- (1) The potential realizable value illustrates value that might be realized upon exercise of options immediately prior to the expiration of their terms, assuming the specified compounded rates of appreciation of the market price per share from the date of grant to the end of the option term. Actual gains, if any, on stock option exercise are dependent upon a number of factors, including the future performance of j2 Global's common stock and the timing of option exercises, as well as the optionee's continued employment through the vesting period. The gains shown are net of the option exercise price, but do not include deductions for taxes and other expenses payable upon the exercise of the option or for sale of underlying shares of j2 Global's common stock. There can be no assurance that the amounts reflected in this table will be achieved.
 - (2) All stock options granted have 10-year terms and are exercisable with respect to twenty-five percent (25%) of the shares covered thereby on the anniversary of the date of grant, with full vesting occurring four years following the date of grant. See "--Employment Contracts, Termination of Employment and Change of

Control Agreements" and "--1997 Stock Option Plan" beginning on pages 9 and 10, respectively, for provisions regarding acceleration of the vesting of options.

- (3) j2 Global granted stock options representing 1,004,965 shares of j2 Global's common stock in the fiscal year ended December 31, 2001, including all options granted to Mr. Ressler but excluding options granted to j2 Global's other directors.
- (4) Options were granted at an exercise price equal to the market value of j2 Global's common stock as listed on The Nasdaq National Market.
- (5) The exercise price and tax withholding obligations may be paid in cash and, subject to certain conditions or restrictions, by delivery of already-owned shares.

Employment Contracts, Termination of Employment and Change of Control Arrangements

j2 Global currently has employment contracts with each of Messrs. Jarus, Turicchi and Zucker. j2 Global also has consulting agreements with Orchard Capital Corporation, which supplies the services of Mr. Ressler, and with Boardrush Media LLC, which supplies the services of John F. Rieley, a director and co-founder, and Jens Muller, a former director and a co-founder. See "--Report of the Compensation Committee of the Board of Directors on Executive Compensation" beginning on page 13 for a description of the terms of the Orchard Capital consulting agreement, and see "Certain Transactions" beginning on page 20 for a description of the terms of the Boardrush consulting agreement.

Mr. Jarus' Contract. Mr. Jarus entered into an employment agreement with j2 Global upon joining j2 Global as President on July 8, 2001. Under this agreement, Mr. Jarus receives a base salary of \$270,000 per year and is eligible to participate in j2 Global's executive bonus program. He also is entitled to participate in all of j2 Global's benefits programs and to reimbursement of up to \$60,000 for relocation expenses. If j2 Global terminates his employment constructively or for any reason other than cause, Mr. Jarus is entitled to severance and continued participation in j2 Global's health insurance coverage for six months following the date of termination. These severance and continued health insurance coverage obligations would cease in the event Mr. Jarus were to become employed by another company during this period.

Also pursuant to this employment agreement, j2 Global loaned Mr. Jarus \$500,000 towards the purchase of a home in the Los Angeles area. The loan is secured by a second mortgage on Mr. Jarus' Los Angeles home. The

mortgage is zero coupon, bears interest at the rate of 4.88% per annum and is payable in full on or before July 8, 2006. If Mr. Jarus voluntary terminates

Edgar Filing: J2 GLOBAL COMMUNICATIONS INC - Form DEF 14A

his employment with j2 Global or is terminated for cause, he will be required to repay the full balance of the loan amount within 60 days of his last date of employment with j2 Global. If Mr. Jarus is terminated without cause or is constructively terminated, he will be required to pay the balance of the mortgage no later than the date that is one year following his last day of employment with j2 Global.

In accordance with this agreement, j2 Global issued Mr. Jarus options to purchase 250,000 shares of j2 Global's common stock at an exercise price of \$4.01 per share, which was the closing price of j2 Global's common stock on the Nasdaq National Market on the trading day preceding his date of employment. The agreement provides for accelerated vesting of Mr. Jarus' options if he is terminated without cause or constructively terminated within one year following a change in control of j2 Global. Mr. Jarus' options are governed by j2 Global's 1997 Stock Option Plan. See "--1997 Stock Option Plan" beginning on page 10 for a description of the terms of j2 Global's 1997 Stock Option Plan.

Mr. Turicchi's Contract. On July 9, 2001, j2 Global and Mr. Turicchi terminated Mr. Turicchi's existing employment agreement and entered into a new employment agreement to reduce the number of hours per week that Mr. Turicchi is required to work for j2 Global and to proportionately reduce his salary. Under this new agreement, which terminates July 9, 2002, Mr. Turicchi is required to work for j2 Global at least 20.1 hours per week and his base annual compensation was reduced from \$225,000 to \$112,500. In the event that Mr. Turicchi's employment is terminated by j2 Global without cause prior to July 9, 2002, j2 Global is required to continue to pay his base salary and benefits through July 9, 2002. Mr. Turicchi is entitled to participate in all of j2 Global's benefits programs, but does not accrue any vacation or sick time. He is permitted to engage in other business or to accept other employment.

Under this new employment agreement, Mr. Turicchi agreed to cancel all but 80,000 of the 212,500 stock options he owned as of July 9, 2001, and j2 Global agreed that these 80,000 remaining options would become immediately vested. These options have an exercise price of \$8.24 per share.

Mr. Zucker's Contract. This employment agreement has no specified term and is terminable at will by either party, but provides for severance payments equal to six months' salary in the event of a termination by j2 Global without cause. This agreement provide for accelerated vesting of Mr. Zucker's employee stock options in the event of a change in control of j2 Global.

1997 Stock Option Plan

j2 Global's 1997 Stock Option Plan was adopted by the Board of Directors and approved by the stockholders in November 1997. In May 2001, j2 Global amended and restated the 1997 Stock Option Plan to permit the issuance of restricted stock under the plan. A total of 2,500,000 shares of j2 Global's common stock have been reserved for issuance under the plan. As of the record date, options to purchase 1,815,975 shares of common stock were outstanding under the plan, 64,178 shares had been issued upon exercise of previously granted options and no shares of restricted stock were outstanding under the plan.

The plan provides for grants to employees, including officers and employee directors, of "incentive stock options" within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended, and for grants of non-statutory stock options and restricted stock awards to employees, including officers and employee directors, and consultants, who may be non-employee directors.

The plan is administered by the Compensation Committee of j2 Global's Board of Directors. The plan administrator determines the terms of the options granted and restricted stock awarded, including the exercise price of each option, the number of shares subject to each option and covered by each

Edgar Filing: J2 GLOBAL COMMUNICATIONS INC - Form DEF 14A

restricted stock award and the vesting of each option and restricted stock award. The plan administrator also has the full power to select the

10

individuals to whom options and restricted stock will be granted and to make any combination of grants to any participants.

Options generally have a term of 10 years. For options granted in 1999 and prior years, one-third of the options vest on the one-year anniversary of the grant date and each of the remaining one-third portions of the options vest on each annual anniversary of the grant date thereafter. For options granted after 1999, one-quarter of the options vest on the one-year anniversary of the grant date and each of the remaining one-quarter portions of the options vest on each annual anniversary of the grant date thereafter.

The option exercise price may not be less than the higher of the par value or one hundred percent (100%) of the fair market value of j2 Global's common stock on the date of grant; provided, however, that non-statutory options may be granted at exercise prices of not less than the higher of the par value or eighty-five percent (85%) of the fair market value on the date the option is granted. In the case of an incentive option granted to a person who at the time of the grant owns stock representing more than ten percent (10%) of the total combined voting power of all classes of j2 Global's common stock, the option exercise price for each share of common stock covered by such option may not be less than one hundred ten percent (110%) of the fair market value of a share of j2 Global's common stock on the date of grant of such option.

In the event of a sale of all or substantially all of j2 Global's assets, or j2 Global's merger with or into another corporation, each option and each share of restricted stock will become immediately exercisable in full unless the Board of Directors determines that the holder has been offered substantially identical replacement options or replacement shares of restricted stock, as the case may be, and a comparable position at the acquiring company.

2001 Employee Stock Purchase Plan

j2 Global's 2001 Employee Stock Purchase Plan (the "Purchase Plan") was adopted by the Board of Directors and approved by the stockholders in May and June 2001, respectively. A total of 500,000 shares of j2 Global's common stock have been reserved for issuance under the Purchase Plan. As of the record date, 28,040 shares had been issued under the Purchase Plan and 471,960 shares were available for future issuance. The Purchase Plan is administered by the Compensation Committee of j2 Global's Board of Directors.

The Purchase Plan is implemented through sequential offerings, each of which is referred to as an "Offering," the terms of which are referred to herein as "Offering Periods." Generally, each such Offering Period is for three months duration or such other duration as the Compensation Committee shall determine, provided, however, that no Offering Period may exceed 27 months in duration. Offering Periods commence on or about February 1, May 1, August 1 and November 1 of each year and end on or about the next April 30, July 31, October 31 and January 31, respectively, occurring thereafter. The initial Offering Period commenced on August 1, 2001 and ended on October 31, 2001.

The purchase price per share for an Offering under the Purchase Plan is ninety percent (90%) of the lesser of (a) the fair market value of a share of common stock on the commencement of the Offering, or (b) the fair market value of a share of common stock on the date of purchase. Notwithstanding the foregoing, the Compensation Committee, in its sole discretion, may change the

Edgar Filing: J2 GLOBAL COMMUNICATIONS INC - Form DEF 14A

purchase price at which each share of common stock may be acquired in an Offering so long as the purchase price is not less than eighty-five percent (85%) of the lesser of (x) the fair market value of a share of common stock on the commencement of the Offering, or (y) the fair market value of a share of common stock on the date of purchase.

By executing an agreement to participate in the Purchase Plan, an eligible employee is entitled to purchase shares under the Purchase Plan, hereafter referred to as a "Purchase Right". The Purchase Right consists of an option to purchase a maximum number of shares of common stock determined by either dividing fifteen percent (15%) of such eligible employee's compensation during the Offering Period by the purchase price of a share of

11

common stock for such Offering Period or by dividing \$12,500 by the fair market value of a share of common stock on the last date of such Offering Period, whichever is less. If the aggregate number of shares to be purchased upon exercise of Purchase Rights granted in the Offering would exceed the maximum aggregate number of shares available for issuance under the Purchase Plan, the Compensation Committee would make a pro rata allocation of shares available in a uniform and equitable manner. Unless the employee's participation is discontinued, his or her right to purchase shares is exercised automatically at the end of each Offering Period.

Any employee of j2 Global or of any parent or subsidiary corporation of j2 Global designated by the Compensation Committee for inclusion in the Purchase Plan is eligible to participate in an Offering under the Purchase Plan so long as the employee has been employed by j2 Global or any designated parent or subsidiary corporation of j2 Global for at least 30 days and is customarily employed at least 20 hours per week and five months per calendar year. However, no employee who owns or holds options to purchase, or as a result of participation in the Purchase Plan would own or hold options to purchase, five percent (5%) or more of the total combined voting power or value of all classes of stock of j2 Global or of any parent or subsidiary corporation of j2 Global is entitled to participate in the Purchase Plan. In addition, no employee is entitled to purchase more than \$25,000 worth of stock (determined based on the fair market value of the shares at the time such rights are granted) under all employee stock purchase plans of j2 Global in any calendar year.

12

Notwithstanding anything to the contrary set forth in any of j2 Global's filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended (the "Exchange Act"), that might incorporate future filings, including this Proxy Statement, in whole or in part, the following Report of the Compensation Committee, the Audit Committee Report and the Stock Performance Graph which follows shall not be deemed to be "Soliciting Material," is not deemed "filed" with the SEC and shall not be incorporated by reference into any filings under the Securities Act or Exchange Act whether made before or after the date hereof and irrespective of any general incorporation language in such filings.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

General

Edgar Filing: J2 GLOBAL COMMUNICATIONS INC - Form DEF 14A

The Compensation Committee of j2 Global's Board of Directors recommends and approves changes to j2 Global's compensation policies and benefits programs, administers j2 Global's stock option and employee stock purchase plans, including approving stock option grants, and otherwise seeks to ensure that j2 Global's compensation philosophy is consistent with j2 Global's best interests and is properly implemented. The Committee currently is comprised of two independent non-employee directors and one non-employee director who also provides services to j2 Global pursuant to a consulting agreement with his employer.

Compensation Philosophy

The goals of j2 Global's compensation program are to align compensation with j2 Global's overall business objectives and performance, to foster teamwork and to enable j2 Global to attract, retain and reward employees who contribute to its long-term success. The Committee also seeks to establish compensation policies that allow j2 Global flexibility to respond to changes in its business environment.

Compensation Components

Compensation for j2 Global's executives generally consists of salary, participation in an executive bonus program, and stock option and restricted stock awards. The Committee assesses past performance and anticipated future contribution of each executive officer in establishing the total amount and mix of each element of compensation.

Salary. Base salaries are evaluated annually for all executive officers. In determining appropriate salary levels for such officers, the Compensation Committee considers, among other factors, the officer's scope of responsibility, prior experience, past performance and data on prevailing compensation levels in relevant markets for executive talent.

Bonus Programs. j2 Global has established two "bonus" programs--one for executives and eligible managers, and the other for all other employees not eligible for the executive plan.

- **Executive Bonus Program.** The bonus program for j2 Global's executives and eligible managers is designed to encourage and reward senior management for (a) attaining Company-wide financial goals, (b) improving the financial and operational health of j2 Global, and (c) meeting or exceeding individually defined goals and objectives for each executive and eligible manager. j2 Global's Compensation Committee administers this program. Under this program, j2 Global will establish a "bonus pool" in an amount that will vary based upon j2 Global achieving specific pre-defined financial criteria. If j2 Global achieves 100% of these goals, the bonus pool will equal 25% of the total annual base salaries of all eligible participants. The bonus pool can increase or decrease based upon greater than or less than 100% of these criteria being satisfied. The total amount of the pool, and the amount to be distributed to each participant, will be determined by the Compensation Committee after criteria. If j2 Global achieves 100%

of these goals, the bonus pool will equal 25% of the total annual base salaries of all eligible participants. The bonus pool can increase or decrease based upon greater than or less than 100% of these criteria being satisfied. The total amount of the pool, and the amount to be distributed to each participant, will be determined by the Compensation Committee

Edgar Filing: J2 GLOBAL COMMUNICATIONS INC - Form DEF 14A

after public release of j2 Global's 2002 year-end audited financial statements. The Compensation Committee is not obligated to distribute the entire accrued bonus pool, although it expects to do so.

- . Employee Bonus Program. The bonus program for all of j2 Global's employees (other than those eligible for the Executive Bonus Program) is designed to encourage and reward extraordinary performance. It is referred to by j2 Global as its "Reward & Recognition Program". Under this program, j2 Global will accrue throughout 2002 an amount equal to 5% of the total annual base salaries and hourly compensation for all employees (except those eligible for the Executive Bonus Program). The timing and amount of each individual reward is determined by the employee's senior manager, with the concurrence of j2 Global's President. Awards may occur at any time throughout the year, and are based on an individual's singular contribution or the contribution of a group of individuals who work as a team. As this pool is intended to reward "exceptional" effort or accomplishment, there is no guarantee that the entire accrued bonus pool will actually be awarded.

Stock Options and Restricted Stock. Stock option and restricted stock awards are designed to align the interests of executives with the long-term interests of the stockholders. The Compensation Committee approves option grants and restricted stock awards subject to vesting periods to retain executives and encourage sustained contributions. For options granted prior to 2000, the vesting period was usually over a three-year period or as to 100% of the grant on the third anniversary of the grant. Effective January 1, 2000, the typical vesting period was changed to a four-year period or as to 100% of the grant on the fourth anniversary of the grant. The exercise price of options is generally the market price on the date of grant.

Compensation of j2 Global's President and Chairman

Mr. Jarus joined j2 Global as President in July 2001. His services are provided to j2 Global pursuant to an employment agreement. See "--Employment Contracts, Termination of Employment and Change of Control Arrangements" beginning on page 9 for a description of the terms of his employment agreement. Pursuant to his employment agreement, upon joining j2 Global Mr. Jarus was granted options to purchase 250,000 shares of j2 Global's common stock at an exercise price of \$4.01 per share. See "--1997 Stock Option Plan" beginning on page 10 for a description of the terms of j2 Global's 1997 Stock Option Plan. The terms of Mr. Jarus' employment agreement were determined by the Compensation Committee based upon various subjective factors, such as Mr. Jarus' responsibilities, qualifications and years of experience.

Mr. Ressler's services as Chairman, and formerly as Chief Executive Officer, have been provided pursuant to a consulting arrangement with Orchard Capital Corporation, a company controlled by Mr. Ressler, who is also a Member and the Manager of Orchard/JFAX Investors, LLC, one of j2 Global's principal stockholders. Under this consulting arrangement, j2 Global paid Orchard Capital \$200,000 per year through June 30, 1999 and \$275,000 per year from July 1, 1999 through March 31, 2000, in each case payable in equal monthly payments, for the services of Mr. Ressler. These arrangements were not pursuant to a written agreement. Effective April 1, 2000, Orchard Capital's compensation was reduced to \$144,000 per year, and Orchard Capital's revised consulting arrangement was reflected in a new written agreement. This agreement was amended effective April 1, 2001 to extend it for consecutive six-month periods, and was again amended in December 2001 to increase Orchard Capital's compensation back to the original \$275,000 per year. The agreement is terminable by either party by written notice delivered at least 30 days prior to commencement of the next 6-month term.

As a director, Mr. Ressler is eligible to participate in j2 Global's 1997

Edgar Filing: J2 GLOBAL COMMUNICATIONS INC - Form DEF 14A

Stock Option Plan. In December 2001, he was granted options to purchase 262,500 shares of j2 Global's common stock at an exercise price of \$3.75 per share. 125,000 of these options were granted in place of an equal number of options canceled

14

in June 2001 by Mr. Ressler under j2 Global's offer to exchange, which is described in the Tender Offer Statement on Schedule TO filed by j2 Global with the SEC on May 22, 2001, as amended by Amendment Nos. 1 and 2 thereto filed with the SEC on June 13, 2001 and October 5, 2001, respectively. 12,500 of these options were granted to Mr. Ressler for his service on j2 Global's Board of Directors. The remaining 125,000 of these options were granted in connection with the December 2001 amendment to the Orchard Capital consulting arrangement. See "--1997 Stock Option Plan" for a description of the terms of j2 Global's 1997 Stock Option Plan.

Other than reimbursement for reasonable expenses incurred in connection with the services Orchard Capital renders to j2 Global, neither Orchard Capital nor Mr. Ressler receives any other compensation from j2 Global.

The initial and revised compensation amounts payable to Orchard Capital pursuant to this consulting arrangement have been determined by the Compensation Committee (with Mr. Ressler abstaining) based upon various subjective factors such as Mr. Ressler's responsibilities, qualifications, years of experience, individual performance and perceived contributions to j2 Global. The December 2001 compensation increase from \$144,000 to \$275,000 per year, as well as the grant of 125,000 additional stock options to Mr. Ressler in December 2001, were based on a formal compensation survey and analysis conducted by a third party compensation consultant at the request of the Compensation Committee.

AUDIT COMMITTEE REPORT

The Audit committee of j2 Global's Board of Directors consists of three non-employee directors, Douglas Y. Bech, Robert J. Cresci and Michael P. Schulhof, each of whom has been determined to be independent under the National Association of Securities Dealers' Listing Standards. The Audit Committee is a standing committee of the Board of Directors and operates under a written charter adopted by the Board of Directors. Among its other functions, the Audit Committee recommends to the Board of Directors the selection of j2 Global's independent accountants.

Management is responsible for j2 Global's internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of j2 Global's consolidated financial statements in accordance with generally accepted accounting principles in the United States and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

Edgar Filing: J2 GLOBAL COMMUNICATIONS INC - Form DEF 14A

During fiscal 2001, the Audit Committee met with the senior members of j2 Global's financial management team and the independent accountants. The Audit Committee's agenda is established by the Audit Committee's chairman and senior members of j2 Global's financial management team. The Audit Committee had private sessions with j2 Global's independent accountants, at which candid discussions of financial management, accounting and internal control issues took place. The Audit Committee has reviewed with management and the independent accountants the audited consolidated financial statements in this Annual Report, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the consolidated financial statements. Management represented to the Audit Committee that j2 Global's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees."

j2 Global's independent accountants also provided to the Audit Committee the written disclosure required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees." The Committee discussed with the independent accountants that firm's independence and considered whether the non-audit services provided by the independent accountants are compatible with maintaining its independence.

Based on the Audit Committee's discussion with management and the independent accountants, and the Audit Committee's review of the representation of management and the report of the independent accountants to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in this Annual Report on Form 10-K for the year ended December 31, 2001.

CERTAIN TRANSACTIONS

Indebtedness of Officers and Directors

The following directors, officers and beneficial owners of more than five percent (5%) of j2 Global's common stock are indebted to j2 Global:

- . As of December 31, 2001, Scott M. Jarus was indebted to j2 Global in the amount of \$512,000. This debt represents the \$500,000 principal amount plus accrued interest of a loan made by j2 Global to Mr. Jarus on July 9, 2002 in connection with his engagement of employment. In accordance with his employment agreement, Mr. Jarus used the proceeds of this loan towards the purchase of a home in the Los Angeles area. The loan is secured by a second mortgage on that home. See "Executive Officer Compensation and Other Matters--Employment Contracts, Termination of Employment and Change of Control Arrangements" beginning on page 9 for a description of the terms of this loan.
- . As of December 31, 2001, Nehemia Zucker was indebted to j2 Global in the amount of \$134,777. This debt represents the \$100,000 principal amount plus accrued interest of a loan advanced to Mr. Zucker on April 11, 1997. The loan matures on May 31, 2002 and bears interest at the rate of 6.32% per annum. However, interest is not paid periodically, but rather is accrued and added to principal each September 30th and March 31st. This note is secured by a pledge of 55,000 shares of j2 Global's common stock owned by Mr. Zucker.
- . As of December 31, 2001, Boardrush Media LLC ("Boardrush") was indebted to j2 Global in the amount of \$520,000. j2 Global advanced this loan to Boardrush on March 17, 1997 and the principal amount of the loan was originally \$2,250,000. This loan matures on January 1, 2005 and bears interest at the rate of 6.32% per annum, with interest payments offset against amounts owed by j2 Global to Boardrush under the consulting agreement described below.

Consulting Agreements

j2 Global has entered into the following consulting agreements with directors, officers and beneficial owners of more than five percent (5%) of j2 Global's common stock:

- . j2 Global is a party to a consulting agreement with Boardrush dated March 17, 1999, as amended in July 2000 and again in October 2001 (the "Boardrush Agreement"). Jens Muller, a co-founder and former director of j2 Global, is the Manager and therefore the controlling person of Boardrush. Pursuant to the Boardrush Agreement, Boardrush provides the

Edgar Filing: J2 GLOBAL COMMUNICATIONS INC - Form DEF 14A

services of Mr. Muller and John F. Rieley, a current director of j2 Global and also a co-founder, to j2 Global for a maximum of two days each per month. The Boardrush Agreement runs for a term ending on the earlier of the date the Boardrush loan described above is repaid in full, and January 1, 2005. Until March 17, 1999, j2 Global paid Boardrush \$400,000 per year, payable in equal monthly payments, pursuant to the Boardrush Agreement. From and after March 17, 1999, Boardrush's compensation under the Boardrush Agreement consists of forgiveness of interest and principal under the loan described above, with principal reductions being made pro rata over the period from March 17, 1999 through January 1, 2005.

Boardrush has the right to repay the loan at any time either in cash or in j2 Global's common stock valued at the then current market price. On July 27, 2000, Boardrush prepaid \$760,000 of the loan by delivering to j2 Global approximately 62,500 shares of j2 Global's common stock, valued at \$12.125 per share. As a result of this prepayment, and in accordance with the Boardrush Agreement, the following occurred: (a) the requirement in the Boardrush Agreement that Boardrush repay the loan with the proceeds of any sale of j2 Global's common stock after it has received in excess of \$6 million was terminated, and (b) Boardrush's pledge of 731,250 shares of j2 Global's common stock was extinguished.

- . Richard S. Ressler's services as Chairman, and formerly as Chief Executive Officer, have been provided pursuant to a consulting arrangement with Orchard Capital Corporation, a company controlled by

19

Mr. Ressler. Mr. Ressler is also a member and the manager of Orchard/JFAX Investors, LLC, one of j2 Global's principal stockholders. See "Executive Officer Compensation and Other Matters--Report of the Compensation Committee of the Board of Directors on Executive Compensation" beginning on page 13 for a description of the terms of this consulting arrangement.

Shared Space and Services

j2 Global currently leases approximately 28,000 square feet of office space for its headquarters in Hollywood, California under a lease that expires in January 2010. j2 Global leases the space from CIM/Hollywood, LLC, a limited liability company indirectly controlled by j2 Global's Chairman, Richard S. Ressler. j2 Global subleases approximately one-half of this space to CIM Group, LLC, an entity indirectly controlled by Mr. Ressler. This sublease expires in 2002 and j2 Global's share of the monthly rent is approximately \$24,000.

j2 Global also shares and prorates certain administrative costs with these and other entities controlled by Mr. Ressler. These costs include amounts for shared personnel and routine office and telephone expenses, and are paid based on actual amounts paid to third parties without markup or markdown.

Investments in j2 Global by Officers, Directors and Principal Stockholders

Between December 1995 and March 1997, j2 Global issued a total of 1,727,500 shares of common stock to j2 Global's founders, Messrs. Muller and Rieley, 1,343,750 of which were canceled in March 1997 and reissued to Boardrush). Also in March 1997, j2 Global issued 2,515,000 shares of common stock to Orchard/JFAX Investors, LLC, and 55,000 shares of common stock to Nehemia Zucker. In connection with these issuances, j2 Global entered into a registration rights agreement with those investors. Under this agreement, the investors have the right to participate in registrations initiated by j2 Global, but do not have the right to demand that j2 Global effect a

Edgar Filing: J2 GLOBAL COMMUNICATIONS INC - Form DEF 14A

registration. These registration rights will expire on March 17, 2007.

In June 2001, j2 Global repurchased 251,922 shares of common stock and a warrant to acquire 117,188 shares of common stock for \$911,000 in cash from an investor group advised by Pecks Management Partners Ltd. ("Pecks") consisting of Declaration of Trust for Defined Benefit Plans of Zeneca Holdings, Inc., Declaration of Trust for Defined Benefit Plans of ICI American Holdings, Inc., Delaware State Employees' Retirement Fund and the J.W. McConnell Family Foundation. Robert J. Cresci, one of j2 Global's directors, is a Managing Director of Pecks. At the same time, Pecks sold 300,003 shares of j2 Global's common stock to a third party unaffiliated with j2 Global. Prior to disposing of these shares and warrants, Pecks had a right to cause j2 Global to repurchase these shares for \$12.80 per share and to purchase these warrants for \$6.40 per underlying share upon a change of control of j2 Global. In connection with Pecks' June 2001 sale of these shares and warrants, these repurchase rights were canceled.

In July 1998, in connection with a preferred stock issuance (which preferred stock was repurchased in 1999), j2 Global issued warrants to acquire a total of 781,250 shares of j2 Global's common stock to the following entities: (a) Donaldson, Lufkin & Jenrette Securities Corporation ("DLJ"), which acted as placement agent for the offering; (b) affiliates of DLJ; (c) R. Scott Turicchi, j2 Global's Executive Vice President of Corporate Development; (d) Orchard/JFAX Investors, LLC; and (e) Pecks. As stated above, j2 Global repurchased the warrants issued to Pecks in June 2001. The remaining warrants, which have an exercise price of \$9.60 per share, expire July 1, 2005. Each of the warrant holders has a right to cause j2 Global to repurchase these warrants for \$6.40 per underlying share upon a change of control of j2 Global.

We believe that the transactions described above were made on terms no less favorable than could have been obtained from third parties. All transactions were negotiated at arms' length. j2 Global intends to have all future transactions between j2 Global and its officers, directors and affiliates be approved by a majority of disinterested members of j2 Global's Board of Directors or one of its committees, as appropriate, in a manner consistent with Delaware law and the fiduciary duties of j2 Global's directors.
