**TO THE SHAREHOLDERS OF
FLORIDA ROCK INDUSTRIES, INC.**

FLORIDA ROCK MERGER PROPOSED YOUR VOTE IS VERY IMPORTANT

Dear Shareholder,

After careful consideration, the board of directors of Florida Rock Industries, Inc. (Florida Rock), by a unanimous vote of directors voting, has adopted an agreement and plan of merger with Vulcan Materials Company (Vulcan). As part of the transaction, Florida Rock and Vulcan will become subsidiaries of Virginia Holdco, Inc., a new holding corporation (Holdco), and Florida Rock common shareholders will have the right to elect to receive either \$67.00 in cash, without interest, or 0.63 of a share of Holdco common stock for each share of Florida Rock common stock that they own. The elections are subject to proration so that, in the aggregate, 70% of all outstanding shares of Florida Rock common stock will be exchanged for cash and 30% of all outstanding shares of Florida Rock common stock will be exchanged for shares of Holdco common stock. In addition, Vulcan common shareholders will receive one share of Holdco common stock for each share of Vulcan common stock that they own. Approximately 13,034,069 shares of Holdco common stock will be issued in the merger in exchange for shares of Florida Rock common stock. Upon completion of the transaction, we estimate that Florida Rock s former shareholders will own approximately 12%, and former Vulcan shareholders will own approximately 88%, of the common stock of Holdco. The common stock of Holdco is expected to be listed on the New York Stock Exchange under Vulcan s current ticker symbol, VMC, Vulcan is expected to be renamed VMC Corp. and Holdco is expected to be renamed Vulcan Materials Company after the closing of the transaction.

Florida Rock will hold a special meeting of shareholders at which we will ask our shareholders to approve the merger agreement. Information about this meeting and the transaction is contained in this proxy statement/prospectus. **In particular, see Risk Factors beginning on page 14.** We urge you to read this proxy statement/prospectus, and the documents incorporated by reference into this proxy statement/prospectus, carefully and in their entirety.

The approval of the merger agreement requires the affirmative vote of a majority of the outstanding shares of Florida Rock common stock. No vote of Vulcan shareholders is required in order to approve the merger agreement. Pursuant to a support agreement with certain members and affiliates of the Baker family, such members and affiliates of the Baker family have agreed to vote certain of the shares of Florida Rock common stock beneficially owned by them, representing approximately 9.9% of the outstanding shares of Florida Rock common stock, in favor of the approval of the merger agreement.

Whether or not you plan to attend the special meeting, please vote as soon as possible to make sure that your shares are represented at that meeting. If you do not vote, it will have the same effect as voting against the merger proposal.

The Florida Rock board of directors unanimously recommends (with the undersigned, Edward L. Baker and Thompson S. Baker II abstaining) that you vote FOR the approval of the merger agreement.

Sincerely,

/s/ John D. Baker II
John D. Baker II
President and Chief Executive Officer

QUESTIONS AND ANSWERS ABOUT THE TRANSACTION

The questions and answers below highlight only selected procedural information from this proxy statement/prospectus. They do not contain all of the information that may be important to you. You should read carefully the entire proxy statement/prospectus and the additional documents incorporated by reference into this proxy statement/prospectus to fully understand the voting procedures for the special meeting and the procedures for making cash and share elections.

Q. What is the proposed transaction for which I am being asked to vote?

- A. You, as a shareholder of Florida Rock Industries, Inc., are being asked to vote to approve at a special meeting an Agreement and Plan of Merger dated as of February 19, 2007, as amended on April 9, 2007, which we refer to in this proxy statement/prospectus as the merger agreement, entered into by and among Vulcan Materials Company, Florida Rock Industries, Inc., Virginia Holdco, Inc., Virginia Merger Sub, Inc. and Fresno Merger Sub, Inc. In this proxy statement/prospectus, we also refer to Vulcan Materials Company as Vulcan, to Florida Rock Industries, Inc. as Florida Rock, and to Virginia Holdco, Inc. as Holdco.

Subject to the terms and conditions of the merger agreement, Virginia Merger Sub, Inc. (a wholly owned subsidiary of Holdco) will merge with and into Vulcan (which we refer to as the Vulcan merger), and Fresno Merger Sub, Inc. (a wholly owned subsidiary of Holdco) will merge with and into Florida Rock (which we refer to as the Florida Rock merger). We refer to the Vulcan merger and the Florida Rock merger together as the mergers, and neither merger will occur unless both do. Vulcan and Florida Rock will survive their respective mergers as wholly owned subsidiaries of Holdco.

You are also being asked to vote to approve the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the special meeting to approve the merger agreement.

Q. Are Vulcan shareholders being asked to vote on the proposed transaction?

- A. No. No vote of Vulcan shareholders is required to approve the merger agreement.

Q. What will I receive for my Florida Rock shares in the Florida Rock merger?

- A. You may make one of the following elections, or a combination of the two, regarding the type of merger consideration you wish to receive in exchange for your shares of Florida Rock common stock:

a cash election to receive \$67.00 in cash, without interest, for each share of Florida Rock common stock; or

a share election to receive 0.63 of a share of Holdco common stock for each share of Florida Rock common stock.

If you make a cash election or a share election, the form of merger consideration that you actually receive as a Florida Rock shareholder may be adjusted as a result of the proration procedures pursuant to the merger agreement as described in this proxy statement/prospectus under The Mergers Florida Rock Shareholders Making Cash and Share Elections on page 56. These proration procedures are designed to ensure that 30% of Florida Rock shares outstanding immediately prior to the Florida Rock merger are converted into Holdco shares

and 70% of Florida Rock shares outstanding immediately prior to the Florida Rock merger are converted into cash.

Table of Contents

Q. How and when do I make a cash election or a share election?

- A. You should carefully review and follow the instructions accompanying the form of election provided together with this proxy statement/prospectus. To make a cash election or a share election, Florida Rock shareholders of record must properly complete, sign and send the form of election and any stock certificates representing their Florida Rock shares to The Bank of New York, the Exchange Agent, at the following address:

By mail:

Questions regarding the cash or share elections should be directed to D. F. King & Co., Inc., the Information Agent, at 800-347-4750 (banks and brokers call collect: 212-269-5550).

The exchange agent must receive the form of election and any stock certificates representing Florida Rock shares, a book-entry transfer of shares or a guarantee of delivery as described in the instructions accompanying the form of election by the election deadline. **The election deadline will be 5:00 p.m., EDT, on _____, 2007, the date of the special meeting, unless the completion of the Florida Rock merger will occur more than four business days following the date of the special meeting, in which case the election deadline will be extended until two business days before the completion of the Florida Rock merger.** Vulcan and Florida Rock will publicly announce the election deadline at least five business days prior to the anticipated completion date of the Florida Rock merger.

If you own Florida Rock shares in street name through a bank, broker or other nominee and you wish to make an election, you should seek instructions from the financial institution holding your shares concerning how to make your election.

If you are a participant in the Florida Rock Industries, Inc. Profit Sharing and Deferred Earnings Plan or The Arundel Corporation Profit Sharing and Savings Plan and you wish to make an election, you will receive instructions from your plan administrator concerning how to make your election with respect to Florida Rock shares allocated to your account.

Q. Can I elect to receive cash consideration for a portion of my Florida Rock shares and share consideration for my remaining Florida Rock shares?

A. Yes. The form of election allows an election to be made for cash consideration or share consideration for all or any portion of your Florida Rock shares.

Q. Can I change my election after the form of election has been submitted?

A. Yes. You may revoke your election prior to the election deadline by submitting a written notice of revocation to the exchange agent or by submitting new election materials. Revocations must specify the name in which your shares are registered on the stock transfer books of Florida Rock and such other information as the exchange agent may request. If you wish to submit a new election, you must do so in accordance with the election procedures described in this proxy statement/prospectus and the form of election. If you instructed a broker to submit an election for your shares, you must follow your broker's directions for changing those instructions.

Whether you revoke your election by submitting a written notice of revocation or by submitting new election materials, the notice or materials must be received by the exchange agent by the election deadline in order for the revocation to be valid.

Q. May I transfer Florida Rock shares after an election is made?

A. No. Florida Rock shareholders who have made elections will be unable to sell or otherwise transfer their shares after making the election, unless the election is properly revoked before the election deadline or unless the merger agreement is terminated.

Table of Contents

Q. What if I do not send a form of election or it is not received?

- A. If the exchange agent does not receive a properly completed form of election from you before the election deadline, together with any stock certificates representing the shares you wish to exchange for cash or shares of Holdco common stock, properly endorsed for transfer, a book-entry transfer of shares or a guarantee of delivery as described in the form of election, then you will have no control over the type of merger consideration you receive. As a result, your Florida Rock shares may be exchanged for cash consideration, share consideration or a combination of cash consideration and share consideration consistent with the proration procedures contained in the merger agreement and described under *The Mergers* Florida Rock Shareholders Making Cash and Share Elections beginning on page 56. Because the value of the share consideration and cash consideration may differ and other shareholders would likely elect the consideration having the higher value, in such a circumstance you would likely receive the consideration having the lower value at the time. **You bear the risk of delivery and should send any form of election by courier or by hand to the appropriate addresses shown in the form of election.**

If you do not make a valid election with respect to the Florida Rock shares you own of record, after the completion of the Florida Rock merger, you will receive written instructions from the exchange agent on how to exchange your Florida Rock stock certificates for the shares of Holdco common stock and/or cash that you are entitled to receive in the Florida Rock merger as a non-electing Florida Rock shareholder.

Q. May I submit a form of election even if I do not vote to approve the merger agreement?

- A. Yes. You may submit a form of election even if you vote against the approval of the merger agreement or abstain with respect to the approval of the merger agreement.

Q. What shareholder approvals are needed for Florida Rock?

- A. Approval of the merger agreement requires the affirmative vote of a majority of the outstanding shares of Florida Rock common stock.

Each holder of Florida Rock common stock is entitled to one vote per share.

As of _____, 2007, the record date for determining shareholders entitled to vote at the special meeting, there were _____ shares of Florida Rock common stock outstanding.

Pursuant to a support agreement with certain members and affiliates of the Baker family, such members and affiliates of the Baker family have agreed to vote certain shares of Florida Rock common stock beneficially owned by them, representing approximately 9.9% of the outstanding shares of Florida Rock common stock, in favor of the approval of the merger agreement.

The affirmative vote of a majority of the votes cast at the special meeting is required to approve the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the meeting to approve the merger agreement.

Q. When and where is the special meeting?

- A. The special meeting will be held at _____, on _____, 2007 at _____ a.m., local time.

Q. What is the recommendation of the Florida Rock Board of Directors?

- A. The Florida Rock Board of Directors unanimously (with Edward L. Baker, John D. Baker II and Thompson S. Baker II abstaining) recommends a vote FOR the approval of the merger agreement and a vote FOR the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies.

Q. Why was the merger agreement amended?

- A. The merger agreement was amended on April 9, 2007, for the purpose of providing that certificates representing shares of Vulcan common stock immediately prior to the Vulcan merger will from and after the Vulcan merger

Table of Contents

represent the same number of shares of Holdco common stock. Consequently, no new certificates representing shares of Holdco common stock will be issued in exchange for existing certificates representing shares of Vulcan common stock.

Q. What do I need to do now?

- A. After carefully reading and considering the information contained in this proxy statement/prospectus, please respond by completing, signing and dating your proxy card or voting instruction card and returning it in the enclosed postage-paid envelope, or, if available, by submitting your voting instruction by telephone or through the Internet, as soon as possible so that your shares may be represented and voted at the special meeting. If you hold shares registered in the name of a broker, bank or other nominee, that broker, bank or other nominee has enclosed or will provide a voting instruction card for use in directing your broker, bank or other nominee how to vote those shares.

Q. Should I send in my stock certificates with my proxy card or my form of election?

- A. **Please DO NOT send your Florida Rock stock certificates with your proxy card.** You should send in your Florida Rock stock certificates to the exchange agent with your form of election.

If you wish to make an election with respect to your Florida Rock shares, prior to the election deadline, you should send your completed, signed form of election together with your Florida Rock stock certificates, properly endorsed for transfer, a book-entry transfer of your Florida Rock shares or a guarantee of delivery to the exchange agent as described in the form of election. If your shares are held in street name, you should follow your broker's instructions for making an election with respect to your shares. If you are a participant in the Florida Rock Industries, Inc. Profit Sharing and Deferred Earnings Plan or The Arundel Corporation Profit Sharing and Savings Plan and you wish to make an election, you will receive instructions from your plan administrator concerning how to make your election with respect to Florida Rock shares allocated to your account.

If you make no election with respect to your Florida Rock shares, after the completion of the Florida Rock merger you will receive a letter of transmittal for you to use in surrendering any Florida Rock stock certificates you have at that time.

Q. If my shares are held in street name by a broker, bank or other nominee, will my broker, bank or other nominee vote my shares for me?

- A. If you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal on which your broker does not have discretionary authority to vote. Generally, your broker, bank or other nominee does not have discretionary authority to vote on the merger proposal. Accordingly, your broker, bank or other nominee will vote your shares held by it in street name only if you provide instructions to it on how to vote. You should follow the directions your broker, bank or other nominee provides. Shares that are not voted because you do not properly instruct your broker, bank or other nominee will have the effect of votes against the approval of the merger agreement. Broker non-votes will have no effect on the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies.

Q. If I beneficially own Florida Rock shares held pursuant to any Florida Rock Plan, will I be able to vote on approval of the merger agreement and elect whether to receive cash or share consideration?

- A. If your shares are held through the Florida Rock Industries, Inc. Profit Sharing and Deferred Earnings Plan or The Arundel Corporation Profit Sharing and Savings Plan, which we refer to in this proxy statement/prospectus

collectively as the Florida Rock Plans, you must instruct your plan administrator on how to vote your shares. If you hold shares through any Florida Rock Plan, your shares in the plan may be voted even if you do not instruct the trustee how to vote, as explained in your voting instructions. Participants in the Florida Rock Industries, Inc. Profit Sharing and Deferred Earnings Plan and The Arundel Corporation Profit Sharing and Savings Plan will be able to direct how they want Florida Rock shares allocated to their accounts as of the record

Table of Contents

date to be voted and whether they want to elect cash consideration or share consideration to be allocated to their accounts in exchange for each Florida Rock share in their accounts as of the closing date.

Q. What if I don't vote?

- A. If you fail to respond with a vote on the merger proposal, or if you respond and indicate that you are abstaining from voting, it will have the same effect as a vote against the approval of the merger agreement. A non-response or abstention will have no effect with respect to the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies. If you respond but do not indicate how you want to vote, your proxy will be counted as a vote in favor of approving the merger agreement and a vote in favor of the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies. If you hold your shares through any Florida Rock Plan, your shares in the plan may be voted even if you do not instruct the trustee how to vote as explained in your voting instructions.

Q. Can I change my vote after I have delivered my proxy?

- A. Yes. You can change your vote at any time before your proxy is voted at the special meeting. If you are a holder of record, you can do so by:

filing a written notice of revocation with the Secretary, Florida Rock Industries, Inc., 155 E. 21st Street, Jacksonville, Florida 32206.

submitting a new proxy before the special meeting.

attending the special meeting and voting in person. Attendance at the special meeting will not in and of itself constitute revocation of a proxy.

For shares held beneficially by you, you may change your vote only by submitting new voting instructions to your broker or nominee. If you submit your voting instruction through the Internet or by telephone, you can change your vote by submitting a voting instruction at a later date, in which case your later-submitted voting instruction will be recorded and your earlier voting instruction will be revoked. If the special meeting is postponed or adjourned, it will not affect the ability of shareholders of record as of the record date to exercise their voting rights or to revoke any previously granted proxy using the methods described above.

Q. What does it mean if I receive more than one proxy card or more than one email instructing me to vote?

- A. If you receive more than one proxy card or more than one email instructing you to vote, your shares are registered in more than one name or are registered in different accounts. Please complete, date, sign and return each proxy card, and respond to each email, to ensure that all your shares are voted.

Q. What does it mean if multiple members of my household are shareholders but we received only one set of proxy materials?

- A. If you hold shares in street name, in accordance with a notice sent to certain brokers, banks or other nominees, we are sending only one proxy statement/prospectus to an address unless we received contrary instructions from any shareholder at that address. This practice, known as householding, is designed to reduce our printing and postage costs.

Q. Am I entitled to appraisal rights?

A. No. Under the Florida Business Corporation Act (the "FBCA"), Florida Rock shareholders are not entitled to appraisal rights in connection with the Florida Rock merger.

Q. What are the tax consequences to Florida Rock shareholders of the mergers?

A. Assuming that the mergers are completed as currently contemplated, we expect that the exchange of shares by a Florida Rock shareholder solely for Holdco common stock will be nontaxable to such shareholder for U.S. federal income tax purposes, except in respect of any cash that such shareholder receives in lieu of

Table of Contents

fractional shares of Holdco common stock. We expect that a Florida Rock shareholder who exchanges shares of Florida Rock common stock for a combination of Holdco common stock and cash will only recognize gain up to the amount of cash received. We expect that the exchange of shares of Florida Rock common stock by a Florida Rock shareholder solely for cash will be taxable to such shareholder for U.S. federal income tax purposes.

Tax matters are very complicated. You should be aware that the tax consequences to you of either merger may depend upon your own situation. In addition, you may be subject to state, local or foreign tax laws that are not discussed in this proxy statement/prospectus. You should therefore consult with your own tax advisor for a full understanding of the tax consequences to you of the mergers. For more information regarding the tax consequences of the mergers, please see *The Mergers* Material United States Federal Income Tax Consequences beginning on page 52.

Q. When are the mergers expected to be completed?

- A. We expect to complete the mergers in mid-year 2007. Because the Florida Rock merger is subject to shareholder approval and because the mergers are subject to governmental approvals, we cannot predict the exact timing of their completion.

Q. Who can help answer my questions?

- A. If you have any questions about the mergers or how to submit your proxy or make an election, or if you need additional copies of this proxy statement/prospectus, the form of election or the enclosed proxy card or voting instruction card, you should contact:

Florida Rock Common Shareholders

to Choose Among Receiving Shares of Holdco Common Stock or Cash, or a Combination of the Two, Subject to Proration (see page 24)

In the Florida Rock merger, Florida Rock common shareholders will have the right to choose between receiving \$67.00 in cash, without interest, or 0.63 of a share of Holdco common stock per share of Florida Rock common stock, subject to proration. These proration procedures are designed to ensure that 70% of Florida Rock shares outstanding immediately prior to the Florida Rock merger are converted into cash and 30% of Florida Rock shares outstanding immediately prior to the Florida Rock merger are converted into Holdco shares.

Vulcan Common Shareholders to Receive Shares of Holdco Common Stock (see page 24)

In the Vulcan merger, each outstanding share of Vulcan common stock (other than shares owned by Vulcan) will be converted into one share of Holdco common stock.

Stock Exchange Listing and Stock Prices (see page 74)

Because the exchange ratio is fixed in the merger agreement, the market value of the Holdco common stock that Florida Rock shareholders receive in the Florida Rock merger may vary significantly from that implied by current trading prices.

Holdco common stock is currently not traded or quoted on a stock exchange or quotation system. However, upon consummation of the mergers, it is expected that Holdco common stock will be traded on the New York Stock Exchange under the ticker symbol VMC.

Table of Contents

Vulcan common stock trades on the New York Stock Exchange under the symbol VMC and Florida Rock common stock trades on the New York Stock Exchange under the symbol FRK. The table below shows the pro forma equivalent per share value of Vulcan common stock and Florida Rock common stock at the close of the regular trading session on February 16, 2007, the last trading day before the public announcement of the mergers, and June 11, 2007, the most recent trading day for which information was available.

Date	Vulcan Closing Price	Florida Rock Closing Price	Vulcan Pro Forma Equivalent(1)	Florida Rock Pro Forma Equivalent(2)
February 16, 2007	\$ 111.81	\$ 46.96	\$ 111.81	\$ 70.44
June 11, 2007	\$ 116.85	\$ 68.08	\$ 116.85	\$ 73.62

- (1) The pro forma equivalent per share value of Vulcan common stock is calculated by multiplying the Vulcan closing price by the Vulcan merger exchange ratio of 1.0.
- (2) The pro forma equivalent per share value of Florida Rock common stock is calculated by multiplying the Vulcan closing price by the Florida Rock merger exchange ratio of 0.63.

Because the 0.63 exchange ratio in the Florida Rock merger is fixed and will not be adjusted as a result of changes in market prices, the implied value of the merger consideration will fluctuate with the market price of Vulcan common stock. You should obtain current market quotations for the shares of both companies from a newspaper, the Internet or your broker.

Receipt of Shares of Holdco Common Stock

in Florida Rock Merger Structured to Be Generally Nontaxable to Florida Rock Shareholders (see page 52)

Subject to the limitations and qualifications described in The Merger Agreement Material U.S. Federal Income Tax Consequences below, the exchange of Florida Rock common stock and Vulcan common stock for Holdco common stock pursuant to the mergers, taken together, has been structured to be treated for United States federal income tax purposes as an exchange described in Section 351 of the Internal Revenue Code of 1986, as amended (the Code). As a result, assuming the mergers are so treated, for United States federal income tax purposes, (i) holders of Florida Rock common stock who receive solely cash will have a taxable transaction and will recognize gain or loss in connection with the receipt of cash in exchange for their Florida Rock common stock; (ii) holders of Florida Rock common stock who receive Holdco common stock will not recognize any loss in the Florida Rock merger, and will recognize gain on the exchange only to the extent of any cash received; and (iii) no gain or loss will be recognized by Holdco, Vulcan, Virginia Merger Sub, Florida Rock or Fresno Merger Sub as a result of the mergers.

The United States federal income tax consequences described above may not apply to all holders of Florida Rock common stock, including certain holders specifically referred to in the section titled The Merger Agreement Material U.S. Federal Income Tax Consequences. Your tax consequences will depend on your own situation. You should consult your tax advisor to fully understand the tax consequences of the mergers to you.

Florida Rock Board of Directors Recommends

that Florida Rock Shareholders Vote to Approve the Merger Agreement and the Adjournment of the Special Meeting, if Necessary or Appropriate, to Solicit Additional Proxies (see page 31)

The Florida Rock board of directors unanimously (with Edward L. Baker, John D. Baker II and Thompson S. Baker II abstaining) recommends that the Florida Rock shareholders vote FOR the approval of the merger agreement and FOR the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the meeting to approve the merger agreement.

Florida Rock Board of Directors Reasons for the Merger (see page 31)

In the course of reaching its decision to adopt the merger agreement and the transactions contemplated thereby, the Florida Rock board of directors considered a number of factors in its deliberations. Those factors are described in The Mergers Florida Rock s Reasons for the Florida Rock Merger beginning on page 31.

Table of Contents

Opinion of Florida Rock's Financial Advisor (see page 34)

Lazard Frères & Co. LLC (Lazard) has rendered its opinion to the Florida Rock board of directors that as of February 19, 2007, the date of the merger agreement, and based on and subject to the considerations, assumptions and limitations described in its opinion, the merger consideration to be paid to the holders of Florida Rock common stock (other than Vulcan and its subsidiaries) in the Florida Rock merger was fair, from a financial point of view, to such holders. See The Mergers Opinion of Florida Rock's Financial Advisor beginning on page 34.

Vulcan Board of Directors Reasons for the Merger (see page 45)

In the course of reaching its decision to approve the merger agreement and the transactions contemplated thereby, the Vulcan board of directors considered a number of factors in its deliberations. Those factors are described in The Mergers Vulcan's Reasons for the Mergers beginning on page 45.

Florida Rock Shareholder Vote Required (see page 20)

Approval of the merger agreement requires the affirmative vote of a majority of the outstanding shares of Florida Rock common stock. The affirmative vote of a majority of the votes cast at the special meeting is required to approve the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the meeting to approve the merger agreement.

Interests of Certain Persons in the Florida Rock Merger (see page 46)

You should be aware that some of the directors and executive officers of Florida Rock have interests in the Florida Rock merger that are different from, or are in addition to, the interests of shareholders of Florida Rock. These interests include, but are not limited to: the treatment of stock options held by directors and executive officers of Florida Rock in the Florida Rock merger; the vesting and accelerated payment of certain bonus payments and retirement benefits and the potential payment of certain severance benefits to executive officers; the continued employment after the mergers of Thompson S. Baker II as President of the Florida Rock division of Holdco; John D. Baker II's service as a director of Holdco after the mergers; the possible purchase by Edward L. Baker and John D. Baker II from Florida Rock of a 6,300 acre property immediately prior to the mergers; the support agreement between Vulcan and the Baker Shareholders; the shareholders agreement among Vulcan, Holdco and the Baker Shareholders; and the indemnification of former Florida Rock officers and directors by Holdco.

The Support Agreement (see page 71)

Baker Holdings, L.P., Edward L. Baker Living Trust, Edward L. Baker, John D. Baker II Living Trust and Anne D. Baker Living Trust, which we refer to collectively in this proxy statement/prospectus as the Baker Shareholders, entered into a support agreement with Vulcan. The Baker Shareholders (except for the Anne D. Baker Living Trust) are controlled, directly or indirectly, by Edward L. Baker and John D. Baker II. The support agreement is attached as Annex B to this proxy statement/prospectus.

Pursuant to the support agreement, among other things, the Baker Shareholders have agreed to vote shares of Florida Rock common stock representing approximately 9.9% of the outstanding shares of Florida Rock in favor of the approval of the merger agreement and to irrevocably elect to receive Holdco common stock in exchange for shares of Florida Rock common stock representing approximately 30% of the Florida Rock common stock beneficially owned by Edward L. Baker, John D. Baker II and Baker Holdings, L.P. in the Florida Rock merger, subject to proration like

all Florida Rock shareholders. The Baker Shareholders have also agreed not to sell or otherwise transfer these shares until the termination of the support agreement.

The Shareholders Agreement (see page 72)

Vulcan, Holdco and the Baker Shareholders have also entered into a shareholders agreement. The shareholders agreement is attached as Annex C to this proxy statement/prospectus.

Pursuant to the shareholders agreement, each Baker Shareholder has agreed not to transfer any shares of Holdco common stock owned by such Baker Shareholder during a restrictive period, other than to certain permitted

Table of Contents

transferees (including, among others, family members and heirs of, and charitable foundations established by, such Baker Shareholder). The restrictive period is generally three years beginning on the effective date of the mergers, subject to some exceptions.

Each of the Baker Shareholders has also agreed to additional transfer restrictions for a period of five years following the expiration of the applicable restrictive period, during which a Baker Shareholder may only transfer shares of Holdco common stock if the transfer complies with specified conditions, including a right of first refusal in favor of Holdco.

Each of the Baker Shareholders has also agreed, until the expiration of the applicable restrictive period, to vote its shares of Holdco common stock consistent with the recommendations of the Holdco board of directors, and not to tender its shares of Holdco common stock in any tender offer opposed by the Holdco board of directors.

Comparison of Shareholder Rights (see page 87)

The rights of Florida Rock shareholders are currently governed by the FBCA and Florida Rock's restated articles of incorporation and restated bylaws. The rights of Vulcan shareholders are currently governed by the New Jersey Business Corporation Act (the NJBCA) and Vulcan's restated certificate of incorporation and restated by-laws. Upon completion of the transaction, Florida Rock shareholders that receive Holdco common stock in the Florida Rock merger and Vulcan shareholders will all be shareholders of Holdco, and their rights will be governed by the NJBCA and Holdco's restated certificate of incorporation and restated by-laws, which after completion of the transaction will be the same in all material respects as the Vulcan restated certificate of incorporation and restated by-laws that are currently in effect.

No Appraisal Rights (see page 61)

Under the FBCA, Florida Rock shareholders are not entitled to appraisal rights in connection with the Florida Rock merger. Under the NJBCA, Vulcan shareholders are not entitled to appraisal rights in connection with the Vulcan merger.

Board of Directors and Management After the Mergers (see page 52)

Immediately following the mergers, the board of directors of Holdco will consist of the Vulcan directors as of the time of the mergers. On the day following the completion of the mergers, the board of directors of Holdco will be expanded to include John D. Baker II, Florida Rock's current President and Chief Executive Officer and a director of Florida Rock. At that time, Holdco's board of directors will be divided into three classes, with one class elected at each annual meeting to serve a three-year term.

Following the mergers, officers of Holdco will consist of the Vulcan officers as of the time of the Vulcan merger, except Thompson S. Baker II, a director and Vice President of Florida Rock, is expected to become president of Holdco's Florida Rock division.

Regulatory Approvals and Conditions to Completion of the Mergers (see pages 55 and 62)

Under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the HSR Act), the mergers cannot be completed until the companies have filed required notifications with the Federal Trade Commission and the Antitrust Division of the United States Department of Justice and the specified waiting period requirements have expired or been terminated. Vulcan and Florida Rock both filed the required Notification and Report forms with the Antitrust Division and the Federal Trade Commission on March 12, 2007. On April 11, 2007 the Department of Justice issued a

request for additional information and documentary material (referred to as a Second Request) which extends the waiting period until thirty days after the parties have substantially complied with this request.

In addition to expiration or termination of the relevant waiting period under the HSR Act, the completion of the mergers depends upon the satisfaction or waiver of a number of conditions described below in this proxy statement/prospectus, including, among other things:

approval of the merger agreement by the Florida Rock shareholders;

Table of Contents

absence of any legal prohibition on completion of the transaction;

receipt of opinions of counsel to Vulcan (with respect to Vulcan common stock) and Florida Rock (with respect to Florida Rock common stock) to the effect that the exchanges of Vulcan common stock or Florida Rock common stock for Holdco common stock will qualify for tax-free treatment for U.S. federal income tax purposes; and

material accuracy, as of the closing, of the representations and warranties made by the parties and material compliance by the parties with their respective obligations under the merger agreement.

Termination of the Merger Agreement; Fees Payable (see pages 66 and 67)

Vulcan and Florida Rock may jointly agree to terminate the merger agreement at any time. Either of Vulcan or Florida Rock also may terminate the merger agreement in various circumstances, including failure to receive the necessary approval of Florida Rock shareholders, failure to receive certain regulatory approvals, or if the other party breaches certain of its obligations in the merger agreement.

In several circumstances, including those involving a change in the Florida Rock board's recommendation in favor of the merger agreement or a third party acquisition proposal, Florida Rock may become obligated to pay a termination fee of \$135 million.

COMPARATIVE PER SHARE DATA

The following table sets forth certain historical per share data for Vulcan and Florida Rock, unaudited pro forma combined per share data, and unaudited pro forma equivalent per share data for Florida Rock. The unaudited pro forma combined per share data has been based upon the historical weighted average number of outstanding shares of Vulcan common stock adjusted to include the number of shares of Holdco common stock that would be issued in the Florida Rock merger under the proposed exchange ratio of 0.63 of a Holdco share for each Florida Rock share and the proposed proration, which provides that 30% of the outstanding shares of Florida Rock common stock will be exchanged for shares of Holdco common stock at the exchange ratio and 70% of the outstanding shares of Florida Rock common stock will be exchanged for \$67.00 per share. The unaudited pro forma equivalent per share data for Florida Rock has been based upon the unaudited pro forma combined per share data, multiplied by the exchange ratio of 0.63.

The unaudited pro forma combined per share data reflects the mergers as if they had occurred on January 1, 2006. Such pro forma combined per share data has been based upon the historical financial statements of Vulcan and Florida Rock and gives effect to the mergers under the purchase method of accounting for business combinations. As a result, the pro forma combined per share data has been based upon certain assumptions and adjustments as discussed in the section entitled "Holdco Unaudited Pro Forma Condensed Combined Financial Statements." The pro forma combined financial information is presented for informational purposes only and is not intended to represent or be indicative of the combined results of operations or financial condition that would have occurred had the mergers been completed on the dates indicated or that may be achieved in the future. The following data should be read in conjunction with the historical financial statements and accompanying notes of Vulcan and Florida Rock contained in the annual and quarterly reports and other documents that have been filed with the Securities and Exchange Commission, and the information included under the section entitled "Holdco Unaudited Pro Forma Condensed Combined Financial Statements." RISK FACTORS

In addition to the other information included in, incorporated by reference in and found in the Annexes attached to, this proxy statement/prospectus, including the matters addressed in the Information Regarding Forward-Looking Statements on page 18, you should carefully consider the following risk factors in deciding whether to vote for approval of the merger agreement. Other than risks that could apply to any issuer or any offering, all material risks relating to the transaction are discussed below. In addition, you should read and consider the risks associated with the businesses of Florida Rock and Vulcan. Risks relating to Florida Rock can be found in Item 1A Risk Factors, in Florida Rock's Annual Report on Form 10-K for the year ended September 30, 2006, which has been filed with the SEC and is incorporated by reference to this proxy statement/prospectus. Risks relating to Vulcan can be found in Item 1A Risk Factors, in Vulcan's Annual Report on Form 10-K for the year ended December 31, 2006, which has been filed with the SEC and is attached as Annex G to this proxy statement/prospectus. You should also read and consider the other information in this proxy statement/prospectus and the other documents incorporated by reference in this proxy statement/prospectus. Please see Where You Can Find More Information on page 104. Additional risks and uncertainties not presently known to Florida Rock or Vulcan or that are not currently believed to be important also may adversely affect the transaction and Holdco following the mergers.

Florida Rock shareholders may not receive the form of merger consideration that they elect for all their shares and may receive in part a form of consideration that has lower value.

The merger agreement contains provisions that are designed to ensure that, in the aggregate, 70% of Florida Rock shares will be converted into cash and 30% of Florida Rock shares will be converted into Holdco common shares. The value of the share consideration at the time of the mergers may be higher than the value of the cash consideration at such time, or vice versa. If elections are made by Florida Rock shareholders to receive more cash or more shares of Holdco than these percentages, either those electing to receive cash or those electing to receive shares of Holdco, respectively, will have the consideration of the type they selected reduced by a pro rata amount, and will receive a portion of their consideration in the form that they did not elect to receive. Accordingly, it is likely that a substantial number of Florida Rock shareholders will not receive a portion of the merger consideration in the form that they elect and that the consideration they do receive will have a lower value than what they elected to receive.

Pursuant to the support agreement, among other things, the Baker Shareholders irrevocably elect to receive Holdco common stock in exchange for shares of Florida Rock common stock representing approximately 30% of the Florida Rock common stock beneficially owned by Edward L. Baker, John D. Baker II and Baker Holdings, L.P. in the Florida Rock merger, subject to proration like all Florida Rock shareholders.

Because the exchange ratio is fixed, the market value of Holdco common stock issued to you may be less than the value of your shares of Florida Rock common stock.

Florida Rock shareholders who receive shares in the Florida Rock merger will receive a fixed number of shares of common stock of Holdco rather than a number of shares with a particular fixed market value. The market values of Vulcan and Florida Rock common stock at the time of the mergers may vary significantly from their prices on the date the merger agreement was executed, the date of this proxy statement/prospectus or the date on which Florida Rock shareholders vote on the Florida Rock merger. Because the exchange ratio will not be adjusted to reflect any changes in the market value of Vulcan or Florida Rock common stock, the market value of the Holdco common stock issued in the Florida Rock merger and the Florida Rock common stock surrendered in the Florida Rock merger may be higher or lower than the values of such shares on such earlier dates, and may be higher or lower than the \$67.00 to be paid to Florida Rock shareholders in the cash portion of the Florida Rock merger. Stock price changes may result from a

variety of factors, including changes in their businesses and operations, and other factors that are beyond the control of Vulcan and Florida Rock, including changes in their business prospects, regulatory considerations and general and industry specific market and economic conditions. Neither Vulcan nor Florida Rock is permitted to terminate the merger agreement solely because of changes in the market price of either party's common stock.

Table of Contents

After you submit a form of election, you will not be able to sell those shares, unless you revoke your election prior to the election deadline or the merger agreement is terminated.

The deadline for making a cash or share election for Florida Rock shares is 5:00 p.m., EDT, on [], 2007, the day of the special meeting of Florida Rock shareholders, unless the completion of the Florida Rock merger will occur more than four business days following the date of this special meeting, in which case the election deadline will be extended until two business days before the completion of the Florida Rock merger. After you submit a form of election, under the terms of the election, you will not be able to sell any Florida Rock shares covered by your form of election, regardless of whether those shares are held in certificated or book-entry form, unless you revoke your election before the deadline by providing written notice to the exchange agent. If you do not revoke your election, you will not be able to sell your Florida Rock shares covered by a form of election prior to completion of the Florida Rock merger. In the time between your submission of a form of election and the completion of the Florida Rock merger, the trading price of Florida Rock common stock may change, and you might otherwise want to sell your Florida Rock shares covered by a form of election to gain access to cash, make other investments, or reduce the potential for an adverse change in the value of your investment.

We may fail to realize the anticipated benefits of the mergers, which could adversely affect the value of Holdco stock.

The mergers involve the integration of two companies that have previously operated independently. Vulcan and Florida Rock expect the combined company to result in financial and operational benefits, including enhanced earnings growth, overhead savings, operating cost savings and other synergies. However, to realize the anticipated benefits from the mergers, we must successfully combine the businesses of Vulcan and Florida Rock in a manner that permits this earnings growth and cost savings. In addition, we must achieve these savings without adversely affecting revenues. If we are not able to successfully achieve these objectives, the anticipated benefits of the mergers may not be realized fully or at all or may take longer to realize than expected.

The failure to integrate successfully Vulcan's and Florida Rock's businesses and operations in the expected timeframe may adversely affect Holdco's future results.

Vulcan and Florida Rock have operated and, until the completion of the mergers, will continue to operate, independently. Vulcan and Florida Rock will face significant challenges in consolidating functions, integrating their organizations, procedures and operations in a timely and efficient manner and retaining key Vulcan and Florida Rock personnel. The integration of Vulcan and Florida Rock will be costly, complex and time consuming.

The integration process and other disruptions from the transaction could be more costly than we expect or result in the loss of key employees, the disruption of each company's ongoing businesses or inconsistencies in standards, controls, procedures and policies that adversely affect our ability to maintain relationships with customers, suppliers, employees and others with whom we have business dealings or to achieve the anticipated benefits of the mergers.

Integrating Vulcan and Florida Rock may divert management's attention away from our operations.

Successful integration of Vulcan's and Florida Rock's organizations, procedures and operations may place a significant burden on the managements of Vulcan and Florida Rock and their internal resources. The integration efforts could divert management's focus and resources from other strategic opportunities and from operational matters during the integration process.

Officers and directors of Florida Rock have certain interests in the Florida Rock merger that are different from, or in addition to, interests of Florida Rock shareholders. These interests may be perceived to have

affected their decision to support or approve the Florida Rock merger.

Florida Rock officers and directors have certain interests in the Florida Rock merger that are different from, or in addition to, interests of Florida Rock shareholders. These interests include, but are not limited to, the treatment of stock options held by directors and executive officers of Florida Rock in the Florida Rock merger (including the acceleration of stock options), the vesting and accelerated payment of certain retirement benefits and the potential

Table of Contents

payment of certain severance benefits to executive officers, the continued employment after the mergers of Thompson S. Baker II as President of the Florida Rock division of Holdco, John D. Baker II's service as a director of Holdco after the mergers, the possible purchase by Edward L. Baker and John D. Baker II from Florida Rock of a 6,300 acre property immediately prior to the mergers, the support agreement between Vulcan and the Baker Shareholders, the shareholders agreement among Vulcan, Holdco and the Baker Shareholders, and the indemnification of former Florida Rock officers and directors by Holdco. Florida Rock shareholders should be aware of these interests when considering the Florida Rock board of directors' recommendation to approve the merger agreement. Please see "The Mergers Interests of Certain Persons in the Florida Rock Merger."

The costs of the merger could adversely affect Holdco's operating results.

Vulcan and Florida Rock estimate the total merger-related costs, exclusive of employee benefit costs, to be approximately \$[], primarily consisting of investment banking, legal and accounting fees and financial printing and other related charges. The foregoing estimate is preliminary and subject to change. In addition, the combined company will incur certain expenses in connection with the integration of Vulcan's and Florida Rock's businesses. Although Vulcan and Florida Rock expect that the elimination of duplicative costs, as well as the realization of other efficiencies related to the integration of the businesses, may offset incremental transaction and transaction-related costs over time, this net benefit may not be achieved in the near term, or at all.

Vulcan's incurrence of additional debt to pay the cash portion of the merger consideration will significantly increase Vulcan's interest expense, financial leverage and debt service requirements.

Vulcan anticipates arranging approximately \$4.0 billion of new credit facilities in connection with the mergers, and expects to borrow approximately \$3.3 billion under such credit facilities in order to acquire 70% of the outstanding shares of Florida Rock common stock, cash settle Florida Rock stock options outstanding immediately prior to the effective time of the mergers and finance Vulcan's transaction costs. Incurrence of this new debt will significantly increase the combined company's leverage. While management believes Holdco's cash flows will be more than adequate to service this debt, there may be circumstances in which required payments of principal and/or interest on this new debt could adversely affect Holdco's cash flows and operating results, and therefore the market price of Holdco stock.

Florida Rock and Vulcan may not be able to obtain the regulatory approvals required to consummate the mergers unless they agree to material restrictions or conditions.

Completion of the mergers is conditioned upon the receipt of all required governmental consents and authorizations, including under the HSR Act. Vulcan and Florida Rock intend to pursue all of these consents and authorizations as required by and in accordance with the terms of the merger agreement. Complying with requests from governmental agencies, including requests for additional information and documents, could delay consummation of the mergers. In connection with granting these consents and authorizations, governmental authorities may require divestitures of Vulcan or Florida Rock assets or seek to impose conditions on Holdco's operations after completion of the mergers. Such divestitures or conditions may jeopardize or delay completion of the mergers or may reduce the anticipated benefits of the mergers. Please see "The Mergers Regulatory Matters," "The Merger Agreement Conditions to Completion of the Mergers" and "The Merger Agreement Additional Agreements."

The merger agreement contains provisions that could affect the decisions of a third party considering making an alternative acquisition proposal to the Florida Rock merger.

Under the terms of the merger agreement, Florida Rock will be required to pay to Vulcan a termination fee of \$135 million if the merger agreement is terminated under certain circumstances. In addition, the merger agreement

limits the ability of Florida Rock to initiate, solicit, encourage or facilitate certain acquisition or merger proposals from a third party. These provisions could affect the decision by a third party to make a competing acquisition proposal, including the structure, pricing and terms proposed by a third party seeking to acquire or merge with Florida Rock. Please see [The Merger Agreement Termination Fees](#) and [The Merger Agreement No Solicitation of Alternative Transactions](#).

Former Florida Rock shareholders who become shareholders of Holdco will be governed by the restated certificate of incorporation and restated by-laws of Holdco.

Florida Rock shareholders who receive Holdco common stock in the Florida Rock merger will become Holdco shareholders and their rights as shareholders will be governed by the restated certificate of incorporation and restated by-laws of Holdco and New Jersey corporate law. As a result, there will be material differences between the current rights of Florida Rock shareholders and the rights they can expect to have as Holdco shareholders. Please see Comparison of Shareholder Rights.

A purported shareholder class action complaint has been filed against Florida Rock and the members of its board of directors challenging the mergers and an unfavorable judgment or ruling in this lawsuit could prevent or delay the consummation of the mergers and result in substantial costs.

Florida Rock and the members of its board of directors were named in a purported shareholder class action complaint filed in Florida state court (the Duval County Circuit Court) on March 6, 2007, captioned Dillinger v. Florida Rock, et al., Case No. 16-20007-CA-001906. The complaint seeks to enjoin the mergers, and alleges, among other things, that the directors have breached their fiduciary duties owed to Florida Rock shareholders by attempting to sell Florida Rock to Vulcan for an inadequate price.

Florida Rock is obliged under certain circumstances to indemnify and hold harmless each director and officer from and against any and all claims and liabilities to which such director or officer shall have become subject by reason of being a director or officer, to the full extent permitted under Florida law. An adverse outcome in this lawsuit could prevent or delay the consummation of the mergers and result in substantial costs to Florida Rock and/or Vulcan. It is also possible that other similar lawsuits may be filed in the future. Florida Rock cannot reasonably estimate any possible loss from current or future litigation at this time.

THE SPECIAL MEETING

Proxy Statement/Prospectus

This proxy statement/prospectus is being furnished to you in connection with the solicitation of proxies by Florida Rock's board of directors in connection with the special meeting of shareholders.

This proxy statement/prospectus is first being furnished to Florida Rock shareholders on or about [], 2007].

Date, Time and Place of the Special Meeting

The special meeting will be held at 9:00 a.m., local time, on [], 2007], at [], Jacksonville, Florida [].

Purpose of the Special Meeting

At the special meeting, Florida Rock's shareholders will be asked to consider and vote upon a proposal to approve the merger agreement, a proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the meeting to approve the merger agreement, and to transact such other business as may properly come before the special meeting or any adjournment or postponement of such meeting.

Record Date for the Special Meeting

The board of directors of Florida Rock has fixed the close of business on [], 2007] as the record date for determination of shareholders entitled to notice of and to vote at the special meeting of shareholders.

On the record date, there were [] shares of Florida Rock common stock outstanding and entitled to vote at the special meeting, held by approximately [] holders of record. Shares that are held in Florida Rock's treasury are not entitled to vote at the special meeting.

Votes Required

A majority of the outstanding shares of Florida Rock common stock must be represented, either in person or by proxy, to constitute a quorum at the special meeting. The affirmative vote of holders of a majority of the shares of Florida Rock common stock outstanding on the record date is required to approve the merger agreement. The affirmative vote of a majority of the votes cast at the special meeting is required to approve the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the meeting to approve the merger agreement. At the special meeting, each holder of Florida Rock common stock is entitled to one vote for each share of Florida Rock common stock held as of the Florida Rock record date on all matters properly submitted to the Florida Rock shareholders.

As of the record date, Florida Rock directors and executive officers and their affiliates (other than Edward L. Baker, John D. Baker II and Baker Holdings, L.P.), owned and were entitled to vote approximately [] shares of Florida Rock common stock, representing approximately [%] of the outstanding shares of Florida Rock common stock.

Pursuant to a support agreement, the Baker Shareholders have agreed to vote shares of Florida Rock common stock representing approximately 9.9% of the outstanding shares of Florida Rock common stock in favor of approving the

merger agreement. Further information concerning the support agreement can be found under [The Mergers](#) [The Support Agreement](#) on page 71.

Proxies

All shares of Florida Rock common stock represented by properly executed proxies or voting instructions (including those voting instructions given through electronic voting through the Internet or by telephone) received before or at the Florida Rock special meeting prior to the closing of the polls will, unless revoked, be voted in

Table of Contents

accordance with the instructions indicated on those proxies or voting instructions. If no instructions are indicated on a properly executed proxy card, the shares will be voted FOR approval of the merger agreement and FOR the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies. If you return a properly executed proxy card or voting instruction card and have indicated that you have abstained from voting, your Florida Rock common stock represented by the proxy will be considered present at the applicable special meeting for purposes of determining a quorum, but will have the same effect as a vote against approving the merger agreement. We urge you to mark each applicable box on the proxy card or voting instruction card to indicate how to vote your shares.

If your shares are held in an account at a broker, bank or other nominee, or through the Florida Rock Employee Stock Purchase Plan, the Florida Rock Industries, Inc. Profit Sharing and Deferred Earnings Plan or The Arundel Corporation Profit Sharing and Savings Plan, which we refer to collectively as the Florida Rock Plans, you must instruct the broker, bank or plan administrator on how to vote your shares. If an executed proxy card returned by a broker, bank or plan administrator holding shares indicates that the broker, bank or plan administrator does not have discretionary authority to vote on a particular matter, the shares will be considered present at the meeting for purposes of determining the presence of a quorum, but will have the same effect as a vote against approving the merger agreement. This is called a broker non-vote. Your broker, bank or plan administrator will vote your shares over which it does not have discretionary authority only if you provide instructions on how to vote by following the instructions provided to you by your broker, bank or plan administrator. If you hold shares through any Florida Rock Plan, your shares in the plan may be voted even if you do not instruct the trustee how to vote, as explained in your voting instructions.

Because the approval of the merger agreement requires the affirmative vote of a majority of the outstanding shares of Florida Rock common stock, abstentions, failures to vote and broker non-votes will have the same effect as votes against approving the merger agreement. Abstentions, failures to vote and broker non-votes will have no effect with respect to the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies.

Florida Rock does not expect that any matter other than the proposal to approve the merger agreement and the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies will be presented at the special meeting. If, however, other matters are properly presented, the persons named as proxies will vote in accordance with their judgment with respect to those matters, unless you withhold authority to do so on the proxy card or voting instruction card.

You may revoke your proxy at any time before it is voted at the special meeting. If you are a holder of record you may do so by:

Filing a written notice of revocation with the Secretary, Florida Rock Industries, Inc., 155 E. 21st Street, Jacksonville, Florida 32206.

Submitting a new proxy before the special meeting.

Attending the special meeting and voting in person. Attendance at the special meeting will not in and of itself constitute revocation of a proxy.

For shares held beneficially by you, you may change your vote only by submitting new voting instructions to your broker or nominee. If you submit your voting instruction through the Internet or by telephone, you can change your vote by submitting a voting instruction at a later date, in which case your later-submitted voting instruction will be recorded and your earlier voting instruction will be revoked. If the special meeting is postponed or adjourned, it will not affect the ability of shareholders of record as of the record date to exercise their voting rights or to revoke any

previously granted proxy using the methods described above.

Voting Electronically or by Telephone

Many shareholders who hold their shares through a broker, bank or other nominee will have the option to submit their voting instructions electronically through the Internet or by telephone. If you hold your shares through

Table of Contents

a broker, bank or other holder of record, you should check your proxy card or voting instruction card forwarded by your broker, bank or other holder of record to see which options are available.

Delivery of Documents to Shareholders Sharing an Address

The SEC has adopted rules that permit companies and intermediaries (*e.g.*, brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more shareholders sharing the same address by delivering a single proxy statement/prospectus and annual report addressed to those shareholders. This process, which is commonly referred to as *householding*, potentially means extra convenience for shareholders and cost savings for companies.

A single proxy statement/prospectus will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that it will be *householding* communications to your address, *householding* will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in *householding* and would prefer to receive a separate proxy statement/prospectus, please notify your broker, direct your written request to Florida Rock Industries, Inc., Investor Relations, 155 East 21st Street, Jacksonville, Florida 32206 or contact investor relations at 904-355-1781. Shareholders who currently receive multiple copies of the proxy statement/prospectus at their address and would like to request *householding* of their communications should contact their broker.

Solicitation of Proxies

Florida Rock will bear the expenses incurred in connection with the printing and mailing of this proxy statement/prospectus. To assist in the solicitation of proxies, Florida Rock has retained D.F. King & Co., Inc. for a fee of \$15,000 plus reimbursement of expenses to assist in the solicitation of proxies. Florida Rock and its proxy solicitors will also request banks, brokers and other intermediaries holding shares of Florida Rock common stock beneficially owned by others to send this proxy statement/prospectus to, and obtain proxies from, the beneficial owners and will, if requested, reimburse the record holders for their reasonable out-of-pocket expenses in so doing. Solicitation of proxies by mail may be supplemented by telephone and other electronic means, advertisements and personal solicitation by the directors, officers or employees of Florida Rock. No additional compensation will be paid to our directors, officers or employees for solicitation.

Voting and Elections by Participants in the Florida Rock Plans

Participants in the Florida Rock Industries, Inc. Profit Sharing and Deferred Earnings Plan and The Arundel Corporation Profit Sharing and Savings Plan, which we collectively refer to as the *Florida Rock Plans*, will be able to direct how they want Florida Rock shares allocated to their accounts as of the record date to be voted and whether they want to elect cash consideration or share consideration to be allocated to their accounts in exchange for each Florida Rock share in their accounts as of the closing date. All voting instructions submitted by Florida Rock Plan participants are confidential and will not be disclosed to Florida Rock management.

After the voting instructions with respect to the Florida Rock Plans are tabulated, the results will be given to the plan trustee. Your instructions on how to vote on the approval of the merger agreement and to elect the merger consideration will be subject, in the case of all Florida Rock Plans, to the plan trustee's fiduciary duties under ERISA. If you are a participant in the Florida Rock Plans, please follow the instructions that you receive for voting and elections with respect to the shares allocated to your account.

As of the Florida Rock record date, the Florida Rock Plans held approximately []% of the then outstanding shares of Florida Rock common stock.

Participants in the Florida Rock Plans will be able to direct their shares to be voted at the special meeting in one of three ways: vote for approval of the merger agreement, vote against approval of the merger agreement or abstain

Table of Contents

from voting on approval of the merger agreement. Please note that the plan trustee will take the following steps with respect to shares in a Florida Rock Plan account, subject to its fiduciary duties under ERISA:

If you fail to properly provide any instructions as to how you want the shares allocated to your plan account to be voted, your plan shares will be voted ratably FOR and AGAINST the approval of the merger agreement, in the same proportion as for those plan shares for which specific directions have been received.

If you return a properly signed voting instruction form but do not specifically indicate how you want your shares to be voted on the approval of the merger agreement, your plan shares will be voted FOR the approval of the merger agreement.

If you indicate you wish to abstain, your shares will not be voted, which will have the same effect as a vote AGAINST the approval of the merger agreement.

You will be separately provided with an opportunity to elect whether, if the Florida Rock merger is completed, you wish to request either \$67.00 in cash, without interest, or 0.63 of a share of Holdco common stock as consideration for each Florida Rock share allocated to your account, subject to the proration procedures described in this proxy statement/prospectus and applicable to all Florida Rock shareholders.

You will be provided with separate instructions on how to make such an election. The procedure outlined in the instructions will be the only opportunity you will have to choose the form of consideration to be requested in exchange for your plan shares. Accordingly, please note that, if participants in a Florida Rock Plan do not properly provide instructions as to the type of consideration they request for their plan shares, cash and stock will be elected for their plan shares ratably in the same proportion as for those plan shares for which properly completed elections were received.

THE MERGERS

*This section of the proxy statement/prospectus describes material aspects of the proposed mergers, including the merger agreement. This summary may not contain all of the information that is important to you. You should carefully read this entire proxy statement/prospectus, including the full text of the merger agreement, which is attached as Annex A, and the other documents we refer you to for a more complete understanding of the mergers. In addition, important business and financial information about Vulcan is included in the Annexes hereto and important business and financial information about Florida Rock is incorporated into this proxy statement/prospectus by reference. See *Where You Can Find More Information*.*

Effect of the Florida Rock Merger; What Florida Rock Shareholders Will Receive in the Florida Rock Merger

Upon completion of the Vulcan merger, Fresno Merger Sub, a wholly owned subsidiary of Holdco newly organized to effect the Florida Rock merger, will merge with and into Florida Rock. Florida Rock will be the surviving corporation in the Florida Rock merger and will become a wholly owned subsidiary of Holdco.

In the Florida Rock merger, each outstanding share of Florida Rock common stock (other than shares owned by Florida Rock, Fresno Merger Sub, Vulcan or any wholly owned subsidiary of Vulcan or Florida Rock) will be converted into the right to receive, at the holder's election, \$67.00 in cash per share, without interest, or 0.63 of a share of Holdco common stock per share, subject to proration. Florida Rock shareholder elections will be subject to proration to ensure that 30% of Florida Rock shares will be exchanged for Holdco shares and 70% of Florida Rock shares will be exchanged for cash. The exchange ratio and the per share amount of cash to be paid are fixed and will not be adjusted to reflect stock price changes prior to the date of the Florida Rock merger. Each share of Florida Rock common stock owned by Florida Rock or Fresno Merger Sub will be cancelled without consideration. Each share of Florida Rock common stock owned by Vulcan or any direct or indirect wholly owned subsidiary of Florida Rock or Vulcan (other than Fresno Merger Sub) will be converted into the right to receive 0.63 of a share of Holdco common stock. The conversion of these shares is not subject to proration, and these shares will not be taken into consideration when determining the proration calculations.

In the Florida Rock merger, all outstanding company-issued Florida Rock stock options will vest and become exercisable at least 10 business days prior to the election deadline. Option holders who exercise their options and receive shares of Florida Rock common stock prior to the fourth business day prior to the election deadline may make elections with respect to such shares. Each Florida Rock stock option that remains outstanding immediately prior to the effective time of the Florida Rock merger will be exchanged for the right to receive cash in an amount equal to the number of shares of Florida Rock common stock subject to such option multiplied by the excess, if any, of \$67.00 over the exercise price for such stock option. See *Treatment of Stock Options and Other Equity-Based Awards* on page 60.

The rights pertaining to Holdco common stock will be different from the rights pertaining to Florida Rock common stock, because the restated certificate of incorporation and restated by-laws of Holdco in effect immediately after the mergers are completed will be different from the restated articles of incorporation and restated bylaws of Florida Rock and because Holdco is a New Jersey and not a Florida corporation. A further description of the rights pertaining to Holdco common stock and Holdco's restated certificate of incorporation and restated by-laws which will be in effect immediately after the mergers are completed is further described under *Description of Holdco Capital Stock - Common Stock* on page 86 and *Comparison of Shareholders Rights* on page 87.

Effect of the Vulcan Merger; What Vulcan Shareholders Will Receive in the Vulcan Merger

Virginia Merger Sub, a wholly owned subsidiary of Holdco newly organized to effect the Vulcan merger, will merge with and into Vulcan. Vulcan will be the surviving corporation in the Vulcan merger and will become a wholly owned subsidiary of Holdco.

In the Vulcan merger, each outstanding share of Vulcan common stock (other than shares owned by Vulcan) will be converted into one share of Holdco common stock. The exchange ratio is fixed and will not be adjusted to reflect stock price changes prior to the date of the Vulcan merger. Each share of Vulcan common stock owned by

Table of Contents

Vulcan will be cancelled without consideration. Each share of Vulcan common stock owned by Florida Rock or any direct or indirect wholly owned subsidiary of Florida Rock or Vulcan will be converted into the right to receive one share of Holdco common stock.

All outstanding Vulcan stock options and stock appreciation rights under employee benefit plans will be converted into options to purchase an equivalent number of shares of Holdco common stock, subject to the same terms and conditions. All restricted stock units, deferred stock units, or phantom units of Vulcan will be converted into a number of restricted stock units, deferred stock units or phantom units in respect of shares of Holdco common stock, equal to the number of shares underlying the applicable restricted stock units, deferred stock units or phantom units immediately prior to the effective time of the Vulcan merger.

The rights pertaining to Holdco common stock will be the same in all material respects to the rights pertaining to Vulcan common stock, because the restated certificate of incorporation and restated by-laws of Holdco in effect immediately after the completion of the mergers will be substantially similar to the current restated certificate of incorporation and restated by-laws of Vulcan. A further description of the rights pertaining to Holdco common stock and Holdco's restated certificate of incorporation and restated by-laws is further described under "Description of Holdco Capital Stock - Common Stock" on page 86 and "Comparison of Shareholder Rights" on page 87.

Background of the Mergers

For a number of years, the Florida Rock board of directors and senior management have periodically reviewed Florida Rock's strategic position in the heavy building materials industry and the impact of industry changes and developments on Florida Rock. To enhance Florida Rock's strategic position, the Florida Rock board of directors and senior management have pursued a number of strategic initiatives in recent years, including the Lafarge Florida acquisition, the expansion of the Newberry cement plant, acquisitions of additional reserves on the Ohio and Tennessee rivers and other strategic acquisitions. The Florida Rock board of directors and senior management have explored various potential alternatives, including acquisitions and possible business combinations, to improve Florida Rock's strategic position and to increase shareholder value.

Vulcan and Florida Rock operate in the same industry and consequently representatives of each company have commercial interactions with representatives of the other from time to time. The companies also conduct business with each other. In particular, Florida Rock purchases aggregates from Vulcan at several facilities and the companies negotiate from time to time regarding other commercial arrangements that may be beneficial to both companies. Donald M. James, Vulcan's chairman and chief executive officer and a member of Vulcan's board of directors, and John D. Baker II, Florida Rock's president and chief executive officer and a member of Florida Rock's board of directors, have both participated for many years in the National Stone, Sand & Gravel Association, an industry trade group, and both serve on the board of directors of Wachovia Corporation.

From time to time over the past several years, representatives of Florida Rock and Vulcan have informally discussed a number of potential transactions between the two companies, including the possible acquisition of Florida Rock by Vulcan. These discussions were general in nature and did not advance to detailed consideration of any specific transaction because the parties were not able to agree on a value range for the acquisition of Florida Rock. Over the past several years, representatives of Florida Rock have also had informal discussions with two other industry participants with respect to possible business combination transactions. These informal discussions focused on business combination transactions which offered no premium for Florida Rock common stock, and were abandoned at preliminary stages because the parties could not agree on valuations.

In late October 2006, at a meeting of Vulcan's board of directors, the Vulcan board authorized Mr. James to explore a number of potential transactions, including a transaction with Florida Rock. Goldman Sachs & Co., financial advisor

to Vulcan, provided analyses to Vulcan's management in late October 2006 regarding three hypothetical business combinations, including an acquisition of Florida Rock. The analyses included a presentation of pro forma post-combination financial results, including revenue and earnings, and factual data about the companies drawn from public filings. Goldman Sachs did not provide any financial advisory services to Florida Rock in connection with the mergers and has never received, and will not receive a fee for providing any such services to Florida Rock.

Table of Contents

In early December 2006, Mr. James called Mr. John Baker to express an interest in discussing with Florida Rock a potential transaction whereby Vulcan would acquire Florida Rock. During this and subsequent telephonic discussions and meetings in December 2006 among Mr. James, Mr. John Baker and, in some instances, Edward L. (Ted) Baker, Mr. John Baker's brother and Florida Rock's chairman, the parties discussed Vulcan's interest in a potential transaction with Florida Rock and a number of possible transaction structures. These discussions included a general exchange of views on the forms of consideration payable in a potential transaction, which focused on the percentage of cash and stock consideration that would be paid to Florida Rock shareholders in a potential transaction and the tax consequences of a potential transaction. The parties also discussed the possibility that Vulcan might need to simultaneously acquire Patriot Transportation Holding, Inc., which we refer to in this proxy statement/prospectus as Patriot, as a means for Vulcan to acquire reserves owned by Patriot and leased to Florida Rock. Messrs. John Baker and Ted Baker and Baker Holdings, L.P., beneficially own, in the aggregate, approximately 44.8% of the outstanding shares of Patriot common stock. In addition, Messrs. John Baker and Ted Baker, Thompson S. Baker II, Mr. Ted Baker's son and a director and vice president of Florida Rock, and Luke E. Fichthorn III, a director of Florida Rock, are on the board of directors of Patriot.

Also in early December 2006, Mr. John Baker called Mr. James to indicate his belief, based upon his knowledge of both Florida Rock, including its prospects and strategic alternatives, and the heavy building materials industry generally, that the Florida Rock board of directors might consider pursuing a transaction in which Vulcan would simultaneously acquire Florida Rock and Patriot for aggregate consideration to shareholders of Florida Rock and Patriot having a value equivalent to approximately \$71.00 times the number of outstanding shares of Florida Rock common stock. Mr. James responded that Vulcan would need to perform due diligence in order to determine whether Vulcan could support such a valuation, including a detailed review of Florida Rock's real estate portfolio and aggregates reserves.

In a subsequent telephone conversation with Mr. John Baker, Mr. James indicated that, subject to satisfactory completion of its due diligence, Vulcan might consider acquiring Florida Rock on a stand-alone basis for equivalent value in the low \$60 range per share of Florida Rock common stock. Mr. John Baker indicated to Mr. James his belief, based upon the factors discussed above, that a valuation in the low \$60 range per share would not likely be acceptable to the Florida Rock board of directors.

On December 8, 2006, at a regularly scheduled meeting of the Vulcan board of directors, Mr. James provided an update on the discussions with Messrs. John and Ted Baker. The Vulcan board of directors authorized Mr. James to continue to engage in discussions with respect to a potential transaction.

On December 12, 2006, Florida Rock and Vulcan entered into a non-disclosure agreement to facilitate the exchange of due diligence materials.

On December 14, 2006, Mr. James met with Messrs. John and Ted Baker in Jacksonville to continue the discussion of a potential transaction. The discussion focused on the valuation of Florida Rock's real estate portfolio and the amount of aggregates reserves.

At the time of and subsequent to these discussions, Vulcan continued its legal due diligence of Florida Rock and Patriot and worked to determine an appropriate valuation for the potential transaction, including an appropriate valuation for an acquisition of both Florida Rock and Patriot and an acquisition of Florida Rock on a stand-alone basis.

On January 8, 2007, Mr. John Baker, Mr. Thompson Baker and John Milton, Florida Rock's executive vice president and chief financial officer, met with Mr. James, Daniel F. Sansone, Vulcan's senior vice president and chief financial

officer, G. M. (Mac) Badgett III, Vulcan's senior vice president, Construction Materials Group, Robert A. Wason IV, Vulcan's senior vice president, corporate development and William F. Denson III, Vulcan's senior vice president and general counsel in Jacksonville, Florida to discuss the potential transaction. The Florida Rock representatives reviewed the terms of the Florida Rock/Patriot leases with the Vulcan representatives and explained that they generally permit Florida Rock to mine the leased reserves for the life of such reserves. Based upon this understanding, the Vulcan representatives indicated that pursuing the simultaneous acquisition of Patriot was not necessary and that Vulcan was no longer interested in considering the acquisition of Patriot. The parties also reviewed the status of Florida Rock's Lake Belt litigation. Due to uncertainty as to the remedies that might be

Table of Contents

ordered by the court in the Lake Belt litigation, the likely impact of the Lake Belt litigation on Florida Rock could not be quantified with any accuracy, and consequently the parties focused their discussion on Florida Rock's plans for mitigating the impact of any potential adverse rulings in that litigation. At the meeting, Mr. John Baker indicated his belief, based upon the same factors discussed above in connection with previous pricing discussions between the parties, that the Florida Rock board of directors might be willing to consider an offer valuing Florida Rock common stock at \$67.00 per share (excluding Patriot). Mr. James did not make a counterproposal, but expressed to Mr. John Baker his preliminary view that a valuation of \$66.00 per share of Florida Rock common stock (excluding Patriot) would be consistent with previous pricing discussions regarding an acquisition of both Florida Rock and Patriot.

On January 11, 2007, Mr. John Baker called members of the Florida Rock board of directors to inform them of the discussions that had occurred with Vulcan with respect to a potential transaction. Based upon these conversations, it was the consensus of the Florida Rock board of directors that discussions with Vulcan regarding the potential transaction should continue.

In early January 2007, at the request of Messrs. John and Ted Baker, Weil, Gotshal & Manges, LLP, legal counsel to Florida Rock, contacted several financial advisory firms, including Lazard Frères & Co., on a confidential basis, without naming Florida Rock or its industry, to determine each firm's availability to accept an engagement on behalf of Florida Rock, as well as the fees such firms would charge for their advisory services. Based on the results of these initial contacts, the views of Florida Rock's directors and subsequent discussions between Lazard and Florida Rock's management, Lazard was retained by Florida Rock, pursuant to an engagement letter dated January 25, 2007, to act as its financial advisor in connection with the potential transaction, to assist in negotiating the financial terms of the potential transaction, and, if necessary, to opine on the fairness of the consideration to be received by the shareholders of Florida Rock in the potential transaction.

On January 18, 2007, Mr. John Baker, Mr. Ted Baker, Mr. Milton and representatives of Weil, Gotshal & Manges and Lazard met in New York City with Mr. James, Mr. Sansone, Mr. Denson and Mr. Wason and representatives of Wachtell, Lipton, Rosen & Katz, legal counsel to Vulcan, and Goldman Sachs to discuss the potential transaction. The parties discussed the due diligence process, the structure of the potential transaction, the form of consideration to be paid by Vulcan (which would include the ability of Florida Rock shareholders to choose between cash and stock, subject to limitations) and Vulcan's desire that certain members of the Baker family execute a support agreement and shareholders agreement in connection with the transaction. The parties also reviewed analyses of a number of properties owned by Florida Rock. These analyses, which were principally compiled by Florida Rock management, estimated the value of the properties based on future development that could occur after the properties are no longer mined for aggregates or otherwise used in business operations.

On January 19, 2007, Messrs. John Baker, Thompson Baker and Milton met with Messrs. James, Denson, Badgett and Wason in Jacksonville, Florida to further discuss the analyses of Florida Rock's real estate holdings and aggregates reserves, including the length of life and quality of the reserves, and potential new aggregates projects. The parties also discussed Florida Rock's business generally and the potential synergies that could result from the proposed transaction. After discussion, the parties reached a consensus that \$50 million of annual pre-tax synergies was a reasonable estimate of what could be achieved as a result of the proposed transaction.

In late January 2007, Vulcan and Florida Rock continued exchanging due diligence materials, including leases of real property, material agreements, financing documents, acquisition and disposition agreements, employment and employee benefits documents, tax documentation and litigation documentation. The exchange of due diligence materials continued until the execution of the merger agreement.

On January 25, 2007, the Florida Rock board of directors held a special meeting with representatives of Weil, Gotshal & Manges and Lazard in attendance to discuss the potential transaction. At this meeting, Mr. John Baker and

Mr. Milton, representing Florida Rock's senior management, provided the Florida Rock board of directors with an overview of Florida Rock's discussions with Vulcan relating to the potential transaction. In addition, representatives of Weil, Gotshal & Manges advised the Florida Rock board of directors of its fiduciary duties in connection with such a transaction and summarized the general terms proposed by Vulcan with respect to the transaction, including structure, timing, antitrust review and required shareholder vote. Also at the meeting, representatives of Lazard gave a financial presentation regarding Florida Rock and the heavy building materials sector generally, as well as a preliminary valuation analysis of Florida Rock and the Florida Rock board of directors

Table of Contents

asked questions regarding the financial presentation, including the discount rate used by Lazard in the discounted cash flow analysis, the comparable companies and transactions analyzed by Lazard, Lazard's views of the interest and ability of various industry participants to acquire Florida Rock at the price levels being discussed by the parties and Lazard's views on industry conditions and outlook. The Florida Rock board of directors also discussed with Florida Rock's management and representatives of Lazard five-year financial projections. The five-year financial projections, which we refer to in this proxy statement-prospectus as the Florida Rock financial projections, were prepared by Florida Rock's management at Vulcan's request solely for purposes of the evaluation of the potential transaction. Vulcan provided to Florida Rock's management Vulcan's macroeconomic outlook for the United States economy as well as Vulcan's estimates of market demand for aggregates and growth by aggregates end use market for each state in which Florida Rock operates. In developing the Florida Rock financial projections, Florida Rock management utilized the foregoing data provided by Vulcan and made certain adjustments to Vulcan's outlook for near-term periods. The material Florida Rock financial projections can be found under "Certain Florida Rock Financial Projections" beginning on page 42.

The Florida Rock board of directors then discussed with Florida Rock's senior management and representatives of Weil, Gotshal & Manges and Lazard, potential strategic alternatives available to Florida Rock, including the benefits, opportunities, risks and uncertainties associated with Florida Rock remaining an independent company, as well as the merits of a possible business combination transaction. The Florida Rock board of directors discussed whether it was an opportune time to enter into the potential transaction in light of the current downturn in the housing market in the Southeast generally and Florida in particular and inquired of Lazard how potential acquirors might value Florida Rock. During the course of this discussion, the Florida Rock board of directors considered the factors that they believed would affect an acquiror's determination of the purchase price that it might be willing to pay for Florida Rock, and concluded that there were other factors, such as the net present value of Florida Rock's mining reserves and the pricing cycle of Florida Rock's products, that would be important to such a determination. The discussion also included an analysis of the benefits and risks related to approaching other industry participants regarding a potential transaction prior to entering into a merger agreement with Vulcan and, in particular, an assessment of the risks to Florida Rock's business and the potential transaction associated with conducting a market check prior to entering into a merger agreement with Vulcan. In particular, the Florida Rock board of directors was concerned about the negative effect a premature public announcement of a potential transaction would have on Florida Rock's customers, suppliers, operations and key employees. Based upon its analysis of the merits of a possible business combination transaction, including the timing issues discussed above, the substantial premium and pricing multiple that Vulcan was offering, the continued uncertainty over when the housing market might improve, the risks to the business of Florida Rock associated with approaching other industry participants regarding a potential transaction, the resources and ability of certain of the larger industry participants to make an offer for Florida Rock after a transaction was announced if they had an interest in doing so, and the Florida Rock board of directors' favorable outlook regarding Vulcan's future performance, including the Florida Rock board of directors' belief that Vulcan's product mix and business prospects were superior to other industry participants, the Florida Rock board of directors concluded that it was unlikely that a transaction as favorable as the one being discussed with Vulcan could be achieved in the foreseeable future. Therefore, the independent members of the Florida Rock board of directors directed that Florida Rock management should continue to engage in discussions with Vulcan management with respect to the potential transaction and that neither management of Florida Rock nor Lazard should solicit third-party indications of interest to acquire Florida Rock.

Following these discussions, the independent members of the Florida Rock board of directors met in executive session, together with representatives of Weil Gotshal & Manges, and discussed potential conflicts of interest that might arise in connection with the potential transaction. See "Interests of Florida Rock Directors and Executive Officers" beginning on page 46 for a discussion of these potential conflicts of interest. After this discussion, the independent members of the Florida Rock board of directors concluded that it was not necessary to form a special committee of the Florida Rock board of directors to negotiate the potential transaction or to condition the merger on a

vote of a majority of the public shareholders because there were no significant conflicts of interest. In particular, the independent members of the Florida Rock board of directors noted that members of the Baker family were not receiving disparate consideration for their Florida Rock shares, the Baker family's interests generally were aligned with those of the public shareholders because of their substantial holdings of Florida Rock stock and the possibility of a simultaneous acquisition of Patriot was no longer being considered. The independent members of the Florida

Table of Contents

Rock board of directors also determined that they would meet in executive session at the end of each meeting of the Florida Rock board of directors to discuss the proposed transaction. Additionally, the independent members of the Florida Rock board of directors believed that Messrs. John and Ted Baker were best suited to conduct negotiations on behalf of Florida Rock, because of their extensive knowledge and experience with respect to both Florida Rock and the industry generally.

On January 30, 2007, Mr. John Baker, Mr. Milton and representatives of Weil, Gotshal & Manges and Lazard met with Messrs. Sansone, Wason, Badgett, Denson, Ejaz A. Khan, Vulcan's vice president, controller and chief information officer and representatives of Goldman Sachs in Birmingham, Alabama to discuss the five-year financial projections prepared by Florida Rock management, which had previously been provided to Vulcan.

On February 6, 2007, Mr. John Baker, Mr. Ted Baker and Mr. Milton met with Messrs. James, Sansone and Wason in Birmingham, Alabama to discuss the terms of the potential transaction, including the consideration payable to Florida Rock shareholders. At the meeting, Mr. James provided to Mr. John Baker, Mr. Ted Baker and Mr. Milton Vulcan's five-year financial projections, and a summary of terms of the potential transaction, which contemplated Vulcan paying merger consideration per share of Florida Rock common stock of, at the election of Florida Rock shareholders, either \$67.00 or a fraction of a share of Holdco common stock, which exchange ratio would be calculated based on the closing price of Vulcan's common stock immediately preceding the announcement of the transaction. The summary of terms provided that the election by Florida Rock shareholders of either cash or stock consideration would be subject to the requirement that 70% of the aggregate consideration be paid in cash and 30% in Holdco common stock. The summary of terms also contemplated a support agreement and shareholders agreement to be entered into with certain members of the Baker family that would require them to vote approximately 9.9% of the outstanding shares of Florida Rock common stock in support of the transaction and provided for certain voting and transfer restrictions on shares held by certain members of the Baker family after the closing of the transaction that would not be applicable to Florida Rock's public shareholders. Additionally, the summary of terms provided by Vulcan contemplated that Mr. John Baker would serve on the board of directors of Holdco and Mr. Thompson Baker would serve as president of the new Florida Rock division of Holdco following the closing of the transaction. The parties discussed certain of the proposed terms, and the representatives of Florida Rock indicated that they believed the exchange ratio should be calculated based on the then-current trading price of Vulcan common stock, so that Florida Rock shareholders would receive the benefit of any subsequent increase in the trading price of Vulcan common stock over then-current levels. Mr. James indicated that he believed that the Vulcan board of directors would be agreeable to this request, and that the stock portion of the merger consideration would be based on a 0.63 exchange ratio, which was equal to \$67.00 divided by the then-current trading price of Vulcan common stock.

On February 7, 2007, the board of directors of Florida Rock held a regularly scheduled meeting with representatives of Weil, Gotshal & Manges, McGuireWoods, legal counsel to Florida Rock, and Lazard participating to discuss the terms of the potential transaction proposed by Vulcan. The Florida Rock board of directors received updates from the senior management of Florida Rock and representatives of Weil, Gotshal & Manges and Lazard concerning the status of negotiations and the open issues related to the potential transaction and asked questions of Lazard regarding the exchange ratio proposed by Vulcan, including with respect to the date used in calculating the exchange ratio. The Florida Rock board of directors discussed Vulcan's stated preference that Florida Rock sell a certain property owned by a subsidiary of Florida Rock consisting of approximately 6,300 acres located in Suwanee and Columbia counties, Florida in order to eliminate a non-operating asset (for a discussion of the sale of this property, please see Interests of Certain Persons in the Florida Rock Merger). Following this discussion, the independent members of the Florida Rock board of directors determined that Florida Rock should continue to engage in discussions with Vulcan with respect to the potential transaction. After further considering the potential for conflicts of interest (as further discussed in Interests of Florida Rock Directors and Executive Officers beginning on page 46), the independent members of the Florida Rock board of directors also directed that Florida Rock senior management conclude negotiations with respect to the material provisions of the merger agreement before requirements imposed by Vulcan on the Baker family were

negotiated, including the support agreement and shareholders agreement, and that separate counsel should be retained by the Baker family with respect to those agreements.

Table of Contents

On February 9, 2007, the board of directors of Vulcan held a regularly scheduled meeting. At the meeting, a comprehensive review of the potential transaction with Florida Rock was presented by Vulcan management and representatives of Goldman Sachs.

Also on February 9, 2007, Wachtell Lipton Rosen & Katz provided Weil, Gotshal & Manges with a draft merger agreement. The draft merger agreement prepared by Wachtell, Lipton Rosen & Katz proposed that Florida Rock be required to pay a termination fee of \$135 million under certain circumstances, that Florida Rock would reimburse Vulcan for Vulcan's expenses up to \$25 million if Florida Rock's shareholders did not vote to approve the merger agreement, that Florida Rock would convene a special meeting of shareholders to vote upon the approval of the merger agreement even if the Florida Rock board of directors changed its recommendation in favor of the merger agreement and that Vulcan would not be required to complete the proposed transaction if the U.S. antitrust regulators required Florida Rock to divest assets that produced more than a specified volume of aggregates in 2006.

On February 11, 2007, Weil, Gotshal & Manges provided Wachtell Lipton Rosen & Katz with a revised draft merger agreement. The draft merger agreement prepared by Weil, Gotshal & Manges limited the circumstances under which Florida Rock would be required to pay the \$135 million termination fee to Vulcan, eliminated the concept of expense reimbursement by Florida Rock, proposed that Vulcan would be required to complete the proposed transaction regardless of any divestitures required by the U.S. antitrust regulators and proposed that Vulcan would be required to pay a termination fee, the amount of which was not specified, to Florida Rock if the proposed transaction did not close because it was not approved by U.S. antitrust regulators.

At various times through the execution of the merger agreement, Vulcan's senior management as well as its legal counsel and financial advisors negotiated the draft merger agreement and related documents and agreements with Florida Rock's senior management and its legal counsel and financial advisors. These negotiations included discussions regarding, and the exchange of drafts of and comments on, these documents.

On February 12, 2007, Messrs. Sansone, Wason, Khan and Milton and representatives of Lazard and Goldman Sachs held a teleconference to discuss Vulcan's five-year financial projections, which had been provided to Florida Rock on February 6, 2007.

On February 12, 2007 and February 13, 2007, Wachtell Lipton Rosen & Katz provided to Weil, Gotshal & Manges and the Baker family's legal counsel draft copies of the support agreement and shareholders agreement, respectively. At various times, following the conclusion of the negotiation of the material provisions of the merger agreement, through the execution of these agreements, the parties negotiated these draft agreements. These negotiations included discussions regarding, and the exchange of drafts of and comments on, these documents.

On February 18, 2007, the Vulcan board of directors held a special meeting with representatives of Goldman Sachs and Wachtell, Lipton, Rosen & Katz in attendance, to discuss the terms of the potential transaction. Mr. James updated the Vulcan board of directors on the negotiations with Florida Rock, and on Vulcan's business and accounting due diligence with respect to Florida Rock. Following presentations from Goldman Sachs and Wachtell, Lipton, Rosen & Katz, and a full discussion, the Vulcan board of directors unanimously determined that the merger agreement and the Vulcan merger were advisable and in the best interests of Vulcan and its shareholders and approved the merger agreement. This determination was confirmed at a brief telephonic meeting of the Vulcan board of directors on February 19, 2007.

On February 19, 2007, the board of directors of Florida Rock held a special meeting with representatives of Weil, Gotshal & Manges, McGuireWoods, Lazard and KPMG, Florida Rock's auditor, in attendance to discuss the terms of the potential transaction. Mr. John Baker updated the Florida Rock board of directors on the negotiations with Vulcan.

Representatives of Weil, Gotshal & Manges advised the Florida Rock board of directors of its fiduciary duties in connection with the potential transaction and then discussed the terms of the proposed merger agreement and the terms of the proposed support agreement and shareholders agreement to be entered into by the Baker Shareholders. Members of the Florida Rock board of directors asked questions of Weil, Gotshal & Manges with respect to the definition of "material adverse effect" in the merger agreement, and the circumstances under which the termination fee would be payable by Florida Rock. The Florida Rock board of directors then discussed the benefits and risks associated with conducting a "market check" prior to entering into a merger agreement with Vulcan. Representatives of Weil, Gotshal & Manges, in response to questions of the Florida Rock board of directors,

Table of Contents

explained the circumstances under which the Florida Rock board of directors could entertain an alternative acquisition proposal from a third-party after the merger agreement with Vulcan had been executed. Representatives of Weil, Gotshal & Manges further reviewed the deal protection provisions contained in the transaction documents, including the termination fee of \$135 million that Florida Rock would be required to pay to Vulcan, which represented approximately 2.9% of the aggregate value of the proposed transaction, the ability of the Florida Rock board of directors in certain circumstances to change its recommendation in favor of the potential transaction and the fact that the support agreement to be entered into by the Baker Shareholders would terminate concurrently with any termination of the merger agreement. Representatives of Weil, Gotshal & Manges then summarized the legal due diligence review that had been conducted with respect to Vulcan and representatives of KPMG summarized the accounting due diligence review that had been conducted with respect to Vulcan. Representatives of Lazard made a financial presentation regarding the proposed transaction, which was substantially similar to the previous presentations Lazard made to the Florida Rock board of directors. Members of the Florida Rock board of directors asked questions of Lazard regarding the financial presentation, including questions regarding Lazard's discounted cash flow analysis, comparable company analysis and precedent transactions analysis. Lazard then delivered to the Florida Rock board of directors its opinion, subsequently confirmed in writing, that subject to the various assumptions and limitations set forth in its opinion, as of February 19, 2007, the consideration to be paid to Florida Rock shareholders (other than Vulcan and any of its direct or indirect wholly-owned subsidiaries), pursuant to the merger agreement, was fair, from a financial point of view, to those shareholders. Lazard's opinion was subject to assumptions and limitations, including the assumption that the financial projections of Florida Rock and Vulcan were reasonably prepared on bases reflecting the best currently available estimates and judgments of management of Florida Rock and Vulcan as to the future financial performance and results of operation of Florida Rock and Vulcan. Please see Opinion of Florida Rock's Financial Advisor beginning on page 34 for a discussion of the opinion delivered by Lazard to the Florida Rock board of directors, including a complete discussion of the assumptions and limitations set forth in the opinion.

During the course of these discussions and presentations, the Florida Rock board of directors engaged in a full discussion of the advantages of the transaction, a number of countervailing factors and risks, the terms of the transaction, the terms of the voting and transfer restrictions that would be applicable to, and could negatively impact the value of, the Holdco common stock that certain members of the Baker family would receive in the transaction and the interests of Florida Rock's directors and executive officers in the transaction. Following such discussions, the Florida Rock board of directors unanimously determined that the merger agreement and the Florida Rock merger were advisable and in the best interests of Florida Rock and its shareholders, adopted the merger agreement and recommended that Florida Rock shareholders approve the merger agreement (with Mr. Ted Baker, Mr. John Baker and Mr. Thompson Baker abstaining due to matters discussed in Interests of Florida Rock Directors and Executive Officers beginning on page 46).

In the afternoon of February 19, 2007, Vulcan and Florida Rock executed and delivered the merger agreement and issued a joint press release announcing the transaction. Vulcan and the Baker Shareholders also executed and delivered the support agreement and shareholders agreement.

Florida Rock's Reasons for the Florida Rock Merger; Recommendation of the Florida Rock Merger by the Florida Rock Board of Directors

At its meeting on February 19, 2007, as well as the other meetings at which it considered the transaction, the Florida Rock board of directors consulted with Florida Rock management as well as its financial and legal advisors and, at its February 19, 2007 meeting, unanimously determined (with Edward L. Baker, John D. Baker II and Thompson S. Baker II abstaining) to adopt the merger agreement and recommended that Florida Rock shareholders vote to approve the merger agreement. In reaching its conclusion to adopt the merger agreement and to recommend that the shareholders of Florida Rock approve the merger agreement, the Florida Rock board of directors considered the following factors as generally supporting its decision to enter into the merger agreement and related agreements:

the fact that Florida Rock shareholders will receive total blended cash and stock consideration of \$68.03 per share, based on the closing price of Vulcan's common stock on February 16, 2007, the last full trading day which preceded the announcement of the transaction, representing a premium of approximately 45% over the closing price per share of Florida Rock common stock on February 16, 2007;

the analysis, presentation and oral opinion of Lazard delivered on February 19, 2007, and subsequently confirmed in writing as of that day, to the effect that, as of the date of such opinion, and based upon and subject to the various considerations, assumptions and limitations set forth in the opinion, the merger consideration to be provided to Florida Rock shareholders pursuant to the merger agreement is fair from a financial point of view to the holders of Florida Rock common stock (the written opinion of Lazard is attached as Annex D to this proxy statement/prospectus and discussed in detail under "Opinion of Florida Rock's Financial Advisor beginning on page 32), taking into account the contingent nature of Lazard's compensation;

the Florida Rock board of directors' belief that the Florida Rock merger represented the highest and best value reasonably available to Florida Rock's shareholders for their Florida Rock shares based upon the industry and business knowledge of the management and board of directors of Florida Rock and after considering the opinion of Lazard that, as of the date of the opinion and based on and subject to the considerations, assumptions and limitations described in the opinion, the merger consideration to be paid to the holders of Florida Rock common stock (other than Vulcan and its direct and indirect wholly-owned subsidiaries) in the Florida Rock merger was fair, from a financial point of view, to such holders, and the related financial presentation;

the opportunity for Florida Rock shareholders to elect cash or stock consideration, which will enable many shareholders to receive immediate cash value while those shareholders who wish to continue to participate in the combined company will have the chance to do so, subject to the proration provisions of the merger agreement, and will provide Florida Rock shareholders with a measure of value assurance in the event of a decline in the price of Vulcan common stock;

because the exchange ratio is fixed, Florida Rock shareholders who receive Holdco common stock will benefit from any increase in the trading price of Vulcan common stock between the announcement of the transaction and the closing of the Florida Rock merger;

the expectation that the exchange of Florida Rock common stock for Holdco common stock, pursuant to the mergers, generally would be nontaxable to Florida Rock shareholders to the extent of the Holdco common stock they receive;

the Florida Rock board of directors' analysis and understanding of Florida Rock's strategic alternatives as an independent company in the context of both uncertainty in the commercial and home building markets in the southeast generally and Florida in particular and the increasingly competitive and rapidly consolidating heavy building materials industry, including the business, financial and execution risks associated with remaining independent;

the Florida Rock board of directors' analysis of the business, operations, financial performance, earnings and prospects of Florida Rock on an independent basis, and the Florida Rock board of directors' belief, based on its analysis and understanding, that the combined company would be better able to succeed in light of the risks and potential rewards associated with Florida Rock continuing to operate as an independent entity and other alternatives reasonably available to Florida Rock, including growth through the acquisition of or merger with other companies or assets;

historical and current information concerning Vulcan's business, financial performance and condition, operations, management, competitive position and prospects, before and after giving effect to the Florida Rock merger and the Florida Rock merger's potential effect on shareholder value;

the board of directors and management's assessment that the Florida Rock merger and Vulcan's operating strategy were consistent with Florida Rock's long-term operating strategy to seek to profitably grow its business by expanding its geographic scope and product offerings to serve customer needs;

given the current environment in the heavy building materials industry, the advantages that the Florida Rock board of directors believed the combined company, with an expanded geographic reach and greater emphasis on the aggregates business, would have, including the Florida Rock board of directors' belief that access to Vulcan's size and scope would place Florida Rock in a better position to take advantage of growth opportunities, meet competitive pressures and serve customers more efficiently;

Table of Contents

the fact that customers served by the combined company would benefit from greater resources and opportunities; and

the terms and conditions of the merger agreement, including:

the cash and stock election provisions described above;

the limited number and nature of the conditions to Vulcan's obligation to close the Florida Rock merger;

the ability which Florida Rock retains to provide confidential due diligence information to, and engage in discussions with, a third party that makes an unsolicited bona fide written proposal to engage in a business combination transaction, provided that the Florida Rock board of directors determines in good faith, after consultation with its outside legal counsel, that failure to take such action would be inconsistent with the Florida Rock board of directors' fiduciary duties under applicable law and concludes in good faith, after consultation with its outside legal counsel and financial advisors, that the proposal is more favorable to Florida Rock shareholders, from a financial point of view, than the transactions contemplated by the merger agreement (please see the section entitled "The Merger Agreement - No Solicitation of Alternative Transactions" beginning on page 58 of this proxy statement-prospectus);

the conclusion of the Florida Rock board of directors that the \$135 million termination fee, and the circumstances when such fee may be payable, were reasonable in light of the benefits of the Florida Rock merger and commercial practice; and

the fact that the Florida Rock merger is subject to the approval of the merger agreement by Florida Rock shareholders.

The Florida Rock board of directors also considered a number of potentially countervailing factors and risks. These countervailing factors and risks included the following:

the fact that Florida Rock will no longer exist as an independent company and, except to the extent its shareholders elect and receive shares of Holdco common stock in the Florida Rock merger, its shareholders will not participate in Florida Rock's growth or benefit from any future increase in the value of Florida Rock or from any synergies that may be created by the Florida Rock merger;

the fact that under the terms of the merger agreement, Florida Rock is restricted in its ability to solicit other acquisition proposals;

the fact that under the terms of the merger agreement, Florida Rock is restricted in its ability to operate its business during the period between the signing of the merger agreement and the completion of the Florida Rock merger;

the \$135 million termination fee payable to Vulcan upon the occurrence of certain events, and the potential effect of such termination fee on the decision by a third party to make a competing acquisition proposal that may be more advantageous to Florida Rock shareholders;

the fact that under the terms of the merger agreement, Florida Rock is required to hold a meeting of Florida Rock shareholders to approve the merger agreement, including under circumstances where an alternative transaction has been proposed that may be more advantageous to Florida Rock shareholders;

the risk that the Florida Rock merger might not be consummated in a timely manner or at all;

the negative impact of any customer confusion or delay in purchase commitments, the potential loss of one or more large customers as a result of any such customer's unwillingness to do business with the combined company;

the possible loss of key management or other personnel;

the fact that Florida Rock officers and employees will have expended extensive efforts attempting to complete the Florida Rock merger and will experience significant distractions from their work during the pendency of the Florida Rock merger and Florida Rock will have incurred substantial transaction costs in connection with the Florida Rock merger even if the Florida Rock merger is not consummated;

the risk to Florida Rock's business, sales, operations and financial results in the event that the Florida Rock merger is not consummated;

Table of Contents

the potential conflicts of interest of Florida Rock directors and officers in connection with the Florida Rock merger which include, but are not limited to: the treatment of stock options held by directors and executive officers of Florida Rock in the Florida Rock merger; the vesting and accelerated payment of certain retirement benefits and the potential payment of certain severance benefits to executive officers; the continued employment after the mergers of Thompson S. Baker II as President of the Florida Rock division of Holdco; John D. Baker II's service as a director of Holdco after the mergers; the purchase by Edward L. Baker and John D. Baker II from Florida Rock of a 6,300 acre property immediately prior to the mergers; the support agreement between Vulcan and the Baker Shareholders; the shareholders agreement among Vulcan, Holdco and the Baker Shareholders; and the indemnification of former Florida Rock officers and directors by Holdco (please see Interests of Directors and Executive Officers in the Mergers beginning on page 42);

the challenges and costs of combining the operations of two large companies and the substantial expenses to be incurred in connection with the Florida Rock merger, including the risks that delays or difficulties in completing the integration could adversely affect the combined company's operating results and preclude the achievement of some benefits anticipated from the Florida Rock merger;

the fact that gains arising from the cash portion of the merger consideration would be taxable to Florida Rock shareholders for United States federal income tax purposes;

because the exchange ratio is fixed, Florida Rock shareholders who receive Holdco common stock will be adversely affected by any decrease in the trading price of Vulcan common stock between the announcement of the transaction and the closing of the Florida Rock merger; and

various other applicable risks associated with the combined company and the Florida Rock merger, including those described in the section of this proxy statement/prospectus entitled Risk Factors beginning on page 14.

This discussion of the information and factors considered by the Florida Rock board of directors in making its decision is not intended to be exhaustive but includes all material factors considered by the Florida Rock board of directors. In view of the wide variety of factors and risks considered in connection with its evaluation of the Florida Rock merger and the complexity of these matters, the Florida Rock board of directors did not find it useful, and did not attempt to, quantify, rank or otherwise assign relative weights to these factors and risks. In considering the factors and risks described above, individual members of the Florida Rock board of directors may have given different weight to different factors. The Florida Rock board of directors conducted an overall analysis of the factors described above, including discussions with, and questioning of, Florida Rock's management and Florida Rock's legal and financial advisors, and considered the factors overall to be favorable to, and to support, its determination.

The Florida Rock board of directors unanimously adopted the merger agreement (with Edward L. Baker, John D. Baker II and Thompson S. Baker II abstaining). The Florida Rock board unanimously recommends (with Edward L. Baker, John D. Baker II and Thompson S. Baker II abstaining) that Florida Rock shareholders vote FOR approval of the merger agreement.

Opinion of Florida Rock's Financial Advisor

In early January 2007, at the request of Messrs. John and Ted Baker, Weil, Gotshal & Manges, LLP, legal counsel to Florida Rock, contacted several financial advisory firms, including Lazard Frères & Co., on a confidential basis, without naming Florida Rock or its industry, to determine each firm's availability to accept an engagement on behalf of Florida Rock, as well as the fees such firms would charge for their advisory services. Based on the results of these initial contacts, the views of Florida Rock's directors and subsequent discussions between Lazard and Florida Rock's

management, Lazard was retained by Florida Rock, pursuant to an engagement letter dated January 25, 2007, to act as its financial advisor in connection with the potential transaction, to assist in negotiating the financial terms of the potential transaction, and, if necessary, to opine on the fairness of the consideration to be received by the shareholders of Florida Rock in the potential transaction. Florida Rock selected Lazard based on Lazard's qualifications, expertise and reputation. In connection with Lazard's engagement, Florida Rock requested that Lazard evaluate the fairness, from a financial point of view, to the holders of Florida Rock

Table of Contents

common stock (other than Vulcan and its direct and indirect wholly-owned subsidiaries) of the merger consideration to be paid to such holders in the Florida Rock merger. On February 19, 2007, at a meeting of the Florida Rock board of directors held to evaluate the mergers, Lazard rendered to the Florida Rock board of directors an oral opinion, which opinion was subsequently confirmed by delivery of a written opinion dated February 19, 2007, the date of the merger agreement, to the effect that, as of that date and based on and subject to the considerations, assumptions and limitations described in its opinion, the merger consideration to be paid to the holders of Florida Rock common stock (other than Vulcan and its direct and indirect wholly-owned subsidiaries) in the Florida Rock merger was fair, from a financial point of view, to such holders.

The full text of Lazard's written opinion, dated February 19, 2007, to the Florida Rock board of directors is attached as Annex D to this proxy statement/prospectus. Holders of shares of Florida Rock common stock are urged to, read this opinion carefully and in its entirety.

In connection with its opinion, Lazard:

reviewed the financial terms and conditions of the merger agreement;

analyzed certain publicly available historical business and financial information relating to Florida Rock and Vulcan;

reviewed various internal financial forecasts and other data provided to Lazard by management of Florida Rock relating to the business of Florida Rock, various internal financial forecasts and other data provided to Lazard by management of Vulcan relating to the business of Vulcan and the anticipated synergies from the mergers provided to Lazard by the managements of Florida Rock and Vulcan;

held discussions with members of the senior management of Florida Rock with respect to the business and prospects of Florida Rock;

held discussions with members of the senior management of Vulcan with respect to the business and prospects of Vulcan;

reviewed public information with respect to certain other companies in lines of businesses Lazard believed to be generally comparable to the businesses of Florida Rock and Vulcan;

reviewed the financial terms of certain business combinations involving companies in lines of businesses Lazard believed to be generally comparable to the businesses of Florida Rock and Vulcan;

reviewed the historical stock prices and trading volumes of Florida Rock common stock and Vulcan common stock; and

conducted such other financial studies, analyses and investigations as Lazard deemed appropriate.

In performing this review, Lazard relied upon the accuracy and completeness of the foregoing information and did not assume any responsibility for any independent verification of such information or any independent valuation or appraisal of any of the assets or liabilities of Florida Rock or Vulcan, or concerning the solvency or fair value of Florida Rock or Vulcan. With respect to financial forecasts of Florida Rock and Vulcan, Lazard assumed that they had been reasonably prepared on bases reflecting the best currently available estimates and judgments of management of Florida Rock and Vulcan, respectively, as to the future financial performance and results of operations of Florida Rock and Vulcan, respectively. Lazard assumed no responsibility for and expressed no view as to such forecasts or the

assumptions on which they were based.

Further, Lazard's opinion was necessarily based on economic, monetary, market and other conditions as in effect on, and the information made available to Lazard as of, the date of its opinion. Lazard assumed no responsibility for advising any person of any change in any matter affecting its opinion or for updating or revising its opinion based on circumstances or events occurring after the date thereof. Lazard did not express any opinion as to any tax or other consequences that might result from the mergers, nor did its opinion address any legal, tax, regulatory or accounting matters, as to which Lazard understood that Florida Rock obtained such advice as Florida Rock deemed necessary from qualified professionals. Lazard did not express any opinion as to the price at which

Table of Contents

shares of Florida Rock common stock or Vulcan common stock may trade at any time subsequent to the announcement of the mergers.

In connection with the preparation of its opinion, Lazard was not authorized by Florida Rock or the Florida Rock board of directors to solicit, nor did it solicit, third-party indications of interest for the acquisition of all or any part of Florida Rock.

In rendering its opinion, Lazard assumed that the mergers will be consummated on the terms described in the merger agreement and without any waiver, amendment or modification of any material terms or conditions of the merger agreement and the receipt of the necessary regulatory approvals for the mergers in the time frame contemplated by the merger agreement.

Lazard's engagement and its opinion were for the benefit of the Florida Rock board of directors in connection with its consideration of the mergers. Lazard's opinion did not address the merits of the underlying decision by Florida Rock to engage in the mergers or the relative merits of the mergers as compared to other business strategies or transactions that might be available to Florida Rock. Lazard expressed no opinion or recommendation as to how the holders of Florida Rock common stock should vote at any shareholders meeting to be held in connection with the mergers.

In preparing its opinion to the Florida Rock board of directors, Lazard performed a variety of financial and comparative analyses, including those described below. The summary of Lazard's analyses described below is not a complete description of the analyses underlying Lazard's opinion. The preparation of a fairness opinion is a complex analytical process involving various determinations as to the most appropriate and relevant methods of financial analyses and the application of those methods to the particular circumstances and, therefore, is not readily susceptible to summary description. In arriving at its opinion, Lazard made qualitative judgments as to the significance and relevance of each analysis and factor that it considered. Accordingly, Lazard believes that its analyses must be considered as a whole and that selecting portions of its analyses and factors, or focusing on information presented below in tabular format, without considering all analyses and factors or the narrative description of the analyses, could create a misleading or incomplete view of the processes underlying its analyses and opinion.

In its analyses, Lazard considered industry performance, regulatory, general business, economic, market and financial conditions and other matters, many of which are beyond the control of Florida Rock and Vulcan. No company, transaction or business used in Lazard's analyses as a comparison is identical to Florida Rock or Vulcan or the proposed mergers, and an evaluation of the results of those analyses is not entirely mathematical. Rather, the analyses involve complex considerations and judgments concerning financial and operating characteristics and other factors that could affect the acquisition, public trading or other values of the companies, business segments or transactions being analyzed.

The estimates contained in Lazard's analyses and the ranges of valuations resulting from any particular analysis are not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favorable than those suggested by the analyses. In addition, analyses relating to the value of businesses or securities do not purport to be appraisals or to reflect the prices at which businesses or securities actually may be sold. Accordingly, Lazard's analyses and estimates are inherently subject to substantial uncertainty.

Lazard's opinion and financial analyses were only one of many factors considered by the Florida Rock board of directors in its evaluation of the proposed mergers and should not be viewed as determinative of the views of the Florida Rock board of directors or management with respect to the mergers or the merger consideration to be received in the Florida Rock merger by holders of Florida Rock common stock.

The following is a summary of the material financial analyses underlying Lazard's written opinion dated February 19, 2007 delivered to the Florida Rock board of directors in connection with the mergers. The measures chosen for analysis were selected by Lazard as customary and relevant to an acquisition utilizing cash and stock. The financial analyses summarized below include information presented in tabular format. In order to fully understand Lazard's financial analyses, the tables must be read together with the text of each summary. The tables alone do not constitute a complete description of the financial analyses. Considering the data in the tables below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of Lazard's financial analyses.

Florida Rock Comparable Public Companies Analysis

Lazard reviewed and analyzed selected public companies that it viewed as operating businesses reasonably comparable to one or more of Florida Rock's businesses (i.e., aggregates, concrete, and cement). Lazard selected these companies on the basis of similarity of the companies products, size, scale, and end markets to those of Florida Rock. With respect to Florida Rock's aggregates and cement businesses, a set of companies that was primarily engaged in those businesses were available and viewed as reasonably comparable to the respective Florida Rock businesses. For the concrete business, the set of comparable companies deemed most appropriate were diversified building materials companies that had a significant portion of their business in concrete and were therefore viewed as reasonably comparable to the Florida Rock concrete business. In performing this analysis, Lazard reviewed and analyzed certain financial information, valuation multiples and market trading data relating to the selected comparable companies and compared such information to the corresponding information for Florida Rock's business. This analysis was designed to assess how the market values shares of reasonably comparable publicly traded companies and provide a range of implied equity values per share of Florida Rock common stock.

Lazard compared Florida Rock's business to three aggregates companies, five diversified companies and three cement companies.

The aggregates companies were:

Martin Marietta Materials, Inc.;

Vulcan; and

Hanson PLC.

The diversified companies were:

CRH PLC;

Eagle Materials Inc.;

Rinker Group, Ltd.;

Texas Industries, Inc.; and

U.S. Concrete Inc.

The cement companies were:

Cemex S.A.B. de C.V.;

Lafarge S.A.; and

Holcim Ltd.

For each of these companies, Lazard calculated enterprise value as a multiple of projected 2007 EBITDA, as reflected in the Florida Rock financial projections, using equity analyst research reports as of February 15, 2007. In this proxy

statement/prospectus, EBITDA means net earnings (loss) before interest expense (income), income tax expense (benefit) and depreciation, amortization and depletion expense and is before the cumulative effect of a change in accounting principle, if applicable. The following table summarizes the results of this review:

Table of Contents

	Multiple of Enterprise Value to Projected 2007 EBITDA
Aggregates	
Martin Marietta	10.8x
Vulcan Materials	11.3x
Hanson	9.4x
Diversified	
CRH	8.8x
Eagle Materials	8.8x
Rinker Group	7.5x
Texas Industries	10.4x
U.S. Concrete	6.7x
Cement	
Cemex	8.0x
Lafarge	7.5x
Holcim	7.6x

Lazard calculated implied per share equity values for Florida Rock common stock by applying estimated 2007 EBITDA multiples to the projected 2007 EBITDA of the business units of Florida Rock reflected in the Florida Rock financial projections, as set forth in the table below:

	Aggregates Unit Range	Concrete Unit Range	Cement Unit Range
<i>Projected 2007 EBITDA Multiples</i>	10.3x - 11.3x	6.7x - 8.8x	7.1x - 8.1x

For the Florida Rock corporate unit, Lazard applied a multiple of 8.9x. Based on this analysis, Lazard calculated an implied equity value range per share of Florida Rock common stock of \$48.25 to \$56.50 and an implied exchange ratio of 0.4289 to 0.5622. In selecting the transactions it used in this analysis, Lazard reviewed merger transactions since 1997 involving companies in the heavy building materials industry. Lazard reviewed transactions since 1997 to obtain a

Table of Contents***Florida Rock Discounted Cash Flow Analysis***

Using the Florida Rock financial projections, Lazard performed a discounted cash flow analysis for each of Florida Rock's Aggregates, Southern Concrete, Northern Concrete, Cement and Corporate units, which was designed to provide insight into the value of those units as a function of their future unlevered free cash flows. Present value refers to the current value of future cash flows and is obtained by discounting those future cash flows or amounts by a discount rate, as described below. Other financial terms used below are projected unlevered free cash flows and terminal value. Projected unlevered free cash flows refer to a calculation of the future cash flows of an asset without including in such calculation any debt servicing costs. Terminal value refers to the estimated capitalized value of all future cash flows from an asset at a particular point in time.

Lazard's discounted cash flow analysis was based on the present value of projected unlevered free cash flow of each unit for 2007 to 2011 and the present value of the terminal value of each unit in 2011.

This analysis assumed a range of terminal year exit multiples of estimated EBITDA and discount rates based on estimates relating to each unit's weighted average cost of capital as illustrated in the table below. It also assumed net cash of approximately \$0.72 per share and after-tax proceeds of real estate sales of approximately \$3.00 per share. Florida Rock's weighted average cost of capital is a measure of the average expected return on all of Florida Rock's securities or loans based on the proportions of those securities or loans in Florida Rock's capital structure.

In performing this analysis, Lazard calculated the value of the Aggregates unit both without the projected unlevered free cash flow from new projects in that unit as well as the projected unlevered free cash flow from the new projects.

Unit	Discount Rate Ranges	EBITDA Exit Multiples
Aggregates (without new projects)	10.0% - 12.0%	8.0x - 9.0x
New Projects in Aggregates	10.0% - 12.0%	8.0x - 9.0x
Southern Concrete	10.0% - 12.0%	6.0x - 7.0x
Northern Concrete	10.0% - 12.0%	6.0x - 7.0x
Cement	8.0% - 10%	6.0x - 7.0x
Corporate	10.0% - 12.0%	7.0x

Based on these calculations, Lazard calculated an implied enterprise value range for each unit. Lazard combined the ranges of implied enterprise values to calculate an implied equity value range per share of Florida Rock common stock of \$58.00 to \$69.50 assuming no new Aggregates projects and of \$61.50 to \$74.00, assuming the new Aggregates projects are completed and an implied exchange ratio of 0.4158 to 0.6030, assuming no new Aggregates projects and 0.4409 to 0.6421, assuming the new Aggregates projects are completed. Lazard noted that the cash consideration in the Florida Rock merger is \$67.00 per share and the stock exchange ratio in the Florida Rock merger is 0.6300.

Vulcan Comparable Public Companies Analysis

Lazard performed a comparable companies analysis with respect to Vulcan similar to that performed with respect to Florida Rock. Lazard reviewed and analyzed selected public companies that it viewed as reasonably comparable to Vulcan's business. In performing this analysis, Lazard reviewed and analyzed certain financial information, valuation multiples and market trading data relating to the selected comparable companies and compared such information to the corresponding information for Vulcan's business. This analysis was designed to assess how the market values

shares of reasonably comparable publicly traded companies and provide a range of implied equity values per share of Vulcan common stock.

In performing this analysis, Lazard used the same companies and calculated the same ranges of EBITDA multiples as described under Florida Rock Comparable Companies Analysis.

Lazard calculated implied per share equity values for Vulcan common stock by applying estimated 2007 EBITDA multiples to the estimated 2007 EBITDA of the business units of Vulcan as set forth in the table below:

Table of Contents

	Aggregates Unit Range	Asphalt Unit Range	Ready-Mix Unit Range
<i>Projected 2007 EBITDA Multiples</i>	10.3x - 11.3x	6.7x - 8.8x	7.1x - 8.1x

For the corporate unit, Lazard applied a multiple range of 10.3x to 11.3x. Based on this analysis, Lazard calculated an implied equity value range per share of Vulcan common stock of \$100.50 to \$112.50.

Vulcan Discounted Cash Flow Analysis

Using forecasts provided by Vulcan management, Lazard performed a discounted cash flow analysis for each of Vulcan's Aggregates, Asphalt, Ready-Mix, Other and Corporate units, which is designed to provide insight into the value of those units as a function of their future unlevered free cash flows.

Lazard's discounted cash flow analysis was based on the present value of projected unlevered free cash flow of each unit for 2007 to 2011 and the present value of the terminal value of each unit in 2011.

This analysis assumed a range of terminal year exit multiples of estimated EBITDA and discount rates based on estimates relating to each unit's weighted average cost of capital as illustrated in the table below. Vulcan's weighted average cost of capital is a measure of the average expected return on all of Vulcan's securities or loans based on the proportions of those securities or loans in Vulcan's capital structure.

Unit	Discount Rate Ranges	EBITDA Exit Multiples
Aggregates	10.0% - 12.0%	8.0x - 9.0x
Asphalt	10.0% - 12.0%	6.0x - 7.0x
Ready-Mix	8.0% - 10.0%	6.0x - 7.0x
Other	10.0% - 12.0%	6.0x - 7.0x
Corporate	10.0% - 12.0%	7.0x
Other Cash Flow Items	10.0% - 12.0%	NA

Based on these calculations, Lazard calculated an implied enterprise value range for each unit. Lazard combined the ranges of implied enterprise values to calculate an implied equity value range per share of Vulcan common stock of \$115.25 to \$139.50.

Pro Forma Merger Analysis

Lazard analyzed the potential pro forma effect of the mergers on Vulcan's projected earnings per share for years 2007 through 2011 using the Florida Rock financial projections and Vulcan financial projections, and assuming a January 1, 2007 closing of the mergers. Lazard calculated the accretion or dilution to Vulcan's estimated earnings per share under four separate scenarios:

(1) assuming no synergies from the mergers and without taking into account any new Aggregates projects of Florida Rock;

(2) assuming synergies as projected by Vulcan management and without taking into account any new Aggregates projects of Florida Rock;

(3) assuming no synergies from the mergers but taking into account the new Aggregates projects; and

(4) assuming synergies and taking into account the new Aggregates projects.

The following table summarizes the results of this analysis.

	2007E	2008E	2009E	2010E	2011E

Lazard acted as financial advisor to Florida Rock in connection with the mergers and will receive a fee from Florida Rock for its services pursuant to an engagement letter dated as of January 25, 2007. The fee payable to Lazard in connection with the mergers was determined by arms-length negotiation between Florida Rock's management and representatives of Lazard. Pursuant to this letter agreement, Florida Rock agreed to pay to Lazard \$250,000 upon execution of the letter and, if the mergers are consummated, a fee of 0.3% of the aggregate consideration in the Florida Rock merger, which total fee is estimated to be approximately \$14 million based upon the closing price on the NYSE of Vulcan common stock on June 11, 2007 of \$116.85.

Florida Rock also has agreed to reimburse Lazard for its expenses, including reasonable fees and expenses of legal counsel and any other advisor retained by Lazard, and to indemnify Lazard and its affiliates, and its and their respective directors, officers, members, employees, agents and controlling persons, if any, against liabilities, including liabilities under the federal securities laws, arising out of its engagement.

In addition, in the ordinary course of their respective businesses, affiliates of Lazard and LFCM Holdings LLC (an entity owned indirectly in large part by managing directors of Lazard) may actively trade securities of Florida Rock or Vulcan for their own accounts and for the accounts of their customers and, accordingly, may at any time hold a long or short position in such securities. Neither Lazard nor any of its affiliates has provided any services to Florida Rock or Vulcan during the last two years.

Certain Florida Rock Financial Projections

Florida Rock's management, as a matter of course, does not publicly disclose forecasts or projections as to future performance, revenues or earnings and is especially wary of making projections for extended earnings periods due to the unpredictability of the underlying assumptions and estimates. However, in the context of the proposed transaction, Vulcan requested that Florida Rock's management prepare certain projections as to Florida Rock's future performance, which we refer to in this proxy statement/prospectus as the Florida Rock financial projections.

The Florida Rock financial projections were prepared in January 2007, based solely on information available at that time, by Florida Rock's management. Vulcan provided to Florida Rock's management Vulcan's macroeconomic outlook for the United States economy as well as Vulcan's estimates of market demand for aggregates and growth by aggregates end use market for each state in which Florida Rock operates. In developing the Florida Rock financial projections, Florida Rock management utilized the foregoing data provided by Vulcan and made certain adjustments to Vulcan's outlook for near-term periods. The Florida Rock financial projections were provided by Florida Rock's management to Florida Rock's board of directors, Lazard and Vulcan solely in the context of their respective evaluations of the potential transactions, and were not prepared with a view toward public disclosure or compliance with published guidelines of the SEC or the American Institute of Certified Public Accountants regarding projections, forward-looking information or U.S. generally accepted accounting principles, which we refer to in this proxy statement/prospectus as GAAP. We have included the material Florida Rock financial projections in this proxy statement/prospectus because they were provided to Lazard and Vulcan in the context of their respective evaluations of the potential transactions.

Neither Florida Rock's independent auditors nor any other independent accountants have compiled, examined or performed any procedures with respect to the prospective financial information contained in the Florida Rock financial projections, nor have they expressed any opinion or given any form of assurance on this information or its achievability. Neither Florida Rock nor Florida Rock's independent auditors assumes any responsibility if future results differ from the Florida Rock financial projections.

Furthermore, the Florida Rock financial projections:

necessarily consist of numerous assumptions with respect to, among other things, industry performance, general business, economic, market and financial conditions, all of which are difficult or impossible to predict and many of which are beyond Florida Rock's control and may not prove to have been, or may no longer be, accurate;

Table of Contents

do not necessarily reflect revised prospects for Florida Rock's business, changes in general business or economic conditions, or any other transaction or event that has occurred or that may occur and that was not anticipated at the time the Florida Rock financial projections were prepared;

are not necessarily indicative of current values or future performance, which may be materially more favorable or less favorable than as set forth below; and

involve risks and uncertainties and should not be regarded as a representation or guarantee that they will be achieved.

The Florida Rock financial projections are forward-looking statements. For information on factors which may cause Florida Rock's future financial results to materially vary, see Information Regarding Forward-Looking Statements on page 18. The Florida Rock financial projections have been prepared using accounting principles consistent with our annual and interim financial statements as well as any changes to those principles known to be effective in future periods. The Florida Rock financial projections do not reflect the effect of any proposed or other changes in U.S. GAAP that may be made in the future. Any such changes could have a material impact to the information shown below.

Florida Rock has neither updated or revised nor intends to update or otherwise revise the Florida Rock financial projections to reflect circumstances existing since their preparation or to reflect the occurrence of unanticipated events even in the event that any or all of the underlying assumptions are shown to be in error. Furthermore, Florida Rock does not intend to update or review the Florida Rock financial projections to reflect changes in general economic or industry conditions.

Non-GAAP Financial Measures

EBITDA. The Florida Rock financial projections include a projection of Florida Rock's EBITDA. EBITDA is not a financial measurement prepared in accordance with U.S. GAAP. Accordingly, EBITDA should not be considered as a substitute for net earnings (loss) or other income or cash flow data prepared in accordance with U.S. GAAP. Florida Rock believes that these projections of EBITDA may be useful to Florida Rock shareholders because they were provided to Lazard and Vulcan in the context of their respective evaluations of the potential transactions. In addition, Florida Rock believes that EBITDA may provide additional information with respect to Florida Rock's performance or ability to meet its future debt service, capital expenditures and working capital requirements. Because EBITDA excludes some, but not all, items that affect net earnings and may vary among companies, the EBITDA presented by Florida Rock may not be comparable to similarly titled measures of other companies. A reconciliation of the differences between EBITDA and net income, a financial measurement prepared in accordance with U.S. GAAP, is set forth below.

Net Working Capital. The Florida Rock financial projections include a projection of increases (decreases) in Florida Rock's net working capital. Net working capital is not a financial measurement prepared in accordance with U.S. GAAP. Accordingly, net working capital should not be considered as a substitute for working capital prepared in accordance with U.S. GAAP. Florida Rock believes that these projections of increases (decreases) in net working capital may be useful to Florida Rock shareholders because they were provided to Lazard and Vulcan in the context of their respective evaluations of the potential transactions. In addition, Florida Rock believes that projections of increases (decreases) in Florida Rock's net working capital may provide additional information with respect to how funds are generated or used by Florida Rock from the components of working capital other than cash. Because net working capital excludes some, but not all, items that affect working capital and may vary among companies, the increases (decreases) in net working capital presented by Florida Rock may not be comparable to similarly titled measures of other companies. Vulcan's Reasons for the Mergers

Vulcan is pursuing the mergers in order to:

- enhance its coast-to coast geographic footprint and further diversify its regional exposure;
- enhance its position in fast-growing, highly attractive Florida markets; and
- build on its successful aggregates-focused business mix in top growth states.

The Florida Rock merger also will add approximately 2.5 billion tons of reserves in markets where reserves are increasingly scarce, increasing Vulcan's total reserves by more than 20% to approximately 13.9 billion tons.

In the course of determining to approve the merger agreement, the Vulcan board of directors considered a number of factors and risks in its deliberations, ultimately concluding that the potentially favorable factors outweighed the potentially negative factors and risks. The Vulcan board of directors viewed the following factors as generally supporting its decision to approve the business combination with Florida Rock:

- the likelihood that the mergers will be completed on a timely basis;
- the mergers give Vulcan a significant presence in Florida and enhance its footprint in its regional markets;
- historical and current information concerning Florida Rock's and Vulcan's respective businesses, financial performance and condition, operations, management, competitive positions and prospects, before and after giving effect to the mergers and the mergers' potential effect on shareholder value; and
- the terms and conditions of the merger agreement, including:
 - that not more than 30% of the outstanding shares of Florida Rock common stock can be converted into shares of Holdco common stock in the Florida Rock merger;
 - restrictions on Florida Rock's ability to solicit other acquisition proposals; and
 - Florida Rock's agreement to pay Vulcan a \$135 million termination fee in connection with certain terminations of the merger agreement.

Vulcan's board of directors also considered a number of potentially countervailing factors and risks, including the following:

- the dilution associated with the shares that Holdco will issue under the Florida Rock merger;
- the risk that the mergers might not be consummated in a timely manner or that the closing of the mergers will not occur despite the parties' efforts;
- the negative impact of any customer confusion or delay in purchase commitments or the potential loss of one or more large customers as a result of any such customer's unwillingness to do business with the combined company;

possible loss of key management or other personnel;

the effort and distraction required of Vulcan personnel, and the substantial expenses to be absorbed by Vulcan, in connection with attempting to complete the mergers;

the challenges and costs of combining the operations of two independent companies, including the risks that delays or difficulties in completing the integration could adversely affect the combined company's operating results and preclude the achievement of some anticipated benefits;

the risk that anticipated synergies and cost savings will not be fully realized;

conditions in the Florida housing market; and

various other applicable risks associated with the combined company and the transaction, including those described in the section of this proxy statement/prospectus entitled "Risk Factors."

Table of Contents

In view of the wide variety of factors and risks considered in connection with its evaluation of the business combination with Florida Rock and the complexity of these matters, the Vulcan board of directors did not find it useful, and did not attempt, to quantify, rank or otherwise assign relative weights to these factors and risks. In considering the factors and risks described above, individual members of the Vulcan board of directors may have given different weight to different factors. The Vulcan board of directors conducted an overall analysis of the factors described above, including discussions with, and questioning of, Vulcan's management and Vulcan's legal and financial advisors, and considered the factors overall to be favorable to, and to support, its determination.

Interests of Certain Persons in the Florida Rock Merger

Interests of Florida Rock Directors and Executive Officers. In considering the recommendation of the board of directors of Florida Rock to vote for the proposal to approve the merger agreement, shareholders of Florida Rock should be aware that members of the Florida Rock board of directors and members of Florida Rock's executive management have relationships, agreements or arrangements that provide them with interests in the Florida Rock merger that may be in addition to or differ from those of Florida Rock's shareholders. The Florida Rock board of directors was aware of these relationships, agreements and arrangements during its deliberations on the merits of the Florida Rock merger and in making its decision to recommend to the Florida Rock shareholders that they vote to approve the merger agreement.

Therefore, the options shown above under the unexercisable column will become immediately exercisable. Options not exercised prior to the effective time of the Florida Rock merger shall be converted into the right to receive an amount, per optioned share, equal to \$67.00, without interest, minus the applicable exercise price for the optioned share.

Management Security Plan. Many of Florida Rock's executive officers, including Edward L. Baker, John D. Baker II, and Thompson S. Baker II, participate in Florida Rock's Management Security Plan which provides for annual payments to participants (or their beneficiaries) for a period of years following their retirement or death. In connection with the Merger, Florida Rock will amend its plan to provide that (i) the benefits of MSP Plan participants shall vest in full upon the closing of the Merger, and (ii) on January 1, 2008, Florida Rock will make a lump sum payment to such MSP Plan participants in an amount equal to the present value of such vested benefits (determined using reasonable actuarial assumptions and discount factors and subject to reduction to the extent such payments would be nondeductible under Section 280G of the Internal Revenue Code). In addition, Florida Rock will modify its supplemental executive retirement arrangement with John D. Milton, Jr. to provide for a lump sum payment to Mr. Milton of the benefit on January 1, 2008, and to calculate the benefit based on both full and partial calendar years. The benefit paid to Mr. Milton will be equal to \$50,000, multiplied by the number of full and partial years contained in the period from January 1, 2004 to the closing date, plus an interest accrual of 6.5% per year. Each of the modifications described above was approved by the Compensation Committee of Florida Rock's board of directors.

Profit Sharing and Deferred Earnings Plan. Florida Rock's executive officers, including Edward L. Baker, John D. Baker II, Thompson S. Baker II, John D. Milton, Jr. and George Hossenlopp, participate in the Florida Rock Industries, Inc. Profit Sharing and Deferred Earnings Plan. Vulcan has agreed to contribute 10% of Florida Rock's pre-tax profits for the period from October 1, 2006 through the completion of the merger (or September 30, 2007, if earlier), minus the amount of any matching employer contributions under the plan, to the profit sharing plan.

Annual Management Incentive Compensation Plan and Good To Great Incentive Bonus Program. Florida Rock's executive officers, including Edward L. Baker, John D. Baker II, Thompson S. Baker II, John D. Milton, Jr. and George Hossenlopp, participate in Florida Rock's Annual Management Incentive Compensation Plan (the "MIC Plan") and Good To Great Incentive Bonus Program (the "G2G Plan"). If the mergers are completed prior to September 30, 2007, Vulcan has agreed to pay bonuses under the MIC Plan and G2G Plan pro-rated to reflect the portion of the bonus period occurring prior to the completion of the mergers.

Severance Benefits to Executive Officers. Under the terms of the Merger Agreement, certain executive officers, including John D. Milton, Jr., will be eligible to receive severance benefits in an amount equal to two times the executive's base salary (subject to reduction to the extent that any payment would be nondeductible under Section 280G of the Internal Revenue Code) if, during the two years after the closing date of the mergers, Holdco terminates the executive other than for cause or the executive resigns for good reason. Executive officers who participate in the Management Security Plan are not eligible to receive severance benefits. Cause is generally defined as (i) conviction for commission of a felony, (ii) willful misconduct or gross negligence or material violation of policy resulting in material harm to Holdco, (iii) the repeated and continued failure by the executive to carry out, in all material respects, Holdco's reasonable and lawful directions, or (iv) fraud, embezzlement, theft or material dishonesty. Good reason is generally defined as (i) a material reduction in compensation or benefits, (ii) a requirement that the executive relocate, or (iii) any material diminution in the executive's duties, responsibilities, reporting obligations, title or authority. The Compensation Committee of Florida Rock's board of directors has approved these severance arrangements.

Indemnification and Insurance. The merger agreement provides that, upon completion of the mergers, Holdco will, to the fullest extent permitted by law, indemnify and hold harmless, and provide advancement of expenses to, all past and present officers, directors and employees of Florida Rock and its subsidiaries. Florida Rock has entered into indemnification agreements with each of its directors and officers that require Florida Rock to indemnify and advance expenses to such indemnitees to the fullest extent permitted by Florida law.

In addition, as provided by the merger agreement, Florida Rock has purchased a six year run-off directors and officers liability insurance policy with respect to claims arising from facts or events that occurred on or before the completion of the mergers.

Interests of the Baker Shareholders. On February 19, 2007, in connection with the execution of the merger agreement, Baker Holdings, L.P., Edward L. Baker Living Trust, Edward L. Baker, John D. Baker II Living Trust and Anne D. Baker Living Trust, which we refer to in this proxy statement/prospectus, collectively, as the Baker Shareholders, entered into a support agreement with Vulcan. The Baker Shareholders (except for the Anne D. Baker Living Trust) are controlled, directly or indirectly, by Edward L. Baker, Florida Rock's Chairman, and John D. Baker II, Florida Rock's President and CEO.

Table of Contents

Pursuant to the support agreement, the Baker Shareholders agreed (1) to vote shares of Florida Rock common stock representing approximately 9.9% of the outstanding shares of Florida Rock (which we refer to in this proxy statement/prospectus as the specified shares) in favor of the approval of the merger agreement at the Florida Rock shareholders meeting and against any other transaction that could reasonably be expected to prevent, impede, interfere with, delay, postpone or adversely affect the mergers and (2) to irrevocably elect to receive Holdco common stock in exchange for Florida Rock common shares representing approximately 30% of the Florida Rock common stock beneficially owned by Edward L. Baker, John D. Baker, II and Baker Holdings, L.P. in the Florida Rock merger, subject to proration like all Florida Rock shareholders.

The Baker Shareholders have also agreed not to transfer or otherwise dispose of the specified shares until the termination of the support agreement. The support agreement terminates upon the earlier to occur of the termination of the merger agreement or the effective date of the mergers.

As of the Florida Rock record date, the Baker Shareholders beneficially owned approximately [%] of the outstanding shares of Florida Rock common stock. Further information about the support agreement can be found under *The Support Agreement* on page 71.

Shareholders Agreement. On February 19, 2007, in connection with the execution of the merger agreement, the Baker Shareholders entered into a shareholders agreement with Vulcan and Holdco. Pursuant to the shareholders agreement, each Baker Shareholder agreed not to transfer any shares of Holdco common stock owned by such Baker Shareholder during a restrictive period, other than to certain permitted transferees. Generally, the restrictive period for each Baker Shareholder is three years, beginning on the effective date of the mergers; however, (i) solely with respect to John D. Baker, II, Florida Rock's President and CEO, this restrictive period will extend for as long as he serves on the board of directors of Holdco, (ii) solely with respect to Edward L. Baker, Florida Rock's Chairman, this restrictive period will terminate early upon his death and (iii) with respect to each Baker Shareholder, this restrictive period will terminate upon a change of control of Holdco, as defined in the stock option plan of Holdco.

Subject to limited exceptions, each Baker Shareholder also agreed, for a period of five years following the expiration of the restrictive period applicable to it (provided that the five-year period will terminate earlier at any time the Baker Shareholders and their affiliates own less than one percent of the outstanding shares of Holdco), to transfer any shares of Holdco common stock owned by such Baker Shareholder only if the transfer complies with applicable securities laws and (i) is to a permitted transferee, or (ii) such transfer complies with the right of first refusal procedures described below.

The shareholders agreement provides Holdco a right of first refusal which, during the period described in the paragraph above, requires each Baker Shareholder to give advance notice to Holdco of its desire to sell any shares of Holdco common stock. Following receipt of such notice, Holdco will have three business days to notify such Baker Shareholder stating whether Holdco will elect to purchase any shares. In the event Holdco does not elect to purchase all of the offered shares, the shares not purchased by Holdco may be sold by such Baker Shareholder in a broker transaction on the open market, subject to the same volume limitations as would be applicable to sales by an affiliate under Rule 144 of the Securities Act.

Each Baker Shareholder also agreed, until the expiration of the restrictive period applicable to it, to (i) vote its shares of Holdco common stock consistent with the recommendations of the Holdco board of directors, and (ii) not tender its shares of Holdco common stock in any tender offer opposed by the Holdco board of directors.

The shareholders agreement will automatically terminate if the merger agreement is terminated.

Sale of Property. Subject to the approval of the independent directors of Florida Rock, the merger agreement permits, but does not require, Florida Rock to sell to Edward L. Baker and John D. Baker II (or their designee) certain property owned by a subsidiary of Florida Rock consisting of approximately 6,300 acres located in Suwannee and Columbia counties, Florida. This property contains a hunting lodge which Florida Rock currently uses for business entertainment purposes. The sale would take place immediately prior to the effective time of the Florida Rock merger. The purchase price for this property will be the average of two independent appraisals prepared by appraisers chosen by the independent directors of Florida Rock (and approved by Vulcan) and may be paid either in cash or Florida Rock common stock.

Table of Contents

Patriot Transportation Holding, Inc. Four of Florida Rock's directors (Edward L. Baker, John D. Baker II, Thompson S. Baker II and Luke E. Fichthorn III) also are directors of Patriot Transportation Holding, Inc. (Patriot). Mr. Edward L. Baker serves as Chairman of both Florida Rock and Patriot. The four directors beneficially own approximately 45.9% of the common stock of Patriot. Florida Rock and a subsidiary of Patriot have established a joint venture to develop approximately 4,300 acres of land near Brooksville, Florida. The Florida Rock merger will trigger a provision in the joint venture agreement which will give Patriot the right to exercise a put/call option by giving written notice to Florida Rock within 120 days after the closing of the Florida Rock merger, specifying a purchase/sale price. Upon receipt of the notice, Florida Rock may (i) elect to purchase the joint venture interest of Patriot's subsidiary at the buy/sell price, (ii) elect to sell Florida Rock's joint venture interest to Patriot's subsidiary at the specified price, or (iii) make no election, in which case Florida Rock shall be deemed to have elected to purchase the joint venture interest of Patriot's subsidiary at the specified price. Patriot's subsidiary also leases a number of mining properties to Florida Rock under leases that will be unaffected by the mergers.

Holdco Director and Management Positions. On the day following day following the completion of the mergers, the board of directors of Holdco will be expanded to include John D. Baker II, a director and the President and CEO of Florida Rock. Mr. Baker will be compensated in accordance with Holdco's compensation arrangements with its non-employee directors. Thompson S. Baker II, a director of Florida Rock and currently Vice President of Florida Rock, is expected to become the President of the Florida Rock division of Holdco. The terms of Mr. Thompson Baker's employment have not yet been established. For further information, see Board of Directors and Management After the Mergers below.

Board of Directors and Management after the Mergers

Immediately following the mergers, the board of directors of Holdco will consist of the Vulcan directors as of the time of the mergers. On the day following the completion of the mergers, the board of directors of Holdco will be expanded to include John D. Baker II, Florida Rock's current President and Chief Executive Officer and a director of Florida Rock. At that time, Holdco's board of directors will be divided into three classes, with one class elected at each annual meeting to serve a three-year term.

Following the mergers, officers of Holdco will consist of the Vulcan officers as of the time of the Vulcan merger, except Thompson S. Baker II, a director and Vice President of Florida Rock, is expected to become president of Holdco's new Florida Rock division.

Additional information about Holdco's directors and officers may be found in Vulcan's proxy statement for its 2007 annual meeting of shareholders attached as Annex H hereto.

Material United States Federal Income Tax Consequences

The following is a discussion of certain of the material United States federal income tax consequences of the mergers to U.S. holders (as defined below) of Florida Rock common stock. The discussion is the opinion of Weil, Gotshal & Manges LLP.

This discussion is based on the Code, applicable Treasury regulations, administrative interpretations and court decisions as in effect as of the date of this proxy statement/prospectus, all of which may change, possibly with retroactive effect. This discussion assumes that the mergers will be completed in accordance with the terms of the merger agreement. No ruling has been or will be sought from the Internal Revenue Service (IRS) as to the United States federal income tax consequences of the mergers, and the following summary is not binding on the IRS or the courts. As a result, the IRS could adopt a contrary position, and such a contrary position could be sustained by a

court.

For purposes of this discussion, a U.S. holder is a beneficial owner of a share of Florida Rock common stock that is:

a citizen or individual resident of the United States;

a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States or any political subdivision thereof;

Table of Contents

an estate the income of which is subject to United States federal income tax regardless of its source; or

a trust if, in general, the trust is subject to the supervision of a court within the United States, and one or more U.S. persons have the authority to control all significant decisions of the trust.

This discussion only addresses U.S. holders who hold shares of Florida Rock common stock as capital assets within the meaning of Section 1221 the Code.

This discussion does not purport to be a complete analysis of all potential tax effects of the mergers, and, in particular, does not address United States federal income tax considerations applicable to shareholders subject to special treatment under United States federal income tax law (including, for example, non-U.S. holders, brokers or dealers in securities, financial institutions, mutual funds, insurance companies, tax-exempt entities, holders who hold Florida Rock common stock as part of a hedge, appreciated financial position, straddle, conversion transaction or other risk reduction strategy, holders who acquired Florida Rock common stock pursuant to the exercise of an employee stock option or right or otherwise as compensation, holders which are partnerships or other pass-through entities or investors in partnerships or other pass-through entities and U.S. holders liable for the alternative minimum tax). In addition, this discussion does not address the tax consequences of transactions effectuated prior to or after the mergers (whether or not such transactions occur in connection with the mergers), including, without limitation, any exercise of an option or the acquisition or disposition of shares of Florida Rock common stock other than pursuant to the mergers. Also, this discussion does not address United States federal income tax considerations applicable to holders of options or warrants to purchase Florida Rock common stock, or holders of debt instruments convertible into Florida Rock common stock. No information is provided herein with respect to the tax consequences of the mergers under applicable state, local or non-United States laws, or under any proposed Treasury regulations that have not taken effect as of the date of this proxy statement/prospectus.

HOLDERS OF FLORIDA ROCK COMMON STOCK ARE URGED TO CONSULT WITH THEIR TAX ADVISORS REGARDING THE TAX CONSEQUENCES OF THE MERGERS TO THEM, INCLUDING THE EFFECTS OF UNITED STATES FEDERAL, STATE AND LOCAL, FOREIGN AND OTHER TAX LAWS.

The obligations of Florida Rock to consummate the Florida Rock merger are conditioned on the receipt of an opinion of its tax counsel, Weil, Gotshal & Manges LLP, dated the effective date of the mergers (WGM Tax Opinion), to the effect that the exchange of Florida Rock common stock and Vulcan common stock for Holdco common stock pursuant to the mergers, taken together, will be treated for United States federal income tax purposes as an exchange described in Section 351 of the Code. The obligations of Vulcan to consummate the Vulcan merger are conditioned on the receipt of an opinion of its tax counsel, Wachtell, Lipton, Rosen & Katz, dated the effective date of the mergers (WLRK Tax Opinion and together with the WGM Tax Opinion, the Tax Opinions), to the effect that (i) the exchange of Florida Rock common stock and Vulcan common stock for Holdco common stock pursuant to the mergers, taken together, will be treated for United States federal income tax purposes as an exchange described in Section 351 of the Code and (ii) the Vulcan merger will qualify as a reorganization within the meaning of Section 368(a) of the Code.

Each of the Tax Opinions will be subject to customary qualifications and assumptions, including that the mergers will be completed according to the terms of the merger agreement. In rendering the Tax Opinions, each tax counsel may require and rely upon representations and assumptions, including those contained in the certificate of officers of Florida Rock, Vulcan and Holdco. If any of those representations, covenants or assumptions is inaccurate, the tax consequences of the mergers could differ from those described in the Tax Opinions. The Tax Opinions do not bind the IRS nor preclude the IRS from adopting a contrary position. Accordingly, there can be no assurance that the IRS will not challenge such conclusions or that a court will not sustain such a challenge. The remainder of this discussion

assumes that the mergers, taken together, will be treated as an exchange described in Section 351 of the Code.

In the event that either Florida Rock or Vulcan waives this condition and there are any material adverse changes in the United States federal income tax consequences to the Florida Rock shareholders, we will inform you of this decision and ask you to vote on the mergers taking this into consideration.

Table of Contents

United States Federal Income Tax Consequences to Florida Rock Shareholders

At the time that a U.S. holder makes an election to receive Holdco common stock, such holder will not know if, and to what extent, the proration procedures will alter the mix of the consideration to be received. As a result, the tax consequences to each U.S. holder will not be ascertainable with certainty until such holder knows the precise amount of Holdco common stock that will be received in the mergers.

Exchange of Florida Rock Common Stock Solely For Cash. A U.S. holder who exchanges Florida Rock common stock solely for cash will recognize capital gain or loss, for United States federal income tax purposes, equal to the difference between the amount of cash received and such holder's tax basis in the shares of Florida Rock common stock surrendered therefor. Such gain or loss will be long term capital gain or loss if, as of the effective time of the Florida Rock merger, the holding period for such Florida Rock common stock is more than one year.

Exchange of Florida Rock Common Stock Solely for Holdco Common Stock. A U.S. holder who exchanges Florida Rock common stock solely for Holdco common stock will not recognize any gain or loss, for United States federal income tax purposes, upon the exchange. Such holder will have a tax basis in the Holdco common stock received equal to the tax basis of the Florida Rock common stock surrendered therefor, provided either that the Florida Rock common stock exchanged does not have a tax basis that exceeds its fair market value or, if it does, that a certain election to reduce the tax basis of the Holdco common stock received to its fair market value is not made. The holding period for the Holdco common stock received will include the holding period for the Florida Rock common stock surrendered therefor.

Exchange of Florida Rock Common Stock for a combination of Holdco Common Stock and Cash. A U.S. holder who exchanges Florida Rock common stock for a combination of Holdco common stock and cash will recognize gain, but not loss, on the exchange. Subject to the discussion below regarding Section 304 of the Code, gain recognized will equal the lesser of the amount of cash received and the gain realized. The gain realized will be the excess of (i) the sum of the fair market value of Holdco common stock received and the amount of cash received over (ii) the holder's tax basis in the Florida Rock common stock surrendered. For this purpose, a holder must calculate gain or loss separately for each identifiable block of shares of Florida Rock common stock that is surrendered in the exchange, and the holder may not offset a loss recognized on one block of the shares against gain recognized on another block of the shares. Subject to the discussion below regarding Section 304 of the Code, any gain recognized by such U.S. holder will generally be treated as capital gain. Any gain that is treated as capital gain will be long term capital gain if the holding period for shares of the Florida Rock common stock that are surrendered in the exchange is more than one year as of the effective time of the Florida Rock merger.

The aggregate tax basis of the Holdco common stock received by a U.S. holder will be equal to the aggregate tax basis of the shares of Florida Rock common stock surrendered in the exchange, decreased by the amount of cash received and increased by the amount of gain recognized, provided either that the Florida Rock common stock exchanged does not have a tax basis that exceeds its fair market value or, if it does, that a certain election to reduce the tax basis of the Holdco common stock received to its fair market value is not made. The holding period of the Holdco common stock received will include the holding period of the shares of Florida Rock common stock surrendered in exchange therefor.

Application of Section 304 of the Code. The results described above may be altered if, contrary to expectations, Section 304 of the Code applies to the Florida Rock merger. Section 304 of the Code will apply to the Florida Rock merger if the Florida Rock shareholders, in the aggregate, own stock of Holdco possessing 50% or more of the total combined voting power or 50% or more of the total combined value of all classes of stock of Holdco, taking into account certain constructive ownership rules under the Code and, in the case of a Florida Rock shareholder who also

owns Vulcan common stock, taking into account any Holdco common stock received by such Florida Rock shareholder in the Vulcan merger. In the unlikely event that Section 304 of the Code were to apply to the Florida Rock merger, the amount and character of income recognized by Florida Rock shareholders could be different. U.S. holders of Florida Rock common stock should consult their own tax advisors as to the amount and character of any income in the event that Section 304 of the Code applies to the Florida Rock merger.

Cash Instead of Fractional Shares. Holdco and Florida Rock intend to take the position that the receipt of cash instead of a fractional share of Holdco common stock is treated as if the U.S. holder received the fractional

Table of Contents

share in the Florida Rock merger and then received the cash in redemption of the fractional share. Accordingly, the U.S. holder will generally recognize gain or loss equal to the difference between the amount of the cash received instead of the fractional share and the holder's tax basis allocable to such fractional share.

Information on the Mergers to Be Filed with Florida Rock Shareholders' Returns. U.S. holders who receive Holdco common stock, and following the effective time of the mergers own Holdco common stock representing at least 5% of the total combined voting power or value of the total outstanding Holdco common stock, are required to attach to their tax returns for the year in which the mergers are consummated, and maintain a permanent record of, a complete statement that contains the information listed in Treasury Regulation Section 1.351-3T. Such statement must include their aggregate fair market value and tax basis in their Florida Rock common stock surrendered in the exchange.

Information Reporting and Backup Withholding. Payments of cash pursuant to the Florida Rock merger will be subject to information reporting and backup withholding unless (i) they are received by a corporation or other exempt recipient or (ii) the recipient provides a correct taxpayer identification number and certifies that no loss of exemption from backup withholding has occurred.

A U.S. holder who provides an incorrect taxpayer identification number may be subject to penalties imposed by the IRS. The amount of any backup withholding from a payment to a U.S. holder will be allowed as a credit against the U.S. holder's United States federal income tax liability and may entitle such U.S. holder to a refund, provided that the required information is timely furnished to the IRS.

Tax matters are very complicated, and the tax consequences of the mergers to you will depend upon the facts of your particular situation. Accordingly, we strongly urge you to consult with a tax advisor to determine the particular federal, state, local, or foreign income or other tax consequences to you of the mergers.

Accounting Treatment

The mergers will be accounted for using the purchase method of accounting pursuant to Statement of Financial Accounting Standards (SFAS) No. 141, Business Combinations (FAS 141). Vulcan will be treated as the acquiring corporation for accounting and financial reporting purposes; accordingly, the historical financial statements of Vulcan will become the historical financial statements of Holdco. Under FAS 141, the purchase price paid by Vulcan, together with the direct costs of the mergers incurred by Vulcan, will be allocated to Florida Rock's tangible and intangible assets and liabilities based on their estimated fair values, with any excess being treated as goodwill. The assets, liabilities and results of operations of Florida Rock will be consolidated into the assets, liabilities and results of operations of Vulcan as of the closing date of the mergers.

Regulatory Approvals

U.S. Antitrust Clearance. Under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (HSR Act), and the rules promulgated thereunder, the mergers may not be consummated until notification forms have been filed with the Federal Trade Commission (FTC) and the Antitrust Division of the United States Department of Justice (DOJ) and specified waiting period requirements have been satisfied. Vulcan and Florida Rock filed notification and report forms under the HSR Act with the FTC and the DOJ on March 12, 2007. On April 11, 2007, the DOJ issued a request for additional information and documentary material (referred to as a Second Request) which extends the waiting period until thirty days after the parties have substantially complied with this request. Both before and after the expiration of the waiting period, the FTC, the DOJ or a state attorney general retain the authority to take action under the antitrust laws, including seeking to enjoin the completion of the mergers, to rescind the mergers or to conditionally approve the mergers upon the divestiture of particular assets of Vulcan or Florida Rock. Private parties also may seek to take legal action under the antitrust laws under certain circumstances.

While we believe that we will receive the requisite regulatory approvals for the mergers, there can be no assurances regarding the timing of the approvals, our ability to obtain the approvals on satisfactory terms or the absence of litigation challenging such approvals. There can likewise be no assurance that regulatory authorities will not attempt to challenge the mergers on antitrust grounds or for other reasons, or, if such a challenge is made, as to

Table of Contents

the result thereof. Our obligation to complete the mergers is conditioned upon the receipt of certain antitrust consents, approvals and actions of governmental authorities and the filing of certain antitrust and other notices with such authorities. See *The Merger Agreement – Conditions to Completion of the Mergers* beginning on page 62.

Florida Rock Shareholders Making Cash and Share Elections

Florida Rock shareholders will be receiving under separate cover a form of election for making cash and share elections. Any Florida Rock shareholder who became a Florida Rock shareholder after the record date, or who did not otherwise receive a form of election, should contact The Bank of New York or their broker, bank or other nominee to obtain a form of election. Florida Rock shareholders who vote against approving the merger agreement are still entitled to make elections with respect to their shares. The form of election allows holders of Florida Rock common stock to make cash or share elections for some or all of their Florida Rock shares. Florida Rock shares as to which the holder has not made a valid election prior to the election deadline will be treated as though no election had been made.

The U.S. federal income tax consequences of the Florida Rock merger to each Florida Rock shareholder will vary depending on whether the Florida Rock shareholder receives cash or shares of Holdco, or a combination of cash and shares, in exchange for his or her Florida Rock shares. However, at the time that a Florida Rock shareholder is required to make a cash or share election, the Florida Rock shareholder will not know if, and to what extent, the proration procedures will change the mix of consideration that he or she will receive in the Florida Rock merger. As a result, at the time that a Florida Rock shareholder is required to make a cash or share election, the Florida Rock shareholder will not know the tax consequences to him or her with certainty. For more information regarding the tax consequences of the Florida Rock merger to the Florida Rock shareholders, please see *Material United States Federal Income Tax Consequences* beginning on page 52.

Exchange Agent. The Bank of New York will serve as the exchange agent for purposes of effecting the election and proration procedures.

Election Deadline. The election deadline will be 5:00 p.m., EDT, on (i) [, 2007], the date of the special meeting, or (ii) two business days prior to the date of the completion of the Florida Rock merger if the completion of the Florida Rock merger is more than four business days following the special meeting. Vulcan and Florida Rock will publicly announce the anticipated election deadline at least five days prior to the anticipated completion date.

Shareholders who hold their shares in street name or through the Florida Rock Employee Stock Purchase Plan or the Florida Rock Industries, Inc. Profit Sharing and Deferred Earnings Plan or The Arundel Corporation Profit Sharing and Savings Plan, which we refer to in this proxy statement/prospectus, collectively, as the Florida Rock Plans, may be subject to a deadline earlier than the general deadline of the date of the special meeting. Therefore, you should carefully read any materials you receive from your broker or the relevant plan trustee or administrator.

Form of Election. The applicable form of election must be properly completed and signed and accompanied by:

certificates representing all of the Florida Rock shares covered by the form of election, duly endorsed in blank or otherwise in a form acceptable for transfer on Florida Rock's books (or appropriate evidence as to the loss, theft or destruction, appropriate evidence as to the ownership of that certificate by the claimant, and appropriate and customary indemnification, as described in the form of election); or

a properly completed and signed notice of guaranteed delivery, as described in the instructions accompanying the form of election, from a firm which is a member of a registered national securities exchange or a commercial bank or trust company having an office or correspondent in the United States, provided that the actual stock certificates are in fact delivered to the exchange agent by the time set forth in the notice of guaranteed

delivery; or

if the Florida Rock shares are held in book-entry form, the documents specified in the instructions accompanying the form of election.

Table of Contents

In order to make a cash or share election, the properly completed and signed form of election, together with one of the items described above, must be actually received by the exchange agent at or prior to the election deadline in accordance with the instructions in the instructions accompanying the form of election.

If Florida Rock shares are held in street name or in the Florida Rock Plans and the holder wishes to make an election, the holder should contact his or her bank, broker or other nominee, or the plan administrator or trustee, and follow the instructions provided.

Inability to Sell Shares as to which an Election is Made. Shareholders who have made elections will be unable to sell their Florida Rock shares after making the election, unless the election is properly revoked before the election deadline or the merger agreement is terminated.

Election Revocation and Changes. Generally, an election may be revoked or changed with respect to all or a portion of the Florida Rock shares covered by the election by the holder who submitted the applicable form of election, but only by written notice received by the exchange agent prior to the election deadline. If an election is revoked, or the merger agreement is terminated, and any stock certificates have been transmitted to the exchange agent, the exchange agent will promptly return those certificates to the shareholder who submitted those certificates. Florida Rock shareholders will not be entitled to revoke or change their elections following the election deadline. As a result, Florida Rock shareholders who have made elections will be unable to revoke their elections or sell their Florida Rock shares during the interval between the election deadline and the date of completion of the mergers.

Florida Rock shares, as to which the holder has not made a valid election prior to the election deadline, including as a result of revocation, will be deemed non-electing shares. If it is determined that any purported cash election or share election was not properly made, the purported election will be deemed to be of no force or effect and the holder making the purported election will be deemed not to have made an election for these purposes, unless a proper election is subsequently made on a timely basis.

Non-Electing Holders. Florida Rock shareholders who make no election to receive cash consideration or share consideration in the Florida Rock merger, whose elections are not received by the exchange agent by the election deadline, or whose forms of election are improperly completed or are not signed will be deemed not to have made an election. Florida Rock shareholders not making an election in respect of their Florida Rock shares may receive cash consideration, share consideration, or cash consideration for some of their Florida Rock shares and share consideration for some of their Florida Rock shares, depending on elections that have been made by other Florida Rock shareholders. See Proration Procedures below.

Pursuant to the support agreement, the Baker Shareholders agreed to irrevocably elect to receive Holdco common stock in exchange for Florida Rock common shares representing approximately 30% of the Florida Rock common stock beneficially owned by Edward L. Baker, John D. Baker II and Baker Holdings, L.P. in the Florida Rock merger, subject to proration like all Florida Rock shareholders. As of the Florida Rock record date, the Baker Shareholders owned approximately [] shares of Florida Rock common stock or approximately [%] of the outstanding shares of Florida Rock common stock.

Proration Procedures. Florida Rock shareholders should be aware that cash elections or share elections they make may be subject to the proration procedures provided in the merger agreement. Regardless of the cash or share elections made by Florida Rock shareholders, these procedures are designed to ensure that:

30% of the Florida Rock shares outstanding immediately prior to the effective time of the Florida Rock merger will be converted into the right to receive 0.63 of a share of Holdco common stock per share; and

70% of the Florida Rock shares outstanding immediately prior to the effective time of the Florida Rock merger will be converted into the right to receive cash consideration of \$67.00 per share, without interest.

Florida Rock shareholders will receive cash in lieu of fractional shares, if any.

In addition, any share of Florida Rock common stock owned by Florida Rock or Fresno Merger Sub (which will be cancelled in the Florida Rock merger) or owned by Vulcan or any direct or indirect subsidiary of Florida Rock or Vulcan (other than Fresno Merger Sub), which will be exchanged for Holdco common stock in the mergers, will not be subject to these proration calculations. Set forth below is a description of the proration procedures, and

Table of Contents

the effects on Florida Rock's shareholders, including those who fail to properly make a cash or share election, under certain alternative scenarios.

Scenario 1: More than 70% of Florida Rock Shares Elect to Receive Cash Consideration:

Florida Rock Shares Subject to Cash Elections. Each Florida Rock shareholder who properly elected to receive cash consideration will receive cash consideration for only a pro rata portion of the Florida Rock shares for which he or she properly made a cash election. The Florida Rock shareholder will receive share consideration in the form of shares of Holdco (and cash in lieu of any fractional shares) for his or her remaining Florida Rock shares.

The precise number of Florida Rock shares for which a Florida Rock shareholder will receive cash consideration will be determined by multiplying the number of Florida Rock shares for which the shareholder properly made a cash election by a fraction with a numerator equal to 70% of the number of Florida Rock shares outstanding immediately prior to the completion of the Florida Rock merger and a denominator equal to the total number of Florida Rock shares for which cash elections are properly made by all Florida Rock shareholders.

EXAMPLE. Assume that 1,000,000 Florida Rock shares are outstanding at the time of the Florida Rock merger and Florida Rock shareholders make cash elections with respect to 800,000 Florida Rock shares and share elections with respect to 200,000 Florida Rock shares. If you own 100 Florida Rock shares and have made an effective cash election for all of those shares, you would receive cash consideration for 87.50 of your Florida Rock shares [$100 \times ((70\% \times 1,000,000) / 800,000)$] and share consideration (including cash in lieu of any fractional shares) for your remaining 12.50 Florida Rock shares.

Florida Rock Shares Subject to Share Elections. Each Florida Rock shareholder who properly elected to receive share consideration will receive share consideration in the form of shares of Holdco for all of the Florida Rock shares for which he or she made a share election (including cash in lieu of any fractional shares).

Florida Rock Shares Subject to No Election. Each Florida Rock shareholder who failed to properly make an election will receive share consideration in the form of shares of Holdco for all of the Florida Rock shares for which he or she made no election (including cash in lieu of any fractional shares).

Scenario 2: More than 30% of Florida Rock Shares Elect to Receive Share Consideration:

Florida Rock Shares Subject to Cash Elections. Each Florida Rock shareholder who properly elected to receive cash consideration will receive cash consideration for all of the Florida Rock shares for which he or she made a cash election.

Florida Rock Shares Subject to Share Elections. Each Florida Rock shareholder who properly elected to receive share consideration will receive share consideration in the form of shares of Holdco for only a pro rata portion of the Florida Rock shares for which he or she properly made a share election (including cash in lieu of any fractional shares). The shareholder will receive cash consideration for his or her remaining Florida Rock shares.

The precise number of Florida Rock shares for which a Florida Rock shareholder will receive share consideration will be determined by multiplying the number of Florida Rock shares for which the shareholder properly made a share election by a fraction with a numerator equal to 30% of the number of Florida Rock shares outstanding immediately prior to the effective time of the Florida Rock merger and a denominator equal to the total number of Florida Rock shares for which share elections are properly made by all Florida Rock shareholders.

EXAMPLE. Assume that 1,000,000 Florida Rock shares are outstanding at the time of the Florida Rock merger and Florida Rock shareholders make share elections with respect to 800,000 Florida Rock shares and cash elections with respect to 200,000 Florida Rock shares. If you own 100 Florida Rock shares and have made an effective share election for all of those shares, you would receive share consideration for 37.50 of your Florida Rock shares [$100 \times ((30\% \times 1,000,000)/800,000)$] (including cash in lieu of any fractional shares) and cash consideration for your remaining 62.50 Florida Rock shares.

Florida Rock Shares Subject to No Election. Each Florida Rock shareholder who failed to properly make an election for his or her shares will receive cash consideration for all of the Florida Rock shares for which he or she made no election.

Scenario 3: Less than 70% of Florida Rock Shares Elect to Receive Cash Consideration and Less than 30% of Florida Rock Shares Elect to Receive Share Consideration:

Florida Rock Shares Subject to Cash Elections. Each Florida Rock shareholder who properly elected to receive cash consideration will receive cash consideration for all of the Florida Rock shares for which he or she made a cash election.

Florida Rock Shares Subject to Share Elections. Each Florida Rock shareholder who properly elected to receive share consideration will receive share consideration in the form of shares of Holdco for all of the Florida Rock shares for which he or she made a share election (including cash in lieu of any fractional shares).

Florida Rock Shares Subject to No Election. Each Florida Rock shareholder who failed to make an election will receive cash consideration for a portion of the Florida Rock shares for which he or she made no election and share consideration in the form of shares of Holdco for a portion of the Florida Rock shares for which he or she made no election.

The precise number of Florida Rock shares for which a Florida Rock shareholder will receive share consideration, including cash in lieu of fractional shares, will be determined by multiplying the number of Florida Rock shares for which the shareholder made no election by a fraction with a numerator equal to 30% of the number of Florida Rock shares outstanding immediately prior to the effective time of the Florida Rock merger less the number of Florida Rock shares for which Florida Rock shareholders, collectively, properly made share elections and a denominator equal to the total number of Florida Rock shares for which no elections were properly made by Florida Rock shareholders.

The precise number of Florida Rock shares for which a Florida Rock shareholder will receive cash consideration will be determined by multiplying the number of Florida Rock shares for which the shareholder made no election by a fraction with a numerator equal to 70% of the number of Florida Rock shares outstanding immediately prior to the effective time of the Florida Rock merger less the number of Florida Rock shares for which Florida Rock shareholders, collectively, properly made cash elections and a denominator equal to the total number of Florida Rock shares for which no elections were properly made by Florida Rock shareholders.

EXAMPLE. Assume that 1,000,000 Florida Rock shares are outstanding at the time of the Florida Rock merger and Florida Rock shareholders make cash elections with respect to 200,000 Florida Rock shares and share elections with respect to 200,000 Florida Rock shares. If you own 100 Florida Rock shares and have not made an effective cash election or share election for any of those shares, you would receive cash consideration for 83.33 of your Florida Rock shares [$100 \times (700,000 - 200,000) / 600,000$] and share consideration (including cash in lieu of any fractional shares) for 16.67 of your Florida Rock shares [$100 \times ((300,000 - 200,000) / 600,000)$].

None of Holdco, Vulcan or Florida Rock is making any recommendation as to whether Florida Rock shareholders should elect to receive cash consideration or share consideration in the Florida Rock merger. You must make your own decision with respect to such election. No guarantee can be made that you will receive the amount of cash consideration or share consideration you elect. As a result of the proration procedures and other limitations described in this proxy statement/prospectus and in the merger agreement, you may receive share consideration or cash consideration in amounts that are different from the amounts you elect to receive. Because the value of the share consideration and cash consideration may differ, you may receive consideration having an aggregate value less than that you elected to receive. Florida Rock shareholders should obtain current market quotations for Vulcan common stock and Florida Rock common stock in deciding what elections to make.

Exchange of Florida Rock Shares

As provided for in the merger agreement, Vulcan has appointed The Bank of New York as exchange agent (the Exchange Agent) for the purpose of:

receiving election forms;

determining in accordance with the merger agreement the merger consideration to be received by each holder of shares of Florida Rock common stock; and

Table of Contents

exchanging the applicable merger consideration for certificates formerly representing shares of Florida Rock common stock or for Florida Rock shares represented by book-entry.

Promptly after the closing date of the mergers, the Exchange Agent will send to each record holder of Florida Rock common stock at the effective time of the Florida Rock merger who has not submitted an effective form of election a letter of transmittal and instructions for exchanging shares of Florida Rock common stock for the applicable merger consideration.

No Exchange of Vulcan Shares

Certificates representing shares of Vulcan common stock immediately prior to the Vulcan merger will from and after the Vulcan merger represent the same number of shares of Holdco common stock and the Exchange Agent will exchange by book-entry transfer all uncertificated shares of Vulcan common stock for the same number of shares of Holdco common stock. No new certificates representing shares of Holdco common stock will be issued in exchange for existing certificates representing shares of Vulcan common stock.

Treatment of Stock Options and Other Equity-Based Awards

Florida Rock Stock Options: Effective at least 10 business days prior to the election date, Florida Rock will cause each option or other right to acquire Florida Rock common stock under any Florida Rock stock plan to become fully vested and exercisable. Florida Rock option holders who exercise their options and receive Florida Rock shares prior to the fourth business day prior to the election deadline may make elections with respect to such shares.

Upon the completion of the Florida Rock merger, each option to purchase shares of Florida Rock common stock will be converted into the right to receive, with respect to each share underlying such option, an amount in cash equal to the excess, if any, of (A) \$67.00, without interest, over (B) the exercise price payable in respect of the share underlying such option, less any applicable withholding taxes.

Vulcan Stock Options and Other Equity-Based Awards: All Vulcan stock options, stock appreciation rights, restricted stock units and other equity-based awards outstanding immediately before the Vulcan merger will remain unchanged, except that the shares underlying such awards will be shares of Holdco common stock rather than Vulcan common stock.

Effect on Stock Plans. Shares available for issuance under the Florida Rock and Vulcan stock plans may still be used for grants of options and other awards under those plans with respect to shares of Holdco common stock following the merger, provided, that:

the number of shares available for grants under the Florida Rock and Vulcan stock plans is appropriately adjusted to reflect the mergers;

the stock plans and awards issued thereunder expire at the same time they would have expired absent the occurrence of the mergers; and

options and other awards granted under a Florida Rock stock plan after the mergers are not granted to individuals who were employed, immediately before the mergers, by Vulcan or any of its subsidiaries and options and other awards granted under a Vulcan stock plan after the mergers are not granted to individuals who were employed, immediately before the mergers, by Florida Rock or any of its subsidiaries.

Restrictions on Sales of Shares by Affiliates of Vulcan and Florida Rock

The shares of Holdco common stock to be issued in connection with the mergers will be registered under the Securities Act, and will be freely transferable under the Securities Act, except for shares of Holdco common stock issued to any person who is deemed to be an affiliate of Vulcan or Florida Rock at the time of the applicable special meeting. Persons who may be deemed to be affiliates include individuals or entities that control, are controlled by, or are under the common control of either Vulcan or Florida Rock and may include our executive

officers and directors, as well as our significant shareholders. Affiliates may not sell their shares of Holdco common stock acquired in connection with the mergers except pursuant to:

an effective registration statement under the Securities Act covering the resale of those shares;

an exemption under paragraph (d) of Rule 145 under the Securities Act; or

any other applicable exemption under the Securities Act.

The merger agreement requires Florida Rock to use its reasonable best efforts to obtain from each person who is an affiliate of Florida Rock as soon as reasonably practicable and, in any event, prior to the special meeting, a written agreement to the effect that such person will not transfer any Holdco common stock issued to him or her in the Florida Rock merger except in compliance with the Securities Act.

This proxy statement/prospectus does not cover resales of Holdco common stock by affiliates of Vulcan, Florida Rock or Holdco.

Stock Exchange Listing of Holdco Common Stock; Delisting of Florida Rock Common Stock after the Florida Rock Merger

It is a condition to the Florida Rock merger that the shares of Holdco common stock to be issued in the mergers and Holdco common stock to be reserved for issuance in connection with the mergers shall have been authorized for listing on the New York Stock Exchange, upon official notice of issuance. If the Florida Rock merger is completed, Florida Rock common stock will cease to be listed on the New York Stock Exchange and will be deregistered under the Exchange Act.

No Appraisal Rights

Under the FBCA, Florida Rock shareholders are not entitled to appraisal rights in connection with the Florida Rock merger.

The Merger Agreement

The following summary describes the material provisions of the merger agreement and is qualified in its entirety by reference to the complete text of the merger agreement, a copy of which is attached as Annex A to, and is incorporated by reference in, this proxy statement/prospectus. The provisions of the merger agreement are extensive and not easily summarized. Accordingly, this summary may not contain all of the information about the merger agreement that is important to you. We encourage you to read the merger agreement carefully in its entirety for a more complete understanding of the merger agreement.

The merger agreement and this summary of its terms have been included with this proxy statement/prospectus to provide you with information regarding the terms of the merger agreement and are not intended to modify or supplement any factual disclosures about Vulcan or Florida Rock in our public reports filed with the SEC. In particular, the merger agreement and related summary are not intended to be, and should not be relied upon as, disclosures regarding any facts and circumstances relating to Vulcan or Florida Rock. The representations and warranties contained in the merger agreement have been negotiated with the principal purpose of establishing the circumstances in which a party may have the right not to close the mergers if the representations and warranties of the other party prove to be untrue due to a change in circumstance or otherwise, and allocate risk between the parties, rather than establishing matters as facts. The representations and warranties may also be subject to a

contractual standard of materiality different from those generally applicable to shareholders.

Completion of the Mergers

Pursuant to the merger agreement, Virginia Merger Sub (a wholly owned subsidiary of Holdco) will merge with and into Vulcan and Fresno Merger Sub (a wholly owned subsidiary of Holdco) will merge with and into Florida Rock, with each of Vulcan and Florida Rock surviving as wholly owned subsidiaries of Holdco. In the mergers, each outstanding share of Vulcan common stock (other than shares owned by Vulcan) will be automatically converted into one share of Holdco common stock, and each outstanding share of Florida Rock common stock (other than shares

Table of Contents

owned by Florida Rock, Fresno Merger Sub, Vulcan or any direct or indirect wholly owned subsidiary of Vulcan or Florida Rock) will be converted into the right to receive, at the election of the holder, either \$67.00 in cash, without interest, or 0.63 of a share of Holdco common stock, in either case subject to proration if the holders of more than 70% of Florida Rock common stock elect the cash consideration or more than 30% elect the stock consideration. See

Florida Rock Shareholders Making Cash and Share Elections Proration Procedures beginning on page 57 for more information on how the proration procedures will work. Each share of Vulcan common stock owned by Vulcan will be cancelled without consideration. Each share of Florida Rock common stock owned by Florida Rock or Fresno Merger Sub will be cancelled without consideration. Each share of Florida Rock common stock owned by Vulcan or any direct or indirect wholly owned subsidiary of Florida Rock or Vulcan (other than Fresno Merger Sub) will be converted into the right to receive 0.63 of a share of Holdco common stock. The conversion of these shares is not subject to proration, and these shares will not be taken into consideration when determining the proration calculations. In addition, the merger agreement provides that in the event that Florida Rock's representations in the merger agreement with respect to the number of shares of Florida Rock common stock outstanding and the number of shares of Florida Rock common stock underlying outstanding Florida Rock stock options collectively understate the amount of such shares of Florida Rock common stock and shares underlying Florida Rock stock options by 10,000 or more, the merger consideration and the exchange ratio shall be appropriately adjusted to provide to the holders of Florida Rock common stock and Vulcan common stock the same economic effect as contemplated by the merger agreement prior to such action.

For information on the treatment of Vulcan stock options, Vulcan stock appreciation rights, Vulcan restricted stock units and Florida Rock stock options, see Treatment of Stock Options and Other Equity-Based Awards beginning on page 60.

The Florida Rock merger will be completed when Florida Rock files articles of merger with the Secretary of State of the State of Florida and the Vulcan merger will be completed when Vulcan files a certificate of merger with the Secretary of State of the State of New Jersey. The Vulcan merger will be effective one minute before the Florida Rock merger. Florida Rock and Vulcan expect to file the articles of merger and the certificate of merger as soon as practicable after the satisfaction or waiver of the closing conditions in the merger agreement, which are described below.

Conditions to Completion of the Mergers

Conditions to Florida Rock's and Vulcan's Obligations. Florida Rock and Vulcan may not complete the mergers unless each of the following conditions is satisfied or waived:

the merger agreement has been approved by the affirmative vote of the holders of a majority of the outstanding shares of Florida Rock common stock;

the shares of Holdco common stock to be issued in the mergers and reserved for issuance in connection with the mergers have been authorized for listing on the New York Stock Exchange (the NYSE);

the waiting period applicable to the mergers under the HSR Act has been terminated or has expired and no governmental authority has required any action in connection with the transaction, except as would not, individually or in the aggregate, be reasonably expected to result in a material adverse effect on Vulcan, Florida Rock or Holdco, and all other regulatory approvals necessary for the completion of the mergers have been obtained and are in full force and effect;

the registration statement covering the Holdco shares has been declared effective by the SEC and is not subject to any stop order or proceedings seeking a stop order; and

no restraining order or injunction prohibiting completion of the mergers is in effect and completion of the mergers is not illegal under any applicable law, rule, regulation or order.

Table of Contents

Florida Rock's and Vulcan's obligations to complete the mergers are also subject to the satisfaction or waiver of each of the following additional conditions:

truth and correctness of the representations and warranties of the other party, generally subject to any exceptions that have not had, and would not reasonably be expected to have, a material adverse effect on the other party after the mergers;

the other party's performance in all material respects of all obligations that are required by the merger agreement to be performed on or prior to the closing date;

each of Vulcan's and Florida Rock's receipt of an opinion from its counsel to the effect that the exchange of Florida Rock common stock and Vulcan common stock for Holdco common stock pursuant to the mergers, taken together, will be treated for federal income tax purposes as a transaction described in Section 351 of the Code and, in the letter received by Vulcan, the additional opinion that the Vulcan merger will qualify as a reorganization within the meaning of Section 368(a) of the Code; and

as to Vulcan's obligation to complete the Vulcan merger only, absence of action with respect to the mergers taken by any court or government entity or any law, injunction, order or decree enacted, promulgated or issued with respect to the mergers by any court or other governmental entity in effect, other than the application of the waiting period provisions of the HSR Act and the waiting period or similar provisions of applicable antitrust laws, rules or regulations, that would reasonably be expected to result in a judgment that would have any of the following effects: (i) challenging or seeking to make illegal, to delay, or otherwise to restrain or prohibit the mergers, (ii) seeking to restrain or prohibit Vulcan's or Holdco's ownership or operation (or that of its respective subsidiaries or affiliates) of all or any material portion of the business or assets of Florida Rock and its subsidiaries, taken as a whole, or of Vulcan and its subsidiaries, taken as a whole, or (iii) seeking to compel Vulcan or Holdco or any of their respective subsidiaries to sell, hold separate, or otherwise dispose of any of its or Florida Rock's business or assets or materially restricting the conduct of its or Florida Rock's business if doing so would, individually or in the aggregate, reasonably be expected to result in a material adverse effect on Florida Rock.

For purposes of the merger agreement, the term "material adverse effect" means, with respect to either of Florida Rock and Vulcan, a material adverse effect on the financial condition, businesses or results of operations of such party and its subsidiaries taken as a whole. However, any change or event caused by or resulting from the following will not be deemed to have a material adverse effect:

changes in prevailing economic or market conditions or the securities, credit or financial markets in the United States or elsewhere, except to the extent those changes have a materially disproportionate effect on Florida Rock or Vulcan (as applicable) and their respective subsidiaries relative to other similarly situated participants in the industries in which Florida Rock and Vulcan operate;

changes or events affecting the industries in which Florida Rock and Vulcan operate generally, except to the extent those changes have a materially disproportionate effect on Florida Rock or Vulcan (as applicable) and their respective subsidiaries relative to other similarly situated participants in the industries in which Florida Rock and Vulcan operate;

changes in generally accepted accounting principles applicable to either of Florida Rock and Vulcan or their respective subsidiaries;

changes in laws, rules or regulations of general applicability or interpretations by any governmental entity;

the announcement of the merger agreement;

the impact of changes in the housing or commercial building markets in the State of Florida, whether occurring prior to or after the date of the merger agreement;

any weather-related or other force majeure event, except to the extent those events have a materially disproportionate effect on Florida Rock or Vulcan (as applicable) and their respective subsidiaries relative to other similarly situated participants in the industries in which Florida Rock and Vulcan operate; or

any developments, including adverse judgments, in the litigation matter pending in the federal district court for the Southern District of Florida in which the court has ruled that certain permits issued for the Lake Belt region of Florida, including the permit for Florida Rock's Miami, Florida quarry, were invalidly issued.

Notwithstanding the foregoing, solely with respect to the parties' agreement to use reasonable best efforts to consummate the mergers (see *Additional Agreements* below) and the absence of legal restraint as a condition to Vulcan's obligation to complete the mergers (see *Conditions to Florida Rock's and Vulcan's Obligations* above), *material adverse effect* with respect to Florida Rock means a disposition or commitment to dispose of Vulcan or Florida Rock assets or businesses that, individually or in the aggregate, generated EBITDA (as defined in the merger agreement), equal to or greater than \$18.5 million in 2006. If Vulcan swaps an asset or business of Florida Rock or Vulcan for an asset or business of a third-party, or agrees to effect such a swap, then in determining whether there has been a material adverse effect on Florida Rock's aggregates business, to the extent that the EBITDA of the Vulcan or Florida Rock property so disposed of exceeds the EBITDA of the third party property received in return, the difference between the EBITDA of such properties shall be added to the total of disposed EBITDA, and to the extent that the EBITDA of the Vulcan or Florida Rock property so disposed of is less than the EBITDA of the third party property received in return, the difference between the EBITDA of such properties shall be subtracted from the total of disposed EBITDA. If Vulcan sells or otherwise disposes of a Vulcan asset or business pursuant to its covenant to use reasonable best efforts to consummate the mergers (other than swaps, which shall be treated as above), then the EBITDA for the corresponding asset or business of Florida Rock that is closest to the Vulcan asset or business so sold or disposed of shall be considered for purposes of determining whether there has been a material adverse effect on Florida Rock's aggregates business.

Reasonable Best Efforts to Obtain Required Shareholder Vote. Florida Rock has agreed to take all lawful action to call, give notice of, convene and hold a meeting of its shareholders as promptly as practicable following the date the registration statement covering the Holdco shares has been declared effective for the purpose of obtaining the required shareholder vote to approve the merger agreement. In addition, Florida Rock has agreed that it will use its reasonable best efforts to obtain from its shareholders the required shareholder vote in favor of approval of the merger agreement. Nothing in the merger agreement is intended to relieve Florida Rock of its obligation to submit the merger agreement to its shareholders for a vote on its approval.

No Solicitation of Alternative Transactions. The merger agreement contains detailed provisions prohibiting Florida Rock from seeking an alternative transaction to the mergers. Under these *no solicitation* provisions, Florida Rock has agreed that neither it nor any of its subsidiaries may:

initiate, solicit, encourage or knowingly facilitate any inquires or the making of an acquisition proposal (as described below);

have any discussions with, or provide any confidential information or data to, any person relating to an acquisition proposal, or engage in any negotiations concerning an acquisition proposal, or knowingly facilitate any effort or attempt to make or implement an acquisition proposal; or

approve or recommend, or propose to approve or recommend, or execute or enter into, any letter of intent, agreement in principle, merger agreement, asset purchase or share exchange agreement, option agreement or other similar agreement related to any acquisition proposal or propose or agree to do any of the foregoing.

The merger agreement permits, prior to the required Florida Rock shareholder vote having been obtained, Florida Rock and its agents and representatives to make written inquiry to any person that has made a written acquisition proposal after the date of the merger agreement for the purpose of obtaining a written clarification of the terms and

conditions of such proposal, and not in order to engage in any negotiation concerning such proposal, provided that Florida Rock promptly provides Vulcan a copy of such written inquiry and the response thereto.

For purposes of the merger agreement, the term "acquisition proposal" means any proposal or offer with respect to, or a transaction to effect, other than a proposal or offer made by Vulcan or an affiliate thereof:

a merger, reorganization, share exchange, consolidation, business combination, recapitalization, liquidation, dissolution or similar transaction involving Florida Rock or any of its significant subsidiaries, other than acquisitions permitted by the terms of the merger agreement;

Table of Contents

any purchase or sale of 20% or more of the consolidated assets of Florida Rock and its subsidiaries (including stock of its subsidiaries), taken as a whole; or

any purchase or sale of, or tender or exchange offer for, the voting securities of Florida Rock that, if completed, would result in any person beneficially owning securities representing 20% or more of its total voting power or of the total voting power of the surviving parent entity in the transaction, or any of its significant subsidiaries.

The merger agreement permits Florida Rock or its board of directors to comply with Rule 14d-9 and Rule 14e-2 under the Exchange Act, with regard to any acquisition proposal that Florida Rock may receive.

Notwithstanding the restrictions described above, if Florida Rock receives an unsolicited bona fide written acquisition proposal prior to its shareholder meeting to vote on the merger agreement, it may engage in discussions with or provide nonpublic information to the person making that acquisition proposal if and only to the extent that:

the Florida Rock shareholders meeting has not occurred;

Florida Rock has complied in all material respects with the restrictions on the solicitation of acquisition proposals described above;

the board of directors of Florida Rock, after consultation with outside legal counsel, determines in good faith that failure to take such action would be inconsistent with the board's fiduciary duties under applicable law;

the board of directors of Florida Rock, after consultation with outside legal counsel and financial advisors, concludes in good faith that there is a reasonable likelihood that the acquisition proposal constitutes or is reasonably likely to result in a superior proposal (as described below); and

prior to providing confidential information, Florida Rock enters into a confidentiality agreement with the person making the inquiry or proposal having terms that are no less favorable to the party providing the information than those in the specified confidentiality agreement between Vulcan and Florida Rock.

In addition, if Florida Rock receives an unsolicited bona fide written acquisition proposal prior to its shareholder meeting to vote on the merger agreement, it may withdraw or change its recommendation in favor of approving the merger agreement if and only to the extent that:

the Florida Rock shareholders meeting has not occurred;

Florida Rock has complied in all material respects with the restrictions on the solicitation of acquisition proposals described above;

the board of directors of Florida Rock, after consultation with outside counsel, determines in good faith that the failure to take such action would be inconsistent with the board's fiduciary duties under applicable law;

the board of directors of Florida Rock, after consultation with its outside legal counsel and financial advisors, concludes in good faith that the acquisition proposal constitutes or is reasonably likely to result in a superior proposal (as described below);

Florida Rock provides Vulcan at least four business days advance notice of its intention to change its recommendation, specifies the material terms and conditions of the superior proposal, provides the identity of

the party making the proposal and furnishes Vulcan with material documents (such four business days advance notice to be given again if there is any significant revision to the superior proposal); and

prior to withdrawing or making a change in recommendation, Florida Rock negotiates with Vulcan in good faith to make adjustments to the merger agreement such that the acquisition proposal would no longer constitute a superior proposal.

For purposes of the merger agreement, superior proposal means a bona fide written acquisition proposal made to Florida Rock for a merger or other business combination to acquire 100% of the assets or voting power of Florida Rock that the board of directors of Florida Rock concludes in good faith, after consultation with its financial

and legal advisors, taking into account all legal, financial, regulatory, timing and other aspects of the proposal and the person making the proposal (including any break up fees, expense reimbursement and conditions to closing):

is more favorable to the shareholders of Florida Rock from a financial point of view than the mergers; and

is fully financed or reasonably capable of being fully financed, reasonably likely to receive all required governmental approvals on a timely basis and otherwise reasonably capable of being completed on the terms proposed.

Florida Rock has agreed in the merger agreement that it will:

notify Vulcan as promptly as practicable of any acquisition proposal or any request for nonpublic information relating to Florida Rock by any third party considering making, or that has made, an acquisition proposal, of the identity of such third party, the material terms and conditions of any inquiries, proposals or offers, update on the status of the terms of any such proposals, offers, discussions or negotiations on a current basis, and furnish copies of any information provided to such third party;

immediately terminate any activities, discussions or negotiations existing as of the date of the merger agreement with any parties conducted before that date with respect to any acquisition proposal;

not release any third party from, or waive any provisions of, any confidentiality or standstill agreement relating to a possible acquisition proposal; and

use reasonable best efforts to inform its and its subsidiaries' respective directors, officers and key employees of the foregoing restrictions in the merger agreement.

Nothing contained in the above-described no solicitation provisions of the merger agreement will permit either of Florida Rock and Vulcan to terminate the merger agreement or affect any of their respective other obligations under the merger agreement. Florida Rock shall not submit to the vote of its shareholders any acquisition proposal other than the Florida Rock merger prior to the termination of the merger agreement.

Termination. Florida Rock and Vulcan may terminate the merger agreement at any time prior to the completion of the mergers, whether before or after Florida Rock shareholders have approved the merger agreement, by mutual written consent.

In addition, either Florida Rock or Vulcan may terminate the merger agreement by written notice to the other party:

if any governmental entity of competent jurisdiction:

that must grant a regulatory approval under applicable laws has denied approval of the mergers and the denial has become final and non-appealable; or

issues an order, decree or ruling or takes any other action permanently restraining, enjoining or otherwise prohibiting either of the mergers, and the order, decree, ruling or other action has become final and non-appealable;

except that this right to terminate will not be available to a party whose failure to comply with the merger agreement has been the cause of, or resulted in, that action;

if both mergers are not completed on or before November 19, 2007, except that this right to terminate will not be available to a party whose failure to comply with any provision of the merger agreement was the cause of, or resulted in, the failure of the mergers to be completed by that date;

the other party is in breach of its representations, warranties, covenants or agreements set forth in the merger agreement and the breach would prevent satisfaction by the other party of the relevant closing condition and the breach is not cured within 30 days of written notice of the breach or, by its nature, cannot be cured within that time period; or

if the Florida Rock shareholders do not approve the merger agreement at the Florida Rock shareholders meeting.

Table of Contents

In addition, Vulcan may terminate the merger agreement by written notice to Florida Rock if:

the board of directors of Florida Rock fails to make or effects a change in its recommendation that the Florida Rock shareholders vote in favor of the approval of the merger agreement or takes any other action inconsistent with that recommendation that is adverse to Vulcan in any material respect;

Florida Rock breaches its obligation to hold its shareholders meeting to vote on approval of the merger agreement or to prepare and mail to Florida Rock shareholders the proxy statement/prospectus; or

Florida Rock materially breaches the no solicitation provisions described above.

Termination Fees. The merger agreement provides that Florida Rock will be required to pay a termination fee to Vulcan of \$135 million in each of the following circumstances:

if Vulcan terminates the merger agreement due to (1) the failure of Florida Rock's board of directors to recommend that Florida Rock shareholders vote in favor of approval of the merger agreement, or the withdrawal or change in Florida Rock's board of directors' recommendation that Florida Rock shareholders vote in favor of approval of the merger agreement, in each case that is adverse in any material respect to Vulcan or (2) the material breach by Florida Rock of its obligation under the merger agreement to call a meeting of, and use its reasonable best efforts to obtain approval by, Florida Rock shareholders of the merger agreement, including failure to prepare and mail the proxy statement/prospectus to shareholders, then Florida Rock must pay the termination fee on the second business day following termination;

if (1) Vulcan terminates the merger agreement because of the material breach of Florida Rock of the no solicitation restrictions described above, or either of Florida Rock and Vulcan terminates the merger agreement because the approval of the merger agreement by the Florida Rock shareholders was not obtained at the Florida Rock shareholders meeting, (2) a competing acquisition proposal for 50% or more of the assets or voting power of Florida Rock was publicly announced at or before the date of Florida Rock shareholders meeting and (3) within 12 months after this termination of the merger agreement, Florida Rock or any of its subsidiaries enters into a definitive agreement for, or completes, an acquisition proposal for 50% or more of the assets or voting power of Florida Rock, then Florida Rock must pay the termination fee on the second business day following such execution or consummation; and

if (1) either of Florida Rock and Vulcan terminates the merger agreement because both mergers have not been completed by November 19, 2007, or Vulcan terminates the merger agreement because of a breach by Florida Rock that causes a condition to the Florida Rock merger to not be satisfied, (2) a competing acquisition proposal for 50% or more of the assets or voting power of Florida Rock was publicly announced before the merger agreement was terminated and (3) within 12 months after this termination of the merger agreement, Florida Rock or any of its subsidiaries enters into a definitive agreement for, or completes, an acquisition proposal for 50% or more of the assets or voting power of Florida Rock, then Florida Rock must pay the termination fee on the second business day following such execution or consummation.

Certain Termination Expenses. If Florida Rock fails to pay all amounts due to Vulcan on the specified dates, then it must also pay Vulcan's expenses from actions taken to collect the unpaid amounts, including interest on the unpaid amounts and the additional expenses, calculated at the prevailing market rate.

Conduct of Business Pending the Mergers. Under the merger agreement, Florida Rock has agreed that, during the period before completion of the mergers, except as expressly contemplated or permitted by the merger agreement, or

to the extent that Vulcan consents in writing (which consent shall not be arbitrarily withheld or arbitrarily delayed), Florida Rock and its subsidiaries will carry on their respective businesses in the usual, regular and ordinary course consistent with past practice, and will use all reasonable efforts to preserve intact their present business organizations, maintain their rights and authorizations and preserve their relationships with customers,

suppliers and others so that their goodwill and ongoing businesses are not impaired in any material respect. Florida Rock has agreed not to, and not to permit its subsidiaries to:

enter into any new material line of business;

change its or its subsidiaries' operating policies in any respect that is material to Florida Rock, except as required by law or policies of a governmental entity;

incur or commit to any capital expenditures or any obligations or liabilities in connection with capital expenditures, other than in the ordinary course of business consistent with past practice within specified limits;

enter into or amend any agreement between Florida Rock or any of its subsidiaries, on one hand, and, on the other hand, any (A) present or former officer or director of Florida Rock or any of its subsidiaries or any or such officer's or director's immediate family members, (B) record or beneficial owner of more than 5% of the Florida Rock common stock or (C) any affiliate of such officer, director or owner since September 30, 2005; or

enter into, terminate or change any material leases, contracts or agreements except in the ordinary course of business consistent with past practice.

In addition to the above-described agreements regarding the conduct of business generally, Florida Rock has agreed with respect to itself and its subsidiaries to various additional specific restrictions relating to the conduct of its business during the period before completion of the mergers, including with respect to the following (subject to certain exceptions specified in the merger agreement):

the repurchase, redemption or other acquisition any shares of its capital stock;

the amendment of the restated articles of incorporation or restated bylaws of Florida Rock;

the acquisition or disposition of assets;

the incurrence or the guarantee of indebtedness;

the taking of actions that would result, or would reasonably be expected to result, in the inability to obtain the required regulatory approvals;

the adoption of changes in accounting methods, any material tax election or annual tax period, the filing of any material amended tax return, the entering into of any closing agreement with respect to a material amount of taxes, the settlement of any material tax claim or the surrender of any right to claim a refund of a material amount of taxes;

changes in employee benefit plans and compensation of its directors, executive officers and employees;

the settling or compromise of any material litigation for amounts in excess of a specified limit;

the purchase of any policies of directors' and officers' liability insurance, except to the extent permitted by the merger agreement; and

the restriction of any party from conducting, after the closing, any line of business in any geographic area.

In addition to the above agreements of Florida Rock, each of Florida Rock and Vulcan has agreed with respect to itself and its subsidiaries to various additional specific restrictions relating to the conduct of its businesses, including the following (in each case subject to exceptions specified in the merger agreement):

the declaration or payment of dividends and changes in capital stock, except that each of Florida Rock and Vulcan may pay its regular quarterly cash dividend on dates consistent with past practice in an amount per share no greater than the most recent quarterly dividend declared by the applicable company prior to execution of the merger agreement, which was \$0.46 per share for Vulcan and \$0.15 per share for Florida Rock;

the combination, splitting or reclassifying of capital stock;

the issuance or sale of capital stock, voting debt or other equity interests;

the acquisition of assets or other entities;

the taking of actions that would reasonably be expected to prevent (1) the exchange of Florida Rock common stock and Vulcan common stock for Holdco common stock pursuant to the mergers, taken together, from qualifying as a transaction described in Section 351 of the Code or (2) the Vulcan merger from qualifying as a reorganization within the meaning of Section 368(a) of the Code; and

the liquidation or recapitalization of either of Florida Rock or Vulcan or its significant subsidiaries.

Governance. As a result of the mergers, shareholders of Vulcan and shareholders of Florida Rock who receive stock will become shareholders of Holdco. The certificate of incorporation and by-laws of Holdco will be amended so that following the mergers they contain provisions substantially identical to the restated certificate of incorporation and restated by-laws of Vulcan. More information about the restated certificate of incorporation and restated by-laws of Holdco that will be in effect immediately after the mergers are completed can be found in the section **Comparison of Shareholder Rights** beginning on page 87.

Immediately following the mergers, the board of directors of Holdco will consist of the Vulcan directors as of the time of the mergers. On the day following the completion of the mergers, the board of directors of Holdco will be expanded to include John D. Baker II, Florida Rock's current President and Chief Executive Officer and a director of Florida Rock. In the merger agreement, Florida Rock and Vulcan agreed that the officers of Vulcan at the time of the Vulcan merger will be the officers of Holdco at the time of the Vulcan merger.

Additional Agreements. Florida Rock and Vulcan have agreed to cooperate with each other and to use reasonable best efforts to:

take all actions necessary under the merger agreement and applicable laws to consummate the mergers as soon as practicable; and

as promptly as practicable, (1) make the appropriate filings pursuant to the HSR Act and other applicable laws and (2) supply any information or materials required by these laws or applicable regulatory authorities;

except that no party is required to take any action that is not conditional on the consummation of the mergers and Vulcan is not required to take any action that would reasonably be expected to result in a material adverse effect on Florida Rock.

The merger agreement also contains covenants relating to cooperation in the preparation of this proxy statement/prospectus and additional agreements relating to, among other things, consultation regarding transition matters, access to information, notice of specified matters and public announcements.

Benefits Matters. Following the mergers, Florida Rock's employees who are hired by Vulcan will be offered participation and coverage under employee benefit plans (other than defined benefit retirement plans) that are substantially similar, on an aggregate basis, to the plans generally in effect for similarly situated employees of Vulcan. Employees will receive credit for past service with Florida Rock.

Amendment, Extension and Waiver. We may amend the merger agreement by action taken or authorized by Florida Rock's and Vulcan's respective boards of directors, at any time before or after approval of the merger agreement by the

shareholders of Florida Rock. After approval of the merger agreement by the shareholders of Florida Rock, no amendment may be made that by law requires further approval by those shareholders, unless we obtain that further approval. All amendments to the merger agreement must be in writing signed by all of the parties thereto.

At any time before the completion of the mergers, Florida Rock and Vulcan may, by written action taken or authorized by their respective boards of directors, to the extent legally allowed:

extend the time for the performance of any of the obligations or other acts provided for in the merger agreement;

Table of Contents

waive any inaccuracies in the representations and warranties contained in the merger agreement or in any document delivered pursuant to the merger agreement; and

waive compliance with any of the agreements or conditions contained in the merger agreement.

Fees and Expenses. Whether or not the mergers are completed, all costs and expenses incurred in connection with the merger agreement and the mergers will be paid by the party incurring the expense, except as otherwise provided in the merger agreement (see Certain Termination Expenses above) and except that:

if the mergers are completed, the surviving corporations will pay any property or transfer taxes imposed on either party in connection with the mergers; and

all expenses and fees incurred in connection with the filing, printing and mailing of this proxy statement/prospectus and the registration statement of which it is a part will be shared equally by Vulcan and Florida Rock.

Representations and Warranties. The merger agreement contains representations and warranties by each of the parties to the merger agreement. These representations and warranties have been made solely for the benefit of the other parties to the merger agreement and:

may be intended not as statements of fact, but rather as a way of allocating the risk to one of the parties if those statements prove to be inaccurate;

have been qualified by disclosures that were made to Vulcan or Florida Rock in connection with the negotiation of the merger agreement, which disclosures are not reflected in the merger agreement;

may apply standards of materiality in a way that is different from what may be viewed as material to you or other investors; and

were made only as of the date of the merger agreement or such other date or dates as may be specified in the merger agreement and are subject to more recent developments.

Accordingly, these representations and warranties may not describe the actual state of affairs as of the date they were made or at any other time.

The representations and warranties made by both Florida Rock and Vulcan relate to, among other things:

capital structure;

authorization of the merger agreement and absence of conflicts;

Amendment of the Merger Agreement

The merger agreement was amended on April 9, 2007, for the purpose of providing that certificates representing shares of Vulcan common stock immediately prior to the Vulcan merger will from and after the Vulcan merger represent the same number of shares of Holdco common stock. Consequently, no new certificates representing shares of Holdco common stock will be issued in exchange for existing certificates representing shares of Vulcan common stock.

The Support Agreement

This section of the proxy statement/prospectus describes the material terms of the support agreement. The following summary is qualified in its entirety by reference to the complete text of the support agreement, which is incorporated by reference and attached as Annex B to this proxy statement/prospectus. We urge you to read the full text of the support agreement.

On February 19, 2007, in connection with the execution of the merger agreement, Baker Holdings, L.P., Edward L. Baker Living Trust, Edward L. Baker, John D. Baker II Living Trust and Anne D. Baker Living Trust, which we refer to in this proxy statement/prospectus, collectively, as the Baker Shareholders, entered into a support agreement with Vulcan. The Baker Shareholders (except for the Anne D. Baker Living Trust) are controlled, directly or indirectly, by Edward L. Baker, Florida Rock's Chairman, and John D. Baker II, Florida Rock's President and CEO.

Pursuant to the support agreement, the Baker Shareholders agreed (1) to vote shares of Florida Rock common stock representing approximately 9.9% of the outstanding shares of Florida Rock, which we refer to in this proxy statement/prospectus as the specified shares, in favor of approval of the merger agreement at the Florida Rock shareholders meeting and against any other transaction and (2) to irrevocably elect to receive Holdco common stock in exchange for shares of Florida Rock common stock representing approximately 30% of the Florida Rock common stock beneficially owned by Edward L. Baker, John D. Baker II and Baker Holdings, L.P. in the Florida Rock merger, subject to proration like all Florida Rock shareholders.

The Baker Shareholders have also agreed not to transfer or otherwise dispose of the specified shares until the termination of the support agreement. The support agreement terminates upon the earlier to occur of the termination of the merger agreement or the effective date of the mergers.

The Shareholders Agreement

This section of the proxy statement/prospectus describes the material terms of the shareholders agreement. The following summary is qualified in its entirety by reference to the complete text of the shareholders agreement, which is incorporated by reference and attached as Annex C to this proxy statement/prospectus. We urge you to read the full text of the shareholders agreement.

On February 19, 2007, in connection with the execution of the merger agreement, Baker Holdings, L.P., Edward L. Baker Living Trust, Edward L. Baker, John D. Baker II Living Trust and Anne D. Baker Living Trust, which we refer to in this proxy statement/prospectus, collectively, as the Baker Shareholders, entered into a shareholders agreement with Vulcan and Holdco. The Baker Shareholders (except for the Anne D. Baker Living Trust) are controlled, directly or indirectly, by Edward L. Baker, Florida Rock's Chairman, and John D. Baker II, Florida Rock's President and CEO.

Pursuant to the shareholders agreement, each Baker Shareholder agreed not to transfer any shares of Holdco common stock owned by such Baker Shareholder during a restrictive period, other than to certain permitted transferees (consisting of, with respect to each Baker Shareholder, Baker Investment Holdings, Inc., such Baker Shareholder's spouse or lineal descendants (whether natural or adopted), sibling, parent, heir, executor, administrator, testamentary trustee, legatee or beneficiary, or, in the case of Baker Holdings, L.P., any other Baker Shareholder, Sarah Porter or the spouse or lineal descendant (whether natural or adopted), sibling, parent, heir, executor, administrator, testamentary trustee, legatee or beneficiary of any other Baker Shareholder or Sarah Porter, or any trust, the beneficiaries of which (or any corporation, limited liability company or partnership, the stockholders, members or general or limited partners of which) include only permitted transferees or a foundation or similar entity established by a Baker Shareholder for the purpose of charitable goals, provided that the Baker Shareholder effecting the transfer retains control over the voting and disposition of the Holdco shares and provided that the transferee executes and delivers to Holdco such documentation as is reasonably requested by Holdco to reflect that the transferee is fully bound by the Shareholder Agreement). Generally, the restrictive period for each Baker Shareholder is three years beginning on the effective date of the mergers, however, (i) solely with respect to John D. Baker II, Florida Rock's President and CEO, this restrictive period will be extended for as long as he serves on the board of directors of Holdco, (ii) solely with respect to Edward L. Baker, Florida Rock's Chairman, this restrictive period will terminate early upon his death and (iii) with respect to each Baker Shareholder, this restrictive period will terminate upon a change of control of Holdco, as defined in the stock option plan of Holdco.

Subject to limited exceptions, each Baker Shareholder also agreed, for a period of five years following the expiration of the restrictive period applicable to it (provided that the five year period will terminate earlier at any time the Baker Shareholders and their affiliates own less than one percent of the outstanding shares of Holdco), to transfer any shares of Holdco common stock owned by such Baker Shareholder only if the transfer complies with applicable securities laws and (i) is to a permitted transferee, or (ii) such transfer complies with the right of first refusal procedures described below.

The shareholders agreement provides Holdco a right of first refusal which, during the period described in the paragraph above, requires each Baker Shareholder to give advance notice to Holdco of its desire to sell any shares of Holdco common stock. Following receipt of such notice, Holdco will have three business day to notify such Baker Shareholder stating whether Holdco will elect to purchase any shares. In the event Holdco does not elect to purchase all of the offered shares, the shares not purchased by Holdco may be sold by such Baker Shareholder in a broker transaction on the open market, subject to the same volume limitations as would be applicable to sales by an affiliate under Rule 144 of the Securities Act.

Each Baker Shareholder also agreed, until the expiration of the restrictive period applicable to it, to (i) vote its shares of Holdco common stock consistent with the recommendations of the Holdco board of directors and (ii) not tender its shares of Holdco common stock in any tender offer opposed by the Holdco board of directors.

The shareholders agreement will automatically terminate if the merger agreement is terminated.

Holdco Restated Certificate of Incorporation and Restated By-laws

Upon completion of the mergers, the restated certificate of incorporation of Holdco will be substantially in the form set forth in Annex E to this proxy statement/prospectus, and the restated by-laws of Holdco will be substantially in the form set forth in Annex F to this proxy statement/prospectus. For a summary of the material provisions of Holdco's restated certificate of incorporation and restated by-laws, see the section entitled "Comparison of Shareholder Rights" beginning on page 87.

Financing

Vulcan currently anticipates arranging approximately \$4.0 billion of new financing in connection with the mergers. Vulcan has secured a commitment for a \$4.0 billion bridge facility from Bank of America, N.A., Goldman Sachs Credit Partners L.P., JPMorgan Chase Bank, N.A. and Wachovia Bank, National Association. Vulcan also anticipates arranging approximately \$2.0 billion in syndicated bank credit facilities. The syndicated bank credit facilities will reduce the amount of the bridge, and are anticipated to be used as back-up liquidity for Vulcan's commercial paper program and for general corporate purposes. In order to pay the cash portion of the merger consideration to Florida Rock shareholders (including the associated direct transaction costs), Vulcan expects to borrow under the bridge facility and/or issue commercial paper and/or syndicated bank credit facilities for the full amount needed (approximately \$3.3 billion). The remaining \$0.7 billion available under the new financing arrangements will effectively replace \$750 million of Vulcan's existing credit facilities. Vulcan had short-term borrowings of approximately \$240 million outstanding at March 31, 2007. After closing, Vulcan expects to issue approximately \$2.0 billion of primarily fixed rate debt at maturities ranging from 3 to 30 years and repay outstanding loans and reduce commitments under the bridge facility with proceeds of such debt. Any additional commercial paper issued or borrowings drawn under the bridge facility or the syndicated credit facilities will be used to fund working capital requirements or for general corporate purposes. The foregoing description of Vulcan's financing plans is preliminary and subject to change.

Legal Proceedings Relating to the Mergers

Florida Rock and the members of its board of directors were named in a purported shareholder class action complaint filed in Florida state court (the Duval County Circuit Court) on March 6, 2007, captioned Dillinger v. Florida Rock, et al., Case No. 16-20007-CA-001906. The complaint seeks to enjoin the mergers, and alleges, among other things, that the directors have breached their fiduciary duties owed to Florida Rock shareholders by attempting to sell Florida Rock to Vulcan for an inadequate price.

No assurance can be given concerning the market prices of Vulcan common stock or Florida Rock common stock before the completion of the mergers or after the completion of the mergers. The exchange ratio is fixed in the merger agreement. One result of this is that the market value of Holdco common stock that Florida Rock shareholders will receive in the Florida Rock

HOLDCO UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS

The following unaudited pro forma condensed combined financial statements are based on the historical financial statements of Vulcan and Florida Rock after giving effect to the mergers. The unaudited pro forma condensed combined balance sheet as of March 31, 2007 combines Vulcan's and Florida Rock's historical condensed consolidated balance sheets as of March 31, 2007 and gives effect to the mergers as if the mergers were consummated on that date. Vulcan's fiscal year ends on December 31; Florida Rock's fiscal year ends on September 30. Therefore, the unaudited pro forma condensed combined statement of earnings for the year ended December 31, 2006 combines Vulcan's historical condensed consolidated statement of earnings for the year ended December 31, 2006 with Florida Rock's historical condensed consolidated statement of earnings for the twelve month period ended September 30, 2006, and gives effect to the mergers as if the mergers were consummated as of January 1, 2006. The unaudited pro forma condensed combined statement of earnings for the three months ended March 31, 2007 combines Vulcan's historical condensed consolidated statement of earnings for the three months ended March 31, 2007 with Florida Rock's historical condensed consolidated statement of earnings for the three months ended December 31, 2006, and gives effect to the mergers as if the mergers were consummated as of January 1, 2006.

In the mergers, Vulcan shareholders will receive one share of Holdco common stock for each share of Vulcan common stock that they own. Florida Rock shareholders will have the right to elect to receive either 0.63 of a share of Holdco common stock or \$67.00 in cash, without interest, for each share of Florida Rock common stock that they own. The elections are subject to proration so that, in the aggregate, 70% of all outstanding shares of Florida Rock common stock will be exchanged for cash and 30% of all outstanding shares of Florida Rock common stock will be exchanged for shares of Holdco common stock.

Under the terms of the merger agreement, all outstanding Florida Rock stock options, which will have fully vested prior to the effective time of the mergers, shall cease to represent an option to acquire shares of Florida Rock common stock and shall instead represent the right to receive a cash amount equal to the excess, if any, of \$67.00 per option to acquire one share of Florida Rock common stock over the exercise price payable in respect of such stock option (the option consideration). For purposes of the pro forma financial statements, we have assumed that all outstanding options to acquire Florida Rock common stock as of March 31, 2007 were fully vested and remained unexercised as of the effective time of the mergers, and therefore were converted into the right to receive the option consideration described above. Such consideration has been included in the calculation of the total preliminary purchase price.

The number of shares of Florida Rock common stock outstanding could change due to the exercise of stock options under Florida Rock's share-based compensation plans, and such changes could materially affect the preliminary total purchase price reflected in the pro forma financial statements. Additionally, changes in the number of Florida Rock outstanding shares will affect the pro forma weighted average number of shares outstanding for purposes of computing pro forma basic and diluted earnings per share amounts. The maximum change to the preliminary total purchase price and to pro forma basic and diluted earnings per share amounts that could occur due to changes in the number of Florida Rock outstanding shares resulting from stock option exercises is described in Note 2 to the unaudited pro forma condensed combined financial statements.

For purposes of these unaudited pro forma condensed combined financial statements, we have assumed that Vulcan's common stock price is \$113.97, which represents the average of the closing share prices, adjusted for dividends, for Vulcan's common stock during the four trading days from February 15, 2007 through February 21, 2007, centered on the day the transaction was announced, and that 65.9 million shares of Florida Rock common stock are outstanding as of the indicated dates at which the mergers are assumed to be effective.

We have assumed that 12.5 million shares of Holdco common stock will be issued and \$3.3 billion in cash, including deferred financing costs, will be required to fund consideration paid for all outstanding shares of Florida Rock common stock, to settle Florida Rock stock options and to pay Vulcan's direct transaction costs. These assumptions are based upon the assumed price of Vulcan common stock of \$113.97, the assumed number of Florida Rock outstanding shares, the proration provisions set forth above and the exchange ratio of 0.63 of a share of Holdco common stock for one share of Florida Rock common stock.

Table of Contents

The mergers will be treated as a purchase business combination pursuant to Statement of Financial Accounting Standards (SFAS) No. 141, Business Combinations (FAS 141). Vulcan will be treated as the acquiring corporation for accounting and financial reporting purposes; accordingly, the historical financial statements of Vulcan will become the historical financial statements of Holdco. Under FAS 141, the purchase price paid by Vulcan, together with the direct costs of the mergers incurred by Vulcan, will be allocated to Florida Rock's tangible and intangible assets and liabilities based on their estimated fair values, with any excess recorded as goodwill. The assets, liabilities and results of operations of Florida Rock will be consolidated into the assets, liabilities and results of operations of Vulcan as of the closing date of the mergers. For purposes of these unaudited pro forma condensed combined financial statements, the allocation of the purchase price to Florida Rock's tangible and intangible assets and liabilities are based upon management's preliminary internal valuation estimates. Definitive allocations will be performed and finalized based upon valuations and other studies that will be performed following the closing date of the mergers. Accordingly, the pro forma purchase allocation adjustments are preliminary and have been made solely for the purpose of providing unaudited pro forma condensed combined financial information and are subject to revision based on a final determination of fair value following the closing of the mergers. Final determinations of fair value may differ materially from those presented herein.

We anticipate that the mergers will provide the combined company with cost-saving synergies and other financial benefits. We expect such synergies to be partially offset by merger-related integration costs. The accompanying pro forma condensed combined statement of earnings, while helpful in illustrating the operating results of the combined company under one set of assumptions, does not reflect any cost-saving or other synergies which may be attainable subsequent to the consummation of the mergers or any potential costs to be incurred in integrating the two companies and, accordingly, does not attempt to predict or suggest future results.

The unaudited pro forma condensed combined financial statements included herein are presented for informational purposes only. This information includes certain assumptions and estimates and may not necessarily be indicative of the financial position or results of operations that would have occurred if the mergers had been consummated as of the date or at the beginning of the period presented or which may be attained in the future. The unaudited pro forma condensed combined financial statements should be read in conjunction with the historical financial statements and accompanying notes contained in the annual reports and other information that Vulcan and Florida Rock have each filed with the Securities and Exchange Commission and included as Annex G, Annex I or incorporated by reference in this proxy statement/prospectus.

Notes to Unaudited Pro Forma Condensed Combined Financial Statements

1. Basis of Pro Forma Presentation

The unaudited pro forma condensed combined financial statements have been derived from the historical financial statements and accompanying notes contained in the annual reports and other information that Vulcan and Florida Rock have each filed with the Securities and Exchange Commission and included as Annex G, Annex I or incorporated by reference in this proxy statement/prospectus.

The unaudited pro forma condensed combined balance sheet as of March 31, 2007 combines Vulcan's and Florida Rock's historical condensed consolidated balance sheets as of March 31, 2007 and gives effect to the mergers as if the mergers were consummated on that date.

The unaudited pro forma condensed combined statement of earnings for the year ended December 31, 2006 combines Vulcan's historical condensed consolidated statement of earnings for the year ended December 31, 2006 with Florida Rock's historical condensed consolidated statement of earnings for the twelve month period ended September 30, 2006, and gives effect to the mergers as if the mergers were consummated as of January 1, 2006.

The unaudited pro forma condensed combined statement of earnings for the three months ended March 31, 2007 combines Vulcan's historical condensed consolidated statement of earnings for the three months ended March 31, 2007 with Florida Rock's historical condensed consolidated statement of earnings for the three months ended December 31, 2006, and gives effect to the mergers as if the mergers had occurred on January 1, 2006.

The unaudited pro forma condensed combined financial statements, which are referred to as pro forma financial statements, give effect to the mergers under the purchase method of accounting prescribed by Statement of Financial Accounting Standards (SFAS) No. 141, Business Combinations (FAS 141), with Vulcan treated as the acquirer for accounting and financial reporting purposes. Under the provisions of FAS 141, the pro forma financial statements will reflect Vulcan acquiring 100% of the outstanding shares of Florida Rock common stock. The purchase price paid by Vulcan, together with the direct costs of the mergers incurred by Vulcan, will be allocated to the tangible and intangible assets and liabilities of Florida Rock based on their estimated fair values. The excess of the purchase price over the net tangible and identifiable intangible assets will be recorded as goodwill.

The pro forma financial statements are based upon certain assumptions and estimates, including assumptions and estimates related to the determination of the preliminary total purchase price and the preliminary allocation of the estimated total purchase price. Changes in the number of shares of Florida Rock common stock outstanding due to the exercise of stock options under Florida Rock's share-based compensation plans, as well as refinements to Vulcan's estimated direct transaction costs, could materially affect the final total purchase price. Additionally, changes in the number of Florida Rock outstanding shares will affect the pro forma weighted average number of shares outstanding for purposes of computing pro forma basic and diluted earnings per share amounts. The maximum change to the preliminary total purchase price and to pro forma basic and diluted earnings per share amounts that could occur due to changes in the number of Florida Rock outstanding shares resulting from stock option exercises is described in Note 2 below.

The allocation of the purchase price to Florida Rock's tangible and intangible assets and liabilities are based upon management's preliminary internal valuation estimates. Definitive allocations will be performed and finalized based upon valuations and other studies that will be completed following the closing date of the mergers. Accordingly, the pro forma adjustments are preliminary and are subject to revision based on a final determination of fair value

following the closing of the mergers. Final determinations of fair value may differ materially from those presented herein.

The pro forma adjustments are preliminary and have been made solely for purposes of developing the pro forma financial statements for illustrative purposes. The pro forma financial statements are not intended to represent or be indicative of the results of operations or financial position of the combined companies that would have resulted had the mergers been completed as of the dates and for the periods presented. The pro forma financial statements do not reflect any revenue or cost-saving synergies which may be attainable subsequent to the consummation of the

mergers or any potential costs to be incurred in integrating the two companies. The impact of the mergers on the combined results of operations and financial position of Vulcan and Florida Rock in periods following the mergers may differ significantly from that reflected in these pro forma financial statements.

2. Preliminary Purchase Price

The preliminary purchase price is based on an assumed Vulcan common stock price of \$113.97, which represents the average of the closing share prices, adjusted for dividends, for Vulcan's common stock during the four trading days from February 15, 2007 through February 21, 2007, centered on the day the transaction was announced. Under the terms of the merger agreement, Florida Rock shareholders will have the right to receive either 0.63 of a share of Holdco common stock or \$67.00 in cash for each share of Florida Rock common stock that they own, subject to proration to ensure that in the aggregate 70% of Florida Rock outstanding shares will be exchanged for cash and 30% of Florida Rock outstanding shares will be exchanged for stock. The pro forma preliminary purchase price presented below is based on the number of shares of Florida Rock common stock outstanding as of March 31, 2007, the date of the balance sheet under which the mergers are being presented. The total preliminary purchase price is estimated at \$4.7 billion based on the assumed price of Vulcan common stock of \$113.97, the proration provisions set forth above and the exchange ratio of 0.63 of a share of Holdco common stock for one share of Florida Rock common stock.

Table of Contents**HOLDCO CORPORATION****Notes to Unaudited Pro Forma Condensed Combined Financial Statements (Continued)**

Changes in the number of shares of Florida Rock common stock outstanding due to the exercise of stock options under Florida Rock's share-based compensation plans, as well as refinements to estimated direct transaction costs incurred by Vulcan, will affect the determination of the final total purchase price. If we assumed that all outstanding options to acquire Florida Rock common stock as of March 31, 2007 were exercised prior to the effective time of the mergers, the total preliminary purchase price, including cash and stock consideration, would increase by approximately \$82.5 million, the total Holdco shares issued in exchange for Florida Rock outstanding shares would increase by 0.6 million, and the pro forma basic and diluted earnings per share amounts presented for the year ended December 31, 2006 would each decrease by approximately \$0.03 per share and the pro forma basic and diluted earnings per share amounts presented for the three months ended March 31, 2007 would change by less than \$0.01 per share.

3. Pro Forma Adjustments

The total preliminary purchase price has been allocated to Florida Rock's tangible and intangible assets acquired and liabilities assumed based on preliminary internal estimates of fair value. The excess of the purchase price over the net tangible and identifiable intangible assets will be recorded as goodwill. Due to certain legal restrictions, many of the details concerning individual assets and liabilities cannot be disclosed between Vulcan and Florida Rock prior to the completion of the mergers. The final determination of fair value and allocation of the purchase price will be determined after the mergers are consummated and additional analyses and valuation studies are performed to determine the fair values of Florida Rock's tangible and intangible assets acquired and liabilities assumed as of the date the mergers are completed. Changes in the fair value of the net assets of Florida Rock as of the date the mergers are completed will change the amount of the purchase price allocable to goodwill. The actual amounts recorded when the mergers are completed may differ materially from the pro forma adjustments presented herein.

The following table presents a summary of the preliminary purchase price allocation reflected in the unaudited pro forma condensed combined balance sheet:

	(Amounts in millions)	
Florida Rock's historical net book value	\$	990.1
Elimination of Florida Rock's historical goodwill		(176.8)
Adjustment to accounts receivable		55.7
Adjustment to inventory		12.5
Adjustment to property, plant and equipment		826.7
Adjustment to identifiable intangible assets		378.5
Adjustment to deferred income taxes		(468.8)
Adjustment to noncurrent accrued liabilities		(7.8)
Goodwill		3,076.6
Total preliminary purchase price	\$	4,686.7

The following notes refer to the pro forma adjustments included in the unaudited pro forma condensed combined balance sheet and unaudited pro forma condensed combined statements of earnings on pages 77, 78 and 79, respectively.

(a) To record the tax benefit related to the cash settlement of Florida Rock's outstanding stock options immediately prior to the effective time of the mergers. The tax benefit is reflected as a current income tax receivable due to a zero balance in current income tax liabilities.

(b) To record Florida Rock's inventory at estimated fair value.

HOLDCO CORPORATION

Notes to Unaudited Pro Forma Condensed Combined Financial Statements (Continued)

(c) To record the difference between the preliminary estimated fair value, based on management's internal valuation estimates, and the historical net book value of Florida Rock's property, plant and equipment. Management's internal valuation estimates are based principally upon estimates of current replacement cost and discounted cash flows related to the underlying assets.

(d) To eliminate Florida Rock's historical goodwill and record the excess of the preliminary purchase price over the estimated fair value of the net tangible and identifiable intangible assets acquired and liabilities assumed.

(e) To record the difference between the preliminary estimated fair value, based on management's internal valuation estimates, and the historical net book value of Florida Rock's intangible assets. The increase of \$378.5 million in intangible assets relates primarily to contractual rights in place, which are assumed to have a weighted-average useful life of approximately 27 years. Management's internal valuation estimates are based principally upon estimates of discounted cash flows related to the underlying assets.

(f) To record deferred financing costs incurred in connection with the issuance of short-term and long-term debt totaling approximately \$3.3 billion.

(g) To record \$3.3 billion in estimated borrowings, including deferred financing costs, necessary to acquire 70% of the outstanding shares of Florida Rock common stock, cash settle Florida Rock stock options outstanding immediately prior to the effective time of the mergers and finance Vulcan's direct transaction costs. Vulcan currently anticipates arranging approximately \$4.0 billion of new financing in connection with the mergers. Vulcan has secured a commitment for a \$4.0 billion bridge facility from Bank of America, N.A., Goldman Sachs Credit Partners L.P., JPMorgan Chase Bank, N.A. and Wachovia Bank, National Association. Vulcan also anticipates arranging approximately \$2.0 billion in syndicated bank credit facilities. The syndicated bank credit facilities will reduce the amount of the bridge, and are anticipated to be used as back-up liquidity for Vulcan's commercial paper program and for general corporate purposes. In order to pay the cash portion of the merger consideration to Florida Rock shareholders (including the associated direct transaction costs), Vulcan expects to borrow under the bridge facility and/or issue commercial paper and/or syndicated bank credit facilities for the full amount needed (approximately \$3.3 billion). The remaining \$0.7 billion available under the new financing arrangements will effectively replace \$750 million of Vulcan's existing credit facilities. Vulcan had short-term borrowings of approximately \$240 million outstanding at March 31, 2007. After closing, Vulcan expects to issue approximately \$2.0 billion of primarily fixed rate debt at maturities ranging from 3 to 30 years and repay outstanding loans and reduce commitments under the bridge facility with proceeds of such debt. Any additional commercial paper issued or borrowings drawn under the bridge facility or the syndicated credit facilities will be used to fund working capital requirements or for general corporate purposes. The foregoing description of Vulcan's financing plans is preliminary and subject to change.

(h) To record the tax effects of fair value adjustments related to property, plant and equipment and identifiable intangible assets.

(i) To adjust accrued pension and postretirement cost to reflect the unfunded balance of the pension and postretirement plans. The final adjustment to accrued pension and postretirement cost will be based on a remeasurement of pension and postretirement assets and obligations as of the effective date of the mergers.

Total pro forma adjustments to shareholders' equity	\$ (38,545)	\$ 1,284,403	\$ (2,113,872)	\$ 3,198	\$ 1,295,284

(k) To eliminate sales and cost of goods sold between Vulcan and Florida Rock in the amount of \$15.2 million for the year ended December 31, 2006 and \$2.9 million for the three months ended March 31, 2007.

(l) To record additional depreciation, depletion and amortization expense of \$41.6 million for the year ended December 31, 2006 and \$9.4 million for the three months ended March 31, 2007 related to the adjustment to record property, plant and equipment at estimated fair value, and \$19.6 million for the year ended December 31, 2006 and \$4.7 million for the three months ended March 31, 2007 related to the adjustment to record identifiable intangible assets at fair value. Depreciation, depletion and amortization adjustments were calculated using estimated useful lives ranging from 3 to 13 years for property, plant and equipment and a weighted average useful life for intangible assets of approximately 27 years. As discussed in notes (c) and (e) above, the amounts of these adjustments are based on management's preliminary estimates of fair values of the related assets, and are subject to revision based on a final determination of fair value following the closing of the mergers. Final determinations of fair value may differ materially from those presented herein.

(m) To record interest expense, including amortization of deferred financing costs, associated with the borrowings used to finance the acquisition of 70% of the outstanding shares of Florida Rock common stock, the cash settlement of Florida Rock stock options outstanding immediately prior to the effective time of the mergers and Vulcan's direct transaction costs. The adjustments to interest expense are presented as if the borrowings occurred on January 1, 2006. We intend to finance the acquisition through a combination of variable rate short-term borrowings and fixed rate long-term debt. The long-term interest rates assumed are based upon current U.S. Treasury rates for periods consistent

with the terms of the borrowings, adjusted for Vulcan's estimated credit spreads. The short-term interest rates assumed are based upon current LIBOR rates ranging from one to six months. A 1/8% increase (decrease) in the assumed interest rate on the variable rate short-term borrowings would increase (decrease) annual interest expense by approximately \$1.6 million.

(n) To record the income tax impact on pro forma adjustments at the estimated statutory income tax rate of the combined company.

Table of Contents**HOLDCO CORPORATION****Notes to Unaudited Pro Forma Condensed Combined Financial Statements (Continued)****4. Unaudited Pro Forma Combined Earnings Per Share**

The pro forma basic and diluted earnings per share are based on the historical weighted average number of shares of Vulcan common stock outstanding adjusted for additional common stock issued to Florida Rock shareholders as part of the purchase consideration. Shares of common stock issued to Florida Rock shareholders are assumed to have been issued as of January 1, 2006 and outstanding for the entire period. The following table presents the computation of pro forma basic and diluted weighted-average shares outstanding for the year ended December 31, 2006.

Common Stock

As of the effective time of the mergers, Holdco will be authorized to issue up to 480,000,000 shares of common stock. Following the mergers, Holdco expects there to be approximately 108,379,456 shares of common stock of Holdco outstanding.

Holders of Holdco common stock will be entitled to receive dividends when, as and if declared by Holdco's board of directors out of funds legally available for payment, subject to the rights of holders of the Holdco preferred stock.

Each holder of Holdco common stock will be entitled to one vote per share. Subject to the rights, if any, of the holders of any series of preferred stock if and when issued and subject to applicable law, all voting rights are vested in the holders of shares of Holdco common stock. Holders of shares of Holdco common stock will have noncumulative voting rights, which means that the holders of more than 50% of the shares voting for the election of directors will be able to elect 100% of the directors and the holders of the remaining shares will not be able to elect any directors.

In the event of a voluntary or involuntary liquidation, dissolution or winding up of Holdco, the holders of Holdco common stock will be entitled to share equally in any of the assets available for distribution after Holdco has paid in full all of its debts and after the holders of all series of Holdco's outstanding preferred stock have received their liquidation preferences in full.

The issued and outstanding shares of Holdco common stock will be fully paid and nonassessable. Holders of shares of Holdco common stock will not be entitled to preemptive rights. Shares of Holdco common stock will not be convertible into shares of any other class of capital stock. The Bank of New York will be the transfer agent, registrar and dividend disbursement agent for the Holdco common stock.

Holdco may from time to time after the consummation of the mergers engage another transfer agent, registrar or dividend disbursement agent for its stock as business circumstances warrant.

Preferred Stock

Under Holdco's restated certificate of incorporation, the Holdco board of directors will be authorized, without further shareholder action, to issue up to 5,000,000 shares of preferred stock, in one or more series, and to determine the voting powers and the designations, preferences and relative, participating, optional or other special rights, and qualifications, limitations or restrictions, of each series. As of the date of this proxy statement/prospectus, Holdco has not issued any preferred stock.

Subject to the determination of the Holdco board of directors in any certificate of designations for a series of preferred stock, Holdco preferred stock would generally have preference over Holdco common stock with respect to the payment of dividends and the distribution of assets in the event of a liquidation or dissolution of Holdco.

COMPARISON OF SHAREHOLDER RIGHTS

The rights of shareholders of a corporation are governed by the laws of the state in which the corporation is incorporated, as well as the certificate (or articles) of incorporation and by-laws of the corporation. Therefore, differences in the rights of holders of Florida Rock common stock and Holdco common stock arise from the states of their respective organization and their respective certificate or articles of incorporation and by-laws. Florida Rock is organized under the laws of the state of Florida, and Holdco is organized under the laws of the state of New Jersey. After the Florida Rock merger is completed, the rights of Florida Rock shareholders who become Holdco shareholders will be governed by Holdco's restated certificate of incorporation and restated by-laws and the NJBCA.

This section of the proxy statement/prospectus summarizes certain material differences between the rights of Florida Rock shareholders and Holdco shareholders immediately following completion of the mergers. In addition, this section summarizes certain material differences between New Jersey and Florida corporate law. This section does not include a complete description of all differences among the rights of these shareholders, nor does it include a complete description of the specific rights of these shareholders or of New Jersey or Florida corporate law.

*All Florida Rock shareholders are urged to read carefully the relevant provisions of the NJBCA and the FBCA, as well as the restated articles of incorporation and restated bylaws of Florida Rock and the restated certificate of incorporation and restated by-laws of Holdco, which will be in effect upon completion of the mergers will be substantially in the form attached as Annex E and Annex F to this proxy statement/prospectus. Copies of the restated articles of incorporation and restated bylaws of Florida Rock are available to Florida Rock shareholders upon request. See *Where You Can Find More Information* on page 104.*

Authorized Capital Stock

Holdco. Holdco will have the authority to issue 485,000,000 shares of capital stock consisting of 480,000,000 shares of common stock, par value \$1.00 per share, and 5,000,000 shares of preferred stock, no par value, issuable in series. Prior to the issuance of a series of preferred stock, Holdco's board of directors will be permitted to fix the designations, preferences, qualifications, limitations, restrictions and special or relative rights, if any, relating to the shares of the series. Holdco's board of directors has not yet designated any series of preferred stock, but may do so in connection with Holdco's shareholder rights plan, as described below.

Florida Rock. Florida Rock has the authority to issue 160,000,000 shares of capital stock consisting of 150,000,000 shares of common stock, par value \$0.10 per share, and 10,000,000 shares of preferred stock, no par value. Prior to the issuance of a series of preferred stock, Florida Rock's board of directors may fix the designations, preferences, qualifications, limitations, restrictions and special or relative rights, if any, relating to the shares of the series. Florida Rock's restated articles of incorporation authorize and create a series of preferred stock consisting of 500,000 shares, par value \$.01 per share, designated as the Series A Junior Participating Preferred Stock, which we refer to in this proxy statement/prospectus as the Series A Preferred Stock.

Shareholder Rights Plan

Under the NJBCA, a corporation may create and issue rights entitling the holders of the rights to purchase from the corporation shares of any class or series, subject to any provisions in its certificate of incorporation. The rights will be evidenced in such manner as the board approves, and which will contain the price and terms of the shares.

Florida Rock has entered into a shareholder rights plan, and Holdco will enter into a shareholder rights agreement prior to closing that contains provisions substantially similar to the rights agreement of Vulcan currently in effect. Following are summaries of these rights agreements.

Holdco. Holdco will have a shareholder rights plan under which each shareholder will have one right for each share of Holdco common stock held. Each right entitles the registered holder to purchase from Holdco one one-hundredth of a share of Holdco's Series A Junior Participating Preference Stock, no par value, at a purchase price of \$400. The rights will be subject to adjustment to prevent dilution of the interests represented by each right. The description and terms of the rights will be set forth in the rights agreement to be dated on or prior to the closing date.

Table of Contents

The Holdco rights will be attached to all Holdco common stock and will be represented by the certificates representing Holdco common stock, and no separate certificates representing Holdco rights will be distributed except as follows. The Holdco rights will separate from the Holdco common stock, and be represented by separate rights certificates, upon the earlier of:

10 days following the date of any public announcement that a person or group of affiliated or associated persons (an acquiring person) has acquired, or obtained the right to acquire, beneficial ownership of 15% or more of the outstanding Holdco common stock, or

10 business days following the commencement of, or announcement of an intention to make, a tender offer or exchange offer that would result in a person beneficially owning 15% or more of the outstanding Holdco common stock.

Until the Holdco rights separate from the Holdco common stock to which they will be attached, or an earlier date on which these rights are redeemed, exchanged or expire:

the rights will be evidenced by the common share certificates and will be transferred only with them,

all common share certificates will contain a notation incorporating the terms of the rights agreement by reference, and

the surrender for transfer of any certificates for common stock outstanding will also constitute the transfer of the rights associated with the common stock represented by the certificates.

As soon as practicable after the date when the rights separate from the common stock, right certificates will be mailed to holders of record of common stock as of the close of business on that date and, after that time, the separate right certificates alone will represent the rights. Only common stock issued prior to the date when the rights separate from the common stock will be issued with rights. The Holdco rights are not exercisable until their separation from the Holdco common stock and will expire on December 31, 2008, unless the Holdco board exchanges or redeems them earlier, as described below.

If a third party acquires 15% or more of the outstanding Holdco common stock, as described above, thus triggering a separation of the Holdco rights from the Holdco common stock, each holder of a Holdco right will thereafter have the right to receive, upon exercise and payment of the exercise price, Holdco common stock having a value equal to two times the exercise price.

If, at any time after a third party acquires, or obtains the right to acquire beneficial ownership of, 15% or more of the outstanding Holdco common stock, as described above,

Holdco is acquired in a merger or other business combination,

an acquiring firm merges into Holdco, or

50% or more of Holdco's assets or earning power is sold or transferred,

each holder of a Holdco right shall thereafter have the right to receive, upon exercise and payment of the exercise price, common stock of the acquirer having a value equal to twice the exercise price.

Any rights that are or were owned by an acquirer of beneficial ownership of 15% or more of the outstanding Holdco common stock will be null and void.

At any time prior to the earlier of the date upon which a third party acquires, or obtains the right to acquire beneficial ownership of, 15% of the outstanding Holdco common stock, or December 31, 2008, the Holdco board of directors may redeem the rights in whole, but not in part, at a redemption price of \$0.01 per right. Immediately upon the Holdco board of directors ordering the redemption of the rights, the rights will terminate and the holders of the rights will be entitled to receive only this redemption price.

The Holdco board of directors may amend any provision of the rights agreement without approval of the holders of the rights prior to the time a person becomes an acquiring person. After this date, the board may not amend the rights agreement in any manner that would adversely affect the interests of the holders of the rights.

Table of Contents

Until a right is exercised, a holder of rights will have no rights as a Holdco shareholder, including the right to vote and to receive dividends, beyond its rights as an existing shareholder.

The Holdco rights may have anti-takeover effects. The rights will cause substantial dilution to a person or group that attempts to acquire 15% or more of the outstanding Holdco common stock without conditioning the offer on a substantial number of rights being acquired. Accordingly, the existence of the rights may deter acquirers from making takeover proposals or tender offers. The rights are not intended to prevent a takeover, but are designed to enhance the ability of Holdco's board to negotiate with an acquirer on behalf of all the shareholders. The rights should also not interfere with any merger or other business combination approved by the Holdco board of directors and the Holdco shareholders because the board of directors may redeem the rights.

Florida Rock. Florida Rock has a shareholder rights plan under which plan Florida Rock shareholders have one right for each share of Florida Rock common stock held. Originally, each right entitled the registered holder to purchase from Florida Rock one one-hundredth of a share of Florida Rock's Series A Junior Participating Preferred Stock, par value \$0.10 per share, at a purchase price of \$145. However, rights are subject to adjustment to prevent dilution of the interests represented by each right. Following 3-for-2 stock splits in 2001, 2004 and 2005, each outstanding share of Florida Rock common stock is associated with four-ninths of a right. Each four-ninths of a Florida Rock right currently represents the right to purchase eight twenty-seven hundredths of a share of Florida Rock's Series A Junior Participating Preferred Stock, at a purchase price of \$42.96.

The Florida Rock rights are attached to all Florida Rock common stock and are represented by the certificates representing Florida Rock common stock, and no separate certificates representing Florida Rock rights will be distributed except as follows. The Florida Rock rights will separate from the Florida Rock common stock, and be represented by separate rights certificates, upon the earlier of:

10 business days following the date of any public announcement that a person or group of affiliated or associated persons (an acquiring person) has acquired, or obtained the right to acquire, beneficial ownership of 15% or more of the outstanding shares of Florida Rock common stock, or

10 business days following the commencement of, or announcement of an intention to make, a tender offer or exchange offer that would result in a person beneficially owning 15% or more of the outstanding Florida Rock common stock.

Until the Florida Rock rights separate from the Florida Rock common stock to which they are attached, or an earlier date on which these rights are redeemed, exchanged or expire:

the rights will be evidenced by the common share certificates and will be transferred only with them,

all common share certificates will contain a notation incorporating the terms of the rights agreement by reference, and

the surrender for transfer of any certificates for common stock outstanding will also constitute the transfer of the rights associated with the common stock represented by the certificates.

As soon as practicable after the date when the rights separate from the Florida Rock common stock, right certificates will be mailed to holders of record of Florida Rock common stock as of the close of business on that date and, after that time, the separate right certificates alone will represent the rights. Only Florida Rock common stock issued prior to the date when the rights separate from the common stock will be issued with rights. The Florida Rock rights are not

exercisable until their separation from the Florida Rock common stock and will expire on the earliest of September 30, 2009 or the effective time of the Florida Rock merger, unless the Florida Rock board exchanges or redeems them earlier, as described below.

If, other than in connection with the Florida Rock merger, a third party acquires 15% or more of the Florida Rock common stock, as described above, thus triggering a separation of the Florida Rock rights from the Florida Rock common stock, each holder of a Florida Rock right will thereafter have the right to receive, upon exercise and payment of the exercise price, Florida Rock common stock having a value equal to two times the exercise price.

If, at any time after a third party acquires, or obtains the right to acquire beneficial ownership of, 15% or more of the outstanding Florida Rock common stock, as described above,

each holder of a Florida Rock right shall thereafter have the right to receive, upon exercise and payment of the exercise price, common stock of the acquirer having a value equal to twice the exercise price.

The rights are not intended to prevent a takeover, but are designed to enhance the ability of Florida Rock's board to negotiate with an acquirer on behalf of all the shareholders. The rights should also not interfere with any merger or other business combination approved by the Florida Rock board of directors and the Florida Rock shareholders because the Florida Rock board of directors may redeem the rights.

The Florida Rock rights plan is inapplicable to the Florida Rock merger and the other transactions contemplated by the merger agreement.

The election of directors will be determined by a plurality vote, as the nominees receiving the highest number of votes cast by Holdco shareholders will be elected to Holdco's board of directors.

Quorum. In general, a majority of the outstanding shares, represented in person or by proxy, at a shareholders meeting duly called will constitute a quorum for the transaction of business.

Table of Contents

Cumulative Voting. Holders of Holdco common stock will not have cumulative voting rights.

Class Voting. Under the NJBCA, voting by classes is only required for amendments to the certificate of incorporation that would adversely affect the holders of a class of shares by limiting their voting rights, preemptive rights, or rights to accrued dividends or by creating a class of shares that has rights superior to the holders of that class. Subject to the rights of any preferred stock that may be issued and other provisions requiring a higher shareholder vote, no other specific class voting rights will be provided under the restated certificate of incorporation or restated by-laws of Holdco.

Florida Rock.

General. Each share of Florida Rock common stock is entitled to one vote per share on all matters submitted to the shareholders. Generally, corporate actions taken by vote of Florida Rock's shareholders are authorized upon receiving the affirmative vote of a majority of the votes cast at the shareholders' meeting on the subject matter. The election of directors is determined by a plurality vote, as the nominees receiving the highest number of votes cast by Florida Rock shareholders will be elected to Florida Rock's board of directors.

Quorum. A majority of the shares entitled to vote, represented in person or by proxy, constitutes a quorum at a shareholders' meeting.

Cumulative Voting. Holders of Florida Rock common stock do not have cumulative voting rights.

Class Voting. Under the FBCA, voting by classes is only required for amendments to articles of incorporation that would: (i) effect an exchange or reclassification, or create a right of exchange, of all or part of the shares of the class into shares of another class, or shares of another class into the shares of the class; (ii) change the designation, rights, preferences, or limitations of all or part of the shares of the class; (iii) change the shares of all or part of the class into a different number of shares of the same class, (iv) create a new class or series having rights or preferences with respect to distribution or dissolution that are prior or superior to those of the shares held by them, or increase the rights or preferences of any other existing class or series with the same effect; (v) cancel or otherwise adversely affect dividends which have accrued but have not been declared on the shares held by them; or (vi) limit or deny their existing preemptive rights. Subject to the rights of any preferred stock that may be issued, no other specific class voting rights are provided under Florida Rock's restated articles of incorporation or restated bylaws.

right, or for the purpose of any other action. The record date shall not be more than 60 days nor less than ten days before the date of such meeting, nor more than 60 days before any other action.

Florida Rock. The FBCA provides that the bylaws of a corporation may fix or provide the manner of fixing the record date in order to determine the shareholders entitled to notice of a meeting, to demand a special meeting, to vote or to take any other action. However, a record date may not be more than 70 days before the meeting or action requiring a determination of shareholders.

Florida Rock's restated bylaws provide that for the purpose of determining shareholders entitled to notice of or to vote at any meeting of shareholders or any adjournment thereof, or shareholders entitled to receive payment of any dividend or in order to make a determination of shareholders for any other proper purpose, the board of directors shall set a record date not less than ten days before the date on which the particular action, requiring such determination of shareholders, is to be taken. If no record date is fixed, the date on which notice of the meeting is mailed or the date on which the resolution of the board of directors declaring such dividend is adopted, as the case may be, shall be the record date for such determination of shareholders. Consistent with the FBCA, the record date for determining shareholders entitled to demand a special meeting shall be the close of business on the date the first shareholder delivers his demand to Florida Rock.

Inspection of Shareholder Lists

Holdco. Under the NJBCA, a list of shareholders is required to be produced by a corporation and subject to inspection by its shareholders for reasonable periods during its annual meeting of the shareholders. In addition, any person who has been a shareholder of record for at least six months, or any person holding, or authorized in writing by the holders of, at least 5% of the outstanding shares of any class or series, has the right, upon at least five days' written demand, to examine the minutes of shareholder proceedings and record of shareholders for any proper purpose.

Notwithstanding any of the foregoing, the courts have the power, upon proof by a shareholder of proper purpose, to compel the production for examination by the shareholder of the corporation's books and records of account, minutes, and record of shareholders. Holdco's restated certificate of incorporation and restated by-laws will not change these provisions.

Florida Rock. Under the FBCA, subject to certain exceptions, a list of shareholders is required to be available for inspection by shareholders for a period of 10 days prior to and at shareholder meetings. In addition, Florida corporations are required to maintain the following records, which any shareholder of record may, after at least five business days' prior written notice, inspect and copy: (1) the articles of incorporation and bylaws, (2) certain board and shareholder resolutions, (3) certain written communications to shareholders, (4) names and addresses of current directors and officers and (5) the most recent annual report. In addition, shareholders of a Florida corporation are entitled to inspect and copy other books and records of the corporation during regular business hours if the shareholder gives at least five business days' prior written notice to the corporation and (a) the shareholder's demand is made in good faith and for a proper purpose, (b) the demand describes with particularity its purpose and the records to be inspected or copied and (c) the requested records are directly connected with such purpose.

The restated certificate of incorporation will further provide that no shareholder has any right to inspect any account, book or document of Holdco, except as conferred by statute or by the board of directors.

Table of Contents

Under the FBCA, a shareholder is generally entitled to inspect and copy, during regular business hours, the corporate records of the corporation if the shareholder gives the corporation written notice of his or her demand at least five business days before the date on which such shareholder wishes to inspect and copy the records. Fifteen business days notice is required for a shareholder wishing to inspect a corporation's bylaws or a list of names and business addresses of the corporation's current officers and directors. Ability to Call Special Meetings of Shareholders

Holdco. Special meetings of the shareholders may be called by the board of directors, the chairman of the board, or the chief executive officer. The NJBCA also authorizes the Superior Court for good cause shown to order a special meeting of shareholders upon the application of the holder or holders of not less than 10% of all the shares entitled to vote at a meeting.

Florida Rock. Special meetings of the shareholders may be called by the president or board of directors, and will be called by the president or secretary at the request of at least 50% of the holders of all outstanding stock entitled to vote at the meeting. The request must state the purpose of the meeting.

Amendment to Governing Documents

Holdco.

Amendment of Certificate of Incorporation. Generally, under the NJBCA, an amendment to Holdco's restated certificate of incorporation will require approval by the affirmative vote of a majority of the votes cast by the shareholders entitled to vote thereon. An amendment to certain provisions of the Holdco restated certificate of incorporation requires the affirmative vote by holders of at least 80% of the voting power of the outstanding capital stock of the corporation entitled to vote, voting together as a single class. Provisions protected by this supermajority vote include provisions relating to the size and classification of the board, vacancies on the board, removal from the board, requirement for shareholders' meetings and exception for unanimous written consent and certain amendments to the restated certificate of incorporation.

Amendment of By-laws. The restated by-laws of Holdco will provide that such by-laws may be amended, altered or repealed and new by-laws may be adopted: (1) except for by-laws adopted by the shareholders which by their terms cannot be altered, amended, or repealed by the board, at any meeting of the board of directors by a majority vote of the members of the board; or (2) at any meeting of the shareholders by a majority of the votes cast by the holders of shares entitled to vote thereon.

Florida Rock.

Amendment of Articles of Incorporation. Under the FBCA, with the limited exception of certain non-substantive amendments that can be effected by a corporation's board of directors without shareholder approval, a corporation's board of directors may propose one or more amendments to the articles of incorporation for submission to the shareholders. For the amendment to be adopted, the board of directors must recommend the amendment to the shareholders, unless the board of directors determines that because of conflict of interest or other special circumstances it should make no recommendation and communicates the basis for its determination to the shareholders with the amendment, and the shareholders entitled to vote on the amendment must approve the amendment. Unless the FBCA, the restated articles of incorporation or the board of directors requires a greater vote, the amendment to be adopted by shareholders must be approved by a majority of the votes entitled to be cast on the

amendment. The board of directors may condition its submission of the proposed amendment on any basis.

Amendment of By-laws. The Florida Rock restated bylaws may be amended consistent with bylaws adopted by shareholders, or any part of the restated bylaws that has not been adopted by the shareholders may be repealed, by the board of directors at any regular or special meeting of the board. The restated bylaws may be amended or repealed by the shareholders at any meeting of the shareholders by a majority of the votes cast by shareholders entitled to vote thereon, if such proposed action was included in the notice of the meeting or is waived in writing by a majority of the shareholders entitled to vote thereon.

Table of Contents

Size and Classification of the Board of Directors

Holdco. Immediately following the mergers, the board of directors of Holdco will consist of the Vulcan directors as of the time of the mergers. On the day following the completion of the mergers, the board of directors of Holdco will be expanded to include John D. Baker II, Florida Rock's current President and Chief Executive Officer and a director of Florida Rock. The Holdco restated certificate of incorporation will provide that the number of directors must not be less than nine nor more than twenty-one directors, with the actual number of directors to be fixed, from time to time, by resolution adopted by a majority of the entire board of directors. The Holdco restated by-laws will provide that the number of directors will be limited to at least nine, but no more than twelve directors, with the actual number of directors to be fixed, from time to time, by resolution adopted by a majority of the entire board of directors. Holdco's restated certificate of incorporation and restated by-laws will provide for a staggered board of directors divided into three classes with the term of office of one class expiring in each year and the number of directors in each class being as nearly equal as possible.

Florida Rock. Currently, Florida Rock has twelve directors. Florida Rock's restated articles of incorporation and restated bylaws provide that the board of directors will consist of a number of directors fixed from time to time by the Florida Rock board of directors, but may not be less than three. The restated articles of incorporation of Florida Rock provide for a staggered board of directors, consisting of three classes with each class consisting of four directors.

Qualifications of Directors

Holdco. Holdco directors must be at least 25 years of age but do not have to be New Jersey residents or shareholders of Holdco. Employee directors will be required to resign from the board of directors at the next annual meeting following their 65th birthday (except the chief executive officer will be permitted to remain on the board of directors until the annual meeting following his or her 69th birthday) and inside directors are required to resign at the next annual meeting following their 72nd birthday. An inside director is one who is or has been in the full-time employment of Holdco, and an outside director is any other director.

Florida Rock. The FBCA requires Florida Rock's directors to be at least 18 years of age. Directors need not be Florida residents. The restated bylaws of Florida Rock require that all directors be shareholders of Florida Rock.

Shareholder Nominations of Directors

Holdco. None of the NJBCA, Holdco's restated certificate of incorporation or Holdco's restated by-laws contain specific provisions with respect to nomination of directors by shareholders. Holdco shareholders will be able to nominate directors in accordance with Regulation 14A under the Exchange Act.

Florida Rock. Under the restated articles of incorporation of Florida Rock, in order for a shareholder to nominate persons for election as directors of Florida Rock, a nomination must be made pursuant to timely notice in writing to the secretary of Florida Rock. To be timely, a shareholder's notice shall be delivered to or mailed and received at the principal executive offices of Florida Rock not less than forty days prior to an annual meeting, provided that in the event that less than fifty days' notice or prior public disclosure of the date of the meeting is given or made to shareholders, notice by the shareholder to be timely must be received not later than the close of business on the tenth day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made.

Such shareholder's notice to the secretary shall set forth, as to each person whom the shareholder proposes to nominate for election as a director:

the name, age, business address and residence address of such person;

the principal occupation or employment of such person;

the class and number of any shares of Florida Rock or any subsidiary of Florida Rock which are beneficially owned by such person; and

Table of Contents

any other information relating to such person that is required to be disclosed in solicitations for proxies for election of directors pursuant to any then-existing rule or regulation promulgated under the Exchange Act.

The notice shall also set forth the term and class of directors for which the nomination is made and, as to the shareholder giving the notice:

the name and record address of such shareholder; and

the class and number of shares of the corporation which are beneficially owned by such shareholder.

Florida Rock may require any proposed nominee to furnish such other information as may reasonably be required by Florida Rock to determine the eligibility of such proposed nominee as a director. No person shall be eligible for election as a director unless nominated in accordance with these requirements.

Removal of Directors

Holdco. The Holdco restated certificate of incorporation will provide that the board may remove a director for cause by the affirmative vote of a majority of the directors in office when, in such majority's judgment, the director's continuation in office would be harmful to Holdco, and that the board may suspend the director for a reasonable period pending final determination that cause exists for removal.

Florida Rock. The restated articles of incorporation and restated bylaws of Florida Rock provide that a director may be removed from office only for cause. Cause is defined as conviction of a felony, declaration of unsound mind by court order, adjudication of bankruptcy, non-acceptance of office, or the entry of a non-appealable final judgment by a court of competent jurisdiction holding the director liable for negligence or misconduct in the performance of his or her duty to Florida Rock in a matter of substantial importance to the corporation.

Vacancies on the Board of Directors

Holdco. Under the NJBCA, unless otherwise provided in the certificate of incorporation or the by-laws, vacancies on a board of directors and newly created directorships resulting from an increase in the authorized number of directors may be filled by the affirmative vote of a majority of the remaining directors, even if less than a quorum, or by the sole remaining director. A director so elected shall hold office until the next succeeding annual meeting of shareholders and until his or her successor shall have been elected and qualified.

The restated certificate of incorporation of Holdco will provide that, subject to the rights of any series of preferred shareholders, any vacancies on the Holdco board of directors will be filled by the affirmative vote of a majority of the remaining directors even if those directors do not constitute a quorum, or by a sole remaining director. The directors elected to fulfill a vacancy will have a term of office expiring at the next annual meeting. Holdco's restated by-laws will provide that any directorship that is to be filled by reason of an increase in the authorized number of directors may be filled by the affirmative vote of two-thirds of the directors then in office.

Florida Rock. Under the FBCA, unless otherwise provided in the restated articles of incorporation, vacancies on a board of directors and newly created directorships resulting from an increase in the authorized number of directors may be filled by an affirmative vote of a majority of the remaining directors, though less than a quorum, or by the shareholders. A director so elected shall hold office until the next succeeding annual meeting of shareholders and until his or her successor shall have been elected and qualified. However, where shareholders of any voting group are entitled to elect a class of one or more directors by the provisions of the restated articles of incorporation, vacancies in

such class may be filled by the shareholders of that voting group or by a majority of the directors then in office elected by such voting group or by a sole remaining director so elected. Unless the restated articles of incorporation provide otherwise, if no director elected by such voting group remains in office, then directors not elected by such voting group may fill vacancies.

The restated articles of incorporation and restated bylaws of Florida Rock provide that any vacancies on the board of directors of Florida Rock may be filled by the affirmative vote of a majority of the directors then in office, even if those directors do not constitute a quorum. Any director of any class elected to fill a vacancy, including a vacancy resulting from an increase in the number of directors, will hold office for a term coinciding with the

Table of Contents

remaining term of the class. The directors elected to fill a vacancy will have a term of office expiring at the annual meeting for the year in which his or her term expires and until his or her successor has been elected and qualified.

Limitation of Personal Liability of Directors and Officers

Holdco. The restated certificate of incorporation of Holdco will provide that neither a director nor an officer will be personally liable to Holdco or its shareholders for monetary damages for breach of any duty owed as a director or officer, except to the extent that the exemption from or limitation of liability is not permitted under the NJBCA.

The NJBCA provides that a corporation may include in its certificate of incorporation a provision eliminating or limiting the personal liability of a director or officer to the corporation or its shareholders for damages for breach of any duty owed to the corporation or its shareholders. However, the provision may not eliminate or limit the personal liability of a director or officer for any breach of duty based on an act or omission:

in breach of the officer's or director's duty of loyalty to the corporation or its shareholders, which the director or officer knows or believes to be contrary to the best interests of the corporation or its shareholders in connection with a matter in which the director or officer has a material conflict of interest;

not in good faith or involving a knowing violation of law; or

resulting in receipt by the officer or director of an improper personal benefit.

Florida Rock. The FBCA provides that a director is not personally liable for monetary damages to the corporation or any other person for any statement, vote, decision or failure to act, regarding corporate management or policy, by a director, unless the director breached or failed to perform his or her duties as a director and the director's breach of, or failure to perform, those duties constitutes:

a violation of the criminal law, unless the director had reasonable cause to believe his or her conduct was lawful or had no reasonable cause to believe his or her conduct was unlawful;

a transaction from which the director derived an improper personal benefit;

unlawful payment of distributions;

in a proceeding by or in the right of the corporation, a conscious disregard for the best interest of the corporation, or willful misconduct; or

in a proceeding by or in the right of someone other than the corporation or a shareholder, recklessness or an act or omission which was committed in bad faith or with malicious purpose or in a manner exhibiting wanton and willful disregard of human rights, safety, or property.

Subject to the limitations imposed by law, the Florida Rock restated bylaws provide that no person will be liable to Florida Rock for loss or damage from any action taken or omitted to be taken in good faith as a director or officer if such person exercised a certain degree of care or relied upon certain advice or statements which he or she had reasonable grounds to believe.

Indemnification of Directors and Officers

Holdco. The NJBCA provides that, subject to certain limitations and with the exception of actions brought by or in the right of a corporation by its shareholders in its name, a corporation may indemnify any person against expenses and liabilities incurred in connection with any action, suit or proceeding involving the person by reason of his being or having been a director, officer, employee or agent of the corporation, or serving in that capacity for another enterprise at the request of the corporation. In each instance, unless ordered by a court, indemnification must be authorized by a majority vote of a quorum consisting of directors who were not parties to or otherwise involved in the proceeding, if such quorum is not obtainable (or if obtainable and so directed by a majority of the

Table of Contents

disinterested directors) by independent legal counsel in a written opinion or by the shareholders. Indemnification is only permitted if the person:

acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation; and

in a criminal proceeding, had no reasonable cause to believe his or her conduct was unlawful.

The NJBCA also permits indemnification by a corporation under similar circumstances for expenses paid or incurred by directors, officers, employees or agents in connection with actions brought by or in the right of the corporation by its shareholders in its name, except that no indemnification may be made in respect of any claim, issue or matter as to which the person is adjudged to be liable to the corporation unless the New Jersey Superior Court or the court in which the action was brought determines upon application that the person is fairly and reasonably entitled to indemnity for the expenses which the court deems to be proper.

The NJBCA requires a corporation to indemnify a director, officer, employee or agent against expenses if the director, officer, employee or agent has been successful on the merits or otherwise in any such action, suit or proceeding or in defense of any related claim, issue or matter. Expenses paid or incurred by a director, officer, employee or agent in connection with any action, suit or proceeding may be paid in advance of the final disposition of the action, suit or proceeding upon receipt of an undertaking by or on behalf of that person to repay the amount if it is ultimately determined that that person is not entitled to indemnification.

Holdco's restated by-laws will require Holdco to indemnify and hold harmless any director, officer, employee or agent of Holdco to the full extent permitted under the NJBCA.

Florida Rock. Under the FBCA, a corporation may indemnify any person who was or is a party to any proceeding (other than an action by, or in the right of, the corporation), by reason of the fact that he or she is or was a director, officer, employee or agent of the corporation, or serving in that capacity for another enterprise at the request of the corporation, if he or she acted in good faith and in a manner that he or she reasonably believed to be in, or not opposed to, the best interests of the corporation, and in criminal proceedings, had no reasonable cause to believe his or her conduct was unlawful. In the case of shareholder derivative suits, the corporation may indemnify a director or officer if he or she acted in good faith and in a manner that he or she reasonably believed to be in, or not opposed to, the best interests of the corporation, except that no indemnification may be made in respect of any claim, issue or matter as to which such individual has been adjudged to be liable to the corporation, unless and only to the extent that the court in which the action was brought, or any other court of competent jurisdiction, determines, upon application, that, in view of all the circumstances of the case, the individual is fairly and reasonably entitled to indemnity for the portion of the settlement amount and expenses as the court deems proper.

Any director or officer who has been successful on the merits or otherwise in the defense of a civil or criminal action or proceeding will be entitled to indemnification. Except as provided in the preceding sentence, unless ordered by a court, any indemnification under the FBCA as described in the immediately preceding paragraph may be made only if authorized in the specific case and after a finding that the director or officer met the requisite standard of conduct by a majority of the disinterested directors if a quorum is available, or, if the quorum so directs or is unavailable, by (1) the board of directors upon the written opinion of independent legal counsel or (2) the shareholders.

The restated articles of incorporation require Florida Rock to indemnify directors and officers from all claims and liabilities to which they become subject by reason of their service as a director or officer in accordance with Florida law. Florida Rock has entered into indemnification agreements with each of its directors and officers requiring Florida Rock to indemnify them to the full extent permitted under Florida law.

Transactions Involving Officers or Directors

Holdco. The NJBCA provides that a corporation may lend money to, or guarantee any obligation of, or otherwise assist, any director, officer or employee of the corporation or of any subsidiary, if, in the judgment of the directors, such loan, guarantee or assistance may reasonably be expected to benefit the corporation.

Table of Contents

Any contract or transaction between a corporation and one or more of its directors or between a corporation and another corporation, firm or association in which one or more of its directors is a director or otherwise interested is neither void nor voidable solely by reason of such common directorship or interest, or solely because such interested director or directors are present at the meeting of the board or board committee which authorizes or approves the contract or transaction, or solely because his or their votes are counted for such purpose, if any one of the following is true:

the contract or other transaction is fair and reasonable as to the corporation at the time it is authorized, approved or ratified; or

the fact of the common directorship or interest is disclosed or known to the board or committee and the board or committee authorizes, approves, or ratifies the contract or transaction by unanimous written consent, provided at least one director so consenting is disinterested, or by affirmative vote of a majority of the disinterested directors, even if less than a quorum; or

the fact of the common directorship or interest is disclosed or known to the shareholders, and they authorize, approve or ratify the contract or transaction.

Florida Rock. Under the FBCA, a corporation may lend money to, guarantee any obligation of, or otherwise assist, any director, officer or employee of the corporation or of a subsidiary, if, in the judgment of the directors, such loan, guaranty or assistance may reasonably be expected to benefit the corporation.

Florida Rock's restated articles of incorporation provide that no contract, act or other transaction between Florida Rock and any other persons, firm or corporation, in the absence of fraud, will be invalidated, vitiated or in any way affected by the fact that any one of the directors of Florida Rock is or are (i) a party or parties to or interested in such contract, act or transaction or (ii) interested in or a director or officer of such other corporation.

Similarly, under the FBCA, no contract or transaction between a corporation and any of its directors, or any other corporation, firm, association or entity in which any of its directors is a director or officer or financially interested is void or voidable for this reason alone, or by presence of the director at any meeting approving the transaction, or by the director's vote being counted for approval of the transaction if:

the interest of the director is disclosed or otherwise known to the board of directors or committee that authorized the transaction by sufficient vote (without counting the interested director's vote); or

the interest of the director is disclosed or otherwise known to the shareholders and the shareholders approve or ratify the transaction; or

the transaction is fair and reasonable as to the corporation at the time it was approved by the board of directors, a committee or the shareholders.

Appointment and Removal of Officers

Holdco. Under the NJBCA, the officers of a corporation shall consist of a president, secretary, treasurer, and, if desired, a chairman of the board, one or more vice presidents, and such other officers as may be prescribed by the by-laws. Unless otherwise provided in the by-laws, the officers shall be elected by the board.

Holdco's restated by-laws will provide that the board of directors shall elect annually the officers of Holdco, including a chairman of the board, a president, one or more vice presidents, a general counsel, a secretary, a treasurer and a controller. From time to time, the board or the chief executive officer of Holdco may appoint one or more assistants to any of such offices, including assistant secretaries, treasurers and controllers, as appropriate.

Consistent with the NJBCA, any Holdco officer may be removed from office at any time, with or without cause, by the affirmative vote of the members of the board of directors; provided, however; that any Holdco officer appointed by the chief executive officer may be removed from office by the chief executive officer.

Florida Rock. The FBCA provides that a corporation shall have the officers provided in its bylaws. Florida Rock's restated bylaws provide that the officers shall be: a president, one or more vice presidents, a secretary and a treasurer, each of whom shall be elected by the board of directors. The board of directors may elect or appoint such

Table of Contents

other officers and assistant officers as it deems necessary. Florida Rock's officers shall be elected annually by the board of directors. Consistent with the FBCA all officers may be removed by the board of directors at any time, with or without cause.

Mergers, Acquisitions, Asset Purchases and Certain Other Transactions

Holdco. Under the NJBCA, a merger, consolidation or sale of all or substantially all of a corporation's assets must be approved by the board of directors. Upon such approval of merger, plan of consolidation or sale of assets, the board is required to direct that the transaction be submitted to a vote at a meeting of shareholders. Written notice shall be given at least 20 but not later than 60 days before such meeting to each shareholder of record.

At each such meeting, a vote of the shareholders shall be taken on the proposed sale of assets or plan of merger or consolidation. Such sale of assets or plan of merger or consolidation shall be approved upon receiving the affirmative vote of a majority of votes cast, and, in addition, if any class or series is entitled to vote thereon as a class, the affirmative vote of a majority of the votes cast in each class vote. Any class or series of shares is entitled to vote as a class if the plan of merger or consolidation, as the case may be, contains any provision which, if contained in a proposed amendment to the certificate of incorporation, would entitle the class or series of shares to vote as a class unless the provision is one which could be adopted by the board without shareholder approval.

However, the approval of the shareholders of a surviving corporation is not required to authorize a merger (unless its certificate of incorporation otherwise provides) if:

the plan of merger does not make an amendment to the certificate of incorporation of the surviving corporation which is required by the NJBCA to be approved by the shareholders;

each shareholder of the surviving corporation whose shares were outstanding immediately before the effective date of the merger will hold the same number of shares, with identical designations, preferences, limitations, and rights, immediately after;

the number of voting shares outstanding immediately after the merger, plus the number of voting shares issuable on conversion of other securities or on exercise of rights and warrants issued pursuant to the merger, will not exceed by more than 40% the total number of voting shares of the surviving corporation outstanding immediately before the merger; and

the number of participating shares outstanding immediately after the merger, plus the number of participating shares issuable on conversion of other securities or on exercise of rights and warrants issued pursuant to the merger, will not exceed by more than 40% the total number of participating shares of the surviving corporation outstanding immediately before the merger.

Holdco's restated certificate of incorporation and restated by-laws will not change these provisions.

Florida Rock. Under the FBCA, a merger, share exchange or sale of all or substantially all of the assets of a corporation requires (a) the board of directors to adopt and (b) the shareholders to approve, by affirmative vote of a majority of the outstanding stock of the corporation entitled to vote thereon, a plan of merger, share exchange or sale of all or substantially all of the corporation's assets. The FBCA allows the board of directors or the articles of incorporation to establish a higher vote requirement.

Unless otherwise required by the articles of incorporation, the FBCA does not require approval of a merger by the shareholders of the surviving corporation if:

the articles of the surviving corporation will not differ, with certain exceptions, from its articles before the merger and each shareholder of the surviving corporation whose shares were outstanding immediately prior to the merger will hold the same number of shares, with identical designations, preferences, limitations and relative rights, immediately after the merger; and

the merger is of a subsidiary into a parent, provided the parent owns at least 80% of the subsidiary.

Table of Contents

The restated articles of incorporation of Florida Rock require the affirmative vote of the holders of at least 75% of the shares of stock entitled to vote thereon for the approval or authorization of certain business combinations with related parties.

Anti-Takeover Provisions

Holdco.

Holdco's Restated Certificate of Incorporation. Holdco's restated certificate of incorporation will provide that business combinations with interested shareholders require the affirmative vote of the holders of at least 80% of the outstanding shares of capital stock of Holdco issued and outstanding and entitled to vote.

New Jersey Corporation Takeover Bid Disclosure Law. The New Jersey Corporation Takeover Bid Disclosure Law requires, among other things, that any person making an offer to purchase in excess of 10% (or such amount which, when aggregated with such person's present holdings, exceeds 10% of any class of equity securities) of any corporation or other issuer of securities organized under the laws of New Jersey, within 20 days before the offer is made, file a disclosure statement with the target company and with the Bureau of Securities of the Division of Consumer Affairs of the New Jersey Department of Law and Public Safety (the Bureau). These provisions do not apply to an offer as to which the target company's board of directors recommends acceptance to its shareholders.

Such a takeover bid may not proceed until after the receipt by the filing party of the Bureau's permission. Such permission may not be denied unless the Bureau, after a public hearing, finds that (i) the financial condition of the offeror is such as to jeopardize the financial stability of the target company or prejudice the interests of any employees or security holders who are unaffiliated with the offeror, (ii) the terms of the offer are unfair or inequitable to the security holders of the target company, (iii) the plans and proposals which the offeror has to make any material change in the target company's business, corporate structure, or management are not in the interest of the target company's remaining security holders or employees, (iv) the competence, experience and integrity of those persons who would control the operation of the target company are such that it would not be in the interest of the target company's remaining security holders or employees to permit the takeover, or (v) the terms of the takeover bid do not comply with certain provisions of the New Jersey Corporation Takeover Bid Disclosure Law.

New Jersey Shareholders' Protection Act. Under the New Jersey Shareholders' Protection Act certain business combinations between a resident domestic corporation and its interested shareholders are restricted. An interested stockholder generally is (i) a person that beneficially owns 10% or more of the voting power of the corporation, or (ii) an affiliate or associate of the corporation that held a 10% or greater beneficial ownership interest at any time within the prior five years. A business combination includes any merger or consolidation of the resident domestic corporation or any of its subsidiaries with the interested stockholder or a corporation affiliated or associated with the interested stockholder. Business combinations also include any sale, lease, exchange, mortgage, pledge, transfer or other disposition to or with the interested stockholder or its affiliate or associate of more than 10% of the corporation's assets; the issuance or transfer to the interested stockholder or its affiliate or associate of stock with a value greater than 5% of the corporation's outstanding stock; the adoption of a plan of liquidation or dissolution pursuant to an arrangement or agreement with the interested stockholder or its affiliate or associate; and various other significant transactions.

The New Jersey Shareholders' Protection Act does not apply to a business combination with an interested stockholder if the corporation was not listed on a national securities exchange at the time the interested stockholder acquired his or its 10% interest in the corporation (the share acquisition date). Otherwise, the Act generally prohibits a resident domestic corporation from engaging in a business combination with an interested stockholder for a period of five

years following the share acquisition date unless the business combination is approved by the corporation's board of directors prior to the share acquisition date. In addition to the five-year restriction reference previously, a business combination with an interested stockholder is prohibited at any time unless any one of the following three conditions are satisfied:

the board of directors approves the business combination prior to the share acquisition date;

the holders of two-thirds of the corporation's voting stock not beneficially owned by the interested stockholder approve the business combination by an affirmative vote; or

Table of Contents

the transaction meets certain requirements designed to ensure, among other things, that the shareholders unaffiliated with the interested stockholder receive for their shares the higher of (i) the maximum price paid by the interested stockholder during the five years preceding the announcement date or the date the interested stockholder became such, whichever is higher, or (ii) the market value of the corporation's common stock on the announcement date or the interested stockholder's share acquisition date, whichever yields a higher price.

Florida Rock.

Florida Rock's Restated Articles of Incorporation. The restated articles of incorporation of Florida Rock require the affirmative vote of the holders of at least seventy-five percent (75%) of the shares of stock entitled to vote thereon for the approval or authorization of certain business combinations with related parties.

Affiliated Transactions. The FBCA contains provisions governing affiliated transactions designed to deter uninvited takeovers of Florida corporations. Under these provisions, an affiliated transaction must be approved by the affirmative vote of the holders of two-thirds of the voting shares, other than shares beneficially owned by the interested shareholder, except for certain exceptions discussed below. An interested shareholder is any holder of more than 10% of the outstanding voting shares of the corporation. An affiliated transaction includes any merger or consolidation of the corporation or any of its subsidiaries with the interested shareholder or a corporation affiliated or associated with the interested shareholder. Affiliated transactions also include any sale, lease, exchange, mortgage, pledge, transfer or other disposition to or with the interested shareholder or its affiliate or associate of more than 5% of the corporation's assets; the issuance or transfer to the interested shareholder or its affiliate or associate of stock with a value greater than 5% of the corporation's outstanding stock; the adoption of a plan of liquidation or dissolution pursuant to an arrangement or agreement with the interested shareholder or its affiliate or associate; and various other significant transactions.

Shareholder approval of an affiliated transaction is not required, however, if:

the affiliated transaction has been approved by a majority of the disinterested directors;

the corporation has not had more than 300 shareholders of record at any time during the three years preceding the announcement date;

the interested shareholder has been the beneficial owner of at least 80% of the corporation's outstanding voting shares for at least five years preceding the announcement date;

the interested shareholder is the beneficial owner of at least 90% of the outstanding voting shares, excluding shares acquired directly from the corporation in transactions not approved by a majority of the disinterested directors;

the corporation is an investment company registered under the Investment Company Act of 1940; or

the price paid to shareholders in connection with the affiliated transaction meets the statutory test of fairness.

Control Share Acquisitions. In addition, the FBCA provides that any acquisition by a person, either directly or indirectly, of ownership of, or the power to direct the voting of 20% or more (control shares) of the outstanding voting securities of, a corporation is a control-share acquisition.

The FBCA provides that shares acquired in a control-share acquisition will have the same voting rights as were accorded such shares before the control share acquisition only to the extent granted by resolution approved by shareholders. To be approved, the resolution must be approved by each class or series entitled to vote separately on the proposal by a majority of all votes entitled to be cast by the class or series (exclusive of shares held by officers of such corporation, inside directors or the acquiring party). Any person who proposes to make or has made a control-share acquisition may at the person's election deliver an acquiring person statement to the target corporation and request a special meeting of the shareholders for the purpose of considering the voting rights to be accorded to the control shares. A special meeting of shareholders must be held by the corporation to approve a control-share acquisition within fifty days after a request for such meeting is submitted by the person seeking to acquire control.

Table of Contents

If authorized in a corporation's articles of incorporation or bylaws before a control-share acquisition has occurred and if no acquiring person statement has been filed with the corporation, control shares acquired in a control-share acquisition may, at any time for a period of 60 days after the last acquisition of control shares, be subject to redemption by the corporation at the fair value of the shares. Control shares acquired in a control-share acquisition are not subject to redemption after an acquiring person statement has been filed unless the shares are not accorded full voting rights by the shareholders.

The Florida Rock restated articles of incorporation have opted out of the control share acquisition provisions of the FBCA.

Rights of Dissenting Shareholders

Holdco. Under the NJBCA, dissenting shareholders who comply with certain procedures are entitled to appraisal rights in connection with the merger, consolidation or sale, lease, exchange or other disposition of all or substantially all of the assets of a corporation not in the usual or regular course of business, unless the certificate of incorporation otherwise provides. However, a shareholder shall not have the right to dissent when (unless the certificate of incorporation provides otherwise) (i) the shares to vote on such transaction are listed on a national securities exchange or held of record by 1,000 or more shareholders (or shareholders receive in such transaction cash and/or securities which are listed on a national securities exchange or held of record by 1,000 or more shareholders) or (ii) no vote of the corporation's shareholders is required for the proposed transaction.

Florida Rock. Under the FBCA, dissenting holders of common stock who follow prescribed statutory procedures are entitled to appraisal rights in certain circumstances, including in the case of a merger or share exchange, a sale of all or substantially all the assets of a corporation or amendments to the articles of incorporation that adversely affect the rights or preferences of such shareholder. These rights are not provided when the dissenting shareholders are shareholders of a corporation surviving a merger where no vote of the shareholders is required for the merger, or if the shares of the corporation are listed on a national securities exchange, designated as a national market system security by the National Association of Securities Dealers, Inc. or held of record by more than 2,000 shareholders and have a value in excess of \$10 million, excluding the value of shares held by subsidiaries, senior executives, directors and shareholders owning more than 10 percent of the shares.

Dividends

Holdco. Under the NJBCA, subject to any restrictions contained in the certificate of incorporation, a corporation may, from time to time, by resolution of its board, pay dividends on its shares in cash, in its own shares, in its bonds or in other property, including the shares or bonds of other corporations. However, a corporation may not pay dividends if after paying dividends:

the corporation would be unable to pay its debts as they become due in the usual course of its business; or

its total assets would be less than its total liabilities.

Florida Rock. Florida Rock's restated bylaws permit the corporation to pay dividends to its shareholders on approval of its board of directors in the manner and on the terms prescribed by its restated articles of incorporation and the FBCA without impairing the business of the corporation and as the business and profits of the corporation may justify.

Under the FBCA, a corporation may not pay dividends to its shareholders, if, after giving effect to the dividend, either:

the corporation would not be able to pay its debts as they become due in the usual course of business; or

the corporation's total assets would be less than the sum of its total liabilities plus (unless the articles of incorporation permit otherwise) the amount that would be needed, if the corporation were to be dissolved at the time of the distribution, to satisfy the preferential dissolution rights of shareholders whose preferential rights are superior to those receiving the distribution.

(d) Adjustments. (i) If, after the date hereof and prior to the Effective Time, either (A) Vulcan pays a dividend in, splits, combines into a smaller number of shares, or issues by reclassification any shares of Vulcan Common Stock (in each case, subject to the approval of Florida Rock pursuant to Section 4.2) or (B) Florida Rock pays a dividend in, splits, combines into a smaller number of shares, or issues by reclassification any shares of Florida Rock Common Stock (in each case, subject to the approval of Vulcan pursuant to Section 4.1), then the Merger Consideration (as defined in Section 2.4(a)) and Exchange Ratio and any other similarly dependent items, as the case may be, shall be appropriately adjusted to provide to the holders of Florida Rock Common Stock and Vulcan Common Stock the same economic effect as contemplated by this Agreement prior to such action, and as so adjusted shall, from and after the date of such event, be the Merger Consideration, Exchange Ratio or other dependent item, as applicable, subject to further adjustment in accordance with this sentence.

(ii) If, after the date hereof and prior to the Effective Time, the representations and warranties of Florida Rock set forth in Section 3.1(b)(i) or 3.1(b)(iii) shall not be true and correct and Vulcan elects to do so, then the Merger Consideration and Exchange Ratio and any other similarly dependent items, as the case may be, shall be appropriately adjusted to provide to the holders of Florida Rock Common Stock and Vulcan Common Stock the same economic effect as contemplated by this Agreement prior to such action, and as so adjusted shall, from and after the date of such event, be the Merger Consideration, Exchange Ratio or other dependent item, as applicable; provided that no adjustments shall be made pursuant to this Section 2.1(d)(ii) if the failure of Sections 3.1(b)(i) and 3.1(b)(iii) to be true and correct results from the understatement in such Sections of the number of issued and outstanding shares of Florida Rock Common Stock and/or shares of Florida Rock Common Stock underlying Florida Rock Stock Options by not more than 10,000, in the aggregate.

2.2. Florida Rock Election Procedures. (a) Not less than three business days prior to the mailing of the Proxy Statement/Prospectus (as defined in Section 5.1(a)) pursuant to Section 5.1, Vulcan shall designate a bank or trust company reasonably acceptable to Florida Rock to act as exchange agent hereunder (the Exchange Agent) for the purpose of exchanging certificates that immediately prior to the Effective Time represented shares of Florida Rock Common Stock (the Florida Rock Certificates) and shares of Florida Rock Common Stock represented by book-entry (Florida Rock Book-Entry Shares).

(b) Each person who, on or prior to the Election Date (as defined below), is a record holder of shares of Florida Rock Common Stock shall be entitled to specify the number of such holder's shares of Florida Rock Common Stock (and, if such shares to which the election relates are represented by Florida Rock Certificates, such particular shares) with respect to which such holder makes a Cash Election or Stock Election.

(c) Holdco shall prepare and file as an exhibit to the Form S-4 (as defined in Section 5.1(a)) a form of election (the Form of Election) in form and substance reasonably acceptable to Florida Rock. The Form of Election shall specify that delivery shall be effected, and risk of loss and title to any Florida Rock Certificates shall pass only upon proper delivery of the Form of Election and any Florida Rock Certificates. Florida Rock shall mail the Form of Election with the Proxy Statement/Prospectus to all persons who are record holders of shares of Florida Rock Common Stock as of the record date for the Florida Rock Shareholders Meeting (as defined in Section 5.1(b)). The Form of Election shall be used by each record holder of shares of Florida Rock Common Stock (or, in the case of nominee record holders, the

beneficial owner through proper instructions and documentation) who wishes to make a Cash Election or a Stock Election or a combination of both for any and all shares of Florida Rock Common Stock held by such holder. Florida Rock shall use its reasonable best efforts to make the Form of Election available to all persons who become holders of shares of Florida Rock Common Stock during the period between the record date for the Florida Rock Shareholders Meeting and the Election Date.

(d) Any holder's election shall have been properly made only if the Exchange Agent shall have received at its designated office, by 5:00 p.m., New York City time, on (1) the date of the Florida Rock Shareholders Meeting or (2) if the Closing Date is more than four business days following the Florida Rock Shareholders Meeting, two business days preceding the Closing Date, or (3) such other date as the parties mutually agree (the Election Date), a Form of Election properly completed and signed and accompanied by (i) certificates representing the shares of Florida Rock Common Stock to which such Form of Election relates, duly endorsed in blank or otherwise in form acceptable for transfer on the books of Florida Rock (or by an appropriate guarantee of delivery of such Florida Rock Certificates as set forth in such Form of Election from a firm that is an eligible guarantor institution (as defined in Rule 17Ad-15 under the Securities Exchange Act of 1934, as amended (the Exchange Act)); provided that such Florida Rock Certificates are in fact delivered to the Exchange Agent by the time set forth in such guarantee of delivery) or (ii) in the case of Florida Rock Book-Entry Shares, any additional documents required by the procedures set forth in the Form of Election. After a Cash Election or a Stock Election is validly made with respect to any shares of Florida Rock Common Stock, no further registration of transfers of such shares shall be made on the stock transfer books of Florida Rock, unless and until such Cash Election or Stock Election is properly revoked.

(e) Vulcan and Florida Rock shall publicly announce the anticipated Election Date at least five business days prior to the anticipated Closing Date. If the Closing Date is delayed to a subsequent date, the Election Date shall be similarly delayed to a subsequent date, and Vulcan and Florida Rock shall promptly announce any such delay and, when determined, the rescheduled Election Date.

(f) Any Cash Election or Stock Election may be revoked with respect to all or a portion of the shares of Florida Rock Common Stock subject thereto by the holder who submitted the applicable Form of Election by written notice received by the Exchange Agent prior to 5:00 p.m., New York City time, on the Election Date. In addition, all Cash Elections and Stock Elections shall automatically be revoked if this Agreement is terminated in accordance with Article VII. If a Cash Election or Stock Election is revoked with respect to shares of Florida Rock Common Stock represented by Florida Rock Certificates, Florida Rock Certificates representing such shares shall be promptly returned to the holder that submitted the same to the Exchange Agent.

(g) The determination of the Exchange Agent (or the joint determination of Vulcan and Florida Rock, in the event that the Exchange Agent declines to make any such determination) shall be conclusive and binding as to whether or not Cash Elections and Stock Elections shall have been properly made or revoked pursuant to this Section 2.2 and as to when Cash Elections, Stock Elections and revocations were received by the Exchange Agent. The Exchange Agent (or Vulcan and Florida Rock jointly, in the event that the Exchange Agent declines to make the following computation) shall also make all computations as to the proration contemplated by Section 2.3, and absent manifest error this computation shall be conclusive and binding. The Exchange Agent may, with the written agreement of Vulcan, after Vulcan's reasonable consultation with Florida Rock, make any rules as are consistent with this Section 2.2 for the implementation of the Cash Elections and Stock Elections provided for in this Agreement as shall be necessary or desirable to effect these Cash Elections and Stock Elections.

2.3. Florida Rock Proration. Notwithstanding anything in this Agreement to the contrary (but subject to Sections 2.1(b) and 2.4):

(a) The Cash Percentage (as defined below) of the shares of Florida Rock Common Stock (other than the Excluded Shares) issued and outstanding immediately prior to the Effective Time (such number, the Cash Cap Number) shall be converted into the right to receive the Cash Consideration, and all other shares of Florida Rock Common Stock (other than the Excluded Shares) issued and outstanding immediately prior to the Effective Time shall be converted into the right to receive the Stock Consideration. The Cash Percentage shall be equal to 70%, subject to adjustment as provided in Section 2.1(d).

(b) If the aggregate number of Cash Electing shares of Florida Rock Common Stock (such number, the Cash Election Number) exceeds the Cash Cap Number, then (i) all Stock Electing Florida Rock Shares and Non-Electing Florida Rock Shares shall be converted into the right to receive the Stock Consideration and (ii) the number of Cash Electing Florida Rock Shares of each shareholder of Florida Rock that shall be converted into the right to receive the Cash Consideration shall be equal to the product obtained by multiplying (A) the number of Cash Electing Florida Rock Shares of such shareholder by (B) a fraction, the numerator of

which is the Cash Cap Number and the denominator of which is the Cash Election Number, with the remaining number of such holder's Cash Electing Florida Rock Shares being converted into the right to receive the Stock Consideration.

(c) If the Cash Election Number is less than the Cash Cap Number (such difference between the Cash Election Number and Cash Cap Number, the Shortfall Number), then (x) all Cash Electing Florida Rock Shares shall be converted into the right to receive the Cash Consideration and (y) the Stock Electing Florida Rock Shares and Non-Electing Florida Rock Shares shall be treated in the following manner:

(i) if the Shortfall Number is less than or equal to the aggregate number of Non-Electing Florida Rock Shares, then (x) all Stock Electing Florida Rock Shares shall be converted into the right to receive the Stock Consideration and (y) the Non-Electing Florida Rock Shares of each shareholder of Florida Rock shall be converted into the right to receive the Cash Consideration in respect of that number of Non-Electing Florida Rock Shares equal to the product obtained by multiplying (1) the number of Non-Electing Florida Rock Shares of such shareholder by (2) a fraction, the numerator of which is the Shortfall Number and the denominator of which is the aggregate number of Non-Electing Florida Rock Shares, with the remaining number of such holder's Non-Electing Florida Rock Shares being converted into the right to receive the Stock Consideration; or

(ii) if the Shortfall Number exceeds the aggregate number of Non-Electing Florida Rock Shares, then (x) all Non-Electing Florida Rock Shares shall be converted into the right to receive the Cash Consideration and (y) the number of Stock Electing Florida Rock Shares of each shareholder of Florida Rock that shall be converted into the right to receive the Cash Consideration shall be equal to the product obtained by multiplying (1) the number of Stock Electing Florida Rock Shares of such shareholder by (2) a fraction, the numerator of which is the amount by which the Shortfall Number exceeds the aggregate number of Non-Electing Florida Rock Shares, and the denominator of which is the aggregate number of Stock Electing Florida Rock Shares, with the remaining number of such holder's Stock Electing Florida Rock Shares being converted into the right to receive the Stock Consideration.

2.4. Conversion of Vulcan Securities. At the Initial Effective Time, by virtue of the Vulcan Merger and without any action on the part of Holdco, Virginia Merger Sub, Vulcan or the holders of any of the following securities:

(a) Conversion of Vulcan Common Stock. Each share of common stock, par value \$1.00 per share, of Vulcan (Vulcan Common Stock) issued and outstanding immediately prior to the Initial Effective Time (other than any shares cancelled pursuant to Section 2.4(b)) shall be converted into the right to receive one validly issued, fully paid and non assessable share of Holdco Common Stock (the Vulcan Consideration and, together with the Florida Rock Consideration, the Merger Consideration).

(b) Vulcan and Florida Rock-Owned Shares. Each share of Vulcan Common Stock owned by Vulcan immediately prior to the Initial Effective Time, shall be cancelled without any conversion thereof, and no consideration shall be paid with respect thereto. Each share of Vulcan Common Stock owned by Florida Rock or any direct or indirect wholly owned Subsidiary of Florida Rock or Vulcan, in each case immediately prior to the Initial Effective Time, shall be converted into the right to receive the Vulcan Consideration.

(c) Conversion of Virginia Merger Sub Stock. Each share of common stock of Virginia Merger Sub issued and outstanding immediately prior to the Initial Effective Time shall be converted into one fully paid and non assessable share of Vulcan Common Stock, as the surviving corporation in the Vulcan Merger, following which, the Vulcan Surviving Corporation shall become a wholly owned Subsidiary of Holdco.

(d) Cancellation of Holdco Common Stock. Each share of Holdco Common Stock held by Vulcan immediately prior to the Initial Effective Time shall be cancelled, and no consideration shall be paid with respect thereto.

(e) Treatment of Vulcan Certificates and Vulcan Book-Entry Shares. All of the shares of Vulcan Common Stock converted into the right to receive Holdco Common Stock pursuant to this Section 2.4 shall cease to be outstanding and shall be cancelled and retired and shall cease to exist and, as of the Initial Effective

Time, the holders of Vulcan Common Stock shall be deemed to have received shares of Holdco Common Stock (without the requirement for the surrender of any certificate previously representing any such shares of Vulcan Common Stock or issuance of new certificates representing Holdco Common Stock), with each certificate representing shares of Vulcan Common Stock prior to the Initial Effective Time being deemed to represent automatically an equivalent number of shares of Holdco Common Stock and with each share of Vulcan Common Stock represented by book-entry immediately prior to the Initial Effective Time being deemed to represent automatically one share of Holdco Common Stock.

2.5. Exchange of Florida Rock Certificates and Florida Rock Book-Entry Shares.

(a) *Deposit of Merger Consideration.* (i) As of and from time to time after the Effective Time, Holdco shall deposit with the Exchange Agent, for the benefit of the shareholders of Florida Rock, (A) certificates or, at Holdco's option, evidence of shares in book entry form, representing shares of Holdco Common Stock in denominations as the Exchange Agent may reasonably specify and (B) cash, in each case as are issuable or payable, respectively, pursuant to this Article II in respect of shares of Florida Rock Common Stock for which Florida Rock Certificates or Florida Rock Book-Entry Shares have been properly delivered to the Exchange Agent or the cash to be paid in lieu of fractional shares. Such certificates (or evidence of book-entry form, as the case may be) for shares of Holdco Common Stock and such cash so deposited, together with any dividends or distributions with respect thereto, are hereinafter referred to as the Exchange Fund.

(ii) The Exchange Agent shall invest any cash deposited with the Exchange Agent by Holdco as directed by Holdco, provided that no such investment or losses thereon shall affect the Cash Consideration payable to holders of shares of Florida Rock Common Stock entitled to receive such consideration or cash in lieu of fractional interests, and Holdco and Vulcan shall promptly provide additional funds to the Exchange Agent for the benefit of holders of shares of Florida Rock Common Stock entitled to receive such consideration in the amount of any such losses. Any interest or income produced by such investments shall not be deemed part of the Exchange Fund and shall be payable to Holdco or Vulcan, as Holdco directs.

(b) *Exchange Procedures.* (i) As soon as reasonably practicable after the Effective Time, Holdco shall cause to be mailed to each record holder, as of the Effective Time, of Non-Electing Florida Rock Shares (such holders, Non-Electing Florida Rock Holders) subject to Section 2.3 above, (i) a letter of transmittal (which shall specify that delivery shall be effected, and risk of loss and title to the Florida Rock Certificates held by such holder representing such Non-Electing Florida Rock Shares shall pass only upon proper delivery of the Florida Rock Certificates to the Exchange Agent or, in the case of Florida Rock Book-Entry Shares, upon adherence to the procedures set forth in the letter of transmittal) and (ii) instructions for use in effecting the surrender of the Florida Rock Certificates or, in the case of Florida Rock Book-Entry Shares, the surrender of such shares, for payment of the Merger Consideration therefor. Such letter of transmittal shall be in such form and have such other provisions as Holdco may specify and shall be reasonably acceptable to Florida Rock.

(ii) (x) Each former shareholder of Florida Rock who properly made and did not revoke a Cash Election or Stock Election shall be entitled to receive in exchange for such shareholder's Electing Florida Rock Shares the following as specified in clauses (A) and (B), and (y) upon surrender by a Non-Electing Florida Rock Holder to the Exchange Agent of a Florida Rock Certificate or Florida Rock Book-Entry Shares, as applicable, together with a letter of transmittal, duly completed and validly executed in accordance with the instructions thereto, and such other documents as may be required pursuant to such instructions, each Non-Electing Florida Rock Holder shall be entitled to receive in exchange therefor: (A) the number of whole shares of Holdco Common Stock, if any, into which such holder's shares of Florida Rock Common Stock represented by such holder's properly surrendered Florida Rock Certificates or Florida Rock Book-Entry Shares, as applicable, were converted in accordance with this Article II (after taking into account all shares of Florida Rock Common Stock to which an election or non-election of the same type

were made), and such Florida Rock Certificates or Florida Rock Book-Entry Shares so surrendered shall be forthwith cancelled, and (B) a check in an amount of U.S. dollars (after giving effect to any required withholdings pursuant to Section 2.5(g)) equal to (I) the amount of cash (including the Cash Consideration and cash in lieu of fractional interests in shares of Holdco Common Stock to be paid pursuant to Section 2.5(d)), if any, into which such holder's shares of Florida Rock Common Stock represented by such holder's properly surrendered Florida Rock Certificates or Florida Rock Book-Entry Shares, as applicable, were converted in accordance with this

Article II, plus (II) any cash dividends or other distributions that such holder has the right to receive pursuant to Section 2.5(c).

(iii) If payment or issuance of the Merger Consideration is to be made to a person other than the person in whose name the surrendered Florida Rock Certificate is registered, it shall be a condition of payment or issuance that the Florida Rock Certificate so surrendered shall be properly endorsed or shall be otherwise in proper form for transfer and that the person requesting such payment or issuance shall have paid to the Exchange Agent any transfer and other Taxes required by reason of the payment or issuance of the Merger Consideration to a person other than the registered holder of the Florida Rock Certificate surrendered or shall have established to the satisfaction of the Exchange Agent that such Tax either has been paid or is not applicable. In the event that any Florida Rock Certificate shall have been lost, stolen or destroyed, upon the holder's compliance with the replacement requirements established by the Exchange Agent, including, if necessary, the posting by the holder of a bond in customary amount as indemnity against any claim that may be made against it with respect to the Florida Rock Certificate, the Exchange Agent shall deliver in exchange for the lost, stolen or destroyed Florida Rock Certificate the applicable Merger Consideration payable in respect of the shares of Florida Rock Common Stock represented by the Florida Rock Certificate pursuant to this Article II.

(iv) No interest shall be paid or accrued for the benefit of holders of the Florida Rock Certificates or Florida Rock Book-Entry Shares on the Merger Consideration payable in respect of the Florida Rock Certificates or Florida Rock Book-Entry Shares. Until surrendered as contemplated hereby, each Florida Rock Certificate or Book-Entry Share shall, after the Effective Time, represent for all purposes only the right to receive upon such surrender the applicable Merger Consideration as contemplated by this Article II, the issuance or payment of which (including any cash in lieu of fractional shares) shall be deemed to be the satisfaction in full of all rights pertaining to shares of Florida Rock Common Stock converted in the Florida Rock Merger.

(v) At the Effective Time and the Initial Effective Time, respectively, the stock transfer books of Florida Rock and Vulcan shall be closed, and thereafter there shall be no further registration of transfers of shares of Florida Rock Common Stock or Vulcan Common Stock, respectively, that were outstanding prior to the Effective Time and the Initial Effective Time, respectively. After the Effective Time and the Initial Effective Time, respectively, Florida Rock Certificates or Florida Rock Book-Entry Shares presented to Florida Rock for transfer shall be cancelled and exchanged for the consideration provided for, and in accordance with the procedures set forth, in this Article II.

(c) Distributions with Respect to Unexchanged Shares. No dividends or other distributions with respect to shares of Holdco Common Stock issuable with respect to the shares of Florida Rock Common Stock shall be paid to the holder of any unsurrendered Florida Rock Certificates or Florida Rock Book-Entry Shares until those Florida Rock Certificates or Florida Rock Book-Entry Shares are surrendered as provided in this Article II. Upon surrender, there shall be issued and/or paid to the holder of the shares of Holdco Common Stock issued in exchange therefor, without interest, (A) at the time of surrender, the dividends or other distributions payable with respect to those shares of Holdco Common Stock with a record date on or after the date of the Effective Time and a payment date on or prior to the date of this surrender and not previously paid and (B) at the appropriate payment date, the dividends or other distributions payable with respect to those shares of Holdco Common Stock with a record date on or after the date of the Effective Time but with a payment date subsequent to surrender.

(d) No Fractional Shares. No certificates or scrip representing fractional shares of Holdco Common Stock shall be issued upon the surrender for exchange of Florida Rock Certificates or Florida Rock Book-Entry Shares, and such fractional share interests will not entitle the owner thereof to vote or to any rights of a shareholder of Holdco. In lieu thereof, upon surrender of the Florida Rock Certificates or Florida Rock Book-Entry Shares, Holdco shall pay each holder of Florida Rock Common Stock an amount in cash equal to the product obtained by multiplying (a) the fractional share interest to which such holder (after taking into account all shares of Florida Rock Common Stock held

at the Effective Time and for which an election or non-election of the same type was made by such holder) would otherwise be entitled, by (b) the closing price on the New York Stock Exchange, Inc. (NYSE) for a share of Vulcan Common Stock on the last trading day immediately preceding the Effective Time.

(e) *Termination of Exchange Fund.* Any portion of the Exchange Fund that remains undistributed to the shareholders of Florida Rock on the first anniversary of the Effective Time shall be delivered to Holdco, upon demand by Holdco, and any shareholders of Florida Rock who have not theretofore complied with this Article II

shall thereafter look only to Holdco for payment of their claim for any part of the Merger Consideration, any cash in lieu of fractional shares of Holdco Common Stock and any dividends or distributions with respect to Holdco Common Stock.

(f) No Liability. None of Vulcan, Florida Rock or Holdco shall be liable to any holder of shares of Florida Rock Common Stock for cash or shares of Holdco Common Stock (or dividends or distributions with respect thereto) from the Exchange Fund delivered to a public official pursuant to any applicable abandoned property, escheat or similar law.

(g) Withholding. Holdco and the Exchange Agent shall be entitled to deduct and withhold from the consideration otherwise payable pursuant to this Agreement to any holder of shares of Florida Rock Common Stock such amounts as it is required to deduct and withhold with respect to the making of such payment under the Code and the rules and regulations promulgated thereunder, or any provision of state, local or foreign Tax law. To the extent that amounts are so withheld by Holdco or the Exchange Agent, such withheld amounts shall be treated for all purposes of this Agreement as having been paid to the holder of the shares of Florida Rock Common Stock in respect of which such deduction and withholding was made by Holdco or the Exchange Agent.

2.6. Florida Rock Options and Other Stock-Based Awards. The Board of Directors of Florida Rock or the appropriate committee thereof shall take all action necessary so that:

(a) Effective as of at least ten (10) business days prior to the Election Date, Florida Rock shall cause each option or other right to acquire Florida Rock Common Stock under any Florida Rock Stock Plan (as defined in Section 3.1(b)) (a Florida Rock Stock Option), to become fully vested and exercisable. In connection therewith, Florida Rock shall provide written notice to each holder of a Florida Rock Stock Option, that (i) such Florida Rock Stock Option shall be, as at the date of such notice, exercisable in full, (ii) such Florida Rock Stock Option shall terminate at the Effective Time and (iii) if such Florida Rock Stock Option is not exercised or otherwise terminated on or before the fourth business day prior to the Election Date, such Florida Rock Stock Option shall be treated as set forth in Section 2.6(b) below.

(b) Each Florida Rock Stock Option that is outstanding immediately prior to the Effective Time shall, as of the Effective Time, cease to represent an option to acquire shares of Florida Rock Common Stock and shall instead represent the right to receive a cash amount equal to the Option Consideration for each share of Florida Rock Common Stock then subject to such Florida Rock Stock Option, which Option Consideration shall be paid as soon after the Closing Date as shall be practicable. Notwithstanding the foregoing, Holdco and the Exchange Agent shall be entitled to deduct and withhold from the Option Consideration otherwise payable such amounts as may be required to be deducted and withheld with respect to the making of such payment under the Code, or any provision of state, local or foreign tax law. For purposes of this Agreement, Option Consideration means, with respect to any share of Florida Rock Common Stock issuable under a particular Florida Rock Stock Option, an amount equal to the excess, if any, of (i) the Cash Consideration over (ii) the exercise price payable in respect of such share of Florida Rock Common Stock issuable under such Florida Rock Stock Option.

(c) Each stock unit in respect of a share of Florida Rock Common Stock under any Florida Rock Stock Plan (the Florida Rock Stock Units) that is outstanding immediately prior to the Effective Time shall, as of the Effective Time, be converted into a number of stock units in respect of Holdco Common Stock equal to the number of shares of Florida Rock Common Stock underlying the Florida Rock Stock Units immediately prior to the Effective Time multiplied by the Exchange Ratio. At and after the Effective Time, the Florida Rock Stock Units shall continue to be payable or distributable in accordance with the terms of the Director Stock Purchase Plan and any individual agreement relating to such Florida Rock Stock Units, subject to the requirements of Section 409A of the Code.

(d) Prior to the Effective Time, Florida Rock shall take all actions that are necessary (i) to give effect to the transactions contemplated by this Section 2.6, including amending the terms of the Florida Rock Stock Plan, and (ii) to ensure that no individual shall have the right to receive any Florida Rock Common Stock in connection with the exercise of a Florida Rock Stock Option or settlement of a Florida Rock Stock Unit following the Effective Time. Florida Rock shall keep Vulcan fully informed, with respect to all amendments,

resolutions, notices and actions that Vulcan intends to adopt, distribute or take in connection with the matters described in this Section 2.6, and shall provide Vulcan with a reasonable opportunity to review and comment on all such amendments, resolutions and notices.

2.7. *Vulcan Options and Other Stock-Based Awards.* The Board of Directors of Vulcan or the appropriate committee thereof shall take all action necessary so that:

(a) Each option or other right to acquire Vulcan Common Stock under any Vulcan Stock Plan (as defined in Section 3.2(b)) (a Vulcan Stock Option), and each stock appreciation right with respect to Vulcan Common Stock under any Vulcan Stock Plan (a Vulcan SAR) which is outstanding immediately prior to the Effective Time (whether vested or unvested) shall, as of the Initial Effective Time, cease to represent an option on, stock appreciation right with respect to, or other right to acquire, shares of Vulcan Common Stock and shall instead represent the right to purchase (in the case of Vulcan Stock Options) or a stock appreciation right with respect to (in the case of Vulcan SARs) a number of shares of Holdco Common Stock equal to the number of shares of Vulcan Common Stock subject to such Vulcan Stock Option or Vulcan SAR immediately prior to the Initial Effective Time. The exercise price or base price per share of Holdco Common Stock subject to any such Vulcan Stock Option or Vulcan SAR at and after the Initial Effective Time shall be equal to the exercise price or base price per share of Vulcan Common Stock subject to such Vulcan Stock Option or Vulcan SAR prior to the Initial Effective Time.

(b) Each restricted stock unit, deferred stock unit or phantom unit in respect of a share of Vulcan Common Stock (the RSUs) which is outstanding under any Vulcan Stock Plan or otherwise (including any RSUs held in participant accounts under any employee benefit or compensation plan or arrangement of Vulcan) immediately prior to the Initial Effective Time shall, as of the Initial Effective Time, be converted into a number of restricted stock units in respect of shares of Holdco Common Stock, equal to the number of shares underlying RSUs held by the grantee immediately prior to the Initial Effective Time.

2.8. *Stock Plans.* Following the Closing Date, Holdco may grant equity awards under the Vulcan Stock Plans and the Florida Rock Stock Plans to the extent shares are available for grant under any such plan, in accordance with the mergers and acquisitions exemption to the equity compensation plan shareholder approval requirement under the NYSE rules.

ARTICLE III

REPRESENTATIONS AND WARRANTIES

3.1. *Representations and Warranties of Florida Rock.* Except (x) with respect to any subsection of this Section 3.1, as set forth in the correspondingly identified subsection of the disclosure letter delivered by Florida Rock to Vulcan concurrently herewith (the Florida Rock Disclosure Letter) (it being understood by the parties that any information disclosed in one subsection of the Florida Rock Disclosure Letter shall be deemed to be disclosed for purposes of each other subsection of the Florida Rock Disclosure Letter to which the relevance of such information is reasonably apparent) or (y) as disclosed in the Florida Rock SEC Documents filed prior to the date hereof (excluding, in each case, any disclosures set forth in any risk factor section, in any section relating to forward looking statements and any other disclosures included therein to the extent that they are cautionary, predictive, or forward looking in nature), Florida Rock represents and warrants to Vulcan as follows:

(a) *Organization, Standing and Power.* Each of Florida Rock and its Significant Subsidiaries (as defined below) is a corporation or other entity duly organized, validly existing and, if applicable, in good standing under the laws of its jurisdiction of incorporation, has all requisite power and authority to own, lease and operate its properties and to carry on its business as now being conducted, and is duly qualified and, if applicable, in good standing to do business in

each jurisdiction in which the nature of its business or the ownership or leasing of its properties makes such qualification necessary, in each case, other than as would not, either individually or in the aggregate, reasonably be expected to have a material adverse effect on Florida Rock. The Florida Rock Charter and Florida Rock Bylaws, copies of which have been made available to

A-10

Table of Contents

Vulcan, are true, complete and correct copies of such documents as in effect on the date hereof. As used in this Agreement:

(i) the word Subsidiary when used with respect to any party means any corporation or other organization, whether incorporated or unincorporated, (A) of which such party or any other Subsidiary of such party is a general partner (excluding partnerships, the general partnership interests of which held by such party or any Subsidiary of such party do not have a majority of the voting interests in such partnership), or (B) a majority of the stock or other equity interests of which that have by their terms ordinary voting power to elect a majority of the board of directors or others performing similar functions with respect to such corporation or other organization is directly or indirectly owned or controlled by such party or by any one or more of its Subsidiaries, or by such party and one or more of its Subsidiaries; provided that the joint venture between Florida Rock and Patriot Transportation Holding, Inc. (Patriot) shall be considered a Subsidiary of Florida Rock for purposes of this Agreement.

(ii) a Significant Subsidiary means any Subsidiary of Florida Rock or Vulcan, as the case may be, that constitutes a Significant Subsidiary of such party within the meaning of Rule 1-02 of Regulation S-X of the Securities and Exchange Commission (the SEC); and

(iii) the term material adverse effect means, with respect to any party hereto, a material adverse effect on the financial condition, businesses or results of operations of such party and its Subsidiaries taken as a whole; provided that, for purposes of this clause (iii) the following shall not be deemed to have a material adverse effect: any change or event caused by or resulting from (A) changes, in prevailing economic or market conditions or the securities, credit or financial markets in the United States or elsewhere (except to the extent those changes have a materially disproportionate effect on such entity and its Subsidiaries relative to other similarly situated participants in the industries in which they operate), (B) changes or events, affecting the industries in which they operate generally (except to the extent those changes or events have a materially disproportionate effect on such entity and its Subsidiaries relative to other similarly situated participants in the industries in which they operate), (C) changes in generally accepted accounting principles (GAAP) applicable to such entity and its Subsidiaries, (D) changes, after the date hereof, in laws, rules or regulations of general applicability or interpretations thereof by any Governmental Entity, (E) the announcement of this Agreement, (F) the impact of changes in the housing or commercial building markets in the State of Florida, whether occurring prior to or after the date of this Agreement, (G) any weather-related or other force majeure event (except to the extent those events have a materially disproportionate effect on such entity and its Subsidiaries relative to other similarly situated participants in the industries in which they operate), or (H) any developments (including adverse judgments) in the litigation matter set forth on Schedule 3.1(a)(iii) of the Florida Rock Disclosure Letter.

(iv) Notwithstanding the foregoing, solely with respect to Sections 5.3 and 6.2(d) of this Agreement, material adverse effect with respect to Florida Rock shall mean, a disposition (or commitment to do same) of Vulcan or Florida Rock assets or businesses (subject to the remainder of this paragraph) that, individually or in the aggregate, generated earnings before interest, taxes, depreciation and amortization (EBITDA) equal to or greater than \$18.5 million in 2006. If Vulcan swaps an asset or business of Florida Rock or Vulcan for an asset or business of a third-party, or enters into an agreement to effect such a swap, then in determining whether there has been a material adverse effect on Florida Rock's aggregates business, to the extent that the EBITDA of the Vulcan or Florida Rock property so disposed of exceeds the EBITDA of the third party property received in return, the difference between the EBITDA of such properties shall be added to the total of disposed EBITDA, and to the extent that the EBITDA of the Vulcan or Florida Rock property so disposed of is less than the EBITDA of the third party property received in return, the difference between the EBITDA of such properties shall be subtracted from the total of disposed EBITDA. If Vulcan sells or otherwise disposes of a Vulcan asset or business pursuant to Section 5.3 (other than swaps, which shall be treated as above), then the EBITDA for the corresponding asset or business of Florida Rock that is closest to the Vulcan asset or business so sold or disposed of shall be considered for purposes of determining whether there has been a material

adverse effect on Florida Rock's aggregates business.

Each party shall use its reasonable best efforts to refrain from taking any action that would reasonably be expected to adversely affect or delay the ability of the parties to obtain all Requisite Regulatory Approvals. In furtherance and not in limitation of the foregoing, each party agrees (i) to make, as promptly as practicable, an appropriate filing of a Notification and Report Form pursuant to the HSR Act with respect to the transactions contemplated hereby, and (ii) to supply as promptly as practicable any additional information and documentary material that may be requested pursuant to the HSR Act or by such authorities and to use reasonable best efforts to cause the expiration or termination of the applicable waiting periods under the HSR Act.

(b) Each of Vulcan and Florida Rock shall, in connection with the efforts referenced in Section 5.3(a), use its reasonable best efforts to (i) cooperate in all respects with each other in connection with any filing or submission and in connection with any investigation or other inquiry, including any proceeding initiated by a private party, (ii) promptly inform the other party of the status of any of the matters contemplated hereby, including providing the other party with a copy of any written communication (or summary of oral communications) received by such party from, or given by such party to, the Antitrust Division of the Department of Justice, the Federal Trade Commission or any other Governmental Entity and of any written communication (or summary of oral communications) received or given in connection with any proceeding by a private party, in each case regarding any of the transactions contemplated hereby, and (iii) consult with each other in advance to the extent practicable of any meeting or conference with any such Governmental Entity or, in connection with any proceeding by a private party, with any such other person, and to the extent permitted by any such Governmental Entity or other person, give the other party the opportunity to attend and participate in such meetings and conferences.

At the request of Vulcan, Florida Rock shall sell, swap, hold separate, or otherwise dispose of any of its assets, or cooperate with Vulcan in such actions, provided that Florida Rock shall not have to take any such action that is not conditional on the

consummation of the Mergers.

(e) Notwithstanding the foregoing or any other provision of this Agreement, nothing in this Section 5.3 shall limit a party's right to terminate this Agreement pursuant to Section 7.1(b) or 7.1(c) so long as such party has up to then complied with its obligations under this Section 5.3.

(f) Holdco shall agree to execute and deliver, at or prior to the Effective Time, supplemental indentures and other instruments required for the due assumption, as determined by the parties, of Florida Rock's and Vulcan's outstanding debt, guarantees and other securities to the extent required by the terms of such debt, guarantees and securities and the instruments and agreements relating thereto, and Florida Rock shall assist Holdco in accomplishing the same.

(g) Each of Florida Rock and Vulcan and their respective Boards of Directors shall, if any moratorium, control share, fair price or other anti-takeover law or regulation becomes applicable to this Agreement, the Mergers, or any other transactions contemplated hereby, use all reasonable best efforts to ensure that the Mergers and the other transactions contemplated by this Agreement may be consummated as promptly as practicable on the terms contemplated hereby and otherwise to minimize the effect of such law or regulation on this Agreement, the Mergers and the other transactions contemplated hereby.

5.4. *Acquisition Proposals.* (a) Florida Rock agrees that neither it nor any of its Subsidiaries (nor any of the employees or directors of it or its Subsidiaries), nor their respective agents and representatives (including any investment banker, attorney or accountant retained by it or any of its Subsidiaries) shall, directly or indirectly, (i) initiate, solicit, encourage or knowingly facilitate any inquiries or the making of any proposal or offer with respect to, or a transaction to effect, a merger, reorganization, share exchange, consolidation, business combination, recapitalization, liquidation, dissolution or similar transaction involving it or any of its Significant Subsidiaries (other than any such transaction permitted by Section 4.1(e) or (f)) or any purchase or sale of 20% or more of the consolidated assets (including stock of its Subsidiaries) of it and its Subsidiaries, taken as a whole, or any purchase or sale of, or tender or exchange offer for, its voting securities that, if consummated, would result in any person (or the shareholders of such person) beneficially owning securities representing 20% or more of its total voting power (or of the surviving parent entity in such transaction) or any of its Significant Subsidiaries (any such proposal, offer or transaction (other than a proposal or offer made by Vulcan or an affiliate thereof) being hereinafter referred to as an Acquisition Proposal), (ii) have any discussions with or provide any confidential information or data to any person relating to an Acquisition Proposal, or engage in any negotiations concerning an Acquisition Proposal, or knowingly facilitate any effort or attempt to make or implement an Acquisition Proposal, or (iii) approve or recommend, or propose to approve or recommend, or execute or enter into, any letter of intent, agreement in principle, merger agreement, asset purchase or share exchange agreement, option agreement or other similar agreement related to any Acquisition Proposal or propose or agree to do any of the foregoing. Notwithstanding the foregoing, prior to the Required Florida Rock Vote having been obtained, Florida Rock and its agents and representatives may make written inquiry to any person that has made a written Acquisition Proposal after the date hereof in order to obtain a written clarification of any terms and conditions of such proposal (and not in order to engage in any negotiation concerning such proposal), provided that Florida Rock promptly provides Vulcan a copy of such written inquiry and the response thereto.

(b) Notwithstanding anything in this Agreement to the contrary, Florida Rock or its Board of Directors shall be permitted to (A) to the extent applicable and subject to Section 5.4(g) and being otherwise in compliance with this Section 5.4(b), comply with Rule 14d-9 and Rule 14e-2 promulgated under the Exchange Act with regard to an Acquisition Proposal, (B) effect a Change in Florida Rock Recommendation, or (C) engage in any discussions or

negotiations with, or provide any confidential information or data to, any person in response to an unsolicited bona fide written Acquisition Proposal by any such person first made after the date hereof, if and only to the extent that:

(i) in any such case referred to in clause (B) or (C) above, (I) the Florida Rock Shareholders Meeting shall not have occurred, (II) Florida Rock has complied with this Section 5.4 in all material respects, and (III) the Board of Directors of Florida Rock, after consultation with its outside legal counsel, has determined in good faith that failure to take such action would be inconsistent with its fiduciary duties under applicable law;

(ii) in the case of clause (B) above if such Change in Florida Rock Recommendation is in response to an unsolicited bona fide written Acquisition Proposal from a third party, in addition, (I) Florida Rock has received an unsolicited bona fide written Acquisition Proposal from a third party and its Board of Directors, after consultation with its outside legal counsel and financial advisors, concludes in good faith that such Acquisition Proposal constitutes a Superior Proposal (as defined below) (after giving effect to all of the proposed revisions to this Agreement which may be offered by Vulcan pursuant to clause (III) below), (II) Florida Rock has notified Vulcan, at least four business days in advance, of its intention to effect a Change in Florida Rock Recommendation, specifying the terms and conditions of such Superior Proposal and the identity of the party making such Superior Proposal, and furnishing to Vulcan a copy of any relevant proposed transaction agreements with the party making such Superior Proposal and any other material documents received by it or its representatives; provided that such four business day notice shall be given again in the event of any significant revision to such Superior Proposal, and (III) prior to effecting such a Change in Florida Rock Recommendation, Florida Rock has, and has caused its financial and legal advisors to, negotiate with Vulcan in good faith to make such adjustments in the terms and conditions of this Agreement such that such Acquisition Proposal would no longer constitute a Superior Proposal; and

(iii) in the case of clause (C) above, in addition, the Board of Directors of Florida Rock, after consultation with outside legal counsel and financial advisors, concludes in good faith that there is a reasonable likelihood that such Acquisition Proposal constitutes or is reasonably likely to result in a Superior Proposal, and prior to providing any information or data to any person in connection with an Acquisition Proposal by any such person, the Board of Directors of Florida Rock receives from such person an executed confidentiality agreement having confidentiality provisions that are no less favorable to the party providing such information than those contained in the Confidentiality Agreement.

(c) Florida Rock shall notify Vulcan as promptly as practicable of any such inquiries, proposals or offers received by, any such information requested from, or any such discussions or negotiations sought to be initiated or continued with, Florida Rock or any of its representatives, indicating, in connection with such notice, the identity of such person and the material terms and conditions of any inquiries, proposals or offers (including a copy thereof if in writing and any related available material documentation or correspondence), and in any event Florida Rock shall provide written notice to Vulcan of such inquiries, proposals, offers, requests for information and initiation of such discussions or negotiations by the end of the business day (New York time) following such event. Florida Rock agrees that it will promptly keep Vulcan apprised of the status and material terms of any such inquiries, proposals or offers (including whether withdrawn or rejected) and the status and nature of all information requested, and in any event Florida Rock shall provide Vulcan with written notice of any material development with respect to any of the foregoing by the end of the business day (New York time) following such development. Florida Rock also agrees to provide Vulcan with any information that it provides to the third party making the request therefor at substantially the same time it provides such information to such third party, unless Vulcan has already been provided with such information.

(d) Florida Rock agrees that (i) it will and will cause its Subsidiaries, and its and their officers, directors, agents, representatives and advisors to, cease immediately and terminate any and all existing activities, discussions or negotiations with any third parties conducted heretofore with respect to any Acquisition Proposal, (ii) it will not release any third party from, or waive any provisions of, any confidentiality or standstill agreement to which it or any of its Subsidiaries is a party with respect to any Acquisition Proposal, (iii) it will use reasonable best efforts to

enforce, to the fullest extent permitted under applicable law, the provisions of any such agreement, including by using reasonable best efforts to obtain injunctions to prevent any breaches of such agreements and to enforce specifically the terms and provisions thereof in any court having jurisdiction, and (iv) it will not take any action to

(x) exempt any person (other than Vulcan, Holdco, Fresno Merger Sub and their respective affiliates) from the restrictions on affiliated transactions contained in Section 901 of the FBCA (or any similar provisions of any other law) or otherwise cause such restrictions not to apply or (y) terminate, amend, modify, make any determination under or waive any provision of the Florida Rock Rights Agreement. Florida Rock agrees that it will use reasonable best efforts to promptly inform its and its Subsidiaries' respective directors, officers, key employees, agents and representatives of the obligations undertaken in this Section 5.4. Florida Rock shall, if it has not already done so, promptly request, to the extent it has a contractual right to do so, that each person, if any, that has heretofore executed a confidentiality agreement within the six months prior to the date hereof in connection with its consideration of any Acquisition Proposal to return or destroy all confidential information or data heretofore furnished to any person by or on behalf of it or any of its Subsidiaries.

(e) Nothing in this Section 5.4 shall (x) permit either party to terminate this Agreement or (y) affect any other obligation of the parties under this Agreement. Florida Rock shall not submit to the vote of its shareholders any Acquisition Proposal other than the Florida Rock Merger prior to the termination of this Agreement.

(f) For purposes of this Agreement, Superior Proposal means a bona fide written Acquisition Proposal that the Board of Directors of Florida Rock concludes in good faith, after consultation with its financial advisors and legal advisors, taking into account all legal, financial, regulatory, timing and other aspects of the proposal and the person making the proposal (including any break-up fees, expense reimbursement provisions and conditions to consummation): (i) is more favorable to the shareholders of Florida Rock, from a financial point of view, than the transactions contemplated by this Agreement (after giving effect to any adjustments to the terms and provisions of this Agreement committed to in writing by Florida Rock in response to such Acquisition Proposal), and (ii) is fully financed or reasonably capable of being fully financed, reasonably likely to receive all required governmental approvals on a timely basis and otherwise reasonably capable of being completed on the terms proposed; provided that, for purposes of this definition of Superior Proposal, the term Acquisition Proposal shall have the meaning assigned to such term in Section 5.4(a), except that the reference to 20% or more in the definition of Acquisition Proposal shall be deemed to be a reference to 100% and Acquisition Proposal shall only be deemed to refer to a transaction involving Florida Rock.

(g) Any disclosure (other than a stop, look and listen or similar communication of the type contemplated by Rule 14d-9(f) under the Exchange Act) made pursuant to Section 5.4(b)(A) shall be deemed to be a Change in Florida Rock Recommendation, unless the Board of Directors of the party making such disclosure expressly (i) reaffirms its recommendation to its shareholders in favor of the applicable Merger and (ii) rejects such other Acquisition Proposal.

5.5. Affiliates. Each of Florida Rock and Vulcan shall use all reasonable efforts to cause each person who is an affiliate (for purposes of Rule 145 under the Securities Act) to deliver to Holdco, as soon as reasonably practicable and in any event prior to the Florida Rock Shareholders Meeting, a written agreement substantially in the form attached as Exhibit 5.5.

5.6. Stock Exchange Listing. Holdco and Vulcan shall use all reasonable efforts to cause (i) the shares of Holdco Common Stock to be issued in the Mergers and (ii) the shares of Holdco Common Stock to be reserved for issuance upon the exercise of Holdco Options, to be approved for listing on NYSE, subject to official notice of issuance, prior to the Closing Date.

accordance with the terms thereof; provided, that for purposes of the foregoing sentence the employee benefit plans generally provided to employees of Florida Rock and its Subsidiaries as of immediately prior to the Effective Time shall be deemed to be substantially similar, on an aggregate basis, to those provided to similarly situated employees of Vulcan and its Subsidiaries for purposes of this sentence, it being understood that the Covered Employees may commence participating in the Vulcan Benefit Plans on different dates

Notwithstanding anything contained herein to the contrary, a Covered Employee who is terminated by his or her employer during the period commencing at the Effective Time and ending on the second anniversary thereof in a manner that qualifies for severance payments and benefits under the severance policy described in Section 5.7(a) of the Florida Rock Disclosure Schedule shall be eligible to receive the severance payments and benefits described in Section 5.7(a) of the Florida Rock Disclosure Schedule, subject to the execution, delivery and non-revocation of a release of claims in favor of Holdco, Florida Rock Surviving Corporation and Vulcan Surviving Corporation.

(b) From and after the time that Covered Employees commence coverage under the Vulcan Benefit Plans pursuant to Section 5.7(a), Holdco shall, or shall cause the Florida Rock Surviving Corporation and its Subsidiaries or the Vulcan Surviving Corporation, as applicable, to, (i) provide all Covered Employees with service credit, for all purposes, including for purposes of eligibility, participation, vesting and levels of benefit accruals, under any Vulcan Benefit Plan in which Covered Employees are eligible to participate, for all periods of employment with Florida Rock or any of its Subsidiaries (or their predecessor entities) prior to the Effective Time for which service was recognized by Florida Rock immediately prior to the Effective Time (other than with respect to any newly adopted plan of Holdco, the Vulcan Surviving Corporation or the Florida Rock Surviving Corporation for which past service credit is not granted to its or their employees generally); provided, that such service shall not be recognized for purposes of (x) any defined benefit retirement plan, (y) retiree welfare benefits or (z) any Vulcan Benefit Plan that is a frozen plan, (ii) cause any pre-existing conditions or limitations, eligibility waiting periods or required physical examinations under any healthcare benefit plans of Holdco, the Vulcan Surviving Corporation or the Florida Rock Surviving Corporation or any of its Subsidiaries to be waived with respect to the Covered Employees and their eligible dependents to the extent waived under any similar plans of Florida Rock immediately prior to the Effective Time and (iii) give the Covered Employees and their eligible dependents credit for the plan year in which the Effective Time (or commencement of participation in a Vulcan Benefit Plan) occurs for applicable deductibles and annual out-of-pocket limits for expenses incurred prior to the Effective Time (or the date of commencement of participation in a Vulcan Benefit Plan) to the extent such expenses were credited under any similar plans of Florida Rock immediately prior to the Effective Time.

(c) Notwithstanding anything contained herein to the contrary, employees of Florida Rock and its Subsidiaries who are employed by the Florida Rock Surviving Corporation or any of its Subsidiaries as of the Effective Time pursuant to a collective bargaining agreement or other labor agreement shall be provided the benefits that are required by such collective bargaining agreement as in effect from time to time.

(d) Holdco and Fresno shall take, or shall cause to be taken, all actions set forth on Section 5.7(d) of the Vulcan Disclosure Schedule.

(e) Nothing contained in this Agreement shall (i) constitute or be deemed to be an amendment to any Employee Benefit Plan or Vulcan Benefit Plan or any other compensation or benefit plan, program or arrangement of Holdco, Vulcan Surviving Corporation or Florida Rock Surviving Corporation or any of their Subsidiaries; (ii) prevent the amendment or termination of any Employee Benefit Plan or Vulcan Benefit Plan or interfere with the right or obligation of Holdco, Vulcan Surviving Corporation or Florida Rock Surviving Corporation to make such changes as are necessary to conform with applicable Law (including without limitation Section 409A of the Code); or (iii) limit the right of Holdco, the Vulcan Surviving Corporation, the Florida Rock Surviving Corporation or any of their respective Subsidiaries to terminate the employment of any employee at any time.

(f) The provisions of this Section 5.7 are for the sole benefit of the parties to this Agreement and nothing herein, expressed or implied, is intended or shall be construed to confer upon or give to any person (including for the avoidance of doubt any employees), other than the parties hereto and their respective permitted successors and assigns, any legal or equitable or other rights or remedies (with respect to the matters provided for in this Section 5.7)

under or by reason of any provision of this Agreement.

5.8. Section 16 Matters. Assuming that Florida Rock and Vulcan deliver to Holdco the Section 16 Information (as defined below) reasonably in advance of the Effective Time, the Board of Directors of Holdco, or a committee of Non-Employee Directors thereof (as such term is defined for purposes of Rule 16b-3(d) under the Exchange Act), shall reasonably promptly thereafter and in any event prior to the Effective Time adopt a resolution providing that the receipt by the Insiders (as defined below) of Florida Rock and Vulcan of Holdco Common Stock

Section 16 Information shall mean information accurate in all material respects regarding the Insiders of a person, the number of shares of the capital stock held by each such Insider, and the number and description of options, stock appreciation rights, restricted shares and other stock-based awards held by each such Insider. Insiders, with respect to a person, shall mean those officers and directors of such person who are subject to the reporting requirements of Section 16(a) of the Exchange Act and who are listed in the Section 16 Information.

5.9. Fees and Expenses. Whether or not the Mergers are consummated, all costs and expenses incurred in connection with this Agreement and the transactions contemplated hereby shall be paid by the party incurring such expense, except as otherwise provided in Section 7.2 hereof and except that (a) if the Mergers are consummated, the surviving corporations in the Mergers shall pay, or cause to be paid, any and all property or transfer Taxes imposed on either party in connection with the Mergers, and (b) expenses incurred in connection with filing, printing and mailing the Proxy Statement/Prospectus and the Form S-4 shall be shared equally by Vulcan and Florida Rock.

5.10. Governance. Holdco shall cause the number of directors that will comprise the full Board of Directors of Holdco on the business day immediately following the Closing Date to be 11 and to consist of (x) the directors of Vulcan immediately prior to the Initial Effective Time and (y) John D. Baker II.

5.11. Indemnification; Directors and Officers Insurance. (a) From and after the Effective Time, Holdco shall, or shall cause the Florida Rock Surviving Corporation and its Subsidiaries to, to the fullest extent permitted by applicable law, indemnify, defend and hold harmless, and provide advancement of expenses to, each person who is now, or has been at any time prior to the date hereof or who becomes prior to the Effective Time, an officer or director of Florida Rock or any of its Subsidiaries (the Florida Rock Indemnified Parties) against all losses, claims, damages, costs, expenses, liabilities or judgments or amounts that are paid in settlement of or in connection with any claim, action, suit, proceeding or investigation based in whole or in part on or arising in whole or in part out of the fact that such person is or was a director, officer or employee of Florida Rock or any Subsidiary of Florida Rock, and pertaining to any matter existing or occurring, or any acts or omissions occurring, at or prior to the Effective Time (including with respect to acts or omissions occurring in connection with the approval of this Agreement and the consummation of the transactions contemplated hereby), whether asserted or claimed prior to, or at or after, the Effective Time, in each case to the fullest extent such persons are permitted by applicable law to be indemnified by, or have the right to advancement of expenses from, Florida Rock as of the date hereof.

(b) From and after the Initial Effective Time, Holdco shall, or shall cause the Vulcan Surviving Corporation and its Subsidiaries to, to the fullest extent permitted by applicable law, indemnify, defend and hold harmless, and provide advancement of expenses to, each person who is now, or has been at any time prior to the date hereof or who becomes prior to the Effective Time, an officer or director of Vulcan or any of its Subsidiaries (the Vulcan Indemnified Parties and, together with the Florida Rock Indemnified Parties, the Indemnified Parties) against all losses, claims, damages, costs, expenses, liabilities or judgments or amounts that are paid in settlement of or in connection with any claim, action, suit, proceeding or investigation based in whole or in part on or arising in whole or in part out of the fact that such person is or was a director, officer or employee of Vulcan or any Subsidiary of Vulcan, and pertaining to any matter existing or occurring, or any acts or omissions occurring, at or prior to the Effective Time, whether asserted or claimed prior to, or at or after, the Effective Time, in each case to the fullest extent such persons are permitted by applicable law to be indemnified by, or have the right to advancement of expenses from, Vulcan as of the date hereof.

(c) For a period of six years after the Effective Time, Holdco shall, or shall cause the Florida Rock Surviving Corporation to, maintain in effect, for the benefit of the Florida Rock Indemnified Parties with respect to their acts or

omissions as directors and officers of Florida Rock and its Subsidiaries, as applicable, occurring prior to Effective Time (including with respect to acts or omissions occurring in connection with this Agreement and the consummation of the transactions contemplated hereby), the current policies of directors and officers liability insurance maintained by Florida Rock (the Existing D&O Policy); provided that, (i) Holdco may, or may cause the Florida

Rock Surviving Corporation to, substitute therefore a policy or policies with limits, terms and conditions that are no less advantageous to the insured; (ii) neither Holdco nor the Florida Rock Surviving Corporation shall be required to pay annual premiums for the Existing D&O Policy (or for any substitute policy or policies) in excess of 250% of the annual premium paid by Florida Rock with respect to the Existing D&O Policy (the Insurance Amount), which amount Florida Rock has disclosed to Vulcan prior to the date of this Agreement; and (iii) if such premiums for the such insurance would at any time exceed the Insurance Amount, then Holdco shall maintain, or cause the Florida Rock Surviving Corporation to maintain, policies of insurance that, in Holdco's good faith determination, provide the maximum coverage available at an annual premium equal to the Insurance Amount. In lieu of the foregoing, Florida Rock may, prior to the Closing, and if Florida Rock declines to do so prior to the Closing, promptly following the Closing Holdco may, or may cause the Florida Rock Surviving Corporation to, purchase, from one or more insurers chosen by Florida Rock, a single payment, run-off policy or policies of directors' and officers' liability insurance covering each Florida Rock Indemnified Person with respect to their acts or omissions as directors and officers of Florida Rock and its Subsidiaries, as applicable, occurring prior to Effective Time (including with respect to acts or omissions occurring in connection with this Agreement and the consummation of the transactions contemplated hereby) on terms and conditions, including limits, not less favorable in the aggregate than the terms and conditions contained in the current policies of directors' and officers' liability insurance maintained by Vulcan, such policy or policies to become effective at the Effective Time and remain in effect for a period of six years after the Effective Time; provided, however, that the premium for such run-off policy or policies, shall not exceed \$2,000,000.

(d) Holdco shall have the right to defend each Indemnified Party in any proceeding which may give rise to the payment of indemnifiable amounts hereunder; provided, however, that Holdco shall notify such Indemnified Party of any such decision to defend within 20 business days of receipt of notice of any such proceeding, and, provided, further, that Holdco shall not, without the prior written consent of such Indemnified Party, consent to the entry of any judgment against such Indemnified Party or enter into any settlement or compromise which (i) includes an admission of fault of such Indemnified Party or (ii) does not include, as an unconditional term thereof, the full release of such Indemnified Party from all liability in respect of such proceeding, which release shall be in form and substance reasonably satisfactory to such Indemnified Party. Notwithstanding the foregoing, if in a proceeding to which an Indemnified Party is a party by reason of the Indemnified Party's service as a director, officer or employee of Florida Rock, Vulcan or any of their respective Subsidiaries, (i) a conflict of interest or potential conflict of interest exists between such Indemnified Party and Holdco (including as a result of the existence of separate defenses or counterclaims that would make such representation inappropriate), or (ii) if Holdco fails to assume the defense of such proceeding in a timely manner, such Indemnified Party shall be entitled to be represented by separate legal counsel of such Indemnified Party's choice at the reasonable expense of Holdco; provided, however, that Holdco shall not be liable for any settlement effected without its prior written consent (which consent shall not be arbitrarily withheld, conditioned or delayed).

(e) Holdco shall pay (as incurred) all expenses, including reasonable fees and expenses of counsel, that an Indemnified Person may incur in enforcing the indemnity and other obligations provided for in this Section 5.11.

(f) If Holdco or any of its successors or assigns (i) consolidates with or merges into any other person and shall not be the continuing or surviving corporation or entity of such consolidation or merger, or (ii) transfers or conveys all or substantially all of its properties and assets to any person, then, and in each such case, to the extent necessary, proper provision shall be made so that the successors and assigns of Holdco, as the case may be, shall assume the obligations set forth in this Section 5.11.

(g) The provisions of this Section 5.11 (i) are intended to be for the benefit of, and shall be enforceable by, each Florida Rock Indemnified Party and Vulcan Indemnified Party and their respective heirs and representatives and (ii) are in addition to, and not in substitution for, any other rights to indemnification or contribution that any such person may have by contract or otherwise.

5.12. *Public Announcements.* Vulcan and Florida Rock shall use reasonable best efforts (i) to develop a joint communications plan, (ii) to ensure that all press releases and other public statements with respect to the transactions contemplated hereby shall be consistent with such joint communications plan, and (iii) except in respect of any announcement required by applicable law or by obligations pursuant to any listing agreement with or

rules of any securities exchange in which it is impracticable to consult with each other as contemplated by this clause (iii), to consult with each other before issuing any press release or, to the extent practical, otherwise making any public statement with respect to this Agreement or the transactions contemplated hereby.

5.13. *Additional Agreements.* In case at any time after the Effective Time any further action is necessary or desirable to carry out the purposes of this Agreement or to vest Holdco or the surviving corporation of the Mergers with full title to all properties, assets, rights, approvals, immunities and franchises of either of the constituent corporations of the Vulcan Merger and the Florida Rock Merger, the proper officers and directors of each party to this Agreement shall take all such necessary action.

ARTICLE VI

6.2. *Conditions to Obligations of Vulcan.* The obligation of Vulcan to effect the Vulcan Merger is subject to the satisfaction of the following conditions unless waived by Vulcan:

(a) *Representations and Warranties.*

(i) The representations and warranties of Florida Rock set forth in Sections 3.1(c)(i), 3.1(l)(ii), 3.1(m) and 3.1(n) shall be true and correct, as of the date hereof and as of the Closing Date as if made at and as of such time (except for representations and warranties made only as of a specified date, which shall be true and correct to the extent required

warranties of Florida Rock contained in this Agreement that are not so qualified (disregarding all qualifications and exceptions contained therein regarding materiality) shall be true and correct, in each case as of the date hereof and as of the Closing Date as if made at and as of that time (except for representations and warranties made only as of a specified date, which shall be true and correct as of the specified date), except to the extent where the failures of any such representations and warranties referred to in clause (B) to be so true and correct, in the aggregate, have not had, and would not reasonably be expected to have, a material adverse effect on Florida Rock.

Vulcan shall have received a certificate signed on behalf of Florida Rock by the Chief Executive Officer and Chief Financial Officer of Florida Rock to such effect.

(b) Performance of Obligations of Florida Rock. Florida Rock shall have performed in all material respects all obligations required to be performed by it under this Agreement at or prior to the Closing Date, and Vulcan shall have received a certificate signed on behalf of Florida Rock by the Chief Executive Officer and Chief Financial Officer of Florida Rock to such effect.

In rendering such opinion, counsel to Vulcan shall be entitled to rely upon customary representations and assumptions provided by Holdco, Vulcan, Florida Rock and others that counsel to Vulcan reasonably deems relevant.

(d) Absence of Legal Restraint. There shall not have been any action with respect to the Mergers taken since the date of this Agreement by any court or other Governmental Entity (which action has not been vacated or reversed), or any law, injunction, order or decree enacted, promulgated or issued with respect to the Mergers by any court or other Governmental Entity (which law, injunction, order or decree remains in effect), other than the application of the waiting period provisions of the HSR Act and the waiting period or similar provisions of applicable antitrust laws, rules, or regulations, in any case that would reasonably be expected to result in a judgment that would have any of the following effects: (i) challenging or seeking to make illegal, to delay materially or otherwise to restrain or prohibit the consummations of the Mergers, (ii) seeking to restrain or prohibit Vulcan's or Holdco's ownership or operation (or that of its respective Subsidiaries or affiliates) of all or any material portion of the business or assets of Florida Rock and its Subsidiaries, taken as a whole, or of Vulcan and its Subsidiaries, taken as a whole, or (iii) seeking to compel Vulcan or Holdco or any of their respective Subsidiaries to sell, hold separate or otherwise disposing of any of its or Florida Rock's business or assets or materially restricting the conduct its or Florida Rock's business if doing so would, individually or in the aggregate, reasonably be expected to result in a material adverse effect on Florida Rock.

6.3. Conditions to Obligations of Florida Rock. The obligation of Florida Rock to effect the Florida Rock Merger is subject to the satisfaction of the following conditions unless waived by Florida Rock:

(a) Representations and Warranties.

(i) The representations and warranties of Vulcan set forth in Sections 3.2(b)(v), 3.2(c)(i), 3.2(k)(ii) and 3.2(l) shall be true and correct, as of the date hereof and as of the Closing Date as if made at and as of such time (except for representations and warranties made only as of a specified date, which shall be true and correct to the extent required in this clause (i) only as of the specified date, and, with respect to the representations and warranties set forth in Section 3.2(b)(v), other than *de minimis* exceptions, which would not cause the representations and warranties of Fresno set forth in Section 3.1(n) to be untrue and incorrect);

(ii) the representations and warranties of Vulcan set forth in Sections 3.2(b)(i) and 3.2(b)(iii) shall be true and correct in all material respects as of the date hereof and as of the Closing Date as if made at and as of such time (except for representations and warranties made only as of a specified date, which shall be true and correct in all material respects only as of the specified date); and

(iii) (A) the other representations and warranties of Vulcan contained in this Agreement that are qualified as to material adverse effect shall be true and correct and (B) such other representations and warranties of Vulcan contained in this Agreement that are not so qualified (disregarding all qualifications and exceptions contained therein regarding materiality) shall be true and correct, in each case as of the date hereof and as of the Closing Date as if made at and as of that time (except for representations and warranties made only as of a specified date, which shall be true and correct as of the specified date), except to the extent where the failures of any such representations and warranties referred to in clause (B) to be so true and correct, in the aggregate, have not had, and would not reasonably be expected to have, a material adverse effect on Vulcan.

Florida Rock shall have received a certificate signed on behalf of Vulcan by the Chairman and Chief Executive Officer and by the Chief Financial Officer of Vulcan to such effect.

(b) Performance of Obligations of Vulcan. Vulcan shall have performed in all material respects all obligations required to be performed by it under this Agreement at or prior to the Closing Date, and Florida Rock shall have received a certificate signed on behalf of Vulcan by the Chairman and Chief Executive Officer and the Chief Financial Officer of Vulcan to such effect.

(c) Tax Opinion. Florida Rock shall have received the opinion of its counsel, Weil, Gotshal & Manges LLP, in form and substance reasonably satisfactory to Florida Rock, dated the Closing Date, to the effect that, on the basis of facts, representations and assumptions set forth or referred to in such opinion, the exchange of Florida Rock Common Stock and Vulcan Common Stock for Holdco Common Stock pursuant to the Mergers, taken together, will be treated for Federal income tax purposes as an exchange described in Section 351 of the Code. In rendering such opinion, counsel to Florida Rock shall be entitled to rely upon customary representations and assumptions provided by Holdco, Vulcan, Florida Rock and others that counsel to Florida Rock reasonably deems relevant.

ARTICLE VII

TERMINATION AND AMENDMENT

7.1. Termination. This Agreement may be terminated at any time prior to the Effective Time, by action taken or authorized by the Board of Directors of the terminating party or parties, whether before or after the Required Florida Rock Vote has been obtained:

(a) by mutual consent of Vulcan and Florida Rock in a written instrument;

(b) by either Vulcan or Florida Rock, upon written notice to the other party, if a Governmental Entity of competent jurisdiction that must grant a Requisite Regulatory Approval has denied approval of either Merger and such denial has become final and non-appealable; or any Governmental Entity of competent jurisdiction shall have issued an order, decree or ruling or taken any other action permanently restraining, enjoining or otherwise prohibiting either Merger, and such order, decree, ruling or other action has become final and non-appealable; provided, however, that the right to terminate this Agreement under this Section 7.1(b) shall not be available to any party whose failure to comply with Section 5.3 or any other provision of this Agreement has been the cause of, or resulted in, such action;

(c) by either Vulcan or Florida Rock, upon written notice to the other party, if both Mergers shall not have been consummated on or before November 19, 2007; provided, however, that the right to terminate this Agreement under this Section 7.1(c) shall not be available to any party whose failure to comply with any provision of this Agreement has been the cause of, or resulted in, the failure of the Effective Time to occur on or before such date;

(d) by Vulcan, upon written notice to Florida Rock, if Florida Rock shall have: (i) failed to make the Florida Rock Recommendation or effected a Change in Florida Rock Recommendation (or resolved to take any such action) that is adverse to Vulcan in any material respect, whether or not permitted by the terms hereof, (ii) breached its obligations under this Agreement by reason of a failure to call the Florida Rock Shareholders Meeting in accordance with Section 5.1(b) or a failure to prepare and mail to its shareholders the Proxy

Statement/Prospectus in accordance with Section 5.1(a), or (iii) breached its obligations under Section 5.4 in any material respect;

(e) by either Vulcan or Florida Rock, upon written notice to the other party, if there shall have been a breach by the other party of any of the covenants or agreements, or failure to be true of any of the representations or warranties, set forth in this Agreement on the part of such other party, which breach, or failure to be true, either individually or in the aggregate, would result in, if occurring or continuing on the Closing Date, the failure of the condition set forth in Section 6.2(a) or (b) or Section 6.3(a) or (b), as the case may be, and which breach, or failure to be true, has not been cured within 30 days following written notice thereof to the affected party or, by its nature, cannot be cured within such time period; or

(f) by either Vulcan or Florida Rock, if the Required Florida Rock Vote shall not have been obtained upon a vote taken thereon at the duly convened Florida Rock Shareholders Meeting.

7.2. Effect of Termination. (a) In the event of termination of this Agreement by either Florida Rock or Vulcan as provided in Section 7.1, this Agreement shall forthwith become void, and there shall be no liability or obligation on the part of Vulcan or Florida Rock or their respective officers or directors, except with respect to Section 5.2 (Access to Information; Confidentiality), Section 5.9 (Fees and Expenses), this Section 7.2 (Effect of Termination), and Article VIII (General Provisions), which shall survive such termination and except that no party shall be relieved or released from any liabilities or damages arising out of its willful and material breach of this Agreement.

(b) Florida Rock shall pay Vulcan, by wire transfer of immediately available funds to such accounts as Vulcan may designate, the sum of \$135.0 million (the Florida Rock Termination Fee) if this Agreement is terminated as follows:

(i) if Vulcan shall terminate this Agreement pursuant to Section 7.1(d)(i) or Section 7.1(d)(ii), then Florida Rock shall pay the Florida Rock Termination Fee on the second business day following such termination;

(ii) if (A) Vulcan shall terminate this Agreement pursuant to Section 7.1(d)(iii) or either party shall terminate this Agreement pursuant to Section 7.1(f) and (B) at any time after the date hereof and at or before the date of the Florida Rock Shareholders Meeting, there shall have been a Public Proposal, and (C) within 12 months of the date of such termination of this Agreement, Florida Rock or any of its Subsidiaries enters into any definitive agreement with respect to, or consummates, any Acquisition Proposal, then Florida Rock shall pay the Florida Rock Termination Fee on the second business day following such execution or consummation; and

(iii) if (A) either party shall terminate this Agreement pursuant to Section 7.1(c) or Vulcan shall terminate this Agreement pursuant to Section 7.1(e) and (B) at any time after the date hereof and before such termination there shall have been a Public Proposal and (C) within 12 months of the date of such termination of this Agreement, Florida Rock or any of its Subsidiaries enters into any definitive agreement with respect to, or consummates, any Acquisition Proposal, then Florida Rock shall pay the Florida Rock Termination Fee on the second business day following such execution or consummation;

Public Proposal shall mean a publicly announced Acquisition Proposal except that the reference to 20% or more in the definition of Acquisition Proposal shall be deemed to be a reference to 50% or more and shall only include an Acquisition Proposal, directly or indirectly, with respect to Florida Rock or its assets.

If Florida Rock fails to pay all amounts due to Vulcan on the dates specified, then Florida Rock shall pay all costs and expenses (including legal fees and expenses) incurred by Vulcan in connection with any action or proceeding (including the filing of any lawsuit) taken by it to collect such unpaid amounts, together with interest on such unpaid amounts at the prime lending rate prevailing at such time, as published in the Wall Street Journal, from the date such

amounts were required to be paid until the date actually received by Vulcan.

7.3. Amendment. This Agreement may be amended by the parties, by action taken or authorized by their respective Boards of Directors, at any time before or after approval of the matters presented in connection with this Agreement by the shareholders of Florida Rock, but, after any such approval, no amendment shall be made which by

law requires further approval by such shareholders without such further approval. This Agreement may not be amended except by an instrument in writing signed on behalf of each of the parties.

7.4. *Extension: Waiver.* At any time prior to the Effective Time, the parties, by action taken or authorized by their respective Board of Directors, may, to the extent permitted by applicable law, (a) extend the time for the performance of any of the obligations or other acts of the other party, (b) waive any inaccuracies in the representations and warranties contained herein or in any document delivered pursuant hereto, and (c) waive compliance with any of the agreements or conditions contained herein. Any agreement on the part of a party to any such extension or waiver shall be valid only if set forth in a written instrument signed on behalf of such party. The failure of a party to assert any of its rights under this Agreement or otherwise shall not constitute a waiver of those rights. No single or partial exercise of any right, remedy, power or privilege hereunder shall preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. Any waiver shall be effective only in the specific instance and for the specific purpose for which given and shall not constitute a waiver to any subsequent or other exercise of any right, remedy, power or privilege hereunder.

Whenever the words include, includes or including are used in this Agreement, they shall be deemed to be followed by the words without limitation. The phrase made available in this Agreement shall mean that the information referred to has been made available by the party to whom such information is to be made available. The phrases herein, hereof, hereunder and words of similar import shall be deemed to refer to this Agreement as a whole, including the Exhibits and Schedules hereto, and not to any particular provision of this Agreement. The word or shall be inclusive and not exclusive. Any pronoun shall include the corresponding masculine, feminine and neuter forms. The phrases known or knowledge mean, with respect to either party to this Agreement, the actual knowledge of those of such party's executive officers who have been involved in the negotiation of this Agreement. The term affiliate has the meaning given to it in Rule 12b-2 of the Exchange Act, and the term person has the meaning given to it in Sections 3(a)(9) and 13(d)(3) of the Exchange Act.

8.4. *Counterparts.* This Agreement may be executed in counterparts, each of which shall be considered one and the same agreement and this Agreement shall become effective when a counterpart signed by each party shall be delivered to the other party, it being understood that both parties need not sign the same counterpart.

8.5. *Entire Agreement; No Third Party Beneficiaries.* This Agreement (including the documents and the instruments referred to herein) (a) constitutes the entire agreement and supersedes all prior agreements and understandings, both written and oral, between the parties with respect to the subject matter hereof, other than the Confidentiality Agreement, which shall survive the execution and delivery of this Agreement in accordance with their terms and

(b) except as provided in Sections 5.10 and 5.11 (which are intended for the benefit of only the persons specifically named therein), is not intended to confer upon any person other than the parties any rights or remedies hereunder.

8.7. *Severability.* Any term or provision of this Agreement that is invalid or unenforceable in any jurisdiction shall, as to that jurisdiction, be ineffective to the extent of such invalidity or unenforceability and, unless the effect of such invalidity or unenforceability would prevent the parties from realizing the major portion of the economic benefits of the Mergers that they currently anticipate obtaining therefrom, shall not render invalid or unenforceable the remaining terms and provisions of this Agreement or affect the validity or enforceability of any of the terms or provisions of this Agreement in any other jurisdiction. If any provision of this Agreement is so broad as to be unenforceable, the provision shall be interpreted to be only so broad as is enforceable.

8.8. *Assignment.* Neither this Agreement nor any of the rights, interests or obligations of the parties hereunder shall be assigned by either party (whether by operation of law or otherwise) without the prior written consent of the other party, and any attempt to make any such assignment without such consent shall be null and void. Subject to the preceding sentence, this Agreement will be binding upon, inure to the benefit of and be enforceable by the parties and their respective successors and permitted assigns.

8.9. *Submission to Jurisdiction.* Each party irrevocably submits to the jurisdiction of (a) the Supreme Court of the State of New York, New York County, and (b) the United States District Court for the Southern District of New York, for the purposes of any suit, action or other proceeding arising out of this Agreement or any transaction contemplated hereby. Each party agrees to commence any action, suit or proceeding relating hereto either in the United States District Court for the Southern District of New York or, if such suit, action or other proceeding may not be brought in such court for reasons of subject matter jurisdiction, in the Supreme Court of the State of New York, New York County. Each party irrevocably and unconditionally waives any objection to the laying of venue of any action, suit or proceeding arising out of this Agreement or any transaction contemplated hereby in (i) the Supreme Court of the State of New York, New York County, or (ii) the United States District Court for the Southern District of New York, and hereby further irrevocably and unconditionally waives and agrees not to plead or claim in any such court that any such action, suit or proceeding brought in any such court has been brought in an inconvenient forum. Each party further irrevocably consents to the service of process out of any of the aforementioned courts in any such suit, action or other proceeding by the mailing of copies thereof by mail to such party at its address set forth in this Agreement, such service of process to be effective upon acknowledgment of receipt of such registered mail; provided that nothing in this Section 8.9 shall affect the right of any party to serve legal process in any other manner permitted by law. The consent to jurisdiction set forth in this Section 8.9 shall not constitute a general consent to service of process in the State of New York and shall have no effect for any purpose except as provided in this Section 8.9. The parties agree that a final judgment in any such suit, action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

8.10. *Enforcement.* The parties agree that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms on a timely basis or were otherwise breached. It is accordingly agreed that the parties shall be entitled to an injunction or other equitable relief to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement in any court identified in the Section above, this being in addition to any other remedy to which they are entitled at law or in equity.

8.11. **WAIVER OF JURY TRIAL.** EACH OF THE PARTIES HEREBY WAIVES TRIAL BY JURY IN ANY JUDICIAL PROCEEDING DIRECTLY INVOLVING ANY MATTERS (WHETHER SOUNDING IN TORT, CONTRACT OR OTHERWISE) IN ANY WAY ARISING OUT OF, RELATED TO, OR CONNECTED WITH THIS AGREEMENT OR ANY TRANSACTION CONTEMPLATED HEREBY.

SUPPORT AGREEMENT

February 19, 2007
Vulcan Materials Company
1200 Urban Center Drive
Birmingham, Alabama 35242
Attention: Donald M. James
Chairman and CEO

Ladies and Gentlemen:

The undersigned (the Shareholders, and each a Shareholder) understand that Vulcan Materials Company, a New Jersey corporation (Vulcan), and Florida Rock Industries, Inc., a Florida corporation (Florida Rock), propose to enter into an Agreement and Plan of Merger, dated as of the date hereof (the Merger Agreement), providing for, among other things, the Florida Rock Merger, in which each share of common stock, par value \$0.10 per share, of Florida Rock (the Florida Rock Common Stock) (other than Excluded Shares) issued and outstanding immediately prior to the Effective Time will be converted into the right to receive, at the election of the holder thereof and subject to proration in accordance with the Merger Agreement, the Cash Consideration or the Stock Consideration. Capitalized terms used without definition in this letter agreement shall have the meanings ascribed thereto in the Merger Agreement.

Each Shareholder in its capacity as such, is entering into this letter agreement in consideration of, and as a condition to, Vulcan's willingness to enter into the Merger Agreement and to consummate the transactions contemplated thereby.

Each Shareholder confirms its agreement with Vulcan as follows:

1. Each Shareholder represents, warrants and agrees that (a) the total number of shares of Florida Rock Common Stock owned, directly or indirectly, beneficially and of record by the Shareholders, other than the Anne D. Baker Living Trust, in the aggregate is approximately 15.5 million, (b) such Shareholder is, directly or indirectly, the record and beneficial owner of the Specified Shares (as defined below), with sole or shared with a person or entity that is also a party hereto, voting and dispositive power over such Specified Shares, (c) except as set forth on Schedule II, the Specified Shares are owned by such Shareholder free and clear of all Liens and (d) such Shareholder has the power to vote all Specified Shares in the manner contemplated herein and that there have been no proxies heretofore given in respect of any or all of the Specified Shares or if given, have heretofore been revoked. Specified Shares means the number of shares of Florida Rock Common Stock designated as such on Schedule I hereto; provided that if the number of shares designated as Specified Shares on Schedule I hereto would in the aggregate equal 10% or more of the outstanding voting stock of Florida Rock, then Schedule I shall be adjusted so that the number of shares designated as Specified Shares thereon would in the aggregate equal the greatest number that represents less than or equal to 9.9% of the outstanding voting stock of Florida Rock; provided, further, that to the extent any of the Specified Shares are forfeited pursuant to any Lien, Baker Holdings L.P., at Vulcan's request, shall increase the number of its Specified Shares in an amount equal to the number of shares so forfeited.

2. Each Shareholder agrees that it will not, directly or indirectly, sell, transfer, assign, pledge, encumber or otherwise dispose of any of the Specified Shares or enter into any contract, option or other arrangement or understanding with respect thereto (including any voting trust or agreement and the granting of any proxy) other than: (a) pursuant to the Mergers, (b) foreclosures pursuant to pledges or encumbrances described on Schedule I or (c) with the prior written consent of Vulcan, or (d) as set forth on Schedule II. If so requested by Vulcan, each Shareholder agrees that any certificates representing Specified Shares shall bear a legend stating that they are subject to this letter agreement.

3. At every meeting of the shareholders of Florida Rock, called, and at every postponement or adjournment thereof, each Shareholder irrevocably agrees to vote the Specified Shares entitled to be voted

thereat or to cause any such Specified Shares to be voted: (i) in favor of approval of the Merger Agreement, and (ii) against (A) any proposal made in opposition to approval of the Merger Agreement or in competition or inconsistent with the Mergers or any other transaction contemplated by the Merger Agreement, (B) any Acquisition Proposal, (C) any change in the management or board of directors of Florida Rock (other than in connection with the transactions contemplated by the Merger Agreement), (D) any action or agreement that would result in a breach of any representation, warranty, covenant or agreement or any other obligation of Florida Rock under the Merger Agreement or of such Shareholder under this letter agreement and (E) any other action or proposal involving Florida Rock that could reasonably be expected to prevent, impede, interfere with, delay, postpone or adversely affect the Mergers. The obligations of each Shareholder specified in this paragraph 3 shall apply whether or not (x) the Board of Directors of Florida Rock shall have effected a Change in Florida Rock Recommendation, or (y) Florida Rock breaches any of its representations, warranties, agreements or covenants set forth in the Merger Agreement.

4. Each Shareholder agrees to make Stock Elections with respect to the number of Specified Shares set forth on Schedule I hereto.

5. Each Shareholder represents and warrants that there is, as of the date hereof, and as of the Closing Date there will be, no binding commitment or present plan or intention to sell, exchange or otherwise dispose of any of the Holdco Common Stock that such Shareholder will receive pursuant to or in connection with the Florida Rock Merger.

6. Each Shareholder represents and warrants that (a) it has all necessary power and authority to enter into this letter agreement; (b) this letter agreement has been duly authorized, executed and delivered by such Shareholder and is enforceable against such Shareholder in accordance with its terms; and (c) neither the execution or delivery of this Agreement nor the consummation by such Shareholder of the transactions contemplated hereby will violate any provisions of any statute, law, ordinance, regulation, rule, code or other requirement of a Governmental Entity or any order, injunction, decree or judgment applicable to such Shareholder or any contract, agreement or other commitment to which such Shareholder is a party or by which such Shareholder or any of such Shareholder's properties or assets (including such Shares and Derivative Securities) is bound, other than such violations of contracts, agreements or commitments as would not prevent, impede or delay the performance by such Shareholder of its obligations hereunder or impose any liability or obligation on the Company or any Subsidiaries or Affiliates thereof.

7. This letter agreement shall terminate upon the earlier to occur of (a) the termination of the Merger Agreement in accordance with its terms or (b) the Effective Time; provided, that termination shall not prevent any party from seeking remedies against any other party hereto for breach of this letter agreement.

8. This agreement shall be governed by, and construed in accordance with, the laws of the State of New York, without giving effect to principles of conflict of laws. This letter agreement may be executed in counterparts, each of which when executed shall be deemed to be an original but all of which when taken together shall constitute one and the same agreement.

9. Each Shareholder recognizes and acknowledges that a breach by it of any covenants or agreements contained in this letter agreement will cause Vulcan to sustain damages for which it would not have an adequate remedy at law for money damages, and therefore each Shareholder agrees that in the event of any such breach, Vulcan shall be entitled to specific performance of such covenants and agreements and injunctive and other equitable relief in addition to any other remedy to which it may be entitled, at law or in equity.

10. The effectiveness of this letter agreement shall be conditioned upon the execution and delivery of the Merger Agreement by Vulcan and Florida Rock.

11. Each Shareholder agrees that this letter agreement and the obligations hereunder shall attach to the Specified Shares and shall be binding upon any person or entity to which legal or beneficial ownership of the Specified Shares shall pass, whether by operation of law or otherwise. Each Shareholder understands and acknowledges that Vulcan is entering into the Merger Agreement in reliance upon the execution and delivery of this letter agreement by such Shareholder.

12. No Shareholder makes any agreement or understanding herein in such Shareholder's capacity as a director or officer of Florida Rock. Each Shareholder executes this letter agreement solely in such Shareholder's capacity as a record and beneficial owner of Shares and nothing herein will limit or affect any actions taken by any Shareholder or any designee of a Shareholder in such Shareholder's capacity as an officer or director of Florida Rock or any of its Subsidiaries. Notwithstanding anything to the contrary contained herein, the obligations of each Shareholder specified in this Agreement shall apply whether or not (x) the Board of Directors of Florida Rock shall have effected a Change in Florida Rock Recommendation, or (y) Florida Rock breaches any of its representations, warranties, agreements or covenants set forth in the Merger Agreement.

(b) For a period of five years following the expiration of the Restrictive Period with respect to a Baker Shareholder, no transfer of any Common Shares otherwise permitted under this Agreement shall be made by such shareholder unless such transfer (i) complies with the Securities Act and any other applicable securities laws and (ii) is an Approved Transfer; provided, that such five year period shall terminate earlier at any time that the Baker Shareholders and their affiliates own less than 1% of the outstanding shares of Holdco (or successor thereto).

Approved Transfer means (i) a transfer to a Permitted Transferee, (ii) a sale of Common Shares (x) made through a broker or bank in an open market transaction (subject to volume restrictions (the Volume Restrictions) applicable to sales by an affiliate under Rule 144 under the Securities Act, whether or not such rule applies to the selling Baker Shareholder), and (y) with respect to which the Baker Shareholder has complied with Section 2.3, or (iii) with respect to Edward L. Baker or Baker Holdings, L.P., a transfer approved by Holdco following such Baker Shareholder's request, it being understood that Holdco may deny any such transfer request in its sole discretion.

(c) In the event that the ROFR Offeree does not purchase all of the ROFR Offer Shares that are the subject of a ROFR Notice pursuant to and in the time periods specified in the foregoing paragraphs (a) and (b), then (i) the ROFR Offeror may then sell such ROFR Offer Shares through a broker or bank in an open market transaction, subject to the Volume Limitations. In the event such sale is not completed within the 10 Business Days provided in Section 2.3(b), then the ROFR Offeror shall not sell any Common Shares pursuant to Section 2.1(b)(y) without re-complying anew with the provisions of this Section 2.3, including delivery of a new ROFR Notice.

Based on and subject to the foregoing, we are of the opinion that as of the date hereof the Merger Consideration to be paid to the holders of Florida Rock Common Stock (other than Vulcan and any of its direct or indirect wholly-owned subsidiaries) is fair, from a financial point of view, to such holders.

(b) Anything herein to the contrary notwithstanding, the corporation shall not be obligated under this Article V to provide indemnification (i) to any bank, trust company, insurance company, partnership or other entity, or any director, officer, employee or agent thereof or (ii) to any other person who is not a director, officer or employee of the corporation, in respect of any service by such person or entity, whether at the request of the corporation or by agreement therewith, as investment advisor, actuary, custodian, trustee, fiduciary or consultant to any employee benefit plan.

(c) To the extent that any right of indemnification granted hereunder requires any determination that a Corporate Agent shall have been successful on the merits or otherwise in any Proceeding (as hereinafter defined) or in defense of any claim, issue or matter therein, the Corporate Agent shall be deemed to have been successful if, without any settlement having been made by the Corporate Agent, (i) such Proceeding shall have been dismissed or otherwise terminated or abandoned without any judgment or order having been entered against the Corporate Agent, (ii) such claim, issue or other matter therein shall have been dismissed or otherwise eliminated or abandoned as against the Corporate Agent, or (iii) with respect to any threatened Proceeding, the Proceeding shall have been abandoned or

there shall have been a failure for any reason to institute the Proceeding within a reasonable time after the same shall have been threatened or after any inquiry or investigation that could have led to any such Proceeding shall have been commenced. The Board of Directors or any authorized committee thereof shall have the right to determine what constitutes a reasonable time or an abandonment for purposes of this paragraph (c), and any such determination shall be conclusive and final.

Table of Contents

(d) To the extent that any right of indemnification granted hereunder shall require any determination that the Corporate Agent has been involved in a Proceeding by reason of his or her being or having been a Corporate Agent, the Corporate Agent shall be deemed to have been so involved if the Proceeding involves action allegedly taken by the Corporate Agent for the benefit of the corporation or in the performance of his or her duties or the course of his or her employment for the corporation.

(e) If a Corporate Agent shall be a party defendant in a Proceeding, other than a Proceeding by or in the right of the corporation, and the Board of Directors or a duly authorized committee of disinterested directors shall determine that it is in the best interests of the corporation for the corporation to assume the defense of any such Proceeding, the Board of Directors or such committee may authorize and direct that the corporation assume the defense of the Proceeding and pay all expenses in connection therewith without requiring such Corporate Agent to undertake to pay or repay any part thereof. Such assumption shall not affect the right of any such Corporate Agent to employ his or her own counsel or to recover indemnification under this By-law to the extent that he may be entitled thereto.

(f) As used herein, the term Proceeding shall mean and include any pending, threatened or completed civil, criminal, administrative or arbitrative action, suit or proceeding, and any appeal therein and any inquiry or investigation which could lead to such action, suit or proceeding.

(g) The right to indemnification granted under this Article V shall not be exclusive of any other rights to which any Corporate Agent seeking indemnification hereunder may be entitled.

The directors present at any such special meeting shall make reasonable effort to notify all absent directors of any action taken thereat, but failure to give such notice shall not affect the validity of the action taken at any such meeting. Any action taken at any such special meeting may be conclusively relied upon by all directors, officers, employees, and agents of, and all persons dealing with, the corporation.

(b) The Board of Directors shall have the power to alter, amend, or repeal any Articles of these By-laws by the affirmative vote of at least two-thirds of the directors present at any special meeting attended by two or more directors and held in the manner prescribed in paragraph (a) of this Article, if it is determined in good faith by said two-thirds that such alteration, amendment or repeal would be conducive to the proper direction of the corporation's affairs.

PART I

Item 1. *Business*

Vulcan Materials Company, a New Jersey corporation incorporated in 1956 (the Company, Vulcan, we or our), is the nation's largest producer of construction aggregates and a major producer of asphalt mix and concrete.

Our business consists of the production, distribution and sale of construction aggregates and other construction materials and related services. Construction aggregates include crushed stone, sand and gravel, rock asphalt and recycled asphalt and concrete. Aggregates are employed in virtually all types of construction, including highway construction and maintenance, and in the production of asphaltic and portland cement concrete mixes. Aggregates also are widely used as railroad track ballast. Construction aggregates constituted approximately 70% of the dollar volume of our 2006 net sales, as compared to 72% in 2005 and 73% in 2004. The remaining sales in our business result primarily from other products and services including asphalt mix and related products, concrete, trucking services, and water transportation services.

Each type of aggregate is sold in competition with producers of other types of aggregates, as well as the same type of aggregate. Because of the relatively high transportation costs inherent in the business, competition generally is limited to areas in proximity to production facilities. Noteworthy exceptions are areas where there are no economically viable deposits of aggregates. These areas include sections of the Mississippi, Tennessee-Tombigbee and James River systems, and the Gulf Coast and South Atlantic Coast, which are served from remote quarries by barge, oceangoing vessels or railroad. During 2006, we served markets in 21 states, the District of Columbia and Mexico with a full line of aggregates, and 5 additional states with railroad ballast. Shipments of all construction aggregates totaled approximately 255 million tons in 2006.

In 2006, we spent approximately \$20.5 million on acquisitions. These acquisitions included an aggregates production facility and asphalt mix plant in Indiana, an aggregates production facility in North Carolina, and an aggregates production facility in Virginia.

At the end of 2006, we operated 221 aggregates production facilities, including recycled asphalt and concrete plants, located in 17 states and Mexico. These aggregates facilities included 166 crushed stone plants, 37 sand and gravel plants and 18 plants producing other aggregates (principally recycled concrete). Reserves largely determine the ongoing viability of an aggregates business. For a discussion of our estimated proven and probable aggregates reserves as of the end of 2006, see Item 2 Properties on page 7. We believe that our reserves of aggregates, the key raw material of our business, are sufficient for predicted production levels for the foreseeable future. We do not anticipate any material difficulties in the availability of raw materials in the near future.

In addition to our aggregates production facilities, we operated 66 truck, rail and water distribution yards, located in select market areas, for the sale of aggregates products. Our other facilities included 46 asphalt mix plants; 22 concrete plants; and another 17 operations related to service and repair, landfill and transportation operations.

The key end-use customers for our aggregates products include heavy construction and paving contractors; commercial building contractors; concrete products manufacturers; residential building contractors; state, county and municipal governments; railroads; and electric utilities. We serve our customers by truck, rail and water distribution networks.

Zoning and permitting regulations have made it increasingly difficult for the construction aggregates industry to expand existing quarries or to develop new quarries in some markets. Although we cannot predict what governmental policies will be adopted in the future that affect the construction materials industry, we believe that future zoning and permitting costs will not have a materially adverse effect on our business. However, future land use restrictions in some markets could make zoning and permitting more difficult. Any such restrictions, while potentially curtailing expansion in certain areas, could also enhance the value of our reserves at existing locations.

G-1

Table of Contents

We strive to maintain a sufficient level of aggregates inventory to meet delivery requirements of our customers. We generally provide our customers with 30-day payment terms, similar to those customary for the construction aggregates industry.

Agreement to Acquire Florida Rock Industries, Inc.

On February 19, 2007, we signed a definitive agreement to acquire 100% of the stock of Florida Rock Industries, Inc. (Florida Rock), a leading producer of construction aggregates, cement, concrete and concrete products in the Southeast and Mid-Atlantic states, in exchange for cash and stock valued at approximately \$4.6 billion based on the February 16, 2007 closing price of Vulcan common stock. Under the terms of the agreement, Vulcan shareholders will receive one share of common stock in a new holding company (whose subsidiaries will be Vulcan and Florida Rock) for each Vulcan share. Florida Rock shareholders can elect to receive either 0.63 shares of the new holding company or \$67.00 in cash for each Florida Rock share, subject to proration to ensure that in the aggregate 70% of Florida Rock shares will be converted into cash and 30% of Florida Rock shares will be converted into stock. We intend to finance the transaction with approximately \$3.2 billion in debt and approximately \$1.4 billion in stock based on the February 16, 2007 closing price of Vulcan common stock. We have received a firm commitment from Goldman, Sachs & Co. to provide bridge financing for the transaction. The transaction is intended to be non-taxable for Vulcan shareholders and non-taxable for Florida Rock shareholders to the extent they receive stock. The acquisition has been unanimously approved by the Boards of Directors of each company and is subject to approval by a majority of Florida Rock shareholders, regulatory approvals and customary closing conditions. The transaction is expected to close in mid-year 2007.

Divestiture of Chemicals Business

On June 7, 2005, we sold our Chemicals business, known as Vulcan Chemicals, to Basic Chemicals, a subsidiary of Occidental Chemical Corporation. The sale of assets included our chloralkali facilities in Wichita, Kansas; Geismar, Louisiana and Port Edwards, Wisconsin; and the facilities of our Chloralkali joint venture located in Geismar.

Financial Results

Net sales, total revenues, earnings from continuing operations, earnings from continuing operations per common share, total assets, long-term obligations and cash dividends declared per common share for the five years ended December 31, 2006, are reported under Item 6, Selected Financial Data.

Competition and Customers

All of our products are marketed under highly competitive conditions, including competition in price, service and product performance. In most of the markets we serve, there are a substantial number of competitors.

We are the largest construction aggregates producer in the United States. We estimate that the 10 largest aggregates producers in the nation supply approximately one-third of the total national market, resulting in highly fragmented markets in some areas. Therefore, depending on the market, we may compete with a number of large regional and small local producers. Since construction aggregates are expensive to transport relative to their value, an important competitive factor in the construction aggregates business is the transportation cost necessary to deliver product to the location where it is used. We focus on serving metropolitan areas that demographers expect will experience the largest absolute growth in population in the future. We have facilities located on waterways and rail lines which substantially increase our geographic market reach through the availability of rail and water transportation. We sell a relatively small amount of construction aggregates outside of the United States. Non-domestic net sales were \$20,595,000 in

2006, \$13,490,000 in 2005, and \$7,580,000 in 2004. Long-lived assets outside the United States are reported in Note 15 to the Consolidated Financial Statements on page 68 of our 2006 Annual Report to Shareholders and is hereby incorporated by reference.

No material part of our business is dependent upon one or a few customers, the loss of which would have a material adverse effect on our business. In 2006, our top five customers accounted for less than 10% of our total sales, and no single customer accounted for more than 3% of our total sales. Our products are sold principally to

G-2

Table of Contents

private industry. Although historically over 40% of our sales have gone into public works projects, such as highways, airports and government buildings, relatively insignificant sales are made directly to federal, state, county or municipal governments/agencies. Therefore, although reductions in state and federal funding of public works projects can curtail construction spending, our business is not subject to renegotiation of profits or termination of contracts as a result of state or federal government elections.

Research and Development Costs

We conduct research and development and technical service activities at our facility in Birmingham, Alabama. In general, our research and development efforts are directed toward new and more efficient uses of our products. We spent approximately \$1,704,000 in 2006, \$1,554,000 in 2005, and \$1,341,000 in 2004 on research and development activities.

Environmental Costs and Governmental Regulation

Our operations are subject to federal, state and local laws and regulations relating to the environment and to health and safety, including noise, water discharge, air quality, dust control, zoning and permitting. We estimate that capital expenditures for environmental control facilities in 2007 and 2008 will be approximately \$16,559,000 and \$7,949,000, respectively.

Vulcan is frequently required by state or local regulations or contractual obligations to reclaim its former mining sites. These reclamation liabilities are recorded in our financial statements as a liability at the time the obligation arises. The fair value of such obligations is capitalized and depreciated over the estimated useful life of the owned or leased site. The liability is accreted through charges to operating expenses. To determine the fair value, we estimate the cost of a third party performing the reclamation, adjusted for inflation and risk. All reclamation obligations are reviewed at least annually. See Notes 1 and 17 to the Consolidated Financial Statements on pages 49 and 69, respectively, of the 2006 Annual Report to Shareholders. Reclaimed quarries often have potential for use in commercial or residential development or as reservoirs or landfills. However, no projected cash flows from these anticipated uses have been factored in to offset or reduce the estimated reclamation liability.

Patents and Trademarks

As of February 26, 2007, we do not own or have a license or other rights under any patents that are material to our business.

Other Information Regarding Vulcan

Our principal sources of energy are electricity, natural gas and diesel fuel. We do not anticipate any difficulty in obtaining sources of energy required for our operations.

In 2006, we employed an average of 7,983 people.

Our financial results for any individual quarter are not necessarily indicative of results to be expected for the year, due primarily to the effect that seasonal changes and other weather-related conditions can have on the production and sales volume of our products. Normally, the highest sales and earnings are attained in the third quarter and the lowest are realized in the first quarter. Our sales and earnings are sensitive to national, regional and local economic conditions and particularly to cyclical swings in construction spending. These cyclical swings are further affected by fluctuations in interest rates and demographic and population fluctuations.

We do not consider our backlog of orders to be material to, or a significant factor in, evaluating and understanding our business.

Item 1A. Risk Factors

An investment in our common stock or debt securities involves risks and uncertainties. These risks and uncertainties could cause our actual results to differ materially from our historical results or the results contemplated by any forward-looking statements contained in this Form 10-K or that we make in other filings with the SEC under the Securities Act of 1933, the Securities and Exchange Act of 1934 or in other public statements. You should consider the following factors carefully, in addition to the other information contained in this Form 10-K, before deciding to purchase, sell or hold our securities:

A decline in public sector construction work and reductions in governmental funding could adversely affect our operations and results. In 2006, approximately 44% of our sales of construction aggregates were made to contractors on public work projects. If, as a result of a loss of funding or a significant reduction in state or federal budgets, spending on public sector projects were to be reduced significantly, our earnings and cash flows could be negatively affected.

Weather can materially affect our quarterly results. Almost all of our products are used in the public or private construction industry, and our production and distribution facilities are located outdoors. Inclement weather affects both our ability to produce and distribute our products and affects our customers' short-term demand since their work also can be hampered by weather. Therefore, our results can be negatively affected by inclement weather.

Within our local markets, we operate in a highly competitive industry. The construction aggregates industry is highly fragmented with a large number of independent local producers in a number of our markets. However, in most markets, we also compete against large private and public companies. This results in intense competition in a number of markets in which we operate. Significant competition could lead to lower prices, lower sales volumes and higher costs in some markets, negatively affecting our earnings and cash flows.

Our long-term success is dependent upon securing and permitting aggregates reserves in strategically located areas. Construction aggregates are bulky and heavy and, therefore, difficult to transport efficiently. Because of the nature of the products, the freight costs can quickly surpass the production costs. Therefore, except for geographic regions that do not possess commercially viable deposits of aggregates and are served by rail, barge or ship, the markets for our products tend to be very localized around our quarry sites. New quarry sites often take a number of years to develop, so our strategic planning and new site development efforts must stay ahead of actual growth. Additionally, in a number of urban and suburban areas in which we operate, it is increasingly difficult to permit new

sites or expand existing sites due to community resistance. Therefore, our future success is dependent, in part, on our ability to accurately forecast future areas of high growth to locate facility sites and on our ability to secure operating and environmental permits to operate at those sites.

We use large amounts of electricity, diesel fuel, liquid asphalt and other petroleum-based resources that are subject to potential supply constraints and significant price fluctuation. In our production and

G-4

Table of Contents

distribution processes, we consume significant amounts of electricity, diesel fuel, liquid asphalt and other petroleum-based resources. The availability and pricing of these resources are subject to market forces that are beyond our control. Our suppliers contract separately for the purchase of such resources and our sources of supply could be interrupted should our suppliers not be able to obtain these materials due to higher demand or other factors interrupting their availability. Variability in the supply and prices of these resources could materially affect our operating results from period to period and rising costs could erode our profitability.

We use estimates in accounting for a number of significant items. Changes in our estimates could affect our future financial results. As discussed more fully in Critical Accounting Policies under Management's Discussion and Analysis of Financial Condition and Results of Operations, on pages 32 through 36 of our 2006 Annual Report to Shareholders, we use significant judgment in accounting for our ECU (electrochemical unit) earn-out; impairment of long-lived assets excluding goodwill; reclamation costs; pension and other postretirement benefits; environmental compliance; claims and litigation including self-insurance; and income taxes. Although we believe we have sufficient experience and procedures to enable us to make appropriate assumptions and formulate reasonable estimates, these assumptions and estimates could change significantly in the future and could result in a material adverse effect on our consolidated financial position, results of operations, or cash flows.

We are involved in a number of legal proceedings. We cannot predict the outcome of litigation and other contingencies with certainty. We are involved in several class action and complex litigation proceedings, some arising from our previous ownership and operation of our Chemicals business. Although we divested our Chemicals business in June 2005, we retained certain liabilities related to the business. As required by generally accepted accounting principles, we establish reserves when a loss is determined to be probable and the amount can be reasonably estimated. Our assessment of probability and loss estimates are based on the facts and circumstances known to us at a particular point in time. Subsequent developments in legal proceedings may affect our assessment and estimates of a loss contingency. Furthermore, unfavorable results in one or more of these actions could result in an adverse effect on our consolidated financial position, results of operations, or cash flows. For a description of our current legal proceedings see Item 3, Legal Proceedings on pages 10 through 11 of this Form 10-K and Note 12, Other Commitments and Contingencies, on pages 65 through 67 to the Consolidated Financial Statements.

The costs of providing pension and healthcare benefits to our employees have risen in recent years. Continuing increases in such costs could negatively affect our earnings. The costs of providing pension and healthcare benefits to our employees have increased substantially over the past several years. We have instituted measures to help slow the rate of increase. However, if these costs continue to rise, this could have an adverse effect on our consolidated financial position, results of operations, or cash flows.

Our industry is capital intensive, resulting in significant fixed and semi-fixed costs. Therefore, our earnings are highly sensitive to changes in volume. Due to the high levels of fixed capital required for the extraction and production of construction aggregates, profitability as measured in absolute dollars and as a percentage of net sales (margins) can be greatly impacted due to changes in volume.

Our products generally must be transported by rail, truck, barge or ship, usually by third party providers. Significant delays or increased costs affecting these transportation methods could materially affect our operations and earnings. Our products are distributed either by truck to local markets or by rail, barge or oceangoing vessel to remote markets. Costs of transporting our products could be negatively affected by factors outside of our control, including rail service interruptions or rate increases, tariffs, rising fuel costs and capacity constraints. Additionally, inclement weather, including hurricanes, tornadoes and other weather events, can negatively impact our distribution network.

We have acquired, and expect to continue to acquire, other businesses. Failure to manage and successfully integrate them could adversely affect our business. We continually evaluate opportunities for growth through strategic acquisitions. We believe that there are risks related to acquiring businesses including overpaying for acquisitions, losing key employees of the acquired business, unanticipated costs associated with the acquisitions, diversion of management time and resources, increased legal and compliance costs and unanticipated liabilities of an acquired company. Failure to manage and successfully integrate

G-5

Table of Contents

acquisitions could have a material adverse effect on our consolidated financial position, results of operations, or cash flows.

Our future success depends greatly upon attracting and retaining qualified personnel, particularly in sales and operations. A significant factor in our future profitability is our ability to attract, develop and retain qualified personnel. Our success in attracting qualified personnel, particularly in the areas of sales and operations, is affected by changing demographics of the available pool of workers with the training and skills necessary to fill the available positions, the impact on the labor supply due to general economic conditions, and our ability to offer competitive compensation and benefit packages.

Item 2. *Properties*

We have 202 locations in the United States and 1 in Mexico at which we engage in the extraction of stone, sand and gravel. The following map shows the locations of our aggregates production facilities.

Our current estimate of approximately 11.4 billion tons of zoned and permitted aggregates reserves reflects an increase of 371 million tons from the estimate at the end of 2005. We believe that the quantities of zoned and permitted reserves at our aggregates facilities are sufficient to result in an average life of approximately 44 years at present operating levels. In calculating the average life of 44 years, we assumed an annual aggregates production rate of 258 million tons. See Note 1 to the following table for a description of our method employed for estimating

Table of Contents

the life of reserves. This table presents, by regional division, the estimated aggregates reserve life and the percentage of aggregates reserves by rock type.

	Estimated Years of Life(1)	Percentage of Aggregates Reserves by Rock Type			
		Limestone	Granite	Sand & Gravel	Other(2)
By Regional Division:					
Mideast	57	18.1%	33.5%	1.1%	47.3%
Midsouth	62	98.8%		1.2%	
Midwest	42	97.8%		2.2%	
Southeast	45	7.5%	92.5%		
Southern and Gulf Coast	39	99.7%		0.3%	
Southwest	43	92.5%		1.2%	6.3%
Western	18		8.0%	79.0%	13.0%
Total	44	53.4%	26.7%	5.6%	14.3%

(1) Estimated years of life of aggregates reserves are based on the average annual rate of production of each regional division for the most recent three-year period, except that if reserves are acquired or if production has been reactivated during that period, the estimated years of life are based on the annual rate of production from the date of such acquisition or reactivation. Revisions may be necessitated by such occurrences as changes in zoning laws governing facility properties, changes in aggregates specifications required by major customers and passage of government regulations applicable to aggregates operations. Estimates also are revised when and if additional geological evidence indicates that a revision is necessary. For 2006, the total three-year average annual rate of production was 258 million tons based on annual rates of production as follows: 2006 263 million tons, 2005 265 million tons, and 2004 247 million tons.

(2) Other: amphibolite, argillite, basalt, diabase, diorite, gabbro, gneiss, latite, quartzite, rock asphalt, and traprock.

The foregoing estimates of reserves are of recoverable stone, sand and gravel of suitable quality for economic extraction, based on drilling and studies by our geologists and engineers, recognizing reasonable economic and operating restraints as to maximum depth of overburden and stone excavation.

Of the 203 permanent reserve-supplied aggregates production facilities which we operate, 72 (representing 46% of total reserves) are located on owned land, 39 (representing 21% of total reserves) are on land owned in part and leased in part, and 92 (representing 33% of total reserves) are on leased land. While some of our leases run until reserves at the leased sites are exhausted, generally our leases have definite expiration dates, which range from 2007 to 2159. Most of our leases have options to extend them well beyond their current terms by renewals at our discretion.

Due to transportation costs, the market areas for most aggregates facilities in the construction aggregates industry are limited, often consisting of a single metropolitan area or one or more counties or portions thereof when transportation is by truck only. The following table provides specific information regarding our 10 largest active

aggregates facilities determined on the basis of the quantity of aggregates reserves. None of the listed aggregates facilities contributes more than 5% to our net sales.

Our headquarters are located in an office complex in Birmingham, Alabama. The office space is leased through December 31, 2013, with a five-year renewal period, and consists of approximately 184,125 square feet. The annual rental costs for the current term and the five-year renewal period are \$3.2 million and \$3.4 million, respectively.

Item 3. *Legal Proceedings*

We are subject to occasional governmental proceedings and orders pertaining to occupational safety and health or to protection of the environment, such as proceedings or orders relating to noise abatement, air emissions or water

discharges. As part of our continuing program of stewardship in safety, health and environmental matters, we have been able to resolve such proceedings and to comply with such orders without any material adverse effects on our business.

We are a defendant in various lawsuits in the ordinary course of business. It is not possible to determine with precision the outcome of, or the amount of liability, if any, under these lawsuits, especially where the cases involve possible jury trials with as yet undetermined jury panels. In our opinion, the disposition of these lawsuits will not adversely affect our consolidated financial position, results of operations or cash flows to a material extent. In addition to those lawsuits in which we are involved in the ordinary course of business, certain other legal proceedings are more specifically described below. Although the ultimate outcome is uncertain, it is our opinion that the disposition of these described lawsuits will not adversely affect our consolidated financial position, results of operations or cash flows to a material extent.

In November 1998, we were named one of several defendants in a claim filed by the city of Modesto in state court in San Francisco, California. The plaintiff sought to recover costs to investigate and clean up low levels of soil and groundwater contamination in Modesto, including a small number of municipal water wells, from a dry cleaning compound, perchloroethylene. This product was produced by several manufacturers, including our former Chemicals business, which was sold in June 2005. The defendants included other chemical and equipment manufacturers, distributors and dry cleaners. The trial of this case began during the first quarter of 2006. On June 9, 2006, the jury returned a joint and several verdict against six defendants, including Vulcan, for compensatory damages of \$3.1 million, constituting the costs to filter two wells and pay for certain past investigation costs. On June 13, 2006, the jury returned separate punitive damages awards against three defendants, including \$100 million against Vulcan. On August 1, 2006, the trial judge entered an order reducing the punitive damage verdict against Vulcan to \$7.25 million and upholding the jury's findings on compensatory damages. Although the compensatory damages verdict was upheld by the court, we believe our share of the compensatory damages after setoffs from other settlements will not be material to our consolidated financial statements. Accordingly, we have not accrued any amounts related to the compensatory damages verdict. We believe that the punitive damage verdict is contrary to the evidence presented at trial, and we are continuing to review potential legal remedies. While it is not possible to predict with certainty the ultimate outcome of this litigation, pursuant to SFAS No. 5, Accounting for Contingencies, we have recorded a contingent liability related to the punitive damages claim of \$7.25 million as of December 31, 2006.

As part of the first trial, the court on February 14, 2007, entered a Final Statement of Decision ruling in favor of the city of Modesto and against Vulcan and other defendants on certain claims not submitted to the jury relating to the California Polanco Act. The judge awarded additional joint and several damages of \$438,000 against Vulcan and the other five defendants. In addition, the city of Modesto will be allowed to seek attorney fees against these six defendants, and Vulcan could also be required to pay a portion of future remediation costs at one of the four sites at issue in the trial. As of December 31, 2006, we have recorded a contingent liability related to this ruling in the amount of \$100,000, representing a best estimate of our potential share of the \$438,000 awarded. At this time, we cannot determine the likelihood or reasonably estimate the range of potential attorney fees or future remediation costs that Vulcan may have to pay.

In this same lawsuit, the plaintiff seeks a second trial for soil and groundwater contamination at other locations in Modesto that were not part of the first trial, and the timing of the second trial has not been set by the court. No municipal water wells are part of the second trial. At this time, we cannot determine the likelihood or reasonably estimate a range of loss resulting from the remaining phases of the trial.

We have been named as a defendant in multiple lawsuits filed in 2001 in state court and federal district court in Louisiana. The lawsuits claim damages for various personal injuries allegedly resulting from releases of chemicals at our former Geismar, Louisiana plant in 2001. A trial for the issues of causation and damages for ten plaintiffs was

held in July 2004. Five of these plaintiffs were dismissed during the trial. A jury awarded the remaining five plaintiffs an aggregate award of \$201,000. In November 2006, the trial court approved a settlement class with most of the remaining plaintiffs in the matter. A court-appointed special master is overseeing the settlement process of the November 2006 approved settlement class. A second settlement class was agreed to in principle in January 2007 for those plaintiffs who opted out of the November 2006 approved settlement class. The details of the second settlement class are currently in negotiation. We anticipate all of these matters being resolved in 2007. We have previously recorded a charge for the self-insured portion of these losses, and Vulcan's insurers are responding to amounts in excess of the self-insured retention.

In September 2001, we were named a defendant in a suit brought by the Illinois Department of Transportation (IDOT), in the Circuit Court of Cook County, Chancery Division, Illinois, alleging damage to a 0.9-mile section of Joliet Road that bisects our McCook Quarry in McCook, Illinois, a Chicago suburb. IDOT seeks damages to repair, restore, and maintain the road or, in the alternative, judgment for the cost to improve and maintain other roadways to accommodate vehicles that previously used the road. The complaint also requests that the court enjoin any McCook Quarry operations that will further damage the road. Discovery is ongoing.

We produced and marketed industrial sand from 1988 to 1994. Since July 1993, we have been sued in numerous suits in a number of states by plaintiffs alleging that they contracted silicosis or incurred personal injuries as a result of exposure to, or use of, industrial sand used for abrasive blasting. As of February 15, 2007, the number of suits totaled 101, involving an aggregate of 567 plaintiffs. Of the pending suits, 52 with 495 plaintiffs are filed in Texas. The balance of the suits have been brought by plaintiffs in state courts in California, Florida, Louisiana and Mississippi. We are seeking dismissal of all suits on the ground that plaintiffs were not exposed to our product. To date, we have been successful in getting dismissals from cases involving almost 17,000 plaintiffs.
