## REPORT OF INDEPENDENT AUDITORS

Plan Administrator  
Hewlett-Packard Company Tax Saving Capital Accumulation Plan

We have audited the accompanying statement of net assets available for benefits of Hewlett-Packard Company Tax Saving Capital Accumulation Plan as of December 31, 2001, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2001, and the changes in its net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2001, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

## NOTE 1 DESCRIPTION OF THE PLAN

-----

The following brief description of the Hewlett-Packard Company Tax Saving Capital Accumulation Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

### GENERAL

The Plan is a defined contribution plan covering employees of Hewlett-Packard Company (the Company) and designated domestic subsidiaries who are on the U.S. payroll and who are employed as regular full-time or regular part-time employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2001, participants of the Plan who have become participants of the Verifone, Inc. 401(k) Retirement Savings and Investments Plan (Verifone Plan) were allowed to transfer their outstanding participant loan balances to the Verifone Plan, resulting in a transfer of \$624,377 of the Plan's net assets.

### CONTRIBUTIONS

All employees who were hired on or after February 1, 1998 are deemed to have elected a three percent deferral effective on the first day of their employment, unless the employee makes a change to that election in the manner prescribed by the Company.

Participating employees may contribute, on a pretax basis, up to 20% of their eligible compensation as defined by the plan document. Subsequent to the June 2, 2000 spin off of Agilent Technologies, Inc. (Agilent) from the Company, participants may no longer direct their contributions to be invested in the Agilent Stock Fund. Contributions are subject to annual deductibility limits specified under the Internal Revenue Code (the Code). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans.

The Company contributes 100% of the first 3% and 50% of the next 2% of contributions that the participant contributed to the Plan. The Company matching contribution is deposited into each participants account after the end of each of the Company's fiscal quarters, which are January 31, April 30, July 31 and October 31, provided that the participant is an employee on the last day of the quarter.

Participant and Company contributions are made in cash for all funds except the Hewlett-Packard Company Stock Fund (Company Stock Fund). Contributions to the Company Stock Fund are made in either cash or the Company's common stock. Stock contributions attributable to employee deferrals totaled \$19,663,872 in 2001. Stock contributions attributable to Company contributions totaled \$9,069,690 in 2001. Stock contributions attributable to participant rollovers from other qualified plans totaled \$26,520 in 2001. Contributions of the Company's common stock are valued at their fair market value at the closing price, as quoted on the New York Stock Exchange, on the date of contribution

## Edgar Filing: HEWLETT PACKARD CO - Form 11-K

The Company may guarantee a minimum total amount of participant and Company contributions that will be made to the Plan in a plan year. The amount, if any, that this minimum exceeds the actual total participant and Company contributions as determined above will be allocated to non-highly compensated employees (as defined in the Code) in the manner prescribed by the plan document. Minimum contributions of \$275,000,000 were guaranteed for the 2001 plan year.

### VESTING

Participants are one hundred percent vested in the Plan at all times.

### PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and allocations of (i) Company contributions, and (ii) Plan earnings and losses. Allocations are determined in accordance with the provisions of the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account. All amounts in participant accounts, including amounts invested in the Agilent Stock Fund prior to the June 2, 2000 spin off of Agilent, are participant-directed.

### PARTICIPANT LOANS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to four years. Loans are secured by the participant's account and bear interest at a rate equal to the prevailing prime rate plus one-half of 1% (0.5%). Principal and interest is paid ratably through payroll deductions.

### PAYMENT OF BENEFITS

Upon termination of service, death, disability, and retirement, participants may receive a lump-sum amount equal to the value of their account. Effective January 1, 2001, participants with account balances exceeding \$5,000 may elect to receive a series of cash installment payments. Lump-sum payments may be made in cash or shares of stock for distribution from both the Company Stock Fund and the Agilent Stock Fund.

### ADMINISTRATIVE EXPENSES

Fees and expenses of the Plan for legal, accounting, and other administrative services are paid directly by the Company on behalf of the Plan. Loan fees and overnight postage fees are charged to individual participant's accounts.

### PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

-----

### INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices which represent the net asset values of shares held by the Plan at year-end. The shares of the common collective trust fund is valued at the quoted redemption value on the last business day of the plan year. The money market fund is valued at cost plus accrued interest, which approximates fair value. The Company's and Agilent's common stock is traded on a national securities exchange and is valued at the last reported sales price on the last day of the plan year. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

### USE OF ESTIMATES

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

-----

Subsequent to the issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.
