PROXY STATEMENT

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Philadelphia Suburban Corporation ("PSC" or the "Company") to be used at the Annual Meeting of Shareholders to be held Thursday, May 15, 2003 and at any adjournments thereof. This proxy statement and the enclosed proxy are being mailed to shareholders on or about April 9, 2003.

The cost of soliciting proxies will be paid by the Company, which has arranged for reimbursement, at the rate suggested by the New York Stock Exchange, of brokerage houses, nominees, custodians and fiduciaries for the forwarding of proxy materials to the beneficial owners of shares held of record. In addition, the Company has retained the firm of Corporate Investor Communications, Inc., to assist in the solicitation of proxies from (i) brokers, bank nominees and other institutional holders, and (ii) individual holders of record. The fee to Corporate Investor Communications, Inc. for normal proxy solicitation is \$4,000 plus expenses, which will be paid by the Company. Directors, officers and regular employees of the Company may also solicit proxies, although no additional compensation will be paid by the Company for such efforts.

The Annual Report to Shareholders for the year ended December 31, 2002, including financial statements and other information with respect to the Company and its subsidiaries, is being mailed with this proxy statement by combined first class bulk mailing to shareholders of record as of March 21, 2003. Additional copies of the Annual Report may be obtained by writing to the Company.

PURPOSE OF THE MEETING

As the meeting is the Annual Meeting of Shareholders, the shareholders of the Company will be requested to elect three directors to hold office as provided by law and the Company's Bylaws. The shareholders will also be requested to approve the adoption by the Board of Directors of Amendment 2003-1 to the Philadelphia Suburban Corporation 1994 Equity Compensation Plan, which would increase the number of shares of the Company's Common Stock authorized to be issued or transferred under the Plan by 3,500,000 shares and

Edgar Filing: PHILADELPHIA SUBURBAN CORP - Form DEF 14A

extend the expiration date of the plan from May 19, 2004 to May 15, 2014.

VOTING AT THE MEETING

Holders of shares of the Company's Common Stock of record at the close of business on March 21, 2003 are entitled to vote at the meeting. As of that date, there were 68,060,196 shares of Common Stock outstanding and entitled to be voted at the meeting. Each shareholder entitled to vote shall have the right to one vote on each matter presented at the meeting for each share of Common Stock outstanding in such shareholder's name.

1

The holders of a majority of the shares entitled to vote, present in person or represented by proxy at the meeting, constitute a quorum. Directors are to be elected by a plurality of the votes cast at the meeting. The affirmative vote of a majority of the votes cast by those shareholders present in person or represented by proxy at the meeting is required for approval of Proposal No. 2 or to take action with respect to any other matter that may properly be brought before the meeting. Shares cannot be voted at the meeting unless the holder of record is present in person or by proxy. The enclosed proxy card is a means by which a shareholder may authorize the voting of his or her shares at the meeting if they are unable to attend in person. Alternatively, under the Pennsylvania Business Corporation Law and the Pennsylvania Electronic Transaction Act, you may vote electronically, over the Internet or by telephone, following the instructions set out on the proxy card. The shares of Common Stock represented by each properly executed proxy card or electronic proxy will be voted at the meeting in accordance with each shareholder's direction. Shareholders are urged to specify their choices by marking the appropriate boxes on the enclosed proxy card or electronic proxy; if the proxy card or electronic proxy is signed, but no choice has been specified, the shares will be voted as recommended by the Board of Directors. If any other matters are properly presented to the meeting for action, the proxy holders will vote the proxies (which confer discretionary authority to vote on such matters) in accordance with their best judgment.

With regard to the election of directors, votes may be cast in favor or withheld; votes that are withheld will be excluded entirely from the vote and will have no effect, other than for purposes of determining the presence of a quorum. Abstentions may not be specified for the election of directors. Abstentions on Proposal No. 2 will be counted for purposes of determining whether there is a quorum, but will not be counted for purposes of determining the aggregate number of votes cast. Brokers that are member firms of the New York Stock Exchange ("NYSE") and who hold shares in street name for customers, but have not received instructions from a beneficial owner, have the authority under the rules of the NYSE to vote those shares with respect to the election of directors, but not for Proposal No. 2 or for any other matter. Accordingly, abstentions and broker non-votes will have no effect on the vote on Proposal No. 2. Proxies received from brokers with respect to shares held in street name, even if such shares are not voted by brokers, will be considered present and entitled to vote at the meeting.

Execution of the accompanying proxy or voting electronically will not affect a shareholder's right to attend the meeting and vote in person. Any shareholder giving a proxy or voting electronically has the right to revoke the proxy or the electronic vote by giving written notice of revocation to the Secretary of the Company at any time before the proxy is voted by executing a proxy bearing a later date, which is voted at the meeting, or by attending the meeting and voting in person.

Edgar Filing: PHILADELPHIA SUBURBAN CORP - Form DEF 14A

Your proxy vote is important. Accordingly, you are asked to complete, sign and return the accompanying proxy card or vote electronically regardless of whether or not you plan to attend the meeting.

(Proposal No. 1)

ELECTION OF DIRECTORS

Voting on Proposal No. 1

The Board of Directors is divided into three classes. One class is elected each year to hold office for a three-year term and until successors of such class are duly elected and qualified, except in the event of death,

2

resignation or removal. The Company is required by its Amended and Restated Articles of Incorporation and Bylaws to maintain the size of its classes of directors as nearly equal in number as possible.

In accordance with the Board of Directors' Corporate Governance Guidelines, Mr. DiBona, Chairman of the Corporate Governance Committee spoke with each of the directors with terms expiring at the 2003 Annual Meeting of Shareholders to discuss the appropriateness of nominating the director for re-election to another term. Following these discussions, Mr. DiBona reported to the Corporate Governance Committee that Mr. McCaughan and Mr. Glanton agreed to serve on the Board of Directors for another three-year term and Mr. Alan Hirsig agreed to serve on the Board of Directors for an additional one-year term. The Corporate Governance Committee also reviewed unsolicited resumes submitted by several people for possible consideration as candidates for nomination for election as directors. As there are presently no vacancies on the Board of Directors, the Corporate Governance Committee determined that it would not be appropriate to consider any of the unsolicited candidates for nomination. In view of Mr. Hirsig's agreement to serve as a director for an additional one-year term and in accordance with the requirement of the Amended and Restated Articles of Incorporation and Bylaws to maintain the size of classes of directors as nearly equal as possible, the Corporate Governance Committee voted to recommend and, the Board of Directors, at its February 4, 2003 meeting: (i) approved, with Mr. Hirsig and Mr. DeBenedictis abstaining, the simultaneous election of Mr. Alan Hirsig, who was a member of the class of directors with terms expiring at the 2003 Annual Meeting of Shareholders, to fulfill the unexpired term of Mr. DeBenedictis in the class of directors with terms expiring at the 2004 Annual Meeting of Shareholders and the election of Mr. Nicholas DeBenedictis, who was a member of the class of directors with terms expiring at the 2004 Annual Meeting of Shareholders to the unexpired term of Mr. Alan Hirsig in the class of directors with terms expiring at the 2003 Annual Meeting of Shareholders; and (ii) approved, with Messrs. McCaughan, Glanton and DeBenedictis abstaining, the nomination of Mr. John F. McCaughan, Mr. Richard H. Glanton and Mr. Nicholas DeBenedictis for election to the class of directors to be elected at the 2003 Annual Meeting of Shareholders.

Therefore, three directors, Messrs. McCaughan, Glanton and DeBenedictis, will stand for election by a plurality of the votes cast at the Annual Meeting and five directors will continue to serve until either the 2004 and 2005 Annual Meetings, depending on the period remaining in their terms. At the meeting, proxies in the accompanying form, properly executed, will be voted for the election of the three nominees listed below, unless authority to do so has been withheld in the manner specified in the instructions on the proxy card. Discretionary authority is reserved to cast votes for the election of a

Edgar Filing: PHILADELPHIA SUBURBAN CORP - Form DEF 14A

substitute should any nominee be unable or unwilling to serve as a director. Each nominee has stated his willingness to serve and the Company believes that all nominees will be available to serve.

The Board of Directors recommends that the shareholders vote FOR the election of Messrs. McCaughan, Glanton and DeBenedictis as directors. For detailed information on each nominee, see pages 6 and 7.

See "Requirements for Advance Notification of Nominations."

Pension Committee. The Pension Committee serves as the Plan Administrator for the Company's qualified benefit plans. (Proposal No. 2)

AMENDMENT 2003-1 TO PSC'S 1994

EQUITY COMPENSATION PLAN

Voting on Proposal No. 2

Edgar Filing: PHILADELPHIA SUBURBAN CORP - Form DEF 14A

At the PSC Annual Meeting, there will be presented to shareholders a proposal to approve and adopt Amendment 2003-1 to the Philadelphia Suburban Corporation 1994 Equity Compensation Plan to increase the number of shares authorized for issuance under the Plan by 3,500,000 shares of Common Stock and to extend the termination date for the plan from May 19, 2004 to May 15, 2014. At its March 4, 2003 meeting, the Board of Directors unanimously approved the proposed Amendment to the Equity Compensation Plan, subject to shareholder approval at the PSC Annual Meeting. The Amendment to the Equity Compensation Plan will not be effective unless and until shareholder approval is obtained.

The text of the proposed Amendment to the Equity Compensation Plan is set forth on Appendix B to this Proxy Statement.

8

Purposes and Effects

The Company's Equity Compensation Plan has been in effect for nine years. As of March 14, 2003, the number of shares issuable pursuant to outstanding options represented 3.8% of the Company's total shares outstanding. The Amendment to the Equity Compensation Plan will (i) extend the termination date for the Plan for an additional ten years from May 19, 2004 to May 15, 2014 and (ii) provide PSC the ability to issue stock options and other stock grants under the Equity Compensation Plan, to its and its subsidiaries' officers, other key employees, non-employee directors and key consultants to increase their interest in the Company's welfare, and to provide a means through which the Company can attract and retain officers, other key employees, non-employee directors and key consultants. As a result of the approval of Amendment 2003-1, the total number of shares authorized for issuance under the Plan will be increased from 2,905,692 shares (which is the number of shares authorized for issuance under the Plan as adjusted for the Company's prior stock splits) to 6,405,692 shares. As of March 14, 2003, options to purchase 2,603,394 shares of Common Stock were outstanding under the Equity Compensation Plan, and 91,244 shares remained available for future grants.

Vote Required for Approval

Approval of the Amendment to the Equity Compensation Plan requires the affirmative vote of the majority of the votes cast by all shareholders of PSC Common Stock. The holders of PSC Common Stock are entitled to one vote on all matters properly brought before the PSC Annual Meeting for each share of PSC Common Stock held by such persons. Votes may be cast in person at the PSC Annual Meeting or by proxy. A properly executed proxy marked "ABSTAIN," although counted for purposes of determining whether there is a quorum will not be counted for purposes of determining the aggregate number of votes cast. Similarly, broker non-votes will also be counted for purposes of determining whether there is a quorum, but will not be counted for purposes of determining the aggregate number of votes cast. Accordingly, abstentions and broker non-votes will have no effect on the approval of Proposal No. 2.

The Board of Directors unanimously recommends a vote FOR approval of the Amendment 2003-1 to the Equity Compensation Plan.

Description of the 1994 Equity Compensation Plan

The description of the Equity Compensation Plan contained herein is qualified in its entirety by reference to the Plan document.

General. The purpose of the Equity Compensation Plan is to provide an

Edgar Filing: PHILADELPHIA SUBURBAN CORP - Form DEF 14A

incentive, in the form of a proprietary interest in the Company, to officers, other key employees and non-employee directors of the Company and its subsidiaries and key consultants, to increase their interest in the Company's welfare, and to provide a means through which the Company can attract and retain officers, other key employees and non-employee directors and key consultants of significant abilities. Subject to adjustment in certain circumstances as discussed below, the Equity Compensation Plan as amended by proposed Amendment 2003-1 authorizes an increase to the number of shares of Common Stock for issuance pursuant to the terms of the 1994 Equity Compensation Plan from 2,905,692 shares (which is the number of shares authorized for issuance under the Plan

9

as adjusted for the Company's prior stock splits and of which 91,244 shares remain available for grants) by 3,500,000 shares to 6,405,692 shares. If and to the extent options granted under the Equity Compensation Plan terminate or expire without being exercised, or if any shares of restricted stock are forfeited, the shares subject to such grant again will be available for purposes of the Equity Compensation Plan. The maximum number of shares of Common Stock that may be subject to grants made under the Equity Compensation Plan, as amended and restated, to any individual during any calendar year is 150,000 shares.

Administration of the Plan. The Equity Compensation Plan is administered and interpreted by a Committee of the Board (the "Committee") consisting of not less than three independent directors appointed by the Board from among its members. Under the terms of the Equity Compensation Plan, each of the members of the Committee may be "outside directors" as defined in Section 162(m) of the Code and shall also be "non-employee directors" as defined under Rule 16b-3 under the Exchange Act. The Committee has full power and authority to administer and interpret the Equity Compensation Plan, to make factual determinations and to adopt or amend such rules, regulations, agreements and instruments for implementing the Equity Compensation Plan and for conduct of its business as it deems necessary or advisable, in its sole discretion. The Committee or the Board, subject to the terms of the Equity Compensation Plan, in its sole discretion, may make grants under the Equity Compensation Plan to eligible officers and other key employees and key consultants. The Board may also ratify or approve grants made by the Committee if the Committee deems it appropriate in a particular circumstance. Non-employee directors are currently eligible to receive annual grants of 875 shares of restricted stock, subject to adjustment as provided under the Equity Compensation Plan. Reference to the Committee in the following paragraphs shall also mean the Board when acting under its authority to make, approve or ratify grants under the Equity Compensation Plan.

Grants. Incentives under the Equity Compensation Plan consist of incentive stock options, nonqualified stock options, restricted stock grants and dividend equivalents (hereinafter collectively referred to as "Grants"). All Grants are subject to the terms and conditions set forth in the Equity Compensation Plan and to those other terms and conditions consistent with the Equity Compensation Plan as the Committee deems appropriate and as are specified in writing by the Committee to the designated individual (the "Agreement"). The Committee must approve the form and provisions of each Agreement.

Grants in Connection with Corporate Transactions and Otherwise. The Equity Compensation Plan permits the Committee to make Grants under this Equity Compensation Plan in connection with the acquisition, by purchase, lease, merger, consolidation or otherwise, of the business or assets of any

corporation, firm or association, including Grants to employees thereof who become key employees of the Company or any of its subsidiaries, or for other proper corporate purposes. Without limiting the foregoing, the Committee may make a Grant to an employee of another corporation who becomes an employee of the Company or any of its subsidiaries by reason of a corporate merger, consolidation, acquisition of stock or property, reorganization or liquidation involving the Company or any of its subsidiaries in substitution for a stock option or restricted stock grant made by such corporation. The terms and conditions of the substitute grants may vary from the terms and conditions required by the Equity Compensation Plan and from those of the substituted stock incentives. The Committee will prescribe the provisions of the substitute grants.

10

Eligibility for Participation. Officers and other key employees of the Company and key consultants are eligible to participate in the Equity Compensation Plan and non-employee directors are eligible to receive annual restricted stock grants under the Equity Compensation Plan (hereinafter referred to individually as the "Participant" and collectively as the "Participants"). The Committee or the Board may select the persons to receive Grants (the "Grantees") from among the Participants and determine the number of shares of Common Stock subject to a particular Grant. As of March 14, 2003, there were approximately 200 key employees, 7 non-employee directors and no consultants eligible to participate in the Plan.

Granting of Options. The Committee may grant options qualifying as incentive stock options ("ISOs") within the meaning of section 422 of the Code and/or nonqualified stock options ("NQSOs") in accordance with the terms and conditions set forth in the Equity Compensation Plan or any combination of ISOs or NQSOs (hereinafter referred to collectively as "Stock Options"). The Committee may grant only NQSOs to key consultants under the Plan.

Term, Purchase Price, Exercisability and Method of Exercise. The exercise price of Common Stock subject to an ISO or NQSO is the fair market value of such stock on the date the Stock Option is granted, except that the exercise price of an ISO granted to an employee who owns more than 10% of the total combined voting power of all classes of the stock of the Company or its subsidiaries may not be less than 110% of the fair market value of the underlying shares of Common Stock on the date of grant. On March 14, 2003, the fair market value of a share of Common Stock was \$20.66 per share.

The Committee determines the option exercise period for each Stock Option; provided, however, that the exercise period for an ISO may not exceed ten years from the date of grant and the exercise period for a NQSO may not exceed ten years and one day from the date of grant. In addition, the exercise period of an ISO granted to an employee who owns more than 10% of the total voting power of all outstanding stock of the Company or its subsidiaries may not exceed five years from the date of grant. The time when Stock Options become exercisable is determined by the Committee, in its sole discretion, and is specified in the Agreement. A Grantee may exercise a Stock Option by delivering a notice of exercise to the Committee with accompanying payment of the option price. The Grantee may pay the option price in cash, by delivering shares of Common Stock already owned by the Grantee and having a fair market value on the last trading day prior to the date of exercise equal to the option price or with a combination of cash and shares. The Grantee must pay the option price and the amount of any withholding tax due, if any, at the time of exercise. Shares of Common Stock are not to be issued or transferred upon exercise of the Stock Option until the option price and the withholding

obligation are fully paid.

Restricted Stock Grants. The Committee may issue or transfer shares of Common Stock under a Grant (a "Restricted Stock Grant") pursuant to the Equity Compensation Plan to officers and other key employees. Shares of Common Stock issued pursuant to a Restricted Stock Grant may be issued for consideration or for no consideration, and the Committee grants to each Grantee a number of shares of Common Stock determined in its sole discretion. The total number of shares of Common Stock subject to Restricted Stock Grants under the Equity Compensation Plan, as amended and restated, is not limited to any maximum. If a Grantee's employment terminates during the period, if any, designated in the Agreement as the period during which the transfer of the shares is restricted (the "Restriction Period"), the Restricted Stock Grant terminates with respect to all shares

11

covered by the Grant as to which the restrictions on transfer have not lapsed, and those shares of Common Stock must be immediately returned to the Company.

In addition, non-employee directors of the Company are entitled to receive grants of 875 shares of restricted stock each year on the first of the month following the annual meeting of shareholders. Shares granted to non-employee directors may not be sold for six months following the date of grant.

During the Restriction Period, a Grantee has all of the rights of a shareholder, including the right to vote and receive dividends, except that during the Restriction Period, a Grantee may not sell, assign, transfer, pledge or otherwise dispose of the shares of Common Stock to which such Restriction Period applies, except to a successor grantee in the event of the Grantee's death. All restrictions imposed under the Restricted Stock Grant lapse upon the expiration of the applicable Restriction Period. In addition, the Committee may determine as to any or all Restricted Stock Grants that all restrictions will lapse under such other circumstances as it deems equitable.

Non-Employee Director Grants. The Equity Compensation Plan provides that as of the first day of the month following the Company's annual meeting of shareholders, each non-employee director will receive a grant of 875 shares of Common Stock. Such shares shall not be sold for 6 months following the date of the grant. No other restrictions apply to such shares. Notwithstanding any other provision of the Equity Compensation Plan, this provision may not be amended more than once every 12 months, except for amendments necessary to conform the Equity Compensation Plan to changes of the provisions of, or the regulations relating to, the Code.

Dividend Equivalents. The Committee may grant dividend equivalents to officers and other key employees either alone or in conjunction with all or any part of any Stock Option granted under the Equity Compensation Plan. A dividend equivalent is equal to the dividend payable on a share of Common Stock of the Company. The Company will credit to an account maintained for the Grantee on its books and records an amount that is generally equal to the dividend equivalents subject to the Grant during the accumulation period designated by the Committee.

The amount of a dividend equivalent is determined by applying the following factors: (i) the number of dividend equivalents granted, (ii) the per-share cash dividend, or the per-share fair market value of any non-cash dividend, paid by the Company during the applicable accumulation period and (iii) the length of the applicable accumulation period designated by the Committee at the time of grant.

Edgar Filing: PHILADELPHIA SUBURBAN CORP - Form DEF 14A

Generally, a Grantee will receive payment of a percentage of his dividend equivalents as specified by the Committee at the time of grant, at the end of the performance period established by the Committee at the time of the grant. A performance period will generally be four years, but may be as long as eight years or as short as two years from the date of grant, depending on the performance criteria established by the Committee at the time of the grant. A Grantee's dividend equivalents may be subject to more than one performance period and more than one set of performance criteria.

Generally, no payments of dividend equivalents will be made before the end of the applicable performance period or periods or to any Grantee whose employment terminates before the end of the applicable performance period or periods for any reason other than retirement under the Company's or a subsidiary's retirement plan, death or total disability, unless the Committee, in its sole discretion, determines otherwise.

12

Payment of dividend equivalents, at the discretion of the Committee, may be made solely in cash, solely in credits to be applied toward payment of an exercisable related option or a combination of cash and such credits. A Grantee may also defer receipt of the payment of dividend equivalents, if he elects to do so on or before December 31 of the year preceding the beginning of the last full year of the applicable performance period.

Section 162(m). Under Section 162(m) of the Code, the Company may be precluded from claiming a federal income tax deduction for total remuneration in excess of \$1,000,000 paid to the chief executive officer or to any of the other four most highly compensated officers in any one year. Total remuneration includes amounts received upon the exercise of stock options granted under the Equity Compensation Plan, amounts received in connection with dividend equivalents granted under the Equity Compensation Plan and the value of shares received when the shares of restricted stock became transferable (or such other time when income is recognized). An exception exists, however, for "qualified performance-based compensation." The Equity Compensation Plan, is intended to allow grants of stock options to meet the requirements of "qualified performance-based compensation." Stock options should generally meet the requirements of "qualified performance-based compensation," if the exercise price is at least equal to the fair market value of the Common Stock on the date of grant.

Transferability. Grants are generally not transferable by the participant, except in the event of death. However, the Plan provides that the Committee may grant NQSOs that allow the participant to transfer the NQSOs on such terms as the Committee deems appropriate.

Amendment and Termination of the Equity Compensation Plan. The Equity Compensation Plan, originally approved by the shareholders of PSC on May 19, 1994, is scheduled to terminate on May 19, 2004. The proposed Amendment 2003-1 would extend the termination date for the Plan for the Plan for an additional ten years to May 15, 2014. The Board may amend or terminate the Equity Compensation Plan at any time; provided, however, that the Board may not, without shareholder approval, make any amendment that requires shareholder approval pursuant to Section 422 or 162(m) of the Code.

Amendment and Termination of Outstanding Grants. An amendment of the Equity Compensation Plan that occurs after a Grant is made will not result in the amendment of the Grant unless the Grantee consents or unless the Committee

Edgar Filing: PHILADELPHIA SUBURBAN CORP - Form DEF 14A

revokes a Grant, the terms of which are contrary to applicable law. The termination of the Equity Compensation Plan will not impair the power and authority of the Committee with respect to outstanding Grants.

Adjustment Provisions; Change of Control of the Company. If there is any change in the number or kind of shares of Common Stock through the declaration of stock dividends, or through a recapitalization, stock split, or combinations or exchanges of such shares, or merger, recapitalization or consolidation of the Company, reclassification or change in the par value or by reason of any other extraordinary or unusual event, the number of shares of Common Stock available for Grants and the number of such shares covered by outstanding Grants, the price per share or the applicable market value of such Grants or the terms and conditions applicable to dividend equivalents will be proportionately adjusted by the Committee to reflect any increase or decrease in the number or kind of issued shares of Common Stock.

In the event of a Change of Control of the Company, (i) all outstanding Stock Options will become immediately exercisable, (ii) all restrictions on the transfer of shares with respect to a Restricted Stock Grant

13

which have not, prior to such date, been forfeited will immediately lapse and (iii) all outstanding dividend equivalents which have not, prior to such date, been forfeited will become immediately payable, regardless of whether the applicable performance period has ended. A Change of Control of the Company will be deemed to have taken place with certain exceptions if (i) a person or group, other than the Company, one of its affiliates or one of its employee benefit plans acquires 20% or more of the Common Stock then outstanding or (ii) during any 24-month period, there is a change in the majority of the Board other than by approval of the Board immediately prior to such change.

Other Plan Provisions. A Grant under the Equity Compensation Plan will not be construed as conferring upon any Grantee a contract of employment or service, and such Grant will not confer upon the Grantee any rights upon termination of employment or service, other than certain limited rights as to the exercise of a Stock Option for a designated period of time following such termination.

Federal Income Tax Consequences. The current federal income tax treatment of grants under the Equity Compensation Plan is generally described below. Local and state tax authorities may also tax incentive compensation awarded under the Equity Compensation Plan, and tax laws are subject to change. Participants are urged to consult with their personal tax advisors concerning the application of the general principles discussed below to their own situations and the application of state and local tax laws.

Non-Qualified Stock Options. There are no federal income tax consequences to Grantees or to the Company upon the grant of an NQSO under the Equity Compensation Plan. Upon the exercise of NQSOs, Grantees will recognize ordinary compensation income in an amount equal to the excess of the fair market value of the shares at the time of exercise over the exercise price of the NQSO, and the Company generally will be entitled to a corresponding federal income tax deduction. Upon the sale of shares acquired by exercise of an NQSO, a Grantee will have a capital gain or loss in an amount equal to the difference between the amount realized upon the sale and the Grantee's adjusted tax basis in the shares (the exercise price plus the amount of ordinary income recognized by the Grantee at the time of exercise of the NQSO). The capital gain tax rate will depend on the length of time the shares were held and other factors.

Edgar Filing: PHILADELPHIA SUBURBAN CORP - Form DEF 14A

Incentive Stock Options. Grantees will not be subject to federal income taxation upon the grant or exercise of ISOs granted under the Equity Compensation Plan, and the Company will not be entitled to a federal income tax deduction by reason of such grant or exercise. However, the amount by which the fair market value of the shares at the time of exercise exceeds the Stock Option price (or the Grantee's other tax basis in the shares) is an item of tax preference subject to the alternative minimum tax applicable to the person exercising the ISO. A sale of shares acquired by exercise of an ISO that does not occur within one year after the exercise or within two years after the grant of the ISO generally will result in the recognition of capital gain or loss in the amount of the difference between the amount realized on the sale and the Stock Option price (or the Grantee's other tax basis in the shares), and the Company will not be entitled to any tax deduction in connection therewith. The capital gain tax rate will depend on the length of time the shares were held and other factors.

If such sale occurs within one year from the date of exercise of the ISO or within two years from the date of grant (a "disqualifying disposition") and is a transaction in which a loss, if sustained, would be recognized, the Grantee generally will recognize ordinary compensation income equal to the lesser of (i) the excess of the fair

14

market value of the shares on the date of exercise over the exercise price (or the Grantee's other tax basis in the shares), or (ii) the excess of the amount realized on the sale of the shares over the exercise price (or the Grantee's other tax basis in the shares). In the case of a disqualifying disposition where a loss, if sustained, would not be recognized, the Grantee will recognize ordinary income equal to the excess of the fair market value of the shares on the date of exercise over the Stock Option price (or the Grantee's other tax basis in the shares). Any amount realized on a disqualifying disposition in excess of the amount treated as ordinary compensation income (or any loss realized) will be a capital gain (or loss). The capital gain tax rate will depend upon the length of time the shares were held and other factors. The Company generally will be entitled to a tax deduction on a disqualifying disposition corresponding to the ordinary compensation income recognized by the Grantee.

Generally, where previously acquired Common Stock is used to exercise an outstanding ISO or NQSO, appreciation on such stock will not be recognized as income. However, if such Common Stock was acquired pursuant to the exercise of an ISO, a disqualifying disposition will be deemed to have occurred if such stock is used to exercise another ISO prior to the expiration of the applicable holding periods.

Restricted Stock. A Grantee normally will not recognize taxable income upon the award of a Restricted Stock Grant, and the Company will not be entitled to a deduction, until such stock is transferable by the Grantee or no longer subject to a substantial risk of forfeiture for federal tax purposes, whichever occurs earlier. When the Common Stock is either transferable or is no longer subject to a substantial risk of forfeiture, the Grantee will recognize ordinary compensation income in an amount equal to the fair market value of the Common Stock at that time, less any consideration paid by the Grantee for such Restricted Stock, and the Company will be entitled to a deduction in the same amount. A Participant may, however, elect to recognize ordinary compensation income in the year the Restricted Stock Grant is awarded in an amount equal to the fair market value of the Common Stock at that time, determined without regard to the restrictions. In this event, the Company will

Edgar Filing: PHILADELPHIA SUBURBAN CORP - Form DEF 14A

be entitled to a deduction in the same year, provided the Company complies with the applicable withholding requirements for federal tax purposes. Any gain or loss recognized by the Grantee upon subsequent disposition of the Common Stock will be capital gain or loss. If, after making the election, any Common Stock subject to a Restricted Stock Grant is forfeited, or if the market value declines during the Restriction Period, the Grantee is not entitled to any tax deduction or tax refund.

Non-Employee Directors Grants. Restricted Share Grants under the Equity Compensation Plan to non-employee directors will generally constitute taxable ordinary income to the director equal to the fair market value of the shares on the date of grant and the Company will be entitled to a tax deduction in the same amount. Any gain or loss recognized by the director upon subsequent disposition of the shares is a capital gain or loss and a long-term capital gain or loss if the directors have satisfied the applicable holding periods for the shares under the Code.

Dividend Equivalents. Generally, a Grantee will not recognize any income upon the grant of dividend equivalents and the Company will not be entitled to a deduction, until the Grantee receives payment of the dividend equivalent or the dividend equivalent payment is credited towards the exercise of a related Stock Option. At the time the dividend equivalent is paid to the Grantee or credited towards the exercise of a related Stock Option, the Grantee will recognize ordinary compensation income in the amount of the payment or credit and the Company will be entitled to a deduction in the same amount.

15

Section 162(m) of the Code. The Company's income tax deduction in any of the foregoing cases may be limited by the \$1,000,000 limit of Section 162(m) of the Code if the Grant does not qualify as "qualified performance-based compensation" under Section 162(m) of the Code.

Tax Withholding. The acceptance, exercise or surrender of a Grant will constitute a Grantee's full consent to whatever action the Committee deems necessary to satisfy any federal, state and local income and employment withholding tax obligations arising under the Equity Compensation Plan. The Company may require Grantees who exercise NQSOs or who possess shares of Common Stock as to which the restrictions on transfer have lapsed to remit an amount sufficient to cover the Grantee's federal, state and local withholding tax obligations associated with the exercise of such Grants. Grantees, upon the receipt of shares following the exercise of ISOs, are obligated to (i) immediately notify the Company of the disposition of any or all ISO shares within two years of the date of grant of the ISO or one year of the date of such exercise, and (ii) remit to the Company an amount sufficient to satisfy any withholding obligation arising from such disposition. If acceptable to the Committee, Grantees may deliver Common Stock or cash in order to satisfy all such withholding obligations.

Summary of Benefits under the Plan

The only changes proposed by the Amendment are the extension of the expiration date for the Plan for an additional ten years and an increase to the number of authorized shares under the Plan. The Amendment does not alter the considerations of the Committee with respect to grants under the Plan. For information with respect to grants to certain executive officers during the year ended December 31, 2002 under the Plan, see the table captioned "Option Grants in Last Fiscal Year" on page 29 and for information with respect to grants to the Company's non-employee directors, see page 33.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. In fulfilling its oversight responsibilities, the

Edgar Filing: PHILADELPHIA SUBURBAN CORP - Form DEF 14A

Committee reviewed the audited financial statements in the Annual Report with management, including a discussion of the quality of the accounting principles, practices and judgments; the reasonableness of significant judgments; the clarity of disclosures in the financial statements; the integrity of the Company's financial reporting processes and controls; and the selection and evaluation of the independent accountants, including the review of all relationships between the independent accountants and the Company.

The Committee reviewed with the independent accountants, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles in the United States of America, their judgments as to the quality of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards (including Statement on Auditing Standards No. 61). In addition, the Committee has discussed with the independent accountants the accountants' independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board (including Independence Standards Board Standard No. 1), and considered the compatibility of nonaudit services with the accountants' independence.

The Committee discussed with the Company's internal and independent accountants the overall scope and plans for their respective audits. The Committee meets with the internal and independent accountants, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held three (3) meetings during 2002.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2002 for filing with the SEC.

The Audit Committee has the authority to select, evaluate and, where appropriate, replace the Company's independent accountants. The Committee has selected PricewaterhouseCoopers LLP as the Company's independent accountants for the year ending December 31, 2003.

EXECUTIVE COMPENSATION

REPORT OF THE EXECUTIVE COMPENSATION AND EMPLOYEE BENEFITS COMMITTEE

Overall Objectives

Edgar Filing: PHILADELPHIA SUBURBAN CORP - Form DEF 14A

Philadelphia Suburban Corporation's executive compensation program is designed to motivate its senior executives to achieve the Company's goals of providing its customers with high quality, cost-effective, reliable water services and providing the Company's shareholders with a market-based return on their investment.

Toward that end, the program:

- o Provides compensation levels that are competitive with those provided by companies with which the Company may compete for executive talent.
- o Motivates key senior executives to achieve strategic business initiatives and rewards them for their achievement.
- o Creates a strong link between stockholder and financial performance and the compensation of the Company's senior executives.

In administering the executive compensation program, the Executive Compensation and Employee Benefits Committee (the "Committee") attempts to strike an appropriate balance among the above-mentioned objectives, each of which is discussed in greater detail below.

At present, the executive compensation program is comprised of three components: base salary, annual cash incentive opportunities and equity incentive opportunities. In determining the relative weighting of compensation components and the target level of compensation for the Company's executives, the Committee considers compensation programs of a peer group of companies. Because of the limited number of investor-owned water utilities from which comparable compensation data is available, the Committee utilizes survey data from a composite market ("Composite Market") compiled by a nationally recognized compensation consulting firm in assessing the competitiveness of the components of the Company's compensation program. The Composite Market for the base salary and annual cash incentive elements of the program consists of 25% water utilities, 25% other utilities and 50% general industrial businesses. There are ten water utilities in the water utilities portion of the Composite Market.

Due to continued consolidation in the investor-owned water utility industry, only one of the companies in the Composite Market was a publicly traded company of comparable size to the Company and this company has since been acquired and is no longer publicly-traded. Consequently, as of the proxy statement filed in 2000, the Company began using the Dow Jones Utility Index instead of the Edward Jones Water Utility Index as the peer group for the stock performance chart in the Company's proxy. None of the water utilities in the Composite Market is in the Dow Jones Utility Index.

Competitive compensation levels are targeted at the median of the third quartile range of compensation levels in the Composite Market, except for equity incentives, which are targeted at the 50th percentile of the

compensation consulting firm's data base of general industrial organizations, including utilities, that have long-term incentive programs.

Compensation Components

Base Salary

Edgar Filing: PHILADELPHIA SUBURBAN CORP - Form DEF 14A

To ensure that its pay levels are competitive, the Company, with the assistance of its compensation consultant, regularly compares its executive compensation levels with those of other companies and sets its salary structure in line with competitive data from the Composite Market. Individual salaries are considered for adjustment annually and any adjustments are based on general movement in external salary levels, individual performance, and changes in individual duties and responsibilities.

Cash Incentive Awards

The annual cash incentive plan is based on target incentive awards for each executive, which are stated as a percentage of their base salaries. Annual incentive awards for executive officers are calculated by a formula that multiplies the executive's target incentive percentage times a Company rating factor based on the Company's overall financial performance and an individual rating factor based on the executive's performance against established objectives. These factors can range from 0% to 125% for the Company rating factor and 0% to 150% for the individual rating factor. Each of these percentages are correlated with defined objectives and approved by the Committee each year. Regardless of the Company's financial performance, the Committee retains the authority to determine the final Company rating factor, and the actual payment and amount of any bonus is always subject to the discretion of the Committee.

Equity Incentives

As part of its review of the total compensation package for the Company's officers, the Committee, with the assistance of its compensation consulting firm, reviewed the Company's equity incentive compensation program. Given the importance of dividends to a utility investor, the consultant recommended using a combination of stock options with dividend equivalents to best link executive long-term incentives to corporate performance and shareholder interests.

Under the terms of the Company's 1994 Equity Compensation Plan, which was approved by the shareholders at the 1994 Annual Meeting, the Committee and the Board of Directors may grant stock options, dividend equivalents and restricted stock to officers, directors and key employees, and stock options to key consultants of the Company and its subsidiaries who are in a position to contribute materially to the successful operation of the business of the Company. The purpose of the Plan is to help align executive compensation with shareholder interests by providing the participants with a long-term equity interest in the Company. The Plan, we believe, provides the Company the ability to attract and retain employees of significant abilities.

Summary of Actions Taken by the Committee

Salary Increase

Under the Company's salary program, the base salary budget is based on salary levels for comparable positions in the Composite Market. The projected overall annual increase is based on annual salary budget

increase data reported by published surveys. Under these guidelines, actual salary increases are determined based on a combination of an assessment of the individual's performance and the individual's salary compared to the market. In the case of executive officers named in this Proxy Statement, the determination of salary levels is made by the Committee, subject to approval

Edgar Filing: PHILADELPHIA SUBURBAN CORP - Form DEF 14A

by the Board of Directors.

Mr. DeBenedictis' salary for 2002 was consistent with the target level for the CEO position within the Composite Market. Mr. DeBenedictis' salary for 2003, which was approved by the Board of Directors on February 4, 2003 and effective on April 1, 2003, is consistent with published salary survey information on salary levels and projected annual salary increases for 2003 and is based on the Committee's favorable assessment of his and the Company's performance.

Annual Incentive Award

At its February 3, 2003 meeting, the Committee determined the annual cash incentive awards to be made to the participants in the annual incentive plan. The awards were based on the Company's performance compared to its financial goal for 2002 as well as the participants' achievement of their individual objectives. The incentive awards to the Company's officers were approved by the Board of Directors on February 4, 2003. Mr. DeBenedictis' annual incentive compensation for 2002 was based on the Company's earnings and the Committee's assessment of Mr. DeBenedictis' individual performance. Mr. DeBenedictis' achievements in 2002 included growing revenues by 4.8%, increasing the customer base by 4% through 25 acquisitions and growth ventures, aggressively pursuing low interest financing and managing the operations efficiently (achieving an operating expense to revenue ratio of 36.6%, one of the lowest in the water industry) and effectively. In addition, the Committee noted that one of Mr. DeBenedictis' most significant accomplishments in 2002 was the successful re-distribution of the shares of the Company formerly held by Vivendi Environnement, S.A. and its affiliates through a broadly marketed public equity offering.

23

Equity Incentives

Effective June 17, 2002, the Committee approved the 2002 grant of incentive stock options and dividend equivalents under the Company's 1994 Equity Compensation Plan to its executive officers and other key employees at the fair market value on the date of grant for such stock options of \$20.81. Effective March 3, 2003, the Committee approved, under the Company's 1994 Equity Compensation Plan, grants of incentive stock options to certain key employees at the fair market value of the Company's stock on the date of grant for such stock options of \$20.81 and grants of dividend equivalents to the Company's executive officers. The options are exercisable in installments of one-third each year starting on the first anniversary of the date of grant and expire at the end of 10 years from the date of grant. The dividend equivalents will accumulate dividends over a period of four years. Mr. DeBenedictis received a grant of 55,000 options and dividend equivalents on June 17, 2002 and 55,000 dividend equivalents on March 3, 2003. At its March 3, 2003 meeting, the Committee also approved management's recommendation to reduce the performance period for the dividend equivalents granted in 2001 and 2002 by one year based on the Company's performance against the 2002 measurement criteria established by the Committee for this purpose at its June 17, 2002 meeting. The measurement criteria involve targets for earnings per share, dividends, total return to shareholders over a five-year period and customer growth.

At its meeting on June 17, 2002, the Committee approved grants of restricted stock under the Company's 1994 Equity Compensation Plan to certain key executives. These grants were as follows: Mr. DeBenedictis 16,500 shares; Mr.

Edgar Filing: PHILADELPHIA SUBURBAN CORP - Form DEF 14A

Coulter 1,000 shares; Mr. Stahl 2,000 shares; Mr. Smeltzer 2,000 shares; and Mr. Riegler 1,000 shares. The fair market value of the shares awarded on June 17, 2002 was \$20.81 based on the average of the opening and closing prices on the New York Stock Exchange on that date. 10,000 shares of Mr. DeBenedictis' grant will be released from restrictions under the grant on June 17, 2003 and 6,500 shares of Mr. DeBenedictis's grant and all of the shares granted to the other executives will be released from restrictions under the grant on March 17, 2003. At its meeting on March 3, 2003, the Committee approved a grant of 10,000 shares of restricted stock to Mr. DeBenedictis. Section 162(m) of the Internal Revenue Code generally precludes the deduction for federal income tax purposes of more than \$1 million in compensation paid to the Chief Executive Officer and the other officers named in the Summary Compensation Table in any one year, subject to certain specified exceptions. Given the nature of the stock option grants and the level of other compensation paid to the Chief Executive Officer and the other executive officers named in the Summary Compensation Table, the deduction limitation was inapplicable for 2002. While Philadelphia Suburban Corporation's executive compensation program is structured to be sensitive to the deductibility of compensation for federal income tax purposes, the program is principally designed to motivate senior executives to achieve the Company's goals. Therefore, the Company may determine that it is appropriate for a particular senior executive's compensation to be at a level that may limit the deductibility of such compensation. The Committee will address this limitation if and when it becomes applicable to the Company's compensation program.

Respectfully submitted,

- (1) The options listed in this column are qualified stock options granted at an exercise price equal to the fair market value of the Company's common stock on the date of grant under the Company's 1994 Equity Compensation Plan. Grants become exercisable in installments of one-third per year commencing on the first anniversary of the grant date. An equal number of dividend equivalents, with a four-year accumulation period, were awarded to the named individuals under the 1994 Equity Compensation Plan. The accrued value of the dividend equivalent awards for 1998 through 2002 is shown on the Summary Compensation Table.
 - (2) The exercise price for options granted is equal to the mean of the high and low sale prices of the Company's common stock on the New York Stock Exchange composite tape on the date the option is granted.
 - (3) The values in this column were determined using Black-Scholes Option Pricing Model. The actual value of stock options, if any, that may be realized will depend on the difference between the exercise price and the market price on the date of exercise. The estimated values under the Black-Scholes model are based on assumptions as to such variables as interest rates, stock price volatility and dividend yield. The key assumptions used in the Black-Scholes model valuation of the stock options are (i) an assumed dividend yield of 2.6%, (ii) a risk free rate of return of 4.9%, (iii) volatility of 34.2%, (iv) an exercise date of 5.5 years from the date of grant, and (v) no reduction in values to reflect non-transferability or other restrictions on the options. These assumptions are not a forecast of future dividend yield, stock performance or volatility.

CERTAIN COMPENSATION PLANS

Retirement Plan

The Retirement Plan for Employees of the Company and certain of its subsidiaries (the "Retirement Plan") is a defined benefit pension plan. In general, Company participants are eligible for normal pension benefits upon retirement at age 65 and are eligible for early retirement benefits upon retirement at age 55 with ten years of credited service. Under the terms of the Retirement Plan, a Company participant becomes fully vested in his or her accrued pension benefit after five years of credited service. Benefits payable to employees under the Retirement Plan are based upon "final average compensation", which is defined as the average cash compensation through the five highest consecutive years of the last ten full years preceding retirement.

The Employee Retirement Income Security Act of 1974, as amended, ("ERISA") imposes maximum limitations on the annual amount of pension benefits that may be paid under, and the amount of compensation that may be taken into account in calculating benefits under, a qualified, funded defined benefit pension plan such as the Retirement Plan. The Retirement Plan complies with these ERISA limitations. Effective December 1, 1989, the Board of Directors adopted an Excess Benefits Plan for Salaried Employees of the Company (the "Excess Plan"). The Excess Plan is a nonqualified pension benefit plan that is intended to provide an additional pension benefit to Company participants in the Retirement Plan and their beneficiaries whose benefits under the Retirement Plan are adversely affected by these ERISA limitations. In addition, deferred compensation is excluded from the Retirement Plan Compensation, but is included in the calculation of the Excess Benefits Plan. The benefit under the Excess Plan is equal to the difference between (i) the amount of the benefit the Company participant would have been entitled to under the Retirement Plan absent such ERISA limitations and including deferred compensation, and (ii) the amount of the benefit actually payable under the Retirement Plan.

The following tabulation shows the estimated annual pension payable pursuant to the Retirement Plan and the Excess Plan to Company employees, including employees who are directors or officers of the Company, upon retirement after selected periods of service. This table is provided for illustrative purposes only and does not reflect pension benefits presently due under the Retirement Plan or Excess Plan.

The Company's contributions to the Retirement Plan are computed on the basis of straight life annuities. The following executive officers listed in the Summary Compensation Table have the indicated number of completed years of service under the Retirement Plan, and would, upon retirement at age 65 on March 31, 2003, be entitled to a pension based on the remuneration level listed in the following table:

Name -----	Covered Remuneration -----	Completed Years of Credited Service -----
Nicholas DeBenedictis	\$622,125	11
Morrison Coulter	\$260,989	42
Roy H. Stahl	\$280,117	21
Richard R. Riegler	\$228,991	33
David P. Smeltzer	\$221,016	16

A Supplemental Executive Retirement Plan or SERP has been established for Mr. DeBenedictis. This Plan, which is nonqualified and unfunded, was approved by the Board of Directors in 1992 and is intended to provide Mr. DeBenedictis with a total retirement benefit, in combination with the Retirement Plan and Excess Plan, that is commensurate with the retirement benefits for the chief executive officers of other companies. Under the terms of the SERP, Mr. DeBenedictis will be eligible to receive a benefit at normal retirement equal to the difference between (i) the benefit to which he would otherwise be entitled under the Retirement Plan assuming he had 25 years of service and absent the ERISA limitations referred to above, and (ii) the benefit payable to him under the Retirement Plan and the Excess Plan. Under the terms of Mr. DeBenedictis' SERP, if his employment is terminated for any reason prior to age 65, he is entitled to receive a supplemental retirement benefit equal to the difference between (i) the benefit to which he would otherwise be entitled under the Retirement Plan assuming he was credited with two years of service for each of his first seven years of credited service and (ii) the benefit payable to him under the Retirement Plan and the Excess Plan. If Mr. DeBenedictis retires from the Company at age 65, the SERP is projected to

Edgar Filing: PHILADELPHIA SUBURBAN CORP - Form DEF 14A

provide an annual benefit of \$112,561.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Employment Contracts and Termination of Employment and Change of Control Arrangements

Under the terms of Mr. DeBenedictis' employment arrangement, if his employment is terminated by the Company for any reason other than his disability, death or for cause, he will be entitled to receive a severance payment equal to twelve months of his base compensation paid in twelve equal monthly installments without offset. In the event that the employment of any of the executive officers named in the Summary Compensation Table set forth above is terminated, actually or constructively, within two years following a change of control of the Company, the executive officers will be entitled to certain payments and benefits under agreements with the Company. Under the terms of these agreements, the Chief Executive Officer will be entitled to three times his average annual compensation and the other executive officers will be entitled to two times their average annual compensation, plus certain benefits for a period of three years for the Chief Executive Officer and two years for

32

the other executive officers. The agreement with the Chief Executive Officer also provides for reimbursement to him for the tax effects of certain payments and the transfer to him of a split dollar life insurance policy maintained by the Company on his life. Under the terms of the 1994 Equity Compensation Plan approved by the shareholders, outstanding stock options will become immediately exercisable, accrued dividend equivalents will become immediately payable and the restrictions on restricted stock grants shall immediately lapse upon certain change of control events.

Compensation of Directors

Directors who are full-time employees of the Company do not receive a retainer or fees for service on the Board of Directors or Committees of the Board. Members of the Board of Directors who are not full-time employees of the Company or any of its subsidiaries ("Non-employee Directors") receive an annual retainer fee of \$12,000, plus an annual grant of 875 shares of the Company's Common Stock. Directors also receive a fee of \$1,500 for attendance at each meeting of the Board of Directors of the Company and \$1,000 for attendance at each Committee meeting. In addition, each Committee Chairman who is a Non-employee Director receives an annual retainer fee of \$2,500. All directors are reimbursed for reasonable expenses incurred in connection with attendance at Board or Committee meetings. Directors are eligible to defer part or all of their fees under the Company's Director Deferral Plan. Amounts deferred accrue interest at the prime interest rate plus 0.5% or may be deemed invested in the Company's Common Stock at a 5% discount. Amounts deferred are not funded.
