FOR IMMEDIATE RELEASE:

TrustCo Announces Record High
Second Quarter and Year to Date 2003 Results

Glenville, New York - July 15, 2003

TrustCo Bank Corp NY (TrustCo, NASDAQ: TRST) announced that it achieved record quarterly results for the second quarter of 2003 and for the first six months of the year. The 2003 results reflect strong performance with respect to earning assets, recurring non-interest income, and operating efficiencies. The performance for the first half of 2003 resulted in TrustCo attaining a return on average equity of 26.15%. Making the announcement was Robert T. Cushing, and Robert J. McCormick, President and Chief Executive Officers of TrustCo Bank Corp NY and Trustco Bank, respectively.

Net income for the second quarter of 2003 was \$13.4 million, or \$0.178 diluted earnings per share, compared to \$12.6 million, or \$0.169 diluted earnings per share, for the second quarter of 2002. The second quarter results reflect an increase of 6.7% in net income and 5.3% in diluted earnings per share over the comparable period in 2002.

Year to date results reflect significant increases in both net income and diluted earnings per share between 2002 and 2003. For the six months ended June 30, 2003 net income was \$26.6 million and diluted earnings per share were \$0.354, compared to net income of \$24.9 million and diluted earnings per share of \$0.335 for the comparable six month period in 2002. The six-month results reflect an increase of 6.7% in net income and 5.7% in diluted earnings per share for 2003 compared to the same six-month period in 2002.

Edgar Filing: TRUSTCO BANK CORP N Y - Form 8-K/A

Commenting on the results for 2003, they noted, "The current quarter and the year to date 2003 results are tremendous, and set the stage for continued growth into the second half of this year. These record results are the product of executing several initiatives at TrustCo to strengthen asset quality, and reduce operating expenses."

Further, Mr. Cushing and Mr. McCormick noted, "Our branch expansion program continues to introduce the TrustCo product line to new communities. Lake Mary Blvd., our 2nd office in the Orlando, Florida area opened in June. This is our 64th branch overall. Our intention is to open five additional sites, in New York and Florida, in the second half of 2003. We are excited at the opportunities available to expand, and we are delighted by the reception we have received in all the new communities that we are serving."

6

Expense controls are one of the cornerstones of the operating philosophy of TrustCo. For the second quarter of 2003, TrustCo had an operating efficiency ratio of 37.57% and 38.05% for the six months results. This compares to the operating efficiency ratio for 2002's second quarter of 37.13% and the six months results of 37.54%. "A consistent element of our strategy is to expand the value of the TrustCo franchise while at the same time maintaining our operating cost at levels that place us among the most efficient banking operations in the country. For the second quarter, our operating efficiency ratio of 37.57% places TrustCo as a world class leader in expense controls", they noted.

The single most important ratio for measuring the performance of TrustCo continues to be return on average equity. The second quarter return on average equity was 26.25% for 2003 compared to 26.65% for 2002.

Asset quality indicators continued to be strong during the quarter with non-performing assets as a percentage of total assets decreasing from 0.25% at June 30, 2002 to 0.15% at June 30, 2003. The allowance for loan losses is \$49.5 million at June 30, 2003 and represents 3.88% of loans outstanding.

TrustCo Bank Corp NY is a \$2.7 billion bank holding company and through its subsidiary, Trustco Bank, operates 64 offices in Albany, Columbia, Dutchess, Greene, Montgomery, Rensselaer, Rockland, Saratoga, Schenectady, Schoharie, Warren, Washington, and Westchester Counties in New York, Bennington County in Vermont, and Seminole County in Florida.
