months ended December 31, 2015, the Company reported the net loss for the quarter was (\$411,634) as compared to a net loss of (\$35,369) for the quarter ended December 31, 2014. The Basic Loss per Share for the quarter ended December 31, 2015, is (\$0.01), compared to the (\$0.00) loss per share for the three month period ended December 31, 2014. The increased loss per share is the result of the decreased revenues not covering operations overhead.

Revenue for the three months ended December 31, 2015 decreased by \$452,628 (58%) to \$329,694, as compared to revenue during the quarter ended December 31, 2014 of \$782,322. The significant difference in revenue from period to period is due to the large contract received in FY2015 from Saudi Arabia and the non-reportable revenue for Q3 related to the current Saudi contract

Operating expenses for the three month period ended December 31, 2015, increased by \$23,214 (5%) to \$521,863, as compared to \$498,649 for the three month period ended December 31, 2014.

Disclosure Controls and Procedures

We maintain “disclosure controls and procedures,” as the Securities and Exchange Commission (“SEC”) defines such term. We have designed these controls and procedures to reasonably assure that information required to be disclosed in our reports filed under the Exchange Act, such as this Form 10-Q, is recorded, processed, summarized, and reported within the periods specified in the SEC’s rules and forms. We have also designed our disclosure controls to provide reasonable assurance that such information is accumulated and communicated to the Chief Executive Officer, Executive Vice President and Vice President/Controller, as appropriate, to allow them to make timely decisions regarding our required disclosures.

Our management has evaluated the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) of the Exchange Act) as of December 31, 2015. Based on this evaluation, the Chief Executive Officer and Executive Vice President, as co-principal executive officers, and Vice President/Controller acting as principal financial officer, concluded that our Company’s disclosure controls and procedures, including the accumulation and communication of disclosures to the Chief Executive Officer, Executive Vice President, and Vice President/Controller, as appropriate to allow timely decisions regarding required disclosure, were effective as of this date to provide reasonable assurance that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the SEC’s rules and forms. Based on this evaluation, we have concluded that there are no material weaknesses in our disclosure controls and procedures and they were effective.

Management's Report on Internal Control Over Financial Reporting.

Our management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act). Our internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Therefore, even those systems determined to be effective can provide only reasonable assurance of achieving their control objectives. Our management, including our Chief Executive Officer and Executive Vice President, as co-principal executive officers, and Vice President/Controller acting as principal financial officer, does not expect that our disclosure controls and procedures or our internal controls will prevent all error or fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints and the benefits of controls must be considered relative to their costs. Due to the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, have been detected. Management believes that the financial statements included in this report fairly present in all material respects our financial condition, results of operations and cash flows for the periods presented.

Our management, with the participation of the Chief Executive Officer and Executive Vice President, as co-principal executive officers, and Vice President/Controller acting as principal financial officer, evaluated the effectiveness of the Company's internal control over financial reporting as of December 31, 2015. In making this assessment, our management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO") in Internal Control – Integrated Framework. As a result of its review, management identified a material weakness in the internal control over financial reporting as described in our annual report on Form 10-K for the year ended March 31, 2015. Based on this evaluation, our management concluded that, as of December 31, 2015, our internal control over financial reporting was not comprehensive. Management acknowledges that as a smaller reporting entity, it is difficult to have adequate accounting staff to perform appropriate additional reviews of the financial statements.
