PROXY STATEMENT

This proxy statement and accompanying proxy card are being mailed to holders of Regal Beloit Corporation (“we” or the “Company”) common stock beginning on or about March 29, 2013. The Company, on behalf of its Board of Directors (the “Board”), is soliciting your proxy to vote your shares of the Company’s common stock at the 2013 annual meeting of shareholders, and all adjournments or postponements thereof (the “Annual Meeting”). We solicit proxies to give all shareholders of record an opportunity to vote on matters that will be presented at the Annual Meeting. In this proxy statement, you will find information on these matters, which is provided to assist you in voting your shares.

COMMONLY ASKED QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Q: What am I being asked to vote on?

A: • The election of directors;

- An advisory vote on the compensation of our named executive officers as disclosed in this proxy statement;
- The Regal Beloit Corporation 2013 Equity Incentive Plan; and
- Ratification of the selection of Deloitte & Touche LLP as our independent auditors for the year ending December 28, 2013.

Q: Who can vote?

A: Holders of our common stock as of the close of business on the record date, March 11, 2013, may vote at the Annual Meeting, either in person or by proxy. Each share of common stock is entitled to one vote.

Q: How do I vote?

A: By Proxy—Before the Annual Meeting, you can give a proxy to vote your shares of common stock in one of the following ways:

by telephone;

- by using the Internet; or

by completing and signing your proxy card and mailing it in time to be received prior to the Annual Meeting.

The telephone and Internet voting procedures are designed to confirm your identity, to allow you to give your voting instructions and to verify that your instructions have been properly recorded. If you wish to vote by telephone or Internet, please follow the instructions that are printed on the enclosed proxy card.

If you mail to us your properly completed and signed proxy card, or vote by telephone or the Internet, then your shares of common stock will be voted according to the choices that you specify. If you sign and mail your proxy card to us without making any choices, your proxy will be voted:

FOR the election of all persons nominated by the Board for election as directors;

FOR the approval of the compensation of our named executive officers;

FOR the approval of the 2013 Equity Incentive Plan; and

FOR the ratification of the selection of Deloitte & Touche LLP as our independent auditors for the year ending December 28, 2013.

Other than the election of directors, approval of the compensation of our named executive officers, approval of the 2013 Equity Incentive Plan, and the ratification of the selection of our independent auditors, we are not currently aware of any other matters that will be brought before the Annual Meeting. However, by giving your proxy, you appoint the persons named as proxies as your representatives at the Annual Meeting. If a matter comes up for a vote at the Annual Meeting that is not included in the proxy materials, then the proxy holders will vote your shares in accordance with their best judgment.

In Person—You may come to the Annual Meeting and cast your vote there. If your shares are held in the name of your broker, bank or other nominee and you wish to vote at the Annual Meeting, then your broker, bank or other nominee will provide you with instructions for voting your shares.

Q: May I change or revoke my vote?

A: You may change your vote or revoke your proxy at any time prior to your shares being voted by:

• notifying our Secretary in writing that you are revoking your proxy;

• giving another signed proxy that is dated after the date of the proxy that you wish to revoke;

• using the telephone or Internet voting procedures; or

• attending the Annual Meeting and voting in person (attendance at the Annual Meeting alone will not revoke your proxy).

Q: Will my shares be voted if I do not provide my proxy?

It depends on whether you hold your shares in your own name or in the name of a brokerage firm. If you hold your shares directly in your name, then they will not be voted unless you provide a proxy or vote in person at the Annual Meeting. Brokerage firms or other nominees generally have the authority to vote customers' uninstructed shares on A: certain "routine" matters. If your shares are held in the name of a brokerage firm, the brokerage firm has the discretionary authority to vote your shares in connection with the ratification of our independent auditors if you do not timely provide your proxy because this matter is considered "routine" under the New York Stock Exchange ("NYSE") listing standards.

However, if you have not provided directions to your broker, your broker will not be able to vote your shares with respect to the election of directors, the approval of the compensation of our named executive officers, or the approval of the 2013 Equity Incentive Plan. We strongly encourage you to submit your proxy card and exercise your right to vote as a shareholder.

Q: What constitutes a quorum?

As of the record date, March 11, 2013, 44,978,667 shares of our common stock were issued and outstanding and entitled to vote at the Annual Meeting. To conduct the Annual Meeting, a majority of the shares entitled to vote must be present in person or by proxy. This is referred to as a "quorum." If you submit a properly executed proxy card or vote by telephone or the Internet, then you will be considered present at the Annual Meeting for purposes of A: determining the presence of a quorum. Abstentions and broker "non-votes" will be counted as present and entitled to vote for purposes of determining the presence of a quorum. A broker "non-vote" occurs when a broker or other nominee who holds shares for another person has not received voting instructions from the owner of the shares and, under NYSE rules, does not have discretionary authority to vote on a proposal.

Q: What vote is needed for these proposals to be adopted?

Proposal 1—The affirmative vote of the holders of a majority of the shares of our common stock represented in person or by proxy at the Annual Meeting is required to elect each director (assuming a quorum is present).
A: Withhold votes, abstentions and broker “non-votes” will have the effect of votes against the election of director nominees.

Proposal 2— The affirmative vote of the holders of a majority of the shares of our common stock represented in person or by proxy at the Annual Meeting is required to approve the compensation of our named executive officers (assuming a quorum is present). Because this vote is advisory, the results of the vote are not binding on our Board of Directors or our Compensation and Human Resources Committee. However, if there is a significant vote against the compensation of our named executive officers, our Board of Directors and our Compensation and Human Resources Committee will carefully evaluate whether any actions are necessary to address those concerns. Abstentions and broker non-votes will have the effect of votes against this proposal.

Proposal 3— The affirmative vote of the holders of a majority of the shares of our common stock represented in person or by proxy at the Annual Meeting (assuming a quorum is present) is required to approve the 2013 Equity Incentive Plan, provided that a majority of the outstanding shares of our common stock are voted on the proposal. Abstentions and broker non-votes will have the effect of votes against this proposal, and abstentions, but not broker non-votes, will count as a vote for purposes of determining whether a majority of the outstanding shares of our common stock are voted on the proposal.

Proposal 4—The affirmative vote of the holders of a majority of the shares of our common stock represented and voted at the Annual Meeting (assuming a quorum is present) is required to ratify the selection of Deloitte & Touche LLP as our independent auditors for the year ending December 28, 2013. Abstentions will have the effect of votes against this proposal.

Q: Who conducts the proxy solicitation and how much will it cost?

We are requesting your proxy for the Annual Meeting and will pay all costs of soliciting shareholder proxies. In addition to soliciting proxies by mail, we may request proxies personally and by telephone, fax or other means. We can use our directors, officers and regular employees to request proxies. These people do not receive additional compensation for these services. We will reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket and clerical expenses for forwarding solicitation materials to beneficial owners of our common stock.
A:

Q: Are the Company’s proxy materials available on the Internet?

Yes. The Company’s proxy statement for the 2013 Annual Meeting of Shareholders and 2012 Annual Report to Shareholders are available at www.proxydocs.com/rbc.

PROPOSAL 1: ELECTION OF DIRECTORS

The Board is currently comprised of nine directors, divided into three classes of three members each, with the terms of one class of directors expiring each year. The Board has nominated Christopher L. Doerr, Mark J. Gliebe and Curtis W. Stoelting, each of whom is currently serving as a director, for election at the Annual Meeting as Class B directors to serve until the 2016 annual meeting of shareholders and until their successors are duly elected and qualified. All of our other directors are expected to serve on the Board until their respective terms expire as indicated below.

Unless shareholders otherwise specify, the shares represented by the proxies received will be voted in favor of the election as directors of the persons named as nominees herein. The Board has no reason to believe that any of the listed nominees will be unable or unwilling to serve as a director if elected. However, in the event that any nominee should be unable or unwilling to serve, the shares represented by proxies received will be voted for another nominee selected by the Board.

The following sets forth certain information, as of March 11, 2013, about each of the Board nominees for election at the Annual Meeting and each director whose term will continue after the Annual Meeting. Except as otherwise noted, each nominee has engaged in the principal occupation or employment and has held the offices shown for more than the past five years.

BOARD OF DIRECTORS

Corporate Governance and Independent Directors

The Board has in effect Corporate Governance Guidelines that, in conjunction with the Board committee charters, establish processes and procedures to help ensure effective and responsive governance by the Board. The Corporate Governance Guidelines are available, free of charge, on our website at www.regalbeloit.com. We are not including the information contained on or available through our website as a part of, or incorporating such information by reference into, this Proxy Statement.

The Corporate Governance Guidelines provide that a majority of the members of the Board must be independent directors under the listing standards of the NYSE. The Board has also adopted certain categorical standards of director independence to assist it in making determinations of director independence and which are contained in the Corporate Governance Guidelines. The categorical standards of director independence adopted by the Board are available on our website at www.regalbeloit.com.

Based on these standards, the Board has affirmatively determined by resolution that Messrs. Burt, Doerr, Fischer, Foate, Sachdev and Stoelting and Ms. Skornicka have no material relationship with the Company, and, therefore, each is independent in accordance with the NYSE listing standards and with the categorical standards of director independence adopted by the Board. The Board will regularly review the continuing independence of the directors.

Code of Business Conduct and Ethics

The Board has adopted the Regal Beloit Corporation Code of Business Conduct and Ethics, which applies to our directors, officers and employees. The Code is available, free of charge, on our website at www.regalbeloit.com.

Board Leadership Structure

Our Board does not have a policy on whether or not the roles of CEO and Chairman should be separate. Our Board reserves the right to vest the responsibilities of the CEO and Chairman in different individuals or in the same individual if in the Board's judgment a combined CEO and Chairman position is in the best interest of our company. In the circumstance where the responsibilities of the CEO and Chairman are vested in the same individual, or where the Chairman is not considered independent, the Board will designate a Presiding Director from among the independent directors to preside at the meetings of the non-employee director executive sessions.

Effective at our 2011 annual shareholders meeting held on May 2, 2011, Mark J. Gliebe succeeded Henry W. Knueppel as our Chief Executive Officer. Effective January 2, 2012, Mr. Gliebe was appointed to succeed Mr. Knueppel as Chairman of the Board. Our Board believes that Mr. Gliebe, as Chairman of the Board, best serves the needs of the Board and our shareholders. Our Board made this determination in part because it believes that Mr. Gliebe's extensive experience and qualifications within the electric motor industry and in-depth knowledge of our markets and customer base will allow him to provide strong leadership and act as a unified spokesperson on behalf of the Company. Our Board also believes that having Mr. Gliebe serve as both our Chief Executive Officer and our Chairman of the Board will allow him to leverage the information gained from both roles to lead the Company most effectively.

Presiding Director

To supplement the combined Chairman and CEO position, our Board created a Presiding Director role. The position of the Presiding Director rotates periodically among the non-employee directors as determined by the Board upon the recommendation of the Corporate Governance and Director Affairs Committee. Mr. Doerr currently serves as the Presiding Director. The Presiding Director is an independent and empowered director who is appointed by the independent directors and who works closely with the Chairman.

In addition to serving as the principal liaison between the independent directors and the Chairman in matters relating to the Board as a whole, the primary responsibilities of the Presiding Director are as follows:

Preside at all meetings of the Board at which the Chairman is not present, including any executive sessions of the independent directors, and establish agendas for such executive sessions in consultation with the other directors and the Chairman;

Review and approve proposed Board meeting agendas;

Review and approve Board meeting schedules to help assure that there is sufficient time for discussion of all agenda items;

Have the authority to call meetings of the independent directors as appropriate; and

- Be available, as deemed appropriate by the Board, for consultation and direct communication with shareholders.

Oversight of Risk Management

Our full Board is responsible for the oversight of our company's operational and strategic risk management process. In furtherance of the Board's risk management oversight goals, the Board has created a Risk and Compliance Committee comprised of senior management and key managers of each of our company's business units and functions around the world. The Risk and Compliance Committee is charged with, among other things, identifying, assessing and developing a mitigation strategy for significant risks that could impact our ability to meet our objectives and execute our strategies. The management-based Risk and Compliance Committee identifies and clarifies significant risks that may impact our company and assesses those risks, resulting in the establishment of a plan response/mitigation strategy for significant risks. The management-based Risk and Compliance Committee delivers a summary of its activities and findings directly to our CEO, the Audit Committee, and our full Board. Our Board relies on our Audit Committee to address significant financial risk exposures facing our company and the steps management has taken to monitor, control and report such exposures, with appropriate reporting of these risks to be made to the full Board. Our Board relies on our Compensation and Human Resources Committee to address significant risk exposures facing our company with respect to compensation programs and incentives, also with appropriate reporting of these risks to be made to the full Board. Our Board's role in our company's risk oversight has not affected our leadership structure.

Executive Sessions

The Board will have at least four regularly scheduled meetings per year at which the non-employee directors will meet in executive session without members of our management being present, and at least one regularly scheduled meeting per year at which the independent directors will meet in executive session without members of management or other directors present. The non-employee directors may also meet without management present at such other times as they determine appropriate. Members of the Company's senior executive management who are not members of the Board will participate in Board meetings to present information, make recommendations, and be available for direct interaction with members of the Board.

Communications with the Board

Shareholders and other interested parties may communicate with the full Board, the Chairman of the Board, non-management directors as a group or individual directors, including the Presiding Director, by delivering a written communication to Regal Beloit Corporation, Attention: Board of Directors, 200 State Street, Beloit, Wisconsin 53511, or by sending an e-mail communication to board.inquiry@regalbeloit.com. The communications should be addressed to the specific director or directors whom the shareholder or interested party wishes to contact and should specify the subject matter of the communication. The Company's Secretary will deliver appropriate communication directly to the director

or directors to whom it is addressed. The Secretary will generally not forward to the director or directors communication that he determines to be primarily commercial in nature or concerns our day-to-day business activities, or that requests general information about the Company.

Concerns about accounting or auditing matters or possible violations of the Regal Beloit Corporation Code of Business Conduct and Ethics should be reported pursuant to the procedures outlined in the Code of Business Conduct and Ethics and in our policy regarding Reporting Ethical, Legal and Accounting Concerns, both of which are available on our website at www.regalbeloit.com.

Committees

We have standing Audit, Compensation and Human Resources, and Corporate Governance and Director Affairs Committees of the Board. Each committee is appointed by and reports to the Board. The Board has adopted, and may amend from time to time, a written charter for each of the Audit, Compensation and Human Resources, and Corporate Governance and Director Affairs Committees. We make copies of each of these charters available free of charge on our website at www.regalbeloit.com.

Audit Committee. The Audit Committee consists of Messrs. Stoelting (Chairperson), Burt and Fischer. Each of the members of the committee is independent as defined by the NYSE listing standards and the rules of the Securities and Exchange Commission (the "SEC"). The Board has determined that each of Messrs. Burt, Fischer and Stoelting qualifies as an "audit committee financial expert" as defined in SEC rules and meets the expertise requirements for audit committee members under the NYSE listing standards. The principal functions performed by the Audit Committee, which met five times in person in 2012, are to assist the Board in monitoring the overall quality of the Company's financial statements and financial reporting, the independent auditor's qualifications and independence, our accounting controls and policies, the performance of our internal audit function and independent auditors, and our compliance with legal and regulatory requirements. The Audit Committee has the sole authority to appoint, retain, compensate and terminate our independent auditors and to approve the compensation paid to the independent auditors. The Audit Committee has presented to shareholders for ratification at the Annual Meeting its selection of independent auditors for 2013. See "Proposal 4: Ratification of Deloitte & Touche LLP as the Company's Independent Auditors for 2013." One member of the Audit Committee, Mr. Fischer, serves on the audit committees of three other public companies. On January 27, 2013, the Board of Directors considered what it believes to be all of the relevant facts and responsibilities relating to such simultaneous service by Mr. Fischer and affirmatively determined that the simultaneous service would not impair Mr. Fischer's ability to serve effectively on our Audit Committee.

Compensation and Human Resources Committee. The Compensation and Human Resources Committee consists of Messrs. Foate (Chairperson) and Fischer and Ms. Skornicka. Each of the members of the Compensation and Human Resources Committee is independent as defined by the NYSE listing standards. The principal functions of the Compensation and Human Resources Committee, which met five times in 2012, are to help develop our overall compensation philosophy; administer our incentive compensation plans (including our equity incentive plans); determine and approve the compensation of the Chief Executive Officer and the other principal corporate officers; review and monitor succession and leadership development planning; and review, formulate, recommend and administer short- and long-range compensation programs for the principal corporate officers and key employees. A more complete description of our Compensation and Human Resources Committee's practices can be found in the Compensation Discussion and Analysis section of this Proxy Statement. The Compensation and Human Resources Committee from time to time uses independent compensation consultants to assist the Committee in the performance of its responsibilities. After selecting an independent compensation consultant, the Committee periodically meets with that consultant throughout the year at such times as the Committee deems appropriate, and receives reports and advice from the consultant on matters of executive compensation. In 2012, the Committee selected Towers Watson & Co to serve as its independent compensation consultant. The Committee also engaged Stern Stewart & Co. in 2012 to assist with the setting of goals under our Shareholder Value Added (SVA) Plan. Neither Towers Watson nor Stern Stewart & Co. perform any other services for us or our named executive officers other than the services provided at the direction of the Committee.

Corporate Governance and Director Affairs Committee. The Corporate Governance and Director Affairs Committee consists of Messrs. Sachdev (Chairperson) and Burt and Ms. Skornicka. Each of the members of the Corporate Governance and Director Affairs Committee is independent as defined by the NYSE listing standards. The principal functions of the Corporate Governance and Director Affairs Committee, which met five times in 2012, are to develop and recommend to the Board a set of corporate governance principles applicable to our company, including matters of Board organization, membership, compensation, independence and function, and committee structure and membership; take a leadership role in shaping our corporate governance; identify directors qualified to serve on the committees established by the Board; and to recommend to the Board the members and the chairperson for each committee to be filled by the Board. This Committee also serves as the nominating committee of the Board and is responsible for identifying individuals qualified to become directors (consistent with the criteria approved by the Board) and to recommend candidates for all directorships to be filled by the Board or by our shareholders.

Nominations of Directors

The Corporate Governance and Director Affairs Committee will consider persons recommended by shareholders to become nominees for election as directors in accordance with the criteria set forth in the Corporate Governance Guidelines under the heading "Director's Qualifications." The Corporate Governance and Director Affairs Committee will only review recommendations for director nominees from any shareholder or group of shareholders beneficially owning in the aggregate at least 5% of the issued and outstanding shares of our common stock for at least one year as of the date that the recommendation is made. Recommendations with respect to the 2014 annual meeting of shareholders must be submitted by November 29, 2013 for the recommendation to be considered by the Corporate Governance and Director Affairs Committee.

In identifying and evaluating nominees for director, the Corporate Governance and Director Affairs Committee believes that all directors should be financially literate and must be committed to understanding the Company and its industry, and must also possess the highest personal and professional ethics, integrity and values, and commitment to representing the long-term interest of the shareholders. Directors must also possess a diverse set of skills and experience with a background in areas that are relevant to our activities. Directors should also be inquisitive and have an objective perspective, a practical wisdom and mature judgment. Directors must be willing and able to devote whatever time is necessary to carry out their duties and responsibilities effectively. Directors will not be nominated unless they are willing to serve for an extended period of time.

While the Corporate Governance and Director Affairs Committee does not have a formal policy relating specifically to the consideration of diversity in its process to select and evaluate director nominees, the Committee does consider diversity of viewpoint, background, industry knowledge and perspectives, as well as ethnic and gender diversity, as part of its overall evaluation of candidates for director nominees. Specifically, our criteria for director nominees, included as Appendix A to our Corporate Governance Guidelines, provide that directors should be selected so that our Board represents diverse backgrounds and perspectives.

For a timely recommendation submitted by a shareholder to be considered by the Corporate Governance and Director Affairs Committee, the candidate recommended by a shareholder must be "independent" as defined in the NYSE independence standards and the SEC regulations, and meet the minimum expectations for a director set forth in the Company's Corporate Governance Guidelines. The Corporate Governance and Director Affairs Committee will have sole discretion whether to nominate an individual recommended by a shareholder. As to any candidate identified by the Corporate Governance and Director Affairs Committee to become a nominee, the candidate must possess the requisite qualifications, although the Corporate Governance and Director Affairs Committee need not require such nominee to be independent. Nevertheless, we strive to have all directors, other than those directors who are members of our management, be independent as defined by the NYSE independence standards and the SEC regulations.

Policies and Procedures Regarding Related Person Transactions

Our Board of Directors has adopted written policies and procedures regarding related person transactions. For purposes of these policies and procedures:

a “related person” means any of our directors, executive officers, nominees for director or greater than 5% shareholder, and any of their immediate family members, as well as any entity in which any of these persons is employed or is a partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest; and

a “related person transaction” generally is a transaction in which we were or are to be a participant and the amount involved exceeds \$120,000, and in which any related person had or will have a direct or indirect interest.

The related person, the director, executive officer, nominee or beneficial owner who is an immediate family member of a related person, or a business unit or function/department leader of the Company responsible for a proposed related person transaction must notify our General Counsel of certain information relating to proposed related person transactions. If our General Counsel determines that a proposed transaction is a related person transaction subject to the policy, then he will submit the transaction to the Corporate Governance and Director Affairs Committee for consideration at the next committee meeting or, if expedited consideration is required, to the committee chairperson. The committee or chairperson, as applicable, will consider all of the relevant facts and circumstances available regarding the proposed related person transaction and will approve only those related person transactions that are in, or are not inconsistent with, the best interests of our company and our shareholders. The chairperson is required to report to the committee at the next committee meeting any approval granted under the policy.

The policy also provides for ongoing review by the General Counsel of any amounts paid or payable to, or received or receivable from, any related person. Additionally, at least annually, the Corporate Governance and Director Affairs Committee is required to review any previously approved or ratified related person transactions that remain ongoing and have a remaining term of more than six months or remaining amounts payable to or receivable from us of more than \$60,000. Based on all relevant facts and circumstances, the committee will determine if it is in the best interests of our company and our shareholders to continue, modify or terminate the related person transaction.

If any of our Chief Executive Officer, Chief Financial Officer or General Counsel becomes aware of a pending or ongoing related person transaction that has not been previously approved or ratified under the policy, then the transaction must be disclosed to the Corporate Governance and Director Affairs Committee or its chairperson. The committee or the chairperson must then determine whether to ratify, amend or terminate the related person transaction, or take any other appropriate action. If the related person transaction is complete, then the committee or its chairperson will evaluate the transaction to determine if rescission of the transaction and/or any disciplinary action is appropriate.

In 2012, there were no proposed, pending or ongoing related person transactions subject to review by the Corporate Governance and Director Affairs Committee under the policy.

Meetings and Attendance

The Board held four quarterly meetings in 2012. Each director attended at least 75% of the aggregate of (a) the total number of meetings of the Board and (b) the total number of meetings held by all committees of the Board on which the director served during 2012, in each case during the period in which the director was serving on the Board or the applicable committee.

Directors are expected to attend our annual meeting of shareholders each year. All of our directors attended the 2012 annual meeting.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

Regal Beloit Corporation (“we” or the “Company”) is a global technology and manufacturing leader in electric motors, electric generators and controls, and mechanical motion control products for commercial, industrial, and residential applications. We sell our products to a diverse global customer base using multiple recognized brand names, through a multi-channel distribution model, to leading original equipment manufacturers, distributors and end users across many markets.

Our overall compensation philosophy is to offer the opportunity for our management team to earn competitive pay, with total compensation having a direct connection to our financial performance and the creation of shareholder value. We believe this to be a conservative approach to executive compensation.

Our compensation philosophy dictates that a significant portion of our executives’ total potential compensation must depend upon the Company’s performance. To that end, the total compensation of our named executive officers includes a significant portion—approximately 65%, on average—that is “at risk” because the value of such compensation is determined based on the achievement of specified results. Approximately half of our named executive officers’ total compensation is, on average, in the form of equity-based awards (stock appreciation rights and restricted stock units), which will decline in value (or have no value) if our stock price declines. Another 15%, on average, of our named executive officers’ total compensation is based on improvements in our Company’s operating performance as measured by our Shareholder Value Added (“SVA”) Cash Incentive Plan. We believe that by tying a large majority of our named executive officers’ total potential compensation to creation of long-term shareholder value, we create a close alignment between the interests of our executive officers and the interests of our shareholders.

How was corporate performance and the creation of shareholder value reflected in 2012 compensation?

Executive compensation in 2012 aligned well with the objectives of our compensation philosophy and with our corporate performance. Our company’s operating performance in 2012 was strong despite continued uncertainty in the global economy generally and our markets in particular. In 2012, we had record levels of net revenues and, excluding the effect of restructuring costs, record operating profit and net income. We paid our 210th consecutive quarterly dividend and increased the dividend again in 2012. Our total shareholder return for the fiscal year ended December 29, 2012 was 36.3%.

(dollars in millions except per share data)	2011	2012	Percent Change
Net Revenues	\$2,808	\$3,167	12.8%
Operating Profit	\$ 256	\$ 313	22.3%
Stock Price per Share	\$50.97	\$68.72	34.8%

These operating results led to annual cash incentives earned in 2012 at 84% of target, compared to 144% in 2011. As described in more detail below under “What are the elements of total compensation? – SVA Annual Cash Incentives,” we use a shareholder-approved Shareholder Value Added (“SVA”) Plan, which we refer to as our SVA Cash Incentive Plan, to determine annual cash incentives for our executive officers. SVA attempts to approximate the value executives add to our company above our cost of capital, and is calculated by subtracting a cost of capital charge for the average net capital employed from the net operating profit after tax that our company generates during the year. We pay fully all annual cash incentives earned up to 100% of the target amount in cash following the end of the year in accordance with the SVA Cash Incentive Plan. Annual cash incentive amounts earned above 100% of the target amount are deferred and are paid in installments, with one-third of the above-target amount being paid to the participant in cash after the end of each of the following three years.

We believe our compensation of our named executive officers aligns well with our performance, but we also believe that this alignment is not always reflected in the Summary Compensation Table in the same way we view the alignment for our internal purposes. This is because the Summary Compensation Table values are required to include the full grant date fair value of equity awards in the year the awards are granted. The grant date fair value is an accounting value that projects the potential value of awards based on assumptions about, among other things, certain future events. The grant date fair value is different from the economic value of the awards to our named executive officers, which may be lower or higher than the grant date fair value depending on the price of our common stock. For this reason, we are including in this proxy statement, as a supplement to the required Summary Compensation Table, a comparison of our named executive officers' realizable pay for 2012 with their total compensation as shown in the Summary Compensation Table.

Name and Principal Position	Summary Compensation Table Total Compensation (\$)	Total Realizable Compensation (\$)
Mark J. Gliebe Chairman and Chief Executive Officer	6,669,738	5,053,144
Charles A. Hinrichs Vice President and Chief Financial Officer	1,494,049	1,087,148
Jonathan J. Schlemmer Chief Operating Officer	1,715,042	1,291,968
Peter C. Underwood Vice President, General Counsel and Secretary	1,156,070	863,927
Terry R. Colvin Vice President, Corporate Human Resources	789,079	656,126

The realizable pay disclosure in the table above is the same as the compensation shown in the Summary Compensation Table except that it values equity-based compensation based on the price of our common stock at year end. Restricted stock and restricted stock units are valued as the product of the number of shares granted to the officer during the year multiplied by the year-end stock price, assuming for purposes of this disclosure that the grants were vested. Stock appreciation rights are valued as the product of the number of rights granted to the officer during the year multiplied by the excess, if any, of the year-end stock price over the grant price of the rights, assuming for purposes of this disclosure that the grants were vested.

To illustrate how the compensation of our CEO has aligned with our total shareholder return, we are also including the following supplemental graph, which compares our total shareholder return with our CEO's compensation (as shown in the Summary Compensation Table and on a realizable basis as described above) over our fiscal years 2010 through 2012:

For 2010, the values in the chart above relate to the compensation of Henry W. Knueppel, who served as our Chairman and Chief Executive Officer during that year. For 2011 and 2012, the values in the chart relate to the compensation of Mark J. Gliebe, who served as our President and Chief Operating Officer until May 2, 2011, became our President and Chief Executive Officer effective May 2, 2011 and was elected Chairman of the Board effective January 2, 2012.

What specific actions did the Company take with respect to compensation for 2012 and 2013?

Some of the key actions and decisions with respect to our executive compensation programs for 2012 and 2013 as approved by the Compensation and Human Resources Committee ("Committee") of our Board of Directors with counsel from its principal independent compensation consultant, Towers Watson & Co. ("Towers Watson"), are highlighted below:

- Approved a new 2013 Equity Incentive Plan ("2013 Plan"), subject to shareholder approval at the Annual Meeting, that includes the following features:

- Awards made under the 2013 Plan will be subject to "double-trigger" vesting in a change of control transaction, which means:

- If the surviving entity in the transaction agrees to assume the awards, vesting will continue and be accelerated only upon a termination of employment without cause or for good reason.

- If awards are not assumed, then vesting accelerates and performance awards pay out at the higher of trend or target.

- A change of control will be defined in the Plan so that shareholder approval of a change of control transaction will not be treated as a change of control; instead, consummation of the transaction would be required.

No “gross-up” for excise taxes on golden parachute payments.

Awards are subject to forfeiture if the award recipient competes with us or discloses confidential information or if, after the recipient’s termination from employment, the recipient solicits our customers or employees or takes other actions contrary to our interests.

Awards granted under the 2013 Plan are subject to any applicable clawback policy (to the extent contemplated by such policy).

Discontinued our former practice of paying the income taxes owed by certain named executive officers on income imputed to them as a result of business flights on which their spouses accompanied the executive officers, as described below under “What perquisites do we provide?”

Assessed the competitiveness of our overall compensation and benefits programs for our officers.

Engaged and directed Stern Stewart & Co. to benchmark and provide the Committee with guidance in setting target annual cash incentive amounts under our SVA Cash Incentive Plan for 2012 and in determining the annual improvement factor and leverage factor used to establish the SVA performance target for 2012 under our SVA Cash Incentive Plan.

Reviewed the performance of our CEO (independent of input from him) and recommended to the independent members of the Board the total compensation for the CEO based on competitive levels, as determined in consultation with Towers Watson, consistent with our philosophy, as measured against our peer group.

Reviewed the performance of our other executive officers with assistance from our CEO and recommended to the independent members of the Board the total compensation for each individual officer based on competitive levels, as determined in consultation with our CEO and Towers Watson, consistent with our philosophy, as measured against our peer group.

Maintained the practice of holding executive sessions (without management present) at every Committee meeting, including executive sessions in which our independent compensation consultants participated.

As described in below under “What are the elements of total compensation? – Changes to Long-Term Compensation for 2013,” following a detailed review of the use of performance shares among general industry companies and our peer group, determined to add performance shares to our long-term incentive mix in 2013. The performance shares will be added by modifying the overall long-term incentive mix from its current form of 60% stock appreciation rights and 40% restricted stock units to a mix of 40% stock appreciation rights, 40% restricted stock units and 20% performance shares. The performance shares will have a three-year performance period and be earned or forfeited based on a performance metric of total shareholder return relative to our peer group.

In May 2012 (after the 2012 executive compensation actions described in this Compensation Discussion and Analysis had taken place), we held our annual advisory shareholder vote on the compensation of our named executive officers at our annual shareholders’ meeting, and, consistent with the recommendation of the Board, our shareholders approved our executive compensation, with more than 95% of votes cast in favor. Consistent with this strong vote of shareholder approval, we have not undertaken any material changes to our executive compensation programs in response to the outcome of the vote.

What other compensation policies and practices reflect our compensation philosophy?

We periodically review best practices in the area of executive compensation and update our compensation policies and practices to reflect those that we believe are appropriate for our company, including the following:

We pay for performance, providing our executives the opportunity to earn above-median pay (as measured against selected peer groups) for performance that creates shareholder value by generating increasing returns as compared to our cost of capital, but compensating below the median level for corporate performance that fails to generate those levels of returns.

We set compensation programs to focus our named executive officers on both our short and long-term company performance. Their compensation includes a significant portion—approximately 65%, on average—that is “at risk” because the value of such compensation is determined based on the achievement of specified results. If short-term and long-term financial goals are not achieved, then performance-related compensation will decrease. If goals are exceeded, then performance-related compensation will increase.

We measure the competitiveness of our executive pay against an appropriate peer group focusing on multinational companies with comparable revenues (ranging from approximately 0.5 to 2.0 times our annual revenues and with an overall median annual revenue approximately equal to our annual revenue) and that compete in industries similar to ours and/or have the level of complexity and business model similar to ours.

We have eliminated tax gross-ups from all new change in control and termination agreements that we have entered into with our executive officers since 2010.

• We maintain stock ownership requirements for certain executives, including our named executive officers.

• We have no employment agreements with any of our named executive officers that provide severance benefits prior to a change in control of our company.

All of our change in control agreements contain “double trigger” provisions, which means that, for an executive officer to receive severance benefits under the agreement, in addition to the change in control there must be some adverse change in the circumstances of the executive officer’s employment.

• Our equity compensation plan does not permit repricing of stock options.

• We periodically review our pay practices to ensure that they do not encourage excessive risk taking.

• We do not guarantee salary increases or bonuses for our executive officers.

• We offer only limited perquisites to our executive officers.

We have in the past adjusted compensation as appropriate in challenging economic times, as exemplified by our temporary freeze of base salaries and our acceptance of voluntary temporary reductions in base salary from our CEO and Chief Operating Officer during the 2009 recession.

What is our company’s general compensation philosophy?

We recognize the importance of maintaining sound principles for the development and administration of our compensation and benefit programs. Our overall compensation philosophy is to offer the opportunity for our management

team to earn competitive pay, with total compensation having a direct connection to our financial performance and the creation of shareholder value. The Committee is responsible for making executive compensation decisions and recommendations regarding program design and individual pay. Our executive compensation programs are designed to advance principles that we have identified as being core to the function of executive compensation. These principles are:

- **Attract and Retain Quality People** — We provide the opportunity for executives to be compensated at competitive levels to ensure we attract and retain a highly competent and committed management team.

Pay for Creation of Value — We provide our executives the opportunity to earn above-median pay (as measured against our peer group) for performance that creates long-term shareholder value. We believe that we generate long-term shareholder value by increasing our returns as compared to our cost of capital, and through long-term appreciation in our stock price. We link our executives' compensation to this creation of long-term shareholder value by (i) providing incentives through our SVA Cash Incentive Plan to increase returns over our cost of capital, and (ii) providing equity-based awards that increase in value only if our stock price appreciates in the long term (including, beginning in 2013, a portion of those awards that will only have value if the company meets certain relative total shareholder return goals for the performance period).

Alignment through Equity Ownership — We ensure that executives' long-term interests are further aligned with shareholders' interests by maintaining stock ownership requirements generally for senior levels of management, including all of our named executive officers.

We believe that a focus on these principles will benefit our shareholders in the long-term by assuring that we can attract and retain highly qualified executives who are committed to our long-term success and the creation of shareholder value.

How do we set executive compensation?

Our Board, our Committee and our CEO each play a role in setting the compensation of our named executive officers, with the exception that our CEO is not involved in setting his own compensation. Our Board appoints the members of the Committee, which consists entirely of independent directors who are "outside directors" for purposes of Section 162(m) of the Internal Revenue Code and "non-employee directors" for purposes of the Securities Exchange Act of 1934. The current members of the Committee are Messrs. Foate (Chairman) and Fischer and Ms. Skornicka. The Committee is responsible for determining the components of our executive compensation program, consistent with the compensation philosophy determined by our Board, and the executive compensation packages offered to our named executive officers. The Committee administers our SVA Cash Incentive Plan and our long-term equity incentive plans and makes awards under the plans.

The Committee reviews data from market surveys, proxy statements of companies it considers our peers and independent compensation consultants to assess our competitive position with respect to total executive compensation, including annual compensation, benefits and perquisites. In reviewing data with respect to annual compensation, the Committee assesses the following components of executive compensation:

- Base salary;
- Annual cash incentives;
- Long-term incentive compensation; and
- Any other benefits and perquisites.

As described below under “What are the elements of total compensation?”, the Committee takes various factors into account in setting compensation levels and does not use a formulaic approach, but generally seeks to offer approximately median levels of all compensation elements over time as measured against our selected peer group. In its decision-making process, the Committee receives and considers the recommendations of our CEO with respect to compensation to be paid to our executive officers other than himself. Our CEO makes no recommendation with respect to his own compensation.

Based on the foregoing information, the Committee reviews and makes determinations concerning our compensation and benefit programs, with the objective of making our executive compensation and benefit programs consistent with our overall compensation philosophy. The Committee makes decisions regarding adjustments to base salaries, annual cash incentives and long-term incentives all concurrent with the assessment of the executives’ individual performance for the year.

The Committee periodically solicits proposals from a variety of independent compensation consultants to assist the Committee in the performance of its responsibilities. As part of its evaluation of potential compensation consultants, the Committee considers all factors relevant to the consultant’s independence from management and potential conflicts of interest in accordance with applicable SEC rules and New York Stock Exchange listing standards. After selecting an independent compensation consultant, the Committee periodically meets with that consultant throughout the year at such times as the Committee deems appropriate, and receives reports and advice from the consultant on matters of executive compensation. Our CEO has access to the independent compensation consultant only at the direction of the Committee.

Towers Watson served as the Committee’s independent compensation consultant for 2012. Subsequent to Towers Watson’s initial appointment, following the publication of SEC rules and proposed New York Stock Exchange listing standards regarding the independence of compensation committee advisors, the Committee reviewed the independence of Towers Watson and the individual representatives of Towers Watson who served as the Committee’s consultants in light of the new requirements, considering the following specific factors: (1) other services provided to us by Towers Watson; (2) fees paid by the company to Towers Watson as a percentage of Towers Watson’s total revenue; (3) policies and procedures maintained by Towers Watson that are designed to prevent a conflict of interest; (4) any business or personal relationships between the individual representatives and any member of the Committee; (5) any company stock owned by the individual representatives; and (6) any business or personal relationships between our executive officers and Towers Watson or the individual representatives. The Committee also re-engaged Stern Stewart & Co. in 2012 to assist with the setting of goals under our SVA Cash Incentive Plan.

The Committee concluded, based on the evaluation described in the preceding paragraph, that both Towers Watson and Stern Stewart & Co. were independent and that no conflict of interest was raised by the services performed by Towers Watson or Stern Stewart & Co. Neither Towers Watson nor Stern Stewart & Co. perform any services for our company other than the services provided at the direction of the Committee.

In setting compensation for 2012, the Committee directed Towers Watson to assemble compensation data for our named executive officers and compare the data against aggregated data for persons holding similarly-situated positions in our peer group. The Committee had previously updated our peer group in late 2011, selecting the twenty-one companies in the peer group believed to be comparable to our company by generally using the following criteria:

Comparable revenue (we follow suggested best practices by reviewing approximately fifteen to twenty companies with annual revenues ranging from approximately 0.5 to 2.0 times our annual revenues and with an overall median annual revenue approximately equal to our annual revenue); and

Compete in an industry similar to ours and/or have the level of complexity and business model similar to ours.

The twenty-one companies in our peer group were:

AMETEK, Inc.	BorgWarner Inc.	Cooper Industries
Dresser-Rand Group Inc.	Exide Technologies	Flowserve Corp.
Gardner Denver Inc.	Hubbell Incorporated	IDEX Corporation
Kennametal Inc.	Leggett & Platt, Inc.	Lennox International
Lincoln Electric Holdings Inc.	Owens Corning	Pentair Inc.
Roper Industries Inc.	Snap-On Incorporated	SPX Corporation
The Timken Co.	The Valspar Corporation	Thomas & Betts Corp.

Towers Watson benchmarked compensation data using (i) a company-by-company peer group analysis of our peer group based on proxy statement data, (ii) a company-by-company peer group analysis of a subset of nine peer group companies who participated in Equilar's Top 25 Management Survey, and (iii) general industry data from a recognized national compensation survey, which data did not include the identities of the individual participating companies in the surveys.

The nine companies in the peer group who participated in Equilar's Top 25 Management Survey were the following:

Cooper Industries	Flowserve Corp.	Hubbell Incorporated
IDEX Corporation	Lennox International	Pentair Inc.
Snap-On Incorporated	SPX Corporation	Thomas & Betts Corp.

In reviewing and analyzing these data, Towers Watson considered information for each named executive officer position with respect to the following elements of compensation:

- Base salary;
- Target SVA annual cash incentive;
- Target total cash compensation (salary and actual annual cash incentive);
- Long-term incentives; and
- Target total direct compensation (sum of target cash and long-term incentives).

In keeping with the Committee's instructions, Towers Watson summarized the variance from the median of all three of the benchmarks and provided benchmarking statistics that reflected comparative compensation levels at the twenty-fifth (25th), fiftieth (50th) and seventy-fifth (75th) percentiles of the companies included in the foregoing analysis. Towers Watson reported on the methodology that it used in its analysis, a summary of its findings, and its general views relating to market trends in executive compensation.

In 2010, the Committee also reviewed peer group data relating to supplemental benefits and perquisites as part of its triennial review of such benefits and perquisites provided to our executive officers and, based on this review, made the changes described below under "What other benefits do we provide to our executives?" The Committee intends to conduct a full review of the composition of this comparison group on a three-year cycle or more frequently if a significant change should occur in the scale of our company or participants in the peer group through, for example, mergers, acquisitions or other extraordinary corporate transactions.

How do we determine total compensation?

Consistent with our overall compensation philosophy, we tie total compensation directly to our corporate performance and structure it to ensure that there is an appropriate balance between our long-term and short-term corporate performance, and between the individual performance of our executive officers and the creation of shareholder value. We benchmark the individual elements of total compensation in comparison to our peer group and do not separately target total compensation at a specified percentile of our peer group. Based on the Committee's analysis and the advice of Towers Watson, however, we believe that the compensation we paid our named executive officers was reasonable in its totality as compared to our peer group and is consistent with our compensation philosophies.

What are the elements of total compensation?

We achieve our executive compensation objectives through the following ongoing programs. All of our named executive officers participate in these programs. A more detailed discussion of each program is provided below in this Compensation Discussion and Analysis.

Base Salaries. We believe that the purpose of base salary is to provide a competitive fixed rate of pay, recognizing different levels of responsibilities within our company. We determine base salaries for our executives based upon job responsibilities, level of experience, individual performance and expectations with respect to contributions to our future performance as well as comparisons to the salaries of executives in similar positions as compared to our peer group. The Committee generally seeks to offer approximately median levels of base salary compensation as measured against our selected peer group. In setting the individual base salaries of our named executive officers based on the factors identified in the preceding sentence, the Committee generally considers salaries within a 15% range above or below the fiftieth (50th) percentile of peer group data to be at approximately the median level.

In April 2012, the Committee adjusted the base salaries of our named executive officers in accordance with the factors identified in the preceding paragraph. This resulted in increases in each case, due in large part to the increased size and scope of the company which necessitated changes in the company's peer group and which in turn resulted in higher peer group median base salary levels. Effective as of April 1, 2012, the base salaries of our named executive officers were as follows:

Name	Base Salary (\$)
Mark J. Gliebe Chief Executive Officer	925,000
Jonathan J. Schlemmer Chief Operating Officer	500,000
Charles A. Hinrichs Vice President and Chief Financial Officer	440,000
Peter C. Underwood Vice President, General Counsel and Secretary	364,000
Terry R. Colvin Vice President, Corporate Human Resources	315,000

As a result of these adjustments, Mr. Gliebe's salary for 2012 placed him 3% below the median relative to other CEOs in our peer group based on proxy statement data, and the salaries of Messrs. Hinrichs, Schlemmer, Underwood and Colvin for 2011 placed them 3%, 7% and 3% below, and 5% above, median, respectively, for salaries relative to similarly-situated persons in our peer group based on proxy statement data (with the exception of Mr. Colvin, whose data reflects survey data in the absence of comparable proxy benchmarks).

SVA Annual Cash Incentives. We have in effect a Shareholder Value Added (SVA) Plan ("SVA Cash Incentive Plan"), which was most recently approved by our shareholders in 2011 and is designed to promote the maximization of shareholder value over the long term. We chose SVA as the basis for annual cash incentives for the following reasons. First, we believe it is the corporate performance measure that is tied most directly, both theoretically and empirically, to the creation of shareholder value. Managing for higher SVA is, by definition, managing for long-term increasing shareholder value. Second, it is a framework developed for setting goals and measuring performance that rewards participants for both short and long-term results. Finally, by focusing on our financial performance as a function of invested capital, management is incented to make prudent investments in assets that are capable of providing strong returns. In summary, we believe that SVA, as we use it, best recognizes the value that members of our management team deliver to increase long-term shareholder value.

We intend the SVA Cash Incentive Plan to provide a competitive amount of compensation for the executive officers based on their individual participation levels when we achieve the SVA targets as approved by the Committee. The SVA Cash Incentive Plan provides annual cash incentive opportunities based on a comparison of actual annual SVA to target SVA for the year in question. Performance above target SVA earns an annual cash incentive greater than the target annual cash incentive, while performance below target SVA earns an annual cash incentive less than the target annual cash incentive or no annual cash incentive at all. In years of strong corporate performance, the annual cash incentive amount that an executive can earn would be considered above the median level for our peer group, and the annual cash incentive amount that an executive can earn would be below the median level for our peer group in years when we are below the target. We have capped the maximum annual cash incentive that may be earned in any year at 200% of the target annual cash incentive established for that year. In addition, any annual cash incentive amounts earned above 100% of the target amount are deferred and are paid in installments over a three year period. Amounts earned under the SVA Cash Incentive Plan are also subject to our clawback policy, which would require recoupment of any amounts earned under the SVA Cash Incentive Plan on the basis of financial results that are subsequently subject to a restatement. To benchmark and determine target annual cash incentive amounts, and to determine an annual improvement factor and leverage factor that impacts the target annual cash incentive amount, the Committee retains nationally-recognized independent compensation consultants every three years, or more frequently as deemed necessary. The 2012 targets for the SVA Cash Incentive Plan were approved in January 2012 based on a formula established in 2010 with the assistance of Stern Stewart & Co.

SVA is a calculation that attempts to approximate the value executives add to our company above our cost of capital. SVA is calculated by subtracting a charge for the average net capital employed by us during a fiscal year from the net operating profit after tax that we earn during that same year. The cost of capital we use for this purpose is our

weighted average cost of capital, which is determined based on our cost of equity and our after-tax cost of debt. Pursuant to the terms of the SVA Cash Incentive Plan, all calculations of financial results for purposes of SVA exclude the impact of new acquisitions for the first 12 months following the closing of the acquisition. To encourage improved performance in accordance with the SVA Cash Incentive Plan, the Committee establishes an expected improvement factor that is used to set a target SVA amount. Once the Committee establishes the expected improvement factor, the SVA target amount for the year is set by formula. Under the formula, the new target set each year is calculated as follows:

(Previous Year SVA Target + Previous Year SVA Actual)

$$2 + \text{Improvement Factor} = \text{New SVA Target}$$

In 2012, the Committee, with the assistance of Stern Stewart, conducted a tri-annual update to the improvement factor. As a result of this exercise, and in light of the volatility of the markets, the Committee set the improvement factor for 2012 at \$5.0 million and determined to update it again in 2013. The Committee also reviewed the Company's cost of capital with the assistance of Stern Stewart and concluded that the cost of capital for purposes of the SVA calculation should be increased from 7.5% to 8.5% in 2012. Accordingly, with the improvement factor remaining at \$5.0 million and the cost of capital increased to 8.5% for 2012, the SVA target was established by the formula at \$59.3 million. In addition to setting target SVA, the Committee also sets the target annual cash incentive percentage amount for each of our participating executive officers. This amount is based on a percentage of the base salary paid to the executive officers. For 2012, Messrs. Gliebe, Hinrichs, Schlemmer, Underwood and Colvin had target annual cash incentive percentage amounts of 100%, 55%, 65%, 50% and 40%, respectively, which, as applied to the base salary levels that took effect April 1, 2012, equated to target annual cash incentive amounts of \$925,000, \$242,000, \$325,000, \$182,000 and \$126,000, respectively. The Committee, in consultation with Towers Watson and our CEO (other than with respect to his own compensation), set annual cash incentive targets under our SVA Cash Incentive Plan at the median level with respect to each respective position held by our executive officers relative to our peer group. As a result, our executives were given the opportunity to earn above-median annual cash incentive awards for generating improvements in our SVA while at the same time facing below-median awards (or no awards at all) for failing to meet that objective. The Committee believes that tying above-median incentives to generating increasing returns in excess of our cost of capital is a disciplined way to reward our named executive officers for creating shareholder value. Based on our performance in 2012, we achieved actual SVA of \$54.0 million, and the Committee therefore approved annual cash incentives for 2012 equal to 84% of the target annual cash incentive in accordance with the terms of the SVA Cash Incentive Plan. As a result, the Committee determined that Messrs. Gliebe, Hinrichs, Schlemmer, Underwood and Colvin earned annual cash incentives under the SVA Cash Incentive Plan of \$775,520, \$202,893, \$272,480, \$152,589 and \$105,638, respectively.

We pay fully all annual cash incentives earned up to 100% of the target amount in cash following the end of the year in accordance with the SVA Cash Incentive Plan. Annual cash incentive amounts earned above the 100% of the target amount are deferred and are paid in installments, with one-third of the above-target amount being paid to the participant in cash after the end of each of the following three years, so long as the named executive officer's employment with us has not been voluntarily terminated (other than upon retirement) or terminated for cause. We do not credit participants with interest on amounts subject to payment in installments. For 2012, since the annual cash incentive performance value was approved at 84%, the entire incentive amount will be paid in 2013 and there will be no future installments.

Long-Term Compensation. We believe that equity-based compensation ensures that our executives have a continuing stake in the long-term success of our company and allows our executives to earn above-median compensation only if our shareholders experience appreciation in their equity holdings. The Committee granted stock appreciation rights, or SARs, and restricted stock units, or RSUs, to our named executive officers in fiscal year 2012.

Consistent with our overall compensation philosophy, the Committee, after consultation with Towers Watson, granted long-term compensation awards (namely, stock appreciation rights and restricted stock units) at levels approximating the median level of these awards granted by the companies in our peer group. On an individual level, the total fair value, as of the grant date, of the stock appreciation rights and restricted stock units granted to each of our named executive officers placed them at approximately the median level of the value of long-term compensation awards granted to persons holding similarly-situated positions by the companies in our peer group. We value stock appreciation rights using a Black-Scholes formula. In addition to the analysis undertaken against our peer group, the Committee also considered the number of awards granted to our officers as compared to grants to all of our other employees, but does not use a specific formula.

Other than in the case of newly hired executives, we generally make determinations concerning long-term equity-based awards in April of each year coincident with the completion of annual performance reviews. In any event, we grant all equity-based awards effective two days after the release of either our quarterly or annual company financial results.

Stock Appreciation Rights (SARs). The Committee granted stock appreciation rights to certain of our named executive officers in 2012 in the amounts indicated in the “Grants of Plan-Based Awards Table for Fiscal 2012” and the narrative following the table. The Committee set the base price per share of all of the stock appreciation rights that it granted in 2012 equal to the closing market price of our common stock on the date of grant so that the stock appreciation rights will have value only if the market price of our common stock increases after the grant date. In addition, the Committee made the stock appreciation rights subject to vesting over five years (with the SARs vesting 40% on the second anniversary of the grant date and 20% on each of the third, fourth and fifth anniversaries of the grant date) to provide additional incentive for our named executive officers to remain in our employment. The Committee granted stock appreciation rights rather than stock options because it views stock appreciation rights as less dilutive to our shareholders.

Restricted Stock Units (RSUs). The Committee awarded restricted stock units to each of our named executive officers in 2012 in the amounts indicated in the “Grants of Plan-Based Awards Table for Fiscal 2012” and the narrative following the table. A restricted stock unit gives the holder a right to have us issue a share of our common stock upon the conditions or date specified in the award. In addition to providing competitive compensation and an incentive to create shareholder value, these awards are intended to align management and shareholder interests as well as provide a retention incentive for the executive to remain employed by our company. The Committee determined the number of restricted stock units to grant to each of our executives consistent with our compensation philosophy. The Committee made the restricted stock units subject to forfeiture until the third anniversary of the grant date, at which time they cliff vest, to provide an additional incentive for our named executive officers to remain in our employment.

Changes to Long-Term Compensation for 2013. In 2012, following a detailed review of the use of performance shares among general industry companies and our peer group, the Committee determined to add performance shares to our long-term incentive mix in 2013. The performance shares will be added by modifying the overall long-term incentive mix from its current form of 60% stock appreciation rights and 40% restricted stock units to a mix of 40% stock appreciation rights, 40% restricted stock units and 20% performance shares. The performance shares will have a three-year performance period and will be earned or forfeited based on a performance metric of total shareholder return relative to our peer group. In 2013, the Committee granted performance shares under the 2013 Plan to certain key employees, including the named executive officers, subject to shareholder approval of the 2013 Plan. These performance share awards are set forth below in the proposal to approve the 2013 Plan under the heading “New Plan Benefits.”

What other benefits do we provide to our executives?

We have certain other plans that provide, or may provide, compensation and benefits to our named executive officers. These plans are principally our 401(k) Plan and our Target Supplemental Retirement Plan. We also provide life, medical and long-term disability insurance, and short-term disability benefits as part of our benefits package. The Committee considers all of these plans and benefits when reviewing total compensation of our executive officers. 401(k). In 2012, our named executive officers participated in our 401(k) plan that covers a group of eligible hourly and salaried employees. In 2012, salaried participants in the 401(k) plan, including Messrs. Gliebe, Hinrichs,

Schlemmer, Underwood and Colvin were eligible to contribute a portion of their compensation on a pre-tax basis, up to the limits imposed by the Internal Revenue Service, and we made a matching contribution equal to 100% of the first 1% and 50% of the next 5% of base salary contributed by the employees into their 401(k) accounts. We also contributed an additional 2% of Mr. Schlemmer's base salary to his account under our 401(k) plan pursuant to an arrangement established when the Marathon Electric Salaried Employees' Pension Plan, in which he participated, was frozen at the end of 2008.

Target Supplemental Retirement Plan and the Management Plan. The Target Supplemental Retirement Plan limits participants to officers and other key employees recommended by our CEO and approved by the Committee. All of our named executive officers currently participate in this plan. The Committee's intent in offering benefits under the Target Supplemental Retirement Plan is to provide a competitive retirement package to participants in the plan by extending retirement benefits without regard to statutory limitations under tax-qualified plans.

When the Target Supplemental Retirement Plan was approved by the independent members of the Board in January 1994, the benefit amounts were benchmarked against a group of then peer companies in consultation with a compensation consultant. The Committee periodically reviews these benchmarks to determine if they are still appropriate.

Prior to April 10, 2012, Mr. Schlemmer did not participate in the Target Supplemental Retirement Plan. Instead, he participated in the Supplemental Employee Retirement Plan for Salary Level 27 & 30 Employees, or the Management Plan, which is designed to provide a supplemental retirement income benefit for certain employees who were disadvantaged by the freezing of the Marathon Electric Salaried Employees' Pension Plan at the end of 2008. On April 10, 2012, the Committee approved the participation by Mr. Schlemmer in the Target Supplemental Retirement Plan. To reflect his earlier participation in the Management Plan, the monthly pension benefit payable to Mr. Schlemmer under the Target Supplemental Retirement Plan will be reduced by the amount payable to him under the Management Plan. This reduction is reflected in the terms of the Participation Agreement that Mr. Schlemmer executed in connection with his participation in the Target Supplemental Retirement Plan. For more information on the Target Supplemental Retirement Plan and the Management Plan, see the description under the heading "Retirement Benefits" below.

What perquisites do we provide?

We provided a modest level of personal benefits to named executive officers in 2012, as summarized below:

Each of the executive officers had use of a company car for business and personal travel.

Our executive officers are provided with enhanced short-term and long-term disability benefits compared with our other salaried employees. For salaried employees who are not executive officers, the short-term disability benefit provides up to six months of base salary replacement in an amount between 60% and 100% of the salaried employee's base salary depending on the salaried employee's credited years of service with our company. For our executive officers, base salary replacement is 100% regardless of credited years of service. For salaried employees who are not executive officers, the long-term disability benefit commences following six months of disability and provides a benefit of 60% of base salary (which base salary is capped at \$300,000 for purposes of calculating the long-term disability benefit). For our executive officers, the same formula applies but there are no caps.

We provide our executive officers with company-paid term life insurance. The premiums paid for each of our named executive officers for this life insurance in 2012 are included below in the "Summary Compensation Table for Fiscal Years 2010-2012" in the column entitled "All Other Compensation." We do not provide a tax gross up in connection with this benefit.

We reimbursed one of our named executive officers for certain expenses incurred in connection with his relocation to our corporate headquarters and made him whole for the income taxes owed by him as a result of the reimbursements. The make-whole payment for income taxes owed as a result of the reimbursement totaled less than \$1,500 for the officer.

Prior to 2012, we had a practice of paying the income taxes owed by certain named executive officers on income imputed to them as a result of business flights on which their spouses accompanied the executive officers. In July 2012, the Committee discontinued this benefit, and no such payments were made to the named executive officers for flights in 2012.

How do we assure that compensation keeps our executives focused on long-term success?

Our long-term success depends on excellent financial and operational performance year after year. Therefore, to focus on both the short and long-term success of the Company, our named executive officers' compensation includes a significant portion—approximately 64%, on average—that is “at risk” because the value of such compensation is determined based on the achievement of specified results or subject to forfeiture. If short-term and long-term financial goals are not achieved, then performance-related compensation will decrease. If goals are exceeded, then performance-related compensation will increase.

In addition, compensation paid in the form of equity awards, such as RSUs, SARs and performance shares, instead of cash is at-risk because its value varies with changes in the stock price. By creating a total compensation package where a considerable percentage is paid in equity awards, our executive officers have a significant stake in the long-term success of the Company and gain financially along with our shareholders.

As shown in the following charts, in fiscal 2012, 63% of the CEO's total compensation and, on average, 65% of the other named executive officers' compensation was at-risk dependent on performance. Fifty-one percent (51%) of the CEO's total compensation and, on average, 51% of the other named executive officers' total compensation was paid in RSUs or SARs.

What are our executive stock ownership requirements?

To underscore the importance of linking executive compensation and shareholder interests, we have implemented stock ownership requirements for certain executives, including our named executive officers. Executives subject to these stock ownership requirements must own a certain dollar value amount of stock before they are permitted to sell shares (other than shares sold to pay option exercise prices or shares sold or surrendered to cover taxes). Executives who sell shares in violation of these requirements may be ineligible for future long-term incentive awards. The stock ownership policy requires our CEO to hold shares with a value five (5) times his base salary. For our Chief Operating Officer and Chief Financial Officer, the ownership threshold is three (3) times base salary and for all other executives the ownership threshold is one (1) times base salary.

What severance and change in control benefits do we provide?

We have no employment agreements with any of our named executive officers that provide benefits prior to a change in control of our company. However, we have entered into change in control and termination agreements with Messrs. Gliebe, Hinrichs, Schlemmer, Underwood and Colvin and, under our equity incentive plans, a change in control of our company may trigger potential benefits for all participants, including accelerated vesting of awards. For a detailed description of the material terms and conditions of these agreements and the change in control provisions of our equity incentive plans, see the “Potential Payments upon a Termination or Change in Control” section below.

The Committee believes the change in control and termination benefits that we provide our named executive officers under the change in control and termination agreements and our equity incentive plans are consistent with the Committee’s overall objective of building shareholder value and contain terms that are similar to those offered to executives of comparable companies. The purpose of the benefits is to focus our named executive officers on taking actions that are in the best interests of our shareholders without regard to whether such action may ultimately have an impact on their job security, and to avoid the loss of key managers that may occur in connection with an anticipated or actual change in control. The change in control benefits that we provide our executive officers fulfill these purposes by generally maintaining the executive officers’ expected current and long-term compensation for a specified period following the change in control, vesting awards granted prior to the change in control and, in the case of Messrs. Gliebe and Colvin, making the executive officers whole for certain excise taxes that may result from compensation paid and benefits provided in connection with the change in control and any related termination of employment. All of our change in control agreements contain “double trigger” provisions, which means that, for an executive officer to receive severance benefits under the agreement, in addition to the change in control there must be some adverse change in the circumstances of the executive officer’s employment. The Committee selected the triggering events for change in control and termination benefits to our named executive officers based on its judgment that these events were likely to result in the job security distractions and retention concerns described earlier in this paragraph. Other than the change in control and termination agreements, we have no formal severance program in place for our named executive officers.

In 2011 the Committee adopted a policy eliminating tax gross-ups from all new change in control and termination agreements that we enter into with our executive officers. This policy was applied to the change in control and termination agreements entered into with Messrs. Hinrichs and Underwood in 2010 and Mr. Schlemmer in 2011, as well as one additional executive officer who is not a named executive officer, which contain no tax gross-ups.

Grants of Plan-Based Awards

The following table sets forth information regarding all incentive plan awards that the Committee made to our named executive officers during 2012, including incentive plan awards (equity-based and non-equity based) and other plan-based awards. Disclosure on a separate line item is provided for each grant of an award made to a named executive officer during the year. The information supplements the dollar value disclosure of stock, option and non-stock awards in the Summary Compensation Table by providing additional details about these awards.

Non-equity incentive plan awards are awards that are not subject to ASC Topic 718 and are intended to serve as an incentive for performance to occur over a specified period.

(1) The table reflects the estimated future payouts at the time these awards were granted under the SVA Cash Incentive Plan, based on the base salaries that become effective on April 1, 2012. As of the date of this proxy statement, these awards have been earned and, up to the target amount, paid out. As discussed in more detail in the

Compensation Discussion and Analysis, annual cash incentives earned above the target annual cash incentive value under the SVA Cash Incentive Plan are subject to payment in three equal annual installments. To receive the installment payments, the named executive officer must not have voluntarily terminated his employment with us (other than upon retirement) or been terminated for cause prior to the applicable payment date. We do not credit interest on amounts subject to payment in installments.

Equity Incentive Plan Awards

As reflected in the tables above, the Committee granted equity-based awards to our named executive officers in 2012. The Committee granted these awards under our two equity incentive plans: the 2003 Equity Incentive Plan, or the 2003 Plan, and the 2007 Equity Incentive Plan, or the 2007 Plan. Our equity incentive plans are administered by the Committee with respect to key employee participants, and the Committee generally has the authority to set the terms of awards under the plans except to the extent the plans specify such terms.

Effective May 2012, the Committee awarded 18,800, 4,500, 4,700, 3,400 and 1,575 restricted stock units to Messrs. Gliebe, Hinrichs, Schlemmer, Underwood and Colvin, respectively, under the 2003 Plan. Pursuant to its practice of granting equity-based awards only during an “open window” period following the release of our quarterly or annual financial results, the Committee awarded these restricted stock units with an effective grant date of May 3, 2012, which was the beginning of the first open window period following the Committee’s action. These restricted stock units had a grant date fair value of \$63.56 per share as determined pursuant to ASC Topic 718, which is equal to the closing market price of a share of our common stock on the date of grant. All of the units granted to our named executive officers during 2012 remain subject to forfeiture for three years following the date of grant.

The Committee also granted stock appreciation rights, or SARs, to each of our named executive officers in 2012. Effective May 2012, the Committee awarded Messrs. Gliebe, Hinrichs, Schlemmer, Underwood and Colvin SARs under the 2007 Plan with respect to 99,600, 25,000, 26,000, 18,000 and 8,200 shares, respectively, at a per share base price of \$63.56. Pursuant to its practice of granting equity-based awards only during an “open window” period following the release of our quarterly or annual financial results, the Committee awarded these SARs with an effective grant date of May 3, 2012, which was the beginning of the first open window period following the Committee’s action. The base price of the SARs equals the closing market price of a share of our common stock on the date of grant. The SARs vest and become exercisable over a five-year period, with 40% vesting on the second anniversary of the grant date and 20% vesting on each of the third, fourth and fifth anniversaries of the grant date. The SARs will expire on May 3, 2022.

Except as otherwise provided by the Committee, awards under the 2003 Plan or any rights or interest may not be assigned or transferred except by will or the laws of descent and distribution during the lifetime of the participant. Awards under the 2007 Plan and any rights under such awards are generally not assignable, alienable, saleable or transferable by participants.

Shareholder Value Added Cash Incentive Plan

As reflected in the tables above, our named executive officers participated in the SVA Cash Incentive Plan, which is designed to promote the maximization of shareholder value over the long term. The SVA Cash Incentive Plan provides annual cash incentive opportunities based on a comparison of actual annual SVA to target SVA for the year in question. Performance above target SVA earns an annual cash incentive more than the target annual cash incentive while performance below target SVA earns an annual cash incentive less than the target annual cash incentive. Under the SVA Cash Incentive Plan, the annual cash incentives earned up to 100% of the target amount are fully paid in cash following the end of that year.

Annual cash incentive amounts earned above 100% of the target amount are paid in installments, with one-third of the above-target amount being paid to the participant in cash after the end of each of the following three years, as long as the named executive officer’s employment with us has not been voluntarily terminated (other than upon retirement) or terminated for cause. We do not credit participants with interest on amounts subject to payment in installments. In 2012, the percent of target annual cash incentive actually earned was below 100%. Therefore, no portion of the annual cash incentive amounts earned for 2012 was deferred and subject to payment in installments.

Supplemental Retirement Plans

The column entitled “Change in Pension Value and Nonqualified Deferred Compensation Earnings” in the Summary Compensation Table includes amounts attributable to the change in the actuarial present value of the respective accumulated benefits under the Target Supplemental Retirement Plan for each of the named executive officers.

RETIREMENT BENEFITS (TARGET SUPPLEMENTAL RETIREMENT PLAN)

The following table sets forth the actuarial present value of each named executive officer's accumulated benefit under each non-tax-qualified defined benefit plan, assuming benefits are paid at normal retirement age based on current levels of compensation. The valuation method and all material assumptions applied in quantifying the present value of the current accumulated benefit for each of our named executive officers are included under the caption "Retirement Plans" in Note 8 of the Notes to Consolidated Financial Statements in our Annual Report on Form 10-K for the year ended December 29, 2012 and such information is incorporated herein by reference. The table also shows the number of years of credited service under each such plan, computed as of the same pension plan measurement date used in our audited financial statements for the year ended December 29, 2012. The table also reports any pension benefits paid to each named executive officer during the year.

In addition to the six years that Mr. Gliebe has been employed by us, he has been credited under the Regal Beloit Target Supplemental Retirement Plan with the 24 years for which he had credit under his previous employer's (1) retirement plan. When Mr. Gliebe's benefits are paid under the Target Supplemental Retirement Plan, we will deduct from the benefit owed to Mr. Gliebe those amounts paid by his previous employer under the previous employer's retirement plan.

Target Supplemental Retirement Plan

Each of our named executive officers participates in the Target Supplemental Retirement Plan, or the Supplemental Plan. The Supplemental Plan limits participants to officers and other key employees selected by the Committee. The purpose of the Supplemental Plan is to provide replacement income for executives, which is comparable, on a percentage basis, to the retirement income that other employees are entitled to receive and to provide competitive retirement benefits as compared to our peer group of companies. The Supplemental Plan does this by supplementing retirement income which is lost to higher paid employees due to Social Security caps and limits on income considered for our qualified retirement plans. Under the Supplemental Plan, participants are entitled, upon retirement, to receive a target supplemental retirement benefit. This benefit ensures that a participant receives an annual pension benefit that provides up to a maximum of 60% of compensation replacement by paying a benefit that is equal to two percent of the participant's average annual earnings, which is comprised of the participant's base salary (including any base salary that the participant waived) and target annual cash incentives, including annual cash incentives pursuant to the SVA Cash Incentive Plan, during the final five years of service with our company, multiplied by the participant's years of service with our company (up to a maximum of 30 years), less the participant's Social Security retirement benefit. For Mr. Gliebe, the monthly pension benefit payable under the Supplemental Plan is reduced by the amount payable to Mr. Gliebe under his previous employer's retirement plan. For Mr. Schlemmer, the monthly pension benefit payable under the Supplemental Plan is reduced by the amount payable to Mr. Schlemmer under the Management Supplemental Retirement Plan (discussed below).

To be eligible to receive benefits under the Supplemental Plan upon termination, a participant must have a minimum of 10 years of continuous service and to have reached the age of at least 58 or to have reached the age of 65. The Committee has discretion to grant additional years of service and/or revise the retirement age requirement for a participant to qualify for benefits. As part of the compensation package we offered Mr. Hinrichs when he joined our company in 2010, we reduced the years of continuous service required for him to be eligible to receive a retirement benefit under the Supplemental Plan to 7.5 years.

Management Supplemental Retirement Plan

Prior to April 10, 2012, Mr. Schlemmer did not participate in the Target Supplemental Retirement Plan. Instead, he participated in a plan that was designed to provide a supplemental retirement income benefit for certain employees who were disadvantaged by the freezing of the Marathon Electric Salaried Employees' Pension Plan at the end of 2008, which we refer to as the "Management Plan." The Management Plan supplemented retirement income which was lost as a result of the freezing of the Marathon Electric Salaried Employees' Pension Plan. Under that plan, eligible participants are entitled to receive a target supplemental retirement benefit that is equal to a specified percent (0.6743% in the case of Mr. Schlemmer) of the participant's final average annual earnings, which is the average of the participant's annual base salary during the final five years of service with our company, multiplied by the participant's years of service with our company on and after January 1, 2009 (up to a maximum of 30 years).

To be eligible to receive benefits under the Management Plan upon termination, a participant must have (i) a minimum of 7 years of vesting service, (ii) a minimum of 15 years of vesting service and to have reached the age of at least 58, (iii) reached the age of 65, or (iv) become disabled. Certain participants, including Mr. Schlemmer, receive credit for years of vesting service completed with our company and with their previous employer, General Electric Company. The Committee has discretion to grant additional years of vesting service and/or revise the retirement age requirement for a participant to qualify for benefits, which discretion has never been exercised.

On April 10, 2012, the Committee approved the participation by Mr. Schlemmer in the Target Supplemental Retirement Plan. To reflect his earlier participation in the Management Plan, the monthly pension benefit payable to Mr. Schlemmer under the Target Supplemental Retirement Plan will be reduced by the amount payable to him under the

Management Plan. This reduction is reflected in the terms of the Participation Agreement that Mr. Schlemmer executed in connection with his participation in the Target Supplemental Retirement Plan.

Potential Payments on a Termination or Change in Control

We have no employment agreements with any of our named executive officers that provide for any benefits prior to a change in control of our company. We have entered into agreements and maintain plans that require us to provide certain benefits to our named executive officers if we undergo a change in control and if the employment of our named executive officers terminates or is adversely affected under circumstances specified in the agreements and plans.

Termination of Employment Prior to a Change in Control

Under our equity incentive plans, if a named executive officer's employment with us terminates for any reason other than "cause," all outstanding stock option and stock appreciation right awards generally expire on approximately the thirtieth day following the termination, and all unvested restricted stock awards are forfeited, subject, under certain circumstances, to exceptions permitted by the Committee. If a named executive officer's employment is terminated for cause, restricted stock awards that have not vested are generally forfeited immediately, and each unexpired and uncanceled stock option or stock appreciation right award, to the extent not previously exercised, terminates immediately. "Cause" is defined under our equity incentive plans as (i) the participant's commission of any felony; (ii) the participant's fraud, dishonesty, theft, embezzlement, disclosure of trade secrets or confidential information or (iii) other acts or omissions by the participant that result in a breach of any fiduciary duty the participant owes to us.

Change in Control without Termination of Employment

Other than the protections provided by our equity incentive plans, we do not maintain any formal severance program for our named executive officers outside of the context of a change in control of our company. In the context of a change in control, however, our key executive employment and termination agreements with each of our named executive officers as well as our equity incentive plans require us to provide certain benefits to covered named executive officers. The agreements also provide for enhanced benefits if the employment of the covered named executive officers terminates in connection with a change in control of our company. A change in control under our agreements with our named executive officers and our existing equity incentive plans generally means any of the following: (i) a person or entity acquires 20% or more of our common stock, (ii) a change occurs in the composition of the board of directors that is not approved by at least two-thirds of the existing directors, (iii) our shareholders approve a merger, consolidation or share exchange other than one that would result in less than a 50% change in ownership of us as the surviving entity, or (iv) our shareholders approve a plan for our dissolution or liquidation. Under our agreements with our named executive officers, upon a change in control, we are required to cause all restrictions on any restricted stock awards made to the named executive officer prior to the change in control to lapse and to fully and immediately vest all stock options and SARs granted to the named executive officer prior to the change in control. We are also required, after the change in control, generally to maintain base salaries, fringe benefits, and incentive compensation opportunities at a level equivalent to or higher than the level at which we provided such benefits prior to the change in control.

In addition, in the event of a change in control, under our existing equity incentive plans, any participant holding a stock option or SAR may exercise the option or SAR in full, even if the option was not otherwise exercisable, and has the right to receive, upon sixty days' written notice to us after the change in control, cash equal to the excess of the change in control price of the shares covered under the surrendered option or SAR over the exercise or base price of the surrendered options or SARs. On the date of the change in control, any unvested restricted stock awards held by a participant vest in full and each participant has the right, upon sixty days' written notice to us, to receive, in exchange for the surrender of the restricted stock awards, an amount of cash equal to the change in control price of the restricted stock awards.

If the change in control transaction would trigger the adjustment provisions of our existing equity incentive plans, because, under the 2003 Plan, it is a recapitalization, stock split, reverse stock split, reorganization, merger, consolidation,

split-up, spin-off, combination, repurchase, or exchange of shares, or because, under the 2007 Plan, it is a merger, specified subdivision, combination or dividend of shares, a cash dividend meeting certain requirements, or other event that, in the judgment of the Board or the Committee requires an adjustment to prevent dilution or enlargement of the benefits under the 2007 Plan, the Committee or the Board may make appropriate adjustments to prevent dilution or enlargement of the benefits or potential benefits available under our equity incentive plans. Under the adjustment provision, the Committee may also determine a cash payment amount to be paid to the holder of any outstanding award in exchange for cancellation of all or a part of the award. However, under the 2003 Plan, if the event or transaction creates a change in control, then any such payment must be the greatest amount the participant could have received under the change in control provisions described above and, if the Committee determines it is necessary, each share subject to an award may be substituted by the number and kind of shares, other securities, cash or other property to which holders of our common stock are or will be entitled pursuant to the transaction.

Termination of Employment Connected to a Change in Control

The severance benefits provided under our agreements with our current named executive officers are triggered if, during the period starting six months before and ending, in the case of Messrs. Gliebe and Hinrichs, three years or, in the case of Messrs. Schlemmer, Underwood and Colvin, two years, after a change in control of our company, the executive's employment is terminated. If the executive's employment is terminated for cause, or as a consequence of death or disability, our obligations under the agreement are limited to the payment of amounts already earned, plus a prorated portion of any bonus, including annual cash incentives under the SVA Cash Incentive Plan, assuming the performance goal for such bonus had been attained. We may terminate the executive for "cause" under these agreements if he (i) engages in intentional conduct not taken in good faith that has caused us demonstrable and serious financial injury, (ii) is convicted of a felony which substantially impairs the executive's ability to perform his duties, or (iii) willfully and unreasonably refuses to perform his duties or responsibilities.

If the executive's employment is terminated other than for cause or as a result of death or disability, or by the executive with good reason, our full obligations under the agreement will be triggered. The executive may terminate his employment with "good reason" under the agreements if

- we breach the terms of the agreement;
- we reduce the executive's base salary, annual cash incentive opportunity or benefits;
- we remove the executive from positions within our company;
- the executive determines in good faith that there has been a material adverse change in his working conditions or status;
- we relocate the executive; or
- we require the executive to travel 20% more frequently than prior to the change in control.

Under the agreements, the executive will receive a termination payment that is equal to, in the case of Messrs. Gliebe and Hinrichs, three times or, in the case of Messrs. Schlemmer, Underwood and Colvin, two times the sum of (1) the executive's annual base salary then in effect (2) the higher of (i) the executive's annual cash incentive target bonus for the fiscal year of the termination, which includes annual cash incentive payments under the SVA Cash Incentive Plan, or (ii) the annual cash incentive received in the year prior to the change in control and (3) the value of all benefits. The agreements with Messrs. Gliebe and Colvin, but not the agreements with Messrs. Hinrichs, Schlemmer and Underwood, also contain a gross-up provision, which provides for additional payments to the executives to compensate them for any excise taxes on payments related to the change in control that may be imposed on the executives under the Internal Revenue Code. In 2010 we adopted a policy prohibiting such gross-up provisions in future change of control and severance

agreements with executive officers, and this policy applied to the agreements we entered into with Messrs. Hinrichs and Underwood in November 2010 and Mr. Schlemmer in May 2011.

The executive also will receive outplacement services, health and life insurance for up to, in the case of Messrs. Gliebe and Hinrichs, three years, or, in the case of Messrs. Schlemmer, Underwood and Colvin, two years, and the reimbursement of certain accounting and legal fees related to calculating the tax impact of these payments. We will also waive any minimum years of service requirements with respect to supplemental retirement programs, including the Target Supplemental Retirement Plan, and will make a payment equal to the value of any additional retirement benefits the executive would receive if he had remained employed for, in the case of Messrs. Gliebe and Hinrichs, three years, or in the case of Messrs. Schlemmer, Underwood and Colvin, two years. The executive will also be credited with, in the case of Messrs. Gliebe and Hinrichs, three years' or, in the case of Messrs. Schlemmer, Underwood and Colvin, two years' additional service under any post-retirement welfare benefit plan that we maintain. Finally, we will pay any performance awards granted under a long-term incentive plan at target as if all performance requirements were met, but offset by any amount paid upon the change in control under the same award. We do not currently maintain any long-term cash incentive plan and no awards are outstanding to our named executive officers under any such plan.

2013 Equity Incentive Plan

As disclosed above, in January 2013 the Committee approved a new 2013 Equity Incentive Plan, subject to shareholder approval at the Annual Meeting, with the following features:

- Awards granted under the 2013 Plan will be subject to "double-trigger" vesting in a change of control transaction, meaning that:

- If the survivor in the transaction agrees to assume the awards, vesting will continue and be accelerated only upon a termination without cause or for good reason.

- If awards are not assumed, then vesting accelerates and performance awards pay out at the higher of trend or target.

- A change of control will be defined in the 2013 Plan so that shareholder approval of a change of control transaction will not be treated as a change of control; instead, consummation of the transaction would be required.

- No "gross-up" will be provided for excise taxes on golden parachute payments.

Awards will be subject to forfeiture if the award recipient competes with us or discloses confidential information or if, after the recipient's termination from employment, the recipient solicits our customers or employees or takes other actions contrary to our interests.

- Awards granted under the 2013 Plan are subject to any applicable clawback policy (to the extent contemplated by such policy).

Tables Summarizing Payments Upon Termination or Change in Control

The following tables describe the potential payments upon termination and change in control. These tables assume that the triggering event or events occurred on December 29, 2012, the last day of our fiscal year, and the price per share of our common stock was \$68.72, the closing market price on the last trading day prior to that date.

The following table sets forth certain information relating to the compensation of Mr. Gliebe, our Chairman and Chief Executive Officer, upon a change in control of our company and following a termination of Mr. Gliebe's employment. Mr. Gliebe is not currently eligible for either early retirement or normal retirement. Accordingly, the table omits terminations under those circumstances.

We set forth below a description of the assumptions that we used in creating the tables above. Unless otherwise noted, the descriptions of the payments below are applicable to all of the above tables relating to potential payments upon termination.

Current Year SVA Annual Cash Incentive

In the event of a termination of the executive upon retirement, death, disability or in connection with or upon a change in control of our company, the executive is entitled to receive a prorated portion of the target award for the current year SVA. In the event of a voluntary termination other than retirement, the executive is not entitled to a portion of the target award for the current year SVA.

Prior Year SVA Annual Cash Incentive Subject to Installment Payments

In the event of an involuntary termination not for cause or a termination of the executive upon retirement, death, disability or following a change in control, the executive is entitled to receive the balance of the SVA awards from prior years that have not been paid. Such amounts will be paid as soon as practical following the termination. In the event of a voluntary termination, the executive is not entitled to any deferred SVA awards from previous years.

Stock Options, Restricted Stock, Restricted Stock Units and Stock Appreciation Rights

Under our equity incentive plans, in the event of a termination for death, disability or retirement, other than in connection with a change in control, our Board generally has discretion to fully vest any unvested awards. The tables assume the Board exercises such discretion and fully vests the stock options, SARs, restricted stock and restricted stock units. All unvested stock options, SARs, restricted stock and restricted stock units vest upon a change in control.

Life Insurance Proceeds

Life insurance proceeds are the death benefits on company paid life insurance. No life insurance payments will be made in connection with a termination for disability.

Except as otherwise noted, the following items apply only to a termination in the context of a change in control for Messrs. Gliebe, Hinrichs, Schlemmer, Underwood and Colvin. We assume the termination is without cause or by the executive with good reason. Further, we assume that the change in control and the executive's termination of employment both occurred on December 29, 2012, the last day of our fiscal year.

Supplemental Retirement Plan

In the event of a termination related to a change in control, we will waive the years of service requirement under the Target Supplemental Retirement Plan. Amounts reported in the table reflect the present value of the accumulated benefit, using a four and one-tenth percent (4.10%) discount rate.

Equity Acceleration

The executive will be entitled to the vesting of all of the executive's then unvested stock options, SARs, restricted stock and restricted stock units upon a change in control.

Cash Payment Under Retirement Plans

The amounts relating to the cash payments under our retirement plans in the tables above reflect the cash payment that is equal to the value of additional retirement benefits that each executive would have received if he remained employed with our company for an additional three years, in the case of Messrs. Gliebe and Hinrichs, or two years, in the case of Messrs. Schlemmer, Underwood and Colvin.

Post-Retirement Health Care Benefits

The executive will be covered under our health and life insurance for, in the case of Messrs. Gliebe and Hinrichs, three years or, in the case of Messrs. Schlemmer, Underwood and Colvin, two years, unless the executive obtains equal or greater benefits from another employer. We have assumed the executive will not obtain benefits from another employer.

Accounting and Legal Services

We are obligated to reimburse the executive for up to \$15,000 for accounting and legal services related to the calculation of the tax gross-up amount described below under “Section 280G Tax Gross-up or Cut Back.” The tables assume the entire amount is reimbursed to the executive.

Outplacement

The executive will be entitled to receive outplacement services up to the amount that is equal to ten percent (10%) of the executive’s base salary. The tables assume the executive will use the full amount of this benefit.

Section 280G Tax Gross-up or Cut Back

Upon a change in control of our company the executive may be subject to certain excise taxes pursuant to Section 280G of the Internal Revenue Code. We have agreed to reimburse Messrs. Gliebe and Colvin for all excise taxes that are imposed on them under Section 280G and any income and excise taxes that are payable by them as a result of any reimbursements for Section 280G excise taxes. We have adopted a policy prohibiting such gross-up provisions in new change of control and severance agreements with executive officers, and this policy applied to the agreements we entered into with Messrs. Hinrichs and Underwood in November 2010 and Mr. Schlemmer in May 2011. To address Section 280G, the agreements with Messrs. Hinrichs, Schlemmer and Underwood include a “best of” provision pursuant to which, if the amounts payable under the agreement and any other of our plans or agreements with the executive would constitute an excess parachute payment and result in an excise tax being imposed on the executive, then the executive will receive either the full amount of such payments or a lesser amount such that no portion of the payments will be subject to the excise tax, whichever would result in the greater after-tax benefit to the executive.

For Messrs. Gliebe and Colvin, the total Section 280G tax gross-up amount in the above tables assumes that the executive is entitled to a full reimbursement by us of (i) any excise taxes that are imposed upon the executive as a result of the change in control, (ii) any income and excise taxes imposed upon the executive as a result of our reimbursement of the excise tax amount and (iii) any additional income and excise taxes that are imposed upon the executive as a result of our reimbursement of the executive for any excise or income taxes. The calculation of the Section 280G gross-up amount in the above tables is based upon a Section 280G excise tax rate of 20%, a 35% federal income tax rate, a 1.45% Medicare tax rate and a state income tax rate of 5.0%. For purposes of the Section 280G calculation it is assumed that no amounts will be discounted as attributable to reasonable compensation and no value will be attributed to any non-competition agreement. The payment of the Section 280G tax gross-up will be payable to the executive for any excise tax incurred unless the executive is terminated for cause, death, disability or pursuant to a voluntary termination without good reason. The calculation of this gross-up assumes we can prove, by clear and convincing evidence, that we did not make the equity-based awards in 2012 in connection with or contemplation of a change in control of our company.

Non-Competition

As a condition to each executive’s entitlement to receive the severance payments and other benefits described in this section, the executive is required to execute a waiver of claims and be bound by the terms of a non-competition agreement which prohibits the executive from working in a business that engages in substantial competition with us, for a period of one year from the executive’s termination of employment. Our Board may waive this provision.

Risk Assessment of Compensation Policies and Practices

We seek to design our compensation policies and practices to reflect a balanced approach between incentives to achieve short-term and longer-term objectives, both of which we believe will help us achieve sustained growth and success over the long term. While we recognize that the pursuit of our financial performance objectives and the link between the amount of compensation earned under our incentive arrangements and achievement of the objectives may lead to employee behavior that increases certain risks to our company, we believe that we have designed our compensation programs and policies to mitigate these concerns and help to ensure that our policies and practices are consistent with our risk profile.

Our Board relies on our Compensation and Human Resources Committee to address significant risk exposures facing the company with respect to compensation, with appropriate reporting of these risks to be made to the full Board. The Committee, with the assistance of management and independent compensation consultants, periodically evaluates our compensation policies and practices to assess whether the risks arising from these policies and practices are likely to have a material adverse effect on our company and to assess the effect on these risks of any changes to our enterprise risk profile. The Committee did not recommend or implement any material changes in 2012 as a result of its most recent assessment, but has identified or implemented the following measures, among others, that it believes serve to mitigate any risks arising from our compensation policies and practices:

We use SVA as the performance measure under our annual cash incentive plans for our executive officers and certain of our key non-executive officer employees in part because it ties rewards for participants to both short-term and long-term results that we actually realize. We believe that SVA is the corporate performance measure that is tied most directly, both theoretically and empirically, to the creation of long-term shareholder value. By focusing on our financial performance as a function of invested capital, our SVA-based annual cash incentive plans create incentives for prudent investments in assets that are capable of providing strong long-term returns.

We have capped payouts under our SVA-based cash incentive plan for our executive officers at 200% and any cash incentive amounts earned in a year above 100% of the target amount for the year are paid over time in installments, with one-third of the above-target amount being paid to the participant in cash after the end of each of the following three years, so long as the named executive officer has not voluntarily terminated his or her employment with us or has been terminated for cause. We believe that capping the maximum annual cash incentive and deferring over three years the payment of any cash incentive amounts earned above the target cash incentive value serve to limit participants' incentives to take short-term or inappropriately risky measures to increase payouts in any given year. Our SAR and RSU awards under our long-term incentive compensation arrangements are subject to five- and three-year vesting periods, respectively, which we believe fosters employee retention and further helps to mitigate incentives to take short-term risks, while encouraging our employees to focus on our sustained growth over the long term.

We have implemented stock ownership guidelines for certain executives, including our named executive officers, which we believe help to focus our executives on long-term stock price appreciation and sustainability.

We have adopted a clawback policy requiring us to recoup incentive compensation paid to our executive officers on the basis of financial results that are subsequently subject to a material restatement.

In addition to the SVA-based annual cash incentive plans discussed above, we maintain revenue-based sales incentive compensation programs for certain of our non-executive officer employees at select business units or functions. The eligible employees are generally engaged in sales functions and our general philosophy regarding their compensation is to provide a portion of their compensation on a variable basis to create incentives for them to bring in new customers and/or increase sales to existing customers. We designed the programs to limit the risks that participants will seek to increase their payouts through low-quality sales or short-term revenue accompanied by long-term costs or additional risks

by capping the amount of compensation participants may earn under the programs and by not giving the individual participants final authority over which sales are accepted. We monitor the programs periodically to determine whether our risk-management objectives are being addressed by these features and intend to modify the programs if necessary to reflect changes to our risk profile.

The equity portion of director compensation is designed to align directors' interests with shareholders' interests. The non-employee directors are paid the following fees:

• Annual retainer fee of \$80,000 for each director.

• Annual retainer fee of \$20,000 for the presiding director.

• Annual retainer fee of \$15,000 for the chair of the Audit Committee; \$10,000 for the chair of the Compensation and Human Resources Committee; and \$8,000 for the chair of the Corporate Governance and Director Affairs Committee.

• Shares of restricted stock with a value of approximately \$115,000 on the grant date.

Each individual non-employee director serving on the Board on April 30, 2012, the date of our 2012 annual shareholders meeting, was awarded 1,810 restricted stock with an effective grant date of May 3, 2012, which was the beginning of the first open window period following the 2012 annual shareholders meeting. The restricted stock units had a grant date fair value of \$63.56 per share as determined pursuant to FASB ASC Topic 718, which is equal to the closing market price of a share of our common stock on the date of grant. The units remain subject to forfeiture for three years following the date of grant.

REPORT OF THE COMPENSATION AND HUMAN RESOURCES COMMITTEE

The Compensation and Human Resources Committee has reviewed and discussed the Compensation Discussion and Analysis set forth in this proxy statement with management. Based on the foregoing review and discussions, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis section be included in this proxy statement and incorporated by reference into our Annual Report on Form 10-K for the year ended December 29, 2012.

This report of the Compensation and Human Resources Committee has been presented by the following named directors currently comprising the Committee: Dean A Foate (Chairperson), Carol Skornicka and Thomas J. Fischer.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The current members of the Compensation and Human Resources Committee of the Board of Directors are Dean A Foate (Chairperson), Carol Skornicka and Thomas J. Fischer. There are no interlocks among the Committee members and the Company.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is currently comprised of four directors, each of whom is independent as defined in the NYSE's listing standards and SEC rules. The Audit Committee operates under a written charter adopted by the Board.

The Company's management is responsible for the Company's internal controls and the financial reporting process, including the system of internal controls. The Company's independent auditors are responsible for expressing an opinion on the conformity of the Company's audited consolidated financial statements with accounting principles generally accepted in the United States. The Audit Committee's responsibility is to monitor and oversee this process. The Audit Committee has reviewed and discussed the audited consolidated financial statements of the Company with management and Deloitte & Touche LLP, the Company's independent auditors. The Audit Committee has discussed

with Deloitte & Touche LLP matters required to be discussed by Statement on Auditing Standards No. 114, "The Auditor's Communication with Those Charged with Governance."

The Audit Committee has received from Deloitte & Touche LLP the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the audit committee concerning independence, and has discussed with the independent auditors the independent auditors' independence. The Audit Committee considered whether Deloitte & Touche LLP's provision of non-audit services is compatible with maintaining Deloitte & Touche LLP's independence.

The Audit Committee discussed with the Company's internal and independent auditors the overall scopes and plans for their respective audits. The Audit Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, the evaluation of the Company's internal controls and overall quality of the Company's financial reporting.

Based on the Audit Committee's reviews and discussions with management, the internal auditors and the independent auditors referred to above, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 29, 2012 for filing with the SEC.

This report of the Audit Committee has been presented by the following named directors currently comprising the Committee: Curtis W. Stoelting (Chairperson), Stephen Burt, Thomas J. Fischer and Rakesh Sachdev.

PROPOSAL 2: ADVISORY VOTE ON THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS

We are seeking an advisory vote of our shareholders on the compensation of our named executive officers, as required by Section 14A of the Securities Exchange Act of 1934, as amended. Our Board recommends that you vote in favor of a resolution approving the compensation of our named executive officers as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis section and the tables and narrative discussion contained in this Proxy Statement. Since the vote is advisory in nature, the results will not be binding on our Board or our Compensation and Human Resources Committee. However, if there is a significant vote against our executive compensation policies and procedures, our Board and our Compensation and Human Resources Committee will carefully evaluate whether any actions are necessary to address those concerns. We intend to hold our next advisory vote on the compensation of our named executive officers at our annual meeting in 2014.

We have adopted what we believe to be a conservative approach to executive compensation. Our overall compensation philosophy is to offer the opportunity for our management team to earn competitive pay, with total compensation having a direct connection to our financial performance and the creation of shareholder value.

Our compensation philosophy dictates that a significant portion of our executives' total potential compensation must depend upon the Company's performance. To that end, the total compensation of our named executive officers includes a significant portion—approximately 65%, on average—that is “at risk” because the value of such compensation is determined based on the achievement of specified results. Approximately half of our named executive officers' total compensation is, on average, in the form of equity-based awards (stock appreciation rights and restricted stock units), which will decline in value (or have no value) if our stock price declines. Another 15%, on average, of our named executive officers' total compensation is based on improvements in our Company's operating performance as measured by our SVA Cash Incentive Plan. We believe that by tying a large majority of our named executive officers' total potential compensation to creation of long-term shareholder value, we create a close alignment between the interests of our executive officers and the interests of our shareholders.

Executive compensation in 2012 aligned well with the objectives of our compensation philosophy and with our corporate performance. Our company's operating performance in 2012 was strong despite continued uncertainty in the global economy generally and our markets in particular. In 2012, we had record levels of net revenues and, excluding the effect of restructuring costs, record operating profit and net income. We paid our 210th consecutive quarterly dividend and increased the dividend again in 2012. Our total shareholder return for the fiscal year ended December 29, 2012 was 36.3%.

(dollars in millions except per share data)	2011	2012	Percent Change
Net Revenues	\$2,808	\$3,167	12.8%
Operating Profit	\$ 256	\$ 313	22.3%
Stock Price per Share	\$50.97	\$68.72	34.8%

We believe our compensation of our named executive officers aligns well with our performance, but we also believe that this alignment is not always reflected in the Summary Compensation Table in the same way we view the alignment for our internal purposes. This is because the Summary Compensation Table values are required to include the full grant date fair value of equity awards in the year the awards are granted. The grant date fair value is an accounting value that projects the potential value of awards based on assumptions about, among other things, certain future events. The grant date fair value is different from the economic value of the awards to our named executive officers, which may be lower or higher than the grant date fair value depending on the price of our common stock. For this reason, we are including in this proxy statement, as a supplement to the required Summary Compensation Table, a comparison of our

named executive officers' realizable pay for 2012 with their total compensation as shown in the Summary Compensation Table.

Name and Principal Position	Summary Compensation Table Total Compensation (\$)	Total Realizable Compensation (\$)
Mark J. Gliebe Chairman and Chief Executive Officer	6,669,738	5,053,144
Charles A. Hinrichs Vice President and Chief Financial Officer	1,494,049	1,087,148
Jonathan J. Schlemmer Chief Operating Officer	1,715,042	1,291,968
Peter C. Underwood Vice President, General Counsel and Secretary	1,156,070	863,927
Terry R. Colvin Vice President, Corporate Human Resources	789,079	656,126

The realizable pay disclosure in the table above is the same as the compensation shown in the Summary Compensation Table except that it values equity-based compensation based on the price of our common stock at year end. Restricted stock and restricted stock units are valued as the product of the number of shares granted to the officer during the year multiplied by the year-end stock price, assuming for purposes of this disclosure that the grants were vested. Stock appreciation rights are valued as the product of the number of rights granted to the officer during the year multiplied by the excess, if any, of the year-end stock price over the grant price of the rights, assuming for purposes of this disclosure that the grants were vested.

To illustrate how the compensation of our CEO has aligned with our total shareholder return, we are also including the following supplemental graph, which compares our total shareholder return with our CEO's compensation (as shown in the Summary Compensation Table and on a realizable basis as described above) over our fiscal years 2010 through 2012:

For 2010, the values in the chart above relate to the compensation of Henry W. Knueppel, who served as our Chairman and Chief Executive Officer during that year. For 2011 and 2012, the values in the chart relate to the compensation of Mark J. Gliebe, who served as our President and Chief Operating Officer until May 2, 2011, became our President and Chief Executive Officer effective May 2, 2011 and was elected Chairman of the Board effective January 2, 2012.

A description of our executive compensation policies and procedures can be found in the section of this proxy titled "Executive Compensation." Those policies and procedures include:

We link compensation to corporate performance through our Shareholder Value Added (SVA) Plan and equity-based awards to ensure that executives receive above-median compensation only if long-term value creation is generated for our shareholders.

The compensation of our named executive officers includes a significant portion—approximately 65%, on average—that is "at risk" because the value of such compensation is determined based on the achievement of our stock price and specified results.

We have adopted a policy eliminating tax gross-ups from all new change in control and termination agreements with our executive officers, including three such agreements entered into in 2010 and one entered into in 2011.

We have adopted a clawback policy requiring us to recoup incentive compensation paid to our executive officers on the basis of financial results that are subsequently subject to a material restatement.

We offer only limited perquisites to our executive officers.

We have no employment agreements with any of our named executive officers that provide severance benefits prior to a change in control of our company.

♣All of our change in control agreements contain “double trigger” provisions.

♣Our equity compensation plan does not permit repricing of stock options.

♣We periodically review our pay practices to ensure that they do not encourage excessive risk taking.

♣We do not guarantee salary increases or bonuses for our executive officers.

♣We adjust compensation as appropriate in challenging economic times.

OUR BOARD RECOMMENDS A VOTE “FOR” APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT. UNLESS OTHERWISE INDICATED ON YOUR PROXY, YOUR SHARES WILL BE VOTED “FOR” THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

PROPOSAL 3: APPROVAL OF THE REGAL BELOIT CORPORATION
2013 EQUITY INCENTIVE PLAN

Our Board is asking our shareholders to approve the Regal Beloit Corporation 2013 Equity Incentive Plan (the “2013 Plan”), including the authority to issue 3,500,000 shares of our common stock under the 2013 Plan. As we describe in the Compensation Discussion and Analysis on page 15, performance-based pay elements, including equity-based awards, are important components of our overall compensation program. All of our equity-based awards are currently delivered under our shareholder-approved 2003 Equity Incentive Plan and 2007 Equity Incentive Plan, which govern the awards’ terms and conditions. If shareholders approve the 2013 Plan, in the future we intend to deliver our equity-based awards under the 2013 Plan.

We believe that awards under the 2013 Plan will support the creation of long-term value and returns for our shareholders. We further believe that the 2013 Plan strikes a proper balance between rewarding performance and limiting shareholder dilution. The purpose of the 2013 Plan is to promote the best interests of our company and our shareholders by providing key employees and consultants and non-employee members of our Board with an opportunity to acquire shares of our common stock or receive monetary payments. It is intended that the 2013 Plan will promote continuity of management and increased incentive and personal interest in the welfare of our company by those key employees who are primarily responsible for shaping and carrying out our long-range plans and securing our continued growth and financial success. In addition, by encouraging stock ownership by non-employee directors, we seek to attract and retain on our Board persons of exceptional competence and to provide a further incentive to serve as a director.

Effect of Proposal on Existing Equity Compensation Plans

The Regal Beloit Corporation 2003 Equity Incentive Plan and the Regal Beloit Corporation 2007 Equity Incentive Plan (together, the “Existing Equity Plans”), under which we may grant equity awards to employees, had approximately 996,871 shares of common stock available for future equity grants as of March 11, 2013. If our shareholders approve

the 2013 Plan, the Existing Equity Plans will terminate on the date of approval, no new awards will be granted under the Existing Equity Plans, and the authority to issue the remaining shares of common stock available under the Existing Equity

60

Plans will terminate. All awards that we granted under the Existing Equity Plans that are outstanding as of the date of the approval of the 2013 Plan will remain outstanding and will continue to be governed by the Existing Equity Plans. As of March 11, 2013, there were 1,446,295 shares of common stock subject to outstanding options or stock appreciation rights and 194,871 shares of restricted stock or restricted stock units that had not vested under the Existing Equity Plans. The options and stock appreciation rights had a weighted average exercise or grant price of \$54.73 and a weighted average term of 6.56 years for outstanding options or stock appreciation rights and 1.78 years for shares of restricted stock.

Effect on Existing Equity Compensation Plans if 2013 Plan is Not Approved

If the 2013 Plan is not approved, then the Existing Equity Plans will remain in effect in accordance with its terms. However, there will be insufficient shares available under the Existing Equity Plans to make annual or retention awards to employees or to provide grants to new hires in the coming years. In this event, the Committee would be required to revise its compensation philosophy and devise other programs to attract, retain and compensate its management employees and non-employee directors.

Authorized Shares, Stock Price, Dilution and Burn Rate

Our articles of incorporation, as amended, authorize the issuance of 100,000,000 shares of common stock. There were 44,978,667 shares of our common stock issued and outstanding as of March 11, 2013, and the market value of a share of our common stock as of that date was \$81.10.

In order to determine the number of shares of common stock to be authorized under the 2013 Plan, the Committee and its independent compensation consultant considered our need for shares, based on the current and expected future equity grant mix and the potential dilution that awarding the requested shares may cause to existing shareholders. The compensation consultant examined, and the Committee considered, a number of factors, including our burn rate and an overhang analysis. The Committee also considered the need for shareholder approval of the performance goals in the 2013 Plan to allow us to qualify awards under the 2013 Plan as performance-based compensation under Section 162(m) of the Internal Revenue Code. Such performance-based compensation is not included in the limit of \$1,000,000 per year per covered executive on compensation that is deductible by us.

The Committee recommended to our Board that 3,500,000 shares be authorized under the 2013 Plan. As described above, if the 2013 Plan is approved, no further grants will be made under the Existing Equity Plans, so any shares reserved under the Existing Equity Plans that are not subject to outstanding awards at the time the 2013 Plan is approved would no longer be available for future awards. The Board is seeking shareholder approval for the 2013 Plan and the pool of shares available under the 2013 Plan, which it expects is sufficient for approximately 5-6 years of awards based upon the historic rates of awards by the Committee under the Existing Equity Plans. As specified in the 2013 Plan, each full value award depletes the pool of shares available under the 2013 Plan at the rate of two shares for each share subject to the full value award. For this purpose, a full value award includes restricted stock, restricted stock units, performance shares, performance units (valued in relation to a share), deferred stock rights and any other similar award payable in shares under which the value of the award is measured as the full value of a share, rather than the increase in the value of a share. As such, if only full value awards were granted, a total of approximately 1,750,000 shares could be awarded under the Plan.

The Committee and our Board considered the burn rate with respect to our equity awards relative to market levels. The burn rate represents the total equity awards granted by us in a fiscal year divided by the weighted-average total shares of our common stock outstanding for the year. In fiscal years 2010, 2011 and 2012, we made equity awards representing a total 289,250 shares, 403,130 shares and 255,225 shares, respectively, which resulted in a three-year average burn rate of less than 1%. The Committee and our Board were satisfied that our burn rate over the past three years was an acceptable level and well below limits established by ISS.

Because this proposal to approval the 2013 Plan does not contemplate the amount or timing of specific equity awards in the future, other than as described under “New Plan Benefits” below, it is not possible to calculate with certainty the number of years of awards that will be available and the amount of subsequent dilution that may ultimately result

from such awards. However, the current rationale and practices of the Committee with respect to equity awards and other incentives is set forth in the section titled “Compensation Discussion and Analysis.”

Summary of the Terms of the 2013 Plan

The following is a summary of the material provisions of the 2013 Plan, a copy of which is attached hereto as Appendix A and is incorporated by reference herein. This summary is qualified in its entirety by reference to the full and complete text of the 2013 Plan. Any inconsistencies between this summary and the text of the 2013 Plan will be governed by the text of the 2013 Plan.

Administration and Eligibility

The 2013 Plan will be administered by the Committee with respect to eligible employee and consultant participants and the non-employee directors of our Board (or a committee of non-employee directors appointed by our Board) with respect to director participants (we refer to such committee or Board, as the case may be, as the “administrator”), which will have the authority to interpret the provisions of the 2013 Plan and any award agreement; make, change and rescind rules and regulations relating to the 2013 Plan; correct any defect, supply any omission, or reconcile any inconsistency in the 2013 Plan, any Award or agreement covering an Award in the manner and to the extent it deems desirable to carry this 2013 Plan or such award into effect; and make all other determinations necessary or advisable for the administration of the 2013 Plan.

Notwithstanding anything else in the 2013 Plan to the contrary, the administrator will have the discretion to grant to any newly hired or promoted participant an award with any vesting condition, any restriction period or any performance period. The administrator may also accelerate or shorten the vesting, restriction period or performance period of an award in connection with a participant’s death, disability, retirement or termination by the company without cause or a change of control.

The administrator may not increase the amount of compensation payable under an award that is intended to be performance-based compensation under Section 162(m) of the Internal Revenue Code once the award is established, although the administrator may decrease the amount of compensation that a participant may earn under the award.

The administrator may designate any of the following as a participant under the 2013 Plan to the extent consistent with its authority: any officer or other key employee of who is responsible for or is in a position to contribute to the management, growth or profitability of our business or the business of an affiliate, any consultant who provides services to us or our affiliates other than as an employee or director, and any of our directors, including non-employee directors. As of March 11, 2013, we had eight non-employee directors, 0 consultants and approximately 400 employees eligible to participate in the 2013 Plan.

The Board may delegate some or all of its authority under the 2013 Plan to a committee of the Board or to one or more officers of our company, and the Committee may delegate some or all of its authority under the 2013 Plan to a sub-committee or one or more of our officers. Delegation is not permitted, however, with respect to stock-based awards made to individuals subject to Section 16 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), unless the delegation is to a committee of the Board that consists only of outside directors.

Types of Awards

Awards under the 2013 Plan may consist of stock options, stock appreciation rights, performance shares, performance units, restricted stock, restricted stock units, deferred stock rights, dividend equivalent units, or other equity-based awards. The administrator may grant any type of award to any participant it selects, but only our and our subsidiaries’ employees may receive grants of incentive stock options. Awards may be granted alone or in addition to, in tandem

with, or in substitution for any other award (or any other award granted under another plan of ours or of any of our affiliates).

Shares Reserved under the 2013 Plan

The 2013 Plan provides that 3,500,000 shares of common stock are reserved for issuance under the plan. The 2013 Plan also provides that we may issue an aggregate of only 500,000 shares of common stock upon the exercise of incentive stock options.

The number of shares of common stock reserved under the 2013 Plan will be depleted by the number of shares to which an award is granted, although the aggregate number of shares reserved will be depleted by two shares for each share subject to a full-value award. For this purpose, a full-value award includes restricted stock, restricted stock units, performance shares, performance units valued in a relation to a share of common stock, deferred stock rights and any other similar award under which the value of the award is measured as the full value of a share of common stock, rather than the increase in the value of a share.

In general, if an award granted under the 2013 Plan lapses, expires, terminates or is canceled without the issuance of shares, if it is determined during or at the conclusion of the term of an award that all or some portion of the shares with respect to which the award was granted will not be issuable on the basis that the conditions for such issuance will not be satisfied, if shares are forfeited under an award, or if shares are issued under any award and we reacquire them pursuant to rights we reserved upon the issuance of the shares, then such shares will again be available for issuance under the 2013 Plan in the same number as they depleted the reserve (but shares recredited to the 2013 Plan's reserve pursuant due to reacquisition may not be issued pursuant to incentive stock options). Shares tendered in payment of the exercise price of an option, shares withheld to satisfy tax withholding obligations and shares purchased by us using proceeds from option exercises may not be recredited to the reserve.

If, after the termination of the Existing Equity Plans, any shares subject to awards granted under the Existing Equity Plans would again become available for new grants under the terms of such plans if such plans were still in effect (taking into account such plans' provisions concerning termination or expiration, if any), then those shares will be available for the purpose of granting awards under the 2013 Plan, thereby increasing the number of shares available for issuance under the 2013 Plan. As of March 11, 2013, there were 1,446,295 shares of common stock subject to outstanding options or stock appreciation rights and 194,871 shares of restricted stock or restricted stock units that had not vested under the Existing Equity Plans. The options and stock appreciation rights had a weighted average exercise or grant price of \$54.73 and a weighted average term of 6.56 years for outstanding options or stock appreciation rights and 1.78 years for outstanding shares of restricted stock.

Options

The administrator will have the authority to grant stock options and to determine all terms and conditions of each stock option. Stock options will be granted to participants at such time as the administrator may determine. The administrator will also determine the number of options granted, whether an option is to be an incentive stock option or non-qualified stock option, and the date of grant, which may not be prior to the date of the administrator's approval of the grant. The administrator will fix the option price per share of common stock, which may not be less than the fair market value of the common stock on the date of grant. Fair market value is defined as the last sales price of a share of our common stock on the date in question, or if no sales of our common stock occur on such date, on the last preceding date on which there was such a sale.

The administrator will determine terms and conditions of exercise, as well as the expiration date of each option, but the expiration date will not be later than 10 years after the grant date. If the aggregate fair market value of the shares subject to the option that becomes exercisable during a calendar year exceeds \$100,000, then the option will be treated as a nonqualified stock option to the extent the \$100,000 limitation is exceeded.

Each incentive stock option that the administrator grants to an eligible employee who owns more than ten percent of the total combined voting power of all classes of stock then issued by our company or a subsidiary must have an exercise price at least equal to 110% of the fair market value of the common stock on the date of grant and must terminate no later than five years after the date of grant.

Stock Appreciation Rights

The administrator will have the authority to grant stock appreciation rights. A stock appreciation right is the right of a participant to receive cash in an amount, and/or common stock with a fair market value, equal to the appreciation of the fair market value of a share of common stock during a specified period of time. The 2013 Plan provides that the administrator will determine all terms and conditions of each stock appreciation right, including: whether the stock appreciation right is granted independently of a stock option or relates to a stock option; the number of shares of common stock to which the stock appreciation right relates; the date of grant, which will not be prior to the date of the administrator's approval of the grant; a grant price that will not be less than the fair market value of the common stock subject to the stock appreciation right on the date of grant; the terms and conditions of exercise or maturity; a term that must be no later than 10 years after the date of grant; and whether the stock appreciation right will settle in cash, common stock or a combination of the two.

Performance and Stock Awards

The administrator will have the authority to grant awards of restricted stock, restricted stock units, deferred stock rights, performance shares or performance units. Restricted stock means shares of common stock that are subject to a risk of forfeiture, restrictions on transfer or both a risk of forfeiture and restrictions on transfer. Restricted stock unit means the right to receive a payment in cash or shares equal to the fair market value of one share of common stock. Deferred stock right means the right to receive shares of common stock or shares of restricted stock at some future time. Performance shares means the right to receive shares of common stock, including restricted stock, to the extent performance goals are achieved. Performance unit means the right to receive a payment in cash or shares valued in relation to a unit that has a designated dollar value or the value of which is equal to the fair market value of one or more shares of common stock, to the extent performance goals are achieved.

The administrator will determine all terms and conditions of the awards, including: the number of shares of common stock and/or units to which such award relates; whether performance goals need to be achieved for the participant to realize any portion of the benefit provided under the award; the period of restriction with respect to restricted stock or restricted stock units and the period of deferral for deferred stock rights, which must not lapse more quickly than ratably over three years from the date of grant; the performance period for performance awards, which must be at least one year; with respect to performance units, whether to measure the value of each unit in relation to a designated dollar value or the fair market value of one or more shares of common stock; and, with respect to restricted stock units and performance units, whether the awards will settle in cash, in shares of common stock, or in a combination of the two.

During the time restricted stock is subject to a restriction period, the participant will have all of the rights of a shareholder, including the right to vote the shares of restricted stock and, unless the administrator otherwise provides, the right to receive dividends paid on the shares of restricted stock.

Unless the administrator determines otherwise, during the time restricted stock is subject to the period of restriction, (1) to the extent not prohibited by law, the participant shall be deemed to have appointed the company's chief executive officer and corporate secretary as proxies, authorizing them to represent and to vote the participant's restricted stock in accordance with our Board's recommendations on all matters that are submitted to a shareholder vote, and (2) the participant will have the right to receive any dividends paid with respect to such stock; provided that

such dividends will be subject to the same conditions and restrictions applicable to the restricted stock and will not be paid currently but will accrue and be paid within 30 days of the expiration of the restriction period.

Dividend Equivalent Units

The administrator will have the authority to grant dividend equivalent units. A dividend equivalent unit is the right to receive a payment, in cash or shares of common stock, equal to the cash dividends or other distributions that we pay with respect to a share of common stock. Dividend equivalent units may be granted only in connection with full-value awards and may not be granted in connection with options or stock appreciation rights. The administrator will determine all terms and conditions of a dividend equivalent unit award, including whether: (1) the award will be granted in tandem with another award; (2) payment of the award be made currently or credited to an account for the participant which provides for the deferral of such amounts until a stated time; and (3) the award will be settled in cash or shares of common stock. To the extent settled in cash, dividend equivalent units will not deplete the share reserve under the 2013 Plan.

Other Awards

The administrator will have the authority to grant other types of awards, which may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, shares of common stock, either alone or in addition to or in conjunction with other awards, and payable in shares of common stock or cash. Such awards may include shares of unrestricted common stock, which may be awarded, without limitation, as a bonus, in payment of director fees, in lieu of cash compensation, in exchange for cancellation of a compensation right, upon the attainment of performance goals or otherwise, or rights to acquire shares of our common stock from us. The administrator will determine all terms and conditions of the award, including the time or times at which such award will be made and the number of shares of common stock to be granted pursuant to such award or to which such award will relate. Any award that provides for purchase rights must be priced at 100% of the fair market value of our common stock on the date the award is granted.

Performance Goals

For purposes of the 2013 Plan, performance goals mean any goals the administrator establishes that relate to one or more of the following with respect to us, any one or more of our affiliates or divisions or any other of our or our affiliates' business units as defined by the administrator at the time of the selection: revenue; cash flow; net cash provided by operating activities; net cash provided by operating activities less net cash used in investing activities; net operating profit (before or after tax); bad debt reserves; warranty reserves; capital; capital charge; cost of capital; cost of goods sold; ratio of debt to debt plus equity; profit before tax; gross profit; net profit; net sales; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; fair market value of shares (with or without dividend payments); basic earnings per share; diluted earnings per share; return on shareholder equity; accounts receivable (average, calculated by taking the average of accounts receivable at the end of each month, or otherwise); inventories (average, calculated by taking the average of inventories at the end of each month, or otherwise); assets; liabilities; return on average total capital employed; return on net assets employed before interest and taxes; economic value added; and/or return on year-end equity.

In the case of awards that the administrator determines will not be considered "performance-based compensation" under Section 162(m) of the Internal Revenue Code, the administrator may establish other performance goals not listed in the 2013 Plan.

Award Limits

To qualify awards under the 2013 Plan as "performance-based compensation" under Section 162(m) of the Internal Revenue Code, we are required to establish limits on the number of awards that we may grant to a particular participant. The award limits in the 2013 Plan were established to provide us with maximum flexibility, and are not necessarily indicative of the size of award that we expect to make to any particular participant. Under the 2013 Plan,

no participant may be granted awards that could result in such participant:

65

receiving options for, or stock appreciation rights with respect to, more than 300,000 shares of common stock during any fiscal year;

receiving awards of restricted stock, restricted stock units and/or deferred stock rights relating to more than 200,000 shares of common stock during any fiscal year;

receiving awards of performance shares and/or awards of performance units, the value of which is based on the fair market value of common stock, for more than 200,000 shares of common stock during any fiscal year;

receiving awards of performance units, the value of which is not based on the fair market value of shares of common stock, that would pay more than \$3,000,000 in any fiscal year; or

receiving other stock-based awards not described above and that are intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code with respect to more than 100,000 shares of common stock during any fiscal year.

Each of these limitations is subject to adjustment as described below.

Effect of Termination on Awards

If the participant has in effect an employment, retention, change of control, severance or similar agreement with us or any of our affiliates that discusses the effect of the participant's termination of employment or service on the participant's awards, then that agreement will control the effect of a termination on the awards. In any other case, except as otherwise provided by the administrator in an award agreement or determined by the administrator at the time of termination of a participant's service, the termination of a participant's service with our company and our affiliates as an employee or director for the reasons described below will have the following consequences. However, notwithstanding anything in the 2013 Plan to the contrary, the administrator may accelerate the vesting, restriction period or performance period of an award in connection with a participant's death, disability, retirement or termination by us without cause.

Termination of Employment or Service. If a participant's service ends for any reason other than a termination by us for cause, death or disability, then:

any outstanding unvested options or stock appreciation rights will be forfeited immediately upon the termination, and

any outstanding vested options or stock appreciation rights will be exercisable until the earlier of the expiration date of the award and 90 days after the termination, after which the awards will be forfeited; and

all other awards made to the participant, to the extent not yet earned, vested or paid, will terminate no later than the participant's last day of employment or service.

Death. If a participant dies during employment with our company and our affiliates or while a director, then:

all outstanding unvested options and stock appreciation rights will be forfeited immediately on the date of death, and

the participant's estate or any person who succeeds to the participant's benefits under the 2013 Plan will have up to the earlier of 12 months and the expiration date of the award to exercise any outstanding vested options or stock appreciation rights under the terms of the applicable award agreement, after which the awards will be forfeited;

- all restrictions on an outstanding award of restricted stock or restricted units that is not a performance award will be deemed to have lapsed on a prorated basis based on the portion of the restriction period the participant completed;
- all outstanding deferred stock rights that are not performance awards will vest on a prorated basis based on the portion of the deferral period that the participant completed; and
- all outstanding performance awards will be paid in either unrestricted shares of common stock or cash following the end of the performance period and based on achievement of the performance goals as if the participant had not died, but prorated based on the portion of the performance period completed at the time of death.

Disability. If a participant's employment with our company and our affiliates or service as a director ends due to a disability of the participant, then:

- all outstanding unvested options and stock appreciation rights will be forfeited immediately on such termination, and
- any outstanding vested options and stock appreciation rights will be exercisable by the participant until the earlier of 12 months following the date of the participant's termination and the expiration date of the option or stock appreciation rights under the terms of the applicable award agreement, after which the awards will be forfeited;
- all restrictions on an outstanding award of restricted stock or restricted units that is not a performance awards will be deemed to have lapsed on a prorated basis based on the portion of the restriction period the participant completed;
- all outstanding deferred stock rights that are not performance awards will vest on a prorated basis based on the portion of the deferral period that the participant completed; and
- all outstanding performance awards will be paid in either unrestricted shares of common stock or cash based on the degree to which the applicable performance goals have been attained, but prorated based on the portion of the performance period that the participant has completed at the time of termination.

Termination for Cause. If we terminate a participant's employment with our company and our affiliates or service as a director for cause as defined in the 2013 Plan, then all awards and grants of every type, whether or not vested, will terminate no later than the participant's last day of employment.

Consultants and Other Stock-Based Awards.

The Committee will have the discretion to determine, at the time an award is made, the effect of the termination of service of a consultant on awards held by the consultant. The Committee will also have the discretion to determine the effect on other stock-based awards of a participant's termination of employment or service with our company or our affiliates.

Transferability

No award (other than unrestricted shares), and no right under any such award, will be assignable, alienable, saleable, or transferable by a participant other than by will or by the laws of descent and distribution. However, at the discretion of the administrator, a participant may be entitled, in the manner established by the administrator, to designate a beneficiary to exercise his or her rights, and to receive any property distributable, with respect to any award upon the

death of the participant. No award (other than unrestricted shares), and no right under any such award, may be pledged, attached or otherwise encumbered, and any purported pledge, attachment or encumbrance thereof shall be void and unenforceable against us or any affiliate.

Adjustments

If:

• we are involved in a merger or other transaction in which our common stock is changed or exchanged;
• we subdivide or combine our common stock or we declare a dividend payable in our common stock, other securities or other property;
• we effect a cash dividend, the amount of which, on a per share basis, exceeds 10% of the fair market value of a share of common stock at the time the dividend is declared, or we effect any other dividend or other distribution on our common stock in the form of cash, or a repurchase of shares of common stock, that the Board determines is special or extraordinary in nature or that is in connection with a transaction that we characterize publicly as a recapitalization or reorganization involving our common stock; or
• any other event occurs, which, in the judgment of the Board or Committee necessitates an adjustment to prevent an increase or decrease in the benefits or potential benefits intended to be made available under the 2013 Plan;

then the administrator will, in a manner it deems equitable to prevent an increase or decrease in the benefits or potential benefits intended to be made available under the 2013 Plan and subject to certain provisions of the Internal Revenue Code, adjust the number and type of shares of common stock subject to the 2013 Plan and which may, after the event, be made the subject of awards; the number and type of shares of common stock subject to outstanding awards; the grant, purchase or exercise price with respect to any award; and performance goals of an award.

In any such case, the administrator may also provide for a cash payment to the holder of an outstanding award in exchange for the cancellation of all or a portion of the award. The administrator may, in connection with any merger, consolidation, acquisition of property or stock, or reorganization, and without affecting the number of shares of common stock otherwise reserved or available under the 2013 Plan, authorize the issuance or assumption of awards upon terms it deems appropriate.

Change of Control

Unless otherwise provided in an applicable employment, retention, change of control, severance, award or similar agreement, or by the administrator prior to the date of the change of control, in the event of a change of control of our company:

If the purchaser, successor or surviving entity (or parent thereof) (the "Survivor") so agrees, some or all outstanding awards shall be assumed, or replaced with the same type of award with similar terms and conditions, by the Survivor. If applicable, each award which is assumed by the Survivor will be appropriately adjusted, immediately after such change of control, to apply to the number and class of securities which would have been issuable to the participant upon the consummation of such change of control had the award been exercised, vested or earned immediately prior to such change of control, and other appropriate adjustments in the terms and conditions of the award shall be made.

Upon the participant's termination of employment by the Survivor without cause, or by the participant for good reason, in either case within 24 months following the change of control, all of the participant's awards that are in effect as of the date of the termination will be vested in full or deemed earned in full (assuming the maximum performance goals provided under such award were met, if applicable) effective on the date of such termination.

To the extent the Survivor does not assume the awards or issue replacement awards as provided above, then immediately prior to the date of the change of control:

each stock option or stock appreciation right that is then held by a participant who is employed by or in the service of us or one of our affiliates will become fully vested, and, unless otherwise determined by the Board or the Committee, all stock options and stock appreciation rights will be cancelled in exchange for a cash payment equal to the excess of the change of control price (as determined by the administrator) of the shares of common stock covered by the stock option or stock appreciation right over the purchase or grant price of such shares of common stock under the award; shares of restricted stock, restricted stock units and deferred stock rights (that are not performance awards) that are not vested will vest;

all performance awards that are earned but not yet paid will be paid, and all performance awards for which the performance period has not expired will be cancelled in exchange for a cash payment equal to the amount that would have been due under such awards if the performance goals measured at the time of the change of control were to continue to be achieved at the same rate through the end of the performance period, or if higher, assuming the target performance goals had been met at the time of the change of control;

all dividend equivalent units that are not vested will vest and be paid in cash; and

all other awards that are not vested will vest and, if an amount is payable under such vested award, then such amount will be paid in cash based on the value of the award.

Term of 2013 Plan

Unless earlier terminated by our Board or the Committee, the 2013 Plan will remain in effect until the date all common stock reserved for issuance under the 2013 Plan has been issued.

Termination and Amendment

The Board or the Committee may amend, alter, suspend, discontinue or terminate the 2013 Plan at any time, except:

the Board must approve any amendment to the 2013 Plan if we determine such approval is required by action of the Board, applicable corporate law or any other applicable law;

shareholders must approve any amendment to the 2013 Plan if we determine that such approval is required by Section 16 of the Exchange Act, the listing requirements of any principal securities exchange or market on which our common stock is then traded, or any other applicable law; and

shareholders must approve any amendment to the 2013 Plan that materially increases the number of shares of common stock reserved under the 2013 Plan, the incentive stock option award limits or the per participant award limitations set forth in the 2013 Plan, that expands the group of individuals that

may become participants under the 2013 Plan, that diminishes the provisions on repricing or backdating stock options and stock appreciation rights, or that would materially change the minimum vesting and performance requirements of an award as required in the 2013 Plan.

The administrator may modify, amend or cancel any award or waive any restrictions or conditions applicable to any award or the exercise of the award. Any modification or amendment that materially diminishes the rights of the participant or any other person that may have an interest in the award, or that cancels any award, will be effective only if agreed to by that participant or other person. The administrator does not need to obtain participant or other interested party consent, however, for the modification, amendment or cancellation of an award pursuant to the adjustment provisions of the 2013 Plan or the modification of an award to the extent deemed necessary to comply with any applicable law, the listing requirements of any principal securities exchange or market on which our common stock is then traded; to the extent the administrator deems necessary preserve favorable accounting or tax treatment of any award for us; or to the extent the administrator determines that such action does not materially and adversely affect the value of an award or that such action is in the best interest of the affected participant or any other person with an interest in the award. In addition, except as otherwise provided in the 2013 Plan, the administrator may modify or amend any award granted to a participant under the Existing Equity Plans, or waive any restrictions or conditions applicable to any such award, in order to reflect award terms consistent with the permitted terms of awards granted under the 2013 Plan regardless of the terms of the Existing Equity Plans.

The authority of the administrator to terminate or modify the 2013 Plan or awards will extend beyond the termination date of the 2013 Plan. In addition, termination of the 2013 Plan will not affect the rights of participants with respect to awards previously granted to them, and all unexpired awards will continue in force after termination of the 2013 Plan except as they may lapse or be terminated by their own terms and conditions.

Cancellation and Recoupment

Notwithstanding anything to the contrary in any award agreement, the administrator will have the authority to terminate or cause the participant to forfeit an award, and require the participant to disgorge to the company any gains attributable to the award, if (1) while the participant is employed by or in service with the company or any affiliate, the participant competes with us or an affiliate, participates in any enterprise that competes with us or an affiliate or uses or discloses, other than as expressly authorized by us, any confidential business information or trade secrets that the participant obtains during the course of his or her employment or service with us or any affiliate; or (2) after the participant is no longer employed by or in service with us or any affiliate, the participant is determined by the administrator in its reasonable discretion (a) to be in breach of any confidentiality, noncompetition, nonsolicitation or similar agreement between the participant, on the one hand, and us or any affiliate, on the other hand (the participant's "Restrictive Agreement"), or (b) while any award agreement is in effect, to have engaged in conduct that would have constituted a breach of the participant's Restrictive Agreement if such Restrictive Agreement were then in effect.

Any awards granted under the 2013 Plan, and any stock issued or cash paid pursuant to an award, will be subject to any recoupment, clawback, equity holding, stock ownership or similar policies adopted by us from time to time (to the extent contemplated by such policies) and any recoupment, clawback, equity holding, stock ownership or similar requirements made applicable by law, regulation or listing standards to us from time to time (to the extent contemplated by such requirements).

Unless the award agreement specifies otherwise, the administrator may cancel any award at any time if the participant is not in compliance with all applicable provisions of the award agreement and the 2013 Plan.

Repricing Prohibited

Neither the administrator nor any other person may decrease the exercise or grant price for any outstanding stock option or stock appreciation right after the date of grant, cancel an outstanding option or stock appreciation right in

exchange for cash or other awards (other than cash or other awards with a value equal to the excess of the fair market

70

value of the shares subject to such option or stock appreciation right at the time of cancellation over the exercise or grant price for such shares) or allow a participant to surrender an outstanding stock option or stock appreciation right to us as consideration for the grant of a new stock option or stock appreciation right with a lower exercise price.

Backdating Prohibited

The administrator may not grant a stock option or stock appreciation right with a grant date that is effective prior to the date the administrator takes action to approve such award.

Foreign Participation

To assure the viability of awards granted to participants employed or residing in foreign countries, the administrator may provide for such special terms as it may consider necessary or appropriate to accommodate differences in local law, tax policy or custom. Moreover, the administrator may approve such supplements to, or amendments, restatements or alternative versions of, the 2013 Plan as it determines is necessary or appropriate for such purposes. Any such amendment, restatement or alternative versions that the administrator approves for purposes of using the 2013 Plan in a foreign country will not affect the terms of the 2013 Plan for any other country.

Certain Federal Income Tax Consequences

The following summarizes certain federal income tax consequences relating to the 2013 Plan. The summary is based upon the laws and regulations in effect as of the date of this proxy statement and does not purport to be a complete statement of the law in this area. Furthermore, the discussion below does not address the tax consequences of the receipt or exercise of awards under foreign, state or local tax laws, and such tax laws may not correspond to the federal income tax treatment described herein. The exact federal income tax treatment of transactions under the 2013 Plan will vary depending upon the specific facts and circumstances involved and participants are advised to consult their personal tax advisors with regard to all consequences arising from the grant or exercise of awards and the disposition of any acquired shares.

Stock Options

The grant of a stock option under the 2013 Plan will create no income tax consequences to us or to the recipient. A participant who is granted a non-qualified stock option will generally recognize ordinary compensation income at the time of exercise in an amount equal to the excess of the fair market value of the common stock at such time over the exercise price. We will generally be entitled to a deduction in the same amount and at the same time as the participant recognizes ordinary income. Upon the participant's subsequent disposition of the shares of common stock received with respect to such stock option, the participant will recognize a capital gain or loss (long-term or short-term, depending on the holding period) to the extent the amount realized from the sale differs from the tax basis (i.e., the fair market value of the common stock on the exercise date).

In general, a participant will recognize no income or gain as a result of the exercise of an incentive stock option, except that the alternative minimum tax may apply. Except as described below, the participant will recognize a long-term capital gain or loss on the disposition of the common stock acquired pursuant to the exercise of an incentive stock option and we will not be allowed a deduction. If the participant fails to hold the shares of common stock acquired pursuant to the exercise of an incentive stock option for at least two years from the grant date of the incentive stock option and one year from the exercise date, then the participant will recognize ordinary compensation income at the time of the disposition equal to the lesser of the gain realized on the disposition and the excess of the fair market

value of the shares of common stock on the exercise date over the exercise price. We will generally be entitled to a deduction in the same amount and at

71

the same time as the participant recognizes ordinary income. Any additional gain realized by the participant over the fair market value at the time of exercise will be treated as a capital gain.

Stock Appreciation Rights

The grant of a stock appreciation right under the 2013 Plan will create no income tax consequences to us or to the recipient. A participant who is granted a stock appreciation right will generally recognize ordinary compensation income at the time of exercise in an amount equal to the excess of the fair market value of the common stock at such time over the grant price. We will generally be entitled to a deduction in the same amount and at the same time as the participant recognizes ordinary income. If the stock appreciation right is settled in shares of our common stock, upon the participant's subsequent disposition of such shares, the participant will recognize a capital gain or loss (long-term or short-term, depending on the holding period) to the extent the amount realized from the sale differs from the tax basis (i.e., the fair market value of the common stock on the exercise date).

Restricted Stock

Generally, a participant will not recognize income and we will not be entitled to a deduction at the time an award of restricted stock is made under the 2013 Plan, unless the participant makes the election described below. A participant who has not made such an election will recognize ordinary income at the time the restrictions on the stock lapse in an amount equal to the fair market value of the restricted stock at such time.

We will generally be entitled to a corresponding deduction in the same amount and at the same time as the participant recognizes income. Any otherwise taxable disposition of the restricted stock after the time the restrictions lapse will result in a capital gain or loss (long-term or short-term, depending on the holding period) to the extent the amount realized from the sale differs from the tax basis (i.e., the fair market value of the common stock on the date the restrictions lapse). Dividends paid in cash and received by a participant prior to the time the restrictions lapse will constitute ordinary income to the participant in the year paid and we will generally be entitled to a corresponding deduction for such dividends. Any dividends paid in stock will be treated as an award of additional restricted stock subject to the tax treatment described herein.

A participant may, within 30 days after the date of the award of restricted stock, elect to recognize ordinary income as of the date of the award in an amount equal to the fair market value of such restricted stock on the date of the award (less the amount, if any, the participant paid for such restricted stock). If the participant makes such an election, then we will generally be entitled to a corresponding deduction in the same amount and at the same time as the participant recognizes income. If the participant makes the election, then any cash dividends the participant receives with respect to the restricted stock will be treated as dividend income to the participant in the year of payment and will not be deductible by us. Any otherwise taxable disposition of the restricted stock (other than by forfeiture) will result in a capital gain or loss. If the participant who has made an election subsequently forfeits the restricted stock, then the participant will not be entitled to claim a credit for the tax previously paid. In addition, we would then be required to include as ordinary income the amount of any deduction we originally claimed with respect to such shares.

Restricted Stock Units

A participant will not recognize income and we will not be entitled to a deduction at the time an award of a restricted stock unit is made under the 2013 Plan. Upon the participant's receipt of shares (or cash) at the end of the restriction period, the participant will recognize ordinary income equal to the amount of cash and/or the fair market value of the shares received, and we will be entitled to a corresponding deduction in the same amount and at the same time. If the restricted stock units are settled in whole or in part in shares, upon the participant's subsequent disposition of the shares the participant will recognize a capital gain or loss (long-term or short-term, depending on the holding period) to the extent the amount realized upon disposition differs from the shares' tax basis (i.e., the fair market value of the

shares on the date the participant received the shares).

Performance Shares

The grant of performance shares will create no income tax consequences for us or the participant. Upon the participant's receipt of shares at the end of the applicable performance period, the participant will recognize ordinary income equal to the fair market value of the shares received, except that if the participant receives shares of restricted stock in payment of performance shares, recognition of income may be deferred in accordance with the rules applicable to restricted stock as described above. In addition, the participant will recognize ordinary compensation income equal to the dividend equivalents paid on performance shares prior to or at the end of the performance period. We will generally be entitled to a deduction in the same amount and at the same time as the participant recognizes income. Upon the participant's subsequent disposition of the shares, the participant will recognize a capital gain or loss (long-term or short-term depending on the holding period) to the extent the amount realized from the disposition differs from the shares' tax basis (i.e., the fair market value of the shares on the date the participant received the shares).

Performance Units

The grant of a performance unit will create no income tax consequences to us or the participant. Upon the participant's receipt of cash and/or shares at the end of the applicable performance period, the participant will recognize ordinary income equal to the amount of cash and/or the fair market value of the shares received, and we will be entitled to a corresponding deduction in the same amount and at the same time. If performance units are settled in whole or in part in shares, upon the participant's subsequent disposition of the shares the participant will recognize a capital gain or loss (long-term or short-term, depending on the holding period) to the extent the amount realized upon disposition differs from the shares' tax basis (i.e., the fair market value of the shares on the date the participant received the shares).

Dividend Equivalent Units

A participant who is paid a dividend equivalent with respect to an award will recognize ordinary income equal to the value of cash or common stock paid, and we will be entitled to a corresponding deduction in the same amount and at the same time.

Section 162(m) Limit on Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits the deduction we can take for compensation we pay to our chief executive officer and our four other highest paid officers (determined as of the end of each year) to \$1,000,000 per year per individual. However, performance-based compensation that meets the requirements of Section 162(m) does not have to be included as part of the \$1,000,000 limit. The 2013 Plan is designed so that awards granted to the covered individuals may meet the Section 162(m) requirements for performance-based compensation. In the case of awards that are performance-based compensation because they are contingent on the achievement of performance goals, the regulations under Section 162(m) require, among other things, that shareholders approve the performance goals every five years to enable awards under the 2013 Plan to continue to qualify as performance-based compensation.

Code Section 409A

Awards under the 2013 Plan may constitute, or provide for, a deferral of compensation under Section 409A of the Internal Revenue Code. If the requirements of Section 409A are not complied with, then holders of such awards may be taxed earlier than would otherwise be the case (e.g., at the time of vesting instead of the time of payment) and may be subject to an additional 20% penalty tax and, potentially, interest and penalties. We have sought to structure the

2013 Plan, and we expect to seek to structure awards under the 2013 Plan, to comply with Section 409A and the Department of Treasury regulations and other interpretive guidance that may be issued pursuant to Section 409A. To the extent that we determine that any award granted under the 2013 Plan is subject to Section 409A, the award agreement evidencing

such award will generally incorporate the terms and conditions required by Section 409A. The 2013 Plan and any applicable awards may be modified to exempt the awards from Section 409A or comply with the requirements of Section 409A.

New Plan Benefits

The table below sets forth information concerning the approximate value of performance share awards that will be effective under the 2013 Plan if our shareholders approve the 2013 Plan. The Committee approved these awards to the listed participants in early 2013, contingent on shareholder approval of the 2013 Plan.

These awards are not additive to our historical compensation programs, but rather are intended to replace the compensation that we have historically awarded through other types of compensation. As we describe in the Compensation Discussion and Analysis on page 17:

Following a detailed review in 2012 of the use of performance shares among general industry companies and our peer group, the Committee determined to add performance shares to our long-term incentive mix in 2013.

The performance shares will be added by modifying the overall long-term incentive mix from its current form of 60% stock appreciation rights and 40% restricted stock units to a mix of 40% stock appreciation rights, 40% restricted stock units and 20% performance shares.

The performance shares will have a three-year performance period and will be earned or forfeited based on a performance metric of total shareholder return relative to our peer group.

New Plan Benefits—2013 Plan

Name and position	Performance Share Award Values (\$)
Mark J. Gliebe Chief Executive Officer	\$840,407
Jonathan J. Schlemmer Chief Operating Officer	\$216,129
Charles Hinrichs Vice President and Chief Financial Officer	\$207,515
Peter C. Underwood Vice President, General Counsel and Secretary	\$151,919
Terry R. Colvin Vice President, Corporate Human Resources	\$69,617
All other executive officers as a group (1 person)	52,857
All non-executive directors as a group (8 persons)	0
All employees, excluding executive officers, as a group (0 persons)	0

The number of performance shares that will be awarded if shareholders approve the 2013 Plan will be derived by converting the target award values indicated in the table above into a number of shares based on the value per share calculated under Accounting Standards Codification Topic 718.

Except for the awards disclosed above, we cannot currently determine the awards that may be granted under the 2013 Plan in the future to the executive officers named in this proxy statement or to other officers, employees, or other persons. We expect to grant awards to employees other than the executive officers in the future, but the amounts of those awards are not currently determinable. The administrator will make all determinations regarding future awards under the 2013 Plan from time to time.

THE BOARD RECOMMENDS A VOTE “FOR” THE 2013 PLAN.

**PROPOSAL 4: RATIFICATION OF DELOITTE & TOUCHE LLP
AS THE COMPANY'S INDEPENDENT AUDITORS FOR 2013**

Deloitte & Touche LLP has served as our independent auditors since 2002. The Audit Committee has selected Deloitte & Touche LLP as our independent auditors for 2013, and this selection is being presented to shareholders for ratification. The Board recommends to the shareholders the ratification of the selection of Deloitte & Touche LLP to audit the financial statements of our company and our subsidiaries for 2013. Unless otherwise specified, the proxies solicited hereby will be voted in favor of the ratification of Deloitte & Touche LLP as our independent auditors for 2013.

If, prior to the Annual Meeting, Deloitte & Touche LLP declines to act or its engagement is otherwise discontinued by the Audit Committee, the Audit Committee will appoint another independent auditor whose engagement for any period subsequent to the Annual Meeting will be subject to ratification by the shareholders at the Annual Meeting. If the shareholders fail to ratify the appointment of Deloitte & Touche LLP, then the Audit Committee will consider it a direction to select another independent auditor for 2013. Even if the selection is ratified, the Audit Committee, in its discretion, may select a new independent auditor at any time during the year if it believes that such a change would be in the best interests of our company and our shareholders. Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting to answer appropriate questions and, if they so desire, to make a statement.

Independent Auditor Fees

During the fiscal years ended December 29, 2012 and December 31, 2011, we retained and paid Deloitte & Touche LLP to provide audit and/or other services. The fees paid to Deloitte & Touche LLP for the years ended December 29, 2012 and December 31, 2011 were as follows:

Audit Fees. Fees for audit services totaled \$4,057,000 in 2012 and \$3,714,400 in 2011. Audit fees included fees and expenses associated with the annual audit, assessment of internal control over financial reporting, the reviews of our quarterly reports on Form 10-Q, and statutory audits required internationally.

Audit-Related Fees. Fees for audit-related services totaled \$231,665 in 2012 and \$238,500 in 2011. Audit-related fees included fees for services in connection with acquisition related diligence projects, employee benefit audits and certain statutory filings.

Tax Fees. Fees for tax services totaled \$918,870 in 2012 and \$446,400 in 2011. Tax fees included fees for tax return preparation and reviews, tax consultations and tax advice and planning.

All Other Fees. There were no such fees paid to Deloitte & Touche LLP in either 2012 or 2011.

The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent registered public accounting firm on a case-by-case basis. The Audit Committee approved 100% of the services described under the general categories of Audit-Related Fees and Tax Fees in 2012. The Audit Committee does not consider the provision of these non-audit services by the independent registered public accounting firm to be incompatible with maintaining auditor independence.

THE BOARD RECOMMENDS A VOTE "FOR" RATIFICATION OF THE SELECTION OF DELOITTE & TOUCHE LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR 2013.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors to file reports of ownership and changes of ownership with the SEC. The regulations of the SEC require the officers and directors to furnish the Company with copies of all Section 16(a) forms they file. Based solely on a review of the copies of such forms furnished to us, or written representations that no Form 5 was required to be filed, we believe that, during the fiscal year ended December 29, 2012, all of our directors and executive officers timely complied with the Section 16(a) filing requirements.

Delivery of Proxy Materials to Households

Pursuant to the rules of the SEC, services that deliver our communications to shareholders that hold their stock through a bank, broker or other holder of record may deliver to multiple shareholders sharing the same address a single copy of our annual report to shareholders and this proxy statement. Upon oral or written request, we will promptly deliver a separate copy of the annual report to shareholders and/or proxy statement to any shareholder at a shared address to which a single copy of each document was delivered. Shareholders sharing an address may also request delivery of a single copy of the annual report or proxy statement if they are currently receiving multiple copies of such documents. Shareholders may notify the Company of their requests by calling or writing to Peter C.

SHAREHOLDER PROPOSALS

Proposals of shareholders pursuant to Rule 14a-8 under the Securities Exchange Act of 1934 ("Rule 14a-8") that are intended to be presented at the 2014 annual meeting of shareholders must be received by us no later than November 28, 2013 to be included in our proxy materials for that meeting.

Further, a shareholder who otherwise intends to present business at the 2014 annual meeting otherwise than pursuant to Rule 14a-8 (i.e., a proposal a shareholder intends to present at the 2014 annual meeting, but does not intend to have included in our proxy materials) must comply with the requirements set forth in the Company's Bylaws. Among other things, to bring business before the 2014 annual meeting, a shareholder must give written notice thereof, complying with the Bylaws, to the Secretary of the Company not less than 45 days and not more than 70 days prior to the first anniversary of the date that this proxy statement was first mailed to shareholders. This proxy statement was first mailed to shareholders on March 29, 2013. Under the Bylaws, if we do not receive notice of a shareholder proposal submitted (otherwise than pursuant to Rule 14a-8) on or prior to February 12, 2014, then the notice will be considered untimely and we will not be required to present such proposal at the 2014 annual meeting. If the Board nonetheless chooses to present such proposal at the 2013 annual meeting, then the persons named in proxies solicited by the Board for the 2014 annual meeting may exercise discretionary voting power with respect to such proposal.

Regal Beloit Corporation 2013 Equity INCENTIVE PLAN

1. Purpose and Effective Date.

(a) Purpose. The purpose of the Regal Beloit Corporation 2013 Equity Incentive Plan is to promote the best interests of Regal Beloit Corporation (together with any successor thereto, the "Company") and its shareholders by providing key employees and consultants of the Company and its Affiliates (as defined below) and members of the Company's Board of Directors who are not employees of the Company or its Affiliates with an opportunity to acquire shares of the Company's common stock or receive monetary payments. It is intended that the Plan will promote continuity of management and increased incentive and personal interest in the welfare of the Company by those key employees who are primarily responsible for shaping and carrying out the long-range plans of the Company and securing the Company's continued growth and financial success. In addition, by encouraging stock ownership by directors who are not employees of the Company or its Affiliates, the Company seeks to attract and retain on its Board of Directors persons of exceptional competence and to provide a further incentive to serve as a director of the Company.

(b) Effective Date. This Plan will become effective, and Awards may be granted under this Plan, on and after the date that the Plan is approved by the Company's shareholders (the "Effective Date").

(c) Prior Plans. If the Company's shareholders approve this Plan, then the Regal Beloit Corporation 2003 Equity Incentive Plan and the Regal Beloit Corporation 2007 Equity Incentive Plan (collectively, the "Prior Plans") will terminate on the Effective Date, and no new awards will be granted under the Prior Plans after their termination date; provided that the Prior Plans will continue to govern awards outstanding as of the date of the Prior Plans' termination and such awards shall continue in force and effect until fully distributed or terminated pursuant to their terms.

Notwithstanding any provision of the Plan to the contrary, the Administrator shall have the discretion to grant an Award with any vesting condition, any Restriction Period or any performance period if the Award is granted to a newly hired or promoted Participant, or accelerate or shorten the vesting, Restriction Period or performance period of an Award, in connection with a Participant's death, Disability, Retirement or termination by the Company without Cause or a Change of Control.

Notwithstanding the above statement or any other provision of the Plan, once established, the Committee shall have no discretion to increase the amount of compensation payable under an Award that is intended to be performance-based compensation under Code Section 162(m), although the Committee may decrease the amount of compensation a Participant may earn under such an Award.

(b)Delegation to Other Committees or Officers. To the extent applicable law permits, the Board may delegate to another committee of the Board or to one or more officers of the Company, or the Committee may delegate to one or more officers of the Company, any or all of their respective authority and responsibility as an Administrator of the Plan; provided that no such delegation is permitted with respect to Stock-based Awards made to Section 16 Participants at the time any such delegated authority or responsibility is exercised unless the delegation is to another committee of the Board consisting entirely of Non-Employee Directors. The Shares reserved for issuance may be either authorized and unissued Shares or Shares reacquired at any time and now or hereafter held as treasury stock. The aggregate number of Shares reserved under Section 6(a) shall be depleted by the number of Shares with respect to which an Award is granted; provided that the aggregate number of Shares reserved under Section 6(a) shall be depleted by two (2) Shares for each Share subject to a full-value Award. For this purpose, a full-value Award includes Restricted Stock, Restricted Stock Units, Performance Shares, Performance Units (valued in relation to a Share), Deferred Stock Rights and any other similar Award under which the value of the Award is measured as the full value of a Share, rather than the increase in the value of a Share. For purposes of determining the aggregate number of Shares reserved for issuance under this Plan, any fractional Share shall be rounded to the next highest full Share.

(b)Incentive Stock Option Award Limits. Subject to adjustment as provided in Section 16, the Company may issue only an aggregate of Five Hundred Thousand (500,000) Shares upon the exercise of Incentive Stock Options.

(c)Replenishment of Shares Under this Plan. If (i) an Award lapses, expires, terminates or is cancelled without the issuance of Shares under the Award (whether due currently or on a deferred basis), (ii) it is determined during or at the conclusion of the term of an Award that all or some portion of the Shares with respect to which the Award was granted will not be issuable on the basis that the conditions for such issuance will not be satisfied, (iii) Shares are forfeited under an Award or (iv) Shares are issued under any Award and the Company subsequently reacquires them pursuant to rights reserved upon the issuance of the Shares, then such Shares shall be recredited to the Plan's reserve (in the same number as they depleted the reserve) and may again be used for new Awards under this Plan, but Shares recredited to the Plan's reserve pursuant to clause (iv) may not be issued pursuant to Incentive Stock Options.

Notwithstanding the foregoing, in no event shall the following Shares be recredited to the Plan's reserve: Shares tendered in payment of the exercise price of an Option; Shares withheld to satisfy federal, state or local tax withholding obligations; and Shares purchased by the Company using proceeds from Option exercises.

(d)Addition of Shares from Prior Plans. After the Effective Date, if any Shares subject to awards granted under the Prior Plans would again become available for new grants under the terms of such plans if such plans were still in effect (taking into account such plan's provisions concerning termination or expiration, if any), then those Shares will be available for the purpose of granting Awards under this Plan, thereby increasing the number of Shares available for issuance under this Plan as determined under Section 6(a). Any such Shares will not be available for future awards

under the terms of the Prior Plans.

A-7

(e)Participant Limitations. Subject to adjustment as provided in Section 16, no Participant may be granted Awards that could result in such Participant:

- (i)receiving Options for, and/or Stock Appreciation Rights with respect to, more than 300,000 Shares during any fiscal year of the Company;
- (ii)receiving Awards of Restricted Stock and/or Restricted Stock Units and/or Deferred Stock Rights relating to more than 200,000 Shares during any fiscal year of the Company;
- (iii)receiving Awards of Performance Shares, and/or Awards of Performance Units the value of which is based on the Fair Market Value of Shares, for more than 200,000 Shares during any fiscal year of the Company;
- (iv)receiving Awards of Performance Units the value of which is not based on the Fair Market Value of Shares that would pay more than \$3,000,000 during any fiscal year of the Company; or
- (v)receiving other Stock-based Awards pursuant to Section 11 relating to more than 100,000 Shares during any fiscal year of the Company.

In all cases, determinations under this Section 6(e) should be made in a manner that is consistent with the exemption for performance based compensation that Code Section 162(m) provides.

7.Options. Subject to the terms of this Plan, the Administrator will determine all terms and conditions of each Option, including but not limited to:

- (a)Whether the Option is an Incentive Stock Option or a “nonqualified stock option” which does not meet the requirements of Code Section 422;
- (b)The number of Shares subject to the Option;
- (c)The date of grant, which may not be prior to the date of the Administrator's approval of the grant;
- (d)The exercise price, which may not be less than the Fair Market Value of the Shares subject to the Option as determined on the date of grant; provided that an Incentive Stock Option granted to a 10% Shareholder must have an exercise price at least equal to 110% of the Fair Market Value of the Shares subject to the Option as determined on the date of grant;
- (e)The terms and conditions of exercise, including the manner and form of payment of the exercise price; provided that if the aggregate Fair Market Value of the Shares subject to all ISOs granted to a Participant (as determined on the date of grant of each such Option) that become exercisable during a calendar year exceed \$100,000, then such ISOs shall be treated as nonqualified stock options to the extent such \$100,000 limitation is exceeded; and
- (f)The term; provided that each Option must terminate no later than ten (10) years after the date of grant and each Incentive Stock Option granted to a 10% Shareholder must terminate no later than five (5) years after the date of grant.

In all other respects, the terms of any Incentive Stock Option should comply with the provisions of Code Section 422 except to the extent the Administrator determines otherwise. If an Option that is intended to be an Incentive Stock Option fails to meet the requirements thereof, the Option shall automatically be treated as a nonqualified stock option to the extent of such failure.

8.Stock Appreciation Rights. Subject to the terms of this Plan, the Administrator will determine all terms and conditions of each SAR, including but not limited to:

- (a)Whether the SAR is granted independently of an Option or relates to an Option;
- (b)The number of Shares to which the SAR relates;
- (c)The date of grant, which may not be prior to the date of the Administrator's approval of the grant;
- (d)The grant price, provided that the grant price shall not be less than the Fair Market Value of the Shares subject to the SAR as determined on the date of grant;
- (e)The terms and conditions of exercise or maturity;
- (f)The term, provided that each SAR must terminate no later than ten (10) years after the date of grant; and
- (g)Whether the SAR will be settled in cash, Shares or a combination thereof.

If an SAR is granted in relation to an Option, then, unless otherwise determined by the Administrator, the SAR shall be exercisable or shall mature at the same time or times, on the same conditions and to the extent and in the proportion, that the related Option is exercisable and may be exercised or mature for all or part of the Shares subject to the related Option. Upon exercise of any number of SARs, the number of Shares subject to the related

A-8

Option shall be reduced accordingly and such Option may not be exercised with respect to that number of Shares. The exercise of any number of Options that relate to an SAR shall likewise result in an equivalent reduction in the number of Shares covered by the related SAR.

9. Performance and Stock Awards. Subject to the terms of this Plan, the Administrator will determine all terms and conditions of each award of Restricted Stock, Restricted Stock Units, Deferred Stock Rights, Performance Shares or Performance Units, including but not limited to:

- (a) The number of Shares and/or units to which such Award relates;
- (b) Whether, as a condition for the Participant to realize all or a portion of the benefit provided under the Award, one or more Performance Goals must be achieved during such period as the Administrator specifies;
- (c) The period of restriction with respect to Restricted Stock or Restricted Stock Units and the period of deferral for Deferred Stock Rights (which period of restriction or deferral, as applicable, may not lapse more quickly than ratably over three (3) years from the date of grant, subject to the provisions of Sections 3, 12 and 16);
- (d) The performance period for Performance Awards (which must be at least one (1) year, subject to the provisions of Sections 3, 12 and 16);
- (e) With respect to Performance Units, whether to measure the value of each unit in relation to a designated dollar value or the Fair Market Value of one or more Shares; and
- (f) With respect to Restricted Stock Units and Performance Units, whether to settle such Awards in cash, in Shares, or a combination thereof.

Unless the Administrator shall otherwise provide, during the time Restricted Stock is subject to the Restriction Period, (1) to the extent not prohibited by law, the Participant shall be deemed to have appointed the Company's Chief Executive Officer and Corporate Secretary, and each of them, as proxies, each with the power to appoint a substitute, authorizing them to represent and to vote the Participant's Restricted Stock in accordance with the Board's recommendations on all matters that are submitted to a shareholder vote (such appointment being irrevocable and coupled with an interest and extending until the expiration of the Restriction Period) and (2) the Participant shall have the right to receive any dividends paid with respect to such Stock; provided that such dividends shall be subject to the same conditions and restrictions applicable to such Stock and shall not be paid currently but shall be accrued and paid within thirty (30) days of such time as all applicable restrictions lapse and the Restriction Period expires.

Except as otherwise provided in the Plan, at such time as all restrictions applicable to an Award of Restricted Stock, Deferred Stock Rights or Restricted Stock Units are met and the Restriction Period expires, ownership of the Stock subject to such restrictions shall be transferred to the Participant free of all restrictions except those that may be imposed by applicable law; provided that if Restricted Stock Units are paid in cash, the payment shall be made to the Participant after all applicable restrictions lapse and the Restriction Period expires.

10. Dividend Equivalent Units. Subject to the terms of this Plan, the Administrator will determine all terms and conditions of each award of Dividend Equivalent Units, including but not limited to whether: (a) such Award will be granted in tandem with another Award; (b) payment of the Award be made currently or credited to an account for the Participant that provides for the deferral of such amounts until a stated time; and (c) the Award will be settled in cash or Shares; provided that Dividend Equivalent Units may be granted only in connection with a "full-value" Award as defined in Section 6(a) and may not be granted in connection with Options or SARs; and provided further that, to the extent settled in cash, Dividend Equivalent Units shall not deplete the number of Shares reserved under Section 6(a).

11. Other Stock-Based Awards. Subject to the terms of this Plan, the Administrator may grant to Participants other types of Awards, which shall be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, Shares, either alone or in addition to or in conjunction with other Awards, and payable in Stock or cash. Without limitation, such Award may include the issuance of unrestricted Shares, which may be awarded in payment of director fees, in lieu of cash compensation, in exchange for cancellation of a compensation right, as a bonus, upon the attainment of Performance Goals or otherwise, or rights to acquire Stock from the Company. The Administrator shall determine all terms and conditions of the Award, including but not limited to, the time or times at which such Awards shall be made, and the number of Shares to be granted pursuant to such Awards or to which such Award shall relate; provided that any Award that provides for purchase rights shall be priced at 100% of Fair Market Value on the date of grant of the Award.

A-9

12. Effect of Termination on Awards. If the Participant has in effect an employment, retention, change of control, severance or similar agreement with the Company or any Affiliate that discusses the effect of the Participant's termination of employment or service on the Participant's Awards, then such agreement shall control. In any other case, except as otherwise provided by the Administrator in an Award agreement or as determined by the Administrator prior to or at the time of termination of a Participant's employment or service, the following provisions shall apply upon a Participant's termination of employment or service with the Company and its Affiliates.

(a) Termination of Employment or Service. If a Participant's service with the Company and its Affiliates as an employee or Director ends for any reason other than (i) a termination for Cause, (ii) death or (iii) Disability, then:

(i) Any outstanding unvested Options or SARs shall be forfeited immediately upon such termination, and any outstanding vested Options or SARs shall be exercisable until the earlier of ninety (90) days following the Participant's termination date and the expiration date of the Option or SAR under the terms of the applicable Award agreement.

(ii) All other Awards made to the Participant, to the extent not then earned, vested or paid to the Participant, shall terminate on the Participant's last day of employment or service.

(b) Death of Participant. If a Participant dies during employment with the Company and its Affiliates or while a Director:

(i) All outstanding unvested Options or SARs shall be forfeited immediately on the date of death, and any outstanding vested Options or SARs shall be exercisable by the Participant's estate or the person who has acquired the right to exercise such Awards by bequest or inheritance. The Participant's estate, or any person who succeeds to the Participant's benefits under the Plan, may exercise such Options or SARs until the earlier of twelve (12) months following the date of the Participant's death and the expiration date of the Option or SAR under the terms of the applicable Award agreement.

(ii) All restrictions on all outstanding Awards of Restricted Stock or Restricted Units (that are not Performance Awards) shall be deemed to have lapsed on a prorated basis based on the portion of the Restriction Period that the Participant has completed on the date of death.

(iii) All outstanding Deferred Stock Rights (that are not Performance Awards) shall be vested on a prorated basis based on the portion of the deferral period that the Participant has completed on the date of death.

(iv) All Performance Awards outstanding on the date of the Participant's death shall be paid in either unrestricted shares of Stock or cash, as the case may be, following the end of the performance period and based on achievement of the Performance Goals established for such Awards, as if the Participant had not died, but prorated based on the portion of the performance period that the Participant has completed at the time of death.

(c) Disability of Participant. If a Participant's employment with the Company and its Affiliates or service as a Director terminates due to a Disability, then:

(i) All outstanding unvested Options or SARs shall be forfeited immediately on such termination, and any outstanding vested Options or SARs shall be exercisable by the Participant until the earlier of twelve (12) months following the date of the Participant's termination and the expiration date of the Option or SAR under the terms of the applicable Award agreement.

(ii) All restrictions applicable to an outstanding Award of Restricted Stock or Restricted Units (that are not Performance Awards) shall be deemed to have lapsed on a prorated basis, based on the portion of the Restriction Period the Participant completed as of the date of such termination.

(iii) All outstanding Deferred Stock Rights (that are not Performance Awards) shall be vested on a prorated basis based on the portion of the deferral period that the Participant completed on the date of such termination.

(iv) All Performance Awards outstanding on the date of such termination shall be paid in either unrestricted shares of Stock or cash, as the case may be, based on the degree to which the Participant had attained the applicable Performance Goals as of the date of such termination, but prorated based on the portion of the performance period that the Participant has completed at the time of termination.

(d) Termination for Cause. If a Participant's employment with the Company and its Affiliates or service as a Director is terminated for Cause, all Awards and grants of every type, whether or not then vested, shall terminate no later than the Participant's last day of employment. The Committee shall have discretion to waive the application

A-10

of this Section 12(d) in whole or in part and to determine whether the event or conduct at issue constitutes Cause for termination.

(e)Consultants and Other Stock-Based Awards. The Committee shall have the discretion to determine, at the time an Award is made, the effect of the termination of service of a Consultant on Awards held by such individual, and the effect on other Stock-based Awards of the Participant's termination of employment or service with the Company and its Affiliates.

13.Transferability.

(a)Restrictions on Transfer. No Award (other than unrestricted Shares), and no right under any such Award, shall be assignable, alienable, saleable, or transferable by a Participant otherwise than by will or by the laws of descent and distribution; provided that, at the discretion of the Administrator, a Participant may be entitled, in the manner established by the Administrator, to designate a beneficiary or beneficiaries to exercise his or her rights, and to receive any property distributable, with respect to any Award upon the death of the Participant. No Award (other than unrestricted Shares), and no right under any such Award, may be pledged, attached or otherwise encumbered, and any purported pledge, attachment or encumbrance thereof shall be void and unenforceable against the Company or any Affiliate.

(b)Restrictions on Exercisability. Each Award, and each right under any Award, shall be exercisable during the lifetime of the Participant only by such individual or, if permissible under applicable law, by such individual's guardian or legal representative.

14.Termination and Amendment of Plan; Amendment, Modification or Cancellation of Awards.

(a)Term of Plan. Unless the Board or Committee earlier terminates this Plan pursuant to Section 14(b), this Plan will terminate on the date all Shares reserved for issuance have been issued. If the term of this Plan extends beyond ten (10) years from the Effective Date, no Incentive Stock Options may be granted after such time unless the shareholders of the Company have approved an extension of this Plan.

(b)Termination and Amendment. The Board or the Committee may amend, alter, suspend, discontinue or terminate this Plan at any time, subject to the following limitations:

(i)the Board must approve any amendment of this Plan to the extent the Company determines such approval is required by: (A) action of the Board, (B) applicable corporate law, or (C) any other applicable law;

(ii)shareholders must approve any amendment of this Plan to the extent the Company determines such approval is required by: (A) Section 16 of the Exchange Act, (B) the Code, (C) the listing requirements of any principal securities exchange or market on which the Shares are then traded, or (D) any other applicable law; and

(iii)shareholders must approve any of the following Plan amendments: (A) an amendment to materially increase any number of Shares specified in Section 6(a) or 6(b) or the limits set forth in Section 6(e) (except as permitted by Section 16), (B) an amendment to expand the group of individuals that may become Participants, or (C) an amendment that would diminish the protections afforded by Section 14(e) or that would materially change the minimum vesting and performance requirements of an Award as required in the Plan.

(c)Amendment, Modification, Cancellation and Disgorgement of Awards.

(i)Except as provided in Section 14(e) and subject to the requirements of this Plan, the Administrator may modify, amend or cancel any Award or waive any restrictions or conditions applicable to any Award or the exercise of the Award, provided that any modification or amendment that materially diminishes the rights of the Participant, or the cancellation of the Award, shall be effective only if agreed to by the Participant or any other person(s) as may then have an interest in the Award, but the Administrator need not obtain Participant (or other interested party) consent for the modification, amendment or cancellation of an Award pursuant to the provisions of subsection (ii) or Section 16 or as follows: (A) to the extent the Administrator deems such action necessary to comply with any applicable law, the listing requirements of any principal securities exchange or market on which the Shares are then traded; (B) to the extent the Administrator deems necessary to preserve favorable accounting or tax treatment of any Award for the Company; or (C) to the extent the Administrator determines that such action does not materially and adversely affect the value of an Award or that such action is in the best interest of the affected Participant or any other person(s) as may then have an interest in the Award. In addition, except as provided in Section 14(e) and subject to the requirements of this Plan, the Administrator may modify or amend any Award granted to a

A-11

Participant under the Prior Plans, or waive any restrictions or conditions applicable to any such Award, in order to reflect Award terms consistent with the permitted terms of Awards granted under this Plan regardless of the terms of the Prior Plan. Notwithstanding the foregoing, unless determined otherwise by the Administrator, any such amendment shall be made in a manner that will enable an Award intended to be exempt from Code Section 409A to continue to be so exempt, or to enable an Award intended to comply with Code Section 409A to continue to so comply.

(ii) Notwithstanding anything to the contrary in an Award Agreement, the Administrator shall have full power and authority to terminate or cause the Participant to forfeit an Award, and require the Participant to disgorge to the Company any gains attributable to the Award, if (A) while the Participant is employed by or in service with the Company or any Affiliate, the Participant competes with the Company or an Affiliate, participates in any enterprise that competes with the Company or an Affiliate or uses or discloses, other than as expressly authorized by the Company, any confidential business information or trade secrets that the Participant obtains during the course of his or her employment or service with the Company or any Affiliate; or (B) after the Participant is no longer employed by or in service with the Company or any Affiliate, the Participant is determined by the Administrator in its reasonable discretion (1) to be in breach of any confidentiality, noncompetition, nonsolicitation or similar agreement between the Participant, on the one hand, and the Company or any Affiliate, on the other hand (the Participant's "Restrictive Agreement"), or (2) while any Award Agreement is in effect, to have engaged in conduct that would have constituted a breach of the Participant's Restrictive Agreement if such Restrictive Agreement were then in effect.

(iii) Any Awards granted pursuant to this Plan, and any Stock issued or cash paid pursuant to an Award, shall be subject to (A) any recoupment, clawback, equity holding, stock ownership or similar policies adopted by the Company from time to time (to the extent contemplated by such policies) and (B) any recoupment, clawback, equity holding, stock ownership or similar requirements made applicable by law, regulation or listing standards to the Company from time to time (to the extent contemplated by such requirements).

(iv) Unless the Award Agreement specifies otherwise, the Administrator may cancel any Award at any time if the Participant is not in compliance with all applicable provisions of the Award Agreement and the Plan.

(d) Survival of Authority and Awards. Notwithstanding the foregoing, the authority of the Board and the Administrator under this Section 14 and to otherwise administer the Plan will extend beyond the date of this Plan's termination. In addition, termination of this Plan will not affect the rights of Participants with respect to Awards previously granted to them, and all unexpired Awards will continue in force and effect after termination of this Plan except as they may lapse or be terminated by their own terms and conditions.

(e) Repricing and Backdating Prohibited. Notwithstanding anything in this Plan to the contrary, and except for the adjustments provided in Section 16, neither the Administrator nor any other person may decrease the exercise or grant price for any outstanding Option or SAR after the date of grant, cancel an outstanding Option or SAR in exchange for cash or other Awards (other than cash or other Awards with a value equal to the excess of the Fair Market Value of the Shares subject to such Option or SAR at the time of cancellation over the exercise or grant price for such Shares) or allow a Participant to surrender an outstanding Option or SAR to the Company as consideration for the grant of a new Option or SAR with a lower exercise price. In addition, the Administrator may not make a grant of an Option or SAR with a grant date that is effective prior to the date the Administrator takes action to approve such Award.

(f) Foreign Participation. To assure the viability of Awards granted to Participants employed or residing in foreign countries, the Administrator may provide for such special terms as it may consider necessary or appropriate to accommodate differences in local law, tax policy or custom. Moreover, the Administrator may approve such supplements to, or amendments, restatements or alternative versions of, this Plan as it determines is necessary or appropriate for such purposes. Any such amendment, restatement or alternative versions that the Administrator approves for purposes of using this Plan in a foreign country will not affect the terms of this Plan for any other country. In addition, all such supplements, amendments, restatements or alternative versions must comply with the provisions of Section 14(b)(ii).

In addition, if an Award is held by a Participant who is employed or residing in a foreign country and the amount payable or Shares issuable under such Award would be taxable to the Participant under Code Section 457A in the year such Award is no longer subject to a substantial risk of forfeiture, then the amount payable or Shares issuable under

A-12

such Award shall be paid or issued to the Participant as soon as practicable after such substantial risk of forfeiture lapses (or, for Awards that are not considered nonqualified deferred compensation subject to Code Section 409A, no later than the end of the short-term deferral period permitted by Code Section 457A) notwithstanding anything in this Plan or the Award Agreement to contrary.

(g)Code Section 409A. The provisions of Code Section 409A are incorporated herein by reference to the extent necessary for any Award that is subject to Code Section 409A to comply therewith.

15.Taxes.

(a)Withholding. In the event the Company or an Affiliate of the Company is required to withhold any Federal, state or local taxes or other amounts in respect of any income recognized by a Participant as a result of the grant, vesting, payment or settlement of an Award or disposition of any Shares acquired under an Award, the Company may deduct (or require an Affiliate to deduct) from any payments of any kind otherwise due the Participant cash, or with the consent of the Committee, Shares otherwise deliverable or vesting under an Award, to satisfy such tax obligations. Alternatively, the Company may require such Participant to pay to the Company, in cash, promptly on demand, or make other arrangements satisfactory to the Company regarding the payment to the Company of the aggregate amount of any such taxes and other amounts. If Shares are deliverable upon exercise or payment of an Award, the Committee may permit a Participant to satisfy all or a portion of the Federal, state and local withholding tax obligations arising in connection with such Award by electing to (a) have the Company withhold Shares otherwise issuable under the Award, (b) tender back Shares received in connection with such Award or (c) deliver other previously owned Shares; provided that the amount to be withheld may not exceed the total minimum federal, state and local tax withholding obligations associated with the transaction to the extent needed for the Company to avoid an accounting charge. If an election is provided, the election must be made on or before the date as of which the amount of tax to be withheld is determined and otherwise as the Committee requires. In any case, the Company may defer making payment or delivery under any Award if any such tax may be pending unless and until indemnified to its satisfaction.

(b)No Guarantee of Tax Treatment. Notwithstanding any provisions of the Plan, the Company does not guarantee to any Participant or any other Person with an interest in an Award that (i) any Award intended to be exempt from Code Section 409A shall be so exempt, (ii) any Award intended to comply with Code Section 409A or Code Section 422 shall so comply, (iii) any Award shall otherwise receive a specific tax treatment under any other applicable tax law, nor in any such case will the Company or any Affiliate indemnify, defend or hold harmless any individual with respect to the tax consequences of any Award.

(c)Participant Responsibilities. If a Participant shall dispose of Stock acquired through exercise of an ISO within either (i) two (2) years after the date the Option is granted or (ii) one (1) year after the date the Option is exercised (i.e., in a disqualifying disposition), such Participant shall notify the Company within seven (7) days of the date of such disqualifying disposition. In addition, if a Participant elects, under Code Section 83, to be taxed at the time an Award of Restricted Stock (or other property subject to such Code section) is made, rather than at the time the Award vests, such Participant shall notify the Company within seven (7) days of the date the Participant makes such an election.

16.Adjustment Provisions; Change of Control.

(a)Adjustment of Shares. If: (i) the Company shall at any time be involved in a merger or other transaction in which the Shares are changed or exchanged; (ii) the Company shall subdivide or combine the Shares or the Company shall declare a dividend payable in Shares, other securities or other property; (iii) the Company shall effect a cash dividend the amount of which, on a per Share basis, exceeds ten percent (10%) of the Fair Market Value of a Share at the time the dividend is declared, or the Company shall effect any other dividend or other distribution on the Shares in the form of cash, or a repurchase of Shares, that the Board determines by resolution is special or extraordinary in nature or that is in connection with a transaction that the Company characterizes publicly as a recapitalization or reorganization involving the Shares; or (iv) any other event shall occur, which, in the case of this clause (iv), in the judgment of the Board or Committee necessitates an adjustment to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under this Plan, then the Administrator shall, in such manner as it may deem equitable to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under this Plan, adjust as applicable: (A) the number and type of Shares subject to this Plan (including the number and type of Shares described in Section 6) and which may after the event be made the subject of Awards; (B) the number and type of

Shares subject to outstanding Awards; (C) the grant, purchase, or exercise price with

A-13

respect to any Award; and (D) to the extent such discretion does not cause an Award that is intended to qualify as performance-based compensation under Code Section 162(m) to lose its status as such, the Performance Goals of an Award. In any such case, the Administrator may also (or in lieu of the foregoing) make provision for a cash payment to the holder of an outstanding Award in exchange for the cancellation of all or a portion of the Award (without the consent of the holder of an Award) in an amount determined by the Administrator effective at such time as the Administrator specifies (which may be the time such transaction or event is effective). However, in each case, with respect to Awards of Incentive Stock Options, no such adjustment may be authorized to the extent that such authority would cause this Plan to violate Code Section 422(b). Further, the number of Shares subject to any Award payable or denominated in Shares must always be a whole number. In any event, previously granted Options or SARs are subject only to such adjustments as are necessary to maintain the relative proportionate interest the Options and SARs represented immediately prior to any such event and to preserve, without exceeding, the value of such Options or SARs.

Without limitation, in the event of any reorganization, merger, consolidation, combination or other similar corporate transaction or event, whether or not constituting a Change of Control (other than any such transaction in which the Company is the continuing corporation and in which the outstanding Stock is not being converted into or exchanged for different securities, cash or other property, or any combination thereof), the Administrator may substitute, on an equitable basis as the Administrator determines, for each Share then subject to an Award and the Shares subject to this Plan (if the Plan will continue in effect), the number and kind of shares of stock, other securities, cash or other property to which holders of Stock are or will be entitled in respect of each Share pursuant to the transaction. Notwithstanding the foregoing, in the case of a stock dividend (other than a stock dividend declared in lieu of an ordinary cash dividend) or subdivision or combination of the Shares (including a reverse stock split), if no action is taken by the Administrator, adjustments contemplated by this subsection that are proportionate shall nevertheless automatically be made as of the date of such stock dividend or subdivision or combination of the Shares.

(b) Issuance or Assumption. Notwithstanding any other provision of this Plan, and without affecting the number of Shares otherwise reserved or available under this Plan, in connection with any merger, consolidation, acquisition of property or stock, or reorganization, the Administrator may authorize the issuance or assumption of awards under this Plan upon such terms and conditions as it may deem appropriate.

(c) Change of Control. If the Participant has in effect an employment, retention, change of control, severance or similar agreement with the Company or any Affiliate that discusses the effect of a Change of Control on the Participant's Awards, then such agreement shall control. In all other cases, unless provided otherwise in an Award agreement or by the Administrator prior to the date of the Change of Control, in the event of a Change of Control:

(i) If the purchaser, successor or surviving entity (or parent thereof) so agrees, some or all outstanding Awards shall be assumed, or replaced with the same type of award with similar terms and conditions, by the purchaser, successor or surviving entity (or parent thereof) in the Change of Control transaction. If applicable, each Award which is assumed by the purchaser, successor or surviving entity (or parent thereof) shall be appropriately adjusted, immediately after such Change of Control, to apply to the number and class of securities which would have been issuable to the Participant upon the consummation of such Change of Control had the Award been exercised, vested or earned immediately prior to such Change of Control, and other appropriate adjustments in the terms and conditions of the Award shall be made. Upon the Participant's termination of employment by the successor or surviving entity without Cause, or by the Participant for Good Reason, in either case within twenty-four (24) months following the Change of Control, all of the Participant's Awards that are in effect as of the date of such termination shall be vested in full or deemed earned in full (assuming the maximum performance goals provided under such Award were met, if applicable) effective on the date of such termination.

(ii) To the extent the purchaser, successor or surviving entity (or parent thereof) in the Change of Control transaction does not assume the Awards or issue replacement awards as provided in clause (i), then immediately prior to the date of the Change of Control:

(A) Each Option or SAR that is then held by a Participant who is employed by or in the service of the Company or an Affiliate shall become immediately and fully vested, and, unless otherwise determined by the Board or Committee, all Options and SARs shall be cancelled on the

A-14

date of the Change of Control in exchange for a cash payment equal to the excess of the Change of Control price of the Shares covered by the Option or SAR that is so cancelled over the purchase or grant price of such Shares under the Award;

(B) Restricted Stock, Restricted Stock Units and Deferred Stock Rights (that are not Performance Awards) that are not then vested shall vest;

(C) All Performance Awards that are earned but not yet paid shall be paid, and all Performance Awards for which the performance period has not expired shall be cancelled in exchange for a cash payment equal to the amount that would have been due under such Award(s) if the Performance Goals (as measured at the time of the Change of Control) were to continue to be achieved at the same rate through the end of the performance period, or if higher, assuming the target Performance Goals had been met at the time of such Change of Control; and

(D) All Dividend Equivalent Units that are not vested shall vest and be paid in cash, and all other Awards that are not vested shall vest and if an amount is payable under such vested Award, such amount shall be paid in cash based on the value of the Award.

If the value of an Award is based on the Fair Market Value of a Share, Fair Market Value shall be deemed to mean the per share Change of Control price. The Administrator shall determine the per share Change of Control price paid or deemed paid in the Change of Control transaction.

(d) Application of Limits on Payments.

(i) Determination of Cap or Payment. Except as otherwise expressly provided in any agreement between a Participant and the Company or an Affiliate, if any payment or benefits paid by the Company pursuant to his Plan, including vesting or similar provisions ("Plan Payments"), would cause some or all of the Plan Payments or any other payments made to or benefits received by a Participant in connection with a Change of Control (such payments or benefits, together with the Plan Payments, the "Total Payments") to be subject to the tax ("Excise Tax") imposed by Code Section 4999 but for this Section 16(d), then the Total Payments shall be delivered either (A) in full or (B) in an amount such that the value of the aggregate Total Payments that the Participant is entitled to receive shall be One Dollar (\$1.00) less than the maximum amount that the Participant may receive without being subject to the Excise Tax, whichever of (A) or (B) results in the receipt by the Participant of the greatest benefit on an after-tax basis (taking into account applicable federal, state and local income taxes and the Excise Tax).

(ii) Procedures. Upon the reasonable request of either the Participant or the Company, the Company, at the Company's expense, shall engage nationally recognized tax counsel ("National Tax Counsel"), selected by the Company's independent auditors (which may be regular outside counsel to the Company), to make the determination (which need not be unqualified) of which alternative under the preceding paragraph results in the receipt by the Participant of the greatest benefit on an after-tax basis. The determination of National Tax Counsel shall be addressed to the Company and the Participant and shall be binding upon the Company and the Participant. If such National Tax Counsel so requests, the Company shall obtain, at the Company's expense, and the National Tax Counsel may rely on, the advice of a firm of recognized executive compensation consultants for any matters relevant to such determination.

(iii) Costs of Determinations. The Company agrees to bear all costs associated with, and to indemnify and hold harmless, the National Tax Counsel of and from any and all claims, damages, and expenses resulting from or relating to its determinations pursuant to this Section 16(d), except for claims, damages or expenses resulting from the gross negligence or willful misconduct of such firm.

17. Miscellaneous.

(a) Other Terms and Conditions. The grant of any Award may also be subject to other provisions (whether or not applicable to the Award granted to any other Participant) as the Administrator determines appropriate, including, without limitation, provisions for:

(i) one or more means to enable Participants to defer the delivery of Shares or recognition of taxable income relating to Awards or cash payments derived from the Awards on such terms and conditions as

A-15

the Administrator determines, including, by way of example, the form and manner of the deferral election, the treatment of dividends paid on the Shares during the deferral period or a means for providing a return to a Participant on amounts deferred, and the permitted distribution dates or events (provided that no such deferral means may result in an increase in the number of Shares issuable under this Plan);

(ii) restrictions on resale or other disposition of Shares; and

(iii) compliance with federal or state securities laws and stock exchange requirements.

(b) Employment and Service. The issuance of an Award shall not confer upon a Participant any right with respect to continued employment or service with the Company or any Affiliate, or the right to continue as a Director. Unless determined otherwise by the Administrator, for purposes of the Plan and all Awards, the following rules shall apply:

(i) a Participant who transfers employment between the Company and its Affiliates, or between Affiliates, will not be considered to have terminated employment;

(ii) a Participant who ceases to be a Non-Employee Director because he or she becomes an employee of the Company or an Affiliate shall not be considered to have ceased service as a Non-Employee Director with respect to any Award until such Participant's termination of employment with the Company and its Affiliates;

(iii) a Participant who ceases to be employed by the Company or an Affiliate and immediately thereafter becomes a Non-Employee Director, a non-employee director of an Affiliate, or a consultant to the Company or any Affiliate shall not be considered to have terminated employment until such Participant's service as a director of, or consultant to, the Company and its Affiliates has ceased; and

(iv) a Participant employed by an Affiliate will be considered to have terminated employment when such entity ceases to be an Affiliate.

Notwithstanding the foregoing, for purposes of an Award that is subject to Code Section 409A, if a Participant's termination of employment or service triggers the payment of compensation under such Award, then the Participant will be deemed to have terminated employment or service upon his or her "separation from service" within the meaning of Code Section 409A. Notwithstanding any other provision in this Plan or an Award to the contrary, if any Participant is a "specified employee" within the meaning of Code Section 409A as of the date of his or her "separation from service" within the meaning of Code Section 409A, then, to the extent required by Code Section 409A, any payment made to the Participant on account of such separation from service shall not be made before a date that is six months after the date of the separation from service.

(c) No Fractional Shares. No fractional Shares or other securities may be issued or delivered pursuant to this Plan, and the Administrator may determine whether cash, other securities or other property will be paid or transferred in lieu of any fractional Shares or other securities, or whether such fractional Shares or other securities or any rights to fractional Shares or other securities will be canceled, terminated or otherwise eliminated.

(d) Unfunded Plan. This Plan is unfunded and does not create, and should not be construed to create, a trust or separate fund with respect to this Plan's benefits. This Plan does not establish any fiduciary relationship between the Company and any Participant or other person. To the extent any person holds any rights by virtue of an Award granted under this Plan, such rights are no greater than the rights of the Company's general unsecured creditors. Income recognized by a Participant pursuant to an Award shall not be included in the determination of benefits under any employee pension benefit plan (as such term is defined in Section 3(2) of the Employee Retirement Income Security Act of 1974, as amended) or group insurance or other benefit plans applicable to the Participant which are maintained by the Company or any Affiliate, except as may be provided under the terms of such plans or determined by resolution of the Board.

(e) Requirements of Law and Securities Exchange. The granting of Awards and the issuance of Shares in connection with an Award are subject to all applicable laws, rules and regulations and to such approvals by any governmental agencies or national securities exchanges as may be required. Notwithstanding any other provision of this Plan or any Award Agreement, the Company has no liability to deliver any Shares under this Plan or make any payment unless such delivery or payment would comply with all applicable laws and the applicable requirements of any securities exchange or similar entity, and unless and until the Participant has taken all actions required by the Company in connection therewith. The Company may impose such restrictions on any Shares issued under the Plan

as the Company determines necessary or desirable to comply with all applicable laws, rules and regulations or the requirements of any national securities exchange.

(f)Restrictive Legends; Representations. All Shares delivered (whether in certificated or book entry form) pursuant to any Award or the exercise thereof shall bear such legends or be subject to such stop transfer orders as the Administrator may deem advisable under the Plan or under applicable laws, rules or regulations or the requirements of any national securities exchange. The Administrator may require each Participant or other Person who acquires Shares under the Plan by means of an Award to represent to the Company in writing that such Participant or other Person is acquiring the Shares without a view to the distribution thereof.

(g)Governing Law. This Plan, and all agreements under this Plan, will be construed in accordance with and governed by the laws of the State of Wisconsin, without reference to any conflict of law principles. Any legal action or proceeding with respect to this Plan, any Award or any Award Agreement, or for recognition and enforcement of any judgment in respect of this Plan, any Award or any Award Agreement, may only be heard in a “bench” trial, and any party to such action or proceeding shall agree to waive its right to a jury trial.

(h)Limitations on Actions. Any legal action or proceeding with respect to this Plan, any Award or any Award Agreement, must be brought within one year (365 days) after the day the complaining party first knew or should have known of the events giving rise to the complaint.

(i)Construction. Whenever any words are used herein in the masculine, they shall be construed as though they were used in the feminine in all cases where they would so apply; and wherever any words are used in the singular or plural, they shall be construed as though they were used in the plural or singular, as the case may be, in all cases where they would so apply. Titles of sections are for general information only, and this Plan is not to be construed with reference to such titles.

(j)Severability. If any provision of this Plan or any Award Agreement or any Award (a) is or becomes or is deemed to be invalid, illegal or unenforceable in any jurisdiction, or as to any person or Award, or (b) would disqualify this Plan, any Award Agreement or any Award under any law the Administrator deems applicable, then such provision should be construed or deemed amended to conform to applicable laws, or if it cannot be so construed or deemed amended without, in the determination of the Administrator, materially altering the intent of this Plan, Award Agreement or Award, then such provision should be stricken as to such jurisdiction, person or Award, and the remainder of this Plan, such Award Agreement and such Award will remain in full force and effect.
