**Item 2.02 Results of Operations and Financial Condition**

On May 10, 2006, Cholestech Corporation ( Cholestech ) is issuing a press release and holding a conference call regarding its financial results for the fourth quarter and fiscal year ended March 31, 2006. A copy of the press release is furnished as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated by reference.

The information in this Current Report on Form 8-K and the exhibit attached hereto shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934 (the Exchange Act ) or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Exchange Act, regardless of any general incorporation language in such filing.

**Use of Non-GAAP Financial Measures**

To supplement its consolidated financial statements presented in accordance with GAAP, Cholestech uses a non-GAAP measure, pro forma net income, which is adjusted from results based on GAAP to exclude expenses incurred in connection with Cholestech's transaction with Boule Diagnostics International AB in November 2005. Further details about these charges can be found in the press release.

Net income excluding certain operating expenses is provided to enhance investors' overall understanding of Cholestech's operational performance, current financial performance and its prospects for the future. Specifically, Cholestech believes this non-GAAP financial measure provides useful information to both management and investors by excluding certain operating expenses that Cholestech believes are not indicative of its core operating results. In addition, since Cholestech has reported similar non-GAAP information to the investment community in the past, Cholestech believes the inclusion of the non-GAAP financial measure provides consistency in its financial reporting. Further, non-GAAP information allows for greater transparency to supplemental information used by management in its financial and operational decision making. The presentation of this additional information is not meant to be considered in isolation or as a substitute for results prepared in accordance with accounting principles generally accepted in the United States. The non-GAAP information Cholestech provides may be different from the non-GAAP information provided by other companies.
