NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying Consolidated Financial Statements have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and footnotes required by generally accepted accounting principles (GAAP) for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. These statements should be read in conjunction with the Consolidated Financial Statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended February 1, 2009, as filed with the Securities and Exchange Commission.

Business

The Home Depot, Inc. and subsidiaries (the Company) operate The Home Depot stores, which are full-service, warehouse-style stores averaging approximately 105,000 square feet in size. The stores stock approximately 30,000 to 40,000 different kinds of building materials, home improvement supplies and lawn and garden products that are sold to do-it-yourself customers, do-it-for-me customers, home improvement contractors, tradespeople and building maintenance professionals.

Fair Value of Financial Instruments

The carrying amounts of Cash and Cash Equivalents, Receivables and Accounts Payable approximate fair value due to the short-term maturities of these financial instruments. Short-Term Investments are recorded at fair value based on current market rates and are classified as available-for-sale. The \$11.0 billion of senior notes included in Current Installments of Long-Term Debt and Long-Term Debt in the accompanying Consolidated Balance Sheets had a fair market value of \$10.9 billion as of August 2, 2009. The fair market value of the senior notes was determined using Level 1 data as defined by Statement of Financial Accounting Standards No. 157, Fair Value Measurements (SFAS 157).

Valuation Reserves

As of August 2, 2009 and February 1, 2009, the valuation allowances for Merchandise Inventories and uncollectible Receivables were not material.

2. RATIONALIZATION CHARGES

In fiscal 2008, the Company reduced its square footage growth plans to improve free cash flow, provide stronger returns for the Company and invest in its existing stores to continue improving the customer experience. As a result of this store rationalization plan, the Company determined that it would no longer pursue the opening of approximately 50 U.S. stores that had been in its new store pipeline. The Company expects to dispose of or sublet these pipeline locations over varying periods. The Company also closed 15 underperforming U.S. stores in the second quarter of fiscal 2008, and the Company expects to dispose of or sublet those locations over varying periods.

Also in fiscal 2008, the Company announced that it would exit its EXPO, THD Design Center, Yardbirds and HD Bath businesses (the Exited Businesses) in order to focus on its core The Home Depot stores. The Company closed the Exited Businesses in the first quarter of fiscal 2009 and expects to dispose of or sublet those locations over varying periods. These steps impacted approximately 5,000 associates in those locations, their support functions and their distribution centers.

Finally, in January 2009 the Company also restructured its support functions to better align the Company's cost structure with the current economic environment. These actions impacted approximately 2,000 associates.

The Company recognized total pretax charges of \$137 million for the first six months of fiscal 2009, including \$20 million in the second quarter of fiscal 2009, and \$561 million for the first six months of fiscal 2008, including \$18 million in the second quarter of fiscal 2008, related to these actions (collectively, the Rationalization Charges). The significant components of the total expected charges and charges incurred to date are as follows (amounts in millions):

	Total Expected Charges	Fiscal 2008 Charges	First Six Months Fiscal 2009 Charges	Estimated Remaining Charges

Severance	84	78	6	-
Other	109	41	54	14
Total	\$ 1,102	\$951	\$ 137	\$14

Inventory markdown costs in Other are included in Cost of Sales in the accompanying Consolidated Statements of Earnings, and costs related to asset impairments, lease obligations, severance and other are included in Selling, General and Administrative expenses. Asset impairment charges, including contractual costs to complete certain assets, were determined based on fair market value using market data for each individual property. Lease obligation costs represent the present value of contractually obligated rental payments offset by estimated sublet income, including estimates of the time required to sublease the locations. The payments related to the leased locations therefore are not generally incremental uses of cash.

The assumptions used to determine the fair market values used to record asset impairment and lease obligation costs include significant unobservable inputs, or Level 3 data, as defined by SFAS 157.

Activity related to Rationalization Charges for the first six months of fiscal 2009 was as follows (amounts in millions):

	Accrued Balance, February 1, 2009	First Six Months Fiscal 2009 Charges	Cash Uses	Non-cash Uses	Accrued Balance, August 2, 2009

3. BASIC AND DILUTED WEIGHTED AVERAGE COMMON SHARES

The reconciliation of basic to diluted weighted average common shares for the three and six months ended August 2, 2009 and August 3, 2008 was as follows (amounts in millions):

	Three Months Ended		Six Months Ended	
	August 2, 2009	August 3, 2008	August 2, 2009	August 3, 2008

Effect of potentially dilutive securities:				
Stock plans	8	5	6	4
Diluted weighted average common shares	1,691	1,685	1,690	1,684

Stock plans include shares granted under the Company's employee stock plans. Options to purchase 50 million and 52 million shares of common stock for the three months ended August 2, 2009 and August 3, 2008, respectively, and options to purchase 52 million and 53 million shares of common stock for the six months ended August 2, 2009 and August 3, 2008, respectively, were excluded from the computation of Diluted Earnings per Share because their effect would have been anti-dilutive.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders

The Home Depot, Inc.:

We have reviewed the Consolidated Balance Sheet of The Home Depot, Inc. and subsidiaries as of August 2, 2009, and the related Consolidated Statements of Earnings and Comprehensive Income for the three-month and six-month periods ended August 2, 2009 and August 3, 2008, and the related Consolidated Statements of Cash Flows for the six-month periods ended August 2, 2009 and August 3, 2008. These Consolidated Financial Statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole.

Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the Consolidated Financial Statements referred to above for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with standards of the Public Company Accounting Oversight Board (United States), the Consolidated Balance Sheet of The Home Depot, Inc. and subsidiaries as of February 1, 2009, and the related Consolidated Statements of Earnings, Stockholders' Equity and Comprehensive Income, and Cash Flows for the year then ended (not presented herein); and in our report dated March 26, 2009, we expressed an unqualified opinion on those Consolidated Financial Statements. In our opinion, the information set forth in the accompanying Consolidated Balance Sheet as of February 1, 2009, is fairly stated, in all material respects, in relation to the Consolidated Balance Sheet from which it has been derived.

You are cautioned not to place undue reliance on our forward-looking statements. These statements are not guarantees of future performance and are subject to future events, risks and uncertainties many of which are beyond our control or are currently unknown to us as well as potentially inaccurate assumptions that could cause actual results to differ materially from our expectations and projections. EXECUTIVE SUMMARY AND SELECTED CONSOLIDATED STATEMENTS OF EARNINGS DATA

For the second quarter of fiscal 2009, we reported Net Earnings of \$1.1 billion and Diluted Earnings per Share of \$0.66 compared to Net Earnings of \$1.2 billion and Diluted Earnings per Share of \$0.71 for the second quarter of fiscal 2008. For the first six months of fiscal 2009, we reported Net Earnings of \$1.6 billion and Diluted Earnings per Share of \$0.96 compared to Net Earnings of \$1.6 billion and Diluted Earnings per Share of \$0.93 for the first six months of fiscal 2008. Our gross profit margin was 33.5% and our operating margin was 9.6% for the second quarter of fiscal 2009. For the first six months of fiscal 2009, our gross profit margin was 33.6% and our operating margin was 8.0%.

The results for the second quarter and first six months of fiscal 2009 and 2008 reflect the impact of several strategic actions initiated in fiscal 2008. These strategic actions include store rationalization charges related to the closing of 15 underperforming stores and the removal of approximately 50 stores from our new store opening pipeline, business rationalization charges related to the exit of our EXPO, THD Design Center, Yardbirds and HD Bath businesses (the Exited Businesses) and charges related to the restructuring of support functions (collectively, the Rationalization Charges). These actions resulted in pretax Rationalization Charges of \$20 million and \$18 million for the second quarter of fiscal 2009 and 2008, respectively, and \$137 million and \$561 million for the first six months of fiscal 2009 and 2008, respectively. Excluding these Rationalization Charges, Diluted Earnings per Share were \$0.67 for the second quarter of fiscal 2009 compared to \$0.72 for the second quarter of fiscal 2008 and were \$1.01 for the first six months of fiscal 2009 compared to \$1.13 for the first six months of fiscal 2008.

The results for the second quarter and first six months of fiscal 2009 also reflect a tax benefit of approximately \$50 million to Net Earnings arising from a favorable foreign tax settlement. This tax benefit positively impacted

Diluted Earnings per Share by approximately \$0.03 for the second quarter and first six months of fiscal 2009.

Table of Contents

Net Sales decreased 9.1% to \$19.1 billion for the second quarter of fiscal 2009 from \$21.0 billion for the second quarter of fiscal 2008. For the first six months of fiscal 2009, Net Sales decreased 9.4% to \$35.2 billion from \$38.9 billion for the first six months of fiscal 2008. The slowdown in the global economy and weakness in the U.S. residential construction and home improvement markets negatively impacted our Net Sales for the second quarter and first six months of fiscal 2009. Our comparable store sales declined 8.5% in the second quarter of fiscal 2009 driven by an 8.5% decline in our comparable store average ticket to \$52.23. For our U.S. stores, comparable store sales declined 6.9% and comparable store customer transactions increased by 0.4% in the second quarter of fiscal 2009. In the first six months of fiscal 2009, we continued to focus on our core retail business, investing in our associates and stores and improving our customer service. The roll-out of our Customer FIRST training to all store associates and support staff in the first quarter of fiscal 2009 has brought simplification and focus across the business, and we are seeing the benefit of this in improved customer service ratings for the first six months of fiscal 2009.

We also made significant progress on our merchandising tools in the U.S. that helped us to better manage markdown and clearance activity and to better control inventory. At the end of the second quarter of fiscal 2009, our inventory had decreased by \$1.1 billion from the second quarter of fiscal 2008. Additionally, our average inventory per store decreased by 8.3% at the end of the second quarter of fiscal 2009 compared to the second quarter of last year. We continued our supply chain transformation to improve product availability. As of August 18, 2009, we had eight Rapid Deployment Centers (RDCs) operating that serve approximately 800 of our U.S. stores. We plan to open additional RDCs in fiscal 2009 and expect that they will serve approximately 1,000 of our U.S. stores by the end of fiscal 2009. We remain committed to our overall RDC roll-out strategy, supporting our goal of increasing our central distribution penetration.

We opened three new stores during the second quarter of fiscal 2009 and closed one store in China, bringing our total store count to 2,240. As of the end of the second quarter of fiscal 2009, a total of 266 stores, or approximately 12%, were located in Canada, Mexico and China compared to 251 as of the end of the second quarter of fiscal 2008.

We generated \$3.3 billion of cash flow from operations in the first six months of fiscal 2009. We used a portion of this cash flow to pay \$762 million of dividends and fund \$353 million in capital expenditures.

At the end of the second quarter of fiscal 2009, our long-term debt-to-equity ratio was 50.4% compared to 60.9% at the end of the second quarter of fiscal 2008. Our return on invested capital (computed on the average of beginning and ending long-term debt, equity and net operating profit after tax for the trailing twelve months) was 9.3% for the second quarter of fiscal 2009 compared to 10.7% for the second quarter of fiscal 2008. This decrease reflects the decline in our operating profit and the impact of the Rationalization Charges. Excluding Rationalization Charges, our return on invested capital was 10.3% for the second quarter of fiscal 2009 compared to 11.6% for the second quarter of fiscal 2008.

Comparable store sales is intended only as supplemental information and is not a substitute for Net Sales or Net Earnings presented in accordance with generally accepted accounting principles.

Table of Contents**RESULTS OF OPERATIONS**

Net Sales for the second quarter of fiscal 2009 decreased 9.1%, or \$1.9 billion, to \$19.1 billion from \$21.0 billion for the second quarter of fiscal 2008. For the first six months of fiscal 2009, Net Sales decreased 9.4%, or \$3.7 billion, to \$35.2 billion from \$38.9 billion for the comparable period in fiscal 2008.

The decrease in Net Sales for the second quarter and first six months of fiscal 2009 reflects the impact of negative comparable store sales as well as the net impact of fewer open stores in fiscal 2009 versus the comparable periods of fiscal 2008. Total comparable store sales decreased 8.5% for the second quarter of fiscal 2009 compared to a decrease of 7.9% for the second quarter of fiscal 2008. For the first six months of fiscal 2009, total comparable store sales decreased 9.3% compared to a decrease of 7.2% for the same period of fiscal 2008.

There were a number of factors that contributed to our comparable store sales decline. The U.S. residential construction and home improvement markets continued to be soft, and consumers were challenged due to a number of factors including higher unemployment. We saw relative strength in Building Materials, Flooring, Paint, Plumbing and Garden/Seasonal as comparable store sales in these areas were above the Company average for the second quarter and first six months of fiscal 2009, with Paint experiencing positive comparable store sales in the second quarter of fiscal 2009. Comparable store sales for Lumber, Hardware, Electrical, Kitchen/Bath and Millwork were below the Company average for the second quarter and first six months of fiscal 2009. In the first six months of fiscal 2009, we also saw significant strengthening of the U.S. dollar against all currencies. Fluctuating exchange rates negatively impacted our total Company comparable store sales by approximately 160 basis points for the first six months of fiscal 2009 compared to the first six months of last year.

Gross Profit decreased 8.3% to \$6.4 billion for the second quarter of fiscal 2009 from \$7.0 billion for the second quarter of fiscal 2008. Gross Profit decreased 9.2% to \$11.8 billion for the first six months of fiscal 2009 from \$13.0 billion for the first six months of fiscal 2008. Gross Profit as a percent of Net Sales increased 32 basis points to 33.5% for the second quarter of fiscal 2009 compared to 33.2% for the second quarter of fiscal 2008. For the first six months of fiscal 2009, Gross Profit as a percent of Net Sales was 33.6% compared with 33.5% for the comparable period of fiscal 2008, an increase of 8 basis points. Our U.S. stores experienced gross margin expansion in the second quarter and first six months of fiscal 2009 driven by mix of products sold, lower markdowns than last year as we anniversaried certain promotions and clearance that we did not repeat and improved shrink performance. Through our focused bay portfolio approach, our U.S. merchants continued to introduce new lower prices while growing overall gross margin. The U.S. gross margin expansion was partially offset by gross margin contraction arising from our non-U.S. businesses, principally Canada.

Selling, General and Administrative Expense (SG&A) decreased 7.8% to \$4.1 billion for the second quarter of fiscal 2009 from \$4.5 billion for the second quarter of fiscal 2008. For the first six months of fiscal 2009, SG&A decreased 12.9% to

\$8.2 billion from \$9.4 billion for the first six months of fiscal 2008. As a percent of Net Sales, SG&A was 21.6% for the second quarter of fiscal 2009 compared to 21.3% for the second quarter of fiscal 2008. For the first six months of fiscal 2009, SG&A as a percent of Net Sales was 23.2% compared to 24.1% for the same period last year. Excluding the Rationalization Charges, SG&A as a percent of Net Sales was 22.8% and 22.7% for the first six months of fiscal 2009 and 2008, respectively. For the second quarter and first six months of fiscal 2009, our deleverage in SG&A reflects the impact of a negative comparable store sales environment, offset by a lower cost of credit associated with the private label credit card program and solid expense control.

Depreciation and Amortization decreased 4.0% to \$434 million for the second quarter of fiscal 2009 from \$452 million for the second quarter of fiscal 2008. For the first six months of fiscal 2009, Depreciation and Amortization decreased 3.8% to \$862 million from \$896 million for the same period of fiscal 2008. Depreciation and Amortization as a percent of Net Sales was 2.3% for the second quarter of fiscal 2009 compared to 2.2% for the second quarter of fiscal 2008, and was 2.4% for the first six months of fiscal 2009 compared to 2.3% for the same period in fiscal 2008. The increase in Depreciation and Amortization as a percent of Net Sales for both periods was primarily due to sales deleverage.

Operating Income decreased 10.2% to \$1.8 billion for the second quarter of fiscal 2009 from \$2.0 billion for the second quarter of fiscal 2008. Operating Income was \$2.8 billion for the first six months of fiscal 2009 and 2008.

Operating Income as a percent of Net Sales was 9.6% for the second quarter of fiscal 2009 compared to 9.7% for the second quarter of fiscal

2008, and was 8.0% for the first six months of fiscal 2009 compared to 7.1% for the first six months of fiscal 2008. Excluding the Rationalization Charges, our Operating Income as a percent of Net Sales was 8.4% for the first six months of fiscal 2009 compared to 8.6% for the first six months of fiscal 2008.

In the second quarter of fiscal 2009, we recognized \$161 million of net Interest Expense compared to \$157 million in the second quarter of fiscal 2008. We recognized \$336 million of net Interest Expense in the first six months of fiscal 2009 compared to \$321 million for the same period last year. Net Interest Expense as a percentage of Net Sales was 0.8% for the second quarter of fiscal 2009 compared to 0.7% for the second quarter of fiscal 2008. For the first six months of fiscal 2009, net Interest Expense as a percent of Net Sales was 1.0% compared to 0.8% for the same period last year. The increase in net Interest Expense as a percent of Net Sales for the first six months of fiscal 2009 was primarily due to sales deleverage.

Our combined effective income tax rate decreased to 34.2% for the first six months of fiscal 2009 from 36.4% for the comparable period of fiscal 2008, reflecting a favorable foreign tax settlement. This settlement reduced tax expense by approximately \$50 million and provided an approximately \$0.03 benefit to Diluted Earnings per Share.

Diluted Earnings per Share were \$0.66 and \$0.96 for the second quarter and first six months of fiscal 2009 compared to \$0.71 and \$0.93 for the second quarter and first six months of fiscal 2008, respectively. Excluding the Rationalization Charges, Diluted Earnings per Share for the second quarter of fiscal 2009 were \$0.67, a decrease of 6.9% from the second quarter of fiscal 2008. Excluding the Rationalization Charges, Diluted Earnings per Share for the first six months of fiscal 2009 were \$1.01, a decrease of 10.6% from the first six months of fiscal 2008.

To provide clarity, internally and externally, about our operating performance for the second quarter and first six months of fiscal 2009 and 2008, we supplemented our reporting with non-GAAP financial measures to reflect adjustments for the Rationalization Charges as described more fully in Note 2 to the Consolidated Financial Statements, as well as the Net Sales from Exited Businesses during the period from closing announcement to actual closing. We believe that these non-GAAP financial measures better enable management and investors to understand and analyze our performance by providing them with meaningful information relevant to events of unusual nature or frequency. However, this supplemental information should not be considered in isolation or as a substitute for the related GAAP measures. The following reconciles the non-GAAP financial measures to the corresponding GAAP measures for the second quarter and first six months of fiscal 2009 and 2008:

LIQUIDITY AND CAPITAL RESOURCES

Cash flow generated from operations provides us with a significant source of liquidity. During the first six months of fiscal 2009, Net Cash Provided by Operating Activities was \$3.3 billion compared to \$3.7 billion for the same period of fiscal 2008. This change was primarily a result of lower earnings excluding noncash impairment charges incurred during the first six months of fiscal 2008.

Net Cash Used in Investing Activities for the first six months of fiscal 2009 was \$214 million compared to \$860 million for the same period of fiscal 2008. The decrease was primarily the result of \$607 million less in capital expenditures in the first six months of fiscal 2009 compared to the same period last year.

During the first six months of fiscal 2009, Net Cash Used in Financing Activities was \$529 million compared with \$2.2 billion for the same period of fiscal 2008. This change was the result of \$1.7 billion in Repayments of Short-Term Borrowings in the first half of fiscal 2008.

We have commercial paper programs that allow for borrowings up to \$3.25 billion. In connection with the programs, we have a back-up credit facility with a consortium of banks for borrowings up to \$3.25 billion. As of August 2, 2009, there were no borrowings outstanding under the commercial paper programs or the related credit facility. The credit facility, which expires in December 2010, contains various restrictive covenants, with all of which we are in compliance. None of the covenants are expected to impact our liquidity or capital resources. In August 2009, we filed a shelf registration statement with the SEC for the potential future issuance of debt securities, replacing a shelf registration statement that had expired.

As of August 2, 2009, we had \$3.1 billion in Cash and Short-Term Investments. We believe that our current cash position, access to the debt capital markets and cash flow generated from operations should be sufficient to enable us to complete our capital expenditure programs and fund dividend payments and any required long-term debt payments through the next several fiscal years. In addition, we have funds available from our commercial paper programs and the ability to obtain alternative sources of financing for other requirements. We currently intend to use cash flow generated by operations to repay the \$1.8 billion in debt coming due in fiscal 2009.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

The following information updates, and should be read in conjunction with, Item 3, Legal Proceedings, of the Company's Form 10-K. Except as set forth below, there are no other material changes during the second quarter of fiscal 2009 to our disclosure in Item 3 of the Form 10-K.

As discussed on page 11 of the Form 10-K, on September 26, 2008, the Company received an Administrative Order and Notice of Civil Administrative Penalty Assessment from the State of New Jersey Department of Environmental Protection (DEP), seeking a civil penalty for alleged violations of recordkeeping requirements pertaining to the use of generators as determined by the DEP. On July 9, 2009, the Company entered into a settlement agreement with the DEP, and the disposition of this matter is now complete. The settlement did not have a material effect on the Company's consolidated financial condition or results of operations.

Item 1A. Risk Factors

In addition to the other information set forth in this Form 10-Q, you should carefully consider the factors discussed under Item 1A, Risk Factors and elsewhere in our Form 10-K. These risks and uncertainties could materially and adversely affect our business, financial condition and results of operations. The risks and uncertainties described in the Form 10-K include the considerable risks and uncertainties associated with the current economic environment, such as the declining number of new housing starts and home renovations; the state of the credit markets, including the limited availability of mortgages, home equity loans, consumer credit for our retail customers, commercial credit for our professional customers and our suppliers, and the availability and costs of commercial credit generally; reduced consumer spending; lower levels of consumer confidence; increased levels of consumer and commercial delinquencies; and supply interruptions and adverse business circumstances experienced by certain of our suppliers. Some of these risks and uncertainties and certain adverse effects which we experienced during the fiscal quarter covered by this report (and continue to experience) are described in greater detail in this Form 10-Q in Part I, Item 2, Management's Discussion and Analysis of Financial Condition and Results of Operations.

The risks described in the Form 10-K and set forth above are not the only risks we face. Our operations could also be affected by additional factors that are not presently known to us or by factors that we currently consider immaterial to our business.

- (a) During the second quarter of fiscal 2009, the Company issued 13,548 deferred stock units under The Home Depot, Inc. NonEmployee Directors' Deferred Stock Compensation Plan pursuant to the exemption from registration provided by Section 4(2) of the Securities Act of 1933, as amended (the "Securities Act"). The deferred stock units were credited to the accounts of such nonemployee directors who elected to receive board retainers in the form of deferred stock units instead of cash during the second quarter of fiscal 2009. The deferred stock units convert to shares of common stock on a one-for-one basis following a termination of service as described in this plan.

During the second quarter of fiscal 2009, the Company credited 1,397 deferred stock units to participant accounts under The Home Depot FutureBuilder Restoration Plan pursuant to an exemption from the registration requirements of the Securities Act for involuntary, non-contributory plans. The deferred stock units convert to shares of common stock on a one-for-one basis following the termination of services as described in this plan.

- (c) Since fiscal 2002, the Company has repurchased shares of its common stock having a value of approximately \$27.3 billion pursuant to its share repurchase program. The number and average price of shares purchased in each fiscal month of the second quarter of fiscal 2009 are set forth in the table below:

				Approximate Dollar	
		Total	Average	Total Number of Shares	Value of Shares
		Number of	Price Paid	Purchased as Part of	that May Yet Be
		Shares		Publicly	Purchased Under
		Purchased ⁽¹⁾	Per Share ⁽¹⁾	Announced	the Program ⁽²⁾

June 29, 2008	August 2, 2009	62,033	\$24.37	-	\$12,731,893,819

(1) These amounts are repurchases pursuant to the Company's 1997 and 2005 Omnibus Stock Incentive Plans (the "Plans"). Under the Plans, participants may exercise stock options by surrendering shares of common stock that the participants already own as payment of the exercise price. Participants in the Plans may also surrender shares as payment of applicable tax withholding on the vesting of restricted stock and deferred share awards. Shares so surrendered by participants in the Plans are repurchased pursuant to the terms of the Plans and applicable award agreement and not pursuant to publicly announced share repurchase programs.

(2) The Company's common stock repurchase program was initially announced on July 15, 2002. As of the end of the second quarter of fiscal 2009, the Board had approved purchases up to \$40.0 billion. The program does not have a prescribed expiration date.
