## **Item 1.01 Entry into a Material Definitive Agreement.**

### **SynthRx Merger Agreement**

On April 8, 2011 (the Closing Date ), ADVENTRX Pharmaceuticals, Inc. (the Company ) completed its acquisition (the Merger ) of SynthRx, Inc., a Delaware corporation ( SynthRx ), pursuant to the terms of the Agreement and Plan of Merger, dated February 12, 2011 (the Merger Agreement ), by and among the Company, SRX Acquisition Corporation, a Delaware corporation and wholly owned subsidiary of the Company ( Merger Sub ), SynthRx and, solely with respect to Sections 2 and 8 of the Merger Agreement, an individual who is a principal stockholder of SynthRx (the Stockholders Agent ). As of the Closing Date, SynthRx became a wholly owned subsidiary of the Company. SynthRx's lead product candidate is a novel, purified, rheologic and antithrombotic compound, poloxamer 188, which the Company will develop as ANX-188. The Company previously disclosed the material terms of the Merger Agreement in a current report on Form 8-K it filed with the Securities and Exchange Commission (the SEC ) on February 14, 2011.

### **Voting and Transfer Restriction Agreement**

In connection with the closing of the Merger, the Stockholders Voting and Transfer Restriction Agreement, dated February 12, 2011 (the Voting and Transfer Restriction Agreement ), by and among the Company, each of the principal stockholders of SynthRx and, solely with respect to Section 3(c) thereof, the Stockholders Agent, became effective. The Company previously disclosed the material terms of the Voting and Transfer Restriction Agreement in a current report on Form 8-K it filed with the Securities and Exchange Commission (the SEC ) on February 14, 2011.

### **License Agreement with CytRx Corporation**

In connection with the closing of the Merger, the Company assumed that certain License Agreement, dated June 8, 2004, by and between SynthRx and CytRx Corporation, as amended by that certain Letter Agreement Re: Amendment to License Agreement, dated August 3, 2006, and that certain Agreement and Amendment No. 2 to License Agreement, dated December 1, 2010 (collectively, the License Agreement ). Under the License Agreement, CytRx granted SynthRx an exclusive license, with the right to grant sublicenses, under specified patents to use, offer and sell licensed products in all of the countries in the world and in all fields, except those fields that, at the time of the License Agreement, were or would be licensed pursuant to certain identified agreements. The Company believes that the field limitation under the License Agreement will not affect its ability to develop or commercialize ANX-188 for the treatment of sickle cell crisis. In partial consideration of the license grant, SynthRx agreed to pay CytRx certain non-refundable and non-creditable milestone payments based on the approval of each product in a major market, which would include approval of ANX-188 for sale in the U.S. The amount of each milestone is in the low single-digit millions, half of which is due on the first commercial sale of the approved product and half of which is due as a royalty on net sales. In addition, SynthRx agreed to pay a single-digit royalty on net sales of licensed products. However, in the event of a sublicense under the specified patents, in lieu of the foregoing milestone and royalty payments, SynthRx, in its sole discretion, may elect to pay CytRx an amount equal to 20% of any sublicensing income received by SynthRx within 30 days of receipt thereof. Sublicense income includes, without limitation, license fees, royalties, milestone payments, license maintenance fees and strategic alliance payments, whether in cash, equity or other property, with the payment to be in the same form as the payment received by SynthRx.

The foregoing descriptions of the Merger Agreement, the Voting and Transfer Restriction Agreement and the License Agreement do not purport to be complete and are qualified in their entirety by reference to the Merger Agreement, the Voting and Transfer Restriction Agreement and the License Agreement, copies of which are filed with this Current Report as Exhibits 2.1, 10.1 and 10.2, respectively, and incorporated herein by reference.

The Merger Agreement has been attached as an exhibit to provide investors and stockholders with information regarding its terms. It is not intended to provide any other factual information about the Company, Merger Sub or SynthRx. The Merger Agreement contains representations and warranties that the parties made to and solely for the benefit of each other. The representations and warranties may not be intended as statements of fact but instead as a way of allocating contractual risk between the parties to the Merger Agreement, and may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to investors. In addition, the assertions embodied in such representations and warranties are qualified by information contained in the confidential disclosure schedules that the parties exchanged in connection with signing the Merger Agreement. Accordingly, investors and stockholders should not rely on such representations and warranties as characterizations of the actual state of facts or circumstances, since they are modified in important part by the underlying disclosure schedules and were made only as of the date of the Merger Agreement and as of the closing date of the Merger. Information concerning the subject matter of such representations and warranties may change after the date of the closing of the Merger, which subsequent information may or may not be fully reflected in the Company's public disclosures.

### **Item 2.01 Completion of Acquisition or Disposition of Assets.**

As noted in Item 1.01 to this Current Report, on April 8, 2011, the Company completed its acquisition of SynthRx. As a result of the Merger, SynthRx is a wholly owned subsidiary of the Company and the Company acquired all of the assets and liabilities of SynthRx. A copy of the Company's press release announcing the completion of the Merger is attached to this Current Report as Exhibit 99.1 and incorporated herein by reference.

As consideration for the Merger, all shares of SynthRx common stock outstanding immediately prior to the Merger were cancelled and automatically converted into the right to receive shares of the Company's common stock, in the aggregate, as follows:

- (i) 1,000,000 shares (the Fully Vested Shares) of the Company's common stock at the effective time of the Merger; provided, however that, pursuant to the Merger Agreement, 137,922 shares were deducted from the number of Fully Vested Shares issued as a result of certain transaction expenses of SynthRx and 200,000 of the Fully Vested Shares were deposited into escrow (the Closing Escrow Amount) to indemnify the Company against breaches of representations and warranties;
- (ii) up to 1,938,773 shares of the Company's common stock at the at the effective time of the Merger (the Subject to Vesting Shares, and together with the 862,078 Fully Vested Shares issued to the former SynthRx stockholders and the escrow agent, the Closing Shares), which Subject to Vesting Shares are subject to various repurchase rights by the Company and fully vest, subject to reduction upon certain events, upon achievement of the First Milestone (defined below);
- (iii) up to 1,000,000 shares of the Company's common stock (the First Milestone Shares), issued upon achievement of the First Milestone (the First Milestone Payment); provided, however, that in the event the First Milestone is achieved prior to the first anniversary of the closing of the Merger, 20% of the First Milestone Payment shall be deposited into escrow (the First Milestone Escrow Amount, and together with the Closing Escrow Amount, the Escrow Amount). The First Milestone means the dosing of the first patient in a phase 3 clinical study carried out pursuant to a protocol that is mutually agreed to by SynthRx and the Company; provided, however, that the number of evaluable patients planned to target statistical significance with a p value of 0.01 in the primary endpoint shall not exceed 250 (unless otherwise mutually agreed) (the First Protocol). In the event that the FDA indicates that a single phase 3 clinical study will not be adequate to support approval of a new drug application covering the use of ANX-188 for the treatment of sickle cell crisis in children (the ANX-188 NDA), First Milestone shall mean the dosing of the first patient in a phase 3 clinical study carried out pursuant to a protocol that (a) is mutually agreed to by SynthRx and the Company as such and (b) describes a phase 3 clinical study that the FDA has indicated may be sufficient, with the phase 3 clinical study

The Third Milestone shall mean the approval by the FDA of the ANX-188 NDA.

Notwithstanding anything set forth above, in the event that the issuance of the Milestone Shares (x) violates federal or state securities laws or the listing standards of any national securities exchange to which the Company is subject at the time of such issuance, or (y) the Company is unable to obtain the affirmative vote of the holders of a majority of its common stock approving the issuance of the Milestone Shares on or before December 31, 2011, the Company is required to make the applicable Milestone Payments, or portion thereof, in cash based on the product of (x) the number of shares of the Company's common stock issuable upon achievement of an applicable milestone and (y) the daily volume weighted average of actual closing prices measured in hundredths of cents of the Company's common stock on the NYSE Amex, or such other national securities exchange on which its common stock is then listed, for the ten consecutive trading days immediately prior to the applicable Milestone Payment. Any Milestone Payment made in cash will be payable in quarterly installments. If the First Milestone Payment must be made in cash, such amount will be payable at a rate of \$1,000,000 per calendar quarter and, if the Second Milestone Payment or the Third Milestone Payment must be made in cash, such amounts will be payable at a rate of 35% of net sales for the applicable calendar quarter of intravenous injection products in which a purified form of poloxamer 188 is an active ingredient.

In connection with its 2011 Annual Meeting of Stockholders, the Company intends to file a proxy statement that includes a proposal requesting its stockholders to approve the issuance of the Milestone Shares, in lieu of cash payments for the Milestone Payments.

The recipients of the securities represented their intention to acquire the securities for investment only and not with a view to or for sale in connection with any distribution thereof and appropriate legends were affixed to share certificates issued in connection with the Merger. If granted by the Board, these stock option awards will be subject to the terms and conditions of the Company's 2008 Omnibus

Incentive Plan, as may be amended and/or restated, and have an exercise price equal to the fair market value (as defined in the 2008 Omnibus Incentive Plan or any amendment or restatement thereto) of a share of the Company's common stock on the date the option is granted. If granted, the inducement option will vest

and become exercisable in 36 substantially equal monthly installments beginning on May 8, 2011, and the pro-rated annual option will vest and become exercisable in two substantially equal monthly installments beginning on May 8, 2011. The term of each of these options will be equal to the shorter of (i) ten years from the date of grant and (ii) three years from the date Mr. Shuster ceases to provide services (as defined in the 2008 Omnibus Incentive Plan or any amendment or restatement thereto) to the Company for any reason other than his death or disability. In the event of a change in control of the Company, each option would vest and become exercisable on the day prior to the date of the change in control if Mr. Shuster is then providing services to the Company, and each option would terminate on the date of the change in control to the extent not exercised.
