Item 1.01 Entry Into a Material Definitive Agreement.

At our annual general meeting of shareholders held May 13, 2005 (the 2005 Annual Meeting), our shareholders approved an amendment (the 1999 LTIP Amendment) to the Chicago Bridge & Iron 1999 Long-Term Incentive Plan (the 1999 LTIP) that is sponsored by Chicago Bridge & Iron Company, a subsidiary of the Company. The 1999 LTIP was approved at our 1999 annual general meeting of shareholders (the 1999 Annual Meeting), and again approved as amended at our December 13, 2000 special meeting of shareholders. The 1999 LTIP Amendment revised and added additional measures for performance goals with regard to performance awards. The performance criteria which the Organization and Compensation Committee (the Committee) may designate are operating income, earnings (before or after any of interest, taxes, depreciation and amortization), return on net assets, net income (before or after taxes), after-tax return on investment, sales, revenue, earnings per share (excluding special charges, as reported to shareholders), total shareholder return, return on equity, total business return, return on invested capital, operating cash flow, free cash flow, economic value added, new business taken (measured by revenue, net income or operating income), and contract backlog, in each case where applicable as determined either on a Company-wide basis or in respect of any one or more business units. The Committee may apply any one or any fixed combination of these performance measures and use target levels or target growth rates of any of these performance measures. A copy of the 1999 LTIP, as amended, is attached as Exhibit 10.1 hereto.

Also at the 2005 Annual Meeting, our shareholders approved an amendment (the Amendment) to the Chicago Bridge & Iron Company Incentive Compensation Plan (the Incentive Plan). The Incentive Plan was approved at our 1999 Annual Meeting. The Amendment includes the revision and addition of measures for performance goals. The performance criteria which the Committee may designate are operating income, earnings (before or after any of interest, taxes, depreciation and amortization), return on net assets, net income (before or after taxes), after-tax return on investment, sales, revenue, earnings per share (excluding special charges, as reported to shareholders), total shareholder return, return on equity, total business return, return on invested capital, operating cash flow, free cash flow, economic value added, new business taken (measured by revenue, net income or operating income), and contract backlog, in each case where applicable as determined either on a Company-wide basis or in respect of any one or more business units. The Committee may apply any one or any fixed combination of these performance measures and use target levels or target growth rates of any of these performance measures. The Amendment also includes revisions and additions to procedures with respect to non-executive officer participants in the Incentive Plan. A copy of the Incentive Plan, as amended, is attached as Exhibit 10.2 hereto.

Item 9.01 Financial Statements and Exhibits.

(c) Exhibits

- 10.1 Chicago Bridge & Iron 1999 Long-Term Incentive Plan, as amended
- 10.2 Chicago Bridge & Iron Company Incentive Compensation Plan, as amended
