### Section 16(a) Beneficial Ownership

#### Reporting Compliance

The rules of the Securities and Exchange Commission require the Company to disclose the identity of directors and executive officers and of beneficial owners of more than 10% of the Company's Common Stock who did not file on a timely basis reports required by Section 16 of the Securities Exchange Act of 1934. Based solely on review of copies of those reports received by us, or written representations from reporting persons, the Company believes that all directors, executive officers and 10% beneficial owners complied with all filing requirements applicable to them during Fiscal 2006, except for late Form 4 Statements of Changes in Beneficial Ownership due April 12, 2006, filed April 13, 2006 for Randall S. Hester.

#### ELECTION OF DIRECTORS

The Board of Directors, upon recommendation made by the Corporate Governance and Nominating Committee, has nominated Howard G. Buffett, William F. Welsh II, and Michael C. Nahl to serve as directors for additional three-year terms. Messrs. Buffett, Welsh, and Nahl have each expressed an intention to serve, if elected, and the Board of Directors knows of no reason why either of them might be unavailable to continue to serve, if elected. If any of Messrs. Buffett, Welsh, or Nahl is unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute nominee as the Corporate Governance and Nomination Committee may recommend to the Board of Directors. There are no arrangements or understandings between Messrs. Buffett, Welsh, or Nahl and any other person pursuant to which they were nominated to serve on the Board of Directors.

The election of a director requires the affirmative vote of a plurality of the shares present in person or represented by proxy at the meeting and entitled to vote. Consequently, votes withheld and broker nonvotes with respect to the election of the director will have no impact on the election of the director. Proxies submitted pursuant to this solicitation will be voted, unless specified otherwise, for the election of Messrs. Buffett, Welsh, and Nahl. **THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ELECTION OF MESSRS. BUFFETT, WELSH, AND NAHL.**

## Corporate Governance

The Board of Directors operates pursuant to the provisions of the Company's certificate of incorporation and bylaws as well as a set of Corporate Governance Principles which address a number of items, including the qualifications for serving as a director, the responsibilities of directors and board committees and the compensation of directors. The Company has adopted a Code of Ethical Conduct that applies to the Chief Executive Officer, Chief Financial Officer and Corporate Controller, as required by Section 406 of the Sarbanes Oxley Act of 2002. Additionally, the Board has revised its Code of Business Conduct and Ethics for all persons associated with the Company, including its directors, officers and employees, to comply with the listing standards adopted by the New York Stock Exchange. Both of these codes and the Company's Corporate Governance Principles are available on the Company's website at <http://www.lindsay.com> and are available in print to any stockholder who submits a request in writing to the Secretary of the Company.

The Board of Directors conducts its business through meetings and actions taken by written consent in lieu of meetings. During the fiscal year ended August 31, 2006, the Board of Directors held nine meetings. Each director attended at least 92% of the aggregate meetings of the Board of Directors and of the committees of the Board of Directors on which he served during fiscal 2006.

The Company's non-management directors normally meet in executive session at each regularly scheduled Board meeting. The Chairman of the Board, currently Mr. Christodolou, an independent outside director, is the presiding director at each executive session of the Board of Directors.

The Board of Directors has established an Audit Committee, a Compensation Committee and a Corporate Governance and Nominating Committee.

**Audit Committee.** The primary purpose of the Audit Committee is to assist the Board of Directors in the oversight of (i) the integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements, (iii) the independent auditor's qualifications and independence, and (iv) the performance of the Company's internal audit function. The Audit Committee is responsible for selecting, compensating and evaluating the Company's independent auditor. Specific functions performed by the Audit Committee include reviewing periodically with independent auditors the performance of the services for which they are engaged, reviewing the scope of the annual audit and its results, reviewing the Company's annual financial statements and quarterly financial statements with management and the independent auditor, reviewing the scope and results of the Company's internal auditing function, and reviewing the adequacy of the Company's internal accounting controls with management and auditors. The Audit Committee operates under a written charter adopted by the Board of Directors which is available on the Company's website at <http://www.lindsay.com> and is available in print to any stockholder who submits a request in writing to the Secretary of the Company.

The Audit Committee is comprised of Directors Welsh (Chairman), Christodolou, McIntosh and Nahl, each of whom has been determined to be independent by the Board of Directors under the rules of the Securities and Exchange Commission and under the listing standards adopted by the New York Stock Exchange. In addition, the Board of Directors has determined that each of Messrs. Christodolou, Nahl and Welsh qualify as audit committee financial experts under the rules of the Securities and Exchange Commission. The Audit Committee held nine meetings during fiscal 2006.

**Compensation Committee.** The Compensation Committee reviews and approves the Company's compensation policies, benefit plans, employment agreements, salary levels, bonus payments, and awards pursuant to the Company's management incentive plans for its officers. It also reviews compensation for directors and recommends changes to the Board. The Compensation Committee is specifically responsible for determining the compensation of the Company's Chief Executive Officer and conducts an annual performance evaluation of the Chief Executive Officer. The Compensation Committee operates under a written charter adopted by the Board of Directors which is available on the Company's website at <http://www.lindsay.com> and is available in print to any stockholder who submits a request in writing to the Secretary of the Company.

The Compensation Committee is comprised of Directors Cunningham (Chairman), Christodolou, McIntosh and Welsh, each of whom has been determined to be independent by the Board of Directors under the listing standards adopted by the New York Stock Exchange. The Committee held five meetings during fiscal 2006.

**Corporate Governance and Nominating Committee.** The Corporate Governance and Nominating Committee is responsible for making recommendations to the Board of Directors of persons to serve as directors of the Company and as chairmen and members of committees of the Board of Directors and for reviewing and recommending changes in the general Corporate Governance Principles of the Company. It also oversees the annual evaluation by the Board of Directors to determine whether the Board and its committees are functioning effectively. The Corporate Governance and Nominating Committee operates under a written charter adopted by the Board of Directors which is available on the Company's website at <http://www.lindsay.com> and is available in print to any stockholder who submits a request in writing to the Secretary of the Company.

The Corporate Governance and Nominating Committee identifies nominees to serve as director of the Company primarily through suggestions made by directors, management and stockholders. The Corporate Governance and Nominating Committee will consider director nominees for next year's annual meeting recommended by stockholders which are submitted in writing, complete with biographical and business experience information regarding the nominee, to the Secretary of the Company by August 30, 2007. Candidates for directors are evaluated based on their independence, character, judgment, diversity of experience, financial or business acumen, ability to represent and act on behalf of all stockholders, and the needs of the Board.

The Corporate Governance and Nominating Committee is comprised of Directors Christodolou (Chairman), Buffett, Cunningham and Welsh, each of whom has been determined to be independent by the Board of Directors under the listing standards adopted by the New York Stock Exchange. The Committee held one meeting during fiscal 2006.

#### **Compensation of Directors**

Directors who are not employees of the Company are paid \$24,000 annually, plus \$1,200 per day for attending meetings (including teleconference meetings of four hours or more) of the Board of Directors and \$600 per day for other teleconference meetings of the Board of Directors or for attending any separate meetings of committees of the Board of Directors. In addition, if the Chairman is a non-employee director, he or she is paid \$12,000 per year for serving in that capacity. The Chairman of the Audit Committee is paid \$8,000 per year for serving as such Chairman. The Chairman of the Compensation Committee is paid \$4,000 per year for serving as such Chairman. Directors are reimbursed for expenses they incur in attending meetings.

Prior to fiscal 2006, on September 3 of each year each continuing non-employee director was automatically awarded a nonqualified stock option to purchase 5,062 shares of Common Stock under the Company's 2001 Amended and Restated Long-Term Incentive Plan (the "2001 Plan"). In all cases, the exercise price for options granted to non-employee directors under the 2001 Plan is equal to the closing price of the Common Stock on the date of the grant. Options granted to non-employee directors vest 20% per year over a five-year period under the 2001 Plan. Unvested options terminate upon any expiration, forfeiture or any failure to exercise such award as further described in the 2001 Plan.

Beginning in fiscal 2006, each non-employee director shall receive an annual grant of restricted stock units with an award value of \$35,000 with the award being made on the date of the Annual Meeting. The number of restricted stock units to be awarded is based on the closing price of the Company's Common Stock on the grant date, and the restricted stock units are payable in shares of Common Stock under the 2006 Long-Term Incentive Plan ("2006 Plan"). Accordingly on February 6, 2006 (fiscal 2006), each of Messrs. Buffett, Christodolou, Cunningham, McIntosh, Nahl and Welsh received an award of 1,360 restricted stock units. The restricted stock units vest on November 1 following the date of grant, or earlier upon a change in control of the Company or termination of service of a director due to death or total and permanent disability. Non-employee directors shall receive this annual award on each subsequent annual meeting date unless the Compensation Committee recommends and the Board of Directors approves a change in the amount or form of long-term incentive compensation for directors.

The Compensation Committee is reviewing the manner in which the Company compensates its nonemployee directors and has engaged an outside consulting firm to assist with this review. No modifications to director compensation have been recommended by the Compensation

Committee as of the date of this Proxy Statement.

<sup>(1)</sup> The exercise price of all options granted during fiscal 2006 is equal to the fair market value of the Company's Common Stock on the date of grant. Each option vests 20% per year over five years and expires ten years from the date of grant. No stock appreciation rights (SARs) were granted during fiscal 2006.

<sup>(2)</sup> The estimated grant date present value reflected in the above table is determined pursuant to SEC regulations using the Black-Scholes model, which is the method of option valuation used for the Company's financial reporting purposes. Other valid methods of estimating the fair values of stock options may yield significantly different results. The material assumptions and adjustments incorporated in the Black-Scholes model in estimating the value of the option grants reflected in the above table include the following (a) exercise price of the options equal to the fair market value of the underlying stock on the date of grant; (b) expected option life of seven years, based on vesting schedules; (c) dividend yield of 0.76%; (d) risk-free interest rate of 4.52%; and (e) expected volatility of 35.13%. The stock options granted in fiscal 2006 vest 20% per year over a 5 year period.

The following table sets forth certain information concerning options exercised during fiscal 2006, the number of unexercised options and the value of unexercised options at the end of fiscal 2006 for the executive officers of the Company whose compensation is reported in the Summary Compensation Table.

**Employment Agreement**

The Company entered into an employment agreement with Richard Parod, its President and Chief Executive Officer, effective April 5, 2000, as amended on May 2, 2003 and December 22, 2004 (the Agreement). The term of the Agreement runs through April 5, 2007. Under the Agreement, Mr. Parod receives a base salary, subject to annual review and adjustment by the Compensation Committee of the Board of Directors, and is entitled to an annual incentive bonus with a target of 60% of his annual salary and an actual payout of 0% to 120% of his annual salary based on individual and/or Company performance.

Under the terms of his employment agreement, Mr. Parod was granted a total of 350,000 non-qualified stock options in April 2000. The exercise price of these options is \$14.00 per share, which was equal to the fair market value of the Company's Common Stock on the date of grant. Options for 300,000 shares granted to Mr. Parod are currently exercisable, and the remaining 50,000 options will become exercisable on April 5, 2009. All of Mr. Parod's options will vest immediately in the event of (a) a dissolution or liquidation of the Company, (b) a sale of substantially all the assets of the Company, (c) a merger or other combination involving the Company after which the owners of the Company immediately prior to such merger or combination own less than 50% of the outstanding shares of the Company, or (d) the acquisition of more than 50% of the Company's Common Stock by any person through a tender offer or otherwise. The options granted to Mr. Parod expire on April 5, 2010.

## Report of the Compensation Committee on Executive Compensation

*The report is not deemed to be soliciting material or to be filed with the Securities and Exchange Commission (the SEC) or subject to the SEC's proxy rules or to the liabilities of Section 18 of the Securities Exchange Act of 1934 (the 1934 Act), and the report shall not be deemed to be incorporated by reference into any prior or subsequent filing by the Company under the Securities Act of 1933 or the 1934 Act.*

The Compensation Committee of the Board of Directors is comprised of Larry H. Cunningham (as Chairman), Michael N. Christodolou, J. David McIntosh and William F. Welsh II, each of whom is an independent director of the Company under the rules adopted by the New York Stock Exchange. The Compensation Committee is responsible for setting policies with respect to compensation of the Company's executive officers. It periodically retains an independent outside compensation consulting firm, Mercer Human Resource Consulting, to assist and advise it on particular matters.

**Executive Officer Compensation.** The Compensation Committee endeavors to implement an executive compensation program that is effective in attracting, retaining and motivating the executive officers upon whom the Company relies to develop and implement its business strategy. The overall goal of the Company's compensation program is to maximize stockholder value. Accordingly, an important component of our compensation philosophy is to closely align the financial interests of the Company's executive officers with those of the stockholders.

During fiscal 2006, the Company utilized a compensation package that provided its executive officers with a base salary, benefits and opportunities to receive performance bonuses as well as grants of stock options and restricted stock units under our existing incentive plans. Base salaries were established based on the executive officers' prior salary and our view of the base salary levels and increases for executive officers with comparable positions and responsibilities in similar companies. The remaining portion of each executive officer's fiscal 2006 compensation was directly related to the success of the Company. This was accomplished in two ways.

First, for fiscal 2006, the Company continued to use a management incentive plan (the Incentive Plan) that directly correlates employee bonuses to the achievement of both corporate and individual performance objectives. The Compensation Committee originally engaged the predecessor of Mercer Human Resource Consulting to assist it in the development of the Incentive Plan. The Compensation Committee is responsible for approving objectives and otherwise administering the implementation of the Incentive Plan with respect to the executive officers. Under the Incentive Plan, a target bonus of 60% of base salary was established for the Chief Executive Officer, and a target bonus of 35% of base salary was established for the other Named Executive Officers. Achievement of corporate objectives relating to specific financial measures account for 80% of the total potential bonus paid to Named Executive Officers under the Incentive Plan. Individual performance objectives, tailored to each officer's area of responsibility, account for the remaining 20% of the total potential bonus for Named Executive Officers under the Incentive Plan. Measurable performance objectives were established for each Named Executive Officer. Minimum threshold objectives levels must be achieved under the corporate and the individual component in order for any bonus to be earned under that component. Conversely, up to 200% of the target bonus amount may be paid if target objectives are significantly exceeded. The corporate objectives for fiscal 2006 included corporate operating income and average working capital to sales (COI and WC) goals for all executive officers and, in addition, individual market financial performance (MFP) goals for certain executive officers. During fiscal 2006, the target COI and WC objective levels were substantially exceeded, and 194% of the target bonus was earned under this financial measure by each executive officer. Certain executive officers earned bonuses under their MFP objective ranging between 132% and 196% of their target bonus amount for this component. Bonuses were paid to executive officers under the individual component ranging between 86% and 103% of the target bonus amount for this component.

Second, believing that significant ownership of Company stock serves to align management's interest with that of the Company's stockholders, executive officers who, in our opinion, have contributed and will contribute to the growth, development and financial success of the Company were awarded stock options and restricted stock units under the 2006 Plan. In order to motivate our executives to increase stockholder value, the exercise price of all stock options granted in fiscal 2006 was equal to market value of our Common Stock on the respective grant dates. Accordingly, these options will only have value to our executive officers if our stockholders also benefit from increasing share prices. In addition, in order to promote the retention of executives, executive officers received grants of restricted stock units as a portion of their long term incentive compensation. Each restricted stock unit represents the right to receive one share of our Common Stock. In order to motivate the Company's executives to make a long-term commitment to the Company, stock options may not be exercised until they vest, and restricted stock units will not be distributed until they vest. All stock options granted in fiscal 2006 vest ratably over a five-year period, and all restricted stock

units granted to executives in fiscal 2006 vest ratably over a three-year period. Until vested, these options and restricted stock units are subject to forfeiture provisions if an executive officer leaves the Company.

**Discussion of 2006 Compensation for the Chief Executive Officer.** As described above, the Compensation Committee is responsible for establishing total compensation for all executive officers, including Richard Parod, the Company's Chief Executive Officer. After considering various factors, including Mr. Parod's performance as Chief Executive Officer during fiscal 2006 and new survey data presented by Mercer Human Resource Consulting regarding the salary levels for chief executive officers of manufacturing and general industry companies of comparable size, the Compensation Committee determined to increase Mr. Parod's base salary by approximately 10% to \$417,000, effective as of the beginning of fiscal 2007. During fiscal 2006, Mr. Parod participated in the Incentive Plan. He earned a bonus of \$352,506 under the corporate component for fiscal 2006. He achieved most of his target objectives under the individual component of the Incentive Plan and earned a bonus of 94% of the target bonus amount for this component, which resulted in a bonus for fiscal 2006 of \$42,700, for a total bonus of \$395,206, which was equal to approximately 104% of his base salary. Mr. Parod received a stock option award for 22,500 shares and restricted stock units for 8,182 shares of Company common stock during fiscal 2006. The Compensation Committee determined that these grants represented approximately a median market level award, based on survey data previously provided one year ago by Mercer Human Resource Consulting for long-term incentive awards to chief executive officers of similarly-sized durable manufacturing companies.

**Compliance With Section 162(m) of the Internal Revenue Code.** The current tax law imposes an annual, individual limit of \$1 million on the deductibility of the Company's compensation payments to the chief executive officer and to the four most highly compensated executive officers other than the chief executive officer. Specified compensation is excluded for this purpose, including performance-based compensation, provided that certain conditions are satisfied. The Committee has determined to preserve, to the maximum extent practicable, the deductibility of all compensation payments to the Company's executive officers.

**Compensation Committee Interlocks and Insider Participation.** During fiscal 2006 there were no compensation committee interlocks and no insider participation in compensation decisions that were required to be reported under the rules and regulations of the Securities Exchange Act of 1934.
