## **Item 8.01 Other Events**

On October 3, 2005, Brandywine Realty Trust (“Brandywine”), together with its operating subsidiary, Brandywine Operating Partnership, L.P. (“Brandywine OP”), entered into an agreement and plan of merger (the “Merger Agreement”) that provides for the acquisition of Prentiss Properties Trust (“Prentiss”) and its operating subsidiary, Prentiss Properties Acquisition Partners, L.P. (“Prentiss OP”). On October 4, 2005, we filed a Current Report on Form 8-K (the “October 4 Form 8-K”) that included a copy of the Merger Agreement as Exhibit 2.1 and provided information relating to the transactions provided for in and contemplated by the Merger Agreement.

As we indicated in the October 4 Form 8-K, the Merger Agreement and related documents provide for the acquisition by designees of The Prudential Insurance Company of America of certain of the Prentiss properties. The documents provided that the Prudential property acquisition would occur on either the day before, or the day of, the closing of the merger, with the precise timing dependent on whether we received a private letter ruling from the Internal Revenue Service that we agreed to apply for. Because we received the private letter ruling, the Prudential property acquisition will occur on the closing date of the merger.

Completion of the merger is subject to customary closing conditions, including, but not limited to, the approval by the shareholders of Brandywine and Prentiss. The Merger Agreement contains customary termination rights for both Brandywine and Prentiss and provides that upon termination of the agreement in certain circumstances, Prentiss or Brandywine would be required to pay liquidated damages.

Historical financial statements of Prentiss and pro forma financial information of Brandywine OP are included in this report in response to Item 9.01 below. This Form 8-K/A is an amendment to the October 4 Form 8-K.

### **Additional Information about the Merger and Where to Find It**

Brandywine and Prentiss filed with the Securities and Exchange Commission a registration statement on Form S-4 that contains a joint proxy statement/prospectus and other documents regarding the mergers provided for in the Merger Agreement. Investors and security holders are urged to read the proxy statement/prospectus because it contains important information about Brandywine and Prentiss and the proposed mergers. Investors and security holders may obtain a free copy of the definitive joint proxy statement/prospectus and other documents filed by Brandywine and Prentiss with the Securities and Exchange Commission at the Securities and Exchange Commission’s web site at [www.sec.gov](http://www.sec.gov). The definitive proxy statement/prospectus and other relevant documents may also be obtained free of charge by directing a request to Brandywine Realty Trust, 401 Plymouth Road, Suite 500, Plymouth Meeting, PA 19462, Attention Investor Relations, (telephone 610-325-5600) or Prentiss Properties Trust, 3890 W. Northwest Highway, Suite 400, Dallas, Texas 75220, Attention: Investor Relations (telephone 214-654-0886).

Brandywine and Prentiss and their respective trustees and executive officers may be deemed to be participants in the solicitation of proxies from the shareholders of Brandywine and Prentiss in connection with the merger. Information about Brandywine and its trustees and executive officers, and their ownership of Brandywine securities, is set forth in the proxy statement for Brandywine’s 2005 Annual Meeting of Shareholders, which was filed with the SEC on April 1, 2005. Information about Prentiss and its trustees and executive officers, and their ownership of Prentiss securities, is set forth in the proxy statement for the 2005 Annual Meeting of Shareholders of Prentiss, which was filed with the SEC on April 5, 2005. Additional information regarding the interests of those persons may be obtained by reading the proxy statement/prospectus.

This communication shall not constitute an offer to sell or the solicitation of an offer to sell or the solicitation of an offer to buy any securities, nor shall there be any sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction. No offering of securities shall be made except by means of a prospectus meeting the requirements of Section 10 of the Securities Act of 1933, as amended.

**BRANDYWINE OPERATING PARTNERSHIP**

**UNAUDITED PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS**

On October 3, 2005, Brandywine Realty Trust (collectively with Brandywine Operating Partnership, "Brandywine") and Prentiss Properties Trust ("Prentiss") agreed to combine their businesses by merging Prentiss and a subsidiary of Brandywine under the terms of the merger agreement attached as Exhibit 2.1 to our current report on Form 8-K filed with the SEC on October 4, 2005. We encourage you to read the merger agreement carefully and in its entirety.

Upon completion of the REIT Merger, each Prentiss common share will be converted into the right to receive \$21.50 in cash and 0.69 of a Brandywine Realty Trust common share. Cash will be paid in lieu of fractional shares. Because the portion of the merger consideration to be received in Brandywine Realty Trust common shares is fixed, the value of the consideration to be received by Prentiss common shareholders in the merger will depend upon the market price of Brandywine Realty Trust common shares at the time of the REIT Merger. The REIT Merger will be accounted for using the purchase method of accounting in accordance with Statement of Financial Accounting Standards No. 141, "Business Combinations."

As part of the merger transaction, Brandywine and Prentiss have entered into agreements with The Prudential Insurance Company of America ("Prudential"). These agreements provide for the acquisition by Prudential of Prentiss properties that contain up to an aggregate of approximately 4.32 million net rentable square feet for total consideration of up to approximately \$747.7 million (including assumption of certain related secured debt obligations) (the "Prudential Acquisition"). In accordance with the merger agreement, we applied for and received a private letter ruling from the Internal Revenue Service and, accordingly, the Prudential Acquisition will be consummated immediately after the closing of the REIT Merger. Consummation of the Prudential Acquisition is contingent upon consummation of the REIT Merger.

The accompanying unaudited pro forma consolidated financial statements have been prepared based on certain pro forma adjustments to the historical consolidated financial statements of Brandywine Operating Partnership and Prentiss as of September 30, 2005 and for the nine months then ended and for the year ended December 31, 2004 to give effect for certain material transactions already completed or contemplated by Brandywine and Prentiss separately or as part of the REIT Merger/Prudential Acquisition including the following:

**Brandywine**

- Impact of material acquisitions completed in 2004  the acquisition of the Rubenstein portfolio in September of 2004
- Financing and capital transactions (including equity offerings) completed in connection with financing these acquisitions
- Redemption of Brandywine preferred securities in 2004

**Prentiss**

- Impact of material acquisitions completed in 2004/2005
- Completed dispositions of properties including certain of the properties in Chicago, Illinois; Southfield, Michigan; and Dallas, Texas to which Prentiss had committed to a plan to sell
- Financing and capital transactions completed in connection with financing these acquisitions or the use of proceeds from sales
- Certain reclassifications to Prentiss's historical financial statement presentations to conform with Brandywine's financial statement presentation
- Redemption of Prentiss preferred securities in 2004

**REIT Merger/Prudential Acquisition**

- Impact of Prudential Acquisition
- Effects of REIT Merger including financing transactions, issuance of shares by Brandywine Realty Trust, issuance of Class A units by Brandywine Operating Partnership, assumption of debt and application of purchase accounting.

The historical consolidated financial statements of Brandywine Operating Partnership are contained in the company's annual report on Form 10-K, quarterly reports on Form 10-Q and/or Form 10-Q/A, current reports on Form 8-K and other information on file with the Securities and Exchange Commission and incorporated by reference into this document. Certain historical consolidated financial statements of Prentiss are included in Exhibit 99.1 and Exhibit 99.2. The unaudited pro forma consolidated financial statements should be read in conjunction with, and are qualified in their entirety by, the notes thereto and the historical consolidated financial statements of both Brandywine Operating Partnership and Prentiss, including the respective notes thereto.

The accompanying unaudited pro forma consolidated balance sheet as of September 30, 2005 has been prepared as if the completed or proposed transactions described above occurred as of that date. The accompanying unaudited pro forma consolidated statements of operations for the nine months ended September 30, 2005 and for the year ended December 31, 2004 have been prepared as if the completed or proposed transactions described above had occurred as of January 1, 2004. The unaudited pro forma consolidated financial statements do not purport to be indicative of the financial position or results of operations that would actually have been achieved had the completed or proposed transactions described above occurred on the dates indicated or which may be achieved in the future.

In the opinion of Brandywine's management, all significant adjustments necessary to reflect the effects of the completed or proposed transactions described above that can be factually supported within the Securities and Exchange Commission regulations covering the preparation of pro forma financial statements have been made. The pro forma adjustments and the purchase price allocation as presented are based on estimates and certain information that is currently available to Brandywine's management. Such pro forma adjustments and the purchase price allocation could change as additional information becomes available, as estimates are refined or as additional events occur. Brandywine's management does not anticipate that there will be any significant changes in the total purchase price as presented in these unaudited pro forma consolidated financial statements.

The unaudited pro forma consolidated financial statements do not give effect to (i) any transaction other than those described above, (ii) the results of operations of Brandywine Operating Partnership or Prentiss since September 30, 2005, (iii) certain cost savings and one-time charges expected to result from the transactions described above which have not already been completed and whose effects are not reflected in the historical financial statements of Brandywine Operating Partnership or Prentiss and (iv) the results of final valuations of the assets and liabilities of Prentiss, including property and intangible assets. We are currently developing plans to integrate the operations of the companies, which may involve various costs and other charges that may be material. We will also revise the allocation of the purchase price when additional information becomes available. Accordingly, the pro forma consolidated financial information does not purport to be indicative of the financial position or results of operations as of the date of this joint proxy statement/prospectus, as of the effective date of the Mergers and the Prudential Acquisition, any period ending at the effective date of the Mergers and the Prudential Acquisition or as of any other future date or period. The foregoing matters could cause both Brandywine's pro forma financial position and results of operations, and Brandywine Operating Partnership's actual future financial position and results of operations, to differ materially from those presented in the following unaudited pro forma consolidated financial statements.

[Back to Contents](#)**(B) Dispositions**

Subsequent to September 30, 2005, Prentiss sold six properties (the "Dispositions") as detailed below. Prentiss recorded gains from the sale of the Dispositions totaling approximately \$23.5 million. The sale proceeds totaling \$74.3 million along with additional borrowings of \$142.2 million from Prentiss's revolving credit facility were used to defease two separate mortgage loans with a combined principal balance of \$204.2 million and to fund \$12.3 million of debt extinguishment costs.

			6	1,025	\$ 53,425	\$ 2,615	\$ 74,300

The pro forma consolidated balance sheet is presented as if each of the Dispositions were sold as of September 30, 2005. The properties related to the Prudential Acquisition have not been reclassified as held for sale because the Prudential Acquisition is contingent upon the approval of the REIT Merger.

**(C)** In the merger, each Prentiss common share (other than shares held by Prentiss in trust or otherwise designated for participants in and beneficiaries of the Prentiss deferred compensation plan (which will be converted solely into Brandywine Common Shares) and other than any other shares owned by Prentiss, Brandywine or their direct or indirect wholly-owned subsidiaries (which will be cancelled)) shall be converted into the right to receive:

□ \$21.50 in cash, and

□ 0.69 of a Brandywine Realty Trust common share.

No change will be made to the 0.69 exchange ratio for the exchange of Prentiss common shares for Brandywine Realty Trust common shares in the REIT Merger. Because the market value of Brandywine Realty Trust common shares will fluctuate before and after the closing of the REIT Merger, the value of the consideration that holders of Prentiss common shares will receive in the REIT Merger will fluctuate as well.

Brandywine Realty Trust will contribute to the Brandywine Operating Partnership the common shares that are issuable in the merger. In exchange for each Brandywine Realty Trust common share so contributed, Brandywine Operating Partnership will issue to Brandywine Realty Trust a common unit.

For purposes of the unaudited pro forma consolidated balance sheet presentation, the total purchase price is based on the number of outstanding Prentiss common shares, Prentiss Operating Partnership common units, restricted shares and share options outstanding at September 30, 2005, as adjusted below, and an average trading price per Brandywine Realty Trust common share of \$29.54. The average trading price is based on the average of the high and low trading prices for each of the two trading days before, the day, and the two trading days after the merger was announced (September 29, September 30, October 3, October 4, and October 5, 2005).

The calculation of the pro forma outstanding Prentiss common shares and Prentiss Operating Partnership units included in the calculation of the merger consideration is as follows:

	49,393,623	1,794,979
	49,393,623	1,794,979

Prentiss has outstanding options that had been granted to its employees and trustees. The terms of the REIT Merger provide for a cash settlement or exchange of these options for Brandywine Realty Trust options. It is anticipated that the majority of holders will elect cash settlement and, accordingly, these pro forma financial statements assume the cash settlement is elected for all options and such amounts are financed with additional borrowings. As such neither shares nor related options relating to these grants are reflected in the outstanding basic or diluted shares.

As of September 30, 2005, Prentiss had 2,823,585 Series D preferred shares outstanding which were convertible into Prentiss common shares at a rate of \$26.50 per share. The holder of these shares converted the preferred shares into Prentiss common shares in November 2005 and these pro forma financial statements reflect such conversion.

In the REIT Merger the Prentiss shareholders and unitholders would receive their respective transaction consideration as follows (with the Prudential Acquisition closing immediately after the merger):

	<b>Merger Cash Consideration</b>	<b>Implied Share Value</b>	<b>Total</b>
Prentiss Shareholders	\$ 21.50	\$ 21.50(a)	\$ 43.00

consideration from Prudential.

- C-2 Fair market value adjustment to Prentiss' s real estate assets held for investment based on Brandywine' s purchase price allocation.
- C-3 Adjustment to eliminate Prentiss' s historical accumulated depreciation.
- C-4 Adjustment to reflect the assumption that the cash consideration from the Prudential Acquisition is used as a source to fund the closing of the merger.
- C-5 Adjustment to eliminate Prentiss' s straight-line rent balance.
- C-6 Prentiss' s investments in operating joint ventures have been adjusted to their estimated fair value as of September 30, 2005. The same valuation methods used for the direct owned real estate assets of Prentiss were used in calculating this adjustment.
- C-7 Adjustment to eliminate Prentiss' s capitalized debt issuance costs and capitalized leasing costs totaling \$48.4 million and to reflect the capitalization of issuance costs associated with debt issued and assumed in the merger of \$5.8 million.
- C-8 Adjustment to Prentiss' s historical balance of intangible assets are as follows:

Elimination of historical Prentiss intangible amounts	\$ (42,011)
Recognition of intangible value of acquired in place leases / tenant relationships	266,288
Recognition of asset associated with the acquired in place leases that have above market lease rates	56,895
	\$ 281,172

- C-9 Adjustments to Prentiss as Further Adjusted balance of mortgage notes payable are as follows:

Elimination of historical Prentiss mortgage notes payable that will be repaid at closing of the merger	\$ (104,018)
Elimination of historical Prentiss fair value adjustment on mortgage notes payable	(3,836)
Reflects the estimated fair value adjustment based on Brandywine' s estimates of the interest rates that would be available to Brandywine for the issuance of debt with similar terms and remaining maturities. The interest rates on the assumed debt are considered to be above market.	11,572
	\$ (96,282)

- C-10 Net borrowings under lines of credit are assumed to: (i) fund the aggregate cash merger consideration of \$1,062.0 million; (ii) other estimated fees and other expenses of the merger aggregating \$95.8 million; (iii) fund the assumed payment of Prentiss' s accrued dividend payable as of September 30, 2005 of \$28.5 million; (iv) fund the assumed cash redemption of outstanding Prentiss options of approximately \$8.4 million; and (v) fund the repayment of mortgage notes payable of \$104.0 million. Brandywine expects to: (i) borrow \$750 million on an unsecured facility with a term of 364 days from the closing of the merger; (ii) borrow \$175 million on an unsecured short-term bridge financing; (iii) use proceeds of \$676.5 million from the Prudential Acquisition; and (iv) use its existing revolving line of credit. The bridge financing is expected to be repaid using the proceeds from the sale of certain assets and the \$750 million unsecured facility is expected to be repaid from the proceeds of long term financings.

- C-11 Adjustment to reflect the assumed payment of accrued dividends before closing.
- C-12 Adjustment to eliminate Prentiss's historical liability for acquired below market leases of \$10.1 million and to reflect the recognition of a liability associated with the acquired in place leases that have below market lease rates of \$36.5 million.
- C-13 Adjustment to reflect the change in minority interest in the operating partnership based on the value of units to be issued to Prentiss unitholders and the fair market value of minority interest holders in other consolidated partnerships, as follows (in thousands):

	<b>Prentiss Operating Partnership Units</b>	<b>Other minority interests</b>	<b>Total</b>

- C-14 Adjustments represent the elimination of historical Prentiss balances and the issuance of Brandywine Realty Trust common shares in the merger. Brandywine Realty Trust will contribute to the Brandywine Operating Partnership the common shares that are issuable in the merger. In exchange for each Brandywine Realty Trust common share so contributed, Brandywine Operating Partnership will issue to Brandywine Realty Trust a common unit.

**(D)** On September 21, 2004, Brandywine completed the acquisition of 100% of the partnership interests in The Rubenstein Company, L.P. (the "Rubenstein Acquisition"). Pro forma information relating to the Rubenstein Acquisition is presented as if the acquisition and the related financing transactions occurred on January 1, 2004. Through the acquisition, Brandywine acquired 14 office properties (the "TRC Properties") located in Pennsylvania and Delaware that contain approximately 3.5 million net rentable square feet. The results of TRC's operations have been included in Brandywine Operating Partnership's consolidated financial statements since that date.

The aggregate consideration for the Rubenstein Acquisition was \$631.3 million including \$29.3 million of closing costs, debt prepayment penalties and debt premiums that are included in the basis of the assets acquired. The consideration was paid with \$540.4 million of cash, \$79.3 million of debt assumed, \$1.6 million of other liabilities assumed, and 343,006 Brandywine Operating Partnership Class A Units valued at \$10.0 million. The value of the debt assumed was based on prevailing market rates at the time of acquisition. The value of the Brandywine Operating Partnership Class A Units was based on the average trading price of the Brandywine Realty Trust's common shares immediately prior to closing.

The unaudited pro forma consolidated financial information gives effect to:

- The Rubenstein Acquisition;
- Brandywine Realty Trust's September 2004 issuance of 7,750,000 common shares used to fund the Rubenstein Acquisition
- Brandywine Operating Partnership's repayment of an existing \$100 million term loan facility in September 2004

- Brandywine Operating Partnership's issuance in October 2004, of \$275.0 million of its 2009 4.5% unsecured notes (the "2009 Notes") and \$250.0 million of its 2014 5.4% unsecured notes (the "2014 Notes") in an underwritten public offering. Brandywine Operating Partnership received net proceeds, after discounts, of approximately \$520.1 million. Brandywine Realty Trust and certain of the wholly-owned subsidiaries of

Edgar Filing: PRENTISS PROPERTIES TRUST/MD - Form 425

Brandywine Operating Partnership fully and unconditionally guaranteed the payment of principal and interest on the Notes. In anticipation of the issuance of the Notes, Brandywine entered into treasury lock agreements with notional amounts totaling \$194.8 million with an expiration of 5 years at an all-in rate of 4.8% and with notional amounts totaling \$188.0 million with an expiration of 10 years at an all-in rate of 5.6%. Upon issuance of the Notes, Brandywine terminated the treasury lock agreements at a total cost of \$3.2 million that will be amortized to interest expense over the life of the respective Notes.

- Brandywine Operating Partnership's sale in December 2004 of \$113.0 million aggregate principal amount of its 2008 unsecured notes (the "2008 Notes") to a group of institutional investors. The 2008 Notes bear interest from their date of issuance at the fixed rate of 4.34% per annum and mature on December 14, 2008.
- Actual repayments on Brandywine's revolving credit facility of \$200.0 million in October 2004 as a result of the above transactions to decrease interest expense.
- Elimination of a preferred share redemption/conversion benefit of \$4.5 million relating to the redemption of previously outstanding preferred shares of Brandywine in 2004.

(E) During the year ended December 31, 2004, Prentiss acquired six office buildings totaling approximately 2.1 million net rentable square feet that are included in Prentiss's income from continuing operations (collectively, the "2004 Acquired Properties"). Two additional properties totaling approximately 0.2 million net rentable square feet were acquired by Prentiss in 2004, the operations of which are now classified in income from discontinued operations. During 2005, Prentiss acquired seven office buildings totaling approximately 1.2 million net rentable square feet (collectively, the "2005 Acquired Properties," and together with the 2004 Acquired Properties, the "Acquired Properties"). Information related to the Acquired Properties is included in the table below:

Aggregate consideration for the Acquired Properties was paid with borrowings under Prentiss's revolving credit facility of \$327.4 million, debt assumed of \$116.0 million, the issuance of Prentiss Operating Partnership common units valued at \$21.2 million and contributions from limited partners of \$41.5 million. The value of the

debt assumed was based on prevailing market rates at the time of acquisition. The value of the Prentiss Operating Partnership common units was based on the closing price of Prentiss common shares on the acquisition date.

The operating results for the 2004 Acquired Properties since the date of acquisition are already included in Prentiss's historical results from operations. The pro forma amounts below represent the additional amounts necessary to reflect the results of the Acquired Properties for the period from January 1, 2004 through the acquisition date for the 2004 Acquired Properties and for the entire year ended December 31, 2004 for the 2005 Acquired Properties.

Concurrent with the acquisition of Cityplace, 7-Eleven, Inc. executed a three year lease for annual rental revenues of approximately \$10.3 million and Prentiss assumed the subleases. - E-2 Reflects adjustments to exclude historical property management fees paid to third parties (through the dates of acquisition) because the Acquired Properties subsequent to acquisition are managed by an entity affiliated with Prentiss.
- E-3 Reflects adjustments to reflect depreciation and amortization related to the Acquired Properties. Purchase price allocated to buildings and improvements is amortized over their estimated useful lives of 40 years. Purchase price allocated to other tangible and intangible real estate related assets is amortized over the estimated useful lives ranging from 1 to 11 years.
- E-4 Reflects the additional interest costs for the year ended December 31, 2004 that would have been incurred had the Acquired Properties been acquired on January 1, 2004. The increased interest cost results from \$116.0 million of debt assumed with the Acquired Properties and \$327.4 million of borrowings under Prentiss's revolving credit facility. The increase in interest cost from the debt assumptions is partially offset in the pro forma adjustments by the amortization of the fair value adjustment to the debt assumed. Interest costs from additional borrowings under Prentiss's revolving credit facility are based on 30-day LIBOR of 4.10% plus 95 basis points. Each 1/8<sup>th</sup> of 1% increase in the annual interest rate of the revolving credit facility will increase interest expense by approximately \$0.3 million.
- E-5 On May 2, 2005, Prentiss completed a transaction in which it acquired the remaining 75% interest in the properties owned by Tysons International Partners, a joint venture that prior to the transaction was owned 25% by Prentiss and 75% by an unrelated third party. Concurrent with the acquisition of the remaining 75%, the results of operations were consolidated with and into the accounts of Prentiss. The adjustment reflects the elimination of equity in income from Tyson International Partners that was recognized by Prentiss prior to the acquisition.

E-6 Reflects the allocation of earnings to the minority interests in the Prentiss Operating Partnership and subsidiaries of the Operating Partnership as a result of the pro forma adjustments based on weighted average minority interest ownership percentages for the period.

(F) As previously described in footnote (B) to the consolidated pro forma balance sheet, subsequent to September 30, 2005, Prentiss sold six properties containing approximately 1.0 million net rentable square feet (the "Dispositions"). In addition to the Dispositions, Prentiss disposed of 13 properties containing approximately 1.8 million net rentable square feet during the period January 1, 2004 through September 30, 2005, (which when combined with the Dispositions are referred to herein as the "Disposition Properties"). The operations of each of the Disposition Properties along with interest expense on mortgage loans collateralized by certain of the Disposition Properties is included in income from discontinued operations in the Prentiss historical consolidated statement of operations for the year ended December 31, 2004 and thus is excluded from income from continuing operations in the both the Prentiss historical consolidated statement of operations and the pro forma consolidated statement of operations for the year ended December 31, 2004.

The pro forma interest adjustment represents an interest expense savings for the period prior to sale, resulting from the extinguishment of debt obligations with \$313.7 million of proceeds from the Disposition Properties. The extinguishment of debt included the defeasance of two loans totaling approximately \$204.2 million along with related extinguishment cost of \$12.3 million and the repayment of \$97.2 million of Prentiss' credit facility.

The pro forma adjustment to minority interest attributable to continuing operations reflects the allocation of earnings to the minority interests in the Prentiss Operating Partnership and subsidiaries of the Prentiss Operating Partnership as a result of the pro forma adjustments based on weighted average minority interest ownership percentages for the period.

- G-4 Reflects the additional interest costs for the nine month period ended September 30, 2005 that would have been incurred by Prentiss had the properties been acquired on January 1, 2005, offset by an adjustment to remove an \$8.8 million non-recurring charge resulting from early prepayment of debt in connection with the acquisition of Tysons International Properties. The increased interest cost results from \$68.3 million of debt assumed with the Acquired Properties and \$156.9 million of borrowings under Prentiss's revolving credit facility. The increase in interest cost from the debt assumptions is partially offset in the pro forma adjustments by the amortization of the fair value adjustment to the debt assumed. Interest costs from additional borrowings under Prentiss's revolving credit facility are based on 30-day LIBOR of 4.10% plus 95 basis points. Each 1/8<sup>th</sup> of 1% increase in the annual interest rate of the revolving credit facility will increase interest expense by approximately \$0.1 million.
- G-5 Reflects the equity in income of Tysons International Properties before the acquisition.
- G-6 Reflects the 49% minority interest in pro forma net income of the President's Plaza Properties and the 1333 Broadway Property. Also reflects the adjustment to minority interest due to holders of Prentiss Operating Partnership common units based on the pro forma net income change and the additional Operating Partnerships common units issued in the Concord Airport Plaza acquisition.

**(H)** The operations of each of the Disposition Properties that were sold subsequent to December 31, 2004 along with interest expense on mortgage loans collateralized by the related Disposition Properties is included in income from discontinued operations in the Prentiss historical consolidated statement of operations for the nine months ended September 30, 2005 and thus is excluded from income from continuing operations in the both the Prentiss historical consolidated statement of operations and the pro forma consolidated statement of operations for the nine months ended September 30, 2005.

## Edgar Filing: PRENTISS PROPERTIES TRUST/MD - Form 425

The pro forma interest adjustment represents an interest expense savings resulting from the extinguishment of debt obligations with \$203.8 million of proceeds from the Disposition Properties sold subsequent to December 31, 2004. The extinguishment of debt included the defeasance of two loans totaling approximately \$204.2 million along with related extinguishment cost of \$12.3 million. The incremental portion of the defeasance was financed with additional borrowings of \$12.7 million under Prentiss' credit facility.

The pro forma adjustment to minority interest attributable to continuing operations reflects the allocation of earnings to the minority interests in the Prentiss Operating Partnership and subsidiaries of the Prentiss Operating Partnership as a result of the pro forma adjustments based on weighted average minority interest ownership percentages for the period.

**(I)** Rents are adjusted to: (i) remove Prentiss's historical straight-line rent adjustment; (ii) recognize the total minimum lease payments provided under the acquired leases on a straight-line basis over the remaining term as if the merger had occurred on January 1, 2004; and (iii) include amortization of the asset and liability created at the merger date associated with acquired leases where the net present value was assumed to be favorable or unfavorable to relative estimated market rates as if the merger had occurred on January 1, 2004.

**(J)** Represents the increase in depreciation and amortization expense as a result of the step-up in basis to record Prentiss's real estate at the estimated fair value as if the merger had occurred on January 1, 2004 and the increase in amortization expense related to intangible assets associated with acquired leases that were recognized under purchase accounting. Allocations of the step-up to fair value were estimated between depreciable and non-depreciable components based on the asset type and market conditions. An estimated useful life of 40 years was assumed to compute the adjustment to real estate depreciation. For assets and liabilities associated with the value of in place leases, the amortization expense was calculated over the remaining terms of the leases.

**(K)** Management of Brandywine expects that the merger will create operational and general and administrative cost savings, including property management costs, costs associated with corporate administrative functions and executive compensation. There can be no assurance that Brandywine will be successful in achieving these anticipated cost savings. No estimate of these expected future cost savings has been included in the pro forma financial statements. Such adjustments cannot be factually supported within the Securities and Exchange Commission regulations governing the preparation of pro forma financial statements until such time as the operations of the two companies have been fully integrated.

**(L)** Adjustments to interest expense are as follows (in thousands):

	Principal Balance	Weighted Average Interest Rate	Impact on Pro forma Interest Expense	
			Year ended December 31, 2004	Nine Months ended September 30, 2005
Estimated incremental unsecured borrowing at LIBOR plus spread	\$ 622,181	5.00%	\$ 31,109	\$ 23,332
Impact of secured loans to be prepaid after September 30, 2005	(104,019)	6.40%	(6,654)	(4,991)
Eliminate historical premium amortization on assumed debt			589	442
Add amortization of new debt premium in purchase accounting			(2,731)	(2,048)
			<u>\$ 22,313</u>	<u>\$ 16,735</u>

F-18

The pro forma increase in interest expense as a result of the assumed issuance of new debt in the merger is calculated using current market rates (LIBOR of 4.10%) as if the borrowings had been outstanding as of

Edgar Filing: PRENTISS PROPERTIES TRUST/MD - Form 425

January 1, 2004. Each 1/8 of 1% increase in the annual interest rate assumed with respect to the debt will increase the pro forma interest expense by \$0.8 million for the year ended December 31, 2004 and \$0.6 million for the nine months ended September 30, 2005.

**(M)** Adjustment to reflect the pro forma impact of assuming that on January 1, 2004, all Prentiss Operating Partnership units converted to Brandywine Operating Partnership units. In Prentiss's historical financial statements, earnings attributable to holders of Prentiss Operating Partnership units were included in "Minority Interest attributable to continuing operations". As a result of the Prentiss Operating Partnership units converting to Brandywine Operating Partnership units, those earnings have been adjusted out of "Minority Interest attributable to continuing operations" and included in Income (loss) allocated to Common Units.

**(N)** During the year ended December 31, 2004 and the nine months ended September 30, 2005, Prentiss had outstanding Series D preferred shares which were convertible into Prentiss common shares at a rate of \$26.50 per share. The holder of these shares converted the preferred shares into Prentiss common shares in 2005 and these pro forma financial statements reflect such conversion as if it occurred on January 1, 2004, and the related preferred distributions have been removed. Also eliminated from the income allocated to preferred shares is a charge of approximately \$1.6 million relating to the redemption of previously outstanding preferred shares of Prentiss in 2004.

**(O)** Adjustment to reflect the pro forma impact of earnings historically attributed to Prentiss common shareholders being allocated to Brandywine Operating Partnership unitholders.

**(P)** The calculations of basic and diluted earnings from continuing operations attributable to common units per unit are as follows:
