* Less than 1%.

- (1) Assumes conversion of all of the holder's LYONs at a conversion rate of 7.7062 shares of common stock per \$1,000 principal amount at maturity of the LYONs. However, this conversion rate will be subject to adjustment as described under "Description of LYONs--Conversion Rights." As a result, the amount of common stock issuable upon conversion of the LYONs may increase or decrease in the future.
- (2) Calculated based on 63,828,321 shares of common stock outstanding as of August 30, 2001. In calculating this amount, we treated as outstanding that number of shares of common stock issuable upon conversion of all of a particular holder's LYONs. However, we did not assume the conversion of any other holder's LYONs.
- (3) Information about other selling security holders will be set forth in prospectus supplements, if required.
- (4) Assumes that the holders of LYONs, or any future transferees, pledgees, donees or successors of or from any such holder of LYONs, do not beneficially own any common stock other than the common stock issuable upon conversion of the LYONs at the initial conversion rate.
- (5) The figures in this column are based on information supplied to us, as of July 12, 2002, by the respective selling security holders named in the table. As of that date, these selling security holders had supplied us with information indicating that, collectively, they owned more than \$567,285,000 aggregate principal amount at maturity of LYONs (which would be convertible into more than 4,371,612 shares of common stock), reflecting, we believe, that one or more selling security holders supplied us with information for inclusion in the table and then sold their LYONs in transactions exempt from the registration requirements of the Securities Act to persons who also supplied us with information with respect to the same LYONs. However, since this prospectus would not be

Edgar Filing: LEGG MASON INC - Form 424B3

this prospectus, no more than 567,285,000 principal amount at maturity of LYONS could be sold utilizing this prospectus and, accordingly, the \$567,285,000 total in this column has been retained and represents the maximum principal amount at maturity of LYONS that could be sold hereunder.

We prepared this table based on the information supplied to us as of July 12, 2002, by the selling security holders named in the table. The selling security holders listed in the above table may have sold or transferred, in transactions exempt from the registration requirements of the Securities Act, some or all of their LYONS since the date on which the information is presented in the above table. Information about the selling security holders may change over time. Any changed information supplied to us will be set forth in future prospectus supplements.

Because the selling security holders may offer all or some of their LYONS or the underlying common stock from time to time, we cannot estimate the amount of the LYONS or the underlying common stock that will be held by the selling security holders upon the termination of any particular offering. See "Plan of Distribution."

INVESTING IN THE LYONS INVOLVES RISKS THAT ARE DESCRIBED IN THE "RISK FACTORS" SECTION BEGINNING ON PAGE 9 OF THE PROSPECTUS.

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED OF THESE SECURITIES OR PASSED UPON THE ADEQUACY OR ACCURACY OF THIS PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

The date of this prospectus supplement is July 15, 2002.
